Roseville Electric Building,
116 S. Grant Street, 1st Floor

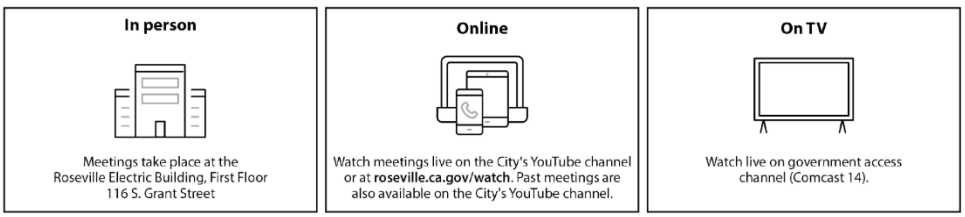
roseville.ca.gov

The City of Roseville welcomes your participation.

Meeting Schedule: Regular meetings of the City Council are held on the first and third Wednesday of each month at 6:00 p.m.

Two Public Comment Periods for Non-Agenda Items: A total of twenty-five (25) minutes is allotted for public comments. At the beginning and end of the meeting, each speaker has three (3) minutes to address the Mayor/Chair on issues that are not listed on the agenda and are within the City's jurisdiction. Please submit a yellow speaker card to the City Clerk before the item is heard if you wish to make a comment. You will still have an opportunity to comment if you haven't filled out a yellow speaker card.

Brown Act: The City Council cannot discuss or act on items not listed on the agenda. Public Comment on Agenda Items: Each speaker has five (5) minutes to address items that are listed on the agenda.



Levine Act Provisions: If you've made a campaign contribution totaling more than $500 ($250 prior to January 1, 2025) to City Council Members in the last twelve (12) months, you must disclose it before addressing an item on the agenda. Please visit Levine Act – City of Roseville for updated forms and information.

Audio/Visual Presentations: If making a presentation regarding an agenda item, audio/visual materials must be submitted to the City Clerk for consideration at least 72 hours in advance.

Americans with Disabilities Act: If special assistance is required to participate in a meeting, including the need of auxiliary aids or services, please notify the City Clerk at least 72 hours in advance of the meeting. City Clerk 311 Vernon Street cityclerkroseville@roseville.ca.us 916-774-5263 TDD: 916-774-5220

Security Measures: All meeting attendees must successfully pass through a security metal detector. Any person with a prohibited item will not be allowed entry. Prohibited items include but are not limited to firearms (even with valid CCW), knives, pepper spray/mace, explosives of any kind/any weapons and/or dangerous devices of any kind, illegal drugs, and alcohol.

Viewing Options: The City of Roseville provides three options for viewing meetings:

Krista Bernasconi, Mayor
Karen Alvord, Vice Mayor
Bruce Houdesheldt, Councilmember
Tracy Mendonsa, Councilmember
Pauline Roccucci, Councilmember
Dominick Casey, City Manager
Michelle Sheidenberger, City Attorney
Carmen Avalos, City Clerk

AMENDED AGENDA

City Council /Housing Authority/Finance Authority/
Natural Gas Financing Authority Meeting
June 17, 2026
6:00 PM
Roseville Electric Building,
116 S. Grant Street, 1st Floor

I. CALL TO ORDER

II. ROLL CALL

III. PLEDGE OF ALLEGIANCE

IV. MEETING PROCEDURES

V. PRESENTATION

1. Placer County 175th Anniversary Recognition

Summary: Placer County Supervisor Bonnie Gore with a presentation recognizing Placer County's 175th anniversary celebration.

CONTACT: Rob Baquera 916-746-1170 rbaquera@roseville.ca.us

VI. PUBLIC COMMENTS

This is the first opportunity to make a public comment on non-agenda items.

VII. CONSENT CALENDAR

2. On-Call Landscape Construction Services - Contract Purchase Agreement (PARKS, RECREATION, AND LIBRARIES DEPARTMENT - PARK DEVELOPMENT)

Summary: Staff recommends approval of a contract purchase agreement with Clearwater Construction Services, Inc. in the amount of $500,000 per year to provide on-call landscape construction services to meet on-demand project needs for Parks, Recreation & Libraries related to Americans with Disabilities Act (ADA) improvements, safety repairs and other small retrofits. Work performed under this agreement will utilize developer fees, capital rehabilitation funding and/or capital improvement projects.

CONTACT: Tara Gee 916-774-5253 tgee@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-198 approving a contract purchase agreement, by and between the City of Roseville and Clearwater Construction Services., and authorizing the City Manager to execute it on behalf of the City of Roseville.

3. Landscaping Bark and Playground Fiber (RFP 13-181) - Contract Purchase Agreement (PARKS, RECREATION, AND LIBRARIES DEPARTMENT - PARK MAINTENANCE)

Summary: Staff recommend approval of a contract purchase agreement with Applied Landscape Materials Inc., for the purchase and installation of landscape bark mulch and playground fiber materials. The agreement includes a base term of one year with four (4) optional one (1) year renewals in the amount of $800,000 per year, for a total contract amount of $4,000,000. Funding will come from the Parks, Recreation & Libraries Department, Community Facilities District and Lighting and Landscape District operating budgets.

CONTACT: Russell Soares 916-746-1783 rsoares@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-195 approving a contract purchase agreement, by and between the City of Roseville and Applied Landscape Materials Inc., and authorizing the City Manager to execute it on behalf of the City of Roseville.

4. John Byouk Park - Notice of Completion (PARKS, RECREATION, AND LIBRARIES DEPARTMENT - PARK DEVELOPMENT)

Summary: Staff recommends approval of the Notice of Completion for the John Byouk Park Project. The total cost of the construction contract with Abide Builders, Inc. is $2,349,505. Funding for this project was included in the Neighborhood Park – Sierra Vista Fund.

CONTACT: Joel De Jong 916-774-5924 jdejong@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-220 accepting the Public Work known as John Byouk Park Project, approving the "Notice of Completion", and authorizing Parks, Recreation and Libraries Director to execute said Notice on behalf of the City of Roseville.

5. Monument Sign System Replacement - Sole Source Contract Purchase Agreement Amendment (PARKS, RECREATION, AND LIBRARIES DEPARTMENT - PARK MAINTENANCE)

Summary: Staff recommends approval of a sole source contract purchase agreement amendment with Illuminated Creations, Inc. dba Ellis & Ellis Sign Systems in the amount of $99,500 to provide monument sign replacements. The amendment includes the need for additional contract authority for the replacement of aging infrastructure and signage. Funding is

included in the North Central, Riverside, Woodcreek East, North Roseville and North Roseville Community Facilities District budgets.

CONTACT: Eric Dexter 916-746-1769 edexter@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-245 approving a sole source contract purchase agreement amendment #2, by and between the City of Roseville and Illuminated Creations, Inc. dba Ellis & Ellis Sign Systems, and authorizing the City Manager to execute it on behalf of the City of Roseville.

6. **Roseville Aquatics Complex Renovation Project - Approve Plans and Specifications and Authorize Staff to Call for Bids** (PARKS, RECREATION, AND LIBRARIES DEPARTMENT - PARK DEVELOPMENT)

Summary: Staff recommends approval of the plans and specifications for the Roseville Aquatics Complex Renovation Project and authorize staff to call for bids. The project scope includes replastering of the competition pool and upgrades to the locker rooms and restrooms. The project is estimated to cost $3,300,500 for construction and is funded in the proposed FY2026-27 budget in the Parks Recreation and Libraries Capital Projects Fund, with funding provided by the FY2024-25 General Fund year-end budget surplus. There will be no increase in maintenance costs and no General Fund impact.

CONTACT: Heather Buck 916-774-5254 hcbuck@roseville.ca.us

The City Council will consider the recommendation to:

a. Approve the plans and specifications for the Roseville Aquatics Complex Renovation Project and authorize staff to call for bids.

7. **The Rocky Ridge Road Landscape Improvement Project - Notice of Completion** (PARKS, RECREATION, AND LIBRARIES DEPARTMENT - PARK DEVELOPMENT)

Summary: Staff recommends approval of the Notice of Completion for the Rocky Ridge Road Landscape Improvement Project. The total cost of the construction contract with WABO Landscape & Construction, Inc. is $1,142,840. Funding for this project was approved using FY2022-23 General Fund year-end budget surplus to fund the Rocky Ridge/Cirby Streetscape and Sunrise Greenway Improvements Project.

CONTACT: Josh Cervantes 916-746-1233 jrcervantes@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-208 accepting the Public Work known as The Rocky Ridge Road Landscape Improvement Project, approving the "Notice of Completion", and authorizing the Parks, Recreation and Libraries Director to execute said Notice on behalf of the City of Roseville.

8. **Goat Grazing Services - Contract Purchase Agreement and Amendment** (PARKS, RECREATION, AND LIBRARIES DEPARTMENT - PARK MAINTENANCE)

Summary: Staff recommends approval of a contract purchase agreement amendment and contract purchase agreement with Ecosystem Concepts Inc., increasing the previously approved amount of $485,595 to $581,916 for the current fiscal year and up to $690,338 for the previously approved Fiscal Year 2026-27 renewal to provide grazing of nearly 1,700 acres of land through City preserves and open space. Funding is included in the General Fund and Open Space Fund FY2025-26 and FY2026-27 budgets.

CONTACT: Eric Dexter 916-746-1769 edexter@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-231 approving a contract purchase agreement amendment and a contract purchase agreement, by and between the City of Roseville and Ecosystems Concepts Inc., and authorizing the City Manager to execute it on behalf of the City of Roseville.

9. **Securing Facilities Services (RFP 13-184) - Contract Purchase Agreement** (PARKS, RECREATION, AND LIBRARIES DEPARTMENT - PARK MAINTENANCE)

Summary: Staff recommends approval of a contract purchase agreement with CALTAC Security, to visit and secure parks and facilities, restrooms, and gates, outside of normal business hours. The agreement is in the amount of $80,406, which includes a 10% contingency. Staff additionally requests authority for the City Manager or his designee to execute four optional one-year renewals without further City Council approval, provided the applicable budget is approved by the City Council, or until staff determines that continuing with this vendor is not in the best interest of the City. Funding for each year's annual contract will be included in the Parks, Recreation & Libraries Department in the General Fund and Community Facilities Districts operating budgets.

CONTACT: Russell Soares 916-746-1783 rsoares@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-199 approving a contract purchase agreement, by and between the City of Roseville and CALTAC Security Inc., and authorizing the City Manager to execute it on behalf of the City of Roseville.

10. **Salary Schedule Update, Side Letter Agreement with Roseville Police Association and Addendum to the Management/Confidential Terms, Conditions and Understandings** (HUMAN RESOURCES DEPARTMENT)

Summary: As part of an ongoing assessment of the appropriate staffing levels to provide a high level of service to the community, staff recommends that the City Council adopt an ordinance to approve the administrative correction to the International Brotherhood of Electrical Workers, Local 1245 (IBEW) A & B salary schedules to update the Senior Electric Line Troubleshooter salary range. In addition, staff recommends an Addendum to the Management/Confidential

Terms, Conditions, and Understandings for Management/Confidential employees related to special compensation language amendments to comply with CalPERS requirements, and a side letter agreement between the City of Roseville and the Roseville Police Association to also address amendments to special compensation language to meet CalPERS requirements. The estimated cost of the administrative correction to the IBEW salary schedules for the Senior Electric Line Troubleshooter is $1,906 to the Electric Fund for the remainder of FY2025-26, all of which can be absorbed by existing appropriations; therefore, no budget adjustment is required at this time. Beyond this fiscal year, the recommended changes have an annual ongoing impact of $9,909 to the Electric Fund.

CONTACT: Macy Dippert 916-774-5215 mdippert@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Ordinance No. 7084 amending Ordinance 7065, the Salary Ordinance for personnel represented by the International Brotherhood of Electrical Workers, Local 1245, as amended by Appendix "B" to be effective April 18, 2026,as an urgency measure; and

b. Adopt Resolution No. 26-249 approving an addendum to the Terms, Conditions, and Understandings for Management and Confidential Employees, and authorizing the City Manager to execute it on behalf of the City of Roseville; and

c. Adopt Resolution No. 26-250 approving a side letter to the Memorandum of Understanding for Employees represented by the Roseville Police Association, and authorizing the City Manager to execute it on behalf of the City of Roseville.

11. Federal Advocacy Services - Professional Services Agreement Amendment (PUBLIC AFFAIRS AND COMMUNICATIONS DEPARTMENT)

Summary: Staff recommends approval of an amendment to the professional services agreement with The Ferguson Group to provide federal advocacy services for City departments other than the utility departments. The amendment does not increase the total annual cost for professional services. The total annual contract amount will remain at $90,600, consistent with the prior fiscal year. With this fourth amendment to the contract, the total not-to-exceed amount is $453,000. Funding for this agreement is included in the proposed FY2026-27 budget in the General Fund.

CONTACT: Rob Baquera 916-746-1170 rbaquera@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-194 approving a fourth amendment to the professional services agreement, by and between the City of Roseville and The Ferguson Group and authorizing the City Manager to execute it on behalf of the City of Roseville.

12. Roseville Parkway Widening Phase 1 Project - Agreements for Acquisition of Real Property (PUBLIC WORKS DEPARTMENT - ENGINEERING - CITY PROJECTS)

Summary: Staff recommends approval of the agreements for Acquisition of Real Property with CL Creekside Plaza North CA LP, a Delaware limited partnership in the amount of $153,789 and with Source Investments, LLC in the amount of $74,000 for the purchase of property for the Roseville Parkway Widening - Phase 1 Project. The scope of the Project consists of widening portions of Roseville Parkway from West Drive to Creekside Ridge Drive and adding a third left-turn lane at southbound Pleasant Grove Boulevard onto eastbound Roseville Parkway. The construction of the project is estimated to cost $3.6 million and will be primarily funded by the special tax revenue generated in the North Central Roseville Community Facilities District No. 1. No General Fund resources will be used for the project.

CONTACT: Karen Vences 916-774-5412 kavences@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-246 approving an agreement for Acquisition of Real Property, by and between the City of Roseville and CL Creekside Plaza North CA LP, and authorizing the City Manager to execute it and all related escrow documents on behalf of the City of Roseville; and

b. Adopt Resolution No. 26-247 approving an administrative settlement agreement for acquisition of real property, by and between the City of Roseville and Source Investments, LLC, and authorizing the City Manager to execute it and all related escrow documents on behalf of the City of Roseville; and

c. Adopt Resolution No. 26-248 approving an easement variance and modification agreement, by and between the City of Roseville and Source Investments, LLC, and authorizing the City Manager to execute it on behalf of the City of Roseville.

13. Zero Emission Charge Depot Project Phase 2 - Contract Purchase Agreement (PUBLIC WORKS DEPARTMENT - FLEET)

Summary: Staff recommends awarding a contract purchase agreement with Vasko Electric Inc. in the amount of $292,013, plus 15% change order authority, for the installation of Electric Vehicle Charging Stations for the Zero Emissions Charge Depot, Phase 2. This phase includes the remaining level 2 chargers required to fully support the City's light-duty fleet at the Roseville Corporation yard. Funding for this work was allocated in Fiscal Year (FY) 2025-26 in the Corporation Yard Charge Depot - Light Duty - Phase 2 project budget, funded by the Fleet Operations Fund. No General Fund resources are being used for this project. This investment represents a continued, strategic advancement of the City's long-term fleet electrification goals and ensures the necessary infrastructure is in place to reliably support zero-emission operations.

CONTACT: Brandy LeBeau 916-774-5531 blebeau@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-196 approving a contract purchase agreement, by and between the City of Roseville and Vasko Electric Inc. and authorizing the City Manager to execute it on behalf of the City of Roseville.

14. School Crossing Guards for Roseville City School District - Memorandum of Understanding (PUBLIC WORKS DEPARTMENT - TRANSPORTATION)

Summary: Staff recommends approval of a Memorandum of Understanding with Roseville City School District for reimbursement of three school crossing guards for $27,900 in 2026-27, $28,800 in 2027-28, and $29,700 in 2028-29 school years. Funding is included in the Public Works/Alternative Transportation budget. No General Fund resources are used for this service.

CONTACT: Suzanne Engelke 916-746-1289 sengelke@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-234 approving a Memorandum of Understanding, by and between the City of Roseville and Roseville City School District, and authorizing the City Manager to execute it on behalf of the City of Roseville.

15. School Crossing Guards for Dry Creek Joint Elementary School District - Memorandum of Understanding (PUBLIC WORKS DEPARTMENT - TRANSPORTATION)

Summary: Staff recommends approval of a Memorandum of Understanding with Dry Creek Elementary School District for reimbursement of one school crossing guard in the amount of $9,300 for 2026-27, $9,600 for 2027–28, and $9,900 for 2028–29 school years. Funding is included in the Public Works/Alternative Transportation budget. No General Fund resources are used for this service.

CONTACT: Suzanne Engelke 916-746-1289 sengelke@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-235 approving a Memorandum of Understanding, by and between the City of Roseville and Dry Creek Elementary School District, and authorizing the City Manager to execute it on behalf of the City of Roseville.

16. Bus Shelter Improvement Project - Budget Adjustment (PUBLIC WORKS DEPARTMENT - TRANSPORTATION)

Summary: Staff recommends approval of a budget adjustment in the amount of $232,505 in the Transit Fund to add State of Good Repair funding, provided by the state, to the Bus Shelter Improvement project. The project will replace existing shelters that have exceeded their useful life, while also installing new shelters at locations served by the City's expanded bus route network. There will be no impact on the General Fund as a result of this project.

CONTACT: Zachary Presley 916-774-5365 zpresley@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Ordinance No. 7076 authorizing certain amendments to the fiscal year 2025-26 budget and declaring this ordinance to be immediately effective as an appropriation measure.

17. Western Placer Consolidated Transportation Services Agency – Transit Program Agreements (PUBLIC WORKS DEPARTMENT - TRANSPORTATION)

Summary: Staff recommends approval of two separate Memorandums of Understanding "Agreements" between the Western Placer Consolidated Transportation Services Agency and the City for the South Placer Transit Information (SPTI) Call Center and the Mobility Training program. Pursuant to the Agreements, funding for the SPTI Call Center and Mobility Training Program is provided through the Wester Placer Consolidated Transportation Services Agency's Local Transportation Fund (LTF) resources. No City resources, including the City's own LTF allocations, are used to support these programs.

CONTACT: Ed Scofield 916-774-5449 ecscofield@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-243 approving an agreement, by and between the City of Roseville and Western Placer Consolidated Transportation Services Agency, and authorizing the City Manager to execute it on behalf of the City of Roseville; and

b. Adopt Resolution No. 26-244 approving an agreement, by and between the City of Roseville and Western Placer Consolidated Transportation Services Agency, and authorizing the City Manager to execute it on behalf of the City of Roseville.

18. Dry Creek Greenway East Phase 2 Trail Project - Settlement Agreement for Acquisition of Real Property and Professional Services Agreement Amendment (PUBLIC WORKS DEPARTMENT - ENGINEERING - CITY PROJECTS)

Summary: Staff recommends approval of the Settlement Agreement for Acquisition of Real Property (Escrow Instructions) with George Khnouf in the amount of $10,000 and approval of the first amendment to professional services agreement with Monument ROW for right-of-way acquisition and appraisal services in the amount of $22,800 for the Dry Creek Greenway East Phase 2 Project. The acquisition and amendment are being funded with Local Transportation Funds. No General Fund resources will be used for this project. Sufficient funds exist in the approved budget for the agreement and amendment.

CONTACT: Cathy Gosalvez 916-774-5396 cgosalvez@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-240 approving a settlement agreement for Acquisition of Real Property, by and between the City of Roseville and George Khnoug, and authorizing the City Manager to execute it and all related escrow documents on behalf of the City of Roseville; and

b. Adopt Resolution No. 26-241 approving a first amendment to professional services agreement, by and between the City of Roseville and Monument Row, and authorizing the City Manager to execute it on behalf of the City of Roseville.

19. Historic Old Town Parking Lot Improvement Project - Approval of Plans and Specifications and Authorization to Call for Bids (PUBLIC WORKS DEPARTMENT - ENGINEERING - CITY PROJECTS)

Summary: Staff recommends approval of the plans and specifications for the Historic Old Town Parking Lot Improvement Project and authorize staff to call for bids. The scope of this project includes construction of surface parking lot with spaces for 128 vehicles (123 spaces and 5 accessible spaces) on the former Union Pacific Railroad property that was acquired by the City in January 2025. The project also includes the installation of 6 EV charging units (12 total EV chargers), parking lot lighting & landscaping, and architectural improvements to the Roundhouse Row Alleyway and the water tower. Construction is estimated to cost approximately $3,900,000 and is planned for summer 2026 to spring 2027. This project is funded through the Strategic Improvement Fund. No General Fund resources will be used for this project.

CONTACT: Brian Gulewich 916-746-1376 bcgulewich@roseville.ca.us

The City Council will consider the recommendation to:

a. Approve the plans and specifications for the Historic Old Town Parking Improvement Project and authorize staff to call for bids.

20. Storm Drain Repair Project - Approval of Plans and Authorization to Call for Bids (PUBLIC WORKS DEPARTMENT - ENGINEERING - CITY PROJECTS)

Summary: Staff recommends approval of the plans and specifications for the Storm Drain Repair Project, and authorize staff to call for bids. The project scope includes the rehabilitation of existing drainage systems and construction of new drainage systems. The project is estimated to cost $1,660,000. The project will be funded by General Fund Capital Improvement Program Rehabilitation Funding and Highway User Tax Funds. If approved, construction is anticipated to begin in late summer of 2026.

CONTACT: Joseph Arino 916-774-5460 jarino@roseville.ca.us

The City Council will consider the recommendation to:

a. Approve the plans and specifications for the Storm Drain Repair Project and authorize staff to call for bids.

21. Dry Creek Wastewater Treatment Plant Operations and Laboratory Building Project – Construction Change Order Authority Increase (ENVIRONMENTAL UTILITIES DEPARTMENT - TECHNICAL SERVICES)

Summary: Staff recommends approval of contract change orders for the construction agreement with BCM Construction Company, Inc. for the Dry Creek Wastewater Treatment Plant Operations and Laboratory Building project that could increase the original construction agreement by no more than 22% or $2,231,099. Funding for this Project is provided by the Wastewater Regional Rehabilitation Fund for the rehabilitation portion of the project (31%) and by the South Placer Wastewater Authority (SPWA) for the building expansion (69%).

CONTACT: Inderpreet Chaggar 916-774-5553 ikchaggar@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-233 approving an increase in change order authority.

22. Dry Creek Greenway East Phase 1 Fence and Landscaping Project - Approval of Plans and Specifications and Authorization to Call for Bids (PUBLIC WORKS DEPARTMENT - ENGINEERING - CITY PROJECTS)

Summary: Staff recommends approval of the plans and specifications for the Dry Creek Greenway East Phase 1 Fence and Landscaping Project and authorize staff to call for bids. The scope of this project includes construction of an 8-foot-tall steel and redwood fence, landscaping and irrigation along the Dry Creek Greenway Phase 1 Trail west of Sunrise Avenue. Construction is estimated to cost approximately $682,000 and is planned for summer to fall 2026. The project is funded with Local Transportation Funds. No General Fund resources will be used on this project.

CONTACT: Cathy Gosalvez 916-774-5396 cgosalvez@roseville.ca.us

The City Council will consider the recommendation to:

a. Approve the plans and specifications for the Dry Creek Greenway East Phase 1 Fence and Landscaping Project and authorize staff to call for bids.

23. Water Utility Staffing Study Project - Professional Services Agreement Amendment and Budget Adjustment (ENVIRONMENTAL UTILITIES DEPARTMENT - WATER)

Summary: Staff recommends approval of a professional services agreement amendment for the Water Utility Staffing Study Project, with Brown and Caldwell, Inc., to add $19,922 to the original not-to-exceed amount of $96,489, bringing the revised not-to-exceed amount to $116,411. Staff also recommends a budget adjustment in the amount of $19,922 to further fund the study. Funds for the budget adjustment will come from available resources in the Water Operations Fund.

CONTACT: George Hanson 916-746-1764 ghanson@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-222 approving a professional services agreement amendment, by and between the City of Roseville and Brown and Caldwell, Inc., and authorizing the City Manager to execute it on behalf of the City of Roseville; and

b. Adopt Ordinance No. 7077 authorizing certain amendments to the fiscal year 2025-26 budget and declaring this ordinance to be immediately effective as an appropriation measure.

24. Dry Year Water Supply and Infrastructure Needs Assessment – Sole Source Professional Services Agreement (ENVIRONMENTAL UTILITIES DEPARTMENT - WATER)

Summary: Staff recommends approval and award of a sole source professional services agreement to West Yost, Inc. in the amount of $74,800 for a Dry Year Water Supply and Infrastructure Needs Assessment. Funding for this project is from the Water Operations Fund. Staff further is requesting approval for a future amendment to execute the anticipated Phase 2 scope of work without returning to City Council as long as the Phase 2 cost does not exceed $60,000. With Phase 2 efforts included, the not-to-exceed budget for this project would be $134,800. This sole source request is similar to the Critical Dry Year Evaluation that West Yost conducted for the City in 2015 and allows West Yost to leverage, as applicable, the knowledge developed during the 2015 study for this current effort. Additionally, West Yost is currently updating the City's Distribution System's Current and Buildout Hydraulic Model, and this model will be utilized for this study. Funding for this project is from the Water Operations Fund.

CONTACT: Janice Gainey 916-774-5535 jrgainey@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-221 approving a sole source professional services agreement, by and between the City of Roseville and West Yost, Inc., and authorizing the City Manager to execute it on behalf of the City of Roseville.

25. Phillip Road and Westpark Drive Bikeway Project - Capital Improvement Project Approval, Budget Adjustment, and Approval of Plans and Specifications and Authorization to Call for Bids (PUBLIC WORKS DEPARTMENT - ENGINEERING - CITY PROJECTS)

Summary: Staff recommends approval to establish a new Capital Improvement Project - the Phillip Road and Westpark Drive Bikeway Project, approve a budget adjustment in the amount of $350,000 from the General Fund Capital Reserve Fund to fund the improvements, approve the plans and specifications for the project, and authorization for staff to call for bids. The project will create a new bicycle route from the Placer Valley Soccer Complex and surrounding neighborhoods to West Park High School by adding lane markings, striping, and a new trail segment. Construction is anticipated in summer 2026.

CONTACT: Samuel Benjamin 916-746-1305 sbenjamin@roseville.ca.us

The City Council will consider the recommendation to:

a. Approve the establishment of a new Capital Improvement Project - Phillip Road and Westpark Drive Bikeway Project; and

b. Adopt Ordinance No. 7078 authorizing certain amendments to the fiscal year 2025-26 budget and declaring this ordinance to be immediately effective as an appropriation measure; and

c. Approve the plans and specifications for the project and authorize staff to call for bids.

26. Underground Storage Supplement – Professional Services Agreement (ENVIRONMENTAL UTILITIES DEPARTMENT - WATER)

Summary: Staff recommends approval and award of a professional services agreement to GEI Consultants, Inc. in the amount of $284,277 for Development of an Underground Storage Supplement to Support Long-Term Banking of Middle Fork Project Water Supplies. Funding for this project is from the Water Operations Fund.

CONTACT: Janice Gainey 916-774-5535 jrgainey@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-225 approving a professional services agreement, by and between the City of Roseville and GEI Consultants, Inc., and authorizing the City Manager to execute it on behalf of the City of Roseville.

27. Substation Transformer Civil Construction - Construction Agreement (ELECTRIC DEPARTMENT - ENGINEERING)

Summary: Staff recommends approval of a construction agreement with Arrow Driller Inc. dba Arrow Construction in the amount of $379,100 to provide civil construction services at Fiddyment and Sierra Vista Substations for the installation of substation transformers. Staff additionally requests authorization for the City Manager or designee to approve and pay for contract change orders that could increase the contract amount by no more than 10%, or $37,910, for a total not to exceed $417,010. Funding is included in the Electric Department's FY2025-26 budget in the Electric Fund.

CONTACT: David Angel Jimenez 916-774-5698 dangel-jimenez@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-224 approving a construction agreement, by and between the City of Roseville and Arrow Driller Inc. dba Arrow Construction, and authorizing the City Manager to execute it on behalf of the City of Roseville.

28. Confined Space Rescue Services - Contract Purchase Agreements (ELECTRIC DEPARTMENT - RESOURCE PLANNING & GENERATION)

Summary: Staff recommends approval of two, five-year contract purchase agreements for on-call confined space rescue services: one with Pro Safety & Rescue, Inc. (PSR) with a not-to-exceed amount of $500,000, and one with Hazardous Materials Institute LLC, doing business as California Safety Training (CST) with a not-to-exceed amount of $250,000. These two contracts will provide Roseville Electric Utility with support for confined space rescue services during maintenance activities at Roseville's power plants. Funding for the first year of the agreements in the amount of $100,000 for PSR and $50,000 for CST is included in the Electric Department's proposed FY2026-27 budget in the Electric Fund. Future funding is subject to the City Council's approval of the respective budgets.

CONTACT: Drew Yarbrough 916-746-1656 dyarbrough@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-217 approving a contract purchase agreement, by and between the City of Roseville and Pro Safety & Rescue, Inc., and authorizing the City Manager to execute it on behalf of the City of Roseville; and

b. Adopt Resolution No. 26-218 approving a contract purchase agreement, by and between the City of Roseville and Hazardous Materials Institute LLC, and authorizing the City Manager to execute it on behalf of the City of Roseville.

29. Managed Relay Utility Interactive Voice Response System – Contract Purchase Agreement (ELECTRIC DEPARTMENT - UTILITY BILLING)

Summary: Staff recommends approval to execute a five-year contract purchase agreement with Selectron Technologies, Inc. for continued Interactive Voice Response (IVR) system services in the Utilities Customer Care division. The agreement will ensure the continued availability of critical customer service functions, including 24/7 customer access to utility account information and payment processing, outbound delinquency notification campaigns, and the Screen Pop feature implemented in 2025 to improve call-handling efficiency and customer experience. The total cost of the five-year contract is $569,848.08 and funding for the first year of the contract of $118,324.88 has been requested in the proposed FY2026-27 Utilities Customer Care budget in the Electric Fund and the Environmental Utilities Department's operations funds. There is no impact to the General Fund.

CONTACT: Jorence Wu 916-746-1261 jwu@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-226 approving a contract purchase agreement, by and between the City of Roseville and Selectron Technologies, Inc., and authorizing the City Manager to execute it on behalf of the City of Roseville.

30. Utility Rebate Management System - Contract Purchase Agreement (ELECTRIC DEPARTMENT - CUSTOMER & GOVERNMENT RELATIONS)

Summary: Staff recommends approval of a contract purchase agreement with Brillion, Inc. to provide a comprehensive cloud-based rebate management platform to support programs administered by Roseville Electric Utility and the Environmental Utilities Department. The total cost for the two-year contract purchase agreement is $699,193. Funding will be included in Roseville Electric Utility's and Environmental Utilities' proposed budgets for FY2026-27 and FY2027-28, subject to City Council approval. The contract also includes five optional one-year renewal terms, with projected costs of $365,406 in FY2028-29, $376,368 in FY2029-30, $387,659 in FY2030-31, $399,289 in FY2031-32, and $411,267 in FY2032-33.

CONTACT: Susan Hernandez 916-774-5623 shernandez2@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-219 approving an agreement, by and between the City of Roseville

and Brillion, Inc., and authorizing the City Manager to execute it on behalf of the City of Roseville.

31. Fiscal Year (FY) 2026-27 Road Maintenance and Rehabilitation Account Project Identification (PUBLIC WORKS DEPARTMENT - ENGINEERING - CITY PROJECTS)

Summary: Staff recommends, as required by Senate Bill 1, approval to identify the South Cirby and Cirby Ranch Residential Resurfacing Project for use of the City's FY2026-27 funding allotment from the State Road Maintenance & Rehabilitation Account Fund. No General Fund resources will be used for the project.

CONTACT: Laura Salcedo 916-774-5437 lsalcedo@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-237 adopting a list of projects for fiscal year 2026-27 funded by SB 1: The Road Repair and Accountability Act of 2017.

32. Ferric Chloride (BACC 06-2026) - Contract Purchase Agreement (FINANCE DEPARTMENT - PURCHASING)

Summary: Staff recommends approval of a contract purchase agreement with Kemira Water Solutions, Inc. in the amount of $1,085,450 for the supply and delivery of ferric chloride for FY2026-27. Sufficient funding is included in the Environmental Utilities Department's proposed FY2026-27 Wastewater Operations Fund budget.

CONTACT: Becky Philipp 916-746-1110 bphilipp@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-205 approving a contract purchase agreement, by and between the City of Roseville and Kemira Water Solutions, Inc., and authorizing the City Manager to execute it on behalf of the City of Roseville.

33. Liquid Aluminum Sulfate (BACC 01-2026) - Contract Purchase Agreement (FINANCE DEPARTMENT - PURCHASING)

Summary: Staff recommends approval of a contract purchase agreement with Chemtrade Chemicals US LLC in the amount of $345,000 for the supply and delivery of liquid aluminum sulfate for FY2026-27. Sufficient funding is included in the proposed FY2026-27 Water Operations Fund budget for this purchase.

CONTACT: Becky Philipp 916-746-1110 bphilipp@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-203 approving a contract purchase agreement, by and between the City of Roseville and Chemtrade Chemicals US LLC and authorizing the City Manager to execute it on behalf of the City of Roseville.

34. Hydrofluosilicic Acid (BACC 08-2026) - Contract Purchase Agreement (FINANCE DEPARTMENT - PURCHASING)

Summary: Staff recommends approval of a contract purchase agreement with DuBois Chemicals, Inc. in the amount of $200,000 for FY2026-27 to supply and deliver hydrofluosilicic acid. Adequate funding is available in the proposed FY2026-27 Water Operations Fund budget for this purchase.

CONTACT: Becky Philipp 916-746-1110 bphilipp@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-206 approving a contract purchase agreement, by and between the City of Roseville and DuBois Chemicals, Inc., and authorizing the City Manager to execute it on behalf of the City of Roseville.

35. Fiscal Year 2025-26 Year-End Budget Adjustments (FINANCE DEPARTMENT - BUDGET)

Summary: Staff recommends approval of year-end budget adjustments to the Fiscal Year 2025-26 budget to ensure compliance with the annual budget ordinance. The recommended year-end budget adjustments are: (1) Placer County Water Agency wheeling charges, (2) Roseville Housing Authority Housing Choice Voucher and Mainstream Programs, (3) Sierra Vista Specific Plan Area infrastructure reimbursement payment, (4) Internal Revenue Service tax credit payments, and (5) Blue Oaks Boulevard Widening Project funding adjustments.

CONTACT: Jackie Rice 916-774-5326 jrice@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Ordinance No. 7081 authorizing certain amendments to the fiscal year 2025-26 budget and declaring this ordinance to be immediately effective as an appropriation measure; and

b. Adopt Resolution No. 7-26 approving a budget adjustment for fiscal year 2025-26.

36. Sodium Hydroxide Solution (BACC 12-2026) - Contract Purchase Agreement (FINANCE DEPARTMENT - PURCHASING)

Summary: Staff recommends approval of a contract purchase agreement with Univar Solutions USA LLC, doing business as Univar Solutions USA, in the amount of $2,205,000 for the supply and delivery of sodium hydroxide solution for FY2026-27. Sufficient funding is included in the Environmental Utilities and Electric Departments' proposed FY2026-27 budgets for this purchase.

CONTACT: Becky Philipp 916-746-1110 bphilipp@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-204 approving a contract purchase agreement, by and between the

City of Roseville and Univar Solutions USA LLC, and authorizing the City Manager to execute it on behalf of the City of Roseville.

37. Sodium Hypochlorite (BACC 13-2026) - Contract Purchase Agreement (FINANCE DEPARTMENT - PURCHASING)

Summary: Staff recommends approval of a contract purchase agreement with Pioneer Americas LLC, doing business as Olin Finance Company, in the amount of $1,802,000 for the supply and delivery of sodium hypochlorite for FY2026-27. The chemical will be used at the Pleasant Grove Wastewater Treatment Plant, Barton Road Water Treatment Plant, Roseville Energy Park, groundwater well sites, West Side Tank and Pump Station, Johnson Pool, Mike Shellito Pool, and the Roseville Aquatic Complex. Sufficient funding is included in the Environmental Utilities, Electric, and Parks, Recreation and Libraries Departments' proposed FY2026-27 budgets for this purchase.

CONTACT: Becky Philipp 916-746-1110 bphilipp@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-207 approving a contract purchase agreement, by and between the City of Roseville and Pioneer Americas LLC dba Olin Finance Company, and authorizing the City Manager to execute it on behalf of the City of Roseville.

38. Roseville Natural Gas Financing Authority – Fiscal Year 2026-27 Budget (FINANCE DEPARTMENT)

Summary: Staff recommends approval of the $16.6 million Roseville Natural Gas Financing Authority (RNGFA) budget for FY2026-27. The RNGFA issued the 2007 Gas Revenue Bonds which financed the prepayment of natural gas used for power generation at the Roseville Energy Park. Approval of the annual budget has no new fiscal impact.

CONTACT: Teri Quinlan 916-774-5316 tquinlan@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 1-26 adopting the Annual Budget for the Fiscal Year 2026-27.

39. Enterprise Project Management Software - Budget Adjustment (INFORMATION TECHNOLOGY DEPARTMENT - STRATEGIC PLANNING)

Summary: Staff recommends approval of a budget adjustment in the amount of $319,106 for internal labor charges for the Enterprise Project Management Software project. Funding is available proportionally from the nine City funds originally approved to fund the project, including the General Fund.

CONTACT: Deanne Baquera 916-774-5157 dmbaquera@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Ordinance No. 7079 authorizing certain amendments to the fiscal year 2025-26 budget and declaring this ordinance to be immediately effective as an appropriation measure.

40. Customer Relationship Management Project - Budget Adjustment (INFORMATION TECHNOLOGY DEPARTMENT - STRATEGIC PLANNING)

Summary: Staff recommends approval of a budget adjustment in the amount of $261,374 for internal labor costs for the Customer Relationship Management project. Funding is available in the Information Technology Operations Fund budget.

CONTACT: Deanne Baquera 916-774-5157 dmbaquera@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Ordinance No. 7080 authorizing certain amendments to the fiscal year 2025-26 budget and declaring this ordinance to be immediately effective as an appropriation measure.

41. On-Call Transportation Impact Studies - Professional Services Agreements (DEVELOPMENT SERVICES DEPARTMENT - ENGINEERING DIVISION)

Summary: Staff recommends approval of three (3) professional services agreements with (1) DKS Associates, (2) Fehr & Peers, and (3) Kimley-Horn and Associates, Inc., for On-Call Transportation Impact Studies. The agreements include an annual not-to-exceed limit of $500,000 per contract. Funding is included in the Development Services Department's Full Cost-Consolidated Billing Project(s) budget and is fully recoverable through project applicant funding. Staff also recommends authorization for the City Manager to execute future amendments to extend the agreements for up to four (4) additional one (1) year renewal terms on behalf of the City. All development projects are required to pay the full cost of traffic impact studies prior to the City authorizing work to begin, resulting in no net fiscal impact on the General Fund.

CONTACT: Stacie Marchetti 916-774-5278 smarchetti2@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-200 approving an on-call professional services agreement, by and between the City of Roseville and DKS Associates, and authorizing the City Manager to execute it on behalf of the City of Roseville; and

b. Adopt Resolution No. 26-201 approving an on-call professional services agreement, by and between the City of Roseville and Fehr & Peers, and authorizing the City Manager to execute it on behalf of the City of Roseville; and

c. Adopt Resolution No. 26-202 approving an on-call professional services agreement, by and between the City of Roseville and Kimley-Horn and Associates, Inc., and authorizing the City Manager to execute it on behalf of the City of Roseville.

42. Sierra Vista Village JM-01 - Final Map and Subdivision Agreement (DEVELOPMENT SERVICES DEPARTMENT - ENGINEERING DIVISION)

Summary: Staff recommends approval of the Sierra Vista Village JM-01 Subdivision Agreement with John Mourier Construction, Inc., and the final map. Review of the final map has been completed, and it is in compliance with the approved tentative map. This map will create 134 residential lots, a private street (Lot A), and one (1) remainder parcel. The actions requested have no fiscal impact to the City's General Fund.

CONTACT: Ed Winston 916-774-5432 ewinston@roseville.ca.us

The City Council will consider the recommendation to:

a. Approve the final map on file with the City Clerk and accept on behalf of the public right of way and public easements offered thereon; and

b. Adopt Resolution No. 26-197 approving a subdivision agreement, by and between the City of Roseville and John Mourier Construction, Inc., and authorizing the City Manager to execute it on behalf of the City of Roseville.

43. Sierra Vista Village FD-07 - Final Map and Subdivision Agreement (DEVELOPMENT SERVICES DEPARTMENT - ENGINEERING DIVISION)

Summary: Staff recommends approving the Sierra Vista Village FD-07 Subdivision Agreement with John Mourier Construction, Inc., and the final map. Review of the final map has been completed, and it is in compliance with the approved tentative map. This map will create 58 residential lots, a private street (Lot A), one (1) public landscape lot (Lot B), and two (2) public drainage lots (Lots C and D). The actions requested have no fiscal impact to the City's General Fund.

CONTACT: Jeff Hendrix 916-774-5463 jhendrix@roseville.ca.us

The City Council will consider the recommendation to:

a. Approve the final map on file with the City Clerk and accept on behalf of the public the public easements offered thereon, and accept subject to improvement, Lots B, C, and D and the rights of way offered thereon; and

b. Adopt Resolution No. 26-232 approving a subdivision agreement, by and between the City of Roseville and John Mourier Construction, Inc., and authorizing the City Manager to execute it on behalf of the City of Roseville.

44. On-Call Building Plan Review and Inspection Services - On-Call Professional Services Agreement (DEVELOPMENT SERVICES DEPARTMENT - BUSINESS SERVICES DIVISION)

Summary: Staff recommends approval of five (5) professional services agreements with (1) 4LEAF, Inc., (2) BPR Consulting Group LLC, (3) Bureau Veritas North America, Inc., (4) TRB and Associates, Inc., and (5) Urban37, Inc., for on-call building plan review and inspection services. The agreements include an annual not-to-exceed limit of $350,000 per contract for 4LEAF, BPR Consulting, TRB and Associates, and Urban37, and an annual not-to-exceed limit of $750,000 for Bureau Veritas due to anticipated increased workload and specialized project support. Funding

is included in the Development Services Department's Contracted Building Plan Review operating budget and is fully recoverable through permit fee revenue. Staff also recommends authorization for the City Manager to execute future amendments to extend the agreements for up to four (4) additional one-year renewal terms on behalf of the City.

CONTACT: Stacie Marchetti 916-774-5278 smarchetti2@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-210 approving an on-call professional services agreement, by and between the City of Roseville and 4LEAF, Inc., and authorizing the City Manager to execute it on behalf of the City of Roseville; and

b. Adopt Resolution No. 26-211 approving an on-call professional services agreement, by and between the City of Roseville and BPR Consulting Group LLC, and authorizing the City Manager to execute it on behalf of the City of Roseville; and

c. Adopt Resolution No. 26-212 approving an on-call professional services agreement, by and between the City of Roseville and Bureau Veritas North America, Inc., and authorizing the City Manager to execute it on behalf of the City of Roseville; and

d. Adopt Resolution No. 26-213 approving an on-call professional services agreement, by and between the City of Roseville and TRB and Associates, Inc., and authorizing the City Manager to execute it on behalf of the City of Roseville; and

e. Adopt Resolution No. 26-214 approving an on-call professional services agreement, by and between the City of Roseville and Urban37, Inc., and authorizing the City Manager to execute it on behalf of the City of Roseville; and

45. Sierra Vista Specific Plan Mitigation Fee Program Administration - Sole Source Professional Services Agreement Amendment (DEVELOPMENT SERVICES DEPARTMENT - ENGINEERING DIVISION)

Summary: Staff recommends approval of a sole source professional services agreement amendment with Economic and Planning Systems, Inc. in the amount of $7,500 to provide Sierra Vista Specific Plan Mitigation Fee Program administration, and authorize the City Manager to execute the agreement. To accommodate the increased workload and maintain consistency and continuity of services, staff recommends increasing the contract authority by $7,500 for FY2025-26, raising the annual not-to-exceed contract limit from $300,000 to $307,500. This amendment will cover EPS's work through June 30, 2026. The consulting services are funded by the fee revenue collected through the fee program. There is no impact to the General Fund.

CONTACT: Stacie Marchetti 916-774-5278 smarchetti2@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-215 approving a sole source professional services agreement

amendment, by and between the City of Roseville and Economic and Planning Systems, Inc., and authorizing the City Manager to execute it on behalf of the City of Roseville.

46. Electronic Plan Review - Sole Source Agreement (DEVELOPMENT SERVICES DEPARTMENT - BUSINESS SERVICES DIVISION)

Summary: Staff recommends approval of a sole source agreement with Lifecycle Technologies, LLC dba LCT Software for access to its cloud-based electronic plan review platform, DigEplan, with a not-to-exceed (NTE) amount of $63,953 for the initial term and a total NTE amount of $210,193 over the full three-year term, including renewal options. Funding is included in the Development Services Department's Technology Replacement Fund, which is funded through permit fees designated for development-driven technology improvements, and is included in the Department's FY2025–26 budget. Approval of the agreement will have no net fiscal impact on the General Fund. Staff also recommends authorization for the City Manager to execute future amendments to extend the agreement for up to two (2) additional one (1) year renewal terms on behalf of the City.

CONTACT: Chris Fanucchi 916-746-1353 CFanucchi@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-223 approving a sole source agreement, by and between the City of Roseville and Lifecycle Technologies, LLC dba LCT Software, and authorizing the City Manager to execute it on behalf of the City of Roseville.

47. Assistance to Firefighters Grant Program - Grant Application (FIRE DEPARTMENT)

Summary: Staff recommends approval for staff to submit an application to the U.S. Federal Emergency Management Agency (FEMA) for the FY2025 Assistance to Firefighters Grant for $511,217, with a ten percent matching funds requirement, or $51,121, to implement an updated Knox Box rapid entry system, and authorize the Fire Chief or designee to execute all related forms and agreements. An updated electronic system would improve security, accountability, and emergency response capabilities by allowing immediate deactivation of compromised keys without replacing physical locks. If awarded the grant, the matching funds would be provided by the Fire Department budget or the General Fund contingency budget.

CONTACT: Jordan Paul 916-774-5802 jpaul@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-242 approving a grant application to the U.S. Federal Emergency Management Agency for the Fiscal Year 2025 Assistance to Firefighters Grant Program, and authorizing the Fire Chief or designee to execute all related forms and agreements on behalf of the City of Roseville.

48. Vegetation and Firebreak Management - Contract Purchase Agreement Amendment (PARKS, RECREATION, AND LIBRARIES DEPARTMENT - PARK MAINTENANCE)

Summary: Staff recommends approval of an amendment to a contract purchase agreement with Sperber Landscape Companies LLC dba Cagwin & Dorward LLC, in the amount of $100,000, increasing the not-to-exceed amount from $180,000 to $280,000, to provide weed abatement for firebreaks and vegetation management throughout the city. This is in the final year of a five-year agreement. Funding is included in the Parks, Recreation & Libraries budget in the General Fund and Open Space Fund.

CONTACT: Eric Dexter 916-746-1769 edexter@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-227 approving a contract purchase agreement amendment, by and between the City of Roseville and Sperber Landscape Companies LLC dba Cagwin & Dorward LLC, and authorizing the City Manager to execute it on behalf of the City of Roseville.

49. School Resource Officers - Memorandum of Understanding (POLICE DEPARTMENT)

Summary: Staff recommends approval of the Memorandum of Understanding between the City and the Roseville Joint Union High School District for the School Resource Officers (SRO's). Their primary role is to investigate crimes that occur on campus or that involve the student population, educate and develop positive relationships with students and staff, monitor and enforce truancy laws and act as liaison with county agencies that also support and work with student populations, including probation, children's protective services, mental health, social service agencies and the courts. SRO's help school officials maintain a safe and secure learning environment on campuses. The net cost to the City is approximately $319,550 for 2026-2027, $303,490 for 2027-2028, and $287,030 for 2028-2029. Funding for the five SRO's is included in the Police Department's General Fund budget.

CONTACT: Courtney Scurria 916-746-1051 CScurria@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-236 approving an Memorandum of Understanding, by and between the City of Roseville and Roseville Joint Union High School District, and authorizing the City Manager to execute it on behalf of the City of Roseville.

50. Sutter Roseville Medical Center Neighborhood Policing Program - Grant Award Agreement and Budget Adjustment (POLICE DEPARTMENT)

Summary: Staff recommends approval of the Sutter Roseville Medical Center (SRMC) Neighborhood Policing Grant Award to provide a dedicated police officer presence on the SRMC campus, and approve a budget adjustment in the amount of $985,642 to the project budget. The budget adjustment increases revenue and expenditure budgets for the new award agreement of $938,794 in the General Fund, and increases revenue and expenditure budgets for the Fleet Operations and Fleet Replacement internal service funds totaling $46,848 for the maintenance and replacement cost of one patrol vehicle.

CONTACT: Mark Peinado 916-774-5021 mcpeinado@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-228 approving a grant award agreement, by and between the City of Roseville and Sutter Roseville Medical Center, and authorizing the City Manager to execute it on behalf of the City of Roseville; and

b. Adopt Ordinance No. 7082 authorizing certain amendments to the fiscal year 2025-26 budget and declaring this ordinance to be immediately effective as an appropriation measure.

51. Downtown Roseville Security Patrol - Professional Services Agreement Amendment (POLICE DEPARTMENT)

Summary: Staff recommends approval of a second amendment to a professional services agreement with Universal Protection Service, LP dba Allied Universal Security Services to increase the contract amount by $28,825.23, to a total of $195,236.82 for private security patrols in the Downtown and Historic Old Town areas to assist in providing public safety. Funding for the increase is included in the Police Department's operating budget in the General Fund.

CONTACT: Mark Peinado 916-774-5021 mcpeinado@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-229 approving a professional services agreement amendment, by and between the City of Roseville and Universal Protection Service, LP dba Allied Universal Security Services, and authorizing the City Manager to execute it on behalf of the City of Roseville.

52. Body-Worn Cameras - Contract Purchase Agreement Amendment (POLICE DEPARTMENT)

Summary: Staff recommends approval of an amendment to a contract purchase agreement with Axon Enterprise, Inc. to increase the agreement total by $7,446.44, bringing the total five-year agreement amount to $2,536,810.72 to purchase additional license bundles and docking stations for the Police Department. Funding for the first-year cost was included in the Police Body-worn Camera Replacement project, through the Equipment Replacement Fund.

CONTACT: Mark Peinado 916-774-5021 mcpeinado@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-230 approving a contract purchase agreement amendment, by and between the City of Roseville and Axon Enterprise, Inc., and authorizing the City Manager to execute it on behalf of the City of Roseville.

53. Homeless Outreach Worker Program - Contract Amendment (ECONOMIC DEVELOPMENT DEPARTMENT - HOUSING)

Summary: Staff recommends approval of the second amendment for the Homeless Outreach Worker Program Contract between the Placer County Department of Health and Human

Services and the City. The amendment will extend the contract through June 30, 2027 and will allow outreach workers to continue building relationships with members of the community who are experiencing homelessness, assist with navigation of services and resources, and serve as liaisons to the downtown business community. No General Fund resources will be used for this contract extension.

CONTACT: Suzanne Acrell 916-774-5469 sacrell@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-216 approving a second amendment to the Homeless Outreach Worker Program Contract, by and between the Placer County Department of Health and Human Services and the City of Roseville, and authorizing the City Manager to execute it on behalf of the City of Roseville.

54. Roseville Housing Authority - Administrative Plan Amendment (ECONOMIC DEVELOPMENT DEPARTMENT - HOUSING)

Summary: Staff recommends approval of revisions to Chapters 7 and 16 of the Roseville Housing Authority Administrative Plan to align with updated guidance from the United States Department of Housing and Urban Development. The Administrative Plan has no impact on the City's General Fund.

CONTACT: Suzi Cook-Turner, Trisha Isom 916-774-5414, 916-746-1239 smcook-turner@roseville.ca.us, tisom@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Housing Authority Resolution No. 5-26 approving the updated Roseville Housing Authority Administrative Plan.

55. WB-30 Lot 1 Affordable Rental Housing Agreement (ECONOMIC DEVELOPMENT DEPARTMENT - HOUSING)

Summary: Staff recommends approval of an Affordable Rental Housing Agreement between the City of Roseville and Roseville Senior Affordable LP for phase 1 of the Riviera at Roseville West. This affordable senior rental housing development is located at 3380 Pleasant Grove Boulevard within the Sierra Vista Specific Plan area. The agreement will support the City's General Plan in meeting the affordable housing goals. No General Fund resources will be used in the development of this project.

CONTACT: Suzanne Acrell 916-774-5469 sacrell@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-251 approving an Affordable Rental Housing Agreement, by and between the City of Roseville and Roseville Senior Affordable LP, and authorizing the City Manager to execute it on behalf of the City of Roseville.

56. Proclamation - Park and Recreation Month

Summary: Proclaim July 2026 as Park and Recreation Month and urge all residents to visit and enjoy Roseville's recreation facilities, parks, trails and natural areas.

CONTACT: Arleta Wagenhals 916-774-5200 amswagenhals@roseville.ca.us

57. Minutes of Prior Meeting (CITY CLERK DEPARTMENT)

Summary: Staff recommends approval of the minutes of the May 20, 2026 and June 3, 2026, City Council Meetings.

CONTACT: Adilia Keller 916-774-5265 amkeller@roseville.ca.us

The City Council will consider the recommendation to:

a. Approve minutes of the May 20, 2026 and June 3, 2026, City Council Meetings.

END OF CONSENT CALENDAR

VIII. PRESENTATIONS/REPORTS

58. Board and Commissions Bi-Annual Vacancies (CITY CLERK DEPARTMENT)

Summary: Staff recommends Council appoint two (2) individuals to the Economic Development Advisory Committee to terms expiring June 30, 2028 from the applications received from Kristen Holihan, Derek Pell, and Angela Tsukiji; appoint three (3) individuals to the Grants Advisory Commission to terms expiring June 30, 2030 from the applications received from Nina Acosta, Rick Jenkins, Loretta Odebiyi, Jim Ratliff, and David Williams; appoint Ravi Sharma to the Local Sales Tax Citizens' Oversight Committee to a term expiring June 30, 2027; and appoint three (3) individuals to the Planning Commission to terms expiring June 30, 2030 from the applications received from Sandra Pollack-Cushing, Frank Fernandez, Ed Kriz, Einar Maisch, Derek Pell, Jason Probst, and Julia Sweeney.

CONTACT: Katrina Six 916-774-5267 kmsix@roseville.ca.us

The City Council will consider the recommendation to:

a. Appoint two (2) individuals to the Economic Development Advisory Committee to terms expiring June 30, 2028 from the applications received from: Kristen Holihan, Derek Pell, and Angela Tsukiji; and

b. Appoint three (3) individuals to the Grants Advisory Commission to terms expiring June 30, 2030 from the applications received from Nina Acosta, Rick Jenkins, Loretta Odebiyi, Jim Ratliff, and David Williams; and

c. Appoint Ravi Sharma to the Local Sales Tax Citizens' Oversight Committee to terms expiring June 30, 2027; and

d. Appoint three (3) individuals to the Planning Commission to terms expiring June 30, 2030

from the applications received from Sandra Pollack-Cushing, Frank Fernandez, Ed Kriz, Einar Maisch, Derek Pell, Jason Probst, and Julia Sweeney.

59. Fiscal Year 2026-27 Citywide Budget, Position Allocation Schedule, Roseville Housing Authority Budget, and Roseville Finance Authority Budget (FINANCE DEPARTMENT - BUDGET)

Summary: Staff recommends approval of the proposed City of Roseville Fiscal Year (FY) 2026-27 citywide budget and position allocation schedule, as incorporated into the budget document, effective July 1, 2026. The proposed FY2026-27 expenditure budget totals $876.8 million from all funding sources. The General Fund expenditure budget is $275.3 million, consisting of $257.9 million in operating expenditures and $17.4 million in non-operating expenditures. The FY2026-27 Roseville Housing Authority expenditure budget totals $12.9 million and is primarily comprised of funding from the federally funded Housing Choice Voucher Program, which provides rental assistance to up to 846 families, seniors, persons with disabilities, and veterans annually. The FY2026-27 Roseville Finance Authority budget includes $878,881 in debt service payments, reflecting scheduled payments on the Certificates of Participation for 316 Vernon Street. In addition, capital outlay expenditures totaling $645,615 are budgeted for park improvements at Crabb Park, Goto Park, and Uribe Park.

CONTACT: Jackie Rice 916-774-5326 jrice@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Ordinance No. 7083 adopting the Annual Budget for the Fiscal Year 2026-27, adopting budget control policies, adopting an appropriations limit, adopting the budget for the Successor Agency of the Roseville Redevelopment Agency, to be effective immediately as an urgency measure; and

b. Adopt Housing Authority Resolution No. 6-26 approving the annual budget for Fiscal Year 2026-27; and

c. Adopt Finance Authority Resolution No. 3-26 adopting the annual budget for the Fiscal Year 2026-27.

60. Council Discretionary Funds - Roseville Community Crime Stoppers (CITY MANAGER DEPARTMENT - CITY MANAGER)

Summary: Staff recommends City Council consider providing sponsorship to Roseville Community Crime Stoppers for its annual Fourth of July Fun Run in the amount of $1,500. The balance remaining in the Council Discretionary Funds for FY2025-26 is $4,021.

CONTACT: Amy Ruiz 916-746-1362 aruiz@roseville.ca.us

The City Council will consider the recommendation to:

a. Consider providing sponsorship to Roseville Community Crime Stoppers for its annual Fourth of July Fun Run in the amount of $1,500.

IX. PUBLIC HEARINGS

NOTICE TO THE PUBLIC: Public Hearing Process

City Council, when considering the matter, will take the following actions:

1. Open the Public Hearing
2. Presentation by staff
3. Presentation by applicant or appellant
4. Accept public testimony
5. Appellant or applicant rebuttal period
6. Close the Public Hearing
7. City Council comments and questions
8. City Council action

Any challenges in court about public hearing matters noticed on this agenda may be limited to only those issues, that were raised orally at the public hearing or in written form received by the City on or before the hearing.
Public Hearings listed for continuance will be continued and posting of this agenda will serve as notice of continuation.

61. 2025 Urban Water Management Plan and Water Shortage Contingency Plan – Public Hearings and Consideration of Adoption (ENVIRONMENTAL UTILITIES DEPARTMENT - WATER)

Summary: Staff recommends City Council hold two public hearings to receive comments on the Draft 2025 Urban Water Management Plan (UWMP) and the Draft Water Shortage Contingency Plan (WSCP). If found acceptable, staff is requesting that the City Council consider the adoption of the Draft 2025 UWMP and the draft WSCP upon close of the public hearing. Approving the plans has no impact on the City's General Fund.

CONTACT: Janice Gainey 916-774-5535 jrgainey@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-238 adopting the Urban Water Management Plan and authorizing staff to submit to the California Department of Water Resources; and

b. Adopt Resolution No. 26-239 adopting the Water Shortage Contingency Plan and authorizing staff to submit to the California Department of Water Resources.

62. Zoning and Subdivision Ordinance - Roseville Municipal Code Updates (DEVELOPMENT SERVICES - PLANNING)

Summary: Staff recommends the City Council introduce for first reading an ordinance amending Chapters 19.10, 19.12, and 19.28 of the Roseville Municipal Code regarding Residential Zone Permitted Use Types, Commercial Zone Permitted Use Types, and Density Bonus Regulations; and introduce for first reading an Ordinance amending Chapter 18.05 of the Roseville Municipal Code regarding Ministerial Multifamily Maps. The proposed ordinance amendments will have no impact on the City’s General Fund.

CONTACT: Eric Singer 916-774-5536 ejsinger@roseville.ca.us

The City Council will consider the recommendation to:

a. Introduce for first reading an Ordinance amending Chapter 18.05 of the Roseville Municipal Code regarding Ministerial Multifamily Maps; and

b. Introduce for first reading an Ordinance amending Section 19.10.020 of Chapter 19.10, Section 19.12.020 or Chapter 19.12, and Chapter 19.28 of Title 19 of the Roseville Municipal Code regarding Residential Zone Permitted Use Types, Commercial Zone Permitted Use Types, and Density Bonus Regulations.

63. WB-30 Phase 1 Senior Affordable Rental Housing Project - Fee Deferrals and Government Financing Agreement (ECONOMIC DEVELOPMENT DEPARTMENT)

Summary: Staff recommends approval of an extended fee deferral for an affordable housing project, adopting a fee deferral of parks fees, approving a government financing agreement and granting authority for the City Manager to execute it and all necessary documents. Staff requests an extended fee deferral in the amount of approximately $2,704,246, a fee deferral in the amount of approximately $1,188,225, and approval of a Government Financing Agreement and granting authority for City Manager to execute it and all necessary documents to effectuate its purpose for the Phase 1 of Sierra Vista Specific Plan (SVSP) WB-30 Sierra Vista Senior Affordable Rental Housing Project (a.k.a. The Riviera at Roseville West). Approval of the fee deferrals has no impact on the City's General Fund.

CONTACT: Gina McColl 916-774-5452 gmccoll@roseville.ca.us

The City Council will consider the recommendation to:

a. Adopt Resolution No. 26-252 approving a fee deferral for the WB-30 Phase 1 Senior Affordable Housing Project; and

b. Adopt Resolution No. 26-253 approving park development impact fee deferrals for the WB-30 Phase 1 Senior Affordable Housing Project; and

c. Adopt Resolution No. 26-254 approving a Government Financing Agreement, by and between the City of Roseville and Pine Island Apartments, LLC, and authorizing the City Manager to execute it and all necessary documents to effectuate its purpose on behalf of the City of Roseville.

X. PUBLIC COMMENTS

This is the second opportunity to make a public comment on non-agenda items.

XI. STAFF/COUNCIL REPORTS

XII. ADJOURNMENT

City Council Communication

Meeting Date: 6/17/2026
Item #: VII.2
File #: 0203-10
Item ID: 2026-404

Title:	On-Call Landscape Construction Services - Contract Purchase Agreement
Contact:	Tara Gee 916-774-5253 tgee@roseville.ca.us

SUMMARY

Staff recommends approval of a contract purchase agreement with Clearwater Construction Services, Inc. in the amount of $500,000 per year to provide on-call landscape construction services to meet on-demand project needs for Parks, Recreation & Libraries related to Americans with Disabilities Act (ADA) improvements, safety repairs and other small retrofits. Work performed under this agreement will utilize developer fees, capital rehabilitation funding and/or capital improvement projects.

RECOMMENDATION

Staff recommends that the City Council:

1. Adopt a resolution to approve a Contract Purchase Agreement (3005415) with Clearwater Construction Services, Inc. dba Clearwater Landscape Services, Inc. for On-Call Landscape Construction Services, and authorize the City Manager to execute it on behalf of the City of Roseville; and
2. Authorize the City Manager to execute up to three (3) optional one (1) year renewals without further City Council approval, provided that the applicable budget is approved by the City Council, or until staff determines that continuing with this vendor is not in the best interest of the City.

BACKGROUND

In April 2026, staff issued a Request for Proposals seeking experienced companies to submit to the Parks, Recreation & Libraries Department for on-call landscape construction services. The intent of this service agreement is to utilize these services to meet project demands. This will allow for more responsiveness to resident, contractor and developer needs along with greater quality control during this time.

Three (3) companies responded to the Request for Proposals.

After a panel review and based on the company's methodology, park project experience, familiarity with the City standards and technical expertise, the following firm was selected and is recommended for contract approval.

- Clearwater Constructions Services, Inc.

The contract purchase agreement will include one (1) base year with three (3) one (1) year optional renewals up to $500,000 each year.

The on-call services agreement does not guarantee an annual amount of work and is in place on an "as needed" basis. Additionally, annual extensions, if approved, will be based on project workload, need, and approved budgets. Approval of extensions is requested to be authorized by Council and delegated to the City Manager. If approved, the contract period would start from the date of Council approval and could

extend to June 30, 2030 (FY2029-30).

FISCAL IMPACT

Work performed under this agreement will utilize developer fees, capital rehabilitation funds and/or capital improvement projects.

ENVIRONMENTAL REVIEW

The proposed project involves the repair, maintenance, and minor alteration existing facilities, including the condition of the land, water, and vegetation and will not result in the removal of trees. This activity is categorically exempt from CEQA as a Class 1 and Class 4 Exemption (State CEQA Guidelines Sections 15301 and 15304). The Exemption has been prepared and no further CEQA action is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

1. Ensure a safe and healthy community
4. Invest in well-planned infrastructure and growth
6. Deliver exceptional City services

Respectfully Submitted,
Tara Gee, Park Planning and Development Manager

Jill Geller, Parks Recreation and Libraries Director

Contract Terms and Conditions

1. To the fullest extent allowed by law, Contractor shall defend, indemnify, and save and hold harmless the City, its officers, agents, employees and volunteers from any claims, suits or actions of every name, kind and description brought forth, or on account of, injuries to or death of any person (including but not limited to workers and the public), or damage to property, resulting from or arising out of Contractor's willful misconduct or negligent act or omission while engaged in the performance of obligations or exercise of rights created by this Agreement, except those matters arising from City's sole or active negligence or willful misconduct. The parties intend that this provision shall be broadly construed. Contractor's responsibility for such defense and indemnity obligations shall survive the termination or completion of this Agreement for the full period of time allowed by law. The defense and indemnity obligations of this Agreement are undertaken in addition to, and shall not in any way be limited by, the insurance obligations contained in this Agreement.
2. Contractor is an independent contractor, and shall not be considered an officer, agent, or employee of the City.
3. Without the written consent of the City, this Agreement is not assignable by Contractor either in whole or in part.
4. Time is of the essence of this Agreement.
5. At any time during the term of this Agreement, the City has the right to terminate this Agreement, provided Contractor is given thirty (30) days written notice. City's termination shall be without further liability to City; however, Contractor shall be entitled to all costs reasonably incurred prior to the date of termination. Contractor acknowledges that City may terminate this Agreement should funds not be appropriated by its governing body to continue services under this Agreement.
6. This Agreement may only be amended or modified in writing. It is integrated and contains the complete understanding of the parties.
7. All equipment, supplies and services sold to the City of Roseville shall conform to the general safety orders of the State of California.
8. Unless notified to the contrary, in writing, the City assumes that the Contractor has accepted the work in accordance with the plans and specifications (if any) and agrees to do the work in compliance with this Agreement.
9. All prevailing wages and fair employment practices must be adhered to. For prevailing wage contracts over $25,000, copies of certified payroll must be submitted with invoices. Prevailing wage rates may be obtained from the State Department of Industrial Relations and/or the following website address: http://www.dir.ca.gov/dlsr/DPreWageDetermination.htm. In compliance with Labor Code Section 1773.2, as may be amended from time to time, Contractor shall cause a copy of this website to be posted at each jobsite, as applicable.
10. Contractor agrees to the below insurance requirements:
    a. Unless otherwise specified, the Contractor shall maintain the policies of insurance outlined in Attachment A, incorporated herein by this reference, in full force and effect during the term of this Agreement. The City of Roseville retains sole discretion in determining the types and proper levels of insurance coverage.
    b. Form. Contractor shall submit a certificate evidencing such coverage for the period covered by this Agreement in a form satisfactory to Risk Management and the City Attorney, prior to undertaking any work hereunder. Any insurance written on a claims made basis is subject to the approval of Risk Management

Docusign Envelope ID: 88E9FA17-7A7B-8E08-8143-1C3AAA9E5B16

and the City Attorney.

c. Additional Insureds. Contractor shall also provide a separate endorsement or section of the policy showing City, its officers, agents, employees, and volunteers as additional insureds for each type of coverage (except Workers' Compensation) and for ongoing and completed operations. Such insurance shall specifically cover the contractual liability of Contractor. The additional insured coverage under the Contractor's policy shall be primary and noncontributory, as evidenced by a separate endorsement or section of the policy, and shall not seek contribution from City's insurance or self-insurance. In addition, the additional insured coverage shall be at least as broad as the Insurance Services Office (ISO) CG 20 01 Endorsement. Any available insurance proceeds in excess of the specified minimum insurance coverage requirements and limits shall be available to the additional insureds. Furthermore, the requirements for coverage and limits shall be:

(1) the minimum coverage and limits specified in this Agreement; or
(2) the full coverage and maximum limits of any insurance proceeds available to the named insureds, whichever is greater.

d. Cancellation/Modification. Contractor shall provide thirty (30) days written notice to City prior to cancellation or modification of any insurance required by this Agreement.

e. Umbrella/Excess Insurance. The limits of insurance required in this Agreement may be satisfied by a combination of primary and excess insurance. Any excess insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and noncontributory basis for the benefit of City (if agreed to in a written contract) before City's own insurance shall be called upon to protect it as a named insured.

f. Subcontractors. Contractor agrees to include in its contracts with all subcontractors the same requirements and provisions of this Agreement, including the indemnity and insurance requirements, to the extent they apply to the scope of the subcontractor's work. Furthermore, Contractor shall require its subcontractors to agree to be bound to Contractor and City in the same manner and to the same extent as Contractor is bound to City under this Agreement. Additionally, Contractor shall obligate its subcontractors to comply with these same provisions with respect to any tertiary subcontractor, regardless of tier. A copy of City's indemnity and insurance provisions will be furnished to the subcontractor or tertiary subcontractor upon request.

g. Self-Insured Retentions. All self-insured retentions (SIR) must be disclosed to Risk Management for approval and shall not reduce the limits of liability. Policies containing any SIR provision shall provide or be endorsed to provide that the SIR may be satisfied by either the named insured or City. City reserves the right to obtain a full certified copy of any insurance policy and endorsements. The failure to exercise this right shall not constitute a waiver of such right.

h. Waiver of Subrogation. Contractor hereby agrees to waive subrogation which any insurer of Contractor may acquire from Contractor by virtue of the payment of any loss under a Workers Compensation, Commercial General Liability or Automobile Liability policy. All Workers Compensation, Commercial General Liability and Automobile Liability policies shall be endorsed with a waiver of subrogation in favor of City, its officers, agents, employees and volunteers for all work performed by Contractor, its employees, agents and subcontractors.

i. Liability/Remedies. Insurance coverage in the minimum amounts set forth herein shall not be construed to relieve Contractor of liability in excess of such coverage, nor shall it preclude City from taking such other actions as are available to it under any other provisions of this Agreement or law.

Docusign Envelope ID: 88E9FA17-7A7B-8E08-8143-1C3AAA9E5B16

11. Contractor shall comply with all federal, state and local laws and ordinances, including but not limited to the City's storm water regulations, as may be applicable to the performance of services under this Agreement. Failure to comply with local ordinances may result in monetary fines and cancellation of this Agreement. Refer to www.roseville.ca.us/stormwater for links to more information on the City's storm water regulations.
12. In the event that the terms of any attachment or exhibit conflict with any terms of this Agreement, the terms of this Agreement shall control.
13. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. In the event that any signature is delivered by facsimile transmission or by e-mail delivery of a ".pdf" format data file, such signature shall create a valid and binding obligation of the party executing (or on whose behalf such signature is executed) with the same force and effect as if such facsimile or ".pdf" signature page were an original thereof.
14. If either party commences any legal action against the other party arising out of this Agreement or the performance thereof, the prevailing party in such action shall be entitled to recover its reasonable litigation expenses, including but not limited to, court costs, expert witness fees, discovery expenses, and attorneys' fees. Any action arising out of this Agreement shall be brought in Placer County, California, regardless of where else venue may lie. This Agreement shall be governed by and construed in accordance with the laws of the State of California.
15. This Agreement shall be binding upon the heirs, successors, executors, administrators and assigns of the respective parties hereto.
16. If any of the provisions contained in this Agreement are for any reason held invalid or unenforceable, such holding shall not affect the remaining provisions or the validity and enforceability of the Agreement as a whole.
17. For purposes of this Agreement, the terms "Contractor," "Consultant," and "Supplier" are used interchangeably.
18. No contractor or subcontractor may work on a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. During the performance of this agreement, Contractor and its subcontractors shall have a continuing legal obligation to maintain current registration with the Department of Industrial Relations. Contractor is hereby notified that this project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.
19. Contractor/consultant's duties and services under this agreement shall not include preparing or assisting the public entity with any portion of the public entity's preparation of a request for proposals, request for qualifications, or any other solicitation regarding a subsequent or additional contract with the public entity. The public entity entering this agreement shall at all times retain responsibility for public contracting, including with respect to any subsequent phase of this project. Contractor/consultant's participation in the planning, discussions, or drawing of project plans or specifications, if any, shall be limited to conceptual, preliminary, or initial plans or specifications. Contractor/consultant shall cooperate with the public entity to ensure that all bidders for a subsequent contract on any subsequent phase of this project have access to the same information, including all conceptual, preliminary, or initial plans or specifications prepared by contractor pursuant to this agreement.
20. Contractor must submit all claims as defined in and in accordance with the claim resolution process set forth in Section 9204 of the Public Contract Code. Each such claim must be sent to the City by registered mail or certified mail with return receipt requested and must contain reasonable documentation to support the claim. All claims must be received prior to acceptance of the work.
21. Contractor certifies that Contractor, its employees, directors, officers, agents, subcontractors, vendors, and volunteers are not presently debarred, excluded, suspended,

Docusign Envelope ID: 88E9FA17-7A7B-8E08-8143-1C3AAA9E5B16

declared ineligible, voluntarily excluded, or proposed for debarment, exclusion, suspension, or ineligibility by any federal, state, or local department or agency.

22. The Levine Act (Govt. Code, Section 84308) requires a Party (and its agent(s), if any) to a Proceeding before the City of Roseville that involves any action or consideration related to their contract, license, permit, or other entitlement for use, to disclose any campaign contributions made to City elected or appointed officers totaling more than $500 within the twelve (12) months prior to the City decision and while a proceeding is pending, and includes certain prohibitions on contribution activity thereafter. If applicable campaign contributions have been made by Contractor and/or its agent(s), Contractor is responsible for compliance, including for its disclosure obligations, if any, as further described at: https://www.roseville.ca.us/government/departments/city_clerk/transparency/levine_act.
23. This Agreement may be amended via change order, but only if such change order is made in writing, approved by the City, and signed by both parties.
24. CONTRACTOR agrees to defend and indemnify CITY if, despite the parties intent and practice, any venue, agency, or court with competent jurisdiction determines that CONTRACTOR and/or any of its agents, officers, employees, volunteers, independent contractors, or subcontractors, are characterized as employee(s) of CITY.

    CONTRACTOR and CITY agree that: (a) CONTRACTOR is free from the control and direction of CITY in connection with the performance of the work; (b) CONTRACTOR is providing services directly to CITY; (c) CONTRACTOR has and will maintain at all relevant times a business license; (d) CONTRACTOR maintains a business location that is separate from CITY; (e) CONTRACTOR is customarily engaged in an independently established business of the same nature as that involved in the work performed hereunder; (f) CONTRACTOR actually contracts with other businesses to provide the same or similar services and maintains a clientele without restrictions from CITY; (g) CONTRACTOR advertises and holds itself out to the public as available to provide the same or similar services; (h) CONTRACTOR provides its own tools, vehicles, and equipment to perform the services; (i) CONTRACTOR has negotiated its own rates; (j) CONTRACTOR set its own hours and location of work in accomplishing CITY's on-call needs; and (k) CONTRACTOR has the right to control the manner and means of accomplishing the result desired and exercises its own expert independent judgement.

The supplier named hereon by the acceptance of this order agrees to the provisions of this document titled "Contract Purchase Agreement" and all accompanying terms, conditions, and attachments.

Insurance Submission Process

The City of Roseville Human Resources/Risk Management Department uses a service called EBIX to manage our insurance certificate tracking.

How It Works

- The vendor's contact information is entered into EBIX. EBIX will contact the vendor to request proof of insurance.
- The Vendor can forward the request to their Insurance Agent(s) if necessary.
- Vendor/Insurance Agent submits insurance to EBIX by email to roseville@ebix.com or by fax to (770) 325-5727. After faxing or emailing the certificate, please DO NOT send the certificate by mail to EBIX. Please do not mail, email or fax any certificates to the City of Roseville.
- Once submitted, EBIX reviews the insurance documentation. If there are deficiencies, EBIX will send a follow up letter or email requesting additional information.

Questions Regarding Insurance Submission: Contact EBIX at (951) 652-4239
Questions Regarding Insurance Requirements Contact Risk Management at (916) 774-5202

Tara Gee
Park Planning & Development Manager

IMPORTANT!!!

The City is not responsible for misdelivered proposals, and the proposer is strictly liable for its chosen method of delivery. It is the proposer's sole responsibility to make sure that proposals arrive at the proper location. Any proposal which does not actually arrive in the City Clerk's Office by the RFP due date and time will be rejected as non-responsive, even if properly addressed or delivered to another City Department.

Your proposal **MUST** be addressed and delivered as follows:

City of Roseville
and emailed to:
cityclerkroseville@roseville.ca.us

Note: Email submissions are limited to 25 megabytes.

City of Roseville RFP

PREVAILING WAGE NOTIFICATION

This is a prevailing wage project. Accordingly, all prevailing wage and fair employment laws and regulations shall be adhered to. For prevailing wage contracts over $25,000.00, copies of certified payroll must be submitted with invoices. Prevailing wage rates may be obtained from the Department of Industrial Relations and/or the following website address:

http://www.dir.ca.gov/dlsr/DPreWageDetermination.htm

1.0 INTRODUCTION

The City of Roseville (hereinafter "City"), is soliciting proposals for an On-Call Landscape Construction Services. This will be a competitive negotiation process. Qualified individuals, firms, contractors, consultants or entities (hereinafter "Contractor(s)"), that meet the requirements set forth in this Request for Proposals (hereinafter "RFP") and are capable of providing the services requested are encouraged to participate.

1.1 BACKGROUND

The City of Roseville's park development program includes building over 94 new parks and major recreation facilities during the last 18 years at a cost of approximately $100 million. The park development schedule responds to the expressed needs of the Roseville community and development agreements negotiated with new specific plan areas.

CITY OVERVIEW

1.2 The City of Roseville is an incorporated city with a population of more than 160,000 residents, located in Placer County off of Interstate 80, approximately 16 miles northeast of Sacramento, California. The City of Roseville is a Charter city operating under the City Council/City Manager form of government. Roseville has experienced an accelerated growth rate that has expanded the size of city staff and services dramatically, while outgrowing many of the city's existing facilities. Roseville remains one of the top growth centers for residential and commercial development.

1.3 PROPOSAL SUBMITTAL

RFP proposal submittals may be via electronic mail to **cityclerkroseville@roseville.ca.us** by the specified proposal due date and time. Include the RFP title and RFP number in the subject line of the email.

1.4 CALIFORNIA SECRETARY OF STATE REGISTRATION

The City requires all corporations, limited liability companies and limited partnerships to be registered to do business in the State of California. On a separate sheet of paper, please include a screenshot of your "ACTIVE" status with your proposal submittal, which can be obtained by accessing this link: https://bizfileonline.sos.ca.gov/search/business. All proposers must be registered with the Secretary of State or have a valid exemption by the time of award.

1.5 INSTRUCTIONS

This RFP includes a description of the scope of services, proposal requirements, and instructions for submitting your proposal. Failure to follow these instructions may result in rejection of your proposal.

No oral representations or interpretations will be made to any proposer as to the meaning of this RFP.

Direct all inquiries regarding this RFP in writing to Tara Gee by accessing the RFP from the City's website at: https://www.roseville.ca.us/business/procurement_services/bids_rfps by no later than April 3, 2026 by EOB.

Do not contact other individuals or City departments in this regard. Information provided by anyone other than the above contact may be invalid, and proposals which are submitted in accordance with such information may be declared non-responsive.

In the event that it becomes necessary to revise any part of this RFP, written addenda will be issued. Any amendment to this RFP is valid only if it is in writing and issued by the City department issuing the RFP. No oral interpretations or answers shall bind the City unless confirmed by the City in writing.

All addenda for this RFP will be distributed through PublicPurchase.com to proposers who have registered with PublicPurchase.com and who have downloaded the RFP. Additionally, the Notice of Intent to Award will be posted on PublicPurchase.com. **It is the proposer's sole responsibility to monitor PublicPurchase.com for possible addenda to this RFP and for the Notice of Intent to Award**. Failure of proposer to retrieve addenda or the Notice of Intent to Award from PublicPurchase.com shall not relieve him/her of the requirements contained therein or the timelines associated therewith. Additionally, failure of proposer to return a signed addendum, when required, may be cause for rejection of his/her proposal.

2 TENTATIVE SCHEDULE

The following represents the tentative schedule for this RFP. Deadline for Final Questions, or Proposal Submission Deadline will be advertised in the form of an addendum to this RFP. The schedule for the evaluation process and other future dates may be adjusted without notice.

RFP Released by the City……	March 23, 2026
Deadline for Final Questions……	April 3, 2026
City Responses to Written Questions……..	April 10, 2026
Proposal Submission Deadline…….	April 22, 2026
Contractor Interviews as needed…….	TBD
Contract Approval by City Council…….	May/June 2026
Commencement of Services…….	July 2026

3 SCOPE OF SERVICES

The City is seeking proposals for On-Call Landscape Construction Services for various Parks, Recreation and Libraries rehabilitation projects which includes, but is not limited to**:**

1. Planting and irrigation renovations;
2. Irrigation system conversions from conventional spray to drip or other water-conserving method;
3. Irrigation controller replacement;
4. New drainage installation;
5. Concrete, asphalt, and decomposed granite paving removal and replacement;
6. Tennis / Sports court repair and resurfacing;
7. Retaining wall, fence and other misc. hardscape repair and installation.
8. Additional Landscape Construction

3.1 ON-CALL PROCESS EXPECTATIONS

A typical project may include the following phases:

PHASE 1: Field Investigation

1. Review the existing materials, drawings, reports, etc., prepared by City staff on the proposed project(s).

2. Review the proposed scope(s) and conduct field review of project site conditions.
3. Locate, quote product and labor costs using unit pricing from this proposal as applicable. The contractor will be required to provide all labor, materials, equipment, and tools needed to perform the scope of Work. (Costs shall be quoted at prevailing wages and as applicable, work shall comply with the Parks Construction Standards, latest edition.)

PHASE 2: Review Material and Labor Options with City Staff

1. This phase will consist of review of quotes and material options, and shall be performed within 10 working days of the review of the project with the City's project manager, unless otherwise mutually agreed upon.
2. Additional items required may also include shop drawings, product specs, and a construction schedule.
3. Scheduling shall be coordinated in consideration of weather, season, and public use (scheduled and unscheduled). Additionally, communication and coordination with the City's Landscape Maintenance contractor may be required to ensure existing landscapes are not negatively impacted by interruptions to irrigation service or other adverse conditions.
4. If multiple projects are to be completed either concurrently or sequenced, provide recommendations of such based on type of work, weather, season and public use. This shall be coordinated with the City's project managers.

PHASE 3: Complete Project and Review with City Staff

1. Conduct pre-construction meeting on-site with City Project Manager and Park Inspector.
2. Complete construction as directed by scope of work.
3. Provide as-built drawings as appropriate to project type.
4. Onsite review of completed project with City staff.

3.2 **Additional Project Notes**

1. Multiple project managers may be involved in projects to be addressed under this contract.
2. Certain projects may be design/build, or based off simple sketches and/or a written scope of work.
3. Time is of the essence: Once a mutually agreed upon schedule has been established, a penalty may be applied in the amount of $500/day for each day the work does not end consistent with the mutually agreed upon schedule. Extenuating circumstances should be discussed in advance of any anticipated delays.
3. All work will comply with City of Roseville Parks Design & Construction Standards.
4. All work shall include a minimum 1-year warranty on all materials and workmanship.

3.3 **Multiyear Agreements** - The initial contract will be from date of award through June 2027. The City reserves the right to renew the contract for three (3) additional years, one year at a time at its sole discretion. The vendor receiving the contract award for the initial contract will retain that contract award throughout the life of the contract, including the optional renewal years.

The initial contract will be awarded based on the prices determined through the initial contract negotiation process. Sixty days prior to the expiration date of the current contract, the City is willing to re-negotiate out-year pricing (increases and/or decreases) based on market fluctuations. The pricing for each renewal year will be evaluated based on what the City deems to be fair and reasonable pricing. Any requests made by the vendor for a price increase must be fully documented utilizing an appropriate Consumer or Producer Price Index or other relevant market data to justify a price change. In its request for price increases Seller shall cite sources, specific conditions, and document how those conditions

affect the cost. The City of Roseville is also willing to re-negotiate pricing if it is affected by catastrophic circumstances (example: unforeseen national/world crisis or acts of God).

Price adjustments will not be automatic. They must be mutually agreed upon by both the City and the vendor. The City will review the proposed pricing and determine if it is allowable, fair, reasonable, and in the best interest of the City to extend the agreement.

4 ASSURANCE OF DESIGNATED PROJECT TEAM

Proposer shall assure that the designated project team, including sub-consultants or sub-contractors (if any), is used for this project. Departure or reassignment of, or substitution for, any member of the designated project team, sub-consultant(s) or sub-contractor(s) shall not be made without the prior written approval of the City.

5 PROPOSAL FORMAT REQUIREMENTS

Each response to this RFP shall include the information described in this section. Provide the information in the specified order. Failure to include all of the information specified may be cause for rejection. Additional information may be provided but should be succinct and relevant to the goals of this RFP. Any additional information that a proposing Contractor wishes to include that is not specifically requested should be included in an appendix to the proposal.

Contractors are encouraged to keep the proposals brief and to the point, but sufficiently detailed to allow evaluation of the project approach. Unauthorized conditions, omissions, limitations or provisions attached to a proposal may render the proposal non-responsive and may cause its rejection.

Proposers are warned against making erasures or alterations of any kind, without initialing each and every such change. Proposals that contain erasures or irregularities of any kind, without such initialing, or omissions, may be rejected.

If provided via regular mail, the proposal should be bound or contained in a loose-leaf binder. Document pages shall be 8-1/2 inches by 11 inches in size or folded to such a size. Use section dividers, tabbed in accordance with this section as specified below.

5.1 **Cover Letter** with the following information:

- Title of this RFP
- Name and Mailing Address of Firm (include physical location if mailing address is a PO Box)
- Contact Person, Telephone Number, Fax Number, and Email Address
- A statement that the submitting Contractor will perform the services and adhere to the requirements described in this RFP, including any addenda (*reference the addenda by date and/or number*).

5.2 **Signature Requirements** - The attached Proposer's Certification (**Attachment A)** shall be executed by an official(s) legally authorized to bind the Contractor which states that the proposal is valid for ninety (90) days. Include the executed copy of the Proposer's Certification under Tab G. Note: This is ninety (90) days following the closing date for the receipt of all proposals.

- Proposals submitted on behalf of a Partnership shall be signed in the firm name by a partner or the Attorney-in-Fact. If signed by the Attorney-in-Fact, there shall be attached to the proposal a Power-of-Attorney evidencing authority to sign proposals, dated the same date as the proposal and executed by all partners of the firm.
- Proposals which are submitted on behalf of a Corporation shall have the correct corporate name thereon and the actual signature of the authorized officer of the corporation written (not typed) below the corporate name. The title of the office held by the person signing for the corporation shall appear below the signature of the officer.
- Proposals which are submitted on behalf of a Limited Liability Company ("LLC") shall be signed by the person or persons authorized to bind the LLC under the LLC's articles of organization.
- Proposals which are submitted by an Individual Doing Business under a firm name ("dba") shall be signed in the name of the individual doing business under the proper firm name and style.

5.3 **TAB A: Firm's Qualifications** – Describe your firm and provide a statement of your firm's qualifications for performing the requested services. Identify the services which would be completed by your firm's staff and those that would be provided by sub-consultants or sub-contractors, if any. Identify any sub-consultants or sub-contractors you propose to utilize to supplement your firm's staff. Include the firm's organizational chart, including its constituent parts, and size variation of staffing levels in the past five (5) years.

5.4 **TAB B: Experience and References** – Provide a summary of your firm's experience in providing these or similar services. Provide a minimum of three (3) references for projects or services similar in nature and scope that your firm's team members have completed in the last five (5) years. Include brief descriptions of the projects, dates, client names and contact persons' names, addresses and telephone numbers. Public sector references are preferred.

5.5 **TAB C: Qualifications of Team** – Provide a brief summary of the role, qualifications and experience of each team member and designated project manager/lead assigned to this project, including length of service with the firm and the qualifications/experience of any sub-consultant or sub-contractor staff on your project team. A project team organizational diagram and brief resume of each team member and the designated project manager/lead for each applicable category shall be included. The geographic location of the firm and key personnel shall also be identified. Any proposed sub-consultants or sub-contractors shall be listed. Include sub-consultant's and sub-contractor's assigned task(s) and experience. Full resumes may be included in the appendix.

5.6 **TAB D: Project Understanding** – Based on the available information, supplemental research, field observations, and experience with similar projects, provide a narrative describing your understanding of the services requested in this RFP, your general approach and any major challenges to achieving the City's stated goals. Include any issues that you believe will require special consideration for this project. Also identify any unique approaches or strengths that your firm may have related to this project. City staff will assess your understanding of all aspects of the project based on the overview.

5.7 **TAB E: Project Plan** – Provide a detailed discussion of your firm's approach to the successful implementation of this project. Include thorough discussions of methodologies you believe are essential to accomplishing this project. Include equipment owned and/or to be leased.

5.8 **TAB F: Cost Proposal** – Provide a total cost proposal for all products and services to be delivered and breakdown of costs delineated by tasks as described in your project plan. Include a schedule of hourly rates for all proposed staff. Define any reimbursable expenses requested to be paid by the City.

5.9 **TAB G: Required Statements/Documents** – Include statements of assurance regarding the following requirements in the proposal:

- Non-substitution for the designated members of the team without approval by City staff **(Section 5.0)**
- The absence of a conflict of interest **(Section 10.4)**
- Indicate your ability and agreement to fulfill the indemnification and insurance requirements contained in the sample contract **(Section 10.7)**. (Please note that actual certificates of insurance are not required as part of your submittal.)
- A statement that nothing contained in the submitted proposal will be proprietary. (**Section 10.23**)

Submit the following documents with proposal:

- Proof of registration with California Secretary of State. **Note:** All proposers must be registered with the Secretary of State or have a valid exemption by the time of award.
- Executed copy of Proposer's Certification (**Attachment A**)
- Levine Act Disclosure Statement Form (**Attachment B**)
- Executed copy of Non-collusion Declaration (**Attachment E**)
- Contractor Licenses (**Attachment C**)
- Subcontractor List (**Attachment D**)

5.10 **TAB H: Exceptions** – Describe any and all proposed exceptions, alterations or amendments to the Scope of Services or other requirements of this RFP, including the Sample Contract (**Attachment G**). The nature and scope of your proposed exceptions may negatively affect the evaluation of your submittal and the City's determination of whether it is possible to successfully negotiate a contract with your firm.

5.11 **TAB I**: **Competency of Proposers** – The City wants to ensure that the successful Contractor has the necessary facilities, ability, experience, and financial resources to provide the services specified herein in a satisfactory and timely manner. Please list and explain any pending bankruptcies, liens, stop payment notices, judgments, lawsuits, arbitrations, mediations, foreclosures, and any similar actions filed or resolved in the past seven (7) years. Please indicate whether a client has ever terminated a contract with your firm for breach, and if so, please explain. Also, furnish a statement of financial resources demonstrating that the Contractor has the ability to maintain a staff of regular employees, sub-consultants or sub-contractors adequate to ensure continuous performance of work, and demonstrating that the equipment for the work contemplated is sufficient, adequate and suitable.

6 SUBMITTAL INSTRUCTIONS

6.1 Your submittal package shall include the following:
Via electronic mail, then send one (1) copy of the proposal to cityclerkroseville@roseville.ca.us. The file size limit is 25 megabytes.

Proposals shall be submitted not later than the time and date indicated on the cover page of this RFP. If mailing the proposal, then it shall be submitted in a sealed envelope or container and clearly marked with the RFP title on the outside of the parcel.

6.1 The City shall not be responsible for proposals delivered to a person or location other than that specified herein.

6.2 Postmarks will not be accepted, and proposals received after the deadline date and time will not be acceptedor considered. **No exceptions.**

6.3 The City reserves the right to waive minor defects and/or irregularities in proposals and shall be the sole judge of the materiality of any such defect or irregularity.

6.4 All costs associated with proposal preparation shall be borne by the proposer.

6.5 Department of Industrial Relations Contractor Registration: No contractor or subcontractor may be listed on a proposal for or work on a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. The Contractor shall provide proof of current registration with the Department of Industrial Relations for both itself and all listed subcontractors with their proposal. The Contractor is hereby notified that this project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

7 EVALUATION CRITERIA

The following evaluation criteria and rating schedule will be used to determine the most highly qualified firm(s).

Evaluation Criteria	**Maximum Points Possible**
A. Experience and qualifications of firm and proposed staff/sub-consultants/sub-contractors	35
B. Relevant experience of similar projects/contracts	35
C. Proposed Cost, On-Call rates	30
Total Possible Points:	**100**

8 SELECTION PROCESS

8.1 Award of the RFP shall be made to the responsible proposer whose proposal is determined, through a formal evaluation panel process, to be the most advantageous to the City after the evaluation panel has taken into consideration the evaluation factors set forth in the RFP. A master score sheet shall be created based on the evaluation panel's initial evaluation. Proposals shall be scored according to the criteria stated in the RFP.

