Roseville Electric Building,
116 S. Grant Street, 1st Floor

roseville.ca.gov

The City of Roseville welcomes your participation.

Meeting Schedule: Regular meetings of the City Council are held on the first and third Wednesday of each month at 6:00 p.m.

Two Public Comment Periods for Non-Agenda Items: A total of twenty-five (25) minutes is allotted for public comments. At the beginning and end of the meeting, each speaker has three (3) minutes to address the Mayor/Chair on issues that are not listed on the agenda and are within the City's jurisdiction. Please submit a yellow speaker card to the City Clerk before the item is heard if you wish to make a comment. You will still have an opportunity to comment if you haven't filled out a yellow speaker card.

Brown Act: The City Council cannot discuss or act on items not listed on the agenda. Public Comment on Agenda Items: Each speaker has five (5) minutes to address items that are listed on the agenda.

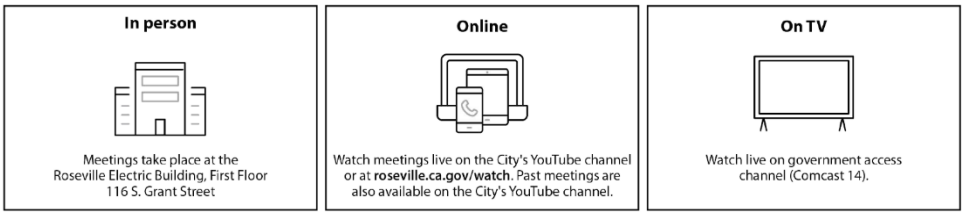

Levine Act Provisions: If you've made a campaign contribution totaling more than $500 ($250 prior to January 1, 2025) to City Council Members in the last twelve (12) months, you must disclose it before addressing an item on the agenda. Please visit Levine Act – City of Roseville for updated forms and information.

Audio/Visual Presentations: If making a presentation regarding an agenda item, audio/visual materials must be submitted to the City Clerk for consideration at least 72 hours in advance.

Americans with Disabilities Act: If special assistance is required to participate in a meeting, including the need of auxiliary aids or services, please notify the City Clerk at least 72 hours in advance of the meeting. City Clerk 311 Vernon Street cityclerkroseville@roseville.ca.us 916-774-5263 TDD: 916-774-5220

Security Measures: All meeting attendees must successfully pass through a security metal detector. Any person with a prohibited item will not be allowed entry. Prohibited items include but are not limited to firearms (even with valid CCW), knives, pepper spray/mace, explosives of any kind/any weapons and/or dangerous devices of any kind, illegal drugs, and alcohol.

Viewing Options: The City of Roseville provides three options for viewing meetings:

Krista Bernasconi, Mayor
Karen Alvord, Vice Mayor
Bruce Houdesheldt, Councilmember
Tracy Mendonsa, Councilmember
Pauline Roccucci, Councilmember
Dominick Casey, City Manager
Michelle Sheidenberger, City Attorney
Carmen Avalos, City Clerk

AGENDA

City Council / Housing Authority Meeting
June 3, 2026
6:00 PM
Roseville Electric Building,
116 S. Grant Street, 1st Floor

I. CALL TO ORDER

III. PLEDGE OF ALLEGIANCE

IV. MEETING PROCEDURES

V. PUBLIC COMMENTS

This is the first opportunity to make a public comment on non-agenda items.

VI. CONSENT CALENDAR

1. Water Meters and Related Parts - Sole Source Purchase Order (ENVIRONMENTAL UTILITIES DEPARTMENT)

Summary: Staff recommends approval of a sole source purchase order with Thirkettle Corporation dba Aqua Metric Sales Company for Sensus water meters and related parts for $950,000 in FY2026-27. In addition, staff requests this purchase order be renewed annually as follows, subject to budget approval: FY2027-28 estimated at $980,000; FY2028-29 estimated at $1,010,000; and FY2029-30 estimated at $1,045,000, for an estimated total amount of $3,985.000. Funding for meter purchases comes from the Water Operations Fund, Water Rehabilitation Fund, and the Recycled Water operating budget in the Wastewater Operations Fund.

CONTACT: Robert Strebel 916-746-1717 rjstrebel@roseville.ca.us

The City Council will consider the recommendation to:

a. Approve Resolution No. 26-171 approving a sole source purchase order for water meters and related parts.

2. Louis/Orlando Bus Charging Improvement Project - Budget Adjustment (PUBLIC WORKS DEPARTMENT - TRANSPORTATION)

Summary: Staff recommends approval of a budget adjustment to fund the Louis/Orlando Bus Charging Improvement Project. The estimated cost of this project is $2,510,740. These costs include procurement, installation, contingencies, and staff time. The project will be fully funded with SB125 funds provided by the California State Transportation Agency (CalSTA). Both revenue and expenditure budgets in the Transit Fund will be increased accordingly. This adjustment will have no impact on the General Fund.

CONTACT: Ed Scofield 916-774-5449 ecscofield@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Ordinance No. 7075 authorizing certain amendments to the fiscal year 2025-26 budget and declaring this ordinance to be immediately effective as an appropriation measure.

3. Fiscal Year 2025-26 Transportation Development Act Claims (PUBLIC WORKS DEPARTMENT - TRANSPORTATION)

Summary: Staff recommends approval of the Fiscal Year (FY) 2025-26 Transportation Development Act (TDA) claims in the amount of $12,910,937 and authorize the City Manager or his designee to execute the claim on behalf of the City.

CONTACT: Kimberly Goulet 916-746-1320 kegoulet@roseville.ca.us

The City Council will consider the recommendation to:

a. Approve Resolution No. 26-170 approving and authorizing execution of the 2024/25 Transportation Development Act claims to the Placer County Transportation Planning Agency and authorize the City Manager or his designee to execute them on behalf of the City.

4. Zero Emission Bus Depot Project (Phase 2 and 3) - Contract Purchase Agreement Amendment (PUBLIC WORKS DEPARTMENT - TRANSPORTATION)

Summary: Staff recommends approval of an amendment to the Zero Emission Bus Depot Project (Phase 2 and 3) Contract Purchase Agreement to include the Federal Transit Administration's 2026 Federal Clauses. Approval of this amendment will allow staff to continue to use federal dollars to help pay for the Zero Emission Bus Depot Project.

CONTACT: Ed Scofield 916-774-5449 ecscofield@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-173 approving amendment 1 to contract purchase agreement, by and between the City of Roseville and Vasko Electric Inc., and authorizing the City Manager to execute it on behalf of the City of Roseville.

5. **Dry Creek Greenway East Phase 2 - Grant Authorization** (PUBLIC WORKS DEPARTMENT - TRANSPORTATION)

Summary: Staff recommends adoption of a resolution authorizing the City Manager, or designee, to submit a grant application to the Sacramento Area Council of Governments 2026 Federal Funding Program under the Next Generation Solutions & Clean Air Program, and to execute all related grant documents and comply with timely project delivery requirements. The grant application would support the Dry Creek Greenway East Phase 2 multi-use bike trail project.

CONTACT: Suzanne Engelke 916-746-1289 sengelke@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-175 authorizing applications for grant funding from the Sacramento Area Council of Governments (SACOG) 2026 Federal Funding Programs; authorizing the City Manager or his designee to submit City of Roseville SACOG 2026 Federal Funding Program application priorities; and authorizing the City Manager or his designee to execute all grant documents and timely project delivery requirements.

6. **Disposal and Auction Services - Contract Purchase Agreement** (FINANCE DEPARTMENT - PURCHASING)

Summary: Staff recommends approval of a contract purchase agreement with J.J. Kane Associates, Inc., dba JJ Kane Auctions, on an as-needed basis utilizing Sourcewell Contract #111424-JJK. The Fleet and Purchasing/Central Stores Divisions require auction services to liquidate retired vehicles, equipment and other surplus goods that are no longer required by the City. This is a revenue-generating agreement, with the service costs paid by successful bidders. Revenue generated from the agreement is estimated at approximately $500,000 annually. Staff also requests authorization to renew the agreement three times without further City Council approval, contingent upon staff's determination that continued use of the service is in the City's best interest.

CONTACT: Tiffany Valdez 916-746-1109 tvaldez@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-172 approving a contract purchase agreement, by and between the City of Roseville and J.J. Kane Associates, Inc. dba JJ Kane Auctions, and authorizing the City Manager to execute it on behalf of the City of Roseville.

7. **2090 Hilltop Backup Generator Replacement (RFQ 10-3444) – Contract Purchase Agreement** (FINANCE DEPARTMENT - PURCHASING)

Summary: Staff recommends approval of a contract purchase agreement with Elite Power, Inc. as the lowest responsive and responsible bidder for Request for Quotations No.10-3444 2090 Hilltop Backup Generator Replacement. The cost of the Agreement is $107,908. Additionally, adopt a resolution authorizing the City Manager to sign the contract purchase agreement and

authorizing the Public Works Director or designee to approve change order requests for this project up to 10% ($10,790) as a construction contingency, for a grand total of $118,698. Funding is included in the Electric Fund budget.

CONTACT: Tiffany Valdez 916-746-1109 tvaldez@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-174 approving a contract purchase agreement, by and between the City of Roseville and Elite Power, Inc., and authorizing the City Manager to execute it on behalf of the City of Roseville.

8. Reservation of Affordable Housing Funds for Development of the Westpark Affordable Apartments (ECONOMIC DEVELOPMENT DEPARTMENT - HOUSING)

Summary: Staff recommends approval to reserve affordable housing funds for a proposed affordable housing project in Roseville. The request is to reserve $1,775,000 from the City's Low and Moderate Income Asset Fund (Low/Mod) for construction of St. Anton's affordable housing project, Westpark Affordable Apartments. The Low/Mod funds being considered for this loan originated from the repayment of a prior affordable housing loan and are being proposed to support a new affordable housing activity. No General Fund resources will be used.

CONTACT: Trisha Isom 916-746-1239 tisom@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-176 authorizing reservation of Affordable Housing Funds for development of the Westpark Affordable Apartments Project.

9. HOUSING AUTHORITY BOARD/CITY COUNCIL - Quarterly Update 1st Quarter 2026 (ECONOMIC DEVELOPMENT DEPARTMENT - HOUSING)

Summary: Staff recommends City Council, acting as the Roseville Housing Authority Board, receive a quarterly report on the Housing Authority’s Housing Choice Voucher Program. This report is for informational purposes only and has no impact on the City's General Fund.

CONTACT: Suzi Cook-Turner, Trisha Isom 916-774-5414, 916-746-1239 smcook-turner@roseville.ca.us, tisom@roseville.ca.us

The City Council will consider the recommendation to:

a. This quarterly report is for informational purposes only and requires no City Council action.

10. State Legislative and Regulatory Representation Consulting - Professional Services Agreement (PUBLIC AFFAIRS AND COMMUNICATIONS DEPARTMENT)

Summary: Staff requests approval of a professional services agreement with Joe A. Gonsalves & Son for State Legislative and Regulatory Representation Consulting Services to provide state legislative and regulatory representation consulting services related to legislative advocacy,

regulatory monitoring, policy analysis, and strategic government relations support. Following the completion of the competitive procurement process, staff recommends awarding a professional services agreement to Joe A. Gonsalves & Son to continue providing these services to the City of Roseville. The initial one-year agreement includes a monthly retainer of $9,000, for a total annual not-to-exceed amount of $108,000. While the agreement includes the option for up to four additional one-year renewals, each renewal would be subject to annual budget approval and a determination that continuation of the services remains in the best interest of the City. Based on the proposed rate structure for the initial agreement term and all potential renewal terms, the cumulative not-to-exceed amount over the possible five-year period is $600,000. Funding for the proposed agreement is included in the Public Affairs and Communications Department General Fund budget and is incorporated into the proposed FY 2026-27 budget.

CONTACT: Rob Baquera 916-746-1170 rbaquera@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-177 approving a professional services agreement, by and between the City of Roseville and Joe A. Gonsalves & Son, and authorizing the City Manager to execute it on behalf of the City of Roseville.

11. Appointments - City Council Auxiliary Positions (CITY CLERK DEPARTMENT)

Summary: It is recommended that the City Council approve the appointment of Vice Mayor Alvord as an alternate to the Sites Reservoir Project Joint Powers Authority Board of Directors.

CONTACT: Helen Dreyer hdreyer@roseville.ca.us

The City Council will consider the recommendation to:

a. Approve the appointment of Vice Mayor Alvord as an alternate to the Sites Reservoir Project Joint Powers Authority Board of Directors.

END OF CONSENT CALENDAR

VII. PRESENTATIONS/REPORTS

12. Park Naming Recommendations (PARKS, RECREATION, AND LIBRARIES DEPARTMENT - PARK DEVELOPMENT)

Summary: Staff recommends that the Council adopt a resolution to approve park name recommendations for four new parks. Funding for the new park identification signs is included as a part of each capital project.

CONTACT: Tara Gee 916-774-5253 tgee@roseville.ca.us

The City Council will consider the recommendation to:

a. Approve Resolution No. 26-169 approving park name recommendations.

13. Impound Fee for Out-of-Class Electric Bicycles & Pocket Bikes (POLICE DEPARTMENT)

Summary: Staff recommends adopting an electric bicycle and pocket bike impound fee in the amount of $250 pursuant to California Vehicle Code Section 22651.08 and to incorporate such fee into the City's most current master Schedule of User and Regulatory Fees. There is no fiscal impact associated with the proposed action.

CONTACT: Courtney Scurria 916-746-1051 CScurria@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-167 adopting impound fee for out-of-class electric bicycles and pocket bikes and incorporating the fee into the schedule of User and Regulatory Fees.

14. Senate Bill 707 - Administrative Standards Update (CITY ATTORNEY DEPARTMENT)

Summary: Staff recommends approval of updates to the City Council/Boards, Commissions, & Committees Administrative Standards, the City's public meeting procedures. Senate Bill 707 (SB 707), portions of which went into effect on January 1, 2026, and other portions which go into effect on July 1, 2026, implements the most extensive revisions to the Brown Act in decades. The revisions were designed to strengthen public participation by requiring certain city councils, such as Roseville, to offer public remote access to public meetings via telephonic or audiovisual platforms. The proposed updates to the Administrative Standards include not only the necessary changes required by SB 707, but some additional revisions identified by staff due to changes in the law, to add clarity, and to address areas currently not addressed in the procedures. There will be a minor fiscal impact to the General Fund related to offering remote public participation.

CONTACT: Michelle Sheidenberger 916-774-5325 msheidenberger@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-168 approving the City Council/Boards, Commissions, and Committees Administrative Standards updates.

VIII. PUBLIC HEARINGS

NOTICE TO THE PUBLIC: Public Hearing Process

City Council, when considering the matter, will take the following actions:

1. Open the Public Hearing
2. Presentation by staff
3. Presentation by applicant or appellant
4. Accept public testimony
5. Appellant or applicant rebuttal period
6. Close the Public Hearing
7. City Council comments and questions
8. City Council action

Any challenges in court about public hearing matters noticed on this agenda may be limited to only those issues, that were raised orally at the public hearing or in written form received by the City on or before the hearing.
Public Hearings listed for continuance will be continued and posting of this agenda will serve as notice of continuation.

15. Fiscal Year 2026-27 Landscaping and Lighting District Assessments - Amending and/or Approving the Engineer's Annual Levy Report, Ordering the Levy and Collection of Assessments (FINANCE DEPARTMENT)

Summary: Staff recommends approval of the engineer's annual levy reports for fiscal year 2026-27 and ordering the levy and collection of assessments within the described Landscaping and Lighting Districts (individually "LLD collectively "LLDs"). These LLDs were formed within the City to levy and collect assessments for maintenance of public improvements pursuant to the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code, Sections 22500, et seq., and Article XIII D of the California Constitution. All charges are needed to fund landscape services in each LLD. There is no fiscal impact to the General Fund.

CONTACT: Jeannine Thrash 916-774-5473 jthrash@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-178 amending and/or approving the Engineer’s Annual Levy Report for the Historic District Landscaping and Lighting District, Fiscal Year 2026/2027; and

b. Adopt Resolution No. 26-179 ordering the levy and collection of assessments within the Historic District Landscaping and Lighting District, for Fiscal Year 2026/2027; and

c. Adopt Resolution No. 26-180 amending and/or approving the Engineer’s Annual Levy Report for the Infill Area Landscaping and Lighting District, Fiscal Year 2026/2027; and

d. Adopt Resolution No. 26-181 ordering the levy and collection of assessments within the Infill Area Landscaping and Lighting District for Fiscal Year 2026/2027; and

e. Adopt Resolution No, 26-182 amending and/or approving the Engineer’s Annual Levy Report for the Johnson Ranch Landscaping and Lighting District, Fiscal Year 2026/2027; and

f. Adopt Resolution No. 26-183 ordering the levy and collection of assessments within the Johnson Ranch Landscaping and Lighting District for Fiscal Year 2026/2027; and

g. Adopt Resolution No. 26-184 amending and/or approving the Engineer’s Annual Levy Report for the North Central Roseville Specific Plan Landscaping and Lighting District, Fiscal Year 2026/2027; and

h. Adopt Resolution No. 26-185 ordering the levy and collection of assessments within the North Central Roseville Specific Plan Landscaping and Lighting District for Fiscal Year 2026/2027; and

i. Adopt Resolution No. 26-186 amending and/or approving the Engineer's Annual Levy Report for the Northwest Roseville Specific Plan Landscaping and Lighting District, Fiscal Year 2026/2027; and

j. Adopt Resolution No. 26-187 ordering the levy and collection of assessments within the Northwest Roseville Specific Plan Landscaping and Lighting District for Fiscal Year 2026/2027; and

k. Adopt Resolution No. 26-188 amending and/or approving the Engineer's Annual Levy Report for the Olympus Pointe Landscaping and Lighting District, Fiscal Year 2026/2027; and

l. Adopt Resolution No. 26-189 ordering the levy and collection of assessments within the Olympus Pointe Landscaping and Lighting District for Fiscal Year 2026/2027; and

m. Adopt Resolution No. 26-190 amending and/or approving the Engineer's Annual Levy Report for the Riverside Avenue Landscaping and Lighting District, Fiscal Year 2026/2027; and

n. Adopt Resolution No. 26-191 ordering the levy and collection of assessments within the Riverside Avenue Landscaping and Lighting District, for Fiscal Year 2026/2027; and

o. Adopt Resolution No. 26-192 amending and/or approving the Engineer's Annual Levy Report for the Vernon Street Landscaping and Lighting District, Fiscal Year 2026/2027; and

p. Adopt Resolution No. 26-193 ordering the levy and collection of assessments within the Vernon Street Landscaping and Lighting District for Fiscal Year 2026/2027.

Item ID: 2026-270

Title:	Water Meters and Related Parts - Sole Source Purchase Order
Contact:	Robert Strebel 916-746-1717 rjstrebel@roseville.ca.us

SUMMARY

Staff recommends approval of a sole source purchase order with Thirkettle Corporation dba Aqua Metric Sales Company for Sensus water meters and related parts for $950,000 in FY2026-27. In addition, staff requests this purchase order be renewed annually as follows, subject to budget approval: FY2027-28 estimated at $980,000; FY2028-29 estimated at $1,010,000; and FY2029-30 estimated at $1,045,000, for an estimated total amount of $3,985.000. Funding for meter purchases comes from the Water Operations Fund, Water Rehabilitation Fund, and the Recycled Water operating budget in the Wastewater Operations Fund.

RECOMMENDATION

Staff recommends that the City Council adopt a resolution approving a Sole Source Purchase Order with Thirkettle Corporation dba Aqua Metric Sales Company for Sensus water meters and related parts for $950,000 in FY2026-27, and further authorize three (3) additional one (1) year renewals without further City Council approval, provided that the applicable budget is approved by the City Council, or until staff determines that continuing with this vendor is not in the best interest of the City.

BACKGROUND

There are approximately 56,000 meters in the City's water distribution system. The Environmental Utilities Department (EU) uses Sensus water meters for all domestic, commercial, and irrigation consumption. This decision originated with a sole-source justification approved by City Council in 1990. Staff recommends continuing this product line because Sensus meters have proven reliable over the last 31 years and costs related to staff training, labor, and materials will be predictable and minimized. EU's water utility regularly reviews other manufacturers, but trials have resulted in unacceptable failure rates and potential issues related to unproven technology. The only authorized local representative for Sensus meters is Thirkettle Corporation dba Aqua-Metric Sales Company, who provides excellent customer service and works closely with EU's water utility staff on all orders, including delivering critical products on short notice in emergency situations.

FISCAL IMPACT

For FY2026-27, funding for the purchase of new Sensus water meters ($300,000) through Thirkettle Corporation dba Aqua-Metric Sales Company will be from appropriations in the Water Operations Fund and reimbursed via meter sales to new development resulting in no change to the available resources in that fund. Funding for the portion of the new meters slated to replace existing malfunctioning meters and those no longer supported by the manufacturer ($650,000) will be as follows: $600,000 from appropriations in the Water Rehabilitation Fund (a reduction in that fund's available resources); and $50,000 from appropriations in the Recycled Water operating budget in the Wastewater Operations Fund (a reduction to that fund's available resources). Spending for future purchase order renewals will be contingent upon

annual City Council budget approvals. Future year purchase orders are estimated at: FY2027-28 $980,000; FY2028-29 $1,010,000; and FY2029-30 $1,045,000, for a total estimated amount of $3,985,000.

The table below shows the spending plan for these meters through FY2029-2030:

	FY2026-27	**FY2027-28**	**FY2028-29**	**FY2029-30**
Water Operations Fund (to be reimbursed by meter sales to new development)	$300,000	$300,000	$300,000	$300,000
Water Rehabilitation Fund	$600,000	$630,000	$660,000	$695,000
Wastewater Operations Fund (Recycled Water operating budget)	$50,000	$50,000	$50,000	$50,000
Total	**Estimated $950,000**	**Estimated $980,000**	**Estimated $1,010,000**	**Estimated $1,045,000**

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. A purchase order meets the above criteria and is not subject to CEQA. No additional environmental review is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

4. Invest in well-planned infrastructure and growth
6. Deliver exceptional City services

Item ID: 2026-342

Title:	Louis/Orlando Bus Charging Improvement Project - Budget Adjustment
Contact:	Ed Scofield 916-774-5449 ecscofield@roseville.ca.us

SUMMARY

Staff recommends approval of a budget adjustment to fund the Louis/Orlando Bus Charging Improvement Project. The estimated cost of this project is $2,510,740. These costs include procurement, installation, contingencies, and staff time. The project will be fully funded with SB125 funds provided by the California State Transportation Agency (CalSTA). Both revenue and expenditure budgets in the Transit Fund will be increased accordingly. This adjustment will have no impact on the General Fund.

RECOMMENDATION

Staff recommends that the City Council adopt an ordinance to approve a budget adjustment in the amount of $2,510,740 for the Louis/Orlando Bus Charging Improvement Project.

BACKGROUND

The Louis/Orlando Bus Charging Improvement Project consists of the installation of a pantograph-style overhead bus charging system capable of rapidly recharging a full-sized fixed route bus while on-route. This project will also include the installation of a Level 3 plug-in charger to support vehicles not capable of accepting an overhead charge. The Louis/Orlando transfer point is serviced by Roseville Transit, Placer County Transit, and Sacramento Regional Transit District and is located at the corner of Louis Ln and Orlando Ave. This charger will serve Roseville and its regional partners to keep buses sufficiently charged and in operation throughout the length of a service day.

On May 21, 2025, the Roseville City Council approved a program funding and reimbursement agreement with the Placer County Transportation Planning Agency (PCTPA) to fully fund the Louis/Orlando Bus Charging Improvement project. This project was determined to be a valuable regional asset and was funded through the SB125 funding cycle to fund eligible emissions-reducing infrastructure projects. This agenda item is requesting that Council allocate the funding previously received to the project budget. This funding does not require a local match for design or construction and will not have an impact on Roseville's Local Transportation Funds or the General Fund.

FISCAL IMPACT

The Louis/Orlando Bus Charging Improvement project will be fully funded with SB125 funds provided by CalSTA. Both revenue and expenditure budgets in the Transit Fund will be increased accordingly. This adjustment will have no impact on the General Fund. This is considered a regional project that will benefit transit agencies that utilize the Louis Orlando transfer station. There are no local match requirements for the use of these funds. Any additional costs that exceed the allocated SB125 funds will be secured from regional funding sources through coordination with PCTPA and Placer County Transit.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. The Budget Adjustment meets the above criteria and is not subject to CEQA. No additional environmental review is required.

ORDINANCE NO. 7075

ORDINANCE OF THE COUNCIL OF THE CITY OF ROSEVILLE AUTHORIZING CERTAIN AMENDMENTS TO THE FISCAL YEAR 2025-26 BUDGET AND DECLARING THIS ORDINANCE TO BE IMMEDIATELY EFFECTIVE AS AN APPROPRIATION MEASURE

THE CITY OF ROSEVILLE ORDAINS:

SECTION 1. The City of Roseville Annual Budget, Fiscal Year 2025-26, is hereby amended as listed on the attached budget adjustment for the Louis Orlando Bus Charging Improvement project.

SECTION 2. This ordinance is hereby declared to be an appropriation measure, immediately effective pursuant to the provisions of Section 5.03 of the Charter.

SECTION 3. The City Clerk is hereby authorized and directed to post a true copy of the foregoing ordinance in each of three (3) conspicuous locations in the City and she shall immediately after such posting enter in the ordinance book, under the record of the ordinance, a certificate under her hand stating the time and place of such publication by posting.

Justification for Budget Adjustment:

The Public Works Department recommends that Council authorize the establishment of a new Capital Improvement Project – Louis Orlando Bus Charging Improvements Project (700087), and adopt an ordinance to approve a budget adjustment appropriating $2,510,740 in the Transit Fund (6511) to the project.

The City of Roseville received an allocation of $2,510,740 in state revenues from the Transit and Intercity Rail Capital Program (TIRCP). This Budget Adjustment will provide funding for the design and construction costs associated with the bus charging improvements at the Louis Orlando Transfer Center.

July 8, 2024

Mr. Matt Click
Executive Director
Placer County Transportation Planning Agency (PCTPA)
299 Nevada Street
Auburn, CA 95603

Dear Mr. Click:

In December 2023 PCTPA requested an allocation of $37,851,991 across all fiscal years to support the project listed below. This allocation includes a maximum request of $378,520 (ZETCP PTA) for administrative costs.

1. **Sacramento to Roseville Third Main Track Phase 1 (existing TIRCP project and expanded scope):** Uses $10,000,000 of TIRCP funds to support completion of this existing project.
2. **Electric Charging Infrastructure (new TIRCP project):** Uses $2,510,740 of TIRCP funds for this new project. Elements include construction of two new electric overhead charging stations at the Roseville Transit Galleria Mall and at the Louis Lane & Orlando Avenue Transit Center in Roseville, CA.
3. **Electric Bus and Van Purchases (new TIRCP project):** Uses $3,354,086 of TIRCP funds and $4,730,057 of ZETCP funds across all fiscal years to support this new project. Project includes purchasing twelve 40-foot electric buses to support interregional commuter services, nine 35-foot electric buses for use on local route services, and twelve electric vans to support on-demand microtransit services.
4. **Electric Van Purchase (new TIRCP project):** Uses $400,000 of TIRCP funds to purchase two electric transit vans to support increased demand on existing microtransit services.
5. **City Corporation Yard EV Charging Infrastructure Upgrades (new TIRCP project):** Uses $600,000 of TIRCP funds across all fiscal years to support this new project. Project includes the design and construction of charging infrastructure at this transit yard, which is operated by Auburn Transit.
6. **Roseville Transit Bus Shelter Replacement (new TIRCP project):** Uses $1,116,250 of future year TIRCP for this new project. Includes removal of substandard shelters and installation of new shelters. Shelter replacement will be prioritized by their existing condition and proximity to disadvantaged communities.
7. **Nevada Street Station Electric Charging Infrastructure (new TIRCP project):** Uses $1,610,740 of future year TIRCP for this new project. Includes the design and construction of bus charging infrastructure at this transit station located in Auburn.

8. **Capital Bus Purchase and ZEB Charging Infrastructure Improvements (new TIRCP project):** Uses $13,162,598 of future year TIRCP for this new project. Elements include purchasing four cut-away buses to replace and expand vehicles of the existing fleet being used for microtransit services. Also includes purchasing eight new buses to be used on fixed-route services as well as installation of charging infrastructure.

CalSTA has reviewed for completeness the allocation request, including the required data and technical submissions and the proposed project. It has been determined the submission package meets the minimum program requirements and I am pleased to notify you that the allocation request has been approved. CalSTA will continue working with PCTPA and partner state agencies to analyze and validate the technical submissions prior to future disbursements.

CalSTA will disburse $16,356,936 of TIRCP funds (100% General Fund) and $1,900,006 of ZETCP funds ($1,019,543.22 GGRF + $880,462.78 PTA) for a cumulative total of $18,256,942. A total amount of $16,397,478 of TIRCP and $3,197,571 of ZETCP remains available to PCTPA in future fiscal years. This funding will be disbursed in future allocation actions.

CalSTA will modify the SB 125 Program Guidelines no later than September 30, 2024, for the distribution of funds for the 2024-25 fiscal year, which may include updated fund totals available to PCTPA per year across all fiscal years that were impacted as part of the 2024 final budget agreement.

PCTPA is responsible for tracking the receipt and utilization of these funds separately, and recording interest earned (or other investment income earned) on each fund source separately. The interest or investment earnings must also be spent on approved eligible projects within each program and will be accounted for when PCTPA submits its required Annual Report.

Please expect additional correspondence from CalSTA to verify PCTPA's proper account information prior to the completion of the transfer of funds.

If you have any questions, please contact CalSTA Chief Deputy Secretary Chad Edison at 916-247-0322.

Sincerely,

Toks Omishakin

Secretary

PCTPA's Guidelines for the Administration and Distribution of SB125 Program Funds

Adopted by the PCTPA Board of Directors on October 23, 2024

Background

In July of 2023, the State of California passed Senate Bill 125 (SB 125), which established a one-time funding allocation of $37,851,991 to Placer County for distribution to agencies with eligible zero-emission vehicle (ZEV) and infrastructure projects under the Transit and Intercity Rail Capital Program (TIRCP) and newly formed Zero Emission Transit Capital Program (ZETCP). In December of 2023, the PCTPA Board of Directors directed PCTPA staff to coordinate with the region's transit operators to administer the SB 125 program funding and submit all the necessary documentation to claim the region's funding allocation from the California State Transportation Agency (CalSTA). PCTPA staff subsequently submitted a funding allocation claim package to CalSTA by December 31, 2023, which apportioned the region's allocation to the following project sponsors/agencies for delivery of their respective projects shown, below, in Table 1.

Table 1: Apportionment of SB 125 Funding Allocation for Placer County

Project	Project Sponsor/Agency	SB 125 Funding Amount (Program Source)
PCTPA Administration (1% of SB 125 funding allocation)	Placer County Transportation Planning Agency	$378,520 (ZETCP PTA)
Sacramento to Roseville Third Main Track Phase 1	Capitol Corridor Joint Powers Authority	$10,000,000 (TIRCP)
Electric Charging Infrastructure for Roseville Transit and the South Placer Transit Service at the Galleria Mall and the Louis Lane & Orlando Avenue Transit Center	City of Roseville	$2,510,740 (TIRCP)
Electric Bus and Van Purchases for the Roseville Transit and Arrow Services	City of Roseville	$3,354,086 (TIRCP) + $4,719,057 (ZETCP)
Electric Van Purchases for the Auburn OnDemand Service	City of Auburn	$400,000 (TIRCP)
Auburn City Corporation Yard Electric Vehicle Charging Infrastructure Upgrades	City of Auburn	$600,000 (TIRCP)
Roseville Transit Bus Shelter Replacement	City of Roseville	$1,116,250 (TIRCP)
Nevada Street Station Electric Charging Infrastructure	City of Auburn	$1,610,740 (TIRCP)
Capital Bus Purchase and Zero Emission Bus Charging Infrastructure Improvements	County of Placer	$13,162,598
	TOTAL:	**$37,851,991**

In July 2024, CalSTA notified PCTPA staff that the allocation funding request package was determined to be complete and that the funding requested has been approved for disbursement to PCTPA (refer to Attachment 1 containing the CalSTA determination for PCTPA's SB 125 funding allocation request). In preparation of receiving the SB 125 funds, PCTPA staff met with the region's three transit operators (i.e., Auburn Transit, Placer County Transit, and Roseville Transit) on August 8, 2024, to discuss how the funding would be distributed once received.

Administration and Distribution of SB 125 Funding

The following guidelines memorialize the agreed upon methodology that PCTPA will use to administer and distribute the SB 125 program funding. All agencies receiving the funding are subject to compliance with CalSTA's established Budget Act of 2023 SB 125 Formula-Based Transit and Intercity Rail Capital Program & Zero Emission Capital Program Final Guidelines, September 29, 2023 (SB 125 Guidelines).

Maintaining an SB 125 Account and Tracking Funding Received

Per the SB 125 Guidelines, PCTPA has created a dedicated account to maintain all SB 125 program funds received. Interest earned on the SB 125 funds will be tracked by PCTPA and can be distributed to eligible SB 125 projects at the discretion of PCTPA, in coordination with the region's eligible agencies that can receive funding. PCTPA staff shall provide a summary of the SB 125 account's fund balance and interest earned to the PCTPA Board of Directors annually, or upon request by PCTPA's member agencies and/or project sponsors/agencies.

Distribution of SB 125 Funds

PCTPA will distribute SB 125 funding to project sponsors/agencies on a first-come, first-served basis, per the SB 125 funding amounts identified in Table 1. To receive SB 125 funds, project sponsors/agencies must submit proof of expenditure to PCTPA identifying how the project expenses have been either accrued or paid by the agency for the eligible project. PCTPA will then release SB 125 funding to the agency up to the amount approved as part of the CalSTA allocation request package (or any other subsequent amendment thereto). On a case-by-case basis, if a project sponsor/agency requires SB 125 funding for a project prior to accruing its expenses, PCTPA may release funding upon proof that the project sponsor/agency is committed to expending the funds expeditiously as intended in the CalSTA allocation request package (i.e., a purchase order and/or other funding expenditure commitment document is provided).

In collaboration with the project sponsors/agencies receiving SB 125 funding, a funding distribution schedule has been prepared to help PCTPA staff determine the readiness of projects able to expend and receive SB 125 funding (refer to Attachment 2). This schedule will be used to guide the distribution of available SB 125 funds to project sponsors/agencies actively implementing their respective projects and will be updated periodically in coordination with the project sponsors/agencies.

Funding Agreements

PCTPA will create a basic funding reimbursement agreement with each project sponsor/agency receiving SB 125 funds. This agreement will establish a general understanding and acknowledgement of how SB 125 funds will be disbursed for projects receiving the funds, and the project sponsor's/agency's reporting and auditing requirements.

Reporting and Auditing Requirements

Each project sponsor/agency receiving SB 125 funding is responsible for accurately tracking the receipt and expenditure of SB 125 funds for their respective projects in accordance with CalSTA's SB 125 Guidelines. Upon request, project sponsors/agencies may be required to submit the necessary

financial and other supporting documentation to PCTPA for the SB 125 program's administration. Project sponsors/agencies unable to comply with these responsibilities may be subject to returning their SB 125 funds back to PCTPA for distribution to other eligible projects.

Amendments or Changes to SB 125 Funded Projects

Project sponsors/agencies must expend SB 125 funds on the projects identified in the SB 125 allocation request package submitted to and approved by CalSTA (Table 1). PCTPA may consider changes to existing and/or new SB 125 eligible projects upon request by the project sponsors/agencies. However, changes and/or additions to the SB 125 projects receiving funding may require approval from CalSTA before PCTPA can reprogram and distribute the funding accordingly.

Title:	Fiscal Year 2025-26 Transportation Development Act Claims
Contact:	Kimberly Goulet 916-746-1320 kegoulet@roseville.ca.us

SUMMARY

Staff recommends approval of the Fiscal Year (FY) 2025-26 Transportation Development Act (TDA) claims in the amount of $12,910,937 and authorize the City Manager or his designee to execute the claim on behalf of the City.

RECOMMENDATION

Staff recommends the City Council adopt a resolution to approve the Fiscal Year (FY) 2025-26 Transportation Development Act (TDA) claims in the amount of $12,910,937 and authorize the City Manager or his designee to execute them on behalf of the City.

BACKGROUND

The Placer County Transportation Planning Agency (PCTPA) has adopted the FY2025-26 Final Findings of Apportionment for the Local Transportation Fund (LTF), State Transit Assistance (STA), and Senate Bill 1 (SB1) State of Good Repair (SGR). Together, these programs comprise the Transportation Development Act (TDA) resources. The following outlines the funding sources and corresponding amounts.

1. LTF revenue is generated from a quarter-cent sales tax in Placer County and supports local transportation programs. The adopted LTF apportionment provides $11,394,435 to Roseville for FY2025-26.
2. STA revenue is derived from state diesel fuel excise taxes, with additional funding from SB1. STA funds support administration, operations, maintenance, and capital projects for the City's transit system. Total STA funding available to Roseville for FY2025-26 is $1,283,997.
3. SGR revenue provides funding for maintenance of the Roseville Transit bus fleet. The program is funded through a portion of the State Transportation Improvement Fee on vehicle registrations. Total SGR funding available to Roseville for FY2025-26 is $232,505.

Combining LTF, STA and SGR funds equals a total request of $12,910,937.

FISCAL IMPACT

The TDA claims provide a total of $12,910,937 in revenues to the Transportation and Transit Fund programs and projects. There is no fiscal impact to the General Fund.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378.

Submission of the FY2025-26 Transportation Development Act claims meets the above criteria and is not subject to CEQA. No additional environmental review is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

2. Remain fiscally responsible in a changing world
4. Invest in well-planned infrastructure and growth
6. Deliver exceptional City services

Respectfully Submitted,
Kimberly Goulet, Administrative Technician

Jason Shykowski, Public Works Director

RESOLUTION NO. 26-170

APPROVING AND AUTHORIZING EXECUTION OF THE 2024/25 TRANSPORTATION DEVELOPMENT ACT CLAIMS TO THE PLACER COUNTY TRANSPORTATION PLANNING AGENCY

WHEREAS, the California Public Utilities Code, commencing with Section 99200, and Title 21 of the California Code of Regulations, commencing with Section 6600, authorize local transportation funding available through the Local Transportation Fund and State Transit Assistance Fund established by the Transportation Development Act; and

WHEREAS, the Placer County Transportation Planning Agency is responsible for reviewing and approving annual transportation claims, and for making allocations from the Local Transportation Fund and State Transit Assistance Funds.

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Roseville hereby authorizes and directs the City Manager to execute the FY2025/26 Transportation Development Act Claims in the amount of $12,910,937 to the Placer County Transportation Planning Agency as follows:

1. Local Transportation Funds for public transportation system purposes as authorized by Article 4, commencing with Section 99260 of the California Public Utilities Code and for streets and roads purposes authorized by Article 8, commencing with Section 99400 of the California Public Utilities Code, in an aggregate amount not to exceed $11,394,435.
2. State Transit Assistance Funds for transit operations, as authorized by Section 99313 and Section 99314 of the California Public Utilities Code, Chapter 4, Article 6.5, in an aggregate amount not to exceed $1,283,997.
3. State of Good Repair Funds for transit maintenance as provided by in Senate Bill 1, in an aggregate amount not to exceed $232,505.

NOTES:

1) FY 2025/26 LTF balance based on August 1, 2025 Estimated LTF Fund Estimate provided by the Placer County Auditor
2) Tahoe Regional Planning Agency receives funds proportional to its population within Placer County (see box below).
3) Apportioned per Section 7.1 PCTPA Rules & Bylaws for FY 2025/26 Final Overall Work Program and Budget, May 28, 2025.
4) Pedestrian and Bicycle Allocation is 2% of the remaining apportionment, per PCTPA Board direction.
5) Community Transit Service Article 4.5 allocation is up to 5% of the remaining apportionment, per PCTPA Board direction. FY 2025/26 Article 4.5 allocation is set at 4.5%.
6) FY 2024/25 carryover apportionment (see next page) uses May 2025 DOF population estimates.
7) PCTPA receives 4% of apportionment for regional planning purposes and implementation of federal planning requirements.
8) Assumes 0.5% growth in revenue over FY 2024/25

ESTIMATED PUBLIC TRANSIT REVENUES AND EXPENSES FOR FISCAL YEAR 2024/25

I. FY 2024/25 AVAILABLE RESOURCES

A. Carryover from prior fiscal year (Unexpended prior year transit cash receipts held in claimants treasury as of June 30, 2024. From TDA Financial Audit Report)	$	6,631,223.00
B. Interest Earnings through June 30, 2024.	$	76,109.00
C. Federal Grants & Reimbursements received in 2024/25:		
1. FTA Planning Assistance	$	-
2. FTA Operating Assistance	$	1,985,257.00
3. FTA Capital Assistance	$	1,588,935.69
4. Other (list) CARES, CRRSAA	$	12,219.62
D. State Grants (Source/Amount):		
1. LCTOP- ZEB Replacement, ZEB Depot, Galleria Electric Charging	$	-
2. SCCP- ZEB Replacement, ZEB Depot	$	421,688.06
E. Local Cash Grants:		
1. LTF-Operations (PUC 99260a; Article 4)	$	4,752,907.00
2. LTF-Capital (PUC 99260a; Article 4)	$	1,307,186.00
3. LTF-Community Transit Services(PUC 99275; Article 4.5)	$	-
4. LTF-Contracted Transit Service (PUC 99400c; Article 8c)	$	-
5. LTF-Capital Reserve Contribution (CCR 6648)	$	-
6. LTF-Capital expenses for contracted transit services (PUC 99400e; Article 8e)	$	-
7. STAF-Operations (CCR 6730a)	$	1,468,986.00
8. STAF-Capital (CCR 6730b)	$	-
9. STAF-Community Transit Services (CCR 6730d; <CTSA>)	$	-
10. STAF-Contracted Service (CCR 6731b)	$	-
11. SGR-Capital (CCR 6730b)	$	229,455.00
12. Other (list) SPRTA, PCAPCD	$	-
F. Operating Revenues:		
1. Passenger Fares	$	682,324.47
2. Charters	$	-
3. Other (list) _____	$	180,083.00
G. Other Revenues	$	-

PLACER COUNTY TRANSPORTATION PLANNING AGENCY

TDA CLAIM FORMS

TRANSPORTATION DEVELOPMENT ACT (TDA) CLAIM FORMS MUST BE SUBMITTED TO PCTPA A MINIMUM OF THREE WEEKS PRIOR TO A PCTPA BOARD MEETING. FOR THE LATEST BOARD MEETING SCHEDULE, VISIT WWW.PCTPA.NET**.**

A completed claim package includes the following completed forms:

- TDA Compliance Checklist
- TDA Claim Worksheet (*Excel file*)
- STA Qualifying Criteria Worksheet (*Excel file*)
- Claim for Local Transportation Funds
- Claim for State Transit Assistance Funds
- Claim for State of Good Repair Program Funds
- TDA Annual Project and Financial Plan (*see attached sample*)

Certified copy of resolution from the claimant's governing board approving the claim and its submittal to PCTPA. **The resolution must include the amount claimed, the fiscal year for which funds are claimed, and the purpose for which the claim is made, identified by the article and section of the Act which authorizes such claims.** See attached sample resolution.

If claiming Article 8c funds, copy of signed contract with whom claimant is contracting for transit service.

Only ONE copy of the claim form and PCTPA Board of Directors resolution will be returned to the claimant following approval.

Audit Policy
To help ensure that TDA audits are completed in a timely manner and the requirements of the TDA are met, the following policy was adopted by the PCTPA Board on March 22, 2006:

> *After approval of the Final TDA Apportionment, claimants who submit TDA claims will receive only 50% of the total approved Local Transportation Fund (LTF) claim if a completed TDA audit has not been received by PCTPA at the time of the claim.*

The remaining 50% of approved LTF claim will be paid to the claimant upon receipt by PCTPA of the completed TDA audit. State Transit Assistance (STA) claims will be paid in full following approval of an STA claim, regardless of whether a completed TDA audit has been received.

ANNUAL VERIFICATION OF TDA COMPLIANCE TO ACCOMPANY LTF AND STA CLAIMS FOR TRANSIT / STREETS AND ROADS PURPOSES

PART I – ALL CLAIMANTS

1. Date annual TDA fiscal and compliance audit was approved by PCTPA Board:
   Click or tap to enter a date.

2. Is the claimant's retirement system fully funded?
   ☐ YES
   ☒ NO

3. Is the claimant using the maximum Federal funds available for transit and/or streets/roads purposes?
   ☒ YES
   ☐ NO

PART II – TRANSIT CLAIMANTS

4. Date Transit Operator's Financial Transaction Report was submitted to State Controller's Office: Click or tap to enter a date. Attach copy of dated, signed cover sheet rom report.

5. Are public transit vehicles routinely staffed with one driver?

   ☒ YES
   ☐ NO (Explain) Click or tap here to enter text.

6. Has the proposed transit operating budget changed by more than 15% compared to the previous year?
   ☒ Yes (Explain) New multi-year Transit Operator contract for continued operation of the City's Transit system.
   ☐ NO

7. Did the transit operator meet its minimum farebox recovery requirement during the previous fiscal year? (requirement: 15% - Roseville; 12.94% - Placer County; 10% - Auburn)[1]

   ☒ YES
   ☐ NO (see below)

   If the farebox recovery requirement was not met, then claimant must complete the following worksheet for the most recent fiscal year.

[1]Assembly Bill 90, 2019-20 [Reg. Session] temporarily prohibits the penalty for non-compliance with farebox recovery ratio requirement during FY 2019-20 and 2020-21. The claimant should still identify whether the requirement was met. AB 149 of 2021 extends the non-compliance relief through FY 2022/23, and AB 125 of 2023 further extended it through FY 2025/26.

Transit Operating Expenses:	enter text.	+	
Capital Purchases/Reserves:	enter text.	=	LTF spent in most
Subtotal:	enter text.	-	recent fiscal year
Federal Revenues:	enter text.	=	cannot exceed
STA Revenues:	enter text.	-	result below.
Total:	enter text.	* 0.5=	enter text.

8. Is there a prohibition on the employment of part-time drivers or on contracting with common carriers?

☐ YES

☒ NO (Explain) Click or tap here to enter text.

9. Are STA funds being used for transit operating purposes this fiscal year?

☒ YES (see below)

☐ NO

If STA funds are being used for transit operating purposes, indicate which efficiency standard was met. In calculating the operating cost, operators may exclude costs that exceed prior year costs, as adjusted by the CPI. *Notes: (1) Use the STA Qualifying Criteria worksheet contained in the TDA Claim workbook to determine* eligible *exclusions. (2) These items may also be excluded when computing the farebox recovery ratio. (3) You may refer to operating cost figures from TDA fiscal audits for the* applicable *fiscal year.*

Efficiency Standard #1: ☒ Yes ☐ No[2]
Efficiency Standard #2: ☒ Yes ☐ No[2]

If neither efficiency standard was met, list the percentage of STA Funding limited to:
Capital Expenditures: Enter %% Operating Expenditures: Enter %.%

10. Describe or attach current fare structure:
Please see the attached fare structure as outlined in the Roseville Transit Service Guides, overview on Roseville Transit's website at:
https://www.roseville.ca.gov/public_works/transit/fares_passes.php

11. Attach copy of latest CHP terminal inspection report. ATTACHED

12. Each transit claimant must report on efforts to implement recommendations included in the FY 2021/22 through FY 2023/24 Triennial Performance Audit, which was completed in June 2025 (attach additional pages as necessary).
Roseville has developed a standard policy for calculating FTE's and we have been using that standard since the last Triennial Performance Audit.

[2]Assembly Bill 90, 2019-20 [Reg. Session] temporarily prohibits the penalty for non-compliance with required STA efficiency standards during FY 2019-20 and 2020-21. The claimant should still identify whether the standards was met. AB 149 of 2021 extends the non-compliance relief through FY 2022/23, and AB 125 of 2023 further extended it through FY 2025/26.

STATE TRANSIT ASSISTANCE
QUALIFYING CRITERIA WORKSHEET INSTRUCTIONS

Assembly Bill 90 of 2019-20 temporarily provides relief from non-compliance with STA Qualifying Criteria for FY 2019-20 and 2020-21 due to impact of COVID-19 on transit agencies. AB 149 of 2021 extended non-compliance relief through FY 2022/23, and AB 125 of 2023 further extended it through FY 2025/26.

The purpose of the STA Qualifying Criteria Worksheet is for the claimant to determine the proportion of STA funding eligible for operating and capital expenditures in the current fiscal year. Per STA regulations, one of two efficiency standards must be met for a claimant to utilize its full STA Allocation for operating purposes. The first efficiency standard evaluates whether the total operating cost per revenue vehicle hour increased at a rate greater than the prior year total operating cost per revenue vehicle hour as adjusted by the Consumer Price Index (CPI) for the State of California. The second efficiency standard evaluates whether the average total operating cost per revenue vehicle hour in the three latest years increased at a rate greater than the average of the preceding three years total operating cost per revenue vehicle hour as adjusted by CPI for the same period. Should neither efficiency standard be met, STA funding for operating expenditures will be reduced by the lowest percentage by which the claimant's total operating cost per revenue vehicle hour exceeded the target for either standard. The remaining percentage will be limited for capital expenditures.

The STA Qualifying Criteria worksheet is a tab embedded within the TDA Claim Worksheet. The STA Qualifying Criteria worksheet simplifies the process of calculating the proportion of STA funding eligible for operating and capital expenditures. Please visit www.pctpa.net/TDA to download the file. The worksheet requires entry of the prior four years audited data for operating costs, allowable cost exemptions/exclusions under TDA, and revenue vehicle hours. Enter the appropriate numbers into Data Input Sections A, B, and D. DO NOT enter any numbers in the yellow highlighted boxes, as these boxes have been set up with formulas to automatically tabulate your claims. Cell O7 and O11 will indicate whether Efficiency Standard 1 or 2 are satisfied, respectively. Cell Q13 indicates the amount limited for capital expenditures while cell Q15 indicates the amount eligible for operating purposes. This information should be input into question 9 of the Annual Verification Of TDA Compliance. The excel version of the qualifying criteria worksheet should be submitted with all other documents and forms when submitting a claim.

CLAIM FOR LOCAL TRANSPORTATION FUNDS

TO: PLACER COUNTY TRANSPORTATION PLANNING AGENCY
2260 DOUGLAS BLVD, SUITE 130; ROSEVILLE, CA 95661

FROM:

CLAIMANT: City of Roseville
ADDRESS: 316 Vernon Street
Roseville, CA 95678

CONTACT PERSON: Ed Scofield
Phone:916-774-5449 Email:ECScofield@roseville.ca.us

The City of Roseville hereby requests, in accordance with the State of California Public Utilities Code, commencing with Section 99200 and the California Code of Regulations commencing with Section 6600, that this claim for Local Transportation Funds be approved for Fiscal Year 2025/26, in the following amounts for the following purposes to be drawn from the Local Transportation Fund deposited with the Placer County Treasurer:

P.U.C. 99260a, Article 4, Transit Operations:	$ 8,107,128

TDA ANNUAL PROJECT AND FINANCIAL PLAN

This form will show the planned expenditures of all TDA funds claimed for the fiscal year in addition to any TDA funds carried over from previous years. Briefly describe all operational, capital and/or streets and roads projects which will be funded by TDA moneys. **Please show BOTH prior year TDA funds (if any) and current year TDA funds to be used**, provide the total cost of each project, and indicate all other sources of funding associated with each project. For capital projects, the projects listed, and their associated costs and funding sources should be consistent with the budget developed in the TDA Claim Worksheet completed for the submittal of this claim. The total project cost and total funding source(s) listed below should balance for each project. See attached sample plan for additional guidance.

Claimant: City of Roseville

Fiscal Year: FY 2025/26

Brief Project Description	Project Cost		Source of Funding & Amount	
			Interest Earnings from FY25	$96,783

PLACER COUNTY TRANSPORTATION PLANNING AGENCY

LTF BICYCLE / PEDESTRIAN CLAIM FORMS

BEFORE FILING THIS CLAIM, PLEASE CHECK WITH PCTPA STAFF TO ENSURE YOUR CLAIM IS CONSISTENT WITH THE CURRENT BICYCLE AND PEDESTRIAN 5-YEAR CASH MANAGEMENT PLAN, WHICH CAN BE FOUND AT WWW.PCTPA.NET/TDA.

TRANSPORTATION DEVELOPMENT ACT (TDA) CLAIM FORMS MUST BE SUBMITTED TO PCTPA A MINIMUM THREE WEEKS PRIOR TO A PCTPA BOARD MEETING. FOR THE LATEST BOARD MEETING SCHEDULE, VISIT WWW.PCTPA.NET.

A completed PED/BIKE claim package includes the following:

- Completed forms:
  - Bicycle and Pedestrian Project Description and Financial Plan
  - Claim For LTF Bicycle and Pedestrian Funds
- Certified copy of resolution from the claimant's governing board approving the claim and its submittal to PCTPA. The resolution must include the specific dollar amount of LTF Bicycle/Pedestrian funds being requested. See attached sample resolution.

Only ONE original claim form and/or PCTPA Board of Directors resolution will be returned to the claimant following approval.

LTF Claims for Bicycle and Pedestrian Facilities

At the discretion of the Board, PCTPA typically allocates 2% of the LTF for bicycle and pedestrian facilities. PCTPA works with staff of the six cities/town and the County of Placer to develop a cash management plan with a five-year horizon. Allocations are made to each jurisdiction based on existing and projected future population.

Using the attached bicycle/pedestrian claim forms, jurisdictions may submit claims to PCTPA that are consistent with the five-year cash management plan. The claim form must be accompanied by a resolution from the claimant's governing board approving the claim and its submittal to PCTPA. Approval of the claim by the PCTPA Board then reserves the funds for that jurisdiction's bicycle and pedestrian facility projects. As the jurisdiction expends funds in implementing the projects, it should submit invoices, accompanied with appropriate documentation, to PCTPA. PCTPA will then forward allocation instructions to the County Auditor's office, which will reimburse the jurisdiction up to the maximum amount of the original claim. If a jurisdiction does not claim its allocation of bicycle and pedestrian funds within the five-year window of the cash management plan, the funds will revert to the Revolving Match Fund (RMF).

SAMPLE RESOLUTION

In the matter of a Resolution approving and authorizing execution of the Fiscal Year 2024/2025 Local Transportation Fund, State Transit Assistance, and State of Good Repair Claims to the Placer County Transportation Planning Agency.

The following resolution was duly passed by the [name of governing board] of [name of claimant] at a regular meeting held [date of meeting], by the following vote:

Ayes:

Noes:

Absent:

Signed and approved by me after its passage. Attest:

[Signature of chair of governing board] [Signature of governing board clerk]

WHEREAS, the California Public Utilities Code commencing with Section 99200 and the California Code of Regulations commencing with Section 6600 authorizing local transportation funding available through the Local Transportation Fund and State Transit Assistance Fund established by the Transportation Development Act; and

WHEREAS, the Placer County Transportation Planning Agency is responsible for reviewing and approving annual transportation claims, and for making allocations from the Local Transportation Fund and State Transit Assistance Funds.

Be it hereby resolved by the [name of governing board] of [name of claimant] that the [chair of governing board or authorized staff person] is authorized and directed to execute the attached Fiscal Year 2024/25 Transportation Development Act Claim(s) to the Placer County Transportation Planning Agency, in the amount of:

$ [total LTF amount] of Local Transportation Funds for transit purposes as authorized by Article 4, commencing with Section 99260 of the California Public Utilities Code and Article 8 commencing with Section 99400(c).

$ [total LTF amount] of Local Transportation Funds for and for streets and roads purposes authorized by Article 8, commencing with Section 99400 and for the transportation planning process authorized by Article 8, commencing with section 99402.

$ [total STA amount] of State Transit Assistance funds for transit operations, as authorized by Section 99313 and Section 99314 of the California Public Utilities Code, Chapter 4, Article 6.5

$ [total SGR amount] of State of Good Repair funds for transit capital, as authorized by the Caltrans SGR guidelines and complying with Public Resources Code§ 21100 and§ 21150.).

$ [total LTF Bike/Ped amount] of Local Transportation Funds for bicycle and pedestrian purposes, as authorized by the California Public Utilities Code Section 99233.3, and by the California Code of Regulations Section 6655.2.

Be it further resolved that this claim is hereby approved by the [name of governing board].

City Council Communication

Meeting Date: 6/3/2026
Item #: VI.4
File #: 0721
Item ID: 2026-426

Title:	Zero Emission Bus Depot Project (Phase 2 and 3) - Contract Purchase Agreement Amendment
Contact:	Ed Scofield 916-774-5449 ecscofield@roseville.ca.us

SUMMARY

Staff recommends approval of an amendment to the Zero Emission Bus Depot Project (Phase 2 and 3) Contract Purchase Agreement to include the Federal Transit Administration's 2026 Federal Clauses. Approval of this amendment will allow staff to continue to use federal dollars to help pay for the Zero Emission Bus Depot Project.

RECOMMENDATION

Staff recommends that the City Council adopt a resolution to approve Amendment 1 to Contract Purchase Agreement (3004813) for the Zero Emission Bus Depot Project (Phase 2 and 3) to include the Federal Transit Administration's 2026 Federal Clauses, and authorize the City Manager to execute it on behalf of the City of Roseville.

BACKGROUND

On August 8, 2025, the City Council approved a purchase agreement with Vasko Electric for the installation of electric vehicle charging stations at the Zero Emissions Bus Depot at the Roseville Corporation Yard. Funding for the project is from the Federal Transit Administration's (FTA) Low-No Grant and Low Carbon Transit Operations Program. In order to utilize FTA funding, contract agreements must include the FTA's required federal clauses. These federal clauses are mandatory contract provisions required by FTA for third-party contracts funded by federal grants. These clauses ensure compliance with federal law and cover topics like Buy America, civil rights and labor protections.

The FTA Federal Clauses were inadvertently omitted from the original contract during approval. This amendment adds the 2026 Federal Clauses to the existing agreement to ensure the project complies with all applicable federal requirements and regulations.

There is no change to the contract dollar amount.

FISCAL IMPACT

Approval of this amendment will allow staff to continue to use federal dollars to help pay for the Zero Emission Bus Depot Project. Failure to approve this amendment would likely result in Roseville having to repay the federal funds used to date on this project.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) only applies to projects which have the potential to cause a significant effect on the environment. Where it can be seen with certainty that there is no

possibility that the activity in question may have a significant effect on the environment, the amendment is not subject to CEQA. (CEQA Guidelines §15061(b)(3)).

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

2. Remain fiscally responsible in a changing world
4. Invest in well-planned infrastructure and growth
6. Deliver exceptional City services

Respectfully Submitted,
Ed Scofield, Alternative Transportation Planner

Jason Shykowski, Public Works Director

Return signed copies of the agreement to the Buyer noted on the agreement. Alterations or modifications to the agreement are not allowed. Upon receipt of all necessary documents, the City will sign the agreement and return a fully executed copy to you. Receipt of the signed copy will be your notice to proceed with the work in accordance with the terms and conditions of the agreement. Work must not begin until the contract has been fully executed.

The following guidelines must be followed for the signature block on the agreement:

Sole proprietorship - **By owner**

Partnership - **Any general partner**

Corporation - **Two options:**
(1) A signature from the President and the corporate seal; **OR**
(2) One signature from the Chairman of the Board, President, or any Vice President **AND** one signature from the Secretary, any Assistant Secretary, Chief Financial Officer, or any Treasurer or Assistant Treasurer of the corporation

*General Manager, Office Manager and/or Sales Manager are **not** corporate officer titles. The agreement will be rejected if not signed in accordance with these guidelines.

Insurance requirements:
The City's insurance requirements are referenced on Attachment A of the agreement. By signing the agreement, you are confirming that your company has the minimum insurance limits required.

FEDERAL CLAUSES

ACCESS TO RECORDS AND REPORTS

a. Record Retention. The Contractor will retain, and will require its subcontractors of all tiers to retain, complete and readily accessible records related in whole or in part to the contract, including, but not limited to, data, documents, reports, statistics, leases, subcontracts, arrangements, other third-party Contracts of any type, and supporting materials related to those records.

b. Retention Period. The Contractor agrees to comply with the record retention requirements in accordance with 2 C.F.R. § 200.334. The Contractor shall maintain all books, records, accounts and reports required under this Contract for a period of at not less than three (3) years after the date of termination or expiration of this Contract, except in the event of litigation or settlement of claims arising from the performance of this Contract, in which case records shall be maintained until the disposition of all such litigation, appeals, claims or exceptions related thereto.

c. Access to Records. The Contractor agrees to provide sufficient access to FTA and its contractors to inspect and audit records and information, including such records and information the contractor or its subcontractors may regard as confidential or proprietary, related to performance of this contract in accordance with 2 CFR § 200.337.

d. Access to the Sites of Performance. The Contractor agrees to permit FTA and its contractors access to the sites of performance under this contract in accordance with 2 CFR § 200.337.

AMERICANS WITH DISABILITIES ACT (ADA)

The contractor agrees to comply with all applicable requirements of section 504 of the Rehabilitation Act of 1973, as amended, 29 U.S.C. § 794, which prohibits discrimination on the basis of handicaps, with the Americans with Disabilities Act of 1990 (ADA), as amended, 42 U.S.C. §§ 12101 et seq., which requires that accessible facilities and services be made available to persons with disabilities, including any subsequent amendments to that Act, and with the Architectural Barriers act of 1968, as amended, 42 U.S.C. §§ 4151 et seq., which requires that buildings and public accommodations be accessible to persons with disabilities, including any subsequent amendments to that Act. In addition, the contractor agrees to comply with any and all applicable requirements issued by the FTA, DOT, DOJ, U.S. GSA, U.S. EEOC, U.S. FCC, any subsequent amendments thereto and any other nondiscrimination statute(s) that may apply to the Project.

Docusign Envelope ID: B42F1944-4EE0-80F3-8048-614462923249

BOND REQUIREMENTS

For construction or facility improvement contracts or subcontracts exceeding the Simplified Acquisition Threshold, the Federal awarding agency or pass-through entity may accept the bonding policy and requirements of the non-Federal entity provided that the Federal awarding agency or pass-through entity has made a determination that the Federal interest is adequately protected. If such a determination has not been made, the minimum requirements must be as follows:

(a) A bid guarantee from each bidder equivalent to five percent of the bid price. The “bid guarantee” must consist of a firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying a bid as assurance that the bidder will, upon acceptance of the bid, execute such contractual documents as may be required within the time specified.

(b) A performance bond on the part of the contractor for 100 percent of the contract price. A “performance bond” is one executed in connection with a contract to secure fulfillment of all the contractor's requirements under such contract.

(c) A payment bond on the part of the contractor for 100 percent of the contract price. A “payment bond” is one executed in connection with a contract to assure payment as required by law of all persons supplying labor and material in the execution of the work provided for in the contract.

It is also understood and agreed that if the bidder should withdraw any part or all of their bid within [90] days after the bid opening without the written consent of the Agency, or refuse or be unable to enter into this Contract as provided above, or refuse or be unable to furnish adequate and acceptable Performance and Payment Bonds, or refuse or be unable to furnish adequate and acceptable insurance, as provided above, it shall forfeit its bid guaranty to the extent Agency’s damages occasioned by such withdrawal, or refusal, or inability to enter into a Contract, or provide adequate security thereof.

It is further understood and agreed that to the extent the defaulting bidder's bid guaranty shall prove inadequate to fully recompense Agency for the damages occasioned by default, then the bidder agrees to indemnify Agency and pay over to Agency the difference between the bid guarantee and Agency’s total damages so as to make Agency whole.

The bidder understands that any material alteration of any of the above or any of the material contained herein, other than that requested will render the bid unresponsive.

Performance Guarantee. A Performance Guarantee in the amount of 100% of the Contract value is required by the Agency to ensure faithful performance of the Contract. Either a Performance Bond or an Irrevocable Stand-By Letter of Credit shall be provided by the Contractor and shall remain in full force for the term of the Contract. The successful Bidder shall certify that it will provide the requisite Performance Guarantee to the Agency within ten

Docusign Envelope ID: B42F1944-4EE0-80F3-8048-614462923249

(10) business days from Contract execution. The Agency requires all Performance Bonds to be provided by a fully qualified surety company acceptable to the Agency and listed as a company currently authorized under 31 C.F.R. part 22 as possessing a Certificate of Authority as described hereunder. Agency may require additional performance bond protection when the contract price is increased. The increase in protection shall generally equal 100 percent of the increase in contract price. The Agency may secure additional protection by directing the Contractor to increase the amount of the existing bond or to obtain an additional bond.

If the Bidder chooses to provide a Letter of Credit as its Performance Guarantee, the Bidder shall furnish with its bid, certification that an Irrevocable Stand-By Letter of Credit will be furnished should the Bidder become the successful Contractor. The Bidder shall also provide a statement from the banking institution certifying that an Irrevocable Stand-By Letter of Credit for the action will be provided if the Contract is awarded to the Bidder. The Irrevocable Stand-By Letter of Credit will only be accepted by the Agency if:

1. A bank in good standing issues it. The Agency will not accept a Letter of Credit from an entity other than a bank.
2. It is in writing and signed by the issuing bank.
3. It conspicuously states that it is an irrevocable, non-transferable, “standby” Letter of Credit.
4. The Agency is identified as the Beneficiary.
5. It is in an amount equal to 100% of the Contract value. This amount must be in U.S. dollars.
6. The effective date of the Letter of Credit is the same as the effective date of the Contract
7. The expiration date of the Letter of Credit coincides with the term of the contract.
8. It indicates that it is being issued in order to support the obligation of the Contractor to perform under the Contract. It must specifically reference the Contract between the Agency and the Contractor the work stipulated herein.

The issuing bank’s obligation to pay will arise upon the presentation of the original Letter of Credit and a certificate and draft to the issuing bank’s representative at a location and time to be determined by the parties. This documentation will indicate that the Contractor is in default under the Contract.

Payment Bonds. A Labor and Materials Payment Bond equal to the full value of the contract must be furnished by the contractor to Agency as security for payment by the Contractor and subcontractors for labor, materials, and rental of equipment. The bond may be issued by a fully qualified surety company acceptable to (Agency) and listed as a company currently authorized under 31 C.F.R. part 223 as possessing a Certificate of Authority as described thereunder.

Docusign Envelope ID: B42F1944-4EE0-80F3-8048-614462923249

BUS TESTING

The Contractor [Manufacturer] agrees to comply with the Bus Testing requirements under 49 U.S.C. 5318(e) and FTA's implementing regulation at 49 C.F.R. part 665 to ensure that the requisite testing is performed for all new bus models or any bus model with a major change in configuration or components, and that the bus model has achieved a passing score. Upon completion of the testing, the contractor shall obtain a copy of the bus testing reports from the operator of the testing facility and make that report(s) publicly available prior to final acceptance of the first vehicle by the recipient.

BUY AMERICA REQUIREMENTS

The contractor agrees to comply with 49 U.S.C. 5323(j) and 49 C.F.R. part 661 and 2 CFR § 200.322 Domestic preferences for procurements, which provide that Federal funds may not be obligated unless all steel, iron, and manufactured products used in FTA funded projects are produced in the United States, unless a waiver has been granted by FTA or the product is subject to a general waiver. General waivers are listed in 49 C.F.R. § 661.7.

Build America, Buy America Act. Construction materials used in the Project are subject to the domestic preference requirement of the Build America, Buy America Act, Pub. L. 117-58, div. G, tit. IX, §§ 70911 – 70927 (2021), as implemented by the U.S. Office of Management and Budget's "Buy America Preferences for Infrastructure Projects," 2 CFR Part 184. The Recipient acknowledges that this agreement is neither a waiver of § 70914(a) nor a finding under § 70914(b). In accordance with 2 CFR § 184.2(a), the Recipient shall apply the standards of 49 CFR Part 661 to iron, steel, and manufactured products.

Separate requirements for rolling stock are set out at 49 U.S.C. 5323(j)(2)(C), 49 U.S.C. § 5323(u) and 49 C.F.R. § 661.11. Domestic preferences for procurements

The bidder or offeror must submit to the Agency the appropriate Buy America certification. Bids or offers that are not accompanied by a completed Buy America certification will be rejected as nonresponsive. For more information, please see the FTA's Buy America webpage at: https://www.transit.dot.gov/buyamerica

CARGO PREFERENCE REQUIREMENTS

The contractor agrees:
a. to use privately owned United States-Flag commercial vessels to ship at least 50 percent of any equipment, materials or commodities procured, contracted for or otherwise obtained with funds granted, guaranteed, loaned, or advanced by the U.S. Government under this agreement, and which may be transported by ocean vessel, shall be transported on privately owned United

Docusign Envelope ID: B42F1944-4EE0-80F3-8048-614462923249

States-flag commercial vessels, if available. 46 U.S.C. § 55305, and U.S. Maritime Administration regulations, "Cargo Preference – U.S.-Flag Vessels," 46 CFR Part 381.

b. to furnish within 20 days following the date of loading for shipments originating within the United States or within 30 working days following the date of loading for shipments originating outside the United States, a legible copy of a rated, 'on-board' commercial ocean bill-of-lading in English for each shipment of cargo described in 46 CFR § 381.7(a)(1) shall be furnished to both the recipient (through the prime contractor in the case of subcontractor bills-of-lading) and to the Division of National Cargo, Office of Market Development, Maritime Administration, Washington, DC 20590; and

c. to include these requirements in all subcontracts issued pursuant to this contract when the subcontract may involve the transport of equipment, material, or commodities by ocean vessel.

CHANGES TO FEDERAL REQUIREMENTS

Federal requirements that apply to the Recipient or the Award, the accompanying Underlying Agreement, and any Amendments thereto may change due to changes in federal law, regulation, other requirements, or guidance, or changes in the Recipient's Underlying Agreement including any information incorporated by reference and made part of that Underlying Agreement; and

Applicable changes to those federal requirements will apply to each Third-Party Agreement and parties thereto at any tier.

CHARTER SERVICE

The contractor agrees to comply with 49 U.S.C. 5323(d), 5323(r), and 49 C.F.R. part 604, which provides that Recipients and subrecipients of FTA assistance are prohibited from providing charter service using federally funded equipment or facilities if there is at least one private charter operator willing and able to provide the service, except as permitted under:

1. Federal transit laws, specifically 49 U.S.C. § 5323(d);
2. FTA regulations, "Charter Service," 49 C.F.R. part 604;
3. Any other federal Charter Service regulations; or
4. Federal guidance, except as FTA determines otherwise in writing.

The contractor agrees that if it engages in a pattern of violations of FTA's Charter Service regulations, FTA may require corrective measures or impose remedies on it. These corrective measures and remedies may include:

Docusign Envelope ID: B42F1944-4EE0-80F3-8048-614462923249

1. Barring it or any subcontractor operating public transportation under its Award that has provided prohibited charter service from receiving federal assistance from FTA;
2. Withholding an amount of federal assistance as provided by Appendix D to part 604 of FTA's Charter Service regulations; or
3. Any other appropriate remedy that may apply.

The contractor should also include the substance of this clause in each subcontract that may involve operating public transit services.

CIVIL RIGHTS LAWS AND REGULATIONS

The following Federal Civil Rights laws and regulations apply to all contracts.

The Contractor and any subcontractor agree to comply with all the requirements prohibiting discrimination on the basis of race, color, or national origin of the Title VI of the Civil Rights Action of 1964, as amended 52 U.S.C 2000d, and U.S. DOT regulation "Nondiscrimination in Federally-Assisted Programs of the Department of Transportation – Effectuation of the Title VI of the Civil rights Act, "49 C.F. R. Part 21 and any implementing requirement FTA may issue.

1 **Federal Equal Employment Opportunity (EEO) Requirements**. These include, but are not limited to:

a) Nondiscrimination in Federal Public Transportation Programs. 49 U.S.C. § 5332, covering projects, programs, and activities financed under 49 U.S.C. Chapter 53, prohibits discrimination on the basis of race, color, religion, national origin, sex (including sexual orientation), disability, or age, and prohibits discrimination in employment or business opportunity.

b) Prohibition against Employment Discrimination. Title VII of the Civil Rights Act of 1964, as amended, 42 U.S.C. § 2000e, Title VI of the Civil Rights Act of 1964," 49 CFR Part 21, and 49 U.S.C. § 5332, prohibits discrimination in employment on the basis of race, color, religion, sex, or national origin.

2 **Nondiscrimination on the Basis of Sex.** Title IX of the Education Amendments of 1972, as amended, 20 U.S.C. § 1681 et seq. and implementing Federal regulations, "Nondiscrimination on the Basis of Sex in Education Programs or Activities Receiving Federal Financial Assistance," 49 C.F.R. part 25 prohibit discrimination on the basis of sex.

3 **Nondiscrimination on the Basis of Age**. The "Age Discrimination Act of 1975," as amended, 42 U.S.C. § 6101 et seq., and Department of Health and Human Services implementing regulations, "Nondiscrimination on the Basis of Age in Programs or Activities Receiving Federal Financial Assistance," 45 C.F.R. part 90, prohibit discrimination by participants in federally assisted programs against individuals on the basis of age. The Age Discrimination in Employment Act (ADEA), 29 U.S.C. § 621 et seq., and Equal Employment Opportunity

Docusign Envelope ID: B42F1944-4EE0-80F3-8048-614462923249

Commission (EEOC) implementing regulations, "Age Discrimination in Employment Act," 29 C.F.R. part 1625, also prohibit employment discrimination against individuals age 40 and over on the basis of age.

4 **Federal Protections for Individuals with Disabilities**. The Americans with Disabilities Act of 1990, as amended (ADA), 42 U.S.C. § 12101 et seq., prohibits discrimination against qualified individuals with disabilities in programs, activities, and services, and imposes specific requirements on public and private entities. Third party contractors must comply with their responsibilities under Titles I, II, III, IV, and V of the ADA in employment, public services, public accommodations, telecommunications, and other provisions, many of which are subject to regulations issued by other Federal agencies.

Civil Rights and Equal Opportunity

The Agency is an Equal Opportunity Employer. As such, the Agency agrees to comply with all applicable Federal civil rights laws and implementing regulations. Apart from inconsistent requirements imposed by Federal laws or regulations, the Agency agrees to comply with the requirements of 49 U.S.C. § 5323(h) (3) by not using any Federal assistance awarded by FTA to support procurements using exclusionary or discriminatory specifications. Under this Contract, the Contractor shall at all times comply with the following requirements and shall include these requirements in each subcontract entered into as part thereof.

1. **Nondiscrimination**. In accordance with Federal transit law at 49 U.S.C. § 5332, the Contractor agrees that it will not discriminate against any employee or applicant for employment because of race, color, religion, national origin, sex, disability, or age. In addition, the Contractor agrees to comply with applicable Federal implementing regulations and other implementing requirements FTA may issue.

2. **Equal Employment Opportunity**. In accordance with Title VII of the Civil Rights Act, as amended, 42 U.S.C. § 2000e et seq., Title I of the Americans with Disabilities Act of 1990, as amended, 42 U.S.C. §§ 12101, et seq.; and Federal transit laws at 49 U.S.C. § 5332, the Contractor agrees to comply with all applicable equal employment opportunity requirements, without regard to their race, color, religion, national origin, or sex (including sexual orientation). In addition, the Contractor agrees to comply with any implementing requirements FTA may issue.

3. **Age**. In accordance with the Age Discrimination in Employment Act, 29 U.S.C. §§ 621-634, U.S. Equal Employment Opportunity Commission (U.S. EEOC) regulations, "Age Discrimination in Employment Act," 29 C.F.R. part 1625, the Age Discrimination Act of 1975, as amended, 42 U.S.C. § 6101 et seq., U.S. Health and Human Services regulations, "Nondiscrimination on the Basis of Age in Programs or Activities Receiving Federal Financial Assistance," 45 C.F.R. part 90, and Federal transit law at 49 U.S.C. § 5332, the Contractor agrees to refrain from discrimination against present and prospective employees for reason of age. In addition, the Contractor agrees to comply with any

Docusign Envelope ID: B42F1944-4EE0-80F3-8048-614462923249

Implementing requirements FTA may issue.

4. **Disabilities**. In accordance with section 504 of the Rehabilitation Act of 1973, as amended, 29 U.S.C. § 794, the Americans with Disabilities Act of 1990, as amended, 42 U.S.C. § 12101 et seq., the Architectural Barriers Act of 1968, as amended, 42 U.S.C. § 4151 et seq., and Federal transit law at 49 U.S.C. § 5332, the Contractor agrees that it will not discriminate against individuals on the basis of disability. In addition, the Contractor agrees to comply with any implementing requirements FTA may issue.

5. **Federal Law and Public Policy Requirements**. The Contractor shall ensure that Federal funding is expended in full accordance with the U.S. Constitution, Federal Law, and statutory and public policy requirements: including, but not limited to, those protecting free speech, religious liberty, public welfare, the environment, and prohibiting discrimination.

CLEAN AIR ACT AND FEDERAL WATER POLLUTION CONTROL ACT

The Contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act (42 U.S.C. § 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. § 1251-1387). Violations must be reported to FTA and the Regional Office of the Environmental Protection Agency. The following applies for contracts of amounts in excess of $150,000:

Clean Air Act

(1) The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq.

(2) The contractor agrees to report each violation to the Agency and understands and agrees that the Agency will, in turn, report each violation as required to assure notification to the Agency, Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

(3) The contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FTA.

Federal Water Pollution Control Act

(1) The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Federal Water Pollution Control Act, as

Docusign Envelope ID: B42F1944-4EE0-80F3-8048-614462923249

amended, 33 U.S.C. 1251 et seq.

(2) The contractor agrees to report each violation to the Agency and understands and agrees that the Agency will, in turn, report each violation as required to assure notification to the Agency, Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

(3) The contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FTA."

CONTRACT WORK HOURS AND SAFETY STANDARDS ACT

a. Applicability: This requirement applies to all FTA grant and cooperative agreement programs.
b. Where applicable (see 40 U.S.C. § 3701), all contracts awarded by the non-Federal entity in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. §§ 3702 and 3704, as supplemented by Department of Labor regulations at 29 C.F.R. Part 5. See 2 C.F.R. Part 200, Appendix II.
c. Under 40 U.S.C. § 3702, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week.
d. The requirements of 40 U.S.C. § 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.
e. The regulation at 29 C.F.R. § 5.5(b) provides the required contract clause concerning compliance with the Contract Work Hours and Safety Standards Act:

Compliance with the Contract Work Hours and Safety Standards Act.

(1) Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

Docusign Envelope ID: B42F1944-4EE0-80F3-8048-614462923249

(2) Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph (1) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (1) of this section, in the sum of $10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (1) of this section.

(3) Withholding for unpaid wages and liquidated damages. The agency shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (2) of this section.

(4) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (1) through (4) of this section."

DAVIS BACON ACT AND COPELAND ANTI-KICKBACK ACT

For all prime construction, alteration or repair contracts in excess of $2,000 awarded by FTA, the Contractor shall comply with the Davis-Bacon Act and the Copeland "Anti-Kickback" Act. Under 49 U.S.C. § 5333(a), prevailing wage protections apply to laborers and mechanics employed on FTA assisted construction, alteration, or repair projects. The Contractor will comply with the Davis-Bacon Act, 40 U.S.C. §§ 3141-3144, and 3146-3148 as supplemented by DOL regulations at 29 C.F.R. part 5, "Labor Standards Provisions Applicable to Contracts Governing Federally Financed and Assisted Construction." In accordance with the statute, the Contractor shall pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, the Contractor agrees to pay wages not less than once a week. The Contractor shall also comply with the Copeland "Anti-Kickback" Act (40 U.S.C. § 3145), as supplemented by DOL regulations at 29 C.F.R. part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in part by Loans or Grants from the United States." The Contractor is prohibited from inducing, by any means, any person employed in the construction, completion, or repair

Docusign Envelope ID: B42F1944-4EE0-80F3-8048-614462923249

of public work, to give up any part of the compensation to which he or she is otherwise entitled.

DEBARMENT AND SUSPENSION

The Contractor shall comply and facilitate compliance with U.S. DOT regulations, "Nonprocurement Suspension and Debarment," 2 C.F.R. part 1200, which adopts and supplements the U.S. Office of Management and Budget (U.S. OMB) "Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement)," 2 C.F.R. part 180. These provisions apply to each contract at any tier of $25,000 or more, and to each contract at any tier for a federally required audit (irrespective of the contract amount), and to each contract at any tier that must be approved by an FTA official irrespective of the contract amount. As such, the Contractor shall verify that its principals, affiliates, and subcontractors are eligible to participate in this federally funded contract and are not presently declared by any Federal department or agency to be:

a) Debarred from participation in any federally assisted Award;

b) Suspended from participation in any federally assisted Award;

c) Proposed for debarment from participation in any federally assisted Award;

d) Declared ineligible to participate in any federally assisted Award;

e) Voluntarily excluded from participation in any federally assisted Award; or

f) Disqualified from participation in any federally assisted Award.

By signing and submitting its bid or proposal, the bidder or proposer certifies as follows:

The certification in this clause is a material representation of fact relied upon by the AGENCY. If it is later determined by the AGENCY that the bidder or proposer knowingly rendered an erroneous certification, in addition to remedies available to the AGENCY, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment. The bidder or proposer agrees to comply with the requirements of 2 C.F.R. part 180, subpart C, as supplemented by 2 C.F.R. part 1200, while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

DISADVANTAGED BUSINESS ENTERPRISE (DBE)

(Does not apply to projects fully funded by the Tribal Transportation Program (TTP).)

It is the policy of the Agency and the United States Department of Transportation ("DOT") that Disadvantaged Business Enterprises ("DBE's"), as defined herein and in the Federal regulations

Docusign Envelope ID: B42F1944-4EE0-80F3-8048-614462923249

published at 49 C.F.R. part 26, shall have an equal opportunity to participate in DOT-assisted contracts.
The contractor or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 C.F.R. part 26 in the award and administration of DOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the Agency deems appropriate, which may include, but is not limited to:

(1) Withholding monthly progress payments;
(2) Assessing sanctions;
(3) Liquidated damages; and/or
(4) Disqualifying the contractor from future bidding as non-responsible. 49 C.F.R. § 26.13(b).

Prime contractors are required to pay subcontractors for satisfactory performance of their contracts no later than 30 days from receipt of each payment the Agency makes to the prime contractor. 49 C.F.R. § 26.29(a).

Finally, for contracts with defined DBE contract goals, the contractor shall utilize the specific DBEs listed unless the contractor obtains the Agency's written consent; and that, unless the Agency's consent is provided, the contractor shall not be entitled to any payment for work or material unless it is performed or supplied by the listed DBE. 49 C.F.R. § 26.53(f) (1).

DOMESTIC PREFERENCES FOR PROCUREMENTS.

(a) The recipient or subrecipient should, to the greatest extent practicable and consistent with law, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). The requirements of this section must be included in all subawards, contracts, and purchase orders under Federal awards.

(b) For purposes of this section:

(1) "Produced in the United States" means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.

(2) "Manufactured products" means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

Docusign Envelope ID: B42F1944-4EE0-80F3-8048-614462923249

(c) Federal agencies providing Federal financial assistance for infrastructure projects must implement the Buy America preferences set forth in 2 CFR 184.

ENERGY CONSERVATION

The contractor agrees to comply with mandatory standards and policies relating to energy efficiency, which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (42 U.S.C.§ 6201).

FLY AMERICA

a) Definitions. As used in this clause—

   1) "International air transportation" means transportation by air between a place in the United States and a place outside the United States or between two places both of which are outside the United States.
   2) "United States" means the 50 States, the District of Columbia, and outlying areas.
   3) "U.S.-flag air carrier" means an air carrier holding a certificate under 49 U.S.C. Chapter 411.

b) When Federal funds are used to fund travel, Section 5 of the International Air Transportation Fair Competitive Practices Act of 1974 (49 U.S.C. 40118) (Fly America Act) requires contractors, Agencys, and others use U.S.-flag air carriers for U.S. Government-financed international air transportation of personnel (and their personal effects) or property, to the extent that service by those carriers is available. It requires the Comptroller General of the United States, in the absence of satisfactory proof of the necessity for foreign-flag air transportation, to disallow expenditures from funds, appropriated or otherwise established for the account of the United States, for international air transportation secured aboard a foreign-flag air carrier if a U.S.-flag air carrier is available to provide such services.
c) If available, the Contractor, in performing work under this contract, shall use U.S.-flag carriers for international air transportation of personnel (and their personal effects) or property.
d) In the event that the Contractor selects a carrier other than a U.S.-flag air carrier for international air transportation, the Contractor shall include a statement on vouchers involving such transportation essentially as follows:

   <u>Statement of Unavailability of U.S.-Flag Air Carriers</u>
   International air transportation of persons (and their personal effects) or property by U.S.-flag air carrier was not available or it was necessary to use foreign-flag air carrier service for the following reasons. See FAR § 47.403. [State reasons]:

Docusign Envelope ID: B42F1944-4EE0-80F3-8048-614462923249

e) Contractor shall include the substance of this clause, including this paragraph (e), in each subcontract or purchase under this contract that may involve international air transportation.

INCORPORATION OF FEDERAL TRANSIT ADMINISTRATION (FTA) TERMS

The provisions within include, in part, certain Standard Terms and Conditions required under the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (2 CFR § 200), whether or not expressly set forth in the preceding contract provisions. All contractual provisions required by DOT, detailed in 2 CFR § 200 or as amended by 2 CFR § 1201, or the most recent version of FTA Circular 4220.1 are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Contract. The Contractor shall not perform any act, fail to perform any act, or refuse to comply with any request which would cause a violation of the FTA terms and conditions.

NO GOVERNMENT OBLIGATION TO THIRD PARTIES

The Recipient and Contractor acknowledge and agree that, notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the underlying Contract, absent the express written consent by the Federal Government, the Federal Government is not a party to this Contract and shall not be subject to any obligations or liabilities to the Recipient, Contractor or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying Contract. The Contractor agrees to include the above clause in each subcontract financed in whole or in part with Federal assistance provided by the FTA. It is further agreed that the clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.

NOTICE TO FTA AND U.S. DOT INSPECTOR GENERAL OF INFORMATION RELATED TO FRAUD, WASTE, ABUSE, OR OTHER LEGAL MATTERS

If a current or prospective legal matter that may affect the Federal Government emerges, the Recipient must promptly notify the FTA Chief Counsel and FTA Regional Counsel for the Region in which the Recipient is located. The Recipient must include a similar notification requirement in its Third-Party Agreements and must require each Third-Party Participant to include an equivalent provision in its subagreements at every tier, for any agreement that is a “covered transaction” according to 2 C.F.R. §§ 180.220 and 1200.220.

(1) The types of legal matters that require notification include, but are not limited to, a major dispute, breach, default, litigation, or naming the Federal Government as a party to litigation or

Docusign Envelope ID: B42F1944-4EE0-80F3-8048-614462923249

a legal disagreement in any forum for any reason.

(2) Matters that may affect the Federal Government include, but are not limited to, the Federal Government's interests in the Award, the accompanying Underlying Agreement, and any Amendments thereto, or the Federal Government's administration or enforcement of federal laws, regulations, and requirements.

(3) The Recipient must promptly notify the U.S. DOT Inspector General in addition to the FTA Chief Counsel or Regional Counsel for the Region in which the Recipient is located, if the Recipient has knowledge of potential fraud, waste, or abuse occurring on a Project receiving assistance from FTA. The notification provision applies if a person has or may have submitted a false claim under the False Claims Act, 31 U.S.C. § 3729 et seq., or has or may have committed a criminal or civil violation of law pertaining to such matters as fraud, conflict of interest, bribery, gratuity, or similar misconduct. This responsibility occurs whether the Project is subject to this Agreement or another agreement between the Recipient and FTA, or an agreement involving a principal, officer, employee, agent, or Third Party Participant of the Recipient. It also applies to subcontractors at any tier. Knowledge, as used in this paragraph, includes, but is not limited to, knowledge of a criminal or civil investigation by a Federal, state, or local law enforcement or other investigative agency, a criminal indictment or civil complaint, or probable cause that could support a criminal indictment, or any other credible information in the possession of the Recipient.

PATENT RIGHTS AND RIGHTS IN DATA

Intellectual Property Rights

This Project is funded through a Federal award with FTA for experimental, developmental, or research work purposes. As such, certain Patent Rights and Data Rights apply to all subject data first produced in the performance of this Contract. The Contractor shall grant the Agency intellectual property access and licenses deemed necessary for the work performed under this Contract and in accordance with the requirements of 37 C.F.R. part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by FTA or U.S. DOT.

The terms of an intellectual property agreement and software license rights will be finalized prior to execution of this Contract and shall, at a minimum, include the following restrictions:

Except for its own internal use, the Contractor may not publish or reproduce subject data in whole or in part, or in any manner or form, nor may the Contractor authorize others to do so, without the written consent of FTA, until such time as FTA may have either released or approved the release of such data to the public. This restriction on publication, however, does not apply to any contract with an academic institution.

Docusign Envelope ID: B42F1944-4EE0-80F3-8048-614462923249

For purposes of this Contract, the term “subject data” means recorded information whether or not copyrighted, and that is delivered or specified to be delivered as required by the Contract. Examples of “subject data” include, but are not limited to computer software, standards, specifications, engineering drawings and associated lists, process sheets, manuals, technical reports, catalog item identifications, and related information, but do not include financial reports, cost analyses, or other similar information used for performance or administration of the Contract.

1. The Federal Government reserves a royalty-free, non-exclusive and irrevocable license to reproduce, publish, or otherwise use, and to authorize others to use for “Federal Government Purposes,” any subject data or copyright described below. For “Federal Government Purposes,” means use only for the direct purposes of the Federal Government. Without the copyright owner’s consent, the Federal Government may not extend its Federal license to any other party.

a. Any subject data developed under the Contract, whether or not a copyright has been obtained; and

b. Any rights of copyright purchased by the Contractor using Federal assistance in whole or in part by the FTA.

2. Unless FTA determines otherwise, the Contractor performing experimental, developmental, or research work required as part of this Contract agrees to permit FTA to make available to the public, either FTA’s license in the copyright to any subject data developed in the course of the Contract, or a copy of the subject data first produced under the Contract for which a copyright has not been obtained. If the experimental, developmental, or research work, which is the subject of this Contract, is not completed for any reason whatsoever, all data developed under the Contract shall become subject data as defined herein and shall be delivered as the Federal Government may direct.

3. Unless prohibited by state law, upon request by the Federal Government, the Contractor agrees to indemnify, save, and hold harmless the Federal Government, its officers, agents, and employees acting within the scope of their official duties against any liability, including costs and expenses, resulting from any willful or intentional violation by the Contractor of proprietary rights, copyrights, or right of privacy, arising out of the publication, translation, reproduction, delivery, use, or disposition of any data furnished under that contract. The Contractor shall not be required to indemnify the Federal Government for any such liability arising out of the wrongful act of any employee, official, or agents of the Federal Government.

4. Nothing contained in this clause on rights in data shall imply a license to the Federal Government under any patent or be construed as affecting the scope of any license or other right otherwise granted to the Federal Government under any patent.

Docusign Envelope ID: B42F1944-4EE0-80F3-8048-614462923249

5. Data developed by the Contractor and financed entirely without using Federal assistance provided by the Federal Government that has been incorporated into work required by the underlying Contract is exempt from the requirements herein, provided that the Contractor identifies those data in writing at the time of delivery of the Contract work.

6. The Contractor agrees to include these requirements in each subcontract for experimental, developmental, or research work financed in whole or in part with Federal assistance.

PRE-AWARD AND POST-DELIVERY AUDITS OF ROLLING STOCK PURCHASES

(Does not apply to projects fully funded by the Tribal Transportation Program (TTP).)

The Contractor agrees to comply with 49 U.S.C. § 5323(m) and FTA's implementing regulation at 49 C.F.R. part 663. The Contractor shall comply with the Buy America certification(s) submitted with its proposal/bid. The Contractor agrees to participate and cooperate in any pre-award and post-delivery audits performed pursuant to 49 C.F.R. part 663 and related FTA guidance.

PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS AND RELATED ACTS

The Contractor acknowledges that the provisions of the Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. § 3801 et seq. and U.S. DOT regulations, "Program Fraud Civil Remedies," 49 C.F.R. part 31, apply to its actions pertaining to this Project. Upon execution of the underlying contract, the Contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the underlying contract or the FTA assisted project for which this contract work is being performed. In addition to other penalties that may be applicable, the Contractor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on the Contractor to the extent the Federal Government deems appropriate.

The Contractor also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 U.S.C. chapter 53, the Government reserves the right to impose the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5323(l) on the Contractor, to the extent the Federal Government deems appropriate.

Docusign Envelope ID: B42F1944-4EE0-80F3-8048-614462923249

The Contractor agrees to include the above two clauses in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clauses shall not be modified, except to identify the subcontractor who will be subject to the provisions.