8.2 Proposals submitted will be reviewed by a selection committee. Contractors that have submitted the best and most complete proposals may be invited to an interview. The number of Contractors invited to an interview may vary depending upon the number of proposals submitted.

8.3 Should the City elect to conduct interviews with any proposers, the following criteria shall be considered, and each proposer ranked by the evaluation panel during the interview process: a) Quality of presentation, b) Ability to meet the City's business goals, c) Communication style.

8.4 The City reserves the right to make a selection after review of the proposals without oral interviews; therefore, the proposal should be submitted initially on the most favorable terms that the Contractor might propose.

8.5 A contract will be negotiated with the Contractor considered best meeting the City's need for this project. In the event a mutually satisfactory contract cannot be negotiated with the City's first choice, negotiations may be terminated and commenced with the Contractor considered next best in meeting the City's needs for this particular project.

8.6 The selected Contractor will be required to execute a City prepared contract. The contract may further refine the scope of services and will provide for the terms and conditions of employment.

8.7 The award of any contract is expressly contingent upon City Council approval and the availability of funds. City staff may not legally bind the City to a contract.

8.8 The City reserves the right to reject any or all proposals, or to waive minor irregularities in said proposals, or to negotiate minor deviations with the successful Contractor(s). In the case of differences between written words and figures in a proposal, the amount stated in written words shall govern. In the case of a difference in unit price versus the extended figure, the unit price shall govern.

8.9 The City reserves the right to seek clarification on any or all proposal submittals to ensure the RFP specifications are met. Proposals may be rejected from any proposer who does not comply with the City's request for clarification.

8.10 Once a decision has been made to award the contract, then a formal notice of the intent to award to the recommended proposer(s) shall be made by the Department.

8.11 A City of Roseville business license as well as all applicable permits, licenses and certifications required by local, state or federal law are required before the award of contract.

9 GENERAL TERMS & CONDITIONS

9.1 **Standard Contract**. Upon completion of the evaluation and recommendation for award, the selected Contractor will be required to execute an agreement prepared by the City, a sample of which is included as **Attachment G**.

9.2 **Independent Contractor**. At all times the Contractor shall represent himself/herself to be an independent contractor offering such services to the general public and shall not represent himself/herself, or his/her employees, to be an employee of the City. Therefore, the Contractor shall assume all legal and financial responsibility for taxes, FICA, employee fringe benefits, workers'

compensation, employee insurance, minimum wage requirements, overtime, etc., and agrees to indemnify, save, and hold the City, its officers, agents, and employees, harmless from and against, any and all loss, cost (including attorneys' fees), and damage of any kind related to such matters.

9.3 **Non-Appropriation**. The City may terminate any resulting contract at the end of any fiscal year, June 30th, without further liability other than payment of debt incurred during such fiscal year, should funds not be appropriated by its governing body to continue services for which the contract was intended.

9.4 **Conflict of Interest**. The Contractor shall warrant that no official or employee of the City has an interest, has been employed or retained to solicit or aid in the procuring of the resulting contract, nor that any such person will be employed in the performance of such contract without immediate divulgence of such fact to the City. Contractors submitting a proposal in response to this RFP must disclose any actual, apparent, direct, indirect, or potential conflicts of interest that may exist with respect to the Contractor or the Contractor's management or employees relative to the services to be provided to the City. Conflict of interest issues may require consultation with legal counsel. If a Contractor has no conflicts of interest, a statement to that effect must be included in the proposal. Violation of this section shall be a material breach of the contract entitling the City to any and all remedies by law or in equity.

9.5 **Undue Influence**. The Contractor shall warrant via an executed Proposer's Certification (**Attachment A**)that no undue influence or pressure is used against or in concert with any officer or employee of the City in connection with the award or terms of the contract that will be executed as a result of this RFP, including any method of coercion, confidential financial arrangement or financial inducement. No officer or employee of the City shall receive compensation, directly or indirectly, from the Contractor, or from any officer, employee or agent of the Contractor, in connection with the award of the contract or any work to be conducted as a result of this RFP. Violation of this section shall be a material breach of the contract entitling the City to any and all remedies by law or in equity. Additionally, the Contractor shall provide a completed Levine Act Disclosure Statement form(**Attachment B**). A party to a proceeding before an agency involving a license, permit, or other entitlement for use, including contracts not competitively bid and awarded to the lowest responsible bidder with a responsive bid shall disclose on the record of the proceeding any contribution in an amount of more than two hundred fifty dollars ($250) made within the preceding 12 months by the party or the party's agent to a City official/campaign. (Gov. Code, § 84308.) For additional information: https://www.roseville.ca.us/government/departments/city_clerk/transparency/levine_act.

9.6 **Non-Collusion**. Contractors submitting proposals shall warrant via an executed Proposer's Certification (**Attachment A**) that their offer is made without any previous understanding, agreement or connection with any person, firm or corporation submitting a separate proposal for the same project and is in all respects fair, without outside control, collusion, fraud or otherwise illegal action. This condition shall not apply to proposals which are submitted by firms who have partnered with others to submit a cooperative proposal that clearly identifies a primary contractor and the associated sub-consultants or sub-contractors. Proposers shall also submit a properly completed and executed "Non-collusion Declaration" which is attached as **Attachment E**.

9.7 **Indemnification & Insurance Requirements**. The City's standard indemnification and insurance requirements are provided in the sample contract, included in **Attachment G**. All costs of complying with the insurance requirements shall be as included in your pricing. The selected Contractor shall provide complete and valid insurance certificates within ten (10) days of the City's written request. Failure to provide the documents within the time stated may result in rejection of the Contractor's proposal. If a proposer takes exception to the indemnification and insurance requirements, then the nature and scope of the proposed exceptions may negatively affect the evaluation of that proposer's submittal and the City's determination of whether it is possible to successfully negotiate a contract with that firm. Submitting exceptions are at the proposer's own risk.

9.8 **Cost of Preparing Proposal**. The City will not pay any costs incurred by any Contractor in preparing or submitting a proposal in response to this RFP.

9.9 **Proposals Property of the City**. All documents or materials submitted with or in conjunction with any proposal, including but not limited to electronic files, shall become the property of the City after the proposal submission deadline. No submission documents will be returned. During negotiations, the scope of services may be amended by the City and negotiated based upon ideas provided by other proposers or any other source.

9.10 **Proposals are Public Records**. All proposals submitted are subject to the public disclosure requirements under the laws of the State of California, unless the City identifies and exercises a right or obligation to exempt any record from public disclosure. However, proposals will not be disclosed until negotiations are complete and a recommendation for selection and award is made.

9.11 **Protests.**

(a) Protest Requirements

(1) Any proposer who is aggrieved in connection with the solicitation or award of a contract may file a protest with the City Clerk's office. The protest must be received in writing by the City Clerk's office within seven (7) calendar days after such aggrieved proposer 1) knows or should have known of the facts giving rise thereto or 2) the date of the notice of intent to award, whichever is sooner. In no event shall a protest be allowed after an award has been made by City Council. If the seventh calendar day falls on a weekend or City holiday, the protesting party may submit the protest prior to close of business on the first business day following such weekend or holiday. Failure to submit a timely protest shall bar consideration of a protest.

(b) Grounds for Protest

(1) The alleged grounds for protest shall be limited to the following: (a) computation errors, (b) violations of local, state, or federal law, or (c) the City failed to follow the procedures specified in this Policy.

(2) The protest shall state all grounds claimed for the protest and include supporting documentation. Failure to clearly state the grounds for the protest and provide supporting documentation shall be deemed a waiver of all protest rights.

(c) Administrative Review

Upon receipt of the protest and after determining the protest was properly filed, the Department Director shall provide a copy of the protest to other proposers who might become aggrieved as a result of the protest and issue a written decision within fourteen (14) calendar days after receipt of the protest. The protest will be evaluated by the Department Director, the City Attorney's Office, and the Purchasing Manager. The protesting proposer shall promptly provide any information requested by City staff as part of such investigation. The decision shall either deny or uphold the protest and include reasons for the decision. The written decision shall be final.

(d) Stay of Action During a Protest

In the event a protest is filed under Section 10.11, the City shall not proceed further with the award of the contract until the protest is resolved, unless:

(1) The City Manager or designee makes a determination that the award of the contract without delay is necessary to protect a substantial interest of the City, or

(2) The City decides to reject all proposals and issue a new RFP.

9.12 **Rejection of RFP**. The City reserves the right to reject any or all proposals, to waive defects or irregularities in any proposal or in the RFP process, and to offer to negotiate or contract with any Contractor in response to any RFP. This RFP does not constitute any form of offer to contract.

9.13 **Multiple Award.** The City reserves the right to award the contract to multiple contractors when applicable.

9.14 **Increasing/Decreasing Portions of RFP**. The City reserves the right to increase or decrease the amount of any portions of the work represented in the RFP and/or to omit portions of said work, as may be deemed necessary by the City.

9.15 **Rejection as Non-Responsive**. Proposals may be rejected as non-responsive at the City's sole discretion if there are alterations of form, the proposal is conditional or the proposal is incomplete.

9.16 **Modifying RFP**. The City reserves the right to modify any portion of, or to postpone or cancel this RFP at any time, and/or reject any and all submissions without indicating any reason.

9.17 **If no proposal is accepted**, the City may elect to have the services performed in some other manner.

9.18 **Rejecting Team Members, Firms or Sub-contractors**. The City reserves the right to reject individual team members, firms, sub-consultants or sub-contractors and request substitution prior to contract award.

9.19 **Local Business, Small Business, Minority and Women Owned Business**. Although no preferences will be given, the City highly encourages submission of proposals by local businesses, by small business owners, and by minority and women-owned businesses.

9.20 **Withdrawal of Proposals**. Proposals may be withdrawn prior to the date and time specified for proposal submission with a formal written notice by an authorized representative of the proposer delivered to the City Clerk's Office. Proposals submitted will become property of the City after the proposal submission deadline.

Proposals may not be withdrawn for ninety (90) days after the due date unless the City enters into a contract with another Contractor prior to the expiration of that ninety (90) day period.

9.21 **Prohibited Transmittals**. No telephone or facsimile proposals will be accepted. If a photocopy is submitted, the proposal must be signed in ink.

9.22 **Proposal Postponement and Amendment**. The City reserves the right to revise or amend the RFP or specifications up to the time set for opening of the proposals. Such revisions and amendments, if any, shall be announced by amendments to this RFP through the City's web site. Copies of such amendments shall be furnished to all prospective proposers. Prospective proposers are defined as those proposers who have registered and are on the City's RFP list for this material/service. If revisions and amendments require changes in quantities, prices or scope of services, the date set for opening of the proposals may be postponed by such number of days as in the opinion of the City shall enable proposers to revise their proposals. Proposals which fail to acknowledge a substantive addendum to the RFP, as determined by the City Attorney's Office, on the City supplied addendum form will be rejected as non-responsive. Any revisions or amendments to the RFP will become incorporated into any contract awarded pursuant to the RFP.

9.23 **Proprietary Information**. Proposers submitting a proposal in response to this RFP must provide a statement that nothing contained in the submitted proposal will be proprietary. However, if a proposer desires to claim a privilege against public disclosure for a trade secret or other proprietary information, such information must be submitted with the proposal in a separate envelope marked "confidential." The City Attorney's Office will determine if the information is in fact proprietary, based on state and federal law. Note that under California law, a price proposal to a public agency is not a trade secret. The Contractor shall defend, indemnify and hold harmless the City regarding any claim by any third party for the public disclosure of the "confidential" portion of the proposal.

9.24 **Right to Request Additional Information**. During the evaluation process, the City reserves the right, where it may serve the best interests of the City, to request additional information and clarifications from proposers. Such information will be requested in writing to the specific proposer. This information will become a part of the original proposal submitted by the specific proposer and will be used by the City in evaluating the proposal and will not be shared with other proposers during the evaluation and negotiation process.

9.25 **Modification of Proposals**. Modification of a proposal already received will be considered only if the modification is received prior to the deadline date for receiving proposals. All modifications shall be made in writing, executed, and submitted in the same form and manner as the original proposal.

9.26 **Examination of Contract Documents**. Each proposer shall thoroughly examine and be familiar with the terms of this RFP, the sample contract attached as **Attachment G**, legal and procedural documents, general conditions, specifications, and addenda (if any), which will constitute the contract documents. Submission of a proposal shall constitute acknowledgement, upon which the City may rely, that the proposer has thoroughly examined and is familiar with the contract documents. Failure or neglect of a proposer to receive or examine any of the contract documents shall in no way relieve the proposer of any obligation with respect to their proposal or to the contract. No claim for additional compensation will be allowed which is based upon lack of knowledge of any contract document.

9.27 **Non-Discrimination**. The City maintains various policies related to contractual service providers. Among these is an anti-discrimination policy, which requires that the City's contractors not discriminate in hiring on the basis of gender, race, religion, sexual orientation, medical condition, and all other

categories protected by law. Upon acceptance of a proposal, the City may request that the selected Contractor sign a statement affirming its compliance with this policy.

9.28 **No Assignment or Modifications.** This awarded contract is to be binding on the successors and assigns of the parties hereto. The services called for herein are deemed unique and except as provided herein Contractor shall not assign, transfer, subcontract, or otherwise substitute its interest in the agreement or any of its obligations herein without the written consent of the City. The Agreement may be modified only by a written amendment signed by the parties.

9.29 **Bankruptcy.** Upon filing for any bankruptcy or insolvency proceeding whether voluntary or involuntary, or upon the appointment of a receiver, trustee, or assignee for the benefit of creditors, the Contractor must notify the City immediately. Upon learning the actions herein identified, the City reserves the right, at its sole discretion, to cancel the contract.

9.30 **Bonds**. The successful Contractor will be required to provide a **100% Faithful Performance Bond and a 100% Labor and Materials Bond** using the City's forms.

9.31 **Debarment.** Contractor certifies that Contractor, its employees, directors, officers, agents, subcontractors, vendors, consultants, and volunteers are not presently debarred, excluded, suspended, declared ineligible, voluntarily excluded, or proposed for debarment, exclusion, suspension or ineligibility by any federal, state, or local department or agency.

Attachment A

PROPOSER'S CERTIFICATION

I hereby propose to furnish the goods or services specified in the Request for Proposals ("RFP"). I agree that my proposal will remain firm for a period of up to ninety (90) days in order to allow the City of Roseville ("City") adequate time to evaluate the qualifications submitted.

I have carefully examined the Request for Proposals and any other documents accompanying or made a part of this RFP. The information contained in this proposal is true and correct to the best of my knowledge and is signed under penalty of perjury under the laws of the State of California. I further certify that I am duly authorized to submit this proposal on behalf of the firm as its authorized agent and that the firm is ready, willing and able to perform if awarded the contract.

I further certify that this proposal is made without prior understanding, agreement, connection, discussion, or conspiracy with any other person, firm or corporation submitting a proposal for the same product or service; that this proposal is fair and made without outside control, collusion, fraud or illegal action; that no officer, employee or agent of the City or any other proposer is financially interested in said proposal; that no undue influence or pressure was used against or in concert with any officer, employee or agent of the City in connection with the award or terms of the contract that will be executed as a result of this RFP; and that the undersigned executed this Proposer's Certification with full knowledge and understanding of the matters therein contained and was duly authorized to do so.

LEVINE ACT DISCLOSURE STATEMENT

(The completed form submitted to the City of Roseville is a public record.)

California Government Code Section 84308, commonly referred to as the "Levine Act," prohibits any "Officer" (elected or appointed officer, any alternate thereto, and any candidate for elective office) from participating in any consideration or action related to a proceeding if they receive political contribution(s) from a party, or its agent(s), totaling more than $250 within the previous twelve (12) months, while a proceeding is pending, and for twelve (12) months following the date of a final decision in a proceeding concerning a license, permit, other entitlement for use, franchise, or contract (collectively "license, permit, or contract"). For additional information: https://www.roseville.ca.us/government/departments/city_clerk/transparency/levine_act.

City Officers are listed at the following sites:

- The Members of City Council - https://www.roseville.ca.us/government/city_council/meet_council
- Boards & Commission Members - https://www.roseville.ca.us/government/boards_commissions

Parties and their Agents are responsible for reviewing and disclosing their applicable contributions to City Officers on the record of a proceeding.

1. Have you or your entity, or any agent on behalf of you or your entity, made any political contribution(s) totaling more than $250 to any City Officer in the twelve (12) months preceding the date of the submission of your license, permit, or contract, or the anticipated date of any City Council, Board, or Commission consideration or action related to this license, permit, or contract?

YES _____ NO _____

If yes, please identify the City Officer(s):_____

2. Do you or your entity, or any agent on behalf of you or your entity, anticipate or plan to make any political contribution(s) totaling more than $250 to any City Officer in the twelve (12) months following any City Council, Board, or Commission consideration or action related to this license, permit, or contract?

YES _____ NO _____

If yes, please identify the City Officer(s):_____

Answering yes to either of the two questions above does not preclude the City of Roseville from considering and/or taking action on a license, permit, or contract. It does, however, potentially preclude the identified City Officers from participating in consideration of and in taking any actions related to the license, permit, or contract. Please accurately complete and sign this form, under the penalty of perjury:

_____	_____	_____
(Date)	(Printed Name/Title of Authorized Representative)	(Name of business/legal entity)

_____

(Signature)

You must submit a supplemental form if you make any new reportable contribution(s) while the contract, license, permit, or other entitlement is being considered. If this form has not previously been submitted in connection with a contracting, licensing, entitlement or permitting process, please provide the completed form to the Office of the City Clerk for appropriate departmental routing, at: City Clerk, 311 Vernon St., Roseville, CA 95678, CityClerkRoseville@roseville.ca.us

LEVINE ACT DISCLOSURE STATEMENT

(The completed form submitted to the City of Roseville is a public record.)

Term	Definition	Law
Covered "proceedings"	A proceeding to grant, deny, revoke, restrict, or modify a license, permit or other entitlement for use, that does not solely involve purely ministerial decisions and is: (1) Applied for by the party; (2) Formally or informally requested by the party; or (3) A contract between the agency and the party or a franchisee granted by the agency to the party, other than a contract that is **competitively bid**, a **labor contract**, or a **personal employment contract**.	FPPC Reg 18438.2(a)
Party	Any person who files an application for, or is the subject of, a proceeding involving a license, permit, or other entitlement for use.	Gov. Code 84308(a)(1)
Participant	Any person who is not a party but who actively supports or opposes a particular decision in a proceeding involving a license, permit, or other entitlement for use and who has a financial interest in the decision. A person actively supports or opposes a particular decision in a proceeding if that person lobbies in person the officers or employees of the agency, testifies in person before the agency, or otherwise acts to influence officers of the agency.	Gov. Code 84308(a)(2) FPPC Reg 18438.4
Agent	A person who represents a party or participant for compensation and appears before or otherwise communicates with the governmental agency for the purpose of influencing the pending proceeding. See FPPC Reg 18438.3 for exceptions for certain consultants.	FPPC Reg 18438.3
Competitively Bid	A contract required by law to be awarded to the lowest responsible bidder with a responsive bid, or, if the successful bidder refuses or fails to execute the contract, to the next lowest bidder with a responsive bid.	FPPC Reg 18438.2(a)(3)(A)
Labor Contract	A contract or agreement reached through collective bargaining or with a representative group regarding the salary, benefits, or terms and conditions under an employment or retirement policy for employees or retirees, including a project labor agreement entered under Public Contract Code Section 2500.	FPPC Reg 18438.2(a)(3)(B)
Personal Employment Contract	A contract for employment, including the terms and conditions of employment, between the agency and an agency employee. A contract with an independent contractor is NOT a personal employment contract.	FPPC Reg 18438.2(a)(3)(C)-(D)

A **party** to a proceeding before an agency involving a license, permit, or other entitlement for use **shall disclose on the record of the proceeding** any contribution in an amount of more than two hundred fifty dollars ($250) made within the preceding 12 months by the party or the party's agent.

A **party**, **or agent to a party**, to a proceeding involving a license, permit, or other entitlement for use pending before any agency or a participant, or agent to a participant, in the proceeding **shall not make a contribution** of more than two hundred fifty dollars ($250) to any officer of that agency during the proceeding and for 12 months following the date a final decision is rendered by the agency in the proceeding.

(Gov. Code, § 84308, emphasis added.)

NONCOLLUSION DECLARATION TO BE EXECUTED BY BIDDER AND SUBMITTED WITH BID

The undersigned declares:

I am the _____ of _____, the party making the foregoing bid.

The bid is not made in the interest of, or on behalf of, any undisclosed person, partnership, company, association, organization, or corporation. The bid is genuine and not collusive or sham. The bidder has not directly or indirectly induced or solicited any other bidder to put in a false or sham bid. The bidder has not directly or indirectly colluded, conspired, connived, or agreed with any bidder or anyone else to put in a sham bid, or to refrain from bidding. The bidder has not in any manner, directly or indirectly, sought by agreement, communication, or conference with anyone to fix the bid price of the bidder or any other bidder, or to fix any overhead, profit, or cost element of the bid price, or of that of any other bidder. All statements contained in the bid are true. The bidder has not, directly or indirectly, submitted his or her bid price or any breakdown thereof, or the contents thereof, or divulged information or data relative thereto, to any corporation, partnership, company, association, organization, bid depository, or to any member or agent thereof, to effectuate a collusive or sham bid, and has not paid, and will not pay, any person or entity for such purpose.

Any person executing this declaration on behalf of a bidder that is a corporation, partnership, joint venture, limited liability company, limited liability partnership, or any other entity, hereby represents that he or she has full power to execute, and does execute, this declaration on behalf of the bidder.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct and that this declaration is executed on _____ [date], at _____ [city], _____ [state].

Attachment F
Assembly Bill No. 626

CHAPTER 810

An act to add and repeal Section 9204 of the Public Contract Code, relating to public contracts.

[Approved by Governor September 29, 2016. Filed with Secretary of State September 29, 2016.]

LEGISLATIVE COUNSEL'S DIGEST

AB 626, Chiu. Public contracts: claimresolution.

Existing law prescribes various requirements regarding the formation, content, and enforcement of state and local public contracts. Existing law applicable to state public contracts generally requires that the resolution of claims related to those contracts be subject to arbitration. Existing law applicable to local agency contracts prescribes a process for theresolution of claims related to those contracts of $375,000 or less.

This bill would establish, for contracts entered into on or after January 1, 2017, a claim resolution process applicable to any claim by a contractor in connection with a public works project. The bill would define a claim as a separate demand by the contractor for one or more of the following: a time extension for relief from damages or penalties for delay, payment of money or damages arising from work done pursuant to the contract for a public work, or payment of an amount disputed by the public entity, as specified.

This bill would require a public entity, defined to exclude certain state entities, upon receipt of a claim sent by registered or certified mail, to review it and, within 45 days, provide a written statement identifying the disputed and undisputed portions of the claim. The bill would authorize the 45-day period to be extended by mutual agreement. The bill would require any payment due on an undisputed portion of the claim to be processed within 60 days, as specified. The bill would require that the claim be deemed rejected in its entirety if the public entity fails to issue the written statement.

This bill would authorize, if the claimant disputes the public entity′s written response of if the public entity fails to respond to a claim within the time prescribed, the claimant to demand to meet and confer for settlement of the issues in dispute. The bill would require any disputed portion of the claim that remains in dispute after the meet and confer conference to be subject to nonbinding mediation, as specified. The bill would provide that unpaid claim amounts accrue interest at 7% per annum. The bill would prescribe a procedure by which a subcontractor or lower tier contractor may make a claim through the contractor.

This bill would require the text of these provisions, or a summary, to be set forth in the plans or specifications for any public work which may give rise to a claim. The bill would specify that a waiver of these rights is void and contrary to public policy, except as specified. The bill would also specify that it does not impose liability on a public entity that makes loans or grants available through a competitive application process, for the failure of an awardee to meet its contractual obligations.

By increasing the duties of local agencies and officials, this bill would impose a state-mandated local program.

This bill would, on January 1, 2020, repeal the provision establishing the claim resolution process.

This bill would specify that these provisions constitute a matter of statewide concern.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates

determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

The people of the State of California do enact as follows:

SECTION 1. Section 9204 is added to the Public Contract Code, to read: 9204. (a) The Legislature finds and declares that it is in the best interests of the state and its citizens to ensure that all construction business performed on a public works project in the state that is complete and not in dispute is paid in full and in a timely manner.

(b) Notwithstanding any other law, including, but not limited to, Article 7.1 (commencing with Section 10240) of Chapter 1 of Part 2, Chapter 10 (commencing with Section 19100) of Part 2, and Article 1.5 (commencing with Section 20104) of Chapter 1 of Part 3, this section shall apply to any claim by a contractor in connection with a public works project.

(c) For purposes of this section:

(1) "Claim" means a separate demand by a contractor sent by registered mail or certified mail with return receipt requested, for one or more of the following:

(A) A time extension, including, without limitation, for relief from damages or penalties for delay assessed by a public entity under a contract for a public works project.

(B) Payment by the public entity of money or damages arising from work done by, or on behalf of, the contractor pursuant to the contract for a public works project and payment for which is not otherwise expressly provided or to which the claimant is not otherwise entitled.

(C) Payment of an amount that is disputed by the public entity.

(2) "Contractor" means any type of contractor within the meaning of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code who has entered into a direct contract with a public entity for a public works project.

(3) (A) "Public entity" means, without limitation, except as provided in subparagraph (B), a state agency, department, office, division, bureau, board, or commission, the California State University, the University of California, a city, including a charter city, county, including a charter county, city and county, including a charter city and county, district, special district, public authority, political subdivision, public corporation, or nonprofit transit corporation wholly owned by a public agency and formed to carry out the purposes of the public agency.

(B) "Public entity" shall not include the following:

(i) The Department of Water Resources as to any project under the jurisdiction of that department.

(ii) The Department of Transportation as to any project under the jurisdiction of that department.

(iii) The Department of Parks and Recreation as to any project under the jurisdiction of that department.

(iv) The Department of Corrections and Rehabilitation with respect to any project under its jurisdiction pursuant to Chapter 11 (commencing with Section 7000) of Title 7 of Part 3 of the Penal Code.

(v) The Military Department as to any project under the jurisdiction of that department.

(vi) The Department of General Services as to all other projects.

(vii) The High-Speed Rail Authority.

(4) "Public works project" means the erection, construction, alteration, repair, or improvement of any public structure, building, road, or other public improvement of any kind.

(5) "Subcontractor" means any type of contractor within the

meaning of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code who either is in direct contract with a contractor or is a lower tier subcontractor.

(d) (1) (A) Upon receipt of a claim pursuant to this section, the public entity to which the claim applies shall conduct a reasonable review of the claim and, within a period not to exceed 45 days, shall provide the claimant a written statement identifying what portion of the claim is disputed and what portion is undisputed. Upon receipt of a claim, a public entity and a contractor may, by mutual agreement, extend the time period provided in this subdivision.

(B) The claimant shall furnish reasonable documentation to support the claim.

(C) If the public entity needs approval from its governing body to provide the claimant a written statement identifying the disputed portion and the undisputed portion of the claim, and the governing body does not meet within the 45 days or within the mutually agreed to extension of time following receipt of a claim sent by registered mail or certified mail, return receipt requested, the public entity shall have up to three days following the next duly publicly noticed meeting of the governing body after the 45-day period, or extension, expires to provide the claimant a written statement identifying the disputed portion and the undisputed portion.

(D) Any payment due on an undisputed portion of the claim shall be processed and made within 60 days after the public entity issues its written statement. If the public entity fails to issue a written statement, paragraph (3) shall apply.

(2) (A) If the claimant disputes the public entity's written response, or if the public entity fails to respond to a claim issued pursuant to this section within the time prescribed, the claimant may demand in writing an informal conference to meet and confer for settlement of the issues in dispute. Upon receipt of a demand in writing sent by registered mail or certified mail, return receipt requested, the public entity shall schedule a meet and confer conference within 30 days for settlement of the dispute.

(B) Within 10 business days following the conclusion of the meet and confer conference, if the claim or any portion of the claim remains in dispute, the public entity shall provide the claimant a written statement identifying the portion of the claim that remains in dispute and the portion that is undisputed. Any payment due on an undisputed portion of the claim shall be processed and made within 60 days after the public entity issues its written statement. Any disputed portion of the claim, as identified by the contractor in writing, shall be submitted to nonbinding mediation, with the public entity and the claimant sharing the associated costs equally. The public entity and claimant shall mutually agree to a mediator within 10 business days after the disputed portion of the claim has been identified in writing. If the parties cannot agree upon a mediator, each party shall select a mediator and those mediators shall select a qualified neutral third party to mediate with regard to the disputed portion of the claim. Each party shall bear the fees and costs charged by its respective mediator in connection with the selection of the neutral mediator. If mediation is unsuccessful, the parts of the claim remaining in dispute shall be subject to applicable procedures outside this section.

(C) For purposes of this section, mediation includes any nonbinding process, including, but not limited to, neutral evaluation or a dispute review board , in which an independent third party or board assists the parties in dispute resolution through negotiation or by issuance of an evaluation. Any mediation utilized shall conform to the timeframes in this section.

(D) Unless otherwise agreed to by the public entity and the contractor in writing, the mediation conducted pursuant to this section shall excuse any further obligation under Section 20104.4 to mediate after litigation has been commenced.

(E) This section does not preclude a public entity from requiring arbitration of disputes under private arbitration or the Public Works

Contract Arbitration Program, if mediation under this section does not resolve the parties' dispute.

(3) Failure by the public entity to respond to a claim from a contractor within the time periods described in this subdivision or to otherwise meet the time requirements of this section shall result in the claim being deemed rejected in its entirety. A claim that is denied by reason of the public entity's failure to have responded to a claim, or its failure to otherwise meet the time requirements of this section, shall not constitute an adverse finding with regard to the merits of the claim or the responsibility or qualifications of the claimant.

(4) Amounts not paid in a timely manner as required by this section shall bear interest at 7 percent per annum.

(5) If a subcontractor or a lower tier subcontractor lacks legal standing to assert a claim against a public entity because privity of contract does not exist, the contractor may present to the public entity a claim on behalf of a subcontractor or lower tier subcontractor. A subcontractor may request in writing, either on his or her own behalf or on behalf of a lower tier subcontractor, that the contractor present a claim for work which was performed by the subcontractor or by a lower tier subcontractor on behalf of the subcontractor. The subcontractor requesting that the claim be presented to the public entity shall furnish reasonable documentation to support the claim. Within 45 days of receipt of this written request, the contractor shall notify the subcontractor in writing as to whether the contractor presented the claim to the public entity and, if the original contractor did not present the claim, provide the subcontractor with a statement of the reasons for not having done so.

(e) The text of this section or a summary of it shall be set forth in the plans or specifications for any public works project that may give rise to a claim under this section.

(f) A waiver of the rights granted by this section is void and contrary to public policy, provided, however, that (1) upon receipt of a claim, the parties may mutually agree to waive, in writing, mediation and proceed directly to the commencement of a civil action or binding arbitration, as applicable; and (2) a public entity may prescribe reasonable change order, claim, and dispute resolution procedures and requirements in addition to the provisions of this section, so long as the contractual provisions do not conflict with or otherwise impair the timeframes and procedures set forth in this section.

(g) This section applies to contracts entered into on or after January 1, 2017.

(h) Nothing in this section shall impose liability upon a public entity that makes loans or grants available through a competitive application process, for the failure of an awardee to meet its contractual obligations.

(i) This section shall remain in effect only until January 1, 2020, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2020, deletes or extends that date.

SEC. 2. The Legislature finds and declares that it is of statewide concern to require a charter city, charter county, or charter city and county to follow a prescribed claims resolution process to ensure there are uniform and equitable procurement practices.

SEC. 3. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

Contract Terms and Conditions

1. To the fullest extent allowed by law, Contractor shall defend, indemnify, and save and hold harmless the City, its officers, agents, employees and volunteers from any claims, suits or actions of every name, kind and description brought forth, or on account of, injuries to or death of any person (including but not limited to workers and the public), or damage to property, resulting from or arising out of Contractor's willful misconduct or negligent act or omission while engaged in the performance of obligations or exercise of rights created by this Agreement, except those matters arising from City's sole or active negligence or willful misconduct. The parties intend that this provision shall be broadly construed. Contractor's responsibility for such defense and indemnity obligations shall survive the termination or completion of this Agreement for the full period of time allowed by law. The defense and indemnity obligations of this Agreement are undertaken in addition to, and shall not in any way be limited by, the insurance obligations contained in this Agreement.
2. Contractor is an independent contractor, and shall not be considered an officer, agent or employee of the City.
3. Without the written consent of the City, this Agreement is not assignable by Contractor either in whole or in part.
4. Time is of the essence of this Agreement.
5. At any time during the term of this Agreement, the City has the right to terminate this Agreement, provided Contractor is given thirty (30) days written notice. City's termination shall be without further liability to City; however, Contractor shall be entitled to all costs reasonably incurred prior to the date of termination. Contractor acknowledges that City may terminate this Agreement should funds not be appropriated by its governing body to continue services under this Agreement.
6. This Agreement may only be amended or modified in writing. It is integrated and contains the complete understanding of the parties.
7. All equipment, supplies and services sold to the City of Roseville shall conform to the general safety orders of the State of California.
8. Unless notified to the contrary, in writing, the City assumes that the Contractor has accepted the work in accordance with the plans and specifications (if any) and agrees to do the work in compliance with this Agreement.
9. All prevailing wages and fair employment practices must be adhered to. For prevailing wage contracts over $25,000, copies of certified payroll must be submitted with invoices. Prevailing wage rates may be obtained from the State Department of Industrial Relations and/or the following website address: http://www.dir.ca.gov/dlsr/DPreWageDetermination.htm. In compliance with Labor Code Section 1773.2, as may be amended from time to time, Contractor shall cause a copy of this website to be posted at each jobsite, as applicable.
10. Contractor agrees to the below insurance requirements:
    a. Unless otherwise specified, the Contractor shall maintain the policies of insurance outlined in Attachment A, incorporated herein by this reference, in full force and effect during the term of this Agreement. The City of Roseville retains sole discretion in determining the types and proper levels of insurance coverage.
    b. Form. Contractor shall submit a certificate evidencing such coverage for the period covered by this Agreement in a form satisfactory to Risk Management and the City Attorney, prior to undertaking any work hereunder. Any insurance written on a claims made basis is subject to the approval of Risk Management

and the City Attorney.

c. Additional Insureds. Contractor shall also provide a separate endorsement or section of the policy showing City, its officers, agents, employees, and volunteers as additional insureds for each type of coverage (except Workers' Compensation) and for ongoing and completed operations. Such insurance shall specifically cover the contractual liability of Contractor. The additional insured coverage under the Contractor's policy shall be primary and noncontributory, as evidenced by a separate endorsement or section of the policy, and shall not seek contribution from City's insurance or self-insurance. In addition, the additional insured coverage shall be at least as broad as the Insurance Services Office (ISO) CG 20 01 Endorsement. Any available insurance proceeds in excess of the specified minimum insurance coverage requirements and limits shall be available to the additional insureds. Furthermore, the requirements for coverage and limits shall be:

(1) the minimum coverage and limits specified in this Agreement; or
(2) the full coverage and maximum limits of any insurance proceeds available to the named insureds, whichever is greater.

d. Cancellation/Modification. Contractor shall provide thirty (30) days written notice to City prior to cancellation or modification of any insurance required by this Agreement.

e. Umbrella/Excess Insurance. The limits of insurance required in this Agreement may be satisfied by a combination of primary and excess insurance. Any excess insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and noncontributory basis for the benefit of City (if agreed to in a written contract) before City's own insurance shall be called upon to protect it as a named insured.

f. Subcontractors. Contractor agrees to include in its contracts with all subcontractors the same requirements and provisions of this Agreement, including the indemnity and insurance requirements, to the extent they apply to the scope of the subcontractor's work. Furthermore, Contractor shall require its subcontractors to agree to be bound to Contractor and City in the same manner and to the same extent as Contractor is bound to City under this Agreement. Additionally, Contractor shall obligate its subcontractors to comply with these same provisions with respect to any tertiary subcontractor, regardless of tier. A copy of City's indemnity and insurance provisions will be furnished to the subcontractor or tertiary subcontractor upon request.

g. Self-Insured Retentions. All self-insured retentions (SIR) must be disclosed to Risk Management for approval and shall not reduce the limits of liability. Policies containing any SIR provision shall provide or be endorsed to provide that the SIR may be satisfied by either the named insured or City. City reserves the right to obtain a full certified copy of any insurance policy and endorsements. The failure to exercise this right shall not constitute a waiver of such right.

h. Waiver of Subrogation. Contractor hereby agrees to waive subrogation which any insurer of Contractor may acquire from Contractor by virtue of the payment of any loss under a Workers Compensation, Commercial General Liability or Automobile Liability policy. All Workers Compensation, Commercial General Liability and Automobile Liability policies shall be endorsed with a waiver of subrogation in favor of City, its officers, agents, employees and volunteers for all work performed by Contractor, its employees, agents and subcontractors.

i. Liability/Remedies. Insurance coverage in the minimum amounts set forth herein shall not be construed to relieve Contractor of liability in excess of such coverage, nor shall it preclude City from taking such other actions as are available to it under any other provisions of this Agreement or law.

11. Contractor shall comply with all federal, state and local laws and ordinances, including but not limited to the City's storm water regulations, as may be applicable to the performance of services under this Agreement. Failure to comply with local ordinances may result in monetary fines and cancellation of this Agreement. Refer to www.roseville.ca.us/stormwater for links to more information on the City's storm water regulations.
12. In the event that the terms of any attachment or exhibit conflict with any terms of this Agreement, the terms of this Agreement shall control.
13. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. In the event that any signature is delivered by facsimile transmission or by e-mail delivery of a ".pdf" format data file, such signature shall create a valid and binding obligation of the party executing (or on whose behalf such signature is executed) with the same force and effect as if such facsimile or ".pdf" signature page were an original thereof.
14. If either party commences any legal action against the other party arising out of this Agreement or the performance thereof, the prevailing party in such action shall be entitled to recover its reasonable litigation expenses, including but not limited to, court costs, expert witness fees, discovery expenses, and attorneys' fees. Any action arising out of this Agreement shall be brought in Placer County, California, regardless of where else venue may lie. This Agreement shall be governed by and construed in accordance with the laws of the State of California.
15. This Agreement shall be binding upon the heirs, successors, executors, administrators and assigns of the respective parties hereto.
16. If any of the provisions contained in this Agreement are for any reason held invalid or unenforceable, such holding shall not affect the remaining provisions or the validity and enforceability of the Agreement as a whole.
17. For purposes of this Agreement, the terms "Contractor," "Consultant," and "Supplier" are used interchangeably.
18. No contractor or subcontractor may work on a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. During the performance of this agreement, Contractor and its subcontractors shall have a continuing legal obligation to maintain current registration with the Department of Industrial Relations. Contractor is hereby notified that this project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.
19. Vehicles with a gross vehicle weight rating (GVWR) greater than 8,500 lbs. and light-duty package delivery vehicles operated in California may be subject to the California Air Resources Board (CARB) Advanced Clean Fleets regulations. Such vehicles may therefore be subject to requirements to reduce emissions and air pollutants. For more information, visit the CARB Advanced Clean Fleet webpage at https://ww2.arb.ca.gov/our-work/programs/advanced-clean-fleets.
20. Contractor/consultant's duties and services under this agreement shall not include preparing or assisting the public entity with any portion of the public entity's preparation of a request for proposals, request for qualifications, or any other solicitation regarding a subsequent or additional contract with the public entity. The public entity entering this agreement shall at all times retain responsibility for public contracting, including with respect to any subsequent phase of this project. Contractor/consultant's participation in the planning, discussions, or drawing of project plans or specifications, if any, shall be limited to conceptual, preliminary, or initial plans or specifications. Contractor/consultant shall cooperate with the public entity to ensure that all bidders for a subsequent contract on any subsequent phase of this project have access to the same information, including all conceptual, preliminary, or initial plans or specifications prepared by contractor pursuant to this agreement.
21. Contractor must submit all claims as defined in and in accordance with the claim

resolution process set forth in Section 9204 of the Public Contract Code. Each such claim must be sent to the City by registered mail or certified mail with return receipt requested and must contain reasonable documentation to support the claim. All claims must be received prior to acceptance of the work.

22. Contractor certifies that Contractor, its employees, directors, officers, agents, subcontractors, vendors, and volunteers are not presently debarred, excluded, suspended, declared ineligible, voluntarily excluded, or proposed for debarment, exclusion, suspension or ineligibility by any federal, state, or local department or agency.
23. The Levine Act (Govt. Code, Section 84308) requires a Party (and its agent(s), if any) to a Proceeding before the City of Roseville that involves any action or consideration related to their contract, license, permit, or other entitlement for use, to disclose any campaign contributions made to City elected or appointed officers totaling more than $250 within the twelve (12) months prior to the City decision and while a proceeding is pending, and includes certain prohibitions on contribution activity thereafter. If applicable campaign contributions have been made by Contractor and/or its agent(s), Contractor is responsible for compliance, including for its disclosure obligations, if any, as further described at: https://www.roseville.ca.us/government/departments/city_clerk/transparency/levine_act.
24. This Agreement may be amended via change order, but only if such change order is made in writing, approved by the City, and signed by both parties.
25. CONTRACTOR agrees to defend and indemnify CITY if, despite the parties intent and practice, any venue, agency, or court with competent jurisdiction determines that CONTRACTOR and/or any of its agents, officers, employees, volunteers, independent contractors, or subcontractors, are characterized as employee(s) of CITY.

    CONTRACTOR and CITY agree that: (a) CONTRACTOR is free from the control and direction of CITY in connection with the performance of the work; (b) CONTRACTOR is providing services directly to CITY; (c) CONTRACTOR has and will maintain at all relevant times a business license; (d) CONTRACTOR maintains a business location that is separate from CITY; (e) CONTRACTOR is customarily engaged in an independently established business of the same nature as that involved in the work performed hereunder; (f) CONTRACTOR actually contracts with other businesses to provide the same or similar services and maintains a clientele without restrictions from CITY; (g) CONTRACTOR advertises and holds itself out to the public as available to provide the same or similar services; (h) CONTRACTOR provides its own tools, vehicles, and equipment to perform the services; (i) CONTRACTOR has negotiated its own rates; (j) CONTRACTOR set its own hours and location of work in accomplishing CITY's on-call needs; and (k) CONTRACTOR has the right to control the manner and means of accomplishing the result desired and exercises its own expert independent judgement.

The supplier named hereon by the acceptance of this order agrees to the provisions of this document titled "Contract Purchase Agreement" and all accompanying terms, conditions, and attachments.

Insurance Submission Process

The City of Roseville Human Resources/Risk Management Department uses a service called EBIX to manage our insurance certificate tracking.

How It Works

- The vendor's contact information is entered into EBIX. EBIX will contact the vendor to request proof of insurance.
- The Vendor can forward the request to their Insurance Agent(s) if necessary.
- Vendor/Insurance Agent submits insurance to EBIX by email to roseville@ebix.com or by fax to (770) 325-5727. After faxing or emailing the certificate, please DO NOT send the certificate by mail to EBIX. Please do not mail, email or fax any certificates to the City of Roseville.
- Once submitted, EBIX reviews the insurance documentation. If there are deficiencies, EBIX will send a follow up letter or email requesting additional information.

Questions Regarding Insurance Submission: Contact EBIX at (951) 652-4239
Questions Regarding Insurance Requirements Contact Risk Management at (916) 774-5202

Asbestos-Containing Materials in City-Owned Buildings

California Health and Safety Code Section 25915 requires that all City of Roseville employees, contractors and lessees be notified annually of the presence of asbestos in City-owned buildings constructed prior to 1979. Please post this notice in an area(s) accessible to all employees, contractors and lessees. Contact Facility Maintenance & Operations at (916) 774-5740 for more information about Asbestos Containing Materials (ACMs) in specific City-owned buildings. For more information about asbestos refer to the OSHA website.
The City of Roseville is committed to maintaining a safe and healthy work environment. The City's Facility Maintenance & Operations staff conducts ongoing inspections to identify and safely manage previously installed asbestos-containing products. Renovation of City-owned buildings **MUST** be reviewed in advance by Facility Maintenance & Operations to ensure the City is in compliance with building codes, Americans with Disabilities Act and that no ACMs are disturbed without proper safeguards. Work that requires removal or repair of ACMs is restricted to trained and qualified persons only. **Facility Maintenance & Operations will need to approve the qualified contractors**.

Use the following measures to protect you and others from exposure to airborne asbestos:

- Presume all building materials contain asbestos until determined otherwise by Facility Maintenance & Operations.
- Do not install walls, closets, cabinets, ceilings.
- Do not remove, cut, drill, sand, grind or otherwise disturb any material in the buildings, including carpet and tile.
- Do not paint (this includes any walls, ceilings, floors and electrostatic painting of office furniture).
- Do not remove any items nailed or screwed to the walls (this includes pictures, cabinets, electrical, etc.).
- Do not go above ceilings, behind walls or into building spaces such as attics and crawlspaces unless these areas have been inspected and cleared by Facility Maintenance & Operations.
- Do not pull cable or wiring through above-ceiling spaces with asbestos.
- Do not install screws, pins, nails or hangers into asbestos ceiling or wall plaster.
- Be careful not to damage walls, ceilings or floors when moving furniture or equipment. It is recommended that Facility Maintenance & Operations be contacted prior to moving furniture or equipment.
- Do not brush, sweep or vacuum textured asbestos ceiling plaster or plaster debris.
- Immediately report any damage or deterioration of suspect building materials to Facility Maintenance & Operations or Risk Management.

It is important to note that the presence of asbestos does not mean you have been exposed. Exposure results when friable asbestos particles are inhaled or ingested. Asbestos becomes friable when material containing asbestos is drilled, sanded or disturbed by remodeling or demolition work or when the ACM has deteriorated. Intact, bonded, sealed or undisturbed asbestos does not pose a hazard.

Employees may review the asbestos survey reports, results of bulk sampling or air monitoring conducted in City-owned buildings. All asbestos data will be available by appointment with Facility Maintenance & Operations.

Statement of Qualifications

Company Overview
Clearwater Landscape Services is a certified small business corporation established in 2004, with a proven track record on both private and public projects. Our expertise spans erosion control, electrical, grading, storm drain systems, concrete, and asphalt paving—allowing seamless integration of landscape and hardscape disciplines.

Relevant Experience
Our team has completed projects across a range of sectors, including:

- Airports
- Highways and roadways
- K–12 schools
- Environmental mitigation and revegetation
- Public parks and recreational areas

Relevant Experience by Discipline

- Erosion Control: Installation of silt fence, sediment basins, check dams, hydroseeding, and bonded fiber matrix (BFM) for highways, airports, and mitigation sites.
- Grading & Earthwork: Mass grading, finish grading, and subgrade preparation for roads, pads, and drainage features.
- Storm Drain Systems: Trenching, installation of RCP and HDPE pipe, catch basins, manholes, and outfall protection.
- Concrete Paving: Flatwork including sidewalks, curbs, gutters, driveways, and equipment pads.
- Asphalt Paving: Base preparation, patching, overlay, and new asphalt installation for parking lots, pathways, and roadways.
- Electrical: Low-voltage landscape lighting, irrigation control wiring, and site utility electrical coordination (licensed subs available for line voltage as required).

Staffing & Scalability
Core team: 10 professionals specializing in irrigation, landscape construction, and erosion control
Field crew: Scalable from 15 to 30 personnel to meet project schedules and peak demands

All personnel are trained in safety, diversity awareness, and job-specific technical skills

Mission Alignment
Our mission directly supports the goals of this RFP: to deliver the highest quality work safely, on time, and within budget—while upholding a culture of diversity, continuous training, and professionalism.

Commitment to Safety & Compliance
Clearwater Landscape Services follows rigorous safety protocols and maintains all necessary certifications, insurance, and licensing for public and private sector work.

Qualifications Of Team

Manuel Cuevas – Project Foreman

Manuel Cuevas has over 20 years of experience in commercial landscape and irrigation in public works, erosion and sediment control, and in implementing best management practices across California.

Sarah Geyer - Project Manager

Sarah Geyer has 5 years of experience in erosion control and best management practices in relation to the California Construction General Permit.

She has been trained as a Qualified Stormwater Pollution Prevention Plan Practitioner and Certified Erosion, Sediment, and Stormwater Inspector, maintaining professional development hours in relevant training annually.

She has played a key role in the coordination, support, and management of BMP installation throughout California at Clearwater Landscape Services. Installation includes hydroseeding, erosion, and sediment control for a major housing developer in the Sacramento area, along with BMP support services for Ahtna/PG&E and Terraphase.

Sarah's start in the Commercial Landscaping industry was operating a hydroseeder and managing a field crew, including commercial irrigation and landscape. She has since expanded her knowledge and training and has worked into an operations and project manager role, managing multiple projects and crews, and working with owners, general contractors and inspectors.

Sarah is a member of the International Erosion Control Association and has attended numerous field trainings, including the annual BMP Round-Up.

Katie Dickerson – Office Manager

Katie has over 10 years of experience in construction and over 7 years of construction administration, payroll, and billing administration. She has proven strengths in organization, time management, attention to detail, and communication. She is skilled at bridging field operations and office administration for seamless project support from payroll to billing invoices, subcontracts, and change orders to account reconciliations.

Scott Houck – President

Scott Houck has over 35 years of experience in construction management, landscape architecture, and stormwater management.

He has been trained as a Qualified Stormwater Pollution Prevention Plan Practitioner and Certified Erosion, Sediment, and Stormwater Inspector, and maintains professional development hours in relevant training annually. Working closely with contractors and consultants in the field during construction projects, he has a knowledge of how to create BMP's during construction activities to enhance the project site for winterization. This field experience has also given him the ability to quickly mitigate situations that arise and the ability to choose proper techniques to resolve the issues quickly and efficiently for clients.

CLEARWATER
LANDSCAPE SERVICES

Project Understanding

Clearwater Landscape Services fully understands and can achieve the goals set by the City for this RFP. Clearwater has participated in prior On-Call Landscape Construction projects with the City of Roseville and has fulfilled all requests on time to the satisfaction of the City. We strive to exceed expectations and, with over 20 years' experience in the industry, and can guarantee quality workmanship. Review work request with City Staff. Clarify all questions and concerns. Provide a cost proposal to the city in a timely manner. Provide lead times and work duration with the cost proposal.

Project Plan

Upon award of work, coordinate the project during the preconstruction meeting. Understand each team member's role in answering questions (RFIs), inspections, and closeout.

Provide a construction schedule and weekly project updates. Mobilize equipment from our fleet in Orangevale, CA and complete projects per the City of Roseville construction standards. Provide public safety during the project and turn over a finished project on time and to meet the City's expectations of quality.

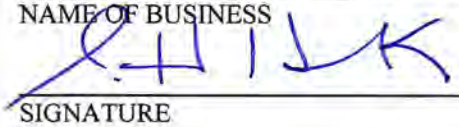
PROPOSER'S CERTIFICATION



I hereby propose to furnish the goods or services specified in the Request for Proposals ("RFP"). I agree that my proposal will remain firm for a period of up to ninety (90) days in order to allow the City of Roseville ("City") adequate time to evaluate the qualifications submitted.

I have carefully examined the Request for Proposals and any other documents accompanying or made a part of this RFP. The information contained in this proposal is true and correct to the best of my knowledge and is signed under penalty of perjury under the laws of the State of California. I further certify that I am duly authorized to submit this proposal on behalf of the firm as its authorized agent and that the firm is ready, willing and able to perform if awarded the contract.

I further certify that this proposal is made without prior understanding, agreement, connection, discussion, or conspiracy with any other person, firm or corporation submitting a proposal for the same product or service; that this proposal is fair and made without outside control, collusion, fraud or illegal action; that no officer, employee or agent of the City or any other proposer is financially interested in said proposal; that no undue influence or pressure was used against or in concert with any officer, employee or agent of the City in connection with the award or terms of the contract that will be executed as a result of this RFP; and that the undersigned executed this Proposer's Certification with full knowledge and understanding of the matters therein contained and was duly authorized to do so.

Attachment B

LEVINE ACT DISCLOSURE STATEMENT

(The completed form submitted to the City of Roseville is a public record.)

California Government Code Section 84308, commonly referred to as the "Levine Act," prohibits any "Officer" (elected or appointed officer, any alternate thereto, and any candidate for elective office) from participating in any consideration or action related to a proceeding if they receive political contribution(s) from a party, or its agent(s), totaling more than $250 within the previous twelve (12) months, while a proceeding is pending, and for twelve (12) months following the date of a final decision in a proceeding concerning a license, permit, other entitlement for use, franchise, or contract (collectively "license, permit, or contract"). For additional information: https://www.roseville.ca.us/government/departments/city_clerk/transparency/levine_act.

City Officers are listed at the following sites:

- The Members of City Council - https://www.roseville.ca.us/government/city_council/meet_council
- Boards & Commission Members - https://www.roseville.ca.us/government/boards_commissions

Parties and their Agents are responsible for reviewing and disclosing their applicable contributions to City Officers on the record of a proceeding.

1. Have you or your entity, or any agent on behalf of you or your entity, made any political contribution(s) totaling more than $250 to any City Officer in the twelve (12) months preceding the date of the submission of your license, permit, or contract, or the anticipated date of any City Council, Board, or Commission consideration or action related to this license, permit, or contract?

YES ____ NO X

If yes, please identify the City Officer(s): _____

2. Do you or your entity, or any agent on behalf of you or your entity, anticipate or plan to make any political contribution(s) totaling more than $250 to any City Officer in the twelve (12) months following any City Council, Board, or Commission consideration or action related to this license, permit, or contract?

YES ____ NO X

If yes, please identify the City Officer(s): _____

Answering yes to either of the two questions above does not preclude the City of Roseville from considering and/or taking action on a license, permit, or contract. It does, however, potentially preclude the identified City Officers from participating in consideration of and in taking any actions related to the license, permit, or contract. Please accurately complete and sign this form, under the penalty of perjury:

4/21/2026	Scott Houck President	Clearwater Construction Services, Inc DBA Clearwater Landscape Services
(Date)	(Printed Name/Title of Authorized Representative)	(Name of business/legal entity)

(Signature)

You must submit a supplemental form if you make any new reportable contribution(s) while the contract, license, permit, or other entitlement is being considered. If this form has not previously been submitted in connection with a contracting, licensing, entitlement or permitting process, please provide the completed form to the Office of the City Clerk for appropriate departmental routing, at: City Clerk, 311 Vernon St., Roseville, CA 95678, CityClerkRoseville@roseville.ca.us

LEVINE ACT DISCLOSURE STATEMENT

(The completed form submitted to the City of Roseville is a public record.)

Term	Definition	Law
Covered "proceedings"	A proceeding to grant, deny, revoke, restrict, or modify a license, permit or other entitlement for use, that does not solely involve purely ministerial decisions and is: (1) Applied for by the party; (2) Formally or informally requested by the party; or (3) A contract between the agency and the party or a franchisee granted by the agency to the party, other than a contract that is **competitively bid**, a **labor contract**, or a **personal employment contract**.	FPPC Reg 18438.2(a)
Party	Any person who files an application for, or is the subject of, a proceeding involving a license, permit, or other entitlement for use.	Gov. Code 84308(a)(1)
Participant	Any person who is not a party but who actively supports or opposes a particular decision in a proceeding involving a license, permit, or other entitlement for use and who has a financial interest in the decision. A person actively supports or opposes a particular decision in a proceeding if that person lobbies in person the officers or employees of the agency, testifies in person before the agency, or otherwise acts to influence officers of the agency.	Gov. Code 84308(a)(2) FPPC Reg 18438.4
Agent	A person who represents a party or participant for compensation and appears before or otherwise communicates with the governmental agency for the purpose of influencing the pending proceeding. See FPPC Reg 18438.3 for exceptions for certain consultants.	FPPC Reg 18438.3
Competitively Bid	A contract required by law to be awarded to the lowest responsible bidder with a responsive bid, or, if the successful bidder refuses or fails to execute the contract, to the next lowest bidder with a responsive bid.	FPPC Reg 18438.2(a)(3)(A)
Labor Contract	A contract or agreement reached through collective bargaining or with a representative group regarding the salary, benefits, or terms and conditions under an employment or retirement policy for employees or retirees, including a project labor agreement entered under Public Contract Code Section 2500.	FPPC Reg 18438.2(a)(3)(B)
Personal Employment Contract	A contract for employment, including the terms and conditions of employment, between the agency and an agency employee. A contract with an independent contractor is NOT a personal employment contract.	FPPC Reg 18438.2(a)(3)(C)-(D)

A **party** to a proceeding before an agency involving a license, permit, or other entitlement for use **shall disclose on the record of the proceeding** any contribution in an amount of more than two hundred fifty dollars ($250) made within the preceding 12 months by the party or the party's agent.

A **party, or agent to a party**, to a proceeding involving a license, permit, or other entitlement for use pending before any agency or a participant, or agent to a participant, in the proceeding **shall not make a contribution** of more than two hundred fifty dollars ($250) to any officer of that agency during the proceeding and for 12 months following the date a final decision is rendered by the agency in the proceeding.

(Gov. Code, § 84308, emphasis added.)

Attachment E

NONCOLLUSION DECLARATION TO BE EXECUTED BY BIDDER AND SUBMITTED WITH BID

The undersigned declares:

I am the President of Clearwater Construction Services, Inc DBA Clearwater Landscape Services, the party making the foregoing bid.

The bid is not made in the interest of, or on behalf of, any undisclosed person, partnership, company, association, organization, or corporation. The bid is genuine and not collusive or sham. The bidder has not directly or indirectly induced or solicited any other bidder to put in a false or sham bid. The bidder has not directly or indirectly colluded, conspired, connived, or agreed with any bidder or anyone else to put in a sham bid, or to refrain from bidding. The bidder has not in any manner, directly or indirectly, sought by agreement, communication, or conference with anyone to fix the bid price of the bidder or any other bidder, or to fix any overhead, profit, or cost element of the bid price, or of that of any other bidder. All statements contained in the bid are true. The bidder has not, directly or indirectly, submitted his or her bid price or any breakdown thereof, or the contents thereof, or divulged information or data relative thereto, to any corporation, partnership, company, association, organization, bid depository, or to any member or agent thereof, to effectuate a collusive or sham bid, and has not paid, and will not pay, any person or entity for such purpose.

Any person executing this declaration on behalf of a bidder that is a corporation, partnership, joint venture, limited liability company, limited liability partnership, or any other entity, hereby represents that he or she has full power to execute, and does execute, this declaration on behalf of the bidder.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct and that this declaration is executed on 4/21/26 [date], at Orangevale [city], California [state].

(Signature of Declarant) PRESIDENT

Re: Prequalification

Account: Clearwater Construction Services, Inc.

To Whom It May Concern:

The Ohio Casualty Insurance Company has provided surety credit to Clearwater Construction Services, Inc. since 2005. Clearwater Construction Services, Inc. is an account in good standing with a current surety program of single projects up to $1,000,000 in size, with an aggregate cost to complete of $3,000,000.

Please be aware that the execution of payment and performance bonds by The Ohio Casualty Company is subject to the positive review of all standard underwriting considerations at the time of the request and satisfactory review of any contracts, terms, conditions, specifications, bond forms, and owner financing tendered to the principal and the surety at the time of award.

Additionally, the issuance of bonds is a matter between the surety and the principal. If for any reason we do not issue bonds on an awarded project, no third party liability is assumed by the surety company, the principal, or their agent. In no way does this letter replace or constitute a bid bond and is for informational purposes only. As such, this letter is not contractually binding.

The Ohio Casualty Company is a Licensed and Admitted Surety Insurer, is listed in the Federal Registry Circular 570 and is rated an "A" (Excellent) by A.M. Best, Financial Size Category XV.

Sincerely,

Ashley White, Attorney-in-Fact

This Power of Attorney is made and executed pursuant to and by authority of the following By-laws and Authorizations of The Ohio Casualty Insurance Company, Liberty Mutual Insurance Company, and West American Insurance Company which resolutions are now in full force and effect reading as follows:

ARTICLE IV – OFFICERS: Section 12. Power of Attorney.
Any officer or other official of the Corporation authorized for that purpose in writing by the Chairman or the President, and subject to such limitation as the Chairman or the President may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Corporation to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact, subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Corporation by their signature and execution of any such instruments and to attach thereto the seal of the Corporation. When so executed, such instruments shall be as binding as if signed by the President and attested to by the Secretary. Any power or authority granted to any representative or attorney-in-fact under the provisions of this article may be revoked at any time by the Board, the Chairman, the President or by the officer or officers granting such power or authority.

ARTICLE XIII – Execution of Contracts: Section 5. Surety Bonds and Undertakings.
Any officer of the Company authorized for that purpose in writing by the chairman or the president, and subject to such limitations as the chairman or the president may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Company by their signature and execution of any such instruments and to attach thereto the seal of the Company. When so executed such instruments shall be as binding as if signed by the president and attested by the secretary.

Certificate of Designation – The President of the Company, acting pursuant to the Bylaws of the Company, authorizes Nathan J. Zangerle, Assistant Secretary to appoint such attorneys-in-fact as may be necessary to act on behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations.

Authorization – By unanimous consent of the Company's Board of Directors, the Company consents that facsimile or mechanically reproduced signature of any assistant secretary of the Company, wherever appearing upon a certified copy of any power of attorney issued by the Company in connection with surety bonds, shall be valid and binding upon the Company with the same force and effect as though manually affixed.

I, Renee C. Llewellyn, the undersigned, Assistant Secretary, The Ohio Casualty Insurance Company, Liberty Mutual Insurance Company, and West American Insurance Company do hereby certify that the original power of attorney of which the foregoing is a full, true and correct copy of the Power of Attorney executed by said Companies, is in full force and effect and has not been revoked.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the seals of said Companies this 26th day of March, 2026.

DESCRIPTIONS (Continued from Page 1)

contains a special endorsement with "Primary and Noncontributory" wording, when required by written contract. The General Liability, Auto Liability and Workers' Compensation policies provides a Blanket Waiver of Subrogation when required by written contract, except as prohibited by law. The General Liability policy includes an endorsement providing that 30 days notice of cancellation for reasons other than non payment of premium and 10 days notice of cancellation for non payment of premium will be given to the Certificate Holder by the Insurance Carrier. The Umbrella Liability policy includes an endorsement providing that 60 days notice of cancellation for reasons other than non payment of premium and 10 days notice of cancellation for non payment of premium will be given to the Certificate Holder by the Insurance Carrier.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

ADDITIONAL INSURED - OWNERS, LESSEES OR CONTRACTORS - OPTION I

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Name Of Additional Insured Person(s) Or Organization(s):	Designated Project(s) Or Location(s) Of Covered Operations:
AS REQUIRED BY WRITTEN CONTRACT	AS REQUIRED BY WRITTEN CONTRACT

Information required to complete this Schedule, if not shown above, will be shown in the Declarations.

A. With respect to those person(s) or organization(s) shown in the Schedule above when you have agreed in a written contract or written agreement to provide insurance such as is afforded under this policy to them, Subparagraph **f.**, **Any Other Party**, under the **Additional Insureds When Required By Written Contract, Written Agreement Or Permit** Paragraph of **Section II – Who Is An Insured** is replaced with the following:

f. Any Other Party

Any other person or organization who is not an insured under Paragraphs **a.** through **e.** above, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by your acts or omissions or the acts or omissions of those acting on your behalf:

(1) In the performance of your ongoing operations for such additional insured at the project(s) or location(s) designated in the Schedule;

(2) In connection with your premises owned by or rented to you and shown in the Schedule; or

(3) In connection with "your work" for the additional insured at the project(s) or location(s) designated in the Schedule and included within the "products-completed operations hazard", but only if:

(a) The written contract or written agreement requires you to provide such coverage to such additional insured at the project(s) or location(s) designated in the Schedule; and

(b) This Coverage Part provides coverage for "bodily injury" or "property damage" included within the "products-completed operations hazard".

The insurance afforded to the additional insured shown in the Schedule applies:

(1) Only if the "bodily injury" or "property damage" occurs, or the "personal and advertising injury" offense is committed:

(a) During the policy period; and

(b) Subsequent to the execution of such written contract or written agreement; and

(c) Prior to the expiration of the period of time that the written contract or written agreement requires such insurance be provided to the additional insured.

(2) Only to the extent permitted by law; and

© 2013, The Hartford
(Includes copyrighted material of Insurance Services Office, Inc., with its permission.)

(3) Will not be broader than that which you are required by the written contract or written agreement to provide for such additional insured.

With respect to the insurance afforded to the person(s) or organization(s) that are additional insureds under this endorsement, the following additional exclusion applies:

This insurance does not apply to "bodily injury", "property damage" or "personal and advertising injury" arising out of the rendering of, or the failure to render, any professional architectural, engineering or surveying services, including:

(1) The preparing, approving, or failing to prepare or approve maps, shop drawings, opinions, reports, surveys, field orders, change orders, designs or specifications; or

(2) Supervisory, inspection, architectural or engineering activities.

The limits of insurance that apply to the additional insured shown in the Schedule are described in the Limits Of Insurance section.

How this insurance applies when other insurance is available to the additional insured is described in the Other Insurance Condition in **Section IV – Commercial General Liability Conditions**, except as otherwise amended below.

B. With respect to insurance provided to the person(s) or organization(s) that are additional insureds under this endorsement, the **When You Add Others As An Additional Insured To This Insurance** subparagraph, under the **Other Insurance** Condition of **Section IV – Commercial General Liability Conditions** is replaced with the following:

When You Add Others As An Additional Insured To This Insurance

(a) Primary Insurance When Required By Contract

This insurance is primary if you have agreed in a written contract or written agreement that this insurance be primary. If other insurance is also primary, we will share with all that other insurance by the method described in Paragraph **(c)** below. This insurance does not apply to other insurance to which the additional insured in the Schedule has been added as an additional insured.

(b) Primary And Non-Contributory To Other Insurance When Required By Contract

This insurance is primary to and will not seek contribution from any other insurance available to an additional insured under your policy provided that:

(i) The additional insured in the Schedule is a Named Insured under such other insurance; and

(ii) You have agreed in a written contract or written agreement that this insurance would be primary and would not seek contribution from any other insurance available to the additional insured in the Schedule.

(c) Method Of Sharing

If all of the other insurance permits contribution by equal shares, we will follow this method also. Under this approach, each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first.

If any of the other insurance does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's share is based on the ratio of its applicable limit of insurance to the total applicable limits of insurance of all insurers.

All other terms and conditions in the policy remain unchanged.

c. The first Named Insured must keep records of the information we need for premium computation, and send us copies at such times as we may request.

6. Representations

a. When You Accept This Policy

By accepting this policy, you agree:

(1) The statements in the Declarations are accurate and complete;

(2) Those statements are based upon representations you made to us; and

(3) We have issued this policy in reliance upon your representations.

b. Unintentional Failure To Disclose Hazards

If unintentionally you should fail to disclose all hazards relating to the conduct of your business that exist at the inception date of this Coverage Part, we shall not deny coverage under this Coverage Part because of such failure.

7. Separation Of Insureds

Except with respect to the Limits of Insurance, and any rights or duties specifically assigned in this Coverage Part to the first Named Insured, this insurance applies:

a. As if each Named Insured were the only Named Insured; and

b. Separately to each insured against whom claim is made or "suit" is brought.

8. Transfer Of Rights Of Recovery Against Others To Us

a. Transfer Of Rights Of Recovery

If the insured has rights to recover all or part of any payment, including Supplementary Payments, we have made under this Coverage Part, those rights are transferred to us. The insured must do nothing after loss to impair them. At our request, the insured will bring "suit" or transfer those rights to us and help us enforce them.

b. Waiver Of Rights Of Recovery (Waiver Of Subrogation)

If the insured has waived any rights of recovery against any person or organization for all or part of any payment, including Supplementary Payments, we have made under this Coverage Part, we also waive that right, provided the insured waived their rights of recovery against such person or organization in a contract, agreement or permit that was executed prior to the injury or damage.

9. When We Do Not Renew

If we decide not to renew this Coverage Part, we will mail or deliver to the first Named Insured shown in the Declarations written notice of the nonrenewal not less than 30 days before the expiration date.

If notice is mailed, proof of mailing will be sufficient proof of notice.

SECTION V - DEFINITIONS

1. "Advertisement" means the widespread public dissemination of information or images that has the purpose of inducing the sale of goods, products or services through:

a. (1) Radio;

(2) Television;

(3) Billboard;

(4) Magazine;

(5) Newspaper; or

b. Any other publication that is given widespread public distribution.

However, "advertisement" does not include:

a. The design, printed material, information or images contained in, on or upon the packaging or labeling of any goods or products; or

b. An interactive conversation between or among persons through a computer network.

2. "Advertising idea" means any idea for an "advertisement".

3. "Asbestos hazard" means an exposure or threat of exposure to the actual or alleged properties of asbestos and includes the mere presence of asbestos in any form.

4. "Auto" means:

a. A land motor vehicle, trailer or semitrailer designed for travel on public roads, including any attached machinery or equipment; or

(3) Any manager, if you or the additional insured is a limited liability company;

(4) Any "executive officer" or insurance manager, if you or the additional insured is a corporation;

(5) Any trustee, if you or the additional insured is a trust; or

(6) Any elected or appointed official, if you or the additional insured is a political subdivision or public entity.

This duty applies separately to you and any additional insured.

3. Legal Action Against Us

No person or organization has a right under this Coverage Part:

a. To join us as a party or otherwise bring us into a "suit" asking for damages from an insured; or

b. To sue us on this Coverage Part unless all of its terms have been fully complied with.

A person or organization may sue us to recover on an agreed settlement or on a final judgment against an insured; but we will not be liable for damages that are not payable under the terms of this Coverage Part or that are in excess of the applicable limit of insurance. An agreed settlement means a settlement and release of liability signed by us, the insured and the claimant or the claimant's legal representative.

4. Other Insurance

If other valid and collectible insurance is available to the insured for a loss we cover under Coverages **A** or **B** of this Coverage Part, our obligations are limited as follows:

a. Primary Insurance

This insurance is primary except when **b.** below applies. If other insurance is also primary, we will share with all that other insurance by the method described in **c.** below.

b. Excess Insurance

This insurance is excess over any of the other insurance, whether primary, excess, contingent or on any other basis:

(1) Your Work

That is Fire, Extended Coverage, Builder's Risk, Installation Risk or similar coverage for "your work";

(2) Premises Rented To You

That is fire, lightning or explosion insurance for premises rented to you or temporarily occupied by you with permission of the owner;

(3) Tenant Liability

That is insurance purchased by you to cover your liability as a tenant for "property damage" to premises rented to you or temporarily occupied by you with permission of the owner;

(4) Aircraft, Auto Or Watercraft

If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to Exclusion g. of Section I - Coverage A - Bodily Injury And Property Damage Liability;

(5) Property Damage To Borrowed Equipment Or Use Of Elevators

If the loss arises out of "property damage" to borrowed equipment or the use of elevators to the extent not subject to Exclusion **j.** of Section **I** - Coverage **A** - Bodily Injury And Property Damage Liability;

(6) When You Are Added As An Additional Insured To Other Insurance

Any other insurance available to you covering liability for damages arising out of the premises or operations, or products and completed operations, for which you have been added as an additional insured by that insurance; or

(7) When You Add Others As An Additional Insured To This Insurance

Any other insurance available to an additional insured.

However, the following provisions apply to other insurance available to any person or organization who is an additional insured under this coverage part.

(a) Primary Insurance When Required By Contract

This insurance is primary if you have agreed in a written contract or written agreement that this insurance be primary. If other insurance is also primary, we will share with all that other insurance by the method described in c. below.

(b) Primary And Non-Contributory To Other Insurance When Required By Contract

If you have agreed in a written contract, written agreement, or permit that this insurance is primary and non-contributory with the additional insured's own insurance, this insurance is primary and we will not seek contribution from that other insurance.

The insurance afforded herein for any subsidiary not named in this Coverage Part as a named insured does not apply to injury or damage with respect to which such insured is also a named insured under another policy or would be a named insured under such policy but for its termination or the exhaustion of its limits of insurance.

3. Newly Acquired Or Formed Organization

Any organization you newly acquire or form, other than a partnership, joint venture or limited liability company, and over which you maintain financial interest of more than 50% of the voting stock, will qualify as a Named Insured if there is no other similar insurance available to that organization. However:

a. Coverage under this provision is afforded only until the 180th day after you acquire or form the organization or the end of the policy period, whichever is earlier;

b. Coverage **A** does not apply to "bodily injury" or "property damage" that occurred before you acquired or formed the organization; and

c. Coverage **B** does not apply to "personal and advertising injury" arising out of an offense committed before you acquired or formed the organization.

4. Nonowned Watercraft

With respect to watercraft you do not own that is less than 51 feet long and is not being used to carry persons for a charge, any person is an insured while operating such watercraft with your permission. Any other person or organization responsible for the conduct of such person is also an insured, but only with respect to liability arising out of the operation of the watercraft, and only if no other insurance of any kind is available to that person or organization for this liability.

However, no person or organization is an insured with respect to:

a. "Bodily injury" to a co-"employee" of the person operating the watercraft; or

b. "Property damage" to property owned by, rented to, in the charge of or occupied by you or the employer of any person who is an insured under this provision.

5. Additional Insureds When Required By Written Contract, Written Agreement Or Permit

The following person(s) or organization(s) are an additional insured when you have agreed, in a written contract, written agreement or because of a permit issued by a state or political subdivision, that such person or organization be added as an additional insured on your policy, provided the injury or damage occurs subsequent to the execution of the contract or agreement.

A person or organization is an additional insured under this provision only for that period of time required by the contract or agreement.

However, no such person or organization is an insured under this provision if such person or organization is included as an insured by an endorsement issued by us and made a part of this Coverage Part.

a. Vendors

Any person(s) or organization(s) (referred to below as vendor), but only with respect to "bodily injury" or "property damage" arising out of "your products" which are distributed or sold in the regular course of the vendor's business and only if this Coverage Part provides coverage for "bodily injury" or "property damage" included within the "products-completed operations hazard".

(1) The insurance afforded the vendor is subject to the following additional exclusions:

This insurance does not apply to:

(a) "Bodily injury" or "property damage" for which the vendor is obligated to pay damages by reason of the assumption of liability in a contract or agreement. This exclusion does not apply to liability for damages that the vendor would have in the absence of the contract or agreement;

(b) Any express warranty unauthorized by you;

(c) Any physical or chemical change in the product made intentionally by the vendor;

(d) Repackaging, except when unpacked solely for the purpose of inspection, demonstration, testing, or the substitution of parts under instructions from the manufacturer, and then repackaged in the original container;

(e) Any failure to make such inspections, adjustments, tests or servicing as the vendor has agreed to make or normally undertakes to make in the usual course of business, in connection with the distribution or sale of the products;

(f) Demonstration, installation, servicing or repair operations, except such operations performed at the vendor's premises in connection with the sale of the product;

(g) Products which, after distribution or sale by you, have been labeled or relabeled or used as a container, part or ingredient of any other thing or substance by or for the vendor; or

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

CONTRACTORS BROAD FORM ENDORSEMENT

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

INDEX

1. Alienated Premises Coverage.....**1**
2. Damage To Your Work.....**1**
3. That Particular Part.....**1**
4. Contractors Limited Professional Liability.....**2**
5. Per Project and Per Location General Aggregate Limits Of Insurance.....**2**
6. Medical Payments Coverage - Including Products - Completed Operations.....**3**
7. Injury To Employee's Reputation With Respect To Incidental Medical Malpractice **3**
8. Bodily Injury Employee Suits.....**4**
9. Consolidated Insurance (Wrap-Up) Programs.....**4**
10. Access Or Disclosure Of Confidential Or Personal Information And Data-Related Liability **5**
11. Supplementary Payments.....**5**
12. Two Or More Coverage Parts Or Policies Issued By Us.....**6**
13. Notice of Cancellation to Certificate Holders.....**6**
14. Contractual Liability Coverage For Personal And Advertising Injury.....**6**
15. Insured Contract Definition.....**6**

1. ALIENATED PREMISES COVERAGE

Exclusion j. Damage To Property of **Section I - Coverage A** is amended as follows:

a. The following exception to the exclusion is deleted:

Paragraph **(2)** of this exclusion does not apply if the premises are "your work" and were never occupied, rented or held for rental by you.

b. This exception is replaced by the following:

Paragraph **(2)** of this exclusion does not apply if the premises are "your work".

2. DAMAGE TO YOUR WORK

A. Section I - Coverage A - Bodily Injury And Property Damage Liability, Paragraph **1. Insuring Agreement** is amended to add the following:

f. Damages because of "property damage" include damages the insured becomes legally obligated to pay because of "property damage" to "your work" or caused by "your work", and such "property damage" shall be deemed to be caused by an "occurrence", if not intended or expected from the standpoint

of the insured, regardless of whether the "property damage" arises from breach of contract.

B. Exclusion l. Damage To Your Work of **Section I - Coverage A** is replaced by the following:

l. Damage to Your Work

"Property damage" to that particular part of "your work" that must be restored, repaired or replaced because "your work" was incorrectly performed and included in the "products-completed operations hazard".

This exclusion does not apply if the damaged work or the work performed incorrectly was performed on your behalf by a subcontractor.

This Paragraph **2.B.** does not apply if **Exclusion l. Damage To Your Work** has been otherwise modified by endorsement.

3. THAT PARTICULAR PART

This Paragraph **3.** applies to **Exclusion j. Damage to Property**, subparagraphs **(5)**, and **(6)**, Exclusion **k. Damage to Your Product**, and Exclusion **l. Damage to Your Work**.

When performing operations as a "general contractor", the term that particular part shall not mean the entire construction, improvement or renovation project. For purposes of this provision, the term "general contractor" means the contractor signing the prime construction contract for a construction, erection, improvement or renovation project and that has main responsibility for such project including hiring all of the subcontractors and suppliers.

4. CONTRACTORS LIMITED PROFESSIONAL LIABILITY

The following exclusion is added to Paragraph **2.**, **Exclusions** of **Section I - Coverage A - Bodily Injury And Property Damage Liability**, and to Paragraph **2.**, **Exclusions** of **Section I - Coverage B - Personal And Advertising Injury Liability**:

This insurance does not apply to "bodily injury", "property damage" or "personal and advertising injury" arising out of the rendering of or failure to render any professional services by you with respect to your providing engineering, architectural or surveying services in your capacity as an engineer, architect or surveyor.

Professional services include:

(1) The preparing, approving, or failing to prepare or approve, maps, shop drawings, opinions, reports, surveys, field orders, change orders, or drawings and specifications; and

(2) Supervisory or inspection activities performed as a part of any related architectural or engineering activities.

This exclusion applies even if the claims against any insured allege negligence or other wrongdoing in the supervision, hiring, employment, training or monitoring of others by that insured, if the "occurrence" which caused the "bodily injury" or "property damage", or the offense which caused the "personal and advertising injury", involved the rendering of or failure to render any professional services by you with respect to your providing engineering, architectural or surveying services in your capacity as an engineer, architect or surveyor.

This exclusion does not apply to your operations in connection with construction work performed by you or on your behalf.

However, this exception to the exclusion will not apply if you are in the business or profession of providing the professional services described above independent from the construction work performed by you or on your behalf.

In the event this insurance applies to any injury, damage, loss, cost or expense covered by Professional Liability insurance issued by a company unaffiliated with us, then the insurance

afforded under this Coverage Part is excess over such other valid and collectible Professional Liability insurance (including any deductible or self-insured retention portion thereof), and any other valid and collectible insurance available to the insured whether primary, excess, contingent or on any other basis.

5. PER PROJECT AND PER LOCATION GENERAL AGGREGATE LIMITS OF INSURANCE

A. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under **Section I - Coverage A**, and for all medical expenses caused by accidents under **Section I - Coverage C**, which can be attributed only to ongoing operations at a single "project" or a single "location";

1. A separate Per Project General Aggregate Limit or a separate Per Location General Aggregate Limit applies to each "project" or "location", whichever is applicable. The Per Project General Aggregate Limit and Per Location Aggregate Limit is equal to the amount of the General Aggregate Limit shown in the Declarations.

2. The Per Project General Aggregate Limit or the Per Location General Aggregate Limit, whichever applies, is the most we will pay for the sum of all damages under **Coverage A.** except damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard", and for medical expenses under **Coverage C** regardless of the number of;

a. Insureds;

b. Claims made or "suits" brought; or

c. Persons or organizations making claims or bringing "suits".

3. Any payments made under **Coverage A** for damages or under **Coverage C** for medical expenses shall reduce the Per Project General Aggregate Limit for that "project" or the Per Location General Aggregate for that "location", whichever applies. Such payments shall not reduce the General Aggregate Limit shown in the Declarations, the Per Project General Aggregate Limit for any other "project", or the Per Location General Aggregate Limit for any other "location".

4. The limits shown in the Declarations for Each Occurrence, Damage To Premises Rented To You and Medical Expense continue to apply. However, instead of being subject to the General Aggregate Limit shown in the Declarations, such limits will be subject to the applicable Per Project General Aggregate Limit if attributable only to ongoing operations at a single "project" or the Per Location General Aggregate if attributable only to ongoing operations at a single "location".

B. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under **Section I - Coverage A** and for all medical expenses caused by accidents under **Section I - Coverage C** , which cannot be attributed only to ongoing operations at a single "project" or a single "location";

1. Any payments made under **Coverage A** for damages or under **Coverage C** for medical expenses shall reduce the amount available under the General Aggregate Limit or the Products-Completed Operations Aggregate Limit, whichever is applicable; and

2. Such payments shall not reduce any Per Project General Aggregate Limit or any Per Location General Aggregate Limit.

C. When coverage for liability arising out of the "products-completed operations hazard" is provided, any payments for damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard" will reduce the Products-Completed Operations Aggregate Limit, and not reduce the General Aggregate Limit,or any Per Project General Aggregate Limit or any Per Location General Aggregate Limit.

D. The provisions of **Section III - Limits Of Insurance** not otherwise modified by this endorsement shall continue to apply as stipulated.

E. For the purposes of Paragraph **5.**, the following definitions apply:

"Project" means a premises an insured does not own or rent and where such insured performs construction-related operations. Each "project" involving the same or connecting lots, or premises whose connection is separated by a street, roadway, waterway, railroad or right-of-way shall be considered a single "project".

1. If a "project" has been abandoned and then restarted, or if the authorized contracting parties deviate from plans, blueprints, designs, specifications or timetables, the "project" shall be considered a single "project". "Project" does not include a premises that is a "location".

2. "Location" means a premises an insured owns or rents and where such insured performs business operations other than construction-related operations. Each "location" involving the same or connecting lots, or premises whose connection is separated by a street, roadway, waterway or right-of-way railroad shall be considered a single "location." "Location" does not include a premises that is a "project".

This provision does not apply if the Per Project and the Per Location General Aggregate Limit has been otherwise modified by endorsement.

6. MEDICAL PAYMENTS COVERAGE - INCLUDING PRODUCTS-COMPLETED OPERATIONS

Paragraph **1.a.** of the **Insuring Agreement - Coverage C** is replaced by the following:

1. Insuring Agreement

a. We will pay medical expenses as described below for "bodily injury" caused by an accident:

(1) On premises you own or rent;

(2) On ways next to premises you own or rent;

(3) Because of your operations; or

(4) Included within the definition of the "products-completed operations hazard;"

provided that:

(1) The accident takes place in the "coverage territory" and during the policy period;

(2) The expenses are incurred and reported to us within three years of the date of the accident; and

(3) The injured person submits to examination, at our expense, by physicians of our choice as often as we reasonably require.

7. INJURY TO EMPLOYEE'S REPUTATION WITH RESPECT TO INCIDENTAL MEDICAL MALPRACTICE

A. The following is added to Paragraph **1.e.** of the **Insuring Agreement - Coverage A**:

(3) With respect to incidental medical malpractice, "bodily injury" includes damages claimed for injury to emotions or reputation of an "employee" arising out of the rendering or failure to render professional health care services as a physician, dentist, nurse, emergency medical technician or paramedic services.

B. The following exclusion is added to **Coverage B - Personal and Advertising Injury**:

"Personal and advertising injury arising out of the rendering or failure to render professional health care services as a physician, dentist, nurse, emergency medical technician or paramedic.

8. BODILY INJURY EMPLOYEE SUITS

A. "Bodily injury" as listed in Paragraph **2.a.(1)** of **Section II - Who Is An Insured**, does not apply to **2.a.(1)(a)** through **2.a.(1)(c)**.

B. Part **a.** of Paragraph **4. Nonowned Watercraft** in **Section II - Who Is An Insured** does not apply.

9. CONSOLIDATED INSURANCE (WRAP-UP) PROGRAMS

The following exclusion is added to **Section I Coverage A**:

This insurance does not apply to any "bodily injury" or "property damage" arising out of any "wrap project or premises" where an insured under this policy is or was also an insured under one or more commercial general liability (CGL) policies (including any umbrella or excess policies that include the commercial general liability policy(ies) as underlying insurance) included within a "consolidated insurance (wrap-up) program." This exclusion applies even if the limits of insurance for such "consolidated insurance (wrap-up) program" are exhausted or not collected for any reason, including bankruptcy or insolvency of the insurer providing coverage for the "consolidated insurance (wrap-up) program". This exclusion also applies if the CGL coverage afforded under the "consolidated insurance (wrap-up) program" is narrower in scope than the coverage provided by this policy.

This exclusion does not apply to:

A. Products-Completed Operations Hazard Exception

"Bodily injury" or "property damage" arising out of an “insured's operations” at or in connection with a "wrap project or premises" when such "bodily injury" or "property damage" commences after the "products-completed operations hazard" coverage or any completed operations extension coverage provided by the applicable "consolidated insurance (wrap-up) program" has ended or is no longer in effect.

B. Off-Site Location Exception

"Bodily injury" or "property damage" resulting from an “insured's operations” at or in connection with a "wrap project or premises" at a location to which the applicable "consolidated insurance (wrap-up) program" does not apply.

C. Repair Work And Punch List Work Exception

"Bodily injury" or "property damage" resulting from "repair work" or "punch list work" at a "wrap project or premises" but only when the applicable "consolidated insurance (wrap-up) program" does not apply or no longer applies to such "repair work" or "punch list work".

This exception does not apply to the cost of performing such "repair work" or "punch list work", or to the "repair work" or "punch list work" itself.

D. Additional Insured Extension

"Bodily injury" or "property damage" for which you are solely an additional insured under the "consolidated insurance (wrap-up) program".

The coverage provided under Paragraphs **9.A** through **9.D.** above is subject to all terms, conditions and exclusions of this policy.

For purposes of Paragraph **9**, the following definitions apply:

"Consolidated insurance (wrap-up) program" means any agreement or arrangement, including any contractor-controlled, owner-controlled, project-specific or similar insurance program under which one or more contractor(s) working on a specified project are insured under one or more commercial general liability (CGL) policies (including any umbrella or excess policies that include the commercial general liability policy(ies) as underlying insurance) issued by a specified carrier for injury or damage arising out of operations conducted in connection with or necessary or incidental to the project.

“Insured’s operations” means all operations performed by a named insured (and not sub-contracted or performed by others on the insured’s behalf).

"Punch list work" means the “insured’s operations” at or in connection with a "wrap project or premises" in order to complete the work called for in an insured's contract for the "wrap project or premises".

"Repair work" means the “insured’s operations” that are service, maintenance, correction, repair, replacement work, or periodic

inspection performed by an insured at or in connection with a "wrap project or premises", in order to replace or repair an insured's completed work.

"Wrap project or premises" means any premises or construction, erection, improvement or renovation project subject to a "consolidated insurance (wrap-up) program".

10. ACCESS OR DISCLOSURE OF CONFIDENTIAL OR PERSONAL INFORMATION AND DATA- RELATED LIABILITY

A. Exclusion p. of **Section I - Coverage A - Bodily Injury And Property Damage Liability** is replaced by the following:

p. Access Or Disclosure Of Confidential Or Personal Information And Data-Related Liability

Damages arising out of:

(1) Any access to or disclosure of any person's or organization's confidential or personal information, including patents, trade secrets, processing methods, customer lists, financial information, credit card information, health information or any other type of nonpublic information; or

(2) the loss of, loss of use of, damage to, corruption of, inability to access, or inability to manipulate "electronic data" that does not result from physical injury to tangible property.

This exclusion applies even if damages are claimed for notification costs, credit monitoring expenses, forensic expenses, public relations expenses or any other loss, cost or expense incurred by you or others arising out of that which is described in Paragraph **(1)** or **(2)** above.

However, unless Paragraph **(1)** above applies, this exclusion does not apply to liability for damages because of "bodily injury".

B. Exclusion w. of **Section 1 - Coverage B - Personal and Advertising Injury** is replaced by the following: :

w. Access Or Disclosure Of Confidential Or Personal Information

"Personal and advertising injury" arising out of any access to or disclosure of any person's or organization's confidential or personal information, including patents, trade secrets, processing methods, customer lists, financial information, credit card information, health information or any other type of nonpublic information.

This exclusion applies even if damages are claimed for notification costs, credit monitoring expenses, forensic expenses, public relations expenses or any other loss, cost or expense incurred by you or others arising out of any access to or

disclosure of any person's or organization's confidential or personal information.

C. The following Paragraph is added to **Section III - Limits Of Insurance**:

Subject to Paragraph **5. Each Occurrence Limit**, the most we will pay under **Coverage A** for "property damage" because of all loss of "electronic data" arising out of any one "occurrence" is $100,000, unless modified by endorsement.

D. The following definition is added to **Section V - Definitions**:

"Electronic data" means information, facts or programs:

a. Stored as or on;

b. Created or used on; or

c. Transmitted to or from;

computer software, (including systems and applications software) hard or floppy disks, CD-ROMS, tapes, drives, cells, data processing devices or any other media which are used with electronically controlled equipment.

E. For the purposes of the coverage provided by this provision, the definition of "property damage" in **Section V - Definitions** is replaced by the following:

"Property damage" means:

a. Physical injury to tangible property, including all resulting loss of use of that property. All such loss of use shall be deemed to occur at the time of the physical injury that caused it;

b. Loss of use of tangible property that is not physically injured. All such loss of use shall be deemed to occur at the time of the "occurrence" that caused it; or

c. Loss of, loss of use of, damage to, corruption of, inability to access, or inability to properly manipulate "electronic data", resulting from physical injury to tangible property. All such loss of "electronic data" shall be deemed to occur at the time of the "occurrence" that caused it.

For the purposes of this insurance, "electronic data" is not tangible property.

11. SUPPLEMENTARY PAYMENTS

In the **Supplementary Payments - Coverages A and B** provision:

The limit for the cost of bail bonds is increased to $2,500.

12. TWO OR MORE COVERAGE PARTS OR POLICIES ISSUED BY US

If this policy and any other policy issued to an insured by us or any affiliated company provides coverage that applies to the same claim or damages, the maximum applicable limit(s) of liability or limit of insurance under all the policies will not exceed the highest applicable limit of liability or limit of insurance under any one policy. This condition does not apply to any policy issued by us or an affiliated company specifically written to apply as excess insurance over this policy.

13. NOTICE OF CANCELLATION TO CERTIFICATE HOLDER(S)

This policy is subject to the following additional Conditions:

A. If this policy is cancelled by the Company, other than for nonpayment of premium, notice of such cancellation will be provided at least thirty (30) days in advance of the cancellation effective date to the certificate holder(s) with mailing addresses on file with the agent of record or the Company.

B. If this policy is cancelled by the Company for nonpayment of premium, or by the insured, notice of such cancellation will be provided within (10) days of the cancellation effective date to the certificate holder(s) with mailing addresses on file with the agent of record or the Company.

If notice is mailed, proof of mailing to the last known mailing address of the certificate holder(s) on file with the agent of record or the Company will be sufficient proof of notice.

Any notification rights provided by this endorsement apply only to active certificate holder(s) who were issued a certificate of insurance applicable to this policy's term.

Failure to provide such notice to the certificate holder(s) will not amend or extend the date the cancellation becomes effective, nor will it negate cancellation of the policy. Failure to send notice shall impose no liability of any kind upon the Company or its agents or representatives.

14. CONTRACTUAL LIABILITY COVERAGE FOR PERSONAL AND ADVERTISING INJURY

Exclusion e. of **SECTION I - COVERAGE B PERSONAL AND ADVERTISING INJURY LIABILITY** is replaced by the following:

This insurance does not apply to:

e. Contractual Liability

"Personal and advertising injury" for which the insured has assumed liability in a contract or agreement. This exclusion does not apply to liability for damages:

(1) That the insured would have in the absence of the contract or agreement; or

(2) Assumed in a contract or agreement that is an "insured contract", provided the "personal and advertising injury" occurs subsequent to the execution of the contract or agreement. Solely for the purposes of liability assumed in an "insured contract", reasonable attorney fees and necessary litigation expenses incurred by or for a party other than an insured are deemed to be damages because of "personal and advertising injury", provided:

(a) Liability to such party for, or for the cost of, that party's defense has also been assumed in the same "insured contract"; and

(b) Such attorney fees and litigation expenses are for defense of that party against a civil or alternative dispute resolution proceeding in which damages to which this insurance applies are alleged.

15. INSURED CONTRACT DEFINITION

a. INSURED CONTRACT-CONSTRUCTION OPERATIONS AND MUNICIPAL WORK

Paragraph **d.** of the definition of "insured contract" in **Section V - Definitions** is deleted and replaced by the following:

An obligation, as required by ordinance, to indemnify a municipality.

b. CONTRACTUAL LIABILITY

Paragraph **f.** of the definition of "insured contract" is deleted and replaced by the following:

That part of any other contract or agreement pertaining to your business (including an indemnification of a municipality in connection with work performed for a municipality) under which you assume the tort liability of another party to pay for "bodily injury", "property damage", or "personal and advertising injury" to a third person or organization. Tort liability means a liability that would be imposed by law in the absence of any contract or agreement.

Paragraph **f.** includes that part of any contract or agreement that indemnifies a railroad for "bodily injury", "property damage", or "personal and advertising injury" arising out of construction or demolition operations, within 50 feet of any railroad property and affecting any railroad bridge or trestle, tracks, road-beds, tunnel, underpass or crossing.

However, Paragraph **f.** does not include that part of any contract or agreement:

(1) That indemnifies an architect, engineer or surveyor for injury or damage arising out of:

(a) Preparing, approving, or failing to prepare or approve, maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; or

(b) Giving directions or instructions, or failing to give them, if that is the primary cause of the injury or damage; or

(2) Under which the insured, if an architect, engineer or surveyor, assumes liability for an injury or damage arising out of the insured's rendering or failure to render professional services, including those listed in **(1)** above and supervisory, inspection, architectural or engineering activities.

All other terms and conditions in the policy remain unchanged.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

NOTICE OF CANCELLATION TO CERTIFICATE HOLDER(S)

This policy is subject to the following additional Conditions:

A. If this policy is cancelled by the Company, other than for nonpayment of premium, notice of such cancellation will be provided at least thirty (30) days in advance of the cancellation effective date to the certificate holder(s) with mailing addresses on file with the agent of record or the Company.

B. If this policy is cancelled by the Company for nonpayment of premium, or by the insured, notice of such cancellation will be provided within (10) days of the cancellation effective date to the certificate holder(s) with mailing addresses on file with the agent of record or the Company.

If notice is mailed, proof of mailing to the last known mailing address of the certificate holder(s) on file with the agent of record or the Company will be sufficient proof of notice.

Any notification rights provided by this endorsement apply only to active certificate holder(s) who were issued a certificate of insurance applicable to this policy's term.

Failure to provide such notice to the certificate holder(s) will not amend or extend the date the cancellation becomes effective, nor will it negate cancellation of the policy. Failure to send notice shall impose no liability of any kind upon the Company or its agents or representatives.

NOTICE OF CANCELLATION OR NONRENEWAL TO DESIGNATED CERTIFICATE HOLDER

SCHEDULE

Number of Days Notice:	**Name of Certificate Holder:** AS REQUIRED BY WRITTEN CONTRACT
Part A: 60	**Mailing Address:** AS REQUIRED BY WRITTEN CONTRACT
Part B: 10	
Part C: 60	
Part D: 60	

This policy is subject to the following additional Conditions when a number of days are shown in the Schedule for any of the above Parts.

A. If this policy is cancelled by the Company, other than for nonpayment of premium, notice of such cancellation will be provided to the certificate holder in the Schedule, at least the number of days in advance of the cancellation effective date, as shown in Part A.

B. If this policy is cancelled by the Company for nonpayment of premium, notice of such cancellation will be provided to the certificate holder in the Schedule within the number of days notice of the cancellation effective date, as shown in Part B.

C. If this policy is cancelled by the insured, notice of such cancellation will be provided to the certificate holder in the Schedule, within the number of days notice of the cancellation effective date, as shown in Part C.

D. If this policy is nonrenewed by the Company, notice of such nonrenewal will be provided to the certificate holder in the Schedule, at least the number of days in advance of the nonrenewal effective date, as shown in Part D.

If notice is mailed, proof of mailing notice to the certificate holder's mailing address as shown in the Schedule will be sufficient proof of notice. If the number of days notice in the Schedule for any Part is left blank or is shown as zero, no notice will be provided to the Scheduled certificate holder under that Part.

Any notification rights provided by this endorsement apply only to active certificate holder(s) who were issued a certificate of insurance applicable to this policy's term.

Failure to provide such notice to the certificate holder(s) will not amend or extend the date the cancellation becomes effective, nor will it negate cancellation of the policy. Failure to send notice shall impose no liability of any kind upon the Company or its agents or representatives.

Notice of Exemption

To: Placer County Clerk
Recorder's Office
2954 Richardson Drive
Auburn, CA 95603

From: City of Roseville
Development Services Dept.
311 Vernon Street
Roseville, CA 95678

Project Title: On-Call Landscape Construction Services

Project Location(s): Parks, Recreation, and Libraries (PRL) facilities located citywide

Project Description: The project is on-call contract for landscape construction services including ADA improvements, safety repairs, and other small retrofits at PRL facilities as needed. All activities would be located within existing City facilities for maintenance and repair purposes only and would not result in expansion of use and would not occur within environmentally sensitive areas.

Public Agency Approving Project: Roseville City Council

Agency/Individual Carrying Out Project: City of Roseville Parks, Recreation and Libraries Department

Reason why this Project is Exempt: This project qualifies for Class 1 and Class 4 Exemptions as described in Sections 15301 and 15304 of the California Environmental Quality Act (CEQA) Guidelines which states:

> "Class 1 consists of the…repair, maintenance,…or minor alteration of existing public or private…. facilities… or topographical features involving negligible or no expansion of existing or former use… Examples include but are not limited to…(h) Maintenance of existing landscaping [and] native growth" and
>
> "Class 4 consists of minor public or private alterations to the condition of land, water, and/or vegetation which do not involve removal of healthy, mature, scenic trees… Examples include, but are not limited to…(b) New gardening or landscaping, including the replacement of existing conventional landscaping with water efficient or fire resistant landscaping."

The project would allow for the maintenance and improvement of PRL facilities located throughout the city. This would not result in expansion of use; therefore, the Class 1 and Class 4 Exemptions are applicable to the proposed project.

Premium $ 8,500.00 is for contract term and is subject to adjustment based on final contract price.

PUBLIC WORKS
FAITHFUL PERFORMANCE BOND

(Project: On-Call Landscape Construction Services: Agreement 3005415)

WHEREAS, the City of Roseville ("CITY") has awarded a bid and contract to Clearwater Construction Services, Inc. dba Clearwater Landscape Services as contractor ("PRINCIPAL") for the public work described as On-Call Landscape Construction Services: Agreement 3005415 (the "WORK"). The contract ("AGREEMENT"), for the public work described above, and all of its terms and conditions are incorporated by reference and made a part hereof; and

WHEREAS, the PRINCIPAL is required to furnish a bond in connection with the AGREEMENT guaranteeing its faithful performance; and

NOW, THEREFORE, we the undersigned PRINCIPAL and The Ohio Casualty Insurance Company, a Corporation, admitted and duly authorized to transact business under the laws of the State of California, as SURETY ("SURETY"), are held and firmly bound unto the CITY or its successors and assigns in the sum of Five Hundred Thousand & No/100---------- dollars ($500,000.00) (which amount is not less than 100% of the AGREEMENT price) to be paid to the CITY or its successors and assigns; and for which payment, well and truly to be made, we bind ourselves, our heirs, executors and administrators, successors or assigns jointly and severally, firmly by these presents.

The condition of this obligation is such that if the PRINCIPAL, or its heirs, executors, administrators, successors or assigns, shall abide by, and in all respects promptly and faithfully perform the covenants, conditions and provisions in said AGREEMENT and any alteration thereof made as therein provided, notice of which alterations to Surety being hereby waived, on its part to be kept and performed at the time and in the manner therein specified, and in all respects according to their true intent and meaning, and shall indemnify and save harmless CITY, its officers, agents, employees, volunteers as therein stipulated, then this obligation shall be null and void; otherwise, this obligation shall be and remain in full force and effect.

As condition precedent to the satisfactory completion of the contract, the obligation of the PRINCIPAL and SURETY under this Bond shall remain in effect for a period of one (1) year after the completion and acceptance of the WORK. During that time, if the PRINCIPAL, its heirs, executors, administrators, successors or assigns fails to make full, complete and satisfactory repair and replacement or totally protect the CITY from any loss or damage made evident during that year which results from or is caused by either defective materials or faulty workmanship in the prosecution of the WORK, then the obligation shall remain in full force and effect. However, anything in

this paragraph to the contrary notwithstanding, the obligation of the SURETY shall continue so long as any obligation of the PRINCIPAL remains.

No prepayment or delay in payments, and no change, extension, addition or alteration of any provision of the AGREEMENT or in the specifications agreed to between the PRINCIPAL and the CITY, or any forbearance on the part of the CITY shall operate to relieve the SURETY. The SURETY hereby waives the provisions of Section 2819 of the California Civil Code. The SURETY waives all rights of subrogation against the CITY or any person employed by the CITY. If the contract price increases by the issuance of change orders, the amount specified in this bond shall increase by the same amount.

Whenever PRINCIPAL shall be and declared by CITY to be in default under the AGREEMENT, SURETY shall promptly remedy the default, or shall promptly do one of the follow at CITY's election:

1. Undertake through its agents or independent contractors, reasonably acceptable to CITY, to complete the AGREEMENT in accordance with its terms and conditions and to pay and perform all obligations of PRINCIPAL under the AGREEMENT, including without limitation, all obligations with respect to warranties, guarantees, and the payment of liquidated damages.

2. Reimburse CITY for all costs CITY incurs in completing the AGREEMENT, and in correcting, repairing or replacing defects in materials or workmanship and/or materials and workmanship which do not conform to the specifications in the AGREEMENT.

SURETY's obligations hereunder are independent of the obligations of any other surety for the performance of the AGREEMENT, and suit may be brought against SURETY and such other sureties, jointly and severally, or against any one or more of them, or against less than all of them without impairing CITY's rights against the others.

No right of action shall accrue on this bond to or for the use of any person or corporation other than CITY or its successors or assigns.

As part of the obligation secured hereby and in addition to the face amount specified therefore, there shall be included costs and reasonable expenses and fees, including reasonable attorneys' fees, incurred by CITY in successfully enforcing such obligation, all to be taxed as costs and included in any judgment rendered.

[SIGNATURES NEXT PAGE]

IN WITNESS WHEREOF, this instrument has been duly executed by the PRINCIPAL and SURETY above-named, on the 1st day of July, 2026.

This Power of Attorney is made and executed pursuant to and by authority of the following By-laws and Authorizations of The Ohio Casualty Insurance Company, Liberty Mutual Insurance Company, and West American Insurance Company which resolutions are now in full force and effect reading as follows:

ARTICLE IV – OFFICERS: Section 12. Power of Attorney.
Any officer or other official of the Corporation authorized for that purpose in writing by the Chairman or the President, and subject to such limitation as the Chairman or the President may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Corporation to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact, subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Corporation by their signature and execution of any such instruments and to attach thereto the seal of the Corporation. When so executed, such instruments shall be as binding as if signed by the President and attested to by the Secretary. Any power or authority granted to any representative or attorney-in-fact under the provisions of this article may be revoked at any time by the Board, the Chairman, the President or by the officer or officers granting such power or authority.

ARTICLE XIII – Execution of Contracts: Section 5. Surety Bonds and Undertakings.
Any officer of the Company authorized for that purpose in writing by the chairman or the president, and subject to such limitations as the chairman or the president may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Company by their signature and execution of any such instruments and to attach thereto the seal of the Company. When so executed such instruments shall be as binding as if signed by the president and attested by the secretary.

Certificate of Designation – The President of the Company, acting pursuant to the Bylaws of the Company, authorizes Nathan J. Zangerle, Assistant Secretary to appoint such attorneys-in-fact as may be necessary to act on behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations.

Authorization – By unanimous consent of the Company's Board of Directors, the Company consents that facsimile or mechanically reproduced signature of any assistant secretary of the Company, wherever appearing upon a certified copy of any power of attorney issued by the Company in connection with surety bonds, shall be valid and binding upon the Company with the same force and effect as though manually affixed.

I, Renee C. Llewellyn, the undersigned, Assistant Secretary, The Ohio Casualty Insurance Company, Liberty Mutual Insurance Company, and West American Insurance Company do hereby certify that the original power of attorney of which the foregoing is a full, true and correct copy of the Power of Attorney executed by said Companies, is in full force and effect and has not been revoked.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the seals of said Companies this 1st day of July, 2026.

PUBLIC WORKS
LABOR AND MATERIALS PAYMENT BOND

(Project: On-Call Landscape Construction Services: Agreement 3005415)

WHEREAS, the City of Roseville ("CITY"), has awarded a bid and contract to Clearwater Construction Services, Inc. dba Clearwater Landscape Services as contractor ("PRINCIPAL"), for the public work described as On-Call Landscape Construction Services: Agreement 3005415 (the "WORK"). The contract ("AGREEMENT"), for the public work described above, and all of its terms and conditions are incorporated by reference and made a part hereof; and

WHEREAS, the PRINCIPAL is required to furnish a bond in connection with the AGREEMENT guaranteeing payment of persons who provide labor and material; and

NOW, THEREFORE, we the undersigned PRINCIPAL and The Ohio Casualty Insurance Company, a Corporation, admitted and duly authorized to transact business under the laws of the State of California, as SURETY ("SURETY"), are held and firmly bound unto the CITY or its successors and assigns in the sum of Five Hundred Thousand & No/100---------- dollars ($ 500,000.00) (which amount is not less than 100% of the AGREEMENT price) to be paid to the CITY or its successors and assigns; and for which payment, well and truly to be made, we bind ourselves, our heirs, executors and administrators, successors or assigns jointly and severally, firmly by these presents.

The condition of the obligation is such that if the PRINCIPAL, its subcontractors, heirs, executors, administrators, successors or assigns fails to pay any of the persons named in Section 8004 or 9100 of the Civil Code of the State of California, or the amounts due under the Unemployment Insurance Code of the State of California, or any amounts required to be deducted, withheld and paid over to the Employment Development Department from the wages of employees of the PRINCIPAL and its subcontractors pursuant to Section 13020 of the Unemployment Insurance Code, with respect to work or labor performed by any such claimant, that the SURETY will pay for the same, in an amount not exceeding the sum specified in this bond, and also, in case suit is brought upon the bond, shall pay reasonable attorneys' fees, to be fixed by the Court.

This bond shall inure to the benefit of any and all persons, companies, and corporations entitled to file a Stop Payment Notice pursuant to the provisions of Section 9350 et seq. of the Civil Code of the State of California, so as to give a right of action to them or their assigns in any suit brought upon this bond.

No prepayment or delay in payments, and no change, extension, addition or alteration of any provision of the AGREEMENT or in the specifications agreed to between the PRINCIPAL and the CITY, or any forbearance on the part of the CITY shall operate to relieve the SURETY. The SURETY hereby waives the provisions of Section 2819 of the California Civil Code. The SURETY waives all rights of subrogation against the CITY or any person employed by the CITY. If the contract price increases by the issuance of change orders, the amount specified in this bond shall increase by the same amount.

As part of the obligation secured hereby and in addition to the face amount specified therefore, there shall be included costs and reasonable expenses and fees, including reasonable attorneys' fees, incurred by CITY in successfully enforcing such obligation, all to be taxed as costs and included in any judgment rendered.

IN WITNESS WHEREOF, this instrument has been duly executed by the PRINCIPAL and SURETY above-named, on the 1st day of July, 20 26.

This Power of Attorney is made and executed pursuant to and by authority of the following By-laws and Authorizations of The Ohio Casualty Insurance Company, Liberty Mutual Insurance Company, and West American Insurance Company which resolutions are now in full force and effect reading as follows:

ARTICLE IV – OFFICERS: Section 12. Power of Attorney.
Any officer or other official of the Corporation authorized for that purpose in writing by the Chairman or the President, and subject to such limitation as the Chairman or the President may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Corporation to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact, subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Corporation by their signature and execution of any such instruments and to attach thereto the seal of the Corporation. When so executed, such instruments shall be as binding as if signed by the President and attested to by the Secretary. Any power or authority granted to any representative or attorney-in-fact under the provisions of this article may be revoked at any time by the Board, the Chairman, the President or by the officer or officers granting such power or authority.

ARTICLE XIII – Execution of Contracts: Section 5. Surety Bonds and Undertakings.
Any officer of the Company authorized for that purpose in writing by the chairman or the president, and subject to such limitations as the chairman or the president may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Company by their signature and execution of any such instruments and to attach thereto the seal of the Company. When so executed such instruments shall be as binding as if signed by the president and attested by the secretary.

Certificate of Designation – The President of the Company, acting pursuant to the Bylaws of the Company, authorizes Nathan J. Zangerle, Assistant Secretary to appoint such attorneys-in-fact as may be necessary to act on behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations.

Authorization – By unanimous consent of the Company's Board of Directors, the Company consents that facsimile or mechanically reproduced signature of any assistant secretary of the Company, wherever appearing upon a certified copy of any power of attorney issued by the Company in connection with surety bonds, shall be valid and binding upon the Company with the same force and effect as though manually affixed.

I, Renee C. Llewellyn, the undersigned, Assistant Secretary, The Ohio Casualty Insurance Company, Liberty Mutual Insurance Company, and West American Insurance Company do hereby certify that the original power of attorney of which the foregoing is a full, true and correct copy of the Power of Attorney executed by said Companies, is in full force and effect and has not been revoked.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the seals of said Companies this 1st day of July, 2026.

Item ID: 2026-410

Title:	Landscaping Bark and Playground Fiber (RFP 13-181) - Contract Purchase Agreement
Contact:	Russell Soares 916-746-1783 rsoares@roseville.ca.us

SUMMARY

Staff recommend approval of a contract purchase agreement with Applied Landscape Materials Inc., for the purchase and installation of landscape bark mulch and playground fiber materials. The agreement includes a base term of one year with four (4) optional one (1) year renewals in the amount of $800,000 per year, for a total contract amount of $4,000,000. Funding will come from the Parks, Recreation & Libraries Department, Community Facilities District and Lighting and Landscape District operating budgets.

RECOMMENDATION

Staff recommend that the City Council adopt a resolution authorizing the City Manager to execute a Contract Purchase Agreement with Applied Landscape Materials Inc., for the purchase and installation of landscape bark mulch and playground fiber materials.

Staff additionally request authority for the City Manager or his designee to execute four (4) optional one (1) year renewals without further City Council approval, provided the applicable budget is approved by City Council, or until staff determine that continuing with this vendor is not in the best interest of the City.

BACKGROUND

The Parks Division manages and maintains over 80 parks and facilities with play areas and over 350 acres of landscaped areas. Engineered wood fiber is a primary safety component for play areas. Sustaining acceptable levels of this material is critical to providing a safe and enjoyable experience for the public.

Landscape bark mulch is used in landscape areas to retain soil moisture for healthier plants and trees, reduce weeds and enhance the aesthetics throughout our parks and street landscape areas. The Parks Division has set a four-year cycle for bark mulch replacement to ensure our 3” standard for depth coverage is maintained.

In April 2026, a Request for Proposals (RFP 13-181) was issued for Landscape Bark and Playground Engineered Wood Fiber materials and services. Three bids were received and, after staff review, Applied Landscape Materials, Inc., was the selected vendor based on experience, understanding of the project, and ability to handle the scope.

The not-to-exceed award of $800,000 annually is based on historical data and projections of future growth.

FISCAL IMPACT

The cost of the first year of the service agreement has a not-to-exceed amount of $800,000, and is included in the proposed FY2026-27 budget. The agreement includes four (4) optional one (1) year renewals with an annual not-to-exceed amount of $800,000 for a total contract amount of $4,000,000. The funding for each annual service contract will be included in the Parks, Recreation and Libraries operating budget, as well as Community Facilities District (CFD) and Lighting and Landscape District (LLD) operating budgets.

ENVIRONMENTAL REVIEW

The proposed project involves the repair, maintenance, and minor alteration existing facilities, including the condition of the land, water, and vegetation and will not result in the removal of trees. This activity is categorically exempt from CEQA as a Class 1 and Class 4 Exemption (State CEQA Guidelines Sections 15301 and 15304). The Exemption has been prepared and no further CEQA action is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

1. Ensure a safe and healthy community
3. Enhance economic vitality
4. Invest in well-planned infrastructure and growth
6. Deliver exceptional City services

Respectfully Submitted,
Russell Soares, Parks and Open Space Superintendent

Jill Geller, Parks Recreation and Libraries Director

Contract Terms and Conditions

1. To the fullest extent allowed by law, Contractor shall defend, indemnify, and save and hold harmless the City, its officers, agents, employees and volunteers from any claims, suits or actions of every name, kind and description brought forth, or on account of, injuries to or death of any person (including but not limited to workers and the public), or damage to property, resulting from or arising out of Contractor's willful misconduct or negligent act or omission while engaged in the performance of obligations or exercise of rights created by this Agreement, except those matters arising from City's sole or active negligence or willful misconduct. The parties intend that this provision shall be broadly construed. Contractor's responsibility for such defense and indemnity obligations shall survive the termination or completion of this Agreement for the full period of time allowed by law. The defense and indemnity obligations of this Agreement are undertaken in addition to, and shall not in any way be limited by, the insurance obligations contained in this Agreement.
2. Contractor is an independent contractor, and shall not be considered an officer, agent, or employee of the City.
3. Without the written consent of the City, this Agreement is not assignable by Contractor either in whole or in part.
4. Time is of the essence of this Agreement.
5. At any time during the term of this Agreement, the City has the right to terminate this Agreement, provided Contractor is given thirty (30) days written notice. City's termination shall be without further liability to City; however, Contractor shall be entitled to all costs reasonably incurred prior to the date of termination. Contractor acknowledges that City may terminate this Agreement should funds not be appropriated by its governing body to continue services under this Agreement.
6. This Agreement may only be amended or modified in writing. It is integrated and contains the complete understanding of the parties.
7. All equipment, supplies and services sold to the City of Roseville shall conform to the general safety orders of the State of California.
8. Unless notified to the contrary, in writing, the City assumes that the Contractor has accepted the work in accordance with the plans and specifications (if any) and agrees to do the work in compliance with this Agreement.
9. All prevailing wages and fair employment practices must be adhered to. For prevailing wage contracts over $25,000, copies of certified payroll must be submitted with invoices. Prevailing wage rates may be obtained from the State Department of Industrial Relations and/or the following website address: http://www.dir.ca.gov/dlsr/DPreWageDetermination.htm. In compliance with Labor Code Section 1773.2, as may be amended from time to time, Contractor shall cause a copy of this website to be posted at each jobsite, as applicable.
10. Contractor agrees to the below insurance requirements:
    a. Unless otherwise specified, the Contractor shall maintain the policies of insurance outlined in Attachment A, incorporated herein by this reference, in full force and effect during the term of this Agreement. The City of Roseville retains sole discretion in determining the types and proper levels of insurance coverage.
    b. Form. Contractor shall submit a certificate evidencing such coverage for the period covered by this Agreement in a form satisfactory to Risk Management and the City Attorney, prior to undertaking any work hereunder. Any insurance written on a claims made basis is subject to the approval of Risk Management

and the City Attorney.

c. Additional Insureds. Contractor shall also provide a separate endorsement or section of the policy showing City, its officers, agents, employees, and volunteers as additional insureds for each type of coverage (except Workers' Compensation) and for ongoing and completed operations. Such insurance shall specifically cover the contractual liability of Contractor. The additional insured coverage under the Contractor's policy shall be primary and noncontributory, as evidenced by a separate endorsement or section of the policy, and shall not seek contribution from City's insurance or self-insurance. In addition, the additional insured coverage shall be at least as broad as the Insurance Services Office (ISO) CG 20 01 Endorsement. Any available insurance proceeds in excess of the specified minimum insurance coverage requirements and limits shall be available to the additional insureds. Furthermore, the requirements for coverage and limits shall be:

(1) the minimum coverage and limits specified in this Agreement; or
(2) the full coverage and maximum limits of any insurance proceeds available to the named insureds, whichever is greater.

d. Cancellation/Modification. Contractor shall provide thirty (30) days written notice to City prior to cancellation or modification of any insurance required by this Agreement.

e. Umbrella/Excess Insurance. The limits of insurance required in this Agreement may be satisfied by a combination of primary and excess insurance. Any excess insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and noncontributory basis for the benefit of City (if agreed to in a written contract) before City's own insurance shall be called upon to protect it as a named insured.

f. Subcontractors. Contractor agrees to include in its contracts with all subcontractors the same requirements and provisions of this Agreement, including the indemnity and insurance requirements, to the extent they apply to the scope of the subcontractor's work. Furthermore, Contractor shall require its subcontractors to agree to be bound to Contractor and City in the same manner and to the same extent as Contractor is bound to City under this Agreement. Additionally, Contractor shall obligate its subcontractors to comply with these same provisions with respect to any tertiary subcontractor, regardless of tier. A copy of City's indemnity and insurance provisions will be furnished to the subcontractor or tertiary subcontractor upon request.

g. Self-Insured Retentions. All self-insured retentions (SIR) must be disclosed to Risk Management for approval and shall not reduce the limits of liability. Policies containing any SIR provision shall provide or be endorsed to provide that the SIR may be satisfied by either the named insured or City. City reserves the right to obtain a full certified copy of any insurance policy and endorsements. The failure to exercise this right shall not constitute a waiver of such right.

h. Waiver of Subrogation. Contractor hereby agrees to waive subrogation which any insurer of Contractor may acquire from Contractor by virtue of the payment of any loss under a Workers Compensation, Commercial General Liability or Automobile Liability policy. All Workers Compensation, Commercial General Liability and Automobile Liability policies shall be endorsed with a waiver of subrogation in favor of City, its officers, agents, employees and volunteers for all work performed by Contractor, its employees, agents and subcontractors.

i. Liability/Remedies. Insurance coverage in the minimum amounts set forth herein shall not be construed to relieve Contractor of liability in excess of such coverage, nor shall it preclude City from taking such other actions as are available to it under any other provisions of this Agreement or law.

11. Contractor shall comply with all federal, state and local laws and ordinances, including but not limited to the City's storm water regulations, as may be applicable to the performance of services under this Agreement. Failure to comply with local ordinances may result in monetary fines and cancellation of this Agreement. Refer to www.roseville.ca.us/stormwater for links to more information on the City's storm water regulations.
12. In the event that the terms of any attachment or exhibit conflict with any terms of this Agreement, the terms of this Agreement shall control.
13. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. In the event that any signature is delivered by facsimile transmission or by e-mail delivery of a ".pdf" format data file, such signature shall create a valid and binding obligation of the party executing (or on whose behalf such signature is executed) with the same force and effect as if such facsimile or ".pdf" signature page were an original thereof.
14. If either party commences any legal action against the other party arising out of this Agreement or the performance thereof, the prevailing party in such action shall be entitled to recover its reasonable litigation expenses, including but not limited to, court costs, expert witness fees, discovery expenses, and attorneys' fees. Any action arising out of this Agreement shall be brought in Placer County, California, regardless of where else venue may lie. This Agreement shall be governed by and construed in accordance with the laws of the State of California.
15. This Agreement shall be binding upon the heirs, successors, executors, administrators and assigns of the respective parties hereto.
16. If any of the provisions contained in this Agreement are for any reason held invalid or unenforceable, such holding shall not affect the remaining provisions or the validity and enforceability of the Agreement as a whole.
17. For purposes of this Agreement, the terms "Contractor," "Consultant," and "Supplier" are used interchangeably.
18. No contractor or subcontractor may work on a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. During the performance of this agreement, Contractor and its subcontractors shall have a continuing legal obligation to maintain current registration with the Department of Industrial Relations. Contractor is hereby notified that this project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.
19. Contractor/consultant's duties and services under this agreement shall not include preparing or assisting the public entity with any portion of the public entity's preparation of a request for proposals, request for qualifications, or any other solicitation regarding a subsequent or additional contract with the public entity. The public entity entering this agreement shall at all times retain responsibility for public contracting, including with respect to any subsequent phase of this project. Contractor/consultant's participation in the planning, discussions, or drawing of project plans or specifications, if any, shall be limited to conceptual, preliminary, or initial plans or specifications. Contractor/consultant shall cooperate with the public entity to ensure that all bidders for a subsequent contract on any subsequent phase of this project have access to the same information, including all conceptual, preliminary, or initial plans or specifications prepared by contractor pursuant to this agreement.
20. Contractor must submit all claims as defined in and in accordance with the claim resolution process set forth in Section 9204 of the Public Contract Code. Each such claim must be sent to the City by registered mail or certified mail with return receipt requested and must contain reasonable documentation to support the claim. All claims must be received prior to acceptance of the work.
21. Contractor certifies that Contractor, its employees, directors, officers, agents, subcontractors, vendors, and volunteers are not presently debarred, excluded, suspended,

declared ineligible, voluntarily excluded, or proposed for debarment, exclusion, suspension, or ineligibility by any federal, state, or local department or agency.

22. The Levine Act (Govt. Code, Section 84308) requires a Party (and its agent(s), if any) to a Proceeding before the City of Roseville that involves any action or consideration related to their contract, license, permit, or other entitlement for use, to disclose any campaign contributions made to City elected or appointed officers totaling more than $500 within the twelve (12) months prior to the City decision and while a proceeding is pending, and includes certain prohibitions on contribution activity thereafter. If applicable campaign contributions have been made by Contractor and/or its agent(s), Contractor is responsible for compliance, including for its disclosure obligations, if any, as further described at: https://www.roseville.ca.us/government/departments/city_clerk/transparency/levine_act.
23. This Agreement may be amended via change order, but only if such change order is made in writing, approved by the City, and signed by both parties.
24. CONTRACTOR agrees to defend and indemnify CITY if, despite the parties intent and practice, any venue, agency, or court with competent jurisdiction determines that CONTRACTOR and/or any of its agents, officers, employees, volunteers, independent contractors, or subcontractors, are characterized as employee(s) of CITY.

    CONTRACTOR and CITY agree that: (a) CONTRACTOR is free from the control and direction of CITY in connection with the performance of the work; (b) CONTRACTOR is providing services directly to CITY; (c) CONTRACTOR has and will maintain at all relevant times a business license; (d) CONTRACTOR maintains a business location that is separate from CITY; (e) CONTRACTOR is customarily engaged in an independently established business of the same nature as that involved in the work performed hereunder; (f) CONTRACTOR actually contracts with other businesses to provide the same or similar services and maintains a clientele without restrictions from CITY; (g) CONTRACTOR advertises and holds itself out to the public as available to provide the same or similar services; (h) CONTRACTOR provides its own tools, vehicles, and equipment to perform the services; (i) CONTRACTOR has negotiated its own rates; (j) CONTRACTOR set its own hours and location of work in accomplishing CITY's on-call needs; and (k) CONTRACTOR has the right to control the manner and means of accomplishing the result desired and exercises its own expert independent judgement.

The supplier named hereon by the acceptance of this order agrees to the provisions of this document titled "Contract Purchase Agreement" and all accompanying terms, conditions, and attachments.

Insurance Submission Process

The City of Roseville Human Resources/Risk Management Department uses a service called EBIX to manage our insurance certificate tracking.

How It Works

- The vendor's contact information is entered into EBIX. EBIX will contact the vendor to request proof of insurance.
- The Vendor can forward the request to their Insurance Agent(s) if necessary.
- Vendor/Insurance Agent submits insurance to EBIX by email to roseville@ebix.com or by fax to (770) 325-5727. After faxing or emailing the certificate, please DO NOT send the certificate by mail to EBIX. Please do not mail, email or fax any certificates to the City of Roseville.
- Once submitted, EBIX reviews the insurance documentation. If there are deficiencies, EBIX will send a follow up letter or email requesting additional information.

Questions Regarding Insurance Submission: Contact EBIX at (951) 652-4239
Questions Regarding Insurance Requirements Contact Risk Management at (916) 774-5202

April 20, 2026

City of Roseville
Attn: City Clerk Department
311 Vernon Street
Roseville, CA 95678

RFP: 13-181 Landscape Bark and Playground Engineered Wood Fiber Materials and Services

To Whom It May Concern,

Applied Landscape Materials respectfully submits this proposal in response to the City of Roseville's Request for Proposal indicated above. We bring over 19 years of experience, including more than 15 years of consistent, above-satisfactory performance installing bark for the City of Roseville. We understand that award will be made to the lowest responsive and responsible bidder. Accordingly, our proposal is structured to be highly competitive on price while ensuring full compliance with all specifications and execution requirements.

Applied Landscape Materials is positioned to perform the services and adhere to the requirements described in this RFP at a competitive price while meeting all execution, compliance, safety and reliability expectations of a responsible bidder.

Reliable Execution and Delivery Difference
- Built-in redundancy with dedicated equipment and staffing to ensure uninterrupted execution
- In-house blower truck mechanical technicians supporting continuous uptime
- ASTM-certified 100% virgin forest cedar, with certification held by Applied Landscape Materials and sourced through a 20+ year direct supplier relationship
- Company-owned logistics fleet enabling schedule control, delivery reliability, and rapid response

Relevant Experience in Roseville
- Ten-year history of specification-compliant installations throughout city parks and streetscapes
- Familiarity with safety protocols, site conditions, access requirements, and city coordination standards
- Accelerated onboarding with minimal site clarifications, limiting City involvement and resource use
- Consistent schedule adherence supported by integrated logistics

We appreciate the opportunity to submit and look forward to supporting the City's ongoing Landscape Bark and Playground EWF maintenance objectives.

Respectfully,

Brendan Immers
Owner, Applied Landscape Materials

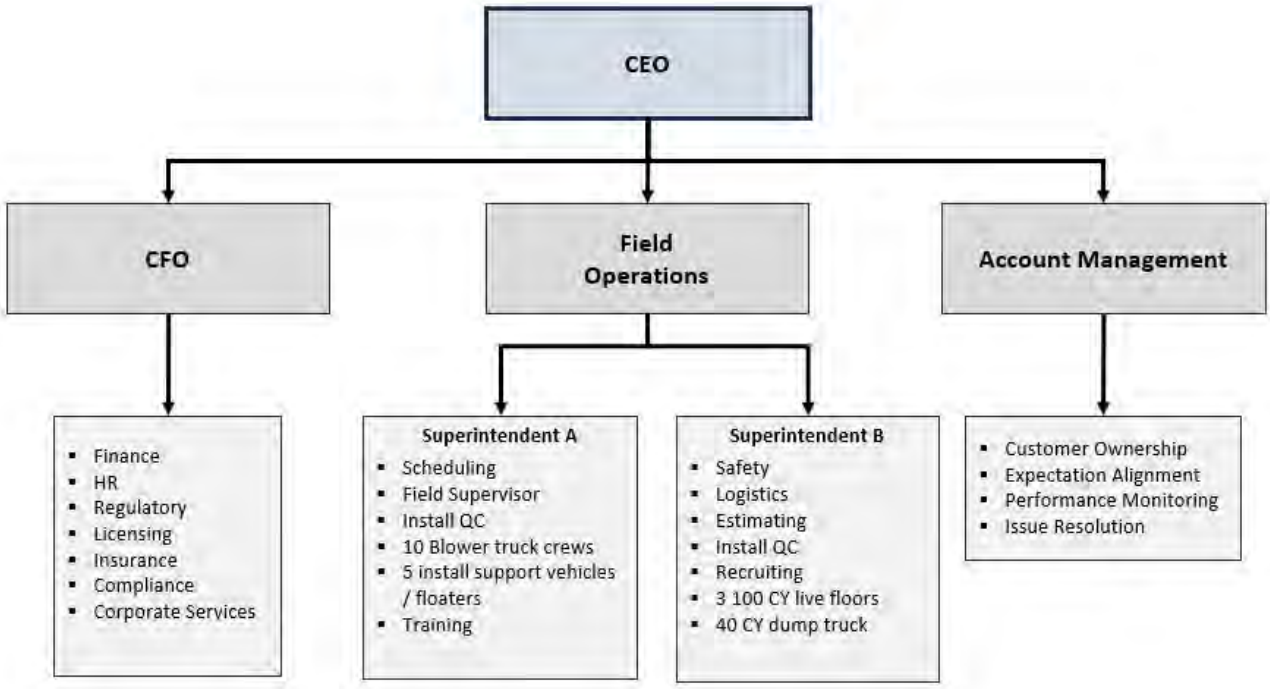
ASTM Certifications

Tab A: Qualifications:

Applied Landscape Materials, Inc. (ALM) has over 20 years of experience delivering bark and engineered wood fiber installation services across Northern California, including direct experience supporting municipal operations and the City of Roseville since 2009.
ALM has installed over 1.5 million cubic yards of material, including more than 450,000 cubic yards across municipal projects throughout Northern California.

ALM has extensive experience executing work across a wide range of city-managed environments, including parks, playgrounds, streetscapes, and high-traffic public areas. This work is supported by proven coordination with city staff, traffic control, multi-site scheduling, and execution in active public settings.

ALM reduces administrative burden on City staff through established coordination practices developed from years of direct experience with Roseville—minimizing repeated coordination and avoiding the typical ramp-up effort required of individuals unfamiliar with Roseville's parks.



Operational Control
ALM's performance is supported by an integrated operating model that combines a modern, high-capacity fleet, vertical integration, dedicated in-house mechanical staff, and local field presence. This structure ensures high equipment uptime, rapid issue resolution, and consistent production across all projects—resulting in fewer delays, more reliable scheduling, and a lower-risk execution profile for the City.

Local Presence & Responsiveness
As a locally based contractor with established operations in the Rocklin/Roseville region, ALM provides faster response times, field accessibility, and scheduling flexibility. This proximity enables rapid mobilization, real-time coordination, and responsiveness to changing site conditions and last-minute requests.

ALM does not subcontract any portion of its work. All installation, delivery, and project coordination is performed by trained, full-time employees. This ensures consistent quality standards, direct accountability, and reliable communication with City staff.

ALM holds all required certifications and sources ASTM-certified materials through a long-standing 20-year sole supplier relationship, ensuring compliance, consistency, and reliable supply.

Organizationally, ALM is structured across Sales, Finance, Operations, and Field Execution, allowing for rapid coordination and response. The company has scaled its workforce in recent years to support increased municipal and regional demand while maintaining execution consistency.

Tab B: Experience and References

Applied Landscape Materials, Inc. (ALM) has extensive experience delivering bark and mulch installation services across municipal, park, playground, and large-scale public environments throughout Northern California.

ALM has maintained an ongoing working relationship with the City of Roseville since 2009, supporting multiple installation cycles across public spaces with consistent performance, reliable execution, and responsive turnaround—often mobilizing within 24 hours of request.

ALM's experience includes high-volume installations in active public environments, requiring coordination with City staff, adherence to safety and access requirements, and execution within defined schedules to minimize public disruption.

Representative Project Experience - Previous 5 Years:

Elk Grove Community Services District (CSD)

- Installed over 45,000 cubic yards of Engineered Wood Fiber (EWF) and decorative bark across parks, playgrounds, and streetscapes.
- Coordinated and implemented traffic control plans to maintain public safety during active installations- Demonstrated ability to execute across multiple sites with varying access and scheduling constraints
- Reference: Steve Dalton | 916-869-3515 | SteveDalton@cosumnescsd.gov

City of Sacramento

- Installed over 20,000 cubic yards of EWF and decorative bark across the CSD parks system
- Performed work in active park environments requiring coordination with City personnel and public use considerations
- Delivered consistent execution across repeated project cycles and multiple locations
- Reference: Kimberly Rhoades | 916-808-6316 | KRhodes@cityofsacramento.org

City of San Jose

- Installed over 24,000 cubic yards of EWF in municipal parks throughout the city.
- Supported large-scale deployment across a geographically distributed park network
- Demonstrated capability to maintain consistent production across multiple sites
- Reference: David Barba | 408-390-8383 | David.Barba@sanjoseca.gov

Sun City Lincoln Hills

- Annually install decorative bark in common areas and streetscapes within the 11,000 home community, totaling more than 25,000 cubic yards.
- Executed work in high-visibility residential environments requiring schedule adherence and minimal disruption
- Maintained long-term relationship through consistent service delivery and reliability

Tab C: Qualifications of Team

Applied Landscape Materials, Inc. (ALM) utilizes a dedicated, experienced management team responsible for coordinating all aspects of installation, delivery, and project execution. Each team member plays a defined role in ensuring schedule adherence, quality control, and responsive communication throughout the project lifecycle.

All work is performed by ALM employees. No subcontractors are utilized, ensuring direct accountability, consistent standards, and full control over execution.

Team Structure

Brendan Immers, Owner

- Founder of ALM (2006). Provides overall leadership and strategic oversight, ensuring operational alignment and long-term service consistency.

Aaron Pombo, Superintendent A – Field Operations

- Oversees installation crews and blower truck operations, managing up to 25 team members. Responsible for field execution, quality control, and coordination with scheduling and sales.

Zach Miller, Superintendent B – Safety & Logistics

- Leads safety programs, logistics coordination, estimating support, and crew management. Brings 20+ years of personnel and operations management experience.

Kindra Stofleth, Project Coordinator

- Manages scheduling, resource allocation, and internal coordination. Serves as the central point of communication between field operations and client requests.

Dan Lee, Manager of Delivery Services:

- Oversees material delivery operations, including live floor trailers and dump truck fleet. Ensures timely material staging and supply coordination.

Raul Enriquez – Lead Mechanic:

- 10+ years as senior factory mechanic. Responsible for all equipment maintenance and repairs. Complete mobile repair capabilities to minimize down-time.

This team structure ensures clear accountability across all phases of work, allowing ALM to deliver consistent, high-quality results with reliable coordination and minimal disruption, driven by a dedicated public sector team engaged with municipalities on a daily basis.

Tab D: Project Understanding

Based on direct experience working with the City of Roseville since 2009, Applied Landscape Materials, Inc. (ALM) understands that the City's mulch and wood fiber installation program requires consistent execution across a wide range of active public environments—including parks, playgrounds, streetscapes, building perimeters, and high-traffic areas.

ALM operates under a defined municipal service level standard, with same-day acknowledgment of City requests, 24-hour response times, and scheduling confirmed in writing prior to mobilization. Inspection requests are prioritized and scheduled promptly, ensuring reliable coordination and alignment between City expectations and field execution.

Successful delivery in these environments depends on disciplined communication and coordination, strong safety awareness, and the ability to adapt to site-specific constraints while maintaining schedule reliability and minimizing disruption to the public.

ALM approaches each project with a site-specific execution plan developed in coordination with City staff, including evaluation of access points, staging requirements, material flow, and safety considerations. Scope, sequencing, and scheduling are confirmed in advance to ensure controlled and efficient installation

ALM maintains a comprehensive set of digital site maps and historical installation notes for prior City of Roseville projects. This institutional knowledge allows our team to quickly identify site conditions, access points, and material requirements without rework or rediscovery. As a result, ALM is able to reduce planning time, improve execution efficiency, and minimize the need for repeated City coordination, ultimately lowering overall project costs and administrative involvement.

ALM is specifically equipped to manage the operational challenges associated with municipal work, including:

- Traffic control and active site management to maintain public safety during installation
- Long-distance material placement ("long pulls") supported by high-capacity blower systems and specialized hose configurations
- Simultaneous multi-site deployment, allowing multiple locations to be completed within compressed timeframes
- Real-time field coordination, enabling adjustments based on site conditions or City direction

Through this approach, ALM is able to deliver predictable, high-quality results across diverse installation environments, while maintaining the flexibility and responsiveness required for municipal operations.

ALM is intentionally structured to exceed the City's requirements through proven coordinated execution and site-specific operational control—enabled by one of the region's largest local staffing infrastructures.

Tab E: Project Plan

Applied Landscape Materials, Inc. (ALM) utilizes a structured, repeatable project execution process designed to ensure clear communication, efficient coordination, and consistent results across all project locations. This process has been refined over more than 20 years of performing municipal installations and further tailored specifically to the City of Roseville based on direct experience, ensuring minimal disruption, consistent execution, and predictable outcomes.

Each project is managed through the following phases:

1. Scope Confirmation & Site Review

- Sales / Project Lead coordinates with City staff to confirm scope, priorities, and site requirements
- Superintendent (Field Operations) conducts site walk (as needed) to evaluate access, staging, and installation conditions

2. Project Planning & Resource Allocation

- Superintendent determines required equipment, crew size, and sequencing based on site conditions
- Project Coordinator schedules crews, equipment, and material delivery
- Traffic control requirements and site-specific considerations are identified and incorporated into the plan

3. Scheduling & Coordination

- Project Coordinator confirms installation date, start time, and estimated duration with City staff
- Final schedule and execution plan are communicated prior to mobilization

4. Mobilization & Installation

- Field Operations Team (Superintendent, Crew Leads, Installation Crews) executes installation using high-capacity blower trucks
- Material is installed efficiently using controlled blower application, with reach up to approximately 500 feet from staging location
- Blower speeds and application methods are adjusted in real time based on site conditions

5. Site Management & Quality Control

- Superintendent oversees on-site operations, ensuring adherence to scope, safety standards, and quality expectations
- Traffic control and public safety measures are actively managed during installation
- All over-spray or displaced material is cleaned and restored upon completion

6. Project Completion & Verification

- Superintendent performs final quality inspection
- Project Coordinator / Sales Lead communicates completion to City staff and confirms satisfaction
- Any follow-up items are addressed promptly

Operational Advantages

- Self-perform model ensures all work is completed by ALM personnel, providing consistent quality and direct accountability
- Integrated coordination between field, scheduling, and delivery teams reduces delays and miscommunication
- Responsive scheduling allows ALM to adjust timelines and address City requests efficiently

Tab F: Cost Proposal

Applied Landscape Materials, Inc. (ALM) proposes the following unit pricing structure, with costs broken out by material and installation as requested. Pricing is designed to provide the city with transparent, competitive, and directly comparable rates across all service categories.

All pricing reflects ALM's commitment to delivering the lowest responsible cost while maintaining consistent service quality and execution reliability.
There are no minimum order requirements, no additional fees, and no reimbursable expenses associated with this proposal.

All work will comply with applicable Department of Industrial Relations (DIR) prevailing wage requirements. The Department of Industrial Relations has determined the wage classifications for this type of work to be Laborer Group 3 and Landscape Operator Engineer Group 2. ALM pays the appropriate hourly rate as published by the DIR on all Public Works Projects.

A typical installation of one truck load (50-60 cubic yards) of material takes a 2 -3 person crew 1-2 hours, depending on complexity of the project.
Blow-in Installation Material and Laber per cubic yard:

1. Landscape Bark:

Natural "Walk On" Bark:	$25 / Cubic Yard*
Labor to Install	$18 / Cubic Yard
Recycled Bark: Dark Brown / Mocha Color	$20 / Cubic Yard*
Labor to Install	$18 / Cubic Yard

2. ASTM Certified Playground Engineered Wood Fiber:

Material	$12 / Cubic Yard*
Labor to Install	$14 / Cubic Yard

Drop Shipment of Material Delivered within Roseville City Boundaries:

Natural "Walk On" Bark:	$30 / Cubic Yard*
Recycled Bark: Dark Brown / Mocha Color	$25 / Cubic Yard*
Playground Engineered Wood Fiber	$18 / Cubic Yard*

*Material prices are exclusive of applicable local sales tax.

MSDS and EWF Certifications are attached.

Tab G: Required Statements and Documents

Applied Landscape Materials, Inc. (ALM) hereby provides the following statements of assurance in accordance with the requirements of this Request for Proposal:

1. Team Continuity

- ALM agrees that designated project team members will not be substituted without prior written approval from City staff, except in cases of unforeseen circumstances.

2. Conflict of Interest

- ALM confirms that it has no known conflicts of interest related to this proposal or the services to be provided under this contract.

3. Indemnification and Insurance

- ALM acknowledges and agrees to comply with all indemnification and insurance requirements as outlined in Section 10.7 of the sample contract. Certificates of insurance will be provided upon award, as required.

4. Non-Proprietary Submission

- ALM confirms that no portion of this proposal is proprietary, and that all submitted materials may be subject to public disclosure in accordance with applicable laws.

Required Documents (Attached)

- Proof of registration with the California Secretary of State
- Executed copy of Proposer's Certification (Attachment A)
- Completed Levine Act Disclosure Statement (Attachment B)
- Contractor Licenses (Attachment C)
- Subcontractor List (Attachment D) (Note: ALM does not utilize subcontractors for this scope of work)
- Executed Non-Collusion Declaration (Attachment E)

PROPOSER'S CERTIFICATION

I hereby propose to furnish the goods or services specified in the Request for Proposals ("RFP"). I agree that my proposal will remain firm for a period of up to ninety (90) days in order to allow the City of Roseville ("City") adequate time to evaluate the qualifications submitted.

I have carefully examined the Request for Proposals and any other documents accompanying or made a part of this RFP. The information contained in this proposal is true and correct to the best of my knowledge and is signed under penalty of perjury under the laws of the State of California. I further certify that I am duly authorized to submit this proposal on behalf of the firm as its authorized agent and that the firm is ready, willing and able to perform if awarded the contract.

I further certify that this proposal is made without prior understanding, agreement, connection, discussion, or conspiracy with any other person, firm or corporation submitting a proposal for the same product or service; that this proposal is fair and made without outside control, collusion, fraud or illegal action; that no officer, employee or agent of the City or any other proposer is financially interested in said proposal; that no undue influence or pressure was used against or in concert with any officer, employee or agent of the City in connection with the award or terms of the contract that will be executed as a result of this RFP; and that the undersigned executed this Proposer's Certification with full knowledge and understanding of the matters therein contained and was duly authorized to do so.

Tab H: Exceptions

Applied Landscape Materials, Inc. (ALM) **takes no exceptions** to the Scope of Services or other requirements of this RFP, including the Sample Contract (Attachment F).

ALM's proposal is based on unit pricing. The pricing provided shall remain in effect through June 30 following the initiation of the Contract Purchase Agreement. No minimum quantities are required, and there is no limitation on the total volume of material that may be ordered.

Tab I: Competency of Proposer

Applied Landscape Materials, Inc. (ALM) possesses the facilities, operational capacity, experience, and financial resources necessary to perform the services described in this RFP in a consistent and timely manner.

Legal and Financial Standing

- ALM confirms that, within the past seven (7) years, the company has had no pending or resolved bankruptcies, liens, stop payment notices, judgments, foreclosures, or similar financial actions that would impact its ability to perform the work described herein.
- ALM further confirms that it has not been terminated for cause or breach of contract by any client.

Claims and Dispute History

- ALM has not been subject to any material lawsuits, arbitrations, or mediations that would adversely affect its financial condition or its ability to successfully perform contracted services.

Financial Resources and Operational Capacity

ALM maintains sufficient financial resources to support ongoing operations, including:

- A full-time workforce across field operations, delivery, and administrative functions
- Ownership and maintenance of a dedicated fleet of installation and delivery equipment
- Established relationships with material suppliers to ensure consistent supply

ALM's self-perform model eliminates reliance on subcontractors, ensuring continuity of service, consistent staffing, and direct control over execution.

Continuity of Performance

ALM's organizational structure and operational model are designed to ensure uninterrupted service delivery, including the ability to:

- Maintain adequate staffing levels to meet demand
- Deploy multiple crews and equipment across concurrent projects
- Respond to scheduling changes or additional service requests without disruption

Statement of Capability

- Based on its financial stability, operational structure, and demonstrated experience, ALM is fully capable of maintaining continuous performance and meeting the City's service requirements throughout the duration of the contract.

Attachment B

LEVINE ACT DISCLOSURE STATEMENT

(The completed form submitted to the City of Roseville is a public record.)

California Government Code Section 84308, commonly referred to as the "Levine Act," prohibits any "Officer" (elected or appointed officer, any alternate thereto, and any candidate for elective office) from participating in any consideration or action related to a proceeding if they receive political contribution(s) from a party, or its agent(s), totaling more than $250 within the previous twelve (12) months, while a proceeding is pending, and for twelve (12) months following the date of a final decision in a proceeding concerning a license, permit, other entitlement for use, franchise, or contract (collectively "license, permit, or contract"). For additional information: https://www.roseville.ca.us/government/departments/city_clerk/transparency/levine_act.

City Officers are listed at the following sites:

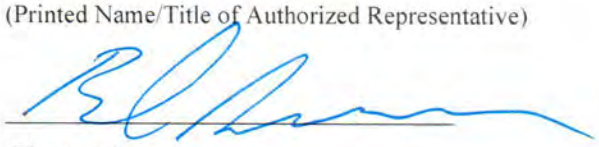
- The Members of City Council - https://www.roseville.ca.us/government/city_council/meet_council
- Boards & Commission Members - https://www.roseville.ca.us/government/boards_commissions

Parties and their Agents are responsible for reviewing and disclosing their applicable contributions to City Officers on the record of a proceeding.

1. Have you or your entity, or any agent on behalf of you or your entity, made any political contribution(s) totaling more than $250 to any City Officer in the twelve (12) months preceding the date of the submission of your license, permit, or contract, or the anticipated date of any City Council, Board, or Commission consideration or action related to this license, permit, or contract?

YES _____ NO X

If yes, please identify the City Officer(s): _____



2. Do you or your entity, or any agent on behalf of you or your entity, anticipate or plan to make any political contribution(s) totaling more than $250 to any City Officer in the twelve (12) months following any City Council, Board, or Commission consideration or action related to this license, permit, or contract?

YES _____ NO X

If yes, please identify the City Officer(s): _____

Answering yes to either of the two questions above does not preclude the City of Roseville from considering and/or taking action on a license, permit, or contract. It does, however, potentially preclude the identified City Officers from participating in consideration of and in taking any actions related to the license, permit, or contract. Please accurately complete and sign this form, under the penalty of perjury:

04/20/2026	Brendan Immers, President, CEO	Applied Landscape Materials, Inc.
(Date)	(Printed Name/Title of Authorized Representative)	(Name of business/legal entity)

(Signature)

You must submit a supplemental form if you make any new reportable contribution(s) while the contract, license, permit, or other entitlement is being considered. If this form has not previously been submitted in connection with a contracting, licensing, entitlement or permitting process, please provide the completed form to the Office of the City Clerk for appropriate departmental routing, at: City Clerk, 311 Vernon St., Roseville, CA 95678, CityClerkRoseville@roseville.ca.us

Attachment C

NONCOLLUSION DECLARATION

TO BE EXECUTED BY BIDDER AND SUBMITTED WITH BID

The undersigned declares:

I am the President, CEO of Applied Landscape Materials, Inc., the party making the foregoing bid.

The bid is not made in the interest of, or on behalf of, any undisclosed person, partnership, company, association, organization, or corporation. The bid is genuine and not collusive or sham. The bidder has not directly or indirectly induced or solicited any other bidder to put in a false or sham bid. The bidder has not directly or indirectly colluded, conspired, connived, or agreed with any bidder or anyone else to put in a sham bid, or to refrain from bidding. The bidder has not in any manner, directly or indirectly, sought by agreement, communication, or conference with anyone to fix the bid price of the bidder or any other bidder, or to fix any overhead, profit, or cost element of the bid price, or of that of any other bidder. All statements contained in the bid are true. The bidder has not, directly or indirectly, submitted his or her bid price or any breakdown thereof, or the contents thereof, or divulged information or data relative thereto, to any corporation, partnership, company, association, organization, bid depository, or to any member or agent thereof, to effectuate a collusive or sham bid, and has not paid, and will not pay, any person or entity for such purpose.

Any person executing this declaration on behalf of a bidder that is a corporation, partnership, joint venture, limited liability company, limited liability partnership, or any other entity, hereby represents that he or she has full power to execute, and does execute, this declaration on behalf of the bidder.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct and that this declaration is executed on 04/20/2026 [date], at Rocklin [city], CA [state].

Product Specification Sheet
For
APPLIED LANDSCAPE DECORATIVE MULCH – FIR WALK-ON

Mulch. While there is currently no statutory or regulatory definition for mulch, it is commonly defined as a soil covering used to control weeds or erosion, retain moisture in soil, and insulate soil from cold weather. It is also used for aesthetic purposes. Organic materials commonly used for mulch include wood chips, ground-up landscape trimmings, shredded bark, coarse compost material, straw, and shredded paper. Non-organic materials include crushed concrete and brick, stones and gravel, lava rock, and plastic film.

Applied Landscape's Decorative Mulch is a 100% virgin wood that has been screened to size. Applied Landscape's Decorative Mulch may be used in the following applications:

- Weed suppression
- Erosion control
- Topsoil production
- Dust abatement
- Moisture retention in soil
- Landscape area top-dressing/decoration
- Hiking and equestrian trail maintenance

Color: Natural Fir Bark
Particle size: 1" – 3"

Application recommendations:

Use gloves to spread mulch evenly over bare soil to depth of 3-4 inches. Replenish annually.

APPLIED LANDSCAPE DECORATIVE MULCH – MAHOGANY BROWN

Mulch. While there is currently no statutory or regulatory definition for mulch, it is commonly defined as a soil covering used to control weeds or erosion, retain moisture in soil, and insulate soil from cold weather. It is also used for aesthetic purposes. Organic materials commonly used for mulch include wood chips, ground-up landscape trimmings, shredded bark, coarse compost material, straw, and shredded paper. Non-organic materials include crushed concrete and brick, stones and gravel, lava rock, and plastic film.

Applied Landscape's Decorative Mulch is a 100% recycled wood that has been screened to size. The wood has been dyed a dark brown color. Applied Landscape's Decorative Mulch may be used in the following applications:

- Weed suppression
- Erosion control
- Topsoil production
- Dust abatement
- Moisture retention in soil
- Landscape area top-dressing/decoration
- Hiking and equestrian trail maintenance

Color: Natural wood dyed brown
Particle size: 3/8" – 2"

Application recommendations:

Use gloves to spread mulch evenly over bare soil to depth of 3-4 inches.
Replenish annually.

Applied Landscape Materials, Inc.
4500 Pacific St. Suite O
Rocklin, CA 95677
(916) 626-9603

APPLIED LANDSCAPE MATERIALS – CedarSafe Playground EWF

Applied Landscape's CedarSafe Certified Playground Engineered Wood Fiber (EWF) is 100% virgin cedar that has been screened to size. Cedar's self-protective qualities resist insects and mold better than any other wood species. CedarSafe does not contain dye or chemical additives of any kind. It is 100% natural. We intentionally do not use inferior wood species such as pine, douglas fir and white wood as they do not meet our quality standards.

CedarSafe Certified Playground EWF meets or exceeds
the requirements outlined in: **ASTM F2075:**

ASTM-F1292 Specification for impact attenuation performance requirements for playground surfaces within the use zone of playground equipment.

ASTM-F1951 Wheel chair accessibility test. Specification for determining accessibility of materials used under and around playground equipment. **

ASTM-F2075 Sieve Test Analysis, Hazardous Metals Test, Tramp Metal Test

Color: 100% Virgin Cedar - Blonde
Particle size: 3/8" – 3/4"

Application & Maintenance Recommendations:

For best results, product should be applied using a pneumatic application process. This process ensures a consistent depth of material while minimizing site interruption and clean-up and aids in compaction. Product should be maintained at a 12" depth and inspected monthly. Top-off to a 12" depth annually or more frequent if required.

**ASTM F1951 lab test will compact the EWF with a water-filled roller to simulate foot traffic. It does not state that this is necessary when installing EWF outside of a lab setting.

	Rocklin, CA 95677
Requested By:	

TEST MATERIAL:

Date Material Received:	*September 26, 2023*
Material Type:	*Engineered Wood Fiber Loose Playground Mulch*
Material Condition:	*Excellent, New*
Material ID:	*Playground Landscape Material*

TESTING METHODS REQUESTED:

Testing Services, Inc was instructed by the client to perform the following testing:			
Standard:	*ASTM F1951-21*	*Test Method:*	*Standard Specification for Determination of Accessibility of Surface Systems Under and Around Playground Equipment*

SAMPLING PLAN:

Sampling Date:	*9/26/23*

- Specimen sampling is performed in the sampling department at TSI.
- The sampling size of specimens is determined by the test method requirements.
- In the event a specific sampling size is not called for, a determination will be made based on previous testing experience, and approved for use by an authorized manager.
- All samples are subjected to the outside environmental conditions of temperature and relative humidly.
- Sample requiring pre-determined exposure to specified environmental conditions based on a specific test method, take place in the departments in which they are tested

DEVIATION FROM TEST METHOD:

State reason for any Deviation from, Additions to, or Exclusions from Test Method:
none

REQUIREMENT:

A surface in place shall have average work per foot (work per meter) values for straight propulsion and for turning less than the average work per foot (work per meter) values for straight propulsion and for turning, respectively, on a hard, smooth, surface with a grade of 1:14 (7.1 %).

PROCEDURE:

Test Surface Preparation: Tests were conducted on 12/28/22 indoors at TSi Laboratories in an environment of 50°F and 28% R.H. The wood mulch was installed in a wooden box (44"W x 117"L) using a combination of a Brinly 18" X 24" water-filled lawn roller, filled with 28 gallons of water, and a 6 ½ HP plate compactor, used to compact the mulch in 1" interval depths, repeated until a final compacted depth of 9" was achieved. One final roll was made with the Brinly lawn roller at the final compaction depth to simulate foot traffic.

Wheelchair/Operator: The wheelchair used in these tests was manufactured by Invcare, Model Action Xtra, Serial Number 98J84142. This wheelchair is totally adjustable, a necessity for these tests. The pneumatic tires were inflated to 60 psi on the rear and 32 psi on the front. The weight of the wheelchair was 24.25 pounds and the operator's weight was165 pounds for a total of 189 pounds. The operator's distribution was adjusted to 60% on the rear wheels and 40 % on the front.

Torque Measuring System: A certified Mecmesin Advanced Force Gauge, Model 500N, was used as an interface between a Dell Laptop and a calibrated Smart Torque Wrench, S/N 97-0085-01. Emperor Lite Software, from Mecmesin, logged the load vs. time and integrated the area under the resulting curves. The adapters and accessories needed to attach the instrumentation were fabricated locally. This total package added 10 pounds to the total weight bringing the total to 199 pounds.

TEST SUMMARY:

Test Method	Condition		Gmax	HIC	Fall Height
ASTM F1292-18e1	Ambient, Dry	72°F	122	818	14'
	Hot, Dry	120°F	112	709	14'
	Frozen	25°F	118	789	14'

Full test data reported on page 2 of this report

Critical Fall Height < 200 Gmax < 1000 HIC, All Temperature Ranges	14'

Per the test method, the laboratory test used to determine critical fall height of materials specified for use in a playground shall have been conducted no more than five years prior to the date of installation of the playground surface.

Specificity: The results reported herein reflect the performance of the described samples at the time of testing and at the temperatures reported. The results are specific to the described samples. Samples of surfacing materials that do not closely match the described samples will perform differently.

Uncertainty:

We undertake all assignments for our clients on a best effort basis. Our findings and judgments are based on the information to us using the latest test methods available. Unless otherwise noted in the deviations sections of this report, all tests performed are in compliance with stated test method.

The results reported herein reflect the performance of the described samples at the time of testing and at the temperature(s) reported. The results are specific to the described samples. Samples of surfacing materials that edo not closely match the described samples will perform differently.

LABORATORY TEST REPORT

Report # 92529C
Lab Test Number: 3409-5723
Report Date: October 23, 2023

ASTM F2075 Section 9.5, Tramp Metal

TESTING SERVICES
www.testingservices.us ▪ (706)226-1400
office@testingservices.us

CLIENT:

Company:	*Applied Landscape Materials*
Address:	*4500 Pacific Street*
	Rocklin, CA 95677
Requested By:	

TEST MATERIAL:

Date Material Received:	*September 26, 2023*
Material Type:	*Engineered Wood Fiber Loose Playground Mulch*
Material Condition:	*Excellent, New*
Material ID:	*Playground Landscape Material*

TESTING METHODS REQUESTED:

Testing Services, Inc was instructed by the client to perform the following testing...			
Standard:	*ASTM F2075-20 Section 7*	*Test Method:*	*Standard Specification for Engineered Wood Fiber for Use as a Playground Safety Surface Under and Around Playground Equipment, Particle Size*
Standard:	*ASTM C136/C136M-19*	*Test Method:*	*Standard Test Method for Sieve Analysis of Fine and Coarse Aggregates*

SAMPLING PLAN:

Sampling Date:	*9/26/23*

- Specimen sampling is performed in the sampling department at TSI.
- The sampling size of specimens is determined by the test method requirements.
- In the event a specific sampling size is not called for, a determination will be made based on previous testing experience, and approved for use by an authorized manager.
- All samples are subjected to the outside environmental conditions of temperature and relative humidly.
- Sample requiring pre-determined exposure to specified environmental conditions based on a specific test method, take place in the departments in which they are tested

DEVIATION FROM TEST METHOD:

State reason for any Deviation from, Additions to, or Exclusions From Test Method.
None

TEST SCOPE: *This test method determines the particle size of the wood fiber type material which provides data indicating sufficient porosity for drainage, yet provide large enough particle size to limit compaction and maintain resiliency, but limit oversize pieces which could lead to injury.*

PROCEDURE: *Eight (8) gallons of the engineered wood fiber, removed from the gross submitted sample size of sixty (60) cubic feet were placed into a pan and oven dried at 140°F until a constant moisture level was achieved. From the (8) gallon dried lot, one (1) gallon (volume) was removed for sieving. Three sieves were nested in order of decreasing size of opening from top to bottom, ¾", ⅜", and # 16 (2" deep x 8" diameter). The wood fiber was placed onto the top sieve and agitated by mechanical action and/or hand manipulation. The sample lot was split into two or more portions, sieving each portion individually. Sieving continued at each size until not more than 1% mass of the residue retained on the specific sieve. The mass of each size increment was weighed on a scale and the percent passing is calculated on the basis of the total mass of the initial dry sample.*

REQUIREMENTS:

Sieve Size	*Minimum % Passing*	*Maximum % Passing*
¾"	*99 %*	*100 %*
⅜"	*78 %*	*100 %*
#16	*0 %*	*15 %*

TEST DATA: *Weight of Playground Chip Sieved:* *679.41 grams*

U.S. Standard Sieve #	*Opening*	*Weight Retained*	*% Retained*	*% Passing*	*Requirement (% Passing)*				*Comment*
¾"	*0.7500"*	*0 grams*	*0.00*	*100.00*	*Min*	*99%*	*Max*	*100%*	*Passes Specification*
⅜"	*0.3750"*	*61.65 grams*	*10.72*	*89.28*	*Min*	*78%*	*Max*	*100%*	*Passes Specification*
#16	*0.0469"*	*506.59 grams*	*88.06*	*1.23*	*Min*	*0%*	*Max*	*15%*	*Passes Specification*
PAN		*7.07 grams*	*1.23*	*0.00*					

CONCLUSION: *The above wood mulch meets the specification for all particle sizes set forth in section 7 of ASTM F2075.*

Uncertainty:
We undertake all assignments for our clients on a best effort basis. Our findings and judgments are based on the information given to us using the latest test methods available.
TSI can only ensure the test results for the specific items tested.
Unless otherwise noted in the deviation sections of this report, all tests are performed in compliance with the stated test method.

Test Report Approval:

Erle Miles, III, Lab Director Testing Services (TSI) LLC

TSi Accreditation: *Our Laboratory is accredited by NVLAP (Lab Code 100108-0), which is part of NIST and the US Dept of Commerce. This report must not be used by the client to claim product certification, approval, or endorsement by NVLAP, NIST, and any agency of the U.S. Government. The above testing is under the scope of our NVLAP accreditation.*

ASTM F2075 Section 8, Hazardous Metal Content

www.testingservices.us ▪ (706)226-1400
office@testingservices.us

CLIENT:

Company:	*Applied Landscape Materials*
Address:	*4500 Pacific Street*
	Rocklin, CA 95677
Requested By:	

TEST MATERIAL:

Date Material Received:	*September 26, 2023*
Material Type:	*Engineered Wood Fiber Loose Playground Mulch*
Material Condition:	*Excellent, New*
Material ID:	*Playground Landscape Material*

TESTING METHODS REQUESTED:

Testing Services Inc was instructed by the client to perform the following testing...			
Standard:	*EPA 7471B*	*Test Method:*	*Mercury in Solid or Semi-Solid Waste (Cold Vapor)*
Standard:	*6010B/SW846*	*Test Method:*	*Inductively Coupled Plasma-Atomic Emission Spectrometry*
Standard:	*ASTM F963-17*	*Test Method:*	*Standard Consumer Safety Specification for Toy Safety*
Standard:	*ASTM F2075-20 Section 8*	*Test Method:*	*Standard Specification for Engineered Wood Fiber for Use as a Playground Safety Surface Under and Around Playground Equipment, Hazardous Metals*

SAMPLING PLAN:

Sampling Date:	*9/26/23*

- Specimen sampling is performed in the sampling department at TSI.
- The sampling size of specimens is determined by the test method requirements.
- In the event a specific sampling size is not called for, a determination will be made based on previous testing experience, and approved for use by an authorized manager.
- All samples are subjected to the outside environmental conditions of temperature and relative humidly.
- Sample requiring pre-determined exposure to specified environmental conditions based on a specific test method, take place in the departments in which they are tested

DEVIATION FROM TEST METHOD:

State reason for any Deviation from, Additions to, or Exclusions From Test Method.
None

TEST SCOPE: *This test method quantifies toxic heavy metal content of the wood fibers. It is possible for children on a playground to handle or even ingest fibers in the mouth, hence the need to determine the presence of heavy metals. Limit for toxic levels are taken from Specification F963, paragraph 4.3.5.2 Table 1.*

PROCEDURE: *Eight (8) gallons of the wood mulch was removed from the gross submitted sample size of sixty (60) cubic feet were placed into a pan and oven dried at 140°F until a constant moisture level was achieved. From the (8) gallon dried lot, one (1) gallon was removed, and sieved using a #35 US sieve to obtain three (3) grams of screened engineered wood fiber particle. The three (3) grams was then mixed with 50X its mass with an aqueous solution of 0.07 mol/L hydrochloric acid at 37°C. The pH level was checked to be between 1.0 and 1.5, mixing the solution for one (1) hour and allowing to stand for one (1) hour. The solids were separated from the solution by filtration through a membrane filter with a pore size of 0.45µm. The solids were then analyzed using methods 7470A and 6010B to determine the presence of elements, antimony (Sb), arsenic (As), barium (Ba), cadmium (Cd), chromium (Cr), lead (Pb), mercury (Hg), and selenium (Se).*

TEST DATA:

Element	*Maximum Soluble Migrated in ppm (mg/Kg)*	*Quantified Presence (Test Results)*
Antimony (Sb)	*60*	*< 0.25 mg/Kg*
Arsenic (As)	*25*	*< 0.25 mg/Kg*
Barium (Ba)	*1,000*	*0.54 mg/Kg*
Cadmium (Cd)	*75*	*<0.25 mg/Kg*
Chromium (Cr)	*60*	*<0.25 mg/Kg*
Lead (Pb)	*90*	*<0.25 mg/Kg*
Mercury (Hg)	*60*	*< 0.1 mg/Kg*
Selenium (Se)	*500*	*< 0.25 mg/Kg*

CONCLUSION: *The above wood fiber meets specification for hazardous metal content set forth in section 8 of ASTM F2075.*

Uncertainty:
We undertake all assignments for our clients on a best effort basis. Our findings and judgments are based on the information given to us using the latest test methods available.
TSI can only ensure the test results for the specific items tested.

Material Type:	*Engineered Wood Fiber Loose Playground Mulch*
Material Condition:	*Excellent, New*
Material ID:	*Playground Landscape Material*

TESTING METHODS REQUESTED:

Testing Services Inc was instructed by the client to perform the following testing...			
Standard:	*ASTM F2075-15 Section 9.5*	*Test Method:*	*Standard Specification for Engineered Wood Fiber for Use as a Playground Safety Surface Under and Around Playground Equipment, Non-Magnetic Tramp Metal (Modified)*

SAMPLING PLAN:

Sampling Date:	*9/26/23*

- Specimen sampling is performed in the sampling department at TSI.
- The sampling size of specimens is determined by the test method requirements.
- In the event a specific sampling size is not called for, a determination will be made based on previous testing experience, and approved for use by an authorized manager.
- All samples are subjected to the outside environmental conditions of temperature and relative humidly.
- Sample requiring pre-determined exposure to specified environmental conditions based on a specific test method, take place in the departments in which they are tested

DEVIATION FROM TEST METHOD:

State reason for any Deviation from, Additions to, or Exclusions From Test Method.
Modified to Section 9.5 of the test procedure

TEST SCOPE: *This test method determines the presence of tramp metals embedded in the wood fibers. Injury could occur from a fall or contact with a sharp metal object protruding from the fiber. It is necessary to measure the presence of tramp metals due to the use of recycled wood pallets, waste wood, an demolition wood in the manufacture of wood fiber.*

PROCEDURE: *One Hundred Forty (140) gallons, or 18.7ft³, of the wood mulch was randomly chosen from the overall sample lot of 60 ft³. The mulch was spread evenly and in small amounts in a stainless-steel pan. The entire amount was visually inspected under magnification and then passed over by two sets of magnets to detect the presence of metal. The "nonmetallic" and "metallic" examined mulch were placed into separate containers. At the conclusion of examining the entire sample lot, the mulch containing metal were weighed in grams. The % metal content was then computed using:*

$$\% \text{ Metal: } \frac{TW\text{-}MW}{TW} \times 100$$

Where: TW= Total Weight of the Sample Lot Taken
MW= Total Weight of the Chips with Metal Present

REQUIREMENTS: *Wood fiber inspected in accordance with Section 9.5 (modified sample lot) requires the total number of metal particles with a dimension of ½" or greater shall not exceed 0 per 50 yd³.*

TEST DATA:

Detection	*Quantified Presence*	*Comment*
Tramp Metal Particles	*0 per 9.36 ft³ / 70 Gallons*	*No Tramp Metal Detected*

CONCLUSION: *The above wood mulch meets/exceeds specification for tramp metal content set forth in section 9.5 of ASTM F2075 based on the sample lot tested (modified).*

Uncertainty:
We undertake all assignments for our clients on a best effort basis. Our findings and judgments are based on the information given to us using the latest test methods available.

Notice of Exemption

To: Placer County Clerk
Recorder's Office
2954 Richardson Drive
Auburn, CA 95603

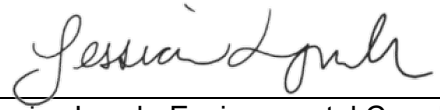
From: City of Roseville
Development Services Dept.
311 Vernon Street
Roseville, CA 95678

Project Title: Landscape Bark and Playground Engineered Wood Fiber Materials and Services Project

Project Location(s): Multiple parks and landscape streetscapes located citywide

Project Description: The project would approve an on-call contract for bark and mulch replenishment projects located within City-owned and operated properties, ranging from small-scale repairs as needed to large-scale bark installation projects to ensure public safety. The contract allows for the procurement and installation of bark and mulch as needed. All activities would be located within existing landscaped areas on City-owned facilities and properties. The improvements would not result in expansion of use and would not occur within environmentally sensitive areas and would result in improved water efficiency.

Public Agency Approving Project: Roseville City Council



Agency/Individual Carrying Out Project: City of Roseville Parks, Recreation and Libraries Department

Reason why this Project is Exempt: This project qualifies for Class 1 and Class 4 Exemptions as described in Sections 15301 and 15304 of the California Environmental Quality Act (CEQA) Guidelines which states:

> "Class 1 consists of the…repair, maintenance,…or minor alteration of existing public or private…. facilities… or topographical features involving negligible or no expansion of existing or former use… Examples include but are not limited to…(c) Existing highways and streets…and similar facilities" and
>
> "Class 4 consists of minor public or private alterations to the condition of land, water, and/or vegetation which do not involve removal of healthy, mature, scenic trees… Examples include, but are not limited to…(b) New gardening or landscaping, including the replacement of existing conventional landscaping with water efficient or fire resistant landscaping."

The project would allow for the maintenance and improvement of parks and landscaping within parks and City-owned and operated landscaping located throughout the city. This would not result in expansion of use. Furthermore, the project would improve water efficiency within the streetscape landscaping; therefore, the Class 1 and Class 4 Exemptions are applicable to the proposed project.

The above ranking shows the vendor placement in terms of first place, second place, third place, etc. for selection of the contract award. Proposers are ranked using the following criteria: a) Quality of presentation b) Ability to meet the City's business goals c) Communication style

Instructions to end users: Delete this section before publishing the score sheet.

Ranking Process. Should the City elect to conduct interviews with any proposers, the following criteria shall be considered and each proposer ranked by the evaluation panel during the interview process: a) Quality of presentation b) Ability to meet the City's business goals c) Communication style. Enter a "1" in the Ranking column beside the first place company, a "2" beside the second place company, etc.

Novus. Publish the completed score sheet in Novus as a "non-public" document.

Ranking Sheet. Upon a request pursuant to section 1.8 (Public Disclosure) of the City's RFP Policy document , a proposer is entitled to a ranking from any interview round. The ranking shall be prepared by City staff prior to notifying any proposers of the results.

Section 1.8 Public Disclosure. In accordance with the California Public Records Act, proposals submitted in response to a RFP, master averaged score sheets from the initial evaluation, and/or rankings from any interview shall be made available upon a public records request only after: (1) the proposal evaluation process is complete, (2) a contract has been negotiated, and (3) notice of intent to award has been made and/or the contract is placed on a City Council meeting agenda.

Title:	John Byouk Park - Notice of Completion
Contact:	Joel De Jong 916-774-5924 jdejong@roseville.ca.us

SUMMARY

Staff recommends approval of the Notice of Completion for the John Byouk Park Project. The total cost of the construction contract with Abide Builders, Inc. is $2,349,505. Funding for this project was included in the Neighborhood Park – Sierra Vista Fund.

RECOMMENDATION

Staff recommends that the City Council adopt the attached resolution accepting the John Byouk Park Project as complete and authorizing the Parks, Recreation & Libraries Director to execute the Notice of Completion.

BACKGROUND

John Byouk Park is an 8-acre park site located adjacent to Rex Fortune Elementary on Upland Drive in the Sierra Vista area of Roseville. This project includes a children's playground, swings, a shaded picnic area, a restroom, a softball field with backstop and dugouts, paved off-street parking, walking paths, a multi-use turf area, planting and irrigation.

In accordance with City specifications, the contractor shall guarantee the installation of these improvements for a period of twelve (12) months from the date of this Notice of Completion.

FISCAL IMPACT

The total cost of the construction contract with Abide Builders, Inc. is $2,349,505. Funding for the construction of this project was included in Neighborhood Park – Sierra Vista Fund.

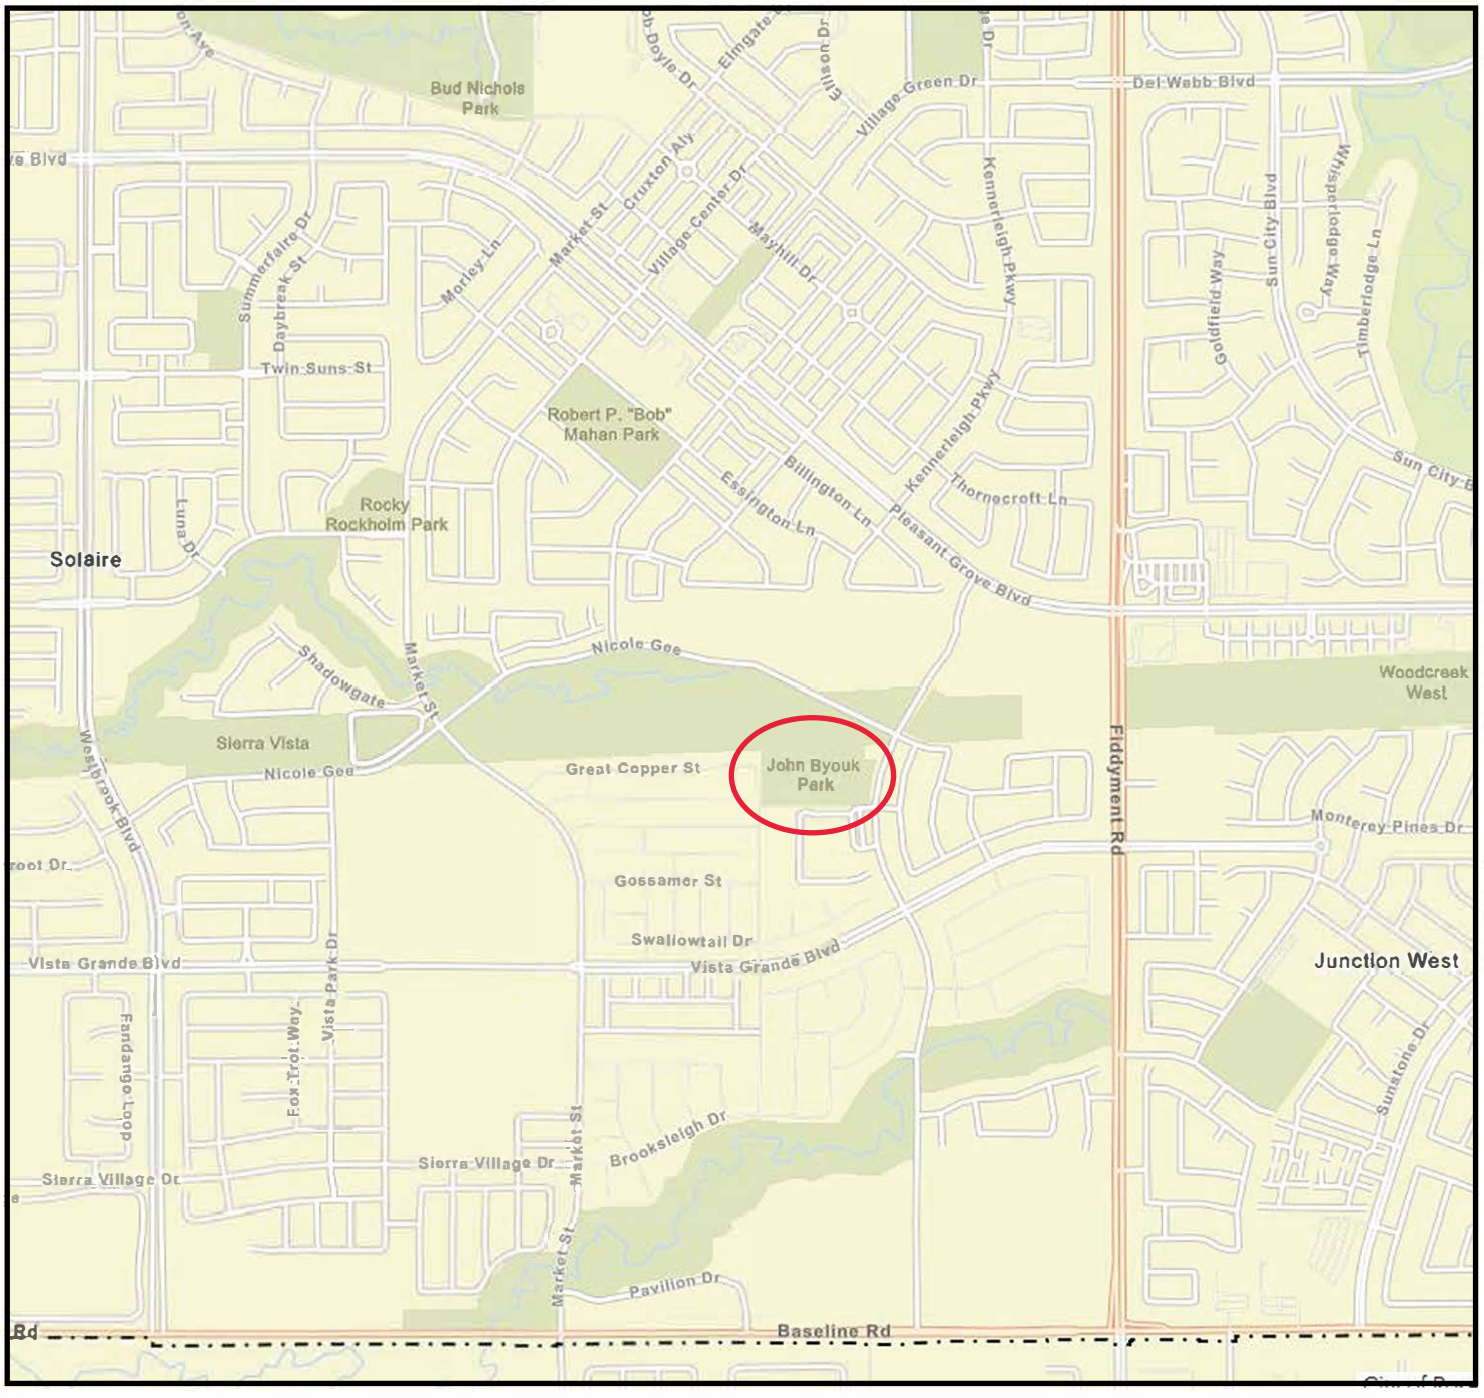
ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. Acceptance of the Notice of Completion meets the above criteria and is not subject to CEQA. No additional environmental review is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

1. Ensure a safe and healthy community
2. Remain fiscally responsible in a changing world
4. Invest in well-planned infrastructure and growth
6. Deliver exceptional City services

Respectfully Submitted,
Joel De Jong, Park Development Project Manager



Jill Nunes, Parks Recreation and Libraries Director

Item #: VII.5
File #: 0704
Item ID: 2026-474

Title:	Monument Sign System Replacement - Sole Source Contract Purchase Agreement Amendment
Contact:	Eric Dexter 916-746-1769 edexter@roseville.ca.us

SUMMARY

Staff recommends approval of a sole source contract purchase agreement amendment with Illuminated Creations, Inc. dba Ellis & Ellis Sign Systems in the amount of $99,500 to provide monument sign replacements. The amendment includes the need for additional contract authority for the replacement of aging infrastructure and signage. Funding is included in the North Central, Riverside, Woodcreek East, North Roseville and North Roseville Community Facilities District budgets.

RECOMMENDATION

Staff recommends that the City Council adopt a resolution to approve Sole Source Contract Purchase Agreement (3004772) Amendment #2 with Illuminated Creations, Inc. dba Ellis & Ellis Sign Systems to provide repair and replacement of aging infrastructure and signage in various districts throughout the city, and authorize the City Manager to execute it on behalf of the City of Roseville.

BACKGROUND

Parks, Recreation & Libraries has replaced 14 different monument signs throughout the 27 Community Facilities Districts. There is a total of 31 monument signs in these districts, many of which were developed around the same time, so the signs have deteriorated at a similar rate and require replacement.

This amendment to the Contract Purchase Agreement will provide the contract authority to replace the remaining 17 signs. The selected vendor will ensure a consistent look and a final product that aligns with the established standards already in use.

FISCAL IMPACT

Funding is included in the North Central, Riverside, Woodcreek East, North Roseville and North Roseville Community Facilities District budgets. There will be no impact to the General Fund.

ENVIRONMENTAL REVIEW

The proposed project involves the replacement of existing structures and facilities. This activity is categorically exempt from CEQA as a Class 2 Exemption (State CEQA Guidelines Section 15302). The Exemption has been prepared and no further CEQA action is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

4. Invest in well-planned infrastructure and growth
6. Deliver exceptional City services

This Contract Purchase Agreement is sent for your review and acceptance. Notify the Buyer via email of any needed changes to the company name, address, and contact information. The Buyer will update the agreement prior to you signing the document.

Return signed copies of the agreement to the Buyer noted on the agreement. Alterations or modifications to the agreement are not allowed. Upon receipt of all necessary documents, the City will sign the agreement and return a fully executed copy to you. Receipt of the signed copy will be your notice to proceed with the work in accordance with the terms and conditions of the agreement. Work must not begin until the contract has been fully executed.

The following guidelines must be followed for the signature block on the agreement:

Sole proprietorship - **By owner**

Partnership - **Any general partner**

Corporation - **Two options:**
(1) A signature from the President and the corporate seal; **OR**
(2) One signature from the Chairman of the Board, President, or any Vice President **AND** one signature from the Secretary, any Assistant Secretary, Chief Financial Officer, or any Treasurer or Assistant Treasurer of the corporation

*General Manager, Office Manager and/or Sales Manager are **not** corporate officer titles. The agreement will be rejected if not signed in accordance with these guidelines.

Insurance requirements:
The City's insurance requirements are referenced on Attachment A of the agreement. By signing the agreement, you are confirming that your company has the minimum insurance limits required.

PURCHASING FINANCE

SOLE SOURCE FORM

Requesting Department: PRL
Name of Requestor: Alexis Priest

Division: Parks & Natural Resources
Extension: 5245

Total Dollar Amount: 99,500

Vendor Name: Illuminated Creations dba Ellis & Ellis

Sole Source forms are not required for purchases less than $5,000

DEFINITIONS: Sole Source means that there is only **one** supplier who can provide the required product or service; or there may be more than one available supplier for a particular product or service; however, a ***sole provider*** is being selected based upon one or more of the following reasons:

Check applicable criteria and complete explanation section.

☒ *Standardization*: Sole Brand items are used in cases where the City requires the item(s) to standardize parts, design, quality, etc. with a particular brand or model. Sole Brand items may be items which perform a certain function for which no other items are known to exist. *(Explain below)*

☐ *Critical Schedule Requirements*: Supplier is the firm best able to meet critical schedule requirements. NOTE: This is not available for construction goods or services over the Council limit. (*Explain below)*

☐ *Specialized Test Facilities/Equipment*: Supplier is known to have facilities and/or test equipment which is highly specialized. *(Explain below)*

☐ *Patented, Copyrighted, or Licensed Item or Service:* The item or service is held under exclusive title, trademark or copyright by a private person or company. (*Attach letter from manufacturer authorizing specific supplier.)*

☐ *Distributorship*: Manufacturer defines limited or proprietary distribution channels, i.e., one designated vendor for the local sales territory. (*Attach letter from manufacturer authorizing specific supplier.)*

☐ *Professional Services Over Bid Limit (Requires City Manager and City Attorney approval):* Contracts for professional services not conducive to bidding (including, without limitation, contracts for engineering, architectural, accounting or legal services). Compelling reasons warrant an exception to the competitive procurement process. *(Explain below)*

Explanation: (Attach additional pages if needed.)
The vendor is producing the remaining signs, and we want to ensure a consistent approach and final product that aligns with the established standards already in use.

ADDITIONAL INFORMATION:

Vendor Name:Illuminated Creations Inc dba Ellis & Ellis Sign Systems Phone: 916-569-3544

Contact Person:Sofia Segura Email Address: ssegura@ellissigns.com

Address: P.O. Box 15770, Sacramento, CA 95852

Define / Describe specific product(s) or service(s): ***required**

The vendor is currently developing signage across multiple City districts, and we want to maintain consistency in the products, materials, and overall design approach so the final signage aligns with the established City standards already in use

AUTHORIZATION:

"I, the Undersigned, understand the City's requirement for competitive bidding. I also understand sole source purchases do not allow a competitive bid process. I have researched alternatives and other sources and have made a concerted effort to review comparable/equal equipment and sources. I believe, to the best of my knowledge, this sole source request to be justified and have found the supplier identified above to be the best source for this procurement action, with the agreed-upon pricing to be fair and reasonable and in the best interest of the City of Roseville for the utilization of its ***public funds.****"*

Signature (Requestor): Alexis Priest Date: 5/14/26

The signatures below certify that the information submitted on this form has been reviewed and has departmental approval. The final determination of sole source approval shall be made by the Purchasing Office in coordination with the City Attorney's Office. The City Attorney's Office or Purchasing Office should be the final signature received.

Division Manager Approval (required for purchases equal to or greater than $5,000)

Roseville, CA 95678

Project Title: Monument Sign System Replacement – Contract Purchase Agreement

Project Location(s): Riverside Avenue (Riverside District), Horncastle Avenue and Woodcreek Oaks Boulevard (North Roseville Zone A), and Trehowell Drive and Treecrest Court (North Central Zone B)

Project Description: The Parks, Recreation and Libraries (PRL) Department proposes to approve a contract purchase agreement to replace aging and deteriorating monument signs in three locations, including on Riverside Avenue, Horncastle Avenue and Woodcreek Oaks, and Trehowell Drive and Treecrest Court. This would continue a prior effort that resulted in the replacement of 14 monument signs located throughout the City's 27 Community Facilities Districts (CFDs). Each of the signs would be located in the same locations as the existing signs and will serve the same purpose.

Public Agency Approving Project: Roseville City Council

Agency/Individual Carrying Out Project: City of Roseville Parks, Recreation and Libraries Department

Reason why this Project is Exempt: This project qualifies for a Class 2 Exemption as described in Section 15302 of the California Environmental Quality Act (CEQA) guidelines which states:

> "Class 2 consists of replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced and will have substantially the same purpose and capacity as the structure replaced.

The project would approve funding to replace existing monument signs in three locations. The replacement signs would be located in the same areas and would have the same purpose as the existing signs. Therefore, the Class 2 Exemption is applicable to the proposed project.

Lead Agency Contact Person: Eric Dexter, Parks, Recreation and Libraries Department, 316 Vernon Street, Roseville, CA 95678. 916-746-1769.

This Power of Attorney is granted under and by the authority of the following resolutions adopted by the Boards of Directors of each of the Companies, which resolutions are now in full force and effect, reading as follows:

RESOLVED, that the Chairman, the President, any Vice Chairman, any Executive Vice President, any Senior Vice President, any Vice President, any Second Vice President, the Treasurer, any Assistant Treasurer, the Corporate Secretary or any Assistant Secretary may appoint Attorneys-in-Fact and Agents to act for and on behalf of the Company and may give such appointee such authority as his or her certificate of authority may prescribe to sign with the Company's name and seal with the Company's seal bonds, recognizances, contracts of indemnity, and other writings obligatory in the nature of a bond, recognizance, or conditional undertaking, and any of said officers or the Board of Directors at any time may remove any such appointee and revoke the power given him or her; and it is

FURTHER RESOLVED, that the Chairman, the President, any Vice Chairman, any Executive Vice President, any Senior Vice President or any Vice President may delegate all or any part of the foregoing authority to one or more officers or employees of this Company, provided that each such delegation is in writing and a copy thereof is filed in the office of the Secretary; and it is

FURTHER RESOLVED, that any bond, recognizance, contract of indemnity, or writing obligatory in the nature of a bond, recognizance, or conditional undertaking shall be valid and binding upon the Company when (a) signed by the President, any Vice Chairman, any Executive Vice President, any Senior Vice President or any Vice President, any Second Vice President, the Treasurer, any Assistant Treasurer, the Corporate Secretary or any Assistant Secretary and duly attested and sealed with the Company's seal by a Secretary or Assistant Secretary; or (b) duly executed (under seal, if required) by one or more Attorneys-in-Fact and Agents pursuant to the power prescribed in his or her certificate or their certificates of authority or by one or more Company officers pursuant to a written delegation of authority; and it is

FURTHER RESOLVED, that the signature of each of the following officers: President, any Executive Vice President, any Senior Vice President, any Vice President, any Assistant Vice President, any Secretary, any Assistant Secretary, and the seal of the Company may be affixed by facsimile to any Power of Attorney or to any certificate relating thereto appointing Resident Vice Presidents, Resident Assistant Secretaries or Attorneys-in-Fact for purposes only of executing and attesting bonds and undertakings and other writings obligatory in the nature thereof, and any such Power of Attorney or certificate bearing such facsimile signature or facsimile seal shall be valid and binding upon the Company and any such power so executed and certified by such facsimile signature and facsimile seal shall be valid and binding on the Company in the future with respect to any bond or understanding to which it is attached.