PROHIBITION ON CERTAIN TELECOMMUNICATIONS AND VIDEO SURVEILLANCE SERVICES OR EQUIPMENT.

a) Recipients and subrecipients are prohibited from obligating or expending loan or grant funds to:
    1) Procure or obtain;
    2) Extend or renew a contract to procure or obtain; or
    3) Enter into a contract (or extend or renew a contract) to procure or obtain equipment, services, or systems that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. As described in Public Law 115-232, section 889, covered telecommunications equipment is telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities).

        (i) For the purpose of public safety, security of government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities).

        (ii) Telecommunications or video surveillance services provided by such entities or using such equipment.

        (iii) Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of the National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.

b) In implementing the prohibition under Public Law 115-232, section 889, subsection (f), paragraph (1), heads of executive agencies administering loan, grant, or subsidy programs shall prioritize available funding and technical support to assist affected businesses, institutions and organizations as is reasonably necessary for those affected entities to transition from covered communications equipment and services, to procure replacement equipment and services, and to ensure that communications service to users and customers is sustained.

Docusign Envelope ID: B42F1944-4EE0-80F3-8048-614462923249

c) See Public Law 115-232, section 889 for additional information.

d) See also § 200.471.

PROMPT PAYMENT

(Does not apply to projects fully funded by the Tribal Transportation Program (TTP).)

The contractor is required to pay its subcontractors performing work related to this contract for satisfactory performance of that work no later than 30 days after the contractor's receipt of payment for that work. In addition, the contractor is required to return any retainage payments to those subcontractors within 30 days after the subcontractor's work related to this contract is satisfactorily completed.

The contractor must promptly notify the Agency, whenever a DBE subcontractor performing work related to this contract is terminated or fails to complete its work and must make good faith efforts to engage another DBE subcontractor to perform at least the same amount of work. The contractor may not terminate any DBE subcontractor and perform that work through its own forces or those of an affiliate without prior written consent of the Agency.

PUBLIC TRANSPORTATION EMPLOYEE PROTECTIVE ARRANGEMENTS

The Contractor agrees to comply with the following employee protective arrangements of 49 U.S.C. § 5333(b):

1. U.S. DOL Certification. Under this Contract or any Amendments thereto that involve public transportation operations that are supported with federal assistance, a certification issued by U.S. DOL is a condition of the Contract.

2. Special Warranty. When the Contract involves public transportation operations and is supported with federal assistance appropriated or made available for 49 U.S.C. § 5311, U.S. DOL will provide a Special Warranty for its Award, including its Award of federal assistance under the Tribal Transit Program. The U.S. DOL Special Warranty is a condition of the Contract.

3. Special Arrangements. The conditions of 49 U.S.C. § 5333(b) do not apply to Contractors providing public transportation operations pursuant to 49 U.S.C. § 5310. FTA reserves the right to make case-by-case determinations of the applicability of 49 U.S.C. § 5333(b) for all transfers of funding authorized under title 23, United States Code (flex funds), and make other exceptions as it deems appropriate, and, in those instances, any special

Docusign Envelope ID: B42F1944-4EE0-80F3-8048-614462923249

arrangements required by FTA will be incorporated herein as required.

RESTRICTIONS ON LOBBYING

Conditions on use of funds.

(a) No appropriated funds may be expended by the recipient of a Federal contract, grant, loan, or cooperative agreement to pay any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any of the following covered Federal actions: the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(b) Each person who requests or receives from an agency a Federal contract, grant, loan, or cooperative agreement shall file with that agency a certification, that the person has not made, and will not make, any payment prohibited by paragraph (a) of this section.

(c) Each person who requests or receives from an agency a Federal contract, grant, loan, or a cooperative agreement shall file with that agency a disclosure form if such person has made or has agreed to make any payment using nonappropriated funds (to include profits from any covered Federal action), which would be prohibited under paragraph (a) of this section if paid for with appropriated funds.

(d) Each person who requests or receives from an agency a commitment providing for the United States to insure or guarantee a loan shall file with that agency a statement, whether that person has made or has agreed to make any payment to influence or attempt to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with that loan insurance or guarantee.

(e) Each person who requests or receives from an agency a commitment providing for the United States to insure or guarantee a loan shall file with that agency a disclosure form if that person has made or has agreed to make any payment to influence or attempt to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with that loan insurance or guarantee.

Certification and disclosure.

(a) Each person shall file a certification, and a disclosure form, if required, with each submission that initiates agency consideration of such person for:

(1) Award of a Federal contract, grant, or cooperative agreement exceeding $100,000; or

(2) An award of a Federal loan or a commitment providing for the United States to insure or guarantee a loan exceeding $150,000.

(b) Each person shall file a certification, and a disclosure form, if required, upon receipt by such person of:

Docusign Envelope ID: B42F1944-4EE0-80F3-8048-614462923249

(1) A Federal contract, grant, or cooperative agreement exceeding $100,000; or

(2) A Federal loan or a commitment providing for the United States to insure or guarantee a loan exceeding $150,000,

Unless such person previously filed a certification, and a disclosure form, if required, under paragraph (a) of this section.

(c) Each person shall file a disclosure form at the end of each calendar quarter in which there occurs any event that requires disclosure or that materially affects the accuracy of the information contained in any disclosure form previously filed by such person under paragraphs (a) or (b) of this section. An event that materially affects the accuracy of the information reported includes:

(1) A cumulative increase of $25,000 or more in the amount paid or expected to be paid for influencing or attempting to influence a covered Federal action; or

(2) A change in the person(s) or individual(s) influencing or attempting to influence a covered Federal action; or,

(3) A change in the officer(s), employee(s), or Member(s) contacted to influence or attempt to influence a covered Federal action.

(d) Any person who requests or receives from a person referred to in paragraphs (a) or (b) of this section:

(1) A subcontract exceeding $100,000 at any tier under a Federal contract;

(2) A subgrant, contract, or subcontract exceeding $100,000 at any tier under a Federal grant;

(3) A contract or subcontract exceeding $100,000 at any tier under a Federal loan exceeding $150,000; or,

(4) A contract or subcontract exceeding $100,000 at any tier under a Federal cooperative agreement,

Shall file a certification, and a disclosure form, if required, to the next tier above.

(e) All disclosure forms, but not certifications, shall be forwarded from tier to tier until received by the person referred to in paragraphs (a) or (b) of this section. That person shall forward all disclosure forms to the agency.

(f) Any certification or disclosure form filed under paragraph (e) of this section shall be treated as a material representation of fact upon which all receiving tiers shall rely. All liability arising from an erroneous representation shall be borne solely by the tier filing that representation and shall not be shared by any tier to which the erroneous representation is forwarded. Submitting an erroneous certification or disclosure constitutes a failure to file the required certification or disclosure, respectively. If a person fails to file a required certification or disclosure, the United States may pursue all available remedies, including those authorized by section 1352, title 31, U.S. Code.

(g) For awards and commitments in process prior to December 23, 1989, but not made before that date, certifications shall be required at award or commitment, covering activities occurring between December 23, 1989, and the date of award or commitment. However, for awards and commitments in process prior to the December 23, 1989 effective date of these provisions, but not made before December 23, 1989, disclosure forms shall not be required at time of award or commitment but shall be filed within 30 days.

Docusign Envelope ID: B42F1944-4EE0-80F3-8048-614462923249

(h) No reporting is required for an activity paid for with appropriated funds if that activity is allowable under either subpart B or C.

SAFE OPERATION OF MOTOR VEHICLES

Seat Belt Use
The Contractor is encouraged to adopt and promote on-the-job seat belt use policies and programs for its employees and other personnel that operate company-owned vehicles, company rented vehicles, or personally operated vehicles. The terms “company-owned” and “company-leased” refer to vehicles owned or leased either by the Contractor or Agency.

Distracted Driving
The Contractor agrees to adopt and enforce workplace safety policies to decrease crashes caused by distracted drivers, including policies to ban text messaging while using an electronic device supplied by an employer, and driving a vehicle the driver owns or rents, a vehicle Contactor owns, leases, or rents, or a privately-owned vehicle when on official business in connection with the work performed under this Contract.

SCHOOL BUS OPERATIONS

The contractor agrees to comply with 49 U.S.C. 5323(f), and 49 C.F.R. part 604, and not engage in school bus operations using federally funded equipment or facilities in competition with private operators of school buses, except as permitted under:

1. Federal transit laws, specifically 49 U.S.C. § 5323(f);
2. FTA regulations, “School Bus Operations,” 49 C.F.R. part 605;
3. Any other Federal School Bus regulations; or
4. Federal guidance, except as FTA determines otherwise in writing.

If Contractor violates this School Bus Agreement, FTA may:
1. Bar the Contractor from receiving Federal assistance for public transportation; or
2. Require the contractor to take such remedial measures as FTA considers appropriate.

When operating exclusive school bus service under an allowable exemption, the contractor may not use federally funded equipment, vehicles, or facilities.

The Contractor should include the substance of this clause in each subcontract or purchase under this contract that may operate public transportation services.

Docusign Envelope ID: B42F1944-4EE0-80F3-8048-614462923249

SEISMIC SAFETY

The contractor agrees that any new building or addition to an existing building will be designed and constructed in accordance with the standards for Seismic Safety required in Department of Transportation (DOT) Seismic Safety Regulations 49 C.F.R. part 41 and will certify to compliance to the extent required by the regulation. The contractor also agrees to ensure that all work performed under this contract, including work performed by a subcontractor, is in compliance with the standards required by the Seismic Safety regulations and the certification of compliance issued on the project.

SIMPLIFIED ACQUISITION THRESHOLD

Contracts for more than the simplified acquisition threshold, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. § 1908, or otherwise set by law, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate. (Note that the simplified acquisition threshold determines the procurement procedures that must be employed pursuant to 2 C.F.R. §§ 200.317–200.327. The simplified acquisition threshold does not exempt a procurement from other eligibility or processes requirements that may apply. For example, Buy America's eligibility and process requirements apply to any procurement in excess of $150,000. 49 U.S.C. § 5323(j)(13).

SOLID WASTES (RECOVERED MATERIALS)

A Recipient that is a state agency or agency of a political subdivision of a state and its contractors must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds $10,000 or the value of the quantity acquired during the preceding fiscal year exceeded $10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

SPECIAL NOTIFICATION REQUIREMENTS FOR STATES

Applies to States –

Docusign Envelope ID: B42F1944-4EE0-80F3-8048-614462923249

a. To the extent required under federal law, the State, as the Recipient, agrees to provide the following information about federal assistance awarded for its State Program, Project, or related activities:

   (1) The Identification of FTA as the federal agency providing the federal assistance for a State Program or Project;
   (2) The Catalog of Federal Domestic Assistance Number of the program from which the federal assistance for a State Program or Project is authorized; and
   (3) The amount of federal assistance FTA has provided for a State Program or Project.

b. Documents - The State agrees to provide the information required under this provision in the following documents:

   (1) applications for federal assistance,
   (2) requests for proposals or solicitations,
   (3) forms,
   (4) notifications,
   (5) press releases, and
   (6) other publications.

SUBSTANCE ABUSE REQUIREMENTS

The Contractor agrees to establish and implement a drug and alcohol testing program that complies with 49 C.F.R. part 655, produce any documentation necessary to establish its compliance with part 655, and permit any authorized representative of the United States Department of Transportation or its operating administrations, the State Oversight Agency, or Agency, to inspect the facilities and records associated with the implementation of the drug and alcohol testing program as required under 49 C.F.R. part 655 and review the testing process. The Contractor agrees further to certify annually its compliance with part 655 and to submit the Management Information System (MIS) reports to the Agency.

TERMINATION

Termination for Convenience (General Provision)

The Agency may terminate this contract, in whole or in part, at any time by written notice to the Contractor when it is in the Agency's best interest. The Contractor shall be paid its costs, including contract close-out costs, and profit on work performed up to the time of termination. The Contractor shall promptly submit its termination claim to Agency to be paid the Contractor. If the Contractor has any property in its possession belonging to Agency, the Contractor will account for the same, and dispose of it in the manner Agency directs.

Docusign Envelope ID: B42F1944-4EE0-80F3-8048-614462923249

Termination for Default [Breach or Cause] (General Provision)
If the Contractor does not deliver supplies in accordance with the contract delivery schedule, or if the contract is for services, the Contractor fails to perform in the manner called for in the contract, or if the Contractor fails to comply with any other provisions of the contract, the Agency may terminate this contract for default. Termination shall be effected by serving a Notice of Termination on the Contractor setting forth the manner in which the Contractor is in default. The Contractor will be paid only the contract price for supplies delivered and accepted, or services performed in accordance with the manner of performance set forth in the contract. If it is later determined by the Agency that the Contractor had an excusable reason for not performing, such as a strike, fire, or flood, events which are not the fault of or are beyond the control of the Contractor, the Agency, after setting up a new delivery of performance schedule, may allow the Contractor to continue work, or treat the termination as a Termination for Convenience.

Opportunity to Cure (General Provision)
The Agency, in its sole discretion may, in the case of a termination for breach or default, allow the Contractor [an appropriately short period of time] in which to cure the defect. In such case, the Notice of Termination will state the time period in which cure is permitted and other appropriate conditions.

If Contractor fails to remedy to Agency's satisfaction the breach or default of any of the terms, covenants, or conditions of this Contract within [10 days] after receipt by Contractor of written notice from Agency setting forth the nature of said breach or default, Agency shall have the right to terminate the contract without any further obligation to Contractor. Any such termination for default shall not in any way operate to preclude Agency from also pursuing all available remedies against Contractor and its sureties for said breach or default.

Waiver of Remedies for any Breach
In the event that Agency elects to waive its remedies for any breach by Contractor of any covenant, term or condition of this contract, such waiver by Agency shall not limit Agency’s remedies for any succeeding breach of that or of any other covenant, term, or condition of this contract.

Termination for Convenience (Professional or Transit Service Contracts)
The Agency, by written notice, may terminate this contract, in whole or in part, when it is in the Agency’s interest. If this contract is terminated, the Agency shall be liable only for payment under the payment provisions of this contract for services rendered before the effective date of termination.

Termination for Default (Supplies and Service)
If the Contractor fails to deliver supplies or to perform the services within the time specified in this contract or any extension, or if the Contractor fails to comply with any other provisions of this contract, the Agency may terminate this contract for default. The Agency shall terminate by

Docusign Envelope ID: B42F1944-4EE0-80F3-8048-614462923249

delivering to the Contractor a Notice of Termination specifying the nature of the default. The Contractor will only be paid the contract price for supplies delivered and accepted, or services performed in accordance with the manner or performance set forth in this contract.
If, after termination for failure to fulfill contract obligations, it is determined that the Contractor was not in default, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the Agency.

Termination for Default (Transportation Services)
If the Contractor fails to pick up the commodities or to perform the services, including delivery services, within the time specified in this contract or any extension, or if the Contractor fails to comply with any other provisions of this contract, the Agency may terminate this contract for default. The Agency shall terminate by delivering to the Contractor a Notice of Termination specifying the nature of default. The Contractor will only be paid the contract price for services performed in accordance with the manner of performance set forth in this contract.

If this contract is terminated while the Contractor has possession of Agency goods, the Contractor shall, upon direction of the Agency, protect and preserve the goods until surrendered to the Agency or its agent. The Contractor and Agency shall agree on payment for the preservation and protection of goods. Failure to agree on an amount will be resolved under the Dispute clause.

If, after termination for failure to fulfill contract obligations, it is determined that the Contractor was not in default, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the Agency.

Termination for Default (Construction)
If the Contractor refuses or fails to prosecute the work or any separable part, with the diligence that will ensure its completion within the time specified in this contract or any extension or fails to complete the work within this time, or if the Contractor fails to comply with any other provision of this contract, Agency may terminate this contract for default. The Agency shall terminate by delivering to the Contractor a Notice of Termination specifying the nature of the default. In this event, the Agency may take over the work and compete it by contract or otherwise, and may take possession of and use any materials, appliances, and plant on the work site necessary for completing the work. The Contractor and its sureties shall be liable for any damage to the Agency resulting from the Contractor's refusal or failure to complete the work within specified time, whether or not the Contractor's right to proceed with the work is terminated. This liability includes any increased costs incurred by the Agency in completing the work.

The Contractor's right to proceed shall not be terminated nor shall the Contractor be charged with damages under this clause if:

1. The delay in completing the work arises from unforeseeable causes beyond the control and without the fault or negligence of the Contractor. Examples of such causes include:

Docusign Envelope ID: B42F1944-4EE0-80F3-8048-614462923249

acts of God, acts of Agency, acts of another contractor in the performance of a contract with Agency, epidemics, quarantine restrictions, strikes, freight embargoes; and

2. The Contractor, within [10] days from the beginning of any delay, notifies Agency in writing of the causes of delay. If, in the judgment of Agency, the delay is excusable, the time for completing the work shall be extended. The judgment of Agency shall be final and conclusive for the parties, but subject to appeal under the Disputes clause(s) of this contract.
3. If, after termination of the Contractor's right to proceed, it is determined that the Contractor was not in default, or that the delay was excusable, the rights and obligations of the parties will be the same as if the termination had been issued for the convenience of Agency.

Termination for Convenience or Default (Architect and Engineering)

The Agency may terminate this contract in whole or in part, for the Agency's convenience or because of the failure of the Contractor to fulfill the contract obligations. The Agency shall terminate by delivering to the Contractor a Notice of Termination specifying the nature, extent, and effective date of the termination. Upon receipt of the notice, the Contractor shall (1) immediately discontinue all services affected (unless the notice directs otherwise), and (2) deliver to the Agency 's Contracting Officer all data, drawings, specifications, reports, estimates, summaries, and other information and materials accumulated in performing this contract, whether completed or in process. Agency has a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, all such data, drawings, specifications, reports, estimates, summaries, and other information and materials.

If the termination is for the convenience of the Agency, the Agency's Contracting Officer shall make an equitable adjustment in the contract price but shall allow no anticipated profit on unperformed services.

If the termination is for failure of the Contractor to fulfill the contract obligations, the Agency may complete the work by contact or otherwise and the Contractor shall be liable for any additional cost incurred by the Agency.

If, after termination for failure to fulfill contract obligations, it is determined that the Contractor was not in default, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of Agency.

Termination for Convenience or Default (Cost-Type Contracts)

The Agency may terminate this contract, or any portion of it, by serving a Notice of Termination on the Contractor. The notice shall state whether the termination is for convenience of Agency or for the default of the Contractor. If the termination is for default, the notice shall state the manner in which the Contractor has failed to perform the requirements of the contract. The Contractor shall account for any property in its possession paid for from funds received from the Agency, or property supplied to the Contractor by the Agency. If the termination is for default, the Agency may fix the fee, if the contract provides for a fee, to be paid the Contractor

Docusign Envelope ID: B42F1944-4EE0-80F3-8048-614462923249

in proportion to the value, if any, of work performed up to the time of termination. The Contractor shall promptly submit its termination claim to the Agency and the parties shall negotiate the termination settlement to be paid the Contractor.

If the termination is for the convenience of Agency, the Contractor shall be paid its contract close-out costs, and a fee, if the contract provided for payment of a fee, in proportion to the work performed up to the time of termination.

If, after serving a Notice of Termination for Default, the Agency determines that the Contractor has an excusable reason for not performing, the Agency, after setting up a new work schedule, may allow the Contractor to continue work, or treat the termination as a Termination for Convenience.

VETERANS HIRING PREFERENCE

Veterans Employment - Construction contracts of Federal financial assistance shall ensure that contractors working on a capital project funded using such assistance give a hiring preference, to the extent practicable, to veterans (as defined in section 2108 of title 5) who have the requisite skills and abilities to perform the construction work required under the contract. This subsection shall not be understood, construed or enforced in any manner that would require an employer to give a preference to any veteran over any equally qualified applicant who is a member of any racial or ethnic minority, female, an individual with a disability, or a former employee.

VIOLATION AND BREACH OF CONTRACT

Disputes:
Disputes arising in the performance of this Contract that are not resolved by agreement of the parties shall be decided in writing by the authorized representative of the agency. This decision shall be final and conclusive unless within [10] days from the date of receipt of its copy, the Contractor mails or otherwise furnishes a written appeal to the agencies authorized representative. In connection with any such appeal, the Contractor shall be afforded an opportunity to be heard and to offer evidence in support of its position. The decision of the agencies authorized representative shall be binding upon the Contractor and the Contractor shall abide be the decision.

Performance during Dispute:
Unless otherwise directed by the agencies authorized representative, contractor shall continue performance under this contract while matters in dispute are being resolved.

Claims for Damages:

Docusign Envelope ID: B42F1944-4EE0-80F3-8048-614462923249

Should either party to the contract suffer injury or damage to person or property because of any act or omission of the party or of any of his employees, agents or others for whose acts he is legally liable, a claim for damages therefore shall be made in writing to such other party within a reasonable time after the first observance of such injury or damage.

Remedies:
Unless this contract provides otherwise, all claims, counterclaims, disputes and other matters in question between the agencies authorized representative and contractor arising out of or relating to this agreement or its breach will be decided by arbitration if the parties mutually agree, or in a court of competent jurisdiction within the State in which the Agency is located.

Rights and Remedies:
Duties and obligations imposed by the contract documents and the rights and remedies available thereunder shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law. No action or failure to act by the Agency or contractor shall constitute a waiver of any right or duty afforded any of them under the contract, nor shall any such action or failure to act constitute an approval of or acquiescence in any breach thereunder, except as may be specifically agreed in writing.

Docusign Envelope ID: B42F1944-4EE0-80F3-8048-614462923249

OTHER RECOMMENDED CONTRACT REQUIREMENTS

CONFORMANCE WITH ITS NATIONAL ARCHITECTURE

Intelligent Transportation Systems (ITS) projects shall conform to the National ITS Architecture and standards pursuant to 23 CFR § 940. Conformance with the National ITS Architecture is interpreted to mean the use of the National ITS Architecture to develop a regional ITS architecture in support of integration and the subsequent adherence of all ITS projects to that regional ITS architecture. Development of the regional ITS architecture should be consistent with the transportation planning process for Statewide and Metropolitan Transportation Planning (49 CFR Part 613 and 621).

FEDERAL TAX LIABILITY AND RECENT FELONY CONVICTIONS

(1) The contractor certifies that it:
   (a) Does not have any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability; and
   (b) Was not convicted of the felony criminal violation under any Federal law within the preceding 24 months.

   If the contractor cannot so certify, the Recipient will refer the matter to FTA and not enter into any Third Party Agreement with the Third Party Participant without FTA's written approval.

(2) Flow-Down. The Recipient agrees to require the contractor to flow this requirement down to participants at all lower tiers, without regard to the value of any subagreement.

SEVERABILITY

The Contractor agrees that if any provision of this agreement or any amendment thereto is determined to be invalid, then the remaining provisions thereof that conform to federal laws, regulations, requirements, and guidance will continue in effect.

Docusign Envelope ID: B42F1944-4EE0-80F3-8048-614462923249

TRAFFICKING IN PERSONS

The contractor agrees that it and its employees that participate in the Recipient's Award, may not:

(a) Engage in severe forms of trafficking in persons during the period of time that the Recipient's Award is in effect;

(b) Procure a commercial sex act during the period of time that the Recipient's Award is in effect; or

(c) Use forced labor in the performance of the Recipient's Award or subagreements thereunder.

City Council Communication

Item ID: 2026-422

Title:	Dry Creek Greenway East Phase 2 - Grant Authorization
Contact:	Suzanne Engelke 916-746-1289 sengelke@roseville.ca.us

SUMMARY

Staff recommends adoption of a resolution authorizing the City Manager, or designee, to submit a grant application to the Sacramento Area Council of Governments 2026 Federal Funding Program under the Next Generation Solutions & Clean Air Program, and to execute all related grant documents and comply with timely project delivery requirements. The grant application would support the Dry Creek Greenway East Phase 2 multi-use bike trail project.

RECOMMENDATION

Staff recommends that the City Council adopt a resolution authorizing the City Manager, or his designee, to submit a Next Generation Solutions & Clean Air Program grant application for the Sacramento Area Council of Governments (SACOG) 2026 Federal Funding Program and to execute all grant documents and timely project delivery requirements.

BACKGROUND

The Sacramento Area Council of Governments (SACOG) has announced three 2026 Federal Funding Cycle Programs (Funding Programs): System Preservation Program, System Performance Program, and Next Generation Solutions & Clean Air Program. The three Funding Programs are open to sponsoring agencies within the six-county SACOG region. As part of the application process, a resolution is required authorizing City staff to submit applications on behalf of the City. The application process requires the City to identify priority projects for potential funding under the SACOG 2026 Federal Funding Programs. Staff has identified the Dry Creek Greenway East Phase 2 multi-use bike trail as a strong candidate for funding through the Next Generation Solutions & Clean Air Program.

Phase 2 of the Dry Creek Greenway East Multi-Use Trail would extend the existing trail from its current eastern terminus at Rocky Ridge Drive in Roseville to Old Auburn Road. Upon completion, the entire Dry Creek East trail would span approximately four miles and include an underpass beneath Interstate 80, reconnecting communities in Roseville that have long been separated. At its western end, the trail would connect to the existing nine-mile Miner's Ravine Trail, providing pedestrians and cyclists access to Amtrak's Capitol Corridor service at Roseville Station, as well as Roseville Transit's Downtown Transit Center and Downtown Roseville.

The Dry Creek Greenway East Phase 2 project is currently in the design phase. Using local funds, the City's consultant is updating the 95 percent plans, and right-of-way offers have been made. Design and right-of-way acquisition are anticipated to be completed in 2027. The project previously received a $6.063 million Active Transportation Program Cycle 6 grant and $10,000 in early Congestion Mitigation and Air Quality Improvement (CMAQ) funds to help construct this project. Through this application, the City will seek $6,378,715 in additional funding. If awarded, the grant, combined with the required local

transportation fund match, would fully fund the construction phase of the project.

FISCAL IMPACT

The total estimated cost of the Dry Creek Greenway East Phase 2 project is $17.8 million. If the City is awarded the requested $6,378,715 through the Next Generation Solutions & Clean Air Program, the project's construction phase would be fully funded through a combination of grant funding and local transportation funds.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. The Dry Creek East Phase 2 grant application meets the above criteria and is not subject to CEQA. No additional environmental review is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

1. Ensure a safe and healthy community
2. Remain fiscally responsible in a changing world
4. Invest in well-planned infrastructure and growth

DRY CREEK GREENWAY EAST PHASE 2 TRAIL

Description

The City of Roseville is in the final design phase of the Dry Creek Greenway East Phase 2 trail project, a proposed Class I paved multi-use trail along Linda Creek. The first phase of this project, between Darling Way and Rocky Ridge Drive, opened on May 9, 2026. This second phase begins at Rocky Ridge Drive and extends eastwards, approximately 1.2 miles, to Old Auburn Road.

RESOLUTION NO. 26-175

A RESOLUTION OF THE CITY OF ROSEVILLE AUTHORIZING APPLICATIONS FOR GRANT FUNDING FROM THE SACRAMENTO AREA COUNCIL OF GOVERNMENTS (SACOG) 2026 FEDERAL FUNDING PROGRAMS; AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE TO SUBMIT CITY OF ROSEVILLE SACOG 2026 FEDERAL FUNDING PROGRAM APPLICATION PRIORITIES; AND AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE TO EXECUTE ALL GRANT DOCUMENTS AND TIMELY PROJECT DELIVERY REQUIREMENTS

WHEREAS, the Sacramento Area Council of Governments (SACOG) has announced three 2026 Federal Funding Cycle Programs (Funding Programs), which are open to sponsoring agencies within the six-county SACOG region: System Preservation Program, System Performance Program, and Next Generation Solutions & Clean Air Program; and

WHEREAS, the Next Generation Solutions & Clean Air Program supports projects that reduce emissions and improve air quality—such as high-capacity transit, zero-emission improvements, and programs that encourage carpooling, transit use, and other clean transportation options; and vehicles and charging infrastructure, bikeways and trails, Complete Streets, traffic flow; and

WHEREAS, eligible projects for Funding Programs must be listed in the 2025 Blueprint or fit within 2025 Blueprint lump-sum project categories including but not limited to road maintenance and reconstruction, transit vehicle replacements, operational improvements, Intelligent Transportation Systems, and bicycle and pedestrian investments; and

WHEREAS, SACOG limits Funding Programs grant applications to no more than three applications per sponsoring agency for any one of the three different Funding Programs to SACOG, up to a maximum of nine total applications per sponsoring agency; and

WHEREAS, applicants shall affirm their commitment to delivering projects in accordance with the requirements of Surface Transportation Block Grant (STBG) Program and Congestion Mitigation & Air Quality (CMAQ) Improvement Program, as applicable; and

WHEREAS, grant proposals for construction work shall obligate Funding Program dollars for construction activities no later than the end of federal fiscal year 2028-29; and

WHEREAS, SACOG will not provide additional federal or state funding in the event that cost overruns are identified; and

WHEREAS, project sponsors shall commit to providing local matching dollars, typically 11.47% of the total project cost; and

WHEREAS, SACOG requires that if awarded federal funds by the SACOG Board, City of Roseville staff responsible for project delivery must attend quarterly project delivery meetings with SACOG staff to receive assistance until project closeout.

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Roseville as follows:

SECTION 1. City Manager or his designee is authorized to execute all documents necessary to committing City of Roseville to federal, state and regional funding and project delivery requirements, including but not limited to abiding by Funding Program guidelines.

SECTION 2. Acknowledges that in the event of receiving an award by the SACOG Board of Funding Program dollars, that City of Roseville will be required to abide by multiple timely use of funding requirements described in Funding Program guidelines and SACOG's Regional Delivery Policies, including but not limited to, obligating federal funding no later than the end of federal fiscal year 2028-2029 for construction activities, committing to securing required local match dollars, acknowledge that SACOG does not cover cost overruns, and commits staff to attend delivery meetings until project closeout.

SECTION 3. City Manager or his designee is directed to submit the following applications for 2026 Six-County Federal Funding Cycle Program:

- Dry Creek Greenway Multi-Use Trail, Phase 2 - In Roseville, along Linda Creek: Construct Class I bike trail from Rocky Ridge Drive to Old Auburn Way, a distance of approximately 1.4 miles.

File #: 0203-01 & 0203-04
Item ID: 2026-333

Title:	Disposal and Auction Services - Contract Purchase Agreement
Contact:	Tiffany Valdez 916-746-1109 tvaldez@roseville.ca.us

SUMMARY

Staff recommends approval of a contract purchase agreement with J.J. Kane Associates, Inc., dba JJ Kane Auctions, on an as-needed basis utilizing Sourcewell Contract #111424-JJK. The Fleet and Purchasing/Central Stores Divisions require auction services to liquidate retired vehicles, equipment and other surplus goods that are no longer required by the City. This is a revenue-generating agreement, with the service costs paid by successful bidders. Revenue generated from the agreement is estimated at approximately $500,000 annually. Staff also requests authorization to renew the agreement three times without further City Council approval, contingent upon staff's determination that continued use of the service is in the City's best interest.

RECOMMENDATION

Staff recommends that the City Council adopt a resolution approving Contract Purchase Agreement (3005317) with J.J. Kane Associates, Inc., dba JJ Kane Auctions, for disposal and auction services for surplus vehicles, equipment, parts, and other items, and authorize the City Manager to execute the agreement on behalf of the City of Roseville.

Staff also requests authorization for the City Manager or designee to execute up to three additional one-year extensions, utilizing the same Sourcewell contract without further City Council approval, provided that the applicable budget is approved by the City Council, or until staff determines that continuing with this consultant is not in the best interest of the City.

BACKGROUND

The Fleet and Purchasing/Central Stores Divisions require services to liquidate retired vehicles, equipment, and other surplus items no longer required by the City. The City will piggyback on Sourcewell Contract #111424-JJK. The term of the Sourcewell contract is scheduled to expire on January 27, 2029, and may be extended by up to three additional one-year terms.

FISCAL IMPACT

Revenue generated from the sale of surplus fleet assets will be returned to the Fleet Replacement Fund, Electric Fund, or Transit/Transportation Funds, as certain vehicles are funded directly by those programs rather than through the Fleet Replacement Internal Service Fund. Revenue generated from the sale of other surplus items will be returned to the fund that originally funded the asset.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) only applies to projects which have the potential to cause a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not

subject to CEQA. (CEQA Guidelines §15061(b)(3)).

Contract Terms and Conditions

1. To the fullest extent allowed by law, Contractor shall defend, indemnify, and save and hold harmless City, its officers, agents, employees and volunteers from any claims, suits or actions of every name, kind and description brought forth, or on account of, injuries to or death of any person (including but not limited to workers and the public), or damage to property, resulting from or arising out of Contractor's willful misconduct or negligent act or omission while engaged in the performance of obligations or exercise of rights created by this Agreement, except those matters arising from City's sole negligence or willful misconduct. The parties intend that this provision shall be broadly construed. Contractor's responsibility for such defense and indemnity obligations shall survive the termination or completion of this Agreement for the full period of time allowed by law. The defense and indemnity obligations of this Agreement are undertaken in addition to, and shall not in any way be limited by, the insurance obligations contained in this Agreement.
2. Contractor is an independent contractor, and shall not be considered an officer, agent or employee of the City.
3. Without the written consent of the City, this Agreement is not assignable by Contractor either in whole or in part.
4. Time is of the essence of this Agreement.
5. At any time during the term of this Agreement, the City has the right to terminate this Agreement, provided Contractor is given thirty (30) days written notice. City's termination shall be without further liability to City; however, Contractor shall be entitled to all costs reasonably incurred prior to the date of termination. Contractor acknowledges that City may terminate this Agreement should funds not be appropriated by its governing body to continue services under this Agreement.
6. This Agreement may only be amended or modified in writing. It is integrated and contains the complete understanding of the parties.
7. All equipment, supplies and services sold to the City of Roseville shall conform to the general safety orders of the State of California.
8. Unless notified to the contrary, in writing, the City assumes that the Contractor has accepted the work in accordance with the plans and specifications (if any) and agrees to do the work in compliance with this Agreement.
9. All fair employment practices must be adhered to. In addition, if the project referenced on this service agreement is a Public Works project, all prevailing wage laws must be complied with. For prevailing wage contracts over $25,000, copies of certified payroll must be submitted with invoices. Prevailing wage rates may be obtained from the State Department of Industrial Relations and/or the following website address: http://www.dir.ca.gov/dlsr/DPreWageDetermination.htm. In compliance with Labor Code Section 1773.2, as may be amended from time to time, Contractor shall cause a copy of this website to be posted at each jobsite, as applicable.
10. Contractor agrees to the below insurance requirements:
    a. Unless otherwise specified, the Contractor shall maintain the policies of insurance outlined in Attachment A, incorporated herein by this reference, in full force and effect during the term of this Agreement. The City of Roseville retains sole discretion in determining the types and proper levels of insurance coverage.
    b. Form. Contractor shall submit a certificate evidencing such coverage for the period covered by this Agreement in a form satisfactory to Risk Management and the City Attorney, prior to undertaking any work hereunder. Any insurance written on a claims made basis is subject to the approval of Risk Management

Docusign Envelope ID: C0F6BE15-246D-8F4F-8005-E48ABD5F269C

and the City Attorney.

c. Additional Insureds. Contractor shall also provide a separate endorsement or section of the policy showing City, its officers, agents, employees, and volunteers as additional insureds for each type of coverage, except for Workers' Compensation. Such insurance shall specifically cover the contractual liability of Contractor. The additional insured coverage under the Contractor's policy shall be primary and noncontributory, as evidenced by a separate endorsement or section of the policy, and shall not seek contribution from City's insurance or self-insurance. In addition, the additional insured coverage shall be at least as broad as the Insurance Services Office (ISO) CG 20 01 Endorsement. Any available insurance proceeds in excess of the specified minimum insurance coverage requirements and limits shall be available to the additional insureds. Furthermore, the requirements for coverage and limits shall be:
(1) the minimum coverage and limits specified in this Agreement; or
(2) the full coverage and maximum limits of any insurance proceeds available to the named insureds, whichever is greater.

d. Cancellation/Modification. Contractor shall provide thirty (30) days written notice to City prior to cancellation or modification of any insurance required by this Agreement.

e. Umbrella/Excess Insurance. The limits of insurance required in this Agreement may be satisfied by a combination of primary and excess insurance. Any excess insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and noncontributory basis for the benefit of City (if agreed to in a written contract) before City's own insurance shall be called upon to protect it as a named insured.

f. Subcontractors. Contractor agrees to include in its contracts with all subcontractors the same requirements and provisions of this Agreement, including the indemnity and insurance requirements, to the extent they apply to the scope of the subcontractor's work. Furthermore, Contractor shall require its subcontractors to agree to be bound to Contractor and City in the same manner and to the same extent as Contractor is bound to City under this Agreement. Additionally, Contractor shall obligate its subcontractors to comply with these same provisions with respect to any tertiary subcontractor, regardless of tier. A copy of City's indemnity and insurance provisions will be furnished to the subcontractor or tertiary subcontractor upon request.

g. Self-Insured Retentions. All self-insured retentions (SIR) must be disclosed to Risk Management for approval and shall not reduce the limits of liability. Policies containing any SIR provision shall provide or be endorsed to provide that the SIR may be satisfied by either the named insured or City. City reserves the right to obtain a full certified copy of any insurance policy and endorsements. The failure to exercise this right shall not constitute a waiver of such right.

h. Waiver of Subrogation. Contractor hereby agrees to waive subrogation which any insurer of Contractor may acquire from Contractor by virtue of the payment of any loss under a Workers Compensation, Commercial General Liability or Automobile Liability policy. All Workers Compensation, Commercial General Liability and Automobile Liability policies shall be endorsed with a waiver of subrogation in favor of City, its officers, agents, employees and volunteers for all work performed by Contractor, its employees, agents and subcontractors.

i. Liability/Remedies. Insurance coverage in the minimum amounts set forth herein shall not be construed to relieve Contractor of liability in excess of such coverage, nor shall it preclude City from taking such other actions as are available to it under any other provisions of this Agreement or law.

11. Contractor shall comply with all federal, state, and local laws and ordinances, including

Docusign Envelope ID: C0F6BE15-246D-8F4F-8005-E48ABD5F269C

but not limited to the City's storm water regulations, as may be applicable to the performance of services under this Agreement. Failure to comply with local ordinances may result in monetary fines and cancellation of this Agreement. Refer to www.roseville.ca.us/stormwater for links to more information on the City's storm water regulations.

12. In the event that the terms of any attachment or exhibit conflict with any terms of this Agreement, the terms of this Agreement shall control.
13. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. In the event that any signature is delivered by facsimile transmission or by e-mail delivery of a ".pdf" format data file, such signature shall create a valid and binding obligation of the party executing (or on whose behalf such signature is executed) with the same force and effect as if such facsimile or ".pdf" signature page were an original hereof.
14. If either party commences any legal action against the other party arising out of this Agreement or the performance thereof, the prevailing party in such action shall be entitled to recover its reasonable litigation expenses, including but not limited to, court costs, expert witness fees, discovery expenses, and attorneys' fees. Any action arising out of this Agreement shall be brought in Placer County, California, regardless of where else venue may lie. This Agreement shall be governed by and construed in accordance with the laws of the State of California.
15. This Agreement shall be binding upon the heirs, successors, executors, administrators and assigns of the respective parties hereto.
16. If any of the provisions contained in this Agreement are for any reason held invalid or unenforceable, such holding shall not affect the remaining provisions or the validity and enforceability of the Agreement as a whole.
17. For purposes of this Agreement, the terms "Contractor," "Consultant," and "Supplier" are used interchangeably.
18. If the project referenced on this agreement is a Public Works project, then the following shall apply: No contractor or subcontractor may work on a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. During the performance of this agreement, Contractor and its subcontractors shall have a continuing legal obligation to maintain current registration with the Department of Industrial Relations. Contractor is hereby notified that this project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.
19. Contractor/consultant's duties and services under this agreement shall not include preparing or assisting the public entity with any portion of the public entity's preparation of a request for proposals, request for qualifications, or any other solicitation regarding a subsequent or additional contract with the public entity. The public entity entering this agreement shall at all times retain responsibility for public contracting, including with respect to any subsequent phase of this project. Contractor/consultant's participation in the planning, discussions, or drawing of project plans or specifications, if any, shall be limited to conceptual, preliminary, or initial plans or specifications. Contractor/consultant shall cooperate with the public entity to ensure that all bidders for a subsequent contract on any subsequent phase of this project have access to the same information, including all conceptual, preliminary, or initial plans or specifications prepared by contractor pursuant to this agreement.
20. If the project referenced on this agreement is a Public Works project, then the following shall apply: Contractor must submit all claims as defined in and in accordance with the claim resolution process set forth in Section 9204 of the Public Contract Code. Each such claim must be sent to the City by registered mail or certified mail with return receipt requested and must contain reasonable documentation to support the claim. All claims must be received prior to acceptance of the work.
21. Contractor certifies that Contractor, its employees, directors, officers, agents,

Docusign Envelope ID: C0F6BE15-246D-8F4F-8005-E48ABD5F269C

subcontractors, vendors, and volunteers are not presently debarred, excluded, suspended, declared ineligible, voluntarily excluded, or proposed for debarment, exclusion, suspension, or ineligibility by any federal, state, or local department or agency.

22. The Levine Act (Govt. Code, Section 84308) requires a Party (and its agent(s), if any) to a Proceeding before the City of Roseville that involves any action or consideration related to their contract, license, permit, or other entitlement for use, to disclose any campaign contributions made to City elected or appointed officers totaling more than $500 within the twelve (12) months prior to the City decision and while a proceeding is pending, and includes certain prohibitions on contribution activity thereafter. If applicable campaign contributions have been made by Contractor and/or its agent(s), Contractor is responsible for compliance, including for its disclosure obligations, if any, as further described at: https://www.roseville.ca.us/government/departments/city_clerk/transparency/levine_act.

23. This Agreement may be amended via change order, but only if such change order is made in writing, approved by the City, and signed by both parties.

24. CONTRACTOR agrees to defend and indemnify CITY if, despite the parties intent and practice, any venue, agency, or court with competent jurisdiction determines that CONTRACTOR and/or any of its agents, officers, employees, volunteers, independent contractors, or subcontractors, are characterized as employee(s) of CITY.

    CONTRACTOR and CITY agree that: (a) CONTRACTOR is free from the control and direction of CITY in connection with the performance of the work; (b) CONTRACTOR is providing services directly to CITY; (c) CONTRACTOR has and will maintain at all relevant times a business license; (d) CONTRACTOR maintains a business location that is separate from CITY; (e) CONTRACTOR is customarily engaged in an independently established business of the same nature as that involved in the work performed hereunder; (f) CONTRACTOR actually contracts with other businesses to provide the same or similar services and maintains a clientele without restrictions from CITY; (g) CONTRACTOR advertises and holds itself out to the public as available to provide the same or similar services; (h) CONTRACTOR provides its own tools, vehicles, and equipment to perform the services; (i) CONTRACTOR has negotiated its own rates; (j) CONTRACTOR set its own hours and location of work in accomplishing CITY's on-call needs; and (k) CONTRACTOR has the right to control the manner and means of accomplishing the result desired and exercises its own expert independent judgement.

25. If Contractor produces any "web content" pursuant to this Agreement, as that term is defined in section 35.104 of Title 28 of the Code of Federal Regulations, as may be amended, Contractor shall ensure that any such web content is in full compliance with all applicable requirements of the most current version of the Web Content Accessibility Guidelines, the Americans with Disabilities Act, Code of Federal Regulations and/or California law. Contractor shall defend, indemnify, and hold harmless City, its officers, employees, and agents from and against any and all claims, liabilities, damages, or expenses arising out of Contractor's failure to comply with such requirements. This provision shall survive expiration and/or termination of this Agreement.

The supplier named hereon by the acceptance of this order agrees to the provisions of this document titled "Contract Purchase Agreement" and all accompanying terms, conditions, and attachments.

Title:	2090 Hilltop Backup Generator Replacement (RFQ 10-3444) – Contract Purchase Agreement
Contact:	Tiffany Valdez 916-746-1109 tvaldez@roseville.ca.us

SUMMARY

Staff recommends approval of a contract purchase agreement with Elite Power, Inc. as the lowest responsive and responsible bidder for Request for Quotations No.10-3444 2090 Hilltop Backup Generator Replacement. The cost of the Agreement is $107,908. Additionally, adopt a resolution authorizing the City Manager to sign the contract purchase agreement and authorizing the Public Works Director or designee to approve change order requests for this project up to 10% ($10,790) as a construction contingency, for a grand total of $118,698. Funding is included in the Electric Fund budget.

RECOMMENDATION

Staff recommends that the City Council adopt a resolution approving Contract Purchase Agreement (3005333) with Elite Power, Inc. as the lowest responsive and responsible bidder for Request for Quotations No. 10-3444 2090 for the Hilltop Backup Generator Replacement and authorize the City Manager to execute it on behalf of the City of Roseville.

Staff also recommends City Council authorize the City Manager or his designee to approve change orders, consistent with the contract terms, provided that the net cost of all change orders shall not exceed ten percent (10%) of the contract price.

BACKGROUND

The Public Works Department is proposing the installation of a replacement backup generator system that serves the Roseville Electric Service Center, including the 24-hour Dispatch Center located at 2090 Hilltop Circle. The Dispatch Center performs critical functions such as system monitoring, outage coordination, and real-time operational response, and therefore requires uninterrupted electrical service. Operational standards limit the allowable loss of utility power to no more than two hours within any 24-hour period, making reliable emergency power essential to maintaining safe and continuous electric system operations. Replacement of the existing generator system is necessary to ensure continued compliance with safety and permitting standards and to support the City's ability to maintain uninterrupted essential services during utility outages.

A formal bid was issued with the following vendor response:

Bidder	**Total Price**
Elite Power, Inc. Sacramento, CA	**$107,908**

FISCAL IMPACT

The cost of the Agreement is $107,908. Authorized change orders on an as-needed basis up to 10% ($10,790) as a construction contingency, would bring the total contract amount to $118,698. Funding is included in the Electric Fund budget.

ENVIRONMENTAL REVIEW

The proposed project involves the minor alteration of an existing facility. This activity is categorically exempt from CEQA as a Class 1 Exemption (State CEQA Guidelines Section 15301). The Exemption has been prepared and no further CEQA action is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

1. Ensure a safe and healthy community
6. Deliver exceptional City services

Respectfully Submitted,
Tiffany Valdez, Buyer

Scott Pettingell, Finance Director

Contract Terms and Conditions

1. To the fullest extent allowed by law, Contractor shall defend, indemnify, and save and hold harmless the City, its officers, agents, employees and volunteers from any claims, suits or actions of every name, kind and description brought forth, or on account of, injuries to or death of any person (including but not limited to workers and the public), or damage to property, resulting from or arising out of Contractor's willful misconduct or negligent act or omission while engaged in the performance of obligations or exercise of rights created by this Agreement, except those matters arising from City's sole or active negligence or willful misconduct. The parties intend that this provision shall be broadly construed. Contractor's responsibility for such defense and indemnity obligations shall survive the termination or completion of this Agreement for the full period of time allowed by law. The defense and indemnity obligations of this Agreement are undertaken in addition to, and shall not in any way be limited by, the insurance obligations contained in this Agreement.
2. Contractor is an independent contractor, and shall not be considered an officer, agent, or employee of the City.
3. Without the written consent of the City, this Agreement is not assignable by Contractor either in whole or in part.
4. Time is of the essence of this Agreement.
5. At any time during the term of this Agreement, the City has the right to terminate this Agreement, provided Contractor is given thirty (30) days written notice. City's termination shall be without further liability to City; however, Contractor shall be entitled to all costs reasonably incurred prior to the date of termination. Contractor acknowledges that City may terminate this Agreement should funds not be appropriated by its governing body to continue services under this Agreement.
6. This Agreement may only be amended or modified in writing. It is integrated and contains the complete understanding of the parties.
7. All equipment, supplies and services sold to the City of Roseville shall conform to the general safety orders of the State of California.
8. Unless notified to the contrary, in writing, the City assumes that the Contractor has accepted the work in accordance with the plans and specifications (if any) and agrees to do the work in compliance with this Agreement.
9. All prevailing wages and fair employment practices must be adhered to. For prevailing wage contracts over $25,000, copies of certified payroll must be submitted with invoices. Prevailing wage rates may be obtained from the State Department of Industrial Relations and/or the following website address: http://www.dir.ca.gov/dlsr/DPreWageDetermination.htm. In compliance with Labor Code Section 1773.2, as may be amended from time to time, Contractor shall cause a copy of this website to be posted at each jobsite, as applicable.
10. Contractor agrees to the below insurance requirements:
    a. Unless otherwise specified, the Contractor shall maintain the policies of insurance outlined in Attachment A, incorporated herein by this reference, in full force and effect during the term of this Agreement. The City of Roseville retains sole discretion in determining the types and proper levels of insurance coverage.
    b. Form. Contractor shall submit a certificate evidencing such coverage for the period covered by this Agreement in a form satisfactory to Risk Management and the City Attorney, prior to undertaking any work hereunder. Any insurance written on a claims made basis is subject to the approval of Risk Management

and the City Attorney.

c. Additional Insureds. Contractor shall also provide a separate endorsement or section of the policy showing City, its officers, agents, employees, and volunteers as additional insureds for each type of coverage (except Workers' Compensation) and for ongoing and completed operations. Such insurance shall specifically cover the contractual liability of Contractor. The additional insured coverage under the Contractor's policy shall be primary and noncontributory, as evidenced by a separate endorsement or section of the policy, and shall not seek contribution from City's insurance or self-insurance. In addition, the additional insured coverage shall be at least as broad as the Insurance Services Office (ISO) CG 20 01 Endorsement. Any available insurance proceeds in excess of the specified minimum insurance coverage requirements and limits shall be available to the additional insureds. Furthermore, the requirements for coverage and limits shall be:

(1) the minimum coverage and limits specified in this Agreement; or
(2) the full coverage and maximum limits of any insurance proceeds available to the named insureds, whichever is greater.

d. Cancellation/Modification. Contractor shall provide thirty (30) days written notice to City prior to cancellation or modification of any insurance required by this Agreement.

e. Umbrella/Excess Insurance. The limits of insurance required in this Agreement may be satisfied by a combination of primary and excess insurance. Any excess insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and noncontributory basis for the benefit of City (if agreed to in a written contract) before City's own insurance shall be called upon to protect it as a named insured.

f. Subcontractors. Contractor agrees to include in its contracts with all subcontractors the same requirements and provisions of this Agreement, including the indemnity and insurance requirements, to the extent they apply to the scope of the subcontractor's work. Furthermore, Contractor shall require its subcontractors to agree to be bound to Contractor and City in the same manner and to the same extent as Contractor is bound to City under this Agreement. Additionally, Contractor shall obligate its subcontractors to comply with these same provisions with respect to any tertiary subcontractor, regardless of tier. A copy of City's indemnity and insurance provisions will be furnished to the subcontractor or tertiary subcontractor upon request.

g. Self-Insured Retentions. All self-insured retentions (SIR) must be disclosed to Risk Management for approval and shall not reduce the limits of liability. Policies containing any SIR provision shall provide or be endorsed to provide that the SIR may be satisfied by either the named insured or City. City reserves the right to obtain a full certified copy of any insurance policy and endorsements. The failure to exercise this right shall not constitute a waiver of such right.

h. Waiver of Subrogation. Contractor hereby agrees to waive subrogation which any insurer of Contractor may acquire from Contractor by virtue of the payment of any loss under a Workers Compensation, Commercial General Liability or Automobile Liability policy. All Workers Compensation, Commercial General Liability and Automobile Liability policies shall be endorsed with a waiver of subrogation in favor of City, its officers, agents, employees and volunteers for all work performed by Contractor, its employees, agents and subcontractors.

i. Liability/Remedies. Insurance coverage in the minimum amounts set forth herein shall not be construed to relieve Contractor of liability in excess of such coverage, nor shall it preclude City from taking such other actions as are available to it under any other provisions of this Agreement or law.

11. Contractor shall comply with all federal, state and local laws and ordinances, including but not limited to the City's storm water regulations, as may be applicable to the performance of services under this Agreement. Failure to comply with local ordinances may result in monetary fines and cancellation of this Agreement. Refer to www.roseville.ca.us/stormwater for links to more information on the City's storm water regulations.
12. In the event that the terms of any attachment or exhibit conflict with any terms of this Agreement, the terms of this Agreement shall control.
13. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. In the event that any signature is delivered by facsimile transmission or by e-mail delivery of a ".pdf" format data file, such signature shall create a valid and binding obligation of the party executing (or on whose behalf such signature is executed) with the same force and effect as if such facsimile or ".pdf" signature page were an original thereof.
14. If either party commences any legal action against the other party arising out of this Agreement or the performance thereof, the prevailing party in such action shall be entitled to recover its reasonable litigation expenses, including but not limited to, court costs, expert witness fees, discovery expenses, and attorneys' fees. Any action arising out of this Agreement shall be brought in Placer County, California, regardless of where else venue may lie. This Agreement shall be governed by and construed in accordance with the laws of the State of California.
15. This Agreement shall be binding upon the heirs, successors, executors, administrators and assigns of the respective parties hereto.
16. If any of the provisions contained in this Agreement are for any reason held invalid or unenforceable, such holding shall not affect the remaining provisions or the validity and enforceability of the Agreement as a whole.
17. For purposes of this Agreement, the terms "Contractor," "Consultant," and "Supplier" are used interchangeably.
18. No contractor or subcontractor may work on a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. During the performance of this agreement, Contractor and its subcontractors shall have a continuing legal obligation to maintain current registration with the Department of Industrial Relations. Contractor is hereby notified that this project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.
19. Contractor/consultant's duties and services under this agreement shall not include preparing or assisting the public entity with any portion of the public entity's preparation of a request for proposals, request for qualifications, or any other solicitation regarding a subsequent or additional contract with the public entity. The public entity entering this agreement shall at all times retain responsibility for public contracting, including with respect to any subsequent phase of this project. Contractor/consultant's participation in the planning, discussions, or drawing of project plans or specifications, if any, shall be limited to conceptual, preliminary, or initial plans or specifications. Contractor/consultant shall cooperate with the public entity to ensure that all bidders for a subsequent contract on any subsequent phase of this project have access to the same information, including all conceptual, preliminary, or initial plans or specifications prepared by contractor pursuant to this agreement.
20. Contractor must submit all claims as defined in and in accordance with the claim resolution process set forth in Section 9204 of the Public Contract Code. Each such claim must be sent to the City by registered mail or certified mail with return receipt requested and must contain reasonable documentation to support the claim. All claims must be received prior to acceptance of the work.
21. Contractor certifies that Contractor, its employees, directors, officers, agents, subcontractors, vendors, and volunteers are not presently debarred, excluded, suspended,

declared ineligible, voluntarily excluded, or proposed for debarment, exclusion, suspension, or ineligibility by any federal, state, or local department or agency.

22. The Levine Act (Govt. Code, Section 84308) requires a Party (and its agent(s), if any) to a Proceeding before the City of Roseville that involves any action or consideration related to their contract, license, permit, or other entitlement for use, to disclose any campaign contributions made to City elected or appointed officers totaling more than $500 within the twelve (12) months prior to the City decision and while a proceeding is pending, and includes certain prohibitions on contribution activity thereafter. If applicable campaign contributions have been made by Contractor and/or its agent(s), Contractor is responsible for compliance, including for its disclosure obligations, if any, as further described at: https://www.roseville.ca.us/government/departments/city_clerk/transparency/levine_act.
23. This Agreement may be amended via change order, but only if such change order is made in writing, approved by the City, and signed by both parties.
24. CONTRACTOR agrees to defend and indemnify CITY if, despite the parties intent and practice, any venue, agency, or court with competent jurisdiction determines that CONTRACTOR and/or any of its agents, officers, employees, volunteers, independent contractors, or subcontractors, are characterized as employee(s) of CITY.

    CONTRACTOR and CITY agree that: (a) CONTRACTOR is free from the control and direction of CITY in connection with the performance of the work; (b) CONTRACTOR is providing services directly to CITY; (c) CONTRACTOR has and will maintain at all relevant times a business license; (d) CONTRACTOR maintains a business location that is separate from CITY; (e) CONTRACTOR is customarily engaged in an independently established business of the same nature as that involved in the work performed hereunder; (f) CONTRACTOR actually contracts with other businesses to provide the same or similar services and maintains a clientele without restrictions from CITY; (g) CONTRACTOR advertises and holds itself out to the public as available to provide the same or similar services; (h) CONTRACTOR provides its own tools, vehicles, and equipment to perform the services; (i) CONTRACTOR has negotiated its own rates; (j) CONTRACTOR set its own hours and location of work in accomplishing CITY's on-call needs; and (k) CONTRACTOR has the right to control the manner and means of accomplishing the result desired and exercises its own expert independent judgement.

The supplier named hereon by the acceptance of this order agrees to the provisions of this document titled "Contract Purchase Agreement" and all accompanying terms, conditions, and attachments.

Insurance Submission Process

The City of Roseville Human Resources/Risk Management Department uses a service called EBIX to manage our insurance certificate tracking.

How It Works

- The vendor's contact information is entered into EBIX. EBIX will contact the vendor to request proof of insurance.
- The Vendor can forward the request to their Insurance Agent(s) if necessary.
- Vendor/Insurance Agent submits insurance to EBIX by email to roseville@ebix.com or by fax to (770) 325-5727. After faxing or emailing the certificate, please DO NOT send the certificate by mail to EBIX. Please do not mail, email or fax any certificates to the City of Roseville.
- Once submitted, EBIX reviews the insurance documentation. If there are deficiencies, EBIX will send a follow up letter or email requesting additional information.

Questions Regarding Insurance Submission: Contact EBIX at (951) 652-4239
Questions Regarding Insurance Requirements Contact Risk Management at (916) 774-5202

Asbestos-Containing Materials in City-Owned Buildings

California Health and Safety Code Section 25915 requires that all City of Roseville employees, contractors and lessees be notified annually of the presence of asbestos in City-owned buildings constructed prior to 1979. Please post this notice in an area(s) accessible to all employees, contractors and lessees. Contact Facility Maintenance & Operations at (916) 774-5740 for more information about Asbestos Containing Materials (ACMs) in specific City-owned buildings. For more information about asbestos refer to the OSHA website.
The City of Roseville is committed to maintaining a safe and healthy work environment. The City's Facility Maintenance & Operations staff conducts ongoing inspections to identify and safely manage previously installed asbestos-containing products. Renovation of City-owned buildings **MUST** be reviewed in advance by Facility Maintenance & Operations to ensure the City is in compliance with building codes, Americans with Disabilities Act and that no ACMs are disturbed without proper safeguards. Work that requires removal or repair of ACMs is restricted to trained and qualified persons only. **Facility Maintenance & Operations will need to approve the qualified contractors**.

Use the following measures to protect you and others from exposure to airborne asbestos:

- Presume all building materials contain asbestos until determined otherwise by Facility Maintenance & Operations.
- Do not install walls, closets, cabinets, ceilings.
- Do not remove, cut, drill, sand, grind or otherwise disturb any material in the buildings, including carpet and tile.
- Do not paint (this includes any walls, ceilings, floors and electrostatic painting of office furniture).
- Do not remove any items nailed or screwed to the walls (this includes pictures, cabinets, electrical, etc.).
- Do not go above ceilings, behind walls or into building spaces such as attics and crawlspaces unless these areas have been inspected and cleared by Facility Maintenance & Operations.
- Do not pull cable or wiring through above-ceiling spaces with asbestos.
- Do not install screws, pins, nails or hangers into asbestos ceiling or wall plaster.
- Be careful not to damage walls, ceilings or floors when moving furniture or equipment. It is recommended that Facility Maintenance & Operations be contacted prior to moving furniture or equipment.
- Do not brush, sweep or vacuum textured asbestos ceiling plaster or plaster debris.
- Immediately report any damage or deterioration of suspect building materials to Facility Maintenance & Operations or Risk Management.

It is important to note that the presence of asbestos does not mean you have been exposed. Exposure results when friable asbestos particles are inhaled or ingested. Asbestos becomes friable when material containing asbestos is drilled, sanded or disturbed by remodeling or demolition work or when the ACM has deteriorated. Intact, bonded, sealed or undisturbed asbestos does not pose a hazard.

Employees may review the asbestos survey reports, results of bulk sampling or air monitoring conducted in City-owned buildings. All asbestos data will be available by appointment with Facility Maintenance & Operations.

RE: Contractor and Grantee Compliance with Economic Sanctions Imposed in Response to Russia's Actions in Ukraine

Dear Vendor:

On March 4, 2022, Governor Gavin Newsom issued Executive Order N-6-22 (EO) regarding sanctions in response to Russian aggression in Ukraine. The EO is located at https://www.gov.ca.gov/wp-content/uploads/2022/03/3.4.22-Russia-Ukraine-Executive-Order.pdf.

The EO directs all agencies and departments that are subject to the Governor's authority to take certain immediate steps, including notifying all contractors and grantees of their obligations to comply with existing economic sanctions imposed by the U.S. government in response to Russia's actions in Ukraine, as well as any sanctions imposed under state law.

This correspondence serves as a notice under the EO that as a contractor or grantee, compliance with the economic sanctions imposed in response to Russia's actions in Ukraine is required, including with respect to, but not limited to, the federal executive orders identified in the EO and the sanctions identified on the U.S. Department of the Treasury website (https://home.treasury.gov/policy-issues/financial-sanctions/sanctions-programs-and-country-information/ukraine-russia-related-sanctions). Failure to comply may result in the termination of contracts or grants, as applicable.

Please note that for any agreements or grants valued at $5 million or more you must report to the City of Roseville your compliance with economic sanctions including steps you have taken in response to Russia's actions in Ukraine, including, but not limited to, desisting from making new investments in, or engaging in financial transactions with, Russian entities, not transferring technology to Russia or Russian entities, and directly providing support to the government and people of Ukraine.

Sincerely,

Project Title: 2090 Hilltop Backup Generator Replacement

Project Location(s): 2090 Hilltop Circle, Roseville, California 95678 (APN 473-110-021).

Project Description: The Public Works Department is proposing the installation of a replacement backup generator system that serves the Roseville Electric Service Center, including the 24-hour Dispatch Center located at 2090 Hilltop Circle. Replacement of the existing generator system is necessary to ensure continued compliance with safety and permitting standards and to support the City's ability to maintain uninterrupted essential services during utility outages. There would be no expansion capacity or use.

Public Agency Approving Project: Roseville City Council

Agency/Individual Carrying Out Project: City of Roseville Finance Department

Reason why this Project is Exempt: This project qualifies for a Class 1 Exemption as described in Section 15301 of the California Environmental Quality Act (CEQA) guidelines which states:

> "Class 1 consists of the …minor alteration of existing public…facilities…involving negligible or no expansion of existing or former use…

The project is located entirely within the Corporation Yard and replaces an existing backup generator to ensure uninterrupted essential services in the event of a utility outage. The project would not result in expansion of use, and no environmentally sensitive resources are located within or near the property; therefore the Class 1 exemption is applicable to the proposed project.

Title:	Reservation of Affordable Housing Funds for Development of the Westpark Affordable Apartments
Contact:	Trisha Isom 916-746-1239 tisom@roseville.ca.us

SUMMARY

Staff recommends approval to reserve affordable housing funds for a proposed affordable housing project in Roseville. The request is to reserve $1,775,000 from the City's Low and Moderate Income Asset Fund (Low/Mod) for construction of St. Anton's affordable housing project, Westpark Affordable Apartments. The Low/Mod funds being considered for this loan originated from the repayment of a prior affordable housing loan and are being proposed to support a new affordable housing activity. No General Fund resources will be used.

RECOMMENDATION

Staff recommends that the City Council adopt a resolution to reserve $1,775,000 from the City of Roseville Low and Moderate Income Asset Fund toward the construction of St. Anton's affordable housing project, Westpark Affordable Apartments.

BACKGROUND

The City's Low and Moderate Income Housing Asset Fund (Low/Mod) consists of program income generated from former redevelopment agency affordable housing activities. The Housing Division recently received a payoff of a former redevelopment agency loan (including principal and interest), resulting in the return of $2,688,988 in program income to the Low/Mod fund. On April 20, 2026, the Housing Division released a Notice of Funding Availability (NOFA) for the amount of the original loan, $1,775,000. The remaining $913,988 in earned interest will be retained within the Low/Mod fund to ensure limited resources are strategically reinvested to maximize long-term affordable housing outcomes and sustain programs and services that may otherwise be reduced or eliminated due to the lack of stable, ongoing funding.

The Housing Division received one response to the NOFA. St. Anton Communities requested a loan to develop 200 affordable units, including one-, two- and three-bedroom apartments. The project is facing a financing gap due to a federal change that reduced available Low-Income Housing Tax Credit (LIHTC) equity. Staff recommends reserving $1,775,000 in Low/Mod funds toward the construction of St. Anton's Westpark Affordable Apartments project, consistent with the permitted use of Housing Asset Fund monies under California redevelopment dissolution law.

Subject to completion of full project underwriting and City Council approval, Housing Division staff will return to Council with the required loan documents, regulatory agreement, and related development documents for review and consideration at a future meeting.

FISCAL IMPACT

The City's Low and Moderate Income Asset Fund consists of program income generated from former redevelopment agency affordable housing activities. The Housing Division received a payoff of a former redevelopment agency loan, resulting in the return of approximately $2,688,988 in program income to the fund. No General Fund resources will be used.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. The request for reservation of funds to develop affordable housing meets the above criteria and is not subject to CEQA. No additional environmental review is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Title:	HOUSING AUTHORITY BOARD/CITY COUNCIL - Quarterly Update 1st Quarter 2026
Contact:	Suzi Cook-Turner, Trisha Isom 916-774-5414, 916-746-1239 smcook-turner@roseville.ca.us, tisom@roseville.ca.us

SUMMARY

Staff recommends City Council, acting as the Roseville Housing Authority Board, receive a quarterly report on the Housing Authority's Housing Choice Voucher Program. This report is for informational purposes only and has no impact on the City's General Fund.

RECOMMENDATION

The City Council, acting as the Roseville Housing Authority Board, is not required to take any action on this item. This quarterly report is for informational purposes only.

BACKGROUND

Pursuant to the bylaws of the Roseville Housing Authority (RHA), the City Council, acting as the governing board for the Housing Authority, holds its quarterly meeting the first Wednesday of March, June, September, and December, or as soon as possible thereafter. Staff has prepared the following status report regarding lease-up activity for the Housing Choice Voucher (HCV) Program.

The HCV Program provides income-qualified households in Roseville and Rocklin with rental assistance using funding from the U.S. Department of Housing and Urban Development (HUD). This assistance is utilized at rental units that meet program specific housing standards, are owned by a willing property owner, and are within Roseville or Rocklin city limits. This rental assistance ensures that the household can afford to live in safe and decent housing. During the first quarter of 2026, RHA provided rental assistance to a total of 801 households. This included 641 vouchers in Roseville, 152 in Rocklin, and 8 in other jurisdictions.

RHA remains committed to increasing affordable housing opportunities in the Roseville/Rocklin area. Highlights for the first quarter of 2026 include:

- **Project-Based Vouchers (PBVs)**: RHA is actively working with property management teams to fill PBV units as they become available. The agency's commitment for 2026 is to lease a total of 11 PBV units at newly constructed affordable housing properties, expanding housing opportunities for eligible families. During the first quarter staff leased 3 PBV units. The remaining units will be leased as the properties complete construction.

- **Community Engagement**:
  - In January, RHA staff volunteered with Feeding the Foothills, helping package fresh produce for local families. These service activities allow staff to give back to the community while also strengthening team connection.

- In February, senior staff attended the California Association of Housing Authorities (CAHA) conference and met with representatives for Assembly member Joe Patterson and Senator Roger Niello to advocate for statewide housing priorities. Discussions focused on expanding funding for affordable housing preservation and supporting the Affordable Housing Bond Act of 2026 (AB 736 / SB 417).
- RHA was contacted by the California Department of Housing and Community Development (HCD) to discuss the agency's successful strategies for recruiting landlords and increasing housing stability for voucher participants. During this discussion, staff highlighted RHA's strong customer service, directed toward both participants and property owners, which plays a key role in maintaining high lease-up rates and long-term tenancy success. RHA also emphasized the partnerships with local non-profits which directly support the effectiveness of the Housing Choice Voucher Program.

Roseville Housing Authority is authorized to provide rental assistance to 845 households through the Housing Choice Voucher (HCV) program. This allocation includes several specialized voucher types designed to meet the needs of vulnerable populations:

- **34 Emergency Housing Vouchers (EHV):** For individuals and families experiencing homelessness or at risk of homelessness.
- **75 Non-Elderly Disabled (NED) Vouchers:** For households with a head of household or partner who is non-elderly and disabled.
- **43 Mainstream Vouchers:** For non-elderly households with a disabled head of household or partner who are transitioning out of institutional or segregated settings, currently homeless, or at risk of homelessness.
- **100 HUD-VASH Vouchers:** For veteran households referred by the Department of Veterans Affairs (VA), aiding with housing search, paperwork, and long-term housing stability.
- **20 Foster Youth to Independence (FYI) Vouchers:** For former foster youth ages 18–24 who are homeless or at risk of homelessness as they transition out of foster care.
- **70 Project-Based Vouchers:** Unlike tenant-based vouchers, which move with the family, PBV assistance is tied to the specific unit. Families who lease these units pay a portion of rent based on income, and RHA pays the remainder directly to the property owner in the form of a Housing Assistance Payment (HAP).

HUD requires housing authorities to maintain at least a 95% lease-up rate or utilize 95% of annual budget authority to remain in compliance. Agencies achieving 98% or higher in either category may be designated as high performing. RHA continues to meet HUD's high-performance standards, with 100% expenditure of its annual budget allocation in 2025. The attached table provides a monthly summary of RHA's voucher programs for the first quarter of 2026. This snapshot highlights strong leasing in EHV/NED, near-full performance in HUD-VASH, and targeted work underway to improve FYI utilization. Due to the current budget shortfall in regular HCV and Mainstream vouchers, we are unable to lease these to full capacity at this time.

Through effective management of specialized voucher programs, strong partnerships with developers, and

expanded landlord participation, RHA continues to deliver high-quality housing assistance and remains a high-performing housing authority. These efforts directly support the City of Roseville and the Roseville Housing Authority's goals of expanding affordable housing and addressing homelessness in the Roseville/Rocklin region.

FISCAL IMPACT

This Housing Authority Quarterly Status Report is informational only and does not create any additional cost to the City's General Fund.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. The Roseville Housing Authority Quarterly Report meets the above criteria and is not subject to CEQA. No additional environmental review is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Title:	State Legislative and Regulatory Representation Consulting - Professional Services Agreement
Contact:	Rob Baquera 916-746-1170 rbaquera@roseville.ca.us

SUMMARY

Staff requests approval of a professional services agreement with Joe A. Gonsalves & Son for State Legislative and Regulatory Representation Consulting Services to provide state legislative and regulatory representation consulting services related to legislative advocacy, regulatory monitoring, policy analysis, and strategic government relations support. Following the completion of the competitive procurement process, staff recommends awarding a professional services agreement to Joe A. Gonsalves & Son to continue providing these services to the City of Roseville. The initial one-year agreement includes a monthly retainer of $9,000, for a total annual not-to-exceed amount of $108,000. While the agreement includes the option for up to four additional one-year renewals, each renewal would be subject to annual budget approval and a determination that continuation of the services remains in the best interest of the City. Based on the proposed rate structure for the initial agreement term and all potential renewal terms, the cumulative not-to-exceed amount over the possible five-year period is $600,000. Funding for the proposed agreement is included in the Public Affairs and Communications Department General Fund budget and is incorporated into the proposed FY 2026-27 budget.

RECOMMENDATION

Staff recommends that the City Council adopt a resolution authorizing the City Manager to execute the Professional Services Agreement for State Legislative and Regulatory Representation Consulting Services with Joe A. Gonsalves & Son.

Additionally, staff recommends that the City Council authorize the City Manager, or designee, to execute up to four (4) additional one (1) year optional renewals without further City Council approval, contingent upon annual budget approval by the City Council and provided that City staff determines continuation of the agreement remains in the best interest of the City.

BACKGROUND

The City of Roseville has a long-standing relationship with Joe A. Gonsalves & Son to provide professional services associated with state legislative and regulatory issues. The relationship spans more than 23 years during which time they have provided exceptional representation and guidance.

The City maintains an active government relations program to monitor, analyze, and advocate on state legislative and regulatory matters that may affect municipal operations, local control, funding opportunities, and City priorities.

State legislation and regulatory actions can significantly impact the City's ability to deliver services across a broad range of operational areas, including public safety, housing, transportation, public works, economic development, environmental compliance, utilities, and municipal finance. To support these efforts, the City utilizes professional state legislative advocacy and consulting services to assist in navigating the legislative and regulatory process and representing the City's interests before state policymakers and agencies.

Consistent with City procurement requirements, staff issued a Request for Proposals (RFP) for State Legislative and Regulatory Representation Consulting Services. The RFP solicited proposals from qualified firms with demonstrated experience representing municipal and public agency clients before the California State Legislature and state regulatory agencies.

The City received one proposal which was evaluated based on criteria including firm qualifications, relevant experience, project understanding, staffing and team qualifications, proposed approach, and cost.

Following the evaluation of the proposal, staff determined that Joe A. Gonsalves & Sons was qualified to provide the requested services based on the firm's extensive experience in municipal advocacy, knowledge of issues affecting local governments, established relationships within the legislative and regulatory environment, and demonstrated ability to support the City's legislative priorities and advocacy efforts.

The agreement will provide for ongoing legislative advocacy, monitoring of legislative and regulatory activity, strategic policy analysis, coordination with City staff, and representation of the City before state governmental entities.

FISCAL IMPACT

Funding for the proposed agreement is included in the Public Affairs and Communications Department General Fund budget and is incorporated into the proposed FY 2026-27 budget.

The initial one-year agreement includes a monthly retainer of $9,000, for a total annual not-to-exceed amount of $108,000. While the agreement includes the option for up to four additional one-year renewals, each renewal would be subject to annual budget approval and a determination that continuation of the services remains in the best interest of the City.

Based on the proposed rate structure for the initial agreement term and all potential renewal terms, the cumulative not-to-exceed amount over the possible five-year period is $600,000.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) only applies to projects which have the potential to cause a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA. (CEQA Guidelines §15061(b)(3)). This Professional Services Agreement meets the

above criteria and is not subject to CEQA. No additional environmental review is required.

RESOLUTION NO. 26-177

APPROVING A PROFESSIONAL SERVICES AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND JOE A. GONSALVES & SON, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE

WHEREAS, a Professional Services Agreement for State Legislative and Regulatory Representation Consulting, by and between the City of Roseville and Joe A. Gonsalves & Son, has been reviewed by the City Council; and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Roseville that said professional services agreement is hereby approved and that the City Manager is authorized to execute it on behalf of the City of Roseville.

BE IT FURTHER RESOLVED, that the City Manager or his designee is authorized to execute four (4) additional one (1) year renewals without further City Council approval, provided that the applicable budget is approved by the City Council, or until staff determines that continuing with this consultant is not in the best interest of the City.

PROFESSIONAL SERVICES AGREEMENT

State Legislative and Regulatory Representation Consulting Services

THIS AGREEMENT is made and entered into this___day of_____, 20_, by and between the City of Roseville, a municipal corporation ("CITY"), and Joe A. Gonsalves & Son, a California corporation ("CONSULTANT"); and

W I T N E S S E T H:

WHEREAS, CITY desires professional services consisting of State Legislative and Regulatory Representation Consulting Services; and

WHEREAS, CONSULTANT has prepared a proposal dated April 14, 2026, which describes the scope of work to be performed by CONSULTANT, the budget for the work, and the schedule for performance of the work; and

WHEREAS, CONSULTANT is qualified and experienced to provide such professional services.

NOW, THEREFORE, the parties agree as follows:

1. Services. CONSULTANT shall perform, at the direction of CITY, the scope of services as described in EXHIBIT "A," attached hereto and incorporated herein by this reference.

2. Compensation. For its services provided hereunder, CONSULTANT shall be compensated on a time and expense basis in accordance with the budget estimate as described in

EXHIBIT "B," attached hereto and incorporated herein by this reference. Total compensation shall not exceed one hundred eight thousand dollars ($108,000).

CONSULTANT shall submit one monthly invoice for its services. Such invoices shall be delineated by task, the person performing the services, and the hourly rate, which shall be stated in time increments of not greater than one tenth (1/10) hours. CITY shall pay invoices within thirty (30) days after receipt, if the services specified in the invoice have been satisfactorily completed.

3. Indemnification. To the fullest extent allowed by law, CONSULTANT shall defend, indemnify, and save and hold harmless CITY, its officers, agents, employees and volunteers from any claims, suits or actions of every name, kind and description brought forth, or on account of, injuries to or death of any person (including but not limited to workers and the public), or damage to property, resulting from or arising out of CONSULTANT's willful misconduct or negligent act or omission while engaged in the performance of obligations or exercise of rights created by this Agreement, except those matters arising from CITY's sole negligence or willful misconduct. The parties intend that this provision shall be broadly construed.

CONSULTANT agrees to defend and indemnify CITY if, despite the parties intent and practice, any venue, agency, or court with competent jurisdiction determines that CONSULTANT and/or any of its agents, officers, employees, volunteers, independent contractors, or subcontractors, are characterized as employee(s) of CITY.

CONSULTANT's responsibility for such defense and indemnity obligations shall survive the termination or completion of this Agreement for the full period of time allowed by

law. The defense and indemnity obligations of this Agreement are undertaken in addition to, and shall not in any way be limited by, the insurance obligations contained in this Agreement.

4. Insurance. CONSULTANT agrees to continuously maintain, in full force and effect, the following minimum policies of insurance during the term of this Agreement.

COVERAGE	LIMITS OF LIABILITY
Workers' Compensation	Statutory
Commercial General Liability	$1,000,000 each occurrence $2,000,000 aggregate Personal Injury: $1,000,000 each occurrence $2,000,000 aggregate
Automobile Liability	$1,000,000 combined single limit
Professional Liability (errors and omissions)	$1,000,000 per claim $2,000,000 aggregate

a. Form. CONSULTANT shall submit a certificate evidencing such coverage for the period covered by this Agreement in a form satisfactory to Risk Management and the City Attorney, prior to undertaking any work hereunder. Any insurance written on a claims made basis is subject to the approval of Risk Management and the City Attorney.

b. Additional Insureds. CONSULTANT shall also provide a separate endorsement form or section of the policy showing CITY, its officers, agents, employees and volunteers as additional insureds for each type of coverage, except for Workers' Compensation and Professional Liability. Such insurance shall specifically cover the contractual liability of CONSULTANT. The additional insured coverage under the CONSULTANT's policy shall be primary and noncontributory, as evidenced by a separate endorsement or section of the policy, and shall not seek contribution from CITY's insurance or self-insurance. In addition, the

additional insured coverage shall be at least as broad as the Insurance Services Office ("ISO") CG 20 01 Endorsement. Any available insurance proceeds in excess of the specified minimum insurance coverage requirements and limits shall be available to the additional insureds. Furthermore, the requirements for coverage and limits shall be: (1) the minimum coverage and limits specified in this Agreement; or (2) the full coverage and maximum limits of any insurance proceeds available to the named insureds, whichever is greater.

c. Cancellation/Modification. CONSULTANT shall provide ten (10) days written notice to CITY prior to cancellation or modification of any insurance required by this Agreement.

d. Umbrella/Excess Insurance. The limits of insurance required in this Agreement may be satisfied by a combination of primary and excess insurance. Any excess insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and noncontributory basis for the benefit of CITY (if agreed to in a written contract) before CITY's own insurance shall be called upon to protect it as a named insured.

e. Subcontractors. CONSULTANT agrees to include in its contracts with all subcontractors the same requirements and provisions of this Agreement, including the indemnity and insurance requirements, to the extent they apply to the scope of the subcontractor's work. Furthermore, CONSULTANT shall require its subcontractors to agree to be bound to CONSULTANT and CITY in the same manner and to the same extent as CONSULTANT is bound to CITY under this Agreement. Additionally, CONSULTANT shall obligate its subcontractors to comply with these same provisions with respect to any tertiary subcontractor, regardless of tier. A copy of CITY's indemnity and insurance provisions will be furnished to the subcontractor or tertiary subcontractor upon request.

f. Self-Insured Retentions. All self-insured retentions ("SIR") must be disclosed to Risk Management for approval and shall not reduce the limits of liability. Policies containing any SIR provision shall provide or be endorsed to provide that the SIR may be satisfied by either the named insured or CITY. CITY reserves the right to obtain a full certified copy of any insurance policy and endorsements. The failure to exercise this right shall not constitute a waiver of such right.

g. Waiver of Subrogation. CONSULTANT hereby agrees to waive subrogation which any insurer of CONSULTANT may acquire from CONSULTANT by virtue of the payment of any loss under a Workers Compensation, Commercial General Liability or Automobile Liability policy. All Workers Compensation, Commercial General Liability and Automobile Liability policies shall be endorsed with a waiver of subrogation in favor of CITY, its officers, agents, employees and volunteers for all worked performed by CONSULTANT, its employees, agents and subcontractors.

h. Liability/Remedies. Insurance coverage in the minimum amounts set forth herein shall not be construed to relieve CONSULTANT of liability in excess of such coverage, nor shall it preclude CITY from taking such other actions as are available to it under any other provisions of this Agreement or law.

5. Records. CONSULTANT and its subcontractors shall maintain all files and records relating to the services performed hereunder during the term of this Agreement and for a period of not less than one (1) year after the date of termination or expiration. Provided, however, that in the event of litigation or settlement of claims arising from the performance of this Agreement, CONSULTANT and its subcontractors shall maintain all files and records until such litigation, appeals or claims are resolved. Duly authorized representatives of CITY shall

have right of access during normal business hours and after reasonable notice to CONSULTANT's and subcontractors' files and records relating to the services performed hereunder and may review and copy the files and records at appropriate stages during performance of the services and during the one (1) year period following termination or expiration of this Agreement. CONSULTANT shall include this provision in its contracts with all subcontractors.

6. Time is of the Essence. Time is of the essence of this Agreement.

7. Prevailing Wages. When applicable, for purposes of this Agreement, CONSULTANT and its subcontractors shall comply with all applicable prevailing wage laws, e.g., but not limited to, California Labor Code Sections 1770 et seq. In accordance with said Section 1775, CONSULTANT shall forfeit as a penalty to the City two hundred dollars ($200) for each calendar day or portion thereof for each worker paid less than the prevailing rates for such work or craft in which such worker is employed for any work done on-site under the Agreement by CONSULTANT or by any subcontractor in violation of the provisions of the Labor Code and in particular, Labor Code Sections 1770 to 1780, inclusive. In addition to said penalty and pursuant to said Section 1775, the difference between such stipulated prevailing wage rates and the amount paid to each worker for each calendar day or portion thereof for which each worker was paid less than the stipulated prevailing wage shall be paid to each worker by CONSULTANT or the applicable subcontractor.

Pursuant to the provisions of California Labor Code Section 1773, the contracting department has identified the source, stated below, of the general prevailing rate of wages applicable to the site to be done, for straight time, overtime, and holiday work. The holiday wage rate listed shall be applicable to all holidays recognized in the collective bargaining

agreement of the particular craft, classification or type of worker concerned. These wage rates may be obtained from the State Department of Industrial Relations and/or the following website address: http://www.dir.ca.gov/dlsr/DPreWageDetermination.htm.

Pursuant to Labor Code Section 1773.2, general prevailing wage rates set forth above, which forms a part of this Agreement, shall be posted by CONSULTANT at a prominent place at the work site. Prevailing wage rates to be posted at the work site will be furnished by the contracting department. The possibility of wage increases is one of the elements to be considered by CONSULTANT in determining its proposal and will not under any circumstances be considered as the basis of a claim against CITY or the Agreement.

8. Compliance with Laws. CONSULTANT shall comply with all federal, state and local laws, ordinances and policies as may be applicable to the performance of services under this Agreement.

9. Ability to Perform. CONSULTANT agrees and represents that it has the time, ability and professional expertise to perform the services required under this Agreement.

10. Public Contracts: Conflicts of Interest. CONSULTANT's duties and services under this Agreement shall not include preparing or assisting CITY with any portion of the CITY's preparation of a request for proposals, request for qualifications, or any other solicitation regarding a subsequent or additional contract with CITY. CITY shall at all times retain responsibility for public contracting, including with respect to any subsequent phase of this project. CONSULTANT's participation in the planning, discussions, or drawing of project plans or specifications shall be limited to conceptual, preliminary, or initial plans or specifications. CONSULTANT shall cooperate with CITY to ensure that all bidders for a subsequent contract on any subsequent phase of this project have access to the same information, including all

conceptual, preliminary, or initial plans or specifications prepared by CONSULTANT pursuant to this Agreement.

11. Governing Agreement. In the event of any conflict between this Agreement and its EXHIBITS, the provisions of this Agreement shall govern. In the event of any conflict between any of the EXHIBITS, the provisions of the first in order of attachment shall govern.

12. Assignment. CONSULTANT is employed to perform unique personal services. CONSULTANT shall not assign this Agreement without the prior written consent of CITY. CONSULTANT shall not employ or otherwise incur any obligation to pay other specialists or experts for services in connection with this Agreement, without prior written consent of CITY.

13. Independent Contractor. CONSULTANT, inclusive of its agents, officers, employees, volunteers, independent contractors, and subcontractors, shall act as an independent contractor, and covenants and agrees that it will conduct itself consistent with such status, that it will neither hold itself out as, nor claim to be, an officer or employee of CITY by reason of this Agreement.

CONSULTANT and CITY agree that: (a) CONSULTANT is free from the control and direction of CITY in connection with the performance of the work; (b) CONSULTANT is providing services directly to CITY; (c) CONSULTANT has and will maintain at all relevant times a business license; (d) CONSULTANT maintains a business location that is separate from CITY; (e) CONSULTANT is customarily engaged in an independently established business of the same nature as that involved in the work performed hereunder; (f) CONSULTANT actually contracts with other businesses to provide the same or similar services and maintains a clientele without restrictions from CITY; (g) CONSULTANT advertises and holds itself out to the public as available to provide the same or similar services; (h) CONSULTANT provides its own tools, vehicles, and equipment to perform the services; (i) CONSULTANT has negotiated its own

rates; (j) CONSULTANT set its own hours and location of work in accomplishing CITY's on-call needs; and (k) CONSULTANT has the right to control the manner and means of accomplishing the result desired and exercises its own expert independent judgement.

14. Representations and Warranties. CONSULTANT warrants that it has not employed or retained any company or person, other than a bona fide employee working for CONSULTANT, to solicit or secure this Agreement, and that it has not paid or agreed to pay any company or person, other than a bona fide employee, any fee, commission, percentage, brokerage fee, gift or any other consideration, contingent upon or resulting from the award or making of this Agreement. For breach or violation of this warranty, CITY shall have the right to terminate as void this Agreement, without liability, or, in its discretion, to deduct from the Agreement price or consideration, or otherwise recover, the full amount of such fee, commission, percentage, brokerage fee, gift or contingent fee.

15. Successors in Interest. This Agreement shall be binding upon the heirs, successors, executors, administrators and assigns of the respective parties hereto.

16. Copyright, Ownership and Use of Materials. All tangible material ("Material") created or delivered pursuant to this Agreement is considered a work made for hire under the Copyright Act. To the extent such Material does not qualify as a work made for hire, CONSULTANT hereby assigns to CITY all right, title, and interest, including but not limited to all copyrights, in all Material created by CONSULTANT in its performance under this Agreement. Material constitutes the scope of work outlined in Exhibit A and attached hereto, and all written and other tangible expressions, including but not limited to, drawings (including computer aided drawings), papers, documents, reports, surveys, renderings, exhibits, sketches, maps, models, prints, paintings or photographs, in any and all media or formats in which such materials have been created or are maintained. All Material furnished by CONSULTANT is,

and shall remain, the property of CITY.

CONSULTANT shall execute any documents necessary to effectuate such assignment. In the event that CONSULTANT uses, employs, designates, or retains any person or entity who is not an employee of CONSULTANT, to perform any work required of it pursuant to this Agreement, CONSULTANT shall require said person or entity to execute an agreement containing the preceding paragraph.

17. Termination of Agreement. The City may terminate this Agreement without cause by giving CONSULTANT ten (10) days advance written notice from the City Manager. CONSULTANT may terminate this Agreement without cause by giving CITY thirty (30) days advance written notice. In the event of termination through no fault of CONSULTANT, CITY shall compensate CONSULTANT for services performed as of the date of termination, upon the release to CITY of all Material hereunder, in any and all media or formats in which such materials have been created or are maintained. CITY retains the right to receive and use any Material, notwithstanding any termination or any dispute regarding the amount to be paid.

18. Attorney's Fees; Venue; Governing Law. If either party commences any legal action against the other party arising out of this Agreement or the performance hereof, the prevailing party in such action shall be entitled to recover its reasonable litigation expenses, including but not limited to, court costs, expert witness fees, discovery expenses, and attorney's fees. Any action arising out of this Agreement shall be brought in Placer County, California, regardless of where else venue may lie. This Agreement shall be governed by and construed in accordance with the laws of the State of California.

19. Modification. This Agreement and each provision contained herein may be waived, amended, supplemented or eliminated only by mutual written agreement of the parties.

20. Severability. If any of the provisions contained in this Agreement are for any

reason held invalid or unenforceable, such holding shall not affect the remaining provisions or the validity and enforceability of the Agreement as a whole.

21. Notices. Any notices to parties required by this Agreement shall be delivered personally or mailed, U.S. first class postage prepaid, addressed as follows:

CITY OF ROSEVILLE	CONSULTANT
Public Affairs and Communications Attn: Rob Baquera 311 Vernon Street Roseville, CA 95678	Joe A. Gonsalves & Son Attn: Jason Gonsalves 1201 K Street, Suite #1850 Sacramento, CA 95814

Either party may amend its address for notice by giving notice to the other party in writing.

22. Integrated Agreement. This is an integrated agreement and contains all of the terms, considerations, understanding and promises of the parties. It shall be read as a whole.

IN WITNESS WHEREOF, the City of Roseville, a municipal corporation, has authorized the execution of this Agreement in duplicate by its City Manager and attested to by its City Clerk under the authority of Resolution No._____, adopted by the Council of the City of Roseville on the___day of_____, 20__, and CONSULTANT has caused this Agreement to be executed.

Project Understanding

Joe A. Gonsalves & Son has a clear and comprehensive understanding of the City of Roseville's need for strategic, proactive, and highly responsive state legislative and regulatory representation. As a full-service municipality serving a growing population, the City is directly impacted by California's evolving legislative and regulatory landscape, which influences funding opportunities, compliance obligations, infrastructure development, and the delivery of essential public services. Our firm recognizes that Roseville requires not only continuous monitoring of legislative and regulatory activity, but also effective advocacy that aligns with City Council priorities and advances the City's legislative platform. We understand the importance of delivering timely, actionable insights that enable City leadership to make informed decisions and respond quickly to emerging policy developments.

The California legislative environment presents both significant challenges and valuable opportunities for municipalities. The high volume and rapid pace of legislation, coupled with complex regulatory processes and competing stakeholder interests, requires a strategic approach to advocacy. At the same time, opportunities exist through state funding programs, policy initiatives, and coalition-building efforts that can benefit the City. Our firm is well-positioned to help Roseville navigate this environment by anticipating policy trends, identifying risks and opportunities early, and leveraging established relationships within the Legislature, the Governor's Administration, and state agencies to advance the City's interests effectively.

We also recognize that certain policy areas will require focused attention due to their direct impact on municipal operations. These include housing and land use mandates, transportation and infrastructure funding, public safety policy, environmental and energy regulations, and issues affecting local government fiscal stability. Roseville's continued growth further underscores the need to balance compliance with state requirements while maintaining local control and pursuing strategic funding opportunities. Our firm brings deep experience in addressing these issues and understands the importance of tailoring advocacy strategies to the City's unique priorities.

Our firm offers distinct strengths and capabilities that align with the City's needs, including a strong presence in Sacramento, a proven track record

representing municipal clients, and an integrated approach to legislative monitoring, policy analysis, and advocacy. Our established relationships enable us to identify and respond to legislative and regulatory developments before they fully materialize, providing the City with a strategic advantage. We develop customized advocacy strategies that reflect political realities and stakeholder dynamics. Additionally, our ability to build and lead coalitions enhances the City's influence on key issues. Through consistent communication, rapid responsiveness, and a commitment to excellence, Joe A. Gonsalves & Son is prepared to serve as a trusted partner in advancing the City of Roseville's legislative and regulatory objectives.

PROJECT PLAN AND APPROACH

Our firm lists our scope of services in very general terms. We purposely do this to ensure that each client has the flexibility to request any assistance you may require in Sacramento, such as setting up meetings with the appropriate legislators, Governor's office, various state departments and funding opportunities.