I, **Kevin E. Hughes**, the undersigned, Assistant Secretary of each of the Companies, do hereby certify that the above and foregoing is a true and correct copy of the Power of Attorney executed by said Companies, which remains in full force and effect.

Title:	Roseville Aquatics Complex Renovation Project - Approve Plans and Specifications and Authorize Staff to Call for Bids
Contact:	Heather Buck 916-774-5254 hcbuck@roseville.ca.us

SUMMARY

Staff recommends approval of the plans and specifications for the Roseville Aquatics Complex Renovation Project and authorize staff to call for bids. The project scope includes replastering of the competition pool and upgrades to the locker rooms and restrooms. The project is estimated to cost $3,300,500 for construction and is funded in the proposed FY2026-27 budget in the Parks Recreation and Libraries Capital Projects Fund, with funding provided by the FY2024-25 General Fund year-end budget surplus. There will be no increase in maintenance costs and no General Fund impact.

RECOMMENDATION

Staff recommends that the City Council:

1. Approve the plans and specifications for the Roseville Aquatics Complex Renovation Project; and
2. Authorize staff to call for bids.

BACKGROUND

The 30-year-old Roseville Aquatics Complex (RAC) is located on Woodcreek Oaks Boulevard south of Pleasant Grove Boulevard. The project includes replastering of the competition pool and upgrades to the locker rooms and restrooms to ensure accessibility compliance. Additive alternates have been identified for budget purposes to allow for “menu style” bidding, and include mechanical pit wall repairs, HVAC improvements to the classroom, sports lighting replacements, additional plumbing improvements, door closer replacements, and replacement of the pool surge pit cover. Bids are scheduled to be opened in August 2026. Staff plans to return to Council in September to seek approval to award the project.

The Architect’s estimate for construction of the base bid is $3,300,500.

FISCAL IMPACT

Funding for design of this project was approved in the FY2023-24 budget and funding for construction of this project is included in the proposed FY2026-27 budget in the Parks Recreation and Libraries Capital Projects Fund, with funding provided by the FY2024-25 General Fund year-end budget surplus. There will be no increase in maintenance costs and no General Fund impact.

ENVIRONMENTAL REVIEW

The proposed project involves the repair, maintenance, and minor alteration of existing facilities and structures. This activity is categorically exempt from CEQA as a Class 1 Exemption (State CEQA Guidelines §15301). The project also involves the replacement of existing facilities and structures. This activity is categorically exempt from CEQA as a Class 2 Exemption (State CEQA Guidelines §15302). The Exemption has been prepared and no further CEQA action is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

1. Ensure a safe and healthy community
4. Invest in well-planned infrastructure and growth
6. Deliver exceptional City services

Respectfully Submitted,
Heather Buck, Senior Park Development Project Manager

Jill Nunes, Parks Recreation and Libraries Director

PROJECT INFORMATION

PROJECT DESCRIPTION

ALTERATION OF EXISTING AQUATIC CENTER - PROJECT INCLUDES:

LOCKER ROOM ALTERATIONS:
- SHOWER STALL RESTRUCTURING
- NEW PLUMBING FIXTURES
- ACCESSIBILITY UPGRADES - SHOWERS AND TOILET STALLS
- NEW FLOORING AND WALL FINISHES

50 METER POOL RESTORATION:
- RE-PLASTER FINISH
- REPLACEMENT OF POOL LIGHTS

BID ALTERNATES: (SEE BELOW)

CALGREEN 2025 COMPLIANCE SCHEDULE *NONRESIDENTIAL MANDATORY MEASURES*

	SECTION	REQUIREMENT	PROJECT-SPECIFIC INFORMATION	VERIFICATION: RESPONSIBILITY	VERIFICATION: DOCUMENTATION
5.1 PLANNING + DESIGN					
	5.105.1	**Deconstruction and reuse of existing structures** – Alteration(s) to existing building(s) with a combined altered floor area of 100,000 s.f. or greater; or addition(s) to existing building(s) where the total floor area combined with the existing building(s) is 100,000 s.f. or greater; shall comply with either §5.105.2, §5.409.2, or §5.409.3	*N/A - Alteration/addition neither alters more than 100,000 s.f. nor increases total building area beyond 100,000 s.f.*		
✓	5.105.2	**Reuse of existing building** – An alteration/addition to an (e) bldg shall maintain min 45% combined of the (e) bldg's primary structural elements (foundations; columns, beams, walls, and floors; and lateral elements) and (e) bldg enclosure (roof framing, wall framing and exterior finishes). *(Window assemblies, insulation, portions of buildings deemed structurally unsound or hazardous, and hazardous materials that are remediated as part of the project shall not be included in the calculation.)*	*Building maintains at least 45% of applicable elements*		*(No additional documentation required)*
	5.409.2	**Whole-building lifecycle assessment** – *(See §5.409.2 below.)*			
○	5.409.3	**Product GWP compliance** – *(See §5.409.3 below.)*			
	5.106.1	**Stormwater pollution prevention during construction** – For projects disturbing less than one acre of land, comply with local ordinances for stormwater management and/or erosion control; and/or implement BMPs for erosion/sediment control.	*N/A - Project disturbs no land*		*(No additional documentation required)*
	5.106.4.1.1	**Short-term bicycle parking** – For projects generating visitor traffic, provide permanently-anchored, readily-visible bicycle racks within 200' of the visitors' entrance, equal to 5% of new visitor vehicle spaces (min one two-bike rack).	*N/A - No new visitor motorized vehicle parking spaces added under this project.*		*(No additional documentation required)*
	5.106.4.1.2 5.106.4.1.3 5.106.4.1.4	**Long-term bicycle parking** – • For new buildings providing tenant spaces for 10 or more tenant-occupants, • For additions or alterations adding 10 or more tenant-occupant vehicular parking spaces, or • For new shell buildings to have future tenant-occupants in any amount, Provide secure bicycle parking equal to 5% of the added (or anticipated future) tenant-occupant vehicular parking spaces (min. 1 bicycle parking facility).	*N/A - Project is an [addition/alteration] adding 9 or less tenant-occupant parking spaces.*		*(No additional documentation required)*
	5.106.5.3	**Electric vehicle (EV) charging at new projects** – At new projects providing ten or more vehicle parking spaces, provide EV capable spaces and supply equipment (quantity per Table 5.106.5.3.1). Identify by signage or pavement markings per CalTrans Traffic Operations Policy Directive 13-01.	*N/A - Project is an alteration, see §5.106.5.4 below*		*(No additional documentation required)*
	5.106.5.4	**Electric vehicle (EV) charging at additions or alterations** – When: 1. An addition/alteration to a building increases power supply to an electric service panel, 2. An addition/alteration to a parking facility increases power supply to an electric service panel, or 3. A new photovoltaic system is installed covering existing parking spaces, Construction shall provide EV capable spaces and supply equipment per §5.106.5.3 in quantity per Table 5.106.5.3.1, considering the total number of spaces added or altered. If required EV capable spaces and supply equipment exceeds existing quantities, provide EV charging equal to the difference.	*N/A - Project does not increase power supply to an electric service panel*		*(No additional documentation required)*
	5.106.5.5	**Electric vehicle (EV) charging (medium- and heavy-duty)** – For new warehouses, grocery stores, office buildings, manufacturing facilities, or retail stores; provide spare raceway(s)/busway(s) and capacity for planned off-street loading spaces (quantity and capacity per Table 5.106.5.5.1).	*N/A - Project is an alteration*		*(No additional documentation required)*
	5.106.8	**Light pollution reduction** – Design and install outdoor lighting systems to comply with the following: • Min. requirements for Lighting Zones 0-4 per CEC • Backlight ratings per IES TM-15-11 • Uplight and Glare ratings per CEC • Allowable BUG (backlight/uplight/glare) ratings per Table 5.106.8 OR comply with local ordinance, whichever is more stringent.	*N/A - Project does not alter exterior lighting.*		*(No additional documentation required)*
	5.106.10	**Grading and paving** – Indicate how site grading or a drainage system will manage all surface water flows to keep water from entering buildings.	*N/A - Project does not alter the drainage path.*		*(No additional documentation req'd)*
5.3 WATER EFFICIENCY + CONSERVATION					
	5.303.1.1	**Water meters** – In new bldgs or additions in excess of 50,000 s.f., provide separate water submeters for: 1. Each tenant space projected to consume more than 100 gal/day *(for example, laundromats, restaurants, medical/dental offices, laboratories, or beauty salon)* 2. Where submeters for individuals tenants are not feasible, add submeters to the following systems: *a.* Makeup water for cooling towers *(where flow through > 500 gpm)* *b.* Makeup water for evaporative coolers *(where flow through > 6 gpm)* *c.* Steam and hot-water boilers *(where energy input > 500,000 Btu/h)*	*N/A - Building occupied by a single owner, not individual tenants.*		*(No additional documentation required)*
	5.303.1.2	Provide a **separate water submeter** or metering device for any tenant within a new bldg or addition that is projected to consume more than 1,000 gal/day	*N/A - Building occupied by a single owner, not individual tenants.*		*(No additional documentation req'd)*
✓	5.303.3.1	**Water closet effective flush volume** shall not exceed 1.28 gallons per flush.	Refer to plumbing plans.	Contractor / Installer	*(No additional documentation req'd)*
✓	5.303.3.2	**Urinal flush volume** shall not exceed 0.125 gal/flush at wall-mounted urinals or 0.5 gal/flush at floor-mounted or other urinals	Refer to plumbing plans.	Contractor / Installer	*(No additional documentation req'd)*
✓	5.303.3.3.1	**Showerheads** shall have a maximum flow rate of 1.8 gal/min at 80 psi. Showerheads shall be certified to the performance criteria of the U.S. EPA Watersense Specification for Showerheads.	Refer to plumbing plans.	Contractor / Installer	*(No additional documentation req'd)*
	5.303.3.3.2	**Multiple showerheads serving one shower** shall have a combined maximum flow rate of 1.8 gal/min at 80 psi. Or, the shower shall be designed to allow only one showerhead to be in operation at a time.	*N/A - All showers have only one showerhead.*	Contractor / Installer	*(No additional documentation req'd)*
✓	5.303.6	**Standards** – Plumbing fixtures and fittings shall be installed in accordance with the CPC, and shall meet applicable standards in Table 1701.1 of the CPC and in Ch. 6 of CGBC.	Refer to plumbing plans.	Contractor / Installer	*(No additional documentation req'd)*
	5.304.1	**Outdoor potable water use in landscape areas** shall comply with either a local water efficient landscape ordinance, or the current California Department of Water Resources' Model Water Efficient Landscape Ordinance (MWELO), whichever is more stringent	*N/A - Project provides no irrigation.*	Jurisdiction	*(No additional documentation required)*
5.4 MATERIAL CONSERVATION + RESOURCE EFFICIENCY					
	5.407.1	**Weather protection** – Provide a weather-resistant exterior wall and foundation envelope as required by CBC §1402.2, manufacturer's installation instructions, or local ordinance, whichever is more stringent.	*N/A - Alteration does not affect the building's exterior walls or foundation.*	Jurisdiction	*(No additional documentation req'd)*
	5.407.2.1	**Moisture control, sprinklers** – Design and maintain landscape irrigation systems to prevent spray on structures.	*N/A - Project provides no irrigation.*	Jurisdiction	*(No additional documentation req'd)*
	5.407.2.2.1	**Moisture control, entries and openings** – At exterior entries and/or openings which are subject to foot traffic or wind-driven rain, prevent water intrusion by: • using nonabsorbent floor and wall finishes within at least 2 ft. around and perpendicular to the opening • providing 4 feet of shelter through an awning, overhang, or recess	*N/A - Project does not alter exterior openings.*	Jurisdiction	*(No additional documentation required)*
	5.407.2.2.2	Install **flashings** integrated with a drainage plane.	*N/A - Alteration does not affect building exterior.*	Jurisdiction	*(No additional documentation req'd)*
✓	5.408.1	**Construction waste management** – Recycle and/or reuse 65% min of nonhazardous construction/demolition waste (per §5.408.1.1, §5.408.1.2, or §5.408.1.3); or comply with local construction/demolition waste management ordinance, whichever is more stringent.	Specification Section 017419	Contractor	Construction Waste Management Plan + waste/recycling weight tickets and receipts
✓	5.408.1.1	**Construction waste management plan** – Where the local jurisdiction does not have a construction and demolition waste management ordinance that is more stringent, submit a construction waste management plan that complies with §5.408.1.1	Specification Section 017419	Contractor	
	5.408.3	**Excavated soil and land clearing debris** (trees, stumps, rocks, vegetation) shall be 100% reused or recycled.	*N/A - Project does not disturb soil.*	Contractor	
	5.409.1	**Life cycle assessment for new buildings** – Projects consisting of newly constructed building(s) with a combined floor area of 100,000 s.f. or greater shall comply with either §5.409.2 or §5.409.3.	*N/A - Project is an alteration/addition which neither alters more than 100,000 s.f. nor increases total building area beyond 100,000 s.f.*		
○	5.409.2	Projects shall conduct a cradle-to-grave **whole-building lifecycle assessment** performed in accordance with ISO 14040 and ISO 14044, excluding operating energy, and demonstrating a min 10% reduction in global warming potential (GWP) as compared to a reference baseline building of similar size, function, complexity, type of construction, material specification, and location that meets the requirements of the current California Energy Code. Software datasets and calculation methods shall comply with 5.409.2.	Refer to worksheet 'WS-9' on sheet [X0.0].	Architect / Engineer	Calculation on construction documents
○	5.409.3	**Product global warming potential (GWP) compliance (prescriptive path)** – Each permanently-installed product listed in Table 5.409.3 shall have a Type III environmental product declaration (EPD), product- or factory-specific.	Refer to worksheet 'WS-5' on sheet [X0.0].	Architect / Engineer	Calculation on construction documents
	5.410.1	**Recycling by occupants** – Provide areas for the depositing, storage, and collection of non-hazardous materials for recycling—including paper, corrugated cardboard, glass, plastics, organic waste, and metals; or meet a local recycling ordinance, if more restrictive.	*N/A - Project is an renovation which increases the floor area by less than 30%.*	Jurisdiction	*(No additional documentation required)*
	5.410.2	**Commissioning for new buildings** 10,000 s.f. and greater: 1. Owner's Project Requirements (OPR) 2. Basis of Design (BOD) 3. Commissioning Plan 4. Functional Performance Testing 5. Documentation and training 6. Commissioning Report	*N/A - Project is an addition/alteration.*		*(No additional documentation required)*
	5.410.4	**Testing and adjusting of systems** for new buildings less than 10,000 s.f. or new systems for an initial tenant improvement: 1. Develop a written plan of procedures for testing and adjusting HVAC systems and controls, indoor and outdoor lighting and controls, water heating systems, renewable energy systems, landscape irrigation systems, and water reuse systems, if any. 2. Perform testing, adjusting and balancing procedures in accordance with project specifications 3. Provide final report of testing signed by the individual responsible for performing the tests 4. Provide building owner with operation and maintenance manual.	*N/A - Project is an addition/alteration.*	Contractor / Installer	*(No additional documentation required)*

	SECTION	REQUIREMENT	PROJECT-SPECIFIC INFORMATION	VERIFICATION: RESPONSIBILITY	VERIFICATION: DOCUMENTATION
5.5 ENVIRONMENTAL QUALITY					
	5.503.1	**Fireplaces** – Install only direct-vent sealed-combustion gas or sealed wood-burning fireplaces, or a sealed wood stove or pellet stove. Wood stoves and pellet stoves shall comply with U.S. EPA NSPS emission limits.	*N/A - Project provides no fireplaces.*	Contractor / Installer	
✓	5.504.1	**Limit use of permanent HVAC system during construction** to condition the building within the required temperature range for material and equipment installation. If the HVAC system is used during construction, use return air filters with a Minimum Efficiency Reporting Value (MERV) of 8, or an average efficiency of 30%; and replace all filters prior to occupancy.	Refer to notes on mechanical plans.	Contractor / Installer	*(No additional documentation required)*
✓	5.504.3	**Covering of duct openings and protection of mechanical equipment during construction** – All duct and air distribution component openings shall be covered with tape, plastic, and/or sheet metal during storage and rough installation until final startup in order to reduce the amount of water, dust, and debris which may enter in the system.	Refer to notes on mechanical plans.	Contractor / Installer	*(No additional documentation required)*
✓	5.504.4.1	**Adhesives, sealants and caulks** shall comply with V.O.C. limits listed in Tables 5.504.4.1 + 5.504.2	Refer to Interior Finish Schedule and Specification Section 079200	Contractor / Installer	Product data for installed materials
✓	5.504.4.3	**Paints and coatings** shall comply with V.O.C. limits listed in Table 5.504.4.3	Refer to Interior Finish Schedule and Specification Section 099100	Contractor / Installer	Product data for installed materials
	5.504.4.4	**Carpet systems** (including carpet cushion) shall meet the requirements of the California Department of Public Health, "Standard Method for the Testing and Evaluation of Volatile Organic Chemical Emissions from Indoor Sources Using Environmental Chambers," Version 1.2, January 2017.	*N/A - Project provides no carpeting.*	Contractor / Installer	Product data for installed materials
○	5.504.4.5	**Composite wood products** – Hardwood plywood, particleboard, and medium density fiberboard shall comply with formaldehyde emission limits specified in Table 5.504.4.5.	Refer to Interior Finish Schedule and Specification Sections 062000 + 064100	Contractor / Installer	Product data and/or certifications; chain of custody certifications
	5.504.4.6	**Resilient flooring** – For 80% of the floor area receiving resilient flooring, install products complying with the California Department of Public Health, "Standard Method for the Testing and Evaluation of Volatile Organic Chemical Emissions from Indoor Sources Using Environmental Chambers," Version 1.2, January 2017.	*N/A - Project provides no resilient flooring.*	Contractor / Installer	Product data for installed materials
✓	5.504.4.7	**Thermal Insulation** – Comply with the requirements of the California Department of Public Health, "Standard Method for the Testing and Evaluation of Volatile Organic Chemical Emissions from Indoor Sources Using Environmental Chambers," Version 1.2, January 2017.	Refer to Interior Finish Schedule and Specification Section 072100.	Contractor / Installer	Product data for installed materials
	5.504.4.8	**Acoustical ceiling and wall panels** – Comply with the requirements of the California Department of Public Health, "Standard Method for the Testing and Evaluation of Volatile Organic Chemical Emissions from Indoor Sources Using Environmental Chambers," Version 1.2, January 2017.	*N/A - Project provides no acoustical ceiling or wall panels.*	Contractor / Installer	Product data for installed materials
✓	5.504.5.3	**Air filters** – Install air filtration media with a minimum MERV rating of 13 for outside and return air.	Refer to notes on mechanical plans.	Contractor / Installer	Product data and location of installed filters
	5.504.7	**Environmental Tobacco Smoke control** – At designated outdoor smoking areas, post signage prohibiting smoking within 25' of building entries, outdoor air intakes, and operable windows; or comply with local or applicable ordinance.	*N/A - No designated outdoor smoking area provided.*	Jurisdiction	*(No additional documentation required)*
✓	5.505.1	**Indoor moisture control** – Buildings shall meet or exceed provisions of California Building Code §1202 and Chapter 14.	Refer to wall schedules on A2.2	Jurisdiction	*(No additional documentation required)*
✓	5.506.1	**Outside air delivery** for mechanically or naturally ventilated spaces in buildings – Meet the minimum requirements of CEC §120.1 (Requirements For Ventilation), or applicable local code, whichever is more stringent, and Division 1, Chapter 4 of CCR, Title 8.	Refer to notes on mechanical plans.	Jurisdiction	*(No additional documentation required)*
✓	5.506.2	**CO_2 monitoring** – For buildings or additions equipped with demand control ventilation, CO_2 sensors and ventilation controls shall be specified and installed per CEC §120.1(c)(4).	Refer to notes on mechanical plans.	Jurisdiction	*(No additional documentation required)*
	5.507.4	**Acoustical control** – For buildings within the 65 CNEL noise contour of an airport, freeway, expressway, railroad, industrial source, or fixed guideway; employ STC- or OITC-rated building assemblies and components, using either the prescriptive or performance method below.	*N/A - Building not within 65 CNEL noise contours of an airport, freeway, expressway, railroad, industrial source, or fixed guideway.*	Jurisdiction	*(No additional documentation required)*
prescriptive method	5.507.4.1	**Prescriptive method** – Envelope wall and roof-ceiling assemblies shall be minimum STC 50 (or OITC 40). Exterior windows shall be minimum STC 40 (or OITC 30).		Jurisdiction	*(No additional documentation required)*
prescriptive method	5.507.4.1.1	**Noise exposure where noise contours not readily available** – Buildings exposed to a noise level of 65 dB L_{eq}-1-hr during any hour of operation shall have exterior wall and roof-ceiling assemblies exposed to the noise source meeting a STC 45 rating minimum (OITC 35), with exterior windows of a STC 40 rating minimum (OITC 30).		Jurisdiction	*(No additional documentation required)*
performance method	5.507.4.2	**Performance method** – Wall and roof-ceiling assemblies exposed to the noise source making up the building or addition envelope or altered envelope shall be constructed to provide an interior noise environment attributable to exterior sources that does not exceed an hourly equivalent noise level of 50dBA in occupied areas during any hour of operation.		Jurisdiction	*(No additional documentation required)*
performance method	5.507.4.2.1	**Site features** – Exterior features such as sound walls or earth berms may be utilized as appropriate to the building, addition or alteration project to mitigate sound migration to the interior.		Jurisdiction	*(No additional documentation required)*
performance method	5.507.4.2.2	**Documentation of compliance** – An acoustical analysis documenting complying interior sound levels shall be prepared by personnel approved by the architect or engineer or record.		Jurisdiction	*(No additional documentation required)*
	5.507.4.3	**Interior sound transmission** – Wall and floor-ceiling assemblies separating tenant spaces from other tenant spaces or public spaces shall have an STC of at least 40.	*N/A - Building not divided into tenant spaces.*	Jurisdiction	*(No additional documentation required)*
✓	5.508.1	**Ozone depletion and greenhouse gas reductions** – Installations of HVAC, refrigeration, and fire suppression shall not contain CFC or Halons.	Refer to notes on mechanical plans.	Contractor / Installer	Product data for refrigerants and/or fire suppression materials
	5.508.2	**Supermarket refrigerant leak reduction** – New commercial refrigeration systems shall comply with the provisions of this section when installed in retail food stores that both: • are 8,000 s.f. or more of conditioned area • utilize either refrigerated display cases, walk-in coolers, or walk-in freezers connected to remote compressor units or condensing units	*N/A - Project provides no commercial refrigerated display cases, walk-in coolers, or walk-in freezers*	Contractor / Installer	Product data for refrigerants and/or fire suppression materials

INSTALL SIM. TO TCNA W244

(A) **NOTE: CONFIRM ALL FINISH COLORS AND PATTERNS WITH OWNER'S REPRESENTATIVE PRIOR TO INSTALLATION**

PRODUCT & MATERIAL REQUIREMENTS FOR INDOOR POLLUTANT CONTROL

1. ALL MATERIALS, ADHESIVES, COATINGS, AND SEALANTS SHALL COMPLY WITH V.O.C. LIMITATIONS SET FORTH BY THE LOCAL AIR POLLUTION CONTROL DISTRICT OR CALIFORNIA CODE OF REGULATIONS TITLE 24, PART 11 (CALGREEN BUILDING STANDARDS), WHICHEVER IS MORE RESTRICTIVE.

2. ALL HARDWOOD COMPOSITE WOOD PRODUCTS (PLYWOOD, PARTICLEBOARD, AND MEDIUM DENSITY FIBERBOARD) SHALL MEET THE MAXIMUM FORMALDEHYDE EMISSIONS LIMITATIONS AS SPECIFIED IN ARB'S AIR TOXIC CONTROL MEASURE FOR COMPOSITE WOOD (17 CCR 93120 ET SEQ.) BY THE DATES SPECIFIED IN THOSE SECTIONS.

3. ARCHITECT HAS MADE EVERY REASONABLE ATTEMPT TO CONFIRM THAT PRODUCTS SPECIFIED IN THESE DOCUMENTS COMPLY WITH ABOVE-LISTED REQUIREMENTS. IT IS THE RESPONSIBILITY OF THE SUBCONTRACTOR, VENDOR, AND/OR MANUFACTURER TO NOTIFY THE ARCHITECT THROUGH THE GENERAL CONTRACTOR OF ANY NON-COMPLIANT PRODUCT OR MATERIAL SPECIFIED BY THE ARCHITECT PRIOR TO BID DUE DATE.

4. CONTRACTOR SHALL PROVIDE PRODUCT/MATERIAL COMPLIANCE DOCUMENTATION WITH SUBMITTAL DOCUMENTS AS REQUIRED BY SPECIFICATION SECTION 013323. CONTRACTOR SHALL SUBMIT COMPLIANCE DOCUMENTATION TO THE JURISDICTION HAVING AUTHORITY UPON ACCEPTANCE BY ARCHITECT.

CONCRETE:

1. CONCRETE CONSTRUCTION SHALL CONFORM TO TITLE 24, AND THE CODE, PER GENERAL NOTES.
2. CONCRETE SHALL BE PLACED IN ACCORDANCE WITH ASTM C94 AND ACI STANDARD 304. IN ADDITION, MAXIMUM FREE FALL OF CONCRETE SHALL BE 4'-0".
3. ALL CONCRETE SHALL BE THOROUGHLY CONSOLIDATED BY SUITABLE MEANS DURING PLACEMENT AND SHALL BE THOROUGHLY WORKED AROUND REINFORCEMENT AND EMBEDDED FIXTURES AND INTO CORNERS OF FORMS.
4. THE MINIMUM 28 DAY STRENGTH SHALL BE PER MIX DESIGN SCHEDULE.
5. CEMENT SHALL CONFORM TO ASTM C150, TYPE I OR II.
6. FLY ASH SHALL CONFORM TO ASTM 618, CLASS N OR F.
7. CONCRETE AGGREGATES: NATURAL SAND AND ROCK AGGREGATES SHALL CONFORM TO ASTM C33.
8. MINERAL ADMIXTURES SHALL COMPLY WITH ASTM C618.
9. LIQUID ADMIXTURES SHALL COMPLY WITH THE FOLLOWING:
   A. WATER REDUCERS . . . . . ASTM C494 TYPE A
   B. MID-RANGE WATER REDUCERS . . . . . ASTM C494 TYPE A & F
   C. NON-CHLORIDE ACCELERATORS . . . . . ASTM C494 TYPE C OR C & E
   D. RETARDING ADMIXTURES . . . . . ASTM C494 TYPE B OR B & D
10. GENERAL:
    A. NO PIPES OR DUCT SHALL BE PLACED IN CONCRETE SLABS OR WALLS UNLESS SPECIFICALLY DETAILED.
    B. REFER TO ARCHITECTURAL, STRUCTURAL, AND MECHANICAL DRAWINGS FOR ALL MOULDS, GROOVES, ORNAMENTS, CLIPS, ETC. TO BE CAST IN CONCRETE.
11. ALL CONSTRUCTION JOINTS SHALL BE CONSTRUCTED IN ACCORDANCE WITH ACI 318-19 SECTION 26.5.6 AND THE TYPICAL CONSTRUCTION JOINT DETAILS SHOWN ON THE STRUCTURAL DRAWINGS. ALL SURFACES OF CONSTRUCTION JOINTS SHALL BE CLEANED TO REMOVE DUST, CHIPS, OR OTHER FOREIGN MATTER PRIOR TO PLACING THE ADJACENT CONCRETE. THE CONTRACTOR SHALL SUBMIT THE PROPOSED LOCATIONS OF CONSTRUCTION JOINTS TO THE ENGINEER FOR REVIEW BY THE STRUCTURAL ENGINEER BEFORE STARTING CONSTRUCTION.
12. MAXIMUM SPACING OF CONSTRUCTION OR CONTROL JOINTS FOR A REINFORCED SLAB ON GRADE SHALL BE 20 FEET.
13. REMOVE ALL DEBRIS AND EXCESS WATER FROM THE FORMS BEFORE PLACING ANY CONCRETE.
14. REINFORCING, DOWELS, BOLTS, ANCHORS, SLEEVES, ETC. TO BE EMBEDDED IN CONCRETE SHALL BE SECURELY POSITIONED AND FREE OF EXCESSIVE SCALE, RUST, DIRT, GREASE, OIL OR ANY OTHER SUBSTANCES THAT WILL IMPAIR BOND WITH CONCRETE. OBTAIN APPROVAL OF ALL AFFECTED TRADES PRIOR TO PLACING CONCRETE.
15. WALLS SHALL BE PLACED IN HORIZONTAL LAYERS OF 2'-0" MAXIMUM DEPTH.
16. CONCRETE IN WALLS, PIERS OR COLUMNS SHALL SET AT LEAST 2 HOURS BEFORE PLACING CONCRETE IN BEAMS, SPANDRELS OR SLABS SUPPORTED THEREON.
17. NO WOOD SPREADERS ALLOWED. NO WOOD STAKES ALLOWED IN AREAS TO BE CONCRETED.
18. CONTRACTOR SHALL PREPARE AND SUBMIT CONCRETE MIX DESIGNS TO THE ARCHITECT/ ENGINEER OF RECORD FOR REVIEW PRIOR TO PLACEMENT OF ANY CONCRETE. CONCRETE MIX DESIGNS SHALL COMPLY WITH ACI 318-19 SECTION CHAPTER 5. CALCIUM CHLORIDE OR ADMIXTURES WHICH ADD CHLORIDES ARE NOT PERMITTED.
19. NOTIFY THE ENGINEER OF RECORD & TESTING LABORATORY (AND BUILDING OFFICIAL WHEN REQUIRED) 2 BUSINESS DAYS PRIOR TO PLACING CONCRETE.
20. CAST-IN-PLACE CONCRETE (NON-PRESTRESSED). THE FOLLOWING MINIMUM CONCRETE COVER SHALL BE PROVIDED FOR REINFORCEMENT:
    A. CONCRETE CAST AGAINST AND PERMANENTLY EXPOSED TO EARTH . . . . . 3"
    B. CONCRETE EXPOSED TO EARTH OR WEATHER:
       NO. 6 THROUGH NO. 18 BAR . . . . . 2"
       NO. 5 BAR, W31 OR D31 WIRE, AND SMALLER . . . . . 1 1/2"
    C. CONCRETE NOT EXPOSED TO WEATHER OR IN CONTACT WITH GROUND:
       SLABS, WALLS, JOISTS:
       NO. 14 AND NO. 18 BAR . . . . . 1 1/2"
       NO. 11 BAR AND SMALLER . . . . . 3/4"
       BEAMS, COLUMNS:
       PRIMARY REINFORCEMENT, TIES, STIRRUPS, SPIRALS . . . . . 1 1/2"
    D. CONCRETE TILT-UP PANELS CAST AGAINST A RIGID HORIZONTAL SURFACE, SUCH AS A CONCRETE SLAB, EXPOSED TO THE WEATHER:
       NO. 8 AND SMALLER . . . . . 1"
       NO. 9 THROUGH NO. 18 . . . . . 2"
21. REINFORCING BARS, SPLICES & DOWELS:
    A. ALL BARS SHALL HAVE A CLASS B MINIMUM SPLICE LAP, UNO. SEE REBAR LAP SCHEDULE.
    B. SPLICES IN ADJACENT BARS SHALL BE NOT LESS THAN 5'-0" APART.
    C. DOWEL ALL VERTICAL REINFORCING IN WALLS AND COLUMNS FROM FOUNDATION WITH THE SAME SIZE REINFORCING.
    D. SPLICE CONTINUOUS BARS IN SPANDRELS, GRADE BEAMS, WALL BEAMS, ETC. AS FOLLOWS: TOP BARS AT MIDSPAN, BOTTOM BARS AT CENTERLINE SUPPORT UNO.
22. HORIZONTAL WALL REINFORCING IN DOUBLE LAYER WALLS SHALL BE STAGGERED. USE #2 SPREADERS APPROXIMATELY EVERY THIRD INTERSECTION EACH DIRECTION FOR ALL DOUBLE LAYER WALLS.
23. MINIMUM WALL REINFORCING SHALL BE:

WALL THICKNESS	SINGLE LAYER	DOUBLE LAYER
7" OR LESS	#4 @ 12" OC EA WAY	-
8"	#4 @ 10" OC EA WAY	-
9" & 10"		#4 @ 16" OC EA WAY
11" & 12"		#4 @ 12" OC EA WAY

24. REINFORCING STEEL SHALL BE DETAILED, FABRICATED AND INSTALLED IN ACCORDANCE WITH ACI 315.
25. FOR REINFORCING STEEL REQUIREMENTS REFER TO REINFORCING STEEL NOTES.
26. FINAL PRODUCT AS INDICATED ON DRAWINGS SHALL COMPLY WITH THE FOLLOWING:
    A. ALL CONCRETE SHALL HAVE A "CLASS B" FINISH PER ACI 347 WITH GRADUAL IRREGULARITIES LIMITED TO 1/4" IN 10'-0" AS MEASURED WITH A STRAIGHT EDGE.
    B. SURFACE IRREGULARITIES ATTRIBUTABLE TO PLACEMENT AND CONSOLIDATION DEFICIENCIES AS DEFINED IN ACE 309.2R (E.G., BUG HOLES, HONEYCOMB, ETC.) WILL BE REVIEWED BY THE ARCHITECT AND ENGINEER. UNSATISFACTORY WORK SHALL BE REPAIRED AT THE CONTRACTOR'S EXPENSE.
    C. GRADUAL SURFACE IRREGULARITIES SHALL NOT BE CUMULATIVE.

MIX DESIGN SCHEDULE:

TYPE	USE CLASS	STRENGTH "f'c" MIN @ 28 DAYS (PSI)	CONCRETE UNIT WEIGHT (PCF)	MAX AGGREGATE SIZE (IN)	MAX[5] SLUMP (IN)	MAX WATER TO CEMENT RATIO (%)	FLY ASH REPLACEMENT (%)
A	SLAB ON GRADE	2,500	145	1"± 1/4"	5"±1"	0.50	25% MAX
B	FOUNDATIONS	2,500	145	1"± 1/4"	5"±1"	0.45	25% MAX
C	PIT WALLS	4,000	145	3/4"± 1/4"	4"±1"	0.45	0% MIN TO 25% MAX
D	SLAB OVER METAL DECK	-	-	-	-	-	0
E	SITE	2,500	145	1"± 1/4"	6"±1"	0.57	0% MIN TO 25% MAX
F	-	-	-	-	-	-	-

FOOTNOTES:
1. ADD WATER REDUCING ADMIXTURES PER SPECIFICATIONS FOR PLACING.
2. FOR HOT WEATHER CONCRETING REFER TO ACI 305R.
3. FOR COLD WEATHER CONCRETING REFER TO ACI 306R.
4. OTHER ADMIXTURES SHALL BE REVIEWED BY THE ENGINEER OF RECORD AND TESTING LABORATORY UPON CONCRETE MIX DESIGN SUBMITTAL.
5. SLUMPS SHALL NOT EXCEED 8" +/- 1 1/2" WHEN USING MID-RANGE WATER REDUCERS.
6. ADDITIONAL WATER SHALL NOT BE ADDED TO THE CONCRETE ONCE THE TRUCK LEAVES THE BATCH PLANT.

SHOP DRAWINGS:

PRIOR TO FABRICATION, SHOP DRAWINGS SHALL BE SUBMITTED FOR REVIEW BY THE STRUCTURAL ENGINEER:

1. THE CONTRACTOR AGREES THAT SHOP DRAWING SUBMITTALS PROCESSED BY THE ENGINEER ARE NOT CHANGE ORDERS.
2. THE CONTRACTOR AGREES THAT THE PURPOSE OF SHOP DRAWING SUBMITTALS IS TO DEMONSTRATE TO THE ENGINEER THAT THE CONTRACTOR UNDERSTANDS THE DESIGN INTENT OF THE PROJECT AND COMPLIANCE WITH THE INFORMATION GIVEN IN THE CONTRACT DOCUMENTS BY INDICATING WHICH MATERIAL THE CONTRACTOR INTENDS TO FURNISH AND INSTALL AND BY DETAILING THE FABRICATION AND INSTALLATION METHODS THE CONTRACTOR INTENDS TO USE.
3. THE CONTRACTOR IS RESPONSIBLE FOR DIMENSIONS ON THE SHOP DRAWINGS, WHICH MUST BE CONFIRMED AND CORRELATED AT THE JOB SITE, FOR COORDINATION OF HIS OR HER WORK WITH THAT OF ALL OTHER TRADES AND FOR PERFORMING WORK IN A SAFE AND SATISFACTORY MANNER.
4. THE CONTRACTOR IS RESPONSIBLE FOR MATERIAL QUANTITIES ON THE SHOP DRAWINGS.
5. CONTRACTOR IS TO REVIEW AND BE IN AGREEMENT WITH COMMENTS BY THE STRUCTURAL ENGINEER PRIOR TO PROCEEDING WITH FABRICATION.
6. THE SHOP DRAWINGS SHALL BE PREPARED FROM FRESH WORK. REPRODUCTIONS OF THE APPROVED DRAWINGS IS NOT PERMITTED.
7. PRIOR TO SUBMISSION THE CONTRACTOR SHALL REVIEW ALL SUBMITTALS FOR CONFORMANCE WITH THE CONTRACT DOCUMENTS AND SHALL STAMP SUBMITTALS AS BEING "REVIEWED FOR CONFORMANCE".
8. ANY DETAIL ON THE SHOP DRAWING THAT DEVIATES FROM THE CONTRACT DOCUMENTS SHALL BE CLEARLY MARKED WITH THE NOTE "THIS IS A CHANGE". SEE GENERAL NOTES FOR MATERIAL SUBSTITUTIONS.
9. SHOP DRAWINGS OR CALCULATIONS SUBMITTED FOR REVIEW THAT REQUIRE MORE THAN ONE RESUBMITTAL FOR REVIEW SHALL BE BILLED HOURLY FOR SUCH TIME TO THE GENERAL CONTRACTOR. THE THIRD REVIEW WILL NOT PROCEED WITHOUT WRITTEN APPROVAL FROM THE GENERAL CONTRACTOR FOR ADDITIONAL ENGINEERING REVIEW SERVICES.
10. CAD FILES OF APPROVED DRAWINGS WILL NOT BE PROVIDED TO THE CONTRACTOR, SUBCONTRACTOR OR FABRICATOR FOR THE PREPARATION OF SHOP DRAWINGS.

REINFORCING STEEL:

1. REINFORCING SHALL CONFORM TO ASTM A615 - GRADE 60 UNO.
2. NO REINFORCING BARS ARE TO BE WELDED UNLESS SPECIFICALLY DETAILED IN CONTRACT DOCUMENTS. ALL BARS SO DETAILED TO BE WELDED SHALL BE ASTM A706 BARS.
3. ALL REBAR TO BE WELDED SHALL BE CONTINUOUSLY INSPECTED BY A QUALIFIED TESTING LABORATORY. CONTRACTOR MUST FURNISH TO THE LABORATORY MILL CERTIFICATES SHOWING CHEMICAL ANALYSIS. ALL PREHEATING AND WELDING SHALL BE DONE BY WELDERS CERTIFIED TO WELD REINFORCING BARS IN ACCORDANCE WITH AWS D1.4 STANDARDS (LATEST EDITION).
4. E80xx ELECTRODE SHALL BE USED FOR ALL REBAR WELDING.
5. TACK WELDING TO REBAR IS STRICTLY PROHIBITED.
6. WIRE FABRIC SHALL CONFORM TO ASTM A185. WELDED WIRE FABRIC SHALL BE LAP SPLICED TWO SQUARES MIN EACH DIRECTION.
7. REINFORCING, DOWELS, BOLTS, ANCHORS, SLEEVES, ETC. TO BE EMBEDDED IN CONCRETE SHALL BE SECURELY POSITIONED BEFORE PLACING CONCRETE OR GROUTING MASONRY. OBTAIN APPROVAL OF ALL AFFECTED TRADES PRIOR TO PLACING CONCRETE OR GROUTING MASONRY.
8. DRILL THROUGH STEEL COLUMNS AND BEAMS TO PASS CONTINUOUS REINFORCING (1"Ø MAX) UNO.
9. CONTRACTOR SHALL PROVIDE AN ALLOWANCE OF 2% OF THE BID FOR ALL REINFORCING STEEL TO BE USED AT THE DISCRETION OF THE STRUCTURAL ENGINEER. UNUSED AMOUNT TO REVERT TO THE OWNER UPON COMPLETION OF THE JOB.

REBAR LAP SCHEDULE:

BAR SIZE	f'c=2500 PSI		f'c=3000 PSI		f'c=3500 PSI		f'c=4000 PSI	
	TOP BARS (IN)	OTHER BARS (IN)	TOP BARS (IN)	OTHER BARS (IN)	TOP BARS (IN)	OTHER BARS (IN)	TOP BARS (IN)	OTHER BARS (IN)
#3	31	24	28	22	26	20	24	19
#4	41	32	37	29	35	27	33	25
#5	51	39	47	36	43	33	41	31
#6	61	47	56	43	52	40	49	37
#7	89	69	81	63	75	58	71	54
#8	102	78	93	72	86	66	81	62
#9	114	88	105	81	97	75	91	70
#10	127	98	116	89	108	83	101	78
#11	140	108	128	98	118	91	111	85

FOOTNOTES:
1. LAP SPLICE LENGTHS ARE FOR GRADE 60 UNCOATED REINFORCING BARS.
2. LAP SPLICE LENGTHS ARE FOR NORMAL WEIGHT CONCRETE. FOR LIGHTWEIGHT AGGREGATE CONCRETE, (WT = 110 PCF) INCREASE LAP SPLICE BY 30%.
3. LAP SPLICE LENGTHS ARE FOR CLASS B LAPS = 1.3 ld.
4. TOP BARS ARE HORIZONTAL BARS WITH MORE THAN 12 INCHES OF FRESH CONCRETE CAST BELOW THE BARS.
5. ADJUST LAP SPLICE LENGTHS AS FOLLOWS:
   5.A. FOR BARS AT BEAMS AND COLUMNS WITH COVER LESS THAN 1 BAR DIAMETER OR WITH CLEAR SPACING LESS THAN 2 BAR DIAMETERS, INCREASE LAP SPLICE BY 50%.
   5.B. FOR BARS AT ALL OTHER CONDITIONS WITH COVER LESS THAN 1 BAR DIAMETER OR WITH CLEAR SPACING LESS THAN 3 BAR DIAMETERS, INCREASE LAP SPLICE BY 50%.
6. ALL LAP SPLICES SHALL BE CLASS B, UNO

FOUNDATIONS:

1. THE PRESUMPTIVE LOAD-BEARING VALUES ARE PER CBC TABLE 1806.2 WITH A "CLASS OF MATERIALS" TYPE 5:
   A. VERTICAL FOUNDATION PRESSURE = 1,500 PSF DL + LL AND 2,000 PSF DL + LL + SHORT TERM FORCES.
   B. LATERAL BEARING PRESSURE = 100 PSF/FT BELOW NATURAL GRADE.
   C. LATERAL SLIDING RESISTANCE = 130 PSF COHESION TIMES THE SURFACE CONTACT AREA.
2. ALL SUBGRADE PREPERATION, SITEWORK, GRADING, UTILITY TRENCHING, ETC. SHALL BE DONE IN COMPLIANCE WITH THE CBC.
3. A GEOTECHNICAL ENGINEER HIRED BY THE OWNER SHALL INSPECT THE EXCAVATIONS AND FOUNDATIONS PER THE ABOVE AND THE CONSTRUCTION DOCUMENTS.
4. IT SHALL BE THE RESPONSIBILITY OF THE CONTRACTOR TO SHORE AND BRACE AS REQUIRED. SEE SAFETY NOTES FOR ADDITIONAL INFORMATION.
5. ALL FOUNDATIONS ARE SHOWN AND DIMENSIONED AS BEING FORMED. FOUNDATIONS MAYBE PLACED IN NEAT EXCAVATIONS PROVIDED FOOTINGS ARE INCREASED 2" IN WIDTH, SEE TYPICAL EXCAVATION DETAIL.
6. EXCAVATIONS SHALL BE CLEANED OF ALL DEBRIS AND LOOSE SOIL. STANDING WATER SHALL BE REMOVED PRIOR TO CONCRETE PLACEMENT.
7. FOUNDATION DEPTHS INDICATED ON PLANS ARE MINIMUMS AND ARE FOR ESTIMATING PURPOSES. FINAL DEPTHS OF FOOTINGS MAY CHANGE AT THE TIME OF EXCAVATION.
8. BOTTOMS OF ALL FOUNDATIONS SHALL BE LEVEL. CHANGES IN BOTTOM OF FOUNDATION ELEVATION SHALL BE MADE ACCORDING TO STEPPED FOOTING DETAILS.
9. FOOTINGS SHALL BE CENTERED UNDER WALLS AND/OR COLUMNS UNLESS OTHERWISE INDICATED ON DRAWINGS.
10. CONTRACTOR SHALL CHECK FOOTING FORMS TO VERIFY THAT THEY ARE SQUARE & PLUMB. THE CONTRACTOR SHALL ALSO VERIFY THAT ALL INSERTS & EMBEDS ARE IN THEIR CORRECT LOCATION & ORIENTATION PRIOR TO PLACING CONCRETE.
11. NOTIFY THE STRUCTURAL ENGINEER 48 HOURS IN ADVANCE OF PLACING CONCRETE.
12. FOOTING DEPTHS SPECIFIED ARE FROM LOWEST ADJACENT SUBGRADE, UNLESS NOTED OTHERWISE.

GENERAL NOTES:

1. ALL DRAWINGS ARE CONSIDERED TO BE A PART OF THE CONTRACT DOCUMENTS. THE CONTRACTOR SHALL BE RESPONSIBLE FOR THE REVIEW AND COORDINATION OF ALL DRAWINGS AND SPECIFICATIONS PRIOR TO THE START OF CONSTRUCTION. ANY DISCREPANCIES THAT OCCUR SHALL BE BROUGHT TO THE ATTENTION OF THE ARCHITECT PRIOR TO THE START OF CONSTRUCTION SO THAT A CLARIFICATION CAN BE ISSUED. ANY WORK PERFORMED IN CONFLICT WITH THE CONTRACT DOCUMENTS OR ANY CODE REQUIREMENTS SHALL BE CORRECTED BY THE CONTRACTOR AT THEIR OWN EXPENSE AND AT NO EXPENSE TO THE OWNER OR ARCHITECT.
2. TYPICAL NOTES AND DETAILS SHALL APPLY UNLESS OTHERWISE SHOWN OR NOTED ON DRAWINGS.
3. ALL WORK SHALL CONFORM TO THE MINIMUM STANDARDS OF THE FOLLOWING CODES:
   2025 CALIFORNIA BUILDING CODE, PART 2 TITLE 24 CCR 2025 EDITION AND LATEST REVISIONS REFERRED TO HERE AS "THE CODE", AND OTHER REGULATING AGENCIES WHICH HAVE AUTHORITY OVER ANY PORTION OF THE WORK, INCLUDING THE STATE OF CALIFORNIA DIVISION OF INDUSTRIAL SAFETY, AND THOSE CODES AND STANDARDS LISTED IN THESE NOTES AND SPECIFICATIONS.
4. NOTES AND DETAILS ON DRAWINGS SHALL TAKE PRECEDENCE OVER GENERAL NOTES AND TYPICAL DETAILS. WHERE NO DETAILS ARE GIVEN, CONSTRUCTION SHALL BE AS SHOWN FOR SIMILAR WORK. IF CONFLICTS OCCUR BETWEEN DRAWINGS AND SPECIFICATIONS, THE MOST EXPENSIVE MATERIALS OR METHODS SHALL PREVAIL (FOR BIDDING). STRUCTURAL ENGINEER SHALL BE NOTIFIED OF CONFLICTS AND THAT PORTION OF WORK SHOULD NOT PROCEED UNTIL CONFLICT IS RESOLVED.
5. THE CONTRACT STRUCTURAL DRAWINGS AND SPECIFICATIONS REPRESENT THE FINISHED STRUCTURE. THEY DO NOT INDICATE THE METHOD OF CONSTRUCTION.
6. ASTM SPECIFICATIONS ON THE DRAWINGS SHALL BE OF THE LATEST REVISION.
7. SUBSTITUTIONS FOR STRUCTURAL MEMBERS, HARDWARE, OR DETAILS SHALL BE REVIEWED BY THE ARCHITECT AND STRUCTURAL ENGINEER AND APPROVED BY THE BUILDING DEPARTMENT. FOR A SUBSTITUTION TO BE REVIEWED THE CONTRACTOR SHALL AGREE & COMPLY WITH THE FOLLOWING:
   A. THE CONTRACTOR SHALL BE BILLED ON A TIME AND MATERIALS BASIS FOR THE REVIEW OF THE SUBSTITUTION WITH NO GUARANTEE OF APPROVAL.
   B. VERIFY THAT THE SUBSTITUTION DOES NOT AFFECT DIMENSIONS SHOWN ON DRAWINGS.
   C. THE CONTRACTOR SHALL ALSO PAY FOR CHANGES TO THE DESIGN, WHICH INCLUDES BUT IS NOT LIMITED TO; ENGINEERING DESIGN, DETAILING, APPROVAL AGENCY PROCESS AND CONSTRUCTION COSTS CAUSED BY THE REQUESTED SUBSTITUTION.
   D. THE PROPOSED SUBSTITUTION IS TO HAVE NO ADVERSE AFFECT ON OTHER TRADES, THE CONSTRUCTION SCHEDULE, OR THE SPECIFIED WARRANTY REQUIREMENTS.
8. NO STRUCTURAL MEMBERS SHALL BE CUT, NOTCHED OR OTHERWISE PENETRATED UNLESS SPECIFICALLY APPROVED BY THE STRUCTURAL ENGINEER IN ADVANCE OR SHOWN ON THESE DRAWINGS.
9. THE CONTRACTOR SHALL VERIFY ALL DIMENSIONS PRIOR TO STARTING CONSTRUCTION. DIMENSIONS AND ELEVATIONS MUST BE VERIFIED WITH ARCHITECTURAL DRAWINGS. IN THE EVENT OF A CONFLICT, THE STRUCTURAL ENGINEER AND ARCHITECT ARE TO BE NOTIFIED IMMEDIATELY. DRAWING SCALES GIVEN ARE APPROXIMATE- DO NOT SCALE PLANS OR DETAILS.
10. SITE VISITS BY STRUCTURAL ENGINEER SHALL NOT BE IN LIEU OF INSPECTIONS.
11. ALL DIMENSIONS AND ELEVATIONS OF THE EXISTING STRUCTURE WERE PROVIDED BY OTHERS AND ARE APPROXIMATE. THE CONTRACTOR SHALL FIELD VERIFY ALL EXISTING DIMENSIONS AND ELEVATIONS AND COORDINATE WITH ALL SUB-CONTRACTORS AND DISCIPLINES. ANY DISCREPANCIES SHALL BE BROUGHT TO THE ATTENTION OF THE ARCHITECT AND STRUCTURAL ENGINEER. FINISH ELEVATIONS AT ALL NEW FRAMING SHALL BE COORDINATED WITH THE EXISTING FRAMING SO ALL FINISHES ARE FLUSH.
12. ALL FRAMING IN THE DOCUMENTS SHALL BE CONSIDERED NEW UNLESS SPECIFICALLY NOTED AS EXISTING.

DESIGN CRITERIA:

2025 CALIFORNIA BUILDING CODE (CBC)
- LIVE LOADS
  - ROOF LOAD = 20 PSF (REDUCIBLE)
  - CEILING LOAD = 10 PSF (NON-REDUCIBLE)
- WIND (ASCE 7-22 SIMPLIFIED ANALYSIS)
  - EXPOSURE C
  - RISK CATEGORY II
  - BASIC WIND SPEED = 94 MPH
- SEISMIC (ASCE 7-22 EQUIVALENT LATERAL FORCE PROCEDURE)
  - RISK CATEGORY II
  - Ie = 1.0
  - SITE CLASS = D
    - Ss = 0.53g SDS = 0.55g
    - S1 = 0.21g SD1 = 0.37g
    - SDC = D
  - LIGHT FRAMED WOOD SHEATHED SHEAR WALLS
    - R = 6.5 Ω o = 3.0 Cd = 4.0
    - Cs = 0.0851 (STRENGTH DESIGN)

SAFETY NOTES:

1. IT IS THE CONTRACTOR'S RESPONSIBILITY TO COMPLY WITH THE PERTINENT SECTIONS OF THE "CONSTRUCTION SAFETY ORDERS" ISSUED BY THE STATE OF CALIFORNIA LATEST EDITION, AND ALL OSHA REQUIREMENTS AS THEY APPLY TO THIS PROJECT.
2. THE STRUCTURAL ENGINEER DOES NOT ACCEPT ANY RESPONSIBILITY FOR THE CONTRACTOR'S FAILURE TO COMPLY WITH THESE REQUIREMENTS.
3. THE CONTRACTOR SHALL PROVIDE ALL MEASURES NECESSARY TO PROTECT THE STRUCTURE DURING CONSTRUCTION. SUCH MEASURES SHALL INCLUDE, BUT NOT BE LIMITED

POST-INSTALLED ANCHORS NOTES:

GENERAL NOTES:

1. ANCHORS SHALL BE INSTALLED IN ACCORDANCE WITH THE RECOMMENDATIONS GIVEN IN THE ICC REPORTS AS SPECIFIED HERE, UNO.
   - HILTI HIT-RE 500 V3 - ICC ESR-3814
   - SIMPSON SET-XP - ICC ESR-2508
   - SIMPSON SET-3G - ICC ESR-4057
   - HILTI KH-EZ - ICC ESR-3027
   - SIMPSON POWER ACTUATED FASTENERS (SHOT PINS) - ICC ESR-2138
2. SPECIAL INSPECTION IS REQUIRED FOR ALL POST INSTALLED ANCHORS AND SHALL BE PERFORMED BY AN APPROPRIATLEY QUAIULIFED SPECIAL INSPECTOR EMPLOYED BY AN APPROVED AGENCY RETAINED BY THE PROJECT OWNER, NOT THE CONTRACTOR.
3. WHEN INSTALLING DRILLED IN ANCHORS AND/OR POWDER DRIVEN PINS IN EXISTING CONCRETE OR MASONRY, USE CARE AND CAUTION TO AVOID CUTTING OR DAMAGING EXISTING REINFORCING BARS. MAINTAIN A MINIMUM CLEARANCE OF 1" BETWEEN THE REINFORCEMENT AND THE DRILLED-IN ANCHOR AND/OR PIN.
4. EQUIPMENT IS TO BE CALIBRATED BY AN APPROVED TESTING LABORATORY IN ACCORDANCE WITH STANDARD RECOGNIZED PROCEDURES.
5. NEW BARS DOWELED AND EPOXIED INTO AN EXISTING SLAB-ON-GRADE DO NOT NEED TO BE TENSION TESTED.

POST-INSTALLED REINFORCING BAR NOTES:

POST-INSTALLED REINFORCING BAR CONNECTIONS DESIGNED PER THE DEVELOPMENT AND SPLICE REQUIREMENTS OF ACI318-19. POST-INSTALLED REINFORCING BAR CONNECTIONS SHALL CONSIST OF THE FOLLOWING EPOXY SYSTEMS AS PROVIDED BY HILTI, INC. CONTACT HILTI AT (800) 879-8000 FOR PRODUCT RELATED QUESTIONS.

1. POST-INSTALLED REINFORCING BAR CONNECTIONS IN CONCRETE - HILTI HIT-RE 500 V3 SAFESET SYSTEM WITH HILTI HOLLOW DRILL BIT (TE-CD OR TE-YD), AND HILTI VC 20/40/150/300 VACUUM POST-INSTALLED STEEL REINFORCING BARS - INSTALL PER ICC ESR-3814.
2. THE DESIGN OF STRAIGHT POST-INSTALLED REINFORCING BARS SHALL BE PERFORMED PER THE DEVELOPMENT AND SPLICE REQUIREMENTS OF THE ACI318-19 DESIGN OF CONCRETE STRUCTURES. THE POST-INSTALLED REINFORCING BAR SYSTEM IS AN ALTERNATIVE TO CAST-IN-PLACE REINFORCING BARS GOVERNED BY ACI318-19 AND THE CBC.
3. POST-INSTALLED REINFORCING BAR INSTALLATION SHALL BE PERFORMED BY PERSONNEL TRAINED TO INSTALL THE SYSTEM PER THE MANUFACTURER'S PRINTED INSTALLATION INSTRUCTIONS (MPII), AS INCLUDED IN THE ANCHOR PACKAGING. THE CONTRACTOR SHALL ARRANGE FOR A MANUFACTURER'S REPRESENTATIVE TO PROVIDE ONSITE INSTALLATION TRAINING FOR POST-INSTALLED REINFORCING BARS. THE STRUCTURAL ENGINEER OF RECORD MUST RECEIVE DOCUMENTED CONFIRMATION PRIOR TO THE COMMENCEMENT OF INSTALLING THE BARS THAT ALL OF THE CONTRACTOR'S PERSONNEL WHO WILL INSTALL POST-INSTALLED REINFORCING BARS HAVE BEEN TRAINED TO INSTALL THE SYSTEM PER THE MANUFACTURER'S PRINTED INSTALLATION INSTRUCTIONS (MPII).
4. THE POSITION OF EXISTING REINFORCING BARS IN THE CONCRETE STRUCTURE SHALL BE LOCATED PRIOR TO POST-INSTALLING BARS. EXISTING BARS SHALL BE LOCATED USING HILTI FERROSCAN, GPR, X-RAY, CHIPPING OR OTHER MEANS.

NAILING NOTES & SCHEDULE:

1. ALL NAILS FOR STRUCTURAL WORK SHALL BE COMMON STEEL WIRE NAILS. HOLES SHALL BE PRE-DRILLED WHERE NECESSARY TO PREVENT SPLITTING. NAILING NOT NOTED IN SCHEDULE OR ON DRAWINGS SHALL BE A MINIMUM OF TWO NAILS AT EACH CONTACT: 8d FOR 1x MATERIAL AND 16d FOR 2x MATERIAL.
2. NAILS AND SPIKES USED IN WET OR EXTERIOR LOCATIONS SHALL BE HOT-DIPPED ZINC COATED GALVANIZED STEEL PER CBC SECTION 2304.9.1.1.
3. FASTENERS FOR PRESSURE - PRESERVATIVE TREATED AND FIRE RETARDANT TREATED LUMBER SHALL BE HOT-DIPPED ZINC COATED GALVANIZED STEEL PER CBC SECTION 2304.9.5.
4. PNEUMATIC FASTENERS INSTALLED IN SIMPSON HARDWARE SHALL BE APPROVED BY SIMPSON AND SEOR PRIOR TO INSTALLATION.
5. PNEUMATIC FASTENERS TO BE INSTALLED INTO PLYWOOD SHEATHING SHALL BE SEOR APPROVED AND SHALL FALL WITHIN THE 10% TOLERANCE LIMIT FOR HAND DRIVEN NAILS PER ASTM F1667 FOR HEAD DIAMETER. ALL NAIL HEADS TO BE FULL ROUND HEADS.
6. MINIMUM NAIL DIMENSIONS:

NAIL	SHANK DIAMETER	HEAD DIAMETER	LENGTH
8d	.131"	.281"	2 1/2"
10d	.148"	.312"	3"
16d	.162"	.344"	3 1/2"
20d	.192"	.406"	4"

MINIMUM NAILING SCHEDULE (UNO):
(REFERENCE CBC TABLE 2304.10.2)

DESCRIPTION OF BUILDING ELEMENTS:	NUMBER & TYPE OF FASTNER:	SPACING & LOCATION:
ROOF:		
1. BLKG BTWN CEILING JSTS, RAFTERS OR TRUSSES TO TOP PL OR OTHER FRMG BLW	(3) 8d COMMON (2 1/2"x0.131"); OR (3) 3"x0.131" NAILS	EACH END, TOENAIL
BLKG BTWN RAFTERS OR TRUSS NOT AT THE WALL TOP PL, TO RAFTER OR TRUSS	(2) 8d COMMON (2 1/2"x0.131"); OR (2) 3"x0.131" NAILS	EACH END, TOENAIL
	(2) 16d COMMON (3 1/2"x0.162"); OR (3) 3"x0.131" NAILS	END NAIL
FLAT BLKG TO TRUSS & WEB FILLER	16d COMMON (3 1/2"x0.162") @ 6" OC; OR 3"x0.131" NAILS @ 6" OC	FACE NAIL
2. CEILING JSTS TO TOP PL	(3) 8d COMMON (2 1/2"x0.131"); OR (3) 3"x0.131" NAILS	EACH JOIST, TOENAIL
3. CEILING JST NOT ATTACHED TO PARALLEL RAFTER, LAPS O/ PARTITIONS (NO THRUST) (SEE SECTION 2308.7.3.1, TABLE 2308.7.3.1)	(3) 16d COMMON (3 1/2"x0.162"); OR (4) 3"x0.131" NAILS	FACE NAIL
4. CEILING JST ATTACHED TO PARALLEL RAFTER (HEEL JOINT) (SEE SECTION 2308.7.3.1, TABLE 2308.7.3.1)	PER TABLE 2308.7.3.1	FACE NAIL
5. COLLAR TIE TO RAFTER	(3) 10d COMMON (3"x0.148"); OR (4) 3"x0.131" NAILS	FACE NAIL
6. RAFTER OR ROOF TRUSS TO TOP PL (SEE SECTION 2308.7.5, TABLE 2308.7.5)	(3) 10d COMMON (3"x0.148"); OR (4) 3"x0.131" NAILS	TOENAIL[c]
7. ROOF RAFTERS TO RIDGE VALLEY OR HIP RAFTERS; OR ROOF RAFTER TO 2-INCH RIDGE BEAM	(2) 16d COMMON (3 1/2"x0.162"); OR (3) 3"x0.131" NAILS	END NAIL
	(3) 10d COMMON (3 1/2"x0.148"); OR (4) 3"x0.131" NAILS	TOENAIL
WALL:		
8. STUD TO STUD (NOT AT BRACED WALL PANELS)	16d COMMON (3 1/2"x0.162"); OR 3"x0.131" NAILS	24" OC FACE NAIL 16" OC FACE NAIL
9. STUD TO STUD & ABUTTING STUDS AT INTERSECTING WALL CORNERS (AT BRACED WALL PANELS)	16d COMMON (3 1/2"x0.162"); OR 3"x0.131" NAILS	16" OC FACE NAIL 12" OC FACE NAIL
10. BUILT-UP HEADER (2" TO 2" HEADER)	16d COMMON (3 1/2"x0.162")	16" OC EACH EDGE, FACE NAIL
11. CONT HEADER TO STUD	(4) 8d COMMON (2 1/2"x0.131")	TOENAIL
12. TOP PL TO TOP PL	16d COMMON (3 1/2"x0.162"); OR 3"x0.131" NAILS	16" OC FACE NAIL 12" OC FACE NAIL
13. TOP PL TO TOP PL, AT END JOINTS	(8) 16d COMMON (3 1/2"x0.162"); OR (12) 3"x0.131" NAILS	ES OF END JOINT, FACE NAIL (MIN 24" LAP SPLICE LENGTHS OF END JOINT)
14. BOTTOM PL TO JOIST, RIM JOIST, BAND JOIST OR BLOCKING (NOT AT BRACED WALL PANELS)	16d COMMON (3 1/2"x0.162"); OR 3"x0.131" NAILS	16" OC FACE NAIL 12" OC FACE NAIL
15. BOTTOM PL TO JOIST, RIM JOIST, BAND JOIST OR BLOCKING (AT BRACED WALL PANELS)	(2) 16d COMMON (3 1/2"x0.162"); OR (4) 3"x0.131" NAILS	16" OC FACE NAIL
16. STUD TO TOP OR BOTTOM PL	(4) 8d COMMON (2 1/2"x0.131"); OR (4) 3"x 0.131" NAILS	TOENAIL
	(2) 16d COMMON (3 1/2"x0.162"); OR (3) 3"x 0.131" NAILS	END NAIL
17. TOP OR BOTTOM PL TO STUD	(2) 16d COMMON (3 1/2"x0.162"); OR (3) 3"x0.131" NAILS	END NAIL
18. TOP PL'S, LAPS AT CORNERS & INTERSECTIONS	(2) 16d COMMON (3 1/2"x0.162"); OR (3) 3"x0.131" NAILS	FACE NAIL
19. 1" BRACE TO EACH STUD & PL	(2) 8d COMMON (2 1/2"x0.131"); OR (2) 3"x0.131" NAILS	FACE NAIL
20. 1"x6" SHEATHING TO EACH BEARING	(2) 8d COMMON (2 1/2"x0.131")	FACE NAIL
21. 1"x8" & WIDER SHEATHING TO EACH BEARING	(3) 8d COMMON (2 1/2"x0.131")	FACE NAIL
FLOOR:		
22. JOIST TO SILL, TOP PL, OR GIRDER	(3) 8d COMMON (2 1/2"x0.131"); OR (3) 3"x0.131" NAILS	TOENAIL
23. RIM JOIST, BAND JOIST, OR BLOCKING TO TOP PL, SILL OR OTHER FRAMING BELOW	8d COMMON (2 1/2"x0.131"); OR 3"x0.131" NAILS	6" OC TOENAIL
24. 1"x6" SUBFLOOR OR LESS TO EACH JOIST	(2) 8d COMMON (2 1/2"x0.131")	FACE NAIL
25. 2" SUBFLOOR TO JOIST OR GIRDER	(2) 16d COMMON (3 1/2"x0.162")	FACE NAIL
26. 2" PLANKS (PLANK & BEAM - FLOOR & ROOF)	(2) 16d COMMON (3 1/2"x0.162")	EACH BEARING, FACE NAIL
27. BUILT-UP GIRDERS AND BEAMS, 2" LUMBER LAYERS	20d COMMON (4"x0.192")	32" OC FACE NAILS AT T&B STAGGERED ON OPPOSITE SIDES

37. 7/8" - 1"	8d COMMON (21/2"x0.131")	6	12
38. 1 1/8" - 1 1/4"	10d COMMON (3"x0.148")	6	12

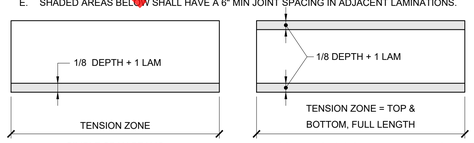
NOTES:
1. ALL SECTIONS AND TABLES NOTED ABOVE REFERENCE CBC, UNO.

FOOTNOTES:
a. NAILS SPACE AT 6 INCHES AT INTERMEDIATE SUPPORTS WHERE SPANS ARE 48 INCHES OR MORE. FOR NAILING OF WOOD STRUCTURAL PANEL AND PARTICLE BOARD DIAPHRAGMS AND SHEAR WALLS, REFER TO SECTION 2305. NAILS FOR WALL SHEATHING ARE PERMITTED TO BE COMMON, BOX OR CASING.
c. THIS SCHEDULE AND THE CEILING JOIST IS FASTENED TO THE TOP PLATE IN ACCORDANCE WITH THIS SCHEDULE, THE NUMBER OF TOENAILS IN THE RAFTER SHALL BE PERMITTED TO BE REDUCED BY ONE NAIL.

TYPICAL SIMPSON HARDWARE NOTES:

1. SIMPSON HARDWARE FOR THIS PROJECT HAS BEEN SPECIFIED USING 100% OF THE ALLOWABLE LOAD VALUES AND PRODUCT INFORMATION GIVEN IN THE SIMPSON CATALOG C-C 2021 DATED 2021-2023.
2. PLANS, SECTIONS AND DETAILS INDICATE GENERAL PRODUCT TYPE AND ANY REQUIRED MODIFICATIONS (e.g. SLOPES AND SKEWS). SPECIFIC CATALOG CALL OUTS ARE DETERMINED BY INDIVIDUAL MEMBER SIZES.
   EXAMPLES:
   PLANS/SECTIONS INDICATE 2x10 MEMBERS SUPPORTED BY SIMPSON 'U' HANGERS. SIMPSON CALL-OUT: U210. PLANS/SECTIONS INDICATE 5 1/8"x18" GLB SUPPORTED BY 4x6 POST AND SIMPSON ECC CAP. SIMPSON CALL-OUT: ECC5&1/4-4 OR OPTION WITH STRAPS ROTATED 90° ECC5&1/4-6.
3. WHERE THE SIMPSON CATALOG INDICATES TWO SIZES MAY BE USED FOR THE SAME SIZE MEMBER, USE THE LARGER SIZE.
   EXAMPLE:
   PLANS/SECTIONS INDICATE 4x8 MEMBER SUPPORTED BY SIMPSON LUS HANGERS. SIMPSON CATALOG INDICATES LUS46 OR LUS48 MAY BE USED. THE LUS48 SHALL BE USED, UNO.
4. USE SIMPSON 'MAX' NAILING CONFIGURATION (FILL ALL HOLES WITH NAILS), TYPICAL UNO.
5. WHERE OPTIONAL NAIL SIZES ARE INDICATED IN SIMPSON CATALOG, USE LARGEST NAIL SIZE LISTED, TYPICAL, UNO.
6. SIMPSON HARDWARE SUPPLIER SHALL SUBMIT MATERIAL LIST ITEMIZING HANGER DESIGNATION, LOAD RATING, SUPPORTED MEMBER SIZE AND LOCATION OF INSTALLATION FOR REVIEW BY THE ENFORCEMENT AGENCY AND THE STRUCTURAL ENGINEER.

WOOD NOTES:



1. ALL STRUCTURAL WOOD SHALL CONFORM WITH THE FOLLOWING SPECIFICATIONS:
   - A. DOUGLAS FIR- COAST REGION . . . . . WEST COAST LUMBER INSPECTION BUREAU GRADING RULES #17.
   - B. REDWOOD. . . . . CALIFORNIA REDWOOD ASSOCIATION GRADING RULES, 2000 EDITION.
   - C. GLUED LAMINATED BEAMS . . . . . STANDARD SPECIFICATION FOR STRUCTURAL GLUE LAMINATED TIMBER, AITC 117.
   - D. SHEATHING. . . . . APA VOLUNTARY PRODUCT STANDARD PS 2-10 FOR WOOD BASED STRUCTURAL-USE PANELS.
   - E. ENGINEERED LUMBER . . . . . WEYERHAEUSER MICROLLAM LAMINATED VENEER LUMBER (LVL), ICC ESR-1387
     . . . . . WEYERHAEUSER PARALLAM (PSL), ICC ESR-1387
2. MINIMUM GRADES SHALL BE:
   - A. STRUCTURAL FRAMING . . . . . POSTS, HEADERS, BEAMS AND STUDS DF #1, ALL OTHER DF #2 UNO
     . . . . . CEILING JOISTS DF #2 & BLOCKING DF #2
     . . . . . ALL MEMBERS TO BE FREE OF HEART CENTER. TYP. UNO
   - B. GLUED LAMINATED MEMBERS. . . . . COMBINATION 24F-V4 FOR SIMPLE SPANS COMBINATION 24F-V8 FOR CANTILEVERS AND CONTINUOUS CONDITIONS.
   - C. STRUCTURAL SHEATHING . . . . . WALL SHEATHING: 15/32" APA RATED SHEATHING EXP 1 (UNO), 5 PLY 32/16. OSB
   - D. ROOF SHEATHING: . . . . . 19/32" APA RATED SHEATHING EXP 1, UNO, 5-PLY 40/20 OSB
   - E. FLOOR SHEATHING: . . . . . 23/32" APA RATED STURD-I-FLOOR EXP 1, UNO, 5-PLY 48/24 TONGUE AND GROOVE OSB
   - F. LVL . . . . . SHALL MEET THE FOLLOWING STRUCTURAL PROPERTIES: Fb = 2600 PSI, Fv = 285 PSI, E = 1.9E6 PSI
   - G. PSL . . . . . SHALL MEET THE FOLLOWING STRUCTURAL PROPERTIES: Fb = 2900 PSI, Fv = 290 PSI, E = 2.0E6 PSI
3. WALLS SHALL HAVE DOUBLE TOP PLATES, LAPPED AT WALL AND PARTITION INTERSECTION WITH 3-16d NAILS. SPLICE UPPER AND LOWER PLATES AS SHOWN IN TYPICAL WALL FRAMING DETAIL.
4. PROVIDE SOLID BLOCKING BETWEEN JOISTS OR RAFTERS AT ALL SUPPORTS & AT 12' OC.
5. WHEN TOP PLATES ARE NOTCHED OR BORED- SEE TYPICAL DETAIL.
6. HOLES FOR BOLTS IN WOOD SHALL BE BORED WITH A BIT OF THE SAME NOMINAL DIAMETER AS THE BOLT + 1/16".
7. LEAD HOLES FOR LAG SCREWS LOADED LATERALLY AND IN WITHDRAWAL SHALL BE BORED AS FOLLOWS TO AVOID SPLITTING OF THE WOOD MEMBER DURING CONNECTION FABRICATION:
   - A. THE CLEARANCE HOLE THE SHANK SHALL HAVE THE SAME DIAMETER AS THE SHANK, AND THE SAME DEPTH PENETRATION AS THE LENGTH OF UNTHREADED SHANK.
   - B. THE LEAD HOLE FOR THE THREADED PROTION SHALL HAVE A DIAMETER EQUAL TO 65% TO 85% OF THE SHANK DIAMETER IN WOOD WITH G > 0.6, 60% TO 75% IN WOOD WITH 0.5 < G < 0.6, AND 40% TO 70% IN WOOD WITH G < 0.5 AND A LENGTH EQUAL TO AT LEAST THE LENGTH OF THE THREADED PORTION. THE LARGER PERCENTILE IN EACH RANGE SHALL APPLY TO LAG SCREWS OF GREATER DIAMETERS.
8. LAG SCREWS AND WOOD SCREWS SHALL BE SCREWED AND NOT DRIVEN INTO PLACE.
9. ALL BOLTS AND LAG SCREWS SHALL BE PROVIDED WITH METAL WASHERS UNDER HEADS AND NUTS WHICH BEAR ON WOOD. APPLIES ALSO TO EXPANSION AND EPOXY ANCHORS.

BOLT-DIA	MALLEABLE IRON WASHER	STEEL WASHER	CARRIAGE BOLT-DIA	WROUGHT IRON WASHER
1/2"Ø	(2) 1/2"Øx1/4"	3"x3"x1/4"	1/2"Ø	3/4" (2" OD)
5/8"Ø	(2) 3/4"Øx5/16"	3"x3"x1/4"	5/8"Ø	7/8" (2 1/4" OD)
3/4"Ø	3"Øx7/16"	3"x3"x5/16"	3/4"Ø	1" (2 1/2" OD)
7/8"Ø	(3) 1/2"Øx7/16"	(3) 1/2"x3 1/2"x3/8"	7/8"Ø	(1) 1"Ø (3" OD)
1"Ø	4"Øx1/2"	(3) 3/4"x3 3/4"x3/8"	1"Ø	(1) 1"Ø (3 1/4" OD)
1 1/4"Ø	5"Øx5/8"	5"x5"x1/2"		

10. ALL BOLTS AND LAG SCREWS SHALL BE TIGHTENED AT TIME OF INSTALLATION AND RE-TIGHTENED BEFORE CLOSING IN OR AT COMPLETION OF JOB.
11. INSTALL ALL STRUCTURAL PLYWOOD ON ROOF AND FLOORS WITH FACE GRAIN PERPENDICULAR TO SUPPORTS.
12. CROSS BRIDGING BETWEEN JOISTS OR RAFTERS- SEE FRAMING PLANS AND TYPICAL DETAIL.
13. JOISTS UNDER AND PARALLEL TO NON-BEARING PARTITIONS SHALL BE DOUBLED AND NAILED TOGETHER.
14. WHERE FRAMING HANGERS ARE REQUIRED AND ARE NOT SHOWN ON SECTIONS, DETAILS OR PLANS THE FOLLOWING SIMPSON HANGERS SHALL BE USED. SLOPE, SKEW, TURN IN FLANGES AND PROVIDE TOP FLANGE HANGERS AS REQUIRED.h
    - H. 2X & 3X MEMBERS . . . . . U, LU HANGERS
    - I. 4X MEMBERS. . . . . HU HANGERS
    - J. 6X MEMBERS. . . . . HUTF HANGERS
    - K. I-JOIST MEMBERS. . . . . IUT HANGERS
    - L. GLU LAM MEMBERS. . . . . VGU HANGERS
15. ALL METAL HARDWARE SHALL BE MANUFACTURED BY SIMPSON STRONG TIE COMPANY OR APPROVED EQUAL. ALL ITEMS SHALL BE INSTALLED PER MANUFACTURER'S SPECIFICATIONS.
16. WOOD SYMBOLS:

17. PROVIDE PLYWOOD EDGE NAILING AROUND ALL OPENINGS AND BLOCK ALL UNSUPPORTED PLYWOOD EDGES.
18. UPSET THREADS ON SILL BOLTS ARE NOT ALLOWED.
19. ALL FRAMING LUMBER SHALL HAVE A MAXIMUM MOISTURE CONTENT OF 19% AT THE TIME OF INSTALLATION AND SHALL BE AT 19% MAXIMUM MOISTURE CONTENT (VERIFIED BY INSPECTOR OF RECORD) BEFORE BEING ENCLOSED BY INSULATION, GYPBOARD, OR OTHER SURROUNDING ARCHITECTURAL MATERIALS. THE CONTRACTOR SHALL TAKE ALL MEASURES NECESSARY TO PROVIDE LUMBER MEETING THESE CRITERIA.
20. BOLTS ARE NOT TO BE INSTALLED IN LUMBER OVER 19% MOISTURE CONTENT.
21. EDGE NAILING OF STRUCTURAL WALL SHEATHING TO THE SILL PLATE SHALL NOT OCCUR UNTIL ROOF FRAMING AND SHEATHING IS COMPLETE.
22. ALL FASTENERS INTO PRESSURE TREATED WOOD SHALL BE HOT DIPPED GALVANIZED.
23. ALL LUMBER IN CONTACT WITH CONCRETE OR MASONRY SHALL BE PRESSURE TREATED.
24. GLUED LAMINATED MEMBERS:
    - A. ALL FLOOR BEAMS AND WALL HEADERS SHALL HAVE 3500 FT RADIUS CAMBER, UNO. ALL ROOF BEAMS SHALL HAVE 2000 FT RADIUS CAMBER, UNO.
    - B. TESTING & INSPECTION OF GLUED LAMINATED BEAMS SHALL BE IN ACCORDANCE WITH CBC SECTION 1704.2.5.
    - C. SUBMIT SHOP DRAWINGS PRIOR TO FABRICATION OF GLUED LAMINATED MEMBERS. SHOP DRAWINGS SHALL INDICATE BEAMS AS SIMPLE OR CONTINUOUS.
    - D. APPEARANCE OF MEMBERS SHALL BE FRAMING OR INDUSTRIAL APPEARANCE EXCEPT MEMBERS IN EXPOSED ARCHITECTURAL APPLICATIONS SHALL BE ARCHITECTURAL APPEARANCE, UNO.
    - E. SHADED AREAS BELOW SHALL HAVE A 6" MIN JOINT SPACING IN ADJACENT LAMINATIONS.

GENERAL MECHANICAL NOTES

1. EQUIPMENT: ALL EQUIPMENT AND MATERIALS SHALL BE NEW AND EQUAL IN QUALITY, TYPE, CAPACITY, EFFICIENCY, AND ACCESSORIES TO THE EQUIPMENT NOTED ON THE DRAWINGS. ADJUSTMENTS TO CONSTRUCTION AND ACCESSORIES ON SUBSTITUTED EQUIPMENT MAY BE REQUIRED TO ACHIEVE THIS EQUALITY, AND SHALL BE INCLUDED AT NO EXTRA COST TO THE OWNER. MAKE ANY CHANGES IN DUCTWORK, PIPING, FRAMING, ELECTRICAL, ETC., AS REQUIRED TO ACCOMMODATE SUBSTITUTED EQUIPMENT.

2. INSTALLATION: INSTALL ALL EQUIPMENT AND MATERIALS AND PERFORM ALL WORK IN ACCORDANCE WITH EDITION APPLICABLE CODES INCLUDING BUT NOT LIMITED TO:
   2025 CALIFORNIA MECHANICAL CODE (CMC)
   2025 CALIFORNIA ENERGY CODE (CEC) INCLUDING LOCAL AMENDMENTS
   CALIFORNIA CODE OF REGULATIONS (CCR)
   2025 CALIFORNIA BUILDING CODE (CALIFORNIA CODE OF REGULATIONS, TITLE 24)
   NATIONAL FIRE PROTECTION ASSOCIATION (NFPA)
   2025 CALIFORNIA FIRE CODE (CFC)
   2025 CALIFORNIA GREEN BUILDING STANDARDS CODE
   WHERE HEAVIER GAUGES OF MATERIAL, LARGER SIZES OR MORE STRINGENT REQUIREMENTS THAN THE CODES ARE REQUIRED BY THE CONTRACT DOCUMENTS, SUCH INCREASED REQUIREMENTS SHALL APPLY.

3. SHEET METAL DUCTWORK: ALL SHEET METAL DUCTWORK SHALL BE FABRICATED AND INSTALLED IN ACCORDANCE TO SMC STANDARDS AND SMACNA GUIDELINES WITH THE MORE STRINGENT BEING APPLIED. ALL DUCT JOINTS INCLUDING MECHANICAL FLANGED JOINTS SHALL BE SEALED WITH SILVER TAPE OR ARABOL AND CANVAS. SEAL THE JOINTS OF ALL DUCTS EXPOSED TO THE WEATHER WITH ARABOL AND CANVAS. PROVIDE ALL BRANCH DUCTS WITH VOLUME DAMPERS WITH LOCKING QUADRANTS LOCATED AT LEAST FIVE FEET (5') FROM THE GRILLE OR DIFFUSER SERVED, WITH LONG RADIUS ELBOWS. CONCEALED DAMPERS SHALL HAVE CABLE OPERATED MECHANISMS TO ALLOW ADJUSTMENTS WITH OUT DISTURBING THE STRUCTURE. ALL RECTANGULAR OR ROUND RIGID DUCTS SHALL BE OF SMACNA GAGE GALVANIZED STEEL OR ALUMINUM, UNLESS OTHERWISE NOTED ON THE DRAWINGS. PROVIDE FLAT SEAM CONSTRUCTION FOR ANY DUCTS EXPOSED IN OCCUPIED SPACE. NOTE: ALUMA-FLEX IS NOT ACCEPTABLE IN LIEU OF ROUND RIGID DUCTWORK. ALL DUCT OPENINGS SHALL BE SEALED AGAINST DUST AND DEBRIS UNTIL FINAL START-UP.

4. DUCT SUPPORTS: ALL PIPING AND DUCTWORK SHALL BE SUPPORTED IN ACCORDANCE WITH CMC STANDARDS OR SMACNA SEISMIC RESTRAINT MANUAL GUIDELINES FOR MECHANICAL SYSTEMS. CONTRACTOR SHALL PROVIDE CALCULATIONS FOR SEISMIC SUPPORTS AND RESTRAINTS THAT ARE ACCEPTABLE TO THE REVIEWING AUTHORITY.

5. FLEXIBLE DUCT: FLEXIBLE DUCTS SHALL BE ATCO 30, GENFLEX F29, THERMAFLEX M-KE, OR APPROVED EQUAL. FLEXIBLE DUCTWORK SHALL NOT BE USED WHERE EXPOSED DUCTWORK OCCURS, FIRE RATED WALL, FLOOR OR CEILING ASSEMBLIES EXISTS, AND TEMPERATURES EXCEEDS 250°F. PER 2025 CMC 603.4.1 FACTORY-MADE FLEXIBLE AIR DUCTS SHALL NOT BE MORE THAN 5 FEET IN LENGTH AND SHALL NOT BE USED IN LIEU OF RIGID ELBOWS OR FITTINGS, AND FLEXIBLE AIR DUCTS SHALL BE PERMITTED TO BE USED AS AN ELBOW AT A TERMINAL DEVICE.

6. ALL DUCT SIZES ON PLANS ARE SIZED FOR HARD DUCT.

7. AT THE TIME OF ROUGH INSTALLATION OR DURING STORAGE ON THE CONSTRUCTION SITE AND UNTIL FINAL STARTUP OF THE HEATING AND COOLING EQUIPMENT, ALL DUCT AND OTHER RELATED AIR DISTRIBUTION COMPONENT OPENINGS SHALL BE COVERED WITH TAPE, PLASTIC, SHEETMETAL OR OTHER METHODS ACCEPTABLE TO THE ENFORCING AGENCY.

8. INSULATION FOR INTERIOR DUCT: INSULATE ALL RIGID SUPPLY AND RETURN AIR DUCTS WITH 1-1/2" THICK, 3/4 PCF DENSITY OWENS CORNING SOFTR OR EQUAL, FIBERGLASS DUCT WRAP, TYPE 75, WITH FOIL REINFORCED KRAFT VAPOR RETARDER FACING. BUTT JOINT PIECES WITH 2" MINIMUM TAP FLAP OVERLAPPING. PORTIONS OF SUPPLY AND RETURN AIR DUCTS IN A SPACE BETWEEN THE ROOF AND INSULATED CEILING, OR IN A SPACE DIRECTLY UNDER A ROOF WITH FIXED VENTS OR OPENINGS TO THE OUTSIDE, OR UNCONDITIONED SPACES, OR IN AN UNCONDITIONED CRAWLSPACE, OR IN OTHER UNCONDITIONED SPACES SHALL HAVE R-8.0 INSULATION. PORTIONS OF SUPPLY AND RETURN DUCTS THAT ARE NOT IN ONE OF THESE SPACES, INCLUDING DUCTS BURIED IN CONCRETE SLAB, SHALL BE INSULATED TO A MINIMUM INSTALLED LEVEL OF R-4.2 OR BE ENCLOSED IN DIRECTLY CONDITIONED SPACE.

   INSULATION FOR EXTERIOR DUCT: SEAL ALL METAL JOINTS PER SMACNA & CEC, LINE WITH 2" CERTAINTEED TOUGHGARD, RIGID LINER BOARD. TAPE ALL INSULATED INTERIOR JOINTS. INSULATION SHALL BE PROTECTED FROM DAMAGE BY MOISTURE, UV AND PHYSICAL ABRASION. INSULATION EXPOSED TO WEATHER SHALL BE SUITABLE FOR OUTDOOR SERVICE. PROTECTED BY ALUMINUM SHEET METAL, PAINTED CANVAS, OR PLASTIC COVER. CELLULAR FOAM INSULATION SHALL BE PROTECTED AS ABOVE OR PAINTED WITH A COATING THAT IS WATER RETARDANT AND PROVIDES SHIELDING FROM SOLAR RADIATION. THIS APPLIES TO REFRIGERANT LINE SETS AS WELL. DUCTS SHALL HAVE R-8.0 INSULATION.

9. DUCT LINER: LINE ALL RIGID SUPPLY AND RETURN DUCT DROPS FOR A MINIMUM OF 10' FROM THE UNIT WITH 1" THICK OWENS CORNING QUIETER ACOUSTICS OR EQUAL ACOUSTIC DUCT LINER. INSTALL WITH 100% COVERAGE ADHESIVE COMPLYING WITH ASTM C 916, AND FURTHER APPLY TO BUTTED ENDS. MECHANICAL FASTENERS SHALL BE APPLIED 3" FROM CORNERS AND 12" OC BETWEEN CORNER FASTENERS. ALL DUCT DIMENSIONS ON PLANS ARE CLEAR DIMENSIONS. SEAL BUTT ENDS OF EXPOSED INSULATION IN THE DUCTS WITH MANUFACTURERS RECOMMENDED SEALANT OR ADHESIVE.

10. CONTROLS: HEATING AND COOLING CONTROLS SHALL COMPLY WITH 2025 CEC, SUBCHAPTER 3, SECTION 1202. ALL CONTROLS AND CONTROL WIRING ARE NOT SPECIFICALLY SHOWN BUT ARE REQUIRED FOR A COMPLETE AND WORKABLE SYSTEM AND SHALL BE SUPPLIED BY THE CONTRACTOR AND INSTALLED AT NO ADDITIONAL COST TO THE OWNER.

11. TESTING: ALL AIR SYSTEMS SHALL BE BALANCED BY A TRAINED MECHANICAL CONTRACTOR, USING AABC, SMACNA, OR NEBB PROCEDURES. AIR QUANTITIES SHALL BE ADJUSTED TO NOT MORE THAN 10% ABOVE OR 0% BELOW THE QUANTITIES SHOWN ON THE DRAWINGS. CONTRACTOR SHALL SUBMIT A COMPLETE AIR BALANCE REPORT INDICATING, AS A MINIMUM, THE AIR DELIVERY FOR EACH DIFFUSER, THE FINAL OPERATING DATA FOR THE SYSTEMS AND THE AIR CONDITIONING UNITS.

12. SUBMITTALS: SUBMIT FOR APPROVAL COPIES OF COMPLETE SUBMITTAL DATA ON SPECIFIED AND PROPOSED EQUIPMENT AND MATERIALS. SUBMITTALS SHALL INCLUDE EQUIPMENT SIZES, CAPACITY, MOTOR LOCATIONS, PERFORMANCE CURVES AND OTHER PERTINENT DATA. EACH SUBMITTAL SHALL INCLUDE IDENTIFICATION TAGS OR SYMBOLS TO MATCH THOSE ON DRAWINGS. PARTIAL SUBMITTALS OR SUBMITTALS WHICH ARE NOT MARKED WITH EQUIPMENT TAGS OR PERFORMANCE DATA WILL BE REJECTED. EQUIPMENT THAT IS NOT SUBMITTED IS TO BE USED AT THE CONTRACTORS OWN RISK REGARDLESS OF BRAND OR MODEL USED.

13. EQUIPMENT IDENTIFICATION: PROVIDE PERMANENT ENGRAVED PLASTIC NAME PLATED FOR ALL EQUIPMENT INSTALLED, INDICATING THE PLAN DESIGNATION OF THE UNIT (AC-), REF, ETC.) AND ALSO THE BUILDING AREA SERVED (CLASSROOMS 2-4, CONFERENCE ROOM, ETC.). STAMPED METAL TAPES APPLIED WITH SELF-CONTAINED ADHESIVE WILL NOT BE ACCEPTABLE. GLUE TO THE INSIDE COVER OF THE COMPRESSOR ACCESS PANEL. A COPY OF THE EQUIPMENT NAMEPLATE SUBMITTAL DATA.

14. CONTRACTOR SHALL VERIFY ALL WORK CONDITIONS PRIOR TO COMMENCING WORK, INCLUDING, BUT NOT LIMITED TO: DIMENSIONS, EQUIPMENT, STRUCTURAL ELEMENTS AND MATERIALS INDICATED AS EXISTING, AS WELL AS THE COORDINATED INSTALLATION OF ALL NEW WORK, MATERIALS, EQUIPMENT, ETC. COORDINATE THE LOCATION OF ALL ROOF MOUNTED EQUIPMENT WITH THE STRUCTURAL ENGINEER.

15. CONTRACTOR SHALL FIELD COORDINATE TERMINATION OF ENVIRONMENTAL AIR DUCT EXHAUST SO THAT THEY TERMINATE NOT LESS THAN 3 FEET FROM A PROPERTY LINE, 10 FEET ABOVE A PUBLIC WAY, AND 3 FEET FROM OPENINGS INTO THE BUILDING. THE DISCHARGE OF DRYER EXHAUST DUCTS SHALL NOT TERMINATE OVER A PUBLIC WAY OR OVER AN AREA WHERE CONDENSATE OR VAPOR COULD CREATE A NUISANCE OR HAZARD. (2025 CMC 502.2.). ENVIRONMENTAL AIR DUCT EXHAUST SHALL TERMINATE NOT LESS THAN 10 FEET FROM A FORCED AIR INLET.

16. SUBMITTAL NOTE: MECHANICAL SYSTEMS DESIGN REFLECT EQUIPMENT SPECIFIED. WHEN EQUIPMENT SUBSTITUTIONS OCCUR AND DUCT DESIGN, DUCT DROPS, GAS INPUT, AND ELECTRICAL SERVICE VARIES FROM THAT SPECIFIED, THEN IT SHALL BE THE RESPONSIBILITY OF THE MECHANICAL CONTRACTOR FOR ALL ADDITIONAL ENGINEERING FEES AND OTHER DISCIPLINE CHANGE ORDERS (STRUCTURAL, ELECTRICAL, ARCHITECTURAL, PLUMBING, ETC.) WHEN SUBSTITUTED EQUIPMENT IS USED, AND SHALL BE AT NO EXTRA COST TO THE OWNER.