Our firm will work cooperatively with the City's management team to review, learn and provide advice on the City's legislative priorities and project funding needs. We have decades of experience reviewing and advising our local government clients on their Legislative Platforms in order to shape them around the City Councils priorities. Our firm will assist the City in reviewing and guiding the legislative priorities, outlined by the City Council, for the current year and outyears, along with providing the management team with draft letters and resolutions that reflect the City's legislative priorities. This will help ensure we have direction from the City, which will assist our firm in providing a strategy to accomplish the City's priorities and goals. Additionally, our firm will provide the City with ongoing reports that identify and outline grant funding opportunities.

Advocacy:

Our firm actively monitors, reviews and participates in the daily activities of the Capitol and the State Agencies. We receive a copy of every bill introduced and each set of amendments. We will read each bill and the amendments and send those that we feel may be of interest to your city. In addition, as the legislative proposals develop, we provide you with fact sheets and analysis of the bills that may affect you. We provide your City a "weekly report" with the status of all bills either watched, supported and/or opposed by your City.

Additionally, we actively sponsor bills on behalf of our client's as well as maintain a constant line of communication with the Members of the Legislature and their staff to ensure we are apprised of upcoming proposals. Our firm will assist in preparing written correspondence on any/all issues of importance to the City. That said, we do not unilaterally adopt positions on behalf of the City. We work very closely with the City's management team under the direction of the City Council.

Whenever your City sponsors or adopts a position on legislation and/or proposed regulations, we cover all bases. We meet with the Author's office, the Committee Consultants (both Democrat and Republican), Legislative Leadership, Governor's office, all pertinent stakeholders, and provide testimony in each Committee in order to ensure your City's position is known and ultimately supported. Additionally, we will assist the management team with draft letters of support, position statements, talking points and any additional advocacy that the issue requires.

Our firm will work closely with the City's management team, under the direction of the City Council, to develop strategies tailored to the specific issues. Every legislative policy has numerous strategies, proponents and opponents, and they all vary depending on the issue. Our firm will assist in identifying the most appropriate strategy for each issue and building coalitions with stakeholders that support the City's legislative and policy positions.

Funding:

Our firm proactively identifies any/all funding opportunities for your City and will provide you, on a quarterly basis, with a memo outlining all available grant funding from the State. Our firm will also assist you in developing your project proposals for each potential grant application. Once the City has identified a grant to apply for, our firm will schedule a meeting with the Agency staff overseeing the project to discuss the City's project and application in greater detail to ensure the City's application is competitive and meets all of the guidelines and requirements of the grant program. Often times, these meetings lead to additional funding opportunities for the City. Additionally, we will work with your legislator's to obtain letters of support for your grant applications.

We recommend the city request our firm set-up a series of "action days" in Sacramento to meet with the various State Agencies overseeing the desired grant funding in an effort to craft a competitive proposal. This is also an opportunity to meet with Legislator's and Legislative Committees to seek their input and support on any funding the City is seeking. Likewise, this will provide an opportunity for the City to receive information and provide input on any funding opportunities that may be available or coming available.

In addition to grant funding, our firm will assist the City in developing and submitting "Members Request" or "Budget Earmarks" for funding through the State Budget. We have been extremely successful in advocating for "Members Requests/Budget Earmarks" on behalf of our clients. Please note, our attached funding accomplishments do not reflect Members Requests/Budget Earmarks. Although our firm assists in the efforts for this funding, ultimately, it is your Legislator's that make the request and they deserve the credit.

Increased presence:

An invaluable part of achieving the City's goals and objectives is establishing a voice in Sacramento. Our firm will accomplish this by maintaining our relationships and communication with key policy makers on your behalf. We strongly recommend you request our firm to set up a series of "action days" in Sacramento to meet with legislator's, key committee members and staff, the Governor's office, and State Agencies to discuss the City's priorities.

Our firm will be present to represent the city of Roseville's positions on legislation in every pertinent committee, on the floors of both houses, and in front of any state agency overseeing an issue of importance to the City. This will ensure your priorities are heard while developing a presence in Sacramento on important local government issues.

Regulatory and Administrative:

The regulatory and administrative process are often the most time consuming and onerous part of advocacy. State Agencies within the State of California have continued to grow as the Legislature has provided many of them with new powers and responsibilities. Moreover, recent state budget investments and legislation have resulted in unprecedented amounts of funding for various projects.

Our firm will monitor, analyze, participate, and influence State Agencies with administrative actions of interest to the City. The process for regulations and funding guidelines will be handled in the same manner as legislative matters. We will work closely with the City to establish policy direction and we will take the necessary steps to best represent the City before the State Agencies.

Tracking and Reporting:
Our firm actively monitors, reviews and participates in the daily activities of the Capitol and the State Agencies. We receive a copy of every bill introduced and each set of amendments. We will read each bill and the amendments and send those that we feel may be of interest to your city. In addition, as the legislative proposals develop, we provide you with fact sheets and analysis of the bills that may affect you.

Our firm will provide your city with a weekly report, which we send out every Thursday or Friday, depending upon the legislative calendar. We tailor our weekly report to ensure it provides a specific update on the legislative proposals identified/adopted by your City Council. Additionally, we will provide the City with a monthly written and oral report of legislative activity, as requested, either virtually or in person, as requested by the City. Furthermore, our firm will assist the City in the filing of all lobbyist and expenditure disclosure forms and reports in a timely manner.

Our firm maintains a constant line of communication with the Members of the Legislature and their staff to ensure we are apprised of upcoming proposals. Our firm will assist in preparing written correspondence on any/all issues of importance to the City. That said, we do not unilaterally adopt positions on behalf of the City. We work very closely with the City's management team under the direction of the City Council.

Relationship Building:
Our strategic approach to advocacy is custom tailored to the unique needs of each of our clients by utilizing our 100 years of combined experience and relationships with Legislator's, the Administration and stakeholders. As previously mentioned, we represent a large number of local governments, which provides us the unique opportunity to work with each member of the Legislature.

Relationships and respect matter in Sacramento and we are extremely proud of the personal and professional relationships we have with the Executive Branch, State Agencies as well as the members of the Legislature. Our long-standing presence in Sacramento enables us to successfully represent your

City. We encourage you to contact our clients and any member of the Legislature and ask them about our firm and the services we provide.

Relationships with Local Legislator's:

Our firm has long history of establishing a strong personal and professional relationship with all members of the California Legislature. Our Firm's history with Senator Roger Niello dates back to when he was first elected to the California State Assembly in 2004. Senator Niello is a tireless leader for his communities and we encourage you to ask him about our firm.

Our firm also has a personal and professional relationship with your Assemblymember, Joe Patterson. Our firm's history with Assemblymember Patterson dates back to 2005 when he was a Fellow in the State Capitol. We have almost 2 decades of working with Assemblymember Patterson as both a legislative staffer and as an elected official. Again, we encourage you to talk with your Legislator's and ask them about our firm.

Relationships with your local Legislators are essential for effectively addressing regional challenges and advancing public policy that reflects the needs of your community. Such relationships enable us to have a direct line of communication with Legislators and their staff, fostering collaboration on critical issues like housing, transportation, and local control.

EXHIBIT "B"

COST PROPOSAL

In our contract we charge a retainer on a monthly basis. The retainer is all inclusive of the services we would provide for your City. We do not charge for any additional costs. Additionally, all of our contracts include a 30-day cancelation clause as we are confident on our ability to provide your City with an unparallel level of service.

Our Firm lists the scope of services we provide for our clients in very general terms. We purposely do this to ensure that each client has the flexibility to request any assistance our clients may require in Sacramento such as setting up meetings with the appropriate legislators, Governor's office or the various state departments. Should you have any changes you would like to make in the Scope of Services, please feel free to discuss them with me.

Joe A. Gonsalves & Son respectfully proposes the following all-inclusive monthly fee.

	2026-2027	2027-2028	2028-2029	2029-2030	2030-2031
Monthly	$9,000	$10,000	$10,000	$10,500	$10,500
Annually	$108,000	$120,000	$120,000	$126,000	$126,000

Title:	Appointments - City Council Auxiliary Positions
Contact:	Helen Dreyer hdreyer@roseville.ca.us

SUMMARY

It is recommended that the City Council approve the appointment of Vice Mayor Alvord as an alternate to the Sites Reservoir Project Joint Powers Authority Board of Directors.

RECOMMENDATION

It is recommended that the City Council approve the appointment of Vice Mayor Alvord as an alternate to the Sites Reservoir Project Joint Powers Authority Board of Directors.

BACKGROUND

The Sites Reservoir Joint Powers Authority (JPA) Board of Directors was established to oversee the development and construction of the Sites Reservoir Project. One board seat is shared between the City of Roseville, represented by Councilmember Pauline Roccucci, and the Placer County Water Agency, represented by Board Member Gray Allen.

Director Gray Allen recently announced his retirement and Councilmember Pauline Roccucci is now serving as the active representative on the Sites Reservoir JPA Board. It is recommended that Roseville Vice Mayor Karen Alvord be appointed as Councilmember Roccucci's alternate to attend JPA Board meetings in the event of her absence.

FISCAL IMPACT

There is no fiscal impact associated with this request.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. The appointment of a councilmember to an auxiliary board meets the above criteria and is not subject to CEQA. No additional environmental review is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

4. Invest in well-planned infrastructure and growth

Title:	Park Naming Recommendations
Contact:	Tara Gee 916-774-5253 tgee@roseville.ca.us

SUMMARY

Staff recommends that the Council adopt a resolution to approve park name recommendations for four new parks. Funding for the new park identification signs is included as a part of each capital project.

RECOMMENDATION

Staff recommends that the City Council adopt a resolution to approve park name recommendations for four new parks and to rename the Children's Art Center. These include:

- FD-50: Michael or Mike Zeigler Park
- JM-51: Bernie Milmoe Park
- JM-52: Hawks Landing
- CO-61: Ashbrook Park
- Children's Art Center: The Art Center @Royer Park

BACKGROUND

On an annual basis, each July, park naming suggestions are solicited for new parks that will enter into the construction phase of development within the current fiscal year. The name suggestion period remains open for one month. The Park Naming Subcommittee is made up of three Park & Recreation Commissioners.

The criteria, based on the recently updated Park Naming Policy for name recommendations, is as follows:
• Significant service through volunteerism, philanthropy or community service (of ten years or more) towards the betterment or quality of life for the Roseville community
• Significant financial contribution towards a park or improvement
• Died in the line of duty
• Geographical significance
• Historical or cultural significance

2025 Naming

In July 2025, the park naming period for four new parks was opened for suggestions from the public. The name suggestion period closed on July 31. The parks subject to be named include:

- FD-50, a 1.7-acre neighborhood park within the Sierra Vista Specific Plan area
- JM-51, a 2.6-acre neighborhood park within the Sierra Vista Specific Plan area
- JM-52, a 1.5-acre neighborhood park within the Sierra Vista Specific Plan area

- CO-61, a 6-acre neighborhood park within the Campus Oaks area

These parks have either broken ground or are about to be underway.

27 suggestions were suggested in July 2025 and 20 additional names were carried forward from 2024 for this year's consideration.

Recommended Names
The Park Naming Subcommittee met on April 21, 2026, to review the names. At the May 4, 2026, Parks & Recreation Commission meeting, the Subcommittee presented name recommendations. The Commission approved these recommendations to be forwarded to the City Council for formal approval. These include:

- FD-50: Michael or Mike Zeigler Park
- JM-51: Bernie Milmoe Park
- JM-52: Hawks Landing
- CO-61: Ashbrook Park

Lastly, staff is recommending that the newly renovated Children's Art Center, located in Royer Park, be renamed The Art Center @ Royer Park. The vision of this space is to utilize the building as a makerspace, which is a collaborative, hands-on workspace where people of all ages can create, learn, and innovate using a variety of tools and materials related to art. Renaming this building would reflect a stronger commitment to inclusivity for the broader community.

FISCAL IMPACT
Funding for the new park identification signs is included as a part of each capital project.

ENVIRONMENTAL REVIEW
The California Environmental Quality Act (CEQA) only applies to projects which have the potential to cause a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA. (CEQA Guidelines §15061(b)(3)).

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

RESOLUTION NO. 26-169

APPROVING PARK NAME RECOMMENDATIONS

WHEREAS, during July 2025, the City solicited from the public park names for four new parks; and

WHEREAS, the Parks Naming Subcommittee met in April 2026 to review the name submissions along with names on the “active” list carried forward from 2024; and

WHEREAS, the Parks Naming Subcommittee and the Parks & Recreation Commission recommend four name recommendations, as follows:

1) FD-50 Neighborhood Park – Michael or Mike Zeigler Park, located in the Sierra Vista Specific Plan area;
2) JM-51 Neighborhood Park – Bernie Milmoe Park, located in the Sierra Vista Specific Plan area;
3) JM-52 Neighborhood Park – Hawks Landing, located in the Sierra Vista Specific Plan area; and
4) CO-61 Neighborhood Park – Ashbrook Park

WHEREAS, additionally, it is recommended that the newly renovated Children's Art Center located in Royer Park be renamed to The Art Center @ Royer Park.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Roseville that the names recommended by the Parks Naming Subcommittee are hereby approved.

Suggested Name Michael Stretch
*(Print or type the suggested name **exactly** how you would like it to read)*

Park Preference: ☐ Any park site ☑ JM-51 *(Specify park)*

If a name of an individual or family, number of years residing in Roseville _____

Reason for Suggestion *(Must be completed for consideration. If suggesting the name of a person, please include their number of years as a Roseville resident, their year of death, and explain the individual's substantial contributions to the quality of life in Roseville through volunteer service.):*

My wife and I are residents of Placer county and have resided in Roseville for a good number of years. My wife Lisa and Michael used to work together and the company was located in Placer county. At some point Michael changed careers and and was later hired as a representative of the BIA later becoming the CEO of the organization. His role allowed him to meet various orgainzations including developers and builders including the jurisdictional representives representing placer county. He was keen, outgoing energic and bright and was good at his craft. Unfortunatly Michael was diagnosed with a terminal illness and passed away at the age of sixty. He died on May 5, 2024. I believe Michael made an impact in the development of west Roseville while working for BIA. Michael's son Liam Stretch resides in Roseville directly across the street from the park designated JM-51. The goodness of people ones that contribute and help make things better for others was a testiment to how Michael Stretch lived. He was unique and we miss him. How wonderful to see a park named after

You are probably asking yourself who is Fred Barnett? Well he served the city for 30 years as the first city engineer and as director of public works. He was instrumental in planning the direction of Roseville from a city of about 10,000 at the time with the vison of what it has become with the likes of Santucci, Roccucci, Mahany, Hall, etc. It would be nice for him to enjoy a honor like this while he is able. Lets not forget the people that steered Roseville into what it is today!

Thank you for your consideration!

Michael

Subcommittee Review Comments:

Mike Strech passed away in 2024 after years of service working for the North State BIA. I have known Mike Strech for 39 years. For 34 of those years, I have resided in the city of Roseville. As a resident and close friend of Mike, I have personally seen the impact he has had on the city of Roseville. Through Mike's leadership and advocacy as President & CEO of the North State BIA since 2012, the City of Roseville has grown welcoming tens of thousands of new residents and building thousands of new homes across Roseville but particularly the explosive growth to the west. Additionally, Roseville was one of the first cities recognized with a Prohousing Designation from the California Department of Housing and Community Development, largely in part to the crucial advocacy work led by Mike and his team at the North State BIA over the years. Mike was well respected by coworkers, friends, and the community of Roseville. He worked well with the city of Roseville council members and Placer County board of supervisors in his efforts to improve the community. Mike's son Liam and wife Stephanie currently own a home in West Roseville near the park we are suggesting be named after Mike. It would be such an honor for the park to be named after Mike in the neighborhood where his son Liam lives and plans to raise a family. Thank you for your consideration.

I respectfully nominate Lauren A. Roberts Park for the naming of a Roseville park in recognition of her outstanding volunteer service and transformative contributions to community life. As the founder of Roseville Run Club, Ms. Roberts has built far more than a local fitness group - she has created a thriving, inclusive community that brings people together across all backgrounds. Through her unpaid leadership and tireless volunteer efforts, Ms. Roberts plans and hosts regular running events, wellness meetups, and neighborhood gatherings that encourage health, friendship, and civic pride. Her work has become a grassroot force for connection and belonging, embodying the spirit of Roseville itself.

Ms. Robert's impact goes well beyond fitness. Roseville Run Club provides a free and welcoming space where new residents find friendship, local businesses find support, and neighbors find purpose and encouragement. In a time when communities often feel disconnected, Ms. Roberts has created one that truly runs together - stronger, healthier, and united.

If name of an individual or family, number of years residing in Roseville 98 years

Reason for Suggestion: *(Must be completed for consideration. If suggesting the name of a person, please include their number of years as a Roseville resident, their year of death, and explain the individual's substantial contributions to the quality of life in Roseville through volunteer service.)*:

To whom it may concern,
I would like to nominate my father, Robert (Bob) Seawell Sr., a lifelong Roseville resident born in 1924. Died in 2022
Bob was an active member of the community and youth sports programs most of his life and helped shape Roseville into what it is today. His mother, Mildred Brown, the daughter of a RR train engineer, was part of the first graduating class of Roseville high school. She became a local teacher and volunteered at Roseville's first Library, now known as the Carnegie museum. His father, Senator J.L. Seawell spent his life first working for the Southern Pacific RR out of Roseville, then with the urging of his fellow railroad workers, entered into public service. First in the Roseville area, and soon represented the Northern California region, then the entire state. In 1940, J.L. Seawell was nominated to run for US president and was one of 6 finalist in the 1940 republican presidential primary. Bob learned from watching his father who instilled upon him that hard work will get you places and doing for others is one of the highest forms of satisfaction.

Please see the attached pages for additional info on how Bob helped shape the modern City of Roseville

Subcommittee Review Comments:

Roseville Park Naming suggestions

Cont.

Bob first volunteered as a page during the summers while in high school at the state capitol where his father worked.

He graduated Roseville High school in 1943, where he played Football, basketball, and Baseball. He was voted captain of the Football team. Right after graduation, Bob, like so many other Roseville youth, volunteered for the military. He served in the Navy on the USS Proteus, a submarine Tender and sub fleet command ship as a signalman in the south Pacific till the end of WWII. His ship was in Tokyo bay during the Japanese surrender and took part in the process of accepted the surrender of the Japanese submarines and their crews as they tied up alongside his ship. Bob was one of the small teams of crewmates (prize crews) who would then board the sureendered subs and move them away were they could do no harm.

Upon his return to Roseville, he attended and graduated from Placer College in 1948 where he also played on the football team. While in college, he and a few buddies filled out the paperwork to become a chartered 20/30 club. They were accepted and opened up the Roseville 20/30 club charter #36, where Bob served as presi dent. The 20/30 club's goals were to promote fundraisers to help dis-advantaged children in the area and provide support for local community events. This charter is still active in the Roseville and south Placer county region. Bob enjoyed volunteering his time and resources to the benefit of others who were in need.

Bob married his wife of 65 years, Joyce in 1950, but was soon recalled back into the Navy during the Korean War conflict where he served on a 45' picket patrol boat. After the Korean war, Bob retuned back to Roseville and went to work in his father's Real Estate business. He and Joyce soon after started a family. In the early '60s, Bob and his wife Joyce together founded Roseville Community Projects. Together with friends in the community, they put on fund raisers, like antique shows, etc. to raise funds to bring the Arts to Roseville. They wanted to expose both children and adults to the arts. They invited local artist to display their works in town, started a theater group, and soon had a large group of volunteers actively working to enhance the town they lived in. Although no longer called Roseville Community Projects, the organization has split off into various art and theater organizations still active in Roseville.

Bob helped file the papers to get the first Little League International charter to Roseville, where he was asked by the other founding members to be President. But having too many other obligations, he soon passed the presidency on to the Vice President and stepped down.

In 1960, Bob was asked to help coach the local Roseville High School Football team. Bob loved instilling football skills and knowledge onto the high school kids. After some years, he found that he actually liked coaching the freshman and JV teams more than the varsity. He could see the younger kids eager to learn new football skills and pay attention, the varsity kids thought they knew everything already. Bob also taught those kids good life habits, respect, and steered them away from trouble. Once smoking cigarettes was determined to be dangerous, Bob would bench his players, or even cut them from the

team if he caught them smoking anywhere at school, or in town, at least during Football season. Bob volunteered his time as a Football coach for 28 years, until 1988.

In the early '70's, Bob sold his real estate business to partner Fred Festerson. Around that same time, Roseville high school's lights around the football field no longer met current standards for brightness and the Roseville team had to play it's night games over at their rival's high school, Oakmont. Roseville was still a fairly small town at that time and School district did not have enough funds to upgrade the field and buy new lights, so Bob and another coach, started the Roseville High School Booster Club, whose goal was to raise funds for the football field and other team sports. Bob served as its first president, and a few more times over the years and donated hundreds, if not thousands of hours of his time and energy to meet the goal of the new lights and improved stadium. He met with most every local business owner and got the whole town behind the project. It took many years, but they finally met their goal with updated lights at the high school and the RHS Tiger Booster Club is still going strong all these years later.

Bob also volunteered his time as an official and lane timer at the local Roseville Recreational swim team, the Sugar Bears, Saturday swim meets. Bob also volunteered as a timer at Roseville High home track meets. Bob was also one of the oldest living members and supporters of the Roseville High School Alumni Association..

During the time that he spent with the various youth sports, he helped influence thousands of Roseville's youth to work hard in school, work hard in sports, be respectful to others, and how to be productive members of our community. A few years ago I had a car on display at one of the many "Downtown Tuesday Night" events. A man about 15 years older than myself walked up and asked if Coach Seawell was related to me. He had seen my last name on the car show window card with my name and year of car. I replied he is my father. He walked up and shook my hand and told me how "Coach" helped steer him from the wrong path and that he is here today because my dad pushed him hard to stay in school and those early decisions made him the man he is today. My Eyes got misty, I told him I would. That was the first time I witnessed how my dad actually had a positive effect on his past players lives. Bob would occasionally get a call from former kids he coached who may have drank too much and would give them a ride home. Of course he would give them an earful all the way home as well as thank them for making the decision to call him and not drive..

Bob was also a longtime Roseville Lion's Club member and club president, as was his father. When Roseville was awarded the All America City award in the late 60's, my dad was out there with about 6 other volunteers who represented the other non-profit organizations in town digging post holes in the summer sun to cement the " All American City" sign out there in front of Roseville Square on Douglas Blvd. He dragged me along with him that day and I watched. They were so proud of that sign.

Around 1976/77, Bob was serving on the Roseville Planning Commission, an appointed position if I recall. During that time, there was a big vote coming up for the planning commission on whether to let a large computer company open a manufacturing plant in Roseville and hire nearly a thousand workers, or vote no to keep the town small, just like it is. The commission was split, my dad was the deciding vote.

Both sides were working on him daily to see their point of view. It was a big decision. I was a senior at Roseville High then, my dad asked me my thoughts and he explained what could happen in both scenarios. He said I"m one of those upcoming generations who'll have to live and work in this town after the vote. I told him I know a lot of people having trouble finding local jobs, or the railroad is always on strike every few years and nobody is working. I told him it would be nice to have someplace local that is growing and can pay good wages and can keep the town employed. Bob cast his vote that night to open up the town to the computer company. Within a few years, It seemed like Roseville had doubled in size and everyone was working, new homes, new businesses. Now Roseville is rated as one of the best cities to live in nearly every year. The schools are well funded, and it's known as one of the safest cities to live in. I attribute much of that to that one Planning Commission vote of Bob Seawell, who spent most of his life volunteering nearly all his spare time organizing and guiding local Non-profit groups and helping shape its youth, and helped shape the growth of Roseville from an old Railroad town, to a shining city we can all be proud of.

I think the city should name one of the new parks, **Seawell Park**. It would be much deserved.

Thank you from the Seawell family.

Although Mike was not a resident of Roseville, he represented Roseville's interests and had significant influence in the growth and development of Roseville, particularly West Roseville. Mike worked at and served as President and CEO of the North State Building Industry Association for many years until his medical retirement late 2023. In this role, Mike made significant contributions promoting the economic interests and responsible development and growth of Roseville and its communities and creating home ownership opportunities for residents. The naming of this park after Mike would be a fitting tribute and legacy to his family, friends, and the community. Mike's son, Liam, lives across from this park and is also involved in the building industry. Mike was a wonderful individual personally and professionally. A person of great integrity and character. I worked with Mike in the insurance

Subcommittee Review Comments:

Proposal to Name a Park in Honor of Mattie Kay Bell

My name is Randy Bell, and I am writing to respectfully propose that the City of Roseville consider naming a park in honor of my late mother, **Mattie Kay Bell**, in recognition of her extraordinary spirit, community service, and enduring legacy within the city.

Mattie lived in Roseville for over 20 years. During that time, her husband, **Richard Bell**, worked for Roseville Telephone, and they made Roseville their beloved home. Despite losing both of her legs due to health complications, Mattie remained a vibrant and dedicated member of the community. She co-founded the **Sacramento Women's Amputee Group** and volunteered extensively at **Roseville Hospital** through the Junior Auxiliary. Her courage and compassion continue to inspire everyone who knew her.

To honor her resilience and service, I would love to see a park named in her memory, ideally one that includes a **dedicated play area for children who were born without limbs or have lost limbs**. This would be a tribute not only to Mattie's life but also to others facing similar challenges.

I would also be honored to support this project with a **financial donation** toward the construction of such an inclusive playground.

I would welcome the opportunity to discuss this vision further and explore how we might bring it to life in partnership with the city. Please feel free to contact me at your convenience.

Thank you very much for your consideration.

Warm regards,
Randy Bell

Mattie, you are a treasure to all of us! Love, the Bennetts

Messenger of hope

Mattie Bell lost one leg, then another, to a rare disease. Then came the real battle.

By Marilyn Pribus
Special to The Bee

FOUR YEARS AGO Mattie Bell was leading a busy, happy life. Married to her childhood sweetheart, the 46-year-old Roseville woman worked at Mervyn's, was active in church and family life and enjoyed all sorts of craft work. Then her doctor delivered devastating news: She would have to have her right leg amputated below the knee.

Many people facing such a sentence would simply throw up their hands in despair, but not Mattie Bell. She is one of Sacramento's unsung heroes, an optimistic and serene woman who has overcome personal calamity and is now helping others in a very practical way.

Her serenity has been hard won over the past four years. The three months following the diagnosis of the relatively rare condition were grim times. "It was something called Charcot's Joint," Bell says. "My ankle bone was disintegrating — just floating away in my blood stream."

Her leg grew more and more swollen and painful. "I had no quality of life," she continues. "All I could do was lie around, but I was so scared to have it done. I wished there was someone I really could talk to. I didn't know what life would bring. I was very depressed."

"A serious depression is very normal with the loss of any body part," says Dr. Michael Klein, the Carmichael orthopedic surgeon who performed Bell's surgery. He lists trauma, arteriosclerosis and complications of diabetes as the most common causes of amputation. "Mattie's problem," he explains, "developed from diabetes-related poor circulation which kills blood vessels and nerves."

In 1987, the last year for which there are complete figures, there were 8,842 amputations reported by hospitals in California, according to Art Ellis, research analyst with the state Department of Health. Of those, nearly 3,000 were fingers or toes, leaving close to 6,000 major amputations.

There is a period of mourning after any amputation, Klein says, "but Mattie went through it with flying colors." She was home within a week of her amputation, almost as cheerful as before. "I'd dealt with it in the three months between the diagnosis and the operation," she says. "As soon as it was over, it was over."

Bell's spotless house is filled with crafts she has made. "I just hopped into a class with my walker and one leg and learned tole painting," Bell says. "Boy, did that save my life."

SOON, HOWEVER, crafts weren't enough. A four-year employee at Mervyn's, she set a primary goal of returning to work. Klein discouraged her, fearing she'd injure herself. "Finally," she says, "after lots of argument I said, 'I'll make a deal with you. You don't tell me what I can't do and I won't tell you how to be a doctor.'"

Four months after her surgery,

See HOPE, page F3

Bee/John Trotter

Mattie Bell visits a patient whose right leg was amputated eight days earlier.

Hope

Continued from page F1

newly fitted with a prosthesis, she was indeed back at Mervyn's. For a while she worked in gift wraps — "Nice because I'm so artsy-craftsy" — and today she works 25-30 hours a week as a clerk in the store's customer service office. In 1987 she was the Roseville store's Employee of the Year.

Soon, at Klein's request, Bell was visiting his patients with pending or recent amputations, providing them with the voice of experience she'd so desperately wanted and demonstrating that an amputation does not diminish the prospects of a full and happy life.

In May 1987, two years after her amputation, disaster struck again. Bell started having problems with her left leg. "I thought: *No! It can't happen again*," she says. "I'd been so very careful, never went barefoot and tried to avoid injuries." She was hospitalized in a futile attempt to dissolve blood clots. Finally, Klein diagnosed Charcot's again.

Even today, she shudders. "At that point," she confesses, "I just didn't want to go on. It was *twice* as bad as the first time. I'd have *no* legs. What would I do? I wouldn't be able to go back to work. I didn't want to have the amputation. I just really truly wanted to die."

She and her husband, Dick, an employee of the Roseville Telephone Co., were wed at 18. After 30 years of marriage, he begged her not to talk of death. Her two married daughters pleaded with her. But it was her son, Randy, who changed her mind.

Randy, a recently married Sacramento DJ, was then 20 and single. "He came home from Canada to be with me," says Bell, "and one day he said, 'Mom, do you know what you're saying? You will never meet my wife. You will never see my children. You'll never know about my life.'"

She grows a bit teary even now and says, "After he left I lay there thinking, 'He's right. He's really right.' I don't think he knew until the other day that he was the one who made a difference."

She went ahead with the second amputation, also below the knee, and was fitted with two new legs.

Within four months of the second surgery she was back at work and once again calling on other amputees to offer support. "It's really rewarding," she says, "and it's really stressful. I identify with them every time." She shakes her head and sighs. "The things they're saying to me. . . . It's really hard. Sometimes I go out and cry all the way home."

Nevertheless, she persists in reaching out to others who can benefit from her very real understanding. At first some patients aren't convinced she's a bilateral amputee, for unless she's tired, Bell's gait is quite natural.

"One time," she recalls with a mischievous grin, "this lady didn't believe me. My slacks had tight cuffs so I couldn't pull them up to show her my prostheses. I had to drop my pants to prove it to her!"

ONE OF THE PEOPLE Bell has visited is Bill McGinnis, 55, a diabetic like Bell, who had one leg amputated in 1983 and the other in September. "I was down in the dumps," he says. "I'd been a sportsman and a fisherman and it seemed like there wasn't much left with both legs gone."

Then Bell walked in. "I was astonished at the things she could do," McGinnis remembers. "She told me I could walk again and drive and fish, and I just made up my mind that I would."

McGinnis is now walking on his own, occasionally using a crutch for balance. "Talking to Mattie was really a key," he says. "Now when people say I can't do something I just say, Bullcorn! Let 'em try to hold me back!"

Today Bell drives her own car without special controls and devotes many hours to helping others through individual visits and also through SWAG — the Sacramento Women's Amputee Support Group.

And there is now a new goal on Bell's horizon. In January she will start classes at Sierra Community College aiming for a degree in counseling.

"She's a real dynamic lady," Klein says. "She's taught me a lot about facing adversity. She's a walking example that there is life after amputation."

MARILYN PRIBUS is a frequent contributor to Scene. She lives in Fair Oaks.

Where to find help

THE SACRAMENTO Women's Amputee Group was formed in 1988. Eleanor Caton, 70, who became an above-the-knee amputee three years ago, said she had sought such a support group but when many frustrating phone calls revealed no appropriate group, her husband encouraged her to form one.

So she contacted women whose names she obtained from makers of prosthetics. One was Mattie Bell, who went to Caton's house that very day. The two have cooperated ever since, finding meeting places and speakers.

SWAG is for women only. "We feel we can talk better," Caton says. "We can cry and discuss personal things — using rest rooms, for example."

While Bell visits hospital patients, Caton spends several hours a week on the phone providing support to those with no way to get to the meetings. "I have a different outlook since the day I started it," she says. "It's important being with people who know *exactly* how you feel."

SWAG meets at American River Hospital on the third Saturday of each month from 10:30 a.m. to 12:30 p.m. If you or your group could help with a donation or transportation or for more information, call Caton at 966-2543. For a sample newsletter write to SWAG at 5635 Fairvale Way, Orangevale CA 95662. A self-addressed, stamped envelope would be appreciated.

Northern California Amputee Network The U.C.D. Medical Center has recently formed a support group for men and women. It meets on the first Wednesday of each month at 7 p.m. in the Orthopedic Clinic Library, 2230 Stockton Blvd. For information contact Paula Madeheim, Head Nurse Orthopedic Outpatient Facility, at 453-7790.

Pioneer family that settled in Roseville in approximately 1851. Josiah G Gould traveled around the horn and eventually scouted the area. He then traveled across country to New York and then traveled back across the country with his family and settled in the area now known as Walerga and PFE Road. The farm/ranch ownership passed down through 3 additional family members until sometime in the 1950's. The family home/house still stands today and many Gould Family members still reside in and call Roseville "Home". There is mention of the Gould Family in the book titled: Images of Roseville (Copyright 2010 by Roseville Historical Society).

July 29,2025

Roseville Area CHAMBER of COMMERCE
650 Douglas Blvd.
Roseville, CA 95678

To Whom it May Concern,

It is my pleasure to nominate Wendy Gerig's name for a Roseville park. As the former Roseville Area Chamber of Commerce CEO, Wendy has utilized her platform in many ways to support Placer County for over twenty eight years.

Wendy has earned the respect of her peers and serves as a role model in several ways. Wendy started the Leadership Roseville program twenty-nine years ago; a program designed to educate and develop effective community leaders who help create a spirit of cooperation for the resolution of future community challenges in Placer County.

Wendy also brought SPLASH to Roseville, which will be celebrating its 29th year in 2025. SPLASH is an evening featuring restaurants, wineries, breweries and live bands in Roseville. The Chamber has partnered with The City of Roseville every year on this event, with a portion of the proceeds going towards the City's At-Risk Youth Programs. To date the Chamber has donated over $425,000 to the City of Roseville's At-Risk youth.

Wendy has served on the Board of Directors for Placer Valley Tourism, Rotary Club of Roseville, the Downtown Merchants and participates every year in the Tommy Apostolos shopping day fundraiser which helps children in need find warm winter clothing. Wendy is a proud Supporter of KidsFirst, an organization whose mission it is to treat and prevent child abuse through education, advocacy and counseling.

Wendy contributes to improving and enhancing lives of not only residents in Placer County, but she is also an advocate for our business community. Wendy's relationship with the City of Roseville has truly laid the groundwork for how Roseville operates. Wendy also believes in preserving Historic Roseville and keeping it a place where small businesses can thrive and conduct business. Through her many strategic partnerships, she has helped set Roseville apart from other cities. Prior to Roseville, Wendy served as the CEO of the Benicia Chamber of Commerce and has been actively invested in Chamber life since her High School years.

Wendy has been recognized by several large and small organizations for her various services, both professional and charitable. She was honored by the Sutter Solano Medical Center Foundation for serving on their Board of Trustees from 1985 until 1990. Wendy was also honored for serving on the Board of Directors from 1996 until 2003 by the Western Association of Chamber Executives. Advantage Roseville has recognized Wendy for her distinguished leadership and community partnership in promoting job creation and capital investment in Roseville. Wendy has also led the Roseville Area Chamber of Commerce to a 5 Star Accreditation by the US Chamber of Commerce. Roseville is the only 5-star accredited Chamber in Northern California. On top of the 5-star accreditation, the Roseville Area Chamber has been awarded by Cal Chamber with the President's Circle award eight years in a row under Wendy's guidance.

Wendy makes all of these investments in our community look effortless. She works tirelessly to get the job done and never expects credit for doing so. My hope with this park named after her, is to recognize a woman who has truly made a difference in Placer County. It is because of her vision, execution and follow through that Roseville is what it is today.

Sincerely,

Amy Triplett

Interim CEO

NORTH STATE
BUILDING INDUSTRY
ASSOCIATION

July 29, 2025

City of Roseville
Office of the City Clerk
311 Vernon Street
Roseville, CA 95678

Sent via CityClerk@roseville.ca.us

To Whom It May Concern:

On behalf of the Board of Directors and our 530+ members, the North State Building Industry Association submits this recommendation for naming Roseville Park JM-51.

Proposed Honoree: *Michael Strech (1964 – 2024)*
Recommended Name: *Michael Strech Community Park*

During his distinguished career, Michael Strech championed the idea that great cities are built on two pillars: strong neighborhoods and attainable homeownership. No community benefited from this as much during his tenure as did the City of Roseville.

As President & CEO of the North State Building Industry Association (2013–2024), he worked closely with Roseville leaders, builders, and developers to create welcoming neighborhoods where families at every life stage could settle. Michael's collaborative approach helped deliver new parks, trail connections, and thoughtfully designed homes that now define Roseville's characteristic quality of life.

Michael believed a park is more than open space; it is the heart of a community where playgrounds, sports fields, and other amenities bring neighbors together and foster lifelong connections.

Thanks to his advocacy, thousands of Roseville households now enjoy first-time and move-up homeownership opportunities, proving that prosperity and livability can—and should—grow hand in hand.

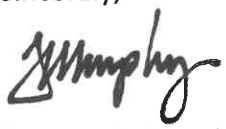

1536 Eureka Road
Roseville, CA 95661
o: 916 677 5717
northstatebia.org

Naming a park in Michael Strech's honor will:

- **Celebrate community-building.** The park will embody his conviction that accessible public spaces are essential to vibrant neighborhoods.
- **Affirm Roseville's commitment to homeownership.** It signals that the City values leaders who expand paths to owning a home and building generational stability.
- **Showcase Roseville's livability.** Visitors will see in the park's name a testament to the partnerships and foresight that make the city one of California's most desirable places to live.

A park bearing Michael Strech's name will stand as a lasting reminder of the power of partnership, vision, and perseverance in shaping a thriving, inclusive Roseville. It would be a fitting honor for a servant leader who championed Roseville quietly behind the scenes.

Sincerely,

Timothy A. Murphy
President and CEO

Wendy's contribution to this community is everywhere we look. As CEO of the Roseville Area Chamber of Commerce, Wendy helped champion pro-business policies, through Splash and the partnership with the City of Roseville raised Thousands of dollars for the AT-risk youth programs in the city and helped foster community and business relationships. Wendy brought 5-Star status to the chamber and the community. Wendy worked to make Roseville a friendly place to do business so that people could work in the community they lived in. Wendy knew what it meant to collaborate with City leaders around the region to champion pro-business issues. Naming a park after Wendy would let her know how much our community appreciates the time and energy she put into making Roseville a great place to live, work and play. It would give her a place to take her grand-children to play.

Reason for Suggestion *(Must be completed for consideration. If suggesting the name of a person, please include their number of years as a Roseville resident, their year of death, and explain the individual's substantial contributions to the quality of life in Roseville through volunteer service.):*

I am suggesting a park be dedicated to Mike because of his years of dedication to the growth of our city through residential development that gave families new opportunities to live, work and play in the Roseville area. Mike served as the president of the North State Building ~~Industry Association which is located here in Roseville. He had a passion for this community and its continued growth which included parks and places for people to recreate. It would be~~ fitting to name a park after him to commemorate his lasting impact on our community.

I chose this name because of the surrounding street names (Starfield, Supernova, Constellation, Milky Way). Also, Interstellar is one of my favorite movies ever. I have two daughters, ages 4 and 5 who will grow up in this neighborhood. The park will be one street over. Both of them share an interest in learing about space, stars, etc.

Suggested Name For a Park or Facility Within a Park

Suggested Name Michael Strech Park
*(Print or type the suggested name **exactly** how you would like it to read)*

Park Preference: ☐ Any park site ☑ JM-51 *(Specify park)*

If a name of an individual or family, number of years residing in Roseville _____

Reason for Suggestion *(Must be completed for consideration. If suggesting the name of a person, please include their number of years as a Roseville resident, their year of death, and explain the individual's substantial contributions to the quality of life in Roseville through volunteer service.):*

Michael Strech dedicated over a decade of his life to the North State Building Industry Association, where he worked tirelessly to support the growth and development of West Roseville. His efforts helped turn open land into neighborhoods, and blueprints into homes. He was a bridge between home builders and government, ensuring that families could find a place to live, grow, and thrive in our city.

But Michael's story is more than professional achievement. It's deeply personal. He was diagnosed with Glioblastoma at just 59 years old and passed away within the year. Despite his illness, he remained committed to his work and to the community he loved. Today, his son lives directly across the street from JM-51 Park, and his grandchildren—Michael's legacy—will one day play in that park. Naming it after their grandfather would be a powerful and lasting tribute, not only for his family but for the entire community that benefits from his work.

Attention Parks, Recreation & Libraries

July 28,2025

I am suggesting that the name for new park JM-51 be Michael Strech Park. Mike passed away in 2024 from a brain tumor. He worked in Roseville on Eureka Road at the home builder advocacy group as President/ CEO for North State Building Industry Association. He was head of North State BIA for 12 years from 2011-2023 until he fell ill. Mike spent a great deal of time with and in the Roseville City Community while laying out the groundwork for the continued prosperity of new home construction that continues to expand in Roseville. Along with advocating for homebuilders and construction entities, he also advised the HomeAid charitable organization that built The Taylor House for Roseville foster youth and many other Placer County dignified housing organizations, he was also involved with expanding career opportunities with the Building Careers Foundation to continue expansive growth of home building construction industry. Mike was substantially involved as liaison to many Roseville based home construction and construction industry support businesses.

Mike Strech was all in on heading a Roseville organization that did a lot of good for the Roseville community.

Please take a favorable recommendation to name JM51 as Michael Strech Park

Sincerely,

Craig Marshall

Re: Renaming JM-51(Shimmer Falls Dr and Lakehaven Dr) to Michael Strech Park

I'm writing to express my full support to rename JM-51, in honor of our dear friend Michael Strech, who suddenly passed away from a brain tumor in May of 2024. Mike and his wife Laura, along with their kids Liam and Erin, have been close family friends of ours since 1998, and he is greatly missed. This memorialization won't erase all of our grief, but it is a meaningful way for his legacy to live on. Some of our fondest memories are of Mike when he was our kid's soccer and baseball coach, leading the kids to success (or at least fun!) in parks just like this one. It would mean the world to us if his memory was honored in this way, and other families could learn of his generosity, humor and contribution to his community.

I also had the privilege of working with Mike at the CA Building Industry Association from 2006 - 2010, and he had many times expressed his pride with all the amazing work he has done in championing the Roseville community as the CEO of the North State Building Industry Association, who has its office in Roseville. He always spoke fondly of Roseville as his home-away-from-home during his long workdays, and I know his loved ones would enjoy visiting this special place bearing his name.

Thank you for your consideration,

Peggy Marshall

Re: **Ruth Burgess Park**

To the Roseville Park Naming Committee:

I am writing to you not only as the current President of the Rotary Club of Roseville, but also as someone who had the privilege of witnessing Ruth Burgess's extraordinary impact on this community. On behalf of our club, and with the support of many in the civic, educational, and health communities, I respectfully submit this letter recommending that a city park be named in her honor.

Ruth Burgess was a force for good in Roseville—a pioneering leader, passionate health educator, and an unwavering advocate for children and families. Her legacy is one of meaningful, measurable change, and it continues to inspire those of us who follow in her footsteps.

Ruth broke new ground as the **first** woman to join the Rotary Club of Roseville, and in 2002–2003, she became its third **female president**. She was a trailblazer who brought both compassion and innovation to her leadership.

One of Ruth's most lasting contributions was co-founding "Miles of Smiles", a preventive dental health program that became a cornerstone of our club's service. Under her guidance, the program reached more than 5,500 local students, applied over 8,000 dental sealants, and referred hundreds for follow-up care. Ruth herself personally educated over 900 children in the classroom—work that helped lead to a measurable decline in untreated dental issues across the district.

Ruth's contributions were recognized county-wide when she received the **Champion of Public Health Award** from Placer County in 2017. But her service didn't stop at our city limits. She was a dedicated advocate for PolioPlus, Rotary International's global initiative to eradicate polio, raising funds and awareness with characteristic passion.

Beyond the numbers and awards, Ruth led with empathy and purpose. She mentored Rotarians, worked closely with school officials, and always believed in lifting up others. She embodied the Rotary motto, Service Above Self, in every sense.

Naming a park after Ruth Burgess would be a fitting tribute to someone whose life's work was about building a healthier, more compassionate community. It would also serve as a visible reminder to future generations that one person, driven by service and care, can truly make a difference.

We would be honored to appear before the committee to speak further on Ruth's behalf, or provide any additional information to support this nomination.

With sincere thanks for your consideration,

Bruce Kerr
President, Rotary Club of Roseville

Rotary Club of Roseville

Monday, July 28, 2025

To Whom It May Concern;

My name is Rob Saxe, and I am a Past President of both the Rotary Club of Roseville and the Rotary Club of Roseville Foundation. I am writing to request your support for naming a park or a suitable public space in honor of our esteemed fellow Rotarian, Ruth Burgess.

Ruth was a trailblazer in our community, dedicating over 30 years to making a lasting impact. Through her unwavering commitment to the "Miles of Smiles" program, she facilitated free dental care to underserved children in Roseville, transforming countless lives in the process. Her tireless work did not go unnoticed; both the Placer County Board of Supervisors and the Roseville City Council have formally acknowledged her contributions.

As a Rotarian, Ruth was a mentor and leader, inspiring others to step into roles of leadership within our club. Her influence extended far beyond the Rotary meetings, with her leadership sparking numerous community service projects that touched every corner of Roseville.

Though Ruth is no longer with us, her legacy continues to resonate through the lives of those she mentored and the community she served. She exemplified the true spirit of service, much like John Piches, Del Stephenson and David Fiddyment, leaving behind a model of selflessness for others to follow. Her work will forever remain a cornerstone of the good done for the children and community of Roseville.

I humbly ask for your support in naming a space that will honor Ruth's remarkable contributions to our city, ensuring her influence continues to inspire generations to come.

Thank you for your time and consideration.

Warm regards,

Rob Saxe

To whom it may concern,

Please let this serve as a letter of recommendation for Ruth Burgess. I had the pleasure of working with Ruth until the time of her passing through the Rotary Club of Roseville and Sutter Roseville Hospital Foundation.

Ruth certainly had a passion for Rotary and giving back to the children in our community. The Rotary Club of Roseville's Miles of Smiles program that she developed and executed over the years has been invaluable and benefited so many underserved young children in our community who would not have otherwise received dental screenings. Ruth coordinated with Placer County Health and Human Services and our local dentists who volunteered their time and became devoted to the program.

Ruth was a tireless worker who put others first and was admired by her fellow Rotarian members.

Without hesitation, I would recommend that Ruth Burgess be considered for a future park named in the City of Roseville.

Sincerely,

Carol C. Garcia

Re: *Letter of Support for Park Naming Application -- Ruth Burgess*

Dear Councilmembers:

I write to express my strong support for the application to name one of Roseville's new city parks in honor of Ruth Burgess. I first met Ruth approximately 10 years ago when I joined the Roseville Rotary Club. Ruth quickly learned my name, made a point to seek me out at each meeting and helped me to connect with other members and learn about the abundant volunteer opportunities and projects afforded by Rotary.

A long-time Roseville resident, Ruth embodied Rotary's motto of "Service Above Self" which emphasizes the importance of prioritizing the needs of others and putting them before one's own self-interest. Among her long list of volunteer activities, Ruth founded the Miles of Smiles program in 2000, which has provided free dental screenings and sealants to thousands of elementary school students throughout Roseville.

Ruth truly had a servant's heart, and her passing was a great loss to not only the Roseville Rotary Club but the entire Roseville community. I can think of no better way to recognize her many years of service than naming one of our City's beautiful parks in her honor.

Very truly yours,

RE: Nomination to Name a City Park in Honor of Ruth Burgess

Dear Members of the Park Naming Committee,

On behalf of the Rotary Club of Roseville and with the full support of many in our civic and educational communities, I am writing to respectfully nominate the late **Ruth Burgess** for the honor of having a park named after her.

Ruth Burgess was a pioneering community leader, health educator, and tireless advocate for children and families in Roseville. Her decades of service reflect the highest ideals of civic duty and public health advancement—and her legacy has tangibly improved the lives of thousands of local residents.

Among her many accomplishments:

- **Trailblazer in Civic Leadership**: Ruth was the **first woman to join the Rotary Club of Roseville** and later served as its **President in 2002–2003**, becoming the third woman to hold that role. She broke barriers and set a powerful example for female leadership in our community.

- **Champion of Public Health**: Ruth co-founded *Miles of Smiles*, a preventive dental health program that became a signature initiative of the Rotary Club of Roseville. The program screened more than **5,500 children**, applied over **8,000 sealants**, and referred hundreds of students for urgent dental care. She personally educated over **900 children** in classrooms about dental hygiene and health.

- **Recognition and Impact**: In 2017, Ruth received Placer County's *Champion of Public Health Award* for her extraordinary work. Her program contributed to a measurable decline in untreated dental issues among local students over a 13-year period—demonstrating the power of community-driven public health.

- **Support for Global Health Initiatives**: Ruth was also a passionate supporter of **PolioPlus**, Rotary International's global campaign to eradicate polio, helping

raise funds and awareness for this life-changing effort.

- **Legacy of Compassion and Commitment**: Whether presenting to the Roseville City School District Board or mentoring fellow Rotarians, Ruth exemplified empathy, leadership, and service.

Naming a park after Ruth Burgess would honor a woman who gave so much of herself to the betterment of Roseville. It would serve as an enduring symbol of what one individual can do to improve a community—not just for today, but for generations to come.

We would be honored to appear before the committee or provide additional materials to support this nomination. Thank you for your consideration.

Park Naming Committee
City of Roseville
Roseville, CA

RE: Nomination to Name a City Park in Honor of Ruth Burgess

Dear Members of the Park Naming Committee,

Thousands of Roseville children have better teeth because of Ruth Burgess and at least 400 or more had the pain in their teeth reduced so they could concentrate on their school studies instead of thinking of the pain in their teeth. In a 2008 report Miles of Smiles had already found 336 children in need of urgent dental care. This is only the first seven years.

This because of the Miles of Smiles program that Ruth Burgess was instrumental in starting and championing each year until her death.

I first started working Miles of Smiles when I moved to Roseville in 2004 and worked every year until we finished the project about 2020. I was one of the Club Photographers and also every year worked checking children's permission slips. In this function I talked with a majority of children examined.

Not only did Miles of Smiles administer sealants but we checked for those who needed immediate dental and oral medical attention. On many occasions I had to turn away from children because I did not want them to see the tears in my eyes. Many of the students were in need of immediate emergency treatment and were in obvious pain. Thru Miles of Smiles coordination with the Dental Society these children were able to get help. Without this program that Ruth started these children would have remained in pain.

Ruth Burgess is one of the nicest and most deserving Roseville citizens to ever have been nominated to have a park named after them.

Thank you,

John C. Smith
Chief of Police Retired

Roseville Parks naming committee,

I'm very pleased to offer the following for consideration to name a City of Roseville Park in her name and honor.

Ruth was an amazing Rotarian with a "big heart" who knew no boundaries for helping people and especially children whenever needed in Roseville and regionally.

Ruth was a "volunteer in service to others". And, to do so, she gave freely of her time and was involved in many community groups in Roseville. Likewise, she gave selflessly of her time in a variety of leadership roles to those organizations.

Among the many of these was with our Roseville Rotary Club. Ruth was the first woman to join our Club when Rotary International changed their membership policy to "allow women to be a Rotarian". Over the years she would serve our Club in many ways including serving on the Board of Directors, as Secretary and as President. And to recognize her for her long-years of "Service Above Self" she was recognized by our Club as a Rotarian of the Year as well as was inducted into the Rotary District 5180 Hall of Fame.

Among all the services that Ruth was involved with in Roseville, was the program that she created – and that she was particularly proud of – known as the Roseville Rotary Club's Miles of Smiles Program: an annual dental program for young children. To honor Ruth, our Club renamed it the: Ruth Burgess Miles of Smiles Program.

And, following her passing in 2018, our Club recognized her with a Memorial Tree planted in her name and to honor her services to Roseville. A tree that grows today, standing near the entrance of the Roseville Maidu Regional Park.

With best regards,
David Breninger
Rotarian since 1973

Suggested Name For a Park or Facility Within a Park

Suggested Name Michael Strech Park
*(Print or type the suggested name **exactly** how you would like it to read)*

Park Preference: ☐ Any park site ☑ JM-51 *(Specify park)*

If a name of an individual or family, number of years residing in Roseville _____

Reason for Suggestion *(Must be completed for consideration. If suggesting the name of a person, please include their number of years as a Roseville resident, their year of death, and explain the individual's substantial contributions to the quality of life in Roseville through volunteer service.):*

Michael Strech devoted more than a decade of his career to the Northern California Building Industry Association, where he was instrumental in driving the expansion of West Roseville and its neighboring communities. By building strong bridges between home builders and city and state governments, he helped ensure a steady flow of new housing—and laid the foundation for the vibrant neighborhoods we see today, including the one that now surrounds JM-51 Park.

At age 59, Michael received a diagnosis of glioblastoma while still serving the BIA, and he passed away within the year, leaving behind his devoted family. His son—who lives just across the street from JM-51—holds onto the hope that one day his own children (Michael's grandchildren) will enjoy that park, which proudly carries their grandfather's name. Michael's impact on the Roseville community lives on every time a new family moves into West

Subcommittee Review Comments:

Bernie Milmoe Biography

Bernie Milmoe was born September 28, 1946, in New Jersey. He is the 5th of 8 children. His father, Alexander, was a civil engineer and his mother, Florence, a registered nurse. His paternal and maternal grandparents immigrated to the United States from Ireland and Lithuania in 1887. Bernie grew up Catholic, attending parochial schools through the 8th grade. Sports were his passion in high school, playing track, wrestling and football. He played defense (all-star linebacker) and offense (quarterback) on the football team. Bernie's hometown in New Jersey was Deal on the Jersey shore. Summers involved time at the beach, including installing piling in the ocean and highway construction. Bernie attended University of Western Kentucky in Bowling Green while on an athletic scholarship with the wrestling team and later transferred to Miami Dade College where he continued wrestling where he was an AAU champion. Bernie graduated with a degree in mortuary science and his first occupation was as a mortician. While in Miami, Bernie met Arleen Miller in 1967, and they were married in 1970. In 1972, Bernie and Arlene decided to move to Northern California. They settled in the Bay Area where Bernie found employment with Xerox Corporation as a salesman. Their daughter Kelly was born in 1975. While in California, Bernie would discover the Sierra Nevada mountains and as a sports enthusiast, he quickly became an expert downhill skier, a passion he enjoyed for more than 45 years. Those weekend ski trips meant passing through Roseville enroute to Palisades Tahoe fka Squaw Valley. Wanting to be closer to the mountains and skiing, Bernie and Arlene moved to Roseville in 1979. Bernie and his friend Dan Fitzgerald opened a photocopy business on Riverside Blvd in 1979 called Copy Depot. He and Dan owned and operated Copy Depot for more than 25 years before they retired. One of his major customers would become the City of Roseville and many other businesses in town.

It would not take long for Bernie to become active in the Roseville community. Bernie joined the Roseville Host Lions Club in 1983 and served as club President and Treasurer for multiple years. As an active member of Lions for more than 43 years, Bernie worked all kinds of projects, meeting many people and making friends along the way. Bernie has lived more than 46 years in Roseville and is proud to call Roseville his home. Arleen also worked at a crossing guard for school children for 25 years. Bernie and Arleen are proud parents of Kelly. She attended Roseville public schools and graduated from Roseville High School in 1993. Kelly obtained her teaching credential at Chico State and her first job was as a Spanish teacher at Roseville High School. Kelly later transitioned

into administration as an educator, serving as a vice principal at Adams Middle School in Brentwood, principal at Liberty High School in Oakley, and Assistant Superintendent of Special Education in the Livermore Valley Joint Unified School District. Kelly met Dan Manke while attending Chico State. They were married in 1999, and they have two children, Rylie and Dillon. When Bernie is not volunteering his time, he does enjoy spending time with the family, sports and keeping in good shape and health, which includes morning walks of about five miles per day.

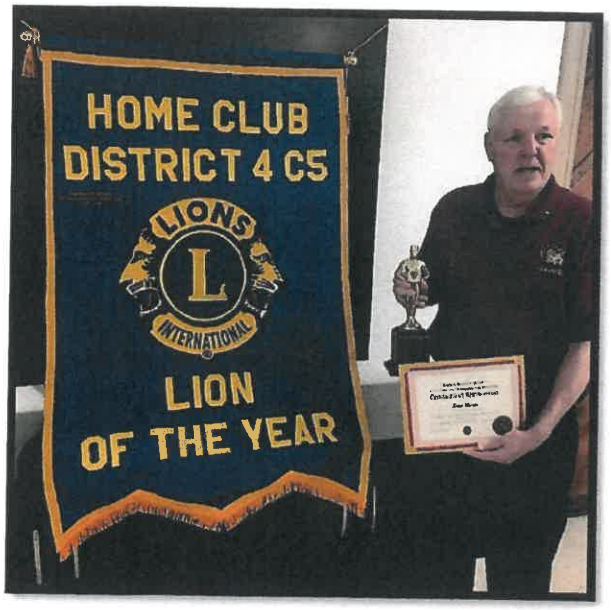

Record of Volunteerism and Community Service

Lion Bernie- As a leader of the Roseville Host Lions Club, Bernie has been recognized by the Roseville Host Lions Club (Approximately 25 members) ; the District (Known as 4-C5, consisting of 46 Lions Clubs in Sacramento, Placer, El Dorado, Yolo, and Nevada Counties-approximately 1,200 members) California Lions Clubs, known as MD-4, with 14 districts statewide, consisting of 730 Lions clubs with an estimated 20,000 members; and by Lions Clubs International (49,000 clubs worldwide in over 200 countries with total membership of 1.4 million) for his achievements as a Lion. The Roseville Host Lions Club, chartered in 1925, recently celebrated 100 years of service to the Roseville community. Over the years, many members of the Roseville Host Lions Club have served the community with distinction, including mayors, council members, city manager, police chief, fire chief and many rank-and-file employees.

For more than 43 years, Bernie has been a dedicated Roseville Host Lion. He has served as club president twice, as club treasurer and as a member of the board of directors for many years and served on many projects and committees. A twice annual fundraiser for the Roseville Host Lions Club for many decades was the crab feeds where Bernie served as the emcee and trained teenage youth as servers. He has been honored as Roseville Host Lion of the Year multiple times and been honored with the highest Lions honor, multiple times as a Melvin Jones Fellow.

At the District level, Bernie as served as a Cabinet Treasurer and as a Zone Chairman. He has also participated and led projects which raise funds for leadership training within the district. The district honored Bernie as Lion of the Year in 2016. The statewide Lions Organization (known as MD-4) also honored Bernie as Lion of the Year for his statewide achievements statewide in 2017.

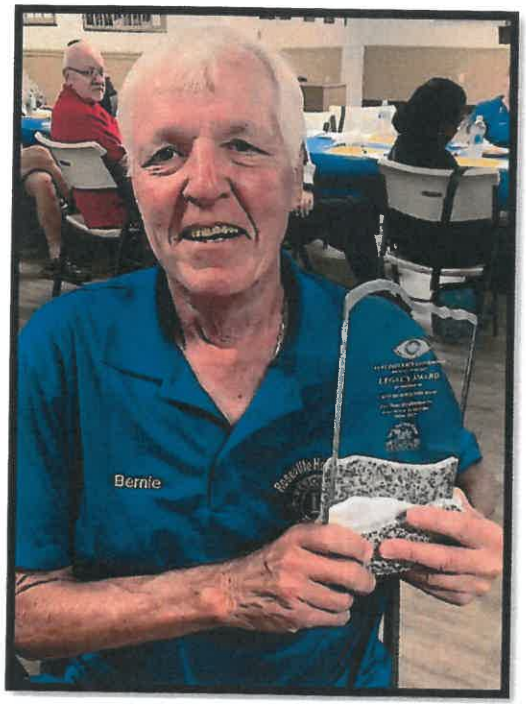

Volunteer Service Awards

2016 District 4-C5 "Lion of the Year" Award.

2017 MD-4 "Lion of the Year" Award.

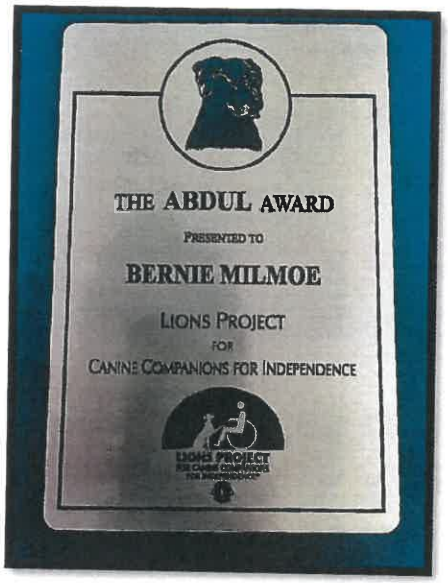

2024-2025 District 4-C5 "Legacy" Award for his dedication to community service.

Youth Exchange- Bernie and Arleen have been active over the years in hosting exchange students from Europe and Asia as part of the Lions Organization. They hosted multiple barbecues and swim parties to greet and welcome foreign exchange student in their home in Roseville. As a Lions Project, the Youth Exchange Program also promotes children of Lions to go to Europe and Asia for the Summer to explore other cultures. Their daughter Kelly participated, and she spent a Summer in Finland and other Summers in Australia and New Zealand.

Canine Companions- Canine Companions for Independence (CCI) is a national non-profit organization headquartered in Santa Rosa, California. Its purpose is to provide free service dogs to individuals who have physical handicaps, which aid in day-to-day living and companionship—essentially improving the quality of life for persons with disabilities in our communities, including Roseville. Bernie has been involved in CCI for more than 40 years. For about 10 years, Berne and Arleen served as "puppy raisers" where they would care for and train "puppies" provided by CCI, which in turn they would later be given back to CCI for further training and placement with disabled individuals. In addition to service as a puppy raiser, Bernie served as International President of the Board of Directors of Lions Project for Canine Companions for Independence (LPCCI) in 1989. Bernie's leadership helped raise over $650,000 over a period of 25 years through annual crab feeds at the Grounds--Jones Hall and in Citrus Heights, serving as chairman of the committee and the emcee of the events. Bernie has been honored by CCI with an Abdul Award for his support. Since it was founded in 1975, CCI has placed over 7,700 assistance dogs.

Received Canine Companions for Independence "Abdul" Award for his support over the years.

Tommy Apostolos Fund (TAF)- TAF is a Roseville based non-profit founded in 1988, which raises funds to pay for and distribute new clothing to needy children in Roseville at an annual shopping event in December. Each year, over 500 needy Roseville children receive new clothing. Over $1million has been raised to purchase the cloths. As a Lion, Bernie became aware of the Tommy Apostolos Fund, which is a charity unique to Roseville. Members of the Lions Club were employees and affiliated with Roseville Telephone Company, which is where TAF originated. The TAF would evolve over time and Bernie joined the Board of the TAF. Bernie has attended the TAF Board meetings for many years. His role is to help with the event (distribute cloths to the kids in December) and with the fundraiser dinner which raises funds to purchase the cloths for the children. At the event, Bernie and many of the volunteers he recruited from Lions and other civic groups, help with crowd control and to get the children matched with volunteer shoppers. At the fundraiser, Bernie volunteered his Lions club members and friends to tend bar at the fundraiser dinner, allowing all profits from the bar help pay for more cloths for the kids at the shopping event.

Annual Tommy Apostolos Fund "Kids Shopping Day" at Kohls.

Serving bar at the annual Tommy Apostolos Fund dinner fundraiser. Lions Club profits are donated to the Tommy Apostolos Fund.

Roseville Community Christmas Food Basket Project- Through his leadership as a Lion, Bernie expanded what was a small Lions only project that provided food to a hand full of families during Thanksgiving to a much larger project that has grown into to a community event and tradition of more than 40 years and continues to this day. The food boxes are always delivered on the Saturday before Christmas, including sometimes on Christmas eve. On average, and for more than 30 years, more than 500 Roseville needy families each year receive food that is delivered to their homes by community volunteers. To ensure that as many boxes as possible are delivered, Bernie formed a group of Lions to make phone calls in English and in Spanish to each family, letting them know of the delivery day and time. Whether a family of 1 (1 box) or a family of 10 or more people (5 or more boxes), enough food is provided to feed each family for week during Christmas time. In addition to canned goods, the boxes include eggs, fresh fruit, milk, potatoes, bread, and meat, including frozen turkey or other poultry.

It is estimated that since 1995, more than 12,000 Roseville needy families have received food delivered to their homes. Using his leadership skills, Bernie has cultivated relationships to build and train an army of volunteers to fill and deliver the food boxes and to pay for the cost of all of the food. Bernie never takes credit but is generous in giving credit to others. This is not a Lions event, but a community project involving most of the other service clubs in town, local businesses, our schools, the city and county, our churches and thousands of individual volunteers who fill and deliver the food boxes to needy Roseville citizens. For over 30 years, Bernie has never left or considered leaving Roseville for a family vacation in December because this community project has always been his highest priority.

Explaining to student volunteers how to fill the boxes with food. items.

Moving food filled boxes with a dolly.

Roseville Community Christmas Food Basket Project

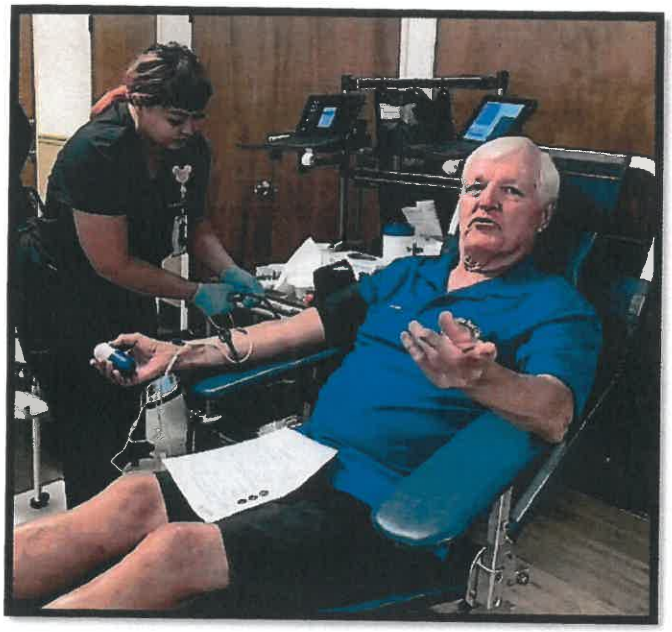

Going over paper details for delivering food boxes to families.

Filled food boxes ready for the volunteers to start delivering them to families.

Blood Donations- For many years, the Lions encourage their members to give blood and set up a special account to keep track of donations. Among the most generous of donors within the Lions community, Bernie has given, so far, 145 units (pints) of blood on a schedule of every six weeks for over 18 years.

Donating blood during one of the Lions Club blood drives.

Other Interesting Facts- Bernie is a big Raiders fan. He was classmates in high school with Phil Vilipiano and his brothers and Bernie's brothers were like family. After Vilipano became an Oakland Raider, they would stay connected and attend Raiders games and other activities.

Park Naming- If honored with a park naming, and if a theme or component of the park is to be considered to reflect something unique or special about Bernie, possible suggestions might be a food theme-assisting the hungry in our community, a Lion (Lions Club), a Golden Retriever (CCI) or a sports theme, football, wrestling, downhill skiing and general physical, including daily morning walks.

Youth and Community Service Projects- A common theme of Bernie's volunteerism is youth engagement and support. Additional youth support through the Roseville Host Lions Club includes active participation with the Boys and Girls Club for an annual Halloween party, reviewing hundreds of high school scholarship applications awarded each year to our local high schools for many decades, and participation at a Lions sponsored "Special Kids Day," an annual event benefitting special needs children and their families.

The following pages, 9-11, include photographs of Bernie helping fellow Roseville Host Lions Club members participate in youth and community service projects.

July 26, 2025

Dear Roseville City Council and Roseville Park Commissioners,

I am writing to formally recommend that a Roseville park be named in honor of a dear and longtime friend, Bernie Milmoe.

I had the privilege of growing up just a few streets away from the Milmoe family—Bernie, his wife Arlene, and their daughter Kelly, who has been a cherished friend of mine for many years. Bernie has always held a special place in my life and in the lives of many others in our community.

As a longtime Roseville resident and business owner, Bernie operated a local print shop for many years and was a committed community advocate. His contributions to Roseville have been numerous and deeply impactful. He was actively involved in organizations such as the Tommy Apostolis Fund, Canine Companions, and the Roseville Host Lions Club. Through the Lions Club, Bernie partnered with my family and others to provide Christmas food baskets to those in need—just one example of his generous and community-centered spirit.

Bernie's dedication to service, his kind heart, and the positive impact he made on so many lives make him truly deserving of this recognition. It would be a meaningful and fitting tribute to honor his legacy by naming a Roseville park after him.

Thank you for your time and thoughtful consideration.

Warm regards,

Tracie Denio

June 25, 2025

Members of the City Council and the City of Roseville Parks and Recreation Commission:

It has come to my attention that the Lions Club will submit an application to the City of Roseville in July to name a future park after Mr. Bernie Milmoe. Having worked with Bernie on many charitable projects, especially the Tommy Apostolos Fund, I am proud and pleased to support this effort. Bernie is a truly good man who continually works to serve others and help make Roseville a better place for everyone.

I'm confident others will recognize his significant contributions to the community; thank God for all his work with service organizations, philanthropies, and projects. What truly cannot be overstated, however, is how Bernie not only dedicates his time to helping others but also how he naturally and effectively builds relationships to involve others in his efforts. His sincerity, wisdom, professionalism, approachability, graciousness, wit, inclusive attitude, positive demeanor, and smile are the qualities of a genuinely effective servant leader. These are the qualities our community should honor and remember forever, especially during a season when our civic discourse and engagement feel so polarized and divisive.

Undoubtedly, others will be suggested and considered for future naming opportunities within the City. However, having lived in Roseville for nearly twenty-five years, while serving a parish, teaching at universities, and serving in the military, I've met few like Bernie. I wholeheartedly recommend him without hesitation.

Thank you in advance for your consideration. I would be honored to speak on his behalf again.

Most Respectfully,

Rev. Fr. Christopher Flesoras, Ph.D.
Priest, Saint Anna Parish
Wing Chaplain, Major, CAANG 195 Wing

June 19, 2025

To Whom It May Concern:

I am writing this letter on behalf of Bernie Milmoe, a 14 year friend of mine. I met Bernie in 2011 at a joint Roseville Host Lions and Roseville Kiwanis Club meeting to make plans for a combined crab feed fundraiser. Bernie brought experience, focus, and a light hearted presence to the meeting. I immediately recognized Bernie's leadership and commitment to the success of the event. The crab feed ended up successfully with all interrelated activities coming off as planned. After that we had a few more joint crab feeds together but more impressive was the collaborative efforts of his Lions and my Kiwanians to make a success of the Lions Club's Christmas Basket food donation program. Bernie was the leader of a group of volunteers who had major parts to play in making the event happen smoothly. To get food in place and volunteers to configure hundreds of boxes for packing and delivery it took great vision and leadership. And that was supplied by Bernie. Always approachable, on task, and a charitable soul, Bernie has been great to work with at every turn. I know he is involved in numerous other Lions and community events but has always been available to take my questions and noodle solutions with me. I know that Bernie has been a champion of service to our community well beyond what I have noted here. He has what we call in Kiwanis a "Heart for Service" in abundance. I would gladly stand for Bernie and applaud any recognition given to him for his many contributions to the welfare of our South Placer communities.

Sincerely,
John DeLury
Kiwanis Club of Roseville
Past President

June 18, 2025

To whom it may concern,

Please let this serve as a letter of recommendation for Bernie Milmoe. I have had the pleasure of working with Bernie over the decades as a community volunteer for The Tommy Apostolos Fund and the Holiday Food Basket Program through the Rotary Club of Roseville, where I am a long-term member.

Through Bernie's volunteer work, he has been intricately involved in our south Placer community and has solidified relationships with many of our community leaders, educators and members of local non-profit organizations. Bernie is a tireless worker who puts others first and is admired by his fellow Lions Club members.

Without hesitation, I would recommend that Bernie Milmoe be considered for a future park named in the City of Roseville.

Sincerely,

Carol C. Garcia

Carol C. Garcia
Former Mayor, City of Roseville

June 10, 2025

City of Roseville
Parks Recreation and Libraries
C/O Roseville Host Lions Club

Dear Members of the Park Naming Committee,

I am writing to express my enthusiastic support for honoring Lion Bernie Milmoe through the naming of a City park in Roseville. As a lifelong member of the Roseville community—born and raised in this city, a proud graduate of the Roseville High School Class of 1993, and later a faculty member at that same school—I have had the privilege of seeing the positive and lasting impact Bernie has had on generations of youth and families in our city. His tireless dedication to public service and international outreach has made Roseville a more connected, compassionate, and forward-thinking community.

Bernie's work with the Lions Youth Exchange Program, in particular, has touched countless lives, mine included. In 1991, through this program, I was given the remarkable opportunity to represent Roseville as a youth exchange student to Finland. The following year, I traveled to Australia and New Zealand through the same initiative. These were not merely summer trips—they were transformative life experiences that fundamentally shaped who I am today.

At a formative stage of my life, I found myself living with host families, adapting to new customs, and communicating across language and cultural barriers. These experiences taught me empathy, adaptability, and the deep value of cross-cultural understanding. They gave me the confidence to speak publicly, the curiosity to explore new languages, and the ability to connect meaningfully with people from all walks of life. They also ignited a lifelong passion for international engagement, which led me to pursue a degree in international relations and Spanish.

Today, that early exposure to global cultures continues to guide my personal and professional life. I lead student groups on international educational trips, and I travel extensively with my own family, always striving to deepen our appreciation for different

ways of life. These experiences continue to reaffirm the importance of global citizenship—an ideal that Bernie Milmoe has championed throughout his life of service.

Bernie's efforts helped open the world to young people like me, many of whom may never have otherwise had the opportunity to experience life beyond their home communities. He did so not for recognition, but out of a genuine belief in the power of connection, cultural exchange, and service. Naming a City park in his honor would not only recognize his extraordinary contributions but also create a lasting legacy—an everyday reminder to our residents of the values Bernie embodies: community, learning, service, and global understanding.

Thank you for your thoughtful consideration of this tribute. I wholeheartedly support this effort and hope you will join me in honoring a truly remarkable individual who has done so much to enrich the lives of others.

Thank you for your time and consideration.

Warm regards,

Kelly Manke
6340 Crystal Springs Circle
Discovery Bay, CA 94505
(925)984-4544

July 9, 2025

Dear Roseville Parks Recreation and Library Commission and Roseville City Council:

As a Lion, past International President of the Board of Directors of the Lions Project for Canine Companions for Independence (LPCCI) a local fundraiser chairman and a raiser of 20+ puppies, I am writing to endorse Bernie Milmoe for park naming recognition based on his many years of service to Canine Companions which have benefitted the local community.

Bernie has been a passionate advocate and volunteer with **Canine Companions** (formerly Canine Companions for Independence, or CCI), a national nonprofit that provides expertly trained service dogs to adults, children, and veterans with disabilities — entirely free of charge. Through his involvement with the **Lions Project for Canine Companions (LPCCI),** Bernie has helped raise awareness and critical funding for this life-changing mission. LPCCI, founded in 1983, is a Lions Club initiative that has contributed millions of dollars and countless volunteer hours to support Canine Companions' work across the country.

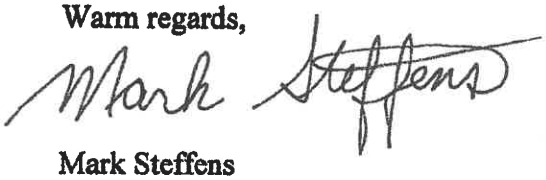

In addition to his service as a puppy raiser, Bernie chaired fundraising events in Roseville and Citrus Heights over a period of over 25 years, which raised in excess of $650,000 to help pay for the costs of training service dogs so that the recipients receive service dogs at no cost to them. Bernie has been presented with an Abdula Award conferred by CCI for his many years of service.

And yes, I can say with confidence that **Roseville residents are among those whose lives have been touched by these incredible dogs**. Whether through local puppy raisers, volunteers, or graduates of the program, the ripple effect of Canine Companions is very much alive in our community.

For those unfamiliar, Canine Companions trains Labrador and Golden Retriever service dogs to perform over 40 specialized tasks — from opening doors and retrieving dropped items to providing emotional support and enhancing independence. These dogs are matched with individuals after months of professional training and a rigorous team placement process. Since its founding in 1975, the organization has placed more than 8,000 service dog teams nationwide. More information about CCI can be obtained at its website- www.canine.org.

Bernie's work with LPCCI is more than volunteerism — it's a testament to the power of partnership between people and animals, and between service organizations and the communities they serve.

Warm regards,

Mark Steffens

City of Roseville City Council
City of Roseville Parks & Recreation Commission
311 Vernon Street
Roseville, CA 95678

Dear Mayor, members of the City Council and Parks & Recreation Commissioners,

I am writing to express my enthusiastic support for the nomination of Bernie Milmoe as the namesake for a future park in the City of Roseville. As Superintendent of the Roseville City School District, I have had the privilege of witnessing Bernie's tireless commitment to our community firsthand. His dedication, compassion, and leadership have made an enduring difference in the lives of countless Roseville residents—especially our most vulnerable children and families.

Bernie Milmoe has been a long-time volunteer and leader with the Tommy Apostolos Fund (TAF), a remarkable, local organization that supports underserved children from the Roseville City School District. Each year, Bernie plays an integral role in organizing the annual TAF Holiday Shopping Day, during which nearly 500 children are paired with volunteers to shop for warm winter clothing and shoes. This initiative not only meets critical needs, but it also brings joy and dignity to the children and families we serve.

In addition, Bernie chairs the annual Roseville Holiday Food Basket program through his service club. This massive undertaking involves months of coordination, as Bernie works with local businesses and nonprofit organizations to gather tons of food donations for families in need during the holiday season. He then oversees a team of volunteers—often numbering in the hundreds—to sort, pack, and deliver these holiday food baskets to homes throughout Roseville. It is an inspiring example of community solidarity made possible by Bernie's vision and leadership.

What makes Bernie's contributions truly exceptional is that he asks for nothing in return. He serves not for recognition, but out of genuine love for this community and a deep sense of civic responsibility. I can think of no one more deserving of the honor of having a public park named after them.

Naming a park after Bernie Milmoe would serve as a lasting tribute to a man who has given so much to Roseville. It would also remind future generations of the power of selfless service and the difference one individual can make.

Thank you for your consideration.

Sincerely,

Derk Garcia
Superintendent

To Whom It May Concern:

July 15, 2025

My name is Shaun Sanassarian and I am the Local Outreach Pastor for Bayside Churches. It is my pleasure to write a Letter for Bernie Millmoe. I met Bernie about 5 years ago during the Christmas Food Basket distribution. To see Bernie's dedication to this program and to what he does with Tommy Apostle is amazing.

Bernie has the ability to bring people together and get them serving for a common goal which is a trait that few people have.

I would be honored to drive by and see Bernie's name on a park and say that I had the opportunity to work with this individual and to know the impact and difference he made in the lives of so many in our community.

Blessings,

Pastor Shaun Sanassatoian

Letter of Recommendation for Mr. Bernie Milmoe

What a great honor to be asked to write a letter of recommendation for my friend, Bernie Milmoe. I've known Bernie for 20 years mainly through our favorite service "for others" organization, Lions Club. It would be impossible to count how many times we've worked together on a Lions Club project, but there are a few that we've worked on that standout, mainly because they've helped so many folks or made a difference in "his" community. Here are a few examples!

For a number of years, he has organized a Food Basket Give-away for the holidays. Folks representing their high schools, small businesses, retired community, service organizations and many more would gather at Roseville High School (among other places over the years) with food donations over a period of time. After the food was gathered and categorized, vegetables here, canned fruit there, turkey dressing over there, etc., the next phase of the give-a-way began. A hundred people or more would pick up an empty box, get a list of food to get and walk up and down the aisles, filling their boxes. Can't forget the donated turkeys and hams that Bernie would get donated. Very well organized because there were hundreds of families that would not be able to have a holiday dinner if it weren't for Bernie. He lived in Roseville and saw the need. Bernie was there helping every step of the way. Hundreds upon hundreds of boxes full of food would be delivered in a matter of hours. I am sure everyone who was involved was really tired at the end of the food delivery day except for Bernie. Like the energizer Bunny, Bernie's job wasn't finished until that last piece of trash was picked up and the last box of food delivered in "HIS" community, Roseville.

Another event that he was involved in that made a difference to many was the Thanksgiving meal we served to the folks who were burned out of their homes in Paradise, California in 2018. As a recent District Governor for our local Lions District, I knew of many people willing to help the folks who suffered catastrophic losses in the Camp Fire. One of those individuals was Bernie Milmoe and he suggested cooking a full-on Thanksgiving

Dinner and serve it in takeout containers. We asked the folks in charge of providing meal support how many folks we might be feeding this Thanksgiving meal to and the number came to a little over 1,000. Could we, do it? It certainly was a challenge but with Bernie and I in charge, it happened. Bernie took care of the food portion, and I was in charge of logistics. If I remember right, 100 turkeys were cooked, besides all the fixings, peas, pot upon pot of mashed potatoes, dressing, gravy and pumpkin pie to everyone. Bernie's expertise and contacts came through that Thanksgiving Day. Thousand plus (hot and ready to eat) meals. Not a single complaint. Mmmm good.

Yep, Bernie Milmoe has every right to have a Park named after him. Because of him, many folks have had "a better day". Must have been the reason I selected him as **District Lion of the Year** in 2016. I know for a fact a Roseville City Park named after one of her most outstanding deserving citizens would be a deserving honor. Bernie Milmoe Park sure has a nice ring to it!!

July 23, 2025

Dear Roseville Parks and Recreation Commissioners, City Council and Mayor:

My children, born and raised in Roseville, benefited from great schools, lived in a nice part of town, and had working parents who were able to provide for most of their wants and needs. Not exactly spoiled, but they have lived a privileged childhood.

Since our kids (Evan, Laurel and Clarissa) were old enough to participate, my wife and I would involve them in an annual ritual we called the Christmas Food Basket Program. We would help our kids fill a few of the many hundreds of boxes with food items and take a few boxes to our minivan. Then as a family, we would drive to deliver the boxes to parts of town that were not always so nice and take the boxes to the front door, knock, and greet and set the boxes inside and wish everyone a Merry Christmas. We would then go back to the facility and repeat the same process several more times. We did this as a family for many years and although the kids have moved away as adults, when they are in town during Christmas visits, they still want to help deliver those food boxes.

This experience helped my wife and I as parents teach many important valuable life lessons to our children. They learned through observation that not all children and parents have nice things and live in big homes in nice neighborhoods. Not all children are able to have all the food they want to eat. Not all children have two parents to care for them. Not all children have their own bedrooms and sometimes there are several generations of people living together in very small dwellings. The homes they visit may not be clean by our standards or may smell different than our home. The people living in some of the home visited may speak a different language such as Russian or Spanish. They were able to observe what poverty is and better appreciate what they have. They understood at an early age that poverty exists most everywhere, including in Roseville.

In addition to understanding what poverty is, the other life lesson is to have empathy and compassion for those who are less fortunate. The Christmas spirit is about giving and not taking, which is a hard concept to teach children. The kids did not have money to buy things to give but could give by helping to deliver food to other kids and their parents who needed food, something we all take for granted. The Christmas Food Basket Program

helped me become a better parent and helped my children become better citizens with greater values. I think the same can be said for the thousands of volunteer parents and their children who have participated in this program over many decades.

Our kids did not understand that it takes money to buy all that food and as a Lion, I can attest that Bernie Milmoe works throughout the year, each and every year and for decades to solicit funds from various individuals, local businesses and non-profit organizations, including Rotary, Lions, Kiwanis, Soroptimists and others to raise money to buy all that food. I can attest that Bernie has built strong and lasting relationships with the Food Bank to provide food at greatly discounted prices. Over the years, the food distribution venue has changed, but Bernie has always located facilities at no cost because of long lasting relationships with the schools, churches, and businesses. Finally, over the years, Bernie has networked within the Lions community, most service clubs, churches, other non-profits and a large group of friends and friends of friends to build and grow an army of volunteers, necessary to fill and deliver the food baskets each year to help needy families in Roseville.

I wholeheartedly support naming a future city park in honor of Bernie Milmoe. There are many thousands of people in Roseville who have been touched by Bernie's selfless service to his community, not just for the Christmas food basket program, but for the many other volunteer activities that are referenced in the application.

Thank you again for considering this application.

Very truly yours,

Edward A. Smith

City of Roseville City Council
City of Roseville Parks & Recreation Committee
311 Vernon Street
Roseville, California 95678

Dear City Council/Parks & Recreation Committee:

It is my pleasure, on behalf of our team at Feeding the Foothills (formerly Placer Food Bank), to express our wholehearted support for naming a city park in honor of Bernie Milmore, whose extraordinary service and unwavering dedication have left a lasting impact on our community.

We have had the honor and pleasure of working with Bernie for the past 25+ years for the Holiday Gift Basket program. Bernie is a beacon of compassion for our Roseville community. Under his leadership and coordination, over the years, tens of thousands of needy Roseville families have received boxes of food from Roseville Host Lions Club through the Holiday Gift Basket program. Our team, led by Dave Martinez, Executive Director and Jorge Lupercio, Director of Operations, help in our small way behind the scenes while we have watched Bernie demonstrate exceptional leadership, compassion, and a deep commitment to improving lives of our residents – particularly our neighbors in need of food assistance.

We also recognize that Bernie touches so many lives in a positive and meaningful way through his work with the Roseville Host Lions Club ranging from youth programs to supporting other nonprofits in the area. He consistently goes above and beyond to make Roseville a better place for all.

Naming a public park after Bernie would be a meaningful and enduring way to honor his legacy. Roseville parks are special to us all and provide a special place of community, connections and fun, values that Bernie exemplifies in everything he does. It is fitting that such a space reflects the name of someone who has given so much to the heart and soul of our city.

We trust you will give serious consideration to this tribute, which would not only recognize Berne's contributions but also serve as an inspiration for future generations.

On behalf of our team here at Feeding the Foothills, we appreciate having the opportunity to express our endorsement of Bernie Milmoe.

Sincerely,

Lisa Heinrich

Lisa Heinrich
Director of Development & Communications

TOMMY
APOSTOLOS FUND

July 20, 2025

To the Roseville Parks Recreation and Library Commission, Mayor Bernasconi, and City Council Members,

I am writing with great enthusiasm to recommend Bernie Milmoe for consideration in a future park dedication. There is truly no better example of a committed community leader than Bernie, whose tireless work with the Roseville Host Lions Club and numerous local organizations has made a lasting impact on our city.

His involvement with the Tommy Apostolos Fund is one of the most outstanding examples of his dedication. For over 35 years, this program has provided clothing for hundreds of children in need during the holiday season. Bernie has been a cornerstone of this effort.

When I first stepped into the role of Executive Director of the Fund, Bernie welcomed me with encouragement, guidance, and kindness. He walked me through the workings of the program and offered unwavering support as I learned the ropes.

Bernie doesn't just show up, he leads by example. He recruits volunteers, helps manage child check-in lines, ensures the safety and smooth flow of events, shops alongside the children, and often personally monitors logistics to ensure a successful outcome. From selling tickets to organizing our fundraising bar, Bernie brings his signature smile and can-do spirit to every task.

During the pandemic, Bernie continued to lead, recruiting fellow Lions Club members to shop for children and personally helping deliver hundreds of goodie bags to local schools. He also visits campuses to encourage teachers to nominate students.

Whether it's promoting our cause, lifting spirits at board meetings, offering thoughtful input without overpowering others, or doing what needs to be done—like changing a lightbulb high above the Lions Club door—Bernie consistently goes above and beyond. When I asked him why he was on that ladder, he simply said, "Someone has to do it, and I had the time."

Naming a park after Bernie Milmoe is not just appropriate—it's the obvious choice. His steady presence, warm leadership, and unwavering service has touched countless lives in our community. Thank you for your consideration and for your continued support of the Tommy Apostolos Fund.

Hallie Romero
Executive Director, Tommy Apostolos Fund

Re: Recommendation to name one of 4 parks for Bernie Milmoe

Although I live in Nevada now, I will always consider Roseville my home. I served on the City Council from 1993 to 2002 and served as mayor twice. Our parks system was very often discussed at California League of Cities meetings, might I say envied. This and the fact that we received many requests from cities throughout the country asking for advice and assistance was a great source of pride. I am sure it still is. The tradition of naming a park after a resident as an acknowledgement of their contributions to and work for Roseville is also a source of pride.

I have known Bernie Milmoe for 45 years. Before retirement Bernie owned the Copy Depot on Riverside. His contributions to Roseville are too many to share with long descriptions. Bernie works on projects throughout the city often behind the scenes. He just gets the job done and makes sure the project is a success. He never looks for any accolades for himself.

One of the first projects where I worked with Bernie was the Christmas food baskets. That was when the food was sorted and staged for delivery in the Roseville High School gym. Bernie oversees the entire program and works his heart out. Bernie got the list of recipients and determined what and how much food to buy. Every year he solicits donations of food, in kind donations, equipment and money to make the program run. Bernie takes care of all the logistics and never hesitates to jump in to fill a need. At a time when organizations working together was not always the norm, Bernie reached out to all the service clubs in town for donations and help and they still do. He got the junior high and senior high school students involved. We were always very grateful for the football and wrestling teams when they showed up. Look how large the Christmas food basket program is now. For all these years Bernie got all these jobs done.

He and his wife, Arelene have been an integral part of Roseville Host Lions for over 45 years. He has held District and State offices in the Lions Club. I think Bernie and the Lions have tended bars for most of the events and fund raisers in the city.

He showed Roseville's hospitality by hosting pool parties for all the participants in the International Exchange program and there were many different groups every year.

He and Arlene worked with Canine Companions for Independence. They raised at least 3 puppies, training them and then giving them back to be placed.

To name just a few of the organizations that Bernie has worked with are the schools, Tommy Apostolos, Lost But Not Forgotten, Music in the Park, Rotary, Soroptimist, and many others.

Whatever the job, Bernie got it done. In his spare time, he totally supported the Roseville golf courses.

For all the people that Bernie has touched I ask that you name one of the 4 new parks after Bernie Milmoe.

Respectfully submitted,

Claudia Gamar Heinlein

Subcommittee Review Comments:

My husband, Michael Strech, was the CEO/Executive Director of the North State Building Industry Association (located in Roseville, CA) for eleven years (from 2012 through 2023). He was well respected by hundreds of NSBIA members within Roseville, Placer County and Sacramento and was a dedicated supporter of both the City of Roseville and Placer County. Michael was extremely committed to the success and development of the greater Roseville area and spent countless hours working with developers, city and county officials, and tradespeople to help make Roseville the much sought after community it is today. Michael lost his battle with brain cancer in May of 2024 at only sixty years of age. It would be an incredible tribute to him to have park JM-51 in the Sierra Vista neighborhood named after Michael in recognition of all that he has accomplished over the years to support and improve the City of Roseville. The location of the park also happens to be located across the street from our son's home on Shimmer Falls Drive. Our entire family appreciates your time and consideration in the naming process for park JM-51. Thank you.

Bizz Johnson lived in Roseville his entire life of 80 years where he attended the public school system. He was born in 1907 and passed away in 1988. He made substantial contributions to the quality of life in Roseville through volunteer service such as serving as City of Roseville Mayor and serving on the Roseville City School Board. He started serving on the Roseville City School Board in 1941 and was elected to the Roseville City Council in 1943 where served as the mayor of Roseville until 1949. He led the transformation of the longest rail to trail project in California. Bizz was a major proponent in getting the land for the Roseville Community Hospital donated. When serving in congress, he made the city of Roseville well-known in Washington D.C.. Bizz Johnson had a significant impact on the lives' of Roseville residents. As district chairman of the Brotherhood of Railway Clerks, serving as school trustee, city councilman, and the mayor of Roseville, he made his mark on the city forever, ensuring that his districts received more than its share of federal buildings, roads,

Michael Strech worked intently for over 10 years for the NorCal BIA (Building Industry Assocaiation) and was a driving force for the continued development of West Roseville and beyond. He helped bridge the gap between Home Builders and city and state governments to continue building and providing homes; developing the neighborhoods that make up West Roseville today. The neighborhood that JM-51 Park resides in, being one of those neighborhoods.