17. INSTALLATION INSTRUCTIONS FOR ALL LISTED EQUIPMENT SHALL BE MADE AVAILABLE TO THE BUILDING INSPECTOR AT THE TIME OF INSPECTION.

18. ONLY PERMITTED PLANS SHALL BE USED FOR CONSTRUCTION OR BIDDING.

GENERAL PLUMBING NOTES

1. GENERAL PLUMBING NOTES

ALL EQUIPMENT AND MATERIALS USED SHALL BE NEW AND SHALL BE EQUAL IN QUALITY, TYPE, CAPACITY AND ACCESSORIES TO THE EQUIPMENT NOTED ON THE DRAWINGS. ADJUSTMENTS TO CONSTRUCTION AND ACCESSORIES ON SUBSTITUTED EQUIPMENT MAY BE REQUIRED TO ACHIEVE THIS EQUALITY, AND SHALL BE INCLUDED AT NO EXTRA COST TO THE OWNER. MAKE ANY CHANGES IN PIPING, FRAMING, ELECTRICAL, ETC., AS REQUIRED TO ACCOMMODATE SUBSTITUTED EQUIPMENT.

ALL PLUMBING FIXTURES, PIPES AND FITTINGS SHALL MEET THE STANDARDS REFERENCED IN 2025 CA PLUMBING CODE TABLE 1701.1 AND 2025 CA GREEN BUILDING STANDARDS CODE CHAPTER 6 PER 2025 CA GREEN BUILDING STANDARDS CODE SECTION 5.303.6.

INSTALL ALL EQUIPMENT AND MATERIALS AND PERFORM ALL WORK IN ACCORDANCE WITH ALL APPLICABLE CODES. APPLICABLE CODES SHALL INCLUDE, BUT NOT BE LIMITED TO THE 2025 EDITIONS OF THE CA MECHANICAL CODE, CA PLUMBING CODE, CA FIRE CODE, AND CA CODE OF REGULATIONS (CCR) TITLE 24 BUILDING ENERGY EFFICIENCY STANDARDS. WHERE HEAVIER GAGES OF MATERIAL, LARGER SIZES OR MORE STRINGENT REQUIREMENTS THAN THE CODES ARE REQUIRED BY THE CONTRACT DOCUMENTS, SUCH INCREASED REQUIREMENTS SHALL APPLY.

UNLESS SUBMITTED ELECTRONICALLY, PROVIDE SIX COPIES OF SUBMITTALS WITH MANUFACTURER'S OPERATING AND MAINTENANCE DATA FOR ALL ITEMS OF EQUIPMENT INSTALLED. INDICATE THE EXACT MODEL(S) OF EQUIPMENT, WHERE THE MANUFACTURER'S DATA INCLUDES MODELS OTHER THAN THOSE INSTALLED, BIND THE INFORMATION IN 3 RING BINDERS, WITH DIFFERENT TYPES OF EQUIPMENT INDEXED. PROVIDE A SHEET INDICATING THE CONTRACTOR'S (AND SUBCONTRACTOR'S) NAMES, ADDRESSES AND TELEPHONE NUMBERS. INCLUDE ALSO THE PREFERRED SOURCES OF SPARE PARTS FOR THE EQUIPMENT INSTALLED, INCLUDING ADDRESSES, TELEPHONE NUMBERS, ETC.

CONTRACTOR SHALL VERIFY ALL WORK CONDITIONS, PRIOR TO COMMENCING WORK, INCLUDING, BUT NOT LIMITED TO: PIPING SIZES, INVERT ELEVATIONS, POINTS OF CONNECTION, FIXTURES AND EQUIPMENT, STRUCTURAL ELEMENTS AND MATERIALS INDICATED AS EXISTING AS WELL AS THE COORDINATED INSTALLATION OF ALL NEW WORK, MATERIALS, EQUIPMENT, ETC. VERIFY THE LOCATION AND REQUIRED PIPING CONNECTIONS OF ALL HVAC OR OTHER MECHANICAL EQUIPMENT. NOTIFY ARCHITECT OF ANY DISCREPANCIES PRIOR TO TRENCHING OR COMMENCING OTHER WORK. CONTRACTOR SHALL VERIFY SIZE OF EXISTING GAS METER IS ADEQUATE WITH PG&E BEFORE STARTING CONSTRUCTION.

MECHANICAL EQUIPMENT AND IDENTIFICATION TAGS SHOWN ON DRAWINGS ARE FOR THE COORDINATION OF UTILITIES ONLY. REFER TO MECHANICAL DRAWINGS FOR EQUIPMENT SPECIFICATIONS.

ALL FIELD TESTS SHALL BE OBSERVED BY THE AUTHORITY HAVING JURISDICTION.

2. GAS PIPING

MATERIALS:
BLACK STEEL, ASTM A-53, WITH MALLEABLE STEEL FITTINGS. PIPE SHALL BE COATED. PIPE SIZES 2½" AND OVER SHALL HAVE WELDED JOINTS. SIZES 2" AND SMALLER MAY BE THREADED OR WELDED, AT CONTRACTOR'S OPTION, EXCEPT THAT ALL PIPING UNDERGROUND SHALL BE WELDED REGARDLESS OF SIZE. CONTRACTOR MAY USE POLYETHYLENE PIPING WITH TRACE WIRE FOR UNDERGROUND PIPING ONLY.

INSTALLATION NOTES:
WRAP UNDERGROUND COUPLINGS IN 6MIL TAPE. PAINT ALL EXPOSED PIPING WITH RUST INHIBITING PAINT. GAS PIPING BELOW GRADE SHALL BE WRAPPED AS DESCRIBED FOR WATER PIPING, OR, AT CONTRACTOR'S OPTION, MAY HAVE EXTRU-COAT OR SIMILAR COVERING. ALL FIELD JOINTS SHALL BE WRAPPED AS FOR BARE PIPING JOINTS. PLACE EXTRU-COAT GAS PIPING IN A SAND OR SIEVED EARTH BED, WITH SIMILAR COVERING TO A LEVEL OF 4" ABOVE TOP OF PIPE.

TESTING:
PRESSURE TEST ALL GAS PIPING FOR TWO HOURS AT 60 PSIG OR HIGHER. FIND LEAKS USING SOAP AND WATER OR SIMILAR MATERIALS AT ALL JOINTS. REPAIR ANY LEAKS FOUND BY REMAKING THE JOINT. DO NOT USE CAULKING OR SIMILAR METHODS TO CORRECT LEAKS. RETEST AFTER REPAIRING LEAKS. UPON REPAIRING ANY LEAKS FOUND, RETEST THAT PORTION OF THE SYSTEM AS DESCRIBED ABOVE.

3. SANITARY SEWER, STORM WATER, VENT PIPING

MATERIALS:
SANITARY SEWER AND VENT: POLY VINYL CHLORIDE (PVC) OR ACRYLONITRILE-BUTADIENE-STYRENE (ABS) PLASTIC PIPE. ALL PIPE, COUPLINGS AND FITTINGS SHALL BE MANUFACTURED OF MATERIAL CONFORMING TO ASTM D1785, D2661, D2665, D2680, F628, SOLVENT CEMENT FOR PLASTIC PIPE SHALL CONFORM TO ASTM D2564, D2235, D3138. PLASTIC PIPING SHALL NOT BE USED IN PLENUMS.

SANITARY SEWER AND VENT EXPOSED OR IN RETURN AIR PLENUM OR SANITARY SEWER FROM URINALS: CAST IRON SOIL PIPE AND FITTINGS, ASPHALTIC COATED, CONFORMING TO CAST IRON SOIL PIPE INSTITUTE STANDARD "301" AND SO STAMPED. JOINTS SHALL BE HUBLESS PIPE AND FITTINGS SHALL CONFORM TO THE MANUFACTURER'S INSTALLATION INSTRUCTIONS, THE CAST IRON SOIL PIPE INSTITUTE STANDARD 310 AND LOCAL CODE REQUIREMENTS. HUBLESS COUPLING GASKETS SHALL CONFORM TO ASTM STANDARD B32Ø2, B3Ø6, C564.

STORM WATER ABOVE GROUND SANITARY SEWER: SERVICE WEIGHT CAST IRON SOIL PIPE AND FITTINGS, NO-HUB OR EQUAL, OR SCHEDULE 40 GALVANIZED STEEL PIPE WITH BLACK CAST IRON DRAINAGE FITTINGS.

INSTALLATION NOTES:
CAREFULLY GRADE ALL SANITARY SEWER PIPING TO ENSURE A UNIFORM SLOPE IS ACHIEVED, WITHOUT ANY DIPS OR HIGH POINTS IN THE PIPING. UNLESS OTHERWISE NOTED, UNDER SLAB SANITARY SEWER PIPING SHALL BE SLOPED AT ¼" PER FOOT.

CAREFULLY TRENCH FOR ALL UNDERGROUND PIPING, AVOID OTHER UTILITIES, AND REPAIR ANY DAMAGES CAUSED BY THE WORK OF THIS CONTRACT. PROVIDE PROPER SHORING FOR ALL DEEP TRENCHES, AS REQUIRED BY THE SAFETY REGULATIONS OF THE STATE, AND BY OSHA. PROVIDE ALL REQUIRED BARRICADES, WARNING SIGNS, ETC. CAP ALL PIPING ENDS AT THE CLOSE OF THE DAY'S WORK TO PREVENT ENTRY OF FOREIGN MATERIALS. FLUSH PIPING OF ALL DEBRIS BEFORE CONNECTING TO FIXTURES.

EMBED ALL UNDERGROUND PIPING, IN SIEVED EARTH FOR A DEPTH OF 4" ABOVE THE PIPE, 12" MIN. COVER. SMOOTH THE TRENCHING BELOW THE PIPING FREE FROM ANY ROCKS OR SIMILAR OBSTRUCTIONS AND PROVIDE SPACE FOR BELLS OR MECHANICAL JOINTS FOR ALL SANITARY SEWER PIPING. LATERALLY BRACE PIPING TO PREVENT PIPE MOTION DURING BACK FILLING OPERATIONS. PROVIDE TRAPS FOR ALL FIXTURES. TRAPS FOR SINKS AND LAVATORIES SHALL BE BRASS, 17 GAGE MINIMUM THICKNESS WITH INTEGRAL CLEANOUT MODEL DEERBORN BRASS OR SIMILAR.

CLEANOUT FITTINGS SHALL BE NOT LESS IN SIZE: 1½" PIPE-1½" CLEANOUT, 2" PIPE-1½" CLEANOUT, 2½" PIPE-2½" CLEANOUT, 3" PIPE-2½" CLEANOUT, 4" AND LARGER PIPE-3½" CLEANOUT. WALL CLEAN OUT: WADE 8480-C CLEANOUT TEE W/ WALL ACCESS COVER, DURA-COATED CAST IRON BODY, GAS AND WATER TIGHT BRONZE PLUG AND STAINLESS STEEL WALL ACCESS COVER WITH SECURING SCREW. FLOOR CLEAN OUT: WADE 6000-STD GAS AND WATER-TIGHT TAPERED THREADED PLUG AND ROUND POLISHED NICKEL BRONZE SCORIATED ADJUSTABLE TOP.

PROVIDE WALL OR FLOOR CLEANOUT AT END OF ALL BRANCH FIXTURE RUNS.

PER CPC 906.2 EACH VENT SHALL TERMINATE NOT LESS THAN 10 FEET FROM, OR NOT LESS THAN 3 FEET ABOVE, AN OPENABLE WINDOW, DOOR OPENING, AIR INTAKE, OR VENT SHAFT, OR NOT LESS THAN 3 FEET IN EVERY DIRECTION FROM A LOT LINE, ALLEY AND STREET EXCEPTED. ABS AND PVC PIPING EXPOSED TO SUNLIGHT SHALL BE PROTECTED BY WATER BASED SYNTHETIC LATEX PAINT.

PROVIDE WRAP ON SANITARY PIPING UNDER ACCESSIBLE PLUMBING FIXTURES. PLUMBEREX "PRO-EXTREME" ONE-PIECE PROTECTOR WITH FULL ROTATION OPTION, AND 3-M DUAL LOCK FASTENERS SECURED WITH SELF LOCKING NYLON STRAPS. INSULATE RAIN WATER CONDUCTORS WHICH PASS THROUGH OCCUPIED AREAS WITH ½" THICK FIBERGLASS.

TESTING:
TEST ALL SANITARY SEWER PIPING FOR 8 HOURS BY CAPPING OR PLUGGING ALL JOINTS TO A LEVEL OF THE HIGHEST FIXTURE OR FITTING, FILLING THE SYSTEM WITH WATER, AND OBSERVING FOR LEAKS. TEST UNDERGROUND SECTION OF PIPE WITH A RISER TO ACHIEVE THE PRESSURE EQUIVALENT TO THE HIGHEST FIXTURE OR FITTING. REPAIR ANY LEAKS FOUND BY REMAKING THE JOINT. DO NOT USE CAULKING OR SIMILAR METHODS TO CORRECT LEAKS. UPON REPAIRING ANY LEAKS FOUND, RETEST THAT PORTION OF THE SYSTEM AS DESCRIBED ABOVE.

4. DOMESTIC WATER

DESCRIPTION:
TYPE K, BELOW GRADE, TYPE L ABOVE GRADE, COPPER TUBING, HARD-TEMPER, WITH WROUGHT COPPER FITTINGS, SOLDERING / BRAZING MATERIAL SHALL BE LEAD FREE, SILVER SOLDER BELOW GRADE, 95-5 OR SIMILAR PLASTIC SLEEVE ALL UNDERGROUND PIPES. CAPPED OR PLUGGED OUTLETS SHALL BE SCHEDULE 40 SCREWED BRASS PIPING SHALL BE ASTM B42, B75, B88.

PEX PIPING: IF SUBSTITUTED, CONTRACTOR SHALL PROVIDE REVISED PIPING PLAN AND CALCULATIONS BASED UPON MANUFACTURERS RECOMMENDATIONS. PIPING SHALL BE PEX-A, ASTM F876, F877 PER TABLE 604.1.

CPVC PIPING: IF SUBSTITUTED, CONTRACTOR SHALL PROVIDE REVISED PIPING PLAN AND CALCULATIONS BASED UPON MANUFACTURERS RECOMMENDATIONS. PIPING SHALL BE ASTM D1785, D2564, D2846, F441 AND F438 SCHEDULE 40 PER TABLE 604.1.

INSTALLATION NOTES:
SLOPE ALL WATER PIPING TO ELIMINATE AIR.

PROVIDE WATER HAMMER ARRESTORS, AT END OF HOT AND COLD WATER BRANCHES SERVING QUICK ACTION VALVES, I.E. FLUSH VALVES, CLOTHES WASHERS, ETC. FIXTURES. A MECHANICAL SHOCK ABSORBER MAY BE UTILIZED FOR A BATTERY OF FIXTURES, PROVIDED THE ABSORBER IS SIZED FOR THE MAIN LINE SERVING THE BATTERY OF FIXTURES, SIMILAR TO FPP MODEL SC1520.

PER CPC 609.10(2) CHLORINATE ALL NEW WATER PIPING FOR A PERIOD OF 24 HOURS, BY CHARGING WITH A CHLORINE SOLUTION TO ACHIEVE A 50 PPM STRENGTH AT THE FIXTURE FURTHEST FROM THE POINT OF APPLICATION. UPON COMPLETION OF CHLORINATION, FLUSH ALL PIPING UNTIL NO CHLORINE CAN BE DETECTED BY TASTE. AFTER CHLORINATION AND ALL TESTING HAS BEEN COMPLETED, CLEAN ALL FIXTURE STRAINERS.

PROVIDE STOPS FOR ALL FIXTURES. STOPS SHALL HAVE THREADED INLETS, SIMILAR TO NIBCO T1554. STOPS WITH BRAZED, SOLDERED OR COMPRESSION INLET CONNECTIONS WILL NOT BE ALLOWED. PROVIDE 3 WAY HW ANGLE STOP FOR DISHWASHER.

PROVIDE ELBOWS AT ALL PIPING PENETRATIONS OF WALLS TO STOPS. ELBOWS SHALL HAVE NAILING EARS AND SHALL BE SECURELY FASTENED TO THE STRUCTURE. NIPPLES THROUGH THE WALLS SHALL BE IPS WEIGHT THREADED COPPER OR BRASS.

PROVIDE WRAP ON HOT AND COLD WATER PIPING UNDER ACCESSIBLE PLUMBING FIXTURES. PLUMBEREX "PRO-EXTREME" ONE-PIECE PROTECTOR WITH FULL ROTATION OPTION AND 3-M DUAL LOCK FASTENERS SECURED WITH SELF LOCKING NYLON STRAPS. WRAP ALL HOT WATER SUPPLY "L" AND RETURN PIPING WITH K-FLEX INSUL-TUBE, FLEXIBLE ELASTOMERIC CLOSED-CELL THERMAL INSULATION OR EQUAL. FOR PIPE SIZES LESS THAN 1", INSULATION THICKNESS SHALL BE 1". FOR PIPE SIZES 1" AND LESS THAN OR EQUAL TO 1½", INSULATION THICKNESS SHALL BE 1½". FOR PIPE SIZES 2" AND GREATER, INSULATION THICKNESS SHALL BE 2". INSULATION HAS A FLAME-SPREAD INDEX OF LESS THAN 25 AND A SMOKE-DEVELOPED INDEX OF LESS THAN 50. TAPE ALL BUTTED JOINTS WITH TAPE AS RECOMMENDED BY THE MANUFACTURER. USE ENLARGED SECTIONS AT FITTINGS, WHERE REQUIRED, AND MITERED JOINTS AT ELBOWS, ETC.

TESTING:
TEST WATER PIPING WITH AIR AT 100 PSIG FOR EIGHT HOURS, OBSERVING FOR ANY VISIBLE LEAKS. TEST PIPING AGAIN WITH FIXTURES INSTALLED AT 60 PSIG. REPAIR ANY LEAKS FOUND BY REMAKING THE JOINT. DO NOT USE CAULKING, LEAD OR SIMILAR METHODS TO CORRECT LEAKS. UPON REPAIRING ANY LEAKS FOUND, RETEST.

5. CONDENSATE

DESCRIPTION:
TYPE DWV COPPER TUBING AND FITTINGS FOR ROOF APPLICATIONS (PVC PIPING WILL ONLY BE ACCEPTABLE INDOORS EXCEPT IN RETURN AIR PLENUMS)

INSTALLATION NOTES:
ROUTE CONDENSATE PIPING FROM EQUIPMENT TO NEAREST APPROVED RECEPTOR. ALL CONDENSATE SYSTEMS SHALL TERMINATE INTO THE STORM DRAINAGE SYSTEM, UNLESS NOTED OTHERWISE, AND SHALL BE INSTALLED IN ACCORDANCE WITH ALL APPLICABLE LOCAL AND STATE CODES. CONNECT TO EQUIPMENT COMPLETE WITH VENTED P-TRAP.

6. ALL PIPING

INSTALLATION NOTES:
PROVIDE PERMANENT CLEVIS TYPE HANGERS FOR ALL PIPING. WIRE, ROPE, WOOD BLOCKING OR PERFORATED METAL TAPE WILL NOT BE ACCEPTED. PROVIDE PLASTIC WRAPPING OF PIPE WHERE DISSIMILAR METALS OCCUR, SUCH AS BETWEEN COPPER AND IRON PIPING AND SUPPORTS.

PROVIDE CHROME PLATED ESCUTCHEON PLATES ON ALL PIPES PASSING THROUGH WALLS OR CEILINGS. ALL EXPOSED PIPING SHALL BE CHROME PLATED.

CATHODIC PROTECTION: WRAP ALL COPPER OR STEEL WATER PIPING UNDER FLOOR OR BELOW GRADE WITH TWO LAYERS OF PABCO-WRAP, OR SIMILAR MATERIALS, INCLUDING ALL JOINTS. WRAP WATER, WASTE AND GAS PIPING THROUGH THE FLOOR SLAB WITH ½" THICK FIBERGLASS, 2" ABOVE AND BELOW THE SLAB SURFACES.

7. ONLY PERMITTED PLANS SHALL BE USED FOR CONSTRUCTION OR BIDDING.

BID ALTERNATE NO. 2

SYMBOL	DESCRIPTION
EDF 1	ELECTRIC DRINKING FOUNTAIN AND BOTTLE FILLER: ELKAY "LZS8WSLP, NO LEAD, WALL MOUNTED, BOTTLE FILLER WITH ELECTRONIC SENSOR AND SINGLE ADA COOLER WITH ELECTRONIC FRONT AND SIDE BUBBLER PUSHBAR, REFRIGERATED, 8.0 GPH, 120 V/1 PH/60 Hz ELECTRICAL SERVICE, 5.0 FLA, 370 WATTS, WEIGHT: 85 LBS. UNIT SHALL CONFORM TO ANSI/NSF 61 SECTION 9-1997B, ADA AND TITLE 24 REQUIREMENTS FOR ACCESSIBLE INSTALLATIONS.

BID ALTERNATE NO. 7

SYMBOL	DESCRIPTION
EDF 2	ELECTRIC DRINKING FOUNTAIN AND BOTTLE FILLER: ELKAY "LZSTL8WSLP, NO LEAD, WALL MOUNTED, BOTTLE FILLER WITH ELECTRONIC SENSOR AND BI-LEVEL ADA COOLER WITH ELECTRONIC FRONT AND SIDE BUBBLER PUSHBAR, REFRIGERATED, 8.0 GPH, 120 V/1 PH/60 Hz ELECTRICAL SERVICE, 5.0 FLA, 370 WATTS, WEIGHT: 104 LBS. UNIT SHALL CONFORM TO ANSI/NSF 61 SECTION 9-1997B, ADA AND TITLE 24 REQUIREMENTS FOR ACCESSIBLE INSTALLATIONS.

EQUIPMENT SCHEDULE

SYMBOL	DESCRIPTION
	PLUMBING CONTRACTOR SHALL FURNISH AND INSTALL FIXTURES IN THIS SCHEDULE OR THEIR APPROVED EQUIVALENT. REFER TO ARCHITECTURAL DRAWINGS FOR ALL MOUNTING HEIGHTS OF FIXTURES. ALL WATER FIXTURES TO BE LEAD FREE. *FIXTURE COMPLIES WITH CALIFORNIA GREEN BUILDING STANDARDS DIVISION 5.3 FOR WATER EFFICIENCY AND CONSERVATION.
*WC-1	ACCESSIBLE WATER CLOSET: AMERICAN STANDARD #3351.001 AFWALL WALL MOUNTED, FLUSH VALVE TYPE, WHITE VITREOUS CHINA, ELONGATED DIRECT-FED SIPHON JET ACTION BOWL, BOLT CAPS, TOP SPUD, SLOAN UPPERCUT #UE911 EXPOSED MANUAL FLUSHOMETER, DUAL FLUSH, 1.1/1.6 GPF, TRIP LEVER ON "OPEN" SIDE AND BEMIS #155568C OPEN FRONT SEAT LESS COVER. CARRIER FITTING BY ZURN. ALL COMPONENTS SHALL BE WHITE. UNIT SHALL CONFORM TO ADA AND TITLE 24 REQUIREMENTS FOR ACCESSIBLE INSTALLATIONS.
*WC-2	ACCESSIBLE WATER CLOSET: AMERICAN STANDARD #3351.001 AFWALL WALL MOUNTED, FLUSH VALVE TYPE, WHITE VITREOUS CHINA, ELONGATED DIRECT-FED SIPHON JET ACTION BOWL, BOLT CAPS, TOP SPUD, SLOAN UPPERCUT #UE911 EXPOSED MANUAL FLUSHOMETER, DUAL FLUSH, 1.1/1.6 GPF, TRIP LEVER ON "OPEN" SIDE AND BEMIS #155568C OPEN FRONT SEAT LESS COVER. CARRIER FITTING BY ZURN. ALL COMPONENTS SHALL BE WHITE.
*UR-1	ACCESSIBLE URINAL: AMERICAN STANDARD #6590.001 WASHBROOK FLOWISE, WHITE VITREOUS CHINA, WALL MOUNTED, SIPHON JET ACTION Ø.125 GPF, 3/4" INLET SPUD, FLUSHING RIM, WALL HANGER, SLOAN ROYAL #186-0.125DBP FLUSH VALVE. UNIT SHALL CONFORM TO ADA AND TITLE 24 REQUIREMENTS FOR ACCESSIBLE INSTALLATIONS.
*UR-2	URINAL: AMERICAN STANDARD #6590.001 WASHBROOK FLOWISE, WHITE VITREOUS CHINA, WALL MOUNTED, SIPHON JET ACTION Ø.125 GPF, 3/4" INLET SPUD, FLUSHING RIM, WALL HANGER, SLOAN ROYAL #186-0.125DBP FLUSH VALVE.
L 1 A	LAVATORY: AMERICAN STANDARD #2476.028 AQUALYN OVAL COUNTER TOP, VITREOUS CHINA, SELF-RIMMING, FRONT OVERFLOW WITH SLOAN SF-2300-PLG-TEE-CP-0.35GPM-MLM-PCT FAUCET, PLUG, ADJUSTER POWER SUPPLY, POLISHED CHROME FINISH, INFRARED SENSOR, 0.5 GPM FLOW, FACTORY DEFAULT 0.25 GAL/CYCLE AND 30-SEC TIMEOUT, MULTI-LAMINAR SPRAY, AND METAL GRID DRAIN ASSEMBLY. P.R.V. (FH/6OHZ ELECTRIC INSULATE HOT WATER AND WASTE PIPING. UNIT SHALL CONFORM TO ADA AND TITLE 24 REQUIREMENTS FOR ACCESSIBLE INSTALLATIONS.
*SH-1	SHOWER: SLOAN #AC-51-1.8GPM-CP ACT-O-MATIC SHOWERHEAD, 1.8 GPM POLISHED CHROME, SELF-CLEANING. PROVIDE WITH SHOWER ARM AND FLANGE, PRESSURE BALANCING VALVE WITH CORROSION-RESISTANT BODY, SERVICEABLE CARTRIDGE MATCHED TO VALVE BODY, BUILT-IN STOPS, SINGLE HANDLE, VALVE CONTROL WITH ADA-COMPLIANT METAL 3-POINT DESIGN/TRI-START/TRI-LINE HANDLE, TEMPERATURE LIMIT STOP, METAL ESCUTCHEON PLATE, HOT/COLD TEMPERATURE IDENTIFICATION INDICATORS.
*SH-2	SHOWER: SYMMONS #39600FLRISTRM ORIGINS PRESSURE BALANCED SHOWER SYSTEM, INCLUDES: 1.5 GPM SHOWER HEAD, DIVERTER HANDLES, HAND SHOWER WITH 60" HOSE, 36" SLIDE BAR, VALVE TRIM AND WALL SUPPLY. PROVIDE WITH SYMMONS TEMPTROL PRESSURE-BALANCING VALVE. UNIT SHALL CONFORM TO ADA AND TITLE 24 REQUIREMENTS FOR ACCESSIBLE INSTALLATIONS.
TD	TRENCH DRAIN: COVER ONLY, MATCH EXISTING
FD	FLOOR DRAIN: ZURN #Z415-BZI, 5" DIAMETER NICKEL BRONZE TOP WITH 2" PIPE, ANTI-FLANGE
CDP 1 CDP 2 CDP 3 CDP 4	CONDENSATE PUMP: LITTLE GIANT, MODEL VCMA20ULS, 1/30 HP, 115 WATTS, 115 V/1 PH/60 HZ ELECTRICAL SERVICE, 1.5 AMPS, PLUG DISCONNECT, 1/2 GALLON TANK CAPACITY, 25 GPH AT 15' HEAD. INCLUDES SAFETY SWITCH, 6' POWER CORD, THERMAL OVERLOAD PROTECTOR, INTERNAL 3 MP PAN, CONTROL FLOAT AND FILTER SCREEN.

H. WALL ASSEMBLY SCHEDULE

This table demonstrates compliance with prescriptive wall assembly requirements in §140.3(a)/ §170.2(a) for new constructions, §141.0(a)/ §180.1 for additions and §141.0(b)1B/ §180.2 for alterations.

01	Indicate wall types included in the project: [1]	☐ Framed	☐ Mass (new only)	☐ Concrete Sandwich Panel (new only)	☐ SIPS	☐ ICF (new only)
		☐ Metal Panels	☐ Metal Building	☐ Spandrel/ Curtain Wall	☐ Straw Bale	☐ Log Home (new only)

[1] FOOTNOTES: Wall types indicated above as "(new only)" do not have Title 24, Part 6 requirements for alterations. New construction and additions do have requirements and should be clicked above and compliance demonstrated within this table.

I. FLOOR ASSEMBLY SCHEDULE

This section does not apply to this project.

J. EXTERIOR DOOR SCHEDULE

This section does not apply to this project.

K. FENESTRATION AND GLAZED DOOR SCHEDULE

This table demonstrates compliance with prescriptive fenestration requirements in §140.3(a)5/ §170.2(a)3 for new constructions, §141.0(a)/ §180.1 for additions, or §141.0(b)2A/ §180.2 for alterations. Exterior doors that are more than 25% glass in area are considered Glazed Doors and should be documented on this table with fenestration.

01	Indicate fenestration types included in the project: [1]	☒ Vertical (alterations)	☐ Vertical (new)	☐ Skylights	☐ Glazed Doors (new only)

[1] FOOTNOTES: Fenestration types indicated above as "(new only)" do not have Title 24, Part 6 requirements for alterations. New construction and additions do have requirements and should be clicked above and compliance demonstrated within this table.

CERTIFICATE OF COMPLIANCE	NRCC-ENV-E
Project Name: Roseville Aquatics Complex-Locker Room Alterations	**Report Page:** (Page 1 of 8)
Project Address: 3051 Woodcreek Oaks Blvd.	**Date Prepared:** 2/4/2026

This document is used to demonstrate compliance with mandatory requirements in §110.8(g) and §120.7(b)/ §160.1 for newly constructed nonresidential, hotel/ motel, multifamily and mixed-use buildings, and §141.0(b)1/ §180.2 for alterations, related to roof, wall and floor assemblies. It is also used to demonstrate compliance with prescriptive requirements in §140.3/ §170.2 for newly constructed buildings, and §141.0/ §180.1/ §180.2 for additions and alterations, related to roof, wall, floor, door, fenestration and daylighting requirements.

A. GENERAL INFORMATION

01	Project Location (city)	Roseville	05	# of Stories (Habitable Above Grade)	1
02	Zipcode	95747	06	Total Conditioned Floor Area (ft²)	1015
03	Climate Zone	11	07	Total Unconditioned Floor Area (ft²)	0
04	Occupancy Types Within Project: (select all that apply): If one occupancy constitutes >= 80% of the conditioned floor area, the entire building envelope may be designed to comply with the provisions of that occupancy per § 100.0(f).		08	☐ Project includes unconditioned enclosed space(s) > 5,000 ft² under a roof with a ceiling height of at least 15 ft. [1]	

● All Other Occupancies

[1] FOOTNOTE: Enclosed spaces > 5,000 ft² directly under roof with ceiling height > 15 ft in climate zones 2 through 15 are required to meet the minimum daylighting requirements defined in §140.3(c)/ §170.2(b). Compliance with §140.3(c)/ §170.2(b) is documented in Table L. This is the only prescriptive requirement which applies to unconditioned spaces.

B. PROJECT SCOPE

This table specifies project envelope components within the permit application demonstrating compliance using the prescriptive paths outlined in §140.3/ §170.2 and §141.0(a)1/ §180.1 and §141.0(b)1 and 2/ §180.2 for additions and alterations.

My project consists of (check all that apply)			Component Types				
			01		02		
☐	New Construction or Newly Conditioned Space		☐	Roof	☐	Walls	☐ Exterior Opaque Doors
	☐	One or more enclosed spaces > 5,000 ft² directly under roof with ceiling height > 15ft			☐	Floors	☐ Fenestration/ Glazed Doors[1]
☐	Addition of conditioned space		☐	Roof	☐	Walls	☐ Exterior Opaque Doors
	☐	One or more enclosed spaces > 5,000 ft² directly under roof with ceiling height > 15ft					
	☐	Addition is <=700 ft²			☐	Floors	☐ Fenestration/ Glazed Doors[1]
	☐	Addition is >700 ft²					
☒	Alteration of conditioned space		☒	Roof Assembly	☒	Walls	☐ Exterior Opaque Doors
	☐	One or more enclosed spaces > 5,000 ft² directly under roof with ceiling height > 15ft and lighting system installed for the first time	☐	Roofing Material [2]	☐	Floors	☒ Fenestration

RESPONSIBLE PERSON'S DECLARATION STATEMENT

I certify the following under penalty of perjury, under the laws of the State of California:

1. The information provided on this Certificate of Compliance is true and correct.
2. I am eligible under Division 3 of the Business and Professions Code to accept responsibility for the building design or system design identified on this Certificate of Compliance (responsible designer)
3. The energy features and performance specifications, materials, components, and manufactured devices for the building design or system design identified on this Certificate of Compliance conform to the requirements of Title 24, Part 1 and Part 6 of the California Code of Regulations.
4. The building design features or system design features identified on this Certificate of Compliance are consistent with the information provided on other applicable compliance documents, worksheets, calculations, plans and specifications submitted to the enforcement agency for approval with this building permit application.
5. I will ensure that a completed signed copy of this Certificate of Compliance shall be made available with the building permit(s) issued for the building, and made available to the enforcement agency for all applicable inspections. I understand that a completed signed copy of this Certificate of Compliance is required to be included with the documentation the builder provides to the building owner at occupancy.

Window	Fixed window	Nonresidential/ Relocatable 1 CZ: : New			§110.6 Defaults	U-factor (max)	1.19	1.19	15
					☐ Overhang/ Slats used for RSHGC	(R)SHGC (max)	0.83	0.83	
						VT (min)	1	0.996	

[1] FOOTNOTES: If any individual fenestration product is non-compliant, products may show compliance using an area-weighted calculation. Chromogenic glazing is not included in area-weighted calculations. Area-weighted calculation shown in separate area-weighted table below.
[2] The NA6 Default Calculation can only be used for alterations or dwelling units in buildings with <= 3 habitable stories. Alterations are limited to 200ft² of site built glazing and dwelling units are limited to 250ft² or 5% of conditioned floor area. If the fenestration does not meet these conditions, the only options for determining fenestration values are NFRC Certification or the Default Tables in §110.6.
[3] Overhangs must extend past the left and right window the same distance as the depth of the overhang or greater to show an affect on the RSHGC. If an overhang does not meet this requirement, the affect of the overhang will be ignored.
[4] Projecting includes casement and awning windows.

C. COMPLIANCE RESULTS

Table C will indicate if the project data input into the compliance document is compliant with mechanical requirements. This table is not editable by the user. If this table says "DOES NOT COMPLY" or "COMPLIES with Exceptional Conditions" refer to Table D., or the table indicated as not compliant for guidance.

								Occ Sensor	NA: Not required space type
17	Total System Required Min OA CFM					508	18	Ventilation for this System Complies?	Yes

[1] FOOTNOTES: System CFM should include both mechanical and natural ventilation for the zone/system
[2] Air filtration requirements apply to the following three system types per §120.1(c)1A: space conditioning systems utilizing ducts to supply air to occupiable space; supply-only ventilation systems providing outside air to occupiable space; supply side of balanced ventilation systems including heat recovery and energy recovery ventilation systems providing outside air to occupiable space.
[3] Uniform Mechanical Code may have more stringent ventilation requirements; the most stringent code requirement takes precedence.
[4] See Standards Tables 120.1-A and 120.1-B.
[5] For lecture halls with fixed seating, the expected number of occupants shall be determined in accordance with the California Building Code.
[6]§120.2(e)3 requires systems serving rooms that are required by §130.1(c) to have lighting occupancy sensing controls to also have occupancy sensing zone controls for ventilation. Examples of spaces which require lighting occupancy sensors include offices 250ft² or smaller, multipurpose rooms less than 1,000 ft², classrooms, conference rooms, restrooms, aisles and open areas in warehouses, library book stack aisles, corridors, stairwells, parking garages, and loading and unloading zones, unless excepted by §130.1(c).

K. TERMINAL BOX CONTROLS

This section does not apply to this project.

L. DISTRIBUTION (DUCTWORK and PIPING)

This section does not apply to this project.

F. HVAC SYSTEM SUMMARY (DRY & WET SYSTEMS)

Dry System Equipment Sizing (includes air conditioners, condensers, heat pumps, VRF, furnaces, and unit heaters and DOAS systems)

01	02	03	04	05	06	07	08	09	10	11
Name or Item Tag	Equipment Category per Tables 110.2, §140.4(a)2 and 170.2(c)3aii	Equipment Type per Tables 110.2 and Title 20	Smallest Size Available [1] §140.4(a) and §170.2(c)1	Equipment Sizing per Mechanical Schedule (kBtu/h) §140.4(a)1, §170.2(c)1 & §170.2(c)2						
				Heating Output [2,3]			Cooling Output [2,3]		Load Calculations [3,4]	
				Per Design (kBtu/h)	Rated (kBtu/h)	Supp. Heating Output (kBtu/h)	Sensible Per Design (kBtu/h)	Rated (kBtu/h)	Total Heating Load (kBtu/h)	Total Sensible Cooling Load (kBtu/h)
Conf/MP/Mtg System	Variable Refrigerant Flow	VRF heat pump w/ DDC control	NA: Altered per §141.0(b)2E and §180.2(b)2	82.19	103	0	65.86	73.9	69.86	70.31

[1]FOOTNOTES: Equipment shall be the smallest size, within the available options of the desired equipment line, necessary to meet the design heating and cooling loads of the building per §140.4(a) and §170.2(c)1. Healthcare facilities are excepted.
[2]It is common practice to show rated output capacity on the equipment schedule. Sensible cooling output comes from specification sheet tables.
[3] If equipment is heating only, leave cooling output and load blank. If equipment is cooling only, leave heating output and load blank.
[4] Authority Having Jurisdiction may ask for load calculations used for compliance per §140.4(b) and §170.2(c).

STATE OF CALIFORNIA
Indoor Lighting
CALIFORNIA ENERGY COMMISSION

CERTIFICATE OF COMPLIANCE	NRCC-LTI-E
This document is used to demonstrate compliance with requirements in 110.9, 110.12(c), 130.0, 130.1, 140.6 and 141.0(b)2 for indoor lighting scopes using the prescriptive path for nonresidential and hotel/motel occupancies. It is also used to document compliance with requirements in 160.5, 170.2(e) and 180.2(b)4 for indoor lighting scopes using the prescriptive path for multifamily occupancies. Multifamily includes dormitory and senior living facilities.

CERTIFICATE OF COMPLIANCE	NRCC-LTI-E
Project Name: Roseville Aquatics Complex - 3051 Woodcreek Oaks Blvd	**Report Page:** (Page 3 of 7)
	Date Prepared: 2026-01-22T12:25:30-05:00

F. INDOOR LIGHTING FIXTURE SCHEDULE

This table includes all planned permanent and portable lighting other than dwelling unit/ hotel/ motel room lighting. Multifamily dwelling unit and hotel/motel room lighting is documented in Table T. If using Table T to document lighting in multifamily common use areas providing shared provisions for living, eating, cooking or sanitation, those luminaires are not included here.

Designed Wattage: Conditioned Spaces

01	02	03	04	05	06	07	08	09	10	
Name or Item Tag	Complete Luminaire Description	Modular (Track) Fixture	Small Aperture & Color Change [1]	Watts per luminaire[2]	How is Wattage determined	Total Number of Luminaires	Excluded per 140.6(a)3 / 170.2(e)2C	Design Watts	Field Inspector	
									Pass	Fail
A / A1	4 FT LED SURFACE WRAP	No	NA	28	Mfr. Spec	22	No	616	☐	☐
B	LED SURFACE DOWNLIGHT	No	NA	12	Mfr. Spec	12	No	144	☐	☐
C	4 FT LED SURFACE WRAP	No	NA	22	Mfr. Spec	6	No	132	☐	☐
							Total Designed Watts: CONDITIONED SPACES	892		

[1]*FOOTNOTE: Design Watts for small aperture and color changing luminaires which qualify per 140.6(a)4B /170.2(e)2D is adjusted to be 75% /80% of their rated wattage. Table F automatically makes this adjustment, the permit applicant should enter full rated wattage in column 05.*

[2]*Authority Having Jurisdiction may ask for Luminaire cut sheets to confirm wattage used for compliance per 130.0(c) /160.5(b). Wattage used must be the maximum rated for the luminaire, not the lamp.*

G. MODULAR LIGHTING SYSTEMS

This section does not apply to this project.

H. INDOOR LIGHTING CONTROLS (Not including PAFs)

This table includes lighting controls for conditioned and unconditioned spaces.

DOCUMENTATION AUTHOR'S DECLARATION STATEMENT

I certify that this Certificate of Compliance documentation is accurate and complete.

Documentation Author Name: Rickert Henriksen		Documentation Author Signature:	
Company:	SACRAMENTO ENGINEERING CONSULTANTS	Signature Date:	AS DATE PREPARED
Address:	10555 OLD PLACERVILLE RD	CEA / HERS Certification Identification (if applicable):	
City/State/Zip:	SACRAMENTO, CA 95827	Phone:	(916) 368-4468

RESPONSIBLE PERSON'S DECLARATION STATEMENT

I certify the following under penalty of perjury, under the laws of the State of California:

1. The information provided on this Certificate of Compliance is true and correct.
2. I am eligible under Division 3 of the Business and Professions Code to accept responsibility for the building design or system design identified on this Certificate of Compliance (responsible designer)
3. The energy features and performance specifications, materials, components, and manufactured devices for the building design or system design identified on this Certificate of Compliance conform to the requirements of Title 24, Part 1 and Part 6 of the California Code of Regulations.
4. The building design features or system design features identified on this Certificate of Compliance are consistent with the information provided on other applicable compliance documents, worksheets, calculations, plans and specifications submitted to the enforcement agency for compliance with this building permit application.
5. I will ensure that a completed signed copy of this Certificate of Compliance shall be made available with the building permit(s) issued for the building, and made available to the enforcement agency for all applicable inspections. I understand that a completed signed copy of this Certificate of Compliance is required to be included with the documentation the builder provides to the building owner at occupancy.

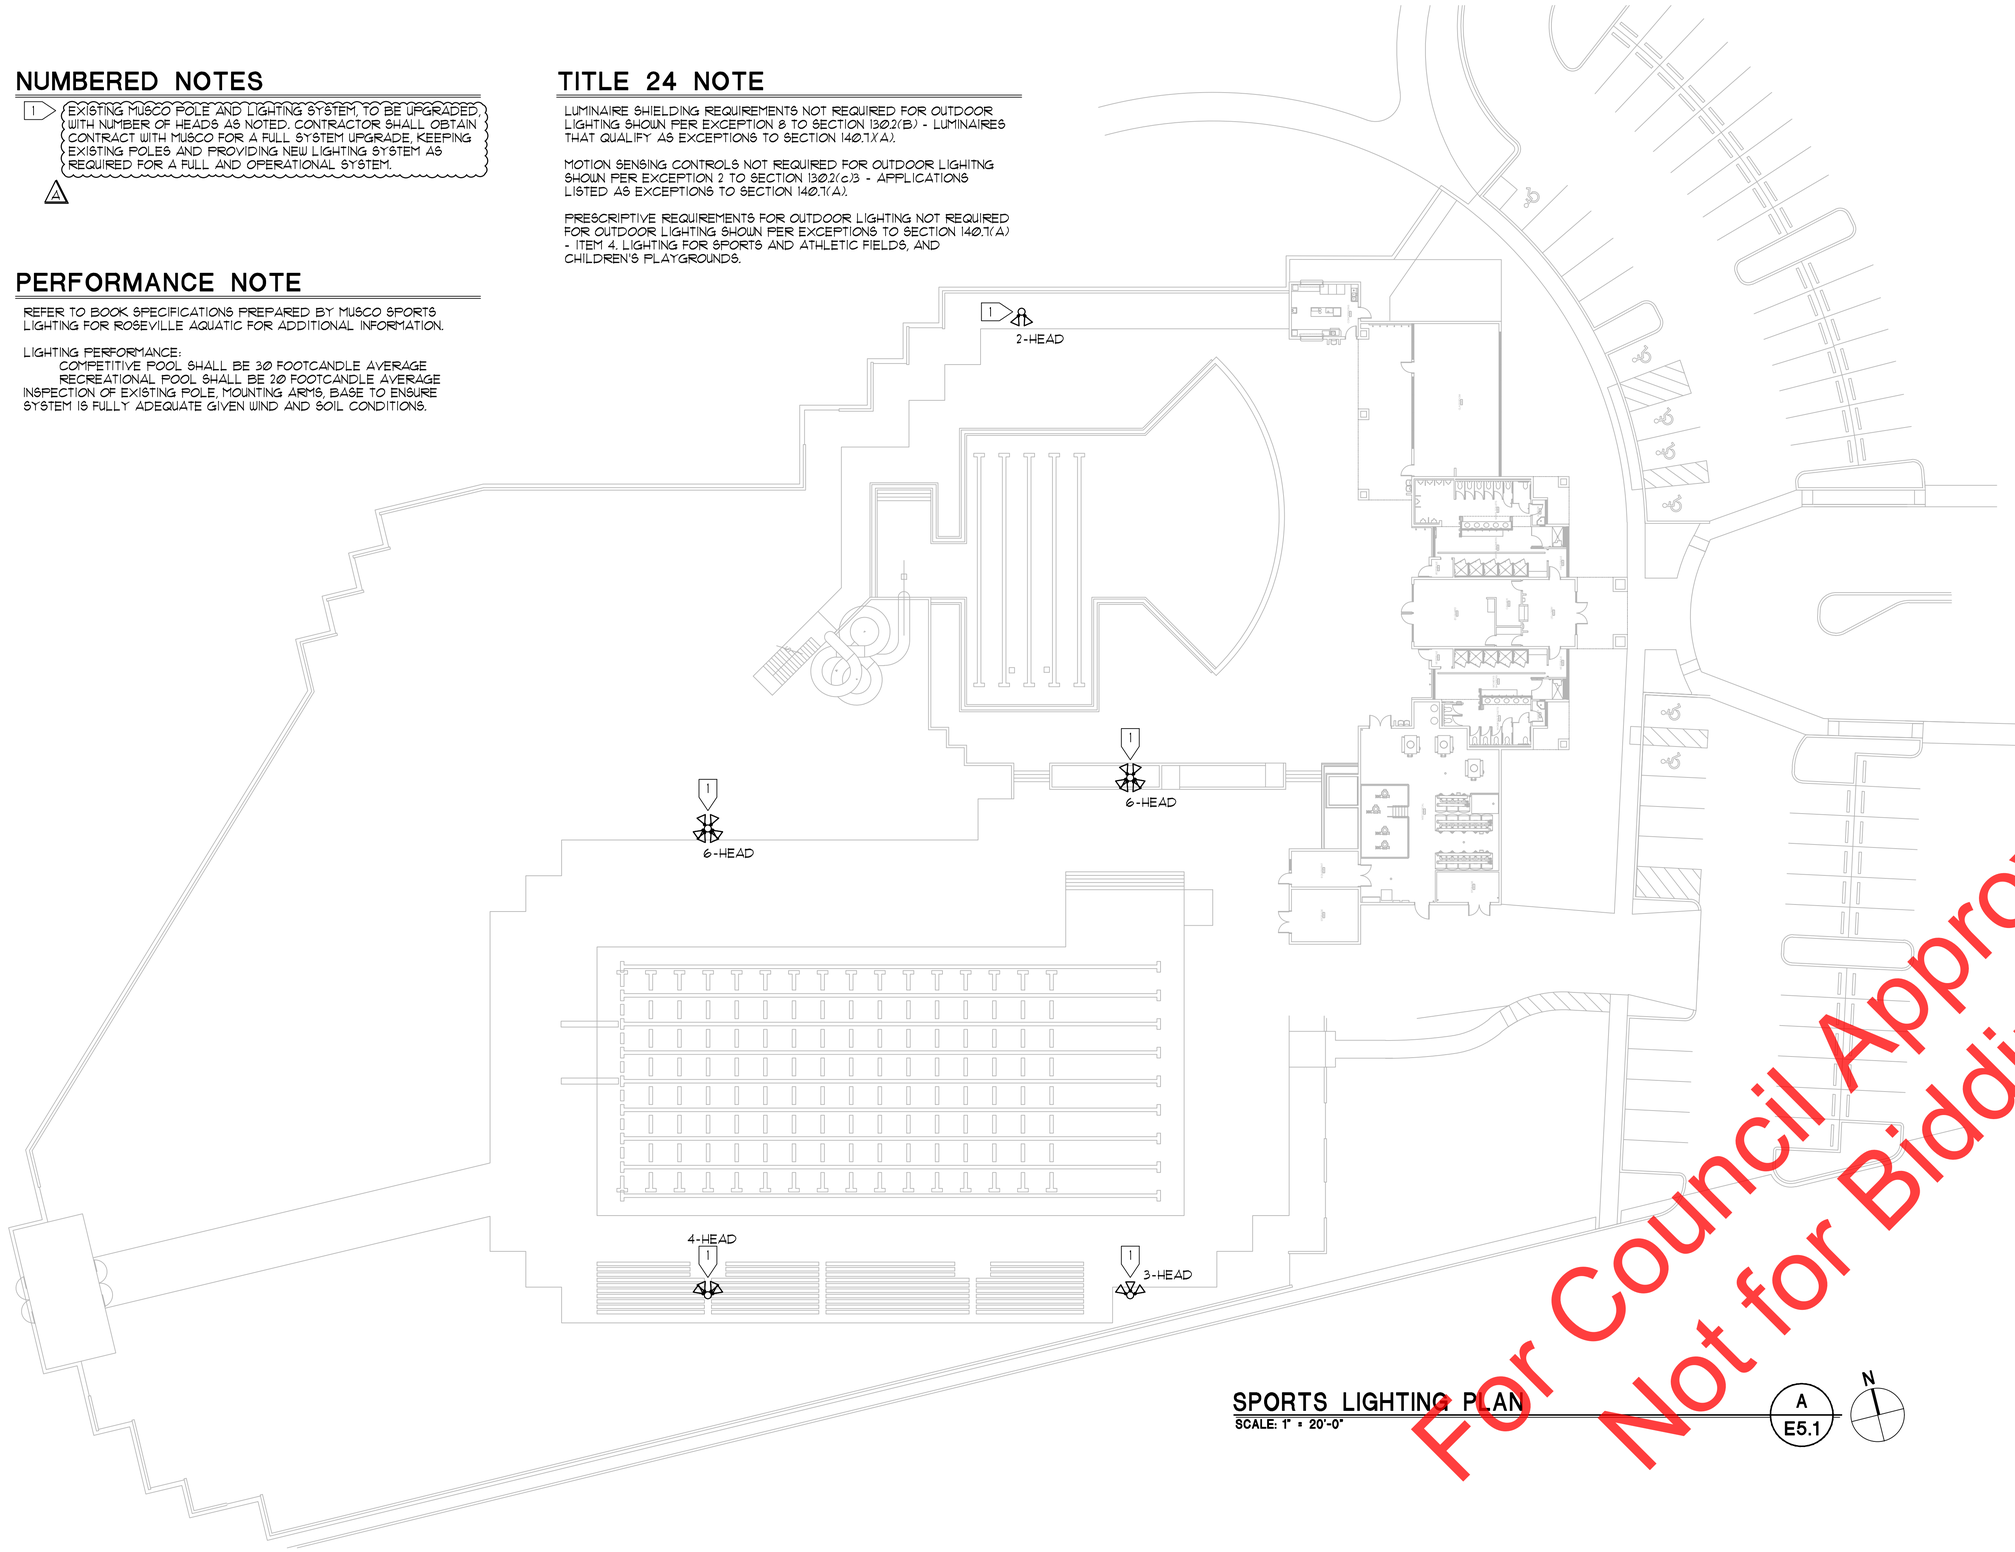
NUMBERED NOTES

1 EXISTING MUSCO POLE AND LIGHTING SYSTEM, TO BE UPGRADED WITH NUMBER OF HEADS AS NOTED. CONTRACTOR SHALL OBTAIN CONTRACT WITH MUSCO FOR A FULL SYSTEM UPGRADE, KEEPING EXISTING POLES AND PROVIDING NEW LIGHTING SYSTEM AS REQUIRED FOR A FULL AND OPERATIONAL SYSTEM.

PERFORMANCE NOTE

REFER TO BOOK SPECIFICATIONS PREPARED BY MUSCO SPORTS LIGHTING FOR ROSEVILLE AQUATIC FOR ADDITIONAL INFORMATION.



LIGHTING PERFORMANCE:
COMPETITIVE POOL SHALL BE 30 FOOTCANDLE AVERAGE
RECREATIONAL POOL SHALL BE 20 FOOTCANDLE AVERAGE
INSPECTION OF EXISTING POLE, MOUNTING ARMS, BASE TO ENSURE SYSTEM IS FULLY ADEQUATE GIVEN WIND AND SOIL CONDITIONS.

TITLE 24 NOTE

LUMINAIRE SHIELDING REQUIREMENTS NOT REQUIRED FOR OUTDOOR LIGHTING SHOWN PER EXCEPTION 8 TO SECTION 130.2(B) - LUMINAIRES THAT QUALIFY AS EXCEPTIONS TO SECTION 140.7.1(A).

MOTION SENSING CONTROLS NOT REQUIRED FOR OUTDOOR LIGHITNG SHOWN PER EXCEPTION 2 TO SECTION 130.2(C)3 - APPLICATIONS LISTED AS EXCEPTIONS TO SECTION 140.7.1(A).

PRESCRIPTIVE REQUIREMENTS FOR OUTDOOR LIGHTING NOT REQUIRED FOR OUTDOOR LIGHTING SHOWN PER EXCEPTIONS TO SECTION 140.7(A) - ITEM 4. LIGHTING FOR SPORTS AND ATHLETIC FIELDS, AND CHILDREN'S PLAYGROUNDS.

DEMOLITION/CONSTRUCTION NOTES

1. CONTRACTOR IS TO PHOTOGRAPH AND DOCUMENT ON A PLAN ANY AND ALL EXISTING DAMAGED ITEMS/SURFACES/FINISHES IN AND IMMEDIATELY AROUND THE WORK AREA AND ALONG ALL WORK PATHS FROM STAGING AREA PRIOR TO THE START OF WORK. CONTRACTOR IS TO SITE WALK ALL EXISTING DAMAGED AREAS WITH THE OWNER AND PROVIDE A COPY OF THE PHOTOGRAPHS AND DOCUMENTATION BEFORE WORK BEGINS. FAILURE TO PROVIDE THIS INFORMATION REPRESENTS ACCEPTANCE BY THE CONTRACTOR THAT ALL EXISTING SURROUNDING FINISHES (CONCRETE, AC PAVING, FLOORING, ETC.) AND ALL GATES, DOORS, PATHWAYS, ETC. ARE UNDAMAGED AND IN CLEAN AND FUNCTIONING CONDITION, AND CONTRACTOR ACCEPTS THE RESPONSIBILITY TO MAINTAIN AND CORRECT ANY DAMAGE LATER FOUND BY THE OWNER DURING CONSTRUCTION PERIOD IN THESE AREAS AT NO EXPENSE TO THE OWNER.
2. THE CONTRACTOR SHALL COORDINATE DEMOLITION WITH OTHER TRADES, AND SHALL PROTECT ALL EXISTING WORK, BUILDINGS, UTILITIES, ETC. TO REMAIN AS REQUIRED FOR RENOVATION OF SWIMMING POOL.
3. COORDINATE INGRESS/EGRESS AND HAUL ROUTES WITH THE OWNER PRIOR TO START OF WORK.
4. POOL PLAN VIEWS AND SECTIONS ARE SHOWN FOR CONTRACTOR INFORMATION AND ASSISTANCE. THE CONTRACTOR IS RESPONSIBLE FOR INDIVIDUAL SQUARE FOOTAGE TAKE-OFFS AND ESTIMATIONS WITH REGARD TO DEMOLITION, PREPARATION, AS WELL AS MEANS AND METHODS OF CONSTRUCTION. CONTRACTOR SHALL VISIT THE SITE AS REQUIRED TO ACCOMPLISH THE WORK, AND TO BECOME FAMILIAR WITH SCOPE AND SERVICES OF WORK REQUIRED. THE CONTRACTOR SHALL BE RESPONSIBLE FOR BRINGING ANY DISCREPANCIES OR REQUESTS FOR CLARIFICATIONS RELATED TO THE CONTRACT DOCUMENTS OR DESIGN TO THE ARCHITECT'S ATTENTION WITH AN RFI PRIOR TO BIDDING ON THE PROJECT. (A-D SP-2) (1 SP-1)
5. COORDINATE PROPOSED CONTRACTOR STAGING AREA WITH THE OWNER PRIOR TO CONSTRUCTION. PROVIDE TEMPORARY, TOILET(S), FENCING, GATES, ETC. AS REQUIRED.
6. PRIOR TO DEMOLITION, CONTRACTOR TO COORDINATE WITH OWNER ITEMS (QUANITY AND QUALITY) TO BE SALVAGED, RETURNED TO OWNER, AND / OR PROTECTED IN PLACE. ALL EXISTING DECK EQUIPMENT SHALL BE PROTECTED AND REUSED, EXCEPT WHEN NOTED TO BE REPLACED.
7. REMOVE AND REPLACE ALL EXISTING POOL FINISHES INCLUDING NEW GUTTER LIP TILE, WATERLINE TILE, LANE LINE TARGETS, LANE LINES, TRIM TILE ON STAIRS, 4'-6" DEPTH MARKER TILE AND PLASTER FINISHES DOWN TO ORIGINAL SOUND CONCRETE/SHOTCRETE. ANY CRACKS SHALL BE CHIPPED OUT TO A MINIMUM TO ¾"X¾" AND THEN FILLED FLUSH WITH NON-SHRINK GROUT. ALL EXPOSED REBAR, RUST SPOTS, ETC. SHALL BE EXPOSED, BUSHED DOWN 1½" BELOW FINISH SURFACE, ZINC COATED AND FILLED FLUSH WITH NON-SHRINK GROUT. OTHER IMPERFECTIONS IN THE POOL SHELL SHALL BE REPAIRED PRIOR TO INSTALLING A NEW WHITE PLASTER FINISH. (1-3 SP-3) (3,4 SP-7)
8. REMOVE AND REPLACE ALL OF THE EXISTING POOL UNDERWATER LIGHT FIXTURES. BEFORE ORDERING NEW POOL UNDERWATER LED LIGHT FIXTURES, THE CONTRACTOR SHALL BE RESPONSIBLE FOR FIELD VERIFYING THE CONDITION OF EACH EXISTING POOL LIGHT NICHE TO ENSURE THEY ARE NOT DAMAGED AND HAVE BEEN INSTALLED IN ACCORDANCE WITH ARTICLE 680 OF THE NEC. THE CONTRACTOR SHALL DETERMINE THE CORRECT SIZE AND THE TYPE OF REPLACEMENT LED LIGHT FIXTURE THAT CAN BE PROPERLY USED TO FIT AND SECURE INTO THE EXISTING NICHE. THE CONTRACTOR IS RESPONSIBLE FOR ENSURING THE PILOT HOLE THREADS AND NICHE HOOK AT EACH EXISTING POOL LIGHT NICHE ARE NOT DAMAGED AND ARE COMPLETELY INTACT AND READY TO RECEIVE A NEW LED LIGHT FIXTURE. IOR/BUILDING DEPARTMENT TO REVIEW AND APPROVE INSTALLATION PRIOR TO PLASTERING THE POOL. (4 SP-6)
9. PROPERLY CLEAN AND PREPARE GUTTER AND SURGE CHAMBER SURFACES AND APPLY TWO (2) COATS OF WATERPROOFING MATERIAL PER THE MANUFACTURER'S RECOMMENDATIONS AND PROJECT SPECIFICATIONS. CONTRACTOR SHALL REPLACE BUTTERFLY VALVE AND FLOAT VALVE IN SURGE CHAMBER AS PART OF THIS WORK.
10. REPLACE ANY DAMAGED OR LOST POOL FITTINGS, GRATES, ROPE ANCHORS LOST DURING DEMOLITION/CONSTRUCTION AS REQUIRED.
11. CONTRACTOR SHALL INSPECT ALL EXISTING MAIN DRAIN SUMPS FOR COMPLIANCE WITH CURRENT VGBA AND SOFA STANDARDS AND REPORT FINDINGS TO ARCHITECT IF IT IS DETERMINED THAT THE EXISTING PIPING, SUMPS, AND GRATES ARE NOT COMPLAINT WITH CURRENT VGBA AND SOFA STANDARDS.
12. THE CONTRACTOR SHALL ENSURE THAT ALL SURFACES ARE PREPARED TO RECEIVE NEW WHITE PLASTER FINISH. WEATHER CONDITIONS SHALL BECOME A CRITICAL PART OF WORK AND SHALL BE TAKEN INTO CONSIDERATION AT THE TIME OF PLASTER APPLICATION. THE CONTRACTOR SHALL PROVIDE A SUFFICIENT NUMBER OF WORKERS TO ENSURE THAT THE ENTIRE POOL CAN BE PLASTERED IN A SINGLE DAY OR SHALL PROVIDE CONTINUAL MISTING OF PLASTERED SURFACES TO ENSURE THAT PLASTER IS NOT EXPOSED TO THE AIR FOR A PERIOD OF TIME WHICH WOULD CAUSE DAMAGE IN ANY WAY.
13. CONTRACTOR SHALL FIELD LOCATE EXISTING UNDERGROUND MAIN DRAIN PIPING FROM MECHANICAL ROOM AND PRESSURE TEST TO CONFIRM INTEGRITY FOR CONTINUED USE.
14. THE OWNER SHALL IDENTIFY THE POOL FILL WATER SOURCE FROM CLOSEST FIRE HYDRANT AND SHALL PAY FOR THE WATER TO FILL THE POOL. THE CONTRACTOR IS RESPONSIBLE FOR FIRE HOSE, HOSES, FILLING AND PROTECTION OF PLASTER SURFACES. FILL SOURCE SHALL BE BLOWN-OFF INITIALLY TO PROVIDE A CLEAN DOMESTIC WATER SOURCE. THE CONTRACTOR SHALL PROVIDE CONTINUOUS FILL UNTIL THE WATER IS AT OPERATIONAL LEVEL. THE CONTRACTOR SHALL BE RESPONSIBLE FOR CLEANING AND BALANCING OF THE POOL WATER FOR A PERIOD OF NOT LESS THAN SEVEN (7) DAYS AFTER PLASTER. THE CONTRACTOR SHALL COORDINATE THEIR EFFORTS WITH OWNERS STAFF TO PROVIDE INSTRUCTION AND TRAINING IN PROPER OPERATION OF POOL IN CONJUNCTION WITH NEW PLASTER SURFACES.
15. EXISTING UNDERWATER LIGHT JUNCTION BOXES AND OUTLETS TO REMAIN PROTECTED IN PLACE AND REUSED. VERIFY ALL COMPONENTS MEET CURRENT ARTICLE 680 OF THE N.E.C.
16. ALL EXISTING POOL GUTTER PIPING TO REMAIN PROTECTED IN PLACE. CONTRACTOR TO FIELD LOCATE.
17. FIRE SAFETY DURING CONSTRUCTION AND DEMOLITION SHALL BE IN CONFORMANCE WITH NFC CHAPTER 33.
18. ALL EXISTING GUTTER OUTLET GRATES SHALL BE REMOVED AND REPLACED.
19. THE EXISTING POOL GUTTER LIP ELEVATIONS SHALL BE SURVEYED AND VERIFIED PRIOR TO DEMOLITION. THE POOL CONTRACTOR SHALL CORRECT ALL EXISTING UNLEVEL CONDITIONS AS PART OF NEW TILE INSTALLATION TO ACHIEVE A LEVEL AND UNIFORM FINISHED SURFACE. THE NEW POOL WATER LEVEL AND GUTTER TO ACCOMMODATE ANY SETTLEMENT THAT HAS RENDERED THE POOL OUT OF LEVEL. CONTRACTOR SHALL SUBMIT A SHOP DRAWING WITH EXISTING AND PROPOSED ELEVATIONS OF THE POOL GUTTER AND FINISHED TILE FOR REVIEW AND APPROVAL. PRIOR TO NEW WORK.
20. CONTRACTOR SHALL REMOVE THE EXISTING POOL EXPANSION THE ENTIRE WIDTH OF POOL AND UP WALLS. (3 SP-8)
21. CONTRACTOR SHALL PERFORM A CCTV VIDEO INSPECTION OF ALL EXISTING MAIN DRAIN PIPING SYSTEMS TO DETERMINE WHETHER THE EXISTING SYSTEM IS HYDRAULICALLY BALANCED. BASED ON FINDINGS, CONTRACTOR SHALL PROVIDE A WRITTEN REPORT AND VIDEO DOCUMENTATION TO THE ARCHITECT FOR REVIEW TO DETERMINE IF MODIFICATIONS ARE REQUIRED AS SHOWN IN DEDUCTIVE ALTERNATE 1. IF THE SYSTEM IS DETERMINED TO BE NOT HYDRAULICALLY BALANCED, CUTTING AND RECONSTRUCTION OF THE POOL FLOOR AND ASSOCIATED PIPING MAY BE REQUIRED UNDER DEDUCTIVE ALTERNATE 1.
22. CONTRACTOR TO DEMO EXISTING SURGE CHAMBER LID AND PREPARE SURGE CHAMBER FOR NEW STRUCTURAL LID, ACCESS HATCH, LADDER, AND WATERPROOFING. (1-3 SP-4)
23. GRABRAILS, HANDRAILS, AND LADDERS TO BE REMOVED AND REPLACED UTILIZING EXISTING ANCHORS WHERE NOTED.
24. PRIOR TO DRAINING THE POOL THE CONTRACTORS SHALL INSPECT EACH OF THE UNDERWATER LIGHTS FOR FIT AND FINISH AROUND THE NICHE AND THE EXISTING PLASTER FINISH AND PROVIDE A REPORT TO THE ARCHITECT AND OWNER FOR THEIR REVIEW. AFTER THE POOL IS DRAINED THE CONTRACTOR SHALL ISSUE AN ADDITIONAL REPORT ON THE STATUS OF THE EXISTING POOL LIGHT NICHE, CONDUIT, ABILITY FOR THE LIGHT FIXTURE CORD TO BE PULLED, AND ANY OTHER AREAS OF CONCERN REGARDING THE CONTINUED USE OF THE LIGHT NICHE AND CONDUIT. IF IT IS DETERMINED THAT THE LIGHT NICHE IS NOT SUITABLE TO BE REUSED THE CONTRACTOR SHALL PROVIDE A SUBMITTAL OF THEIR PROPOSED REPAIR BASED ON THE CONDITIONS. CONTRACTOR SHALL PROVIDE A UNIT COST FOR THE REPLACEMENT OF A UNDERWATER LIGHT NICHE IN THEIR BASE BID. CONTRACTOR TO INCLUDE ALL COSTS ASSOCIATED WITH REMOVING AND REPLACING THE LIGHT NICHE AND 100' OF 1" CONDUIT TO THE JUNCTION BOX. ALSO INCLUDE THE COSTS ASSOCIATED WITH REMOVING AND REPLACING THE AREA OF POOL DECK REQUIRED TO MAKE THE REPAIR.
25. ANY REQUIRED SIGNAGE THAT IS DAMAGED, MISSING, OR ILLEGIBLE SHALL BE REPLACED.

3 **HEAVY EYEBOLT ANCHOR** ½" = 1"

4 **UNDERWATER LED LIGHT** 1½"=1'-0"

UNDERWATER LIGHT NOTES:

1. ALL CONDUITS IN POOL LIGHTING SYSTEM TO BE A MINIMUM OF 1"ø.
2. CONDUCTORS TO POOL J-BOXES SHALL BE MINIMUM 2-#8 & 1#8 (SEE UNDERWATER LIGHT PLAN) SOLID UNBROKEN TO MAIN PANEL ISOLATED GROUND BUSS. THIS BUSS IS TO BE CONNECTED WITH SOLID INSULATED #8 COPPER WIRE TO UFER & COLDWATER GROUNDING LUG ON GROUNDING BUSS. UPSIZE CONDUCTORS AS REQUIRED FOR HOMERUNS EXCEEDING 100'.
3. ALL BRASS POOL J-BOXES SHALL BE FLUSH MOUNTED IN WALLS. IF FLUSH MOUNTING IS NOT POSSIBLE THEN MOUNTING SHALL BE SURFACE MOUNTED AND CONCRETE ENCASED.
4. CONDUITS WHERE ALLOWED BY CODE SHALL BE P.V.C. (POLYVINYL CHLORIDE) FROM WET NICHES TO BRASS J-BOXES TO LIGHTING PANEL. ALL CONDUITS IN FREE AIR SPACE AND ALL RISERS SHALL BE RED BRASS TYPICAL. PVC CONDUITS SHALL BE SOLVENT WELDED WITH P-70 PURPLE PRIMER AND 2711 GRAY HEAVY BODIED GLUE.
5. LIGHTING CONTACTORS SHALL BE "ALLEN-BRADLEY" #500 L± OR EQUAL MOUNTED IN A NEMA 12 HINGED COVER - LOCKABLE ENCLOSURE. CONTACTORS TO BE SWITCHED BY MOMENTARY SWITCH EQUAL TO "HUBBELL" #1557 MOUNTED IN J-BOX IN MECHANICAL EQUIPMENT ROOM. PROVIDE REMOTE UNDERWATER LIGHT SWITCH IN POOL BUILDING CONTROL ROOM.
6. BRASS POOL J-BOXES SHALL BE "HYDREL" #1119 ± W/1" HUBS OR EQUAL. (NO DIE CAST BOXES).
7. STRINGS SHALL BE PULLED IN ALL CONDUITS PRIOR TO PLACEMENT OF CONCRETE.
8. LOCAL, COUNTY OR CITY CODES SHALL BE ADHERED TO. SPECIFICATIONS TO BE IN ACCORDANCE WITH SECTION 680 OF LATEST N.E.C. BOOK.
9. PROVIDE PULL BOXES AS MAY BE REQUIRED FOR RUNS EXCEEDING 150 FT. OR DUE TO CHANGES IN GRADE OR DIRECTION.
10. CONTRACTOR SHALL TEST UNDERWATER POOL LIGHT GFIC CIRCUITS AND PROVIDE LETTER TO ARCHITECT AND OWNER UPON SUCCESSFUL TEST.
11. SEAL CONDUIT OPENING IN LIGHT NICHE WITH SILICON CAULKING AFTER LIGHT IS INSTALLED.
12. PRIOR TO LIGHT INSTALLATION, PROVIDE MINIMUM 10 PSI PRESSURE TEST ON ALL POOL LIGHT CONDUITS FOR FOUR (4) HOURS OBSERVED BY INSPECTOR OF RECORD. MAINTAIN PRESSURE UNTIL ALL DECKS ARE POURED.
13. PRIOR TO DRAINING THE POOL THE CONTRACTORS SHALL INSPECT EACH OF THE UNDERWATER LIGHTS FOR FIT AND FINISH AROUND THE NICHE AND THE EXISTING PLASTER FINISH AND PROVIDE A REPORT TO THE ARCHITECT AND OWNER FOR THEIR REVIEW. AFTER THE POOL IS DRAINED THE CONTRACTOR SHALL ISSUE AN ADDITIONAL REPORT ON THE STATUS OF THE EXISTING POOL LIGHT NICHE, CONDUIT, ABILITY FOR THE LIGHT FIXTURE CORD TO BE PULLED, AND ANY OTHER AREAS OF CONCERN REGARDING THE CONTINUED USE OF THE LIGHT NICHE AND CONDUIT. IF IT IS DETERMINED THAT THE LIGHT NICHE IS NOT SUITABLE TO BE REUSED THE CONTRACTOR SHALL PROVIDE A SUBMITTAL OF THEIR PROPOSED REPAIR BASED ON THE CONDITIONS. CONTRACTOR SHALL PROVIDE A UNIT COST FOR THE REPLACEMENT OF A UNDERWATER LIGHT NICHE IN THEIR BASE BID. CONTRACTOR TO INCLUDE ALL COSTS ASSOCIATED WITH REMOVING AND REPLACING THE LIGHT NICHE AND 100' OF 1" CONDUIT TO THE JUNCTION BOX. ALSO INCLUDE THE COSTS ASSOCIATED WITH REMOVING AND REPLACING THE AREA OF POOL DECK REQUIRED TO MAKE THE REPAIR.
14. THE CONTRACTOR IS RESPONSIBLE FOR ENSURING THE PILOT HOLE THREADS AND NICHE HOOK AT EACH EXISTING POOL LIGHT NICHE ARE NOT DAMAGED AND ARE COMPLETELY INTACT AND READY TO RECEIVE A NEW LED LIGHT FIXTURE. CONTRACTOR TO PROVIDE SUBMITTAL FOR A SUITABLE PLASTER RING IN THE EVENT THE THE SCREW TAB, NUT, AND/OR CLIP TAB ARE DAMAGED, MISSING, OR NOT SUITABLE TO ADEQUATELY RECEIVE A NEW LIGHT FIXTURE. IOR/BUILDING DEPARTMENT TO REVIEW AND APPROVE INSTALLATION PRIOR TO PLASTERING THE POOL.
15. THE END EXPECTATION IS THAT ALL UNDERWATER LIGHTS ARE FIRMLY ATTACHED AND FLUSH TO THE PLASTER.

Notice to Bidders

DATE: 7/13/2026

TO: Prospective Bidders

FROM: Heather Buck, Senior Park Development Project Manager

RE: Roseville Aquatics Complex (RAC) Renovation Project

Project Description: The City of Roseville is now accepting bid proposals for the RAC Renovation Project The scope of work for the base bid includes, but is not limited to: The project includes replastering of the competition pool and upgrades to the locker rooms and restrooms to ensure accessibility compliance. Additive alternates have been identified for budget purposes, and include mechanical pit wall repairs, HVAC improvements to the classroom, sports lighting replacements, additional plumbing improvements, door closer replacements, and replacement of the pool surge pit cover.

Contract Documents: A Project Manual, including all Contract Documents and the Proposal forms for bidding this project, may be obtained online from the City of Roseville's website at http://www.roseville.ca.gov/business/procurement_services/bids_rfps.php. All communications relative to this project shall be conducted through Public Purchase.

Potential bidders are advised to obtain all documents and specifications related to this project directly from the City of Roseville. The City of Roseville does not guarantee the accuracy of any forms, plans, or project manuals obtained through outside sources other than the City of Roseville. Furthermore, the City does not guarantee the distribution of any addendums or the accuracy of their content if obtained from a third party.

Bidders expressly assume the risk that their bid will be rejected from the use of project manuals or project plans obtained from third parties other than the City of Roseville.

Engineer's Estimate: The engineer's estimate for construction of the base bid items is $**3,300,500.00**

Pre-Bid Meeting: Not applicable.

Questions: The deadline for submission of questions and clarifications regarding the Contract Documents is 7/24/2026. In order to meet the required timeline to issue addenda, questions will not be accepted after this date. Only Addenda issued by the City are binding. All questions shall be directed to the attention of Heather Buck via Public Purchase at https://roseville.ca.gov/rfp.

Bid Deadline: Proposals will be received at the Office of the City Clerk, 311 Vernon Street, Roseville, California, until 3:00 p.m. on 8/4/2026. The proposals will be publicly opened and read by the City Clerk or designee of the City of Roseville in the City Clerk's Office at 3:05 p.m. on that same day.

The latest edition of the City of Roseville Parks Construction Standards will be applicable to this project. The successful bidder will be required to use the standards contained in the book for the construction of this project.

Notice to the apparent low bidder for the Roseville Aquatics Complex Renovation Project

In order to move forward with the award of this project, the City of Roseville requests that you submit the following documents:

1. Agreement (two sets of originals, single-side print) with either:
   - wet signatures from two corporate officers*, or
   - wet signature from one corporate office **plus** the corporate seal

** In accordance with Section 313 of the California Corporations Code, any document executed by a corporation requires the signature from at least one person from EACH of the following two groups:*

GROUP ONE	*GROUP TWO*
Chairman of the Board	*Secretary*
President	*Assistant Secretary*
Vice President	*Chief Financial Officer*
	Assistant Treasurer

If an officer holds a title in each of the above groups (dual title), that officer may sign for each of the two groups by two separate signatures with the appropriate title listed with his or her signature.

2. Public Works Faithful Performance Bond – fully executed and notarized
3. Public Works Labor and Materials Payment Bond – fully executed and notarized
4. Insurance Certificates – e-mailed to roseville@ebix.com and hcbuck@roseville.ca.us

We request that all documents be received by **August 21, 2026**.

Please contact us if you are unable to meet this deadline.

Send completed forms to:

City of Roseville - Parks, Recreation & Libraries Department
Attn: Heather Buck
316 Vernon Street, Suite 400
Roseville CA 95678

The Parks, Recreation & Libraries Department requires submittal of all of the above executed documents prior to City Council bid award.

CITY OF ROSEVILLE

DEPARTMENT OF Parks, Recreation & Libraries

Name of Project: Roseville Aquatics Complex Renovation

NOTICE TO CONTRACTORS

NOTICE IS HEREBY GIVEN THAT sealed Proposals will be received at the Office of the City Clerk, 311 Vernon Street, Roseville, California, until August 4, 2026 at 3:00 p.m. Late Proposals will be rejected. No exceptions.

The Proposals will be publicly opened and read by the City Clerk or designee of the City of Roseville at 3:05 p.m. on August 4, 2026 at the Office of the City Clerk located at 311 Vernon Street, Roseville California for the following project:

Roseville Aquatics Complex Renovation.

A pre-bid meeting will be held at n/a. A pre-bid meeting will not be held.

.

A Project Manual, including all Contract Documents and the Proposal forms for bidding this project, may be obtained on-line from the City of Roseville's website at https://www.roseville.ca.us/business/procurement_services/bids_rfps. All communications relative to this project shall be conducted through Public Purchase.

Bids shall be submitted on the City's Proposal Forms included in the Project Manual, plainly endorsed with the Bidder's name together with signed acknowledgement of any and all addenda. Proposal Forms shall be securely sealed in a suitable envelope marked with the name and address of the Bidder, and marked in capital letters on the front and back of the envelope as

For Council Approval
Not for Bidding

follows:

[NAME OF PROJECT]

(Name of Bidder)

(Address of Bidder)

Whether mailed or personally delivered, all bids shall be addressed to the City of Roseville, Office of the City Clerk, 311 Vernon Street, Roseville, California, 95678.

Each bid must be accompanied by a Bid Guaranty in the form of a Certificate of Deposit, Certified or Cashier's Check, Bidder's Bond or Irrevocable Standby Letter of Credit in an amount equal to at least ten percent (10%) of the Bidder's Grand Total Price. The Bid Guaranty will be retained by the City and applied to any and all damages sustained by the City in the event that the successful Bidder fails or refuses to enter into the Contract awarded to it and to furnish all required bonds and Certificates of Insurance. The City intends to award the Contract to the lowest responsible Bidder based on the Grand Total Bid Price for all components of the Project. To the extent allowed by law, the City reserves the right to reject any and all bids and/or to waive any irregularities or informalities in any bid or in the bidding procedure. The City specifically reserves the right to not award the Contract after the opening of bids.

Any bid may be withdrawn at any time prior to the time fixed in the public notice for the deadline submission of bids only by written request for the withdrawal of the bid filed with the City Clerk. The request shall be executed by the Bidder or his or her duly authorized representative. The withdrawal of a bid does not prejudice the right of the Bidder to file a new bid by the submission deadline. Whether or not bids are opened exactly at the time fixed in the public notice for opening bids, a bid will not be received after the deadline submission of bids

For Council Approval
Not for Bidding

nor may any bid be withdrawn after the time fixed in the public notice for deadline for submission of bids. Immediately following the deadline for submission of bids all bids shall become the property of the City of Roseville and the City is under no obligation to return bids.

Bids will be examined and reported to the City Council within sixty (60) business days after the bid opening. Except as permitted by applicable law, no Bidder may withdraw its bid for a period of sixty (60) business days after the date of bid opening. Each Bidder will be notified of any award of the Contract by the City.

The City will affirmatively ensure non-discrimination on the basis of one or more of the following: race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, age, sexual orientation, or military and veteran status in the award and administration of contracts that it awards.

Pursuant to Public Contract Code Section 22300, the successful Bidder may submit certain securities in lieu of the City withholding retention of payments during the Project.

The City has determined that the Contractor shall possess a valid Class B, General Building Contractor's license at the time that the bid is submitted, as well as any other license classification as may be required by the laws of the California for the performance of the work specified in the Contract Documents. Said license shall be maintained during the Contract period. Failure to possess the specified license shall render the bid nonresponsive and will act as a bar to the award of the Contract to any Bidder not possessing such a license at the time of bid submittal. The Contractor shall provide certification of the license, its number and the expiration date on the proposal form.

The work is to be done in Placer County. Pursuant to California Labor Code Section 1773, the City has ascertained the General Prevailing Rate of Wages in the County in which the

For Council Approval
Not for Bidding

work is to be done to be as determined by the Director of Industrial Relations of the State of California. The Contractor is hereby made aware that information regarding prevailing wage rates may be obtained from the State Department of Industrial Relations and/or the following website address: http://www.dir.ca.gov/dlsr/DPreWageDetermination.htm. The Contractor is required to post a copy of the applicable wage rates at the job site. Attention is directed to Section 5 "Legal Relations and Responsibility" of the General Conditions.

Pursuant to Labor Code Section 1771.1(b), notice is hereby given that a contractor or subcontractor shall not be qualified to bid on, be listed in a bid proposal, subject to the requirements of Section 4104 of the Public Contract Code, or engage in the performance of any contract for public work, as defined in Labor Code Sections 1720, et seq., unless currently registered and qualified to perform public work pursuant to Labor Code Section 1725.5 or exempt from registration requirements pursuant to Labor Code Section 1725.5(f). It is not a violation of Labor Code Section 1771.1 for an unregistered contractor to submit a bid that is authorized by Section 7029.1 of the Business and Professions Code or by Section 10164 or 20103.5 of the Public Contract Code, provided the contractor is registered to perform work pursuant to Labor Code Section 1725.5 at the time the contract is awarded or is exempt from registration requirements pursuant to Labor Code Section 1725.5(f). The Contractor is hereby notified that this project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

Vehicles with a GVWR greater than 8,500 lbs. and light – duty package delivery vehicles operated in California may be subject to the California Air Resources Board Advanced Clean Fleets regulations. Such vehicles may therefore be subject to requirements to reduce emissions and air pollutants. For more information, please visit the CARB Advanced Clean Fleets

For Council Approval
Not for Bidding

webpage at https://ww2.arb.ca.gov/our-work/programs/advanced-clean-fleets. In addition, certain off-road diesel vehicles may be subject to the CARB In-Use Off-Road Diesel-Fueled Fleets Regulation. For more information, please visit the CARB In-Use Off-Road Diesel-Fueled Fleets Regulation webpage at https://ww2.arb.ca.gov/our-work/programs/use-road-diesel-fueled-fleets-regulation.

All questions prior to the deadline for bid submissions shall be directed to the attention of Heather Buck via Public Purchase at https://roseville.ca.gov/rfp. The deadline for submissions of questions and clarifications regarding the Contract Documents is 10 calendar days before the deadline for bid submissions. Only Addenda issued by the City are binding.

INSTRUCTIONS TO BIDDERS

SECTION 1. GENERAL

1-1.01 **GENERAL.** These Instructions to Bidders form a part of the Contract Documents. Capitalized terms are defined in the General Conditions Section 1.

1-1.02 **EXAMINATION OF PLANS, CONTRACT DOCUMENTS AND SITE OF THE WORK.** The Bidder shall examine carefully the site of the Work and all the Contract Documents, including these Instructions to Bidders, and shall inform itself of the conditions relating to the execution of the Work. Failure to do so will not relieve the successful Bidder of its obligation to enter into an Agreement and complete the Work in strict accordance with the Contract Documents. Conditions relating to the execution of the Work include the requirements of federal, state, and local laws, statutes and ordinances relative to the execution of Work, including, but not limited to, applicable regulations concerning prevailing wage rates, non-discrimination in the employment of labor, protection of the public, employee health and safety, and environmental protection.

The submission of a bid shall be conclusive evidence that the Bidder has investigated and is satisfied as to the conditions to be encountered, as to the character, quality, and scope of Work to be performed, the quantities of materials to be furnished, and as to the requirements of all the Contract Documents.

1-1.03 **EXISTING INFORMATION.** Where the Department has made investigations of site conditions, including subsurface conditions in areas where Work is to be performed under the Contract, such investigations are made only for the purpose of study and design. City does not represent that such conditions as found in these investigations or inferences or conclusions drawn as a result of these investigations will represent actual site

For Council Approval
Not for Bidding

conditions and hereby disclaims any liability as a result of Contractor's or Bidder's reliance on such investigations. City will presume that all Bidders have conducted their own site investigations, including investigations of subsurface conditions. Where such investigations have been made, Bidders or Contractors may, upon written request, inspect the records of the Department as to such investigations subject to the conditions set forth in these Instructions to Bidders. Such inspection of records may be made only at the location noted above. The records of such investigations are not a part of the Contract Documents and are shown solely for the convenience of the Bidder or Contractor. The City assumes no responsibility whatsoever with respect to the sufficiency or accuracy of the investigations made, the records thereof, or of the interpretations set forth therein or made by the City in its use thereof. The City makes no warranty or guarantee, either express or implied, that the conditions indicated by such investigations or records are representative of those existing throughout such areas, or any part thereof, or that unforeseen developments may not occur, or that materials other than, or in proportions different from those indicated, may not be encountered.

No information derived from such inspection of records of investigations or compilation thereof made by the City, the Department or from the Engineer, or his or her assistants, will in any way relieve the Bidder or Contractor from properly examining the site and making such additional investigations as it may elect, or from properly fulfilling the terms of the Contract.

For Council Approval
Not for Bidding

SECTION 2: BID REQUIREMENTS

2-1.01 **PROPOSAL FORMS.** The Department will furnish to each Bidder standard Proposal Forms, which, when filled out and executed may be submitted as the bid. Proposals shall include all pages in the Project Manual with page numbers marked "PROP" plus the Addendum acknowledgment form (front sheet) from all Addenda received by the Bidder. Proposals shall be removed from the Project Manual. The full Project Manual shall not be submitted with the proposal. Bids not presented on forms so furnished will be disregarded.

The Proposal and one (1) copy thereof shall be submitted as directed in the "Notice to Contractors" under sealed cover plainly marked as a Proposal, and identifying the project to which the Proposal relates and the date of the bid opening therefor. Proposals which are not properly marked may be disregarded.

All blank spaces in the Proposal must be completed, as required, in ink. All price information shall be shown, clearly legible, in figures where required.

The Bidder shall sign the Proposal in the blank space provided therefor. If the Bidder is the sole owner, the Proposal shall be signed by the owner. If the Bidder is a corporation, the legal name of the corporation and its State of incorporation shall be set forth and the Proposal shall be signed by at least two officers authorized to sign contracts on behalf of the corporation. If the Bidder is a partnership, the true name of the firm shall be set forth, the names and addresses of all partners shall be given and the Proposal shall be signed by a partner in the firm authorized to sign contracts on behalf of the partnership. If the Bidder is a joint venture, the Proposal shall be signed on behalf of each participating company by officers or other individuals who have the full and proper authorization to do so. If the Proposal is signed by an agent of the Bidder other than an officer of a corporation or a member of a partnership, a notarized Power of

For Council Approval
Not for Bidding

Attorney must be on file with the City prior to opening of bids or must be submitted with the Proposal. If requested by the City, the Bidder shall promptly submit evidence satisfactory to the City of the authority of the person signing the Proposal.

2-1.02 **SUBMISSION OF BIDS.** Bids must be submitted at the prescribed time and location specified in the Notice to Contractors. Any submission received after the prescribed time shall be rejected, regardless of whether or not bids are opened exactly at the prescribed time.

Any unauthorized conditions or qualifications entered on, or changes made to, the Proposal may render it invalid and may cause its rejection.

No telegraphic, telephonic, or facsimile or other electronically transmitted bids will be considered.

2-1.03 **REQUIRED LISTING OF PROPOSED SUBCONTRACTORS.** Each Proposal shall list the name, address and Contractor license number of each Subcontractor to whom the Bidder proposes to subcontract portions of the Work in an amount in excess of one-half of one percent (0.5%) of its total bid, in accordance with Section 4100 to 4114, inclusive, of the Public Contract Code for the State of California. The Bidder shall list the Subcontractor's license number and the portion of the Work that will be done by each Subcontractor. If the Bidder fails to specify a Subcontractor for any portion of the Work, the Bidder agrees to perform that portion of the Work itself, and represents that it is qualified to perform that portion of the Work itself. The Bidder's attention is invited to other provisions of the Public Contract Code related to the imposition of penalties for a failure to observe its provisions by using unauthorized Subcontractors or by making unauthorized substitutions.

2-1.04 **CONTRACTOR'S LICENSING LAWS.** Attention is directed to the

For Council Approval
Not for Bidding

provisions of Business and Professions Code Chapter 9 of Division 3 concerning the licensing of Contractors.

All Bidders at the time of bid submittal shall be licensed as Contractors in accordance with the laws of this State. Any Bidder or Contractor not so licensed is subject to the penalties imposed by such laws. The form of Contractor's license required is stated in the Notice to Contractors, provided that the City makes no representation as to whether the State may require other or additional licenses. It is the Bidder's and Contractor's responsibility to obtain the correct Contractor's licenses. Bidders shall be skilled and regularly engaged in the general class or type of Work called for under this Contract.

All Bidders and Contractors, including Subcontractors, shall have a current City business license before undertaking any Work.

2-1.05 **NONCOLLUSION DECLARATION.** By submitting a bid, the Bidder represents and warrants that such bid is genuine and not a sham or collusive or made in the interest or on the behalf of any person therein named, and that the Bidder has not, directly or indirectly, included or solicited any other Bidder to put in a sham bid, or any other person, firm, or corporation to refrain from bidding, and that the Bidder has not in any manner sought collusion to secure the Bidder an advantage over any other Bidder.

Bidders shall submit a properly completed and executed "Noncollusion Declaration" in the form required by Public Contract Code Section 7106 and provided with the Proposal (PROP-11).

2-1.06 **DISQUALIFICATION, REMOVAL OR OTHER PREVENTION OF BIDDING.** A bid may be rejected on the basis of a Bidder, any officer of such Bidder, or any employee of such Bidder who has a proprietary interest in such Bidder, having been disqualified,

For Council Approval
Not for Bidding

removed, or otherwise prevented from bidding on, or completing a federal, state, or local project because of a violation of law or a safety regulation.

2-1.07 **PROPOSAL GUARANTY.** All bids shall be accompanied by one of the following forms of Bidder's security: Cash, a cashier's check, a certified check, or a Bidder's bond executed by an admitted California surety insurer, made payable to the City of Roseville, or any other form of security deemed acceptable by the City Attorney. The security shall be in an amount equal to at least ten percent (10%) of the amount bid. A bid will not be considered unless one of the form of Bidder's security is enclosed with it.

A Bidder's bond shall conform to the City's bond form in the Proposal and shall be properly filled out and executed.

2-1.08 **SCHEDULE OF BID PRICES.** Bidders are directed to submit unit and lump sum prices for all Work set forth in the Contract Documents on the Proposal Form entitled "Schedule of Bid Prices."

Unit prices and lump sum prices, as indicated, must be entered in the appropriate spaces provided in the Schedule of Bid Prices. If applicable, unit prices shall be multiplied by the quantities shown, and the total shall be inserted in the Amount column. In the event of any error or discrepancy between the unit price and the calculated amount, the unit prices shall govern. The City may correct any mathematical errors apparent on the face of the bid.

The amounts shown in the Amount column must be added together in arriving at the Grand Total Bid Price.

Amounts for Allowance bid items must be entered in the exact amount in the Amount column.

The prices included within the Schedule of Bid Prices shall include all costs for labor,

For Council Approval
Not for Bidding

materials, tools, equipment, services, Subcontractors, suppliers, taxes, insurance, shipment, delivery, overhead, profit, and all other costs necessary to perform the Work in accordance with the Contract Documents.

The Grand Total Bid Price shall be indicated in the Summary table form included with the Schedule of Bid Prices. The Grand Total Bid Price shall be the sum of the amounts bid for each of the designated portions of the Work, as more specifically described on the Schedule of Bid Prices form itself.

Full compensation for complying with the Contract Documents, including requirements of the Standard Specifications, the General Conditions, Supplemental Conditions, and all warranties, shall be considered included in the bid items and no additional compensation shall be allowed therefor.

Full compensation for completion of all work as shown on the plans, as specified in the Specifications, and as directed by the City, shall be considered included in the bid items and no additional compensation shall be allowed.

Bidders are strongly discouraged from submitting unbalanced bids. As used herein, the term "unbalanced bid" is defined as any bid that does not include a reasonable proportionate allocation of indirect costs and profit of each bid item indicated in the Schedule of Bid Prices. The City reserves the right to reject any unbalanced bid if the City determines that there is a reasonable doubt that an acceptance of the bid will not result in the lowest ultimate cost to the City with regard to the work or a disproportionate distribution of contract funds.

The City reserves the right to delete any bid item in its entirety and/or significantly reduce the quantity of Work under a bid item. The City makes no representation that any Work under a bid item will be performed during the course of the Project or that the Work will be

For Council Approval
Not for Bidding

performed at the quantities included in the Schedule of Bid Prices. As provided in the General Conditions, for any deleted Work, Contractor shall not be entitled to payment of the indirect costs and profit included for said bid item. All bid items shall be considered distinct and severable from the remaining bid items, and each Bidder acts at its peril if its bid is unbalanced.

The City shall compare bids on the basis of the Grand Total Bid Price, which includes the base bid and any alternates designated on the Schedule of Bid Prices. Alternates may or may not be awarded, or may be awarded in any combination, at the City's discretion.

2-1.09 **WITHDRAWAL OF PROPOSALS.** Any bid may be withdrawn at any time prior to the time fixed in the Notice to Contractors for the opening of bids, provided that a request in writing, executed by the Bidder or its duly authorized representative, for the withdrawal of such bid is filed with the City Clerk. Facsimile and electronic mail requests are not acceptable. The withdrawal of a bid shall not prejudice the right of a Bidder to file a new bid. The withdrawal of any bid after the time fixed in the Notice to Contractors for the opening of bids will not be permitted.

2-1.10 **ADDENDUM.** Proposals shall include all costs and account for all Addenda issued prior to opening of bids. The Bidder is responsible for verifying that all issued Addenda have been received. An Addendum acknowledgment form for each Addendum shall be included as part of the Proposal submittal.

2-1.11 **PUBLIC OPENING OF PROPOSALS.** Proposals will be publicly opened and read at the time and place indicated in the Notice to Contractors. Bidders or their authorized agents are invited to be present.

2-1.12 **TRENCHING AND EXCAVATION WORK.** In accordance with the provisions of California Labor Code Section 6707, if the Work involves construction of a

For Council Approval
Not for Bidding

pipeline, sewer, sewage disposal system, boring or jacking pits, or similar trenches or open excavations, which are five feet (5') or deeper, each bid submitted shall contain, as a bid item, adequate sheeting, shoring, and bracing, or equivalent method, for the protection of life or limb, which shall conform to all applicable safety orders.

For Council Approval
Not for Bidding

SECTION 3: EVALUATION OF BIDS

3-1.01 **BID EVALUATION PROCESS.** Bids will be evaluated to determine the apparent low Bidder. The apparent low Bidder will be determined on the basis of the Grand Total Bid Price, as shown in the Schedule of Bid Prices. If additive or deductive alternates are used in the Schedule of Bid Prices, the apparent low Bidder will be the Bidder with the lowest total of the bid prices for base contract items plus the alternates designated by the City as those that will be used for determining the lowest bid price. However, the City reserves the right to (1) not award any alternates or (2) award any combination of alternates.

In case of discrepancy between the total of the base contract items and any specified alternates and the stated Grand Total Bid Price, the total of the base contract items plus specified alternates shall prevail. Any mathematical errors that appear on the face of the bid will be corrected by the City and the City will use the mathematically corrected addition. For example, if the mathematical total of Bidder's base contract items plus specified alternates equals $1,000,000, but the Bidder has written $1,250,000 as the Grand Total Bid Price, the City will consider $1,000,000 to be the Bidder's Grand Total Bid Price for purposes of comparison to other Bidders and actual bid award. The City reserves its rights to reject or accept bids based on discrepancies between the stated Grand Total Bid Price and the actual mathematical total of the base contract bid items, plus specified alternates.

3-1.02 **REJECTION OF IRREGULAR PROPOSALS.** Proposals may be rejected in the City's sole discretion if they show any alterations of form, additions not called for, conditional bids, incomplete bids, erasures, or irregularities of any kind. However, the City reserves the right to waive any minor irregularities and informalities in any bid or in the bid procedure for any reason.

For Council Approval
Not for Bidding

3-1.03 **COMPETITIVE BIDDING.** If more than one proposal is offered by any individual, firm, partnership, corporation, association, or any combination thereof, under the same or different names, all such proposals may be rejected. A party who has quoted prices on materials or Work to a Bidder is not thereby disqualified from quoting prices to other Bidders, or from submitting a bid directly for the materials or Work.

All Bidders are put on notice that any collusive agreement to control or affect the awarding of this Contract is in violation of the competitive bidding requirements of the City Charter, State Contract Act and the Business and Professions Code and may render void any Contract let under such circumstances.

3-1.04 **RELIEF OF BIDDERS.** If the Bidder claims a mistake was made in its bid, the Bidder shall give the Department written notice within five (5) Days after the opening of the bids of the alleged mistake, specifying in the notice in detail how the mistake occurred. No relief from a claimed mistaken bid shall be granted unless such mistake clearly appears on the face of the bid submitted to the City. Claimed mistakes on backup worksheets, spreadsheets, computerized bidding programs, or any other similar calculative bidding mistake which is not apparent on the face of the bid shall not under any circumstance be considered as a basis for relief. The burden of proving the occurrence of a mistake entitling a Bidder to relief from its bid rests entirely on the Bidder. Relief from bids shall be in the City's sole discretion.

For Council Approval
Not for Bidding

SECTION 4: AWARD AND EXECUTION OF CONTRACT

4-1.01 **AWARD OF CONTRACT.** The City reserves the right to reject any and all proposals and to award (or not award) any combination of bid items at its option. Any such award will be to the lowest responsible Bidder whose proposal complies with the requirements prescribed for the bid items awarded. Such award, if made, will be made within sixty (60) business days after the opening of the proposals. If the lowest responsible Bidder refuses or fails to execute the Contract, or provide an acceptable Performance Bond, Payment Bond, and insurance certificate(s), the City may award the Contract to the second lowest responsible Bidder. Such award, if made, will be made within eighty-two (82) business days after the opening of proposals. If the second lowest responsible Bidder refuses or fails to execute the Contract, or provide an acceptable Performance Bond, Payment Bond, and insurance certificate(s), the City may award the Contract to the third lowest responsible Bidder. Such award, if made, will be made within one hundred four (104) business days after the opening of the proposals. The above time periods within which the award of Contract may be made are subject to extension for such further period as may be agreed upon in writing between the City and the Bidder concerned.

4-1.02 **RETURN OF BIDDER'S SECURITIES.** Within ten (10) Days after the award of the Contract, the City Clerk will return all Bidders' securities, other than Bidders' bonds, accompanying the proposals that are not to be further considered in making the award. Retained Bidders' securities will be held until the Contract has been fully executed, after which all Bidders' securities, except Bidders' bonds and any Bidders' securities that have been forfeited, will be returned.

4-1.03 **CONTRACT BONDS.** The successful Bidder shall furnish two (2)

For Council Approval
Not for Bidding

bonds in the form contained in the section entitled Insurance Broker Information Packet and Bonds. One (1) bond shall secure the payment of the claims of laborers, mechanics or materialmen employed on the Work under the Contract, and the other bond shall guarantee the faithful performance of the Contract.

Each of the two (2) bonds shall be in a sum equal to one hundred percent (100%) of the Contract Price. If the Contract Price increases by the issuance of Change Orders, the penal amounts of the bonds required shall increase accordingly. Sureties on each of said bonds shall be satisfactory to the City.

All alterations, extensions of time, extra and additional Work, and other changes authorized by the Standard Specifications, the General Conditions, the Supplemental Conditions or any part of the Contract may be made without securing the consent of the surety or sureties on the Contract bonds.

Furthermore, the successful Bidder shall furnish a certificate from the County Clerk as required by California Civil Code of Procedure Section 995.660(a)(3).

4-1.04 **INSURANCE.** At the time of the execution of the Contract, the Contractor shall, at its own expense, procure, and at all times during the prosecution of the Work maintain in full force and effect Worker's Compensation Insurance, and Liability Insurance as specified in the General Conditions. The Contractor shall provide a Certificate of Insurance in the form contained in the section entitled Insurance Broker Information Packet.

4-1.05 **EXECUTION OF CONTRACT.** The Contract shall be signed by the successful Bidder and returned, together with all the required Contract bonds and insurance certificates, within fifteen (15) Days after the Contract has been awarded, or as otherwise directed, in writing, by the City.

For Council Approval
Not for Bidding

If the Bidder is an individual, the Contract shall be executed personally by the Bidder. If the Bidder is a partnership, it is desirable that the Contract be executed by all of the partners, but it may be executed by one of them. If the Bidder is a corporation, it must be executed by two officers of the corporation consisting of (1) the chairman of the board, president or vice president; and (2) the secretary, assistant secretary, chief financial officer, treasurer or assistant treasurer, or by a person authorized by the corporation to execute written contracts on its behalf, and the corporate seal affixed thereto. In the alternative, a person other than an officer may sign the Contract, provided evidence satisfactory to the City is provided indicating the individual's authority to bind the corporation. If the corporate seal is not affixed to the Contract, or if it is executed by a person other than officers, or only by one officer, there must be attached to the Contract a certified copy of a resolution of the corporation authorizing such officer or person to execute written contracts for and on behalf of the corporation. If the Bidder is a joint venture, the Contract must be executed on behalf of each participating firm by officers or other individuals who have the full and proper authorization to do so.

4-1.06 **FAILURE TO EXECUTE CONTRACT.** Failure of the lowest responsible Bidder, the second lowest responsible Bidder, or the third lowest responsible Bidder to execute the Contract and file acceptable bonds and insurance as provided within fifteen (15) Days after the Contract has been awarded, or as otherwise directed, in writing, by the City, shall be just cause for annulment of the award and forfeiture of the Bidder's security. The successful Bidder may file with the City Clerk a written notice, signed by the Bidder or Bidder's authorized representative, specifying that the Bidder will refuse to execute the Contract if presented to Bidder. The filing of such notice shall have the same force and effect as the failure of the Bidder to execute the Contract and furnish acceptable bonds within the time prescribed.

For Council Approval
Not for Bidding

SECTION 5: BID PROTEST PROCEDURES

5-1.01 **POLICY/PROCEDURES.** It is the policy of the City to consider fully and adjudicate promptly protests filed by prospective Bidders relating to the City's bidding procedure or award of the Contract. Protests shall be filed and processed in accordance with Section 4.12.150 of the Roseville Municipal Code. A Bidder's failure to follow the bid protest procedures may result in rejection of the protest by the City.

City of Roseville Business License No._____

The undersigned Bidder herewith submits this Proposal and binds itself on award by the City of Roseville under this bid to execute a Contract in accordance with its bid and the Contract Documents.

The Notice to Contractors, Instructions to Bidders, Form of Agreement, Specifications, General Conditions, Supplemental Conditions, Contract Drawings, and Addenda, if any, are made part of this bid and all provisions thereof are hereby accepted, and all representations and warranties are required thereby are hereby affirmed.

The work to be done is described in the Bidding Documents entitled _____

_____, City of Roseville, California.

This offer shall be irrevocable for a period of sixty (60) Days after the date on which bids are opened.

For Council Approval
Not for Bidding

The undersigned Bidder understands that any clarification made to the above or any new and different conditions or information submitted on or with its Proposal, other than that requested, may render the bid non-responsive.

The undersigned, as Bidder, declares that the only persons or parties interested in this Proposal as principals are those named herein; that this Proposal is made without collusion with any other person, firm, or corporation; that the Bidder has carefully examined the location of the proposed Work, the attached Form of Agreement, and the plans, Specifications, and other Contract Documents; and agrees if this Proposal is accepted, that it will contract with the City of Roseville, in the form of a copy of the Agreement contained in the Project Manual, to provide all necessary machinery, tools, apparatus and other means of construction, and to do all the work and furnish all the materials specified in the Contract Documents, in the manner and time therein prescribed, and according to the requirements of the Director, as therein set forth, and that the Bidder will take in full payment therefore prices indicated in the Schedule of Bid Items, including all work modified by addendum numbers _____. (IF NONE, STATE NONE).

Bids are required for all Bid Items. The amount of the Bid for comparison purposes will be the total of all items awarded.

The Bidder shall set forth for each item of work, in clearly legible figures, an item ("unit") price and a total for the item in the respective spaces provided for this purpose in the Schedule of Bid Items.

The prices included within the Schedule of Bid Items include all costs for labor, materials, tools, equipment, services, Subcontractors, suppliers, taxes, insurance, shipment, delivery, overhead, profit, and for all other costs necessary to perform the Work in accordance

NONCOLLUSION DECLARATION TO BE EXECUTED BY
BIDDER AND SUBMITTED WITH BID

The undersigned declares:

I am the _____ of _____, the party making the foregoing bid.

The bid is not made in the interest of, or on behalf of, any undisclosed person, partnership, company, association, organization, or corporation. The bid is genuine and not collusive or sham. The Bidder has not directly or indirectly induced or solicited any other Bidder to put in a false or sham bid. The Bidder has not directly or indirectly colluded, conspired, connived, or agreed with any Bidder or anyone else to put in a sham bid, or to refrain from bidding. The Bidder has not in any manner, directly or indirectly, sought by agreement, communication, or conference with anyone to fix the bid price of the Bidder or any other Bidder, or to fix any overhead, profit, or cost element of the bid price, or of that of any other Bidder. All statements contained in the bid are true. The Bidder has not, directly or indirectly, submitted his or her bid price or any breakdown thereof, or the contents thereof, or divulged information or data relative thereto, to any corporation, partnership, company, association, organization, bid depository, or to any member or agent thereof, to effectuate a collusive or sham bid, and has not paid, and will not pay, any person or entity for such purpose.

Any person executing this declaration on behalf of a Bidder that is a corporation, partnership, joint venture, limited liability company, limited liability partnership, or any other entity, hereby represents that he or she has full power to execute, and does execute, this declaration on behalf of the Bidder.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct and that this declaration is executed on _____ [date], at _____ [city], _____ [state].

END OF PROPOSAL

For Council Approval
Not for Bidding

A G R E E M E N T

THIS AGREEMENT, is made and entered into this _____ day of _____, 20_____, by and between the City of Roseville, a municipal corporation, ("CITY"), and _____, a _____, ("CONTRACTOR"); and

W I T N E S E T H:

WHEREAS, the City Council of the CITY, at a meeting held on the ____day of _____, 20_____, approved plans and specifications for the _____

and directed the City Clerk to advertise for sealed proposals for doing said work and providing that bids be submitted on the _____ day of _____, 20_____; and

WHEREAS, the City Clerk, thereafter duly and regularly caused a notice to be published in the manner and for the time prescribed by law; and

WHEREAS, CONTRACTOR, pursuant to the provisions of said notice duly filed a bid with the City Clerk, a true copy of which bid is now on file in the office of the City Clerk, and is hereby referred to and by this reference made a part hereof as fully as if set forth at length herein; and

WHEREAS, all bids received pursuant to said notice were opened and examined and publicly declared at the time specified in said advertisement for bids and at a meeting of the City Council held on the _____ day of _____, 20_____, the Council found and

For Council Approval
Not for Bidding

declared the bid of CONTRACTOR to be the lowest responsible bid and thereupon awarded a contract to CONTRACTOR to do the work referred to in the aforementioned specifications.

NOW, THEREFORE, the parties agree as follows:

1. THE WORK. CONTRACTOR agrees:

a. To do the work and furnish all the labor, materials, tools, supplies, equipment, superintendence, insurance, and bonds required for the _____

_____

in accordance with the Contract Documents (the Work).

b. To do and perform the Work contemplated hereby in a good and workmanlike manner under the direction of and to the satisfaction of the Director of Public Works of the City of Roseville.

2. PAYMENT. CITY shall pay CONTRACTOR _____

_____ dollars ($_____) for the Work to be done under this Agreement in accordance with the Contract Documents.

3. CONTRACT DOCUMENTS. The complete Agreement between the parties hereto consists of the following documents:

a. The advertisement for bids (including the notice to bidders, instructions to bidders and proposals);

b. The accepted bid;

c. Plans and specifications (including general conditions, supplemental conditions, special provisions and construction details);

d. Bonds and insurance required by the specifications; and

For Council Approval
Not for Bidding

e. This contract.

All documents specified above are intended to operate so that any work called for in any one and not mentioned in the other, or vice versa, is to be executed the same as if mentioned in all said documents.

4. LIQUIDATED DAMAGES. In the event CONTRACTOR does not complete the Work within the time specified, CONTRACTOR agrees that CITY will suffer damages. Inasmuch as the actual damages which would result from such breach by CONTRACTOR under this Agreement are uncertain, and would be impractical or extremely difficult to fix, CONTRACTOR agrees that it shall pay, or CITY shall deduct from CONTRACTOR's fee, the amount of $_____ per day as liquidated damages, in the event of such delay.

5. TIME OF COMPLETION. Time is of the essence of this Agreement. CONTRACTOR shall complete all Work under the Contract Documents within _____ Days of the date of this Contract. CONTRACTOR shall begin work by the date specified in the "Notice to Proceed" letter and shall diligently prosecute all of the Work under this Contract in all parts and requirements as defined in the Contract Documents.

6. SERVICE OF NOTICE. Any notice required or permitted to be given under this Agreement shall be deemed given when (a) personally delivered to the recipient identified below; (b) mailed by registered or certified mail, return receipt requested, postage pre-paid, to the address specified below; or (c) sent by facsimile, with confirmation of receipt, to the facsimile number identified below.

CITY may also act through either its architect or construction manager if CITY expressly gives notice to CONTRACTOR, in writing, that CITY's designee has authority to act for CITY in a specific capacity.

7. DISPUTES. Disputes arising from this Agreement will be determined in accordance with the Contract Documents and Public Contract Code Sections 10240-10240.13.

8. GOVERNING LAW. This Agreement shall be governed by and construed in accordance with the laws of the State of California.

9. INDEPENDENT CONTRACTOR. CONTRACTOR shall act as an independent contractor, and covenants and agrees that it will conduct itself consistent with such status, that it will neither hold itself out as, nor claim to be, an officer or employee of CITY by reason of this Agreement.

10. SUCCESSORS IN INTEREST. This Agreement shall be binding upon the heirs, successors, executors, administrators and assigns of the respective parties hereto.

11. MODIFICATION. This Agreement and each provision contained herein may be waived, amended, supplemented or eliminated only by mutual written agreement of the parties.

12. SEVERABILITY. If any of the provisions contained in this Agreement are for any reason held invalid or unenforceable, such holding shall not affect the remaining provisions or the validity and enforceability of the Agreement as a whole.

13. INTEGRATED AGREEMENT. This is an integrated agreement and contains all of the terms, considerations, understanding and promises of the parties. It shall be read as a whole.

14. CONTRACTORS LICENSE LAW. CONTRACTORS ARE REQUIRED BY LAW TO BE LICENSED AND REGULATED BY THE CONTRACTORS' STATE LICENSE

For Council Approval

NOTICE TO INSURANCE BROKER

Your client has been awarded a bid by the City Council of the City of Roseville to perform a public works project known as _____. The Contract Conditions for that project require your client ("the Contractor") to return certain evidence of insurance and bonds to the City Attorney of the City within fifteen (15) days after the Bid award, unless otherwise directed by the City in writing, or else the Bid award may be terminated and awarded to another company.

This package contains the information you will need as an insurance broker to provide the appropriate insurance and bonds to the City. The insurance coverages the Contractor needs are specified in the section entitled "Insurance Requirements." Please note that, in addition to the insurance certificate itself, copies of several endorsements must be actually furnished.

Please refer to the Supplemental Conditions for modifications of the General Conditions, if any, and the requirements of this insurance packet.

Please use the standard City of Roseville Bond Forms provided in this package.

The Bonds required must each be in the penal amount of: $_____.

Bonds must be sent to the following staff person:

_____

_____

_____

Insurance documents must be provided by email to roseville@ebix.com. When sending the documents via email, please refer to the project name so that the documents can be matched with the Contract for which they are submitted. Thank you.

INSURANCE REQUIREMENTS

The following sections are quoted from the General Conditions:

5-1.23 **INSURANCE COVERAGE.**

A. Evidence of Maintenance Required. The Contractor shall, at its expense, procure and at all times maintain in full force and effect at a minimum the insurance required by this section on all of its operations; and the Contractor shall not allow any Subcontractor to commence work until similar insurance required of the Subcontractor has been obtained and filed. An original Certificate of Insurance, and copies of all required endorsements, all in a form approved by the Risk Manager, evidencing all required coverage or policies shall be filed after the award of the bid and prior to approval of the Contract by the City Council. Contractor shall provide ten (10) days prior written notice to the City of any reduction of coverage limits or cancellation of the coverage or policies shall be given to the City of Roseville as Certificate holder.

B. Qualifying Insurers. With the exception of the State Compensation Insurance Fund, all required insurance policies shall be issued by companies acceptable to the City and licensed to do business in the State of California and who hold a current policy holders alphabetic and financial size category rating of not less than AVII according to the most recent issue of Best's Insurance Reports.

C. Insurance Required.

1. **Commercial General Liability (CGL):** Insurance Services Office Form CG 00 01 covering CGL on an "occurrence" basis, including products and completed operations with limits of no less than Two Million Dollars ($2,000,000) per occurrence for bodily injury, personal injury and property damage for projects under One Million Dollars ($1,000,000) and

For Council Approval
Not for Bidding

limits of no less than Five Million Dollars ($5,000,000) per occurrence for bodily injury, personal injury and property damage for projects over One Million Dollars ($1,000,000). If a general aggregate limit applies, either the aggregate limit shall apply separately to this project or the general aggregate limit shall be twice the required occurrence limit.

The Commercial General Liability insurance shall include the following, copies of which shall be provided:

a. Inclusion of the City of Roseville, and its officers, agents, employees, and volunteers, as additional insureds (except for workers' compensation) as respects services or operations under the Contract. The additional insured endorsement for the general liability policy shall be at least as broad as the ISO CG 2010 10 01 combined with ISO CGL Endorsement CG 2037 10 01. Any other endorsement must be approved in writing by the City. Endorsements must include coverage for on-going and completed operations, which coverage shall be maintained for four (4) years following completion of the Project. Endorsements shall cover the City of Roseville, its officers, agents, employees, and volunteers.

b. The insurance shall provide coverage for claims by one insured against another insured and the policies shall not contain any cross-suits exclusions, cross-liability exclusions, or insured versus insured exclusions. The policies shall not contain any classification exclusions purporting to deny coverage for any work to be performed by Contractor or any of its Subcontractors.

c. Stipulation that the insurance is primary and noncontributory, as evidenced by a separate endorsement (CG 20 01 04 13 or an equivalent) or section of the policy, and that neither the City nor its insurers will be called upon to contribute to a loss.

d. Such insurance shall specifically cover the contractual liability of

For Council Approval
Not for Bidding

the Contractor.

e. Any available insurance proceeds in excess of the specified minimum insurance coverage requirements and limits shall be available to the additional insureds. Furthermore, the requirements for coverage and limits shall be: (1) the minimum coverage and limits specified in this Agreement; or (2) the full coverage and maximum limits of any insurance proceeds available to the named insureds, whichever is greater.

f. Waiver of subrogation endorsement.

g. The Contractor shall furnish a certificate for the period covered.

2. **Automobile Liability:** Insurance Services Office Form Number CA 0001 covering Code 1 (any auto), or if Contractor has no owned autos, Code 8 (hired) and Code 9 (non-owned), with limits of no less than One Million Dollars ($1,000,000) per accident for bodily injury and property damage.

3. **Workers' Compensation:** In accordance with the provisions of the California Labor Code, Contractor is required to be insured against liability for Workers' Compensation or to undertake self-insurance. Statutory Workers' Compensation and Employers' Liability of at least One Million Dollars ($1,000,000) shall cover all Contractors staff while performing any work incidental to the performance or this Agreement.

4. **Professional Liability:** Professional Liability (Errors and Omission) Insurance appropriate to Contractor's profession, with a limit of liability not less than One Million Dollars ($1,000,000) per occurrence or claim and Two Million Dollars ($2,000,000) aggregate to cover all design and engineering services rendered by Contractor pursuant to the Agreement. Coverage must commence from the first day that Contractor or any of its Subcontractors provided any design or engineering services in connection with the Project.

For Council Approval
Not for Bidding

5. **Builder's Risk/Course of Construction Insurance Is**  **OR Is Not ____ Required by Risk Management:** The Contractor shall be responsible for all loss, damage or destruction whatsoever to the work called for by this Contract until the approval of a Notice of Completion or acceptance of the Work if no Notice of Completion is to be recorded.

The Contractor shall secure "All Risk" type of builder's Risk Insurance of the type covering one hundred percent (100%) of the value of the work performed under this Contract (the value is presumed to be the Contract amount unless otherwise stated in Supplemental Conditions) and all materials, equipment, or other items to be incorporated therein while the same are located at the construction site, a bonded warehouse, or its place of manufacture. At any time, the policy shall cover the value of the work completed. The policy shall cover hazards including the losses due to fire, explosion, hail, rain, lightning, flood (separate insurance as needed), vandalism, malicious mischief, wind, collapse, aircraft, and smoke.

The policies providing such insurance shall name the City as a loss payee as its respective interests may appear, and certified copies of such policies shall be filed with the City. The maximum deductible allowable under the Builder's All Risk policy shall be five percent (5%) of the Contract amount.

Builder's Risk Insurance is not required for coverage of losses in excess of five percent (5%) of the Contract amount for damages resulting from earthquake in excess of a magnitude of 3.5 on the Richter scale, or tidal waves. Coverage in the amount of five percent (5%) of the Contract amount for such losses is required.

6. **Pollution Coverage:** Contractor shall procure pollution liability coverage or other insurance covering claims for bodily injury or property damage arising out of the abatement, removal, storage, transportation, or other exposure to hazardous materials or

For Council Approval
Not for Bidding

pollutants, in limits not less than Two Million Dollars ($2,000,000). Contractor shall add the City and all parties required to be indemnified by Contractor as additional insured on all pollution liability policies.

7. **Higher Coverage Limits:** If Contractor maintains higher coverage limits than the amounts shown above, then the City requires and shall be entitled to coverage for the higher coverage limits maintained by Contractor. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the City.

8. **Claims Made Coverage:** Liability insurance coverage may not be written on a "claims made" or modified occurrence basis. The Certificate of Insurance must clearly provide that the coverage is on an "occurrence" basis.

5-1.24 **OTHER INSURANCE PROVISIONS.**

A. The requirements of the Standard Specifications as to types and limits of insurance coverage to be maintained by the Contractor, and any approval of insurance by the City, are not intended to, and shall not in any manner limit or qualify the liabilities and obligations otherwise assumed by the Contractor pursuant to the Contract, including, but not limited to, the provisions concerning indemnification, nor preclude the City from taking any other action available to it under any other provision of the Contract or law.

B. The City acknowledges that some insurance requirements contained in these Standard Specifications may be fulfilled by self-insurance on the part of the Contractor. However, this shall not in any way limit liabilities assumed by Contractor under the Contract. Any self-insurance must be approved in writing by the City, in its sole discretion and shall not reduce the limits of liability. Any deductibles or self-insured retentions ("SIR") must be declared on the certificate of insurance and approved by City in writing. Policies containing any

For Council Approval
Not for Bidding

SIR provision shall provide or be endorsed to provide that the SIR may be satisfied by either the named insured or City. City reserves the right to obtain a full certified copy of any insurance policy and endorsements. The failure to exercise this right shall not constitute a waiver of such right.

C. The Contractor agrees to include in its contracts with all subcontractors the same requirements and provisions of this Contract, including the indemnity and insurance requirements, to the extent they apply to the scope of the subcontractor's work. Furthermore, the Contractor shall require its subcontractors to agree to be bound to the Contractor and the City in the same manner and to the same extent as the Contractor is bound to the City under this Contract. Additionally, the Contractor shall obligate its subcontractors to comply with these same provisions with respect to any tertiary subcontractor, regardless of tier. A copy of the City's indemnity and insurance provisions will be furnished to the subcontractor or tertiary subcontractor upon request. Alternatively, the Contractor may insure subcontractor(s) under its own policy.

D. The City, its officers, agents, employees, and volunteers are to be covered as insureds with respect to liability arising out of automobiles owned, leased, hired or borrowed by or on behalf of the Contractor; and with respect to liability arising out of work or operations performed by or on behalf of the Contractor including materials, parts or equipment furnished in connection with such work or operations. Coverage shall not extend to any indemnity coverage for the active negligence of the additional insured in any case where an agreement to indemnify the additional insured would be invalid under California Insurance Code Section 11580.04.

E. The limits of insurance required in this Contract may be satisfied by a combination of primary and excess insurance. Any excess insurance shall contain or be

For Council Approval
Not for Bidding

endorsed to contain a provision that such coverage shall also apply on a primary and noncontributory basis for the benefit of the City (if agreed to in a written contract) before the City's own insurance shall be called upon to protect it as a named insured.

F. The insurance procured by Contractor shall be subject to the approval of the City, but any acceptance of insurance certificates by the City shall in no way limit or relieve Contractor of its duties and responsibilities under the Agreement.

G. Contractor shall be responsible for all premiums, deductibles, and self-insured retention applicable to the insurance it is required to procure under the Contract. All deductibles or self-insured retentions over five hundred thousand dollars ($500,000) must be approved by the City, in writing. Contractor shall be responsible for all deductibles, self-insured retention payments, and/or increased premiums incurred if the City's policies of insurance are forced to cover damages or respond to claims for which Contractor or its Subcontractors were obligated to provide insurance under the Contract.

H. Failure of the City to enforce in a timely manner any of the requirements of these insurance provisions shall not act as a waiver to enforcement of any of these provisions at a later date.

I. Contractor's indemnity obligations shall not be limited by these insurance provisions and shall survive the expiration of the Contract and the insurance provisions of the Contract shall likewise not be limited by the indemnity provisions of the Contract.

J. THE CITY RESERVES THE RIGHT TO WITHHOLD ANY PROGRESS PAYMENTS TO THE CONTRACTOR IN THE EVENT OF NONCOMPLIANCE WITH ANY INSURANCE REQUIREMENTS.

PUBLIC WORKS
FAITHFUL PERFORMANCE BOND

(Project: _____)

WHEREAS, the City of Roseville ("CITY") has awarded a bid and contract to _____ as contractor ("PRINCIPAL") for the public work described as _____ _____ (the "WORK"). The contract ("AGREEMENT"), for the public work described above, and all of its terms and conditions are incorporated by reference and made a part hereof; and

WHEREAS, the PRINCIPAL is required to furnish a bond in connection with the AGREEMENT guaranteeing its faithful performance; and

NOW, THEREFORE, we the undersigned PRINCIPAL and _____ _____, a _____, admitted and duly authorized to transact business under the laws of the State of California, as SURETY ("SURETY"), are held and firmly bound unto the CITY or its successors and assigns in the sum of _____ dollars ($_____) (which amount is not less than 100% of the AGREEMENT price) to be paid to the CITY or its successors and assigns; and for which payment, well and truly to be made, we bind ourselves, our heirs, executors and administrators, successors or assigns jointly and severally, firmly by these presents.

The condition of this obligation is such that if the PRINCIPAL, or its heirs, executors, administrators, successors or assigns, shall abide by, and in all respects promptly and faithfully perform the covenants, conditions and provisions in said AGREEMENT and any alteration thereof made as therein provided, notice of which alterations to Surety being hereby waived, on its part to be kept and performed at the time and in the manner therein specified, and in all respects according to their true intent and meaning, and shall indemnify and save harmless CITY, its officers, agents, employees, volunteers as therein stipulated, then this obligation shall be null and void; otherwise, this obligation shall be and remain in full force and effect.

As condition precedent to the satisfactory completion of the contract, the obligation of the PRINCIPAL and SURETY under this Bond shall remain in effect for a period of one (1) year after the completion and acceptance of the WORK. During that time, if the PRINCIPAL, its heirs, executors, administrators, successors or assigns fails to make full, complete and satisfactory repair and replacement or totally protect the CITY from any loss or damage made evident during that year which results from or is caused by either defective materials or faulty workmanship in the prosecution of the WORK, then the obligation shall remain in full force and effect. However, anything in

For Council Approval
Not for Bidding

this paragraph to the contrary notwithstanding, the obligation of the SURETY shall continue so long as any obligation of the PRINCIPAL remains.

No prepayment or delay in payments, and no change, extension, addition or alteration of any provision of the AGREEMENT or in the specifications agreed to between the PRINCIPAL and the CITY, or any forbearance on the part of the CITY shall operate to relieve the SURETY. The SURETY hereby waives the provisions of Section 2819 of the California Civil Code. The SURETY waives all rights of subrogation against the CITY or any person employed by the CITY. If the contract price increases by the issuance of change orders, the amount specified in this bond shall increase by the same amount.

Whenever PRINCIPAL shall be and declared by CITY to be in default under the AGREEMENT, SURETY shall promptly remedy the default, or shall promptly do one of the follow at CITY's election:

1. Undertake through its agents or independent contractors, reasonably acceptable to CITY, to complete the AGREEMENT in accordance with its terms and conditions and to pay and perform all obligations of PRINCIPAL under the AGREEMENT, including without limitation, all obligations with respect to warranties, guarantees, and the payment of liquidated damages.

2. Reimburse CITY for all costs CITY incurs in completing the AGREEMENT, and in correcting, repairing or replacing defects in materials or workmanship and/or materials and workmanship which do not conform to the specifications in the AGREEMENT.

SURETY's obligations hereunder are independent of the obligations of any other surety for the performance of the AGREEMENT, and suit may be brought against SURETY and such other sureties, jointly and severally, or against any one or more of them, or against less than all of them without impairing CITY's rights against the others.

No right of action shall accrue on this bond to or for the use of any person or corporation other than CITY or its successors or assigns.

As part of the obligation secured hereby and in addition to the face amount specified therefore, there shall be included costs and reasonable expenses and fees, including reasonable attorneys' fees, incurred by CITY in successfully enforcing such obligation, all to be taxed as costs and included in any judgment rendered.

WHEREAS, the City of Roseville ("CITY"), has awarded a bid and contract to _____ as contractor ("PRINCIPAL"), for the public work described as _____ _____ (the "WORK"). The contract ("AGREEMENT"), for the public work described above, and all of its terms and conditions are incorporated by reference and made a part hereof; and

WHEREAS, the PRINCIPAL is required to furnish a bond in connection with the AGREEMENT guaranteeing payment of persons who provide labor and material; and

NOW, THEREFORE, we the undersigned PRINCIPAL and _____ _____, a _____, admitted and duly authorized to transact business under the laws of the State of California, as SURETY ("SURETY"), are held and firmly bound unto the CITY or its successors and assigns in the sum of _____ dollars ($_____) (which amount is not less than 100% of the AGREEMENT price) to be paid to the CITY or its successors and assigns; and for which payment, well and truly to be made, we bind ourselves, our heirs, executors and administrators, successors or assigns jointly and severally, firmly by these presents.

The condition of the obligation is such that if the PRINCIPAL, its subcontractors, heirs, executors, administrators, successors or assigns fails to pay any of the persons named in Section 8004 or 9100 of the Civil Code of the State of California, or the amounts due under the Unemployment Insurance Code of the State of California, or any amounts required to be deducted, withheld and paid over to the Employment Development Department from the wages of employees of the PRINCIPAL and its subcontractors pursuant to Section 13020 of the Unemployment Insurance Code, with respect to work or labor performed by any such claimant, that the SURETY will pay for the same, in an amount not exceeding the sum specified in this bond, and also, in case suit is brought upon the bond, shall pay reasonable attorneys' fees, to be fixed by the Court.

This bond shall inure to the benefit of any and all persons, companies, and corporations entitled to file a Stop Payment Notice pursuant to the provisions of Section 9350 et seq. of the Civil Code of the State of California, so as to give a right of action to them or their assigns in any suit brought upon this bond.

For Council Approval
Not for Bidding

No prepayment or delay in payments, and no change, extension, addition or alteration of any provision of the AGREEMENT or in the specifications agreed to between the PRINCIPAL and the CITY, or any forbearance on the part of the CITY shall operate to relieve the SURETY. The SURETY hereby waives the provisions of Section 2819 of the California Civil Code. The SURETY waives all rights of subrogation against the CITY or any person employed by the CITY. If the contract price increases by the issuance of change orders, the amount specified in this bond shall increase by the same amount.

As part of the obligation secured hereby and in addition to the face amount specified therefore, there shall be included costs and reasonable expenses and fees, including reasonable attorneys' fees, incurred by CITY in successfully enforcing such obligation, all to be taxed as costs and included in any judgment rendered.

IN WITNESS WHEREOF, this instrument has been duly executed by the PRINCIPAL and SURETY above-named, on the _____ day of _____, 20__.

SECTION 1

DEFINITIONS AND TERMS

1-1.01 **GENERAL.** When the following abbreviations and terms or pronouns in place of them appear in the Contract Documents, the intent and meaning shall be interpreted as provided in this Section 1.

1-1.02 **ACCEPTANCE.** Formal Acceptance by resolution by the Roseville City Council of the Contract when completed in all respects in accordance with the Contract Documents and any modifications previously approved.

1-1.03 **ADDENDUM.** Written interpretation or revision to any of the Contract Documents issued by the City before the bid opening.

1-1.04 **AS-BUILT DOCUMENTS, AS-BUILT DRAWINGS AND RECORD DOCUMENTS.** As-Built Documents, As-Built Drawings and Record Documents are all contract documents modified to reflect changes during the construction phase. Specifically, As-Built Documents/Drawings are a revised set of drawings submitted by the Contractor upon Final Completion of a project. They reflect changes made in the Specifications and Working Drawings during the construction process, and show the exact dimensions, geometry, and location of all elements of the work completed under the Contract. Record Documents, on the other hand, are compiled by the Engineer or Architect based on the As-Built Documents/Drawings submitted by the Contractor. They reflect the Engineer or Architect's concurring review of what changes were denoted, why they were made and where they occurred and create a record set of drawings.

1-1.05 **ASSESSMENT.** A cost imposed on the Contractor for non-compliance

For Council Approval
Not for Bidding

with certain contractual requirements.

1-1.06 **BENEFICIAL OCCUPANCY.** The taking possession of a portion of the Work by the City for its use and/or occupancy on other than a temporary or emergency basis.

1-1.07 **BID GUARANTY.** The cashier's, certified check, irrevocable standby letter of credit, deposit of securities, or Bidder's Bond, accompanying the bid submitted by the Bidder, as a guaranty that the Bidder will enter into an agreement with the City for the performance of the Work, if the Agreement is awarded to Bidder, and the Bidder will submit the required Contract Bonds and Certificate of Insurance. Also referred to as the Bidder's Security.

1-1.08 **BIDDER.** Individual, firm, partnership, limited liability company, corporation, joint venture, or any combination thereof, submitting a Proposal for the Work, acting directly, or through a duly authorized representative.

1-1.09 **BIDDING DOCUMENTS.** Includes the Notice to Bidders, Bidding Requirements, Contract Conditions, Drawings, and Addenda.

1-1.10 **CHANGE ORDER.** Any written order to the Contractor directing an addition, deletion, or modification of the Work, or an adjustment in the Contract Price or Contract Time provided in the Contract Documents and issued after the Agreement has been signed.

1-1.11 **CITY.** The City of Roseville.

1-1.12 **CITY ATTORNEY.** The City Attorney of the City.

1-1.13 **CITY CLERK.** The City Clerk of the City.

1-1.14 **CLAIM.** A separate demand by Contractor sent by registered mail or certified mail with return receipt requested, for one or more of the following: (a) a time extension, including, without limitation, for relief for damages or penalties for delay assessed by

For Council Approval
Not for Bidding

the City; (b) payment by the City of money or damages arising from work done by, or on behalf of, Contractor pursuant to the Contract Documents and payment for which is not otherwise expressly provided or to which Contractor is not otherwise entitled; and (c) payment of an amount that is disputed by the City.

1-1.15 **CONSTRUCTION SCHEDULE.** A list or graphic display of construction activities required for completing the Work, in a format required by the Contract Documents. The duration, start and finish date, and sequence of significant activities, critical path, float and milestones must be indicated in the Construction Schedule.

1-1.16 **CONTRACT OR AGREEMENT.** The written agreement relating to the Work to be performed, the labor, materials, and equipment to be furnished, and the payment to be made therefor. The Agreement/Contract is part of and incorporates all of the Contract Documents.

1-1.17 **CONTRACT CONDITIONS.** Includes the General Conditions, Supplemental Conditions, and Specifications.

1-1.18 **CONTRACT DOCUMENTS.** Includes those documents that form the basis of the Contract, including but not limited to, Bidding Documents, the Bid or Proposal, Contract Bonds, the Contract, all required insurance certificates or endorsements, all bonds, all required certifications or statements, Change Orders, any Contract Amendment, any City Standard which is incorporated by reference and these City of Roseville General Conditions for Buildings and Grounds.

1-1.19 **CONTRACT DRAWINGS.** The official drawings including plans, elevations, sections, detail drawings, diagrams, plated, General Notes, information and schedules thereon, or exact reproductions thereof, showing the location, character, dimension, and details

For Council Approval
Not for Bidding

of the Work. The Contract Drawings include any drawings or plates bound within the Supplemental Conditions.

1-1.20 **CONTRACT PRICE.** The total compensation to be paid to the Contractor in accordance with the terms of the Agreement.

1-1.21 **CONTRACT TIME.** The number of Days, or portion thereof, allowed for completion of the Work, including all authorized time extensions. The effective date for commencement of the Work specified in the Notice to Proceed shall define the beginning of the Contract Time.

1-1.22 **CONTRACTOR.** Individual, firm, partnership, limited liability company, corporation, joint venture, or any combination thereof, who has entered into the Agreement with City.

1-1.23 **DAY OR DAYS.** Unless otherwise designated, Day or Days as used in the Contract Documents will be understood to mean calendar Day or Days.

1-1.24 **DEPARTMENT.** The Department for Contract Administration, as identified in the Supplemental Conditions.

1-1.25 **DIRECT COSTS.** Those cost items (including labor, materials, equipment and any subcontractor's work) that are used in the actual performance of, and are specifically and uniquely attributable to the Work or changed Work. Direct Costs do not include Overhead. Direct Costs only include the following:

A. Payroll costs for employees in the direct employ of Contractor in the performance of the Work under schedules of job classifications agreed upon by City and Contractor. Payroll costs for employees not employed full time on the Work shall be apportioned on the basis of their time spent on the Work. Payroll costs shall include salaries and

For Council Approval
Not for Bidding

wages plus the cost of fringe benefits which shall include social security contributions, unemployment, excise and payroll taxes, workers' compensation, health and retirement benefits, sick leave, vacation and holiday pay applicable thereto. Such employees may include superintendents and foremen at the site. The expenses of performing work after regular working hours, on Saturday, Sunday or legal holidays shall be included in the above only to the extent authorized by City in writing.

B. Cost of all materials and equipment furnished and incorporated in the Work, including costs of transportation and storage thereof, and suppliers' field services required in connection therewith. All trade discounts, rebates and refunds and all returns from sale of surplus materials and equipment shall accrue to City, and Contractor shall make provisions so that they may be obtained.

C. Payments made by Contractor to the subcontractors for work performed by subcontractors. If required by City, Contractor shall obtain competitive bids from subcontractors acceptable to Contractor and shall deliver such bids to City who will then determine which bids will be accepted. If a subcontract provides that the subcontractor is to be paid on the basis of cost of the work plus a fee, the subcontractor's cost of the work shall be determined in the same manner as Contractor's cost of the work. All subcontracts shall be subject to the other provisions of the Contract Documents insofar as applicable.

D. Costs of special consultants (including engineers, architects, testing laboratories, surveyors, and accountants) employed for services specifically, and only, related to the Work.

E. Supplemental costs including the following:

1. The proportion of necessary transportation, travel and subsistence

For Council Approval
Not for Bidding

expenses of Contractor's employees incurred in discharge of duties connected with the Work.

2. Cost, including transportation and maintenance, of all materials, supplies, equipment, machinery, appliances, office and temporary facilities at the site and hand tools not owned by the workers, which are consumed in the performance of the Work, and cost, less market value of such items used but not consumed which remain the property of Contractor.

3. Rentals of all construction equipment and machinery and the parts thereof whether rented from Contractor or others in accordance with rental agreements approved by City, and the costs of transportation, loading, unloading, installation, dismantling and removal thereof, all in accordance with terms of said rental agreements. The rental of any such equipment, machinery or parts shall cease when the use thereof is no longer necessary for the Work.

4. Sales, consumer, use or similar taxes related to the Work, and for which Contractor is liable, imposed by laws and regulations.

5. The cost of utilities (including the meter and all associated installation costs), fuel and sanitary facilities at the site.

6. Cost of premiums for additional bonds and insurance required because of changes in the Work.

1-1-26 **DIRECTOR.** Director of the Department for Contract Administration or his or her designee.

1-1.27 **EMERGENCY.** Any sudden generally unforeseen occurrence (such as a fire, flood, storm, earthquake, civil disorder, or other natural and/or man-made disaster) that has the potential to adversely affect the safety of life, the Work, and/or adjacent property; to interrupt contracts essential to the performance of the Work; and/or to cause catastrophic failure of City

For Council Approval
Not for Bidding

equipment and/or facilities.

1-1.28 **ENGINEER OR ARCHITECT.** Professional Engineer or Architect designated for a particular project responsible for signing and sealing the permit drawings, interpretation of the drawings where ambiguities exist, review of requests for information, design Change requests and Shop Drawings, resolution of errors and omissions, and finalization of Record Documents.

1-1.29 **FINAL COMPLETION.** When the project has been completed according to the terms and conditions set forth in the Contract Documents. Final Completion is not the same as Acceptance.

1-1.30 **FORCE ACCOUNT.** Payment by force account shall mean payment on the basis of the Contractor's time and materials.

1-1.31 **GENERAL NOTES.** The written instructions, provisions, conditions or other requirements appearing on the Contract Drawings and so identified thereon, which pertain to the performance of the Work.

1-1.32 **INSTALLATION, INSTALL.** Completely assembling, erecting, and/or connecting materials, parts, components, supplies, and related equipment specified or required for the completion of the Work.

1-1.33 **LABORATORY.** Established professional laboratories authorized by the City to test materials and Work involved in the Contract.

1-1.34 **LEGAL HOLIDAYS.** Those days designated as Federal holidays or declared by the City, or otherwise specified in the Contract Documents.

1-1.35 **LIQUIDATED DAMAGES.** The amount prescribed in the Contract Documents to be paid to the City or to be deducted from any payments due or to become due the

For Council Approval
Not for Bidding

Contractor for each day's delay in completing the whole or any specified portion of the Work beyond the time allowed in the Supplemental Conditions.

1-1.36 **NOTICE OF COMPLETION.** A legal notice filed by the City with the Placer County Recorder's Office stating that construction has been completed and accepted by the City.

1-1.37 **NOTICE TO PROCEED.** A written notice given by the City to the Contractor fixing the date on which the Contract Time will commence to run.

1-1.38 **NOTICE OF TERMINATION.** Written notice from the City to the Contractor and/or its Surety terminating the Agreement, or a portion thereof, either for convenience of the City or for default due to the Contractor's failure to perform its contractual obligations.

1-1.39 **OVERHEAD.** Business or administrative expenses (including but not limited to office expenses, administrative staff, rent, insurance, utilities) not chargeable to a particular part of the Work. The term "Overhead" shall include all of the following:

A. Payroll costs and other compensation of Contractor's officers, executives, principals (of partnerships and sole proprietorships), general managers, engineers, architects, estimators, attorneys, auditors, accountants, purchasing and contracting agents, expediters, timekeepers, clerks, and other personnel employed by Contractor whether at the Work Site or in Contractor's principal or a branch office for general administration of the Work and not specifically included in the agreed upon schedule of job classifications, all of which are to be considered administrative costs covered by the Contractor's fee.

B. Expenses of Contractor's principal and branch offices other than Contractor's office at the site.

For Council Approval
Not for Bidding

C. Any part of Contractor's capital expenses, including interest on Contractor's capital employed for the Work and charges against Contractor for delinquent payments.

D. Cost of premiums for all bonds and for all insurance whether or not Contractor is required by the Contract Documents to purchase and maintain the same, except as provided in section 1-1.25.

E. Other overhead or general expense costs of any kind.

1-1.40 **PREMISES.** Shall mean the area within construction easements, easements, rights of entry and City owned property which surrounds the Work Site, limited by the property lines thereof. In some cases Premises may coincide with the Work Site.

1-1.41 **PROFESSIONAL ENGINEER.** An engineer licensed by the Board of Registration for Professional Engineers, State of California.

1-1.42 **PROJECT MANUAL.** A book containing all Contract Documents.

1-1.43 **PROPOSAL FORMS.** The approved forms upon which the City requires that each Bidder submit its bid with regard to the Agreement.

1-1.44 **REQUEST FOR INFORMATION (RFI).** A document issued by the Contractor requesting information concerning the Contract Documents.

1-1.45 **SAFETY.** Includes the practice of identifying potential hazards, assessing their risk, taking corrective action where possible, including and providing control measures such as engineering design, written procedures, and the personal protective equipment for workers in order to eliminate or reduce the risk for exposure in the workplace.

1-1.46 **SCHEDULE OF VALUES.** The breakdown of the Contract Price that will serve as the basis for Contractor's Applications of Payment. Any lump sum bid item

For Council Approval
Not for Bidding

included within the Contract Price will be apportioned among values relating to specific components of the Work covered by said lump sum.

1-1.47 **SHOP DRAWINGS.** Drawings, plans, diagrams, schedules, and other data specifically prepared and submitted to the City by the Contractor, showing in detail: (a) the proposed fabrication and assembly of a special component of the Work; and (b) the Installation (form, fit and attachment details) of a special component of the Work. Shop Drawings shall be deemed to include Working Drawings, Product Data, literature, and applicable performance and test data.

1-1.48 **SPECIFICATIONS.** The technical Specifications for the Work prepared by the Director or an Engineer or Architect describing in detail the nature of the Work, its components, any performance standards, and how the Work is to be constructed.

1-1.49 **SUBCONTRACTOR.** Any individual, firm, partnership, limited liability company, corporation, joint venture, or combination thereof, other than employees of the Contractor, engaged by the Contractor to furnish services, labor, equipment and materials for a portion of the Work.

1-1.50 **SUBMITTALS.** Those documents required to be submitted by the Contractor for review by the City in accordance with the Contract Documents.

1-1.51 **SUPPLEMENTAL CONDITIONS.** The Supplemental Conditions are specific clauses modifying or supplementing these General Conditions.

1-1.52 **SUPPLIER.** Any individual, firm, partnership, limited liability company, corporation, joint venture, or combination thereof, other than employees of the Contractor, that supplies a tangible product as a portion of the Work, with services usually limited to delivery and/or required testing, and with manufacturing, fabrication, or production facilities located off

For Council Approval
Not for Bidding

the Work Site.

1-1.53 **WORK.** The furnishing of all labor, and the furnishing and Installing of all materials, articles, supplies and equipment as specified, designated, or required by the Contract Documents.

1-1.54 **WORK SITE.** All or portion of the Premises that the Work is limited to as shown on the Contract Drawings or designated by the Director. Public streets are not included unless Work is being done within the street right-of-way.

1-1.55 **WORKING DRAWINGS.** Original drawings prepared by the Contractor and/or its Subcontractors or Suppliers, of any tier, illustrating Work required for construction that will not become an integral part of the completed Work. This includes, but is not limited to, drawings for temporary structures such as decking, bulkheads, excavation supports, utility support, groundwater control, forming, falsework, access roads, staging areas, staging plans, and diversion plans. A Working Drawing is one type of a Shop Drawing.

For Council Approval
Not for Bidding

SECTION 2

CONTROL AND SCOPE OF THE WORK

2-1.01 **AUTHORITY OF DIRECTOR.** The Contract shall be performed in a manner satisfactory to the Director who shall decide all questions which may arise as to the quality or acceptability of materials furnished and Work performed and as to the manner of performance and rate of progress of the Work; all questions which may arise as to the interpretation of the Contract Documents; all questions as to the acceptable fulfillment of the Contract on the part of the Contractor; and all questions as to compensation. The Director shall have authority to enforce and make effective such decisions and orders in the event the Contractor fails to promptly carry out the same.

2-1.02 **INTENT OF CONTRACT DOCUMENTS.** The Contract Documents are complementary, and what is called for by one shall be as binding as if called for by all. The intent of the Contract Documents is to describe the details for the construction and completion of the Work. Where the Contract Documents describe portions of the Work in general terms, but not in complete detail, it is understood that only the best general practice shall be followed and that only materials and workmanship of the best quality are to be used. Any Work, materials, or equipment that are customarily provided, or that are reasonably inferable from the Contract Documents as being required to produce the intended result, shall be supplied, whether or not specifically called for. When words, which have a well-known technical or trade meaning are used to describe work, materials, or equipment, such words shall be interpreted in accordance with that meaning. Unless otherwise specified, the Contractor shall furnish all labor, materials, tools, equipment, and incidentals, and do all the Work involved in executing the Contract in a

For Council Approval
Not for Bidding

satisfactory and workmanlike manner.

Reference to standard specifications, manuals or codes of any technical society, organization or association, or to the laws or regulations of any governmental authority, whether such reference be specific or by implication, shall mean the latest standard specification, manual, code, laws, or regulations in effect on the first published date of the Notice to Contractors, except as may be otherwise specifically stated. However, no provision of any referenced standard specification, manual or code (whether or not specifically incorporated by reference in the Contract Documents) shall be effective to change the duties and responsibilities of City or Contractor, or any of their consultants, agents, or employees from those set forth in the Contract Documents, nor shall it be effective to assign to City, or City's designated representative, any duty or authority to supervise or direct the furnishing or performance of the Work or any duty or authority to undertake responsibility contrary to other provisions of the Contract Documents.

The Contract Documents are divided into parts, divisions, sections and articles for convenience, organization and reference. Generally, there has been no attempt to divide the Specifications sections into work performed by the various building trades, work by separate Subcontractors, or work required for separate facilities in the project.

2-1.03 **EXAMINATION AND VERIFICATION OF CONTRACT DOCUMENTS.** The Contractor shall thoroughly examine and become familiar with all of the various parts of the Contract Documents and shall determine the nature and location of the Work, the general and local conditions (including applicable laws) and all other matters which can in any way affect the cost, progress or performance of the Work under this Agreement. Failure to make an examination necessary for this determination shall not release the Contractor from the obligations of the Agreement. No oral agreement or conversation with any officer, or employee

For Council Approval
Not for Bidding

of the City, or with the City's designated representative either before or after the execution of the Agreement, shall affect or modify any of the terms or obligations contained in the Contract Documents.

2-1.04 **CONTRACT DRAWINGS.** The Contract Drawings consist of general drawings and show such plans, elevations, sections, details and schedules as are necessary to give a graphic and pictorial description of the contemplated construction. All authorized alterations affecting the requirements and information given on the Contract Drawings shall be in writing.

2-1.05 **COORDINATION AND INTERPRETATION OF CONTRACT DOCUMENTS.** All Contract Documents are essential parts of the Contract, and a requirement occurring in one is as binding as though occurring in all. They are intended to be complementary, and to describe and provide for a complete Work.

In the event of inconsistencies between requirements contained in different components of the Contract Documents, the precedence of the Contract Documents shall be as follows to resolve conflicts:

1. Change Orders
2. The Contract (including Addenda)
3. The Supplemental Conditions
4. Specifications
5. Contract Drawings
6. The General Conditions

Should it appear that the Work to be done or any of the matters relative thereto are not sufficiently detailed or explained in the Contract Documents, the Contractor shall submit a

For Council Approval
Not for Bidding

Request for Information ("RFI") to the Director for such further explanations as may be necessary and shall conform to the written explanation given as if part of the Contract Documents. The decisions of the Director shall be final.

Contractor shall anticipate that it will be necessary to prepare and submit RFIs regarding the Contract Documents. The City will respond to each RFI by no later than fourteen (14) Days after receipt of the RFI, unless the RFI is of significant complexity. Furthermore, in the event that there are numerous RFIs pending, Contractor shall cooperate with the City in establishing a priority for responding to the RFIs, and potentially some RFIs may be responded to beyond the fourteen (14) Day period.

Each RFI prepared by Contractor shall be full and complete. Contractor shall prepare RFIs so as to not cause any delay to the progress of the Work and to not cause any impact to Contractor's labor productivity in the field. Contractor shall not assert any Claims for delay or interference against the City if Contractor fails to timely submit any RFI to the City, after consideration of the response period allowed for by the City.

The response to an RFI shall not, by itself, constitute a writing that authorizes Contractor to perform any Work that causes an adjustment to either the Contract Price or the Contract Time. If Contractor believes that any response to any RFI should constitute a compensable change, Contractor shall provide a Notice of Potential Claim as provided in Section 7-1.03, below. Contractor's failure to provide the required written notice shall constitute a waiver of the Contractor's right to seek a compensable change based on the RFI response.

The Contractor shall examine all Contract Documents; shall verify all figures in the Contract Documents before laying out the Work; shall promptly notify the City of all errors, inconsistencies, and/or omissions that it discovers; and, in instances where such non-

For Council Approval
Not for Bidding

conformities are discovered, shall obtain specific instructions in writing from the City before proceeding with the Work. Contractor's performance of any Work affected by such non-conformities prior to the City's decision shall be at the Contractor's risk. Any Work that is customarily provided or that is reasonably inferable shall not relieve the Contractor from performing such work at no additional expense and/or delay, and such Work shall be performed as if fully set forth in the Contract Documents.

2-1.06 **INDEPENDENT CONTRACTOR STATUS.** The Contractor shall independently perform all Work required by the Contract Documents and shall not be considered as an agent or employee of the City, nor shall the Contractor's Subcontractors or employees be considered as subagents of the City.

The Contractor and Contractor's Subcontractors shall be licensed in accordance with the laws of the State of California and as more particularly described in the bidding documents or elsewhere in the Contract Documents.

2-1.07 **ORDER OF WORK.** When required by the Contract Documents, the Contractor shall follow the sequence of operations set forth therein. Full compensation for conforming to such requirements will be considered as included in the prices paid for the various Contract items of work, and no additional compensation will be allowed therefor.

2-1.08 **SUBMITTALS.** It shall be the Contractor's responsibility to timely submit, so as to cause no delay in the Work, all Shop Drawings, descriptive data, manuals, instructions, affidavits, samples for the various trades as required by the Supplemental Conditions and Specifications, and offers of alternatives, if any. Such Submittals shall be checked and coordinated by the Contractor with the Work of other trades involved before they are submitted to the Director for examination.

For Council Approval
Not for Bidding

The Contractor shall deliver at least one (1) electronic copy of the Submittals to the Director, and one (1) hard copy if requested. Work requiring the submittal of working drawings, descriptive data or samples shall not begin prior to approval of said Submittal by the Director.

The time allowed for review of each Submittal will be as indicated in the Supplemental Conditions. Review time will start upon receipt of the Submittal by the Director and will end upon the Director's mailing of the Submittals to the Contractor. Defective, incomplete or partial Submittals will be returned to the Contractor unreviewed.

Submittals shall be made by a letter of transmittal that shall contain a list of all matter submitted and identification of all variations from the Contract Documents contained in the Submittal. The letter and all items accompanying the same shall be fully identified as to project name and location, Contractor's name, district, county, and Contract number, with ample cross-references to the Contract Documents, to facilitate identification of items and their location in the Work.

All Shop Drawings and supporting data, catalogs, schedules, shall be submitted as the instruments of the Contractor, who shall be responsible for their accuracy and completeness. These Submittals may be prepared by the Contractor, Subcontractors, or Suppliers, but the Contractor shall ascertain that Submittals meet all of the requirements of the Contract Documents, while conforming to structural, space, and access conditions at the point of Installation. The Contractor shall check all Submittals before submitting them to the Director.

2-1.08A **SHOP DRAWINGS.** The Contractor shall submit an electronic copy (searchable PDF) of all Shop Drawings required by the Supplemental Conditions or Specifications, and one (1) hard copy, if requested by the Director. Shop Drawings shall also be provided separately in AutoCAD format using the latest version of AutoCAD. An electronic

For Council Approval
Not for Bidding

copy will be returned to the Contractor either approved for use, as demonstrated by a stamp, or returned for correction and resubmittal. Materials, colors and/or samples will not be returned to the Contractor. Shop Drawings include any drawing, which requires execution by a draftsman as distinguished from printed matter. The size of Shop Drawings shall not exceed twenty-four inches (24") by thirty-six inches (36").

2-1.08B **DESCRIPTIVE DATA.** The Contractor shall submit an electronic copy (searchable PDF) of each set of manufacturer's brochures or other data required by the Supplemental Conditions or Specifications, and one (1) hard copy, if requested by the Director. The City will examine such Submittals and return either an electronic copy or a hard copy approved for use or returned for correction and resubmittal.

2-1.08C **SAMPLES.** The Contractor shall submit samples of articles, materials or equipment as required by the Supplemental Conditions or Specifications. The Work shall be in accordance with the approved samples. Samples shall be removed from City property when directed or may be incorporated in the Work if approved by the Director. Samples not removed by the Contractor will become the property of the City or, at the City's option, will be removed or disposed of by the City at the Contractor's expense.

2-1.08D **MANUALS, INSTRUCTIONS AND AFFIDAVIT.**

A. Manuals and Instructions. Where operation and maintenance manuals are required by the Supplemental Conditions, the Contractor shall submit two (2) sets of manuals, suitably bound, along with two (2) electronic copies in an approved format, to the Director within forty-five (45) Days after favorable review of the equipment or facilities. If operation and maintenance manuals are approved to be provided in PDF format, text shall be provided in searchable PDF format, making proper use of PDF for headings and heading levels,

For Council Approval
Not for Bidding

paragraphs, tables, and lists. Submitted operation and maintenance manuals shall be a collected, organized, and indexed set of bookmarked PDF documents comprising each operation and maintenance manual that corresponds to a hardcopy binder. All manuals shall be marked to indicate the specific equipment furnished for this project and shall include at a minimum:

1. Equipment summary form
2. Cover/Title page
3. Table of contents
4. Operating procedures including start-up, shutdown, normal operation, all operating modes, emergency shutdown, and safety precautions
5. Lubrication instructions (if required)
6. Preventative maintenance procedures
7. Troubleshooting and corrective maintenance procedures
8. Reinstallation instructions
9. Overhaul instructions (if applicable)
10. Parts identification list with exploded view and associated cross references
11. Recommended spare parts list
12. Operator safety requirements
13. Electrical and control system wiring drawings, including panel wiring control (ladder) diagrams, logic diagrams, loop diagrams, and interconnection diagrams
14. Panel layout and assembly drawings

For Council Approval
Not for Bidding

15. Mechanical drawings

16. Printouts of all software programs and configuration files

17. Factory and field test procedures and results

Operation and maintenance manuals for complex equipment shall also include:

18. Alternate specified operating modes

19. Emergency shutdown instructions

20. Normal shutdown instructions

21. Long term shutdown instructions

Operation and maintenance manuals for systems comprised of separate pieces of equipment shall include a system explanation of items 4, 7, 18, 19, 20, and 21 as well as the instructions for the separate pieces of equipment.

B. Affidavits. Where required in the Supplemental Conditions or Specifications, manufacturers of equipment shall provide field service as a part of this project. Equipment shall not be considered ready for full time operation until after the authorized factory-trained and qualified manufacturer's representative for the specific equipment has checked and adjusted the equipment and certified by written affidavit that the equipment has been properly Installed, tested, adjusted, lubricated, and calibrated, and is ready for full time operation. Acceptable affidavits shall be submitted prior to completion of the Work. Affidavits shall contain the following specific wording:

"The (Name of Equipment) has been properly installed, tested, adjusted, lubricated, and calibrated, and is ready for full time operation. The installation has been inspected and has been found to be in conformance with our (the manufacturer's) standards and requirements."

For Council Approval
Not for Bidding

No amplification, dilution, or modification of this specific wording will be permitted.

2-1.08E **ALTERNATIVES.** For convenience in designation in the Contract Documents, certain materials, articles, or equipment may be designated by a brand or a trade name or the name of the manufacturer together with catalog designation or other identifying information, hereinafter referred to generically as "designated by brand name." Except in those instances where the product is designated to match others in use in a particular improvement, either completed or in the course of completion, an alternative material, article, or equipment which is of equal quality and of the required characteristics for the purpose intended may be proposed for use provided the Contractor complies with the following requirements:

A. The Contractor shall submit its proposal for an alternative in writing. Such request shall be made in ample time to permit review and approval without delaying the Work. The Contractor shall not be entitled to an adjustment of the Contract Time or an increase in the Contract Price based on any Contractor-proposed substitution.

B. No such proposal will be considered unless accompanied by complete information and descriptive data, necessary to determine the equality of the offered materials. The Contractor shall satisfy the Director as to the comparative quality, suitability, or performance of the offered material, articles, or equipment. In the event that the Director rejects the use of such alternative materials, articles, or equipment, then one of the particular products designated by brand name shall be furnished.

C. The burden of proof as to the quality and suitability of alternatives shall be upon the Contractor and it shall furnish all information necessary as required by the Director. The Director shall be the sole judge as to the quality and suitability of alternative articles or materials and such decisions shall be final. Where use of an alternative material

For Council Approval
Not for Bidding

involves redesign of, or changes to, other parts of the Work, the cost and time required to effect such redesign or changes will be considered in evaluating the suitability of the alternative material. Cost of redesign by the City will be borne by the Contractor.

D. Whenever classification, rating or other certification by a body such as Underwriters Laboratories (UL) or the National Electrical Manufacturers Association (NEMA) is a part of the specification for any material, Contractor's request for use of alternative articles or materials shall be accompanied by reports from the listed or equivalent independent testing Laboratory indicating compliance with the Contract Documents. The cost of all testing required to prove equality of the material proposed shall be borne by the Contractor. Approval of an alternative shall be only for the characteristics or use named in such approval, and shall not be used to change or modify any requirement of the Contract Documents.

E. At its election, the City reserves the right to consider any Contractor proposed substitution as a Cost Reduction Proposal under Section 3-1.07 of these General Conditions in the event that there is a significant savings resulting from the substitution.

The Director will examine, with reasonable promptness, such Submittals, and return of Submittals to the Contractor shall not relieve the Contractor from responsibility for deviations and alternatives from the Contract Documents, nor shall it relieve the Contractor from responsibility for errors in the Submittals. A failure by the Contractor to identify in its letter of transmittal material deviations from the Contract Documents shall void the Submittal and any action taken thereon by the Director. When specifically requested by the Director, the Contractor shall resubmit such Shop Drawings, descriptive data and samples as may be required.

If any mechanical, electrical, structural, or other changes are required for the proper Installation and fit of alternative materials, articles, or equipment, or because of deviations from

For Council Approval
Not for Bidding

the Contract, such changes shall not be made without the approval of the Director and shall be made without additional cost to the City.

2-1.09 **DISPOSAL OF MATERIAL OUTSIDE THE WORK SITE.** Unless otherwise stated elsewhere in the Contract Documents, the Contractor shall, at its own cost and expense, make its own arrangements for disposing of materials outside the Work Site.

Except when material is to be disposed of at a landfill or recycling center, when any material is to be disposed of outside the Work Site, the Contractor shall first obtain written permission from the City to dispose of the material at the intended location. The City's approval will be contingent upon the Contractor obtaining a written permit from the property owner on whose property the disposal is to be made. Prior to the disposal of any material at the intended location, the Contractor shall submit such permit or a certified copy thereof to the City, together with a written release from the property owner absolving the City from any and all responsibility related to the disposal of material on said property.

Disposal of Hazardous Materials must be done in accordance with all laws and regulations. Copies of all required regulatory documentation including copies of final manifests shall be supplied to the City.

2-1.10 **ACCESS TO THE WORK.** The Contractor shall satisfy itself that the jurisdictions through which its operations and haul routes pass will permit such operations with respect to the type of vehicle, laden weights, frequency and dimensions of loads, hours of operation and required traffic control. All necessary permits, licenses or bonds shall be obtained and paid for by the Contractor.

2-1.11 **TEMPORARY UTILITIES.** The Contractor shall make its own arrangements with utility companies for any temporary services it may require in performance of

For Council Approval
Not for Bidding

the Work and shall pay all costs of these services directly to these utility organizations.

2-1.12 **UTILITY FACILITIES.** The Contractor shall protect from damage those utility facilities that are to remain in place, be Installed, relocated or otherwise arranged.

The Contractor's attention is directed to the possible existence of facilities not shown, and of facilities in a location different from that, which is indicated. The Contractor shall take steps to ascertain the exact location of all facilities prior to doing any Work, which may damage such facilities or interfere with their service. Where the location of a facility is indicated or inferred from the presence of visible facilities such as buildings, meters, and junction boxes, the Contractor shall make such excavations and explorations as are necessary to ascertain the correct location. Unless provided for elsewhere in the Contract Documents, the cost of such excavations and explorations will be considered as a part of the cost of other items of Work and no additional payment will be made. Such excavations and exploratory Work shall not entitle the Contractor to an extension of time.

If the Contractor discovers underground facilities not indicated or inferred from the Contract Documents, the Contractor shall immediately give the Director written notification of the existence of those facilities. The Contractor shall determine the exact location of the underground facilities and the cost of the work will be paid for in accordance with the Contract Documents. The underground facilities shall be protected from damage as directed by the Director and the cost of that work will be paid for as extra work. The Contractor shall, if directed by the Director, repair any damage, which may occur to the underground facilities. The cost of that repair work, not due to the failure of the Contractor to exercise reasonable care, will be paid for as extra work. Damage due to the Contractor's failure to exercise reasonable care shall be repaired at the Contractor's cost and expense.

For Council Approval
Not for Bidding

Where it is determined by the City that the rearrangement of an underground facility, the existence of which is not shown on the Contract Drawings, is essential in order to accommodate the Work, the City will provide for the rearrangement of such facility by other forces or, when so ordered by Change Order, such rearrangement shall be performed by the Contractor and will be paid for as provided under a Change Order.

The Contractor shall be responsible for the maintenance of all utility facilities placed by the Contractor in temporary locations, and all utilities within the construction area not required to be relocated but which are required to be shored or supported during the construction period. The cost of such maintenance shall be borne by the Contractor, and no other compensation shall be due the Contractor for this Work.

The cost of providing and maintaining all necessary or required temporary structures, of making any necessary repairs, replacements, or similar operations, or furnishing indemnity or other bonds, if required, and all costs required by this Section shall be paid by the Contractor and shall be included in the prices bid in the schedule for other items of work.

2-1.13 **PRESERVATION AND CLEANING.** The Contractor shall clean up the Work at frequent intervals and at other times when directed by the Director. While finish Work is being accomplished, floors, Work areas and finished areas shall be kept clean, free of dust, construction debris and trash. Upon completion of the Work, the Contractor shall remove from the Premises its construction equipment and any waste materials not previously disposed of, leaving the Premises thoroughly clean and ready for final inspection.

2-1.14 **LIMITATIONS ON WORK SITE AND PREMISES.** The Contractor shall limit its construction operations to the Work Site unless otherwise shown on the Contract Drawings or specified. The Contractor shall perform no operation of any nature over or on the

For Council Approval
Not for Bidding

Premises except such operations as are authorized by the Contract Documents or as authorized by the Director.

2-1.15 **DUST CONTROL.** During the performance of all Work under this Contract, the Contractor shall assume all responsibility for dust control and shall furnish all labor, equipment, and means required to carry out proper and efficient measures wherever and whenever dust control is necessary to prevent the operations from producing dust damage and nuisance to persons and property. Any claims resulting from dust damage or nuisance shall be borne solely by the Contractor. The Contractor shall comply with all applicable Air Quality Act requirements.

2-1.16 **SANITATION.** The Contractor shall provide sanitary facilities for all persons working on the Work.

2-1.17 **NIGHT WORK AND NORMAL WORKING HOURS.** Normal working hours at the construction site shall be between the hours of 7:00 a.m. and 7:00 p.m. Monday through Friday. Legal holidays are excluded. Certain utility connections and street operations are anticipated to require night Work by the Contractor during low usage periods. The Contractor may also be required to prosecute the Work at night if, at any time, the Director shall deem it necessary for the progress of the Work, or if emergencies arise. The Contractor shall promptly comply with any such requirements made in writing by the Director. The Contractor will also be permitted to Work at night if Contractor satisfies the Director of the need therefor, in order to maintain the required progress or protect the Work from the elements. Certain activities are required to be performed at night for nominal progress of the Work and/or are specified to be performed at night by other portions of the Supplemental Conditions. When required, ordered, or permitted to Work at night, the Contractor shall provide sufficient and

For Council Approval
Not for Bidding

satisfactory lighting and other facilities therefor. The Contractor shall receive no extra payment for night Work, if specified or if required to be performed during the normal progress of the Work, but compensation shall be considered as having been included in the price stipulated for the Work.

If Contractor performs work during weekends, holidays or any non-normal work hours, Contractor shall pay for required City Inspectors.

2-1.18 **LINES AND GRADES.** Unless otherwise provided in the Supplemental Conditions, the Contractor shall lay out all Work, including structures and pipelines, and shall be responsible for any errors resulting therefrom. In all questions arising as to proper location of lines and grades, the Director's decision will be final.

As part of the bid price for the construction of the improvements, the Contractor shall provide and be responsible for the layout of all Work on this project. The Contractor shall provide all necessary surveys, field staking, and positioning for the construction of all components at the proper alignment, elevations, grades, and positions, as indicated on the Contract Drawings and as required for the proper operation and function. The Contractor shall stake its Work area limits. Contractor shall perform all construction staking using a land surveyor licensed in the State of California. Contractor shall provide a staking plan prior to commencement of Work for the City's review and maintain monuments, stakes, and marks, and shall update the plan as necessary. Director, or Director's designated representative, may verify the field condition. Errors or inconsistencies in the Contract Documents discovered by the Contractor shall be reported to the Director within twenty-four (24) hours and prior to constructive forms or related improvements. Any work Installed with this requirement shall be subject to removal and replacement at the Contractor's expense.

For Council Approval
Not for Bidding

The Contractor's lay-out shall be based on existing structures, property lines, survey control, and bench marks established by the City. All structures and pipeline connections shall be Installed based on actual elevation of existing structures to which connections are made.

The Contractor shall supply such labor as required, at no extra charge, to aid and assist the Director in checking location and grades of the Work as set by the Contractor if the Director desires to perform this checking. This shall include moving materials and equipment located between monuments and the construction Work.

2-1.19 **ARCHEOLOGICAL DISCOVERIES.** Upon discovery of prehistoric or historic artifacts, or other indicators or examples of cultural resources discovered during the course of site preparation, grading, excavation, construction or other development activities, all operations within fifty feet (50') of the find shall cease until such time as the City provides the services of a qualified archeologist to evaluate the finds and recommend appropriate action.

Prehistoric materials can include flaked stone tools (e.g., projectile points, knives and choppers) or tool making debris of obsidian, chert, quartzite and other materials, culturally darkened soil (i.e., midden, which often contains heat affected rock, ash and charcoal, shellfish remains, and cultural materials), and stone milling equipment such as mortars, pestles and hand stones. Historic material may include wood, stone, concrete or adobe footings, walls and other structural remains; debris filled wells or privies; and deposits of wood, metal, glass, ceramics and other refuse.

2-1.20 **PRESERVATION OF MONUMENTS.** Any monuments or bench marks disturbed by construction operations shall be repaired per the City's standard and promptly re-established by a registered land surveyor or civil engineer. A plat for each monument shall be furnished to the Director after the plat has been recorded with the Placer

For Council Approval
Not for Bidding

County Recorder's Office at no additional cost to the City. The recorded plat shall serve as a record of the re-establishment of said existing survey points.

2-1.21 **CONFORMITY WITH CONTRACT DOCUMENTS.** Work and materials shall conform to the lines, grades, cross sections, dimensions and material requirements, including tolerances, required by the Contract Documents. Although measurement, sampling and testing may be considered evidence as to such conformity, the City shall be the sole judge as to whether the Work or materials deviate from the Contract Documents. At its option, the City may elect to accept deviations from the Contract Documents with appropriate backcharge Assessments against the Contractor, and, if such an election is made, the City will provide written notice to the Contractor of such acceptance.

2-1.22 **FINAL CLEANUP.** Prior to final Acceptance of the Work, the Contractor shall thoroughly clean the Premises, remove all temporary structures built by or for the Contractor, and remove all equipment and surplus construction material and debris from the area. The entire project, before Acceptance by the City, shall be left in a neat and clean condition. All Work areas and temporary construction areas shall be returned to essentially the same conditions existing before the commencing of project construction.

2-1.23 **AS-BUILT DOCUMENTS AND DRAWINGS.** The Contractor shall maintain one set of the full size prints furnished by the City and mark thereon in color any deviations from plan dimensions, elevations, or orientations. Also, the Contractor shall locate on said prints, all underground facilities, such as piping, conduits and tanks by accurate field measurement from structure walls, corners, etc. The Contractor shall submit the prints and an electronic CD (searchable PDF or source file format such as AutoCAD) in good condition to the Director upon completion of the job as a condition of Acceptance of the project. Marked prints

For Council Approval
Not for Bidding

shall be updated at least once each week and shall be available to the Director for review as to currency prior to developing partial payment estimates. After the completion of testing, but prior to Acceptance, the Contractor shall submit As-Built electrical drawings in color and an electronic CD showing all components and their wiring, and as specified in the Supplemental Conditions.

2-1.24 **SUPERINTENDENCE.** The Contractor shall supervise and direct the Work, which shall be performed in accordance with the requirements of the Contract Documents. The Contractor shall be solely responsible for implementation of all construction means, methods, techniques, sequences, and procedures and for coordination of all portions of the Work under the Agreement. The Contractor shall be solely responsible for the safety of its employees, Subcontractors of any tier, Suppliers, visitors to the Contractor, and other third parties associated with the Contractor.

The Contractor shall designate in writing before starting Work, an authorized representative who shall have the authority to represent and act for the Contractor.

When the Contractor is comprised of two (2) or more persons, firms, partnerships, or corporations functioning on a joint venture basis, said Contractor shall designate in writing before starting Work, the name of one authorized representative who shall have the authority to represent and act for the Contractor. Instances of misconduct, contract non-compliance, unsatisfactory performance, or incompetence by these personnel shall be grounds for the City to direct Contractor to dismiss them from the Project. Contractor shall immediately comply with the City's request for dismissal, at no cost to the City, and shall designate a replacement, which shall be subject to approval by the City.

Said authorized representative shall be present at the site of the Work at all times while Work is actually in progress on the Contract. When Work is not in progress and during periods

For Council Approval
Not for Bidding

when Work is suspended, arrangements acceptable to the Director shall be made for any Emergency Work that may be required.

Whenever the Contractor or its authorized representative is not present on any particular part of the Work where it may be desired to give direction, orders will be given by the Director, which shall be received and obeyed by the superintendent or foremen who may have charge of the particular Work in reference to which the orders are given.

Any order given by the Director, not otherwise required by the Supplemental Conditions to be in writing, will on request of the Contractor, be given or confirmed by the Director in writing.

2-1.25 **CHARACTER OF WORKER.** If any Subcontractor or person employed by the Contractor shall appear to the Director to be incompetent or to act in a disorderly or improper manner, he or she shall be removed immediately on the requisition of the Director, and such person shall not again be employed on the Work.

2-1.26 **INSPECTION.** The Contractor shall at all times permit the Director to inspect the Work or any part thereof. The Contractor shall maintain proper facilities and provide safe access for such inspection by the Director to all parts of the Work, and to the shops where the Work is in preparation. Work shall not be covered up until authorized by the Director and the Contractor shall be solely responsible for notifying the Director where and when such Work is in readiness for inspection and testing. Should any such Work be covered without authorization, it shall, if so ordered, be uncovered at the Contractor's expense.

Unless otherwise designated as normal working hours, whenever the Contractor intends to perform Work on Saturday, Sunday, or a Legal Holiday, the Contractor shall give notice to the Director of such intention forty-eight (48) hours prior to performing such Work, or such longer

For Council Approval
Not for Bidding

period as may be specified so that the Director may make necessary arrangements.

The observation and/or approval of the workmanship or materials by the City shall not relieve the Contractor of any obligations to fulfill the requirements of the Contract Documents. Workmanship and materials not meeting such requirements shall be corrected and unsuitable Work or material may be rejected, notwithstanding that such Work or materials have been previously observed and/or approved by the City, or payment therefor has been included in a progress estimate.

The City may order re-examination of questioned Work at any time before final Acceptance. If so ordered, the Contractor shall uncover the Work. If such work is found to be in accordance with the Contract Documents, the City will pay for the cost of uncovering, removing, recovering and replacing the parts removed; but if such Work so exposed or examined is not in accordance with the Contract Documents, the uncovering, removal, recovering and replacement shall be at the Contractor's expense. Work that has been covered prior to observation by the City does not qualify as re-examined work; the City may order such work uncovered for observation without payment of any costs.

2-1.27 **REMOVAL OF REJECTED AND UNAUTHORIZED WORK.** All Work which has been rejected shall be remedied, or removed and replaced by the Contractor in a manner acceptable to the Director and no compensation will be allowed the Contractor for such removal, replacement, or remedial Work.

Any Work done beyond the lines shown on the Contract Drawings or established by the Director, or any Work done without written authority will be considered as unauthorized Work and will not be paid for. Upon order of the Director, unauthorized Work shall be remedied, removed, or replaced at the Contractor's expense.

For Council Approval

Upon failure of the Contractor to comply promptly with any order of the Director made under this section, the Director may cause rejected or unauthorized Work to be remedied, removed, or replaced, and the costs thereof will be deducted from any moneys due or to become due the Contractor.

For Council Approval
Not for Bidding

SECTION 3

CHANGES IN THE WORK

3-1.01 **CHANGES.** The Director, without invalidating this Agreement and without notice to Contractor's surety, may order changes in the Work, consisting of additions or deletions, or other revisions. The Contract Price and the Contract Time shall be adjusted accordingly. All such changes in the Work, including in the Contract Price and the Contract Time, shall be authorized only by Contract Change Order, signed by the Director.

If Contractor claims that performance of any work entitles it to additional compensation or to an extension of time for performance of the Work, Contractor shall provide written notice to the City of any such claim prior to undertaking such work. Contractor shall provide written notice of any anticipated impacts to the Contract Price or Contract Time within three (3) Days of discovering such impact, by submitting a Notice of Potential Claim described in Section 7-1.03 below, or notice of delay as described in Section 6-1.09 below. If the Director refuses to issue a Change Order for such work, Contractor shall perform that work if directed or obligated to do so and shall submit a complete and specific Claim for additional compensation and/or extension of time for performance within fifteen (15) Days after such work is performed, as described in Section 7-1.03 below. Failure to provide written notice of claims prior to undertaking such work, failure to provide a timely Notice of Potential Claim, or failure to submit timely a complete and specific Claim for additional compensation and/or extension of the time for performance, shall be deemed a waiver and abandonment of any such Claim. No Claim, dispute or controversy shall interfere with the progress or performance of the Work and the Contractor shall proceed with the Work as directed by the Director. Failure to so proceed shall amount to a

For Council Approval
Not for Bidding

default under this Agreement.

3-1.02 **PROPOSED CHANGE ORDERS.** The Contractor will be notified in writing of a proposed Change Order describing the intended change. Within fifteen (15) Days after receipt of a written request, the Contractor shall submit its proposed price to be added or deducted from the Contract Price due to the change and its estimate of the extent of the adjustment in the Contract Time, if any. The Contractor's proposed price to be added to or deducted from the Contract Price shall be supported by a detailed estimate of cost prepared by the Contractor, vendor or Supplier. The Contractor's proposed price submittal shall be accompanied by a statement of the time necessary for the changed Work, together with a description of how this time will be incorporated into the current Construction Schedule. The Contractor shall upon request by the Director permit inspection of its original Contract estimate, subcontract agreements or purchase orders relating to the change.

If agreement is reached on the adjustment in compensation as provided in Section 3-1.05, "Contract Price Adjustment," of these General Conditions, the Contractor shall proceed with the Work as changed at the agreed price.

If the Contractor and the Director fail to agree as to the adjustment in compensation for the performance of the changed Work, the Contractor, upon written order from the Director, shall proceed immediately with the changed Work and the Contract Price shall be adjusted in accordance with Section 3-1.06, "Force Account Payment," of these General Conditions.

If the Contractor fails to submit its cost estimate within such fifteen (15) Day period, the Contractor shall commence the Work as changed immediately upon receipt of written order of the Director, and the Contract Price will be adjusted in accordance with the Director's cost estimate for the changed Work.

For Council Approval
Not for Bidding

3-1.03 **EMERGENCY AND INDETERMINATE TYPE CHANGE ORDERS.** Changes in the Work made necessary by an Emergency, as determined by the Director, or changes of a kind where the extent of the Work cannot be determined until completed, may be authorized by the Director in writing. The Change Order shall state that it is issued pursuant to this Section 3-1.03. Upon receipt of an authorized Change Order or other written order of the Director, the Contractor shall proceed with the ordered Work and the Director will maintain a daily job record containing a detailed summary of all labor, materials and equipment required for the changed Work.

Within fifteen (15) Days after receiving a written request, the Contractor shall submit a detailed estimate of cost for the change and any requested change in Contract Time in the same manner as required for proposed Change Orders in Section 3-1.02 of these General Conditions.

3-1.04 **EXECUTED CHANGE ORDER.** A Contract Change Order signed by both the Director and the Contractor is an "executed Contract Change Order." By signing the Contract Change Order, the Contractor agrees that the specified compensation constitutes full compensation for the changed Work, including payment for interruption, disruption, acceleration, extended Overhead, delay or any other "impact" claim or "ripple effect" claim. The Contractor specifically understands and agrees that its execution of the Contract Change Order shall constitute a waiver of any right for the Contractor to claim any additional compensation with respect to the subject matter of the Contract Change Order.

3-1.05 **CONTRACT PRICE ADJUSTMENT.** If a Contract Change Order provides for an adjustment to the Contract Price, the amount of such adjustment shall be determined by one of the following methods, or a combination thereof, as determined by the City and in its sole discretion:

For Council Approval
Not for Bidding

A. Lump sum. The Contractor and the City may agree on a lump sum amount for the Change Order. At the City's request, the Contractor will provide pricing for the work. Maximum markups for Contract Change Orders paid for using lump sum pricing shall be paid for in the same manner and in the same amounts as markups for Force Account work, as described in Section 3-1.06 below.

B. Unit Prices. The unit prices set forth in the Contractor's Schedule of Bid Prices will be utilized where they are applicable and acceptable to the City. The Contractor's unit prices shall remain firm and shall not be subject to adjustment unless and until the actual quantity of work is increased or decreased by Contract Change Order in an amount greater than twenty-five percent (25%) from the estimated quantity indicated for such item. No markups will be given for Contract Change Orders paid for using unit prices.

Unit prices for new items included in the Contract Change Order but not included in the original bid shall be as mutually agreed upon or, in the absence of agreement, as determined by the City in the same manner as if the work were to be paid for on a Force Account basis, as described in Section 3-1.06 below.

C. Force Account. Where the City and the Contractor are unable to agree on lump sum pricing and if the City does not elect to utilize the unit prices in Contractor's bid, or such unit prices are not applicable, the changed work will be performed and tracked by the Contractor as Force Account work, as described in Section 3-1.06 below. The City will pay for such work, including markups, properly attributable to the change in accordance with those Force Account provisions.

D. Eliminated Items. The City reserves the right to delete any bid item of Work in its entirety. The City makes no representation that any work under a bid item of Work

For Council Approval
Not for Bidding

will be performed, and all work may be subject to a Contract Change Order that deletes such work. Bid items are distinct and severable from the other bid items, and the Contractor shall not be entitled to any anticipated profit, unabsorbed Overhead, or other indirect expense attributable to the deleted item, except as provided immediately below with regard to Force Account mark-ups on the direct and verifiable costs incurred prior to the City's order that deletes the work.

Should any bid item of Work be eliminated in its entirety and not accounted for as described immediately above and, in the absence of an executed Contract Change Order covering such elimination, payment will be made to the Contractor for actual direct and verifiable costs incurred in connection with such eliminated bid item if incurred prior to the date of notification in writing by the City of such elimination. If acceptable material is ordered by the Contractor for the eliminated item prior to the date of notification of such elimination by the City, and if orders for such material cannot be canceled, it will be paid for at the actual direct and verifiable cost to the Contractor. Actual direct costs shall include documented vendor shipping fees, Supplier restocking fees, if applicable, and Contractor handling costs directly related to the eliminated item(s). In such case, the material paid for shall become the property of the City and the actual cost of any further handling will be paid for by the City. If the material is returnable to the vendor and if the City so directs, the material shall be returned and the Contractor will be paid for the actual direct cost of charges made by the vendor for returning the material. The actual direct cost of handling returned materials will also be paid for by the City. The actual direct and verifiable costs to be paid by the City as provided herein will be computed in the same manner as if the work were to be paid for on a Force Account basis, including the application of Force Account mark-ups to said costs.

3-1.06 **FORCE ACCOUNT PAYMENT.** When Work performed pursuant to a

For Council Approval
Not for Bidding

Change Order is to be paid for on a Force Account basis, the Contractor's labor, materials and equipment used in the performance of such Work shall be subject to the approval of the City, and the compensation will be determined as set forth below in this section.

3-1.06A **LABOR.** The Contractor will be paid an amount based on the actual cost for the workers (including foremen when authorized by the Director) used in the actual and direct performance of the Work. All labor costs associated with Overhead, whether field or home office, are specifically excluded herein, as those labor costs are covered by the below mark-ups. The cost of labor, whether the employer is the Contractor, Subcontractor or other forces, shall include employer payments; assessment of benefits required by lawful labor union collective bargaining agreements; compensation insurance payments; contributions made to the State pursuant to the Unemployment Insurance Code; and for taxes paid to the Federal Government pursuant to the Social Security Act of August 14, 1935, as amended. No labor cost will be recognized at a rate in excess of the wages prevailing in the locality at the time the Work is performed, nor will the use of a labor classification, which would increase the cost, be permitted unless the Contractor establishes to the complete satisfaction of the Director the necessity for payment at a higher rate.

3-1.06B **MATERIALS.** Only materials furnished by the Contractor and necessarily used in the performance of the Work will be paid for. Such cost of materials may include the costs of procurement, transportation and delivery if necessarily incurred. If a cash or trade discount by the actual supplier is available to the Contractor, it shall be credited to the City. If materials are procured by the purchaser by any method which is not a direct purchase from and a direct billing by the actual supplier to such purchaser, the cost of such materials shall be deemed to be the price paid to the actual supplier plus the actual costs, if any, incurred in the

For Council Approval
Not for Bidding

handling of such materials. If the materials are obtained from a supply or source owned wholly or in part by the purchaser, the cost of such materials shall not exceed the price paid by the purchaser for similar materials furnished from said source on Bid items or the current wholesale price for such materials delivered to the job site, less any discounts as provided herein, whichever is lower. If, in the opinion of the Director, the cost of materials is excessive, or if the Contractor fails to furnish satisfactory evidence of the cost to it from the actual supplier within sixty (60) Days after the date of delivery of the materials or within fifteen (15) Days after Acceptance of the Agreement, whichever occurs first, the cost of the materials shall be deemed to be the lowest current wholesale price at which similar materials are available in the quantities required, less any discounts provided herein. The Department reserves the right to furnish such materials required by the Change Order as it deems advisable, and the Contractor shall have no claim for cost or markups on material furnished by the Department.

3-1.06C **EQUIPMENT.** The Contractor will be paid an amount based on the actual cost for the use of equipment directly required and approved by the Director in the performance of the changed Work. No payment will be made for time while equipment is inoperative due to breakdowns or on Days when no Work is performed. In addition, the rental time shall include the time required to move the equipment to the Work from the nearest available source of such equipment, and to return it to the source. If such equipment is not moved by its own power, then loading and transportation costs will be paid. Moving time, loading and transportation costs will only be paid if the equipment is used exclusively on the changed Work during the time between move in and move out. Individual pieces of equipment having a replacement value of One Thousand Dollars ($1000) or less shall be considered to be tools or small equipment, and no payment will be made therefore. For equipment owned,

For Council Approval
Not for Bidding

furnished, or rented by the Contractor, no cost therefore shall be recognized in excess of the equipment rental rates published by Caltrans at the following website address: http://www.dot.ca.gov/hq/construc/equipmnt.html. Equipment located at a Work Site and utilized on non-Force Account work shall not eligible for standby payment, and shall be charged on a Force Account basis only when solely performing pre-approved Force Account work tasks.

3-1.06D **MARKUPS.** When a Change Order increases the cost of the Work, the Contractor may add the following maximum markups to its actual costs of labor, materials, or equipment rental:

15 percent for labor;

10 percent for materials; and

5 percent for equipment rental.

The above markups include full compensation, covering the costs of all supervision, bonds, profit, Overhead, and other general expenses not specifically designated as a direct cost in Sections 3-1.06A through 3-1.06C above. The total payment (i.e., direct cost plus applicable markups) shall be deemed to be the actual cost of such work and shall constitute full compensation therefor. The Contractor specifically understands and agrees that such payment shall include any Contractor costs for interruption, disruption, and acceleration, extended Overhead, Change Order management, delay or other "impact" claim or "ripple effect" claim.

When work paid for on a Force Account basis is performed by forces other than the Contractor's own forces, the maximum allowable mark-ups for the Subcontractors' costs shall be fifteen percent (15%) for the cost of labor, ten percent (10%) for the cost of materials, and five percent (5%) for the cost of rented equipment. In these situations where the work is being performed by Subcontractors, the Contractor will only be entitled to an additional five percent

For Council Approval
Not for Bidding

(5%) mark-up and will not be entitled to receive the additional mark-ups specified in this section.

When a Change Order decreases the cost of the Work, the reduction in cost shall include a five percent (5%) markup on the estimated cost for furnishing the labor, materials and equipment, which would have been used on such Work, had the Change Order not been issued.

When a Change Order involves both added Work and deleted Work, the markup or markups to be used shall be as follows:

The actual costs of labor, materials, and equipment rental for added and deleted Work shall be calculated separately without adding markups. If the difference between the calculated costs for labor results in an increased cost, a markup of fifteen percent (15%) shall be applied to the increased cost. If the difference between the calculated costs of materials or equipment rental results in an increased cost, a markup of ten percent (10%) and five percent (5%) respectively, shall be applied to the increased costs of materials or equipment rental, as the case may be. If the difference between the calculated costs for labor, materials or equipment rental results in a decreased cost, a markup of five percent (5%) shall be applied to the decreased costs of labor, materials or equipment rental, as the case may be.