Michael was diagnosed with Glioblastoma at 59 years old while still working for the BIA and passed away within the year , succeeded by his family. His son lives across the street from JM-51 and hopes that one day his children (Michael's grandchildren) can play in a park that bears their Grandfather's name. The impact he had on the Roseville community speaks volumes by the increasing number of people who get to call West Roseville their home, as

My dad, John B. Allard II, served the City of Roseville in a multitude of ways for over 25 years. After he and my mom, Lisa, bought a home in Roseville in the late 80s, he started to plant roots in the community by serving on the Chamber of Commerce board. After joining the Roseville Planning Commission in 2001, my dad was appointed to fill a City Council vacancy in 2003. I will never forget sitting in the council chambers during his confirmation. My brother, 6 years old at the time, managed to get himself in front of the podium for public comment! Dad was elected to back-to-back four-year terms on the council in 2004 and 2008, serving through 2012. He was again elected in 2016 and then appointed Mayor in February 2019, a role he faithfully served through December 2020.

My dad's love for his community was something he shared with his family. My mom or one of us kids always joined him for ceremonies, ribbon cuttings, service projects, council meetings and even just picking up mail from City Hall. I especially liked tagging along as civic service piqued my interest from a young age. He encouraged me to run for student council, participate in Roseville's J.E.T. program, volunteer for service projects through school and church, etc. One summer, I spent several weekends canvassing Sun City Roseville for Supervisor Rocky Rockholm – not because I had to but because I wanted to. My dad instilled that in me.

But his commitment to public service wasn't limited to his role on City Council. He was involved with South Placer Transportation Management Association, Sutter Health's Placer County Community Advisory Board, William Jessup University community relations board, Acres of Hope Shelter for Women and Children, Roseville Community Health Foundation, Sacramento Valley Lincoln Club and the Gathering Inn...to name a few!

His commitment to the community was even more deeply rooted by being a local business owner for over 20 years. He and my mom owned and operated Molly Maid of Placer County through some high highs and some low lows, like the 2008 financial crisis and COVID. They provided quality service – and quality jobs – to so many in the Placer County area. I am proud to say I worked for them for over 10 years and got to see firsthand the level of commitment my dad had to his community.

I think something that's been slightly overlooked is his time as Mayor during 2020 as my dad led the City through the first year of COVID. Take a minute to reflect on the fear, the unknowns, the cultural and political tension. And yet, my dad's talking points focused on positivity, stability and safety. As a businessowner, he knew firsthand the pain caused by the shutdowns. And as someone with a deep love for the community of Roseville, he wanted to be part of the solution. Just 4 months prior to the COVID outbreak, he focused his State of the City address on the city's economy, quality of life, and growth. He was

dedicated to making Roseville a great place for families to plant roots, raise kids, and retire. And even through the challenges COVID presented, he remained dedicated to that.

Roseville was a very special place to grow up, for many reasons. But the cherry on top? My dad's 25+ years of service to our hometown. What a privilege it was to live in Roseville for so many years and watch my dad's efforts unfold – Downtown Revitalization, the Martha Riley Library, I-80 and I-65 widenings, the new SPCA shelter, the renovation and redevelopment of @thegrounds, and so much more!

To quote the City of Roseville Resolution of Commendation and Appreciation in 2020: *"John B. Allard II actively participated in decisions that helped build a strategically developed and fiscally-sound community renowned for being family-oriented with exceptional parks, shopping and businesses, and being a magnet for shoppers, diners, and youth sports, all while keeping a tight-knit community feel..."*

He and my mom moved to Wine Country a few years back to pursue a much-deserved retirement. He sold the business just a few months ago and spends a lot of his time gardening, doing house projects, reading and enjoying time with family and friends. But he will always be wired for service, no matter the scale. While I know he didn't need to, nor would he ask to, "go out on a high" – I'm pretty sure we were all wearing masks during his final council meeting – I firmly believe he deserves to be recognized for his service and dedication to this great city. My dad loved Roseville's love for parks, so what better way to honor him than with a park dedicated to his legacy?

Thanks for your consideration!

(Any park) John Clinton Park. Former City of Roseville Building Inspector. I was his caregiver during his final 2 years of life. He was an amazing individual. He'd lost a leg in a construction accident in the bay area. But losing a leg did not stop him from anything. He'd built a home, raised cattle and worked for the City of Roseville. Inspecting great projects such as Sunsplash, Auto-Mall and Galleria. On crutches with one leg. Unstoppable. He'd visit the Civic Center from time to see old colleagues, bring homemade beef jerky, and shared a cheesy joke. He'd let nothing stop him and he was incredibly generous person.I think he would be a good consideration. Thanks.

Michael Ziegler devoted most of his career to creating jobs for people with disabilities. A local business icon and entrepreneur, he joined PRIDE Industries in 1983, and under his passionate direction, the organization grew from 65 employees to more than 3,900 today, over 1,900 of whom have disabilities. PRIDE Industries has placed and supported successful employment for these thousands of people with disabilities at small businesses, Fortune 500 companies and government partners both locally and across the country. Mike was a visionary who surrounded himself with talented people. His impact on the communities PRIDE Industries serves and the PRIDE Industries family is immeasurable. He loved people and dedicated his life to making the world a better place by creating opportunities for people who need a helping hand. In a message to PRIDE Industries' Board of Directors and employees shortly before his passing in 2020, Mike said, "The best 36 years of my life have been spent devoted to PRIDE and our mission to create jobs for people with disabilities. The people I met along the way, both inside and outside of PRIDE, have helped transform a sleepy nonprofit organization into the largest nonprofit employer of people with disabilites in America."

Ma

Dear Residents of the City of Roseville,

I'm reaching out with an exciting opportunity to honor a truly remarkable member of our community, Tiny Hernandez.

Tiny has been more than just a local sports hero—he has been a cornerstone of Roseville for decades, someone who has earned respect for his kindness, integrity, and unwavering commitment to his family, friends, and community. Born and raised in Roseville, Tiny's love for his hometown and its people runs deep, and his contributions over the years continue to leave a lasting legacy.

Beyond his achievements on the field, Tiny dedicated himself to nurturing young athletes and fostering a sense of community. He managed and coached both Little League teams and soccer teams, guiding them to success while instilling values of teamwork and sportsmanship. His influence extended beyond coaching, as he is a respected mentor and a family-oriented man known for his integrity and kindness.

Tiny's dedication to our community extended beyond sports. For 20 years, he worked as a custodian at Roseville High School, where he became a beloved figure to countless students. Known affectionately as Mr. Hernandez, he touched the lives of so many with his kind-hearted nature and genuine care for others. His students remember him not only for his work but also for his warm, helpful spirit and his ability to make everyone feel valued. His impact at the school continues to live on in the memories of those who had the privilege of knowing him.

In addition to his time at the high school, Tiny worked for 20 years at the Roseville Railroad. His commitment to his job and his community continued to shine through, and his contributions at the railroad were just as significant as his other

roles. Tiny's work ethic, loyalty, and positive attitude made him a respected member of both the Roseville Railroad team and the larger Roseville community.

Tiny's deep commitment to his family is at the heart of everything he does. The values he embodied—love, respect, and dedication—are now carried on by us, his family, as we proudly continue the traditions he instilled in us. His legacy lives through the generations, strengthening the bond we share and ensuring that his spirit remains at the center of our family's life. Yet, his impact is not just limited to his own family—his guidance shapes the lives of countless young people in the community, leaving a positive influence that many still carry with them today.

To recognize his extraordinary contributions, we are starting a petition to name a park or street in Roseville after Tiny Hernandez. This tribute would celebrate not only his dedication to local sports but also his deep roots in our town and his lifelong commitment to those around him.

We'd love to hear from you! If you have personal stories or memories of Tiny, please share them. These reflections will highlight his profound impact and support our efforts to honor his legacy.

Please also consider sharing the petition with others who remember Tiny and wish to celebrate his positive influence and lasting contributions. Your support will help us ensure that his name and his values live on in Roseville for generations to come.

Thank you for helping us celebrate and honor a true family man, mentor, and Roseville legend.

Warm regards,

Marisa Hernandez

Mr. Tiny Hernandez: Petition to Name a Roseville Park or Street in His Honor

William 9 months ago

I think this man who's been a part of roseville's whole life he went back and help coach the younger kids after he graduated and got his own job and got his own career on a free time he helped the new generation of Roseville kids coming up which speaks volumes to his character and the big thing is the the two big booms that kind of happened in Roseville were all of a sudden a property at your house and property that you bought for 30 to 40,000 instantly was worth $200,000 and then the second boom it was worth $350 to 400,000 and he stayed through all that because he cared about Roseville and not only care about Roseville but he gave back to Roseville he gave his time to Roseville. To me it ain't much to ask for a street named after him or if there's a new park being built somewhere in Roseville that can be named after them or if they're rebuilding or tearing down and and fixing up a park that's already there like Weber Park they can rename it or if not the whole park they can always name and I mean like the the basketball court after I'm like they do at the schools where I mean the the the basketball court or the swimming pool or the the track field is in honor of so-and-so so there's a lot of different options at we can pay our respect to this man by naming something if not a street park if not a park at least knowing something that it seemed like football was something that's important in his life so can easily out of all the what eight high schools that are in Roseville right now one of them they can name the field the the board that keeps the points and time and everything so there's there's multiple ways that this can be done that everybody would

be happy and it wouldn't be taking away from anybody else who deserve to have their name up there too there's enough to go around for everybody

Tiny was the true spirit of Roseville 🏈

James 10 months ago

So, Mr. Hernandez worked at Oakmont when I went to school there. Except, I'd known him my whole life. Growing up at Richards and Clancey Fields, Hernandez's and DeMello's were always there. My dad and uncles all knew him and I am the same age as his son David, whom I grew up playing against (Dodgers vs Red Sox)... After high school baseball games he always asked how I did. Talked about the game and always said to say hi to my dad and grandparents. He showed interest even though his roots were Tigers and not Vikings. I'll always remember that. He was a great guy and a Pilar to the baseball community of Roseville.

Granddaughter seeks to honor Roseville's 'Tiny' Hernandez with lasting city tribute

Marisa Hernandez petitions Roseville to name a park or street after her grandfather, "Tiny" Hernandez, to honor his community impact.

Author: **Kailee Bryant**
Published: **1:43 PM PDT July 4, 2025**
Updated: **1:43 PM PDT July 4, 2025**

ROSEVILLE, Calif. — In Roseville, the name "Tiny" Hernandez carries a memorable legacy built on sports, service and community pride.

A former Roseville High School quarterback, longtime coach and custodian; participant on the first-ever Little League team, Roseville railyard worker and beloved community figure, Tiny's influence spans generations from Little League baseball fields to the heart of Historic Old Town Roseville.

Here's the Average Price of a 6-Hour Gutter Upgrade

You will be surprised how affordable it can be

Sponsored by HomeBuddy

Now, his granddaughter Marisa Hernandez is hoping the city will make his legacy permanent by naming a park or street after him.

"He was the Roseville High School quarterback. That's where it all started," Hernandez said. "But coaching — that was his life."

Tiny eventually worked as a custodian at Roseville High School and held a job working on the Roseville railroad, but coaching was something that fueled him to keep going while raising a family and working two jobs.

He mentored hundreds of kids in baseball and football over the decades, always showing up with a glove in one hand and gentle guidance in the other.

Credit: Credit: Marisa Hernandez

"People remember him teaching them how to throw a curveball," Hernandez said. "And the funny part is, we're still learning things about him. Someone recently said he was a great tennis player, and none of us even knew! He always surprises us."

To his great-grandchildren, he's simply grandpa — the one who gives the best hugs and never misses a family moment.

Hernandez shares the family was all born and still lives in Old Roseville to this day. The deep, multi-generational connection is part of why the family is pushing to honor his name in a lasting way in downtown Roseville.

His granddaughter has presented the idea to the City of Roseville, first by launching a petition with more than 500 signatures and comments.

"People are really spread out these days, but we've stayed in Roseville," Hernandez said. "That pride we have? That comes from grandpa."

The dream is to see his name on a park or a street, ideally in Historic Roseville, near the places where he spent decades giving back.

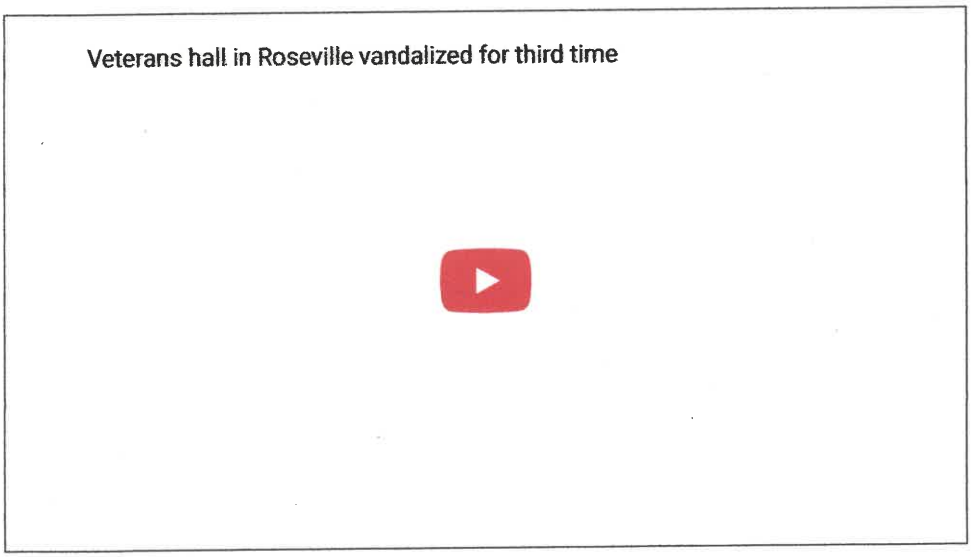

Credit: Credit: Marisa Hernandez

Whether it's a park, street or field, the family says it would be a symbol of the values he passed down: service, kindness and hometown pride.

City officials have yet to review the petition formally, but interest in Tiny's story continues to grow, especially on social media, where people from across the community are sharing memories of how he coached, encouraged and cared for them.

"We just love reading everyone's stories," Hernandez said. "That's how his legacy stays alive."

Monica Wyner:
"I remember in high school.. I swear every single time I wanted to cut class he would be right where I was leaving.. he asked me one day what I wanted to be when I grew up. I said a chef.. he said I can tell you this... being a chef is not down that road and pointed towards the crooked bridge.. he said it begin where you are at now. Now turn around and go back to class.."

Jim DeMello:
"So he worked at Oakmont while I was in school there. Except I'd known him my whole life. Growing up at Richards and Clancey Fields, Hernandez's and DeMello's were always there. My dad and uncles all knew him and I'm the same age as his boy David, whom I grew up playing against (Dodgers vs Red Sox). After high school baseball games he always asked how I did. Talked about the game and always said to say hi to my dad and grandparents. He showed interest even though his roots were Tigers not Vikings. I'll always remember that. He was a great guy and a pillar to the baseball community in Roseville."

Kriss Holtz:
"Tiny Hernandez, a local legend known for his kindness."

Jeff Fagerlie:
"Such an amazing coach and person. I played for Tiny on the Red Sox back in the late 70's. We moved out of the area soon after baseball was done. I saw him 12-13 years later and had a really nice conversation with him. At some point he asked me 'What's the most important thing in baseball?' That has stuck with me all these years."

Bill Thomas:
"Not everybody knows that Tiny was a good tennis player back in the late 50's. In fact, I owe my success in tennis to Tiny. I beat both Hank and Tiny in McGee's tennis tournament which propelled me into choosing tennis over baseball! Tiny was a good tennis player. His serve was strong and his groun strokes had power! Both Hank and Tiny could have been really good tennis players."

Marty McDowell:
"One of the nicest guys I've had the pleasure of knowing. Would love to sign this petition!!!"

Margaret Watson:
"Tiny was one of my favorite guys in High School class of 1960 – I used to help him with his homework or write tardy excuses for him. He was a great guy, a great friend and always looking for the good in people! I'm so sorry to hear we lost him. All the girls really liked him or had a crush on him, such a handsome nice guy all around! I will definitely sign the petition and hope it happens, he deserves the honor! We will all love and miss you Tiny for evermore! ❤️🙏❤️ Love this photo of him – you both look so good and happy!"

Erica Rivera:
"I am Tony Duran's niece and he was my uncle's coach back in the 60's and they ended up playing baseball when they were adults. They were very close and he stood up for my uncle in many occasions."

Sal Guerrero:
"Stealing third base in the senior majors they had me for a sure out. I did Tiny's famous hookslide was called safe. My coach asked me where the hell did you learn that that was awesome. I said the Red Sox Tiny Hernandez."

Mike Lewis:
"Loads of fun on the Red Sox with Tiny and Dave! Much respect for Tiny being out there with us for years on those hot afternoons. Happy for your family, Marisa! Great job for pushing this."

Mary Johnson:
"I went to school with Tiny for years, went to all the dances and he was always there dancing with all the girls! What a great person he is, very personable and he makes friends easy. Good luck with this! I hope they name the park after him, he deserves it. Mary Johnson class of 60!"

Ronald Easley:
"I am part of the Roseville High School family and I love Roseville."

Carin Frierson:
"Mr Hernandez impacted so many kids' lives in our community. He deserves recognition."

Jamie Lovins:
"He was an icon huge person in community."

Cody Peterson:
"I say both."

Gary Hexom:
"Tiny is a great guy he's a great role model. Always treated everyone with respect, a class act!"

Diane Chavez Russell:
"One of the best."

Brent Korff:
"Tiny was a great athlete and very kind to many of us slightly younger youth back in the day. I'll always admire him."

Leslie Huskison Arlett:
"A very good person."

Don Kaufman:
"A great guy. I played center in 59 when he was our quarterback."

Leslie Petersen:
"Awesome!"

Miguel Reyes:
"Not only was he a great athlete he is also a great guy. He coached and mentored many kids in the community after his playing days."

Bob Ramirez:
"One of the greatest men I know and respect. Helped whoever needed help – family, friends, and strangers. I can honestly say that he impacted my life and carried a piece of him as I have grown and matured to the person I am today. I love you Uncle Tiny! Thanks for always being there for us!!"

Phyllis Kellogg:
"Good for you Tiny. You deserve all of this. I remember a picture of you and Buddy La Port I think it wa: in the Brown Mug. I lived across the park from Buddy."

Ashley Serin (Principal, Roseville High School):
"Many of our staff remember Tiny and the impact he made on Roseville High School. I have forwarded the petition to our staff that knew him, so any who want can sign it! I wish you the best of luck in your endeavors to recognize your Grandpa in such a way!"

Anonymous (Messenger):
"In the 70s and 80s, certain fathers stood out for their ability to coach winning teams, and Tiny Hernandez was one of them. As a former athlete turned devoted father, Tiny was eager to pass on his

natural talent to his three athletic sons, who shared his passion for competition and success. The Hernandez family's loyalty to their favorite team was unwavering, much like their family bond. I want to express my deepest gratitude for his positive impact. I wholeheartedly support naming a park 'Tiny Hernandez Park' in recognition of his remarkable contributions. Thank you and God bless your family."

Comments After Tiny's Story Aired on ABC10:

Monica Wyner
"That whole thing made me cry"

Vincent Rocha
"That is so awesome"

Brent Mattix
"In a world filled with crappy stories in the news, what an awesome segment to honor Tiny. Kudos to Marisa for sharing good energy and being a positive advocate."

Michael Sparman
"That's awesome"

Martha Bravo
"I LOVE THIS!!!"

Danielle Neugebauer Williams
"This is so awesome! 💕"

Carlos Hernandez
"So proud of your Dad and your family. You have my support."

Gina Ramirez
"AMAZING 💞💞💞"

Matt Goodell
"Wow. Love it"

Brett Celeste Crick
"What a beautiful story of family devotion and love for the community of Roseville. I know he's already honored and proud of the love of his children and grandchildren. I hope they do name a park in his honor. It's truly deserved. You are blessed to be a part of such a loving family."

Jill Wain
"WOW. This is incredible! What an honor!"

Cyndi Hale
"So awesome. Good job, Marisa!"

Sheryl Smith to Tony Hernandez (Tiny's Son)
"That is so so cool..No wonder you (guys) are always wanting to help others. Like father like son. I thin I met your father one time at the Moose. You should be so extremely proud of him. What a blessing for a great father."

Lisa Abraham
"I love this! ❤️"

Mike Gardetto
"Thanks for sharing! Taught me how to field a ground ball. 😊❤️"

Steve Palos to Tony Hernandez
"Awesome Tony, your dad is the best. Great coach, great man, great father figure. Enjoyed the many years he coached us together."

John Ingrim
"That is awesome!"

Angie Cardona Torres
"I'm so happy that mi tío will have a street with his name!!! Love u all of you 🥰❤️❤️"

Charlie Bear
"He gets my vote. He is an exceptional man."

James Adams to Tony Hernandez
"What a wonderful role model to have as a father Tony Hernandez. You are very fortunate! 😎"

Shari Dyer
"Love this! Wish I could hug him! Wonderful tribute Marisa!!

Alena Bellah
"I agree he should be recognized for his dedication to the youth of Roseville!"

Sandra Boudreau
"Well earned!!"

Mary Johnson
"Loved the story! Tiny has always been a good man!!"

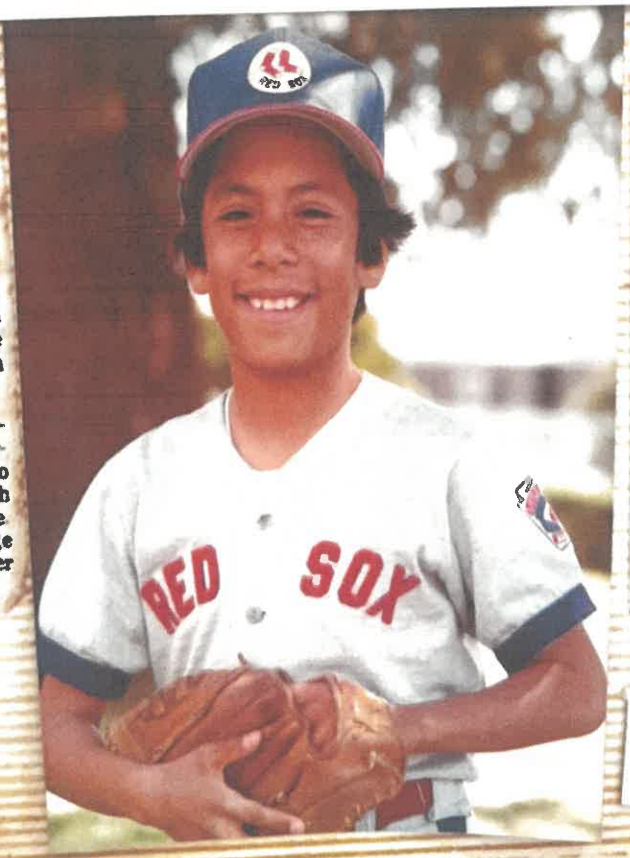

Virginia Barrow
"I love this story. Thank you."

The Red Sox scored all their runs in the first and third innings and then held off a late inning rally by the Dodgers to post a 10-7 win in last night's second game.

Tim McCormick notched the win with a strong start for the 'Sox including seven strikeouts and no hits, David Hollis mopped up. Robbie Stackman was tagged with the loss.

Brian Korn, Mark Hernandez, and Tim McCormick each rapped two singles for the Red Sox with Pat Oliva adding a double. James Rock, George Schlicting, and Tim Guter all had the Dodger hits.

Red Sox duc

Tim McCormick and David Hollis combined for another fine pitching performance last night to lead the Red Sox to a 14-2 win over the Cardinals.

The 'Sox one-two punch already had a no-no this year and last night earned the one-hit win, McCormick striking out seven men. John Azbill and Joe Flohr threw for the Cards.

Mike Hernandez topped the Red Sox hitting with a 3-5 night, McCormick driving in two runs with a double and Brian Korn adding a double. David Guerrero got the Cardinal hit.

Tiger JV grid rally fails, Miners hold off Roseville

ROSEVILLE — Time ran out on a last quarter rally for the Roseville High junior varsity football team as it dropped a Sierra Foothill League (SFL) contest to Nevada Union High.

Mitch Moore raced for a 40 yard touchdown run and quarterback Tim McDowell hit Darrell Weaver with a scoring pass in the final stanza, but it was not enough as the Tiger sophomores fell, 20-12.

"I felt we could of beat them if we had more time," Roseville Coach Don Hicks commented. "We played as well as they did. We just came up a little short on the scoreboard."

Nevada Union posted a 13-0 edge at halftime. The visiting Miners set up the first touchdown on a pass interception and tallied the second score on a long run.

The Tigers had two scoring opportunities nullified in the first half. They were stopped on Nevada Union's eight yard line by a pass interception and gave up the ball on downs at the one yard line.

Moore and McDowell anchored the Roseville offense. Moore carried the ball for close to 90 yards.

Joe Reaume, Jason Azlin and Mark Hernandez each snagged a pass interception to lead the Tiger defense.

Roseville, winless in the SFL with a 0-3-2 record, closes out the season Friday when it hosts cross-town rival Oakmont High for a 6 p.m. contest.

Roseville Eliminates Journal From Little League Tourney

Auburn Journal, winner of the Auburn Little League Championship Thursday, was eliminated from the Tournament of Champions Friday by the Roseville Red Sox after losing 7-1 at Roseville.

Jeff Baumen held Auburn to Steve Clausen's single in the third inning and one unearned run.

Roseville opened the bottom of the first with a single by Tim McCormic, who scored on a single by Chris Dembrosky. They added two more in the second, one in the third, and three in the fourth when Phillip Jaymes homered with Mark Hernandez and McCormic on base.

Mark Andrew pitched four innings for Auburn, allowing seven runs on six hits, five strike-outs and two walks. Kevin Andrews relieved him in the bottom of the fifth, giving

Dog Park Naming Nomination
Park Site: Campus Oaks Park Site Dog Park
Name Nomination: Arno Dog Park

On behalf of the Roseville Police Department and the Roseville Police Department K-9 Unit, we would like to nominate the name for Dog Park Site proposed for Denio Park in honor of retired Police K-9 Arno.

K-9 Arno entered police service in 1996 and was partnered with Officer Cal Walstad. K-9 Arno was cross trained in Patrol work and narcotics detection. K-9 Arno was a long haired German Shepard compared to the other short haired K-9's in the unit and as such was very large in appearance. K-9 Arno worked Patrol with Officer Walstad and also worked with our SWAT team when SWAT needed a K-9 during a critical incident. K-9 Arno became the first RPD K-9 assigned to work during the daytime as once Officer Walstad became a detective, K-9 Arno stayed in service for call out needs becoming the first (and only) RPD K-9 Detective. K-9 Arno was a common request for community demonstrations and events throughout his career. K-9 Arno was an award-winning K-9 as he and Officer Walstad participated in Police K-9 Competitions and the Police and Fire Games where K-9 Arno won the overall Gold Medal for the games. K-9 Arno retired from police service in 2008.

Our Police K-9 Unit has been in existence since the mid-1980's and has proudly served our Roseville community for over forty years. Our Police K-9's are beloved members of our Department and of our community. Without exception, the most requested team from our Department to attend community events is our K-9 Unit. Our K-9 teams touch the lives of thousands of members of our community through these community events. They are also the protectors of our Officers and often are sent into areas where it is unsafe to send our Officers. Our K-9's are there to protect our Officers and keep them safe which they do without fanfare every day. While I am currently our Chief, for many years I was our K-9 Unit Sergeant and K-9 Unit Lieutenant so I know firsthand the outstanding work of our K-9 teams.

The City of Roseville long ago began a tradition of naming our Dog Parks after our Police K-9's with Bear Dog Park and Marco Dog Park. Just last year, this tradition continued with the naming of our newest dog park in honor of K-9 Apollo. This is a fitting tribute to the service and sacrifice of our K-9's. On behalf of our Police Department and our K-9 Unit team members, both current and retired, I am respectfully requesting the park site to be named in honor of Police K-9 Arno.

Respectfully Submitted,

T Bergstrom

Hello City Clerk's Office...

Attached you'll find four nominations for naming our upcoming four dog parks in honor of past Roseville PD K-9's. This continues with the tradition of all of our dog parks being named after our K-9's. We nominated specific K-9's to the park sites Tara told me about and then we had the four K-9 officers (three of whom are retired RPD officers) select which park for their dogs...the retirees got to re-live their Patrol days since I had them pick based on their seniority as officers 😊 As these work their way through the naming process, please let me know if we need to be there to present our nominations to the Parks Commission and Council.

Thanks,

Troy

Dog Park Naming Nomination
Park Site: Saugstad Park Dog Park
Name Nomination: Eros Dog Park

On behalf of the Roseville Police Department and the Roseville Police Department K-9 Unit, we would like to nominate the name for Dog Park Site proposed for Saugstad Park in honor of retired Police K-9 Eros.

K-9 Eros came to RPD after a short career with the Royal Canadian Mounted Police and in April of 2021, K-9 Eros and his partner Officer Gage Lawley were certified in both Patrol work and Narcotics Detection. In his nine years of service with RPD, K-9 Eros was deployed over 1300 times and logged over 1900 hours of training. K-9 Eros participated in hundreds of demonstrations at schools, social organizations, and community events. K-9 Eros was involved in many major law enforcement responses, including the manhunt for the suspect in the shooting of two law enforcement officers in 2014. K-9 Eros was an outstanding ambassador for the Police Department and the City of Roseville until his retirement from police service in 2019. In retirement, K-9 Eros lived with Officer Lawley and his family until K-9 Eros passed away in April of 2024.

Our Police K-9 Unit has been in existence since the mid-1980's and has proudly served our Roseville community for over forty years. Dog Park Naming Nomination
Park Site: Denio Park Dog Park
Name Nomination: Fargo Dog Park

On behalf of the Roseville Police Department and the Roseville Police Department K-9 Unit, we would like to nominate the name for Dog Park Site proposed for Denio Park in honor of retired Police K-9 Fargo.

K-9 Fargo was born in 2000 in the Czech Republic. K-9 Fargo entered police service in 2002 and was assigned to Officer Josh Wheeler. As K-9 Fargo was a Czech Shepard he was a little smaller than our normal German Shepards, but he made up for his size with a tenacity for finding suspects. K-9 Fargo and Officer Wheeler had a knack of hanging around in the area where we'd lost a suspect long after other officers had cleared…only to have the suspect re-emerge from their hiding spot to be taken into custody by K-9 Fargo. In once instance, a suspect made an attempt to flee from K-9 Fargo and Officer Wheeler. While chasing after K-9 Fargo who was chasing after the suspect, Officer Wheeler rounded a corner to find the suspect hanging from a cement wall, but unable to complete his escape because K-9 Fargo was hanging off of him and preventing his escape. At the time of his working life, K-9 Fargo had more apprehensions than any other Police K-9 in its history. K-9 Fargo was also cross trained in narcotics detection and had more than 100 drug finds in his career. K-9 Fargo retired from police service in 2011 after a nine year career and lived with Officer Wheeler and his family until he passed away in 2013.

Our Police K-9 Unit has been in existence since the mid-1980's and has proudly served our Roseville community for over forty years. Our Police K-9's are beloved members of our Department and of our community. Without exception, the most requested team from our Department to attend community events is our K-9 Unit. Dog Park Naming Nomination
Park Site: Bill Hughes Dog Park
Name Nomination: Zig & Eivo Dog Park

On behalf of the Roseville Police Department and the Roseville Police Department K-9 Unit, we would like to nominate the name for Dog Park Site proposed for Bill Hughes Park in honor of retired Police K-9's Zig & Eivo.

This nomination is actually for one dog park to be named in honor of two Police K-9's Zig & Eivo. Officer Chris Nowicki served in the K-9 Unit for over twelve years and during that time was partnered with both K-9 Zig and K-9 Eivo. It would be a fitting tribute to both of Officer Nowicki's K-9 partners to be remembered together. In addition, this park site itself where the dog park will be located is named in honor of retired Roseville Police Lieutenant Bill Hughes who Officer Nowicki worked with during his career.

K-9 Zig was born in the Czech Republic in 1999 and was Officer Nowicki's first K-9 partner. K-9 Zig was cross trained in both Patrol work and narcotics detection and entered police service in 2000. During his career, K-9 Zig successfully found suspects on many occasions including those hiding in places exceptionally difficult to find. In one case, K-9 Zig tracked a commercial burglary suspect to the edge of a marsh where the suspect was completely hidden in the reeds and water. When K-9 Zig found him, the suspect tried to escape by swimming across the marsh. Undeterred, K-9 Zig continued into water and made the apprehension while swimming himself. K-9 Zig even turned into the nickname of one suspect who tried to escape at the end of a vehicle pursuit only to be caught by K-9 Zig. When the suspect arrived in prison, he was promptly given the nickname of "Zig Zag". K-9 Zig was also good at finding drugs including one case where K-9 Zig alerted to six ounces of cocaine hidden in a garage. Due to K-9 Zig's find, the drugs, over $10,000 in cash, and several vehicles were seized as part of a federal investigation. K-9 Zig retired from police service in 2005 dur to medical issues and passed away in 2009.

K-9 Eivo was Officer Nowicki's second K-9 partner and was also cross trained in Patrol work and narcotics detection. K-9 Eivo entered police service in 2005 and was on scene at numerous critical incidents including a barricaded homicide suspect and was on scene for the 2010 Galleria Mall Fire where Officer Nowicki and K-9 Eivo were deployed inside the mall with SWAT until the size of the fire forced them to evacuate. K-9 Eivo's presence resulted in numerous "no bite" apprehensions where the suspect surrendered solely because they heard the K-9 was there. During a deployment for a hidden domestic violence suspect, the suspect had complete buried themselves in a large pile of laundry to try to hide from officers. Upon hearing K-9 Eivo, the suspect promptly surrendered. K-9 Eivo was also successful in drug seizures. During one drug search, K-9 Eivo alerted to a crawl space door in a house. Officers looked under the house where they found a safe containing a large amount of drugs that would have otherwise gone undiscovered. K-9 Eivo retired from police service in 2012 and passed away in 2014.

Our Police K-9 Unit has been in existence since the mid-1980's and has proudly served our Roseville community for over forty years. Our Police K-9's are beloved members of our Department and of our community. Without exception, the most requested team from our Department to attend community events is our K-9 Unit. Our K-9 teams touch the lives of thousands of members of our community through these community events. They are also the protectors of our Officers and often are sent into areas where it is unsafe to send our Officers. Our K-9's are there to protect our Officers and keep them safe which they do without fanfare every day. While I am currently our Chief, for many years I was our K-9 Unit Sergeant and K-9 Unit Lieutenant so I know firsthand the outstanding work of our K-9 teams.

The City of Roseville long ago began a tradition of naming our Dog Parks after our Police K-9's with Bear Dog Park and Marco Dog Park. Just last year, this tradition continued with the naming of our newest dog park in honor of K-9 Apollo. This is a fitting tribute to the service and sacrifice of our K-9's. On behalf of our Police Department and our K-9 Unit team members, both current and retired, I am respectfully requesting the park site to be named in honor of Police K-9's Zig and Eivo.

Respectfully Submitted,

T Bergstrom

Troy Bergstrom
Chief of Police
Roseville Police Department

Hello City Clerk's Office...

Attached you'll find four nominations for naming our upcoming four dog parks in honor of past Roseville PD K-9's. This continues with the tradition of all of our dog parks being named after our K-9's. We nominated specific K-9's to the park sites Tara told me about and then we had the four K-9 officers (three of whom are retired RPD officers) select which park for their dogs...the retirees got to re-live their Patrol days since I had them pick based on their seniority as officers 😊 As these work their way through the naming process, please let me know if we need to be there to present our nominations to the Parks Commission and Council.

Thanks,

Troy

Subcommittee Review Comments:

The City of Roseville Public Access Channel 8 proudly honors Michael Penka, a cherished resident and longtime hero of our community. Michael Penka, who lived from December 21, 1954, to May 12, 1990, made remarkable contributions by creating a positive and lasting impact on the lives of local kids.

Penka was widely recognized for his dedication to keeping kids entertained and engaged through his studio, "Dance Ville Disco, Dancing and Entertainment." He organized and recorded community events and showcased local businesses. He organized renowned celebrity look alike contests that attracted contestants from all over the valley. His studio became a welcoming environment where young people and their friends could have fun and find inspiration.

Beyond his work with Dance Ville Disco, Michael Penka played a significant role in promoting local businesses, including Dimple Records and Roller King. Holding events and raffles where community members could win prizes. He was also a mentor and volunteer at Big Brothers Big Sisters of America. Taking less fortunate kids on memorable outings such as fishing trips, fair visits, and roller king skating events. His nurturing spirit provided these kids with opportunities and experiences they might not have had otherwise.

Michael Penka's unwavering dedication and generous spirit made him a treasured member of the Roseville community. Despite his personal battle with cancer, he remained a steadfast pillar of support for his community, continuously dedicating himself to their prosperity. Former Channel 8 Public Access Producer Chris Poling is honored to pay tribute and recognition. Celebrating his legacy, recognizing his dedication to improving the lives of children and upholding high community standards. As he often said, "If you're here, you're family."

Subcommittee Review Comments:

Mollie Gelder has served the Roseville City School District and her community for more than 40 years. Since 1958, Mollie has taught various grades at Woodbridge, Crestmont, Vernon and Kaseberg schools. In 1972, she became the Principal of Woodbridge School. She remained at Woodbridge until she retired in 1996. She served on the Board of Education for the Roseville City School District 1996-2004.

During her career as principal, she implemented programs to help needy families. One such program is the Giving Tree. This program continues to service almost 100 Woodbridge families with food and gifts at Christmas.

Mollie has served as chairperson on the District Curriculum Commission and was president of the Placer County A.C.S.A. in 1978/79. She has received numerous awards including:

1 . The Placer County Charter Chapter of A.C.S.A. named her Administrator of the Year in 1992

2. The Rotary named her Educator of the Month in October 1992.

3. Association for Direct Instruction award in 1994

4. Roseville City School District Outstanding Service, 1958-1996

5. Rotary - Recognition of 38 years of service

6. Two commendations from the State Legislature in 1996

In addition, she served on The Friends of the Library.

Mollie's philosophy is "Every Child Can Learn," no matter how disadvantaged they are. Throughout her career, she has never lost sight of her goal to put children first. Her efforts and dedication to the children of our community have earned her the respect and gratitude of parents, business leaders, community members, colleagues and the children whose lives she has touched.

Mollie Gelder was born in 1930 and is currently being cared for by her family at home.

Subcommittee Review Comments:

Thomas S. Dudley was born in Massachusetts in 1820. He, like many other young adventurers, traveled to California to be a part of the gold rush. He arrived in San Francisco by ship in September 1849 and like others traveled to the American River area to look for gold. Because he had experience building stone walls, he knew how to pull rocks and boulders from the bottom of the river and stack them up, so they didn't fall back into the cleared mining area. He soon learned he could make more money in removing the stones than in the actual mining operations.

By the end of 1849, he opened a supply store, and in December of 1850 he sold his store and moved to Sacramento. There he met and married Eleanor Stuart. Shortly after the marriage he built a home in Sacramento. The next year he decided to go into the hog raising business, and after being in business he discovered that pork being shipped into San Francisco was being sold cheaper than he could raise them. He soon learned that hogs could be raised in the Dry Creek District for a cheaper price than the imported ones, so he quickly purchased property in the area. **In October 1856, Roseville's first school operated in the Dudley barn.** Thomas S. Dudley passed away in Sacramento in 1879.

Subcommittee Review Comments:

Zacariah Astill (some spell it Zachariah) was born in England in 1813. He along with his wife Ann, and children, including James who went on to become a local businessman in Roseville, settled in the St. Louis area for three years, before heading West. They traveled to Salt Lake, where one son remained, before heading to California.

The family arrived in the Roseville area in 1852. At that time a home was taken apart in Folsom, then brought by wagon to the family ranch and rebuilt. Five generations of Astills lived in the home until it was destroyed by fire in December 1951.

Zacariah spent his entire life farming the land and operating a small blacksmith shop. Because his blacksmith shop was so close to where the new railroad track was being laid, he along with his oxen teams and horses were hired to help build the Central Pacific Railroad through the area. Zacariah Astill died November 1874.

Subcommittee Review Comments:

Martin A. Schellhous was born in 1819 in Ohio. In 1849 he joined others who were gold-seekers, crossing the country by way of the Santa Fe route. He arrived in California in 1849, and left Los Angeles on a chartered sailing vessel to take him to San Francisco. With his brother E.J. Schellhous, they hired a small sailing ship to take them to Sacramento. After purchasing mining equipment and supplies, they struck out for the American River mining country where they soon earned several thousand dollars in gold.

In 1851, Martin returned to Michigan where he married Caroline Ferris and they returned to California where they purchased a ranch in the rich Dry Creek District. Having brought a number of cattle with him from Michigan he began raising livestock. In later years, Martin started new ventures in agriculture, by planting a vineyard, orchards and dry crops. Martin A. Schellhous died in September 1873.

If a name of an individual or family, number of years residing in Roseville 34 years

Reason for Suggestion *(Must be completed for consideration. If suggesting the name of a person, please include their number of years as a Roseville resident, their year of death, and explain the individual's substantial contributions to the quality of life in Roseville through volunteer service.):*

James "Jim" MacEgan and his wife, Patty, moved to Roseville in 1990. During their time in Roseville, Jim served and volunteered at St. Clare's Catholic Church. He formed the Life Teen Band at St. Rose of Lima in Roseville. He had a strong faith and treated all of the people he came in contact with with humility, kindness, and generosity. He was a musician and led their church in many retreats and celebrations. He was also an avid outdoorsman and enjoyed hiking, camping, and walking in the nature trails. Their neighbors say that Jim and Patty would deliver grapes from their yard to new neighbors and were alway welcoming new residents to our city. Unfortunately on April 6, 2023, Jim was taken hostage as he was enjoying a nature walk at Mahany Park. He was shot and killed at that spot. I know there are plans for a nature trail to be also named for him.

The Smilanick brothers worked very hard to bring an affordable bakery to Roseville in 1946. They also realized the importance of giving back to the community. Organizations such as Kiwanis, Lions, Sons of Italy, George Buljan Catering, Eagles, Knights of Columbus and many more used the bakery's kitchen to cook meat for fundraisers. The brothers also opened their doors to tours from schools, scouting organizations, and Campfire/Bluebird groups. Many tributes to Dainty Pastry can be found on the Facebook page, Memories of growing up in Roseville, where fond memories are shared of the iconic bakery. It is time to honor the Smilanick brothers for their hard work and dedication.

Please consider William "Bill" Frkovich for a name of one of the new parks in the City of Roseville. Bill was committed to living his entire life within the City of Roseville and supported youth sports within the city at every level (coaching, leading, donating money and time, etc).

Bill's family would be willing to make a donation to the signage for the park name.

Subcommittee Review Comments:

DeVries Park

My grandparents moved here in the early 1900's to work on the railroad. My grandfather William DeVries was from Holland, worked on ships as a young boy, and was in the 1906 SF Earthquake. My Nana, Barbara DeVries, was from Hungary, she was coming to America to marry a man in Chicago, she met my grandfather on the boat, he fed her since she didn't have any food. She was 15, he was 19. They didn't speak either language but love won out and they decided to marry. They had 11 children, all at home, 9 survived and they chose Roseville to raise them. My grandfather bought a new house on 140 Cedar street and our family owned the home until just a few years ago. My grandfather was killed working on the SP in Donner Pass in 1944, leaving my Nana to raise the rest of the kids in her 1200 square foot, 1 bathroom home. Two of my uncles served in WWII (I have my mother's copy of the Press Tribune from the day the war ended), my uncle Bobby worked for the City of Roseville as the Zookeeper in Royer Park for much of my life and was an early investor in Roseville Telephone, they all graduated from Roseville High. Our roots are strong in this city, you can see my grandfather's name on the SP bricks in Old Town, and my uncle's names are on the wall by the Telephone museum. They grew up with the Riolo's, Fiddyments, and all the names you see on monuments and parks in the city. You can visit all of them in the Roseville Cemetery. It would be absolutely lovely to see their name in a place of joy instead of a place of memory.
Just a short bit about my Uncle Bobby, he loved the zoo and Royer Park, dedicated his life to animals that no one wanted, took care of all the rabbits/ducks/geese that people would drop off after Easter, took monkey's who lost their arms, deers who were injured. It was a magical zoo that celebrated the fact that all creatures deserve love. It's sad that no one who lives here now knows that it ever existed.

Subcommittee Review Comments:

Application for a Park Naming

We would like to respectfully submit our father's name, **F. Earl Corin**, to the Park Naming Subcommittee.

He was a veteran of WWII, actively serving in the Pacific arena, and a prominent figure and valuable citizen in the City of Roseville and Placer County during his lifetime as

- a member and past president of the Roseville Rotary Club, and a member of the Auburn Rotary Club, and a recipient of the Paul Harris Award.
- a Master Mason of the Masonic Lodge in Roseville.
- Placer County Treasurer-Tax Collector for 35 years.

Please refer to the attached document for further details of his activities and achievements in Roseville and Placer County.

Earl was a kind and generous man, respectful of everyone he met, a friend of many, and a magnanimous supporter of many. He had high values and a wonderful sense of humor, which may have been due to his upbringing in an atmosphere that was influenced by the entertainment culture of Hollywood where he grew up, and likable in all circles of society.

Respectfully,

Mrs. Corin

F. Earl Corin
1525 Illinois Ave 4440 Philip Road, Roseville, CA 95747
(916) 771-0555

OBJECTIVE Consultant on financial and timing issues relating to investments in real property.

PROFESSIONAL HIGHLIGHTS ... 35 years as Placer County's TREASURER-TAX COLLECTOR.

Earl was appointed to the job on May 19, 1959 after working for an Industrial Loan Company in Roseville. He ran successfully (only once did he have an opponent) for re-election eight times. In the first year he had six deputies with a duty to collect $6.1 million in property taxes, and the last year he had 22 deputies with a duty to collect $172 million. His greatest asset was Placer County's greatest protection - as Earl could click off state and local tax code sections right down to the paragraph and Earl understood how the codes were all interrelated. Besides developing a system to bank checks on demand so that none were held overnight and keeping Placer County's money safely invested over 34 years. In 1961, he served on a special committee that wrote the first Tax Collector's Manual of Operations and in 1990 he wrote the manual for tax collections during Bankruptcy. In 1965, Earl drafted pending statutes and appeared before the state legislature to upgrade legislation to allow for computerized posting of tax payments. In 1968, he was the first Californian to serve on a national level as president for county treasures and finance officers. Earl's professionalism, friendliness, commitment, and most of all leadership played a vital role in the growth and development of what is currently one of California's fastest growing counties.

ORGANIZATIONS

CIVIC LEADERSHIP

A. County Tax Collectors Association of California:	Member 1959-81 and President 1965-66.

Kiwanis is a global organization of volunteers dedicated to changing the world, one child and **one community at a time.** The Kiwanis Club of Roseville is a vibrant, active, and growing service club that's been an integral part of the fabric of Roseville for 75 years. Our club started as a group of business owners in Roseville Square in 1949 and has grown as the city has grown. Today we have close to 50 members. Our club excels at fundraising and partnering with other non-profits that can extend our reach and impact. In celebration of our jubilee anniversary, in June 2024, our club donated $75,000 to 15 local area non-profits that serve children, families, disabled adults, and others in need. This was in addition to our annual service budget of nearly $50,000. The attachment provided shows a picture of the 15 non-profit representatives that received Roseville Kiwanis donations this year. The attachment also includes a QR code to a Gold Country Media article published in June that highlighted our club's service and impact. Roseville Kiwanis is proud to have donated millions to those in need in Roseville and to have also touched thousands of people in our community with hands on-service.

Subcommittee Review Comments:

Here are a few of Mark J. Doane's accomplishments as City Attorney of Roseville:

Formation of the South Placer Wastewater Authority (SPWA). SPWA is a Joint Powers Authority comprised of the City of Roseville, the South Placer Municipal Utility District, and Placer County .

Construction of the Pleasant Grove Wastewater Treatment Plant

Westpark Development

Water Forum Agreement

Redevelopment Loans for Magic Circle Theater and Tower Theater

Two Development Agreements for Stoneridge and associated annexation and tax share agreements

Doctor's Ranch Development Agreement and associated annexation and tax share agreements

Creation of the City's first administrative code enforcement program

Water meter retrofit program

Mark worked on a good portion of the City's specific plans. You can go onto the City's website to find the years of the plans and correspond them to the years he worked for the City.

Mark expanded the City Attorney's Office from 3 to 5 attorneys

Mark purchased and implemented the Attorney's Office first case and document management software, Citylaw, which was still being used as of January 2023. It lasted 22 years! They are in the process of replacing it now.

Most important of all, Mark did hire and mentor THREE attorneys that all later became City Attorneys for the City of Roseville!

These are just a few of Mark's accomplishments and achievements during his tenure as the City of Roseville's Attorney.

City Council Communication

Meeting Date: 6/3/2026
Item #: VII.13
File #: 0323
Item ID: 2026-367

Title:	Impound Fee for Out-of-Class Electric Bicycles & Pocket Bikes
Contact:	Courtney Scurria 916-746-1051 CScurria@roseville.ca.us

SUMMARY

Staff recommends adopting an electric bicycle and pocket bike impound fee in the amount of $250 pursuant to California Vehicle Code Section 22651.08 and to incorporate such fee into the City's most current master Schedule of User and Regulatory Fees. There is no fiscal impact associated with the proposed action.

RECOMMENDATION

Staff recommends that the City Council adopt a resolution establishing an electric bicycle and pocket bike impound fee in the amount of $250 and incorporating this fee into the City's current master Schedule of User and Regulatory Fees.

BACKGROUND

Assembly Bill No. 875, adopted by the California legislature in late 2025, added Section 22651.08 to the California Vehicle Code.

Section 22651.08 specifically authorizes law enforcement to impound a vehicle that is not an electric bicycle ("e-bike") if it has fewer than four wheels, is traveling at speeds greater than 20 mph, and the person lacks proper registration or licensing to operate the vehicle. While law enforcement already had the authority to remove a vehicle operated without a valid driver's license, Section 22651.08 made it clear that law enforcement also has the authority to remove an out-of-class electric bicycle, which depending on its speed may be a motorized bicycle (which requires an m2 license to operate) or a motorcycle that does not meet federal motor vehicle safety standards.

Section 22651.08 also implements two important conditions that must be satisfied prior to an out-of-class e-bike being released to its owner. First, if the e-bike is impounded because the rider is operating the e-bike without a legally required helmet, the Police Department can require proof that the violator has completed a bicycle safety and training program as a condition to release. Second, the Police Department may require that all administrative costs incurred relating to the removal, seizure, and storage of the e-bike are paid. However, prior to imposing such fee, the governing body of the impounding agency is required to adopt a resolution imposing a charge equal to such administrative costs. The Roseville Police Department conducted a fee study and determined that its direct administrative cost associated with removal, seizure, and storage of an electric bicycle is in the amount of $250.

Section 21721 of the California Vehicle Code similarly authorizes law enforcement to impound a "pocket bike" if such pocket bike is being operated on a sidewalk, roadway, highway, bike way, bicycle path, or recreational trail in violation of California Vehicle Code Section 21720. Section 21721 also provides that the Police Department may require that all administrative costs incurred relating to the removal, seizure,

and storage of the pocket bike are paid as a condition to release, provided that the governing body has adopted a resolution imposing a charge equal to the impound agency's administrative costs. The administrative cost associated with removal, seizure, and storage of a pocket bike is identical to an e-bike, resulting in the proposed fee in the amount of $250.

FISCAL IMPACT

There is no fiscal impact associated with the proposed action, as enforcement of the California Vehicle Code is an existing aspect of the Police Department's law enforcement activities. The recommended impound fee, however, will recover the applicable administrative costs relating to the removal, seizure, and storage of out-of-class electric bicycles and pocket bikes.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) only applies to projects which have the potential to cause a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA. (CEQA Guidelines §15061(b)(3)).

RESOLUTION NO. 26-167

RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE ADOPTING IMPOUND FEE FOR OUT-OF-CLASS ELECTRIC BICYCLES AND POCKET BIKES AND INCORPORATING THE FEE INTO THE SCHEDULE OF USER AND REGULATORY FEES

WHEREAS, Assembly Bill No. 875, adopted by the California legislature in late 2025, added Section 22651.08 to the California Vehicle Code; and

WHEREAS, Vehicle Code Section 22651.08 clarifies that law enforcement has the authority to impound an out-of-class electric bicycle, which depending on its speed may be a motorized bicycle or a motorcycle that does not meet federal motor vehicle safety standards; and

WHEREAS, Vehicle Code Section 22651.08 authorizes a local agency to adopt a fee equal to its direct administrative costs for removal, seizure, and storage of an out-of-class electric bicycle, which fee must be paid prior to release of the impounded electric bicycle; and

WHEREAS, Vehicle Code Section 21721 similarly authorizes a local agency to adopt a fee equal to its direct administrative costs for removal, seizure, and storage of a pocket bike being operated in violation of Vehicle Code Section 21720, which fee must be made prior to release of the impounded pocket bike;

WHEREAS, staff recommends City Council adopt an out-of-class electric bicycle and pocket bike impound fee of $250.00.

NOW, THEREFORE, BE IT RESOLVED the City Council of the City of Roseville hereby finds, determines, and orders as follows:

1. An out-of-class electric bicycle and pocket impound fee of $250.00 is adopted.

2. The out-of-class electric bicycle and pocket bike impound fee of $250.00 is incorporated into the City's most current master Schedule of User and Regulatory fees.

AB-875 Vehicle removal. (2025-2026)

SHARE THIS:

Date Published: 10/02/2025 09:00 PM

Assembly Bill No. 875

CHAPTER 168

An act to add Section 22651.08 to the Vehicle Code, relating to vehicles.

[Approved by Governor October 01, 2025. Filed with Secretary of State October 01, 2025.]

LEGISLATIVE COUNSEL'S DIGEST

AB 875, Muratsuchi. Vehicle removal.

Existing law authorizes a peace officer or a regularly employed and salaried employee who is engaged in directing traffic or enforcing parking laws and regulations to remove a vehicle when, among other things, the officer arrests a person driving or in control of a vehicle for an alleged offense, and the officer is, by the Vehicle Code or other law, required or permitted to take, and does take, the person into custody.

This bill would additionally authorize a peace officer to remove a vehicle that (1) has fewer than 4 wheels, but that does not meet the definition of an electric bicycle, if that vehicle is powered by an electric motor capable of exclusively propelling the vehicle in excess of 20 miles per hour on a highway and is being operated by an operator without a current license to operate the vehicle, or (2) is a class 3 electric bicycle being operated by a person under 16 years of age. The bill would authorize a city, county, or city and county to adopt a regulation, ordinance, or resolution imposing charges equal to its administrative costs relating to the removal, seizure, and storage costs of the vehicle, as provided. The bill would require an agency to release a seized vehicle to the owner, violator, or their agent after a minimum of 48 hours if certain conditions are met, including that the costs of removal, seizure, and storage have been paid. The bill would in certain circumstances authorize an agency to require, as a condition of release, proof that the violator has completed an electric bicycle safety and training program or a related local bicycle safety course, as described.

Vote: majority Appropriation: no Fiscal Committee: yes Local Program: no

THE PEOPLE OF THE STATE OF CALIFORNIA DO ENACT AS FOLLOWS:

SECTION 1. Section 22651.08 is added to the Vehicle Code, to read:

22651.08. (a) A peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code, may remove a vehicle located within the territorial limits in which the officer may act, under either of the following circumstances:

(1) A person is operating a vehicle with fewer than four wheels that does not meet the definition of an electric bicycle set forth in Section 312.5 and is both of the following:

(A) Powered by an electric motor capable of exclusively propelling the vehicle in excess of 20 miles per hour on a highway.

(B) Being operated by an operator who is not licensed to operate the vehicle.

(2) A person is operating a vehicle that is a class 3 electric bicycle in violation of subdivision (a) of Section 21213.

(b) (1) A city, county, or city and county may adopt at a public meeting a regulation, ordinance, or resolution imposing charges equal to its administrative costs relating to the removal, seizure, and storage costs. The charges shall not exceed the actual costs incurred for the expenses directly related to removing, seizing, and storing the vehicle.

(2) A local jurisdiction that has adopted a regulation, ordinance, or resolution pursuant to paragraph (1) shall publicly and conspicuously post the schedule of charges on their internet website.

(c) An agency shall release a seized vehicle to the owner, violator, or their agent after a minimum of 48 hours, if both of the following conditions are met:

(1) The owner, violator, or authorized agent's request is made during normal business hours.

(2) The applicable removal, seizure, and storage costs have been paid.

(d) If a peace officer removes a vehicle pursuant to paragraph (2) of subdivision (a), an agency may, as a condition of release, require the owner, violator, or the parent or legal guardian of the owner or violator to deliver proof that the violator has completed an electric bicycle safety and training program, as described in Section 894 of the Streets and Highways Code, or a related local bicycle safety course, if one is available, as prescribed by authorities in the local jurisdiction.

VEHICLE CODE - VEH

DIVISION 11. RULES OF THE ROAD [21000 - 23336] *(Division 11 enacted by Stats. 1959, Ch. 3.)*

CHAPTER 3. Driving, Overtaking, and Passing [21650 - 21761] *(Chapter 3 enacted by Stats. 1959, Ch. 3.)*

ARTICLE 2. Additional Driving Rules [21700 - 21721] *(Article 2 enacted by Stats. 1959, Ch. 3.)*

21721. (a) A peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code, may cause the removal and seizure of a pocket bike, upon the notice to appear for a violation of Section 21720. A pocket bike so seized shall be held for a minimum of 48 hours.

(b) A violator of this section shall be responsible for all costs associated with the removal, seizure, and storage of the pocket bike.

(c) A city, county, or city and county may adopt a regulation, ordinance, or resolution imposing charges equal to its administrative costs relating to the removal, seizure, and storage costs of a pocket bike. The charges shall not exceed the actual costs incurred for the expenses directly related to removing, seizing, and storing a pocket bike.

(d) An agency shall release a seized pocket bike to the owner, violator, or the violator's agent after 48 hours, if all of the following conditions are met:

(1) The violator or authorized agent's request is made during normal business hours.

(2) The applicable removal, seizure, and storage costs have been paid by the owner, or any other responsible party.

(Added by Stats. 2005, Ch. 323, Sec. 4. Effective January 1, 2006.)

Title:	Senate Bill 707 - Administrative Standards Update
Contact:	Michelle Sheidenberger 916-774-5325 msheidenberger@roseville.ca.us

SUMMARY

Staff recommends approval of updates to the City Council/Boards, Commissions, & Committees Administrative Standards, the City's public meeting procedures. Senate Bill 707 (SB 707), portions of which went into effect on January 1, 2026, and other portions which go into effect on July 1, 2026, implements the most extensive revisions to the Brown Act in decades. The revisions were designed to strengthen public participation by requiring certain city councils, such as Roseville, to offer public remote access to public meetings via telephonic or audiovisual platforms. The proposed updates to the Administrative Standards include not only the necessary changes required by SB 707, but some additional revisions identified by staff due to changes in the law, to add clarity, and to address areas currently not addressed in the procedures. There will be a minor fiscal impact to the General Fund related to offering remote public participation.

RECOMMENDATION

Staff recommends that the City Council adopt a resolution approving updates to the City Council/Boards, Commissions, & Committees Administrative Standards.

BACKGROUND

SB 707, portions of which went into effect on January 1, 2026, and other portions which go into effect on July 1, 2026, implements the most extensive revisions to the Brown Act in decades. The revisions were designed to strengthen public participation by requiring certain city councils such as Roseville to offer public remote access to public meetings via telephonic or audiovisual platforms.

Key changes require certain legislative bodies to do the following:

- Provide two-way remote access for public comment for City Council meetings only;
- Maintain a dedicated public meeting website;
- Expand outreach to non-English speaking communities and media organizations;
- Authorize certain advisory bodies to use alternative teleconferencing to hold meetings, but only if they meet a variety of new requirements;
- Make a physical location such as a bulletin board freely accessible to the public so the public may post translations of meeting agendas;
- Provide copies of the Brown Act to any elected or appointed official;
- Assist with language interpretation requests; and
- Remove persons who disrupt a teleconferenced meeting.

In addition, on or before July 1, 2026, the City is required to approve in an open session a policy regarding

disruption of telephonic or internet service during a City Council meeting that prevents members of the public from attending or observing the meeting. If that occurs, the mayor shall immediately announce the disruption and recess the meeting for at least one hour, or until telephonic or internet service is restored, whichever is earlier.

Instead of adopting a new standalone policy, City staff is recommending that the City's meeting procedures, called the Administrative Standards, be revised to include the required disruption policy. The proposed amendments outline the steps staff will take to restore remote access services including, but not limited to, coordination with technology staff to troubleshoot system connectivity and engaging appropriate internal teams and external service providers as needed to resolve issues and restore full functionality. Upon reconvening the open session after at least one hour, if telephonic or internet service has not been restored, the City Council may continue the meeting if by roll call vote they find that good faith efforts to restore services has been made and that the public interest in continuing the meeting outweighs the public interest in remote public access.

Additional revisions being proposed to the Administrative Standards due to SB 707 include the following:

- Public Comment: Clarified that public comment can now be made remotely.
- Disruption of Remote Participants: Added that if remote participants are disruptive, after one warning the City can discontinue the telephonic or audio video service.
- Interpreters: SB 707 makes it clear that the City must allow people to bring their own interpreters and the City has to provide certain assistance, which the City already does. The policy adds in the required assistance per SB 707.
- Advisory Bodies: SB 707 now allows some advisory bodies to hold entirely remote meetings, as long as several conditions are met and the City Council permits it and approves of the practice every six months. Because staff is attempting to deal with the additional staffing and technological challenges needed to handle remote public comment at City Council meetings, the policy currently states that advisory bodies are not permitted to conduct remote teleconference meetings. This can be revisited at a later date.

Staff took the opportunity to also comprehensively review the Administrative Standards and is proposing the following additional edits unrelated to SB 707:

- Non-Compliance Statement: Added a statement that failure to follow the meeting procedures does not void a motion or an action, as long as such action was otherwise lawful.
- Two Committees: Added language allowing a resident to concurrently serve on two committees provided there is no conflict of interest.
- SB 827: Newly enacted SB 827 requires that the City Council and the Planning Commissioners take two hours of fiscal and financial training every two years. This requirement was added.
- Automatic Removal: Added provisions that state that if a board or commission member fails to complete their Form 700 or fails to complete their required state-law training, their service is automatically terminated after a 60-day grace period without further Council action. The standards currently state that removal "shall" be made, but it doesn't say how and whether additional Council action is needed. This language would clear that up.
- Types of Motions: Added a section on the three types of motions: basic, amended, and

substituted.

- Law and Regulation Committee: Public Affairs and Communications staff asked for an additional alternate for the Law and Regulation Committee, so we would have two councilmembers as alternates to assist with obtaining quorums for meetings.
- Individual Member Teleconferencing: Sets forth the limited circumstances where a member of a public body can teleconference into a meeting (traditional rules, "just cause" or emergency, state of emergency, or ADA accommodation).
- Staff Liaisons: Removed staff names (the list was always out of date) and replaced with general department e-mails and phone numbers.

FISCAL IMPACT

There will be a minor one-time fiscal impact to the General Fund related to offering remote public participation. Additional Microsoft Teams licenses had to be obtained and staff time was needed to implement the new technology and processes. The annual reoccurring costs are estimated to be about $9,000 a year.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. Approval of revisions to the Administrative Standards meets the above criteria and is not subject to CEQA. No additional environmental review is required.

RESOLUTION NO. 26-168

APPROVING THE CITY COUNCIL/BOARDS, COMMISSIONS, AND COMMITTEES ADMINISTRATIVE STANDARDS UPDATES

WHEREAS, on February 20, 2019, Council adopted a resolution to consolidate the individual meeting procedures of the City Council and the thirteen Boards, Commissions, and Committees into one Administrative Standards document; and

WHEREAS, updates are being made to the Administrative Standards to maintain compliance with the Brown Act due to SB 707, portions of which go will go into effect on July 1, 2026; and

WHEREAS, the City Council/Boards, Commissions, and Committees Administrative Standards Updates, have been reviewed by City Council.

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Roseville that the City Council/Boards, Commissions, and Committees Administrative Standards Updates are hereby approved.

Purpose

This handbook shall serve as the administrative standards for all City of Roseville boards, commissions, committees, and City Council members (collectively "public officials") so that expectations and practices are clearly articulated to guide members in their actions, and to provide a uniform framework for conduct. This handbook shall also serve as the meeting policies and procedures for the conduct of public meetings. Informational appendices are included. These rules of procedure are intended to facilitate the orderly conduct of public meetings. While public officials should endeavor to follow these procedures, any failure to do so shall not invalidate or otherwise affect the legality of any action taken by the public body, provided such action is otherwise lawful and in compliance with applicable state and federal law.

City overview

Form of government

The City of Roseville Charter, adopted in 1954, establishes a council-manager form of municipal government. (Appendix I)

City Council

The five (5) member City Council, which is comprised of four (4) members and the mayor, enacts legislation, adopts budgets, and determines policy.

City Manager and department heads

The City Manager is appointed by the City Council. The City Manager is responsible for the day-to-day management of the city and supervises the organization through department heads. Department heads are appointed by and report directly to the City Manager.

City Attorney

The City Attorney provides legal advice and support to the City Council and boards, commissions, and committees on the legal propriety of proposed actions, prepares and/or reviews all ordinances, resolutions, contracts, and other documents, represents the city in civil litigation and acts as liaison to outside special counsel.

City Clerk

The City Clerk conducts elections to elect City Council members, recruits board, commission, and committee members, establishes and tracks compliance of mandatory training, maintains city records and securities, prepares agendas and minutes for the City Council, and provides City Council action follow-up.

Staff

City staff, under the direction of the City Manager, is responsible for carrying out the policies and actions of the City Council and implementing the programs and services set out in the budget and identified in the City Council's annual goals.

Boards, commissions and committees

Boards, commissions, and committees are established to provide a method for citizen input and are ancillary to the City Council. All board, commission, and committee members shall serve without compensation. The City of Roseville has 16 boards, commissions, and committees: Board of Appeals, Charter Review Committee*, Design Committee, Economic Development Advisory Committee, Grants Advisory Commission, Law & Regulation Committee, Library Board, Local Sales Tax Citizens' Oversight Committee, Other Post Employment Benefits (OPEB) Trust Investment Review Committee***, Parks & Recreation Commission, Personnel Board, the Placer Mosquito Abatement & Vector Control District**, Planning Commission, Public Utilities Commission, Senior Commission, and Transportation Commission.

** Charter Review Committee is a temporary committee that each decade reviews the entire city Charter.*

***Placer Mosquito Abatement & Control District is comprised of five Placer County regional trustees. The City Council appoints one individual to serve as one of the five regional trustees.*

****OPEB Trust Investment Review Committee is comprised of eleven members (consisting of representatives from each bargaining unit (five), four retirees, and two city staff) appointed by and at the discretion of the City Manager with the purpose of providing advisory and non-binding input to city staff on investment performance and other related matters.*

Membership

Eligibility

Except for the Economic Development Advisory Committee, all members of boards, commissions, and committees shall be residents of the City at the time of their appointment and continuously during their term of office. Members of the Economic Development Advisory Committee shall either live, work, own a business, or represent a business or industry in the City at the time of their appointment and continuously during their term of office.

Individuals can only serve on a single City of Roseville board or commission at a time. Notwithstanding the foregoing, individuals may serve concurrently on a single City of Roseville board or commission and a single City of Roseville committee. Individuals may also serve concurrently on two City of Roseville committees provided that such service does not pose a conflict of interest as determined by the City Attorney.

Relatives (spouses, siblings, parents, domestic partners, co-habitants, and children) cannot serve on the same board, commission, or committee at the same time. In addition, current City of Roseville employees are ineligible to serve on a board, commission, or committee.

Incompatibility of office

An individual cannot hold two conflicting public offices. Be aware that acceptance of one governmental board appointment may result in the automatic forfeiture of another public seat.

Structure of terms of office

Members of the boards, commissions, and committees serve staggered terms of four years.* No member shall serve more than two consecutive terms. In the event a person is appointed to fill an unexpired term the appointment to fill said unexpired term will be considered a partial term and will not be counted as one of the two full consecutive terms.

**Members of the Economic Development Advisory Committee serve two-year terms. There are no limitations on the number of consecutive terms a member of the Economic Development Advisory Committee may serve.*

If at the expiration of an eligible member's term the City Council has not yet appointed a replacement, the member may continue to serve on a month-to-month basis until a replacement is appointed.

Youth members

The City Council may appoint a high school student that is a resident of Roseville as a voting member of the Library Board, Parks & Recreation Commission, the Transportation Commission, and the Grants Advisory Commission. Such member shall serve only during his or her enrollment in high school and for a one-year term. Such member may be re-appointed for a second term. Youth members must be enrolled in high school during the entirety of their term. Youth members may not serve as chair or vice chair.

Appointment policy

Procedure
If a vacancy on any board, commission, or committee occurs because the current term ended, resignation, death, moving, removal from incumbent's office, ineligibility for re-appointment, etc. the following procedure will be used:

- The City Clerk will advertise the vacancy in the city's legal newspaper and on the city's website, and will notify the Roseville Chamber of Commerce, and the Roseville Coalition of Neighborhood Associations of the vacancy;
- The City Clerk will establish a deadline for receiving applications;
- Applications received after the deadline will not be accepted;
- If fewer applications are received than twice the number of openings, the City Clerk may establish a new application deadline and the vacancy re-advertised as described in the first bullet point;
- The City Clerk will conduct video interviews of all applicants;
- Applications and video interviews will be provided to the City Council;
- If a new vacancy occurs after an application deadline and before an appointment is made, a new application process will not be re-advertised;
- City Council will cast their vote at a pre-designated meeting date via ballots;
- Ballots and applications of successful applicants are made part of the record and kept on file and made available for public review upon request.

Position requirements

Oath of office
Before attending a board, commission, or committee meeting, every new member shall take the oath of office stating that he/she will faithfully discharge the duties of the board, commission, or committee to which appointed.

New member training
New board, commission, and committee members shall receive general and commission- specific training from the City Clerk Department and from the staff liaison before beginning their term.

Conflict of Interest Code
Under the Political Reform Act of 1974, all public agencies are required to adopt a Conflict of Interest Code. The code designates positions required to file Statement of Economic Interests, and assigns disclosure categories specifying the types of interests to be reported. The City of Roseville designates members of Charter Review Committee, Design Committee, the Economic Development Advisory Committee, Grants Advisory Commission, Local Sales Tax Citizens' Oversight Committee, Planning Commission, Public Utilities Commission, and Transportation Commission as required filers of an Assuming, Annual, and Leaving Form 700 Statement of Economic Interests. State law requires a fine be assessed for those who fail to file required Fair Political Practices Commission documents. If a board, commission, or committee member fails to file an Assuming Office Form 700 Statement of Economic Interests for more than thirty (30) days after the final filing date, the member will be disqualified from any participation in the meetings or other activities of the board, commission, or committee until the member both files the required Statement of Economic Interests and pays any fines associated with the

failure to file. If the member fails to file and/or pay the associated fine for more than sixty (60) days after the final filing date, the member shall be automatically removed from the board, commission, or committee ~~by~~without further City Council action.

Ethics training
Assembly Bill 1234 imposes ethics training and compensation and reimbursement requirements on cities, counties, and special districts. For officials and board, commission, and committee members serving on or for a local agency, AB 1234 requires two (2) hours of ethics training within ~~one year~~six (6) months of appointment.* Thereafter, two (2) hours of ethics training every two years. Notification of this online training will be provided by the City Clerk Department. Failure to complete the online training within sixty (60) days after the due date shall automatically result in removal from the board, commission, or committee without further City Council action.

Fiscal and financial training
Senate Bill 827 requires that the City Council and the Planning Commissioners take two hours of fiscal and financial training every two years. The training is required to be completed within six (6) months after assuming office. Notification of this training will be provided by the City Clerk Department. Failure of a Planning Commissioner to complete the training within sixty (60) days after the due date shall automatically result in removal from the Planning Commission without further City Council action.

Sexual harassment training
Assembly Bill 1661 imposes sexual harassment prevention training requirements on cities, counties, and special districts for officials serving on or for a local agency. Notification of this online training will be provided by the City Clerk Department.* Failure to complete the online training within sixty (60) days after the due date shall automatically result in removal from the board, commission, or committee without further City Council action. In addition, the Department of Fair Employment and Housing requires all California employers to provide employees and volunteers the Department's sexual harassment pamphlet. (Appendix IV)

Unclassified service
As provided by the Charter, members of boards, commissions, and committees are considered unclassified employees and are required to comply with City of Roseville Administrative Regulation 2.03 – HARASSMENT, DISCRIMINATION, AND RETALIATION PREVENTION POLICY (Appendix II); and Roseville Administration Regulation 2.14 – ACCEPTANCE OF GIFTS AND GRATUITIES BY CITY EMPLOYEES. (Appendix III)

Social media
Statements and opinions using social media including, but not limited to Twitter, Facebook, Nextdoor, or professional networks like LinkedIn, must remain personal and cannot be intended as representing the city's nor the board, commission, or committee's official position. In addition, the Brown Act prohibits a member of a public body from responding "directly to any communication on an Internet-based social media platform regarding a matter that is within the subject matter jurisdiction of the legislative body that is made, posted, or shared by any other member of the legislative body." This means that if a public official posted a comment in response to another public official's social media post about a city issue, that could be a Brown Act violation, assuming the two serve on the same public body. Overall, public officials must avoid commenting, liking or otherwise responding to each other's social media posts.

Dress code
Board, commission, and committee members are expected to portray a positive and professional image and are expected to wear clean and appropriate business attire. Shirts with the city logo are permitted while attending functions in the capacity as a board, commission, or committee member.

Logo and materials
To reflect the official nature of the board, commission, or committee and to preserve consistency of the city brand, only the official city logo that contains the words "City of

Formatted: Space After: 0 pt

Roseville", shall be used on board, commission, or committee materials.

Attendance policy
It is the expectation that board, commission, and committee members attend all meetings. If a member is absent without excuse a total of 25% or more meetings in a rolling 12-month period, or more than one meeting in a rolling 12-month period if the board, commission, or committee meets quarterly, he or she shall forfeit the office. The secretary of each board, commission, or committee shall transmit attendance records to the City Clerk. Excused absences from meetings may be for any of the following reasons:

- Illness of the member or the member's family member;
- Family emergency related to illness or injury;
- Business commitment, notice of which was provided to the chair and secretary in advance;
- Previously scheduled vacation, notice of which was provided to the chair and secretary in advance;
- Attendance at a funeral, religious service or ceremony, wedding, or other similarly significant event, notice of which was provided to the chair and secretary in advance.

Boards, commissions, and committees are not permitted to conduct remote teleconference meetings and must hold meetings in person.

Removal from office
Except when otherwise provided by law, ~~or~~ the City of Roseville Charter, or these procedures, members of boards, commissions, and committees of the city serve at the pleasure of the City Council, and may be removed by the City Council at any time with or without cause. A member's removal shall be by majority vote of the City Council.

Resignation
A member of a board, commission, or committee who wishes to resign prior to completing the member's term shall send a resignation letter to the City Clerk who shall notify the City Council and begin the recruitment process.

Safety information

- An automated external defibrillator (AED) and a cardio-pulmonary resuscitation (CPR) mask are mounted on the wall next to the media control room;
- In case of an emergency, the chair should adjourn the meeting and advise everyone to exit through the double doors and gather across the street.

Travel and Expenses
Travel and other expenses incurred in connection with a public official's service on a board, commission, or committee, shall be authorized and reimbursed in accordance with the Travel and Expense Reimbursement Policy adopted by the City Council. (Appendix VIII)

Roles and responsibilities

City Clerk

- Recruit board, commission, and committee applicants;
- Coordinate the appointment and re-appointment process with mayor and City Council;
- Maintain official roster with contact information for all members;
- Manage legally required training;
- Maintain original meeting minutes.

Formatted: Font: (Default) Myriad Pro, 11 pt, Not Bold

Formatted: Font: (Default) Myriad Pro, 11 pt, Not Bold, Not Expanded by / Condensed by

Liaison
Liaisons provide procedural direction and serve as staff support to the board, commission, or committee. The liaison is appointed from the department which most nearly encompasses the board, commission, or committee's activities.

Secretary
The secretary is appointed from the department which most nearly encompasses the board, commission, or committee's activities. The secretary assists in the board, commission, or committee's functions.

While the liaison and secretary roles are to assist the board, commission, or committee, the liaison, secretary and other staff are not employees of the board, commission, or committee. At all times, staff is strictly reportable to the department head and City Manager.

Chair

The chair and vice chair shall be selected by the board, commission, or committee members at a January or July meeting, or as soon thereafter as is practicable. Any voting member of the board, commission, or committee, except a youth member, can serve as chair and shall be seated at the next meeting. The length of term for the chair and vice chair shall be one (1) year. However, there are no limitations on the number of consecutive terms the chair or vice chair may serve.

The chair is the presiding officer of the meeting. In the absence of the chair, the vice chair shall be the presiding officer of the meeting. In the absence of the vice chair, a temporary chair shall be selected from among the other members present, with priority given to seniority, and shall be the presiding officer of the meeting. Upon the arrival of the chair or vice chair, the temporary chair shall relinquish the chair immediately upon the conclusion of the item of business before the members.

The chair shall preserve order at all official meetings of the board, commission, or committee and shall decide all questions of order without debate, subject to advice from the City Attorney or City Attorney designee. The chair shall not make any motion, but may second a motion.

The presiding officer shall have all other rights and privileges of a board, commission, or committee member.

Additional role of the chair

- Attend City Council meetings as needed to represent the board, commission, or committee;
- Call a meeting to order and ~~propose~~ adjournment;
- Call for discussion and vote on motions;
- Clarify or request clarification of motions made by members;
- Rule whether motions are out of order;
- Interpret and enforce any meeting management bylaws or rules of procedure;
- Call members to order if they disregard rules of procedure or decorum for the meeting;
- Ensure that meetings are conducted in an efficient and productive manner.

Board, commission, or committee members
When the board, commission, or committee is in session, the members must preserve order and decorum. No member shall, by conversation or otherwise, delay or interrupt the proceedings or the peace of the board, commission, or committee, disturb any member while speaking, or refuse to obey the orders of the board, commission, or committee or its presiding officer.

A board, commission, or committee member is expected to:

- Attend scheduled meetings;
- Prepare in advance of meetings and be familiar with issues on the agenda;
- Contact the staff liaison if there are questions;
- Participate in meetings and carry out assignments;
- Use community members to obtain feedback on topics under consideration;
- Be considerate of fellow members and staff;
- Not direct staff;
- Not speak for the board, commission, or committee unless authorized by the board, commission, or committee;
- Not speak for the city unless authorized to do so by action of the City Council.

~~**Limitations**~~
~~Limited reports and comments at the end of the agenda are permissible as long as no action is taken.~~

Other persons
Persons addressing the board, commission, or committee shall step up to the podium and may, though not required, give their name for the record. All remarks shall be addressed to the body as a whole and not to any member thereof. No person, other than a member of the board, commission, or committee, staff liaison, or the person having the floor, shall be permitted to enter into any discussion without the permission of the presiding officer.

Any person making personal, impertinent or slanderous remarks, or who shall become boisterous or belligerent while addressing the board, commission, or committee, shall, by the presiding officer, be barred from further audience before the board, commission, or committee during that meeting, unless permission to continue is granted by consensus of the board, commission, or committee. (Appendix V)

Spokesperson for group of persons
Whenever any group of persons wishes to address the board, commission, or committee on the same subject matter, it shall be the discretion of the presiding officer to request that a spokesperson be chosen by the group to address the board, commission, or committee and, in case additional matters are to be presented at the time by any member of said group, to limit the number of persons addressing the board, commission, or committee, so as to avoid unnecessary repetitions. The presiding officer may set a time limit for each side of the issue.

Meeting procedures

These meeting procedures shall pertain to all City of Roseville boards, commissions, committees, and the City Council (collectively "public bodies"). To the extent these procedures do not address an issue of parliamentary procedure for legislative body meetings, "Rosenberg's Rules of Order: Simple Parliamentary Procedures for the 21st Century" shall apply. (Appendix VI)

Other guiding documents

- The City of Roseville Charter, Roseville Municipal Code, and state statutes will govern public officials' activities.
- Parliamentary Procedure dictates the body of rules, ethics, and customs governing meetings and other operations of clubs, organizations, legislative bodies, and deliberative assemblies.

- The Ralph M. Brown Act is an act of the California State Legislature, authored by Assembly member Ralph M. Brown and passed in 1953, that guarantees the public's right to attend and participate in meetings of local legislative bodies. (Appendix VII)

Meetings

Meetings of a majority of members

A meeting is a congregation of a majority of the members of a public body at the same time and place to hear, discuss, deliberate, or take action on an issue in the subject matter jurisdiction of the public body. Even if no action is taken, a gathering may constitute a meeting. This includes informal gatherings and electronic communications, with or without public attendance or city sponsorship.

The following situations would not be considered a meeting if a majority of the public body attend as long as: (1) matters within the public body's jurisdiction are not discussed, unless they are part of the program; and (2) program or events are open to the public:

- Open and publicized local public meeting;
- Open, noticed meeting of another body;
- Social or ceremonial event;
- Open, noticed meeting of a standing committee (can attend but cannot participate);
- Individual contacts or conversations among less than a majority of the members and a member of the public.

Although the above examples are generally not considered meetings, the City Attorney should be consulted prior to a majority of the public body attending a "non-meeting." It is often advisable to notice the meeting or limit the attendance to less than a majority of the public officials.

Further, any communication, including emails, social media posts, or other electronic communication or serial conversations between some or all members, could be considered a public meeting. Information or any type of communication to be shared by one member with other members of the public body shall be sent to the staff liaison or City Clerk who will forward it to all members of the public body.

Individual member teleconferencing

Public officials can teleconference into public meetings under the Brown Act in very limited circumstances.

- Traditional Rules: A member may participate from any location, but that location must be listed on the agenda, be open and accessible to the public, and have an agenda posted there. The member shall participate through both audio and visual technology. A quorum of the public body must participate from within the City of Roseville.
- "Just Cause" or Emergency: A member may join remotely without posting their specific location if they have "just cause" (childcare, illness, family emergency, travel on agency business, or military service) or a physical or family medical emergency.
  - o Notification Requirements: The member must notify the public body at the earliest opportunity.
  - o Quorum Requirement: A quorum of the public body must still be physically present in a single, public location within the City of Roseville.
  - o Audio/Visual: The member shall participate through both audio and visual

Formatted: List Paragraph, Indent: Left: 0.75", Space Before: 0 pt, Tab stops: 0.75", Left

technology.

o Disclosure: The member must disclose if others over eighteen (18) are present in the room.

o Limitations: This exception cannot be used for more than a certain number of meetings per year.

- State of Emergency: During a proclaimed state or local emergency, public bodies can meet remotely if they make findings every forty-five (45) days that in-person meetings present risks to safety.
- Disability Accommodation: Members may attend via remote technology as a reasonable accommodation for a disability, provided they provide medical documentation, use both audio and visual technology, and disclose if others over eighteen (18) are present in the room.

Consultation with the City Attorney is required prior to using any of these exceptions.

Formatted: Indent: Left: 0.25"

Quorum

A quorum is more than half (1/2 + 1), of ~~all~~the fixed total membership of the entire public body. In the absence of a quorum, a lesser number of public officials, the secretary, or City Clerk must adjourn the meeting after fifteen (15) minutes have passed. In addition, if a quorum is lost during the meeting due to a departure of a public official, a lesser number of public officials, the secretary, or City Clerk must adjourn the meeting.

Meeting cancelation

A meeting may be canceled because of a lack of quorum of voting members or the lack of agenda items. If the secretary has advanced notice that a meeting will not be held, he or she shall post a notice of cancelation in lieu of posting or distributing an agenda for the meeting.

If the agenda has already been distributed, a cancelation notice shall be posted and distributed in the same manner as the agenda was. The secretary must declare the meeting canceled by appearing at the meeting location, and waiting fifteen (15) minutes after the meeting start time to verbally announce the meeting is canceled. The secretary shall then post a notice of cancelation of the meeting on the door of the room where the meeting was to be held.

Regular meetings
Regular meetings shall be held as scheduled, bi-weekly, monthly, quarterly, or annually. The City Council establishes the regular meeting schedule for all boards, commissions and committees. If a regular meeting date falls on a legal holiday, the meeting shall be held at the same hour, same day the following week or may be canceled. Notice of all regular meetings shall be posted seventy-two (72) hours prior to the meeting.

Special meetings
Special meetings may be called by the City Manager, the City Attorney, the City Clerk, the presiding officer, or a quorum of voting members of the public body. Notice of the special meeting must be provided to the public officials at least seventy-two (72) hours in advance, except that for time sensitive business only twenty- four (24) hours' written notice is required.

Business transacted at any special meeting shall be limited to the subject(s) recited in the notice of the special meeting. Although not required by the Brown Act, a public comment period may be provided at special meetings to allow the public to address the public body on matters not listed on the special meeting agenda.

Adjourned meetings
Any regular or special meeting may be adjourned (continued) to a specified time and place.

Recess of a meeting
A recess of a meeting may be called at the discretion of the presiding officer.

Closed session
Prior to holding a closed session, the City Council or Personnel Board shall disclose, in an open meeting, the item or items to be discussed in the closed session as they are listed on the agenda and may only consider those matters. The City Council or Personnel Board shall publicly report any action taken in closed session and the vote or abstention of every member present thereon as required by state law. No other board, commission, or committee shall conduct a closed session without the prior written consent of the City Attorney.

Agendas

Open Meeting Law
All of the meetings of public bodies are subject to the Ralph M. Brown Act, requiring the entire deliberative process of a public body to be open to the public.

An agenda shall be prepared for each regular and special meeting containing the specific items of business to be transacted and the order thereof. Items of business may be placed on the agenda by the City Manager or the City Attorney. Items may also be placed on the agenda of any regular or special meeting with the consent of a majority of the public body obtained during the "Council/Board Member/ Commissioner/ Committee/Staff Reports" portion of a public meeting. Members of the public may not place items on the agenda but may request during public comments that an item be placed on a public body's future agenda. Placement of these items on the agenda is at the discretion of the City Manager, the City Attorney, or the consent of a majority of the public body.

An agenda for each meeting of a public body is prepared by the board, commission, or committee secretary or liaison or the City Clerk for the City Council. The agenda outlines the topics or items of business that will be introduced, discussed, and acted upon at each meeting. The agenda should include the date, time, and location of a meeting.

The order of business at all regular meetings shall be as follows:

- Call to Order

- Roll Call
- Pledge of Allegiance
- Public Comments
- Consent Calendar
- Requests/Presentations (and public hearings)
- Council/Board Member/Commissioner/Staff Reports
- Adjournment

Call to Order
The presiding officer of the public body shall take the chair precisely at the hour appointed for the meeting, and shall call the meeting to order.

Roll Call
The roll of the members shall be called by the board, commission, or committee secretary or the City Clerk for the City Council and the names of those present shall be entered into the minutes.

Public Comments
Public Comments is intended to allow the public to address the public body on matters not listed on the agenda. Comments may be made in person or for the City Council meetings only, via a two-way audiovisual platform. Individual comments shall be limited to three (3) minutes and shall not exceed a total of 25 minutes, unless such time is extended by the presiding officer. The presiding officer shall not permit the public to address items which are listed elsewhere on the agenda or which are not within the subject matter jurisdiction of the public body. The public body shall not engage in debate regarding, or take any action on, any matter brought under Public Comments except to refer the matter to staff or to determine that the matter should be included on a future agenda for debate and action.

Disruption of Remote Participation
If a disruption of telephonic or internet service occurs during the meeting that prevents members of the public from attending or observing the meeting via the two-way audiovisual platform, the chair, upon notification of the disruption, shall immediately announce the disruption to the public and recess the open session of the meeting for at least one hour, or until telephonic or internet service is restored, whichever is earlier. However, the recess period may be extended if restoration efforts are ongoing. During the recess, Public Affairs & Communications and Information Technology staff shall make the following good faith efforts to restore remote access services:

- Restore and ensure continuity of audiovisual and teleconferencing services to support public access and participation during meetings.
- Coordinate with technology staff to verify, stabilize, and troubleshoot system connectivity, following established incident response procedures.
- Escalate and engage appropriate internal teams or external service providers as needed to resolve issues and restore full functionality.

Staff shall document the restoration efforts undertaken. Upon reconvening the open session, if telephonic or internet service has not been restored, the public body shall adopt findings by roll call vote that good faith efforts to restore the telephonic or internet service have been made in accordance with these procedures and that the public interest in continuing the meeting outweighs the public interest in remote public access. Upon adoption of these findings, the public body may continue the meeting despite the fact that the two-way audiovisual platform has not been restored. If the public body cannot adopt such findings, the chair shall adjourn the meeting.

Formatted: Indent: Left: 0.75", No bullets or numbering

Thereafter, the City Clerk shall enter a brief statement into the meeting minutes, including the following: (1) the nature and time of the disruption; (2) the restoration efforts undertaken; (3) the time the meeting was reconvened (if applicable); and (4) any finding adopted pursuant to this section.

Consent Calendar
The Consent Calendar consists of items that are routine or noncontroversial in nature. The entire calendar is intended to be acted on in one motion on a roll call vote. Any public official, staff, or the public may remove an item from the Consent Calendar for further discussion. Items removed from the Consent Calendar for further discussion shall be discussed separately following the approval of the remaining items on the Consent Calendar. If a public official has a question or wishes to remove an item from the Consent Calendar they should call the staff liaison or the City Clerk no later than noon the day of the meeting. The staff liaison or City Clerk will determine if the item can be handled after the Consent Calendar or if it needs to be held over to the next meeting. The staff liaison or City Clerk shall so inform the presiding officer.

Requests/Presentations
Requests/Presentation items include presentations by staff or others, which may prompt discussion and/or action by the public body.

Public Hearings
Public hearing items include opening the public hearing, presentation by staff, presentation by applicant or appellant, and testimony from the public.

The order of business at public hearings shall be as follows:

- Open public hearing by presiding officer
- Presentation by staff
- Presentation by applicant (unless applicant is appellant)
- Presentation by appellant

- Open public comment by presiding officer
- Public comment
- Close public comment by presiding officer
- Rebuttal by appellant
- Rebuttal by applicant (unless applicant is appellant)
- Close public hearing by presiding officer
- City Council/board/commission/committee deliberation
- City Council/board/commission/committee action

Council/Board Member/Commissioner/Committee/Staff Reports
Council/Board Member/Commissioner/Committee Reports are designed for members of the public body to briefly ask staff for information, ask a question for clarification, make an announcement, report on individual assignments and activities, or to request that an item be placed on a future agenda. The latter requires a majority consensus of the public body. Public officials shall also briefly report on any Brown Act meetings attended at city expense as well as any conferences, educational seminars or meetings with legislators or other governmental officials. If multiple public officials attended that same meeting or event, a joint report may be made.

Caution should be used to avoid any discussion or action on ~~on such~~ items reported under Council/Board Member/Commissioner/Committee Reports. Individuals are allocated five (5) minutes apiece, for comments.

~~In addition, pursuant to the Travel and Expense Reimbursement Policy adopted by the City Council, public officials shall briefly report on any Brown Act meetings attended at city expense as well as any conferences, educational seminars or meetings with legislators or other governmental officials. If multiple public officials attended that same meeting or event, a joint report may be made.~~

Staff Reports are designed for staff to make brief announcements and to provide the public body with brief reports on the city's activities, projects, and services.

Formatted: Space Before: 4.35 pt

Formatted: Indent: Left: 1.75", Right: 0.3", Space Before: 4.35 pt

~~**Adjournment**~~
~~A motion to adjourn shall not be debatable. It shall be in order at any time, and;~~

- ~~Cannot interrupt a speaker who has the floor;~~
- ~~Cannot be amended;~~
- ~~Must be seconded;~~
- ~~Cannot be reconsidered;~~
- ~~Must have a majority vote;~~
- ~~A motion to adjourn "to another time" is debatable only as to the time to which the meeting is adjourned.~~

Order of business
The order of business may be changed at any time by the presiding officer or by consensus of the public body.

Official record

Minutes
The ~~M~~minutes serve as a permanent record of the public body's official actions. The board, commission, or committee secretary or the City Clerk shall be required to make a record only of such business as was actually passed upon by a vote of the public body, and shall not be required to record any remarks of public officials, or of any other person except at the special request of a public official.

Minutes of the previous meeting shall be provided to the public body prior to each meeting. Public officials ~~The minutes may be approved by majority vote even if one or more of the voting members~~who were not present at the meeting to which the minutes relate may still vote to approve the minutes because minutes document the public body's official actions, not what individual members saw or heard, making the personal attendance of every voting member unnecessary for validation.