Contractor shall not add mark-ups on work performed and billed by City staff nor add mark-ups to successive iterations of proposed Change Order cost proposals returned to Contractor by the City due to incomplete or inaccurate information being originally submitted by the Contractor. If the Contract Price increases by the issuance of Change Orders, the penal amounts of the bonds required shall increase accordingly.

3-1.06E **RECORDS.** The Contractor shall maintain its records in such a manner as to provide a clear distinction between the direct costs of extra work paid for on a Force Account basis and the costs of other operations.

For Council Approval
Not for Bidding

From the above records, the Contractor shall furnish the City completed daily extra work reports, on forms acceptable to the City, for each Day's extra work to be paid for on a Force Account basis. The daily extra work reports shall itemize the materials used, and shall cover the direct cost of labor and the charges for equipment rental, whether furnished by the Contractor, Subcontractor, or other forces. The daily extra work reports shall provide names and identifications and classifications of workers, the hourly rate of pay and hours worked, and also the size, type, and identification number of equipment, and hours operated. Daily extra work and Force Account reports (actual or claimed) shall be signed by both the City's and the Contractor's representatives within twenty-four (24) hours of the performance of the work.

Valid copies of vendor's invoices shall substantiate material charges. Such invoices shall be submitted with the daily extra work reports, or if not available, they shall be submitted with subsequent daily extra work reports. Should said vendor's invoices not be submitted within sixty (60) Days after the date of delivery of the material or within fifteen (15) Days after the Acceptance of the Agreement, whichever occurs first, the City reserves the right to establish the cost of such materials at the lowest current wholesale prices at which said materials were available in the quantities, less any discounts.

The City will compare its records with the completed daily extra work reports furnished by the Contractor and make any necessary adjustments. When these daily extra work reports are agreed upon and signed by both parties, said reports shall become the basis of payment for the work performed, but shall not preclude subsequent adjustment based on a later audit by the City.

The Contractor's cost records pertaining to Work paid for on a Force Account basis shall be open to inspection or audit by representatives of the City during the life of the Agreement and for a period of not less than three (3) years after the date of Agreement completion and the

For Council Approval
Not for Bidding

Contractor shall retain such records for that period. Where payment for materials or labor is based on the cost thereof to forces other than the Contractor, the Contractor shall make every reasonable effort to insure that the cost records of such other forces will be open to inspection and audit by representatives of the City on the same terms and conditions as the cost records of the Contractor. If an audit is to be commenced more than sixty (60) Days after the date of Acceptance of the Agreement, the Contractor will be given fifteen (15) Days' notice of the time when such audit is to begin.

3-1.07 **COST REDUCTION PROPOSALS.** The City encourages the Contractor to submit Cost Reduction Proposals whenever the Contractor identifies areas and/or instances in which there can be savings to the Work. Contractor may submit to the City, in writing, proposals for modifying the plans, Specifications or other requirements of the Agreement for the sole purpose of reducing the total cost of construction, including the time for completion of the Work. The City may consider such Cost Reduction Proposals and, if accepted, the Agreement will be equitably adjusted. The City has no obligation to consider or accept Cost Reduction Proposals.

For Council Approval
Not for Bidding

SECTION 4

CONTROL OF MATERIALS

4-1.01 **MATERIALS.** The Contractor shall furnish all materials required to complete the Work, except materials that are designated in the Supplemental Conditions to be furnished by the City and materials furnished by the City in accordance with Section 3, "Changes in the Work," of these General Conditions.

Unless otherwise specified in the Supplemental Conditions, materials furnished by the Contractor for incorporation into the Work shall be new. When the quality or kind of materials, articles, or equipment is not particularly indicated, then the quality or kind thereof shall be similar to those that are indicated.

Articles or materials to be incorporated in the Work shall be stored in such a manner as to insure the preservation of their quality and fitness for the Work, and to facilitate inspection.

All materials which do not conform to the requirements of the Contract Documents as determined by the Director, will be rejected whether in place or not. Rejected material shall be removed immediately from the site of the Work, unless otherwise permitted by the Director. No rejected material, the defects of which have been subsequently corrected, shall be used in the Work, unless approval in writing has been given by the Director. Upon failure of the Contractor to comply promptly with any order of the Director made under these provisions, the Director shall have the authority to cause the removal and replacement of rejected material and to deduct the cost thereof from any moneys due or to become due the Contractor.

Manufacturer's warranties, guaranties, instruction sheets and parts lists, which are furnished with certain materials incorporated in the Work, shall be delivered to the Director

For Council Approval
Not for Bidding

before Acceptance of the Contract.

Unless otherwise designated in the Supplemental Conditions or Specifications, materials furnished by the City will be delivered to the job site. Materials furnished by the City that are designated in the Supplemental Conditions as available at locations other than the job site shall be hauled to the site of the Work by the Contractor at its expense, including any necessary loading and unloading that may be involved.

The Contractor will be held responsible for all materials furnished to it, and shall pay all demurrage and storage charges. City-furnished materials lost or damaged from any cause whatsoever shall be replaced by the Contractor. The Contractor will be liable to the Department for the cost of replacing City-furnished material and such costs may be deducted from any moneys due or to become due the Contractor.

4-1.02 **PRODUCT AND REFERENCE STANDARDS.** When descriptive catalog designations, including manufacturer's name, product brand name, or model number are referred to in the Contract Documents, such designations shall be considered as being those found in industry publications in effect on the day the Notice to Contractors for the Work is dated, except as may be otherwise stated.

When standards or test designations of the Federal Government, trade societies, or trade associations are referred to in the Contract Documents by specific date of issue, these shall be considered as part of the Contract. When such references do not bear a date of issue, the edition in effect on the day the Notice to Contractors for the Work is dated shall be considered as part of the Contract.

4-1.03 **SAMPLING AND TESTING OF MATERIALS.** Unless otherwise specified, all tests shall be performed in accordance with the methods used by the State

For Council Approval
Not for Bidding

Department of Transportation (Caltrans) and shall be made by the Director or his or her designated representative.

The State Department of Transportation has developed test methods for testing the quality of materials and Work. These test methods are identified by a California Test followed by the serial number. Copies of individual tests are available at the State Department of Transportation Laboratory, Sacramento, California, and will be furnished to interested persons upon request.

Whenever a reference is made in the Supplemental Conditions to a California Test by number, it shall mean the California test in effect on the day the Notice to Contractors for the Work is dated.

Whenever the Supplemental Conditions provide an option between two (2) or more test methods, the Director will determine the test method to be used.

Whenever a Supplemental Condition, manual, or test designation provides for test reports (such as certified mill test reports) from the manufacturer, copies of such reports, identified as to the lot of material, shall be furnished to the Director. The manufacturer's test reports shall supplement the inspection, sampling and testing provisions of this Section 4-1.03 and shall not constitute a waiver of the City's right to inspect. When material which cannot be identified with specific test reports is proposed for use, the Director may at his or her discretion, select random samples from the lot for testing. Testing specimens from the random samples, including those required for retest, shall be prepared in accordance with the referenced Supplemental Conditions and furnished by the Contractor at its expense. The number of such samples and test specimens shall be entirely at the discretion of the Director.

When requested by the Director, the Contractor shall furnish, without charge, samples of

For Council Approval
Not for Bidding

all material entering into the Work, and no material shall be used prior to approval by the Director, except as provided in Section 4-1.04, “Certificates of Compliance,” of these General Conditions.

A. Inspection and Access for Testing. The Contractor shall provide safe access for the Director and his or her inspectors to adequately inspect the quality of Work and conformance with the General and Supplemental Conditions. The Contractor shall provide adequate lighting, ventilation, ladders and other protective facilities as may be necessary for the safe performance of inspections.

The Contractor shall submit samples or specimens of such materials to be furnished or used in the Work as the Director may require. The Contractor shall furnish the Director all necessary labor and facilities for such things as excavation in the compacted fill to depths required to take samples.

Inspections, tests, or favorable review by the Director or others shall not relieve the Contractor from its obligations to perform the Work in accordance with the requirements of the Contract Documents.

Work covered without the favorable review or consent of the Director shall, if required by the Director, be uncovered for examination at the Contractor's expense.

If the Engineer, Architect, or Director considers it necessary or advisable that covered Work be inspected or tested by others, the Contractor, at the Director's request, will uncover, expose or otherwise make available for observation, inspection or testing as the Director may require, that portion of the Work in question, furnishing all necessary labor, materials, tools, and equipment. If it is found that such Work is defective, the Contractor will bear all the expenses of such uncovering, exposure, observation, inspection and testing and of

For Council Approval
Not for Bidding

satisfactory reconstruction. If, however, such Work is not found to be defective and the Work was not covered without favorable review of the Director, the Contractor will be allowed an increase in the Contract Price or an extension of the Contract Time, or both, to cover its costs directly attributable to such uncovering, exposure, observation, inspection, testing, and reconstruction and an appropriate Change Order shall be issued.

Whenever the Contractor varies the period during which Work is carried on each Day, the Contractor shall give due notice to the Director so that proper inspection may be provided. Any Work done in the absence of the Director may be subject to rejection. Proper facilities for safe access for inspection to all parts of the Work shall at all times be maintained for the necessary use of the Director and other agents of the City. Authorized representatives and agents of the Director shall be permitted access to inspect all Work and materials wherever it is required for preparation of progress reports, and the Contractor shall provide proper facilities for such access and inspection.

It is the Contractor's responsibility to supervise the Work and complete the project in accordance with the Contract Documents. In the course of managing that effort, the Contractor shall generate its own punch lists as deemed necessary. The Director may prepare punch lists for the Director's own use in communicating with the Contractor; however, the Director shall be under no obligation to prepare punch lists for the Contractor. In general, the Director will prepare punch lists only after the Contractor has given the Director written notice that the subject Work is completed and tested in accordance with the Contract Documents and is ready for operation and/or use and/or occupancy. Failure of the Director to include an item in a punch list shall not relieve the Contractor of its duty to satisfactorily complete all Work required by the Contract Documents.

For Council Approval
Not for Bidding

Upon Final Completion of the construction Work and request by the Contractor, the Director will conduct a final inspection as a basis for recommending to the City that the Work be accepted.

B. Field and Materials Testing. Where the Supplemental Conditions require Work to be specially field tested or approved, it shall be tested only in the presence of the Director after timely notice of its readiness for inspection and test, and the Work after testing shall be covered up only upon the consent thereto of the Director.

The results of any tests made are for the information of the Director. Regardless of any test results, the Contractor is solely responsible for the quality of workmanship and materials and for compliance with the requirements of the Contract Drawings and Supplemental Conditions.

Except as specifically required under the Supplemental Conditions, all tests by the Director of materials furnished by the Contractor will be done in accordance with commonly recognized standards of national organizations. The Contractor shall furnish such samples of all materials as required by the Director without charge. No material shall be used unless it has been favorably reviewed by the Director.

Where such inspection and testing are to be conducted by an independent Laboratory or agency, the sample or samples of materials to be tested shall be selected by such Laboratory or agency, or the Director, and not by the Contractor.

C. Costs of Testing.

1. Initial Services: The City shall furnish and pay for all initial testing services required by the Contract Documents. When initial tests indicate non-compliance with the Contract Documents, the cost of initial tests associated with that non-compliance will be

For Council Approval
Not for Bidding

deducted by the City from the balance owed the Contractor. The Contractor shall furnish samples of materials for testing as may be required by the Director. Such samples shall be furnished without cost to the City.

2. Retesting: When initial tests indicate non-compliance with the Contract Documents, all subsequent retesting occasioned by the non-compliance shall be performed by the same testing Laboratory and the cost thereof will be deducted by the City from the balance owed the Contractor. Contractor shall be billed for each additional test.

3. Contractor Convenience Testing: Inspection or testing performed exclusively for the Contractor's convenience shall be the sole responsibility of the Contractor.

4. Additional Tests and Inspections: When in the opinion of the Director additional tests or inspections are required because of the manner in which the Contractor executes its Work, such tests and inspections shall be paid for by the City, but will be deducted from the Contract Price. Examples of such tests and inspections are tests of materials substituted for previously accepted materials or substituted for specified materials, retests made necessary by failure of material to comply with the requirements of the Specifications, load tests made necessary because of portions of the structure not fully meeting Specifications or plan requirements, etc.

4-1.04 **CERTIFICATES OF COMPLIANCE.** A Certificate of Compliance shall be furnished prior to the use of any materials for which the Supplemental Conditions require that such a Certificate be furnished. In addition, the Director may permit the use of certain materials or assemblies prior to sampling and testing if accompanied by a Certificate of Compliance. The Certificate shall be signed by the manufacturer of the material or the manufacturer of assembled materials and shall state that the materials involved comply in all

For Council Approval
Not for Bidding

respects with the requirements of the Supplemental Conditions. A Certificate of Compliance shall be furnished with each lot of such materials delivered to the Work and the lot so certified shall be clearly identified in the Certificate.

All materials used on the basis of a Certificate of Compliance may be sampled and tested at any time. The fact that material is used on the basis of a Certificate of Compliance shall not relieve the Contractor of responsibility for incorporating material in the Work which conforms to the requirements of the Contract Documents and any such material not conforming to such requirements will be subject to rejection whether in place or not.

The Department reserves the right to refuse to permit the use of material on the basis of a Certificate of Compliance.

The form of the Certificate of Compliance and its disposition shall be as directed by the Director.

For Council Approval
Not for Bidding

SECTION 5

LEGAL RELATIONS AND RESPONSIBILITY

5-1.01 **LAWS TO BE OBSERVED.** The Contractor shall keep informed of and observe, and comply with and cause all of its agents and employees to observe and comply with, all prevailing Federal and State laws, and rules and regulations made pursuant to said Federal and State laws, and county and municipal ordinances, and regulations, which in any way affect the conduct of the Contract. If any conflict arises between provisions of the Contract and any such law above referred to, the Contractor shall notify the Director at once in writing. To the fullest extent allowed by law, the Contractor shall defend, indemnify, and save and hold harmless the City or any of its officers, agents, employees, and volunteers against any claim or liability arising from or based on the violation of any such law, rule, or regulation, whether by itself or its agents or employees.

5-1.02 **HOURS OF LABOR.** Eight (8) hours labor constitutes a legal Day's work. The Contractor or Subcontractor shall, as a penalty to City, forfeit Twenty-five Dollars ($25) for each worker employed in the execution of the contract by the respective Contractor or Subcontractor for each calendar day during which such worker is required or permitted to work more than eight (8) hours in any one (1) calendar day and forty (40) hours in any one (1) calendar week in violation of the provisions of the Labor Code, and in particular, Section 1810 to Section 1815, thereof, inclusive, except that Work performed by employees of Contractors in excess of eight (8) hours per day, and forty (40) hours during any one (1) week, shall be permitted upon public work upon compensation for all hours worked in excess of eight (8) hours per day at not less than one and one-half (1-1/2) times the basic rate of pay, as provided in said

For Council Approval
Not for Bidding

Section 1815. In addition, Contractor and/or its Subcontractors may be required to pay double the basic rate of pay for all hours worked in excess of twelve (12) hours in any workday and under other circumstances. (See California Code of Regulations, Title 8, Sections 16100(c)(6) and (16200(a)(3)(F) and applicable Department of Industrial Relations prevailing wage determinations.)

5-1.03 **NONDISCRIMINATION.**

A. Attention is directed to Labor Code Section 1735, which reads as follows:

"A contractor shall not discriminate in the employment of persons upon public works on any basis listed in subdivision (a) of Section 12940 of the Government Code, as those bases are defined in Sections 12926 and 12926.1 of the Government Code, except as otherwise provided in Section 12940 of the Government Code. Every Contractor for public works who violates this section is subject to all the penalties imposed for a violation of this chapter."

B. During the performance of this Contract, Contractor and its Subcontractors shall not unlawfully discriminate against any employee or applicant for employment because of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, or military and veteran status. The Contractor and Subcontractors shall insure that the evaluation and treatment of their employees and applicants for employment are free of such discrimination. The Contractor and Subcontractors shall comply with the provisions of the California Fair Employment and Housing Act (Government Code §12900, et seq.) and the applicable regulations promulgated thereunder (California Code of Regulations, Title 2, §7285.0 et seq.) and other applicable State and Federal regulations and City

For Council Approval
Not for Bidding

policies pertaining to nondiscrimination and affirmative action which are incorporated into this Agreement by reference and made a part hereof as if set forth in full. The Contractor and its Subcontractors shall give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other agreement.

C. Contractor shall include the nondiscrimination and compliance provisions of this clause in all subcontracts to perform Work under the agreement.

5-1.04 **PREVAILING WAGE.** The Contractor and any Subcontractor shall comply with Labor Code Sections 1770 et seq. In accordance with said Section 1775 the Contractor and any Subcontractor under the Contractor shall, as a penalty, forfeit to the state or City not more than $200 for each calendar day or portion thereof, for each worker paid less than the prevailing rate as determined by the Director of Industrial Relations for the work or craft in which such worker is employed for under the Contract by the Contractor or by any Subcontractor under the Contractor.

The amount of the penalty shall be determined by the Labor Commissioner based on consideration of both of the following: (a) whether the failure to pay the correct rate of per diem wages was a good-faith mistake and, if so, whether the error was promptly and voluntarily corrected when brought to the attention of the Contractor or Subcontractor; and (b) whether the Contractor or Subcontractor has a prior record of failing to meet its prevailing wage obligations.

The penalty may not be less than forty dollars ($40) for each calendar day, or portion thereof, for each worker paid less than the prevailing wage rate, unless the failure of the Contractor or Subcontractor to pay the correct rate of per diem wages was a good faith mistake and, if so, the error was promptly and voluntarily corrected when brought to the attention of the Contractor or Subcontractor.

For Council Approval
Not for Bidding

The penalty may not be less than eighty dollars ($80) for each calendar day, or portion thereof, for each worker paid less than the prevailing wage rate, if the Contractor or Subcontractor has been assessed penalties within the previous three (3) years for failing to meet its prevailing wage obligations on a separate contract, unless those penalties were subsequently withdrawn or overturned.

The penalty may not be less than one hundred twenty dollars ($120) for each calendar day, or portion thereof, for each worker paid less than the prevailing wage rate, if the Labor Commissioner determines that the violation was willful, as defined in subdivision (c) of Section 1777.1 of the Labor Code.

If the amount due under this section is collected from the Contractor or Subcontractor, any outstanding wage claim under Chapter 1 (commencing with Section 1720) of Part 7 of Division 2 of the Labor Code against the Contractor or Subcontractor shall be satisfied before applying that amount to the penalty imposed on that Contractor or Subcontractor pursuant to this section.

The determination of the Labor Commissioner as to the amount of the penalty shall be reviewable only for an abuse of discretion.

In addition to said penalty, the difference between such stipulated prevailing wage rates and the amount paid to each worker for each calendar day or portion thereof for which each worker was paid less than the stipulated prevailing wage shall be paid to each worker by the Contractor or Subcontractor.

If a worker employed by a Subcontractor on a public works project is not paid the general prevailing per diem wages by the Subcontractor, the Contractor is not liable for any penalties described above unless the Contractor had knowledge of that failure of the Subcontractor to pay

For Council Approval
Not for Bidding

the specified prevailing rate of wages to those workers or unless the Contractor fails to comply with all of the following requirements:

1. The contract executed between the Contractor and the Subcontractor for the performance of work on the public works project shall include a copy of the provisions of Sections 1771, 1776, 177.5, 1813, and 1815 of the Labor Code.
2. The Contractor shall monitor the payment of the specified general prevailing rate of per diem wages by the Subcontractor to the employees, by periodic review of the certified payroll records of the Subcontractor.
3. Upon become aware of the Subcontractor's failure to pay its workers the specified prevailing rate of wages, the Contractor shall diligently take corrective action to halt or rectify the failure, including, but not limited to, retaining sufficient funds due the Subcontractor for work performed on the public works project.
4. Prior to making final payment to the Subcontractor for work performed on the public works project, the Contractor shall obtain an affidavit signed under penalty of perjury from the Subcontractor that the Subcontractor has paid the specified general prevailing rate of per diem wages to its employees on the public works project and any amount due pursuant to 1813 of the Labor Code.

Pursuant to Section 1775 of the Labor Code, the Division of Labor Standards Enforcement shall notify the Contractor on a public works project within fifteen (15) Days of the receipt by the Division of Labor Standards Enforcement of a complaint of the failure of a Subcontractor on that public works project to pay workers the general prevailing rate per diem wages.

Pursuant to the provisions of California Labor Code Section 1773, the City has obtained

For Council Approval
Not for Bidding

the general prevailing rate of wages applicable to the categories of workers the City anticipates will be utilized for this project for straight time, overtime, Saturday, Sunday, and holiday Work. The holiday wage rate listed shall be applicable to all holidays recognized in the collective bargaining agreement of the particular craft, classification or type of worker concerned or, if no collective bargaining applies, those holidays identified in Government Code Section 6700. These wage rates may be obtained from the State Department of Industrial Relations and/or the following website address: http://www.dir.ca.gov/dlsr/DPreWageDetermination.htm, which is incorporated herein as a part of this Contract.

Pursuant to Labor Code Section 1773.2, the general prevailing wage rates set forth above, which forms a part of this Contract, shall be posted by the Contractor at a prominent place at the site of the Work.

Pursuant to Labor Code Section 1773.6 and California Code of Regulations Section 16204, Title 8, changes in general prevailing wage determinations shall apply to the project only if issued by the Director of Industrial Relations prior to the City's bid issuance date.

The City will not recognize any claim for additional compensation because of the payment by the Contractor of any wage rate in excess of the prevailing wage rate set forth in the Contract. The possibility of wage increases is one of the elements to be considered by the Contractor in determining its Bid, and will not under any circumstances be considered as the basis of a claim against the City or Contract.

When both California and Federal prevailing wage rates apply, the Contractor and any Subcontractors shall pay their workers the higher of the two rates. The Contractor and any Subcontractors shall insert this clause in any lower tier contract.

5-1.05 **REGISTRATION REQUIRED AS QUALIFICATION TO BID.**

For Council Approval
Not for Bidding

Pursuant to Labor Code Section 1771.1(b), notice is hereby given that a Contractor or Subcontractor shall not be qualified to bid on, be listed in a bid proposal, subject to the requirements of Section 4104 of the Public Contract Code, or engage in the performance of any contractor for public work, as defined in Labor Code Sections 1720, et seq., unless currently registered and qualified to perform public work pursuant to Labor Code Section 1725.5. It is not a violation of Labor Code Section 1771.1 for an unregistered contractor to submit a bid that is authorized by Section 7029.1 of the Business and Professions Code or by Section 10164 or 20103.5 of the Public Contract Code, provided the contractor is registered to perform public work pursuant to Section 1725.5.

5-1.06 **PAYROLL RECORDS.** The Contractor's attention is directed to the following provisions of Labor Code Section 1776. The Contractor shall be responsible for the compliance with these provisions by its Subcontractors.

A. The Contractor and each Subcontractor shall keep accurate and current payroll records, showing the name, address, social security number, work classification, straight time and overtime hours worked each day and week, and the actual per diem wages paid to each journeyman, apprentice, worker, or other employee employed by it in connection with the public work. Each payroll record shall contain or be verified by a written declaration that is made under penalty of perjury, stating both of the following:

1. The information contained in the payroll record is true and correct.

2. The employer has complied with the requirements of Section 1771, 1811, and 1815 for any work performed by his or her employees on the public works project.

B. The payroll records enumerated under subdivision (A) shall be available for inspection at all reasonable hours at the principal office of the Contractor on the following

For Council Approval
Not for Bidding

basis:

1. A certified copy of an employee's payroll record shall be made available for inspection or furnished to such employee or his or her authorized representative on request.

2. A certified copy of all payroll records enumerated in subdivision (A) shall be made available for inspection or furnished upon request to a representative of the City, the Division of Labor Standards Enforcement, and the Division of Apprenticeship Standards of the Department of Industrial Relations. The City reserves the right to withhold any progress payments to the Contractor in the event of noncompliance with the subsection.

3. A certified copy of all payroll records enumerated in subdivision (A) shall be made available upon request by the public for inspection or for copies thereof. However, a request by the public shall be made through either the City, the Division of Apprenticeship Standards, or the Division of Labor Standards Enforcement. The public shall not be given access to such records at the principal office of the Contractor.

C. The certified payroll records shall be on forms provided by the Division of Labor Standards Enforcement or shall contain the same information as the forms provided by the Division.

D. Each Contractor shall file a certified copy of the records enumerated in subdivision (A) with the entity that requested the records within ten (10) Days after receipt of a written request.

E. Any copy of the records made available for inspection as copies and furnished upon request to the public or any public agency by the City, the Division of Apprenticeship Standards or the Division of Labor Standards Enforcement shall be marked or

For Council Approval
Not for Bidding

obliterated to prevent disclosure of an individual's name, address and social security number. The name and address of the Contractor awarded the Contract or Subcontractor performing the Contract shall not be marked or obliterated. Any copy of records made available for inspection by, or furnished to, a joint labor-management committee established pursuant to the federal Labor Management Cooperation Act of 1978 (Section 175a of Title 29 of the United States Code) shall be marked or obliterated only to prevent the disclosure of an individual's name and social security number. A joint labor-management committee may maintain an action in a court of competent jurisdiction against an employer who fails to comply with Section 1774. The court may award restitution to an employee for unpaid wages and may award the joint labor-management committee reasonable attorneys' fees and costs incurred in maintaining the action. An action under this subdivision may not be based on the employer's misclassification of the craft of a worker on its certified payroll records. Nothing in this subdivision limits any other available remedies for a violation of this section.

F. The Contractor shall inform the City of the location of the records enumerated under subdivision (A), including the street address, city and county, and shall, within five (5) business days, provide a notice of a change of location and address.

G. The Contractor shall have ten (10) Days in which to comply subsequent to receipt of written notice requesting the records enumerated in subdivision (A). In the event that the Contractor or Subcontractor fails to comply within the ten (10) Day period, the Contractor shall, as a penalty to the State or City, forfeit one hundred ($100) Dollars for each calendar day, or portion thereof, for each worker, until strict compliance is effectuated. Upon the request of the Division of Apprenticeship Standards or the Division of Labor Standards Enforcement, these penalties shall be withheld from any progress payment or final payment then due. A contractor

For Council Approval
Not for Bidding

is not subject to a penalty assessment pursuant to this section due to the failure of a Subcontractor to comply with this section.

5-1.07 **SAFETY REQUIREMENTS.** It is the intent of the parties that the City is not an exposing, creating, controlling, or correcting employer under California Labor Code Section 6400. In accordance with generally accepted construction practices and State law, the Contractor shall have the authority and be solely and completely responsible for conditions on the Work Site, including safety of all persons and property during performance of the Work. Moreover, the Contractor shall be the controlling employer and has the authority and responsibility to enforce Work Site safety. The Contractor shall be responsible for conducting daily safety inspections and assuring all hazards and violations are abated. The Contractor is responsible for assuring that all Subcontractors adhere to the minimum Cal/OSHA safety requirements and that each Subcontractor has an effective Cal/OSHA IIPP (Illness and Injury Prevention Program) in place that specifically addresses all potential exposures, such as, but not limited to, fall protection, confined space, and trenching/shoring. These requirements shall apply continuously and not be limited to normal working hours. The Contractor shall be responsible for any delay costs or damages in the event the progress of Work is slowed or stopped due to a safety violation.

The Contractor shall designate a safety officer and have in place a health and safety plan in accordance with the laws of State of California and conduct safety meetings and document them in accordance with the law. The Contractor shall have the safety record available for inspection during working hours and shall submit job site safety meeting reports with each Application for Payment.

Prior to Contractor commencing construction project work on City property, Contractor

For Council Approval
Not for Bidding

shall make available copies of its Health and Safety Plan (HASP) that meets or exceeds applicable Cal/OSHA regulations. The Contractor's HASP shall also meet or exceed the requirements of any applicable City-wide or departmental specific Injury and Illness Prevention Programs (IIPP) and other HASP programs, procedures, and plans. Potentially applicable HASP programs, procedures, and plans include, but are not limited to, the following:

1. Bloodborne Pathogens Exposure Control Plan;
2. Confined Space Entry Procedure;
3. Electrical Safety Program (Lockout/Tagout);
4. Emergency Action Plans (Site Specific);
5. Fire Prevention Plans (Site Specific);
6. Hazardous Waste Operations Emergency Response Plan (or Equivalent);
7. Hazard Communication Program (SDS's and Right-to-Know training);
8. Heat Illness & Prevention Plan;
9. Hearing Conservation Program;
10. Hot Work/Welding Procedure;
11. Job Hazard Analyses/Standard Operating Procedures;
12. Traffic Control & Flagging;
13. Excavation/Dig Safe Procedure;
14. Fall Protection Plan;
15. Personal Protective Equipment Plan;
16. Respirable Crystalline Silica Exposure Control Plan;
17. Respirator Program;
18. Soils Management Plan (for contaminated soils); and

For Council Approval
Not for Bidding

19. Transite (Asbestos) Pipe Work Procedure.

Additionally, Contractor shall be responsible for complying with all City-wide and departmental specific safety requirements as identified in the Supplemental Conditions or presented at a pre-construction meeting.

Contractor shall inform City in advance of the quantity of chemical(s) to be used for the project and the total quantity of chemical(s) that will be brought onto City property. In addition, Contractor shall provide City with one copy of the Safety Data Sheet (SDS) for each chemical expected to be used to complete the project and for each chemical brought to the Work Site, regardless of whether such chemicals are ultimately used for the project.

The services of the Director in conducting construction review of the Contractor's performance is not intended to include review of the adequacy of the Contractor's Work methods, equipment, bracing or scaffolding, or safety measures, in, on, or near the construction site. If a City employee observes a safety violation, the City employee will report the violation to the Contractor who is then responsible for assuring the violation is abated.

The Contractor is hereby informed that Work on this project could be hazardous. The Contractor shall carefully instruct all personnel working in potentially hazardous Work areas as to potential dangers and shall provide such necessary safety equipment and instructions as are necessary to prevent injury to personnel and damage to property. Special care shall be exercised relative to Work underground.

All Work and materials shall be in strict accordance with all applicable State, City, County, and Federal Rules, Regulations, and Codes, and attention is drawn to the requirements of Cal/OSHA. The Contractor shall be solely responsible for compliance with all City, County and State blasting requirements and for any damages caused by its operations.

For Council Approval
Not for Bidding

To ensure compliance with California Labor Code Section 6705, the Contractor shall submit to the City, at least five (5) Days in advance of excavation of any trench five feet (5') or more in depth, Working Drawings to the Director showing the design of shoring, bracing, sloping and other provisions to be made for worker protection from the hazard of caving ground during the excavation of such trench or trenches. If such Working Drawings vary from the shoring system standards established by the Cal/OSHA Construction Safety Orders of the Division of Industrial Safety, the plan shall be prepared and signed by a registered civil or structural engineer in the State of California. This in no way relieves the Contractor from the requirement of maintaining safety in all operations performed by the Contractor or the Contractor's Subcontractors and nothing in this section shall be deemed to allow the use of a shoring, sloping or protective system less effective than that required by the Cal/OSHA Construction Safety Orders of the Division of Industrial Safety Contractor's Working Drawings shall be subject to approval insofar as the details affect the character of the finished Work and for compliance with design requirements applicable to the construction when specified or called for, but details of the design will be left to Contractor who shall be responsible for the successful construction of the Work. The City shall approve Working Drawings before any Work involving such drawings is performed. Approval and/or acceptance by the City or its designated agent only constitutes acknowledgment of the submission and does not constitute review or approval of the designs, design assumptions or criteria, completeness of submissions, applicability to areas of intended use, nor implementation of the plans, which are solely the responsibility of the Contractor and its registered engineer.

The Contractor shall perform its Work as not to expose personnel to, or to discharge into the atmosphere from any source whatever, smoke, dust, asbestos, toxic chemicals or other air

For Council Approval
Not for Bidding

contaminants in violation of the laws, rules, and regulations of the governmental entities having jurisdiction and shall bear full and exclusive responsibility for any release of hazardous or non-hazardous chemicals or substances during the course of the Work. The Contractor shall immediately report any such release to the City. The Contractor shall be solely responsible for all claims and expenses associated with the response to, removal and remediation of the release, including, without limitation, payment of any fines or penalties levied against the City by any agency as a result of such release and shall defend, indemnify, and save and hold harmless the City, its officers, agents, employees, and volunteers from any claims arising from such release. For purposes of this section only, the term "claims" shall include:

1. All notices, orders, directives, administrative or judicial proceedings, fines, penalties, fees, or charges imposed by any governmental agency with jurisdiction; and

2. Any claim, cause of action, or administrative or judicial proceeding brought against the City, its officers, agents, employees, and volunteers for any loss, cost (including reasonable attorneys' fees), damage or liability, sustained or suffered by any person or entity, including the City.

If the performance of the Work creates any hazardous wastes, those wastes shall be properly disposed of according to federal, state, and local laws, at the expense of the Contractor. The Contractor shall dispose of the wastes under its own EPA Generator Number. In no event shall the City be identified as the generator. The Contractor shall notify the City of any such hazardous wastes and the City reserves the right to a copy of the results of any tests conducted on the wastes, and, at its cost, to perform additional tests or examine those wastes, prior to disposition. The Contractor shall defend, indemnify, and save and hold harmless the City, its

For Council Approval
Not for Bidding

officers, agents, employees, and volunteers from any claims arising from the disposal of the hazardous wastes, regardless of the absence of negligence or other malfeasance by the Contractor. Disposal of all Hazardous Materials must be done in accordance with all laws and regulations. Copies of required regulatory documentation including copies of final manifests shall be supplied to the City.

Contractors or Subcontractors removing one hundred or more square feet (100') of asbestos must be "Certified" in accordance with State law. All Work involving exposure to asbestos and all other hazardous materials shall be performed with protection of personnel in compliance with all applicable regulations and safety requirements including, but not limited to, California Code of Regulations Section 1529, Title 8.

Nothing in these General Conditions is to be construed to permit Work not conforming to governing codes. When Contract Documents differ from governing codes, the Contractor shall furnish and Install the higher standards called for without extra charge.

5-1.08 **SUBSURFACE EXCAVATIONS, NOTIFICATION.** The Contractor shall contact the regional notification center, "Underground Service Alert," and schedule its Work to allow ample time for the center to notify its members and, if necessary, for any member to field locate and mark its facilities. Without limiting the foregoing, the Contractor's attention is directed to Government Code Sections 4216 to 4216.9, and in particular Section 4216.2.

5-1.09 **PUBLIC SAFETY.** The Contractor shall assume all responsibility for public safety during the performance of its Work, and all costs arising therefrom shall be included in the Contract Price. Whenever the Contractor's operations create a condition hazardous to traffic or to the public, it shall furnish, erect and maintain, at its expense, such fences, barricades, lights, signs, and other devices and take such other protective measures as are

For Council Approval
Not for Bidding

necessary to prevent accidents or damage or injury to the public. The Contractor shall establish the pedestrian detours with comparable lighting to the original pedestrian areas. The Contractor shall arrange for such flaggers as are necessary to give adequate warning to traffic or to the public of any dangerous conditions affecting traffic. For Work in a public right-of-way, the Contractor shall comply with the rules and regulations of the State, County, or local agency that owns the right-of-way.

The Contractor shall promptly and fully comply with and carry out, and shall without separate charge therefor to the City, all safety and first aid requirements prescribed by all applicable Federal, State, and local laws and regulations, rules, and orders. The Work shall be done in a safe manner; and the Contractor shall safeguard the safety and health of its employees, Subcontractors, and the people of local communities. The Contractor shall also be reasonable for ensuring that its Subcontractors comply with the provisions of this section.

Upon the failure of the Contractor to comply with any of the requirements of this section, the City shall have the authority, but not the duty, to stop the Work until such failure is remedied. The Contractor shall not be entitled to an adjustment of the Contract Time or an increase in the Contract Price due to any such suspensions.

When required by the Contract Documents, the Contractor shall construct, maintain, and remove detours for use of public traffic, without additional cost to the City, unless separate payment is specified in the Special Provisions.

The failure or refusal of the Contractor to construct and maintain detours at the proper time shall be sufficient cause for closing down the work until such detours are in satisfactory condition for use by public traffic.

Due care shall be exercised to avoid injury to existing improvements or facilities, utility

For Council Approval
Not for Bidding

facilities, adjacent property and trees, shrubs, and other plants that are not to be removed.

Trees, shrubs and other plants that are not to be removed, and pole lines, fences, signs, survey markers and monuments, buildings and structures, conduits, pipe lines, sewer and waterlines, highway facilities, and any other improvements or facilities, under or above ground, that are within or adjacent to the work limit line shall be protected from injury or damage, and the Contractor shall provide and Install suitable safeguards to protect such objects from injury or damage. If such objects are injured or damaged by reason of the Contractor's operations, they shall be replaced or restored at the Contractor's expense. The facilities shall be replaced or restored to a condition as good as when the Contractor entered upon the Work Site, or as good as required by the Contract Documents if any such objects are part of the Work. The City may make or cause to be made such temporary repairs as are necessary to restore to service any damaged facility. The cost of such repairs shall be borne by the Contractor, and the costs may be deducted from any monies due or to become due to the Contractor under the Agreement.

The fact that any underground facilities is not shown on the Contract Drawings shall not relieve the Contractor of its responsibility pursuant to "Utility Facilities" in Section 2-1.12 elsewhere in the Contract Documents. It shall be the Contractor's responsibility, pursuant thereto, to ascertain the location of such underground improvements or facilities, which may be subject to damage by reason of its operations.

Full compensation for furnishing all labor, materials, tools, equipment and incidentals, and for doing all the Work involved in protecting or repairing property as specified in this section, shall be considered as included in the prices paid for the various Contract items of work and no additional compensation will be allowed therefor.

5-1.10 **EMERGENCIES.** In an Emergency affecting the safety of life, the

For Council Approval
Not for Bidding

Work, or adjoining property, the Contractor, without special instructions or authorization from the City, shall act at its discretion to prevent such threatened loss or injury. In such an Emergency, the Contractor may perform such additional work as is reasonably required. Any compensation claimed by the Contractor on account of Work performed to an Emergency shall be determined in accordance with the provisions relating to Force Account payment contained elsewhere in the Contract Documents.

5-1.11 **APPRENTICES.** Attention is directed to Labor Code Sections 1777.5, 1777.6 and 1777.7 and Title 8, California Code of Regulations Section 200 et seq. In accordance with Section 1777.5, the Contractor shall secure the necessary certificates and shall contribute to the apprenticeship fund or funds, a provided therein. The Contractor shall require each Subcontractor who will perform work or labor or render service to the Contractor in or about the construction of the work to fully comply with Sections 1777.5 and 1777.6 of the Labor Code. To insure compliance and complete understanding of the law regarding apprentices, and specifically the required ratio thereunder, each Contractor or Subcontractor should, where some questions exist, contact the Division of Apprenticeship Standards, , or one of its branch offices prior to commencement of Work on the public works Contract. Responsibility for compliance with this section lies with the prime Contractor.

It is State and City policy to encourage the employment and training of apprentices on public works Contracts as may be permitted under local apprenticeship standards.

5-1.12 **FAIR LABOR STANDARDS ACT.** Attention is invited to the fact that the City has been advised by the Wage and Hour Division, U.S. Department of Labor, that Contractors engaged in construction Work are required to meet the provisions of the Fair Labor Standards Act of 1958 and as amended (52 Stat. 1060).

For Council Approval
Not for Bidding

5-1.13 **WORKERS' COMPENSATION.** Pursuant to the requirements of Labor Code Section 1860, the Contractor will be required to secure the payment of workers' compensation to its employees in accordance with the provisions of Labor Code Section 3700.

Prior to the commencement of Work, the Contractor shall sign and file with the Director a certification in the following form:

> "I am aware of the provisions of Labor Code Section 3700 which require every employer to be insured against liability for workers' compensation or to undertake self-insurance in accordance with the provisions of that code, and I will comply with such provisions before commencing the performance of the Work of this Contract."

5-1.14 **AIR POLLUTION CONTROL AND ASBESTOS.** The Contractor shall comply with all air pollution control rules, regulations, ordinances and statutes which apply to any Work performed pursuant to the Contract, including any air pollution control rules, regulations, ordinances and statues, specified in Government Code Section 11017.

In the absence of any applicable air pollution control rules, regulations, ordinances or statutes governing solvents, all solvents, including but not limited to the solvent portions of paints, thinners, curing compounds, and liquid asphalt used on the project shall comply with the applicable material requirements of the applicable Air Quality Management District. All containers of solvent, paint, thinner, curing compound, or liquid asphalt shall be labeled to indicate that the contents fully comply with said requirements.

Unless otherwise provided in the Supplemental Conditions, material to be disposed of shall not be burned, either inside or outside the Premises.

The Contractor shall also comply with all rules, regulations, statutes and ordinances

For Council Approval
Not for Bidding

regarding asbestos removal and disposal, including but not limited to, 42 U.S.C. Sections 7401, 7412 and 7601, 40 C.F.R. Part 61, Subpart M, and California Code of Regulations Section 1529, Title 8.

If the Contractor discovers that a building to be demolished or renovated contains asbestos containing material, the Contractor shall immediately cease Work and notify the City.

5-1.15 **USE OF PESTICIDES.** The Contractor shall comply with all local, state and federal rules and regulations of the Department of Food and Agriculture, the Department of Health, the Department of Industrial Relations and all other agencies which govern the use of pesticides required in the performance of the Work.

Pesticides shall include but shall not be limited to herbicides, insecticides, fungicides, rodenticides, germicides, nematocides, bactericides, inhibitors, fumigants, defoliants, desiccants, soil sterilants, and repellents.

Any substance or mixture of substances intended for preventing, repelling, mitigating, or destroying weed, insects, diseases, rodents, or nematodes and any substance or mixture of substances intended for use as a plant regulator, defoliant or desiccant shall be considered as pesticide.

5-1.16 **SOUND AND LIGHT CONTROL REQUIREMENTS.** The Contractor shall comply with all local sound control, light control, and noise level rules, regulations and ordinances which apply to any Work performed pursuant to the Contract. Work shall not begin before 7 a.m. nor occur after 7 p.m., unless otherwise permitted by the City.

Each internal combustion engine, used for any purpose on the Work or related to the Work, shall be equipped with a muffler, in good working order, of a type recommended by the manufacturer. No internal combustion engine shall be operated on the project without said

For Council Approval
Not for Bidding

muffler.

5-1.17 **WEIGHT LIMITATIONS.** Unless expressly permitted elsewhere in the Contract Documents, the Contractor shall not operate construction equipment or vehicles of any kind which, laden or unladen, exceed the maximum weight limits set forth in Division 15 of the Vehicle Code over completed or existing base, surfacing, pavement or structures.

5-1.18 **ENVIRONMENTAL CLEARANCES; MITIGATION MONITORING PROGRAMS; AND REGULATORY AGENCY PERMIT REQUIREMENTS.** The Department will obtain all environmental clearances and other authorizations necessary for this project as set forth in the Contract Documents. The Contractor shall comply with the provisions, including giving notices during construction when required, of said authorizations. In the event the obtaining of said authorizations delays completion of all or any portion of the Work, an extension of time determined pursuant to the provisions in Section 6-1.08, "Liquidated Damages," of these General Conditions will be granted.

Contractor shall comply with: (1) all mitigation identified in the mitigation monitoring program (attached to and adopted as a component of the mitigated negative declaration or Environmental Impact Report) to mitigate impacts to protected natural resources; and (2) all related permit requirements issued by the regulatory agencies authorizing the project. Contractor shall defend, indemnify, and save and hold harmless the City, its officers, agents, employees, and volunteers from any fines, claims, suits, actions or regulatory sanctions of every name, kind and description brought forth, or on account of, damage to protected natural resources from or arising out of Contractor's negligence or willful misconduct in the performance of this Agreement.

5-1.19 **PERMITS AND LICENSES.** The Contractor acknowledges and agrees that, prior to the submission of its bid for the Work, it fully familiarized itself with the

For Council Approval
Not for Bidding

requirements of all applicable federal, state, county and municipal laws, codes, rules, and regulations, as well as the conditions of any required licenses and permits.

The Contractor shall procure all permits and licenses, including any applicable building permits (except those procured or to be procured by the City which are listed elsewhere in the Contract Documents), in coordination with the Director, pay all charges and fees, and give all notices necessary and incident to the due and lawful prosecution of the Work. Contractor shall be responsible for applying, paying all fees, and coordination for obtaining all permits for completion of the Work. All permits and licenses shall be obtained in sufficient time to prevent delays to the Work. Contractor will apply to the City for reimbursement for such permits costs. Accordingly, Contractor should not include the anticipated costs for permits in its bid, as the necessary permit costs will be reimbursed by the City.

The California Environmental Quality Act (Public Resources Code, Section 21000 to 21177) may be applicable to permits, licenses and other authorizations which the Contractor must obtain from State or local agencies in connection with performing the Work. The Contractor shall comply with the provisions of that Act in obtaining such permits, licenses and other authorizations, and all permits, licenses and other authorizations shall be obtained in sufficient time to prevent delays to the Work.

The Contractor shall maintain the applicable Contractor's license as identified in the Notice to Contractors and City business license for the duration of the Work.

5-1.20 **WATER POLLUTION.** The Contractor shall comply with all water pollution control rules, regulations, ordinances and statutes which apply to any Work performed pursuant to the Contract, including any water pollution control rules, regulations, and statutes, specified by the most current State of California NPDES General Permit for Stormwater

For Council Approval
Not for Bidding

Discharges Associated with Construction Activity.

The Contractor shall take all necessary precaution to protect streams, vernal pools, ponds, reservoirs, and lakes from pollution with fuels, oils, bitumen, calcium chloride, and other harmful materials as consistent with the law. Also, the Contractor shall conduct and schedule operations so as to avoid discharging pollutants, such as but not limited to: sediment and silt to the storm drain system. The storm drain system consists of all facilities that are designed to convey stormwater to the Waters of the State as defined in the California Water Code. The storm drain system includes, but is not limited to, all streets, gutters, drain inlets, roadside ditches, streams, vernal pools, ponds, and lakes. Care shall be exercised to preserve roadside vegetation beyond the limits of construction.

5-1.21 **PROTECTION AND USE OF PROPERTY.** The Contractor shall be responsible for and provide and maintain all proper temporary walkways, covered walkways, barriers, roads, guards, railings, lights, warning signs, and take precaution at all times to avoid injury or damage to any person or any property, and upon completion of the Work, or at other times as directed, restore Premises and adjacent property to a proper condition. In the event of such injury or damage, Contractor shall report such injury and damage to City within forty-eight (48) hours of occurrence.

The Contractor shall protect adjoining property and nearby buildings, including City buildings, City roads, and public streets or roads, from dust, dirt, debris, or the nuisance arising out of the Contractor's operations or storage practices, and, if ordered by the Director, the Contractor shall provide and Install suitable safeguards, approved by the Director, to protect such objects from damage. If such objects are damaged by reason of the Contractor's operations, they shall be replaced or restored at the Contractor's expense.

For Council Approval
Not for Bidding

If the Contractor damages any buildings, roads, utilities, or other property which belong to the City, or any Department or agency thereof, then the Director, at his or her option, may retain from the money due under the Contract an amount sufficient to insure repair of the damage.

The Director may make or cause to be made such temporary repairs as are necessary to restore to service any such damaged facility. The cost of such repairs shall be borne by the Contractor and may be deducted from any moneys due or to become due the Contractor under the Contract.

5-1.22 **RESPONSIBILITY FOR DAMAGE AND INDEMNIFICATION.**

The City of Roseville, its officers, agents, employees, and volunteers, including but not limited to the Director and his or her designee, shall not be answerable or accountable in any manner: for any loss or damage that may happen to the Work or any part thereof; for any loss or damage to any of the materials or other things used or employed in performing the Work; for injury to or death of any person, either workers or the public; or for damage to property from any cause which might have been prevented by the Contractor, its workers, or anyone employed by the Contractor or the Contractor's Subcontractors.

The Contractor shall be responsible for any liability imposed by law and for injuries to, or death of, any person including, but not limited to, workers and the public, or damage to property resulting from defects or obstructions, or from any cause whatsoever during the progress of the Work or at any time before its completion and final Acceptance.

To the fullest extent allowed by law, the Contractor shall defend (through counsel acceptable to the City), indemnify, and save and hold harmless the City, and its respective officers, agents, Subcontractors, employees, and volunteers, and the successors and assigns of

For Council Approval
Not for Bidding

any of them, (hereinafter referred to as "Indemnitees") from and against all claims, demands, liability, suits, actions, costs or expenses for any and all loss or damage, including but not limited to, personal injury, property damage, or economic loss, arising out of or resulting from allegations of (1) Contractor's use of the City's property or any activities or Work performed hereunder by the Contractor; (2) the Contractor's performance of the Work under the Agreement; or (3) the Contractor's breach of any provision of the Agreement. The duty of the Contractor to indemnify and save harmless includes the duties to defend as set forth in Civil Code Section 2778. The only exception to these provisions is that the Contractor's obligations under this section will not apply to the extent that the claims, demands, liability, suits, actions, costs or expenses are caused by Indemnitees' active negligence, willful misconduct, criminal acts, or for defects in design furnished by the Indemnitees, misconduct, criminal acts, or for defects in design furnished by the Indemnitees.

The Contractor waives any and all rights to any type of express or implied indemnity against the City, its officers, agents, employees, or volunteers.

The Contractor's responsibility for such defense and indemnity obligations shall survive the termination or completion of this Contract for the full period of time allowed by law. The defense and indemnity obligations of this Contract are undertaken in addition to, and shall not in any way be limited by, the insurance obligations contained in this Contract. The parties intend that the defense and indemnity obligations in this Contract shall be broadly construed.

Any person, firm or corporation that Contractor authorizes to Work on the City's property including Subcontractors, shall be deemed to be an agent of the Contractor for purposes herein, shall be subject to all the applicable terms herein, and shall be within the scope of the Contractor's indemnity obligation described herein.

For Council Approval
Not for Bidding

In addition to any remedy authorized by law, so much of the money due the Contractor under and by virtue of the Contract as shall be considered necessary by the Department may be retained by the City until disposition has been made of such suits or claims for damages.

The retention of money due the Contractor shall be subject to the following:

A. The City will give the Contractor thirty (30) Days' notice of its intention to retain funds from any partial payment which may become due to the Contractor prior to Acceptance of the Contract. Retention of funds from any payment made after Acceptance of the Contract may be made without such prior notice to the Contractor.

B. No retention of additional amounts out of partial payments will be made if the amount to be retained does not exceed the amount being withheld from partial payments pursuant to Section 7-1.07, "Progress Payments," of these General Conditions.

C. If the City has retained funds and it is subsequently determined that the City is not entitled to be indemnified and saved harmless by the Contractor in connection with matter for which such retention was made, the Department shall be liable for interest on the amount retained at the legal rate of interest for the period of such retention.

5-1.23 **INSURANCE COVERAGE.**

A. Evidence of Maintenance Required. The Contractor shall, at its expense, procure and at all times maintain in full force and effect at a minimum the insurance required by this section on all of its operations; and the Contractor shall not allow any Subcontractor to commence work until similar insurance required of the Subcontractor has been obtained and filed. An original Certificate of Insurance, and copies of all required endorsements, all in a form approved by the Risk Manager, evidencing all required coverage or policies shall be filed after the award of the bid and prior to approval of the Contract by the City Council. Contractor shall

For Council Approval
Not for Bidding

provide ten (10) days prior written notice to the City of any reduction of coverage limits or cancellation of the coverage or policies shall be given to the City of Roseville as Certificate holder.

B. Qualifying Insurers. With the exception of the State Compensation Insurance Fund, all required insurance policies shall be issued by companies acceptable to the City and licensed to do business in the State of California and who hold a current policy holders alphabetic and financial size category rating of not less than AVII according to the most recent issue of Best's Insurance Reports.

C. Insurance Required.

1. Commercial General Liability (CGL): Insurance Services Office Form CG 00 01 covering CGL on an "occurrence" basis, including products and completed operations with limits of no less than Two Million Dollars ($2,000,000) per occurrence for bodily injury, personal injury and property damage for projects under One Million Dollars ($1,000,000) and limits of no less than Five Million Dollars ($5,000,000) per occurrence for bodily injury, personal injury and property damage for projects over One Million Dollars ($1,000,000). If a general aggregate limit applies, either the aggregate limit shall apply separately to this project or the general aggregate limit shall be twice the required occurrence limit.

The Commercial General Liability insurance shall include the following, copies of which shall be provided:

a. Inclusion of the City of Roseville, and its officers, agents, employees, and volunteers, as additional insureds (except for workers' compensation) as respects services or operations under the Contract. The additional insured endorsement for the general liability policy shall be at least as broad as the ISO CG 2010 10 01 combined with ISO CGL

For Council Approval
Not for Bidding

Endorsement CG 2037 10 01. Any other endorsement must be approved in writing by the City. Endorsements must include coverage for on-going and completed operations, which coverage shall be maintained for four (4) years following completion of the Project. Endorsements shall cover the City of Roseville, its officers, agents, employees, and volunteers.

b. The insurance shall provide coverage for claims by one insured against another insured and the policies shall not contain any cross-suits exclusions, cross-liability exclusions, or insured versus insured exclusions. The policies shall not contain any classification exclusions purporting to deny coverage for any work to be performed by Contractor or any of its Subcontractors.

c. Stipulation that the insurance is primary and noncontributory, as evidenced by a separate endorsement (CG 20 01 04 13 or an equivalent) or section of the policy, and that neither the City nor its insurers will be called upon to contribute to a loss.

d. Such insurance shall specifically cover the contractual liability of the Contractor.

e. Any available insurance proceeds in excess of the specified minimum insurance coverage requirements and limits shall be available to the additional insureds. Furthermore, the requirements for coverage and limits shall be: (1) the minimum coverage and limits specified in this Agreement; or (2) the full coverage and maximum limits of any insurance proceeds available to the named insureds, whichever is greater.

f. Waiver of subrogation endorsement.

g. The Contractor shall furnish a certificate for the period covered.

2. Automobile Liability: Insurance Services Office Form Number CA 0001 covering Code 1 (any auto), or if Contractor has no owned autos, Code 8 (hired) and Code 9

For Council Approval
Not for Bidding

(non-owned), with limits of no less than One Million Dollars ($1,000,000) per accident for bodily injury and property damage.

3. Workers' Compensation: In accordance with the provisions of the California Labor Code, Contractor is required to be insured against liability for Workers' Compensation or to undertake self-insurance. Statutory Workers' Compensation and Employers' Liability of at least One Million Dollars ($1,000,000) shall cover all Contractors staff while performing any work incidental to the performance or this Agreement.

4. Professional Liability: Professional Liability (Errors and Omission) Insurance appropriate to Contractor's profession, with a limit of liability not less than One Million Dollars ($1,000,000) per occurrence or claim and Two Million Dollars ($2,000,000) aggregate to cover all design and engineering services rendered by Contractor pursuant to the Agreement. Coverage must commence from the first day that Contractor or any of its Subcontractors provided any design or engineering services in connection with the Project.

5. Builder's Risk/Course of Construction Insurance (If Required by Risk Management): The Contractor shall be responsible for all loss, damage or destruction whatsoever to the work called for by this Contract until the approval of a Notice of Completion or acceptance of the Work if no Notice of Completion is to be recorded.

The Contractor shall secure "All Risk" type of builder's Risk Insurance of the type covering one hundred percent (100%) of the value of the work performed under this Contract (the value is presumed to be the Contract amount unless otherwise stated in Supplemental Conditions) and all materials, equipment, or other items to be incorporated therein while the same are located at the construction site, a bonded warehouse, or its place of manufacture. At any time, the policy shall cover the value of the work completed. The policy shall cover hazards

For Council Approval
Not for Bidding

including the losses due to fire, explosion, hail, rain, lightning, flood (separate insurance as needed), vandalism, malicious mischief, wind, collapse, aircraft, and smoke.

The policies providing such insurance shall name the City as a loss payee as its respective interests may appear, and certified copies of such policies shall be filed with the City. The maximum deductible allowable under the Builder's All Risk policy shall be five percent (5%) of the Contract amount.

Builder's Risk Insurance is not required for coverage of losses in excess of five percent (5%) of the Contract amount for damages resulting from earthquake in excess of a magnitude of 3.5 on the Richter scale, or tidal waves. Coverage in the amount of five percent (5%) of the Contract amount for such losses is required.

6. Pollution Coverage: Contractor shall procure pollution liability coverage or other insurance covering claims for bodily injury or property damage arising out of the abatement, removal, storage, transportation, or other exposure to hazardous materials or pollutants, in limits not less than Two Million Dollars ($2,000,000). Contractor shall add the City and all parties required to be indemnified by Contractor as additional insured on all pollution liability policies.

7. Higher Coverage Limits: If Contractor maintains higher coverage limits than the amounts shown above, then the City requires and shall be entitled to coverage for the higher coverage limits maintained by Contractor. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the City.

8. Claims Made Coverage: Liability insurance coverage may not be written on a "claims made" or modified occurrence basis. The Certificate of Insurance must clearly provide that the coverage is on an "occurrence" basis.

For Council Approval
Not for Bidding

5-1.24 **OTHER INSURANCE PROVISIONS.**

A. The requirements of the Standard Specifications as to types and limits of insurance coverage to be maintained by the Contractor, and any approval of insurance by the City, are not intended to, and shall not in any manner limit or qualify the liabilities and obligations otherwise assumed by the Contractor pursuant to the Contract, including, but not limited to, the provisions concerning indemnification, nor preclude the City from taking any other action available to it under any other provision of the Contract or law.

B. The City acknowledges that some insurance requirements contained in these Standard Specifications may be fulfilled by self-insurance on the part of the Contractor. However, this shall not in any way limit liabilities assumed by Contractor under the Contract. Any self-insurance must be approved in writing by the City, in its sole discretion and shall not reduce the limits of liability. Any deductibles or self-insured retentions ("SIR") must be declared on the certificate of insurance and approved by City in writing. Policies containing any SIR provision shall provide or be endorsed to provide that the SIR may be satisfied by either the named insured or City. City reserves the right to obtain a full certified copy of any insurance policy and endorsements. The failure to exercise this right shall not constitute a waiver of such right.

C. The Contractor agrees to include in its contracts with all subcontractors the same requirements and provisions of this Contract, including the indemnity and insurance requirements, to the extent they apply to the scope of the subcontractor's work. Furthermore, the Contractor shall require its subcontractors to agree to be bound to the Contractor and the City in the same manner and to the same extent as the Contractor is bound to the City under this Contract. Additionally, the Contractor shall obligate its subcontractors to comply with these

For Council Approval
Not for Bidding

same provisions with respect to any tertiary subcontractor, regardless of tier. A copy of the City's indemnity and insurance provisions will be furnished to the subcontractor or tertiary subcontractor upon request. Alternatively, the Contractor may insure subcontractor(s) under its own policy.

D. The City, its officers, agents, employees, and volunteers are to be covered as insureds with respect to liability arising out of automobiles owned, leased, hired or borrowed by or on behalf of the Contractor; and with respect to liability arising out of work or operations performed by or on behalf of the Contractor including materials, parts or equipment furnished in connection with such work or operations. Coverage shall not extend to any indemnity coverage for the active negligence of the additional insured in any case where an agreement to indemnify the additional insured would be invalid under California Insurance Code Section 11580.04.

E. The limits of insurance required in this Contract may be satisfied by a combination of primary and excess insurance. Any excess insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and noncontributory basis for the benefit of the City (if agreed to in a written contract) before the City's own insurance shall be called upon to protect it as a named insured.

F. The insurance procured by Contractor shall be subject to the approval of the City, but any acceptance of insurance certificates by the City shall in no way limit or relieve Contractor of its duties and responsibilities under the Agreement.

G. Contractor shall be responsible for all premiums, deductibles, and self-insured retention applicable to the insurance it is required to procure under the Contract. All deductibles or self-insured retentions over five hundred thousand dollars ($500,000) must be approved by the City, in writing. Contractor shall be responsible for all deductibles, self-insured

For Council Approval
Not for Bidding

retention payments, and/or increased premiums incurred if the City's policies of insurance are forced to cover damages or respond to claims for which Contractor or its Subcontractors were obligated to provide insurance under the Contract.

H. Failure of the City to enforce in a timely manner any of the requirements of these insurance provisions shall not act as a waiver to enforcement of any of these provisions at a later date.

I. Contractor's indemnity obligations shall not be limited by these insurance provisions and shall survive the expiration of the Contract and the insurance provisions of the Contract shall likewise not be limited by the indemnity provisions of the Contract.

J. THE CITY RESERVES THE RIGHT TO WITHHOLD ANY PROGRESS PAYMENTS TO THE CONTRACTOR IN THE EVENT OF NONCOMPLIANCE WITH ANY INSURANCE REQUIREMENTS.

5-1.25 **THIRD PARTY BENEFICIARY.** No provisions in the Contract Documents shall in any way inure to the benefit any third party (including the public at large or any member thereof) so as to constitute such person a third party beneficiary of the Contract, or of any term or condition or other provision of the Contract or otherwise give rise to any cause of action in any person not a party to the Agreement, except as expressly provided elsewhere in the Contract Documents.

5-1.26 **COORDINATION AND ACCESS.** The Contractor acknowledges that the City may award, or has already awarded, other construction contracts for additional work or may perform additional work with its own forces and that such work may affect the Work under this Agreement. Additionally, the Contractor acknowledges that the State and other public and private agencies may be granted a right-of-entry by the City for the purpose of constructing

For Council Approval
Not for Bidding

facilities within and adjacent to the Work Site. It is the obligation of the Contractor to coordinate its Work with the work of others working within or adjacent to the City's property.

During performance of its Work, the Contractor shall not have exclusive access to or use of the work areas. The City may also require that certain facilities and areas be used concurrently by the Contractor and by other contractors working in the area. When two (2) or more contractors are employed on related or adjacent City work, each shall conduct its operations in such a manner as not to cause any unnecessary delay or hindrance to the other. Each contractor shall be responsible to the other for all damage to any work, to persons or property caused to the other by its operations, and for loss caused the other due to any unnecessary delays or failure to finish the work within the time specified for completion.

If any party of the Contractor's Work depends on the work of any other contractor and/or the City for proper execution and/or results, the Contractor shall promptly notify the City of any discrepancies and/or defects in said other work that would render its work unsuitable for proper execution and/or results prior to proceeding with the Contractor's own Work. If it becomes necessary, the City will resolve coordination and access problems.

The Contractor and its representative in charge of the Work shall familiarize themselves with the City's property and Work Site, and adjacent surroundings in the vicinity of said Wok, and any private or public operations on adjoining properties.

5-1.27 **OCCUPANCY BY THE DEPARTMENT PRIOR TO ACCEPTANCE.** The City may at any time notify the Contractor in writing that it intends to take Beneficial Occupancy of any portion of the Work even though the Work may not be substantially complete. Unless the reason for the City's taking Beneficial Occupancy is that the Contractor has not completed the Work (or portions thereof) in accordance with the Contract

For Council Approval
Not for Bidding

Time, the City's Beneficial Occupancy shall relieve the Contractor from its responsibility for maintenance, loss or damage to that portion of the Work for which the City has taken Beneficial Occupancy other than that resulting from the Contractor's act or omission, negligence, willful misconduct or breach of warranty.

Should the Work (or portion thereof) not be completed in accordance with the Construction Schedule within the Contract Time (as adjusted under the terms of the Contract Documents), the City shall have the right, but not the obligation, to take Beneficial Occupancy of the Work. In such event, the Contractor shall not be entitled to any additional compensation on account of said occupancy by the City, nor shall the Contractor be relieved of any of its responsibilities under the Contract Documents, including, without limitation, Contractor's obligation to complete the Work in accordance with the Construction Schedule.

Beneficial Occupancy shall not be deemed an Acceptance by the City either of the Work or of any portion thereof, nor will it relieve the Contractor of full responsibility for correcting defective Work or materials found at any time before the formal written Acceptance of the entire Contract by the Director or during the full warranty period after such Acceptance, as provided in Section 7-1.12, "Warranty," of these General Conditions.

The City's Beneficial Occupancy shall not relieve the Contractor of its responsibility to maintain all insurance and bonds required under the Contract Documents until the entire project is accepted by the City.

5-1.28 **RIGHT TO OPERATE UNSATISFACTORY FACILITIES AND EQUIPMENT.** If, after Installation, the operation or use of the facilities or equipment to be furnished under this Contract proves to be unsatisfactory to the Director, the City shall have the right to operate and use such facilities or equipment until they can, without damage to the City,

For Council Approval
Not for Bidding

be taken out of service for correction or replacement. Such period of use of the defective facilities or equipment, pending correction or replacement, shall in no way decrease the warranty period required for the acceptable corrected or replaced facilities or equipment.

5-1.29 **CONTRACTOR'S RESPONSIBILITY FOR THE WORK.** Except as otherwise provided herein, the Contractor shall have the charge and care of the Work and shall bear the risk of injury or damage to any part of the Work by the action of the elements or from any other cause whether arising from the execution or from the nonexecution of the Work until the Acceptance of the Contract by the Director. The Contractor shall rebuild, repair, restore, and make good all injuries or damages to any portion of the Work occasioned by any cause before its completion and Acceptance, and shall bear the expense thereof. In case of suspension of Work from any cause whatever, the Contractor shall be responsible for the Work and it shall also be responsible for all materials, and shall properly store them if necessary, and shall provide suitable drainage and erect temporary structures where necessary.

The Contractor will be relieved of responsibility for any injury or damage to the Work caused by the following:

A. An earthquake in excess of a magnitude of 3.5 on the Richter Scale or a tidal wave, when the effect of such has been proclaimed a disaster or state of emergency by the Governor of the State of California or by the President of the United States, or was of such magnitude at the site of the Work as to have been sufficient to have caused a proclamation of disaster or state of emergency, had it occurred in a populated area.

B. Occupancy and use by the Department or the public prior to the completion of the entire project.

C. Acts of the Federal Government or the public enemy.

For Council Approval
Not for Bidding

5-1.30 **RESPONSIBILITY FOR UTILITIES.** The Contractor shall be responsible at its own cost for any and all Work, expense or special precautions caused or required by the existence or proximity of utilities encountered in performing the Work, including without limitation, repair of any or all damage and all hand or exploratory excavation required. The Contractor is cautioned that such utilities may include communication cables or electrical cables which may be high voltage, and when working or excavating in the vicinity of such cables, or the ducts enclosing such cables, the Contractor shall undertake at its own cost any special precautions required. Suitable warning signs, barricades, and safety devices shall be erected as necessary or required.

However, if during the course of the Work the Contractor encounters utility Installations which are not shown or indicated in the Contract Documents or which are found in a location substantially different from that shown, and such utilities are not reasonably apparent from visual examination, then the Contractor shall promptly notify the Director in writing. Where necessary for the Work of the Contract, the Director shall issue a written order to the Contractor to make such adjustments, rearrangement, repair, removal, alteration, or special handling of such utility, including repair of the damaged utility. The Contractor shall perform the Work described in such written order, and compensation therefor will be made in accordance with Section 3 of these General Conditions relating to changes in the Work. Except for the items of cost specified in said Section 3, the Contractor shall receive no compensation for any other cost, damage, delay, interference, or hindrance to him or her due to the presence of such utility. If the Contractor fails to give the notice specified above and thereafter acts without instructions for the Director, then the Contractor shall be liable for any or subsequent to discovery thereof, and the Contractor shall repair and make good such damage at its own cost.

For Council Approval
Not for Bidding

The precise location of underground facilities can only be determined by careful probing or hand digging in compliance with Article 6 of the Cal/OSHA Construction Safety Orders which states in part:

> "Prior to opening an excavation, effort shall be made to determine whether underground installations, i.e., sewer, water, fuel, electric lines, etc., will be encountered, and if so, where such underground installations are located. When the excavation approaches the approximate location of such an installation, the exact location shall be determined by careful probing or hand digging, and, when it is uncovered, adequate protection shall be provided for the existing installation."

The location of known existing utilities and pipelines are shown on the Contract Drawings in their approximate locations. Some of the locations include multiple conduits. The Contractor shall exercise care in avoiding damage to those facilities which are to remain in service subsequent to the construction of the particular new facility involved and the Contractor will be held responsible for any repairs if damaged. The Contractor shall also exercise care in maintaining those pipes and facilities required for continuing operation of the existing facilities until such time as they can be abandoned. There is no guarantee that all utilities or obstructions are shown on the Contract Drawings or that the locations indicated are accurate.

The Contractor shall exercise extreme caution in working in the area adjacent to the existing pipelines and utility services. It is essential that all the existing facilities be maintained in service. Construction of the connections between the existing facilities and the new facilities shall be at times and during periods acceptable to the City. The Contractor shall advise the Director in writing of its proposed Construction Schedule for these connections at least forty-eight (48) hours in advance.

For Council Approval
Not for Bidding

The Contractor shall uncover all piping and conduits, to a point one foot (1') below the pipe, where crossings, interferences, or connections are shown on the Contract Drawings, prior to trenching or excavating for any pipe or structures, to determine actual elevations. New pipelines shall be laid to such grade as to clear all existing facilities which are to remain in service. If the Contractor does not expose all required utilities, it shall not be entitled to additional compensation for Work necessary to avoid interferences nor for repair to damaged utilities. Excavations around underground electrical ducts and conduits shall be performed using extreme caution to prevent injury or damage to workers and to the electrical ducts or conduits.

5-1.31 **PROPERTY RIGHTS IN MATERIALS.** Nothing in the Contract shall be construed as vesting in the Contractor any right of property in the materials used after they have been attached or affixed to the Work or soil or after partial payment has been made as provided in Section 7-1.07, "Progress Payments," of these General Conditions for material delivered on the ground or stored subject to or under the control of the City and unused. All such material shall become the property of the City upon being so attached or affixed or upon payment for materials delivered on the ground or stored subject to or under the control of the City and unused, as provided in said Section 7-1.07.

5-1.32 **COURT ORDERED DELAY.** If, pursuant to court order, the Department temporarily suspends performance of all or any portion of the Work, an extension of time determined pursuant to the provisions in Section 6-1.08, "Liquidated Damages," of these General Conditions will be granted.

5-1.33 **NO PERSONAL LIABILITY.** Neither the Director, nor any other officer or authorized employee of the City, shall be personally responsible for any liability arising under or by virtue of the Contract.

For Council Approval
Not for Bidding

5-1.34 **RIGHTS IN LAND AND IMPROVEMENTS.** The Contractor shall make no arrangements with any person or entity to permit occupancy or use of any land, structure or building within the limits of the Work, for any purpose whatsoever, either with or without compensation, in conflict with any agreement between the City and any third party owner, former owner, or tenant of such land, structure or buildings. The Contractor shall not occupy City-owned property outside the limit of the Work shown on the Contract Drawings unless it obtains prior approval.

5-1.35 **ANTITRUST CLAIMS.** The Contractor's attention is directed to the following provision of Public Contract Code Section 7103.5(b), which is applicable to the Contractor and its Subcontractors:

> " In entering into a public works contract or a subcontract to supply goods, services, or materials pursuant to a public works contract, the contractor or subcontractor offers and agrees to assign to the awarding body all rights, title, and interest in and to all causes of action it may have under Section 4 of the Clayton Act (15 U.S.C. Sec. 15) or under the Cartwright Act (Chapter 2 [commencing with Section 16700] of Part 2 of Division 7 of the Business and Professions Code), arising from purchases of goods, services, or materials pursuant to the public works contract or the subcontract. This assignment shall be made and become effective at the time the awarding body tenders final payment to the contractor, without further acknowledgement by the parties."

5-1.36 **RIGHTS TO DRAWINGS, TECHNICAL DATA PATENTS.** Shop

For Council Approval
Not for Bidding

Drawings and Working Drawings submitted to the City by the Contractor, Subcontractor or any lower tier Subcontractor pursuant to the Agreement, are the property of the City and the City may use, and disclose in any manner and for any purpose, Shop Drawings and Working Drawings delivered under the Contract.

Technical Data including manuals or instructional materials, computer or microprocessor software which are delivered or submitted to the City by the Contractor, Subcontractor, or any lower tier Subcontract pursuant to the Contract are the property of the City, and the City may use or disclose same in any manner and for any purpose.

The Contractor shall assume all costs arising from the use of patented materials, equipment, devices, or processes used on or incorporated in the Work, and shall defend, indemnify and save and hold harmless the City, and its duly authorized representatives, from all suits at law, or in equity, and actions of every nature for, or on account of the use of any patented materials, equipment, devices or processes. In case some materials, equipment, devices or processes are held to constitute an infringement and their use enjoined, the Contractor, at its expense, shall:

1. Secure for the City the right to continue using said materials, equipment, devices or processes by suspension of the injunction or by procuring a license or licenses; or
2. Replace such materials, equipment, devices, processes; or
3. Modify them so that they become non-infringing or remove the enjoined materials, equipment, devices or processes and refund the sums paid therefor without prejudice to any other rights of the City.

5-1.37 **PAYMENT OF TAXES.** Contractor shall pay all taxes and duties applicable to and assessable against any Work, equipment, materials, services, processes, and

For Council Approval
Not for Bidding

operations incidental to or involved in the Agreement, including but not limited to, retail sales and use, transportation, export, import, business, and special taxes. The Contractor is responsible for ascertaining and acquainting itself with such taxes and making all necessary arrangements to pay them. The Contractor will maintain records that are auditable records, and these records shall be subject to the City's review to verify that Contractor's tax payments are current at all times.

The Contract Price paid for the Work shall include full compensation for all taxes which the Contractor is required to pay, whether imposed by Federal, State or local government, including, without being limited to, Federal excise tax. No tax exemption certificate nor any document designed to exempt the Contractor from payment of any tax will be furnished to the Contractor by the Department, as to any tax on labor, services, materials, transportation, or any other items furnished pursuant to the Contract.

The Contractor shall withhold and pay any and all sales and use taxes, withholding taxes, whether Federal, State, or local, Social Security taxes, State Unemployment Insurance charges and all other taxes which are now or hereafter may be required to be paid or withheld under any laws.

5-1.38 **GRATUITIES AND CONFLICT OF INTEREST.** The Contractor shall not offer or provide gratuities in the form of gifts, entertainment, loans, meals, rewards, and/or services to representatives of the City, including but not limited to, officers, employees, agents, Engineering Service Consultants, Consulting Engineers and Architects, Inspectors and/or Testing Agencies retained by the City. If it is found that the Contractor has violated this provision, the Contract may be subject to termination for default as defined elsewhere in these General Conditions.

For Council Approval
Not for Bidding

During the term of the Contract and until the final payment has been made to the Contractor, the Contractor shall not employ or compensate in any manner whatsoever, the City's officers, employees and authorized representatives, agents, and any Engineering Service Consultants, Consulting Engineers and Architects, Inspectors, and/or Testing Agencies retained by the City. Any exception to the employment or compensation to any of the above named parties must be made in writing by the City. If the Contractor offers or provides employment or compensation to those named above during the term of the Contract, the Contract may be subject to termination for default.

5-1.39 **COOPERATION.** Should construction be under way by City forces or other forces or by other Contractors within or adjacent to the limits of the Work or should Work of any other nature be under way by such forces within or adjacent to said limits, the Contractor shall cooperate with all such forces to the end that any delay, interference or hindrance to their Work will be avoided. The right is reserved to perform other or additional Work at or near the site at any time, by the use of such forces.

5-1.40 **DIGGING TRENCHES OR OTHER EXCAVATIONS.** In the event any work involves digging trenches or other excavations that extend deeper than four feet (4') below the surface, City and Contractor shall comply with the following:

A. The Contractor shall promptly, and before the following conditions are disturbed, notify City in writing of any:

1. Material that the Contractor believes may be material that is hazardous waste, as defined in Section 25117 of the Health and Safety Code, that is required to be removed to a Class I, Class II, or Class III disposal site in accordance with provisions of existing law.

For Council Approval
Not for Bidding

2. Subsurface or latent physical conditions at the site differing from those made available to Contractor for inspection as provided in the project proposal.

3. Unknown physical conditions at the site of any unusual nature, different materially from those ordinarily encountered and generally recognized as inherent in Work of the character provided for in the Contract.

B. The City shall promptly investigate the conditions, and if it finds that the conditions do materially so differ, or do involve hazardous waste, and cause a decrease or increase in the Contractor's cost of, or the time required for, performance of any part of the Work shall issue a Change Order under the procedures described in the Contract.

C. In the event that a dispute arises between the City and the Contractor whether the conditions materially differ, or involve hazardous waste, or cause a decrease or increase in the Contractor's cost of, or time required for, performance of any part of the Work, the Contractor shall not be excused from any scheduled completion date provided for by the Contract, but shall proceed with all work to be performed under the Contract. The Contractor shall retain any and all rights provided either by contract or by law which pertain to the resolution of disputes and protests between the contracting parties. However, no claim of the Contractor under this clause shall be allowed unless the Contractor has given the notice required by this Section. No claim by the Contractor for an equitable adjustment hereunder shall be allowed if asserted after final payment under this Contract.

5-1.41 **CONTRACTOR REGISTRATION.** No contractor or subcontractor may work on a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. During the performance of this Contract, the Contractor and its subcontractors shall have a continuing legal obligation to maintain current

For Council Approval
Not for Bidding

registration with the Department of Industrial Relations. The Contractor is hereby notified that this project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

5-1.42 **CITY OF ROSEVILLE ENCROACHMENT PERMITS AND RIGHTS-OF-WAY.** The Contractor need not obtain a separate encroachment permit from the City prior to construction within street rights-of-way or other City rights-of-way. Execution of the Contract by the City shall be deemed an encroachment permit for work required by the Contract within rights-of-way. All work shall conform to the rules and regulations of encroachment permits and shall be subject to the inspection and approval of the Director and City Engineer.

To the extent indicated in the Contract Drawings, the City will provide the rights-of-way over private lands or the site to enable the Contractor to perform its work. The Contractor shall be solely responsible for securing any additional rights-of-way desired by the Contractor. The City will not be a party to nor assume any liability for any separate agreements reached between the Contractor and any third parties with respect to these additional rights-of-way. The Contractor shall procure evidence that agreements are in place with said third parties before the Contractor uses those areas covered by the agreements. Any damage to such private lands caused by the Contractor's operations shall be the sole responsibility of the Contractor.

5-1.43 **CALIFORNIA AIR RESOURCES BOARD REGULATIONS.** The Contractor shall comply with any applicable regulations of the California Air Resources Board ("CARB") set forth below.

A. In-Use Off-Road Diesel-Fueled Fleets. If the Contractor will use vehicles subject to Cal. Code Regs., tit. 13, §§ 2449 et seq. for the project, it shall submit a valid

For Council Approval
Not for Bidding

Certificate of Reported Compliance to the City as provided in § 2449(n).

B. Advanced Clean Fleets. Pursuant to Cal. Code Regs., tit. 13, § 2013(i)(1), the Contractor shall submit to the City either a signed statement stating that it is not subject to the High Priority and Federal Fleets regulation of title 13, CCR section 2015 through 2015.6, or a document evidencing that it is listed on the CARB Advanced Clean Fleets webpage as a compliant fleet.

For Council Approval
Not for Bidding

SECTION 6

PROSECUTION AND PROGRESS

6-1.01 **SUBLETTING AND SUBCONTRACTING.** The Contractor shall be responsible for all Work performed under the Contract. The Contractor shall give its personal attention to the fulfillment of the Contract and shall keep the Work under its control. Nothing in the Contract Documents shall create any contractual relationship between the City and any Subcontractor. The Contractor is fully responsible to the City for the acts and omissions of its Subcontractors of any tier. When any Subcontractor fails to prosecute a portion of the Work in a manner satisfactory to the Director, that Subcontractor shall not again be employed on the Work. Although the sections of the Contract may be arranged according to various trades, or general grouping of the Work, the Contractor is not obligated to sublet the Work in such manner. The Director will not arbitrate disputes among Subcontractors or between Contractor and one or more Subcontractors concerning responsibility for performing any part of the Work.

The on-site production of materials produced by other than the Contractor's own forces shall be considered as subcontracted. The erection, establishment or reopening of on-site plants for production of materials and the operation thereof in the production of materials for use on the Work shall conform to the requirements relating to labor set forth in the Contract Documents.

The Contractor shall also be responsible for coordinating the Work performed by Subcontractors and Suppliers.

The Contractor shall not substitute any person as Subcontractor in place of a Subcontractor listed on its bid proposal without the written approval of the Director. Substitutions must be in accordance with the provisions of the "Subletting and Subcontracting

For Council Approval
Not for Bidding

Fair Practices Act" beginning with Public Contract Code Section 4100. Violations of this Act by the Contractor may subject it to penalties which may include cancellation of Contract, Assessment of ten percent (10%) of the Subcontractor's bid, and disciplinary action by the Contractors State License Board.

The Contractor shall pay any Subcontractors approved by the City for work that has been satisfactorily performed no later than seven (7) Days from the date of Contractor's receipt of progress payments by the City. Within seven (7) Days after receipt from the City of funds attributable to work performed by a Subcontractor, Contractor shall release any retainage payments withheld to the Subcontractor. In the event Contractor does not make progress payments or release retention to Subcontractors in accordance with the time period specified herein, Contractor may be subject to prompt payment penalties per statute.

6-1.02 **ASSIGNMENT.** The performance of this Contract may not be assigned, except upon the written consent of the City Council of the City of Roseville. Consent will not be given to any proposed assignment which would relieve the original Contractor or its surety of their responsibilities under the Contract nor will the City consent to any assignment of a part of the Work under the Contract.

The Contractor may assign moneys due or to become due to it under the Contract and such assignment will be recognized by the City, if given proper notice thereof, to the extent permitted by law, but any assignment of moneys shall be subject to all proper set-offs in favor of the City and to all deductions provided for in the Contract and particularly all money withheld, whether assigned or not, shall be subject to being used by the City for the completion of the Work in the event that the Contractor should be in default therein.

6-1.03 **BEGINNING OF WORK.** After the execution of the Contract by both

For Council Approval
Not for Bidding

parties, the City will issue the Notice to Proceed upon its determination that it is appropriate for the Contract Time to commence.

The Contractor shall begin Work within fifteen (15) Days after receiving the Notice to Proceed from the Director, subject to the requirements stated elsewhere in the Contract Documents regarding, among other things, the submittal of Baseline Schedule, and shall diligently prosecute the same to completion within the time limit provided in the Supplemental Conditions. Contractor shall also achieve any and all Contract milestones as described elsewhere in the Contract Documents.

The Contractor shall notify the Director, in writing, of its intent to begin Work at least seventy-two (72) hours before Work is begun. The notice shall be delivered to the Director and shall specify the date the Contractor intends to start. If the project has more than one (1) location of Work, a separate notice shall be given for each location.

The Contractor is not authorized to perform any Work until it has received a Notice to Proceed from the City. Should the Contractor begin Work in advance of receiving notice that the Contract has been approved as above provided, any Work performed by it in advance of the said date of approval shall be considered as having been done by the Contractor at its own risk and as a volunteer unless said Contract is so approved thereafter.

6-1.04 **PROGRESS SCHEDULE.**

A. Preliminary Progress Schedule. The Contractor shall submit to the Director, within twenty (20) Days after date of the Notice to Proceed, a Preliminary Progress Schedule covering the Contractor's activities over the first three (3) months of operation in detail and the remainder of the project in summary. The Preliminary Progress Schedule shall schedule the project within the Contract Time for completion of the Work, and shall be subject to

For Council Approval
Not for Bidding

favorable review by the Director.

B. CPM Schedule. The Contractor shall submit an acceptable Critical Path Method (CPM) Schedule to the Director within thirty (30) Days after the receipt of the Notice to Proceed. Subsequent revisions to said schedule shall be submitted as set forth hereinafter. The requirement for the CPM schedule is included to allow for adequate planning and execution of the Work, to determine the critical nature of delays, and to assist the Director in appraising the reasonableness of the proposed schedule and evaluating progress of the Work. The CPM schedule submitted under this Section shall utilize a CPM format, either the precedence or arrow diagramming method. The definitions of CPM terms and functions shall be as provided in the Associated General Contractors of America book *CPM in Construction, A Manual for General Contractors*, or a favorably reviewed alternative publication or reference. No progress payment will be made prior to submission and acceptance of the CPM Schedule.

1. The CPM schedule system shall consist of diagrams and accompanying mathematical analyses. The diagrams shall show elements of the project in detail and an entire project summary. Diagrams shall show the order and interdependence of activities and sequence in which the Work is to be accomplished as planned by the Contractor. The basic concept of a network analysis diagram shall be followed to show how the start of a given activity is dependent on the completion of preceding activities and its completion restricts the start of following activities. Detailed network activities shall include, in addition to construction activities, the submittal and favorable review of samples of material and Shop Drawings, the procurement of critical materials and equipment, fabrication of special material and equipment, and their Installation and testing. All activities of the City and the Director that affect progress and required Contract dates for completion of all or parts of the Work shall be shown. The

For Council Approval
Not for Bidding

selection and number of activities shall be subject to favorable review by the Director. Summary networks shall be time scaled. Durations shall be in Days and shall not exceed fifteen (15) Days, except for submittal and delivery items. Where the duration of continuous Work exceeds fifteen (15) Days, Work items in the Construction Schedule shall be subdivided by location, approximate stationing or other sub-element of the Work.

The graphic network diagram shall include for each activity, the description, activity number, the estimated duration in Days, and all activity relationship lines. The network diagram shall be drawn for the early start of activities. All significant Submittals shall be scheduled along with manual Submittals and training on all large or critical pieces of equipment. If the precedence technique is utilized, the schedule project shall include a calendar in Work Days, a network report sorted by early start and a logic table report sorted by preceding Work item. If the arrow technique is utilized, the schedule report shall include a calendar in Work Days, a network report sorted by early start, a network report sorted by I-J numbers, and a network sorted by slack time and I-J numbers.

2. The critical path shall be shown on all reports and on the graphic network diagram. The activities which constitute the critical path shall be identified.

3. The mathematical analysis of the network diagram shall include a tabulation of each activity. The following information shall be furnished as a minimum for each activity:

(a) preceding and following event numbers

(b) activity description and number

(c) estimated duration of activities

(d) earliest start date (by calendar date)

For Council Approval
Not for Bidding

(e) earliest finish date (by calendar date)

(f) actual start date (by calendar date)

(g) actual finish date (by calendar date)

(h) latest start date (by calendar date)

(i) latest finish date (by calendar date)

(j) slack or float

(k) percentage of activity completed

4. The program shall be capable of accepting revised completion dates as modified by approved time adjustments and recomputations of all tabulation dates and float accordingly.

5. Submission and review of the system shall be as follows:

(a) The complete network analysis system, consisting of the detailed network mathematical analysis and network diagrams, shall be submitted within thirty (30) Days after receipt of the Notice to Proceed.

(b) The Contractor shall participate in a review and evaluation of the proposed network diagrams and analysis by the Director. Any revisions necessary as a result of this review shall be resubmitted for review by the Director within ten (10) Days. When completed, the favorably reviewed schedule shall then be the schedule to be used by the Contractor for planning, organizing and directing the Work and for reporting progress. If the Contractor thereafter desires to make significant changes in its method of operating and scheduling, the Contractor shall notify the Director in writing stating the reasons for the change.

(c) The Contractor shall submit at monthly intervals a report of the actual construction progress. Each monthly report shall cover a period of approximately thirty

For Council Approval
Not for Bidding

(30) Days ending around the 20th of each month. The monthly reports shall be submitted within ten (10) Days of the end of the reporting period.

(1) If the project is proceeding on schedule, the monthly update report may consist of a marked-up copy of the graphical network diagram. This submittal shall clearly indicate the status of any minor shifts in sequence or schedule and the estimated completion date or percent complete of all activities currently in progress. The Contract completion date shall also be indicated. The Contractor shall submit a narrative report relating to status of construction, the schedule, and factors which may affect the remainder of the schedule. The report shall show the activities or portions of activities completed during the reporting period. The report shall state the percentage of the Work actually completed and scheduled as of the report date and the progress along the critical path in terms of Days ahead or behind the allowable dates.

(2) If, in the opinion of the Director, the project is behind schedule, the monthly report shall include a revised network diagram and/or mathematical analysis showing the Contractor's proposed revised schedule. An analysis of the effect that the delay has on progress along other paths shall also be included in the report. The Contractor shall also submit a narrative report with each updated analysis which shall include but not to be limited to a description of current and anticipated problem areas, delaying factors and their impact, and an explanation of corrective actions taken or proposed.

(3) Periodic report shall be submitted in sufficient copies to cover Contractor needs plus five (5) copies and an available electronic copy to be retained by the Director.

For Council Approval
Not for Bidding

6. To the extent that the favorably reviewed initial Construction Schedule, or revisions thereto, indicate anything not jointly agreed upon, it shall be deemed to be not favorably reviewed by the Director. Any omission of Work from the detailed schedule, otherwise required for Contract compliance, will not excuse the Contractor from completing such Work within any applicable completion date. The CPM schedule shall be generated by computer methods.

C. Schedule Review. Once each month, on a date mutually agreed upon, but no later than seven (7) business days after the monthly schedule progress report date, a Work Site meeting will be held to review the Construction Schedule and job progress. The Contractor shall also attend weekly meetings scheduled by the Director to review the progress of the Work in the preceding week and in the subsequent week, coordinate the Work with public agencies or other Contractors as required, and allow the Director to plan his or her activities for testing, inspection, etc.

D. Schedule Revisions. The conditions under which the Director will require revisions of the Construction Schedule include the following:

1. When delay in completion of any Work item or sequence of Work items results in an estimated extension of project completion by either twenty (20) business days or by ten percent (10%) of the remaining duration of time to complete the Contract, whichever is less.

2. When delays in Submittals or deliveries make replanning or rescheduling of the Work necessary.

3. When the schedule does not represent actual prosecution and progress of the Work.

For Council Approval
Not for Bidding

4. When any change to the sequence of activities, the completion date for major portions of the Work, or when changes occur which affect the critical path.

5. When Contract Amendments or a Change Order necessitates schedule revision, the Contractor shall submit a schedule analysis of all Change Order Work with its proposal.

E. Cash Flow Projection. A cash flow projection shall be submitted with the Construction Schedule. This cash flow projection shall be revised and resubmitted when revisions of the Construction Schedule will result in changes to the projected cash flow.

F. Schedules showing project completion dates earlier than specified in the Supplemental Conditions will be rejected unless justification can be provided for early completion.

6-1.05 **SCHEDULE OF VALUES.** Prior to preparation of the first estimate for a progress payment, the Contractor shall submit for favorable review by the Director a detailed Schedule of Values or cost breakdown of the Work under each bid item awarded. The breakdown will then become the basis for partial payment determination. Elements of Work shall be grouped by structure, pipeline, system, etc. Within each grouping, Work should be itemized by readily measurable quantities of Work complete in place. For example, concrete should be in units of cubic yards including form Work and reinforcing steel. Move-on costs, bond and insurance costs, and Overhead costs shall not be considered an item of cost for this purpose but shall be prorated over items of Work. In the event the Schedule of Values is not favorable reviewed by the Director, another Schedule of Values shall be submitted that is mutually acceptable to the Contractor and the Director.

6-1.06 **CITY'S RIGHT TO STOP WORK.** The Director shall have the

For Council Approval
Not for Bidding

authority to order the Contractor, in writing, to suspend the Work wholly or in part, for such period as the Director may deem necessary due to the failure on the part of the Contractor to correct Work that is not in accordance with the requirements of the Contract Documents or if Contractor persistently fails to carry out Work in accordance with the Contract Documents.

The Contractor shall immediately comply with the written order of the Director to suspend the Work wholly or in part. The suspended Work shall be resumed when conditions are favorable and methods are corrected, as ordered or approved in writing by the Director.

Any stoppage of work under this section shall be at the Contractor's sole expense, and the Contractor shall have no claim against the City based on the Contractor's failure to perform the Work in accordance with the Contract Documents.

In addition to the City's right to stop Work, the City may order the Contractor to submit to the City at no additional cost to the City, additional information concerning Contractor's planned Work if the Contractor fails to promptly correct Work that is not in accordance with the requirements of the Contract Documents or persistently fails to carry out Work in accordance with the Contract Documents. The additional information ordered by the City may include, but is not limited to, preparation of Submittals or Working Drawings not otherwise required to be submitted under the Contract Documents.

In the event the City discovers that the Contractor has created an unsafe condition the City may arrange for other work forces to remedy the condition. Such remedial work shall be at the sole discretion of the City. If this action is required, the City may unilaterally terminate Work under the Contract, and will pay only for the quantities of Work actually performed, less the cost of the City's remedial Work. In the event that Work is not halted, the Contractor must take immediate steps to correct the situation. There will be no extra payment for Work required

For Council Approval
Not for Bidding

to correct unsafe conditions.

The right of the City to suspend the Work shall not give rise to a duty on the part of the City to exercise this right for the benefit of the Contractor or any other person or entity. This right shall be in addition to and not in restriction or derogation of the City's other rights under the Contract Documents.

In the event of a suspension of Work under any of the conditions set forth in this Section 6-1.06, such suspension of Work shall not relieve the Contractor of its legal responsibilities as set forth in these General Conditions.

6-1.07 **TIME OF COMPLETION.** The Contractor shall complete the entire Work, including Installation, repairs, startup, troubleshooting, painting, and touchup, training, submittal or record drawings, and manuals, cleanup, demobilization, and all other Work within the number of Days set forth in the Supplemental Conditions. The time for completion includes an allowance for working time lost due to normal inclement weather.