Correction to Minutes
Members of public bodies are to review minutes and make corrections if needed so that the approved minutes accurately reflect the work of the group. Corrections are made at the meeting when the minutes are brought forward for adoption. Corrections require a motion, second, and a majority vote, and, if approved, are noted in the minutes of the current meeting. Any changes to the draft minutes approved by the public body will be reflected in the minutes for the meeting at which the corrections are made.

Recordings
A recording may be made of public body meetings. Audio recordings of the meetings are to be kept for one (1) year, and video recordings are to be kept for three years after which time the recordings shall be destroyed. Recordings are not the official minutes of the public body.

Voting

All business requiring approval of the public body shall be taken individually by an affirmative or negative vote and entered into the record, except that where the vote is unanimous it shall be necessary only to state so.

Types of motions
There are three types of motions. The basic motion puts forward a decision for the public body's consideration. If a public official wants to change a basic motion that is before the public body, they would move to amend it. If a public official wants to completely do away with the basic motion that is before the public body, and put a new motion on the floor, they would move a substitute motion. All motions must be made in compliance with the Brown Act which prohibits any action or discussion of items not on the posted agenda.

There can only be up to three motions on the floor at the same time. When there is more then one motion on the floor at the same time, the vote should proceed first on the last motion that is made.

Majority vote
A majority vote is more than half of the votes actually cast. In the event a motion on an item fails to obtain a majority vote, the presiding officer at his or her discretion shall require another motion, continue the item, or (with exception of the Personnel Board or Board of Appeals) refer the item to the City Council without recommendation if the item is before a board, commission, or committee. The number of motions that may be made on an item shall be at the discretion of the presiding officer.

Tie vote
If there is a tie vote on a motion, then the motion shall fail. In the event a motion on an item results in a tie vote, the presiding officer at his or her discretion shall require another motion, continue the item, or refer the item to the City Council without recommendation if the item is before a board, commission, or committee. The number of motions that may be made on an item shall be at the discretion of the presiding officer. If the matter involves an appeal, and an affirmative vote does not occur, the result is that the decision appealed remains in effect as decided by the decision-making person, board, commission, or committee from which the appeal was taken.

Abstention
An abstention occurs when a public official, although qualified to vote on a motion, chooses not to register his or her vote. An abstention constitutes no vote whatsoever.

Formatted: Font: (Default) Myriad Pro, 11 pt, Not Expanded by / Condensed by

Formatted: Font: (Default) Myriad Pro, 11 pt, Not Expanded by / Condensed by

Formatted: Font: (Default) Myriad Pro, 11 pt, Not Bold, Not Expanded by / Condensed by

Public officials abstaining from a vote must clearly indicate for the record the basis for the abstention. A roll call vote shall be taken to note that the public official was present but did not vote.

Conflict of interest
When a member has a conflict of interest, or the appearance of a conflict of interest, the member must:

- Publicly state the nature of the conflict;
- Step down from the dais and leave the room until consideration of the particular item is finished, unless the item is on the Consent Calendar;

- Not be counted toward achieving a quorum while the item is being discussed.

Recommendations
When a board, commission, or committee votes to make a recommendation to the City Council, such items may not be appealed since recommendations are not considered final approvals or decisions.

Rights of the public

Pursuant to the Ralph M. Brown Act and the First Amendment, the public must be allowed to:

- Attend, observe, and speak at meetings;
- Speak without being required to provide a name, address, or other information;
- Record the meeting with audio or video recorder and take photographs;
- Review agendas and other documents distributed to a majority of the public body other than those exempt from disclosure;
- Request in writing that the agenda or agenda-related documents be mailed to them for a cost not to exceed the actual cost of providing the service;
- Obtain a copy of any audio or video (if it exists) of the meeting (there is no requirement to prepare a transcript) for a cost not to exceed the actual cost of providing the service;
- Speak to each item on the agenda and to items under the jurisdiction of the public body;
- Criticize or complain about processes or procedures;
- Protest by wearing messages on clothing, holding signs, or engaging in nonverbal forms of communication.

However, the public's rights are not unlimited. The presiding officer may have removed any individual for disrupting a meeting. "Disrupting a meeting" means engaging in behavior that actually disrupts, disturbs, impedes, or renders infeasible the ability of the public body to orderly and efficiently conduct the meeting, or substantially interferes with the rights of other audience members. Disruptive behavior can occur both in person and virtually and includes, but is not limited to, the following:

- Shouting from the audience;
- Interrupting or speaking over a person at the podium who has been recognized to speak by the presiding officer;
- Clapping, booing, or other expressions of support or opposition to a speaker or to the public body's discussion or decision;
- Verbally harassing or physically confronting audience members, city staff, or public officials;
- Interrupting staff while engaged with the public body;
- Interrupting the public body while it is considering a matter;
- Continuing to speak at the podium once the presiding officer has announced the person's time has expired;
- Recording or broadcasting the meeting in a manner that creates noise, illumination, or obstructions of view that constitutes a persistent disruption of the proceedings;
- Undressing;
- Playing audio files or videos without permission;
- Using a false, misleading, or offensive display name intended to disrupt the meeting or impersonate another person;
- Changing one's display name during the meeting in a manner that causes confusion, impersonation, or disruption;
- Using multiple accounts or devices to circumvent speaker time limits or otherwise manipulate the public comment process;

Formatted: Font color: Auto

Formatted: Font color: Auto

Formatted: Font color: Auto

- Refusing to mute when directed by the chair or host, or repeatedly unmuting after being muted;
- Creating excessive background noise, including playing music, sound effects, or other audio that interferes with the meeting;
- Displaying obscene, threatening, or disruptive imagery through the participant's video feed, virtual background, or other visual display;
- Attempting to share a screen, post messages in chat, or otherwise use platform features in a manner that disrupts the meeting when those features are restricted or disabled;
- Repeatedly joining and leaving the meeting, or rejoining after removal, in a manner intended to disrupt the proceedings;
- Speaking through another registered speaker's account or device in order to evade speaker identification or time limits;
- Using automated tools, prerecorded messages, or coordinated accounts to overwhelm or interfere with the public comment process;
- Engaging in conduct that interferes with the ability of other participants to hear or be heard, including intentionally creating audio feedback or other technical interference;
- Failing to follow the city's meeting procedures.

These standards apply equally to conduct occurring in person or through any teleconference or virtual meeting platform used by the city.

Failing to follow the city's meeting procedures
Prior to having the individual removed, the presiding officer shall warn the individual that their behavior is disrupting the meeting and that ~~their~~ failure to cease the~~ir~~ behavior may result in their removal. If they do not promptly cease their disrupting behavior, they can be removed. No warning is required prior to removal if the individual is using force or threatening to use force. This section shall also apply to members of the public participating in a meeting via a two-way audiovisual platform. In those circumstances, "removal" can include muting, disabling video, removing an individual from the virtual meeting, or otherwise managing the two-way audiovisual platform to maintain order.

If a group or groups of persons willfully disrupts a meeting and order cannot be restored by the removal of such individuals, the presiding officer, after giving a warning, may order the meeting room cleared and continue in session. No warning is required prior to removal if the group or groups of persons are using force or threatening to use force. Only matters appearing on the agenda may be considered in such session. Representatives of the press or other news media with valid credentials, except those participating in the disturbance, shall be allowed to attend such session. In addition, the presiding officer may readmit any individuals not responsible for disrupting the meeting.

As an alternative to removing individual(s), the presiding officer may call a recess to de-escalate the situation.

These rules shall be applied in a viewpoint neutral manner and do not prohibit criticism of the city, city staff, the public body, or city policies, programs, or services.

Americans with Disabilities Act
All legislative meetings open to the public must comply with the Americans with Disabilities Act. If members of the public body or members of the public attending the meetings require special assistance to participate in a meeting, individuals must notify the staff liaison or City Clerk at least seventy-two (72) hours prior to the meeting.

Limited English proficiency
Individuals who do not speak English as their primary language and who have a limited ability to read, speak, write, or understand English are considered limited English proficient. If an individual wants to appear~~s~~ before the public body and is limited English proficient ~~and requests assistance~~, the individual ~~should~~will be provided a certified foreign language interpreter if requested in advance. Individuals may instead provide their own interpreters so long as the interpretation service does not disrupt the meeting. Individuals providing their own interpreters may request any of the following assistance in advance:

- Space for one or more interpreters at the meeting location;
- Utilization of their own personal equipment;
- Reasonable access to facilities for participants to use commercially available interpretation services.

Individuals requesting an interpreter or assistance for their own interpreter must notify the staff liaison or City Clerk at least seventy-two (72) hours prior to the meeting. Pursuant to the Ralph M. Brown Act, individuals using an interpreter shall be provided at least twice the allotted time given to other members of the public.

The city is not responsible for the content or accuracy of any interpretation facilitated, assisted with, or provided by the member of the public.

Presentation material
An individual making a presentation to a public body must submit all media to the City Clerk or secretary for review at least seventy-two (72) hours in advance of the broadcasted meeting.
Any emergency exceptions must be approved by the City Manager.

Charter Review Committee

Nine (9) members appointed by the City Council at least every ten (10) years

Responsibilities

Reviews the Charter and presents, or causes to be presented, to the City Council a written report recommending amendments, if any, which should be made to the Charter.

Meetings
The Charter Review Committee, once established, determines meeting day, time and location.

Design Committee

Three (3) members: two (2) members appointed by the City Council; one (1) member appointed by the Planning Commission; and one (1) alternate appointed by the Planning Commission

Responsibilities

- Reviews design-related applications for multiple-residential, commercial, and industrial projects.
- Reviews proposed site plans, architecture, and landscaping for conformance with the city's general plan, specific plans, and community design guidelines.
- Reviews applications required by the city's sign ordinance.

Meetings
The Design Committee meets the third Thursday of each month at 4:30 p.m. in the Civic Center meeting rooms 1 & 2, 311 Vernon Street.

**The chair of the committee shall be a current member of the Planning Commission. In the absence of the chair and vice chair of the committee, the alternate Planning Commissioner shall act as the presiding officer.*

Economic Development Advisory Committee

Seven (7) members appointed by the City Council: one (1) councilmember; one (1) Chamber of Commerce representative; and five (5) industry representatives

Responsibilities

- Ensures goals of the Roseville Economic Development Strategy (Strategy) are being met.
- Provides guidance to staff and recommendations to the City Council on implementation of the Strategy and recommends changes or additions as necessary to reflect changing economic conditions or opportunities.
- Reviews annual economic development work program and budget and makes recommendations to the City Council regarding economic development work program and budget.
- Reports to the City Council at least annually on Strategy progress and effectiveness of the Strategy.
- Review programs which assist existing and prospective businesses.

Meetings
The Economic Development Advisory Committee meets on the fourth Tuesday of January, April, July, and October at 1:30 p.m. in the Civic Center, 311 Vernon Street.

Grants Advisory Commission

Seven (7) members appointed by the City Council; additionally, the City Council may appoint a voting youth commissioner

Responsibilities

- Reviews and recommends Citizens' Benefit Fund (Chapter 4.06) and Roseville Employees Annual Charitable Hearts ("REACH") fund and grant application processes and policies for grants to be approved by the City Council.
- Acts as a forum for public participation in review of Citizens' Benefit Fund and REACH grant applications.
- Annually reviews and makes recommendations on Citizens' Benefit Fund and REACH grant applications.
- Monitors approved grants and reviews annual reports for measurable outcomes.
- Recommends to the City Council the use of the interest earned by the city on the proceeds of the sale of the Roseville Community Hospital in the award of Citizens' Benefit Fund grants.

Meetings

The Grants Advisory Commission meets the second Tuesday of each month at 5:30 p.m. in the council chambers, 311 Vernon Street.

Law and Regulation Committee

Two (2) council members, and ~~one~~two (~~1~~2) alternates appointed by the City Council

Responsibilities

- Requests, considers, and evaluates state and federal legislation, policies and regulations brought before the Committee and makes recommendations to the full City Council on those items.
- Provides input to staff regarding concerns about the effects a specific piece of legislation, policy or regulation might have on the community.
- Requests additional information from staff regarding legislation, policies, and regulations.

Meetings

The regular day and time for meetings for the Law and Regulation Committee shall be established by resolution adopted by the City Council, as amended from time to time.

Library Board

Five (5) members appointed by the City Council; additionally, the City Council may appoint a voting youth member

Responsibilities

- Participates in strategic and long-range planning for the city library system.
- Serves as community liaisons/advocates for library programs and services.
- Reviews policies and procedures as presented by city library staff.
- Represents the library at city-sponsored functions.
- Advises the City Council on important library efforts.

Meetings

The Library Board meets the fourth Monday of odd-numbered months at 6 p.m. at various city libraries.

Local Sales Tax Citizens' Oversight Committee

Five (5) members appointed by the City Council.

Responsibilities

- Annually, review revenue receipts and expenditures of the Transactions and Use Tax.
- Annually, review status of programs and services, funded wholly or partially with proceeds from the Transactions and Use Tax.
- Annually, prepare and present an independent report to the City Council regarding the revenue and expenditures of the Transactions and Use Tax.

Meetings

The Local Sales Tax Citizens' Oversight Committee meets two to three times per year, or as determined by the City Manager.

Parks and Recreation Commission

Seven (7) members appointed by the City Council; additionally, the City Council may appoint a voting youth commissioner.

Responsibilities

- Reviews and makes recommendations on park projects, department operations, recreation programs, events and related issues.

Meetings

The Parks and Recreation Commission meets the first Monday of each month at 6 p.m. in the council chambers, 311 Vernon Street.

Planning Commission

Seven (7) members appointed by the City Council

Responsibilities

- Makes recommendations to the City Council on general plan, specific plan, zoning and other land use policy areas.
- Reviews and makes recommendations to the City Council on, and where appropriate, approves entitlements for compliance with the general plan, applicable specific plans, and other policy documents.
- Takes final action on major project permits, conditional use permits, tree permits, tentative subdivision maps, variances, and zoning interpretations.
- Determines the adequacy and consistency with the California Environmental Quality Act of environmental documentation associated with projects acted upon by the Planning Commission.
- Provides representation of the city at various conferences, before other agencies, etc.
- Provides commission members for service on special task forces/ committees, as needed.
- Provides a forum for public involvement for the items listed above.

Meetings

The Planning Commission meets the second and fourth Thursdays of each month at 6:30 p.m. in the council chambers, 311 Vernon Street.

Public Utilities Commission

Seven (7) members appointed by the City Council

Responsibilities

- Studies and advises the City Council regarding all utilities and enterprises owned or operated by the city, including but not limited to, electrical, water, wastewater, recycled water, solid waste, and stormwater.
- Advises the City Council regarding planning, rates, public information, and other matters relating to such enterprises.
- Hears citizen concerns relating to utility operation and/or rates.
- Conducts public meetings and public hearings for the purpose of reviewing agreements, proposed utility-related projects, and rates prior to making a recommendation to the City Council.
- Reviews California Environmental Quality Act and National Environmental Policy Act documents for public utility-related projects.
- Advises the City Council regarding the activities of joint powers agencies, if the City Council appoints a representative of the commission to sit as a participant on the board, commission, or committee of a joint powers agency of which the city is a member.
- Quarterly reviews the departments' progress reports given to the commission to determine the progress of each utility.
- Monitors new emerging technology and services, and when appropriate, makes recommendations to the City Council.
- Provides a forum for public involvement for the items listed above.

Meetings

The Public Utilities Commission meets the fourth Tuesday of each month at 6 p.m. in the council chambers, 311 Vernon Street.

Senior Commission

Seven (7) members appointed by the City Council

Responsibilities

- Investigate opportunities for outside revenue sources (grants) which are or which may be available to provide funding for senior programs and share findings with staff.
- Highlight senior programs, services, and resources to the community.
- Serve as a forum for commission members' and residents' expression of ideas, needs, and concerns, as they affect seniors, particularly in areas over which the City of Roseville has purview
- Respond to requests for recommendations to other commissions, staff, and City Council on programs, special events, policies and services.
- Serve as the eyes and ears in the community, bringing pertinent information to staff to help improve senior services.
- Serve as ambassadors throughout the community for the services provided by the City of Roseville.

Meetings
The Senior Commission meets quarterly in February, May, August, and November on the second Wednesday of those months at 2:00 p.m. in the council chambers, 311 Vernon Street.

Transportation Commission

Seven (7) members appointed by the City Council; additionally, the City Council may appoint a voting youth commissioner

Responsibilities:

- Reviews and makes recommendations to the City Council on the general plan circulation element; the bicycle master plan, pedestrian master plan, short and long range transit plan, the capital improvement project plan; specific plan circulation plans; regional transportation plans, the public transit system; bikeway, pedestrian, transit, and roadway capital improvement projects and transportation systems management.
- Reviews and approves transportation systems management plans.
- Provides representation of the city at various conferences and before other agencies, as needed,
- Provides a forum for public involvement for the items listed above.

Meetings
The Transportation Commission meets the third Tuesday of each month at 6 p.m. in the council chambers, 311 Vernon Street.

Supplemental meeting procedures

The meeting procedures of the Board of Appeals, Personnel Board, and City Council are substantially unique and are therefore supplemented herein separately.

In the event of a conflict between the Uniform Meeting Procedures and these Supplemental Meeting Procedures, the provisions of the Supplemental Meeting Procedures shall govern.

Board of Appeals

Ten to fifteen (10-15) members appointed by the City Council

Responsibilities

- Serves as an advisory body to the City Council with respect to construction, building, code enforcement, or similar matters.
- Reviews matters as provided under the Uniform Building and Housing codes.
- Serves as a pool of hearing examiners for the purpose of formation of each ad hoc hearing examiner panel as provided herein.

Semi-annual meetings

The Board of Appeals meets the second Tuesday of January and July, or as soon thereafter on a date and time as practicable, at 4:00 p.m. in the Civic Center, 311 Vernon Street. A chair and vice chair of the board shall be selected as set forth under the "Roles and responsibilities" section of these Administrative Standards.

Hearing panels

Three (3) members selected by the City Attorney or his or her designee from a pool consisting of the Board of Appeals members.

Responsibilities

- Assembles at the request of the City Attorney and may hear violations of, and consider administrative penalties for, violations of the Roseville Municipal Code or conditions of approval associated with discretionary permits.

Hearing panel

The City Attorney's office shall fix a reasonable time and date for the convening of the hearing panel to hear and adjudicate claims before it.

Selection of hearing panel chair

A chair for each hearing panel shall be randomly selected by the City Attorney prior to the start of the hearing and shall be announced at the start of the hearing.

Order of business

The order of business at all hearings shall be as follows:

- Call to Order
- Identification of Chair
- Pledge of Allegiance
- Public Comment
- Swear in
- Matters to be Heard
    - Staff report, complainant's statement
    - Appellant's Response
    - Rebuttals and Panel Questions
    - Panel Discussion
    - Panel Decision
- Adjournment

Conduct of business

Agenda of matters to be heard
An agenda of matters to be heard shall be prepared by the staff liaison and shall be made available a minimum of seventy-two (72) hours before the commencement of the hearing.

Presentation material
If an individual plans to use audio/visual materials, he or she must submit all audio/visual materials to the staff liaison no later than forty-eight (48) hours prior to the hearing.

Announcement of chair
The designation of the chair for the hearing panel will be announced.

Call to order
The chair of the hearing panel shall call the meeting to order.

Swear in
All persons presenting evidence and/or testimony shall be sworn in.

Matters to be heard
The chair shall announce the matter to be heard and the panel may consider any competent and reasonable evidence. The standard of proof shall be based on the preponderance of the evidence. The panel may hear all evidence in its discretion. Formal rules of evidence shall not apply.

Staff report
The enforcement officer shall present a staff report. If applicable, the complainant may testify and present evidence. A copy of any staff report shall be provided to the responsible party/ appellant at least five (5) days prior to the hearing. Additionally, a copy of the staff report shall be provided to the panel members at least five (5) days prior to the hearing.

Response, public testimony
The responsible party/appellant or the representative of the responsible party/appellant may respond to the staff report and/or the complainant. The response may include the presentation of testimony or evidence. Any materials provided by the responsible party/ appellant to the City Attorney's office prior to the hearing shall also be provided to the panel members at least five (5) days before the hearing. Each side shall have five (5) minutes to make their initial presentation. If a translator is used, the person using the translator shall be provided at least ten (10) minutes for their initial presentation, which may be extended at the discretion of the chair.

Rebuttals and questions
The enforcement officer, the complainant, or the responsible party/appellant may offer rebuttal testimony. Each side shall have two (2) minutes for rebuttal. If a translator is used, the person using the translator shall be provided at least four (4) minutes for rebuttal, which may be extended at the discretion of the chair.

Rebuttal testimony is only to address relevant issues raised by the other party.

Panel discussion
Panel members may ask questions of city staff and of anyone who testified.

Decision
The chair shall close the matter and the panel may then consider the evidence. The hearing panel shall state its determination to the parties, based upon any required findings of fact.

If applicable, the chair will inform the responsible party/appellant of his/her appeal rights.

The panel shall proceed to the next matter to be heard until all such matters have been heard.

Appearances

Responsible party/appellant failure to appear
If the responsible party/appellant fails to appear for the hearing within 15 minutes after the hearing commences, the responsible party's/appellant's appeal will be automatically denied.

Complainant failure to appear
If the complainant fails to appear for the hearing within 15 minutes after the hearing commences, the responsible party's/appellant's appeal will be automatically granted as to the violation(s) dependent upon the complainant's testimony. The hearing panel may still hear any violation(s) not dependent upon the complainant's testimony.

Neither party appears
If both the responsible party/appellant and the complainant fail to appear for the hearing within 15 minutes after the hearing commences, the chair shall postpone the hearing pending rescheduling by the City Attorney. If both the responsible party/appellant and the complainant fail to appear for the rescheduled hearing within 15 minutes after the hearing commences, the responsible party's/appellant's appeal will be automatically granted as to the violation(s) dependent upon the complainant's testimony, and denied as to any violation(s) not dependent upon the complainant's testimony.

Official record
Minutes of the hearing, set off in paragraphs clearly stating the actions, findings and determinations of the panel, shall be kept by the City Attorney or the City Attorney designee. Additionally, the record may include a recording of the actual hearing (either audio, video, or stenographical) as technology permits.

Personnel Board

Five (5) members appointed by the City Council
Responsibilities:

- Provides advice to the City Council on all matters relating to personnel administration in the city service.
- Investigates and takes action on complaints of an employee or group of employees alleging unfair treatment resulting from a management decision or lack of decision.
- Interprets the city's rules and regulations governing personnel practices or working conditions.
- Investigates and decides the claim of any person that their application for employment or promotion has not been processed and considered pursuant to the Charter and the personnel rules.
- Hears and decides disciplinary, administrative and employment appeals from employees.
- Reviews and takes action on recommended changes to the personnel rules and regulations.

Meetings
The Personnel Board meets as needed in the Civic Center, 311 Vernon Street.

Disciplinary hearings

Legal advisor
An objective legal advisor to the board shall be provided in disciplinary hearings.

Pre-hearing procedures
Not later than seventy-two (72) hours prior to the hearing, the parties shall provide to each other and the board a list of witnesses to be called, and all exhibits to be presented, at the hearing.

Hearing procedures

A. The parties shall be notified of the time and place of the hearing.
    1. All hearings shall be conducted in closed session unless the employee requests a public hearing.
    2. The employee shall be entitled to appear personally, produce evidence, and be represented by counsel
    3. The complainant may also be represented by counsel.
    4. The board shall be guided, but shall not be bound by rules of evidence used in California courts. Informality in any such hearing shall not invalidate any order or decision made or approved by the board.
    5. The parties may present witnesses and cross-examine witnesses
B. The presiding officer shall rule on the admissibility of evidence and objections to the examination of witnesses during the hearing. The board may use the services of its counsel which may include assistance with ruling upon procedural questions, objections to evidence, and issues of law.
C. The appellant/employee shall personally attend the hearing. Unexcused failure of an appellant to appear at a hearing shall be deemed a withdrawal of the appeal.

The order of business at disciplinary hearings shall be as follows:

- Call to Order
- Roll Call
- Preliminary Statement (advisor to the Personnel Board)
- Documents/stipulations
- Witnesses Sworn
- Opening Statements
- Proof of the Charges
- Proof of the Defense
- Rebuttal (if any)
- Summation
- Board Deliberations
- Board action/open session
- Adjournment

Hearing decision
The board shall affirm, modify, or revoke the recommended personnel action. The board shall announce its decision in open session and thereafter issue a written decision within thirty (30) calendar days of adjournment of the hearing. The written decision shall contain findings of fact and the personnel action approved, if any. The findings may reiterate the language of the pleadings or simply refer to them. The decision of the board shall be certified to the director or designee who recommended the personnel action, and he/she shall enforce the decision. A copy of the decision shall be delivered to the appellant or his/her designated representative personally or by registered mail. The decision of the board shall be final.

Conduct of business

Closed sessions
Whether a disciplinary hearing is open or closed to the public as permitted by the Brown Act, during the board deliberation concerning its decision, only the board members and the board's legal advisor shall be present.

At least one week before the date set for the disciplinary hearing, an employee appealing a disciplinary action must notify the human resources director whether the appeal hearing shall be an open or closed session.

Witnesses excluded
Whenever the board is conducting a disciplinary hearing, either the employee, the city, or the board may request that all witnesses be excluded and the chair shall order the exclusion. Notwithstanding the preceding sentence, neither the disciplined employee nor the city's designated representative shall be excluded, even though one or both may be witnesses in the hearing.

Appeals
Overturning the decision of the human resources director requires an affirmative vote of a majority of the board members present and qualified to act. If there is no majority vote to grant the appeal, the appeal is denied.

Official record
The minutes of the board for closed sessions shall be filed separately and secured for privacy purposes.

Recording of meetings
A professional transcriber/recorder will record closed disciplinary hearings.

City Council

Elective officers
The electors of the city shall elect a council of five (5) members each of whom shall be elected by district by the voters in that district for a four (4) year term of office. Commencing with the General Municipal Election in November of 2020 and every four (4) years thereafter, the voters in the odd-numbered electoral districts shall elect a councilmember. Commencing with the General Municipal Election in November of 2022 and every four (4) years thereafter, the voters in the even-numbered electoral districts shall elect a councilmember. The council shall constitute the legislative and governing body of the city and shall have authority, except as otherwise provided in the Charter, to exercise all powers of the city, and to adopt such ordinances and resolutions as may be proper in the exercise thereof. No councilmember shall serve more than two (2) consecutive four (4) year terms, commencing as of a date subsequent to April 9, 1974. A partial term of less than two (2) years served due to appointment or election

to a vacant council seat does not count as a term for purposes of this section of the Charter. However, a combination of an appointment to a vacant council seat followed by a subsequent election to fill the remainder of the unexpired term of that same vacant seat shall count as a term for purposes of this section of the Charter.

Eligibility for office
Only United States citizens may be elected or appointed officers of the city. Furthermore, in order to be eligible for city office, any councilmember elected or appointed to represent an electoral district must reside in that district and be a registered voter in that district, and any candidate for City Council must reside in, and be a registered voter in, the district in which the candidate seeks election at the time nomination papers are issued.

Assumption of office by, meeting of council, and seating of mayor and vice mayor
The council shall be sworn in and assume office, subject to the qualifying provisions of the Charter, upon receipt of a certified statement of the results of the election pursuant to California Elections Code 15372, as it may be hereafter amended. The council shall hold its first meeting at that time. The vice mayor shall be seated by rotation in sequential order of the five (5) districts. Upon termination of a councilmembers' term of office as vice mayor, the vice mayor shall be seated as mayor. The mayor and vice mayor shall each serve a two (2) year term.

Powers and duties of mayor
The mayor shall be the official head of the city government for purposes of ceremony. The mayor shall serve as the presiding officer at meetings of the City Council and shall decide all questions of order without debate, subject to advice from the City Attorney or the City Attorney designee. The mayor may not make any motion, but may second a motion. The mayor shall have all other rights and privileges of a councilmember.

Vice mayor
In the temporary absence or disability of the mayor, the vice mayor shall exercise the duties and prerogatives of the mayor. The mayor shall, whenever possible, notify the City Clerk of the mayor's intended absence from the city. In the event both the mayor and vice mayor are unable to perform their duties, the City Council may appoint one of its members to act only as chair of a meeting.

Compensation
Each member of the City Council shall receive a salary that shall be six hundred dollars ($600) per month for each councilmember and the mayor shall receive an additional fifty dollars ($50) per month. Councilmembers may, upon order of the City Council, be reimbursed for reasonable and necessary expenses actually incurred in the service of the city. Confirmation of reimbursement should be received before expenditures are made.

Auxiliary Positions
Councilmembers are expected to attend many meetings outside of the city and may or may not be compensated for their attendance. Every two years the mayor is responsible for bringing recommendations forward for the distribution of these councilmember responsibilities to serve on regional and local agencies, boards, commissions, committees, and joint power authorities. If unable to attend, councilmembers must ensure their alternates can attend to ensure a quorum of members is present.

Councilmember vacancies
A. An office becomes vacant on the happening of any of the following events before the expiration of the councilmember's term:

1. Upon any of the grounds listed in Section 1770 of the California Government Code as it now exists or may hereafter be amended.
2. Upon termination of residency in an electoral district by a councilmember elected or appointed to that district unless a substitute residence within the district is immediately declared and established within thirty (30) calendar days after the termination of residency.

B. When a vacancy is, for any reason, anticipated in advance of its actual occurrence, the council shall initiate the appointment or election process in anticipation of the vacancy. The councilmember who will be vacating the seat may not participate in the process.

C. Any vacancy on the council may be filled by a majority vote of the remaining councilmembers within sixty (60) calendar days after the vacancy occurs. A person appointed by the council to fill a vacancy shall hold office until the next feasible election. A councilmember elected to fill a vacancy thereafter shall hold office for the remainder of the unexpired term. No person may be appointed to the council more than once.

D. If the council fails, for any reason, to fill such vacancy within the sixty (60) day period set forth in subsection c, it shall forthwith call an election for the earliest possible date to fill such vacancy. A councilmember elected to fill a vacancy shall hold office for the remainder of the unexpired term.

E. A partial term of less than two years served either due to an appointment or an election to a vacant Council seat, does not count as a term. Further, a combination of an appointment to a vacant Council seat, followed by a subsequent election to fill the remainder of the unexpired term of the same vacant seat, does count as a term.

F. In the event of a vacancy in the office of mayor, the vice mayor shall be seated as mayor and shall hold office for the remainder of the unexpired term being assumed. In the event of a vacancy in the office of vice mayor, a vice mayor shall be seated from the electoral district next in rotation and shall hold office for the remainder of the unexpired term being assumed. The filing of vacancies pursuant to this subsection, however, shall not disrupt the normal mayoral and vice mayoral rotation and shall not result in reducing a mayor's or vice mayor's scheduled term.

Regular meetings

The council shall hold regular meetings on the first and third Wednesday of each month; provided that, if a regular meeting date falls on a legal holiday, the meeting shall be held at the same hour, same day the following week or may be canceled. An agenda will provide the time and place of the meetings.

Special meetings

Special meetings may be called by the City Clerk, City Manager, City Attorney, or by written request of the mayor or any three (3) councilmembers by providing each councilmember with at least seventy-two (72) hours' written notice, except that for time sensitive business, only twenty-four (24) hours' written notice is required. Written notice shall be served personally, electronically, or left at each councilmembers' usual place of residence, and shall be publicly posted in accordance with the timeframes set forth in this section. Business transacted at any special meeting shall be limited to the subjects recited in the notice of such meeting.

Meeting place
All regular meetings shall be held in the council chambers, 311 Vernon Street, unless, by consensus, the City Council decides to meet elsewhere, in which case, notice of such alternate meeting place shall be posted by the City Clerk in a public place in advance of the proposed meeting in accordance with the Ralph M. Brown Act.

Meetings to be public
Except for closed sessions permitted by general state law, all City Council meetings shall be open to the public and members of the public shall have a reasonable opportunity to be heard.

Quorum
Three (3) councilmembers shall be a quorum for the transaction of business at City Council meetings except as otherwise provided by the Charter. In the absence of a quorum, a lesser number of councilmembers or the City Clerk may adjourn the meeting to a later date.

Attendance and conduct at meetings
The City Council may, by vote of not less than two (2) of its members, enforce orderly conduct and compel the attendance of its members and other city officers at its meetings. Any member of the City Council or other officer of the city who refuses to attend such meetings or conducts themselves in a disorderly manner shall be deemed guilty of misconduct in office. Upon request of the City Council, the City Manager shall designate a police official or officer to serve as the sergeant-at-arms of the City Council.

Council rules
The council shall determine its own rules and order of business subject to the following provisions. There shall be a journal of proceeding or minutes of all council meetings approved by the council and to which the public shall have access at all reasonable times. ~~Within seven (7) days after any regular or special council meeting, the actions taken by the council at the meeting shall be available on the city's website, and w~~Within thirty (30) days, or as soon thereafter as is reasonably foreseeable, after any regular or special council meeting, action minutes of the meeting shall be prepared by the council for its approval.

A vote upon all ordinances and resolutions shall be taken individually by an affirmative or negative vote and entered upon the journal, except that where the vote is unanimous it shall be necessary only to so state.

Order of business
The order of business at all closed sessions shall be as follows:

- Closed Session Call to Order
- Closed Session Roll Call
- Closed Session Public Comments
- Closed Session
- Closed Session Report Out
- Closed Session Adjournment

The order of business at all regular meetings of the City Council shall be as follows:

- Call to Order
- Roll Call
- Pledge of Allegiance
- Meeting Procedures
- Presentations

- Public Comments
- Consent Calendar
  - Minutes
  - Bids/Purchases/Services
  - Resolutions
  - Ordinances (for introduction and first reading)
  - Ordinances (for introduction and adoption – appropriation/urgency measures)
  - Ordinances (for second reading and adoption)
  - Reports/Requests
  - Ceremonial Documents
- Resolutions
- Ordinances
- Special Requests/Reports/Presentations
- Appointments
- Public Hearings
- Council/Staff/Reports/Comments
- Adjournment

City Council Communication

Meeting Date: 6/3/2026
Item #: VIII.15
File #: 0206-08-01
Item ID: 2026-395

Title:	Fiscal Year 2026-27 Landscaping and Lighting District Assessments - Amending and/or Approving the Engineer's Annual Levy Report, Ordering the Levy and Collection of Assessments
Contact:	Jeannine Thrash 916-774-5473 jthrash@roseville.ca.us

SUMMARY

Staff recommends approval of the engineer's annual levy reports for fiscal year 2026-27 and ordering the levy and collection of assessments within the described Landscaping and Lighting Districts (individually "LLD collectively "LLDs"). These LLDs were formed within the City to levy and collect assessments for maintenance of public improvements pursuant to the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code, Sections 22500, et seq., and Article XIII D of the California Constitution. All charges are needed to fund landscape services in each LLD. There is no fiscal impact to the General Fund.

RECOMMENDATION

Staff recommends that the City Council adopt the following resolutions:

Resolution of the City Council of the City of Roseville, California, Amending and/or Approving the Engineer's Annual Levy Report for the Historic District Landscaping and Lighting District, Fiscal Year 2026/2027.

Resolution of the City Council of the City of Roseville, California, Ordering the Levy and Collection of Assessments within the Historic District Landscaping and Lighting District, for Fiscal Year 2026/2027.

Resolution of the City Council of the City of Roseville, California, Amending and/or Approving the Engineer's Annual Levy Report for the Infill Area Landscaping and Lighting District, Fiscal Year 2026/2027.

Resolution of the City Council of the City of Roseville, California, Ordering the Levy and Collection of Assessments within the Infill Area Landscaping and Lighting District, for Fiscal Year 2026/2027.

Resolution of the City Council of the City of Roseville, California, Amending and/or Approving the Engineer's Annual Levy Report for the Johnson Ranch Landscaping and Lighting District, Fiscal Year 2026/2027.

Resolution of the City Council of the City of Roseville, California, Ordering the Levy and Collection of Assessments within the Johnson Ranch Landscaping and Lighting District, for Fiscal Year 2026/2027.

Resolution of the City Council of the City of Roseville, California, Amending and/or Approving the Engineer's Annual Levy Report for the North Central Roseville Specific Plan Landscaping and Lighting District, Fiscal Year 2026/2027.

Resolution of the City Council of the City of Roseville, California, Ordering the Levy and Collection of Assessments within the North Central Roseville Specific Plan Landscaping and Lighting District, for Fiscal Year 2026/2027.

Resolution of the City Council of the City of Roseville, California, Amending and/or Approving the Engineer's Annual Levy Report for the Northwest Roseville Specific Plan Landscaping and Lighting District, Fiscal Year 2026/2027.

Resolution of the City Council of the City of Roseville, California, Ordering the Levy and Collection of Assessments within the Northwest Roseville Specific Plan Landscaping and Lighting District, for Fiscal Year 2026/2027.

Resolution of the City Council of the City of Roseville, California, Amending and/or Approving the Engineer's Annual Levy Report for the Olympus Pointe Landscaping and Lighting District, Fiscal Year 2026/2027.

Resolution of the City Council of the City of Roseville, California, Ordering the Levy and Collection of Assessments within the Olympus Pointe Landscaping and Lighting District, for Fiscal Year 2026/2027.

Resolution of the City Council of the City of Roseville, California, Amending and/or Approving the Engineer's Annual Levy Report for the Riverside Avenue Landscaping and Lighting District, Fiscal Year 2026/2027.

Resolution of the City Council of the City of Roseville, California, Ordering the Levy and Collection of Assessments within the Riverside Avenue Landscaping and Lighting District, for Fiscal Year 2026/2027.

Resolution of the City Council of the City of Roseville, California, Amending and/or Approving the Engineer's Annual Levy Report for the Vernon Street Landscaping and Lighting District, Fiscal Year 2026/2027.

Resolution of the City Council of the City of Roseville, California, Ordering the Levy and Collection of Assessments within the Vernon Street Landscaping and Lighting District, for Fiscal Year 2026/2027.

BACKGROUND

The City of Roseville currently has eight active Landscaping and Lighting Districts (LLDs). These districts were formed within the City of Roseville to levy and collect assessments for maintenance of public improvements pursuant to the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code (Sections 22500, et seq.) and Article XIII D of the California Constitution.

The Historic District Landscaping and Lighting District was formed in 2006 to levy and collect assessments for the maintenance and operation of improvements benefiting parcels within the District. The cost of maintaining the streetscape improvements is spread equally to the subject properties, based on their percentage of total front footage of all affected parcels. The District is located in the Historic Old Town area in Downtown Roseville.

The Infill Area Landscaping and Lighting District was formed in 1995 to levy and collect assessments for

the maintenance of certain public improvements that benefit parcels within the District. The District is located in the Infill Plan area.

The Johnson Ranch Landscaping and Lighting District was formed in 1989 to levy and collect assessments for the maintenance of certain public landscape, open space, floodway and stream courses located within the Southeast Roseville Specific Plan area.

The North Central Roseville Specific Plan Landscaping and Lighting District was formed in 1990 to levy and collect assessments for the maintenance of certain public improvements within the North Central Roseville Specific Plan area. In 2004, the property owners in the district approved, through a mailed ballot, an assessment increase and the addition of an annual escalation factor. This enables the City to keep up with increased costs associated with maintaining the landscaping at proper levels.

The Northwest Roseville Specific Plan Landscaping and Lighting District was formed in 1989 to fund the maintenance of public landscape medians and corridors, vernal pool preserves, bike trails, and certain park improvements. The district does not cover the entire Northwest Specific Plan area and only funds improvements within its established boundaries. In 2004, the Dunmore Junction subdivision was annexed into the district as Zone A, and the Legacy subdivision was annexed as Zone B. Unlike the majority of the other LLDs, this district does not include an inflationary escalator, and the annual assessment has remained unchanged since 1989. The City sought voter approval to increase the assessment and add an annual escalator in 2006, 2011, and 2021; however, these adjustments were not approved by property owners within the district, and the assessment remains unchanged.

The Olympus Pointe Landscaping and Lighting District was formed in 1989 to levy and collect assessments for the maintenance of certain public improvements within the Northeast Roseville Specific Plan Area. In 2005, the property owners in the district approved, through a mailed ballot, an assessment increase and an annual escalation factor. This allows the City to keep pace with increasing maintenance costs.

The Riverside Avenue Landscaping and Lighting District was formed in 2007 to levy and collect assessments for the maintenance and operation of improvements benefiting parcels within the District. The cost of maintaining the streetscape improvements is spread equally to the subject properties, based on their percentage of the total front footage of all affected parcels.

The Vernon Street Landscaping and Lighting District was formed in 2001 to levy and collect assessments for maintenance of streetscape improvements within the district boundaries. The cost of maintaining the streetscape improvements is spread equally to the subject properties based on their percentage of total front footage of all affected parcels.

Assessment Statistics

District	Proposed FY 2026-27 Levy	Maximum Annual Assessment	Levied Parcels	% Change from FY 2025-26	*Prior year* FY 2025-26 Levy
Historic District LLD	$46,156.78	$46,157.32	60	3%	$44,812.42
Infill Area LLD	$33,349.44	$44,132.80	222	8%	$30,983.04
Johnson Ranch LLD	$48,115.26	$56,507.12	1,044	0%	$48,051.78
North Central LLD	$827,914.72	$843,330.01	3,505	5%	$785,936.30
Northwest LLD	$481,336.00	$481,336.00	4,752	0%	$481,336.00
Olympus Pointe LLD	$254,246.06	$482,425.98	826	7%	$236,613.82
Riverside Avenue LLD	$51,549.44	$51,550.66	76	3.00%	$50,048.54
Vernon Street LLD	$48,009.30	$48,010.11	60	3.04%	$46,593.08
Totals	**$1,790,677.00**	**$2,053,450.01**	**10,545**		

FISCAL IMPACT

All charges are needed to fund landscape services in each LLD. There is no impact to the General Fund.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. The adoption of these resolutions meets the above criteria and is not subject to CEQA. No additional environmental review is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

2. Remain fiscally responsible in a changing world
6. Deliver exceptional City services

Respectfully Submitted,
Jeannine Thrash, Management Analyst

Scott Pettingell, Finance Director

NOTICE OF PUBLIC HEARING
RESOLUTION NO. 26-123
LEGAL NOTICE

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, DECLARING ITS INTENTION TO LEVY ANNUAL ASSESSMENTS FOR THE HISTORIC DISTRICT LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2026/2027

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, The City Council has, by previous Resolutions, formed the Historic District Landscaping and Lighting District (hereafter referred to as the "District"), and initiated proceedings for Fiscal Year 2026/2027, pursuant to the provisions of the *Landscaping and Lighting Act of 1972*, *Part 2 of Division 15 of the Streets and Highways Code of California*, *beginning with Section 22500* (hereafter referred to as the "Act") that provides for the levy and collection of assessments by the County of Placer for the City of Roseville to pay for the maintenance, operation and servicing of all improvements and facilities related thereto; and,

WHEREAS, the City Council has retained Willdan Financial Services for the purpose of assisting with the Annual Levy of the District, and to prepare and file a report (hereinafter referred to as the "Engineer's Report") with the City Clerk in accordance with the Act; and,

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL FOR THE HISTORIC DISTRICT LANDSCAPING AND LIGHTING DISTRICT, PURSUANT TO *CHAPTER 3, SECTION 22624* OF THE ACT, AS FOLLOWS:

Section 1 Intention: The City Council hereby declares that it is its intention to seek the Annual Levy of the District pursuant to the Act, over and including the land within the District boundary, and to levy and collect assessments on all such land to pay for the annual costs of the improvements.

Section 2 Proposed improvements and any substantial changes in existing improvements: The District improvements include: the maintenance and operation of and the furnishing of services, materials or improvements for landscape, lighting, streetscape and hardscape areas, including fencing, walls, signage, monuments, ground cover, shrubs, plants, irrigation systems, drainage systems, and other public improvements within the street right-of-way areas and all appurtenant facilities related thereto as further described in the Engineer's Report. The Engineer's Report also describes all new improvements or substantial changes in existing improvements.

Section 3 Boundaries and Designation: The boundaries of the District are described as the boundaries previously defined in the formation documents of the original District. The District is known and designated as:

"Historic District Landscaping and Lighting District"

Section 4 Proposed Assessment Amounts: The proposed assessments are outlined in the Engineer's Report. District Assessments are calculated in accordance with the method of apportionment established for the District and do not exceed the assessment rates and annual inflationary adjustment previously authorized by the City Council and approved by the property owners in accordance with the provisions of the California State Constitution, Article XIIID.

Section 5 Public Hearing(s): The City Council hereby declares its intention to conduct a Public Hearing annually concerning the levy of assessments for the District in accordance with *Chapter 3, Section 22626* of the Act.

Section 6 Notice: The City Clerk shall give notice of the time and place of the Public Hearing by causing this Resolution to be published once in the local newspaper not less than ten (10) days before the date of the hearing and by posting a copy of this Resolution on the official bulletin board customarily used by the City Council for the posting of notices.

Section 7 Time and Place of Public Hearing: Notice is hereby given that a Public Hearing on these matters will be held by the City Council on **Wednesday, June 3, 2026 at 6:00 p.m.**, or as soon thereafter as feasible in the regular meeting chambers located at **the Roseville Electric Building, 116 S. Grant Street, First Floor, Roseville, CA**.

PASSED, APPROVED, AND ADOPTED THIS 6th day of May 2026.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL FOR THE INFILL AREA LANDSCAPING AND LIGHTING DISTRICT, PURSUANT TO *CHAPTER 3, SECTION 22624* OF THE ACT, AS FOLLOWS:

Section 1 Intention: The City Council hereby declares that it is its intention to seek the Annual Levy of the District pursuant to the Act, over and including the land within the District boundary, and to levy and collect assessments on all such land to pay for the annual costs of the improvements.

Section 2 Proposed improvements and any substantial changes in existing improvements: The District improvements include: maintenance and operation of and the furnishing of services, materials or improvements for the landscape and lighting areas, including turf, ground cover, shrubs and trees, irrigation systems, drainage systems, and other public improvements within the street right-of-way areas and all appurtenant facilities related thereto as further described in the Engineer's Report. The Engineer's Report also describes all new improvements or substantial changes in existing improvements.

Section 3 Boundaries and Designation: The boundaries of the District are described as the boundaries previously defined in the formation documents of the original District and any annexations thereto. The District includes the parcels within the areas known as the Pheasant Run, Cirby Oaks II and Reuter Ranch subdivisions. The District is known and designated as:

"Infill Area Landscaping and Lighting District"

Section 4 Proposed Assessment Amounts: The proposed assessments are outlined in the Engineer's Report. District Assessments are calculated in accordance with the method of apportionment established for the District and do not exceed the assessment rates.

Section 5 Public Hearing(s): The City Council hereby declares its intention to conduct a Public Hearing annually concerning the levy of assessments for the District in accordance with *Chapter 3, Section 22626* of the Act.

Section 6 Notice: The City Clerk shall give notice of the time and place of the Public Hearing by causing this Resolution to be published once in the local newspaper not less than ten (10) days before the date of the hearing and by posting a copy of this Resolution on the official bulletin board customarily used by the City Council for the posting of notices.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL FOR THE NORTHWEST ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT, PURSUANT TO *CHAPTER 3, SECTION 22624* OF THE ACT, AS FOLLOWS:

Section 1 Intention: The City Council hereby declares that it is its intention to seek the Annual Levy of the District pursuant to the Act, over and including the land within the District boundary, and to levy and collect assessments on all such land to pay for the annual costs of the improvements.

Section 2 Proposed improvements and any substantial changes in existing improvements: The District improvements include the maintenance and operation of and the furnishing of services, materials or improvements for landscape, lighting, open space, natural and preserve areas, including turf, ground cover, shrubs and trees, irrigation systems, drainage systems, public pedestrian paths, bike trails, entry monuments, fencing, walls, signage, lighting systems, and other public improvements within the street right-of-way areas and all appurtenant facilities related thereto as further described in the Engineer's Report. The Engineer's Report also describes all new improvements or substantial changes in existing improvements.

Section 3 Boundaries and Designation: The boundaries of the District are described as the boundaries previously defined in the formation documents of the District and any annexations thereto. The District generally includes the parcels within the area known as the Northwest Roseville Specific Plan. The District is known and designated as

"Northwest Roseville Specific Plan Landscaping and Lighting District"

Section 4 Proposed Assessment Amounts: The proposed assessments are outlined in the Engineer's Report. District Assessments are calculated in accordance with the method of apportionment established for the District and do not exceed the assessment rates.

Section 5 Public Hearing(s): The City Council hereby declares its intention to conduct a Public Hearing annually concerning the levy of assessments for the District in accordance with *Chapter 3, Section 22626* of the Act.

Section 6 Notice: The City Clerk shall give notice of the time and place of the Public Hearing by causing this Resolution to be published once in the local newspaper not less than ten (10) days before the date of the hearing and by posting a copy of this Resolution on the official bulletin board customarily used by the City Council for the posting of notices.

Section 7 Time and Place of Public Hearing: Notice is hereby given that a Public Hearing on these matters will be held by the City Council on **Wednesday, June 3, 2026 at 6:00 p.m.**, or as soon thereafter as feasible in the regular meeting chambers located at **the Roseville Electric Building, 116 S. Grant Street, First Floor, Roseville, CA**.

PASSED, APPROVED, AND ADOPTED THIS 6th day of May 2026.

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, DECLARING ITS INTENTION TO LEVY ANNUAL ASSESSMENTS FOR THE OLYMPUS POINTE LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2026/2027

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, The City Council has, by previous Resolutions, formed the Olympus Pointe Landscaping and Lighting District (hereafter referred to as the "District"), and initiated proceedings for Fiscal Year 2026/2027, pursuant to the provisions of the *Landscaping and Lighting Act of 1972*, *Part 2 of Division 15 of the Streets and Highways Code of California*, *beginning with Section 22500* (hereafter referred to as the "Act") that provides for the levy and collection of assessments by the County of Placer for the City of Roseville to pay for the maintenance, operation and servicing of all improvements and facilities related thereto; and,

WHEREAS, the City Council has retained Willdan Financial Services for the purpose of assisting with the Annual Levy of the District, and to prepare and file an Engineer's Annual Levy Report (hereinafter referred to as the "Engineer's Report") with the City Clerk in accordance with the Act; and,

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL FOR THE OLYMPUS POINTE LANDSCAPING AND LIGHTING DISTRICT, PURSUANT TO *CHAPTER 3, SECTION 22624* OF THE ACT, AS FOLLOWS:

Section 1 Intention: The City Council hereby declares that it is its intention to seek the Annual Levy of the District pursuant to the Act, over and including the land within the District boundary, and to levy and collect assessments on all such land to pay for the annual costs of the improvements.

Section 2 Proposed improvements and any substantial changes in existing improvements: The District improvements include: the maintenance and operation of and the furnishing of services, materials or improvements for landscape, lighting, park and hardscape areas including turf, ground cover, shrubs and trees, irrigation systems, drainage systems, project identification signs, special street signs, special lighting for signage, granite entryways, sculptures and sculpture park, special paving materials, and other public improvements within the street right-of-way areas and all appurtenant facilities related thereto as further described in the Engineer's Report. The Engineer's Report also describes all new improvements or substantial changes in existing improvements.

Section 3 Boundaries and Designation: The boundaries of the District are described as the boundaries previously defined in the formation documents of the original District and any annexations thereto. The District is known and designated as the:

"Olympus Pointe Landscaping and Lighting District"

Section 4 Proposed Assessment Amounts: The proposed assessments are outlined in the Engineer's Report. District Assessments are calculated in accordance with the method of apportionment established for the District and do not exceed the assessment rates and annual inflationary adjustment previously authorized by the City Council and approved by the property owners in accordance with the provisions of the California State Constitution, Article XIIID.

Section 5 Public Hearing(s): The City Council hereby declares its intention to conduct a Public Hearing annually concerning the levy of assessments for the District in accordance with *Chapter 3, Section 22626* of the Act.

Section 6 Notice: The City Clerk shall give notice of the time and place of the Public Hearing by causing this Resolution to be published once in the local newspaper not less than ten (10) days before the date of the hearing and by posting a copy of this Resolution on the official bulletin board customarily used by the City Council for the posting of notices.

Section 7 Time and Place of Public Hearing: Notice is hereby given that a Public Hearing on these matters will be held by the City Council on **Wednesday, June 3, 2026 at 6:00 p.m.**, or as soon thereafter as feasible in the regular meeting chambers located at **the Roseville Electric Building, 116 S. A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, DECLARING ITS INTENTION TO LEVY ANNUAL ASSESSMENTS FOR THE VERNON STREET LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2026/2027

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, The City Council has, by previous Resolutions, formed the Vernon Street Landscaping and Lighting District (hereafter referred to as the "District"), and initiated proceedings for Fiscal Year 2026/2027, pursuant to the provisions of the *Landscaping and Lighting Act of 1972*, *Part 2 of Division 15 of the Streets and Highways Code of California*, *beginning with Section 22500* (hereafter referred to as the "Act") that provides for the levy and collection of assessments by the County of Placer for the City of Roseville to pay for the maintenance, operation and servicing of all improvements and facilities related thereto; and,

WHEREAS, the City Council has retained Willdan Financial Services for the purpose of assisting with the Annual Levy of the District, and to prepare and file a report (hereinafter referred to as the "Engineer's Report") with the City Clerk in accordance with the Act; and,

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL FOR THE VERNON STREET LANDSCAPING AND LIGHTING DISTRICT, PURSUANT TO *CHAPTER 3, SECTION 22624* OF THE ACT, AS FOLLOWS:

Section 1 Intention: The City Council hereby declares that it is its intention to seek the Annual Levy of the District pursuant to the Act, over and including the land within the District boundary, and to levy and collect assessments on all such land to pay for the annual costs of the improvements.

Section 2 Proposed improvements and any substantial changes in existing improvements: The District improvements include: the maintenance and operation of and the furnishing of services, materials or improvements for landscape, lighting, hardscape and streetscape areas within the District including, gateways, signage, street trees, sidewalks, curbs, gutters, parking stripes, pavers, planters, turf, trees, irrigation systems, drainage systems, and other public improvements within the street right-of-way areas and all appurtenant facilities related thereto as further described in the Engineer's Report. The Engineer's Report also describes all new improvements or substantial changes in existing improvements.

Section 3 Boundaries and Designation: The boundaries of the District are described as the boundaries previously defined in the formation documents of the original District. The District is known and designated as:

"Vernon Street Landscaping and Lighting District"

Section 4 Proposed Assessment Amounts: The proposed assessments are outlined in the Engineer's Report. District Assessments are calculated in accordance with the method of apportionment established for the District and do not exceed the assessment rates and annual inflationary adjustment previously authorized by the City Council and approved by the property owners in accordance with the provisions of the California State Constitution, Article XIIID.

Section 5 Public Hearing(s): The City Council hereby declares its intention to conduct a Public Hearing annually concerning the levy of assessments for the District in accordance with *Chapter 3, Section 22626* of the Act.

Section 6 Notice: The City Clerk shall give notice of the time and place of the Public Hearing by causing this Resolution to be published once in the local newspaper not less than ten (10) days before the date of the hearing and by posting a copy of this Resolution on the official bulletin board customarily used by the City Council for the posting of notices.

Section 7 Time and Place of Public Hearing: Notice is hereby given that a Public Hearing on these matters will be held by the City Council on **Wednesday, June 3, 2026 at 6:00 p.m.**, or as soon thereafter as feasible in the regular meeting chambers located at **the Roseville Electric Building, 116 S. PASSED, APPROVED, AND ADOPTED THIS 6th day of May 2026.

RESOLUTION NO. 26-178

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, AMENDING AND/OR APPROVING THE ENGINEER'S ANNUAL LEVY REPORT FOR THE HISTORIC DISTRICT LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2026/2027

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, the City Council has, by previous Resolutions, ordered the preparation of the Engineer's Annual Levy Report (hereafter referred to as the "Report") for said district known and designated as the: **Historic District Landscaping and Lighting District** (hereinafter referred to as the "District"), pursuant to the provisions of the *Landscaping and Lighting Act of 1972, being Part 2 Division 15, of the Streets and Highways Code of the State of California*, *beginning with Section 22500* (hereinafter referred to as the "Act"); and

WHEREAS, there has now been presented to this City Council the Report as required by *Chapter 3, Section 22623* of the Act, and as previously directed by Resolution; and

WHEREAS, this City Council has carefully examined and reviewed the Report as presented (or amended), and is satisfied with each and all of the items and documents as set forth therein, and is satisfied that the levy has been spread in accordance with the benefits received from the improvements, operation, maintenance and services to be performed, as set forth in said Report; and

WHEREAS, pursuant to Proposition 218, balloting of property owners is required for annual rate increases. The District's property owner ballots included assessment rates to be approved within the District, as well as the approval of an inflationary adjustment factor which provides for annual rate increases; and

WHEREAS, the maximum assessment rates for Fiscal Year 2026/2027 shown in the Report are not proposed to be increased above the duly approved rates after applying the annual increases allowed by the inflationary adjustment factor; and

WHEREAS, mailed notices and Assessment Ballots are not required if assessments are not increased above the approved maximum assessment rates after applying the approved annual rate increases.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR THE HISTORIC DISTRICT LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:

Section 1 That the above recitals are all true and correct.

Section 2 That the Report as presented is hereby approved (as amended) and is ordered to be filed in the Office of the City Clerk as a permanent record and to remain open to public inspection.

Section 3 That the City Clerk shall certify to the passage and adoption of this Resolution and the minutes of this meeting shall so reflect the presentation of and final approval of the Report.

RESOLUTION NO. 26-179

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN THE HISTORIC DISTRICT LANDSCAPING AND LIGHTING DISTRICT, FOR FISCAL YEAR 2026/2027

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, the City Council of the City of Roseville, California, has, by previous Resolutions, initiated proceedings and declared its intention to levy assessments, and approved the Engineer's Annual Levy Report (hereinafter referred to as the "Engineer's Report") that describes the assessments against parcels of land within the **Historic District Landscaping and Lighting District** (hereinafter referred to as the "District") for the Fiscal Year commencing July 1, 2026, and ending June 30, 2027, pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code*, *commencing with Section 22500* (hereinafter referred to as the "Act") to pay for the maintenance and servicing of all improvements and facilities related thereto; and

WHEREAS, the Engineer selected by the City Council has prepared and filed with the City Clerk, and the City Clerk has presented to the City Council, an Engineer's Report in connection with the levy and collection of assessments upon eligible parcels of land within the District, and the City Council did by previous Resolution approve such Engineer's Report; and

WHEREAS, the City Council desires to levy and collect assessments against parcels of land within the District for the Fiscal Year commencing July 1, 2026, and ending June 30, 2027, to pay for the maintenance and servicing of all improvements and facilities related thereto; and

WHEREAS, the Auditor-Controller of Placer County (the "County") is requested to attach each District assessment onto the County Assessment Roll for collection; and

WHEREAS, the County of Placer requires the payment of the County's collection fee for placing the direct charge assessments onto the County Assessment Roll and collection thereof; and

WHEREAS, the City Council and its legal counsel have reviewed Proposition 218 and found that these assessments comply with applicable provisions of Articles XIIIC and XIIID of the California Constitution, and

WHEREAS, the City has previously delivered to the County an agreement to indemnify the County in connection with the legality of the District assessments placed onto the County Assessment Roll, if challenged.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR THE HISTORIC DISTRICT LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:

Section 1 That the above recitals are true and correct.

Section 2 Following notice duly given, the City Council has held a full and fair Public Hearing regarding the District, the proposed landscaping and lighting improvements, the levy and collection of assessments, the Engineer's Report prepared in connection therewith, and considered all testimony, written statements, and communications made or filed by interested persons regarding these matters.

Section 3 Based upon its review (and amendments, as applicable) of the Engineer's Report, a copy of which has been presented to the City Council, and which has been filed with the City Clerk, the City Council hereby finds and determines that:

i) the land within the District will be benefited by the operation, maintenance and servicing of the improvements located within the boundaries of the District; and

ii) the District includes all of the lands receiving such special benefit; and

iii) the net amount to be assessed upon the lands within the District in accordance with the assessment for the Fiscal Year commencing July 1, 2026, and ending June 30, 2027 is apportioned by a formula and method which fairly distributes the net amount among all eligible parcels in proportion to the estimated special benefits to be received by each parcel from the improvements and services.

Section 4 The estimated costs of improvements, the assessment diagram, the assessments and all other matters as set forth in the Engineer's Report as presented to the City Council and on file in the Office of the City Clerk are hereby approved, adopted and confirmed.

Section 5 The maintenance, operation, and servicing of the improvements and appurtenant facilities shall be performed pursuant to the Act. The City Council hereby orders the proposed improvements to be made, which improvements are briefly described as follows: the maintenance and operation of, and the furnishing of services and materials for, various lighting facilities; landscaping; irrigation systems; streetscapes; hardscapes; monuments; landmarks; masonry walls; retaining walls; fencing; recreational facilities; street furniture; bike racks; entry signs; trash receptacles; sidewalks; and other public improvements within the street rights-of-way and appurtenant facilities, including, but not limited to, irrigation systems and drainage improvements within the District. Landscaping includes, but is not limited to, trees, shrubs, grass, and ornamental vegetation. The Report describes any new improvements or substantial changes in existing improvements.

Section 6 The Auditor-Controller of the County of Placer shall enter on the County Assessment Roll opposite each eligible parcel of land the amount of the levy so apportioned by the formula and method outlined in the Engineer's Report, and such levies shall be collected at the same time and in the same manner as County taxes are collected, pursuant to *Chapter 4, Article 2, Section 22646* of the Act. After collection by the County, the net amount of the levy shall be paid to the City Treasurer.

Section 7 The City agrees to cause the District to pay the applicable Placer County annual collection fee at the rate of 1% of the assessment amount placed upon the County Assessment Roll or at the rate in effect for the applicable Fiscal Year if updated.

Section 8 The City Treasurer shall deposit all money representing assessments collected by the County for the District to the credit of a fund for the District and such money shall be expended only for the maintenance, operation and servicing of the landscaping, lighting and appurtenant facilities, together with other expenses as described in the Engineer's Report.

Section 9 The adoption of this Resolution constitutes the District levy for the Fiscal Year commencing July 1, 2026, and ending June 30, 2027.

Section 10 The City Clerk's designee, Willdan Financial Services, is hereby authorized and directed to file the levy with the County Auditor subsequent to the adoption of this Resolution, pursuant to Chapter 4, Article 1, Section 22641 of the Act. The City Clerk is directed to cause a certified copy of this adopted Resolution to be delivered to Willdan Financial Services within two weeks of adoption, or shortly thereafter.

APPENDIX A – DISTRICT BOUNDARY MAP 20

APPENDIX B — FY 2026/27 ASSESSMENT ROLL 23

I. OVERVIEW

A. INTRODUCTION

The City of Roseville ("City") annually levies and collects special assessments in order to maintain the improvements within the Historic District Landscaping and Lighting District ("District"). The District was formed on April 5, 2006 and is levied annual assessments pursuant to the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code ("1972 Act").

The Engineer's Report ("Report") describes the District, any new annexations, changes to the District, and the proposed assessments for the period of July 1, 2025 through June 30, 2027. The special benefit assessments are based on historical and estimated costs to maintain the District improvements. These assessments, which provide a direct and special benefit to properties within the District, will provide funding for the operation and maintenance of District improvements.

The word "parcel," for the purposes of this Report, refers to an individual property assigned its own Assessor's Parcel Number ("APN") by the Placer County Assessor's Office. The Placer County Auditor/Controller uses Assessor's Parcel Numbers and specific Tax Code Accounts, to identify on the County's tax roll, properties assessed for special district benefit assessments.

Following approval of the Report, the City Council will by resolution order the improvements to be made and confirm the levy and collection of assessments herein pursuant to the 1972 Act. The assessment rates and method of apportionment described in this Report as approved or modified by the City Council define the assessments to be applied to each parcel within the District for Fiscal Year ("FY") 2026/27. The assessments as approved will be submitted to the Placer County Auditor/Controller to be included on the property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the Current Fiscal Year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved by the City Council.

B. COMPLIANCE WITH THE CURRENT LEGISLATION

The City Council, pursuant to the provisions of the "Landscaping and Lighting Act of 1972", being Division 15, Part 2 of the Streets and Highways Code of the State of California, beginning with Section 22500 (the "1972 Act"); Article XIIID of the Constitution of the State of California ("Article XIIID"); and the Proposition 218 Omnibus Implementation Act, beginning with Government Code Section 53750 (the "Implementation Act") (the 1972 Act, Article XIIID and the Implementation Act are referred to collectively as the "Assessment Law") initiated proceedings for the formation of the District on February 15, 2006 and to levy and collect annual assessments against lots and parcels within the District for FY 2006/07. On April 5, 2006, pursuant to Assessment Law, the City conducted a Public Hearing and tabulated the returned ballots. The City determined that a majority protest did not exist and approved the District's maximum assessment rate and annual inflationary adjustment factor.

Pursuant to the 1972 Act, an annual Public Hearing is conducted by the City Council to accept property owner and public comments, to review the Engineer's Annual Levy Report prior to approving the annual assessments to be levied on the County tax rolls. The assessments described in this Report have been prepared in accordance with the 1972 Act and Assessment Law.

C. DESCRIPTION OF DISTRICT BOUNDARIES

The territory within the District consists of all lots, parcels and subdivisions of land as shown on the Boundary Map titled "Boundary Map of Historic District Landscaping and Lighting District" as referenced in Appendix A-1 of this Report.

The District is located within the City's Historic Old Town, west of Highway 80, south of Pleasant Street, north and east of Washington Boulevard, and north and west of the Union Pacific Railroad. The District consists of mostly commercial parcels in a concentrated area of the Downtown primarily fronting the following streets: Church Street northeast of Washington Boulevard, Main Street between Washington Boulevard and Lincoln Street, Pacific Street and Lincoln Street where the improvements end approximately one block south of Pleasant Street.

D. IMPROVEMENTS AUTHORIZED BY THE 1972 ACT

As applicable or may be applicable to a proposed District, the 1972 Act defines improvements to mean one or any combination of the following:

- The installation or planting of landscaping.
- The installation or construction of statuary, fountains, and other ornamental structures and facilities.
- The installation or construction of public lighting facilities.
- The installation or construction of any facilities which are appurtenant to any of the foregoing or which are necessary or convenient for the maintenance or servicing thereof, including, but not limited to, grading, clearing, removal

of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities.

- The maintenance or servicing, or both, of any of the foregoing.
- The acquisition of any existing improvement otherwise authorized pursuant to this section.

Incidental expenses associated with the improvements including, but not limited to:

The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;

- The costs of printing, advertising, and the publishing, posting, and mailing of notices;
- Compensation payable to the County for collection of assessments;
- Compensation of any engineer or attorney employed to render services;
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
- Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5.
- Costs associated with any elections held for the approval of a new or increased assessment.

The 1972 Act defines "Maintain" or "maintenance" to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including:

- Repair, removal, or replacement of all or any part of any improvement.
- Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.
- The removal of trimmings, rubbish, debris, and other solid waste.
- The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

Furthermore, the 1972 Act specifies that where the cost of improvements (other than maintenance and operations) is greater than can be conveniently raised from a single annual assessment, an assessment to be levied and collected in annual installments. In that event, the governing body may choose to do any of the following:

- Provide for the accumulation of the moneys in an improvement fund until there are sufficient moneys to pay all or part of the cost of the improvements.
- Provide for a temporary advance to the improvement fund from any available and unencumbered funds of the local agency to pay all or part of

the cost of the improvements and collect those advanced moneys from the annual installments collected through the assessments.

- Borrow an amount necessary to finance the estimated cost of the proposed improvements. The amount borrowed, including amounts for bonds issued to finance the estimated cost of the proposed improvements.

E. DESCRIPTION OF THE IMPROVEMENTS AND MAINTENANCE

The District, through the levy of special assessments, provides funding for ongoing maintenance, operation and servicing of landscaping and lighting improvements located within the public rights-of-ways and dedicated easements located within the District. These improvements may include, but are not limited to, all materials, equipment, utilities, labor, and appurtenant facilities related to the ongoing maintenance of the improvements. Maintenance services will be provided by City personnel and/or private contractors. The proposed improvements to be maintained and services are generally described as follows:

Landscaping Improvements

The landscaping improvements have been designed to enhance the area within the District and may include, but are not limited to ground cover, shrubs and plants, trees, irrigation and drainage systems, trash receptacles, ornamental lighting, masonry walls or other fencing, hardscape improvements, monuments and landmarks, recreational facilities and associated appurtenances located within the street rights-of-way and public areas within the District. Specifically, the proposed landscape improvement areas for this District are:

- Parkway landscaping and hardscape improvements within the public right of ways of the streets within the district including, but not limited to, Lincoln Street, Main Street, Church Street, Pacific Street, and the northeast side of Washington Boulevard estimated at 14,450 square feet of landscaping;
- Various amenities associated with the landscape improvements and public areas within the District, including, but not limited to, trash receptacles, street furniture, bike racks, entry signs, sidewalks, fencing, and retaining walls.

Specifically, not included as District improvements are those improvements located on private property, improvements and facilities that are outside the boundaries of the District and/or are funded by other sources available to the City, including those portions of the median and parkway landscaping on Washington Boulevard (southwest side of the street) that are outside the District boundaries.

Public Lighting Improvements

The lighting improvements may include, but are not limited to, the cost of providing, maintaining, and servicing of lighting fixtures, poles, meters, conduits, electrical cable, and associated appurtenant facilities associated with:

- Lighting facilities within the landscaped areas and public areas including safety lights, security lights or ornamental lights installed as part of the District improvements; and
- Public street light improvements located on the streets within the District.

Specifically excluded from the assessment are the street light energy costs. These costs will continue to be paid for by the City from other revenue sources.

Detailed maps of the locations and descriptions of the specific improvements to be maintained by the District are on file in the Office of Public Works and by reference are made part of this Report.

Description of Maintenance and Services

Maintenance means the furnishing of services and materials for the ordinary and usual maintenance, operation and servicing of landscaping and street lighting improvements facilities and appurtenant facilities, including repair, removal or replacement of all or part of any of the landscaping and street lighting improvements, or appurtenant facilities; providing for the life, growth, health and beauty of landscaping improvements including cultivation, irrigation, trimming, mowing, spraying, fertilizing and treating for disease or injury; the removal of trimmings, rubbish, debris and other solid waste; and the cleaning sandblasting, and painting of walls and other improvements to remove or cover graffiti.

Servicing means the furnishing of water and electricity for the irrigation of the landscape improvements or appurtenant facilities and the furnishing of electric current or energy for the operation of the landscaping improvements or appurtenant facilities. The street lighting improvements shall be maintained to provide adequate illumination; however, the City will be paying the actual energy costs to provide illumination.

II. METHOD OF APPORTIONMENT

A. GENERAL

The 1972 Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements which include the construction, maintenance and servicing of public lights, landscaping, and appurtenant facilities. The 1972 Act further requires that the cost of these improvements be levied according to benefit rather than assessed value:

> *"The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements."*

The formula used for calculating assessments in the District therefore reflects the composition of the parcels, and the Improvements and services provided, to fairly apportion the costs based on estimated benefit to each parcel.

B. BENEFIT ANALYSIS

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIIID addresses several key criteria for the levy of assessments, notably:

Article XIIID Section 2d defines District as follows:

"District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service";

Article XIIID Section 2i defines Special Benefit as follows:

"Special benefit" means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute "special benefit."

Article XIIID Section 4a defines proportional special benefit assessments as follows:

"An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be

imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel."

This District was formed to establish and provide for the improvements that enhance the presentation of the surrounding properties and developments. These improvements will directly benefit the parcels to be assessed within the District. The assessments and method of apportionment is based on the premise that the assessments will be used to construct and install landscape and lighting improvements within the District as well as provide for the annual maintenance of those improvements, and the assessment revenues generated by District will be used solely for such purposes.

The costs of the proposed improvements have been identified and allocated to properties within the District based on special benefit. The improvements to be provided by this District and for which properties will be assessed have been identified as an essential component and local amenity that provides a direct reflection and extension of the properties within the District which the property owners and residents have expressed a high level of support.

The method of apportionment (method of assessment) set forth in the Report is based on the premise that each assessed property receives special benefits from the landscape and lighting improvements within the District, and the assessment obligation for each parcel reflects that parcel's proportional special benefits as compared to other properties that receive special benefits.

To identify and determine the proportional special benefit to each parcel within the District, it is necessary to consider the entire scope of the improvements provided as well as the properties that benefit from those improvements. The improvements and the associated costs described in this Report have been carefully reviewed and have been identified and allocated based on a benefit rationale and calculations that proportionally allocate the net cost of only those improvements determined to be of special benefit to properties within the District. The various public improvements and the associated costs have been identified as either "general benefit" (not assessed) or "special benefit".

The City initiated and conducted property owner protest ballot proceedings in accordance with Article XIIID. Each of the proposed Improvements, the associated costs and assessments were identified and allocated based on special benefit pursuant to the provisions of Article XIIID and 1972 Act. Additionally, the Improvements and the annual costs of ensuring the maintenance and operation of the Improvements are of direct and special benefit to the properties.

The City annually levies and collects special benefit assessments in order to maintain and service the District Improvements. The District provides for specific Improvements and services that include the maintenance and operation of landscaping and lighting Improvements and associated appurtenances located within the District's public rights-of-way and dedicated easements. The annual

assessment is based on the historical and estimated costs to maintain the Improvements that provide a benefit to properties within these Districts. The Improvements within the District and the costs of those Improvements are identified and budgeted separately, including all expenditures, deficits, surpluses, revenues, and reserves.

All Improvements within the District and the properties associated with those Improvements were reviewed for benefit prior to the formation of the District. Because the Improvements affront the benefited parcels, it has been determined that there is no measurable general benefit to properties outside the District or to the public at large. In making this determination it should be noted that similar improvements within California are typically maintained by individual property owners, through some type of association or a special district as allowed by State Law since the on-going maintenance of these improvements are a special benefit to the properties associated with those improvements.

The method of apportionment (method of assessment) for the District is based on the premise that each of the assessed parcels within the District receives special benefit from the Improvements maintained and financed by District assessments. The presence of these Improvements and the close proximity of the Improvements to the properties within the District enhance the desirability and security of properties within the District.

The landscape Improvements provided by the District may include landscaped parkways, perimeters, entryways, local medians, slopes, internal amenities and appurtenant facilities. Street lighting Improvements may include all energy costs and necessary maintenance to the facilities related thereto. The annual assessments outlined in this Report are proposed to cover the estimated costs to provide all necessary service, operation, administration, and maintenance required to keep these Improvements in a healthy, vigorous, and satisfactory condition. The special benefits associated with the local landscaping Improvements are specifically:

The special benefits associated with all landscaping Improvements are specifically:

- Enhanced desirability of properties through association with the Improvements.
- Improved aesthetic appeal of properties providing a positive representation of the area and properties.
- Enhanced adaptation of the urban environment within the natural environment from adequate landscaping.
- Environmental enhancement through improved dust and debris control, and fire prevention.
- Increased sense of pride in ownership of property within the District resulting from well-maintained Improvements associated with the properties.

- Enhanced quality of life through well-maintained landscaped areas.
- Reduced criminal activity and property-related crimes (especially vandalism) against properties in the District through well-maintained surroundings and amenities including abatement of graffiti.
- Enhanced environmental quality of the parcels by moderating temperatures, providing oxygenation and attenuating noise.

The special benefits of street lighting are the convenience, safety, and security of property, improvements, and goods. Specifically:

- Enhanced deterrence of crime and the aid to police protection.
- Increased nighttime safety on streets and roads within the Districts.
- Improved ability of pedestrians and motorists to see.
- Improved ingress and egress to property.
- Reduced vandalism and other criminal acts and damage to Improvements or property.
- Improved traffic circulation and reduced nighttime accidents and personal property loss.
- Increased promotion of business during nighttime hours in the case of commercial properties.

All of the preceding special benefits contribute to a specific enhancement and desirability of each of the assessed parcels within the District.

C. DESCRIPTION OF THE METHOD OF APPORTIONMENT

To establish the special benefit to the individual parcels within the District a formula that spreads the costs of the maintenance based on the special benefit must be established. The improvements have been reviewed and the following formula has been established to apportion the maintenance costs based on benefit.

For purposes of the Assessment Methodology, the terms hereinafter set forth have been the following meanings:

Acreage means the land area of an Assessor's Parcel as shown on an Assessor's Parcel map-, or if the land area is not shown on an Assessor's parcel map, the land area shown on the applicable final map, parcel map, condominium plan, record of survey or other recorded document creating and describing such area of land.

Multi-Family Residential means a residence for which building permits have been issued for attached residential units for rental purposes.

Single-Family Residential Unit means a single residential home. This land use includes detached or attached for sale units intended for single-family occupancy.

Commercial means property being used or zoned for either commercial or industrial use.

Three components were used in the methodology to determine each parcels assessment; 1) Front footage of parcels along the proposed street improvements; 2) acreage of benefiting parcels; and 3) Current land use of parcels. Based on these three components the assessments were determined as follows:

First, the parcels Front Footage was determined based on Assessor's Parcel maps or other sources. Only Front footage on streets that will be improved was used. For parcels with Front Footage on more than one side (corner lots), the total Front Footage was divided by two to provide an average Front Footage. It was determined that twenty percent (20%) of the total budget was reasonably attributed to Front Footage; therefore twenty percent (20%) of the budget was spread to Front Footage.

Second, each parcel's Acreage was calculated based on Assessors Parcels map. It was determined that eighty percent (80%) of the budget was reasonably attributed to Acreage; therefore eighty (80%) of the budget was spread on Acreage. In the event that common area parcels are created subsequent to the formation of the District, the acreage of any such common area parcels shall be apportioned to the remaining assessable parcels of the subdivision and/or parcel split(s) related to the creation of the common area parcel(s).

Third, the current land use of the parcel was determined using the County's secured roll. Parcels currently used as a Single-Family Residence or Multi-Family Residences were determined to receive twenty-five (25%) of the benefit in relation to commercial parcels. Additionally, it was determined that single Family Residential Parcels benefit equally from the improvements, therefore the total assessment calculated based on the formula was averaged between the five Single Family Residential parcels to determine a Single-Family Residential rate per Unit.

The base year maximum assessment rates approved to be levied in FY 2006/07 are provided in the table below.

Base Year (FY 2006/07) Maximum Assessment Rates			
Land Use	Front Footage	Acreage Rate	Flat Rate
Commercial	$1.99 per Front Foot	$2,582.41 per Acre	N/A
Multi-Family Residential	$0.50 per Front Foot	$645.60 per Acre	N/A
Single-Family Residential	N/A	N/A	$132.00 per Unit

The following formula is used to calculate each parcel's assessment (proportional benefit) for those parcels that are not Single-Family Residential parcels.

Front Footage Rate x Parcel's Adjusted Front Footage = Parcel Front Footage Levy

Acreage Rate x Parcel's Adjusted Acreage = Parcel Acreage Levy

Proposed Levy per Parcel = Parcel Front Footage Levy + Parcel Acreage Levy

The Assessment Range Formula shall be applied to all future assessments within the District beginning in fiscal year 2007/08. Generally, if the proposed annual assessment for the current fiscal year is less than or equal to the calculated Maximum Assessment, then the Assessment is equal to the initial Assessment (approved by property owners within the District) adjusted annually by three percent (3%).

Beginning in the second fiscal year (Fiscal Year 2007/08) and each fiscal year thereafter, the Maximum Assessment would be recalculated, and a new Maximum Assessment established within the District.

The Maximum Assessment is adjusted annually and is calculated independent of the District's annual budget and proposed annual assessment. Any proposed annual assessment is not considered an increased assessment, even if the proposed assessment is greater than the assessment applied in the prior fiscal year.

Although the Maximum Assessment will increase each year, the actual assessment may remain unchanged. The Maximum Assessment adjustment is designed to establish a reasonable limit on assessments. The Maximum Assessment calculated each year does not require or facilitate an increase to the annual assessment and neither does it restrict assessments to the adjustment maximum amount. If the budget and assessment for the fiscal year do not require an increase, or the increase is less than the adjusted Maximum Assessment, the required budget and assessment may be applied without additional property owner balloting. If the budget and assessments calculated requires an increase greater than the adjusted Maximum Assessment, then the assessment is considered an increased assessment and would be subject to balloting.

D. ANNUAL INFLATIONARY ADJUSTMENT

If the proposed assessment rates increase over the prior fiscal year's maximum assessment rates by a percentage no greater than the 3%, then the proposed assessment rates are not considered an increase.

III. DISTRICT BUDGET

A. FY 2026/27 BUDGET

DESCRIPTION	AMOUNT (FUND 2021)
DIRECT COSTS	
Contract Maintenance - Landscaping	$13,855.56
Repair & Maintenance - Landscaping	8,055.00
Repair & Maintenance - Lighting	1,545.00
Repair and Maintenance - Streetscape and Signage	0.00
Repair and Maintenance - Tree Work	2,400.00
Utilities	12,000.00
Rehab Reserve Expenditures - Non-Routine Tree Work	2,935.95
Rehab Reserve Project Expenditures	9,800.00
Total Direct Costs	**$50,591.51**
ADMINISTRATION COSTS	
City Administration	$897.00
Contract Administration - Park's Dept	2,200.00
County Auditor Fees	461.57
Consulting & Professional Services	4,360.00
Public Hearing Publishing Costs	383.00
Total Administrative Costs	**$8,301.57**
Total Direct and Administration Costs	**$58,893.08**
BUDGET ADJUSTMENTS	
Replenishment/(Use) of Operating Reserve	$0.20
Contribution for /(Use of) Rehab Reserve	(12,735.95)
Rounding Adjustment	(0.55)
Total Adjustments	**($12,736.30)**
BALANCE TO LEVY	**$46,156.78**

Fund balance information is reported in Section C on the following page.

B. FY 2026/27 ASSESSMENT RATES

DESCRIPTION	AMOUNT (FUND 2021)
FY 2026/27 ASSESSMENT DATA	
Number of Assessable Parcels	60
Total Front Footage - Commercial	2,283.19
Total Front Footage - MFR	691.68
Total Assessable Acreage - Commercial	6.3090
Total Assessable Acreage - MFR	2.4819
Total Single Family Residences	21
Applied Assessment Rate per Front Foot - Commercial	$3.5942
Applied Assessment Rate per Front Foot - MFR	$0.9031
Applied Assessment Rate per Acre - Commercial	$4,664.1197
Applied Assessment Rate per Acre - MFR	$1,166.0254
Applied Assessment Rate per SF Residence	$238.4067
Maximum Assessment Rate per Front Foot - Commercial	$3.5942
Maximum Assessment Rate per Front Foot - MFR	$0.9031
Maximum Assessment Rate per Acre - Commercial	$4,664.1197
Maximum Assessment Rate per Acre - MFR	$1,166.0254
Maximum Assessment Rate per SF Residence	$238.4067
Potential Maximum Assessment	**$46,157.32**

C. FY 2026/27 FUND BALANCE INFORMATION

DESCRIPTION	AMOUNT (FUND 2021)
OPERATING RESERVE	
Beginning Operating Reserve Balance 7-1-2026 (est.)	**$33,637.97**
add: Replenishment from FY 2026/27 Levy	0.20
less: Use for FY 2026/27 Expenses	
Transfer from/(to) the Rehab Reserve	(8,342.42)
Ending Operating Reserve Balance 6-30-2027 (est.)	**$25,295.75**
REHABILITATION RESERVE	
Beginning Rehab Reserve Balance 7-1-2026 (est.)	**$55,642.03**
add: Collect from FY 2026/27 Levy	
less: Use for FY 2026/27 Rehab Projects	(12,735.95)
Transfer from/(to) the Operating Reserve	8,342.42
Ending Rehab Reserve Balance 6-30-2027 (est.)	**$51,248.50**

D. DESCRIPTION OF BUDGET ITEMS

Description of the terms used in the preceding Budget, Assessment Rates and Fund Balance tables are listed below:

BUDGET:

DIRECT COSTS

Contract Maintenance - Landscaping - Includes all regularly scheduled contract labor, required to properly maintain and ensure the satisfactory condition of all landscaping, irrigation and drainage systems and appurtenant facilities.

Repair and Maintenance - Landscaping - This item includes landscape improvement repair and maintenance costs that are generally unforeseen and not normally included in the annual maintenance contract costs. This may include repair of damaged amenities due to vandalism, storms, etc. Planned replacements or upgrades that provide a direct benefit to the District during the Current Fiscal Year may also be included. Costs could include the renovation of improvements such as irrigation systems.

Repair and Maintenance - Lighting - This item includes lighting improvement repair and maintenance costs. This may include repair of damaged amenities due to vandalism, storms, etc. Planned replacements or upgrades that provide a direct benefit to the District during the Current Fiscal Year may also be included.

Repair and Maintenance - **Streetscape and Signage** - This item includes repair and maintenance costs of streetscape and sign improvements. Streetscape improvements include street furniture, sidewalks, curbs, gutters, parking stripes, brick pavers, benches, bike racks, and trash receptacles. This may include repair of damaged amenities due to vandalism, storms, etc. May include planned replacements or upgrades not listed below that provide a direct benefit to the District.

Repair & Maintenance – Tree Work - This line item includes annual costs for tree maintenance not included in the annual contract maintenance portion of the budget. If zero, this line item may not be shown in the budget.

Utilities - The furnishing of water and electricity required for the operation and maintenance of the improvements.

Rehab Reserve Expenditures - Non-Routine Tree Work – Expected costs to maintain trees other than costs of annual repair and maintenance. If zero, this line item may not be shown in the budget.

Rehab Reserve Project Expenditures – Expected costs for installation, replacement or planned upgrades of District improvements for the current year that

were previously funded or accumulated in the Rehabilitation Reserve. The Rehabilitation Reserve is used to accumulate funds for costs associated with the future rehabilitation or replacement of District improvements that cannot be conveniently raised from a single year's assessment. If zero, this line item may not be shown in the budget.

ADMINISTRATION COSTS

City Administration – Estimated costs incurred by the City Finance Department and other departments in preparing the annual budget for the Engineer's Report, together with other financial information required to determine the annual assessment. These costs would also include the preparation, posting and publishing of public notices required for City Council action relating to the District, as well as the costs to perform legal review of documents.

Contract Administration – Parks Dept – Estimated Costs of the Parks, Recreation and Libraries Department ("Parks Department") to coordinate and oversee the maintenance contracts and overall repair and maintenance of the District. This amount also includes the cost of the Parks Department's estimates and analysis of certain budget items, estimated costs and useful lives of certain District Improvements.

County Auditor Fees - A fee of 1% of the total levy amount that is charged to the District by the County for placing assessments on property tax bills.

Consulting and Professional Services – Includes the costs and expenses of contracting with various professionals to provide legal, engineering and district administration services directly related to the District, including the calculation of the annual assessment amounts, the preparation of the Engineer's' Report.

Public Hearing Publishing Costs –Includes the out of pocket costs to publish public notices required for City Council action relating to the District.

Total Direct and Administration Costs – The total expected costs of the District.

BUDGET ADJUSTMENTS

Replenishment/(Use) of Operating Reserve – A "Replenishment" increases the levy in order to replenish the Operating Reserve. On the other hand, a "Use" of the Operating Reserve decreases the levy by drawing funds from the Operating Reserve for current year expenditures. If zero, this line item may not be shown in the budget. Further information regarding the function of the Operating Reserve is provided under "FUND BALANCE INFORMATION" in the following pages of this Section.

Contribution for / (Use of) Rehab Reserve — A "Contribution" increases the levy in order to generate funding for the Rehabilitation Reserve. This reserve allows for the accumulation of funds for possible rehabilitation projects or replacements in future years. On the other hand, a "Use of" of the Rehabilitation Reserve provides current year funding of rehabilitation projects or replacements from available funds within the Rehabilitation Reserve. If zero, this line item may not be shown in the budget. Further information regarding the function of the Rehabilitation Reserve is provided under "FUND BALANCE INFORMATION" in the following pages of this Section.

Rounding Adjustment – The necessary rounding adjustment(s) due to limitations of the County property tax system that requires even penny levy amounts to be placed on the secured tax roll.

BALANCE TO LEVY - This is the total amount to be levied and collected through assessments for the current fiscal year for each zone. The Balance to Levy represents the sum of the total District costs together with any applicable adjustments to the budget as described above.

ASSESSMENT RATES:

Number of Assessable Parcels - The total number of parcels that are expected to be assessed. Non-assessable lots or parcels include government-owned land, public utility-owned property, land principally encumbered by public rights-of-way or easements, common areas, and/or parcels within the boundaries of the District currently do not benefit from the improvements and are therefore not assessed.

Total Assessable Front Footage – the total number of Front Feet within the District, adjusted for corner parcels, Multi-Family Residential and Single-Family Residential Parcels will be assessed as calculated in accordance with the methodology set out in Section C of this Report.

Total Assessable Acreage – the total Acreage within the District, adjusted for Multi-Family Residential and Single-Family Residential Parcels that will be assessed as calculated in accordance with the methodology set out in Section C of this Report.

Total Single-Family Residential Parcels – the total number of parcels currently being used as Single-Family Residences.

Applied Assessment Rates – The applied assessment rates for each of the District's land use types.

Maximum Assessment Rates per Front Foot – The maximum dollar amount that can be assessed per Adjusted Front Foot for the District's land use type for the current fiscal year.

Maximum Assessment Rates per Acre – The maximum dollar amount that can be assessed per Adjusted Acreage Foot for the District's land use type for the current fiscal year.

Maximum Assessment Rate per SF Residential Unit – The maximum dollar amount that can be assessed per Single Family Unit within the District for the current fiscal year.

Potential Maximum Assessment – The total amount that is expected to be assessed against all parcels within the District for the Current Fiscal Year.

FUND BALANCE INFORMATION:

OPERATING RESERVE

Beginning Operating Reserve Balance 7-1-2026 (est.) - The anticipated beginning balance of cash and receivables net of any unpaid prior year obligations for each Zone. These beginning balances shall be used to fund each Zone's expenditures from July 1, 2026 to December 31, 2026, as the Operating Reserve is required to compensate for the approximate six-month delay between the start of the District's fiscal year and the receipt of the collections from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

Replenish from FY 2026/27 Levy – This amount is added to the FY 2026/27 levy in order to replenish the Operating Reserve. Due to the six-month delay from the District's receipt of assessment collections, the Operating Reserve balance shall be sufficiently funded to provide for expenditures from July 1, 2026 (the beginning of the Fiscal Year) through December 31, 2026. If zero, this line item may not be shown in the budget.

Use for FY 2026/27 Expenses – The amount of the Operating Reserve to be used to fund FY 2026/27 expenses. Portions of the Operating Reserve may be slated for current year expenditures in order to reduce the Ending Operating Reserve Balance to an amount no greater than the expected District costs for the period of July 1, 2026 (the beginning of the Fiscal Year) through December 31, 2026. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Rehab Reserve — The amount of Operating Reserve monies to be transferred to or from the Rehabilitation Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Parks Department, in order to provide

for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Operating Reserve Balance 6-30-2027 (est.) - This amount represents the anticipated Operating Reserve balance/(deficit) for each Zone as of June 30, 2027. The size of each Zone's Operating Reserve is limited by Streets and Highways Code 22569 which states that an Operating Reserve shall not exceed the estimated costs of maintenance, service and incidental expenses from the first day of the fiscal year (July 1) to the date that the Agency expects to receive the first apportionment of collections from the County, which is estimated to be December 31. Therefore, each Zone may retain an Operating Reserve amounting to the District's first six-months of expenses in order to meet ongoing obligations until the first collections are received from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

REHABILITATION RESERVE

Beginning Rehab Reserve Balance 7-1-2026 (est.) — The projected balance of funds in the Rehabilitation Reserve as of July 1, 2026. Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

Collect from FY 2026/27 Levy — This amount is added to the FY 2026/27 levy to accumulate funding of future year rehabilitation projects, replacements, restorations or upgrades of District improvements. If zero, this line item may not be shown in the budget.

Use for FY 2026/27 Rehab Projects – The amount of Rehabilitation Reserve monies expected to be transferred out of the Rehabilitation Reserve to fund the costs of installation, replacement or planned upgrades of District improvements for the current year. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Operating Reserve — The amount of Rehabilitation Reserve monies to be transferred to or from the Operating Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Parks Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Rehab Reserve Balance 6-30-2027 (est.) - The projected balance of funds in the Rehabilitation Reserve as of June 30, 2027. These funds shall be used to provide for future year rehabilitation projects, replacements, restorations or

upgrades of District improvements which cannot be conveniently raised from a single year's assessment.

Should the District have no Rehabilitation Reserve balances or related activity, no Rehabilitation Reserve information shall be presented in the Report.

E. REHABILITATION RESERVE – CAPITAL IMPROVEMENT PLAN

Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

The Report provides a five-year Capital Improvement Plan ("CIP") which shows projected expenditures related to the rehabilitation, restoration and/or replacement of District improvements, and other allowable costs. The Current Fiscal Year CIP is shown in the preceding Budget Section A. The projected CIP costs for the remaining four years are provided below.

Description	FY 2027-28	FY 2028-29	FY 2029-30	FY 2030-31	4 Year Total
Repair, replace and/or refurbish street furniture (pots)	$3,000	$3,000	$3,000	$3,000	$12,000
Repair, replace streetscape and hardscape	1,400	1,600	1,800	2,000	6,800
Replace, repair, renovate and/or refurbish plants, landscape & related mat'ls	2,900	3,100	3,300	2,501	11,801
Replace, repair lighting fixtures	2,000	2,000	2,000	2,000	8,000
Non-routine tree work	3,023	3,114	3,207	3,303	12,647
Total Projected Expenditures	**$12,323**	**$12,814**	**$13,307**	**$12,804**	**$51,248**

From time to time, funds held in a Rehabilitation Reserve may be needed to respond to changing needs due to the condition of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the Districts' Operating Reserve, at the discretion of the Parks Department, in order to provide for the maintenance and/or operation of the improvements.

APPENDIX A – DISTRICT BOUNDARY MAP

The boundary map for the District has previously been submitted to the Clerk of the City in the format required under the 1972 Act and is, by reference, hereby made part of this Report. These District Boundary Maps are available for inspection at the office of the City Clerk during normal business hours.

For general reference purposes, a summary of the District's Boundaries is presented herein.

APPENDIX B — FY 2026/27 ASSESSMENT ROLL

Parcel identification, for each lot or parcel within the District, shall be the parcel as shown on the Placer County Assessor's map for the year in which this Report is prepared.

A listing of parcels to be assessed within this District, along with the proposed assessment amounts, shall be submitted to the City Clerk, under separate cover, and by reference is made part of this Report.

Non-assessable lots or parcels may include areas of public streets and other roadways (typically not assigned an APN by the County); dedicated public easements, open space areas and rights-of-ways including public greenbelts and parkways; utility rights-of-ways; common areas; landlocked parcels, small parcels vacated by the County, bifurcated lots, and any other property that cannot be developed, excepting common area parcels. These types of parcels are considered to receive little or no benefit from the improvements and are therefore exempted from assessment.

At the conclusion of the public hearing for the District and the proposed assessments, approval of the Report (as submitted or as modified) confirms the method of apportionment and the assessment rate to be levied against each eligible parcel and thereby constitutes the approved levy and collection of assessments for FY 2026/27. The listing of parcels and the amount of assessment to be levied shall be submitted to the County Auditor/Controller and included on the FY 2026/27 property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the Current Fiscal Year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved in this Report. Therefore, if a single parcel has changed to multiple parcels, the assessment amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.

RESOLUTION NO. 26-180

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, AMENDING AND/OR APPROVING THE ENGINEER'S ANNUAL LEVY REPORT FOR THE INFILL AREA LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2026/2027

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, the City Council has, by previous Resolutions, ordered the preparation of the Engineer's Annual Levy Report (hereafter referred to as the "Report") for said district known and designated as the: **Infill Area Landscaping and Lighting District** (hereinafter referred to as the "District"), pursuant to the provisions of the *Landscaping and Lighting Act of 1972, being Part 2 Division 15, of the Streets and Highways Code of the State of California*, *beginning with Section 22500* (hereinafter referred to as the "Act"); and

WHEREAS, there has now been presented to this City Council the Report as required by *Chapter 3, Section 22623* of the Act, and as previously directed by Resolution; and

WHEREAS, this City Council has carefully examined and reviewed the Report as presented (or amended), and is satisfied with each and all of the items and documents as set forth therein, and is satisfied that the levy has been spread in accordance with the benefits received from the improvements, operation, maintenance and services to be performed, as set forth in said Report; and

WHEREAS, Proposition 218, which was approved by the voters on November 5, 1996, added Articles XIIIC and XIIID to the California Constitution which exempt any assessments imposed when persons owning all of the parcels subject to the assessment agreed to being included in the District and subject to the assessment at the time the assessment was initially imposed; and,

WHEREAS, the maximum assessment rates for Fiscal Year 2026/2027 shown in the Report are not proposed to be increased.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR THE INFILL AREA LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:

Section 1 That the above recitals are all true and correct.

Section 2 That the Report as presented is hereby approved (as amended) and is ordered to be filed in the Office of the City Clerk as a permanent record and to remain open to public inspection.

Section 3 That the City Clerk shall certify to the passage and adoption of this Resolution and the minutes of this meeting shall so reflect the presentation of and final approval of the Report.

RESOLUTION NO. 26-181

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN THE INFILL AREA LANDSCAPING AND LIGHTING DISTRICT FOR FISCAL YEAR 2026/2027

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, the City Council of the City of Roseville, California, has, by previous Resolutions, initiated proceedings and declared its intention to levy assessments, and approved the Engineer's Annual Levy Report (hereinafter referred to as the "Engineer's Report") that describes the assessments against parcels of land within the **Infill Area Landscaping and Lighting District** (hereinafter referred to as the "District") for the Fiscal Year commencing July 1, 2026, and ending June 30, 2027, pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code*, *commencing with Section 22500* (hereinafter referred to as the "Act") to pay for the maintenance and servicing of all improvements and facilities related thereto; and

WHEREAS, the Engineer selected by the City Council has prepared and filed with the City Clerk, and the City Clerk has presented to the City Council, an Engineer's Report in connection with the levy and collection of assessments upon eligible parcels of land within the District, and the City Council did by previous Resolution approve such Engineer's Report; and

WHEREAS, the City Council desires to levy and collect assessments against parcels of land within the District for the Fiscal Year commencing July 1, 2026, and ending June 30, 2027, to pay for the maintenance and servicing of all improvements and facilities related thereto; and

WHEREAS, the Auditor-Controller of Placer County (the "County") is requested to attach each District assessment onto the County Assessment Roll for collection; and

WHEREAS, the County of Placer requires the payment of the County's collection fee for placing the direct charge assessments onto the County Assessment Roll and collection thereof; and

WHEREAS, the City Council and its legal counsel have reviewed Proposition 218 and found that these assessments comply with applicable provisions of Articles XIIIC and XIIID of the California Constitution; and

WHEREAS, the City has previously delivered to the County an agreement to indemnify the County in connection with the legality of the District assessments placed onto the County Assessment Roll, if challenged.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR THE INFILL AREA LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:

Section 1 That the above recitals are true and correct.

Section 2 Following notice duly given, the City Council has held a full and fair Public Hearing regarding the District, the proposed landscaping and lighting improvements, the levy and collection of assessments, the Engineer's Report prepared in connection therewith, and considered all testimony, written statements, and communications made or filed by interested persons regarding these matters.

Section 3 Based upon its review (and amendments, as applicable) of the Engineer's Report, a copy of which has been presented to the City Council, and which has been filed with the City Clerk, the City Council hereby finds and determines that:

i) the land within the District will be benefited by the operation, maintenance and servicing of the improvements located within the boundaries of the District; and

ii) the District includes all of the lands receiving such special benefit; and

iii) the net amount to be assessed upon the lands within the District in accordance with the assessment for the Fiscal Year commencing July 1, 2026, and ending June 30, 2027 is apportioned by a formula and method which fairly distributes the net amount among all eligible parcels in proportion to the estimated special benefits to be received by each parcel from the improvements and services.

Section 4 The estimated costs of improvements, the assessment diagram, the assessments and all other matters as set forth in the Engineer's Report as presented to the City Council and on file in the Office of the City Clerk are hereby approved, adopted and confirmed.

Section 5 The maintenance, operation, and servicing of the improvements and appurtenant facilities shall be performed pursuant to the Act. The City Council hereby orders the proposed improvements to be made, which improvements are briefly described as follows: the maintenance and operation of, and the furnishing of services and materials for, landscaping and irrigation systems; and other public improvements within the street rights-of-way and appurtenant facilities, including, but not limited to, irrigation systems and drainage improvements within the District. Landscaping includes, but is not limited to, trees, shrubs, and other vegetation. The Report describes any new improvements or substantial changes in existing improvements.

Section 6 The Auditor-Controller of the County of Placer shall enter on the County Assessment Roll opposite each eligible parcel of land the amount of the levy so apportioned by the formula and method outlined in the Engineer's Report, and such levies shall be collected at the same time and in the same manner as County taxes are collected, pursuant to *Chapter 4, Article 2, Section 22646* of the Act. After collection by the County, the net amount of the levy shall be paid to the City Treasurer.

Section 7 The City agrees to cause the District to pay the applicable Placer County annual collection fee at the rate of 1% of the assessment amount placed upon the County Assessment Roll or at the rate in effect for the applicable Fiscal Year if updated.

Section 8 The City Treasurer shall deposit all money representing assessments collected by the County for the District to the credit of a fund for the District and such money shall be expended only for the maintenance, operation and servicing of the landscaping, lighting and appurtenant facilities, together with other expenses as described in the Engineer's Report.

Section 9 The adoption of this Resolution constitutes the District levy for the Fiscal Year commencing July 1, 2026, and ending June 30, 2027.

Section 10 The City Clerk's designee, Willdan Financial Services, is hereby authorized and directed to file the levy with the County Auditor subsequent to the adoption of this Resolution, pursuant to Chapter 4, Article 1, Section 22641 of the Act. The City Clerk is directed to cause a certified copy of this adopted Resolution to be delivered to Willdan Financial Services within two weeks of adoption, or shortly thereafter.

ENGINEER'S REPORT AFFIDAVIT

Establishment of Annual Rates and Charges for the:

Infill Area
Landscaping and Lighting District

City of Roseville

Placer County, State of California

This Report describes the District and any relevant zones therein, including the improvements, budgets, parcels and assessments to be levied for Fiscal Year 2026/27 as they existed at the time of the passage of the Resolution of Intention. Reference is hereby made to the Placer County Assessor's maps for a detailed description of the lines and dimensions of parcels within the District. The undersigned respectfully submits the enclosed Report as directed by the City Council.

Dated this 7th day of May, 2026.

Willdan Financial Services
Assessment Engineer
On Behalf of the City of Roseville

APPENDIX A – DISTRICT BOUNDARY MAPS 15

APPENDIX B — FY 2026/27 ASSESSMENT ROLL 19

I. OVERVIEW

A. INTRODUCTION

The City of Roseville ("City") annually levies and collects special assessments in order to maintain the improvements within the City's existing Infill Area Landscaping and Lighting District ("District"). The District was formed and levies annual assessments pursuant to the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code (the "Act").

The Engineer's Report ("Report") describes the District, any new annexations, changes to the District, and the proposed assessments for the period of July 1, 2026 through June 30, 2027 (hereafter "Fiscal Year" or "FY 2026/27"). The special benefit assessments are based on historical and estimated costs to maintain the District improvements. These assessments, which provide a direct and special benefit to properties within the District, will provide funding for the operation and maintenance of District improvements.

The District consists of three (3) zones of benefit, Zones A, B and C (individually the "Zone" and collectively the "Zones"). The improvements that benefit properties within each Zone and the costs to maintain and service those improvements are identified and budgeted separately by Zone. The total cost of landscape maintenance within a Zone is equitably spread among only the benefiting parcels.

The word "parcel," for the purposes of this Report, refers to an individual property assigned its own Assessor's Parcel Number ("APN") by the County of Placer ("County") Assessor. The County Auditor-Controller ("Auditor-Controller") uses Assessor's Parcel Numbers and specific tax code accounts, to identify on the County's tax roll, properties assessed for special district benefit assessments.

Following approval of the Report, the Roseville City Council (the "City Council") will by resolution, order the improvements to be made, if any, and confirm the levy and collection of assessments pursuant to the Act. The assessment rates and method of apportionment described in this Report, as approved, or modified by the City Council, define the assessments to be applied to each parcel within the District and respective Zones for FY 2026/27. The assessments as approved will be submitted to the Placer County Auditor-Controller to be included on the FY 2026/27 property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor-Controller to be an invalid parcel number for the current Fiscal Year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the Auditor-Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rates approved by the City Council.

B. COMPLIANCE WITH CURRENT LEGISLATION

All assessments described in this Report and approved by the City Council are prepared in accordance with the Act and are in compliance with the substantive and procedural requirements of the California State Constitution Articles XIIIC and XIIID ("Articles XIIIC and XIIID") and the provisions of the Proposition 218 Omnibus Implementation Act [Government Code Section 53750 and following] (the "Implementation Act"). Articles XIIIC and XIIID and the Implementation Act collectively are hereinafter referred to as "Proposition 218".

Pursuant to the California Constitution Article XIIID Section 5, certain existing assessments are exempt from the substantive and procedural requirements of Article XIIID Section 4 and property owner balloting for the assessments is not required until such time that the assessments are increased. Specifically, the City determined that all improvements and the annual assessments originally established for the District were part of the conditions of property development and approved by the original property owner (developer). As such, pursuant to Article XIIID Section 5(b), all the property owners approved the existing District assessments at the time the assessments were created (originally imposed pursuant to a 100% landowner petition). Therefore, the pre-existing assessment amounts (the maximum assessment rates of Zones A, B, & C identified in this Report) are exempt from the procedural requirements Article XIIID Section 4, provided the assessments are not increased above these previously approved maximum assessment rates.

The District and all Zones therein have been formed pursuant to the Act. Pursuant to the Act, an annual Public Hearing is conducted by the City Council to accept property owner and public comments, to review the Report prior to approving the annual assessments to be levied on the County tax rolls. The assessments described in this Report have been prepared in accordance with the Act.

C. DESCRIPTION OF DISTRICT BOUNDARIES

The three Zones within the District are comprised of three non-contiguous residential subdivisions, namely Pheasant Run, Cirby Oaks II and Reuter Ranch, are located in the southern portion of the City and are within the boundaries of the City's "Infill Planning Area." A general depiction of the boundaries of each Zone can be found in Appendix A of this Report.

D. IMPROVEMENTS AUTHORIZED BY THE 1972 ACT

As applicable or may be applicable to a proposed District, the 1972 Act defines improvements to mean one or any combination of the following:

- The installation or planting of landscaping.
- The installation or construction of statuary, fountains, and other ornamental structures and facilities.
- The installation or construction of public lighting facilities.
- The installation or construction of any facilities which are appurtenant to any of the foregoing, or which are necessary or convenient for the maintenance or servicing thereof, including, but not limited to, grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities.
- The maintenance or servicing, or both, of any of the foregoing.
- The acquisition of any existing improvement otherwise authorized pursuant to this section.

Incidental expenses associated with the improvements including, but not limited to:

- The cost of preparation of the Report, including plans, specifications, estimates, diagram, and assessment;
- The costs of printing, advertising, and the publishing, posting, and mailing of notices;
- Compensation payable to the County for collection of assessments;
- Compensation of any engineer or attorney employed to render services;
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
- Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5.
- Costs associated with any elections held for the approval of a new or increased assessment.

The 1972 Act defines "maintain" or "maintenance" to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including:

- Repair, removal, or replacement of all or any part of any improvement.
- Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.
- The removal of trimmings, rubbish, debris, and other solid waste.

- The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

Furthermore, the 1972 Act specifies that where the cost of improvements (other than maintenance and operations) is greater than can be conveniently raised from a single annual assessment, an assessment to be levied and collected in annual installments. In that event, the governing body may choose to do any of the following:

- Provide for the accumulation of the moneys in an improvement fund until there are sufficient moneys to pay all or part of the cost of the improvements.
- Provide for a temporary advance to the improvement fund from any available and unencumbered funds of the local agency to pay all or part of the cost of the improvements and collect those advanced moneys from the annual installments collected through the assessments.
- Borrow an amount necessary to finance the estimated cost of the proposed improvements. The amount borrowed, including amounts for bonds issued to finance the estimated cost of the proposed improvements.

E. DESCRIPTION OF IMPROVEMENTS AND BENEFITS

This District, by special benefit assessments, provides funding for the maintenance and operation of certain landscaping improvements located within the public rights-of-way and dedicated easements:

The District provides all services necessary to maintain the landscaped corridors adjacent to the privately-owned parcels comprising the three subdivisions. Improvements include shrubs, trees, and other landscaping vegetation, as well as irrigation controllers, automatic valves, and irrigation systems. Services provided include all necessary services, operations, and maintenance required in keeping the improvements in a healthy, vigorous condition and in proper working order.

The District encompasses three subdivisions, each of which is located in a separate Zone. The Zones have specific improvements and costs associated with those improvements that benefit the parcels within each respective Zone. The total cost of landscape maintenance within a Zone is equitably spread among only the benefiting parcels within the Zone and only parcels that receive a Special Benefit from the improvements are assessed.

The specific locations of the improvements within each Zone of the District are described as follows:

Zone A – Pheasant Run

Maintenance of 6,880 square feet of landscaping and related improvements within the Pheasant Run subdivision.

Zone B – Cirby Oaks

Maintenance of 7,447 square feet of landscaping and related improvements within the Cirby Oaks II subdivision.

Zone C – Reuter Ranch

Maintenance of 24,700 square feet of landscaping and related improvements within the Reuter Ranch subdivision. A larger amount of landscaping benefits the properties within Reuter Ranch and typically results in a larger per parcel assessment for these properties as compared to Zones A and B.

II. METHOD OF APPORTIONMENT

A. GENERAL

The Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements which include the construction, maintenance and servicing of public lights, landscaping, and appurtenant facilities. The Act further requires that the cost of these improvements be levied according to benefit rather than assessed value:

> *"The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements."*

The formula used for calculating assessments in each Zone of the District therefore reflects the composition of the parcels, and the improvements and services provided, to fairly apportion the costs based on estimated benefit to each parcel.

B. SPECIAL BENEFIT ANALYSIS

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIIID addresses several key criteria for the levy of assessments, notably:

Article XIIID Section 2d defines District as follows:

"District means an area determined by an agency to contain all parcels which will receive a Special Benefit from a proposed public improvement or property-related service;"

Article XIIID Section 2i defines Special Benefit as follows:

"Special Benefit" means a particular and distinct benefit over, and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute "Special Benefit."

Article XIIID Section 4a defines proportional Special Benefit assessments as follows:

"An agency which proposes to levy an assessment shall identify all parcels which will have a Special Benefit conferred upon them and upon which an assessment will be imposed. The proportionate Special Benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No

assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional Special Benefit conferred on that parcel."

These improvements will directly benefit the parcels to be assessed within the District. The assessments and method of apportionment is based on the premise that the assessments will be used to construct and install landscape and lighting improvements within the District as well as provide for the annual maintenance of those improvements, and the assessment revenues generated by District will be used solely for such purposes.

Each of the proposed improvements; the associated costs and assessments have been reviewed, identified, and allocated based on Special Benefit pursuant to the Act. All improvements associated with the Zones were necessary and required through the conditions of property development. Therefore, the improvements and the annual costs of ensuring the maintenance and operation of the improvements are of direct and Special Benefit to the properties.

The method of apportionment (method of assessment) is based on the premise that each assessed parcel within each Zone receives a Special Benefit from the improvements. The desirability and security of properties is enhanced by well-maintained landscaping in close proximity to those properties.

The special benefits associated with all landscaping improvements are specifically:

- Enhanced desirability of properties through association with the improvements.
- Improved aesthetic appeal of properties providing a positive representation of the area and properties.
- Enhanced adaptation of the urban environment within the natural environment from adequate green space and landscaping.
- Environmental enhancement through improved erosion resistance, dust and debris control, and fire prevention.
- Increased sense of pride in ownership of property within the Zones resulting from well-maintained improvements associated with the properties.
- Enhanced quality of life through well-maintained green belts and landscaped areas.
- Reduced criminal activity and property-related crimes (especially vandalism) against properties in the Zones through well-maintained surroundings and amenities including abatement of graffiti.
- Enhanced environmental quality of the parcels by moderating temperatures, providing oxygenation, and attenuating noise.

All of the preceding special benefits allowed the property to be developed for the enjoyment of the property owners and contribute to a specific enhancement and desirability of each of the assessed parcels within the Zones.

The improvements are for Special Benefit, enhancement, and use of properties within the Zones. Although the improvements include public easements, rights-of-way, streets, and other amenities available or visible to the public at large, the construction and installation of these improvements are only necessary for the development of properties within the Zones and are not required nor necessarily desired by any properties or developments outside the Zone's boundaries. Therefore, any public access or use of the improvements by others is incidental and there is no measurable general benefit to properties outside the Zones or to the public at large.

C. RATE AND METHOD OF APPORTIONMENT

Pursuant to the Act, the costs of each Zone of the District must be spread to each parcel based upon a benefit formula. Each assessable parcel in the District receives a direct and Special Benefit from the improvements in the Zone. This direct and Special Benefit was determined to be equal for all dwelling units within each Zone; costs for each Zone shall be calculated separately within each respective Zone. Each single-family residence is equal to one dwelling unit (unit) and the formula used to arrive at each parcel's annual assessment is described below. Public parcels lying within the landscape corridors are considered to receive no benefit from the improvements and are therefore not assessed.

Costs associated with each Zone are to be charged only to assessable parcels within the respective Zone as follows:

$$\frac{\textit{Balance to Levy in Zone}}{\textit{Total Units in Zone}} = \textit{Assessment Per Unit in Zone}$$

The Maximum Annual Assessment Rates are not to exceed $193.32 per unit for Zone A and $200.00 per unit for Zones B and C.

III. DISTRICT BUDGET

A. FY 2026/27 BUDGET

DESCRIPTION	ZONE A (Pheasant Run) Fund 2014	ZONE B (Cirby Oaks II) Fund 2015	ZONE C (Reuter Ranch) Fund 2017
DIRECT COSTS			
Contract Maintenance - Landscaping	$1,532.64	$2,237.16	$4,375.44
Repair & Maintenance - Landscaping	3,000.00	3,000.00	2,000.00
Repair & Maintenance - Tree Work	648.00	936.00	1,669.80
Utilities	3,166.00	1,340.00	2,998.00
Utilities – Telecom	0.00	200.00	0.00
Rehab Reserve Expenditures - Non-Routine Tree Work	500.00	1,000.00	1,820.45
Rehab Reserve Project Expenditures	0.00	2,500.00	1,000.00
Total Direct Costs	**$8,846.64**	**$11,213.16**	**$13,863.69**
ADMINISTRATION COSTS			
City Administration	$112.00	$325.00	$185.00
Contract Administration - Park's Dept	1,150.00	1,213.00	1,954.00
County Auditor Fees	77.33	124.17	132.00
Consulting & Professional Services	832.00	2,416.00	1,372.00
Public Hearing Publishing Costs	69.00	201.00	114.00
Total Administrative Costs	**$2,240.33**	**$4,279.17**	**$3,757.00**
Total Direct and Administration Costs	**$11,086.97**	**$15,492.33**	**$17,620.69**
BUDGET ADJUSTMENTS			
Replenishment/(Use) of Operating Reserve	($2,854.17)	$425.10	($1,600.24)
Contribution for /(Use of) Rehab Reserve	(500.00)	(3,500.00)	(2,820.45)
Rounding Adjustment		(0.79)	
Total Adjustments	**($3,354.17)**	**($3,075.69)**	**($4,420.69)**
BALANCE TO LEVY	**$7,732.80**	**$12,416.64**	**$13,200.00**

Fund balance information for each Zone is reported in Section C on the following page. Total balance to levy for the District is $33,349.44.

B. FY 2026/27 ASSESSMENT RATES

DESCRIPTION	ZONE A (Pheasant Run) Fund 2014	ZONE B (Cirby Oaks II) Fund 2015	ZONE C (Reuter Ranch) Fund 2017
FY 2026/27 ASSESSMENT DATA			
Number of Assessable Units	40	116	66
Applied Assessment Rate Per Unit	$193.32	$107.04	$200.00
Maximum Assessment Rate Per Unit	$193.32	$200.00	$200.00
Potential Maximum Assessment Per Zone	**$7,732.80**	**$23,200.00**	**$13,200.00**

C. FY 2026/27 FUND BALANCE INFORMATION

DESCRIPTION	ZONE A (Pheasant Run) Fund 2014	ZONE B (Cirby Oaks II) Fund 2015	ZONE C (Reuter Ranch) Fund 2017
OPERATING RESERVE			
Beginning Operating Reserve Balance 7-1-2026 (est.)	**$4,370.67**	**$5,181.48**	**$7,207.84**
add: Replenishment from FY 2026/27 Levy		425.10	
less: Use for FY 2026/27 Expenses	(2,854.17)		(1,600.24)
Transfer from/(to) the Rehab Reserve	2,906.82		1,324.25
Ending Operating Reserve Balance 6-30-2027 (est.)	**$4,423.32**	**$5,606.58**	**$6,931.85**
REHABILITATION RESERVE			
Beginning Rehab Reserve Balance 7-1-2026 (est.)	**$7,404.13**	**$38,306.52**	**$19,523.16**
add: Collect from FY 2026/27 Levy			
less: Use for FY 2026/27 Rehab Projects	(500.00)	(3,500.00)	(2,820.45)
Transfer from/(to) the Operating Reserve	(2,906.82)	0.00	(1,324.25)
Ending Rehab Reserve Balance 6-30-2027 (est.)	**$3,997.31**	**$34,806.52**	**$15,378.46**

D. DESCRIPTION OF BUDGET ITEMS

Description of the terms used in the preceding Budget, Assessment Rates and Fund Balance tables are listed below:

BUDGET:

DIRECT COSTS

Contract Maintenance - Landscaping - Includes all regularly scheduled contract labor, materials, supplies, and equipment required to properly maintain and ensure the satisfactory condition or maintenance of all landscaping corridors, street medians, entryways, irrigation, and related drainage systems as well as maintenance of appurtenant facilities (the “improvements”).

Repair & Maintenance – Landscaping - This line item includes repairs that are generally unforeseen and not normally included in the annual maintenance contract costs. This may include repair of damaged amenities due to vandalism, storms, etc. If zero, this line item may not be shown in the budget.

Repair & Maintenance – Tree Work - This line item includes annual costs for tree maintenance not included in the annual contract maintenance portion of the budget. If zero, this line item may not be shown in the budget.

Utilities - The furnishing of water and electricity required for the operation and maintenance of the improvements.

Utilities Telecom – connectivity services required for the operation of certain improvements.

Rehab Reserve Expenditures – Non-Routine Tree Work – Expected costs to maintain trees other than costs of annual repair and maintenance. If zero, this line item may not be shown in the budget.

Rehab Reserve Project Expenditures – Expected costs for installation, replacement, or planned upgrades of District improvements for the current year that were previously funded or accumulated in the Rehabilitation Reserve. The Rehabilitation Reserve is used to accumulate funds for costs associated with the future rehabilitation or replacement of District improvements that cannot be conveniently raised from a single year's assessment. If zero, this line item may not be shown in the budget.

ADMINISTRATION COSTS

City Administration – Estimated costs incurred by the City's Finance Department and other departments in preparing the annual budget for the Report, together with other financial information required to determine the annual assessment. These costs would also include the preparation, posting and publishing of public notices required for City Council action relating to the District, as well as costs to perform legal review of documents.

Contract Administration – Parks Dept – Estimated Costs of the Parks, Recreation and Libraries Department ("Parks Department") to coordinate and oversee the maintenance contracts and overall repair and maintenance of the District. This amount also includes the cost of the Parks Department's estimates and analysis of certain budget items, estimated costs and useful lives of certain District Improvements.

County Auditor Fees - A fee of 1% of the total levy amount that is charged to the District by the County for placing assessments on property tax bills.

Consulting and Professional Services – Includes the costs and expenses of contracting with various professionals to provide legal, engineering and district administration services directly related to the District, including the calculation of the annual assessment amounts and the preparation of the Report and any out-of-pocket costs related to district administration.

Public Hearing Publishing Costs – Includes the out-of-pocket costs to publish public notices required for City Council action relating to the District.

Total Direct and Administration Costs – The total expected costs of the District.

BUDGET ADJUSTMENTS

Replenishment/(Use) of Operating Reserve – A "Replenishment" increases the levy in order to replenish the Operating Reserve. On the other hand, a "Use" of the Operating Reserve decreases the levy by drawing funds from the Operating Reserve for current year expenditures. If zero, this line item may not be shown in the budget. Further information regarding the function of the Operating Reserve is provided under "FUND BALANCE INFORMATION" in the following pages of this Section.

Contribution for / (Use of) Rehab Reserve — A "Contribution" increases the levy in order to generate funding for the Rehabilitation Reserve. This reserve allows for the accumulation of funds for possible rehabilitation projects or replacements in future years. On the other hand, a "Use of" the Rehabilitation Reserve provides current year funding of rehabilitation projects or replacements from available funds within the Rehabilitation Reserve. If zero, this line item may not be shown in the budget. Further information regarding the function of the Rehabilitation Reserve is provided under "FUND BALANCE INFORMATION" in the following pages of this Section.

Rounding Adjustment – The necessary rounding adjustment(s) due to limitations of the County property tax system that requires even penny levy amounts to be placed on the secured tax roll.

BALANCE TO LEVY - This is the total amount to be levied and collected through assessments for the current Fiscal Year for each Zone. The Balance to Levy represents the sum of the total District costs together with any applicable adjustments to the budget as described above.

ASSESSMENT RATES:

Number of Assessable Units - The total number of residential units that are expected to be assessed. Non-assessable lots or parcels include government-owned land, public utility-owned property, land principally encumbered by public rights-of-way or easements, common areas, and/or parcels within the boundaries

of the District currently do not benefit from the improvements and are therefore not assessed.

Applied Assessment Rate per Unit - The per unit assessment rates to be applied to the non-exempt parcels within the District for the current Fiscal Year.

Maximum Assessment Rate per Unit - The per unit maximum assessment rates for the current Fiscal Year.

Potential Maximum Assessment Per Zone – The total amount that can be assessed against all parcels within each Zone for the current Fiscal Year based upon the expected number of units to be assessed.

FUND BALANCE INFORMATION:

OPERATING RESERVE

Beginning Operating Reserve Balance 7-1-2026 (est.) - The anticipated beginning balance of cash and receivables net of any unpaid prior year obligations for each Zone. These beginning balances shall be used to fund each Zone's expenditures from July 1, 2026 to December 31, 2026, as the Operating Reserve is required to compensate for the approximate six-month delay between the start of the District's Fiscal Year and the receipt of the collections from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

Replenish from FY 2026/27 Levy – This amount is added to the FY 2026/27 levy in order to replenish the Operating Reserve. Due to the six-month delay from the District's receipt of assessment collections, the Operating Reserve balance shall be sufficiently funded to provide for expenditures from July 1, 2026 (the beginning of the Fiscal Year) through December 31, 2026. If zero, this line item may not be shown in the budget.

Use for FY 2026/27 Expenses – The amount of the Operating Reserve to be used to fund FY 2026/27 expenses. Portions of the Operating Reserve may be slated for current year expenditures in order to reduce the Ending Operating Reserve Balance to an amount no greater than the expected District costs for the period of July 1, 2026 (the beginning of the Fiscal Year) through December 31, 2026. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Rehab Reserve — The amount of Operating Reserve money to be transferred to or from the Rehabilitation Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same Zone's Operating Reserve, at the discretion of the Parks Department, in order to provide

for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Operating Reserve Balance 6-30-2027 (est.) - This amount represents the anticipated Operating Reserve balance/(deficit) for each Zone as of June 30, 2027. The size of each Zone's Operating Reserve is limited by Streets and Highways Code 22569 which states that an Operating Reserve shall not exceed the estimated costs of maintenance, service and incidental expenses from the first day of the fiscal year (July 1) to the date that the Agency expects to receive the first apportionment of collections from the County, which is estimated to be December 31. Therefore, each Zone may retain an Operating Reserve amounting to the District's first six-months of expenses in order to meet ongoing obligations until the first collections are received from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

REHABILITATION RESERVE

Beginning Rehab Reserve Balance 7-1-2026 (est.) — The projected balance of funds in the Rehabilitation Reserve as of July 1, 2026. Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

Collect from FY 2026/27 Levy — This amount is added to the FY 2026/27 levy to accumulate funding for future year rehabilitation projects, replacements, restorations, or upgrades of District improvements. If zero, this line item may not be shown in the budget.

Use for FY 2026/27 Rehab Projects – The amount of Rehabilitation Reserve money expected to be transferred out of the Rehabilitation Reserve to fund the costs of installation, replacement, or planned upgrades of District improvements in FY 2026/27. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Operating Reserve — The amount of Rehabilitation Reserve moneys to be transferred to or from the Operating Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same Zone's Operating Reserve, at the discretion of the Parks Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Rehab Reserve Balance 6-30-2027 (est.) - The projected balance of funds in the Rehabilitation Reserve as of June 30, 2027. These funds shall be used to provide for future year rehabilitation projects, replacements, restorations, or

upgrades of District improvements which cannot be conveniently raised from a single year's assessment.

E. REHABILITATION RESERVE – CAPITAL IMPROVEMENT PLAN

Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

The Report provides a five-year Capital Improvement Plan ("CIP") which shows projected expenditures by Zone related to the rehabilitation, restoration and/or replacement of District improvements, and other allowable costs. The Current Fiscal Year CIP is shown in the preceding Budget Section A. The projected CIP costs for the remaining four years are shown in the table below.

Zone A

Description	FY 2027-28	FY 2028-29	FY 2029-30	FY 2030-31	4 Year Total
Repair and/or refurbish sound wall improvements	$0	$0	$3,000	$0	$3,000
Replace, repair, renovate and/or refurbish plants, landscape & related mat'ls	500	500	500	0	1,500
Non-routine tree work	0	400	500	0	900
Total Projected Expenditures	**$500**	**$900**	**$4,000**	**$0**	**$5,400**

Zone B

Description	FY 2027-28	FY 2028-29	FY 2029-30	FY 2030-31	4 Year Total
Repair and/or refurbish sound wall improvements	$0	$8,200	$10,000	$1,298	$19,498
Replace, repair, renovate and/or refurbish plants, landscape & related mat'ls	2,600	2,700	2,800	2,900	11,000
Non-routine tree work	1,030	1,061	1,093	1,126	4,309

Zone C

Description	FY 2027-28	FY 2028-29	FY 2029-30	FY 2030-31	4 Year Total
Repair and/or refurbish sound wall improvements	$0	$7,000	$0	$0	$7,000
Replace, repair, renovate and/or refurbish plants, landscape & related mat'ls	2,100	0	0	0	2,100
Non-routine tree work	1,875	1,931	1,989	2,048	7,843
Total Projected Expenditures	**$3,975**	**$8,931**	**$1,989**	**$2,048**	**$16,943**

Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same Zone's Operating Reserve, at the discretion of the Parks Department, in order to provide for the maintenance and operation of the improvements.

APPENDIX A – DISTRICT BOUNDARY MAPS

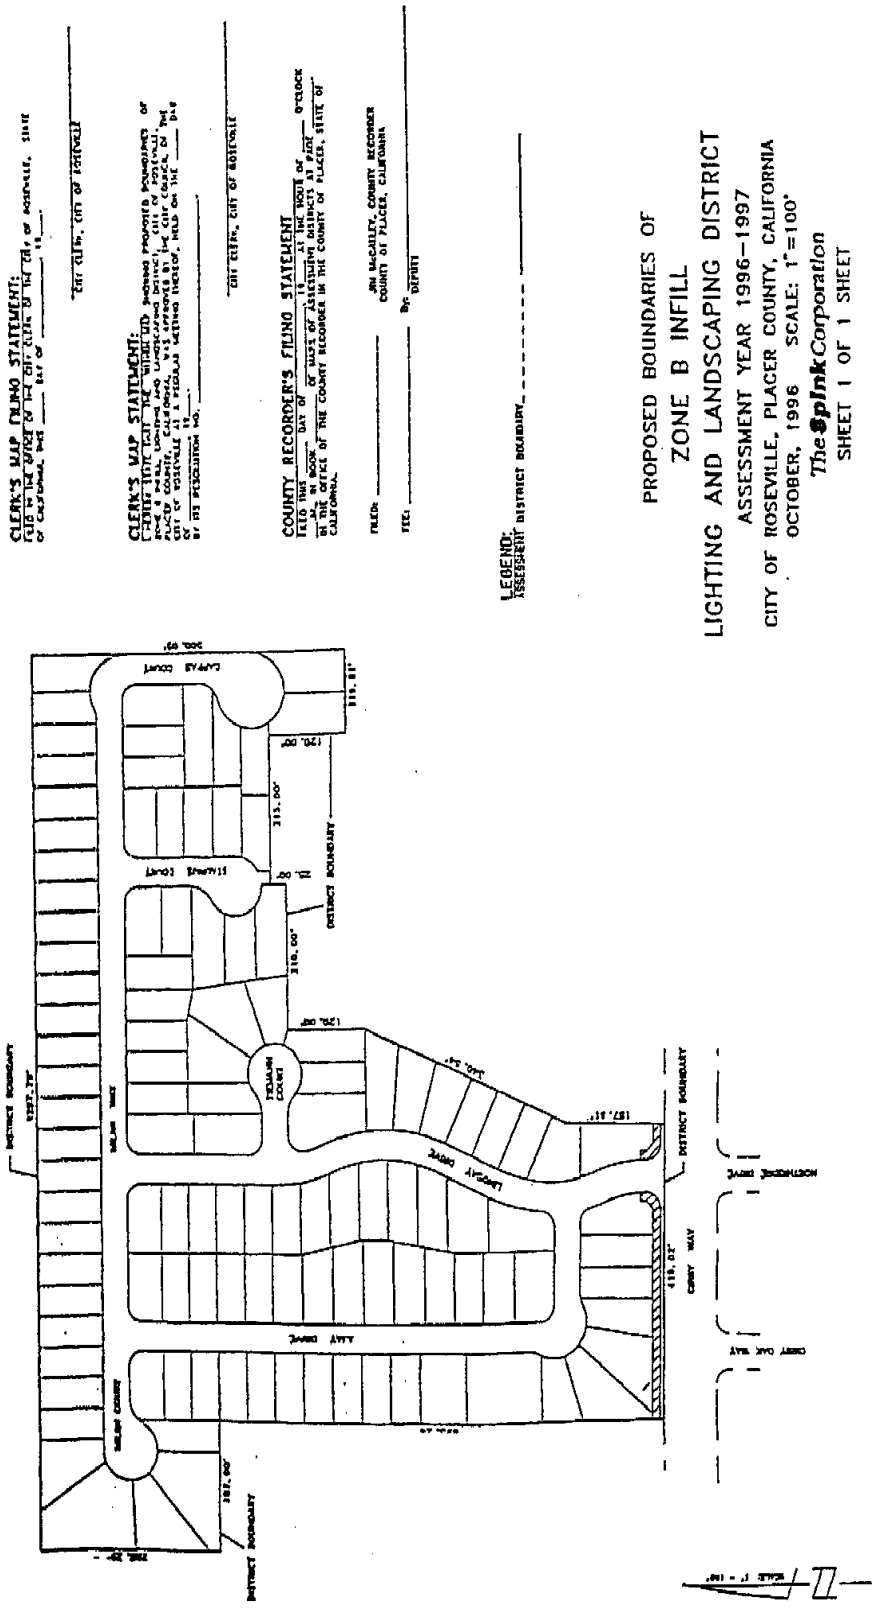

The Assessment Diagrams for the District have previously been submitted to the City Clerk in the format required under the Act and are, by reference, made part of this Report. The boundary maps are available for inspection at the office of the City Clerk during normal business hours.

For general reference purposes, a rendering of the District and Zone Boundaries are presented herein.

APPENDIX B — FY 2026/27 ASSESSMENT ROLL

Parcel identification, for each lot or parcel within the District, shall be the parcel as shown on the Placer County Assessor's map for the year in which this Report is prepared.

A listing of parcels to be assessed within this District, along with the proposed assessment amounts, may be submitted to the City Clerk, under a separate cover, and by reference is made part of this Report.

Non-assessable lots or parcels may include areas of public streets and other roadways (typically not assigned an APN by the County); dedicated public easements, open space areas and rights-of-way, including public greenbelts and parkways; utility rights-of-way; small parcels vacated by the County, bifurcated lots, and other property that cannot be developed, excepting common area parcels. These types of parcels are considered to receive little or no benefit from the improvements and are therefore exempt from assessment.

At the conclusion of the public hearing for the District and the proposed assessments, approval of the Report (as submitted or as modified) confirms the method of apportionment and the assessment rate to be levied against each eligible parcel and thereby constitutes the approved levy and collection of assessments for FY 2026/27. The listing of parcels and the amount of assessment to be levied shall be submitted to the County Auditor/Controller and included on the FY 2026/27 property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current Fiscal Year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved in this Report. Therefore, if a single parcel has changed to multiple parcels, the assessment amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.

RESOLUTION NO. 26-182

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, AMENDING AND/OR APPROVING THE ENGINEER'S ANNUAL LEVY REPORT FOR THE JOHNSON RANCH LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2026/2027

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, the City Council has, by previous Resolutions, ordered the preparation of the Engineer's Annual Levy Report (hereafter referred to as the "Report") for said district known and designated as the: **Johnson Ranch Landscaping and Lighting District** (hereinafter referred to as the "District"), pursuant to the provisions of the *Landscaping and Lighting Act of 1972, being Part 2 Division 15, of the Streets and Highways Code of the State of California*, *beginning with Section 22500* (hereinafter referred to as the "Act"); and

WHEREAS, there has now been presented to this City Council the Report as required by *Chapter 3, Section 22623* of the Act, and as previously directed by Resolution; and

WHEREAS, this City Council has carefully examined and reviewed the Report as presented (or amended), and is satisfied with each and all of the items and documents as set forth therein, and is satisfied that the levy has been spread in accordance with the benefits received from the improvements, operation, maintenance and services to be performed, as set forth in said Report; and

WHEREAS, Proposition 218 which was approved by the voters on November 5, 1996, added Articles XIIIC and XIIID to the California Constitution which exempt any assessments imposed when persons owning all of the parcels subject to the assessment agreed to being included in the District and subject to the assessment at the time the assessment was initially imposed; and

WHEREAS, pursuant to Proposition 218, balloting of property owners is required for annual rate increases. For the Zone subject to annual rate increases, those property owner ballots included an assessment rate to be approved within the District, as well as the approval of an inflationary adjustment factor which provides for annual rate increases; and

WHEREAS, for the Zones not subject to annual rate increases, the maximum assessment rates for Fiscal Year 2026/2027 shown in the Report are not proposed to be increased; and

WHEREAS, for the Zone subject to annual rate increase, the maximum assessment rate for Fiscal Year 2026/2027 shown in the Report is not proposed to be increased above the duly approved rate after applying the annual increase allowed by the inflationary adjustment factor; and

WHEREAS, mailed notices and Assessment Ballots are not required if assessments are not increased above the approved maximum assessment rates after applying the approved annual rate increases.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR THE JOHNSON RANCH LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:

Section 1 That the above recitals are all true and correct.

Section 2 That the Report as presented is hereby approved (as amended) and is ordered to be filed in the Office of the City Clerk as a permanent record and to remain open to public inspection.

Section 3 That the City Clerk shall certify to the passage and adoption of this Resolution and the minutes of this meeting shall so reflect the presentation of and final approval of the Report.

RESOLUTION NO. 26-183

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN THE JOHNSON RANCH LANDSCAPING AND LIGHTING DISTRICT FOR FISCAL YEAR 2026/2027

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, the City Council of the City of Roseville, California, has, by previous Resolutions, initiated proceedings and declared its intention to levy assessments, and approved the Engineer's Annual Levy Report (hereinafter referred to as the "Engineer's Report") that describes the assessments against parcels of land within the **Johnson Ranch Landscaping and Lighting District** (hereinafter referred to as the "District") for the Fiscal Year commencing July 1, 2026, and ending June 30, 2027, pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code*, *commencing with Section 22500* (hereinafter referred to as the "Act") to pay for the maintenance and servicing of all improvements and facilities related thereto; and

WHEREAS, the Engineer selected by the City Council has prepared and filed with the City Clerk, and the City Clerk has presented to the City Council, an Engineer's Report in connection with the levy and collection of assessments upon eligible parcels of land within the District, and the City Council did by previous Resolution approve such Engineer's Report; and

WHEREAS, the City Council desires to levy and collect assessments against parcels of land within the District for the Fiscal Year commencing July 1, 2026, and ending June 30, 2027, to pay for the maintenance and servicing of all improvements and facilities related thereto; and

WHEREAS, The Auditor-Controller of Placer County (the "County") is requested to attach each District assessment onto the County Assessment Roll for collection; and

WHEREAS, the County of Placer requires the payment of the County's collection fee for placing the direct charge assessments onto the County Assessment Roll and collection thereof; and

WHEREAS, the City Council and its legal counsel have reviewed Proposition 218 and found that these assessments comply with applicable provisions of Articles XIIIC and XIIID of the California Constitution; and

WHEREAS, the City has previously delivered to the County an agreement to indemnify the County in connection with the legality of the District assessments placed onto the County Assessment Roll, if challenged.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR JOHNSON RANCH LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:

Section 1 That the above recitals are true and correct.

Section 2 Following notice duly given, the City Council has held a full and fair Public Hearing regarding the District, the proposed landscaping and lighting improvements, the levy and collection of assessments, the Engineer's Report prepared in connection therewith, and considered all testimony, written statements, and communications made or filed by interested persons regarding these matters.

Section 3 Based upon its review (and amendments, as applicable) of the Engineer's Report, a copy of which has been presented to the City Council, and which has been filed with the City Clerk, the City Council hereby finds and determines that:

i) the land within the District will be benefited by the operation, maintenance and servicing of the improvements located within the boundaries of the District; and

ii) the District includes all of the lands receiving such special benefit; and

iii) the net amount to be assessed upon the lands within the District in accordance with the assessment for the Fiscal Year commencing July 1, 2026, and ending June 30, 2027 is apportioned by a formula and method which fairly distributes the net amount among all eligible parcels in proportion to the estimated special benefits to be received by each parcel from the improvements and services.

Section 4 The estimated costs of improvements, the assessment diagram, the assessments and all other matters as set forth in the Engineer's Report as presented to the City Council and on file in the Office of the City Clerk are hereby approved, adopted and confirmed.

Section 5 The maintenance, operation, and servicing of the improvements and appurtenant facilities shall be performed pursuant to the Act. The City Council hereby orders the proposed improvements to be made, which improvements are briefly described as follows: the maintenance and operation of, and the furnishing of services and materials for, landscaping and irrigation systems; lighting; open space; floodways; stream courses; wetland areas; mitigation monitoring; recreational areas; bike trails; and other public improvements within the street rights-of-way and appurtenant facilities, including, but not limited to, irrigation systems and drainage improvements within the District. Landscaping includes, but is not limited to, trees, shrubs, and other vegetation. The Report describes any new improvements or substantial changes in existing improvements.

Section 6 The Auditor-Controller of the County of Placer shall enter on the County Assessment Roll opposite each eligible parcel of land the amount of the levy so apportioned by the formula and method outlined in the Engineer's Report, and such levies shall be collected at the same time and in the same manner as County taxes are collected, pursuant to *Chapter 4, Article 2, Section 22646* of the Act. After collection by the County, the net amount of the levy shall be paid to the City Treasurer.

Section 7 The City agrees to cause the District to pay the applicable Placer County annual collection fee at the rate of 1% of the assessment amount placed upon the County Assessment Roll or at the rate in effect for the applicable Fiscal Year if updated.

Section 8 The City Treasurer shall deposit all money representing assessments collected by the County for the District to the credit of a fund for the District and such money shall be expended only

for the maintenance, operation and servicing of the landscaping, lighting and appurtenant facilities, together with other expenses as described in the Engineer's Report.

Section 9 The adoption of this Resolution constitutes the District levy for the Fiscal Year commencing July 1, 2026, and ending June 30, 2027.

Section 10 The City Clerk's designee, Willdan Financial Services, is hereby authorized and directed to file the levy with the County Auditor subsequent to the adoption of this Resolution, pursuant to Chapter 4, Article 1, Section 22641 of the Act. The City Clerk is directed to cause a certified copy of this adopted Resolution to be delivered to Willdan Financial Services within two weeks of adoption, or shortly thereafter.

ENGINEER'S REPORT AFFIDAVIT

Establishment of Annual Rates and Charges for the:

Johnson Ranch
Landscaping and Lighting District

City of Roseville

Placer County, State of California

This Report describes the District and any relevant zones therein, including the improvements, budgets, parcels and assessments to be levied for Fiscal Year 2026/27 as they existed at the time of the passage of the Resolution of Intention. Reference is hereby made to the Placer County Assessor's maps for a detailed description of the lines and dimensions of parcels within the District. The undersigned respectfully submits the enclosed Report as directed by the City Council.

Dated this 7th day of May, 2026.

APPENDIX A – DISTRICT BOUNDARY MAP 16

APPENDIX B — FY 2026/27 ASSESSMENT ROLL 18

I. OVERVIEW

A. INTRODUCTION

The City of Roseville ("City") annually levies and collects special assessments in order to maintain the improvements in the southeast section of the City of Roseville, known as Johnson Ranch Landscaping and Lighting District ("District"). The District was formed and is levied annual assessments pursuant to the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code (the "1972 Act").

The Engineer's Report ("Report") describes the District, any new annexations, changes to the District, and the proposed assessments for the period of July 1, 2026 through June 30, 2027. The special benefit assessments are based on historical and estimated costs to maintain the District improvements. These assessments, which provide a direct and special benefit to properties within the District, will provide funding for the operation and maintenance of District improvements.

The District consists of five (5) zones of benefit, Zones A, B, C, D and E (individually the "Zone" and collectively the "Zones"). The improvements that benefit properties within each Zone and the costs to maintain and service those improvements are identified and budgeted separately by Zone. The total cost of landscape maintenance within a Zone is equitably spread among only the benefiting parcels.

The word "parcel," for the purposes of this Report, refers to an individual property assigned its own Assessor's Parcel Number ("APN") by the Placer County Assessor's Office. The Placer County Auditor/Controller uses Assessor's Parcel Numbers and specific Tax Code Accounts, to identify on the County's tax roll, properties assessed for special district benefit assessments.

Following approval of the Report, the City Council will, by resolution, order the improvements to be made, if any, and confirm the levy and collection of assessments pursuant to the 1972 Act. The assessment rates and method of apportionment described in this Report as approved or modified by the City Council define the assessments to be applied to each parcel within the District and respective Zones for Fiscal Year ("FY") 2026/27. The assessments as approved will be submitted to the Placer County Auditor/Controller to be included on the FY 2026/27 property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the

resubmitted parcel or parcels shall be based on the method of apportionment and assessment rates approved by the City Council.

B. COMPLIANCE WITH CURRENT LEGISLATION

All assessments described in this Report and approved by the City Council are prepared in accordance with the 1972 Act and are in compliance with the substantive and procedural requirements of the California State Constitution Articles XIIIC and XIIID ("Articles XIIIC and XIIID") and the provisions of the Proposition 218 Omnibus Implementation Act [Government Code Section 53750 and following] (the "Implementation Act"). Articles XIIIC and XIIID and the Implementation Act collectively are hereinafter referred to as "Proposition 218".

Pursuant to the California Constitution Article XIIID, Section 5, certain existing assessments are exempt from the substantive and procedural requirements of Article XIIID Section 4 and property owner balloting for the assessments is not required until such time that the assessments are increased. Specifically, the City determined that all improvements and the annual assessments originally established for the District were part of the conditions of property development and approved by the original property owner (developer). As such, pursuant to Article XIIID Section 5(b), all the property owners approved the existing District assessments at the time the assessments were created (originally imposed pursuant to a 100% landowner petition). Therefore, the pre-existing assessment amounts (the maximum assessment rates of Zones A, B, C & D identified in this Report) are exempt from the procedural requirements of Article XIIID Section 4, provided the assessments are not increased above these previously approved maximum assessment rates.

In Fiscal Year 1999/00, the City initiated and conducted property owner protest ballot proceedings in accordance with Article XIIID for Zone E in order to increase the assessment to cover additional costs for services. The proposed assessment increase presented to property owners included an annual inflationary factor of 3%. In Fiscal Year 1999/00 the maximum assessment rate was $623.10 per acre. At the conclusion of the Public Hearing, all property owner ballots returned were tabulated and the City determined that a majority protest did not exist. The City Council then approved the increased assessment and the inflationary factor for maintaining the improvements within the District.

The District and all Zones therein have been formed pursuant to the 1972 Act. Pursuant to the 1972 Act, an annual Public Hearing is conducted by the City Council to accept property owner and public comments, to review the Engineer's Annual Levy Report prior to approving the annual assessments to be levied on the County tax rolls. The assessments described in this Report have been prepared in accordance with the Act.

C. DISTRICT BOUNDARIES

The District lies within a portion of the Southeast Roseville Specific Plan, which is located in the southeast section of the City of Roseville. The District is generally located east of I-80 on the south side of Douglas Boulevard. See Appendix A for a rendering of the District boundary map.

D. IMPROVEMENTS AUTHORIZED BY THE 1972 ACT

As applicable or may be applicable to a proposed District, the 1972 Act defines improvements to mean one or any combination of the following:

- The installation or planting of landscaping.
- The installation or construction of statuary, fountains, and other ornamental structures and facilities.
- The installation or construction of public lighting facilities.
- The installation or construction of any facilities which are appurtenant to any of the foregoing, or which are necessary or convenient for the maintenance or servicing thereof, including, but not limited to, grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities.
- The maintenance or servicing, or both, of any of the foregoing.
- The acquisition of any existing improvement otherwise authorized pursuant to this section.

Incidental expenses associated with the improvements including, but not limited to:

- The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;
- The costs of printing, advertising, and the publishing, posting, and mailing of notices;
- Compensation payable to the County for collection of assessments;
- Compensation of any engineer or attorney employed to render services;
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
- Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5.
- Costs associated with any elections held for the approval of a new or increased assessment.

The 1972 Act defines "Maintain" or "maintenance" to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including:

- Repair, removal, or replacement of all or any part of any improvement.

- Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.
- The removal of trimmings, rubbish, debris, and other solid waste.
- The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

Furthermore, the 1972 Act specifies that where the cost of improvements (other than maintenance and operations) is greater than can be conveniently raised from a single annual assessment, an assessment to be levied and collected in annual installments. In that event, the governing body may choose to do any of the following:

- Provide for the accumulation of the moneys in an improvement fund until there are sufficient moneys to pay all or part of the cost of the improvements.
- Provide for a temporary advance to the improvement fund from any available and unencumbered funds of the local agency to pay all or part of the cost of the improvements and collect those advanced moneys from the annual installments collected through the assessments.
- Borrow an amount necessary to finance the estimated cost of the proposed improvements. The amount borrowed, including amounts for bonds issued to finance the estimated cost of the proposed improvements.

E. DESCRIPTION OF THE IMPROVEMENTS AND BENEFITS

Zones A, B and C

Zones A, B and C of the District, by special benefit assessments, provide annual funding for the continual maintenance of certain landscaping, open space areas; including floodway and stream course areas as well as the maintenance of bike trails. The specific locations of the floodways, stream courses and areas adjacent thereto to be maintained are described below:

- Parcel 70 - Floodway that feeds Cirby Creek and is located between Douglas Boulevard and Eureka Road. (7.76 acres) - Zone C
- Parcel 71 - Strap Ravine floodway between Douglas Boulevard and East Roseville Parkway. (3.38 acres) - Zone A
- Parcel 72 - Floodway between Roseville Parkway east to commercial development. (8.98 acres) - Zone C
- Parcel 73 - Recreational floodway in Strap Ravine between East Roseville Parkway and Sierra College Boulevard. (16.11 acres) - Zone A
- Parcels 74 & 75 - Recreational floodway that eventually feeds Linda Creek, beginning at Sierra College Boulevard then east to the Roseville City limits. (6.2 acres and 10.8 acres, respectively) - Zone B

Zone D

Zone D of the District, by special benefit assessments, provides annual funding for the costs of mitigation monitoring and costs to maintain landscaped open space areas within certain wetland / riparian area(s) to comply with a Section 404 Permit. The issuance of this Section 404 permit was a condition of the development of the Johnson Ranch East Project, which represents the parcels comprising Zone D.

Zone E

Zone E of the District, by special benefit assessments, provides annual funding for the maintenance of certain landscaping, bike trails and open space areas that include floodway and stream course areas and the costs of mitigation monitoring to comply with both a Section 404 Permit (Federal) and a 1603 Permit (State). The issuance of these permits was a condition of the development of Parcel 9. The specific locations of the floodway and stream courses to be maintained are described as:

- Parcel 76 - Streambed and floodway area located at Cirby Creek from the southwest side of Eureka Boulevard to the end of the Coker Development. (2.79 acres)

II. METHOD OF APPORTIONMENT

A. GENERAL

The Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements which include the construction, maintenance and servicing of public lights, landscaping, and appurtenant facilities. The Act further requires that the cost of these improvements be levied according to benefit rather than assessed value:

> *"The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements."*

The formula used for calculating assessments in each Zone of the District therefore reflects the composition of the parcels, and the improvements and services provided, to fairly apportion the costs based on estimated benefit to each parcel.

B. PROPOSITION 218 BENEFIT ANALYSIS

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIIID addresses several key criteria for the levy of assessments regarding Zone E, notably:

Article XIIID Section 2d defines District as follows:

"District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service;"

Article XIIID Section 2i defines Special Benefit as follows:

"Special benefit" means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute "special benefit."

Article XIIID Section 4a defines proportional special benefit assessments as follows:

"An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be

imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel."

The method of apportionment (method of assessment) set forth in the Report is based on the premise that each assessed property receives special benefits from the improvements within the District, and the assessment obligation for each parcel reflects that parcel's proportional special benefits as compared to other properties that receive special benefits.

C. DESCRIPTION OF METHOD OF APPORTIONMENT

Pursuant to the Act, the costs of the District must be spread to each parcel based upon a benefit formula. Each assessable parcel in the District receives a direct and special benefit from the improvements in the District. The formula used to arrive at each parcel's annual levy amount in each zone is as follows:

Zones A and B

Thirty percent (30%) of the total budgeted costs of Zones A & B are to be levied to floodway Parcel 82 (APN 458-020-001). The remaining Seventy percent (70%) of costs are then allocated equally on a per acre basis to all assessable parcels within these Zones. Acreage of common area parcels shall be apportioned to the remaining assessable parcels of a subdivision and/or parcel split(s) related to the creation of the common area parcel(s).

Zones C, D and E

The budgeted costs of Zones C, D and E are to be allocated equally on a per acre basis to all assessable parcels within each respective Zone. Acreage of common area parcels shall be apportioned to the remaining assessable parcels of a subdivision and/or parcel split(s) related to the creation of the common area parcel(s).

D. INFLATIONARY ADJUSTMENT FACTOR

For Zone E only, if the proposed assessment rate increases over the prior fiscal year's maximum assessment rate by a percentage no greater than the 3%, then the proposed assessment rate is not considered an increase.

III. DISTRICT BUDGET

A. FY 2026/27 BUDGET

DESCRIPTION	ZONE A [1] Fund 2001	ZONE B [1] Fund 2002	ZONE C Fund 2003	ZONE D Fund 2004	ZONE E Fund 2005
DIRECT COSTS					
Contract Maintenance - Open Space (2521-4801-10001)	$13,506.11	$5,250.51	$4,114.90	$136.59	$8,021.46
Maintenance - Bike Trails (3380-4801-10001)	n/a	2,622.54	2,447.87	n/a	1,357.17
Utilities	600.00	0.00	0.00	0.00	0.00
Rehab Reserve Project Expenditures	0.00	0.00	0.00	0.00	0.00
Total Direct Costs	**$14,106.11**	**$7,873.05**	**$6,562.77**	**$136.59**	**$9,378.63**
ADMINISTRATION COSTS					
City Administration	$351.00	$241.00	$189.00	$7.00	$175.00
Contract Administration- Park's Dept	150.00	36.00	100.00	36.00	116.00
Contract Administration - Open Space	1,350.00	36.00	780.00	36.00	906.00
County Auditor Fees	167.50	101.39	90.07	2.84	119.32
Consulting & Professional Services	2,244.00	1,548.00	1,209.00	44.00	1,122.00
Public Hearing Publishing Costs	143.00	99.00	77.00	3.00	72.00
Total Administrative Costs	**$4,405.50**	**$2,061.39**	**$2,445.07**	**$128.84**	**$2,510.32**
Total Direct and Administration Costs	**$18,511.61**	**$9,934.44**	**$9,007.84**	**$265.43**	**$11,888.95**
BUDGET ADJUSTMENTS					
Replenishment/(Use) of Operating Reserve	($1,756.61)	$204.66	$0.00	$18.80	$42.77
Contribution for /(Use of) Rehab Reserve	0.00	0.00	0.00	$0.00	0.00
Rounding Adjustment	(0.55)	(0.01)	(2.03)	($0.23)	(0.04)
Total Adjustments	**($1,757.16)**	**$204.65**	**($2.03)**	**$18.57**	**$42.73**
BALANCE TO LEVY [2]	**$16,754.44**	**$10,139.09**	**$9,005.81**	**$284.00**	**$11,931.68**

Parcel 82 Levy Recap [1]	ZONE A [1] Fund 2001	ZONE B [1] Fund 2002
Non-Parcel 82 Levy (70% of Costs)	$11,728.11	$7,097.37
Parcel 82 Levy - 458-020-001 (30% of Total Costs)	5,026.33	3,041.73
Total Assessment	**$16,754.44**	**$10,139.09**

(1) Thirty percent (30%) of the total budgeted costs of Zones A & B are to be levied to floodway Parcel 82 (APN 458-020-001). 70% of costs are to be assessed to the remaining parcels. See "Parcel 82 Levy Recap" above for calculation.

(2) Slight variations in levy amounts shown in this Report may occur due to rounding limitations.

Fund balance information of each Zone is reported in Section C on the following page. The total balance to levy for the district is $48,115.02.

B. FY 2026/27 ASSESSMENT RATES

DESCRIPTION	ZONE A [1] Fund 2001	ZONE B [1] Fund 2002	ZONE C Fund 2003	ZONE D Fund 2004	ZONE E Fund 2005
FY 2026/27 ASSESSMENT DATA					
Number of Assessable Parcels	194	812	174	505	4
Total Assessable Acres	101.5984	227.5064	132.6061	140.9012	13.6282
Assessment Rates to be Applied:					
Per Acre - Zones C, D & E			$67.9140	$2.0156	$875.5140
Per Acre - Non-Parcel 82 Parcels (70% of costs)[1]	$115.4360	$31.1964			
Parcel 82 Only (30% of Costs)[1]	$5,026.33	$3,041.73			
Maximum Assessment Rates:					
Per Acre - Zones C, D & E			$67.9293	$2.3023	$1,384.0850
Per Acre - Non-Parcel 82 Properties	$115.4398	$35.5600			
Parcel 82 Only	$5,026.20	$3,467.21			
Potential Maximum Assessment	**$16,755.00**	**$11,557.30**	**$9,007.84**	**$324.40**	**$18,862.59**

(1) Thirty percent (30%) of the total budgeted costs of Zones A & B are to be levied to floodway Parcel 82 (APN 458-020-001). 70% of costs are to be assessed to the remaining parcels. See "Parcel 82 Levy Recap" above for calculation.

C. FY 2026/27 FUND BALANCE INFORMATION

DESCRIPTION	ZONE A Fund 2001	ZONE B Fund 2002	ZONE C Fund 2003	ZONE D Fund 2004	ZONE E Fund 2005

D. DESCRIPTION OF BUDGET ITEMS

Description of the terms used in the preceding Budget, Assessment Rates and Fund Balance tables are listed below:

BUDGET:

DIRECT COSTS

Contract Maintenance - Open Space – Includes all regularly scheduled contract labor, materials, supplies, and equipment required to properly maintain and ensure the satisfactory condition of all open space landscaping, irrigation, drainage systems, lighting, floodplain improvements and appurtenant facilities (the "improvements").

Maintenance - Bike Trails - Costs associated with the resurfacing of the Bike trail. If zero, this line item will not be shown in the budget.

Utilities - The furnishing of water and electricity required for the operation and maintenance of the improvements. If zero, this line item will not be shown in the budget.

Mitigation Monitoring – Costs associated with monitoring certain impacts to riparian areas in or near the District under the terms of a Section 404 or 1603 permit. If zero, this line item will not be shown in the budget.

Water Hyacinth Eradication – Costs associated with the eradication of the Water Hyacinth plant in the creek beds. If zero, this line item will not be shown in the budget.

Rehab Reserve Project Expenditures – Expected costs for installation, replacement, or planned upgrades of District improvements for the current year that were previously funded or accumulated in the Rehabilitation Reserve. The Rehabilitation Reserve is used to accumulate funds for costs associated with the future rehabilitation or replacement of District improvements that cannot be conveniently raised from a single year's assessment. If zero, this line item may not be shown in the budget.

ADMINISTRATION COSTS

City Administration – Estimated costs incurred by the City Finance Department and other departments in preparing the annual budget for the Engineer's Report, together with other financial information required to determine the annual assessment. These costs would also include the preparation, posting and publishing of public notices required for City Council action relating to the District, as well as costs to perform legal review of documents.

Contract Administration – Parks Dept – Estimated costs of the Parks, Recreation and Libraries Department ("Parks Department") to coordinate and oversee the maintenance contracts and overall repair and maintenance of the District. This amount also includes the cost of the Parks Department's estimates and analysis of certain budget items, estimated costs and useful lives of certain District Improvements.

Contract Administration – Open Space – Estimated costs of City staff to coordinate and oversee the maintenance contracts and non-contract maintenance of the open space areas of the District. This amount also includes the cost of the Parks Department's estimates and analysis of certain budget items.

County Auditor Fees - A fee of 1% of the total levy amount that is charged to the District by the County for placing assessments on property tax bills.

Consulting and Professional Services – Includes the costs and expenses of contracting with various professionals to provide legal, engineering and district administration services directly related to the District, including the calculation of the annual assessment amounts and the preparation of the Engineer's' Report.

Public Hearing Publishing Costs –Includes the out-of-pocket costs to publish public notices required for City Council action relating to the District.

Total Direct and Administration Costs – The total expected costs of the District.

BUDGET ADJUSTMENTS

Replenishment/(Use) of Operating Reserve – A "Replenishment" increases the levy in order to replenish the Operating Reserve. On the other hand, a "Use" of the Operating Reserve decreases the levy by drawing funds from the Operating Reserve for current year expenditures. If zero, this line item may not be shown in the budget. Further information regarding the function of the Operating Reserve is provided under "FUND BALANCE INFORMATION" in the following pages of this Section.

Contribution for / (Use of) Rehab Reserve — A "Contribution" increases the levy in order to generate funding for the Rehabilitation Reserve. This reserve allows for the accumulation of funds for possible rehabilitation projects or replacements in future years. On the other hand, a "Use of" of the Rehabilitation Reserve provides current year funding of rehabilitation projects or replacements from available funds within the Rehabilitation Reserve. If zero, this line item may not be shown in the budget. Further information regarding the function of the Rehabilitation Reserve is provided under "FUND BALANCE INFORMATION" in the following pages of this Section.

Rounding Adjustment – The necessary rounding adjustment(s) due to limitations of the County property tax system that requires even penny levy amounts to be placed on the secured tax roll.

BALANCE TO LEVY - This is the total amount to be levied and collected through assessments for the current fiscal year for each Zone. The Balance to Levy represents the sum of the total District costs together with applicable adjustments related to the Reserve Fund replenishments or reductions and/or Capital Improvement Fund activity.

Parcel 82 Levy Recap – A recap of the cost breakdown between certain parcels. Thirty percent (30%) of the total budgeted costs of Zones A & B are to be levied to floodway Parcel 82 (APN 458-020-001). 70% of costs are to be assessed to the remaining parcels.

ASSESSMENT RATES:

Number of Assessable Parcels - The total number of parcels within each Unit that are expected to be assessed. Non-assessable lots or parcels include government-owned land, public utility-owned property, land principally encumbered by public rights-of-way or easements, common areas, and/or parcels within the boundaries of the District that currently do not benefit from the improvements due possibly to development restrictions.

Total Assessable Acres – Non-Parcel 82 Properties - The total number of acres within Zones A and B that are to be assessed on an acreage basis for the current fiscal year; this acreage excludes Parcel 82.

Applied Assessment Rates - The assessment rates to be applied to the non-exempt parcels within the District for the current fiscal year.

Maximum Assessment Rates - The maximum assessment rates for the current fiscal year.

Maximum Potential Assessment – The total amount that is expected to be assessed against all parcels within the District for the Current Fiscal Year.

FUND BALANCE INFORMATION:

OPERATING RESERVE

Beginning Operating Reserve Balance 7-1-2026 (est.) - The anticipated beginning balance of cash and receivables net of any unpaid prior year obligations for each Zone. These beginning balances shall be used to fund each Zone's expenditures from July 1, 2026 to December 31, 2026, as the Operating Reserve is required to compensate for the approximate six-month delay between the start of the District's fiscal year and the receipt of the collections from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

Replenish from FY 2026/27 Levy – This amount is added to the FY 2026/27 levy in order to replenish the Operating Reserve. Due to the six-month delay from the District's receipt of assessment collections, the Operating Reserve balance shall be sufficiently funded to provide for expenditures from July 1, 2026 (the beginning of the Fiscal Year) through December 31, 2026. If zero, this line item may not be shown in the budget.

Use for FY 2026/27 Expenses – The amount of the Operating Reserve to be used to fund FY 2026/27 expenses. Portions of the Operating Reserve may be slated for current year expenditures in order to reduce the Ending Operating Reserve Balance to an amount no greater than the expected District costs for the period of July 1, 2026 (the beginning of the Fiscal Year) through December 31, 2026. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Rehab Reserve — The amount of Operating Reserve monies to be transferred to or from the Rehabilitation Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Parks Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Operating Reserve Balance 6-30-2027 (est.) - This amount represents the anticipated Operating Reserve balance/(deficit) for each Zone as of June 30, 2027. The size of each Zone's Operating Reserve is limited by Streets and Highways Code 22569 which states that an Operating Reserve shall not exceed the estimated costs of maintenance, service, and incidental expenses from the first day of the fiscal year (July 1) to the date that the Agency expects to receive the first apportionment of collections from the County, which is estimated to be December 31. Therefore, each Zone may retain an Operating Reserve amounting to the District's first six-months of expenses in order to meet ongoing obligations until the first collections are received from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

REHABILITATION RESERVE

Beginning Rehab Reserve Balance 7-1-2026 (est.) — The projected balance of funds in the Rehabilitation Reserve as of July 1, 2026. Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

Collect from FY 2026/27 Levy — This amount is added to the FY 2026/27 levy to accumulate funding of future year rehabilitation projects, replacements, restorations, or upgrades of District improvements. If zero, this line item may not be shown in the budget.

Use for FY 2026/27 Rehab Projects – The amount of Rehabilitation Reserve monies expected to be transferred out of the Rehabilitation Reserve to fund the costs of installation, replacement, or planned upgrades of District improvements for the current year. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Operating Reserve — The amount of Rehabilitation Reserve monies to be transferred to or from the Operating Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same Zone's Operating Reserve, at the discretion of the Parks Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Rehab Reserve Balance 6-30-2027 (est.) - The projected balance of funds in the Rehabilitation Reserve as of June 30, 2027. These funds shall be used to provide for future year rehabilitation projects, replacements, restorations, or upgrades of District improvements which cannot be conveniently raised from a single year's assessment.

E. REHABILITATION RESERVE – CAPITAL IMPROVEMENT PLAN

Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

The Report provides a five-year Capital Improvement Plan ("CIP") which shows projected expenditures by Zone related to the rehabilitation, restoration and/or replacement of District improvements, and other allowable costs. The Current Fiscal Year CIP is shown in the preceding Budget Section A. The projected CIP costs for the remaining four years are shown in the table below.

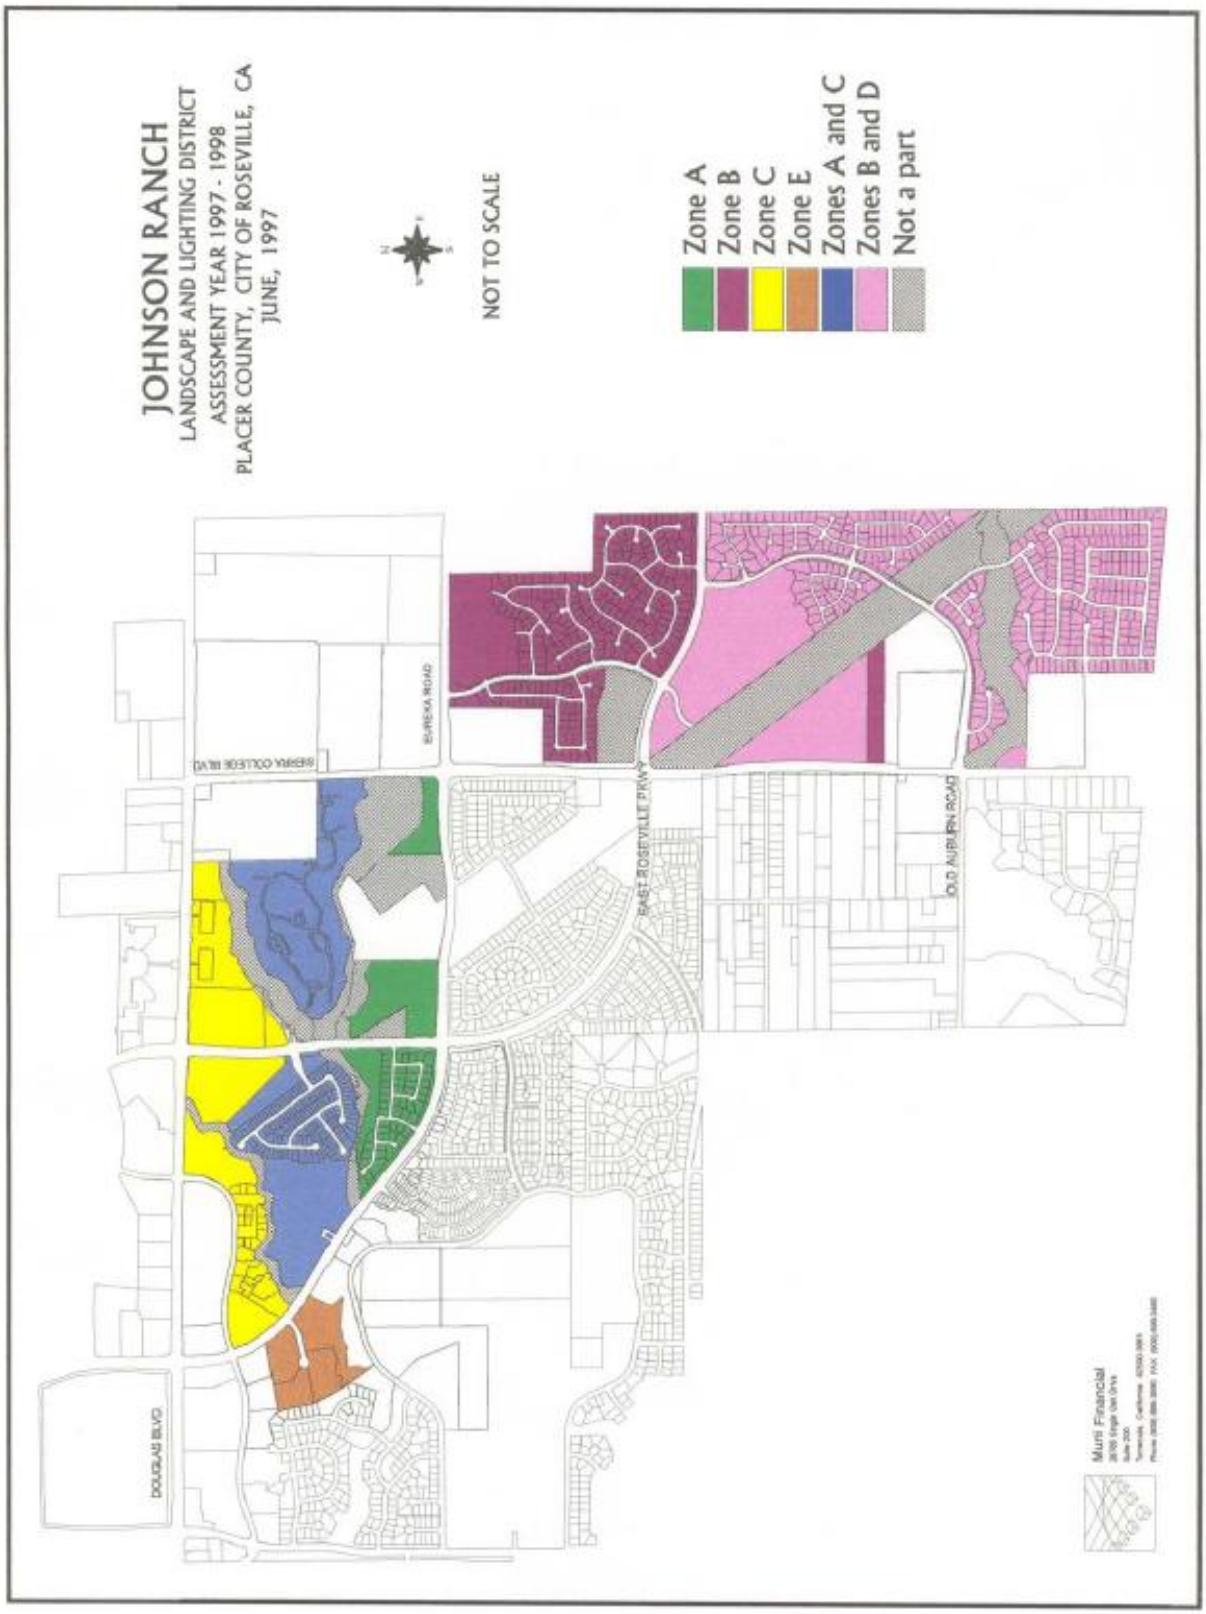

Description	FY 2027-28	FY 2028-29	FY 2029-30	FY 2030-31	4 Year Total
Zone A - General open space, creek rehab	$375	$342	$600	$532	$1,849
Zone B - General open space, creek rehab	300	300	300	300	1,200
Zone C - General open space, creek rehab	0	0	0	0	0
Zone D - General open space, creek rehab	50	89	89	50	278
Zone E - General open space, creek rehab	150	125	150	130	555

Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the District or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same Zone's Operating Reserve, at the discretion of the Parks Department, in order to provide for the maintenance and operation of the improvements.

APPENDIX A – DISTRICT BOUNDARY MAP

The Assessment Diagrams for the District have previously been submitted to the Clerk of the City in the format required under the Act and are, by reference, made part of this Report. The boundary maps are available for inspection at the office of the City Clerk during normal business hours.

For general reference purposes, a one-page rendering of the District's Boundaries is presented herein.

APPENDIX B — FY 2026/27 ASSESSMENT ROLL

Parcel identification, for each lot or parcel within the District, shall be the parcel as shown on the Placer County Assessor's map for the year in which this Report is prepared.

A listing of parcels to be assessed within this District, along with the proposed assessment amounts, may be submitted to the City Clerk, under a separate cover, and by reference is made part of this Report.

Non-assessable lots or parcels may include areas of public streets and other roadways (typically not assigned an APN by the County); dedicated public easements, open space areas and rights-of-way, including public greenbelts and parkways; utility rights-of-way; small parcels vacated by the County, bifurcated lots, and other property that cannot be developed, excepting common area parcels. These types of parcels are considered to receive little or no benefit from the improvements and are therefore exempt from assessment.

At the conclusion of the public hearing for the District and the proposed assessments, approval of the Report (as submitted or as modified) confirms the method of apportionment and the assessment rate to be levied against each eligible parcel and thereby constitutes the approved levy and collection of assessments for FY 2026/27. The listing of parcels and the amount of assessment to be levied shall be submitted to the County Auditor/Controller and included on the FY 2026/27 property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved in this Report. Therefore, if a single parcel has changed to multiple parcels, the assessment amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.

RESOLUTION NO. 26-184

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, AMENDING AND/OR APPROVING THE ENGINEER'S ANNUAL LEVY REPORT FOR THE NORTH CENTRAL ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2026/2027

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, the City Council has, by previous Resolutions, ordered the preparation of the Engineer's Annual Levy Report (hereafter referred to as the "Report") for said district known and designated as: **North Central Roseville Specific Plan Landscaping and Lighting District** (hereafter referred to as the "District") pursuant to the provisions of the *Landscaping and Lighting Act of 1972, being Part 2 of Division 15 of the Streets and Highways Code of the State of California, beginning with Section 22500* (hereafter referred to as the "Act"); and

WHEREAS, there has now been presented to this City Council the Report as required by *Chapter 3, Section 22623* of the Act, and as previously directed by Resolution; and

WHEREAS, this City Council has carefully examined and reviewed the Report as presented (or amended), and is satisfied with each and all of the items and documents as set forth therein, and is satisfied that the levy has been spread in accordance with the benefits received from the improvements, operation, maintenance and services to be performed, as set forth in said Report; and

WHEREAS, pursuant to Proposition 218, balloting of property owners is required for annual rate increases. The District's property owner ballots included assessment rates to be approved within the District, as well as the approval of an assessment range formula for each respective Zone which provides for annual rate increases; and

WHEREAS, the maximum assessment rates for Fiscal Year 2026/2027 shown in the Report are not proposed to be increased above the duly approved rates after applying the annual increases allowed by the assessment range formula; and

WHEREAS, mailed notices and Assessment Ballots are not required if assessments are not increased above the approved maximum assessment rates after applying the approved annual rate increases.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR NORTH CENTRAL ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:

Section 1 That the above recitals are all true and correct.

Section 2 That the Report as presented is hereby approved (as amended) and is ordered to be filed in the Office of the City Clerk as a permanent record and to remain open to public inspection.

Section 3 That the City Clerk shall certify to the passage and adoption of this Resolution and the minutes of this meeting shall so reflect the presentation of and final approval of the Report.

RESOLUTION NO. 26-185

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN THE NORTH CENTRAL ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT FOR FISCAL YEAR 2026/2027

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, the City Council of the City of Roseville, California, has, by previous Resolutions, initiated proceedings and declared its intention to levy assessments, and approved the Engineer's Annual Levy Report (hereinafter referred to as the "Engineer's Report") that describes the assessments against parcels of land within the **North Central Roseville Specific Plan Landscaping and Lighting District** (hereinafter referred to as the "District") for the Fiscal Year commencing July 1, 2026, and ending June 30, 2027, pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code*, *commencing with Section 22500* (hereinafter referred to as the "Act") to pay for the maintenance and servicing of all improvements and facilities related thereto; and

WHEREAS, the Engineer selected by the City Council has prepared and filed with the City Clerk, and the City Clerk has presented to the City Council, an Engineer's Report in connection with the levy and collection of assessments upon eligible parcels of land within the District, and the City Council did by previous Resolution approve such Engineer's Report; and

WHEREAS, the City Council desires to levy and collect assessments against parcels of land within the District for the Fiscal Year commencing July 1, 2026, and ending June 30, 2027, to pay for the maintenance and servicing of all improvements and facilities related thereto; and

WHEREAS, the Auditor-Controller of Placer County (the "County") is requested to attach each District assessment onto the County Assessment Roll for collection; and

WHEREAS, the County of Placer requires the payment of the County's collection fee for placing the direct charge assessments onto the County Assessment Roll and collection thereof; and

WHEREAS, the City Council and its legal counsel have reviewed Proposition 218 and found that these assessments comply with applicable provisions of Articles XIIIC and XIIID of the California Constitution; and

WHEREAS, the City has previously delivered to the County an agreement to indemnify the County in connection with the legality of the District assessments placed onto the County Assessment Roll, if challenged.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR NORTH CENTRAL ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:

Section 1 That the above recitals are true and correct.

Section 2 Following notice duly given, the City Council has held a full and fair Public Hearing regarding the District, the proposed landscaping and lighting improvements, the levy and collection of assessments, the Engineer's Report prepared in connection therewith, and considered all testimony, written statements, and communications made or filed by interested persons regarding these matters.

Section 3 Based upon its review (and amendments, as applicable) of the Engineer's Report, a copy of which has been presented to the City Council, and which has been filed with the City Clerk, the City Council hereby finds and determines that:

i) the land within the District will be benefited by the operation, maintenance and servicing of the improvements located within the boundaries of the District; and

ii) the District includes all of the lands receiving such special benefit; and

iii) the net amount to be assessed upon the lands within the District in accordance with the assessment for the Fiscal Year commencing July 1, 2026, and ending June 30, 2027 is apportioned by a formula and method which fairly distributes the net amount among all eligible parcels in proportion to the estimated special benefits to be received by each parcel from the improvements and services.

Section 4 The estimated costs of improvements, the assessment diagram, the assessments and all other matters as set forth in the Engineer's Report as presented to the City Council and on file in the Office of the City Clerk are hereby approved, adopted and confirmed.

Section 5 The maintenance, operation, and servicing of the improvements and appurtenant facilities shall be performed pursuant to the Act. The City Council hereby orders the proposed improvements to be made, which improvements are briefly described as follows: the maintenance and operation of, and the furnishing of services and materials for, landscaping; lighting; parks; open space; parkways; scenic corridors; slope and median areas; play areas; recreation areas; picnic areas; walls; fencing; bike and pedestrian trails; and other public improvements within the street rights-of-way and appurtenant facilities, including, but not limited to, irrigation systems and drainage improvements within the District. Landscaping includes, but is not limited to, trees, shrubs, grass, and ornamental vegetation. The Report describes any new improvements or substantial changes in existing improvements.

Section 6 The Auditor-Controller of the County of Placer shall enter on the County Assessment Roll opposite each eligible parcel of land the amount of the levy so apportioned by the formula and method outlined in the Engineer's Report, and such levies shall be collected at the same time and in the same manner as County taxes are collected, pursuant to *Chapter 4, Article 2, Section 22646* of the Act. After collection by the County, the net amount of the levy shall be paid to the City Treasurer.

Section 7 The City agrees to cause the District to pay the applicable Placer County annual collection fee at the rate of 1% of the assessment amount placed upon the County Assessment Roll or at the rate in effect for the applicable Fiscal Year if updated.

Section 8 The City Treasurer shall deposit all money representing assessments collected by the County for the District to the credit of a fund for the District and such money shall be expended only

for the maintenance, operation and servicing of the landscaping, lighting and appurtenant facilities, together with other expenses as described in the Engineer's Report.

Section 9 The adoption of this Resolution constitutes the District levy for the Fiscal Year commencing July 1, 2026, and ending June 30, 2027.

Section 10 The City Clerk's designee, Willdan Financial Services, is hereby authorized and directed to file the levy with the County Auditor subsequent to the adoption of this Resolution, pursuant to Chapter 4, Article 1, Section 22641 of the Act. The City Clerk is directed to cause a certified copy of this adopted Resolution to be delivered to Willdan Financial Services within two weeks of adoption, or shortly thereafter.

APPENDIX B — FY 2026/27 ASSESSMENT ROLL 24

I. OVERVIEW

A. INTRODUCTION

The City of Roseville ("City") annually levies and collects special assessments in order to maintain the improvements within the existing North Central Roseville Specific Plan Landscaping and Lighting District ("District") within the City. The District, which was formed in 1990, is levied annual assessments pursuant to the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code (the "Act").

This Engineer's Annual Levy Report for Fiscal Year 2026/27 ("Report") describes the District, any annexations, changes to the District, and the proposed assessments for the period of July 1, 2026 through June 30, 2027. The maintenance, operation and servicing of the improvements associated with specific areas of the City that provide a special benefit to the properties in that area are identified as Zones. The costs of the improvements and services are identified and budgeted separately for each Zone and each parcel within a Zone is assessed proportionately for only those improvements and services that are a direct and special benefit to the properties within the Zone. The budgets and assessments are based on the estimated cost (considering historical costs) to maintain the District improvements that provide a direct and special benefit to properties within the District.

The District consists of four landscaping benefit Zones:

- District Wide Benefit Zone
- Local Benefit Zone
- Zone F
- Zone G

In 2003, the City initiated and conducted property owner protest ballot proceedings, in accordance with the Act and Proposition 218, for the territory now known as Zones F and G. After the results of the balloting were tabulated, the City determined that a majority protest did not exist. The City then approved the annexation of Zones F and G, the maximum assessment rates, and annual inflationary adjustment factor.

In 2004, the City initiated and conducted property owner protest ballot proceedings, in accordance with the Act and Proposition 218, to reengineer Zones A, B, C, D and E and approve the maximum assessment rates and annual inflationary adjustment factor. After the results of the ballots were tabulated, the City determined that a majority protest did not exist. The City then approved the Engineer's Annual Levy Report for Fiscal Year ("FY") 2004/05, which reconstituted the reengineered zones into the respective District Wide Benefit Zone or Local Benefit Zone.

Zones A, B, C, D and E were reengineered in order to more accurately identify the Zones and areas of special benefit within this portion of the District. These zones were combined into two new Zones based primarily on level of service, similarity of improvement types, and the proximity to improvements.

The word "parcel," for the purposes of this Report, refers to an individual property assigned its own Assessor's Parcel Number ("APN") by the Placer County Assessor's Office. The Placer County Auditor/Controller uses Assessor's Parcel Numbers and specific Tax Code Accounts, to identify on the County's tax roll, properties assessed for special district benefit assessments.

Following approval of the Report, the City Council will by resolution, order the improvements to be made, if any, and confirm the levy and collection of assessments pursuant to the Act. The assessment rates and method of apportionment described in this Report as approved or modified by the City Council define the assessments to be applied to each parcel within the District and respective Zones for FY 2026/27. The assessments as approved will be submitted to the Placer County Auditor/Controller to be included on the FY 2026/27 property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rates approved by the City Council.

B. COMPLIANCE WITH CURRENT LEGISLATION

All assessments described in this Report and approved by the City Council are prepared in accordance with the Act and are in compliance with the substantive and procedural requirements of the California State Constitution Articles XIIIC and XIIID ("Articles XIIIC and XIIID") and the provisions of the Proposition 218 Omnibus Implementation Act [Government Code Section 53750 and following] (the "Implementation Act"). Articles XIIIC and XIIID and the Implementation Act collectively are hereinafter referred to as "Proposition 218".

In compliance with the provisions of Proposition 218, property owner ballot proceedings have been conducted for all Zones within the District; such proceedings approved and confirmed the Maximum Assessments and the Inflationary Adjustment Factor as described in this Report.

The District and all Zones therein have been formed pursuant to the Act. Pursuant to the Act, an annual Public Hearing is conducted by the City Council to accept property owner and public comments, to review the Engineer's Annual Levy Report prior to approving the annual assessments to be levied on the County tax rolls.

C. DESCRIPTION OF DISTRICT BOUNDARIES

The District is located north of downtown Roseville between Interstate 80 and Washington Boulevard and generally encompasses the area within the North Central Roseville Specific Plan ("NCRSP") and two small residential developments in close proximity to the NCRSP near the corner of Diamond Oaks Road and Washington Boulevard. See Appendix A for District boundary map.

District Wide Zone This Zone includes all assessable property within the District with the exception of Zone F and Zone G.

Local Benefit Zone This Zone includes all single-family residential property within the District with the exception of Zone F and Zone G.

Zone F This Zone, which comprises the Diamond Oaks Unit No. 10 development, was created on January 8, 2003 through Resolution 03-2 and was first levied in FY 2003/04. Zone F was comprised of Assessor Parcel Number ("APN") 015-020-040 prior to being subdivided into 39 residential lots.

Zone G This Zone, which comprises the Diamond Oaks Unit No. 14 development, was created on May 28, 2003 through Resolution 03-220 and was first levied in FY 2003/04. Zone G was comprised of APNs 017-041-034 & 015-020-006 prior to being subdivided into 79 residential lots.

D. IMPROVEMENTS AUTHORIZED BY THE 1972 ACT

As applicable or may be applicable to a proposed District, the Act defines improvements to mean one or any combination of the following:

- The installation or planting of landscaping.
- The installation or construction of statuary, fountains, and other ornamental structures and facilities.
- The installation or construction of public lighting facilities.
- The installation or construction of any facilities which are appurtenant to any of the foregoing or which are necessary or convenient for the maintenance or servicing thereof, including, but not limited to, grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities.
- The maintenance or servicing, or both, of any of the foregoing.
- The acquisition of any existing improvement otherwise authorized pursuant to this section.

Incidental expenses associated with the improvements including, but not limited to:

- The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;
- The costs of printing, advertising, and the publishing, posting, and mailing of notices;
- Compensation payable to the County for collection of assessments;
- Compensation of any engineer or attorney employed to render services;
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
- Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5.
- Costs associated with any elections held for the approval of a new or increased assessment.

The 1972 Act defines "Maintain" or "maintenance" to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including:

- Repair, removal, or replacement of all or any part of any improvement.
- Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.
- The removal of trimmings, rubbish, debris, and other solid waste.
- The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

Furthermore, the 1972 Act specifies that where the cost of improvements (other than maintenance and operations) is greater than can be conveniently raised from a single annual assessment, an assessment is to be levied and collected in annual installments. In that event, the governing body may choose to do any of the following:

- Provide for the accumulation of the moneys in an improvement fund until there are sufficient moneys to pay all or part of the cost of the improvements.
- Provide for a temporary advance to the improvement fund from any available and unencumbered funds of the local agency to pay all or part of the cost of the improvements and collect those advanced moneys from the annual installments collected through the assessments.
- Borrow an amount necessary to finance the estimated cost of the proposed improvements. The amount borrowed, including amounts for bonds issued to finance the estimated cost of the proposed improvements.

E. DESCRIPTION OF THE IMPROVEMENTS AND MAINTENANCE

The District provides and ensures the continued maintenance, servicing, administration and operation of various landscaping and lighting improvements, and associated appurtenances that benefit parcels within the District. Services provided include all necessary service, operations, administration, and maintenance required to keep the improvements in a healthy, vigorous, and satisfactory condition.

Specific improvements include all ground cover, turf, shrubs, trees, gardens, play areas and play equipment, picnic areas, bike paths, pedestrian trails, walls and fences, park maintenance facilities, irrigation and drainage systems, graffiti removal, and associated appurtenances. Improvements in each Zone include:

District Wide Zone This Zone provides for the maintenance of landscaping, fences, sound walls and other improvements within the arterial parkway right of ways, also described as scenic corridors, including but not limited to Roseville Parkway, Pleasant Grove Boulevard, Harding Boulevard and the east side of Washington Boulevard, pedestrian, and bike pathways.

Local Benefit Zone This Zone provides for the maintenance of landscaping and other improvements within the local street right of ways. This Zone is primarily a combination of the old Zone C and Zone D, which provided similar maintenance.

Zone F This Zone provides for the maintenance of parkway and perimeter landscaping and block wall adjacent to the development on the west side of Diamond Oaks Road; Parkway and perimeter landscaping, bike trails, block wall and wood fence adjacent to the development on the east side of Washington Boulevard; Open Space designated as Lot “B”, and; Landscaping within Lot “C”, “E” and “F” within the Diamond Oaks Unit No. 10 project.

Zone G This Zone provides for the maintenance of parkway and perimeter landscaping, bike path and masonry sound wall adjacent to the development on the south side of Pleasant Grove Boulevard; maintenance of parkway and perimeter landscaping, bike path and masonry sound wall adjacent to the development on the west side of Washington Boulevard from Pleasant Grove Boulevard to Emerald Oak Road; maintenance of the masonry sound wall on the western perimeter of the development; installation and maintenance of perimeter landscaping on the west side of the development located on Open Space Parcel C between

Emerald Oak Road and the masonry sound wall adjacent to the railroad right of way; and maintenance of Open Space, cobble swale (Lot “B”) and post and cable fencing for Lots “A”, “B”, and “C” within the Diamond Oaks Unit No. 14 project.

All assessable parcels identified as being within each Zone share in both the cost and the benefits of the improvements. The costs associated with the improvements are equitably spread among all benefiting parcels within each Zone. Only parcels that receive direct and special benefit from the improvements are assessed, and each parcel is assessed in proportion to the estimated benefit received. The funds collected from the assessments of each Zone are to be expended only for the services and operations within each respective Zone.

II. METHOD OF APPORTIONMENT

A. GENERAL

The Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements which include the construction, maintenance and servicing of public lights, landscaping, and appurtenant facilities. The Act further requires that the cost of these improvements be levied according to benefit rather than assessed value:

> *"The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements."*

The formula used for calculating assessments in each Zone of the District therefore reflects the composition of the parcels, and the improvements and services provided, to fairly apportion the costs based on estimated benefit to each parcel.

B. SPECIAL BENEFIT ANALYSIS

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIIID addresses several key criteria for the levy of assessments, notably:

Article XIIID Section 2(d) defines District as follows:

"District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service;"

Article XIIID Section 2(i) defines Special Benefit as follows:

"Special benefit" means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute "special benefit."

Article XIIID Section 4(a) defines proportional special benefit assessments as follows:

"An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be

imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel."

This District was formed to establish and provide for the improvements that enhance the presentation of the surrounding properties and developments. These improvements will directly benefit the parcels to be assessed within the District. The assessments and method of apportionment are based on the premise that the assessments will be used to construct and install landscape and lighting improvements within the District as well as provide for the annual maintenance of those improvements, and the assessment revenues generated by the District will be used solely for such purposes.

The City has initiated and conducted property owner protest ballot proceedings in accordance with the Act and Proposition 218 for all Zones within the District. Each of the proposed improvements; the associated costs and assessments have been carefully reviewed, identified, and allocated based on special benefit pursuant to the provisions of Article XIIID and the Act. All improvements associated with the Zones have been identified as necessary, required and/or desired for the orderly development of the properties to their full potential. As such, these improvements would be necessary and required of individual property owners for the development of such properties and the ongoing operation, servicing and maintenance of these improvements would be the financial obligation of those properties. Therefore, the improvements and the annual costs of ensuring the maintenance and operation of the improvements are of direct and special benefit to the properties.

The method of apportionment (method of assessment) is based on the premise that each assessed parcel within these Zones receives special benefit from the improvements. The desirability and security of properties is enhanced by well-maintained landscaping in close proximity to those properties.

The special benefits associated with all landscaping improvements are specifically:

- Enhanced desirability of properties through association with the improvements.
- Improved aesthetic appeal of properties providing a positive representation of the area and properties.
- Enhanced adaptation of the urban environment within the natural environment from adequate green space and landscaping.
- Environmental enhancement through improved erosion resistance, dust and debris control, and fire prevention.
- Increased sense of pride in ownership of property within the Zones resulting from well-maintained improvements associated with the properties.
- Enhanced quality of life through well-maintained green belts and landscaped areas.

- Reduced criminal activity and property-related crimes (especially vandalism) against properties in the Zones through well-maintained surroundings and amenities including abatement of graffiti.
- Enhanced environmental quality of the parcels by moderating temperatures, providing oxygenation, and attenuating noise.

All of the preceding special benefits allow the property to be developed for the enjoyment of the property owners and contribute to a specific enhancement and desirability of each of the assessed parcels within the Zones.

The improvements are for the special benefit, enhancement, and use of properties within the Zones. Although the improvements include public easements, rights-of-way, streets, and other amenities available or visible to the public at large, the construction and installation of these improvements are only necessary for the development of properties within the Zones and are not required nor necessarily desired by any properties or developments outside the Zone's boundaries. Therefore, any public access or use of the improvements by others is incidental and there is no measurable general benefit to properties outside the Zones or to the public at large. In making this determination, it should be noted that all parkway and perimeter landscaping within the City are funded and maintained by a special district, individual property owners or through some type of association.

C. DESCRIPTION OF THE METHOD OF APPORTIONMENT

Pursuant to the Act, the costs of each Zone may be apportioned by any formula or method that fairly distributes the net amount to be assessed, among all assessable parcels within the Zone in proportion to the estimated special benefits to be received by each such parcel from the improvements. The special benefit formula used for each Zone should reflect the composition of the parcels, and the improvements and services provided, to fairly proportion the Zone's costs based on estimated special benefit to each parcel within the Zone. All assessable parcels within each Zone shall receive a direct special benefit from the services and improvements provided by the Zone.

Considering the composition of the parcels within the Zone, each parcel is assigned an Equivalent Dwelling Unit ("EDU"), which reflects each parcel's estimated special benefit from the improvements as compared to other parcels within the Zone. Because all assessable parcels within each Zone are considered to benefit from the Zone improvements on an EDU basis, the amounts to levy to each Zone are then spread to each assessable parcel within the Zone on an EDU method as shown in the table below. Acreage of common area parcels shall be apportioned to the remaining assessable parcels of a subdivision and/or parcel split(s) related to the creation of the common area parcel(s).

The following formulas are used to calculate the assessment for each parcel:

ASSIGNED EDU	PROPERTY CLASS
1.0 per unit	Single-Family Residential Parcels
0.6 per unit	Multi-Family Residential Parcels
7.0 per acre	Non-Residential Parcels

For each Zone, the Applied Assessment Rate per Equivalent Dwelling Unit for each parcel in the Zone is the result of dividing the total Balance to Levy for each Zone, by the sum of the Zone EDUs for the fiscal year. This Applied Assessment Rate is multiplied by each parcel's individual EDU to determine the parcel's levy amount. The assessment cannot be greater than the current maximum assessment rate, as adjusted for the inflation factor.

Total Balance to Levy / Total EDU = Rate per EDU

Parcel EDU x Rate per EDU = Parcel Levy Amount

D. INFLATIONARY ADJUSTMENT FACTOR

Any new or increase in assessments require certain noticing and meeting requirements by law. Prior to the passage of Proposition 218, legislative changes in the Ralph M. Brown Act (the "Brown Act") defined a new or increased assessment to exclude certain conditions. These conditions include any assessment that does not exceed an assessment formula or range of assessments previously adopted by the agency or approved by the voters in the area where the assessment is imposed. This definition and conditions were later confirmed through Senate Bill 919 (the implementing legislation for Proposition 218).

The purpose of establishing an assessment range formula is to provide for reasonable increases and inflationary adjustment to annual assessments without requiring costly noticing and mailing procedures, which could add to the District costs and assessments. As part of the District formation, balloting of property owners is required, pursuant to Proposition 218. The property owner ballots included an Assessment to be approved, as well as the approval of an assessment range formula.

The assessment range formula shall be applied to all future assessments within the District. Generally, if the proposed annual assessment (levy per unit or rate) for the current fiscal year is less than or equals to the "Maximum Assessment" (or "Adjusted Maximum Assessment"), then the proposed annual assessment is not considered an increased assessment. The Maximum Assessment is equal to the initial Assessment approved by property owners adjusted annually by the following criteria:

1. Beginning in the second fiscal year and each fiscal year thereafter, the Maximum Assessment will be calculated.
2. The new Adjusted Maximum Assessment for the year represents the prior year's approved Maximum Assessment increased by three percent (3.0%).

The Maximum Assessment is adjusted annually and is calculated independent of the District's annual budget and proposed annual assessment. Any proposed annual assessment less than or equal to this Maximum Assessment is not considered an increased assessment, even if the proposed assessment is greater than the assessment applied in the prior fiscal year.

The approved base year maximum assessment rates and annual inflationary adjustment factors for all Zones are shown in the table below:

Zone	Year of Approved Maximum Rate and Annual Inflator (Base Year)	Maximum Assessment Rate per EDU (Base Year)	Annual Inflationary Adjustment Factor
District-Wide Benefit Zone	FY 2004/05	$40.82	3.00%
Local Benefit Zone	FY 2004/05	$43.92	3.00%
Zone F	FY 2003/04	$481.35	3.00%
Zone G	FY 2003/04	$264.22	3.00%

III. DISTRICT BUDGET

A. FY 2026/27 BUDGET

DESCRIPTION	District-Wide Benefit Zone Fund 2010	Local Benefit Zone Fund 2011	ZONE F (Diamond Oaks No. 10) Fund 2012	ZONE G (Diamond Oaks No. 14) Fund 2013

Total Administrative Costs	**$57,909.65**	**$17,229.20**	**$3,024.49**	**$2,244.30**
Total Direct and Administration Costs	**$664,126.80**	**$220,502.16**	**$47,377.14**	**$25,437.78**
BUDGET ADJUSTMENTS				
Replenishment/(Use) of Operating Reserve	$12,897.40	$2,476.78	$2,485.56	$4,770.65
Contribution for /(Use of) Rehab Reserve	(89,759.00)	(45,159.00)	(12,813.25)	(4,377.80)
Rounding Adjustment	(34.26)	(15.21)	(0.23)	(0.79)
Total Adjustments	**($76,895.86)**	**($42,697.43)**	**($10,327.92)**	**$392.06**
BALANCE TO LEVY	**587,230.94**	**$177,804.72**	**$37,049.22**	**$25,829.84**

Fund balance information of each Zone is reported in Section C on the following page. Total balance to levy for the District is $827,914.72.

B. FY 2026/27 ASSESSMENT RATES

DESCRIPTION	District-Wide Benefit Zone Fund 2010	Local Benefit Zone Fund 2011	ZONE F (Diamond Oaks No. 10) Fund 2012	ZONE G (Diamond Oaks No. 14) Fund 2013
FY 2026/27 ASSESSMENT DATA				
Total Assessable Parcels [1]	3,387	2,112	39	79
Total Assessable Single Family Units [1]	2,113	2,113	39	79
Total Assessable Multi-Family Units	2,348	0	0	0
Total Assessable Non-Residential Acres	569.5023	0	0	0
Total Equivalent Dwelling Units ("EDUs") [1]	7,508.3162	2,113	39	79
Applied Assessment Rates Per EDU [2]	**$78.2107**	**$84.1480**	**$949.98**	**$326.96**
Maximum Assessment Rates per EDU	$78.2153	$84.1552	$949.99	$521.46
Potential Maximum Assessment per Zone	**$587,265.22**	**$177,819.94**	**$37,049.44**	**$41,195.41**

(1) Since each single family residential parcel lies within both the District-Wide Benefit Zone and the Local Benefit Zone, the number of single family EDUs, units and parcels within these zones are not combined in the District totals.
(2) Actual assessment rates may differ slightly due to County rounding requirements.

C. FY 2026/27 FUND BALANCE INFORMATION

DESCRIPTION	District-Wide Benefit Zone Fund 2010	Local Benefit Zone Fund 2011	ZONE F (Diamond Oaks No. 10) Fund 2012	ZONE G (Diamond Oaks No. 14) Fund 2013
OPERATING RESERVE

Beginning Rehab Reserve Balance 7-1-2026 (est.)	**$219,327.92**	**$67,569.20**	**$21,819.12**	**$57,789.91**
add: Collect from FY 2026/27 Levy				
less: Use for FY 2026/27 Rehab Projects	(89,759.00)	(45,159.00)	(12,813.25)	(4,377.80)
Transfer from/(to) the Operating Reserve	38,419.90	12,457.10	664.12	0.00
Ending Rehab Reserve Balance 6-30-2027 (est.)	**$167,988.82**	**$34,867.30**	**$9,669.99**	**$53,412.11**

D. DESCRIPTION OF BUDGET ITEMS

Description of the terms used in the preceding Budget, Assessment Rates and Fund Balance tables are listed below:

BUDGET:

DIRECT COSTS

Contract Maintenance – Landscaping – Includes all regularly scheduled contract labor, materials, supplies, and equipment required to properly maintain and ensure the satisfactory condition or maintenance of all landscaping improvements, irrigation, and related drainage systems, as well as maintenance of appurtenant facilities (the “improvements”).

Repair & Maintenance – Landscaping – Projected costs for repairs and/or maintenance of landscaping improvements. This would include work and materials not covered under contract maintenance.

Repair & Maintenance – Parks - Projected costs for repairs and/or maintenance of park improvements. This would include work and materials not covered under contract maintenance such as repair of damaged amenities due to vandalism, storms, etc.

Repair & Maintenance – Lighting – This line item includes repairs that are generally unforeseen and not normally included in the annual maintenance contract costs. If zero, this line item may not be shown in the budget.

Repair & Maintenance – Tree Work – This line item includes annual costs for tree maintenance not included in the annual contract maintenance portion of the budget. If zero, this line item may not be shown in the budget.

Utilities – The furnishing of water and electricity required for the operation and maintenance of the improvements.

Maintenance – Bike Trails – Costs to perform the necessary maintenance of the bike trails within the District. If zero, this line item may not be shown in the budget.

Maintenance – Open Space – Costs to perform the necessary maintenance of the open space areas within the District. If zero, this line item may not be shown in the budget.

Rehab Reserve Expenditures – Non-Routine Tree Work – Expected costs to maintain trees other than costs of annual repair and maintenance. If zero, this line item may not be shown in the budget.

Rehab Reserve Project Expenditures – Expected costs for installation, replacement, or planned upgrades of District improvements for the current year that were previously funded or accumulated in the Rehabilitation Reserve. The Rehabilitation Reserve is used to accumulate funds for costs associated with the future rehabilitation or replacement of District improvements that cannot be conveniently raised from a single year's assessment. If zero, this line item may not be shown in the budget.

ADMINISTRATION COSTS

City Administration – Estimated costs incurred by the City Finance Department and other departments in preparing the annual budget for the Engineer's Report, together with other financial information required to determine the annual assessment. These costs would also include the preparation, posting and publishing of public notices required for City Council action relating to the District, as well as costs to perform legal review of documents.

Contract Administration – Parks Dept – Estimated Costs of the Parks, Recreation and Libraries Department ("Parks Department") to coordinate and oversee the maintenance contracts and overall repair and maintenance of the District. This amount also includes the cost of the Parks Department's estimates and analysis of certain budget items, estimated costs and useful lives of certain District Improvements.

Contract Administration – Open Space – Estimated costs of City staff to coordinate and oversee the maintenance contracts and non-contract maintenance of the open space areas of the District. This amount also includes the cost of the Parks Department's estimates and analysis of certain budget items. If zero, this line item may not be shown in the budget.

County Auditor Fees – A fee of 1% of the total levy amount that is charged to the District by the County for placing assessments on property tax bills.

Consulting and Professional Services – Includes the costs and expenses of contracting with various professionals to provide legal, engineering and district administration services directly related to the District, including the calculation of the annual assessment amounts and the preparation of the Engineer's' Report.

Public Hearing Publishing Costs – Includes the out-of-pocket costs to publish public notices required for City Council action relating to the District.

Total Direct and Administration Costs – The total expected costs of the District.

BUDGET ADJUSTMENTS

Replenishment/(Use) of Operating Reserve – A "Replenishment" increases the levy in order to replenish the Operating Reserve. On the other hand, a "Use" of the Operating Reserve decreases the levy by drawing funds from the Operating Reserve for current year expenditures. If zero, this line item may not be shown in the budget. Further information regarding the function of the Operating Reserve is provided under "FUND BALANCE INFORMATION" in the following pages of this Section.

Contribution for / (Use of) Rehab Reserve – A "Contribution" increases the levy in order to generate funding for the Rehabilitation Reserve. This reserve allows for the accumulation of funds for possible rehabilitation projects or replacements in future years. On the other hand, a "Use of" of the Rehabilitation Reserve provides current year funding of rehabilitation projects or replacements from available funds within the Rehabilitation Reserve. If zero, this line item may not be shown in the budget. Further information regarding the function of the Rehabilitation Reserve is provided under "FUND BALANCE INFORMATION" in the following pages of this Section.

Rounding Adjustment – The necessary rounding adjustment(s) due to limitations of the County property tax system that requires even penny levy amounts to be placed on the secured tax roll.

BALANCE TO LEVY – This is the total amount to be levied and collected in the District through assessments for the current fiscal year. The Balance to Levy represents the sum of the total District costs together with any applicable adjustments to the budget as described above.

ASSESSMENT RATES:

Total Assessable Single-Family Units – The total number of assessable single-family units within the District for the current fiscal year. Since each single-family

residential parcel is in both the District-Wide Benefit Zone and the Local Benefit Zone, the single-family EDUs are only added once to arrive at the "Total Equivalent Dwelling Units"

Total Assessable Multi-Family Units – The total number of assessable multi-family units within the District for the current fiscal year.

Total Assessable Non-Residential Acres – The total assessable non-residential acres within the District for the current fiscal year.

Total Equivalent Dwelling Units ("EDUs") – Total assessable EDUs within the District for the current fiscal year.

Applied Assessment Rates per EDU – The assessment rates per EDU to be applied to the non-exempt parcels within the applicable Zone for the current fiscal year.

Maximum Assessment Rates per EDU – The maximum assessment rates per EDU for the parcels within the applicable Zone for the current fiscal year.

Potential Maximum Assessment Per Zone – The total amount that can be assessed against all parcels within each Zone for the current fiscal year based upon the expected number of parcels to be assessed.

FUND BALANCE INFORMATION:

OPERATING RESERVE

Beginning Operating Reserve Balance 7-1-2026 – The District's anticipated beginning balance of cash and receivables net of any unpaid prior year obligations. These beginning balances shall be used to fund the District's expenditures from July 1, 2026 to December 31, 2026, as the Operating Reserve is required to compensate for the approximate six-month delay between the start of the District's fiscal year and the receipt of the collections from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

Replenish from FY 2026/27 Levy – This amount is added to the FY 2026/27 levy in order to replenish the Operating Reserve. Due to the six-month delay from the District's receipt of assessment collections, the Operating Reserve balance shall be sufficiently funded to provide for expenditures from July 1, 2026 (the beginning of the Fiscal Year) through December 31, 2026. If zero, this line item may not be shown in the budget.

Use for FY 2026/27 Expenses – The amount of the Operating Reserve to be used to fund FY 2026/27 expenses. Portions of the Operating Reserve may be slated

for current year expenditures in order to reduce the Ending Operating Reserve Balance to an amount no greater than the expected District costs for the period of July 1, 2026 (the beginning of the Fiscal Year) through December 31, 2026. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Rehab Reserve – The amount of Operating Reserve monies to be transferred to or from the Rehabilitation Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the Operating Reserve, at the discretion of the Parks Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Operating Reserve Balance 6-30-2027 (est.) – This amount represents the anticipated Operating Reserve balance/(deficit) for each Zone as of June 30, 2027. The size of each Zone's Operating Reserve is limited by Streets and Highways Code 22569 which states that an Operating Reserve shall not exceed the estimated costs of maintenance, service and incidental expenses from the first day of the fiscal year (July 1) to the date that the Agency expects to receive the first apportionment of collections from the County, which is estimated to be December 31. Therefore, each Zone may retain an Operating Reserve amounting to the District's first six-months of expenses in order to meet ongoing obligations until the first collections are received from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

REHABILITATION RESERVE

Beginning Rehab Reserve Balance 7-1-2026 — The projected balance of funds in the Rehabilitation Reserve as of July 1, 2026. Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

Collect from FY 2026/27 Levy — This amount is added to the levy to accumulate funding of future year rehabilitation projects, replacements, restorations, or upgrades of District improvements. If zero, this line item may not be shown in the budget.

Use for FY 2026/27 Rehab Projects — The amount of Rehabilitation Reserve monies expected to be transferred out of the Rehabilitation Reserve to fund the costs of installation, replacement, or planned upgrades of District improvements for the current year. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Operating Reserve — The amount of Rehabilitation Reserve monies to be transferred to or from the Operating Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the Operating Reserve, at the discretion of the Parks Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Rehab Reserve Balance 6-30-2027 — The projected balance of funds in the Rehabilitation Reserve as of June 30, 2027. These funds shall be used to provide for future year rehabilitation projects, replacements, restorations, or upgrades of District improvements which cannot be conveniently raised from a single year's assessment. Should the District have no Rehabilitation Reserve or related activity, the Rehabilitation Reserve information may not be presented in the Report.

E. REHABILITATION RESERVE – CAPITAL IMPROVEMENT PLAN

Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

The Report provides a five-year Capital Improvement Plan ("CIP") which shows projected expenditures by Zone related to the rehabilitation, restoration and/or replacement of District improvements, and other allowable costs. The Current Fiscal Year CIP is shown in the preceding Budget Section A. The projected CIP costs for the remaining four years are shown in the table below.

District Wide Zone

Description	FY 2027/28	FY 2028/29	FY 2029/30	FY 2030/31	4 Year Total
Replace, repair, renovate and/or refurbish plants, landscape, irrigation & related mat'ls	$30,000	$30,900	$31,827	$32,782	$125,509

Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Parks Department, in order to provide for the maintenance and operation of the improvements.

APPENDIX A – DISTRICT BOUNDARY MAP

The boundary map for the District has previously been submitted to the Clerk of the City in the format required under the Act and is, by reference, hereby made part of this Report. These District Boundary Maps are available for inspection at the office of the City Clerk during normal business hours.

For general reference purposes, a rendering of the District's Boundaries is presented herein.

APPENDIX B — FY 2026/27 ASSESSMENT ROLL

Parcel identification, for each lot or parcel within the District, shall be the parcel as shown on the Placer County Assessor's map for the year in which this Report is prepared.

Due to the size of the Assessment Roll, a listing of parcels to be assessed within this District, along with the proposed assessment amounts, may be submitted to the City Clerk, under a separate cover, and by reference is made part of this Report.

Non-assessable lots or parcels may include areas of public streets and other roadways (typically not assigned an APN by the County); dedicated public easements, open space areas and rights-of-way, including public greenbelts and parkways; utility rights-of-way; small parcels vacated by the County, bifurcated lots, and other property that cannot be developed, excepting common area parcels. These types of parcels are considered to receive little or no benefit from the improvements and are therefore exempt from assessment.

At the conclusion of the public hearing for the District and the proposed assessments, approval of the Report (as submitted or as modified) confirms the method of apportionment and the assessment rate to be levied against each eligible parcel and thereby constitutes the approved levy and collection of assessments for FY 2026/27. The listing of parcels and the amount of assessment to be levied shall be submitted to the County Auditor/Controller and included on the FY 2026/27 property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved in this Report. Therefore, if a single parcel has changed to multiple parcels, the assessment amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.

RESOLUTION NO. 26-186

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, AMENDING AND/OR APPROVING THE ENGINEER'S ANNUAL LEVY REPORT FOR THE NORTHWEST ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2026/2027

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, the City Council has, by previous Resolutions, ordered the preparation of the Engineer's Annual Levy Report (hereafter referred to as the "Report") for said district known and designated as the: **Northwest Roseville Specific Plan Landscaping and Lighting District** (hereinafter referred to as the "District"), pursuant to the provisions of the *Landscaping and Lighting Act of 1972, being Part 2 Division 15, of the Streets and Highways Code of the State of California*, *beginning with Section 22500* (hereinafter referred to as the "Act"); and

WHEREAS, there has now been presented to this City Council the Report as required by *Chapter 3, Section 22623* of the Act, and as previously directed by Resolution; and

WHEREAS, this City Council has carefully examined and reviewed the Report as presented (or amended), and is satisfied with each and all of the items and documents as set forth therein, and is satisfied that the levy has been spread in accordance with the benefits received from the improvements, operation, maintenance and services to be performed, as set forth in said Report; and

WHEREAS, Proposition 218, which was approved by the voters on November 5, 1996, added Articles XIIIC and XIIID to the California Constitution which exempt any assessments imposed when persons owning all of the parcels subject to the assessment agreed to being included in the District and subject to the assessment at the time the assessment was initially imposed; and

WHEREAS, the maximum assessment rates for Fiscal Year 2026/2027 as shown in the Report are not proposed to be increased.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR THE NORTHWEST ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:

Section 1 That the above recitals are all true and correct.

Section 2 That the Report as presented is hereby approved (as amended) and is ordered to be filed in the Office of the City Clerk as a permanent record and to remain open to public inspection.

Section 3 That the City Clerk shall certify to the passage and adoption of this Resolution and the minutes of this meeting shall so reflect the presentation of and final approval of the Report.

RESOLUTION NO. 26-187

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN THE NORTHWEST ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT FOR FISCAL YEAR 2026/2027

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, the City Council of the City of Roseville, California, has, by previous Resolutions, initiated proceedings and declared its intention to levy assessments, and approved the Engineer's Annual Levy Report (hereinafter referred to as the "Engineer's Report") that describes the assessments against parcels of land within the **Northwest Roseville Specific Plan Landscaping and Lighting District** (hereinafter referred to as the "District") for the Fiscal Year commencing July 1, 2026, and ending June 30, 2027, pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code*, *commencing with Section 22500* (hereinafter referred to as the "Act") to pay for the maintenance and servicing of all improvements and facilities related thereto; and

WHEREAS, the Engineer selected by the City Council has prepared and filed with the City Clerk, and the City Clerk has presented to the City Council, an Engineer's Report in connection with the levy and collection of assessments upon eligible parcels of land within the District, and the City Council did by previous Resolution approve such Engineer's Report; and

WHEREAS, the City Council desires to levy and collect assessments against parcels of land within the District for the Fiscal Year commencing July 1, 2026, and ending June 30, 2027, to pay for the maintenance and servicing of all improvements and facilities related thereto; and

WHEREAS, the Auditor-Controller of Placer County (the "County") is requested to attach each District assessment onto the County Assessment Roll for collection; and

WHEREAS, the County of Placer requires the payment of the County's collection fee for placing the direct charge assessments onto the County Assessment Roll and collection thereof; and

WHEREAS, the City Council and its legal counsel have reviewed Proposition 218 and found that these assessments comply with applicable provisions of Articles XIIIC and XIIID of the California Constitution; and

WHEREAS, the City has previously delivered to the County an agreement to indemnify the County in connection with the legality of the District assessments placed onto the County Assessment Roll, if challenged.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR NORTHWEST ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:

Section 1 That the above recitals are true and correct.

Section 2 Following notice duly given, the City Council has held a full and fair Public Hearing regarding the District, the proposed landscaping and lighting improvements, the levy and collection of assessments, the Engineer's Report prepared in connection therewith, and considered all testimony, written statements, and communications made or filed by interested persons regarding these matters.

Section 3 Based upon its review (and amendments, as applicable) of the Engineer's Report, a copy of which has been presented to the City Council, and which has been filed with the City Clerk, the City Council hereby finds and determines that:

i) the land within the District will be benefited by the operation, maintenance and servicing of the improvements located within the boundaries of the District; and

ii) the District includes all of the lands receiving such special benefit; and

iii) the net amount to be assessed upon the lands within the District in accordance with the assessment for the Fiscal Year commencing July 1, 2026, and ending June 30, 2027 is apportioned by a formula and method which fairly distributes the net amount among all eligible parcels in proportion to the estimated special benefits to be received by each parcel from the improvements and services.

Section 4 The estimated costs of improvements, the assessment diagram, the assessments and all other matters as set forth in the Engineer's Report as presented to the City Council and on file in the Office of the City Clerk are hereby approved, adopted and confirmed.

Section 5 The maintenance, operation, and servicing of the improvements and appurtenant facilities shall be performed pursuant to the Act. The City Council hereby orders the proposed improvements to be made, which improvements are briefly described as follows: the maintenance and operation of, and the furnishing of services and materials for, landscaping; lighting; wetlands; vernal pool preserves; drainage areas; natural areas and paths therein; walls, including screen walls and similar improvements; parks and park improvements; bike trails; project identification signs; and other public improvements within the street rights-of-way and appurtenant facilities, including, but not limited to, irrigation systems and drainage improvements within the District. Landscaping includes, but is not limited to, trees, shrubs, plantings, and other vegetation. The Report describes any new improvements or substantial changes in existing improvements.

Section 6 The Auditor-Controller of the County of Placer shall enter on the County Assessment Roll opposite each eligible parcel of land the amount of the levy so apportioned by the formula and method outlined in the Engineer's Report, and such levies shall be collected at the same time and in the same manner as County taxes are collected, pursuant to *Chapter 4, Article 2, Section 22646* of the Act. After collection by the County, the net amount of the levy shall be paid to the City Treasurer.

Section 7 The City agrees to cause the District to pay the applicable Placer County annual collection fee at the rate of 1% of the assessment amount placed upon the County Assessment Roll or at the rate in effect for the applicable Fiscal Year if updated.

Section 8 The City Treasurer shall deposit all money representing assessments collected by the County for the District to the credit of a fund for the District and such money shall be expended only for the maintenance, operation and servicing of the landscaping, lighting and appurtenant facilities, together with other expenses as described in the Engineer's Report.

Section 9 The adoption of this Resolution constitutes the District levy for the Fiscal Year commencing July 1, 2026, and ending June 30, 2027.

Section 10 The City Clerk's designee, Willdan Financial Services, is hereby authorized and directed to file the levy with the County Auditor subsequent to the adoption of this Resolution, pursuant to Chapter 4, Article 1, Section 22641 of the Act. The City Clerk is directed to cause a certified copy of this adopted Resolution to be delivered to Willdan Financial Services within two weeks of adoption, or shortly thereafter.

APPENDIX A – DISTRICT BOUNDARY MAP 17

APPENDIX B — FY 2026/27 ASSESSMENT ROLL 21

I. OVERVIEW

A. INTRODUCTION

The City of Roseville ("City") annually levies and collects special assessments in order to provide and maintain the improvements within the Northwest Roseville Specific Plan Area, known as Northwest Roseville Specific Plan Landscaping and Lighting District ("District") within the City. The District was formed and is levied annual assessments pursuant to *the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code* (the "1972 Act" or the "Act").

This Engineer's Levy Report ("Report") describes the District, any new annexations, changes to the District, and the proposed assessments for the period of July 1, 2026 through June 30, 2027. The assessments are based on historical and estimated costs to maintain the improvements that provide a direct and special benefit to properties within the District. The District consists of two (2) benefit zones ("Zones"). The improvements that benefit properties within each Zone and the costs of those improvements are identified and budgeted separately. Each parcel is assessed proportionately for the estimated costs of the parcel's respective Zone.

The word "parcel," for the purposes of this Report, refers to an individual property assigned its own Assessor's Parcel Number by the Placer County Assessor's Office. The Placer County Auditor/Controller ("County Auditor/Controller") uses Assessor's Parcel Numbers and specific Tax Code Accounts, to identify on the County's tax roll, properties assessed for special district benefit assessments.

Following consideration of public comments at a public hearing, and a final review of the Report, the City Council may order amendments to the Report or confirm the Report as submitted. Following approval of the Report, the City Council will by resolution, order the improvements to be made, if any, and confirm the levy and collection of assessments pursuant to the Act. The assessment rates and method of apportionment described in this Report as approved or modified by the City Council define the assessments to be applied to each parcel within the District and respective Zones for Fiscal Year ("FY") 2026/27. The assessments as approved will be submitted to the Placer County Auditor/Controller to be included on the FY 2026/27 property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved by the City Council.

B. COMPLIANCE WITH CURRENT LEGISLATION

All assessments described in this Report and approved by the City Council are prepared in accordance with the 1972 Act and are in compliance with the provisions of the *California Constitution Article XIIID* (Proposition 218). Pursuant to the *California Constitution Article XIIID ("Article XIIID") Section 5*, certain existing assessments are exempt from the substantive and procedural requirements of *Article XIIID Section 4* and property owner balloting for the assessments is not required until such time that the assessments are increased. Specifically, the City determined that all improvements and the annual assessments established for the original District were part of the conditions of property development and approved by the original property owner (developer). As such, pursuant to *Article XIIID Section 5(b),* the property owners approved these existing District assessments at the time the assessments were created (originally imposed pursuant to a 100% landowner petition). The assessments applied to the District's parcels at the time of passage of Proposition 218 of $100 to each single-family residential parcel within Zone A and $147.20 to each single-family residential parcel within Zone B continue to be exempt from the procedural requirements *Article XIIID Section 4*.

The District and all Zones therein have been formed pursuant to the *1972 Act.* Pursuant to the 1972 Act, an annual Public Hearing is conducted by the City Council to accept property owner and public comments and to review the Report prior to approving the annual assessments to be levied on the County tax rolls. The assessments described in this Report have been prepared in accordance with the 1972 Act.

In November 2004, the City initiated and conducted property owner protest ballot proceedings, in accordance with the 1972 Act and Article XIIID, to annex into Zone A, and approve the maximum assessment of $100 per single family residential parcel. At the conclusion of the Public Hearing, the City determined that a majority protest did not exist. The City then approved the Engineer's Report, through the adoption of Resolution No. 04-507, which annexed the Dunmore Junction territory to Zone A. Dunmore Junction was first assessed by the District in FY 2005/06.

In April 2005, the City initiated and conducted property owner protest ballot proceedings, in accordance with the 1972 Act and Article XIIID, to annex into Zones B, and approve the maximum assessment of $147.20 per single family residential parcel. At the conclusion of the Public Hearing, the City determined that a majority protest did not exist. The City then approved the Engineer's Report, through the adoption of Resolution No. 05-165, which annexed the Legacy subdivision territory to Zone B. The Legacy subdivision was first assessed by the District in FY 2005/06.

C. DESCRIPTION OF DISTRICT BOUNDARIES

The Northwest Roseville Specific Plan Landscaping and Lighting District lies west of the existing urban area of the City of Roseville. The District is generally bounded by Baseline Road to the north, Fiddyment Road to the west and

Washington Boulevard to the east. The City annexed in Dunmore Junction, which is generally located on the east side of Porter Drive, south of Junction Boulevard and north of Lawton Avenue. The City also annexed in Legacy Subdivision, which is generally located on the northwest corner of Washington Boulevard and Junction Boulevard. For general reference purposes, renderings of the District's Boundaries are presented in Appendix A of the Report.

D. IMPROVEMENTS AUTHORIZED BY THE 1972 ACT

As applicable or may be applicable to a proposed District, the 1972 Act defines improvements to mean one or any combination of the following:

- The installation or planting of landscaping.
- The installation or construction of statuary, fountains, and other ornamental structures and facilities.
- The installation or construction of public lighting facilities.
- The installation or construction of any facilities which are appurtenant to any of the foregoing, or which are necessary or convenient for the maintenance or servicing thereof, including, but not limited to, grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities.
- The maintenance or servicing, or both, of any of the foregoing.
- The acquisition of any existing improvement otherwise authorized pursuant to this section.

Incidental expenses associated with the improvements including, but not limited to:

- The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;
- The costs of printing, advertising, and the publishing, posting, and mailing of notices;
- Compensation payable to the County for collection of assessments;
- Compensation of any engineer or attorney employed to render services;
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
- Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5.
- Costs associated with any elections held for the approval of a new or increased assessment.

The 1972 Act defines "Maintain" or "maintenance" to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including:

- Repair, removal, or replacement of all or any part of any improvement.

- Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.
- The removal of trimmings, rubbish, debris, and other solid waste.
- The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

Furthermore, the 1972 Act specifies that where the cost of improvements (other than maintenance and operations) is greater than can be conveniently raised from a single annual assessment, an assessment to be levied and collected in annual installments. In that event, the governing body may choose to do any of the following:

- Provide for the accumulation of the moneys in an improvement fund until there are sufficient moneys to pay all or part of the cost of the improvements.
- Provide for a temporary advance to the improvement fund from any available and unencumbered funds of the local agency to pay all or part of the cost of the improvements and collect those advanced moneys from the annual installments collected through the assessments.
- Borrow an amount necessary to finance the estimated cost of the proposed improvements. The amount borrowed, including amounts for bonds issued to finance the estimated cost of the proposed improvements.

E. DESCRIPTION OF IMPROVEMENTS AND SERVICES

Zone A

Zone A of the District, by special benefit assessments, is to provide funding for the maintenance of the following improvements: landscaped street medians and landscaped corridors adjacent to property within the District including but not limited to, plantings, sound walls, and project identification signs; the maintenance of the vernal pool preserves identified in the Northwest Roseville Specific Plan; the installation and maintenance of bike trails within the Northwest Roseville Specific Plan Area; and the installation of park improvements and/or the payment of debt service related to the installation of bike trails and/or park improvements within the Northwest Roseville Specific Plan Area.

Zone B

Zone B of the District, by special benefit assessments, is to provide funding for the following:

- The maintenance of the landscaped street buffers or medians, certain natural areas within the subdivision and landscape corridors adjacent to the property within the Zone (including, but not limited to, planting, screen walls, project identification signs, and drainage and wetlands areas within the property).

- The perpetual maintenance of the landscape strips adjacent to the Sierra Crossing subdivision contiguous to Foothills Boulevard and Booth Road, including but not limited to maintenance of the planting, screen walls, and project identification signs.

- The maintenance of the natural border adjoining and contiguous to the westerly border of Sierra Crossing.

- The maintenance of the wetland preserve area.

- The on-going maintenance of the landscape strips adjacent to the Legacy subdivision contiguous to Junction Boulevard, Washington Boulevard and Sawtell Road, including but not limited to maintenance of the planting, screen walls, and project identification signs.

- The maintenance of the natural border adjoining and contiguous to the westerly border of the Legacy subdivision.

II. METHOD OF APPORTIONMENT

A. GENERAL

The 1972 Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements, which include the construction, maintenance, and servicing of public lights, landscaping, and appurtenant facilities. The 1972 Act further requires that the cost of these improvements be levied according to benefit rather than assessed value:

"The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements."

The formula used for calculating assessments reflects the composition of the parcels, and the improvements and services provided, to fairly apportion the costs based on estimated benefit to each parcel.

B. DESCRIPTION OF METHOD OF APPORTIONMENT

Pursuant to the Act, the costs of each Zone may be apportioned by any formula or method that fairly distributes the net amount to be assessed, among all assessable parcels in proportion to the estimated special benefits to be received by each such parcel from the improvements. The special benefit formula used for any special benefit assessment should reflect the composition of the parcels, and the improvements and services provided, to fairly apportion the costs based on estimated special benefit to each parcel. All assessable parcels in each Zone receive a direct special benefit from the services and improvements provided by the District.

Each parcel within this District has been assigned an Equivalent Benefit Unit (EBU), which reflects each parcel's estimated special benefit from the improvements as compared to other parcels within each Zone of the District. The levy amount is spread evenly to each assessable parcel in the District, on a per benefit unit (per parcel) method.

For each Zone, the total eligible special benefit expenses ("Balance to Levy"), is divided by the total EBUs of all parcels. The result of this calculation establishes an assessment rate per EBU ("Levy per EBU" or "Assessment Rate") to be applied to each Zone.

The following formulas shall be applied to each Zone to calculate the assessment for each parcel:

Zone A

Total number of residential lots based on final filed maps, divided into the total annual estimated costs of Zone A.

Zone B

Total number of residential lots based on final filed maps, divided into the total annual estimated costs of Zone B.

The Maximum Annual Assessment is not to exceed $100.00 per parcel for Zone A and $147.20 per parcel for Zone B.

C. PROPOSITION 218 BENEFIT ANALYSIS

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIIID addresses several key criteria for the levy of assessments regarding the Dunmore Junction subdivision Legacy subdivision annexations to the District, notably:

Article XIIID Section 2d defines District as follows:

"District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service;"

Article XIIID Section 2i defines Special Benefit as follows:

"Special benefit" means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute "special benefit."

Article XIIID Section 4a defines proportional special benefit assessments as follows:

"An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel."

Each of the proposed improvements, the associated costs and assessments have been carefully reviewed, identified, and allocated based on special benefit pursuant to the provisions of the Constitution and 1972

Act. All improvements associated with this District have been identified as necessary, required and/or desired for the orderly development of the properties within the District to their full potential, consistent with the proposed development plans and applicable portions of the City General Plan and the Northwest Roseville Specific Plan. As such, the improvements for which each property shall be assessed would be necessary and required of individual property owners for the development of such properties and the ongoing operation, servicing and maintenance of these improvements would be the financial obligation of those properties. Therefore, the improvements and the annual costs of ensuring the maintenance and operation of the improvements are of direct and special benefit to the properties.

The method of apportionment (method of assessment) is based on the premise that each assessed parcel within the District receives benefit from the improvements. Well-maintained landscaping and recreational facilities in close proximity to those properties enhance the desirability of those properties.

The special benefits associated with the landscape improvements and associated appurtenances are specifically:

- Enhanced desirability of properties through association with the improvements.
- Improved aesthetic appeal of properties providing a positive representation of the area and properties.
- Enhanced adaptation of the urban environment within the natural environment from adequate green space and landscaping.
- Environmental enhancement through improved erosion resistance, dust and debris control, and fire prevention.
- Increased sense of pride in ownership of property within the District resulting from well-maintained improvements associated with the properties.
- Enhanced quality of life through well-maintained green belts, landscaped areas, and recreational facilities.
- Reduced criminal activity and property-related crimes (especially vandalism) against properties in the District through well-maintained surroundings and amenities including abatement of graffiti.
- Enhanced environmental quality of the parcels by moderating temperatures, providing oxygenation, and attenuating noise.

All of the preceding special benefits allow the property to be developed for the enjoyment of the property owners and contribute to a specific enhancement and desirability of each of the assessed parcels within the District.

The improvements are for the special benefit, enhancement, and use of properties within the District and the Northwest Roseville Specific Plan Area. Although the improvements include public easements, rights-of-way and other amenities available or visible to the public at large, it has been determined that the additional improvements installed in connection with this development and those installed as part of the overall Northwest Roseville Specific Plan, are only necessary for the development of properties within the specific plan area and were not required nor necessarily desired by any properties or developments outside the Northwest Roseville Specific Plan Area. Therefore, this District being part of that plan, receives similar and proportional special benefits from both the improvements installed in connection with developing properties in this District as well as existing and future shared amenities within the District. Any public access or use of the improvements by others is incidental and there is no measurable general benefit to properties outside the specific plan area or to the public at large.

III. DISTRICT BUDGET

A. FY 2026/27 BUDGET

DESCRIPTION	Zone A [1] Fund 2008	Zone B [2] Fund 2009
DIRECT COSTS		
Contract Maintenance - Landscaping	$161,036.78	$9,850.92
Repair & Maintenance - Landscaping	34,700.00	1,487.00
Repair and Maintenance - Parks	0.00	0.00
Repair & Maintenance - Tree Work	30,126.80	619.00
Utilities	179,000.00	4,000.00
Utilities – Telecom	200.00	0.00
Stormwater Management/Drainage (1130-4801-10001)	0.00	673.72
Rehab Reserve Project - Non-Routine Tree Work	15,825.00	0.00
Rehab Reserve Project - Landscape Rehab	234,800.00	0.00
Total Direct Costs	**$655,688.58**	**$16,630.64**
ADMINISTRATION COSTS		
City Administration	$9,244.00	$383.00
Contract Administration - Park's Dept	33,000.00	1,500.00
County Auditor Fees	4,622.00	191.36
Consulting & Professional Services	9,957.00	415.00
Public Hearing Publishing Costs	378.00	16.00
Total Administrative Costs	**$57,201.00**	**$2,505.36**
Total Direct and Administration Costs	**$712,889.58**	**$19,136.00**
BUDGET ADJUSTMENTS		
Replenishment/(Use) of Operating Reserve	($64.58)	$0.00
Contribution for /(Use of) Rehab Reserve	(250,625.00)	0.00
Rounding Adjustment		
Total Adjustments	**($250,689.58)**	**$0.00**
BALANCE TO LEVY	**$462,200.00**	**$19,136.00**

(1) The Dunmore Junction Subdivision was annexed into Zone A.
(2) The Legacy Subdivision was annexed into Zone B.

Fund balance information of each Zone is reported in Section C on the following page. The total balance to levy for the district is $481,336.00.

B. FY 2026/27 ASSESSMENT RATES

DESCRIPTION	Zone A Fund 2008	Zone B Fund 2009
FY 2026/27 ASSESSMENT DATA		
Total Assessable Parcels	4,622	130
Total Assessable EBUs	4,622	130
Applied Assessment Rates per EBU	$100.00	$147.20
Maximum Assessment Rates per EBU	$100.00	$147.20
Potential Maximum Assessment Per Zone	**$462,200.00**	**$19,136.00**

C. FY 2026/27 FUND BALANCE INFORMATION

DESCRIPTION	Zone A Fund 2008	Zone B Fund 2009
OPERATING RESERVE		
Beginning Operating Reserve Balance 7-1-2026 (est.)	**$205,340.65**	**$492.00**
add: Replenishment from FY 2026/27 Levy		
less: Use for FY 2026/27 Expenses	(64.58)	
Transfer from/(to) the Rehab Reserve	122,568.22	
Ending Operating Reserve Balance 6-30-2027 (est.)	**$327,844.29**	**$492.00**
REHABILITATION RESERVE		
Beginning Rehab Reserve Balance 7-1-2026 (est.)	**$716,565.35**	**$0.00**
add: Collect from FY 2026/27 Levy		
less: Use for FY 2026/27 Rehab Projects	(250,625.00)	0.00
Transfer from/(to) the Operating Reserve	(122,568.22)	0.00
Ending Rehab Reserve Balance 6-30-2027 (est.)	**$343,372.13**	**$0.00**

D. DESCRIPTION OF BUDGET ITEMS

BUDGET:

DIRECT COSTS

Contract Maintenance - Landscaping - Includes all regularly scheduled contract labor, materials, supplies, and equipment required to properly maintain and ensure the satisfactory condition or maintenance of all landscaping corridors, street medians, entryways, irrigation, and related drainage systems as well as maintenance of appurtenant facilities (the “improvements”).

Repair & Maintenance – Landscaping – Projected costs for repairs and/or maintenance of landscaping improvements. This would include work and materials not covered under contract maintenance.

Repair & Maintenance – Parks - Projected costs for repairs and/or maintenance of park improvements. This would include work and materials not covered under

contract maintenance such as repair of damaged amenities due to vandalism, storms, etc.

Repair & Maintenance – Tree Work - This line item includes annual costs for tree maintenance not included in the annual contract maintenance portion of the budget. If zero, this line item may not be shown in the budget.

Utilities - The furnishing of water and electricity required for the operation and maintenance of the improvements.

Utilities Telecom – connectivity services required for the operation of certain improvements.

Stormwater Management / Drainage - This line item includes costs to properly maintain certain drainage and / or wetlands areas within the District. If zero, this line item may not be shown in the budget.

Rehab Reserve Expenditures – Non-Routine Tree Work – Expected costs to maintain trees other than costs of annual repair and maintenance. If zero, this line item may not be shown in the budget.

Rehab Reserve Project Expenditures – Expected costs for installation, replacement, or planned upgrades of District improvements for the current year that were previously funded or accumulated in the Rehabilitation Reserve. The Rehabilitation Reserve is used to accumulate funds for costs associated with the future rehabilitation or replacement of District improvements that cannot be conveniently raised from a single year's assessment. If zero, this line item may not be shown in the budget.

ADMINISTRATION COSTS

City Administration – Estimated costs incurred by the City Finance Department and other departments in preparing the annual budget for the Engineer's Report, together with other financial information required to determine the annual assessment. These costs would also include the preparation, posting and publishing of public notices required for City Council action relating to the District, as well as costs to perform legal review of documents.

Contract Administration – Parks Dept – Estimated Costs of the Parks, Recreation and Libraries Department ("Parks Department") to coordinate and oversee the maintenance contracts and overall repair and maintenance of the District. This amount also includes the cost of the Parks Department's estimates and analysis of certain budget items, estimated costs and useful lives of certain District Improvements.

County Auditor Fees - A fee of 1% of the total levy amount that is charged to the District by the County for placing assessments on property tax bills.

Consulting and Professional Services – Includes the costs and expenses of contracting with various professionals to provide legal, engineering and district administration services directly related to the District, including the calculation of the annual assessment amounts, the preparation of the Engineer's' Report and incidental expenses of consultant.

Public Hearing Publishing Costs –Includes the out-of-pocket costs to publish public notices required for City Council action relating to the District.

Total Direct and Administration Costs – The total expected costs of the District.

BUDGET ADJUSTMENTS

Replenishment/(Use) of Operating Reserve – A "Replenishment" increases the levy in order to replenish the Operating Reserve. On the other hand, a "Use" of the Operating Reserve decreases the levy by drawing funds from the Operating Reserve for current year expenditures. If zero, this line item may not be shown in the budget. Further information regarding the function of the Operating Reserve is provided under "FUND BALANCE INFORMATION" in the following pages of this Section.

Contribution for /(Use of) Rehab Reserve — A "Contribution" increases the levy in order to generate funding for the Rehabilitation Reserve. This reserve allows for the accumulation of funds for possible rehabilitation projects or replacements in future years. On the other hand, a "Use of" of the Rehabilitation Reserve provides current year funding of rehabilitation projects or replacements from available funds within the Rehabilitation Reserve. If zero, this line item may not be shown in the budget. Further information regarding the function of the Rehabilitation Reserve is provided under "FUND BALANCE INFORMATION" in the following pages of this Section.

Rounding Adjustment – The necessary rounding adjustment(s) due to limitations of the County property tax system that requires even penny levy amounts to be placed on the secured tax roll.

BALANCE TO LEVY - This is the total amount to be levied and collected through assessments for the current fiscal year for each zone. The Balance to Levy represents the sum of the total District costs together with any applicable adjustments to the budget as described above.

ASSESSMENT RATES:

Total Assessable Parcels - The total number of expected parcels to be assessed in each of the District's Zones.

Total Assessable EBUs - The total number of expected Equivalent Benefit Units

in each of the District's Zones.

Applied Assessment Rates per EBU - The assessment rates to be applied to the parcels lying within the respective Zone of the District for the fiscal year shown.

Maximum Assessment Rates per EBU - The maximum assessment rates for the parcels lying within the respective Zone of the District for the fiscal year shown.

Potential Maximum Assessment Per Zone – The total amount that can be assessed against all parcels within each Zone for the current fiscal year based upon the expected number of EBUs to be assessed.

FUND BALANCE INFORMATION:

OPERATING RESERVE

Beginning Operating Reserve Balance 7-1-2026 (est.) - The anticipated beginning balance of cash and receivables net of any unpaid prior year obligations for each Zone. These beginning balances shall be used to fund each Zone's expenditures from July 1, 2026 to December 31, 2026, as the Operating Reserve is required to compensate for the approximate six-month delay between the start of the District's fiscal year and the receipt of the collections from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

Replenish from FY 2026/27 Levy – This amount is added to the FY 2026/27 levy in order to replenish the Operating Reserve. Due to the six-month delay from the District's receipt of assessment collections, the Operating Reserve balance shall be sufficiently funded to provide for expenditures from July 1, 2026 (the beginning of the Fiscal Year) through December 31, 2026. If zero, this line item may not be shown in the budget.

Use for FY 2026/27 Expenses – The amount of the Operating Reserve to be used to fund FY 2026/27 expenses. Portions of the Operating Reserve may be slated for current year expenditures in order to reduce the Ending Operating Reserve Balance to an amount no greater than the expected District costs for the period of July 1, 2026 (the beginning of the Fiscal Year) through December 31, 2026. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Rehab Reserve — The amount of Operating Reserve monies to be transferred to or from the Rehabilitation Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Parks Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may

not be shown in the budget.

Ending Operating Reserve Balance 6-30-2027 (est.) - This amount represents the anticipated Operating Reserve balance/(deficit) for each Zone as of June 30, 2027. The size of each Zone's Operating Reserve is limited by Streets and Highways Code 22569 which states that an Operating Reserve shall not exceed the estimated costs of maintenance, service and incidental expenses from the first day of the fiscal year (July 1) to the date that the Agency expects to receive the first apportionment of collections from the County, which is estimated to be December 31. Therefore, each Zone may retain an Operating Reserve amounting to the District's first six-months of expenses in order to meet ongoing obligations until the first collections are received from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

REHABILITATION RESERVE

Beginning Rehab Reserve Balance 7-1-2026 (est.) — The projected balance of funds in the Rehabilitation Reserve as of July 1, 2026. Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

Collect from FY 2026/27 Levy — This amount is added to the FY 2026/27 levy to accumulate funding of future year rehabilitation projects, replacements, restorations, or upgrades of District improvements. If zero, this line item may not be shown in the budget.

Use for FY 2026/27 Rehab Projects – The amount of Rehabilitation Reserve monies expected to be transferred out of the Rehabilitation Reserve to fund the costs of installation, replacement, or planned upgrades of District improvements for the current year. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Operating Reserve — The amount of Rehabilitation Reserve monies to be transferred to or from the Operating Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Parks Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Rehab Reserve Balance 6-30-2027 (est.) - The projected balance of funds in the Rehabilitation Reserve as of June 30, 2027. These funds shall be used to provide for future year rehabilitation projects, replacements, restorations, or upgrades of District improvements which cannot be conveniently raised from a single year's assessment.

Should the District have no Rehabilitation Reserve balances or related activity, no Rehabilitation Reserve information shall be presented in the Report.

E. REHABILITATION RESERVE – CAPITAL IMPROVEMENT PLAN

Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

The Report provides a five-year Capital Improvement Plan ("CIP") which shows projected expenditures by Zone related to the rehabilitation, restoration and/or replacement of District improvements, and other allowable costs. The Current Fiscal Year CIP is shown in the preceding Budget Section A. The projected CIP costs for the remaining four years are shown in the table below.

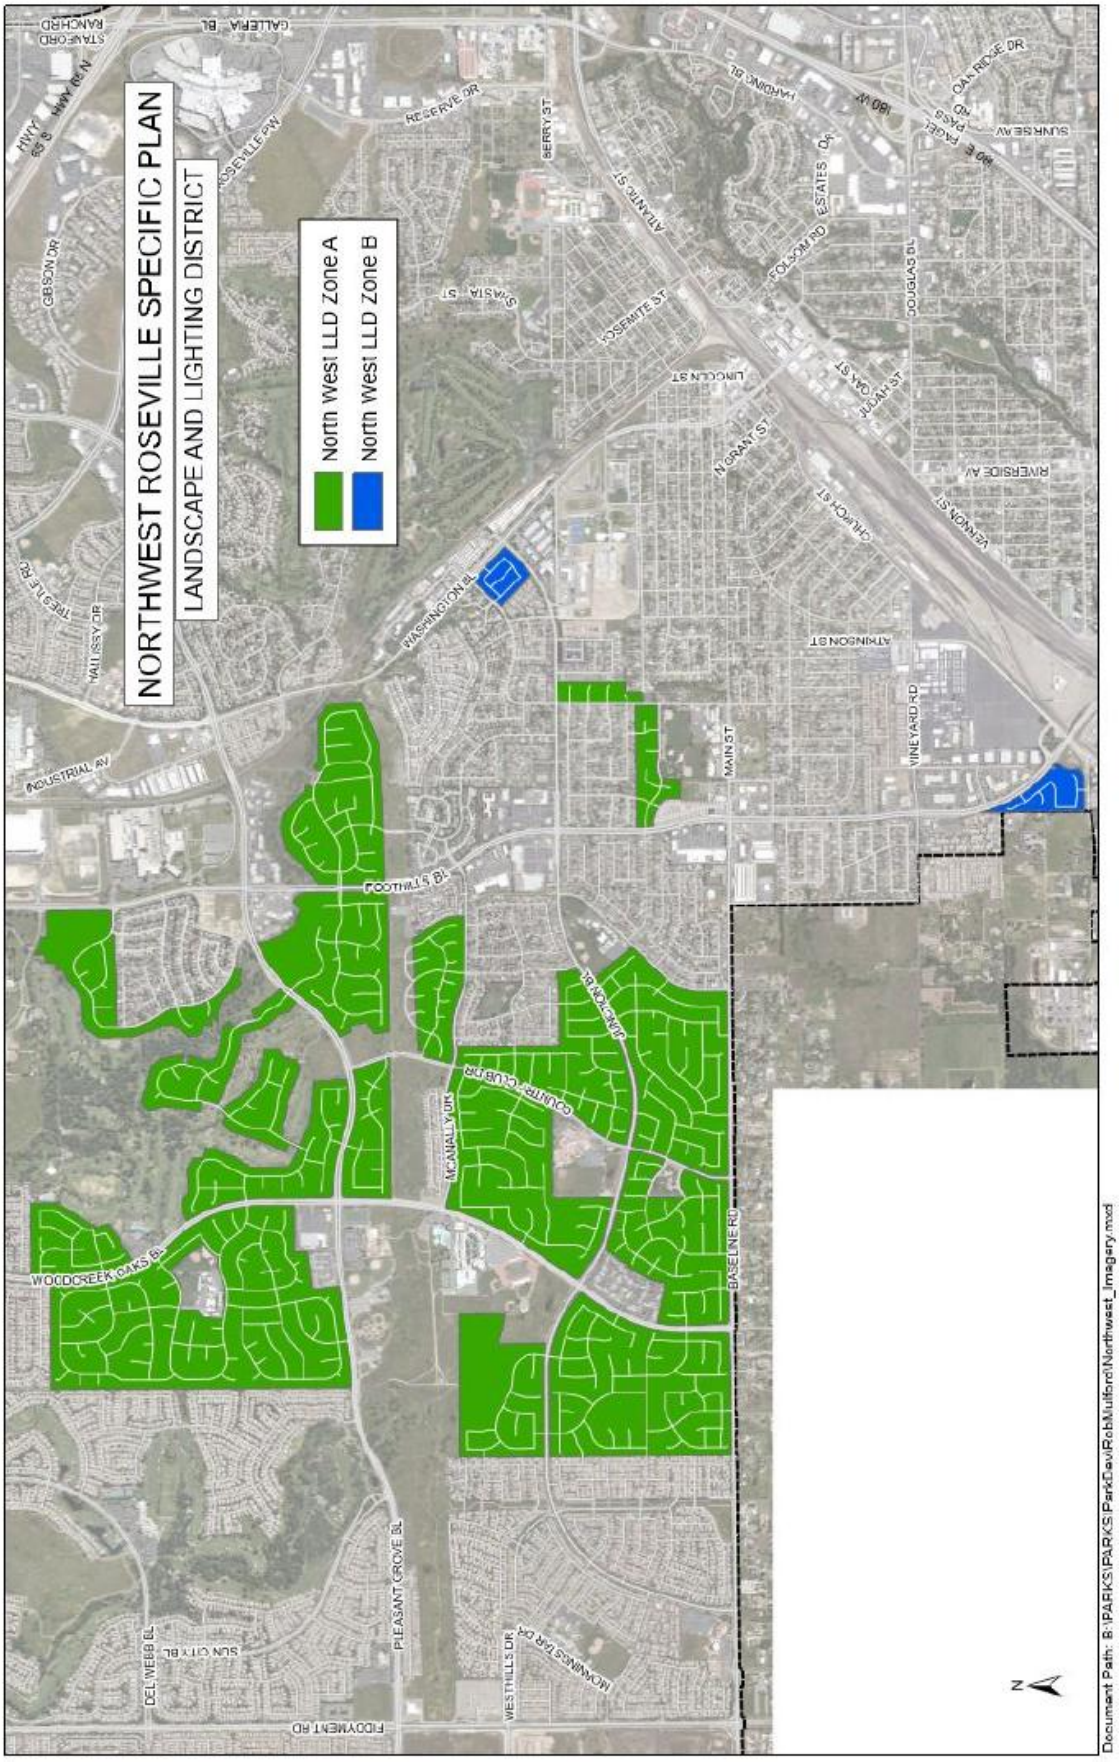

Zone A

Description	FY 2027-28	FY 2028-29	FY 2029-30	FY 2030-31	4 Year Total
Repair, replace and/or refurbish fencing improvements	$0	$0	$0	$0	$0
Irrigation controllers	73,000	73,000	73,000	73,000	292,000
Replace, repair, renovate and/or refurbish plants, landscape & related mat'ls, non-functional turf mandates	20,000	5,000	0	0	25,000
Soundwall	30,000	30,000	30,000	40,000	130,000
Non-routine tree work	5,000	5,000	5,000	5,000	20,000
Total Projected Expenditures	**$128,000**	**$113,000**	**$108,000**	**$118,000**	**$467,000**

APPENDIX A – DISTRICT BOUNDARY MAP

The boundary map of the District and Zones has previously been submitted to the Clerk of the City in the format required under the Act and are, by reference, hereby made part of this Report. The boundary maps are available for inspection at the office of the City Clerk during normal business hours.

For general reference purposes, a rendering of the District's Boundaries is represented herein.

APPENDIX B — FY 2026/27 ASSESSMENT ROLL

Parcel identification, for each lot or parcel within the District, shall be the parcel as shown on the Placer County Assessor's map for the year in which this Report is prepared.

Due to the size of the Assessment Roll, a listing of parcels to be assessed within this District, along with the proposed assessment amounts, shall be submitted to the City Clerk, under separate cover, and by reference is made part of this Report.

Non-assessable lots or parcels may include areas of public streets and other roadways (typically not assigned an APN by the County); dedicated public easements, open space areas and rights-of-way, including public greenbelts and parkways; utility rights-of-way; common areas; landlocked parcels, small parcels vacated by the County, bifurcated lots, and any other property that cannot be developed. These types of parcels are considered to receive little or no benefit from the improvements and are therefore exempt from assessment.

At the conclusion of the public hearing for the District and the proposed assessments, approval of the Report (as submitted or as modified) confirms the method of apportionment and the assessment rate to be levied against each eligible parcel and thereby constitutes the approved levy and collection of assessments for FY 2026/27. The listing of parcels and the amount of assessment to be levied shall be submitted to the County Auditor/Controller and included on the FY 2026/27 property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved in this Report. Therefore, if a single parcel has changed to multiple parcels, the assessment amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.

RESOLUTION NO. 26-188

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, AMENDING AND/OR APPROVING THE ENGINEER'S ANNUAL LEVY REPORT FOR THE OLYMPUS POINTE LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2026/2027

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, the City Council has, by previous Resolutions, ordered the preparation of the Engineer's Annual Levy Report (hereafter referred to as the "Report") for said district known and designated as the: **Olympus Pointe Landscaping and Lighting District** (hereinafter referred to as the "District"), pursuant to the provisions of the *Landscaping and Lighting Act of 1972, being Part 2 Division 15, of the Streets and Highways Code of the State of California*, *beginning with Section 22500* (hereinafter referred to as the "Act"); and

WHEREAS, there has now been presented to this City Council the Report as required by *Chapter 3, Section 22623* of the Act, and as previously directed by Resolution; and

WHEREAS, this City Council has carefully examined and reviewed the Report as presented (or amended), and is satisfied with each and all of the items and documents as set forth therein, and is satisfied that the levy has been spread in accordance with the benefits received from the improvements, operation, maintenance and services to be performed, as set forth in said Report; and

WHEREAS, pursuant to Proposition 218, balloting of property owners is required for annual rate increases. The District's property owner ballots included assessment rates to be approved within the District, as well as the approval of an assessment range formula, which provides for annual rate increases; and

WHEREAS, the maximum assessment rates for Fiscal Year 2026/2027 shown in the Report are not proposed to be increased above the duly approved rates after applying the annual increases allowed by the assessment range formula; and

WHEREAS, mailed notices and Assessment Ballots are not required if assessments are not increased above the approved maximum assessment rates after applying the approved annual rate increases.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR THE OLYMPUS POINTE LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:

Section 1 That the above recitals are all true and correct.

Section 2 That the Report as presented is hereby approved (as amended) and is ordered to be filed in the Office of the City Clerk as a permanent record and to remain open to public inspection.

Section 3 That the City Clerk shall certify to the passage and adoption of this Resolution and the minutes of this meeting shall so reflect the presentation of and final approval of the Report.

RESOLUTION NO. 26-189

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN THE OLYMPUS POINTE LANDSCAPING AND LIGHTING DISTRICT FOR FISCAL YEAR 2026/2027

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, the City Council of the City of Roseville, California, has, by previous Resolutions, initiated proceedings and declared its intention to levy assessments, and approved the Engineer's Annual Levy Report (hereinafter referred to as the "Engineer's Report") that describes the assessments against parcels of land within the **Olympus Pointe Landscaping and Lighting District** (hereinafter referred to as the "District") for the Fiscal Year commencing July 1, 2026, and ending June 30, 2027, pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code*, *commencing with Section 22500* (hereinafter referred to as the "Act") to pay for the maintenance and servicing of all improvements and facilities related thereto; and

WHEREAS, the Engineer selected by the City Council has prepared and filed with the City Clerk, and the City Clerk has presented to the City Council, an Engineer's Report in connection with the levy and collection of assessments upon eligible parcels of land within the District, and the City Council did by previous Resolution approve such Engineer's Report; and

WHEREAS, the City Council desires to levy and collect assessments against parcels of land within the District for the Fiscal Year commencing July 1, 2026, and ending June 30, 2027, to pay for the maintenance and servicing of all improvements and facilities related thereto; and

WHEREAS, the Auditor-Controller of Placer County (the "County") is requested to attach each District assessment onto the County Assessment Roll for collection; and

WHEREAS, the County of Placer requires the payment of the County's collection fee for placing the direct charge assessments onto the County Assessment Roll and collection thereof; and

WHEREAS, the City Council and its legal counsel have reviewed Proposition 218 and found that these assessments comply with applicable provisions of Articles XIIIC and XIIID of the California Constitution; and

WHEREAS, the City has previously delivered to the County an agreement to indemnify the County in connection with the legality of the District assessments placed onto the County Assessment Roll, if challenged.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR THE OLYMPUS POINTE LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:

Section 1 That the above recitals are true and correct.

Section 2 Following notice duly given, the City Council has held a full and fair Public Hearing regarding the District, the proposed landscaping and lighting improvements, the levy and collection of assessments, the Engineer's Report prepared in connection therewith, and considered all testimony, written statements, and communications made or filed by interested persons regarding these matters.

Section 3 Based upon its review (and amendments, as applicable) of the Engineer's Report, a copy of which has been presented to the City Council, and which has been filed with the City Clerk, the City Council hereby finds and determines that:

i) the land within the District will be benefited by the operation, maintenance and servicing of the improvements located within the boundaries of the District; and

ii) the District includes all of the lands receiving such special benefit; and

iii) the net amount to be assessed upon the lands within the District in accordance with the assessment for the Fiscal Year commencing July 1, 2026, and ending June 30, 2027 is apportioned by a formula and method which fairly distributes the net amount among all eligible parcels in proportion to the estimated special benefits to be received by each parcel from the improvements and services.

Section 4 The estimated costs of improvements, the assessment diagram, the assessments and all other matters as set forth in the Engineer's Report as presented to the City Council and on file in the Office of the City Clerk are hereby approved, adopted and confirmed.

Section 5 The maintenance, operation, and servicing of the improvements and appurtenant facilities shall be performed pursuant to the Act. The City Council hereby orders the proposed improvements to be made, which improvements are briefly described as follows: the maintenance and operation of, and the furnishing of services and materials for, landscaping; lighting; parks; and hardscape improvements, including irrigation systems, drainage systems, project identification signs, special street signs, special lighting for signage, decorative lighting, granite entryways, sculptures and sculpture park, and special street materials; and other public improvements within the street rights-of-way and dedicated easements and appurtenant facilities, including, but not limited to, irrigation systems and drainage improvements within the District. Landscaping includes, but is not limited to, shrubs, trees, and other vegetation. The Report describes any new improvements or substantial changes in existing improvements.

Section 6 The Auditor-Controller of the County of Placer shall enter on the County Assessment Roll opposite each eligible parcel of land the amount of the levy so apportioned by the formula and method outlined in the Engineer's Report, and such levies shall be collected at the same time and in the same manner as County taxes are collected, pursuant to *Chapter 4, Article 2, Section 22646* of the Act. After collection by the County, the net amount of the levy shall be paid to the City Treasurer.

Section 7 The City agrees to cause the District to pay the applicable Placer County annual collection fee at the rate of 1% of the assessment amount placed upon the County Assessment Roll or at the rate in effect for the applicable Fiscal Year if updated.

Section 8 The City Treasurer shall deposit all money representing assessments collected by the County for the District to the credit of a fund for the District and such money shall be expended only for the maintenance, operation and servicing of the landscaping, lighting and appurtenant facilities, together with other expenses as described in the Engineer's Report.

Section 9 The adoption of this Resolution constitutes the District levy for the Fiscal Year commencing July 1, 2026, and ending June 30, 2027.

Section 10 The City Clerk's designee, Willdan Financial Services, is hereby authorized and directed to file the levy with the County Auditor subsequent to the adoption of this Resolution, pursuant to Chapter 4, Article 1, Section 22641 of the Act. The City Clerk is directed to cause a certified copy of this adopted Resolution to be delivered to Willdan Financial Services within two weeks of adoption, or shortly thereafter.

APPENDIX B — FY 2026/27 ASSESSMENT ROLL 22

I. OVERVIEW

A. INTRODUCTION

The City of Roseville ("City") annually levies and collects special assessments in order to maintain the certain public improvements within the Olympus Pointe Landscaping and Lighting District ("District") within the City. The District, which was formed in 1989, is levied annual assessments pursuant to the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code (the "1972 Act").

The Engineer's Report ("Report") describes the District boundaries, any new annexations, improvements maintained by the District and the proposed assessments for the period of July 1, 2026 through June 30, 2027.

The District consists of two (2) benefit Zones ("Zones"). The improvements that benefit properties within each Zone and the costs associated with those improvements are identified and budgeted separately. Each parcel within a Zone is assessed proportionately for only those improvements and services that are a direct and special benefit to the properties within the respective Zone. The assessments are based on the historical and estimated cost to maintain the improvements that provide a direct and special benefit to properties within the District.

The word "parcel," for the purposes of this Report, refers to an individual property assigned its own Assessor's Parcel Number ("APN") by the Placer County Assessor's Office.

Following approval of the Report, the City Council will by resolution, order the improvements to be made, if any, and confirm the levy and collection of assessments herein pursuant to the 1972 Act. The assessment rates and method of apportionment described in this Report as approved or modified by the City Council define the assessments to be applied to each parcel within the District and respective Zones for Fiscal Year ("FY") 2026/27. The assessments as approved will be submitted to the Placer County Auditor/Controller to be included on the property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved by the City Council.

B. COMPLIANCE WITH CURRENT LEGISLATION

All assessments described in this Report and approved by the City Council are prepared in accordance with the 1972 Act and are in compliance with the substantive and procedural requirements of the California State Constitution Articles XIIIC and XIIID ("Article XIIIC" and "Article XIIID") and the provisions of the Proposition 218 Omnibus Implementation Act [Government Code Section 53750 and following] (the "Implementation Act"). Articles XIIIC and XIIID and the Implementation Act collectively are hereinafter referred to as "Proposition 218".

The District's Maximum Assessment Rates for all Zones and the Inflationary Adjustment Factor were previously approved and confirmed through property owner ballot proceedings and as such, comply with the provisions of Proposition 218.

Pursuant to the 1972 Act, an annual Public Hearing is conducted by the City Council to accept property owner and public comments, to review the Engineer's Annual Levy Report prior to approving the annual assessments to be levied on the County tax rolls.

C. CLARIFICATION OF ZONE DESIGNATIONS

In order to increase consistency with the City's other districts and to facilitate presentation within the Engineer's Report, the names of both Zones were redesignated, commencing with FY 2007/2008, as follows:

- The "Non-Residential/Multi-Family Residential Zone" was redesignated to "Zone A." (1)

- The "Residential Zone" was redesignated to "Zone D." (2)

(1) Prior to FY 2005/2006, this territory was known as "Zone A". In FY 2005/2006, Zone A was redesignated to the "Non-Residential/Multi-Family Residential Zone".

(2) Prior to FY 2005/2006, this territory was known as "Zones B & C". In FY 2005/2006, Zones B & C were combined and redesignated to the "Residential Zone".

D. GENERAL DESCRIPTION OF DISTRICT

The Olympus Pointe Landscaping and Lighting District is located in the City of Roseville at the southerly edge of Placer County, northeast of the intersection of Interstate 80 and Douglas Boulevard. The site is generally bounded by Interstate 80 on the west, East Roseville Parkway and Olympus Drive to the north, Douglas Boulevard to the south and Sierra College Boulevard to the east. See Appendix A for a rendering of the District boundary map.

The District consists of two zones as described below. These zones were established by the City through a District reengineering commencing with the FY 2005/2006 levy. Additional information regarding the reengineering is provided in Section III of the Report.

Zone A

Zone A includes land zoned for non-residential and multi-family residential uses. The Zone comprises the majority of the District and is primarily west and south of East Roseville Parkway, east of Interstate 80 and north of Douglas Boulevard. The territory that was originally designated as "Zone A" consisted of 581.78 assessable acres when it was redesignated as the "Non-Residential/Multi-Family Zone" commencing with the FY 2005/06 levy. It was then redesignated back to "Zone A" commencing with the FY 2007/08 levy.

Zone D

Zone D includes two single-family residential developments on the eastern side of the District. The Zone is bisected by Olympus Drive and Sierra College Boulevard on the District's eastern boundary and includes 468 developed single-family residences. Originally, each residential development was designated as separate zone (Zones B and C). The area was redesignated as the "Residential Zone" commencing with the FY 2005/2006 levy and then redesignated to the "Zone D" commencing with the FY 2007/2008 levy.

E. IMPROVEMENTS AUTHORIZED BY THE 1972 ACT

As applicable or may be applicable to a proposed District, the 1972 Act defines improvements to mean one or any combination of the following:

- The installation or planting of landscaping.
- The installation or construction of statuary, fountains, and other ornamental structures and facilities.
- The installation or construction of public lighting facilities.
- The installation or construction of any facilities which are appurtenant to any of the foregoing or which are necessary or convenient for the maintenance or

servicing thereof, including, but not limited to, grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities.

- The maintenance or servicing, or both, of any of the foregoing.
- The acquisition of any existing improvement otherwise authorized pursuant to this section.

Incidental expenses associated with the improvements including, but not limited to:

- The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;
- The costs of printing, advertising, and the publishing, posting, and mailing of notices;
- Compensation payable to the County for collection of assessments;
- Compensation of any engineer or attorney employed to render services;
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
- Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5.
- Costs associated with any elections held for the approval of a new or increased assessment.

The 1972 Act defines "Maintain" or "maintenance" to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including:

- Repair, removal, or replacement of all or any part of any improvement.
- Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.
- The removal of trimmings, rubbish, debris, and other solid waste.
- The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

Furthermore, the 1972 Act specifies that where the cost of improvements (other than maintenance and operations) is greater than can be conveniently raised from a single annual assessment, an assessment to be levied and collected in annual installments. In that event, the governing body may choose to do any of the following:

- Provide for the accumulation of the moneys in an improvement fund until there are sufficient moneys to pay all or part of the cost of the improvements.
- Provide for a temporary advance to the improvement fund from any available and unencumbered funds of the local agency to pay all or part of the cost of the

improvements and collect those advanced moneys from the annual installments collected through the assessments.

- Borrow an amount necessary to finance the estimated cost of the proposed improvements. The amount borrowed, including amounts for bonds issued to finance the estimated cost of the proposed improvements.

F. DESCRIPTION AND LOCATION OF IMPROVEMENTS

This District, through the levy special assessments, provides funding for the maintenance and operation of the following improvements located within the public rights-of-way and dedicated easements: project identification signs, including surrounding landscape and hardscape; special street materials; sculptures and sculpture park; special street signs; special lighting for the project identification signs and special illuminated street signs; and landscaped street medians (the "Improvements"). The specific locations of the improvements within the district are described as follows:

1. Zone A

a. Landscaped Median Islands:

- Eureka Road from Douglas Boulevard to Taylor Road Connector
- Sunrise Avenue from southern boundary of the Northeast Roseville Specific Plan (the "NERSP") to East Roseville Parkway
- East Roseville Parkway from Douglas Boulevard to Rocky Ridge Drive
- Douglas Boulevard from eastern boundary of NERSP to Rocky Ridge Drive

b. Project identification signs (granite entryways) and special paving materials:

- Eureka Road at Douglas Boulevard
- East Roseville Parkway at Douglas Boulevard
- Eureka Road at Taylor Road

c. Sculpture and Sculpture Park:

- Aris Demetrio's original sculpture located on Parcel 14
- Sculpture park (0.85 acres located on Parcel 14)

d. Special street signs:

- Eureka Road at Sunrise Avenue, Rocky Ridge Drive, Lead Hill Drive and Douglas Boulevard
- Lead Hill Drive at Rocky Ridge Drive
- Sunrise Avenue at Auto Mall entrance
- East Roseville Parkway at Taylor Road, Lead Hill Drive, Olympus Drive and Douglas Boulevard

- Olympus Drive at Sierra College Boulevard:

2. Zone D

a. Landscaped Frontage:

- Southern side of Olympus Drive from East Roseville Parkway to Sierra College Boulevard, excluding any landscaping not within or adjacent to the Zone
- Northern side of Olympus Drive from the Zone boundary (the former Zone C boundary), which is 175 feet southwest of Corniche Lane, to Sierra College Boulevard, western side of Sierra College Boulevard from Olympus Drive to the Zone boundary (the former Zone C boundary), which is approximately 600 feet.

b. Project identification signs and special paving materials:

- Sierra College Boulevard at Olympus Drive

G. DESCRIPTION OF MAINTENANCE AND SERVICES

Maintenance means the furnishing of services and materials for the ordinary and usual maintenance, operation and servicing of the Improvements and appurtenant facilities, including repair, removal or replacement of all or part of any of Improvements or appurtenant facilities; providing for the life, growth, health and beauty of the Improvements including cultivation, irrigation, trimming, mowing, spraying, fertilizing and treating for disease or injury; the removal of trimmings, rubbish, debris and other solid waste.

Servicing means the furnishing of water and electricity for the Improvements including any decorative lighting and the furnishing of electric current or energy, gas, or other illuminating agent for the special street signs.

II. METHOD OF APPORTIONMENT

A. GENERAL

The Act permits the establishment of assessment districts by public agencies for the purpose of providing certain public improvements, which include the construction, maintenance, and servicing of streetlights, traffic signals and landscaping facilities. Streets and Highways Code Section 22573 requires that maintenance assessments be levied according to benefit rather than the assessed value.

> *"The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements."*

In addition, Article XIIID and the Implementation Act require that a parcel's assessment may not exceed the reasonable cost for the proportional special benefit conferred to that parcel. Article XIIID and the Implementation Act further provide that only special benefits are assessable and the City must separate the general benefits from the special benefits. They also require that publicly owned properties, which specifically benefit from the improvements, be assessed.

B. BENEFIT ANALYSIS

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIIID addresses several key criteria for the levy of assessments, notably:

Article XIIID Section 2d defines District as follows:

"District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service;"

Article XIIID Section 2i defines Special Benefit as follows:

"Special benefit" means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute "special benefit."

Article XIIID Section 4a defines proportional special benefit assessments as follows:

"An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public

improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel."

The City initiated and conducted property owner protest ballot proceedings in accordance with Article XIIID and the Implementation Act for both the Non-Residential/Multi-Family Zone (Zone A) and the Residential Zone (Zone D). Each Zone's Improvements, the associated costs and assessments had been reviewed, identified, and allocated based on special benefit pursuant to the provisions of the Constitution and Act.

All Improvements associated with these Zones have been identified as necessary, required and/or desired for the orderly development of the properties to their full potential. As such, these Improvements would be necessary and required of individual property owners for the development of such properties and the ongoing operation, servicing and maintenance of these Improvements would be the financial obligation of those properties. Therefore, the Improvements and the annual costs of ensuring the maintenance and operation of the Improvements are of direct and special benefit to the properties.

The method of apportionment (method of assessment) is based on the premise that each of the assessed parcels within these Zones receives special benefit from the Improvements maintained and financed by the assessments. Specifically, the assessments associated with the Zones are for the maintenance of the Improvements installed as part of the original development of the parcels within the Zones. The desirability and security of properties within each Zone is enhanced by the close proximity of these amenities to those properties.

The annual assessments outlined in this Report are proposed to cover the estimated costs to provide all necessary service, operation, administration, and maintenance required to keep the Zone Improvements in a healthy, vigorous, and satisfactory condition.

The special benefits associated with these improvements are specifically:

- Enhanced desirability of properties through association with the improvements.
- Improved aesthetic appeal of properties within the Zones providing a positive representation of the area.
- Enhanced adaptation of the urban environment within the natural environment from adequate green space and landscaping.
- Environmental enhancement through improved erosion resistance, and dust and debris control.
- Increased sense of pride in ownership of property within the District resulting from well-maintained improvements associated with the properties.

- Reduced criminal activity and property-related crimes (especially vandalism) against properties in the District through well-maintained surroundings and amenities including abatement of graffiti.
- Enhanced environmental quality of the parcels within the Zones by moderating temperatures, providing oxygenation, and attenuating noise.

All of the preceding special benefits allowed the property to be developed for the enjoyment of the property owners and contribute to an ongoing specific enhancement and desirability of each of the assessed parcels within the Zones.

The improvements are for the special benefit, enhancement, and use of properties within the Zones. Although the improvements include public easements, rights-of-way, streets, and other amenities available or visible to the public at large, the construction and installation of these Improvements were only necessary for the development of properties within the Zones and were not required nor necessarily desired by any properties or developments outside the Zone's boundaries. Therefore, any public access or use of the Improvements by others is incidental and there is no measurable general benefit to properties outside the Zones or to the public at large. In making this determination, it should be noted that all parkway and perimeter landscaping within the City is both funded and maintained by a special district, individual property owners or through some type of association.

C. ASSESSMENT METHODOLOGY

To establish the special benefit to the individual lots and parcels within the District an Equivalent Benefit Unit ("EBU") system is used. The EBU method of apportioning benefit is typically seen as the most appropriate and equitable assessment methodology for districts formed under the Act, as the benefit to each parcel from the Improvements are apportioned as a function of land use type, size, and development. Acreage of common area parcels shall be apportioned to the remaining assessable parcels of a subdivision and/or parcel split(s) related to the creation of the common area parcel(s).

EBU Application Table

Land Use	EBU per Unit/Acre
Single Family Residential	1.00 per Unit
Multi-Family Residential	1.00 per Acre
Non-Residential	1.00 per Acre
Exempt	0.00 per Acre

1. Definitions and Formulas Related to the Product Type EBU Method

Single-Family Residential — This land use is defined as a fully subdivided residential parcel that is part of a final tract map.

Multi-Family Residential — This land use is defined as a residential parcel anticipated to have or has more than one residential unit.

Non-Residential — Parcels that are not considered Single Family Residential, Multi- Family Residential or Exempt.

Exempt Parcels — This land use identifies properties that are not assessed and are assigned 0.0 EBU per acre. This land use classification may include, but is not limited, to lots or parcels identified as public streets and other roadways (typically not assigned an APN by the County); dedicated public easements, open space areas, greenbelts, parkways, park properties and other publicly owned properties that are part of the District Improvements. These types of parcels are considered to receive little or no benefit from the Improvements and are therefore exempted from assessment.

2. Zone Benefit Formula

The benefit formula applied to parcels within each Zone is based on the preceding Equivalent Benefit Unit (EBU) Application Table. Each parcel's EBU correlates the parcel's special benefit received as compared to all other parcels benefiting from the Improvements.

The following formula is used to calculate the EBU for each parcel (proportional benefit).

Parcel Type EBU x Units/Acres = Parcel EBU

The total number of Equivalent Benefit Units (EBUs) is the sum of all individual EBUs applied to parcels within each Zone that receive a special benefit from the Improvements. An assessment amount per EBU (Assessment Rate) for each Zone is established by taking the total costs associated with the Zone's Improvements and dividing that amount by the total number of EBUs within each Zone of all parcels benefiting from those Improvements. This Rate is then applied back to each individual parcel based on their assigned EBUs to determine the parcel's proportionate special benefit and assessment obligation from those Improvements.

Zone Budget/ Total EBU = Assessment per EBU

Assessment per EBU x Parcel EBU = Maximum Parcel Assessment Amount

D. ASSESSMENT RANGE FORMULA

The purpose of establishing an Assessment Range Formula is to provide for reasonable increases and inflationary adjustment to annual assessments rather than initiating protest ballot proceedings to approve small increases in annual costs. This District provides for an annual adjustment to the Maximum Assessment Rate in an amount equal to three percent (3%).

The Maximum Assessment Rate is adjusted annually and is calculated independent of the District's annual budget and proposed annual assessment. Any proposed annual assessment rate (less than or equal to this Maximum Assessment Rate) is not considered an increased assessment, even if the proposed assessment is greater than the assessment applied in the prior fiscal year.

Although the Maximum Assessment Rate will increase each year, the actual assessment rate may go up and down as compared to the previous year(s). The Maximum Assessment Rate adjustment is designed to allow for the adjustment of the annual assessment for inflation in order to maintain the original purchasing power of the District budget. The Maximum Assessment Rate calculated each year does not require or facilitate an increase to the annual assessment and neither does it restrict assessments to the adjusted maximum amount. If the budget and assessment for the fiscal year do not require an increase, or the increase is less than the adjusted Maximum Assessment Rate, then the required budget and assessment may be applied without additional property owner balloting. If the budget and assessments calculated requires an increase greater than the adjusted Maximum Assessment Rate, then the assessment is considered an increased assessment and would be subject to Proposition 218 balloting requirements.

E. BASE MAXIMUM ASSESSMENT RATES

The base assessment rates and the annual inflationary adjustment to each Zone are listed in the table below:

Zone	Base Year	Base Year Maximum Assessment Rate per EBU	Annual Inflationary Adjustment (1)
Zone A	FY 2005/06	$296.65	3.00%
Zone D	FY 2005/06	$99.76	3.00%

(1) The Annual Inflationary Adjustment commences with the Fiscal Year 2006/2007 assessments.

III. DISTRICT BUDGET

A. FY 2026/27 BUDGET

DESCRIPTION	ZONE A Fund 2006	ZONE D Fund 2007
DIRECT COSTS		
Contract Maintenance - Landscaping	$29,997.72	$34,101.24
Contract Maintenance - Parks	4,227.12	0.00
Repair & Maintenance - Landscaping	25,750.00	11,330.00
Repair and Maintenance - Parks	6,500.00	0.00
Repair and Maintenance - Lighting	1,000.00	0.00
Repair & Maintenance - Tree Work	4,344.00	8,280.00
Utilities	46,168.10	25,410.00
Utilities – Telecom	0.00	200.00
Maintenance - Parks City Staff	15,637.00	0.00
Rehab Reserve Expenditures - Non-Routine Tree Work	7,000.00	3,250.00
Rehab Reserve Project Expenditures	40,000.00	7,800.00
Total Direct Costs	**$180,623.94**	**$90,371.24**
ADMINISTRATION COSTS		
City Administration	$4,220.00	$514.00
Contract Administration - Park's Dept	13,000.00	3,000.00
County Auditor Fees	1,721.12	821.32
Consulting & Professional Services	5,056.00	613.00
Public Hearing Publishing Costs	368.00	45.00
Total Administrative Costs	**$24,365.12**	**$4,993.32**
Total Direct and Administration Costs	**$204,989.06**	**$95,364.56**
BUDGET ADJUSTMENTS		
Replenishment/(Use) of Operating Reserve	$14,127.97	($2,181.38)
Contribution for /(Use of) Rehab Reserve	(47,000.00)	(11,050.00)
Rounding Adjustment	(4.97)	0.82
Total Adjustments	**($32,877.00)**	**($13,230.56)**
BALANCE TO LEVY	**$172,112.06**	**$82,134.00**

Fund balance information of each Zone is reported in Section C on the following page. The total balance to levy for the district is $254,246.06.

B. FY 2026/27 ASSESSMENT RATES

DESCRIPTION	ZONE A Fund 2006	ZONE D Fund 2007
FY 2026/27 ASSESSMENT DATA		
Total Assessable Parcels	358	468
Total Assessable Acreage	530.8045	n/a
Total Assessable Units	186	468
Total Equivalent Benefit Units (EBUs)	**716.8045**	**468.0000**
Assessment Rates per Equivalent Benefit Unit (EBU)		
Assessment Rates to be Applied per EBU	$240.11	$175.50
Maximum Assessment Rates per EBU	$551.86	$185.58
Potential Maximum Assessment Per Zone	**$395,573.14**	**$86,852.84**

C. FY 2026/27 FUND BALANCE INFORMATION

DESCRIPTION	ZONE A Fund 2006	ZONE D Fund 2007
OPERATING RESERVE		
Beginning Operating Reserve Balance 7-1-2026 (est.)	**$102,569.55**	**$50,532.02**
add: Replenishment from FY 2026/27 Levy	26,385.55	
less: Use for FY 2026/27 Expenses	(12,257.58)	(2,181.38)
Transfer from/(to) the Rehab Reserve	(26,385.55)	(3,165.02)
Ending Operating Reserve Balance 6-30-2027 (est.)	**$90,311.97**	**$45,185.62**
REHABILITATION RESERVE		
Beginning Rehab Reserve Balance 7-1-2026 (est.)	**$242,828.45**	**$47,889.98**
add: Collect from FY 2026/27 Levy		
less: Use for FY 2026/27 Rehab Projects	(47,000.00)	(11,050.00)
Transfer from/(to) the Operating Reserve	26,385.55	3,165.02
Ending Rehab Reserve Balance 6-30-2027 (est.)	**$222,214.00**	**$40,005.00**

D. DESCRIPTION OF BUDGET ITEMS

Description of the terms used in the preceding Budget, Assessment Rates and Fund Balance tables are listed below:

BUDGET:

DIRECT COSTS

Contract Maintenance - Landscaping – Includes all regularly scheduled contract labor, materials, supplies, and equipment required to properly maintain and ensure the satisfactory condition or maintenance of all landscaping improvements,

irrigation, and related drainage systems, as well as maintenance of appurtenant facilities (the “improvements”). The costs to maintain improvements within the District’s entryway areas are not included in this amount.

Contract Maintenance – Parks - Includes all regularly scheduled contract labor, materials, supplies, and equipment required to properly maintain and ensure the satisfactory condition or maintenance of park improvements, as well as maintenance of appurtenant facilities (the “improvements”).

Repair & Maintenance – Landscaping – Projected costs for repairs and/or maintenance of landscaping improvements. This would include work and materials not covered under contract maintenance.

Repair & Maintenance – Parks - Projected costs for repairs and/or maintenance of park improvements. This would include work and materials not covered under contract maintenance such as repair of damaged amenities due to vandalism, storms, etc.

Repair & Maintenance – Lighting - This line item includes bulb replacement together and general maintenance together with repairs that are generally unforeseen.

Repair & Maintenance – Tree Work - This line item includes annual costs for tree maintenance not included in the annual contract maintenance portion of the budget. If zero, this line item may not be shown in the budget.

Utilities - The furnishing of water and electricity required for the operation and maintenance of the improvements.

Utilities Telecom – connectivity services required for the operation of certain improvements.

Rehab Reserve Expenditures - Non-Routine Tree Work – Expected costs to maintain trees other than costs of annual repair and maintenance. If zero, this line item may not be shown in the budget.

Rehab Reserve Project Expenditures – Expected costs for installation, replacement, or planned upgrades of District improvements for the current year that were previously funded or accumulated in the Rehabilitation Reserve. The Rehabilitation Reserve is used to accumulate funds for costs associated with the future rehabilitation or replacement of District improvements that cannot be conveniently raised from a single year’s assessment. If zero, this line item may not be shown in the budget.

ADMINISTRATION COSTS

City Administration – Estimated costs incurred by the City Finance Department and other departments in preparing the annual budget for the Engineer's Report, together with other financial information required to determine the annual assessment. These costs would also include the preparation, posting and publishing of public notices required for City Council action relating to the District, as well as costs to perform legal review of documents.

Contract Administration – Parks Dept – Estimated costs of the Parks, Recreation and Libraries Department ("Parks Department") to coordinate and oversee the maintenance contracts and overall repair and maintenance of the District. This amount also includes the cost of the Parks Department's estimates and analysis of certain budget items, estimated costs and useful lives of certain District Improvements.

County Auditor Fees - A fee of 1% of the total levy amount that is charged to the District by the County for placing assessments on property tax bills.

Consulting and Professional Services – Includes the costs and expenses of contracting with various professionals to provide legal, engineering and district administration services directly related to the District, including the calculation of the annual assessment amounts and the preparation of the Engineer's' Report.

Public Hearing Publishing Costs –Includes the out-of-pocket costs to publish public notices required for City Council action relating to the District.

Total Direct and Administration Costs – The total expected costs of the District.

BUDGET ADJUSTMENTS

Replenishment/(Use) of Operating Reserve – A "Replenishment" increases the levy in order to replenish the Operating Reserve. On the other hand, a "Use" of the Operating Reserve decreases the levy by drawing funds from the Operating Reserve for current year expenditures. If zero, this line item may not be shown in the budget. Further information regarding the function of the Operating Reserve is provided under "FUND BALANCE INFORMATION" in the following pages of this Section.

Contribution for / (Use of) Rehab Reserve — A "Contribution" increases the levy in order to generate funding for the Rehabilitation Reserve. This reserve allows for the accumulation of funds for possible rehabilitation projects or replacements in future years. On the other hand, a "Use of" of the Rehabilitation Reserve provides current year funding of rehabilitation projects or replacements from available funds within the Rehabilitation Reserve. If zero, this line item may not be shown in the budget. Further information regarding the function of the Rehabilitation Reserve is

provided under “FUND BALANCE INFORMATION” in the following pages of this Section.

Rounding Adjustment – The necessary rounding adjustment(s) due to limitations of the County property tax system that requires even penny levy amounts to be placed on the secured tax roll.

BALANCE TO LEVY - This is the total amount to be levied and collected through assessments for the current fiscal year for each zone. The Balance to Levy represents the sum of the total District costs together with any applicable adjustments to the budget as described above.

ASSESSMENT RATES:

Total Assessable Acreage - The total acreage within each zone expected to be assessed in the current fiscal year.

Total Assessable Units - The total number of assessable single-family units within each zone expected to be assessed in the current fiscal year.

Total Equivalent Benefit Units (“EBUs”) - Total assessable EBUs within the District for the current fiscal year. Each assessable parcel is assigned EBUs as shown in Section II C of this Report.

Applied Assessment Rate per Equivalent Benefit Unit (EBU) - The assessment rate per EBU to be applied to the applicable Zone for the current fiscal year.

Maximum Assessment Rate per Equivalent Benefit Unit (EBU) - The maximum assessment rate per EBU that can be applied to the applicable Zone for the current fiscal year.

Potential Maximum Assessment Per Zone – The total amount that can be assessed to all parcels within each Zone for the current fiscal year based upon the expected number of assessable units and acres.

FUND BALANCE INFORMATION:

OPERATING RESERVE

Beginning Operating Reserve Balance 7-1-2026 (est.) - The anticipated beginning balance of cash and receivables net of any unpaid prior year obligations for each Zone. These beginning balances shall be used to fund each Zone’s expenditures from July 1, 2026 to December 31, 2026, as the Operating Reserve is required to compensate for the approximate six-month delay between the start of the District’s fiscal year and the receipt of the collections from the County. All

Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

Replenish from FY 2026/27 Levy – This amount is added to the FY 2026/27 levy in order to replenish the Operating Reserve. Due to the six-month delay from the District's receipt of assessment collections, the Operating Reserve balance shall be sufficiently funded to provide for expenditures from July 1, 2026 (the beginning of the Fiscal Year) through December 31, 2026. If zero, this line item may not be shown in the budget.

Use for FY 2026/27 Expenses – The amount of the Operating Reserve to be used to fund FY 2026/27 expenses. Portions of the Operating Reserve may be slated for current year expenditures in order to reduce the Ending Operating Reserve Balance to an amount no greater than the expected District costs for the period of July 1, 2026 (the beginning of the Fiscal Year) through December 31, 2026. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Rehab Reserve — The amount of Operating Reserve monies to be transferred to or from the Rehabilitation Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Parks Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Operating Reserve Balance 6-30-2027 (est.) - This amount represents the anticipated Operating Reserve balance/(deficit) for each Zone as of June 30, 2027. The size of each Zone's Operating Reserve is limited by Streets and Highways Code 22569 which states that an Operating Reserve shall not exceed the estimated costs of maintenance, service and incidental expenses from the first day of the fiscal year (July 1) to the date that the Agency expects to receive the first apportionment of collections from the County, which is estimated to be December 31. Therefore, each Zone may retain an Operating Reserve amounting to the District's first six-months of expenses in order to meet ongoing obligations until the first collections are received from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

REHABILITATION RESERVE

Beginning Rehab Reserve Balance 7-1-2026 (est.) — The projected balance of funds in the Rehabilitation Reserve as of July 1, 2026. Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

Collect from FY 2026/27 Levy — This amount is added to the FY 2026/27 levy to accumulate funding of future year rehabilitation projects, replacements, restorations or upgrades of District improvements. If zero, this line item may not be shown in the budget.

Use for FY 2026/27 Rehab Projects – The amount of Rehabilitation Reserve monies expected to be transferred out of the Rehabilitation Reserve to fund the costs of installation, replacement, or planned upgrades of District improvements for the current year. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Operating Reserve — The amount of Rehabilitation Reserve monies to be transferred to or from the Operating Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Parks Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Rehab Reserve Balance 6-30-2027 (est.) - The projected balance of funds in the Rehabilitation Reserve as of June 30, 2027. These funds shall be used to provide for future year rehabilitation projects, replacements, restorations, or upgrades of District improvements which cannot be conveniently raised from a single year's assessment.

Should the District have no Rehabilitation Reserve or related activity, the Rehabilitation Reserve information may not be presented in the Report.

E. REHABILITATION RESERVE – CAPITAL IMPROVEMENT PLAN

Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

The Report provides a five-year Capital Improvement Plan ("CIP") which shows projected expenditures by Zone related to the rehabilitation, restoration and/or replacement of District improvements, and other allowable costs. The Current Fiscal Year CIP is shown in the preceding Budget Section A. The projected CIP costs for the remaining four years are shown in the table below.

Zone A

Description	FY 2027-28	FY 2028-29	FY 2029-30	FY 2030-31	4 Year Total
Stone wall repair and medians	$5,000	$1,000	$1,000	$500	$7,500
Rehabilitate Sculpture Park	2,000	1,550	19,000	0	22,550

Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Parks Department, in order to provide for the maintenance and operation of the improvements.

APPENDIX A – DISTRICT BOUNDARY MAP

The boundary map for the District has previously been submitted to the Clerk of the City in the format required under the Act and is, by reference, hereby made part of this Report. These District Boundary Maps are available for inspection at the office of the City Clerk during normal business hours.

For general reference purposes, a rendering of the District's Boundaries is presented herein.

APPENDIX B — FY 2026/27 ASSESSMENT ROLL

Parcel identification, for each lot or parcel within the District, shall be the parcel as shown on the Placer County Assessor's map for the year in which this Report is prepared.

A listing of parcels to be assessed within this District, along with the proposed assessment amounts, may be submitted to the City Clerk, under a separate cover, and by reference is made part of this Report.

Non-assessable lots or parcels may include areas of public streets and other roadways (typically not assigned an APN by the County); dedicated public easements, open space areas and rights-of-way, including public greenbelts and parkways; utility rights-of-way; small parcels vacated by the County, bifurcated lots, and other property that cannot be developed, excepting common area parcels. These types of parcels are considered to receive little or no benefit from the improvements and are therefore exempt from assessment.

At the conclusion of the public hearing for the District and the proposed assessments, approval of the Report (as submitted or as modified) confirms the method of apportionment and the assessment rate to be levied against each eligible parcel and thereby constitutes the approved levy and collection of assessments for FY 2026/27. The listing of parcels and the amount of assessment to be levied shall be submitted to the County Auditor/Controller and included on the FY 2026/27 property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved in this Report. Therefore, if a single parcel has changed to multiple parcels, the assessment amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.

RESOLUTION NO. 26-190

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, AMENDING AND/OR APPROVING THE ENGINEER'S ANNUAL LEVY REPORT FOR THE RIVERSIDE AVENUE LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2026/2027

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, the City Council has, by previous Resolutions, ordered the preparation of the Engineer's Annual Levy Report (hereafter referred to as the "Report") for said district known and designated as the: **Riverside Avenue Landscaping and Lighting District** (hereinafter referred to as the "District"), pursuant to the provisions of the *Landscaping and Lighting Act of 1972, being Part 2 Division 15, of the Streets and Highways Code of the State of California*, *beginning with Section 22500* (hereinafter referred to as the "Act"); and

WHEREAS, there has now been presented to this City Council the Report as required by *Chapter 3, Section 22623* of the Act, and as previously directed by Resolution; and

WHEREAS, this City Council has carefully examined and reviewed the Report as presented (or amended), and is satisfied with each and all of the items and documents as set forth therein, and is satisfied that the levy has been spread in accordance with the benefits received from the improvements, operation, maintenance and services to be performed, as set forth in said Report; and

WHEREAS, pursuant to Proposition 218, balloting of property owners is required for annual rate increases. The District's property owner ballots included an assessment rate to be approved within the District, as well as the approval of an assessment range formula for the District which provides for annual rate increases; and

WHEREAS, the maximum assessment rate for Fiscal Year 2026/2027 shown in the Report is not proposed to be increased above the duly approved rate after applying the annual increases allowed by the assessment range formula; and

WHEREAS, mailed notices and Assessment Ballots are not required if assessments are not increased above the approved maximum assessment rates after applying the approved annual rate increases.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR THE RIVERSIDE AVENUE LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:

Section 1 That the above recitals are all true and correct.

Section 2 That the Report as presented is hereby approved (as amended) and is ordered to be filed in the Office of the City Clerk as a permanent record and to remain open to public inspection.

Section 3 That the City Clerk shall certify to the passage and adoption of this Resolution and the minutes of this meeting shall so reflect the presentation of and final approval of the Report.

RESOLUTION NO. 26-191

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN THE RIVERSIDE AVENUE LANDSCAPING AND LIGHTING DISTRICT, FOR FISCAL YEAR 2026/2027

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, the City Council of the City of Roseville, California, has, by previous Resolutions, initiated proceedings and declared its intention to levy assessments, and approved the Engineer's Annual Levy Report (hereinafter referred to as the "Engineer's Report") that describes the assessments against parcels of land within the **Riverside Avenue Landscaping and Lighting District** (hereinafter referred to as the "District") for the Fiscal Year commencing July 1, 2026, and ending June 30, 2027, pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code*, *commencing with Section 22500* (hereinafter referred to as the "Act") to pay for the maintenance and servicing of all improvements and facilities related thereto; and

WHEREAS, the Engineer selected by the City Council has prepared and filed with the City Clerk, and the City Clerk has presented to the City Council, an Engineer's Report in connection with the levy and collection of assessments upon eligible parcels of land within the District, and the City Council did by previous Resolution approve such Engineer's Report; and

WHEREAS, the City Council desires to levy and collect assessments against parcels of land within the District for the Fiscal Year commencing July 1, 2026, and ending June 30, 2027, to pay for the maintenance and servicing of all improvements and facilities related thereto; and

WHEREAS, the Auditor-Controller of Placer County (the "County") is requested to attach each District assessment onto the County Assessment Roll for collection; and

WHEREAS, the County of Placer requires the payment of the County's collection fee for placing the direct charge assessments onto the County Assessment Roll and collection thereof; and

WHEREAS, the City Council and its legal counsel have reviewed Proposition 218 and found that these assessments comply with applicable provisions of Articles XIIIC and XIIID of the California Constitution; and

WHEREAS, the City has previously delivered to the County an agreement to indemnify the County in connection with the legality of the District assessments placed onto the County Assessment Roll, if challenged.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR THE RIVERSIDE AVENUE LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:

Section 1 That the above recitals are true and correct.

Section 2 Following notice duly given, the City Council has held a full and fair Public Hearing regarding the District, the proposed landscaping and lighting improvements, the levy and collection of assessments, the Engineer's Report prepared in connection therewith, and considered all testimony, written statements, and communications made or filed by interested persons regarding these matters.

Section 3 Based upon its review (and amendments, as applicable) of the Engineer's Report, a copy of which has been presented to the City Council, and which has been filed with the City Clerk, the City Council hereby finds and determines that:

i) the land within the District will be benefited by the operation, maintenance and servicing of the improvements located within the boundaries of the District; and

ii) the District includes all of the lands receiving such special benefit; and

iii) the net amount to be assessed upon the lands within the District in accordance with the assessment for the Fiscal Year commencing July 1, 2026, and ending June 30, 2027 is apportioned by a formula and method which fairly distributes the net amount among all eligible parcels in proportion to the estimated special benefits to be received by each parcel from the improvements and services.

Section 4 The estimated costs of improvements, the assessment diagram, the assessments and all other matters as set forth in the Engineer's Report as presented to the City Council and on file in the Office of the City Clerk are hereby approved, adopted and confirmed.

Section 5 The maintenance, operation, and servicing of the improvements and appurtenant facilities shall be performed pursuant to the Act. The City Council hereby orders the proposed improvements to be made, which improvements are briefly described as follows: the maintenance and operation of, and the furnishing of services and materials for, lighting, landscaping, and irrigation systems; streetscape and hardscape improvements; monuments; landmark and gateway features; bulb-outs; paving; walls; fencing; signage; safety lights; security lights; ornamental lighting; public street lights; masonry walls; retaining walls; sidewalks; and other public improvements within the street rights-of-way and appurtenant facilities, including, but not limited to, irrigation systems and drainage improvements within the District. Streetscape improvements include, but are not limited to, street furniture, bike racks, entry signs, banners, trash receptacles, and transit facilities. Landscaping includes, but is not limited to, ground cover, shrubs, plants, trees, and other vegetation. The Report describes any new improvements or substantial changes in existing improvements.

Section 6 The Auditor-Controller of the County of Placer shall enter on the County Assessment Roll opposite each eligible parcel of land the amount of the levy so apportioned by the formula and method outlined in the Engineer's Report, and such levies shall be collected at the same time and in the same manner as County taxes are collected, pursuant to *Chapter 4, Article 2, Section 22646* of the Act. After collection by the County, the net amount of the levy shall be paid to the City Treasurer.

Section 7 The City agrees to cause the District to pay the applicable Placer County annual collection fee at the rate of 1% of the assessment amount placed upon the County Assessment Roll or at the rate in effect for the applicable Fiscal Year if updated.

Section 8 The City Treasurer shall deposit all money representing assessments collected by the County for the District to the credit of a fund for the District and such money shall be expended only for the maintenance, operation and servicing of the landscaping, lighting and appurtenant facilities, together with other expenses as described in the Engineer's Report.

Section 9 The adoption of this Resolution constitutes the District levy for the Fiscal Year commencing July 1, 2026, and ending June 30, 2027.

Section 10 The City Clerk's designee, Willdan Financial Services, is hereby authorized and directed to file the levy with the County Auditor subsequent to the adoption of this Resolution, pursuant to Chapter 4, Article 1, Section 22641 of the Act. The City Clerk is directed to cause a certified copy of this adopted Resolution to be delivered to Willdan Financial Services within two weeks of adoption, or shortly thereafter.

ENGINEER'S REPORT AFFIDAVIT

Establishment of Annual Rates and Charges for the:

Riverside Avenue
Landscaping and Lighting District

City of Roseville

Placer County, State of California

This Report describes the District and any relevant zones therein, including the improvements, budgets, parcels and assessments to be levied for Fiscal Year 2026/27 as they existed at the time of the passage of the Resolution of Intention. Reference is hereby made to the Placer County Assessor's maps for a detailed description of the lines and dimensions of parcels within the District. The undersigned respectfully submits the enclosed Report as directed by the City Council.

Dated this 7th day of May, 2026.

APPENDIX B — FY 2026/27 ASSESSMENT ROLL 20

I. OVERVIEW

A. INTRODUCTION

The City of Roseville ("City") annually levies and collects special assessments in order to maintain the improvements within the Riverside Avenue Landscaping and Lighting District ("District"). The District was formed in January of 2007 and is levied annual assessments pursuant to *the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code* ("1972 Act").

The Engineer's Report ("Report") describes the District, any new annexations, changes to the District, and the proposed assessments for the period of July 1, 2026 through June 30, 2027. The special benefit assessments are based on historical and estimated costs to maintain the District improvements. These assessments, which provide a direct and special benefit to properties within the District, will provide funding for the operation and maintenance of District improvements.

The word "parcel," for the purposes of this Report, refers to an individual property assigned its own Assessor's Parcel Number ("APN") by the Placer County Assessor's Office. The Placer County Auditor/Controller uses Assessor's Parcel Numbers and specific Tax Code Accounts, to identify on the County's tax roll, properties assessed for special district benefit assessments.

Following approval of the Report, the City Council will, by resolution, order the improvements to be made and confirm the levy and collection of assessments herein pursuant to the 1972 Act. The assessment rates and method of apportionment described in this Report as approved or modified by the City Council define the assessments to be applied to each parcel within the District for Fiscal Year ("FY") 2026/27. The assessments as approved will be submitted to the Placer County Auditor/Controller to be included on the property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the Current Fiscal Year, a corrected parcel number and/or new parcel number will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved by the City Council.

B. COMPLIANCE WITH CURRENT LEGISLATION

The City Council, pursuant to the provisions of the "Landscaping and Lighting Act of 1972", being Division 15, Part 2 of the Streets and Highways Code of the State of California, beginning with Section 22500 (the "1972 Act"); Article XIIID of the Constitution of the State of California ("Article XIIID"); and the Proposition 218 Omnibus Implementation Act, beginning with Government Code Section 53750 (the "Implementation Act") (the 1972 Act, Article XIIID and the Implementation Act are referred to collectively as the "Assessment Law") initiated proceedings for the

formation of the District on November 15, 2006 and to levy and collect annual assessments against lots and parcels within the District for FY 2007/08. On January 17, 2007, pursuant to Assessment Law, the City conducted a Public Hearing and tabulated the returned ballots. The City determined that a majority protest did not exist and approved the District's maximum assessment rate and annual inflationary adjustment factor.

Pursuant to the 1972 Act, an annual Public Hearing is conducted by the City Council to accept property owner and public comments, to review the Engineer's Annual Levy Report prior to approving the annual assessments to be levied on the County tax rolls. The assessments described in this Report have been prepared in accordance with the 1972 Act and Assessment Law.

C. DESCRIPTION OF DISTRICT BOUNDARIES

The proposed territory within the District consists of all lots, parcels and subdivisions of land as shown on the Boundary Map titled "Boundary Map of Riverside Avenue Landscaping and Lighting District" contained within this report in Appendix A-1.

The District is bounded by Douglas Boulevard to the north, Darling Way to the south and includes parcels that front Riverside Avenue. It is centrally located between Interstate 80 and Downtown Roseville and is east of the Union Pacific Railroad.

The District currently has a mix of different types of land uses including automotive related retail and car lots, community/neighborhood retail, offices, services, and residential units.

D. IMPROVEMENTS AUTHORIZED BY THE 1972 ACT

As applicable or may be applicable to a proposed District, the 1972 Act defines improvements to mean one or any combination of the following:

- The installation or planting of landscaping.
- The installation or construction of statuary, fountains, and other ornamental structures and facilities.
- The installation or construction of public lighting facilities.
- The installation or construction of any facilities which are appurtenant to any of the foregoing, or which are necessary or convenient for the maintenance or servicing thereof, including, but not limited to, grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities.
- The maintenance or servicing, or both, of any of the foregoing.
- The acquisition of any existing improvement otherwise authorized pursuant to this section.

Incidental expenses associated with the improvements including, but not limited to:

- The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;
- The costs of printing, advertising, and the publishing, posting, and mailing of notices;
- Compensation payable to the County for collection of assessments;
- Compensation of any engineer or attorney employed to render services;
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
- Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5.
- Costs associated with any elections held for the approval of a new or increased assessment.

The 1972 Act defines "Maintain" or "maintenance" to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including:

- Repair, removal, or replacement of all or any part of any improvement.
- Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.
- The removal of trimmings, rubbish, debris, and other solid waste.
- The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

Furthermore, the 1972 Act specifies that where the cost of improvements (other than maintenance and operations) is greater than can be conveniently raised from a single annual assessment, an assessment to be levied and collected in annual installments. In that event, the governing body may choose to do any of the following:

- Provide for the accumulation of the moneys in an improvement fund until there are sufficient moneys to pay all or part of the cost of the improvements.
- Provide for a temporary advance to the improvement fund from any available and unencumbered funds of the local agency to pay all or part of the cost of the improvements and collect those advanced moneys from the annual installments collected through the assessments.
- Borrow an amount necessary to finance the estimated cost of the proposed improvements. The amount borrowed, including amounts for bonds issued to finance the estimated cost of the proposed improvements.

E. DESCRIPTION OF THE IMPROVEMENTS AND MAINTENANCE

The District, through the levy of special assessments, is to provide funding for ongoing maintenance, operation and servicing of landscaping and lighting improvements located within the public rights-of-ways and dedicated easements located within the District. These improvements may include, but are not limited to, all materials, equipment, utilities, labor, and appurtenant facilities related to the ongoing maintenance of the improvements. The improvements to be maintained and services are generally described as follows:

Landscaping Improvements

The general landscaping improvements in the District are to be consistent with the improvements on Vernon Street located north of the District, which intersects Riverside Avenue. As a gateway to downtown Roseville, Riverside Avenue's compatibility with Vernon Street links the downtown area and Riverside Gateway area together.

The landscaping improvements have been designed to enhance the area within the District and may include, but are not limited to ground cover, shrubs and plants, trees, irrigation and drainage systems, ornamental lighting, masonry walls or other fencing, hardscape improvements, monuments and landmarks, mid-block bulbs, bulb-outs, and associated appurtenant located within the street rights-of-way and public areas within the District. Specifically, the proposed landscape improvement areas for this District are:

- Landscaping and hardscape improvements within the public rights-of-way of the streets within the District including, but not limited to, Riverside Avenue including the corners of Riverside Avenue and Second Street, Third Street, Fourth Street, Fifth Street, Sixth Street, Darling Way, Fern Street, Cherry Street, and Bonita Street.
- Decorative banners along Riverside Avenue.
- Transit facilities include bus stop seating and decorative shelters.
- Roundabout improvements including plantings, paving, and landmark feature located at the intersection of Vernon St., Douglas Blvd., and Riverside Ave.
- A Gateway feature located at the intersection of Darling Way and Riverside Avenue.
- Various amenities associated with the landscape improvements and public areas within the District, including, but not limited to, trash receptacles, street furniture, bike racks, entry signs, sidewalks, fencing, and retaining walls.

Specifically, not included as District improvements are those improvements located on private property, improvements and facilities that are outside the boundaries of the District and/or area funded by other sources available to the City.

Public Lighting Improvements

The lighting improvements may include, but are not limited to, the cost of providing, maintaining, and servicing of lighting fixtures, poles, meters, conduits, electrical cable, and associated appurtenant facilities associated with:

- Lighting facilities within the landscaped areas and public areas including safety lights, security lights or ornamental lights installed as part of the District improvements; and
- Public street light improvements located on the streets within the District. Specifically excluded from the assessment are the street light energy costs. These costs are to be paid for by the City from other revenue sources.

Detailed maps and descriptions of the location and extent of the specific improvements to be maintained by the District are on file in the Office of Public Works and by reference are made part of this Report.

Description of Maintenance and Services

Maintenance means the furnishing of services and materials for the ordinary and usual maintenance, operation and servicing of landscaping and street lighting improvements facilities and appurtenant facilities, including repair, removal or replacement of all or part of any of the landscaping and street lighting improvements, or appurtenant facilities; providing for the life, growth, health and beauty of landscaping improvements including cultivation, irrigation, trimming, mowing, spraying, fertilizing and treating for disease or injury; the removal of trimmings, rubbish, debris and other solid waste; and the cleaning sandblasting, and painting of walls and other improvements to remove or cover graffiti.

Servicing means the furnishing of water and electricity for the irrigation of the landscape improvements or appurtenant facilities and the furnishing of electric current or energy for the operation of the landscaping improvements or appurtenant facilities. The street lighting improvements shall be maintained to provide adequate illumination; however, the City will be paying the actual energy costs of the streetlights.

II. METHOD OF APPORTIONMENT

A. GENERAL

The Implementation Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements, which include the construction, maintenance, and servicing of landscaping improvements, streetlights, and traffic signals.

Streets and Highways Code Section 22573 requires that maintenance assessments be levied according to benefit rather than the assessed value.

> *"The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements."*

In addition, Article XIIID and the Implementation Act require that a parcel's assessment may not exceed the reasonable cost for the proportional special benefit conferred to that parcel. Article XIIID and the Implementation Act further provides that only special benefits are assessable, and the City must separate the general benefits from the special benefits. They also require that publicly owned properties that specifically benefit from the improvements be assessed.

B. SPECIAL BENEFIT ANALYSIS

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIIID addresses several key criteria for the levy of assessments, notably:

Article XIIID Section 2d defines District as follows:

"District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service;"

Article XIIID Section 2i defines Special Benefit as follows:

"Special benefit" means a particular and distinct benefit over, and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute "special benefit."

Article XIIID Section 4a defines proportional special benefit assessments as follows:

"An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified

parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel."

This District was formed to establish and provide for the improvements that enhance the presentation of the surrounding properties and developments. These improvements will directly benefit the parcels to be assessed within the District. The assessments and method of apportionment is based on the premise that the assessments will be used to construct and install landscape and lighting improvements within the District as well as provide for the annual maintenance of those improvements, and the assessment revenues generated by District will be used solely for such purposes.

The costs of the proposed improvements have been identified and allocated to properties within the District based on special benefit. The improvements to be provided by this District and for which properties will be assessed have been identified as an essential component and local amenity that provides a direct reflection and extension of the properties within the District which the property owners and residents have expressed a high level of support.

The method of apportionment (method of assessment) set forth in the Report is based on the premise that each assessed property receives special benefits from the landscape and lighting improvements within the District, and the assessment obligation for each parcel reflects that parcel's proportional special benefits as compared to other properties that receive special benefits.

To identify and determine the proportional special benefit to each parcel within the District, it is necessary to consider the entire scope of the improvements provided as well as the properties that benefit from those improvements. The improvements and the associated costs described in this Report have been carefully reviewed and have been identified and allocated based on a benefit rationale and calculations that proportionally allocate the net cost of only those improvements determined to be of special benefit to properties within the District. The various public improvements and the associated costs have been identified as either "general benefit" (not assessed) or "special benefit."

Proper maintenance and operation of parkway landscaping and streetlights provides special benefit to adjacent properties by providing community character, security, safety, and vitality. In addition, these improvements will enhance the ability of property owners to attract and maintain customers as well as increase the viability of commercial development.

Landscaping Special Benefit

Landscaping and appurtenant facilities, if well maintained, provide beautification, shade, and enhancement of the desirability of the surroundings, and therefore increase property value. Specifically, they provide a sense of ownership and a common theme in the community providing aesthetic appeal and increased desirability of properties.

Landscaping provides special benefit to those developments that are directly adjacent to the public streets.

Landscaping General Benefit

The Improvements were installed to directly benefit the property owners in the District to enhance business and development opportunities. Therefore, it has been determined that there are no general benefits associated with the landscaping improvements.

Lighting Special Benefit

The operation, maintenance and servicing of lighting along local streets and arterial streets of a development provide the following special benefits:

- Improved security of lots and parcels along the perimeter of the development;
- Improved nighttime visibility for the local access of emergency vehicles; and
- Improved safety and traffic circulation to and from parcels.

Street Lights General Benefit

Similar to the landscaping improvements described above, the Improvements were installed to directly benefit the property owners in the District to enhance business and development opportunities. Therefore, it has been determined that there are no general benefits associated with lighting improvements.

C. ASSESSMENT METHODOLOGY

To establish the special benefit to the individual parcels within the District, a formula that spreads the costs of the maintenance based on the special benefit must be established. The improvements have been reviewed and a formula has been established to apportion the maintenance costs based on benefit.

The method of assessment is based on the front footage of each parcel located within the District. The parcel's Front Footage was determined based on Assessor Parcel maps or other sources. Only Front Footage on Riverside Avenue was used.

Based on the above formula, the FY 2007/08 maximum assessment rate approved on January 17, 2007 through a property owner balloting (the "Initial

Assessment Rate" or the "Base Year Maximum Assessment Rate") is $6.45 per each foot of frontage.

The following formulas were used to first calculate the District's Initial Assessment Rate and then each parcel's FY 2007/08 assessment (proportional benefit):

Step 1:

Balance to Levy ÷ Total Front Footage =
Maximum Front Footage Rate

Step 2:

Parcel Front Footage x Maximum Front Footage Rate =
Maximum Assessment

The Total Front Footage was the sum of all the Front Feet within the District. The Initial Assessment Rate per Front Foot was established by taking the total cost of improvements (Balance to Levy) and dividing that amount by the Total Front Footage within the District. The Initial Assessment Rate per Front Foot, which is also the FY 2007/08 Maximum Front Footage Rate, is then applied back to each individual parcel's Front Footage to determine the parcel's proportionate special benefit and assessment obligation (The FY 2007/08 Maximum Assessment).

D. ASSESSMENT RANGE FORMULA

The purpose of establishing an Assessment Range Formula is to provide for reasonable increases and inflationary adjustment to annual assessment rates without requiring the District to go through the requirements of Proposition 218 in order to get a small increase in assessments. This District provides for an annual adjustment to the Maximum Assessment Rate of the lesser of the percentage change in the area's Local Consumer Price Index for All Urban Consumers, which is currently the San Francisco-Oakland-Hayward Consumer Price Index for All Urban Consumers (the "CPI") or three percent (3%) (the "Escalation Percentage"). The CPI in this adjustment shall be determined through CPI data from the Bureau of Labor Statistics from December to December, beginning with the period from December 2006 to December 2007.

In applying this year's inflationary adjustment, the Escalation Percentage will increase the FY 2026/27 maximum assessment rate by 3.00% over that of the prior year.

The Assessment Range Formula shall be applied to all future assessments within the District beginning in fiscal year 2008/09. Generally, if the proposed annual assessment rate for the current fiscal year is less than or equal to the calculated Maximum Assessment Rate, then the proposed annual assessment is not considered an increased assessment. The Maximum Assessment Rate is equal to the FY 2007/08 Maximum Assessment Rate, which was approved on January 17, 2007 through a property owner balloting (the “Initial Assessment Rate” or “Base Year Assessment Rate”) and adjusted annually by the Escalation Percentage.

Beginning in the second fiscal year (Fiscal Year 2008/09) and each fiscal year thereafter, the Maximum Assessment Rate would be recalculated, and a new Maximum Assessment Rate established within the District.

The Maximum Assessment Rate is adjusted annually and is calculated independent of the District’s annual budget and proposed annual assessment. Any proposed annual assessment is not considered an increased assessment, even if the proposed assessment is greater than the assessment applied in the prior fiscal year.

Although the Maximum Assessment Rate will increase each year, the actual assessment rate may remain unchanged. The Maximum Assessment Rate adjustment is designed to establish a reasonable limit on assessments. The Maximum Assessment Rate calculated each year does not require or facilitate an increase in the annual assessment rate and neither does it restrict assessments to the adjusted maximum amount. If the budget and assessment for the fiscal year do not require an increase, or the increase is less than the adjusted Maximum Assessment Rate, then the required budget and assessment may be applied without additional property owner balloting. If the budget and assessments calculated requires an increase greater than the adjusted Maximum Assessment, then the assessment is considered an increased assessment and would be subject to balloting.

III. DISTRICT BUDGET

A. FY 2026/27 BUDGET

DESCRIPTION	AMOUNT (FUND 2023)
DIRECT COSTS	
Contract Maintenance - Landscaping	$7,453.08
Repair & Maintenance - Landscaping	9,000.00
Repair & Maintenance - Lighting	1,500.00
Repair and Maintenance - Streetscape and Signage	4,000.00
Repair and Maintenance - Tree Work	2,256.00
Utilities	10,000.00
Rehab Reserve Expenditures - Non-Routine Tree Work	1,850.00
Rehab Reserve Expenditures	25,000.00
Total Direct Costs	**$61,059.08**
ADMINISTRATION COSTS	
City Administration	$1,001.00
Contract Administration - Park's Dept	1,738.00
County Auditor Fees	515.51
Consulting & Professional Services	4,365.00
Public Hearing Publishing Costs	392.00
Total Administrative Costs	**$8,011.51**
Total Direct and Administration Costs	**$69,070.59**
BUDGET ADJUSTMENTS	
Replenishment/(Use) of Operating Reserve	$9,330.05
Contribution for /(Use of) Rehab Reserve	(26,850.00)
Rounding Adjustment	(1.20)
Total Adjustments	**($17,521.15)**
BALANCE TO LEVY	**$51,549.44**

Fund balance information is reported in Section C on the following page.

B. FY 2026/27 ASSESSMENT RATES

DESCRIPTION	AMOUNT (FUND 2023)
FY 2026/27 ASSESSMENT DATA	
Number of Assessable Parcels	76
Total Assessable Front Footage	4,979.76
Assessment Rates	
Applied Assessment Rate per each Foot of Frontage	10.35179
Maximum Assessment Rate per each Foot of Frontage	10.35203
Potential Maximum Assessment	**$51,550.65**

C. FY 2026/27 FUND BALANCE INFORMATION

DESCRIPTION	AMOUNT (FUND 2023)
OPERATING RESERVE	
Beginning Operating Reserve Balance 7-1-2026 (est.)	**$44,804.57**
add: Replenishment from FY 2026/27 Levy	9,330.05
less: Use for FY 2026/27 Expenses	
Transfer from/(to) the Rehab Reserve	(23,605.08)
Ending Operating Reserve Balance 6-30-2027 (est.)	**$30,529.54**
REHABILITATION RESERVE	
Beginning Rehab Reserve Balance 7-1-2026 (est.)	**$96,095.43**
add: Collect from FY 2026/27 Levy	
less: Use for FY 2026/27 Rehab Projects	(26,850.00)
Transfer from/(to) the Operating Reserve	23,605.08
Ending Rehab Reserve Balance 6-30-2027 (est.)	**$92,850.51**

D. DESCRIPTION OF BUDGET ITEMS

Description of the terms used in the preceding Budget, Assessment Rates and Fund Balance tables are listed below:

BUDGET:

DIRECT COSTS

Contract Maintenance - Landscaping - Includes all regularly scheduled contract labor, materials, supplies, and equipment required to properly maintain and ensure the satisfactory condition or maintenance of all landscaping improvements, irrigation, and related drainage systems, as well as maintenance of appurtenant facilities (the “improvements”).

Repair & Maintenance - Landscaping - This line item includes repairs that are generally unforeseen and not normally included in the annual maintenance contract costs. This may include repair of damaged amenities due to vandalism, storms, etc.

Repair & Maintenance – Lighting - This line item includes bulb replacement and repairs that are generally unforeseen. This may include repair of damaged amenities due to vandalism, storms, etc.

Repair & Maintenance - Streetscape/Signage - This line item includes repairs that are generally unforeseen and not normally included in the annual maintenance contract costs. This may include repair of damaged amenities due to vandalism, storms, etc.

Repair & Maintenance – Tree Work - This line item includes annual costs for tree maintenance not included in the annual contract maintenance portion of the budget. If zero, this line item may not be shown in the budget.

Utilities - The furnishing of water and electricity required for the operation and maintenance of the improvements.

Rehab Reserve Expenditures - Non-Routine Tree Work – Expected costs to maintain trees other than costs of annual repair and maintenance. If zero, this line item may not be shown in the budget.

Rehab Reserve Project Expenditures – Expected costs for installation, replacement, or planned upgrades of District improvements for the current year that were previously funded or accumulated in the Rehabilitation Reserve. The Rehabilitation Reserve is used to accumulate funds for costs associated with the future rehabilitation or replacement of District improvements that cannot be conveniently raised from a single year's assessment. If zero, this line item may not be shown in the budget.

ADMINISTRATION COSTS

City Administration – Estimated costs incurred by the City Finance Department and other departments in preparing the annual budget for the Engineer's Report, together with other financial information required to determine the annual assessment. These costs would also include the preparation, posting and publishing of public notices required for City Council action relating to the District, as well as costs to perform legal review of documents.

Contract Administration – Parks Dept – Estimated Costs of the Parks, Recreation and Libraries Department ("Parks Department") to coordinate and oversee the maintenance contracts and overall repair and maintenance of the District. This amount also includes the cost of the Parks Department's estimates

and analysis of certain budget items, estimated costs and useful lives of certain District Improvements.

County Auditor Fees - A fee of 1% of the total levy amount that is charged to the District by the County for placing assessments on property tax bills.

Consulting and Professional Services – Includes the costs and expenses of contracting with various professionals to provide legal, engineering and district administration services directly related to the District, including the calculation of the annual assessment amounts and the preparation of the Engineer's' Report.

Public Hearing Publishing Costs –Includes the out of pocket costs to publish public notices required for City Council action relating to the District.

Total Direct and Administration Costs – The total expected costs of the District.

BUDGET ADJUSTMENTS

Replenishment/(Use) of Operating Reserve – A "Replenishment" increases the levy in order to replenish the Operating Reserve. On the other hand, a "Use" of the Operating Reserve decreases the levy by drawing funds from the Operating Reserve for current year expenditures. If zero, this line item may not be shown in the budget. Further information regarding the function of the Operating Reserve is provided under "FUND BALANCE INFORMATION" in the following pages of this Section.

Contribution for /(Use of) Rehab Reserve — A "Contribution" increases the levy in order to generate funding for the Rehabilitation Reserve. This reserve allows for the accumulation of funds for possible rehabilitation projects or replacements in future years. On the other hand, a "Use of" of the Rehabilitation Reserve provides current year funding of rehabilitation projects or replacements from available funds within the Rehabilitation Reserve. If zero, this line item may not be shown in the budget. Further information regarding the function of the Rehabilitation Reserve is provided under "FUND BALANCE INFORMATION" in the following pages of this Section.

Rounding Adjustment – The necessary rounding adjustment(s) due to limitations of the County property tax system that requires even penny levy amounts to be placed on the secured tax roll.

BALANCE TO LEVY - This is the total amount to be levied and collected through assessments for the current fiscal year for each zone. The Balance to Levy represents the sum of the total District costs together with any applicable adjustments to the budget as described above.

ASSESSMENT RATES:

Number of Assessable Parcels - The total number of parcels that are expected to be assessed. Non-assessable lots or parcels include government-owned land, public utility-owned property, land principally encumbered by public rights-of-way or easements, common areas, and/or parcels within the boundaries of the District currently do not benefit from the improvements and are therefore not assessed.

Total Assessable Front Footage - The total amount of assessable Front Footage within the District in accordance with the Method of Assessment Section of this Report.

Applied Assessment Rate - The assessment rate to be applied to the front footage of each non-exempt parcel within the District for the current fiscal year.

Maximum Assessment Rate - The Maximum Assessment Rate per front foot for the current fiscal year.

Potential Maximum Assessment – The total amount that can be assessed against all non-exempt District parcels for the current fiscal year based upon the expected assessable front footage within the District.

FUND BALANCE INFORMATION:

OPERATING RESERVE

Beginning Operating Reserve Balance 7-1-2026 (est.) - The anticipated beginning balance of cash and receivables net of any unpaid prior year obligations for each Zone. These beginning balances shall be used to fund each Zone's expenditures from July 1, 2026 to December 31, 2026, as the Operating Reserve is required to compensate for the approximate six-month delay between the start of the District's fiscal year and the receipt of the collections from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

Replenish from FY 2026/27 Levy – This amount is added to the FY 2026/27 levy in order to replenish the Operating Reserve. Due to the six-month delay from the District's receipt of assessment collections, the Operating Reserve balance shall be sufficiently funded to provide for expenditures from July 1, 2026 (the beginning of the Fiscal Year) through December 31, 2026. If zero, this line item may not be shown in the budget.

Use for FY 2026/27 Expenses – The amount of the Operating Reserve to be used to fund FY 2026/27 expenses. Portions of the Operating Reserve may be slated for current year expenditures in order to reduce the Ending Operating Reserve Balance to an amount no greater than the expected District costs for the period of

July 1, 2026 (the beginning of the Fiscal Year) through December 31, 2026. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Rehab Reserve — The amount of Operating Reserve monies to be transferred to or from the Rehabilitation Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Parks Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Operating Reserve Balance 6-30-2027 (est.) - This amount represents the anticipated Operating Reserve balance/(deficit) for each Zone as of June 30, 2027. The size of each Zone's Operating Reserve is limited by Streets and Highways Code 22569 which states that an Operating Reserve shall not exceed the estimated costs of maintenance, service and incidental expenses from the first day of the fiscal year (July 1) to the date that the Agency expects to receive the first apportionment of collections from the County, which is estimated to be December 31. Therefore, each Zone may retain an Operating Reserve amounting to the District's first six-months of expenses in order to meet ongoing obligations until the first collections are received from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

REHABILITATION RESERVE

Beginning Rehab Reserve Balance 7-1-2026 (est.) — The projected balance of funds in the Rehabilitation Reserve as of July 1, 2026. Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

Collect from FY 2026/27 Levy — This amount is added to the levy to accumulate funding of future year rehabilitation projects, replacements, restorations, or upgrades of District improvements. If zero, this line item may not be shown in the budget.

Use for FY 2026/27 Rehab Projects – The amount of Rehabilitation Reserve monies expected to be transferred out of the Rehabilitation Reserve to fund the costs of installation, replacement, or planned upgrades of District improvements for the current year. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Operating Reserve — The amount of Rehabilitation Reserve monies to be transferred to or from the Operating Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all

funds held in a Rehabilitation Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Parks Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Rehab Reserve Balance 6-30-2027 (est.) - The projected balance of funds in the Rehabilitation Reserve as of June 30, 2027. These funds shall be used to provide for future year rehabilitation projects, replacements, restorations, or upgrades of District improvements which cannot be conveniently raised from a single year's assessment.

E. REHABILITATION RESERVE – CAPITAL IMPROVEMENT PLAN

Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

The Report provides a five-year Capital Improvement Plan ("CIP") which shows projected expenditures related to the rehabilitation, restoration and/or replacement of District improvements, and other allowable costs. The Current Fiscal Year CIP is shown in the preceding Budget Section A. The projected CIP costs for the remaining four years are shown in the table below.

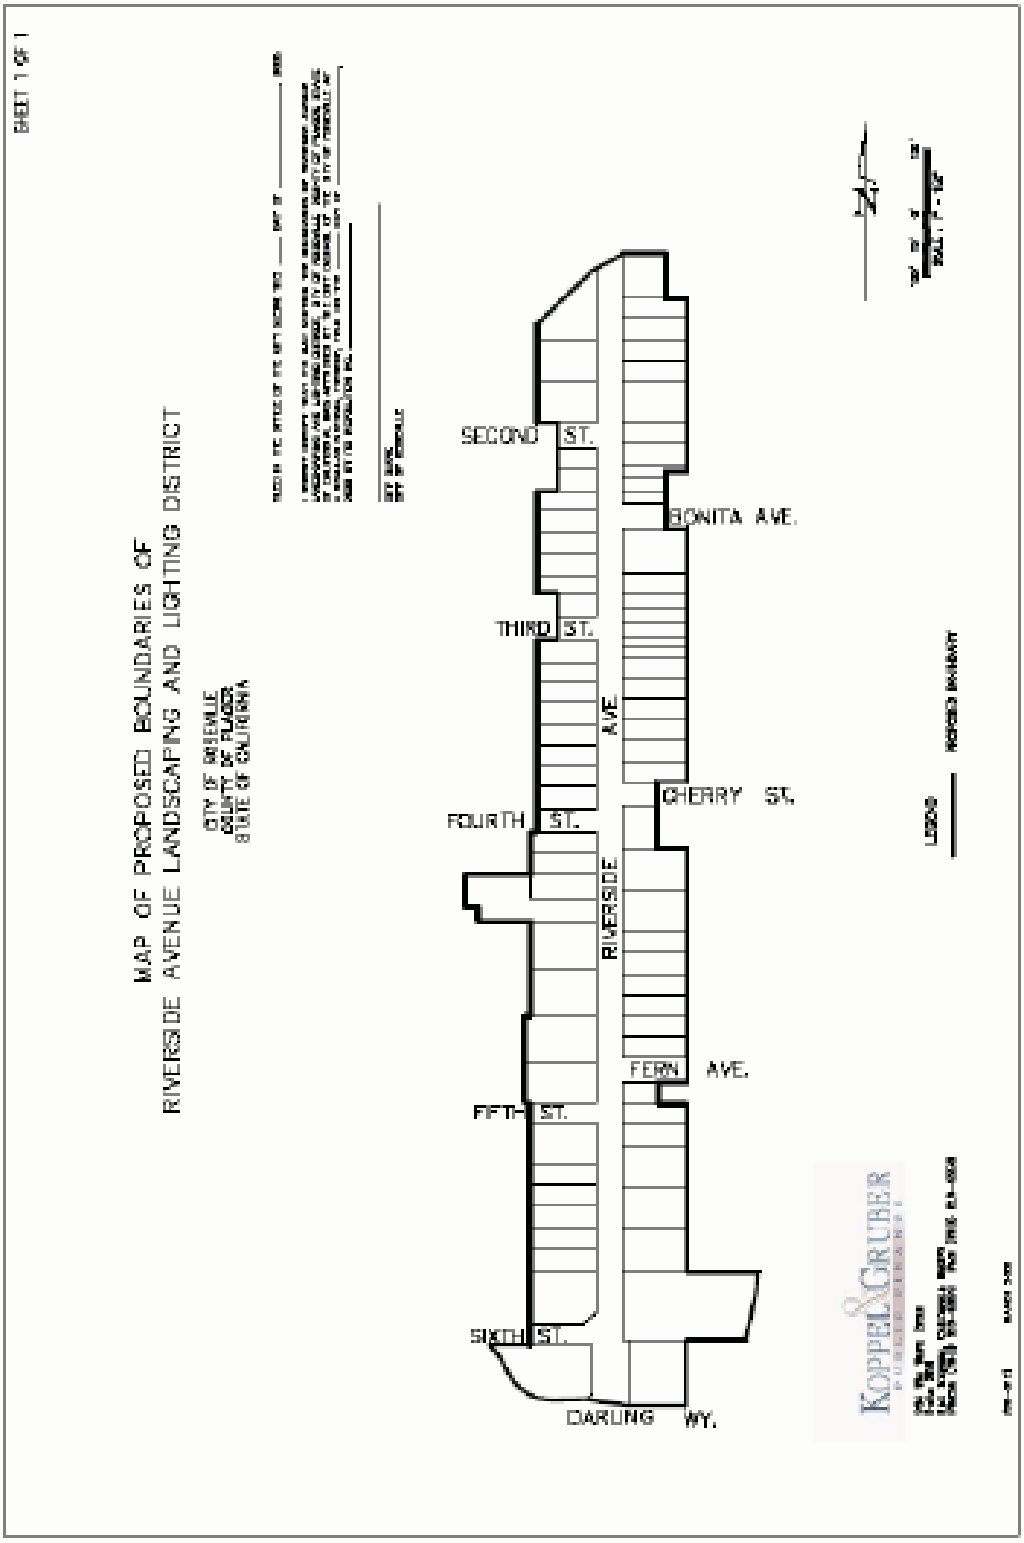

Description	FY 2027-28	FY 2028-29	FY 2029-30	FY 2030-31	4 Year Total
Improve hardscapes, monuments, landmarks, gateway features	$3,000	$3,000	$3,000	$3,000	$12,000
Non-routine tree work	1,906	1,963	2,022	2,082	7,972
Improve street furniture, trash receptacles, bike racks, bus stop shelters	4,000	3,000	3,000	3,000	13,000
Replace plants, landscaping, irrigation and/or drainage systems	7,700	7,700	7,700	7,700	30,800
Replace public street lights, lighting fixtures, poles/meters, safety, security, ornamental lights	5,000	5,000	5,000	5,000	20,000
Replace entry signs and decorative banners and hardware	4,000	0	4,000	1,079	9,079
Total Projected Expenditures	**$25,606**	**$20,663**	**$24,722**	**$21,861**	**$92,851**

From time to time, funds held in a Rehabilitation Reserve may be needed to respond to changing needs due to the condition of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the District's Operating Reserve, at the discretion of the Parks Department, to provide for the maintenance and/or operation of the improvements.

APPENDIX A – DISTRICT BOUNDARY MAP

The boundary map for the District has previously been submitted to the Clerk of the City in the format required under the Act and is, by reference, hereby made part of this Report. These District Boundary Maps are available for inspection at the office of the City Clerk during normal business hours.

For general reference purposes, a summary of the District's Boundaries is presented herein.

APPENDIX B — FY 2026/27 ASSESSMENT ROLL

Parcel identification, for each lot or parcel within the District, shall be the parcel as shown on the Placer County Assessor's map for the year in which this Report is prepared.

A listing of parcels to be assessed within this District, along with the proposed assessment amounts, shall be submitted to the City Clerk, under separate cover, and by reference is made part of this Report.

Non-assessable lots or parcels may include areas of public streets and other roadways (typically not assigned an APN by the County); dedicated public easements, open space areas and rights-of-ways including public greenbelts and parkways; utility rights-of-ways; common areas; landlocked parcels, small parcels vacated by the County, bifurcated lots, and any other property that cannot be developed. These types of parcels are considered to receive little or no benefit from the improvements and are therefore exempt from assessment.

At the conclusion of the public hearing for the District and the proposed assessments, approval of the Report (as submitted or as modified) confirms the method of apportionment and the assessment rate to be levied against each eligible parcel and thereby constitutes the approved levy and collection of assessments for FY 2026/27. The listing of parcels and the amount of assessment to be levied shall be submitted to the County Auditor/Controller and included on the FY 2026/27 property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the Current Fiscal Year, a corrected parcel number and/or new parcel number will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved in this Report. Therefore, if a single parcel has changed to multiple parcels, the assessment amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.

RESOLUTION NO. 26-192

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, AMENDING AND/OR APPROVING THE ENGINEER'S ANNUAL LEVY REPORT FOR THE VERNON STREET LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2026/2027

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, the City Council has, by previous Resolutions, ordered the preparation of the Engineer's Annual Levy Report (hereafter referred to as the "Report") for said district known and designated as the: **Vernon Street Landscaping and Lighting District** (hereinafter referred to as the "District"), pursuant to the provisions of the *Landscaping and Lighting Act of 1972, being Part 2 Division 15, of the Streets and Highways Code of the State of California*, *beginning with Section 22500* (hereinafter referred to as the "Act"); and

WHEREAS, there has now been presented to this City Council the Report as required by *Chapter 3, Section 22623* of the Act, and as previously directed by Resolution; and

WHEREAS, this City Council has carefully examined and reviewed the Report as presented (or amended), and is satisfied with each and all of the items and documents as set forth therein, and is satisfied that the levy has been spread in accordance with the benefits received from the improvements, operation, maintenance and services to be performed, as set forth in said Report; and

WHEREAS, pursuant to Proposition 218, balloting of property owners is required for annual rate increases. The District's property owner ballots included an assessment rate to be approved within the District, as well as the approval of an inflationary adjustment factor which provides for annual rate increases; and

WHEREAS, the maximum assessment rate for Fiscal Year 2026/2027 shown in the Report is not proposed to be increased above the duly approved rate after applying the annual increases allowed by the inflationary adjustment factor; and

WHEREAS, mailed notices and Assessment Ballots are not required if assessments are not increased above the approved maximum assessment rate after applying the approved annual rate increases.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR THE VERNON STREET LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:

Section 1 That the above recitals are all true and correct.

Section 2 That the Report as presented is hereby approved (as amended) and is ordered to be filed in the Office of the City Clerk as a permanent record and to remain open to public inspection.

Section 3 That the City Clerk shall certify to the passage and adoption of this Resolution and the minutes of this meeting shall so reflect the presentation of and final approval of the Report.

RESOLUTION NO. 26-193

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN THE VERNON STREET LANDSCAPING AND LIGHTING DISTRICT FOR FISCAL YEAR 2026/2027

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, the City Council of the City of Roseville, California, has, by previous Resolutions, initiated proceedings and declared its intention to levy assessments, and approved the Engineer's Annual Levy Report (hereinafter referred to as the "Engineer's Report") that describes the assessments against parcels of land within the **Vernon Street Landscaping and Lighting District** (hereinafter referred to as the "District") for the Fiscal Year commencing July 1, 2026, and ending June 30, 2027, pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code*, *commencing with Section 22500* (hereinafter referred to as the "Act") to pay for the maintenance and servicing of all improvements and facilities related thereto; and

WHEREAS, the Engineer selected by the City Council has prepared and filed with the City Clerk, and the City Clerk has presented to the City Council, an Engineer's Report in connection with the levy and collection of assessments upon eligible parcels of land within the District, and the City Council did by previous Resolution approve such Engineer's Report; and

WHEREAS, the City Council desires to levy and collect assessments against parcels of land within the District for the Fiscal Year commencing July 1, 2026, and ending June 30, 2027, to pay for the maintenance and servicing of all improvements and facilities related thereto; and

WHEREAS, the Auditor-Controller of Placer County (the "County") is requested to attach each District assessment onto the County Assessment Roll for collection; and

WHEREAS, the County of Placer requires the payment of the County's collection fee for placing the direct charge assessments onto the County Assessment Roll and collection thereof; and

WHEREAS, the City Council and its legal counsel have reviewed Proposition 218 and found that these assessments comply with applicable provisions of Articles XIIIC and XIIID of the California Constitution; and

WHEREAS, the City has previously delivered to the County an agreement to indemnify the County in connection with the legality of the District assessments placed onto the County Assessment Roll, if challenged.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR THE VERNON STREET LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:

Section 1 That the above recitals are true and correct.

Section 2 Following notice duly given, the City Council has held a full and fair Public Hearing regarding the District, the proposed landscaping and lighting improvements, the levy and collection of assessments, the Engineer's Report prepared in connection therewith, and considered all testimony, written statements, and communications made or filed by interested persons regarding these matters.

Section 3 Based upon its review (and amendments, as applicable) of the Engineer's Report, a copy of which has been presented to the City Council, and which has been filed with the City Clerk, the City Council hereby finds and determines that:

i) the land within the District will be benefited by the operation, maintenance and servicing of the improvements located within the boundaries of the District; and

ii) the District includes all of the lands receiving such special benefit; and

iii) the net amount to be assessed upon the lands within the District in accordance with the assessment for the Fiscal Year commencing July 1, 2026, and ending June 30, 2027 is apportioned by a formula and method which fairly distributes the net amount among all eligible parcels in proportion to the estimated special benefits to be received by each parcel from the improvements and services.

Section 4 The estimated costs of improvements, the assessment diagram, the assessments and all other matters as set forth in the Engineer's Report as presented to the City Council and on file in the Office of the City Clerk are hereby approved, adopted and confirmed.

Section 5 The maintenance, operation, and servicing of the improvements and appurtenant facilities shall be performed pursuant to the Act. The City Council hereby orders the proposed improvements to be made, which improvements are briefly described as follows: the maintenance and operation of, and the furnishing of services and materials for, various landscape, lighting, and streetscape improvements, including gateway features, fountains, signage, lighting facilities, brick pavers, planters, benches, bike racks, trash receptacles, irrigation systems, drainage improvements, sidewalks, curbs, gutters, parking stripes, and other public improvements within the street rights-of-way and appurtenant facilities, including lighting throughout the boundaries of the District. Landscaping includes, but is not limited to, turf, sod, and street trees. The Report describes any new improvements or substantial changes in existing improvements.

Section 6 The Auditor-Controller of the County of Placer shall enter on the County Assessment Roll opposite each eligible parcel of land the amount of the levy so apportioned by the formula and method outlined in the Engineer's Report, and such levies shall be collected at the same time and in the same manner as County taxes are collected, pursuant to *Chapter 4, Article 2, Section 22646* of the Act. After collection by the County, the net amount of the levy shall be paid to the City Treasurer.

Section 7 The City agrees to cause the District to pay the applicable Placer County annual collection fee at the rate of 1% of the assessment amount placed upon the County Assessment Roll or at the rate in effect for the applicable Fiscal Year if updated.

Section 8 The City Treasurer shall deposit all money representing assessments collected by the County for the District to the credit of a fund for the District and such money shall be expended only

for the maintenance, operation and servicing of the landscaping, lighting and appurtenant facilities, together with other expenses as described in the Engineer's Report.

Section 9 The adoption of this Resolution constitutes the District levy for the Fiscal Year commencing July 1, 2026, and ending June 30, 2027.

Section 10 The City Clerk's designee, Willdan Financial Services, is hereby authorized and directed to file the levy with the County Auditor subsequent to the adoption of this Resolution, pursuant to Chapter 4, Article 1, Section 22641 of the Act. The City Clerk is directed to cause a certified copy of this adopted Resolution to be delivered to Willdan Financial Services within two weeks of adoption, or shortly thereafter.

City of Roseville

Placer County, State of California

This Report describes the District and any relevant zones therein, including the improvements, budgets, parcels and assessments to be levied for Fiscal Year 2026/27 as they existed at the time of the passage of the Resolution of Intention. Reference is hereby made to the Placer County Assessor's maps for a detailed description of the lines and dimensions of parcels within the District. The undersigned respectfully submits the enclosed Report as directed by the City Council.

Dated this 7th day of May, 2026.

APPENDIX B — FY 2026/27 ASSESSMENT ROLL 20

I. OVERVIEW

A. INTRODUCTION

The City of Roseville ("City") annually levies and collects special assessments in order to maintain the improvements within the Vernon Street Landscaping and Lighting District ("District"). The District was formed in January of 2001 and is levied annual assessments pursuant to *the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code* ("1972 Act").

The Engineer's Report ("Report") describes the District, any new annexations, changes to the District, and the proposed assessments for the period of July 1, 2026 through June 30, 2027. The special benefit assessments are based on historical and estimated costs to maintain the District improvements. These assessments, which provide a direct and special benefit to properties within the District, will provide funding for the operation and maintenance of District improvements.

The word "parcel," for the purposes of this Report, refers to an individual property assigned its own Assessor's Parcel Number ("APN") by the Placer County Assessor's Office. The Placer County Auditor/Controller uses Assessor's Parcel Numbers and specific Tax Code Accounts, to identify on the County's tax roll, properties assessed for special district benefit assessments.

Following approval of the Report, the City Council will by resolution, order the improvements to be made and confirm the levy and collection of assessments herein pursuant to the Act. The assessment rates and method of apportionment described in this Report as approved or modified by the City Council define the assessments to be applied to each parcel within the District for Fiscal Year ("FY") 2026/27. The assessments as approved will be submitted to the Placer County Auditor/Controller to be included on the property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the Current Fiscal Year, a corrected parcel number and/or new parcel number will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved by the City Council.

B. COMPLIANCE WITH THE CURRENT LEGISLATION

All assessments described in this Report and approved by the City Council are prepared in accordance with the 1972 Act and are in compliance with the provisions of the California Constitution Article XIIID (Proposition 218).

The District has been formed pursuant to the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code. Pursuant

to the Act, an annual Public Hearing is conducted by the City Council to accept property owner and public comments, to review the Engineer's Annual Levy Report prior to approving the annual assessments to be levied on the County tax rolls. The assessments described in this Report have been prepared in accordance with the Act.

Prior to FY 2001/02, the City initiated (Resolution 00-523) and conducted property owner protest ballot proceedings (Resolution 01-22) in accordance with Article XIIID of the California Constitution ("Article XIIID") for the parcels within the District. An annual rate escalator was also included in the ballot that allows for an annual inflationary increase equal to the percentage change in the Consumer Price Index of the San Francisco-Oakland-Hayward Area (the "CPI") of each succeeding year (the "Escalation Percentage"). At the conclusion of the Public Hearing held on January 17, 2001, all property owner ballots returned were tabulated to determine if majority protest existed. The result of the protest proceeding was an approval of the assessment rate and the annual inflationary increase for maintaining the improvements within the District.

Pursuant to the Act, an annual Public Hearing is conducted by the City Council to accept property owner and public comments, to review the Engineer's Annual Levy Report prior to approving the annual assessments to be levied on the County tax rolls.

C. DESCRIPTION OF DISTRICT BOUNDARIES

The District is located in downtown Roseville and includes all parcels that front along Vernon Street between Folsom Road and the Riverside/Douglas Boulevard. See Appendix A for District boundary map.

D. IMPROVEMENTS AUTHORIZED BY THE 1972 ACT

As applicable or may be applicable to a proposed District, the 1972 Act defines improvements to mean one or any combination of the following:

- The installation or planting of landscaping.
- The installation or construction of statuary, fountains, and other ornamental structures and facilities.
- The installation or construction of public lighting facilities.
- The installation or construction of any facilities which are appurtenant to any of the foregoing, or which are necessary or convenient for the maintenance or servicing thereof, including, but not limited to, grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities.
- The maintenance or servicing, or both, of any of the foregoing.
- The acquisition of any existing improvement otherwise authorized pursuant to this section.

Incidental expenses associated with the improvements including, but not limited to:

- The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;
- The costs of printing, advertising, and the publishing, posting, and mailing of notices;
- Compensation payable to the County for collection of assessments;
- Compensation of any engineer or attorney employed to render services;
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
- Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5.
- Costs associated with any elections held for the approval of a new or increased assessment.

The 1972 Act defines "Maintain" or "maintenance" to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including:

- Repair, removal, or replacement of all or any part of any improvement.
- Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.
- The removal of trimmings, rubbish, debris, and other solid waste.
- The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

Furthermore, the 1972 Act specifies that where the cost of improvements (other than maintenance and operations) is greater than can be conveniently raised from a single annual assessment, an assessment to be levied and collected in annual installments. In that event, the governing body may choose to do any of the following:

- Provide for the accumulation of the moneys in an improvement fund until there are sufficient moneys to pay all or part of the cost of the improvements.
- Provide for a temporary advance to the improvement fund from any available and unencumbered funds of the local agency to pay all or part of the cost of the improvements and collect those advanced moneys from the annual installments collected through the assessments.
- Borrow an amount necessary to finance the estimated cost of the proposed improvements. The amount borrowed, including amounts for bonds issued to finance the estimated cost of the proposed improvements.

E. DESCRIPTION OF THE IMPROVEMENTS AND MAINTENANCE

The District ensures the continued maintenance, servicing, administration and operation of various landscape, lighting and streetscape improvements and associated appurtenances that are required to keep the improvements in a healthy, vigorous, and satisfactory condition. The assessable parcels receive benefit from the above improvements within the District.

Specific improvements include installation, maintenance and servicing of public facilities, including, but not limited to street trees, sidewalks, curbs, gutters, parking stripes, turf, brick pavers, planters, gateways, benches, bike racks, signage, trash receptacles, and lighting throughout the boundaries of the District (the "Improvements').

As applied herein, "installation" means the construction of public Improvements, including, but not limited to, land preparation, such as grading, leveling, cutting, and filling, sod, landscaping, irrigation systems, sidewalks and drainage, lights, equipment, turf, brick pavers, planters, gateways, benches, bike racks and signage.

"Maintenance" means the furnishing of services and materials for the ordinary and usual maintenance, operation and servicing of any Improvement, including repair, removal or replacement of all or any part of any Improvement; providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury; the removal of trimmings, rubbish, debris, and other solid waste, and the cleaning, sandblasting, and painting of Improvements to remove or cover graffiti.

"Servicing" means the furnishing of electric current, or energy, gas, or other illuminating agent for any public lighting facilities or for the lighting or operation of any other Improvements; or water for the irrigation of any landscaping, the operation of any fountains, or the maintenance of any other Improvements.

Plans and specification for the Improvements to be maintained are on file in the office of the City's Economic Development Department at 311 Vernon Street, Roseville, CA 95678.

All assessable parcels identified as being within the District share in both the cost and the benefits of the improvements. The costs associated with the Improvements are equitably spread among all benefiting parcels within the District. Only parcels that receive direct benefit from the Improvements are assessed, and each parcel is assessed in proportion to the estimated benefit received. The funds collected are dispersed and used for only the services and operation provided to the District.

II. METHOD OF APPORTIONMENT

A. GENERAL

The 1972 Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements which include the construction, maintenance and servicing of public lights, landscaping, and appurtenant facilities. The 1972 Act further requires that the cost of these improvements be levied according to benefit rather than assessed value:

> *"The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements."*

The formula used for calculating assessments in the District therefore reflects the composition of the parcels, and the Improvements and services provided, to fairly apportion the costs based on estimated benefit to each parcel.

B. BENEFIT ANALYSIS

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIIID addresses several key criteria for the levy of assessments, notably:

Article XIIID Section 2d defines District as follows:

"District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service";

Article XIIID Section 2i defines Special Benefit as follows:

"Special benefit" means a particular and distinct benefit over, and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute "special benefit."

Article XIIID Section 4a defines proportional special benefit assessments as follows:

"An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be

imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel."

This District was formed to establish and provide for the improvements that enhance the presentation of the surrounding properties and developments. These improvements will directly benefit the parcels to be assessed within the District. The assessments and method of apportionment is based on the premise that the assessments will be used to construct and install landscape and lighting improvements within the District as well as provide for the annual maintenance of those improvements, and the assessment revenues generated by District will be used solely for such purposes.

The costs of the proposed improvements have been identified and allocated to properties within the District based on special benefit. The improvements to be provided by this District and for which properties will be assessed have been identified as an essential component and local amenity that provides a direct reflection and extension of the properties within the District which the property owners and residents have expressed a high level of support.

The method of apportionment (method of assessment) set forth in the Report is based on the premise that each assessed property receives special benefits from the landscape and lighting improvements within the District, and the assessment obligation for each parcel reflects that parcel's proportional special benefits as compared to other properties that receive special benefits.

To identify and determine the proportional special benefit to each parcel within the District, it is necessary to consider the entire scope of the improvements provided as well as the properties that benefit from those improvements. The improvements and the associated costs described in this Report have been carefully reviewed and have been identified and allocated based on a benefit rationale and calculations that proportionally allocate the net cost of only those improvements determined to be of special benefit to properties within the District. The various public improvements and the associated costs have been identified as either "general benefit" (not assessed) or "special benefit". The City initiated and conducted property owner protest ballot proceedings in accordance with Article XIIID. Each of the proposed Improvements, the associated costs and assessments were identified and allocated based on special benefit pursuant to the provisions of Article XIIID and 1972 Act. Additionally, the Improvements and the annual costs of ensuring the maintenance and operation of the Improvements are of direct and special benefit to the properties.

The City annually levies and collects special benefit assessments in order to maintain and service the District Improvements. The District provides for specific Improvements and services that include the maintenance and operation of landscaping and lighting Improvements and associated appurtenances located within the District's public rights-of-way and dedicated easements. The annual assessment is based on the historical and estimated cost to maintain the Improvements that provide a benefit to properties within these Districts. The

Improvements within the District and the costs of those Improvements are identified and budgeted separately, including all expenditures, deficits, surpluses, revenues, and reserves.

All Improvements within the District and the properties associated with those Improvements were reviewed for benefit prior to the formation of the District. Because the Improvements affront the benefited parcels, it has been determined that there is no measurable general benefit to properties outside the District or to the public at large. In making this determination it should be noted that similar improvements within California are typically maintained by individual property owners, through some type of association or a special district as allowed by State Law since the on-going maintenance of these improvements are a special benefit to the properties associated with those improvements.

The method of apportionment (method of assessment) for the District is based on the premise that each of the assessed parcels within the District receives special benefit from the Improvements maintained and financed by District assessments. The presence of these Improvements and the close proximity of the Improvements to the properties within the District enhance the desirability and security of properties within the District.

The landscape Improvements provided by the District may include landscaped parkways, perimeters, entryways, local medians, slopes, internal amenities, and appurtenant facilities. Street lighting Improvements may include all energy costs and necessary maintenance to the facilities related thereto. The annual assessments outlined in this Report are proposed to cover the estimated costs to provide all necessary service, operation, administration, and maintenance required to keep these Improvements in a healthy, vigorous, and satisfactory condition. The special benefits associated with the local landscaping Improvements are specifically:

The special benefits associated with all landscaping Improvements are specifically:

- Enhanced desirability of properties through association with the Improvements.
- Improved aesthetic appeal of properties providing a positive representation of the area and properties.
- Enhanced adaptation of the urban environment within the natural environment from adequate landscaping.
- Environmental enhancement through improved dust and debris control, and fire prevention.
- Increased sense of pride in ownership of property within the District resulting from well-maintained Improvements associated with the properties.
- Enhanced quality of life through well-maintained landscaped areas.

- Reduced criminal activity and property-related crimes (especially vandalism) against properties in the District through well-maintained surroundings and amenities including abatement of graffiti.
- Enhanced environmental quality of the parcels by moderating temperatures, providing oxygenation, and attenuating noise.

The special benefits of street lighting are the convenience, safety, and security of property, improvements, and goods. Specifically:

- Enhanced deterrence of crime and the aid to police protection.
- Increased nighttime safety on streets and roads within the Districts.
- Improved ability of pedestrians and motorists to see.
- Improved ingress and egress to property.
- Reduced vandalism and other criminal acts and damage to Improvements or property.
- Improved traffic circulation and reduced nighttime accidents and personal property loss.
- Increased promotion of business during nighttime hours in the case of commercial properties.

All of the preceding special benefits contribute to a specific enhancement and desirability of each of the assessed parcels within the District.

C. DESCRIPTION OF THE METHOD OF APPORTIONMENT

Pursuant to the 1972 Act, the costs of the District may be apportioned by any formula or method that fairly distributes the net amount to be assessed, among all assessable parcels within the District in proportion to the estimated special benefits to be received by each such parcel from the Improvements. The special benefit formula used should reflect the composition of the parcels, the Improvements and services provided to fairly proportion the costs based on estimated special benefit to each parcel within the District. All assessable parcels within the District shall receive a direct special benefit from the services and Improvements provided by the District.

Article XIIID of the California Constitution specifies that only special benefits are assessable, and that the City must separate the general benefits from the special benefits conferred on any parcel. Since the District is a downtown business area and the Improvements that affront each District parcel primarily attract and retain an increased customer base, these benefits enhance the District parcels and there is no measurable benefit to the public at large. Therefore, 100% of the Improvements are considered special benefit to the District parcels. The cost of

maintaining the Improvements is therefore identified as special benefit and has been allocated to the special assessments.

It was determined that a uniform assessment rate per foot of frontage upon Vernon Street would fairly distribute the net amount to be assessed due to the following reasons:

1. The assessments are based upon a specific property owner's special benefit received from the Improvements.
2. The special benefits should be directly related to the extent at which a property fronts the improvements, relative to other properties in the District.

The base assessment rate for the District was $4.59 per linear foot in FY 2001/02 and was determined using the formula below.

$$\textit{Assessment Rate Per Foot} = \frac{\textit{Balance to Levy}}{\textit{Total Feet of Frontage}}$$

The annual assessment amount for each parcel was then determined using the formula below:

Parcel Front Footage x Rate per Linear Foot = Parcel Assessment Amount

D. ANNUAL INFLATIONARY ADJUSTMENT

Commencing with FY 2002/03, the maximum assessment rate is to increase annually by the percentage change in the Consumer Price Index of the San Francisco-Oakland-Hayward ("CPI") as of January of each succeeding year (the "Escalation Percentage"). Since the Department of Labor, Bureau of Labor Statistics does not publish a CPI for January; the CPI for preceding month shall be used since this is the CPI *available* in the month of January. The District's starting CPI Index of 184.1, December of 2000, is hereby established as the base CPI (the "Base Year CPI Index").

In applying this year's CPI increase, the Escalation Percentage will increase the FY 2026/27 maximum assessment rate by 3.04% over that of the prior year.

If the proposed assessment increases over the prior fiscal year by a percentage no greater than the Escalation Percentage as defined above, then the proposed assessment is not considered an increase. This assessment range formula shall be applied to all future assessments within the District. Generally, if the proposed annual assessment rate for the Current Fiscal Year is less than or equal to the calculated maximum assessment rate, then the proposed annual assessment is not considered an increased assessment.

E. APPEALS AND INTERPRETATION

Any property owner, who believes that the assessment levied on the subject property is in error as a result of incorrect information being used to apply the foregoing method of assessment, may file a written appeal with the City Finance Director or his or her designee. Any such appeal is limited to correction of an assessment during the then current Fiscal Year. Upon the filing of any such appeal, the Housing Manager of the City's Economic Development Department, or their duly authorized designee (the "Housing Manager"), will promptly review the appeal and any information provided by the property owner. If the Housing Manager finds that the assessment should be modified, the appropriate changes shall be made to the assessment roll. However, if any such changes are approved after the County of Placer's deadline for adjustments to the tax roll, the Housing Manager is authorized to approve a refund of the reduction amount to the property owner. Any dispute over the decision of the Housing Manager shall be referred to the City Council and the decision of the City Council shall be final.

F. DETERMINATION OF FRONT FOOTAGE

The front footage of each assessable parcel is subject to revision and/or correction using measurements of front footage found on the then current Placer County Assessor's Parcel Maps or through direct measurement by City personnel. Any such correction that increases a Parcel Assessment shall not be considered an increased assessment subject to the procedural provisions of Article XIIID.

III. DISTRICT BUDGET

A. FY 2026/27 BUDGET

DESCRIPTION	AMOUNT (FUND 2019)
DIRECT COSTS	
Contract Maintenance - Landscaping	$4,758.60
Repair & Maintenance - Landscaping	11,400.00
Repair & Maintenance - Lighting	4,000.00
Repair and Maintenance - Streetscape and Signage	0.00
Repair and Maintenance - Tree Work	4,246.95
Utilities	14,689.00
Rehab Reserve Expenditures - Non-Routine Tree Work	2,600.00
Rehab Reserve Project Expenditures	15,000.00
Total Direct Costs	**$56,694.55**
ADMINISTRATION COSTS	
City Administration	$932.00
Contract Administration - Park's Dept	2,434.00
County Auditor Fees	480.10
Consulting & Professional Services	4,362.00
Public Hearing Publishing Costs	389.00
Total Administrative Costs	**$8,597.10**
Total Direct and Administration Costs	**$65,291.65**
BUDGET ADJUSTMENTS	
Replenishment/(Use) of Operating Reserve	$318.46
Contribution for /(Use of) Rehab Reserve	(17,600.00)
Rounding Adjustment	(0.81)
Total Adjustments	**($17,282.35)**
BALANCE TO LEVY	**$48,009.30**

Fund balance information is reported in Section C on the following page.

B. FY 2026/27 ASSESSMENT RATES

DESCRIPTION	AMOUNT (FUND 2019)
FY 2026/27 ASSESSMENT DATA	
Number of Assessable Parcels	60
Total Assessable Front Footage	5,370.76
Assessment Rates	
Applied Assessment Rates per each Foot of Frontage	$8.9390
Maximum Assessment Rates per each Foot of Frontage	$8.9392
Potential Maximum Assessment	**$48,010.11**

C. FY 2026/27 FUND BALANCE INFORMATION

DESCRIPTION	AMOUNT (FUND 2019)
OPERATING RESERVE	
Beginning Operating Reserve Balance 7-1-2026 (est.)	**$54,881.52**
add: Replenishment from FY 2026/27 Levy	318.46
less: Use for FY 2026/27 Expenses	
Transfer from/(to) the Rehab Reserve	(26,852.70)
Ending Operating Reserve Balance 6-30-2027 (est.)	**$28,347.28**
REHABILITATION RESERVE	
Beginning Rehab Reserve Balance 7-1-2026 (est.)	**$104,112.48**
add: Collect from FY 2026/27 Levy	
less: Use for FY 2026/27 Rehab Projects	(17,600.00)
Transfer from/(to) the Operating Reserve	26,852.70
Ending Rehab Reserve Balance 6-30-2027 (est.)	**$113,365.18**

D. DESCRIPTION OF BUDGET ITEMS

Description of the terms used in the preceding Budget, Assessment Rates and Fund Balance tables are listed below:

BUDGET

DIRECT COSTS

Contract Maintenance - Landscaping - Includes all regularly scheduled contract labor, materials, supplies, and equipment required to properly maintain and ensure the satisfactory condition or maintenance of all landscaping corridors, street medians, entryways, irrigation, and related drainage systems as well as maintenance of appurtenant facilities (the “improvements”).

Repair & Maintenance – Landscaping - This line item includes repairs that are generally unforeseen and not normally included in the annual maintenance contract costs. This may include repair of damaged amenities due to vandalism, storms, etc. If zero, this line item may not be shown in the budget.

Repair & Maintenance – Lighting - This line item includes bulb replacement and repairs that are generally unforeseen. This may include repair of damaged amenities due to vandalism, storms, etc.

Repair & Maintenance - Streetscape/Signage - This line item includes repairs that are generally unforeseen and not normally included in the annual maintenance contract costs. This may include repair of damaged amenities due to vandalism, storms, etc.

Repair & Maintenance – Tree Work - This line item includes annual costs for tree maintenance not included in the annual contract maintenance portion of the budget. If zero, this line item may not be shown in the budget.

Utilities - The furnishing of water and electricity required for the operation and maintenance of the improvements.

Rehab Reserve Expenditures – **Non-Routine Tree Work** – Expected costs to maintain trees other than costs of annual repair and maintenance. If zero, this line item may not be shown in the budget.

Rehab Reserve Project Expenditures – Expected costs for installation, replacement, or planned upgrades of District improvements for the current year that were previously funded or accumulated in the Rehabilitation Reserve. The Rehabilitation Reserve is used to accumulate funds for costs associated with the future rehabilitation or replacement of District improvements that cannot be conveniently raised from a single year's assessment. If zero, this line item may not be shown in the budget.

ADMINISTRATION COSTS

City Administration – Estimated costs incurred by the City Finance Department and other departments in preparing the annual budget for the Engineer's Report, together with other financial information required to determine the annual assessment. These costs would also include the preparation, posting and publishing of public notices required for City Council action relating to the District, as well as costs to perform legal review of documents.

Contract Administration – Parks Dept – Estimated Costs of the Parks, Recreation and Libraries Department ("Parks Department") to coordinate and oversee the maintenance contracts and overall repair and maintenance of the District. This amount also includes the cost of the Parks Department's estimates

and analysis of certain budget items, estimated costs and useful lives of certain District Improvements.

County Auditor Fees - A fee of 1% of the total levy amount that is charged to the District by the County for placing assessments on property tax bills.

Consulting and Professional Services – Includes the costs and expenses of contracting with various professionals to provide legal, engineering and district administration services directly related to the District, including the calculation of the annual assessment amounts and the preparation of the Engineer's' Report.

Public Hearing Publishing Costs –Includes the out-of-pocket costs to publish public notices required for City Council action relating to the District.

Total Direct and Administration Costs – The total expected costs of the District.

BUDGET ADJUSTMENTS

Replenishment/(Use) of Operating Reserve – A "Replenishment" increases the levy in order to replenish the Operating Reserve. On the other hand, a "Use" of the Operating Reserve decreases the levy by drawing funds from the Operating Reserve for current year expenditures. If zero, this line item may not be shown in the budget. Further information regarding the function of the Operating Reserve is provided under "FUND BALANCE INFORMATION" in the following pages of this Section.

Contribution for / (Use of) Rehab Reserve — A "Contribution" increases the levy in order to generate funding for the Rehabilitation Reserve. This reserve allows for the accumulation of funds for possible rehabilitation projects or replacements in future years. On the other hand, a "Use of" of the Rehabilitation Reserve provides current year funding of rehabilitation projects or replacements from available funds within the Rehabilitation Reserve. If zero, this line item may not be shown in the budget. Further information regarding the function of the Rehabilitation Reserve is provided under "FUND BALANCE INFORMATION" in the following pages of this Section.

Rounding Adjustment – The necessary rounding adjustment(s) due to limitations of the County property tax system that requires even penny levy amounts to be placed on the secured tax roll.

BALANCE TO LEVY - This is the total amount to be levied and collected through assessments for the current fiscal year for each zone. The Balance to Levy represents the sum of the total District costs together with any applicable adjustments to the budget as described above.

ASSESSMENT RATES:

Number of Assessable Parcels - The total number of parcels that are expected to be assessed. Non-assessable lots or parcels include government-owned land, public utility-owned property, land principally encumbered by public rights-of-way or easements, common areas, and/or parcels within the boundaries of the District currently do not benefit from the improvements and are therefore not assessed.

Total Assessable Front Footage - The total linear footage of that portion of each assessable parcel's boundary that is contiguous with Vernon Street.

Applied Assessment Rate per Front Foot - This amount represents the rate being applied to the front footage of each parcel for the Current Fiscal Year.

Maximum Assessment Rate per Front Foot - This amount represents the maximum rate that can be applied to the front footage of each parcel for the Current Fiscal Year.

Maximum Potential Assessment – The total amount that is expected to be assessed against all parcels within the District for the Current Fiscal Year.

FUND BALANCE INFORMATION:

OPERATING RESERVE

Beginning Operating Reserve Balance 7-1-2026 (est.) - The anticipated beginning balance of cash and receivables net of any unpaid prior year obligations for each Zone. These beginning balances shall be used to fund each Zone's expenditures from July 1, 2026 to December 31, 2026, as the Operating Reserve is required to compensate for the approximate six-month delay between the start of the District's fiscal year and the receipt of the collections from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

Replenish from FY 2026/27 Levy – This amount is added to the FY 2026/27 levy in order to replenish the Operating Reserve. Due to the six-month delay from the District's receipt of assessment collections, the Operating Reserve balance shall be sufficiently funded to provide for expenditures from July 1, 2026 (the beginning of the Fiscal Year) through December 31, 2026. If zero, this line item may not be shown in the budget.

Use for FY 2026/27 Expenses – The amount of the Operating Reserve to be used to fund FY 2026/27 expenses. Portions of the Operating Reserve may be slated for current year expenditures in order to reduce the Ending Operating Reserve Balance to an amount no greater than the expected District costs for the period of July 1, 2026 (the beginning of the Fiscal Year) through December 31, 2026. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Rehab Reserve — The amount of Operating Reserve monies to be transferred to or from the Rehabilitation Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Parks Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Operating Reserve Balance 6-30-2027 (est.) - This amount represents the anticipated Operating Reserve balance/(deficit) for each Zone as of June 30, 2027. The size of each Zone's Operating Reserve is limited by Streets and Highways Code 22569 which states that an Operating Reserve shall not exceed the estimated costs of maintenance, service and incidental expenses from the first day of the fiscal year (July 1) to the date that the Agency expects to receive the first apportionment of collections from the County, which is estimated to be December 31. Therefore, each Zone may retain an Operating Reserve amounting to the District's first six-months of expenses in order to meet ongoing obligations until the first collections are received from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

REHABILITATION RESERVE

Beginning Rehab Reserve Balance 7-1-2026 (est.) — The projected balance of funds in the Rehabilitation Reserve as of July 1, 2026. Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

Collect from FY 2026/27 Levy — This amount is added to the levy to accumulate funding of future year rehabilitation projects, replacements, restorations, or upgrades of District improvements. If zero, this line item may not be shown in the budget.

Use for FY 2026/27 Rehab Projects – The amount of Rehabilitation Reserve monies expected to be transferred out of the Rehabilitation Reserve to fund the costs of installation, replacement, or planned upgrades of District improvements for the current year. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Operating Reserve — The amount of Rehabilitation Reserve monies to be transferred to or from the Operating Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Parks Department, in order to provide

for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Rehab Reserve Balance 6-30-2027 (est.) - The projected balance of funds in the Rehabilitation Reserve as of June 30, 2027. These funds shall be used to provide for future year rehabilitation projects, replacements, restorations, or upgrades of District improvements which cannot be conveniently raised from a single year's assessment. Should the District have no Rehabilitation Reserve balances or related activity, no Rehabilitation Reserve information shall be presented in the Report.

E. REHABILITATION RESERVE – CAPITAL IMPROVEMENT PLAN

Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

The Report provides a five-year Capital Improvement Plan ("CIP") which shows projected expenditures related to the rehabilitation, restoration and/or replacement of District improvements, and other allowable costs. The Current Fiscal Year CIP is shown in the preceding Budget Section A. The projected CIP costs for the remaining four years are shown in the table below.

Description	FY 2027-28	FY 2028-29	FY 2029-30	FY 2030-31	4 Year Total
Repair, replace and/or refurbish street furniture	$6,000	$7,000	$8,000	$9,000	$30,000
Non-routine tree work	2,678	2,758	2,841	2,926	11,204
Repair, replace and/or refurbish irrigation meter	0	0	0	0	0
Replace, repair, renovate and/or refurbish plants, landscaping & related mat'ls	6,911	7,500	7,750	8,000	30,161
Replace, repair, and/or refurbish light standard	3,000	3,000	3,000	3,000	12,000
Replace, repair electrical outlets	6,000	7,000	8,000	9,000	30,000
Total Projected Expenditures	**$24,589**	**$27,258**	**$29,591**	**$31,926**	**$113,365**

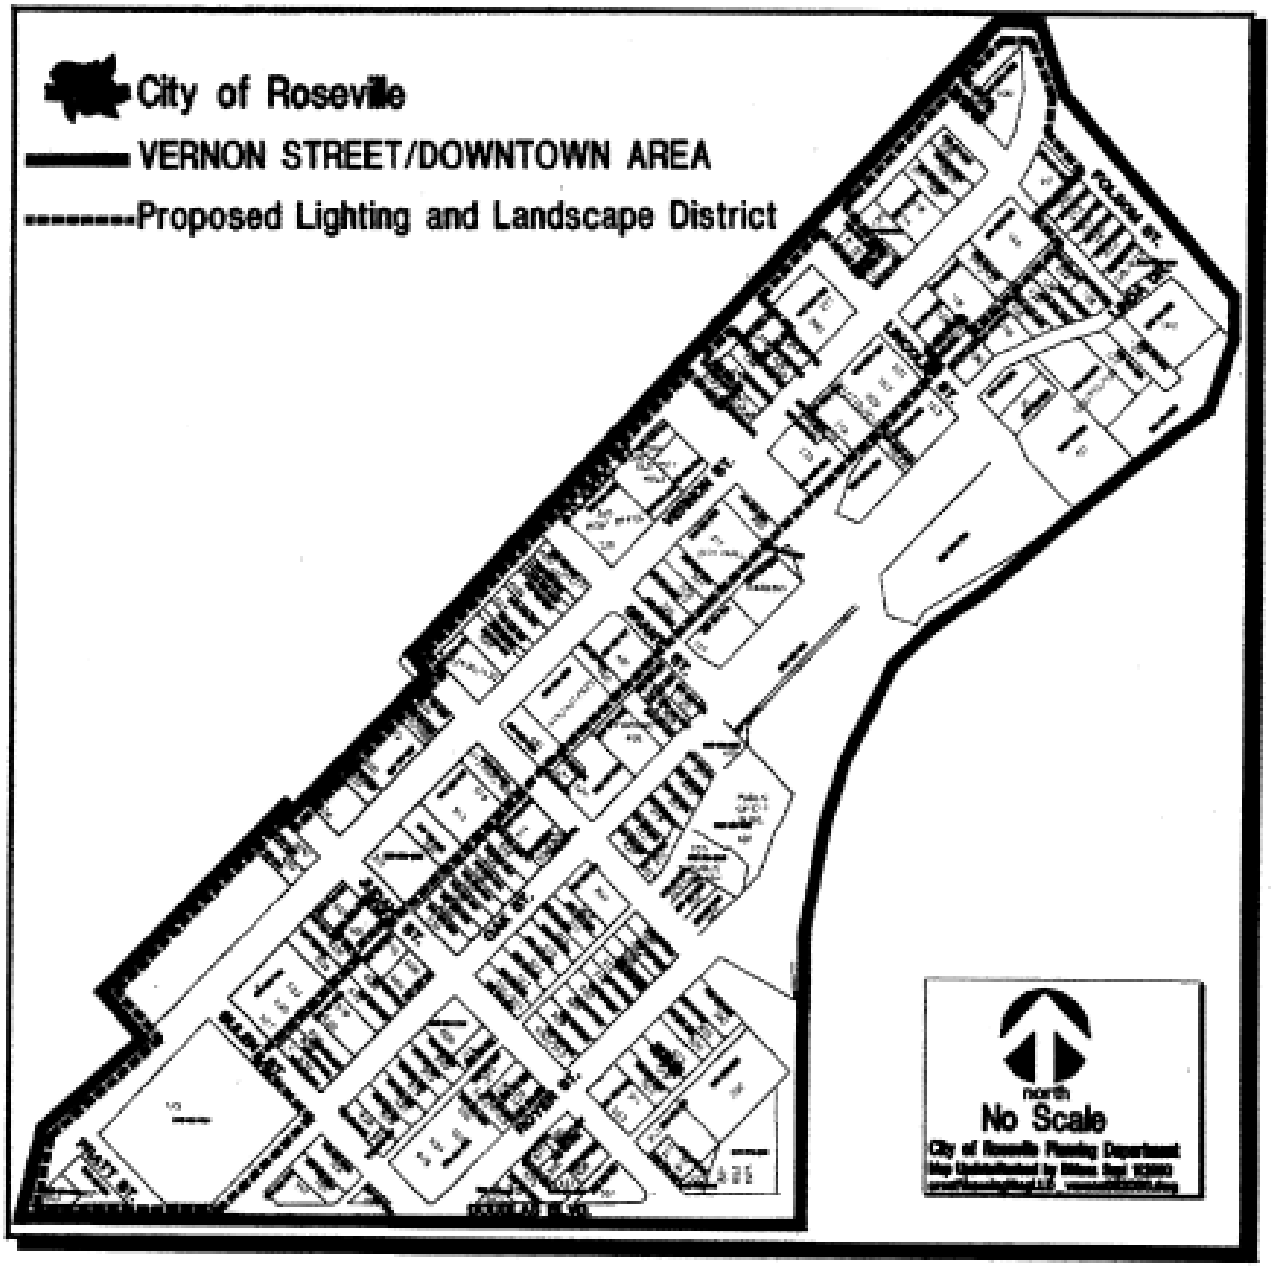

From time to time, funds held in a Rehabilitation Reserve may be needed to respond to changing needs due to the condition of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the Districts' Operating Reserve, at the discretion of the Parks Department, in order to provide for the maintenance and/or operation of the improvements.

APPENDIX A – DISTRICT BOUNDARY MAP

The boundary map for the District has previously been submitted to the Clerk of the City in the format required under the 1972 Act and is, by reference, hereby made part of this Report. These District Boundary Maps are available for inspection at the office of the City Clerk during normal business hours.

For general reference purposes, a summary of the District's Boundaries is presented herein.

Assessment diagram

APPENDIX B — FY 2026/27 ASSESSMENT ROLL

Parcel identification, for each lot or parcel within the District, shall be the parcel as shown on the Placer County Assessor's map for the year in which this Report is prepared.

A listing of parcels to be assessed within this District, along with the proposed assessment amounts, shall be submitted to the City Clerk, under separate cover, and by reference is made part of this Report.

Non-assessable lots or parcels may include areas of public streets and other roadways (typically not assigned an APN by the County); dedicated public easements, open space areas and rights-of-ways including public greenbelts and parkways; utility rights-of-ways; common areas; landlocked parcels, small parcels vacated by the County, bifurcated lots, and any other property that cannot be developed. These types of parcels are considered to receive little or no benefit from the improvements and are therefore exempted from assessment.

At the conclusion of the public hearing for the District and the proposed assessments, approval of the Report (as submitted or as modified) confirms the method of apportionment and the assessment rate to be levied against each eligible parcel and thereby constitutes the approved levy and collection of assessments for FY 2026/27. The listing of parcels and the amount of assessment to be levied shall be submitted to the County Auditor/Controller and included on the FY 2026/27 property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the Current Fiscal Year, a corrected parcel number and/or new parcel number will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved in this Report. Therefore, if a single parcel has changed to multiple parcels, the assessment amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.