Extensions of time may be allowed for unusual inclement weather under the provisions hereinafter described. Unusual inclement weather is weather which adversely affects "controlling" operations or the critical path of construction and which meets one of the following criteria:

A. For the particular calendar month in question, the number of individual Days with rainfall exceeding 0.10 inches exceeds the average number of such Days for that month over the immediately preceding five (5) years of record by at least three (3) Days.

B. For the particular calendar month in question, the total cumulative rainfall for that month exceeds the average cumulative rainfall for that month over the immediately preceding five (5) years of record by at least two inches (2").

For Council Approval
Not for Bidding

Rainfall shall be measured at a publicly operated, maintained, and reported station in reasonable proximity to the construction site. A claim for delay shall indicate the period of rainfall which is claimed as "unusual," the specific dates during which the unusual rainfall and subsequent wet soil conditions prevented Work, and the specific critical path tasks adversely affected by such unusual weather. A claim for delay due to unusual inclement weather shall be filed within ten (10) Days of the apparent end of the unusual inclement rainfall period, whether or not the monthly totals are available at that time. The burden of proof that weather meets the criteria for unusual weather shall be solely the responsibility of the Contractor.

It is the responsibility of the Contractor to order materials required for the Work properly and promptly on a Notice to Proceed. If evidence presented demonstrates that, in spite of the Contractor's efforts, government-established priorities controls delay material deliveries, suitable extension of time will be made.

If performance of extra Work ordered by the City or failure of the City to provide the necessary site for Installation affects construction tasks which are "controlling" or which are on the "critical path" of the Construction Schedule, suitable extensions of time will be made.

The Contractor shall not be entitled to a time extension for delays in activities on non-critical paths of the favorably reviewed schedule unless the duration of the excusable delay exceeds the total float of the activities being delayed. If the duration of an excusable delay does exceed the total float of the activities affected by the delay, the Contractor shall be entitled to an extension equal to the difference.

C. Determination that a day is a non-working day by reason of inclement weather or conditions resulting immediately therefrom, shall be made by the Director.

6-1.08 **LIQUIDATED DAMAGES.** It is agreed by the parties to the Contract

For Council Approval
Not for Bidding

that in case all the Work called for under the Contract in all parts and requirements is not completed within the number of Days as set forth in the Supplemental Conditions, damage will be sustained by the City and that it is and will be impracticable and extremely difficult to ascertain and determine the actual damage which the City will sustain in the event of and by reason of such delay; and it is therefore agreed that the Contractor will pay to the City, the monetary amount indicated in the Supplemental Conditions in dollars (U.S.) per day for each and every calendar day of delay in completing the Work in excess of the number of Days prescribed and the number of additional calendar days, if any, authorized by Contract Change Order; and the Contractor agrees to pay said Liquidated Damages herein provided for, and further agrees that the City may deduct the amount thereof from any moneys due or that may become due the Contractor under the Contract.

It is further agreed that in case the Work is not finished and completed in all parts and requirements within the number of Days specified, the City shall have the right to increase the number of Days or not, as it may deem best to serve the interest of the City, and if it decides to increase the said number of Days, it shall further have the right to charge to the Contractor, its heirs, assigns or sureties and to deduct from the final payment for the Work all of any part, as it may deem proper, of the actual cost of engineering, inspection, superintendence, and other Overhead expenses which are directly chargeable to the Contract, and which accrue during the period of such extension, except that cost of preparation of final statement shall not be included in such charges.

6-1.09 **DELAYS AND EXTENSIONS TO THE WORK.** The Contractor must complete all Work within the time specified in the Agreement. The Contractor will be granted an extension of time and will not be assessed with liquidated damages or the cost of engineering

For Council Approval
Not for Bidding

and inspection for any delay in substantially completing the Work (or parts thereof) beyond the time set forth in the Agreement, provided that such delay was caused by unforeseeable causes beyond the control and without the fault or negligence of the Contractor. Examples of such causes include acts of public enemy, fire, floods, abnormal weather (as described below), earthquakes, epidemics, quarantine restrictions, strikes, labor disputes and freight embargoes, fire, changes made pursuant to the provisions of "Changes in the Work" under Section 3 of these General Conditions or acts or neglect of the City not contemplated by the Contract Documents. In all cases, any extension of time is conditioned on the following:

1. That the cause is not due to the fault or negligence of the Contractor, and the Contractor has taken reasonable precautions to prevent and minimize the effects thereof; and

2. That the Contractor notifies the Director in writing within three (3) Days from the beginning of such delay specifying the nature of the delay and the measures that have been or will be taken to prevent or minimize the delay. Failure to submit written notice within this time period shall constitute an absolute waiver of any claim for a time extension.

No extension of time will be granted for a delay caused by a shortage of materials, unless the Contractor furnishes to the City documentary proof that it has diligently made every effort to obtain such materials from all known sources within reasonable reach of the work and further proof, as acceptable to the Director, that the inability to obtain such materials when originally planned did in fact cause a delay in Final Completion of the entire Work which could not be compensated for by revising the sequence of the Contractor's operations. Only the physical shortage of material will be considered as a cause for extension of time, and no consideration

For Council Approval
Not for Bidding

will be given to any claim that material could not be obtained at a reasonable, practical or economical cost or price, unless it is shown to the satisfaction of the City that such material could have been obtained only at exorbitant prices entirely out of line with current rates, taking into account the quantities involved and the usual practices in obtaining such quantities.

No extension of time will be granted for a delay caused by Contractor's staff turnovers, understaffing or insufficient quantity of qualified staff able to perform the necessary work.

The term "shortage of materials," as used in this section, shall apply only to materials, articles, parts or equipment which are standard items and shall not apply to materials, parts, articles or equipment which are processed, made, constructed, fabricated or manufactured to meet the specific requirements of the Contract Documents.

No extensions of time will be granted for delays that have no measureable impact on the completion of the Work (or parts thereof) under the Contract Documents. When extensions of time are granted, they will be limited to the period equivalent to the actual number of Days lost on the critical path or controlling operations of the Construction Schedule, taking into account the extent to which that delay could be decreased by reasonable mitigation measures by the Contractor. All requests for extensions of time must be supported with a critical path analysis showing the critical path and impacts to it. Contractor's failure to submit this analysis will be sufficient cause for denial of any request for a time extension.

Within a reasonable period of time after the Contractor submits the notice and information required by this section, the City will determine whether an extension of time is justified and, if so, the number of days for the extension.

Abnormal weather may be a valid basis for a time extension under the Agreement. "Abnormal Weather" occurs when the number of days of rain above 0.5 inches in a 24 hour

For Council Approval
Not for Bidding

period exceeds the average for such rainfall in a particular month as determined by the National Weather Service. The Contractor will only be entitled to, at most, a time extension for the number of days of rain exceeding the average for that month in the locale where the Work is to be performed. If delays are caused by the Contractor or those for whom the Contractor is responsible, the Contractor will only be entitled to, at most, a time extension for the number of rain days exceeding the average for the month when the Work should have been performed.

In addition, before a time extension may be granted for abnormal weather, the Contractor must establish that the rain either significantly impacted at least sixty percent (60%) of the planned work of the controlling operations for a particular day or prohibited at least five (5) hours of work on the controlling operations planned for that day. Contractor shall employ reasonably methods to mitigate the impact of abnormal weather (i.e., dewatering, protection of site, etc.) The occurrence of rain during non-work hours or having minimal impact to work on the controlling operation shall not constitute a day of abnormal weather.

In the event that the project experiences favorable weather for a particular month (e.g., the number of actual rain days in a month less than that indicated above for allowable rain days per months), the additional float resulting from such favorable weather shall accrue to the project.

Any Contractor claim for damages or additional compensation based on delay shall be limited to only those circumstances where the Contractor has fulfilled each of the following three (3) requirements:

1. Contractor has established its entitlement to a time extension pursuant to the provisions described above regarding delay and extensions to the Work.
2. The delay was caused solely by the City's issuance of changes made pursuant to the

For Council Approval
Not for Bidding

provisions of "Changes in the Work" under Section 3 of these General Conditions or by acts or neglect of the City.

3. The delay was unreasonable under the circumstances and not within the contemplation of the parties.

It is expressly understood and agreed that delays caused by the City will be non-compensable when there are concurrent delays caused by the Contractor. Also, the Contractor shall have no entitlement to additional compensation for any delay where there have been concurrent delays caused by non-compensable delays, including, but not limited to, fire, floods, earthquakes, epidemics, quarantine restrictions, strikes, labor disputes, and freight embargoes.

Contractor's damages and/or additional compensation for delays will consist solely of the extended costs of maintaining the Contractor's Work Site presence. The Contractor will not be entitled to any extended home office overhead.

Compensation for idle time of equipment will be determined in the same manner as determinations are made for equipment used in the performance of extra work paid for on a Force Account basis with the following exceptions:

1. The time for which compensation will be paid will be the actual normal working hours during which such delay conditions exists, but in no case will exceed eight (8) hours in any one day.
2. The days for which compensation will be paid will be each calendar day of the work week (defined elsewhere in the Contract Documents) and Legal Holidays, during the existence of such delay, except that when rental of the equipment is paid for under the provisions in Section 3-1.06C, "Force Account Payment – Equipment," of these General Conditions, no payment will be made for delays in accordance with the

For Council Approval
Not for Bidding

provisions of this section.

Actual loss shall be understood to include no items of expense other than idle time of personnel, cost of extra moving of equipment, and cost of longer hauls. Compensation for idle time of equipment will be determined as provided in this section and compensation for idle time of personnel will be determined pursuant to Section 3-1.06A, "Force Account Payment – Labor," of these General Conditions. No markup will be added in either case for Overhead and profit. The cost of extra moving of equipment and the cost of longer hauls will be paid for as extra work as provided pursuant to "Changes to the Work" elsewhere in the Contract Documents.

6-1.10 **TERMINATION.**

6-1.10A **TERMINATION OF AGREEMENT – CONVENIENCE OF CITY.** The Department reserves the right to terminate the Contract at any time and for any reason if the Director determines that to do so would be in the best interest of the City. Any termination which is not based on the circumstances set forth in Section 6.1-10B below shall be effected by delivery to the Contractor of a Notice of Termination specifying the extent to which performance of Work under the Contract is terminated, and the date upon which such termination becomes effective.

Upon the Contractor's receipt of a written Notice of Termination for convenience, the Contractor shall cease Work as to those portions of the project so terminated and shall undertake the steps outlined in Section 6-1.10B below.

1. Acceptance of the Contract as hereinafter specified shall not relieve the Contractor of responsibility for damage to materials except as follows:

   a. The Contractor's responsibility for damage to materials for which partial payment has been made as provided in Section 7-1.07, "Progress

For Council Approval
Not for Bidding

Payments," of these General Conditions and for materials furnished by the City for use in the Work and unused shall terminate when the Director certifies that such materials have been stored in the manner and at the locations he or she has directed.

b. The Contractor's responsibility for damage to materials purchased by the City subsequent to the issuance of the notice that the Contract is to be terminated shall terminate when title and delivery of such materials has been taken by the City.

c. When the Director determines that the Contractor has completed the Work under the Contract directed to be completed prior to termination and such other Work as may have been ordered to secure the project for termination, the Contractor will recommend that the City formally accept the Work, and immediately upon and after such Acceptance by the City, the Contractor will not be required to perform any further Work thereon and shall be relieved of its contractual responsibilities for injury to persons or damage to property which occurs after the formal Acceptance of the project by the City.

2. The total compensation to be paid to the Contractor shall be determined by the Director on the basis of the following:

a. The reasonable cost to the Contractor, without profit, for all Work performed under the Contract, including mobilization, demobilization and Work done to secure the project for termination. Reasonable cost will include a reasonable allowance for project Overhead and general

For Council Approval
Not for Bidding

administrative Overhead not to exceed a total of seven percent (7%) of Direct Costs of such Work.

b. A reasonable allowance for profit on the cost of the Work performed as determined under subsection (a), provided the Contractor establishes to the satisfaction of the Director that it is reasonably probable that it would have made a profit had the Contract be completed and provided further, that the profit allowed shall in no event exceed four percent (4%) of said cost.

c. The reasonable cost to the Contractor of handling material returned to the vendor, delivered to the Department or otherwise disposed of as directed by the Director.

d. A reasonable allowance for the Contractor's administrative costs in determining the amount payable due to termination of the Contract.

All records of the Contractor and the Contractor's Subcontractors, necessary to determine compensation in accordance with this Section, shall be open to inspection or audit by representatives of the Department at all times after issuance of the notice that the Contract is to be terminated and for a period of three (3) years, and such records shall be retained for that period.

After Acceptance of the Work by the Director, the Director may make payments on the basis of interim estimates pending issuance of the Final Statement, when in his or her opinion the amount thus paid, together with all amounts previously paid or allowed, will not result in total compensation in excess of that to which the Contractor will be entitled. All payments, including payment upon the Final Statement, shall be subject to deduction for prior payments and amounts, if any, to be kept or retained under the provisions of the Contract.

For Council Approval
Not for Bidding

In the event that the City terminates this Contract under Section 6-1.10B below and it is determined for any reason that there was not sufficient cause to do so, the City's termination automatically will convert to a termination for convenience under this section and the terms and conditions outlined in this section automatically will be applied to effectuate the Contract termination. Thus, damages to which a Contractor may be entitled as a result of an improper default termination will be limited to the amounts provided for in this section.

The provisions of this section shall be included in all subcontracts.

6-1.10B **TERMINATION OF AGREEMENT - FOR CAUSE.** An "Event of Default" as referred to in this section shall occur if the Contractor:

1. Fails to maintain progress of the Work in accordance with the requirements of the Contract Documents; or
2. Fails to prosecute the Work or any of its components in accordance with the Contract Documents; or
3. Persistently or repeatedly fails or refuses to supply sufficient properly skilled workers or proper material to permit the performance of the Work in accordance with the Contract Documents; or
4. Fails to make prompt payment to Subcontractors or Suppliers in accordance with the respective agreements between the Contractor and the Subcontractor and Contractor and Supplier; or
5. Fails to comply with applicable laws, ordinances or rules, regulations or orders of a public authority having jurisdiction over the Work; or
6. Abandons, assigns or sublets the Contract without approval of the City; or
7. Becomes bankrupt or is subject to appointment of a receiver on behalf of the

For Council Approval
Not for Bidding

Contractor; or

8. Otherwise is guilty of a substantial breach of a provision of the Contract Documents.

Upon the City's reasonable belief that there has been an Event of Default by the Contractor, the City may elect to give the Contractor written notice thereof. The Contractor thereafter shall cure the default as soon as possible and in no event after ten (10) Days from the Contractor's receipt of the City's written notice.

If the Contractor does not timely cure its default, the City may, without waiver of any of its other rights and remedies, elect to terminate the Contract, or portion thereof.

Upon the City's election to terminate the Contract, or portion thereof, the City shall have the right to complete the Work, or portion involved, by whatever means and methods it deems expedient, including the hiring of others on such terms as the City deems advisable. The City shall have the right to take possession of the Contractor's materials, plant, tools, equipment and property of any kind provided by or on behalf of the Contractor for the purpose of the Work, or a portion of them, without being responsible to the Contractor for wear and tear. The Contractor shall have no rights in such property during its use by the City. The City shall not be required to obtain the lowest prices for completing the Work or a portion of it but shall make such expenditures as, in the City's sole judgment, best accomplish such completion.

The expense of completing such Work or portion thereof, together with a reasonable charge for engineering, managerial and administrative services, as certified by the City, shall be charged to the Contractor, and the expense so charged shall be deducted by the City out of such monies as may be due or may at any time thereafter become due to the Contractor. In case such expense is more than the sum which otherwise would have been payable to the Contractor under the Agreement, then the Contractor or its surety or sureties shall promptly pay the amount of

For Council Approval
Not for Bidding

such excess so due. When the City terminates the Contract under this section, the Contractor shall not be entitled to receive any further payments until the Work is completed and there has been a final settlement of costs of completing the Work covered by such notice of default.

The City will issue to the Contractor a written notice specifying that the Contract, or portion thereof, is terminated. Upon receipt of said written notice and, except as otherwise directed in writing by the City, the Contractor shall:

1. Stop all Work under the Contract; or if partial termination, stop Work relating to the terminated portion of the Agreement;
2. Perform Work the City deems necessary to secure the Work Site for termination including measures to leave the Work Site in a safe condition;
3. Remove equipment from the site of Work, as specified by the City;
4. Take such action as is reasonably necessary to protect materials from damage;
5. Notify all Subcontractors and Suppliers that the Contract or portion thereof is being terminated and that their contracts or orders are not to be further performed unless otherwise authorized in writing by the City;
6. Provide the City with an inventory list of all materials previously produced, purchased or ordered from Suppliers for use in the Work and not yet used in the Work, including its storage location, and such other information as the City may request;
7. Dispose of materials not used in the Work as directed by the Director. It shall be the Contractor's responsibility to provide the City (a) with good title to all materials purchased by the City hereunder, including materials for which partial payment has been made by the City and (b) with bills of sale or other documents of title for such

For Council Approval
Not for Bidding

materials;

8. Subject to the prior written approval of the City, settle all outstanding liabilities and all claims arising out of Subcontractors or orders for materials terminated hereunder. To the extent directed by the City, the Contractor shall assign to the City all rights, title and interests of the Contractor under subcontracts or orders for materials terminated hereunder. The City shall be at liberty to negotiate with and engage any Subcontractors who had contracted with the Contractor for the Work;
9. Furnish the City with the documentation required to be furnished by the Contractor under the provisions of the Contract Documents, including, on projects as to which Federal funds are involved, all documentation required under the Federal requirements included in the Agreement; and
10. Take such other actions as the City may direct.

If only a portion of the Work has been terminated, the Contractor shall perform the remainder of the Work in conformity with the Contract Documents and in such a manner as not to interfere with the City or others in their performance and completion of the portion of the Work which was terminated.

The City may recover from the Contractor the amount of any loss or damage, including consequential damages, suffered or incurred as a result of the Contractor's default.

For Council Approval
Not for Bidding

SECTION 7

ACCEPTANCE AND PAYMENT

7-1.01 **ACCEPTANCE.** When the Contractor believes that the entire Work is fully and finally completed, including the satisfactory completion of inspections, tests, and documentation specified in the Contract Documents and completion of all punch list and clean-up items, the Contractor shall submit to the City a written request for final Acceptance within fifteen (15) Days thereafter, specifying that the Work is fully and finally completed and the date on which it was completed. Within thirty (30) Days after receipt of the request for final Acceptance, the City will inspect the Work and will either:

1. Reject the request for final Acceptance, specifying the defective and/or uncompleted portions of the Work; or
2. Notify the Contractor that the Work will be accepted by Resolution of the City Council of the City of Roseville, and a Notice of Completion will be caused to be recorded by the City Clerk; or
3. Notify the Contractor that the Work has been accepted by the City but no Notice of Completion will be recorded.

If the City rejects the request for final Acceptance, the Contractor shall promptly remedy the defective and/or uncompleted portions of the Work. Thereafter, the Contractor shall again submit a written request for final Acceptance of the Work, specifying a new date based on the date the defective and/or uncompleted portions of the Work were corrected. Thereafter, the foregoing procedure shall apply successively until the City has verified that the Work is fully and finally completed and accepted the Work by Resolution of the City Council or by written

For Council Approval
Not for Bidding

notification from the Director. Immediately upon such Acceptance, the Contractor shall be relieved of the duty of maintaining the Work as a whole.

All warranties commence upon final Acceptance of the Work. The City's final Acceptance of the Work shall not be construed as an acceptance by the City of any latent defects discovered with regard to the Contractor's work. Furthermore, Contractor's obligations under Section 5-1.22 "Responsibility for Damage and Indemnification" shall still remain applicable after the City's grant of final Acceptance of the Work.

Prior to final Acceptance, the Contractor shall submit to the City the Record Documents and Operation and Maintenance Manuals as specified in the Contract Documents.

7-1.02 **SCOPE OF PAYMENT.** The Contractor shall accept the compensation provided in the Contract as full payment for furnishing all labor, materials, tools, equipment, and incidentals necessary to the completed Work and for performing all Work contemplated and embraced under the Contract; also for loss or damage arising from the nature of the Work, or from the action of the elements, or from any unforeseen difficulties which may be encountered during the prosecution of the Work until the Acceptance by the Director and for all risks of every description connected with the prosecution of the Work, also for all expenses incurred in consequence of the suspension or discontinuance of the Work as provided in the Contract; and for completing the Work according to the Contract. Neither the payment of any estimate nor of any retained percentage shall relieve the Contractor of any obligation to make good any defective Work or material.

No compensation will be made in any case for loss of anticipated profits.

7-1.03 **NOTICE OF POTENTIAL CLAIM.** The Contractor shall not be entitled to the payment of any additional compensation for any act or failure to act by the City,

For Council Approval
Not for Bidding

including failure or refusal to issue a Change Order, or for the happening of any event, thing, occurrence or other cause unless the Contractor has given the City due written Notice of Potential Claim as hereinafter specified, provided, however, that compliance with this Section 7-1.03 shall not be a prerequisite as to matters within the scope of the notice provisions in Section 6-1.07, "Time of Completion," or the notice provisions in Section 6-1.08, "Liquidated Damages," of these General Conditions, nor to any claim which is based on differences in measurement or errors of computation as to correct quantities.

The written Notice of Potential Claim shall set forth the reasons for which the Contractor believes additional compensation will or may be due, the nature of the costs involved, and, insofar as possible, the amount of the potential claim. The said Notice as above required must have been given to the Director prior to the time that the Contractor shall have performed the Work giving rise to the potential claim for additional compensation, if based on an act or failure to act by the Director, or in all other cases within seven (7) Days after the happening of the event, thing, occurrence or other cause giving rise to the potential claim.

If the Notice of Potential Claim does not include complete information about the claim or the parties do not execute a Contract Change Order in connection with the Notice of Potential Claim, Contractor shall submit complete information about its claim for additional compensation and/or extension of time for performance within fifteen (15) Days after such work is performed. Failure to provide written notice of claim prior to undertaking such work or failure to timely submit a complete and specific information about the claim for additional compensation and/or extension of the time for performance shall be deemed a waiver and abandonment of such claim.

If there is a dispute over any claim, the Contractor shall continue to Work during the dispute resolution process in a diligent and timely manner as directed by the City, and shall be

For Council Approval
Not for Bidding

governed by all applicable provision of the Agreement.

The Contractor shall maintain cost records of all Work that is the basis of any dispute. On a daily basis, Contractor shall submit to City completed daily forms, the format of which will be acceptable to the City, with respect to the Contractor's costs of performing the disputed work. These daily forms shall itemize all of Contractor's costs in performing the disputed work, including, but not limited to, all costs relating to materials, labor and equipment with respect to the disputed work. These daily forms shall provide names or identification and classification of affected workers, the hourly rate of pay and hours worked, and also the size, type, and identification number of equipment and hours operated. Said daily work forms shall be duly signed and verified by the Contractor or its authorized representative. The City's receipt of the Contractors' daily forms shall not constitute an approval of the Contractor's claim. Contractor's failure to submit the daily forms on a daily basis shall constitute a waiver of the Contractor's right to claim any additional compensation for the disputed work.

Each Contractor claim shall include full and complete information concerning the Claim. Contractor shall provide a clear, concise recital of the basis, upon which the claim is asserted, including a designation of the provisions of the Contract Documents upon which the claim is based. Contractor shall also include a statement as to the amount of time and/or compensation sought pursuant to the claim; if Contractor's claim arises from an ongoing occurrence, Contractor shall so state in its claim, including a description of the specific Work activities affected by the claim. All costs, expenses or damages and extensions of time claimed shall be described in reasonable detail under the circumstances together with complete supporting documentation.

The City will review any timely Notice of Potential Claim and supporting information

For Council Approval
Not for Bidding

submitted by Contractor. In conducting this review, the City shall have the right to require the Contractor to submit such additional or supporting documents, data and other information as the City may require.

If an agreement can be reached which resolves the Contractor's claim, the parties will execute a Contract Change Order to document the resolution of the claim. If the parties cannot reach agreement with respect to the Contractor's claim, the Contractor shall still be obligated to comply with the claim identification provisions identified in these General Conditions, including but not limited to Section 7-1.04.

It is the intention of this Section 7-1.03 that differences between the parties arising under and by virtue of the Contract be brought to the attention of the Director at the earliest possible time in order that such matters may be settled, if possible, or other appropriate action promptly taken. The Contractor hereby agrees that it shall have no right to additional compensation for any Claim that may be based on any such act, failure to act, event, thing or occurrence for which no timely written Notice of Potential Claim as herein required was filed.

7-1.04 **CLAIMS.** Contractor must submit all Claims, for which it has previously submitted a Notice of Potential Claim, prior to Acceptance of the Work. Each such Claim must be sent to the City by registered mail or certified mail with return receipt requested and must contain reasonable documentation to support the Claim.

Upon receipt of a Claim, the City shall conduct a reasonable review of the Claim and, within a period not to exceed forty-five (45) Days, or such further time as mutually agreed upon or necessary pursuant to Public Contract Code Section 9204, the City shall provide the Contractor a written statement identifying what portion of the Claim is disputed and what portion is undisputed. If the City does not respond to a Claim from the Contractor within the time

For Council Approval
Not for Bidding

specified herein, such Claim shall be deemed rejected in its entirety.

Any payment due on an undisputed portion of the Claim shall be processed and made within sixty (60) Days after the City issues its written statement.

If the Contractor disputes the City's written response, or if the City does not respond within the time specified herein, the Contractor may demand in writing an informal conference to meet and confer for settlement of the issues in dispute. Upon receipt of a demand in writing sent by registered mail or certified mail, return receipt requested, the City shall schedule a meet and confer conference within thirty (30) Days for settlement of the dispute.

Within ten (10) business days following the conclusion of the meet and confer conference, if the claim or any portion of the claim remains in dispute, the City shall provide the Contractor a written statement identifying the portion of the Claim that remains in dispute and the portion that is undisputed. Any payment due on an undisputed portion of the Claim shall be processed and made within sixty (60) Days after the City issues its written statement. Any disputed portion of the Claim, as identified by the Contractor in writing, shall be submitted to nonbinding mediation, with the City and the Contractor sharing the associated costs equally. The City and the Contractor shall mutually agree to a mediator within ten (10) business days after the disputed portion of the Claim has been identified in writing. If the parties cannot agree upon a mediator, each party shall select a mediator and those mediators shall select a qualified neutral third party to mediate with regard to the disputed portion of the Claim. Each party shall bear the fees and costs charged by its respective mediator in connection with the selection of the neutral mediator. If mediation is unsuccessful, the parts of the Claim remaining in dispute shall be resolved in accordance with Section 7-1.05 below.

7-1.05 **DISPUTE RESOLUTION PROCEDURE.** All Claims not resolved

For Council Approval
Not for Bidding

pursuant to Section 7-1.04, shall be resolved pursuant to Public Contract Code Section 10240, et seq.

7-1.06 **STOP PAYMENT NOTICES.** The City, by and through the Department or other appropriate office or officers, may at its option and at any time retain out of any amounts due the Contractor, sums sufficient to cover claims, filed pursuant to Civil Code Section 9350, et seq., including an amount to provide for the reasonable cost of any litigation thereunder.

7-1.07 **PROGRESS PAYMENTS.** Within fifteen (15) Days after the effective date in the Notice to Proceed, but in any event prior to Contractor's first Application for Payment, the Contractor shall submit to the City a detailed Schedule of Values.

Upon its approval, the Schedule of Values will form a basis for determining the compensation payable to the Contractor based on its actual progress of Work with respect to each Lump Sum bid item. The City, prior to any progress payment being made, must approve the Schedule of Values.

At the Director's discretion the approved Schedule of Values may be used as the basis for calculating the adjustment in compensation for a lump sum bid item due to changes ordered by the Director. When an ordered change increases or decreases the quantities shown in an approved Schedule of Values, at the Director's discretion, the adjustment in compensation may be determined in the same manner specified for increases and decreases in the quantity of a bid item of work in accordance with Section 3-1.05(B), "Contract Price Adjustment," of these General Conditions.

The Contractor once in each month shall submit an Application for Payment, for approval by the Director. Contractor's Applications shall be based on the Schedule of Values submitted to the City. These applications shall be supported by: (1) documentation requested by the City to

For Council Approval
Not for Bidding

substantiate the payment request; (2) statutory releases from Contractor and all Subcontractors and suppliers pursuant to Civil Code Sections 8132 and 8138; and (3) certified payroll records for the period for which payment is requested. Specifically, the Contractor will submit conditional waivers upon progress payment executed by all contractors and suppliers that will be receiving sums sought in the instant payment request and also submit unconditional waivers upon progress payment executed by all contractors and suppliers that have been paid to the date of the payment request. The Contractor shall certify that the Work for which payment is requested has been accomplished. When requested by the City, the Contractor shall submit receipts, invoices and other documentation that the City requires to be furnished for purpose of evaluating the application.

The City will pay the Contractor within thirty (30) Days after its receipt of an undisputed and properly submitted Application for Payment, after deducting all previous payments, retention, and other sums as described in the Contract Documents. Within seven (7) Days of its receipt of the Contractor's Application for Payment, the City will determine whether it complies with the provisions of the Contract Documents. As appropriate, the City will return the application to the Contractor accompanied by a document prepared by the City setting forth the reasons for the rejection. Thereafter, the Contractor shall correct and resubmit the Application for Payment. Progress payments may be withheld for Work that is not performed in accordance with the Contract Documents.

The City may deduct the following from each progress payment:

1. An amount equal to one hundred and twenty-five percent (125%) of the amount claimed under any stop payment notice or other lien filed against the Contractor, which includes an amount to provide for the reasonable cost of any litigation

For Council Approval
Not for Bidding

thereunder.

2. Any Liquidated Damages or Assessments that have accrued as of the date of the Application for Payment.
3. Any sums expended by the City in performing any of the Contractor's obligations under the Agreement that the Contractor has failed to perform.
4. Any other sums that the City is entitled to recover from the Contractor under the terms of the Contract including damages to the City's property.
5. The failure of the City to deduct any of the above identified sums from a progress payment shall not constitute a waiver of the City's right to such sums.

No such estimate or payment shall be construed to be an acceptance of any defective Work or improper materials.

Under no circumstances will the City make payment to unlicensed Contractors. As a condition of payment, the Contractor is required to maintain the applicable Contractor's license as identified in the Notice to Contractors for the duration of the Work.

7-1.08 **PAYMENT FOR MATERIALS AND EQUIPMENT ON HAND.**

Partial payments may be made to the extent of seventy-five percent (75%) of the cost of materials and equipment plus delivery to be incorporated in the Work, provided that such materials and equipment meet the requirements of the Contract Documents and are delivered to acceptable sites on the plant site or at other sites in the vicinity that are acceptable to the City and only with the prior written approval by the City. Such delivered costs of stored or stockpiled materials and equipment may be included in the next progress payment after the following conditions are met:

A. Equipment and materials will only be eligible if given conditional or final

For Council Approval
Not for Bidding

Acceptance by the Director and are in apparent compliance with favorably reviewed Submittals.

B. Only equipment or materials which have received favorable review of Shop Drawings will qualify.

C. The material or equipment has been stored or stockpiled adequately protected against damage in a manner acceptable to the Director at an approved site.

D. The Contractor has furnished the Director with acceptable evidence of the quantity and the quality of such stored or stockpiled materials or equipment with identification of where they will be incorporated into the project with Specification reference.

E. The Contractor has furnished the Director with satisfactory evidence that the material or equipment and transportation costs have been paid.

F. The Contractor has furnished the City legal title (free of liens or encumbrances of any kind) and lien releases to the material or equipment so stored or stockpiled.

G. The Contractor has furnished the City evidence that the material or equipment so stored or stockpiled is insured against loss by damage to or disappearance of such materials at any time prior to use in the Work.

It is understood and agreed that the transfer of title and the City payment for such stored or stockpiled materials or equipment shall in no way relieve the Contractor of its responsibility for furnishing and placing such materials or equipment in accordance with the requirements of the Contract Documents.

In no case will the amount of progress payments for materials or equipment on hand exceed the Contract Price for such materials or equipment or the Contract Price for the Contract item in which the material is intended to be used.

No partial payment will be made for stored or stockpiled living or perishable plant

For Council Approval
Not for Bidding

materials.

The Contractor shall bear all costs associated with the progress payment of stored or stockpiled materials or equipment in accordance with the provisions of this Section.

7-1.09 **RETENTION ON PROGRESS PAYMENTS.** From each progress payment estimate, five percent (5%) will be deducted and held in retention by the City. The remainder, less any deductions described in Section 7-1.07, "Progress Payments," of these General Conditions, will be paid to the Contractor as progress payments.

Pursuant to Public Contract Code Section 22300, the successful Bidder may submit Securities in lieu of retention payments by the City. Upon the Contractor's request, the City will make payment of funds withheld from progress payments, pursuant to the requirements of California Public Contract Code Section 22300, if the Contractor deposits in escrow with the City or with a bank acceptable to the City, securities eligible for investment under California Government Code Section 16430, bank or savings and loan certificates of deposit, interest bearing demand deposit accounts, standby letters of credit, or any other security mutually agreed to by the Contractor and the City, upon the following conditions:

1. The Contractor shall bear the expenses of the City and the escrow agent in connection with the escrow deposit made.

2. Securities or certificates of deposit to be placed in escrow shall be of a value at least equivalent to the amounts of retention to be paid to the Contractor pursuant to this section.

3. Contractor shall enter into an escrow agreement satisfactory to the City, which agreement shall be substantially similar to the form provided in California Public Contract Code section 22300.

For Council Approval
Not for Bidding

4. The Contractor shall obtain the written consent of the surety to such agreement.

7-1.10 **FINAL PAYMENT.** Final payment will be made only after Contractor has achieved Final Completion of the Work pursuant to the provisions of Section 7-1.01, "Acceptance," of these General Conditions. Before final payment can be made, the Contractor shall have furnished the City with the following:

1. All Record Documents, catalogues, instruction sheets and information as required by the Contract Documents.

2. Conditional Waivers and Releases Upon Final Payment executed by Contractor and all Subcontractors and Suppliers, as provided by Civil Code Section 8136. Unconditional Waivers and Releases Upon Final Payment, as provided in Civil Code Section 8138, executed by Contractor and all Subcontractors and Suppliers, must be provided for all Subcontractors and Suppliers that have been paid in full.

Within thirty (30) Days of the date of the City's Acceptance of the Work, the Contractor shall prepare and submit a Final Invoice, showing the proposed total amount due the Contractor, segregated by Bid item quantities, Change Order Work, and other basis for payments; deductions made or to be made for prior payment; and amounts previously retained. Prior invoices and payments shall be subject to correction in the proposed Invoice for Final Payment. Payments to the Contractor will be made only for actual quantities of the Contract items of work constructed in accordance with the Contract Documents.

The City will review the Contractor's proposed Final Invoice and necessary changes or corrections will be forwarded to the Contractor. Within ten (10) Days thereafter, the Contractor

For Council Approval
Not for Bidding

shall submit a revised proposed Final Invoice incorporating changes or corrections made by the City together with any new claims resulting therefrom. Upon approval by the City, the corrected proposed Final Invoice will become the approval Final Invoice.

If agreements are reached on all questions regarding the Final Invoice, the City will pay the entire sum found due on the approved application. However, the City will withhold sums sufficient to pay all unsettled claims for which stop payment notices have been filed pursuant to Section 9350, et seq. of the California Civil Code, together with the reasonable cost of any litigation thereunder.

Final payment will be made within thirty (30) Days after receipt of an approved Final Invoice and other required Submittals referenced above or within sixty (60) Days after Acceptance of the work by the City, whichever is later, provided, however, that if an approved Final Invoice has not been submitted within sixty (60) Days after Acceptance of the Work by the City, the City may elect to make payment of sums not in dispute without prejudice to the right of either the City or the Contractor in connection with such disputed sums. Notwithstanding the foregoing, if a Notice of Completion is recorded, final payment shall not be made prior to the expiration of the thirty-five (35) calendar day lien period. The start of this lien period is the date the Placer County Recorder's Office records the Notice of Completion.

The City may withhold from the Final Payment an amount not to exceed one hundred fifty percent (150%) of any amount in dispute between the City and the Contractor.

The making of Final Payment shall not operate to release the Contractor or its sureties from obligations arising under the Contract, the Contract bonds and warranties as herein provided. Specifically, the making of final payment shall not constitute a waiver and release of claims by the City arising from:

For Council Approval
Not for Bidding

1. Unsettled or future liens;

2. Failure of the Work to comply with the requirements of the Contract Documents;

3. The terms of any warranties required by or contained in the Contract Documents;

4. The right to any insurance proceeds or the right to make any insurance or bond claims;

5. Any claims with respect to Contractor's obligations of indemnity with respect to claims asserted by third parties; or

6. Any latent deficiencies with the Work or Contractor's fraud.

7-1.11 **CLERICAL ERRORS.** Notwithstanding the provisions of Section 7-1.10, "Final Payment," of these General Conditions, for a period of three (3) years after Acceptance of the Work, all estimates and payments made pursuant to said Section 7-1.10, are subject to correction for clerical errors in the calculations involved in the determination of quantities and payments. The Contractor and the City agree to pay to the other any sum due under the provisions of this Section 7-1.11, provided, however, if the total sum to be paid is less than $100, no such payment shall be made.

7-1.12 **WARRANTY.** Notwithstanding inspections and Acceptance by the City of Work furnished under the Contract Documents, the Contractor hereby unconditionally guarantees that all materials and equipment furnished will be of good quality and new, that the Work will be free from defects in workmanship and materials and that the Work will conform to the requirements of the Contract Documents. Work not conforming to these requirements, including substitutions not properly approved and authorized, may be considered defective.

For Council Approval
Not for Bidding

This warranty by the Contractor is in addition to any warranties or guarantees required elsewhere in the Contract Documents. This warranty shall be in effect notwithstanding any disclaimers, or limiting or conditional terms contained in such separate warranties furnished by manufacturers or suppliers.

The Contractor hereby agrees to repair or replace any and all Work, together with any other adjacent Work which may be displaced in so doing, that may prove to be not in accordance with the requirements of the Contract or that may be defective in its workmanship or material during the greater of a period of one (1) year after Acceptance of the Work by the City or the period specified in the Special Conditions, without any expense whatsoever to the City, ordinary wear and tear and unusual abuse or neglect excepted.

The Contractor further agrees, that within ten (10) Days after being notified in writing by the Department of any Work not in accordance with the requirements of the Contract Documents or of any defects in the Work, the Contractor will commence and prosecute with due diligence all Work necessary to fulfill the terms of this warranty, and to complete such Work within a reasonable period of time. In the event Contractor fails to comply, it does hereby authorize the Department to proceed to have such Work done at the Contractor's expense and the Contractor will honor and pay the cost and charges therefore upon demand. The Department shall be entitled to all costs and expenses, including reasonable attorneys' fees, necessarily incurred upon the Contractor's refusal to honor and pay the above costs and charges.

All warranties set forth in the Contract Documents shall be deemed cumulative and not alternative or exclusive. Nothing contained in this section shall be construed to establish a period of limitation with respect to any other obligation, which Contractor has under the Contract Documents or under any separate warranty or guaranty required thereby. The establishment of a

For Council Approval
Not for Bidding

specific warranty period relates only to the specific obligation of Contractor to correct defective Work, and it has no relationship to the time within which its obligation to comply with the Contract Documents or applicable provision of law may be sought to be enforced, nor to the time within which proceedings may be commenced to establish Contractor's liability with respect to its obligations other than specifically to correct the Work. Without limiting the foregoing, it is understood and agreed that Contractor shall remain responsible for latent defects with its work, regardless of the expiration of any warranty period set forth in the Contract Documents.

7-1.13 **WARRANTY OF TITLE.** No material, supplies, or equipment for the Work under this Contract shall be purchased subject to any chattel mortgage, security agreement, or under a conditional sale or other agreement by which an interest therein or any part thereof is retained by the seller or supplier. The Contractor warrants good title to all material, supplies, and equipment Installed or incorporated in the Work and agrees upon completion of all Work to deliver the Premises, together with all improvements and appurtenances constructed or placed thereon by it, to the City free from any claim, liens, security interest, or charges, and further agrees that neither the Contractor nor any person, firm, or corporation furnishing any materials or labor for any Work covered by this Contract shall have any right to a lien upon the Premises or any improvement or appurtenances thereon. Provided, that this shall not preclude the Contractor from Installing metering devices and other equipment of utility companies, the title of which is commonly retained by the utility company. In the event of the Installation of any such metering device or equipment, the Contractor shall advise the City as to the legal owner thereof. Nothing contained in this paragraph, however, shall defeat or impair the right of such persons furnishing materials or labor under any bond given by the Contractor for their protection or any rights under any law permitting such persons to look to funds due the Contractor in the hands of the City.

For Council Approval
Not for Bidding

The provisions of this paragraph shall be inserted in all subcontracts and material Contracts, and notice of its provisions shall be given to all persons furnishing materials for the Work when no formal Contract is entered into for such materials.

Not for Bidding

SECTION 1. DEFINITIONS AND TERMS

1-1.24 **DEPARTMENT.** Section 1-1.24 of the General Conditions is amended to include the following:

The Department for Contract Administration is the Parks, Recreation & Libraries Department of the City of Roseville.

For Council Approval
Not for Bidding

SECTION 2. CONTROL AND SCOPE OF THE WORK

2-1.08 **SUBMITTALS.** Section 2-1.08 of the General Conditions is amended to include the following:

The time allowed for review of each submittal is 10 Days after receipt of the submittal by the Director.

For Council Approval
Not for Bidding

SECTION 3. CHANGES IN THE WORK

There are no amendments to the General Conditions.

For Council Approval
Not for Bidding

SECTION 4. CONTROL OF MATERIALS

There are no amendments to the General Conditions.

For Council Approval
Not for Bidding

SECTION 5. LEGAL RELATIONS AND RESPONSIBILITY

5-1.14 **AIR POLLUTION CONTROL AND ASBESTOS.** Section 5-1.14 of the General Conditions is amended to include the following:

To the best of the City's knowledge, asbestos is NOT present in the vicinity of the Project. Additional information shall be made available to Contractor upon request.

For Council Approval
Not for Bidding

SECTION 6. PROSECUTION AND PROGRESS

6-1.04 **PROGRESS SCHEDULE.** Section 6-1.04F of the General Conditions is amended to include the following:

Progress schedules showing project completion dates more than 0 Days earlier than specified in Section 6-1.07 shall be rejected.

6-1.07 **TIME OF COMPLETION.** Section 6-1.07 of the General Conditions is amended to include the following:

The Contractor shall begin Work within 10 business days after receiving a Notice to Proceed and shall diligently prosecute the Work to completion. The Work shall be completed within 145 business days of the Notice to Proceed.

If landscaping plants require an establishment period, that period will be 30 calendar days. Start of the establishment should be as outlined in the Specifications.

6-1.08 **LIQUIDATED DAMAGES.** Section 6-1.08 of the General Conditions is amended to include the following:

The amount of Liquidated Damages is the sum of $2,000 per Day.

For Council Approval
Not for Bidding

SECTION 7: ACCEPTANCE AND PAYMENT

There are no amendments to the General Conditions.

PERMITS

PART 1 - GENERAL

1.01 General Requirements

A. The requirements set forth in the General Conditions shall be in addition to the standards provided herein.

B. The requirements set forth in the Supplemental Conditions shall be in addition to the standards provided herein.

C. The intent of this Section is to furnish bidders with the known list of required permits for the Work under the Contract Documents. Bidders should note the list is not necessarily complete and additional requirements may exist or arise.

1.02 Permits

A. The Contractor shall obtain copies of the following permits from the Project Manager. Copies of these shall be obtained prior to start of work and shall be kept on the jobsite.

1. State Water Resources Control Board General Permit for Discharges of Storm Water Associated with Construction Activity.
2. City of Roseville Department of Development Services, Building Permit.

B. Contractor shall comply with the conditions of these permits, and will be solely responsible for all costs associated with meeting permit conditions unless specifically specified otherwise in these Contract Documents.

SECTION 01 10 00
SUMMARY OF WORK

PART 1 - GENERAL

1.01 General

A. The requirements set forth in the General Conditions shall be in addition to the standards provided herein.

B. The requirements set forth in the Special Conditions shall be in addition to the standards provided herein.

1.02 Project Description

A. Project Name and address:

Roseville Aquatics Complex Renovation
3051 Woodcreek Oaks Blvd

B. Project description/scope of work:

The scope of this project includes alterations to an existing locker room and to an existing 50 meter pool. Locker rooms alterations include restructured shower stalls, new plumbing fixtures, new finishes, and accessibility upgrades. Pool restoration includes re-plaster finish and replacement of pool lights.
Refer to Section 01 23 00 for Bid Alternates.

C. The Contractor, prior to submission of his bid, shall visit the site and become familiar with the physical site conditions, the plans and specifications. All existing site conditions, apparent in a detailed, on-site inspection, shall be a part of the project. Submission of a bid shall represent the Contractor's acknowledgment of the existing site conditions and its effect on the implementation of the contract documents.

1.03 Permits, Fees and Notices

A. The Contractor and/or his assigned Subcontractors shall obtain any and all required permits (beyond those provided by the City's Project Manager) from all governing authorities, including other City Departments, prior to start of construction.

1.04 Construction Plans

A. Any discrepancies or omissions found in the Contract Documents shall be reported to the City's project manager immediately. The City's project manager will clarify discrepancies or omissions, in writing, within a reasonable time.

B. In resolving inconsistencies among two or more sections of the Contract Documents, precedence shall be given in the following order:

For Council Approval
Not for Bidding

1. Notice to Contractors
2. Special Provisions
3. City of Roseville Parks Construction Standards
4. City of Roseville Design and Construction Standards
5. Drawings

Addenda shall take precedence over all sections referenced therein. Figure dimensions on Drawings shall take precedence over scale dimensions. Detailed Drawings shall take precedence over general Drawings.

1.05 Definitions

A. The term “accepted” where used within, shall mean accepted in writing by the City of Roseville’s Project Manager.
B. The term “Inspector”, where noted, shall mean the project representative, appointed by the City of Roseville, who will oversee the project on a day-to-day basis.
C. The term “Project Manager”, where noted, shall mean the project representative appointed by the Parks Department.
D. The term “Consultant”, where noted, shall mean the prime Consultant listed on the cover sheet of these Specifications.
E. The term “accepted equal”, where used herein, shall mean the equal in the opinion of the Project Manager, in consultation with the Consultant, when necessary, and as accepted in writing by the Project Manager.
F. The term “Project Owner”, where used herein, shall mean the landowner or developer.
G. The term “provide”, where used herein, shall mean furnish and install complete.
H. The term “as selected”, where used herein, shall mean as selected by the Consultant and as accepted by the Project Manager.
I. The term “substantially complete”, where used herein, shall mean the state of which the project can be used in the manner of which it is intended with the exception of minor items as determined by the Project Manager.
J. See Section 1 of the General Conditions for additional definitions and terms.

1.06 Standards

A. Numerous standards are referenced in these contract documents. The referenced standards shall be the current edition as of the date of these contract documents. Also, see Section 4 - 1.02 of the General Conditions.
B. The codes adopted by the City, County, State and federal agencies shall govern minimum requirements for this project. Where codes conflict with these Specifications, the more stringent shall apply, and such conflicts shall be brought to the attention of the Project Manager. Caltrans Standards shall be

For Council Approval
Not for Bidding

applied where specifically referenced. In the absence of specific reference requirements in the contract documents, the applicable codes shall govern.

C. In addition to the standards noted in individual sections of these Specifications, standards of the following organizations shall be noted by initials only.
   1. ANSI: American National Standards Institute.
   2. ASTM: American Society for Testing and Materials.

1.07 Submittals

A. All submittals shall be submitted at one time within ten (10) working days from issuance of Notice to Proceed. The review time for submittals shall be as noted in Section 2 - 1.04 of the Special Conditions. Items returned for re- submittal shall be returned to the City within two weeks

B. The Contractor shall include a cover sheet indicating the following (A sample is provided in Section 5: Forms):
   1. Drawing sheet or specification section reference (by section, paragraph and sub-paragraph numbers);
   2. Item description;
   3. Indication whether this item is “as specified” or “proposed substitution” and
   4. A space for itemized response summary, e.g. “reviewed” or “resubmit”.

C. Contractor shall provide submittals electronically in PDF file format and physical product samples as required in specifications. It shall be the Contractor’s responsibility to ensure the summary sheet is included in the submittal package. Incomplete submittal packages (i.e., the lack of a summary sheet or lack an appropriate product sample) will not be reviewed.

D. Proposed substitution requests must include a comparison between the originally specified item and the proposed substitute. The burden of proof of compliance for proposed substitutions with project requirements rests with the Contractor. Coordination of the installation of accepted substitutions, including incidental changes/modifications to accommodate proposed products shall be at no additional cost to the Owner.

E. Where required in specified Section of these Specifications, submittals shall include proof of order of site furnishings, play equipment or other materials within two weeks (ten working days) of receipt of the returned, approved submittal. Submittals of orders shall be made at one time. Exceptions will be considered, with justification.

1.08 Tests

A. In addition to Section 4 - 1.03 of the General Conditions, testing and inspections may be performed by a private testing laboratory. The testing laboratory, provided by the City, shall be under the direction of a California registered civil

For Council Approval
Not for Bidding

engineer. All work shall conform to requirements set forth by ASTM B329, and shall be acceptable to the City.

B. Copies of the laboratory reports/results of each test or inspection shall be provided to the Project Manager, Inspector and Contractor.

1.09 Temporary Facilities

A. Sanitary provisions shall be the responsibility of the Contractor. Existing restroom facilities shall be not utilized by the Contractor, his Sub-contractors, or employees thereof, unless specifically accepted by the Project Manager. Provide chemical toilets or water closets and urinals connected to the sewer in a location accepted by the Project Manager.

B. Barricades shall be the responsibility of the Contractor and shall be erected as necessary to protect the property, the construction and the public from hazards due to construction.

C. Signs, other than those identified in these Specifications, shall be prohibited. Notices, required by law, shall be posted and maintained.

1.10 Utilities

A. All utility fees, including, but not limited to, connection fees, installation fees, meters, monthly service fees and cost of utilities used during the course of construction and establishment are considered a direct cost and are the responsibility of the Contractor until project acceptance by City Council.

1.11 Dust/Noise Control Requirements

A. Dust and other air pollution nuisances on or adjacent to the site shall be abated, per Section 2 - 1.15 of the General Conditions. Dirt shall not be allowed to accumulate on streets or sidewalks nor be washed into sewer.

B. Noise from construction operations shall be kept to a minimum. Allowable hours of operations shall be from 7 a.m. to 7 p.m. Monday through Friday. Work on weekends and holidays must be approved by the project manager. Work on weekends and holidays shall not begin before 8 a.m. and must be completed by 8 p.m.

1.12 Tree Replacement Schedule

A. Trees damaged or removed without prior approval shall be replaced at an inch per inch basis on-site, except otherwise accepted. New stock shall follow the table provided:

Plant Size	Inch Value
3 Five Gallon Stock	One Inch
1 Fifteen Gallon Stock	One Inch
1 24” Box Stock	Two Inches
1 36” Box Stock	Three Inches

For Council Approval
Not for Bidding

1.13 Inspection of Construction

A. In addition to the routine inspections performed by the Parks Inspector, portions of work may be inspected by the other city departments. Notify the Parks Inspector and Project Manager a minimum of 48 hours prior to date of inspection.

B. The Parks Inspector shall be the main line of communication between the site superintendent, the project manager and other City department inspectors. Changes in scope of work or standards shall be approved by the project manager.

C. Refer to the parks inspection record. This shall be issued at the Pre-Construction meeting and shall be utilized by the Contractor throughout the course of construction. A completed “hard card” shall be submitted to the Project Manager along with required turn in items (See 1.19 this Section) upon final acceptance of the project. The Notice of Completion shall not be filed until all record documents have been received and accepted.

1.14 Adverse Impacts to Site Conditions Due to Construction

A. Impacts that affect the site conditions to the detriment of the park or streetscape impacts that affect the site conditions to the detriment of the park or streetscape construction or long term viability of the site shall be mitigated by the contractor prior to acceptance of the project. Such impacts shall include, but are not limited to:

1. Soil compaction in non-structural areas;
2. Diesel or gas fuel leaks/spillage;
3. Buried concrete or other construction debris;
4. Hazardous material contamination;
5. Lime treatment in planting areas;
6. and more.

1.15 Pre-final (Punch List) Review

A. Notify, in writing, to the Parks Construction Inspector, that the work is substantially complete. Substantially complete is defined as “the state of work where it may be used in a suitable and intended manner with exception of minor corrections”. Partial acceptances will not be granted. Items to be reviewed as a part of substantial completion include:

1. All construction items
2. Installation of all site furnishings, including lights and signs
3. All planting, including mulch installation and weed control of planted areas.

B. Within five workings days of receipt of notification, the Parks Construction Inspector will confirm substantial completion. The Parks Construction Inspector will schedule the punch list walk (pre-final review) within five working

For Council Approval
Not for Bidding

days after the project has been determined as substantially complete. A formal punch list will be developed at the punch list walk. The Parks Construction Inspector will provide a copy of the formal punch list to the Contractor within five working days of punch list walk. Performance of the punch list walk does not automatically trigger the start of establishment.

1. If at any point during this review it becomes apparent the Contractor has not properly prepared for the site review, the inspection shall immediately be terminated and re-scheduled at such a time as the site has been readied for a review. Any costs for the re-scheduling of the review shall be the responsibility of the Contractor. Lack of site preparation could delay start of the establishment period.

C. Concurrent to the pre-final review, the City will make a formal request for all required turn-in items to be submitted to the City. All turn-in items shall be submitted in their entirety to the City's Park Construction Inspector. Partial turn-in packages will be rejected.

D. Once all turn-in items have been confirmed to be complete and accurate, the establishment period may be considered to begin. The City shall have sole discretion in determining the appropriateness of the commencement of the establishment period and shall notify the developer/contractor in writing of the start and end dates. Portions of the project will not be accepted for establishment prior to the substantial completion of the entire project.

1.16 Final Review

A. All punch list items must be satisfactorily addressed prior to the final review.

B. The project shall be prepared and cleaned per Section 2 - 1.12 of the General Conditions; the turf shall be mowed; and the irrigation heads shall be adjusted appropriately one day prior to the scheduled final review.

C. Acceptance of the project shall be considered "field accepted" and a recommendation will be forwarded to the City Council for "final acceptance" per Section 7 - 1.01 of the General Conditions.

D. An unaccepted project shall extend the establishment period until such time as the unaccepted portions of the project have been reviewed and field accepted by the Inspector and Project Manager.

E. Turn over for City maintenance shall occur only after:

1. A Notice of Completion (NOC) has been approved by the City Council.

F. Contractor shall provide a written guarantee covering all improvements associated with this project. See 1.19 – Warranties and Guarantees.

For Council Approval
Not for Bidding

1.17 Record Documents

A. Record documents or as-built plans shall be maintained on-site and updated routinely as specified in Section 2 - 1.13 of the General Conditions. Record documents shall include **all items under the contracted scope of work**.

B. Record documents shall be submitted:

1. Electronically submit PDF scanned images (in color) of the verified/initialed as-built drawings.
2. For City of Roseville CIP projects, SWPPP binder.

1.18 Warranties and Guarantees

A. Warranties are required under various Sections of these Specifications. Prior to final acceptance, the Contractor shall combine all warranties into a single electronically submitted PDF, . All warranties shall be clearly labeled and the number of years highlighted. Also, see Sections 7 - 1.10 and 7 - 1.11 of the General Conditions.

1. Warranties for equipment shall be submitted in the manufacturer's standard form and shall be countersigned by the subcontractor or supplier and the Contractor.
2. All other warranties shall be provided in the following format, written on subcontractor's or supplier's letterhead, signed by the subcontractor or supplier and countersigned by the Contractor:

WARRANTY FOR _____ YEARS

"We hereby warrant that the *product* which we have installed at *project name* has been done in accordance with the contract documents, and that the work, as installed will fulfill the warranty requirements included in the Specifications.

We agree to repair or replace any or all of our work, together with any other adjacent work which may be displaced by so doing, that may prove to be defective in its workmanship or material within the warranty period stated above commencing from the date of final acceptance of the above named project by the City of Roseville's City Council, without additional expense to the City, ordinary wear and tear and unusual abuse or neglect excepted.

In the event of failure to comply with the above conditions within thirty (30) days of notification by the City, we collectively or separately do hereby authorize the City to proceed with the repairs or replacement of such defects at our expense. Payment of said costs and charges will be forwarded to the City upon demand.

For Council Approval
Not for Bidding

Signed: _____ _____
Subcontractor or Supplier Date

Countersigned: _____ _____
Contractor Date

B. Guarantees shall be a minimum of one (1) year for all plant material, including trees and shrubs. The guarantee shall state that plant materials (trees & shrubs) to be free of all defects or disease and all plants are in a healthy and thriving condition at the completion of the contract. Deciduous plant material shall be warranted beyond the time of contract completion until such time as growth becomes evident.

SECTION 01 23 00
BID ALTERNATES

GENERAL

1.1 SUMMARY

A. To provide the Owner choices in the scope and cost of the Contract Work, alternatives have been established for the Work.

1.2 GENERAL REQUIREMENTS

A. This Section shall be performed in accordance with the General Conditions, Supplementary Conditions and all Sections in Division 1 of these Specifications. These documents must be read with the other Contract Documents and Sections as a whole to complete the intent of the contract.

1.3 ALTERNATES: Work for the alternates are described on the Drawings and in these Specifications.

A. BID ALTERNATE NO. ONE: Mechanical Pit Wall Repair

- Removed damaged portion of mechanical pit wall and replace. Refer to Foundation Plan and Detail 1 on Sheet S-203.

B. BID ALTERNATE NO. TWO: Interior Drinking Fountain Replacement

- Remove drinking fountain in Lobby 101 and replace with new drinking fountain with bottle filler. Refer to Sheets A2.2 and P2.3.

C. BID ALTERNATE NO. THREE: Classroom Conditioning

- Install new Heat Pump and Fan Coils to provide conditioning to existing Classroom 114. Refer to Mechanical Sheets for new equipment and routing. Scope of work also includes the addition of insulation to roof structure above classroom, including the removal and replacement of gypsum board ceiling and re-installation of lighting as needed – See Sheet A9.1. Also, electrical panel modifications are required to accommodate new HVAC equipment – See Sheet E1.1.

D. BID ALTERNATE NO. FOUR: Exterior Musco Sports Light Replacement

- Replace Exterior Musco Sports Lighting System. Existing poles to remain. Refer to Sheet A5.1

E. BID ALTERNATE NO. FIVE: Shower Angle Stops

- Install angle stops with access panels above showers. Refer to Sheet P2.3 for plumbing and Sheet A9.1 for access panels.

F. BID ALTERNATE NO. SIX: Exterior Shower Modifications

- Modify existing exterior showers to locate controls at new height. Refer to Sheet P2.3 for plumbing and Detail F / A6.1 for enclosure modifications.

G. BID ALTERNATE NO. SEVEN: Exterior Drinking Fountain Replacement

- Remove exterior drinking fountain and replace with hi-low drinking fountain with new drinking fountain and bottle filling station. Refer to Sheet A2.2 and Sheet P2.3.

H. BID ALTERNATE NO. EIGHT: Door Closers

- Remove and replace door closers in kind. Refer to Sheet A2.2 for locations.

For Council Approval
Not for Bidding

I. BID ALTERNATE NO. NINE: Pool Surge Pit Cover

- Remove and replace pool surge pit cover – Refer to Sheet SP-4.

1.4 ADVANCED COORDINATION

A. Immediately after award of Contract advise all necessary personnel and suppliers as to the nature and extent of alternatives selected by the Owner. Alert personnel and suppliers involved as to all changes in the Work caused by the Owner's selection of alternatives.

END OF SECTION 01 23 00

SECTION 01 57 23
STORM WATER POLLUTION CONTROL

PART 1 - GENERAL

1.01 General

A. The requirements set forth in the General Conditions shall be in addition to the standards provided herein.
B. The requirements set forth in the Special Conditions shall be in addition to the standards provided herein.

1.02 References

A. State Water Resources Control Board Order No. WQ 2022-0057 DWQ National Pollutant Discharge Elimination System General Permit No. CAS0000002, for Storm Water Discharges Associated with Construction and Land Disturbance Activities.
B. CASQA California Stormwater BMP Handbook – Construction, October 2024.

1.03 Definitions

A. NOI: Notice of Intent
B. NOT: Notice of Termination
C. QSP: Qualified SWPPP Practitioner
D. QSD: Qualified SWPPP Developer
E. SWPPP: Storm Water Pollution Prevention Plan
F. SWRCB: State Water Resources Control Board
G. NPDES: National Pollutant Discharge Elimination System
H. WDID: Waste Discharger Identification number
I. BMP: Best Management Practices

PART 2 - PRODUCTS

Intentionally left blank.

PART 3 - EXECUTION

3.01 SWPPP

A. Comply with State Water Resources Control Board Order No. WQ 2022-0057-DWQ National Pollutant Discharge Elimination System General Permit No. CAS000002, for Storm Water Discharges Associated with Construction and Land Disturbance Activities.

For Council Approval
Not for Bidding

B. A formal SWPPP was not required for this Project, however it is the Contractor's responsibility to ensure compliance with the Construction General Permit to not impact the storm system, including implementation and maintenance of BMP's as needed. The Contractor shall keep the construction area, neighboring streets, sidewalks and landscape areas in a clean and orderly fashion at all times.

3.02 Schedule

A. Contractor shall develop a Water Pollution Control Schedule that describes the timing of grading or other work activities that could affect water pollution. The schedule shall be updated by the Contractor to reflect changes in the Contractor's operations that would affect the necessary implementation of water pollution control practices. The typical sequence of work shall be adjusted by the Contractor based on weather conditions and forecasted rain events. The schedule is considered an appropriate and applicable BMP.

3.03 Penalties and fines

A. Contractor is responsible for all penalties and fines assessed to or levied on the project related to the implementation of the SWPPP.

B. In an effort to maintain compliance with the General Permit, the Contractor may be asked to make changes to the BMPs. If the Contractor is unable to perform these services in a timely manner the City reserves the right to address any areas of concern and deduct the cost from the contract.

3.04 BMP's

A. Construction BMP's shall be installed per the Erosion / Sediment Control Plan and in accordance with the CASQA California Stormwater BMP Handbook. Use of alternative BMP's will be reviewed and accepted at the discretion of the City.

3.05 Cleaning

A. Thoroughly clean all areas where work has occurred. Remove from the site excess material, debris and rubbish.

B. Take all precautions to protect completed work. Immediately repair or replace all damaged areas due to tire ruts, erosion, compaction failure, etc. Keep all erosion control measures intact.

END OF SECTION

For Council Approval
Not for Bidding

SECTION 02 41 19
SELECTIVE DEMOLITION

GENERAL

1.1 SUMMARY

A. Demolish and remove from the site those items so indicated on the Drawings

1.2 GENERAL REQUIREMENTS

A. This Section shall be performed in accordance with the General Conditions, Supplementary Conditions and all Sections in Division 1 of these Specifications. These documents must be read with the other Contract Documents and Sections as a whole to complete the intent of the contract.

1.3 SECTION REQUIREMENTS

A. Demolished material shall be considered the property of the Contractor and shall be completely removed from the job site.

B. Items indicated on the Drawings to be removed and salvaged remain Owner's property. Remove, clean and deliver to Owner's designated storage area.

C. Comply with EPA regulations and hauling and disposal regulations of authorities having jurisdiction.

D. Owner will occupy portions of building immediately adjacent to selective demolition area. Conduct selective demolition so Owner's operations will not be disrupted.

E. It is not expected that hazardous materials will be encountered in the Work. If materials suspected of containing hazardous materials are encountered, do not disturb; immediately notify Owner's Representative. Owner will remove hazardous materials under a separate contract.

EXECUTION

3.1 EXISTING CONDITIONS

A. Prior to all work of this Section, examine the areas and conditions under which work will be performed. If conditions detrimental to timely and proper completion of the work exist, notify the Owner's Representative. Do not proceed until unsatisfactory conditions are corrected.

B. A. Commencement of work constitutes acceptance of existing conditions. The Contractor shall, at his expense, be responsible for correcting all unsatisfactory and defective work.

C. In company with the Owner's Representative, visit the site and verify the extent and location of selective demolition required. Carefully identify limits of selective demolition. Mark interface surfaces as required to enable workmen also to identify items to be removed and items to be left in place intact.

D. By careful study of the Contract Documents, determine the location and extent of selective demolition to be performed.

E. The Drawings do not purport to show all objects existing on the site or in the building.

For Council Approval
Not for Bidding

F. If public use is to be maintained on unaffected portions of the project site, the Contractor shall be responsible for directing pedestrian and vehicular traffic safely around the construction zone. Utilization of temporary fencing, barricades, signage, etc. shall be the responsibility of the Contractor. Safe detours shall be available to the general public at all times during the course of construction.

G. Protection of existing site improvements shown to remain, including, but not limited to, fencing, signs, benches, picnic tables, shade structures, drinking fountains, concrete paving, concrete wall and curbs, asphalt concrete paving, recreational site improvements, etc. are to be protected and preserved.

H. The Contractor shall be responsible for any damage to and maintenance of all existing street improvements, drainage facilities and irrigation systems and to re-establish these improvements to their original condition as soon as possible after completion of the work in the area, to the complete satisfaction of the Project Manager and Inspector.

I. Survey monuments and markers either shown on the Plans or encountered during the course of construction shall be protected and preserved. The Contractor shall notify the Inspector upon discovery of an unmarked monument, at which time, arrangements for the relocation or adjustment of the monument will be determined. All costs associated with the relocation or adjustment of these monuments shall be the Contractor's responsibility.

J. Where the removal of specific material creates an open hole, pit, trench or other depression, the Contractor shall immediately backfill and compact the areas consistent with requirements outlined in the Specifications.

3.2 DEMOLITION

A. Maintain services / systems indicated to remain and protect them against damage during selective demolition operations. Before proceeding with demolition, provide temporary services / systems that bypass area of selective demolition and that maintain continuity of services / systems to other parts of the building.

B. Locate, identify, shut off, disconnect and cap off utility services and mechanical / electrical systems serving areas to be selectively demolished.

1. Contact USA North 811 at (800) 642-2444, or submit an online ticket at USANorth811.org, prior to commencement of any demolition or excavation work. Provide a minimum of 48 hours' notice. Verify all utilities entering into and their locations within the project site.

2. Where utilities lie within the project site, but are not a part of the project, the Contractor shall cooperate with the agency or utility company having jurisdiction to maintain its use and the integrity of the structure.

3. Where utilities enter into the project site and taps, connections to or extensions of the utility are identified in the Plans, the Contractor shall coordinate all work with the agency or utility company having jurisdiction to minimize or eliminate disruption of use by the adjacent properties.

4. Verify that all utilities, shown to be removed on the Plans, are inactive and turned off prior to disconnection and/or re-routing, prior to demolition.

C. Provide temporary barricades and other protection required to prevent injury to people and damage to adjacent buildings and facilities to remain.

D. Provide and maintain shoring, bracing and structural supports as required to preserve stability and prevent movement, settlement, or collapse of construction and finishes to remain or construction being demolished.

For Council Approval
Not for Bidding

E. Provide temporary weather protection to prevent water leakage and damage to structure and interior areas.

F. Protect walls, ceilings, floors and other existing finish work that are to remain. Erect and maintain dustproof partitions. Cover and protect furniture, furnishings and equipment that have not been removed.

G. Neatly cut openings and holes plumb, square and true to dimensions required. Use cutting methods least likely to damage construction to remain or adjoining construction.

H. Promptly removed demolished materials from Owner's property and legally dispose of them. Do not bury or burn demolished materials.

1. All materials removed as a part of this contract shall become the property of the Contractor and shall be legally disposed of off-site, unless otherwise noted on the Plans.

I. Where a portion of a concrete slab, curb or wall and asphalt concrete paving or curb is to be removed, the concrete shall be cut with a concrete saw at a 90 degree angle so that the edge of the remaining concrete shall form a neat, straight line. Conform to the City of Roseville Design and Construction Standards, latest edition.

3.3 REPLACEMENT

A. In the event of demolition of items not so scheduled to be demolished, promptly replace such items to the approval of the Owner's Representative and at no additional cost to the Owner.

END OF SECTION 02 41 19

For Council Approval
Not for Bidding

SECTION 03 30 00
CAST-IN-PLACE CONCRETE

GENERAL

1.1 SUMMARY

A. Provide and install all reinforcement, forms, vapor barrier, and associated items required for all cast-in-place concrete as shown on the Drawings and specified herein.

1.2 GENERAL REQUIREMENTS

A. This Section shall be performed in accordance with the General Conditions, Supplementary Conditions, and all Sections in Division 1 of these Specifications. These documents must be read with the other Contract Documents and Sections as a whole to complete the intent of the contract.

1.3 SUBMITTALS

A. Make submittals to the Owner's Representative in accordance with the provisions of Section 013323 of these specifications.

B. Shop Drawings; Reinforcement:

C. Submit shop drawings for fabrication, bending, and placement of concrete reinforcement. Comply with ACI 315 "Manual of Standard Practice for Detailing Reinforced Concrete Structures" showing bar schedules, stirrup spacing, diagrams of bent bars, and arrangement of concrete reinforcement. Include special reinforcement required at openings through concrete structures.

D. Concrete Design Mixes:

1. The preparation of design mixes will be the responsibility of the Contractor. The supplier may prepare mix designs and shall be certified by a Civil Engineer registered in California.

2. Mix designs will be designed by the supplier and approved by the testing lab retained by the Owner.

3. Written reports will be submitted to the Owner's Representative of each proposed mix for review. Submit mix designs for each prepared mix. Submit designs in compliance with Section 013323 Submittals. Do not begin concrete production until mixes have been reviewed by the Owner's Representative.

4. Adjustment of Concrete Mixes:

a. Mix design adjustments may be requested by the Contractor when characteristics of materials, job conditions, weather, test results, and other circumstances warrant; at no additional cost to the Owner and as accepted by the Owner's Representative. Provide submittals as in A above. Submit adjustment designs a minimum of 48 hours ahead of schedule for concrete production.

E. Exposed or Seeded Aggregate Mock-Up Panel:

1. Prior to scheduling placement of exposed aggregate concrete, prepare an 8' x 8' test slab outside the structure. Provide a test slab with approved aggregate concrete, Top Surface Retarder, and the same methods as will be utilized for the finish product. The test slab must be approved by the Owner's Representative prior to placement of the exposed aggregate slab. The approved test slab will serve as the standard for exposed aggregate finish quality.

For Council Approval
Not for Bidding

F. Under-slab Vapor Barrier, Seam Tape, Mastic, Vapor Stakes

G. Related Materials:

1. Special forms
2. Joint filler
3. Curing compound
4. Chemical hardener
5. Aggregate samples
6. Waterstop
7. Tensile inserts

1.4 CODES AND STANDARDS

Comply with the provisions of the following codes, specifications, and standards, except as otherwise shown or specified.

A. ACI 301 "Specifications for Structural Concrete for Buildings”.

B. ACI 311 "Recommended Practice for Concrete Inspection”.

C. ACI 318 "Building Code Requirements for Reinforced Concrete”.

D. ACI 347 "Recommended Practice for Concrete Formwork”.

E. ACI 304 "Recommended Practice for Measuring, Mixing, Transporting and Placing Concrete”.

F. Concrete Reinforcing Steel Institute, "Manual of Standard Practice”.

G. California Building Code, latest Edition.

H. American Society for Testing and Materials (ASTM)

1. ASTM E 1745-17 Standard Specification for Plastic Water Vapor Retarders Used in Contact with Soil or Granular Fill Under Concrete Slabs.
2. ASTM E 154-08a Standard Test Methods for Water Vapor Retarders Used in Contact with Earth Under Concrete Slabs.
3. ASTM 96-00 Standard Test Methods for Water Vapor Transmission of Materials.
4. ASTM E 1643-18a Standard Practice for Installation of Water Vapor Retarders Used in Contact with Earth or Granular Fill Under Concrete Slabs.

I. American Concrete Institute (ACI)

1. ACI 302.1R-15 Vapor Barrier Component (plastic membrane) is not less than 10 mils thick.

1.5 TESTING

A. Testing of concrete will be required for this project. Testing will be performed in accordance with Section 014523.

B. Concrete shall be sampled and tested for quality control during the placement of concrete as follows:

1. Sampling Fresh Concrete: ASTM C172, except modified for slump to comply with ASTM C94.

For Council Approval
Not for Bidding

2. Slump: ASTM C143; one test for each concrete load at the point of discharge; and one for each set of compressive strength test specimens.

3. Compressive Test Specimen and Strength Tests:

   a. ASTM C31; one set of three standard cylinders for every 100 cubic yards, or fraction thereof, of each concrete class placed in any one day. Mold and store cylinders for laboratory curing of test specimens.

   b. ASTM C39; Test one specimen at seven days, one specimen at 28 days, and retain one specimen in reserve for later testing if required.

4. Concrete Temperature: Test and record temperature only if concrete is being placed during extreme temperature conditions, i.e., air temperature below 40° F or above 85° F.

C. Report test results in writing to the Owner's Representative and the Contractor on the same day that tests are made. Reports of compressive strength tests shall contain the project identification name and number, date of concrete placement, name of contractor, name of concrete supplier and truck number, name of concrete testing service, concrete type and class, location of concrete batch in the structure, design compressive strength at 28 days, concrete mix proportions and materials, compressive breaking strength and type of break for both 7-day tests and 28-day tests.

D. Additional Tests:

1. The testing service will make additional tests of in-place concrete when test results indicate the specified concrete strengths and other characteristics have not been attained in the structure, as directed by the Owner's Representative. The testing service shall conduct tests to determine the adequacy of concrete by cored cylinders complying with ASTM C42, or by other methods as directed.

E. Special Inspections:

1. Special inspections will be required for the placement of 3000 psi concrete. Perform special inspection sampling as in 1.04B 1, 2, and 3 above. Special inspections will be conducted by a testing lab retained and paid for by the Owner. Contractor to provide testing lab and Owner's Representative a minimum 72-hour notice prior to placement of concrete requiring special inspection.

1.6 WARRANTY

A. Warrant materials for five years against manufacturing defects, when installed in accordance with the manufacturer's instructions.

PRODUCTS

2.1 FORM MATERIALS

A. Forms for Exposed Finish Concrete

1. Unless otherwise indicated, construct formwork for exposed concrete surfaces with plywood, metal, metal-framed, plywood-faced, or other acceptable panel-type materials, to provide continuous, straight, smooth exposed surfaces. Furnish in the largest practicable sizes to minimize the number of joints, and to conform to the joint system shown on the drawings. Provide form material with sufficient thickness to withstand the pressure of newly placed concrete without bow or deflection.

B. Form Liners

For Council Approval
Not for Bidding

C. Forms for Unexposed Finish Concrete

1. Form concrete surfaces that will be unexposed in the finished structure with plywood, lumber, metal, or other acceptable material. Provide lumber dressed on at least two (2) edges and one (1) side for a tight fit.

D. Form Coatings

1. Provide commercial formulation form-coating compounds that will not bond with, stain, or adversely affect concrete surfaces, and will not impair subsequent treatments of concrete surfaces.

E. Earth Forms

1. Unless otherwise indicated or required by the Structural Drawings, concrete for continuous footings may be placed directly against vertical excavated surfaces, provided the material will stand without caving and provided the minimum reinforcing steel clearances indicated on the Drawings are maintained and suitable provisions are taken to prevent raveling of top edges or sloughing of loose material from walls of excavation. Dimensions for continuous footings shown on the Drawings are based on formed surfaces; if placed against excavated surfaces, increase the minimum clearances for reinforcing to 3 inches. Sides of excavation shall be made with a neat cut, and the width shall be made as detailed on the Drawings.

F. Form Ties

1. Metal, spreader type or snap tie, removable to 1/4" from the concrete face, designed to prevent concrete spalling upon removal. Ties for exposed concrete shall be of the same type throughout the project.

2.2 REINFORCING MATERIAL

A. Reinforcing Bar: ASTM A615/A 615M, Grade 60, deformed, free of loose rust.

B. Steel Wire: ASTM A82, plain, cold-drawn, steel.

C. Tie Wire: #16 minimum, black and annealed.

D. Anchor Bolts and Holddowns

E. Mechanical Splice

1. Positive locking taper type. Splices must develop a minimum of 125% of the specified yield strength of the bar. Reinforcing bar fabricator shall thread the ends of all bars to be mechanically spliced per the splice manufacturer's requirements.

F. Accessories

1. Metal or plastic spacers, supports, ties, etc., concrete chairs, required for spacing, assembling, and supporting reinforcing in place. Legs of accessories to be of the type that will rest on forms without embedding into forms. Galvanize metal items that are exposed to moisture, or use approved other non-corrodible, non-staining supports.

2.3 CONCRETE MATERIALS

A. Portland Cement

1. Type II conforming to the requirements of ASTM C150, Type I or II. Use only one brand of cement throughout the project, unless otherwise acceptable to the Owner's Representative.

2. Fly Ash: ASTM C618

3. Slag: ASTM C989

For Council Approval
Not for Bidding

4. Silica Fume: ASTM C1240

B. Normal Weight Aggregates

1. Conform to the requirements of ASTM C33. Fine aggregate shall be clean, sharp, natural sand free from loam, clay, lumps, or other deleterious substances. Maximum size shall be as indicated for each type of concrete.

C. Lightweight Aggregates: ASTM C330

D. Water: Clean, fresh, potable, ASTM C1602

E. Chemical Admixtures

1. Water reducers ASTM C494, Type A. Do not use calcium chloride or admixtures containing calcium chloride.

2. Air Entraining ASTM C260

3. Flowing: ASTM C1017

F. Waterproofing Admixtures

1. Barrier-1 High Performance Concrete Admixture by Barrier-1, Xypex C-1000 Admixture by Xypex Chemical Corp., Hycrete V-1000 by Hycrete or equal.

G. Fibers: ASTM C1116

H. Color Hardener

1. L.M. Scofield Company Lithochrome Color Hardener and Colorcure Concrete Sealer

I. Sacking Mix

1. Basalite Sacking and Parging Mix or equal

2.4 VAPOR BARRIER

A. MATERIALS:

1. Vapor Barrier must have the following qualities

a. WVTR less than or equal to 0.006 (0.012 Perms) as tested by ASTM E 96

b. ASTM E 1745 Class A

c. Not less than 15 mil plastic

2. Vapor Barrier Products

a. Stego Wrap (15 mil) Vapor Barrier by STEGO INDUSTRIES LLC, San Juan Capistrano, CA (877) 464-7834 www.stegoindustries.com.

b. W.R. Meadows Perminator 15 www.wrmeadows.com.

c. VaporBlock 15 by Raven Industries www.vaporblock.com.

B. ACCESSORIES:

1. Seam Type

a. Tape must have the following qualities: Water vapor transmission rate ASTM E96, 0.33 perms or lower.

b. Seam Tape: Stego Tape by Stego Industries (877) 464-7834 www.stegoindustries.com or equal.

2. Vapor Proofing Mastic

For Council Approval
Not for Bidding

a. Mastic must have the following qualities: Water vapor transmission rate ASTM E 96, 0.3 perms or lower

b. Mastic: Stego Mastic by Stego Industries (877) 464-7834 www.stegoindustries.com or equal.

3. Pipe Boots

a. Construct pipe boots from vapor barrier material, pressure-sensitive tape, and/or mastic per manufacturer's instructions

4. Vapor Stakes

a. Stakes must have the following qualities: Density ASTM 1505, 0.0289 lb/in^3

b. Specific gravity ASTM D792, 0.0477

c. Stakes: Vapor Stakes by Vapor Stake, LLC (714) 519-4211 www.vaporstake.com or equal

2.5 RELATED MATERIALS

A. Joint Filler

1. ASTM D1751 and C1752 - preformed, non-extruding asphalt-saturated cellulosic fiber, Burke or equal.

B. Joint Sealer

1. ASTM D1190, hot pour rubber type. Manufacturer - Burke or equal, color as approved by the Owner's Representative. Silicone sealant or one-part Urethane Sealant or two parts Urethane - pour grade.

C. Curing Compound

1. ASTM C309, Type I, Class B, Burke Aqua Resin Cure, or equal.

D. Chemical Hardener

1. Colorless aqueous solution containing a blend of magnesium fluosilicate and zinc fluosilicate combined with a wetting agent, containing not less than two pounds of fluosilicates per gallon. Subject to compliance with requirements, provide products of one of the following:

a. "Surfhard"; Euclid Chemical Co.

b. "Lapidolith"; Soneborn-Contech

c. "Saniseal"; Master Builders

d. "Burk-O-Lith"; The Burke Co.

E. Weakened Plane Former

1. Burke "Zip Strip" - 1" 1-1/2" or 2" depth.

2.6 PROPORTIONING AND DESIGN OF MIXES

A. Mixes will be designed to provide concrete with the following properties:

1. Type A: Slab-on-grade; 2500 psi 28-day compressive strength. 1" maximum aggregate size. Maximum slump = 5 inches.

2. Type B: Foundations: 2500 psi 28-day compressive strength. 1" maximum aggregate size. Maximum slump = 5 inches.

For Council Approval
Not for Bidding

3. Type C: Pit Wall; 4000 psi 28-day compressive strengths. 3/4" maximum aggregate size. Maximum slump = 4 inches.

4. Type D: Site; 2500 psi 28-day compressive strength. 1" maximum aggregate size. Maximum slump = 6 inches.

B. Admixtures:

1. Use admixtures for water-reducing in strict accordance with the manufacturer's directions, if desired by the Contractor and approved by the Owner's Representative.

2. Use amounts of admixtures as recommended by the manufacturer for the climatic conditions prevailing at the time of placing. Adjust quantities and types of admixtures as required to maintain quality control.

3. Use Waterproofing Admixture in strict accordance with the manufacturer's directions. The manufacturer's representative shall approve the concrete mix design.

C. Slump Limits:

1. Proportion and design mixes to result in a concrete slump at the point of placement with a maximum variance of 1" for a specified slump, provided the concrete remains properly workable.

2.7 READY-MIX CONCRETE MIXING

A. Comply with the requirements of ASTM C94, and as herein specified. Delete the references for allowing additional water to be added to the batch for material with insufficient slump. Adding water to the batch is not permitted.

B. During hot weather, or under conditions contributing to rapid setting of concrete, a shorter mixing time than specified in ASTM C94 may be required.

1. When the air temperature is between 85°F and 90°F, reduce the mixing and delivery time from 1½ hours to 75 minutes.

2. When the air temperature is above 90°F, reduce the mixing and delivery time to 60 minutes.

EXECUTION

3.1 FORMS

A. Design, erect, support, brace, and maintain formwork to support vertical and lateral loads that might be applied until the concrete structure can support such loads. Construct formwork so concrete members and structures are of the correct size, shape, alignment, elevation, and position.

B. Design formwork to be readily removable without impact, shock, or damage to cast-in-place surfaces and adjacent materials.

C. Form Ties

1. Factory-fabricated, adjustable-length, removable, or snap-off metal form ties, designed to prevent form deflection and to prevent spalling concrete surfaces upon removal.

D. Provisions for Other Trades

1. Provide openings in concrete formwork to accommodate the work of other trades. Determine the size and location of openings, recesses, and chases from trades providing such items. Accurately place and securely support items built into forms.

For Council Approval
Not for Bidding

E. Wetting

1. Keep forms sufficiently wetted to prevent joints opening up before concrete is placed.

3.2 PLACING REINFORCEMENT

A. Comply with Concrete Reinforcing Steel Institute's recommended practice for "Placing Reinforcing Bars" for details and methods of reinforcement placement and supports, and as herein specified.

B. Clean reinforcement of loose rust and mill scale, earth, ice, and other materials that reduce or destroy the bond with concrete.

C. Accurately position, support, and secure reinforcement against displacement by formwork, construction, or concrete placement operations. Locate and support reinforcement with metal chairs, runners, spacers, and hangers as required.

D. Place reinforcement to obtain at least the minimum coverages for concrete protection. Arrange, space, and securely tie bars and bar supports to hold reinforcement in position during concrete placement operations. Set wire ties so ends are directed into concrete, not toward exposed concrete surfaces.

E. All reinforcing in slabs to be supported by concrete chairs; hooking reinforcement in position not allowed. Place chairs immediately prior to the concrete pour to prevent reinforcing from being deformed by being walked on.

3.3 JOINTS

A. Construction Joints

1. Locate and install construction joints as shown on the Drawings, so as not to impair the strength or appearance of the structure, as acceptable to the Owner’s Representative. The maximum slab area between construction joints shall be 650 square feet.

2. Unless otherwise detailed, provide keyways at least 1-½" deep in all construction joints.

B. Expansion Joints

1. Provide 1/2" joint filler board and 1/2" x 1/4" deep joint sealer. Locate as shown on the Drawings.

C. Control Joints

Provide - Weakened Plane Former, sawcut joints, or tooled points.

Specifiers Note: Coordinate with the structural engineer and soils report for slab reinforcement and standard notes regarding sand cushion, welded wire fabric, etc.

3.4 PAD PREPARATION FOR SLABS

A. Preparation for Interior Slabs

Provide crushed rock drainage fill and vapor barrier under interior floor slabs-on-grade.

1. Vapor Barrier Installation

a. Install vapor barrier/retarder in accordance with manufacturer’s instructions and ASTM E 1643-18a.

(1) Unroll Vapor Barrier/Retarder with the longest dimension parallel with the direction of the pour.

(2) Lap Vapor Barrier/Retarder over footings and seal to foundation walls.

For Council Approval
Not for Bidding

i. Seal to interior/perimeter footings using Proofing Mastic.

(3) Overlap joints 6 inches and seal with the manufacturer's tape.

(4) Seal all penetrations (including pipes) per manufacturer's instructions.

i. Single pipe penetrations may be sealed using a pipe boot constructed from the product

1. Cut a piece of plastic – width minimum 12 inches; length 1-1/2 times the circumference of the pipe
2. With scissors, cut slits half the width of the film
3. Wrap the boot around the pipe; tape it onto the pipe, and completely tape the base to the Vapor Barrier/Retarder

ii. Multiple pipe penetrations in proximity and very small pipes may be sealed using Vapor Proofing Mastic

1. Cut a small area around pipes
2. Cut a patch of Vapor Barrier/Retarder extending at least 6 inches past the cutout in all directions
3. Cut X's or small circles in the patch and install over pipes
4. Overlap at least 6 inches and tape
5. Buildup 40-60 mils of mastic, or as needed to fill all voids between the pipe and Vapor Barrier/Retarder

(5) No penetration of the Vapor Barrier/Retarder is allowed except for reinforcing steel and permanent utilities

i. In the case that forms must be used, vapor stakes should be used to hold forms in place

1. Penetrate plastic with a stake
2. Treat stake as pipe penetration (see above section b) i. – v.).
3. Leave the stake permanently in the concrete.
4. Using a power saw, cut the stake off above the seal, but below the concrete's finished surface.
5. The lower portion of the vapor stake remains in place, permanently plugging the penetration.

(6) Repair damaged areas by cutting patches of Vapor Barrier/Retarder, overlapping the damaged area 6" and taping all four sides with tape.

B. Exterior concrete slabs will not require drainage rock or membrane except where indicated on the Drawings.

3.5 CONCRETE PLACEMENT

A. Pre-Placement Inspection

For Council Approval
Not for Bidding

1. Before placing concrete, inspect and complete the formwork installation, reinforcing steel, and items to be embedded or cast-in. Notify other trades to permit the installation of their work; cooperate with other trades in setting such work, as required. Thoroughly wet wood forms immediately before placing concrete, as required, where form coatings are not used. Coordinate the installation of joint materials and vapor barriers with the placement of forms and reinforcing steel.
2. Deposit concrete continuously or in layers of such thickness that no concrete will be placed on concrete which has hardened sufficiently to cause the formation of seams or planes of weakness within the section. If a section cannot be placed continuously, provide construction joints as specified. Deposit concrete as nearly as practicable to its final location to avoid segregation due to rehandling or flowing.

B. Placing Concrete in Forms

1. Deposit concrete in forms in horizontal layers not deeper than 24" and in a manner to avoid inclined construction joints. When placement involves several layers, place each layer while the preceding layer is still plastic to avoid cold joints.
2. Consolidate placed concrete by mechanical vibrating equipment supplemented by hand-spading, rodding, or tamping. Use equipment and procedures for consolidation of concrete in accordance with the recommended practices of ACI 304, to suit the type of concrete and project conditions.
3. Do not use vibrators to transport concrete inside forms. Insert and withdraw vibrators vertically at uniformly spaced locations not farther than the visible effectiveness of the machine. Place vibrators to rapidly penetrate the placed layer of concrete and at least 6 inches into the preceding layer. Do not insert vibrators into lower layers of concrete that have begun to set. At each insertion limit, the duration of vibration is the time necessary to consolidate the concrete and complete the embedment of reinforcement and other embedded items without causing segregation of the mix.

C. Placing Concrete Slabs

1. Deposit and consolidate concrete slabs in a continuous operation, within the limits of construction joints, until the placing of a panel or section is complete.
2. Consolidate concrete during placing operations so that concrete is thoroughly worked around reinforcement and other embedded items and into corners.
3. Bring slab surfaces to the correct level with a straightedge and strike off. Use bull floats or darbies to smooth the surface, leaving it free of humps or hollows. Do not sprinkle water on the plastic concrete surface. Do not disturb the slab surfaces prior to beginning finished operations.
4. Maintain reinforcing in the proper position during concrete placement operations by placing concrete chairs immediately prior to pour. Hooking reinforcing in position is not allowed.

D. Cold Weather Placing

1. Protect concrete work from physical damage or reduced strength, which could be caused by frost, freezing actions, or low temperatures, in compliance with ACI 306.
2. Do not use calcium chloride, salt, and other materials containing antifreeze agents or chemical accelerators, unless otherwise accepted in writing by the Owner's Representative.

E. Hot Weather Placing

For Council Approval
Not for Bidding

1. When hot weather conditions exist that would seriously impair the quality and strength of concrete, place concrete in compliance with ACI 305 and as herein specified.
2. Cool ingredients before mixing to maintain concrete temperature at time of placement below 90°F.
3. Cover reinforcing steel with water-soaked burlap if it becomes too hot, so that the steel temperature will not exceed the ambient air temperature immediately before embedment in concrete.
4. Wet forms thoroughly before placing concrete.
5. Do not use retarding admixtures unless otherwise accepted in mix designs.

3.6 FINISH OF FORMED SURFACES

A. Smooth Form Finish

1. For above-grade formed concrete surfaces covered by cement plaster or otherwise not exposed to view. This is the as-cast concrete surface as obtained with selected form facing material arranged orderly and symmetrically with a minimum of seams. Repair and patch defective areas with all fins or other projections completely removed and smoothed.

B. Related Unformed Surfaces

1. At the tops of walls, horizontal offsets and similar unformed surfaces occurring adjacent to formed surfaces, strike off smooth and finish with a texture matching adjacent formed surfaces. Continue final surface treatment of formed surfaces uniformly across adjacent unformed surfaces, unless otherwise indicated.

C. Sacking Finish

1. At all exposed concrete, provide a sacked finish by coating the concrete wall with sacking mix.
2. Coat the entire surface with sacking mortar as soon as the surface of the concrete approaches surface dryness.
3. Thoroughly and vigorously rub mortar over the area with clean burlap pads to fill all voids.
4. Trowel with a sponge rubber float to a uniform, level surface.
5. While mortar is still plastic but partially set (so it cannot be pulled from voids), sack-rub the surface with a dry mix of sacking mortar (leave out water). There should be no discernible thickness of mortar on the concrete surface, except in voids; all surfaces should be uniformly textured.
6. Immediately begin a continuous moist cure for 72 hours.

3.7 MONOLITHIC SLAB FINISHES

A. All slabs to receive steel trowel finish except at exposed aggregate finish or as otherwise noted. Interior slabs to be left exposed (see Room Finish schedule) shall receive specific concrete hardener applied in accordance with the manufacturer's specifications.

B. Float Finish

1. Apply float finish to slab surfaces that are to receive trowel finish as herein after specified.

For Council Approval
Not for Bidding

2. After screeding and consolidating concrete slabs, do not work on the surface until ready for floating. Begin floating when surface water has disappeared or when concrete has stiffened sufficiently to permit operation of power-driven floats or both. Consolidate surface with power-driven floats, or by hand-floating if the area is small or inaccessible to power units. Check and level the surface plane to a tolerance not exceeding ¼" in 10' when tested with a 10' straightedge. Cut down high spots and fill low spots. Uniformly slope surfaces to drains. Immediately after leveling, refloat the surface to a uniform, smooth, granular texture.

C. Trowel Finish

1. Apply trowel finish to interior monolithic slab surfaces that are to be exposed to view, and slab surfaces that are to be covered.

2. After floating, first trowel finish operation using a power-driven trowel. Begin final troweling when the surface produces a ringing sound as the trowel is moved over the surface. Consolidate concrete surface by final hand-troweling operation, free of trowel marks, uniform in texture and appearance, and with a surface plane tolerance not exceeding 1/8" in 10' when tested with a 10' straightedge. Grind smooth surface defects that would telegraph through the applied covering system.

D. Apply Floor Sealer

E. Apply Floor Hardener

F. Exterior Flatwork

1. Float the concrete surface as described above. Provide a light broom finish, in one direction only, or as shown on the Drawings.

G. Rock salt Finish

1. After placing concrete and final floating is completed, broadcast rock salt over the surface of the concrete.

2. Steel trowel finish the slab, working the rock salt flush into the concrete.

3. After the concrete slab is cured, wash out the rock salt from the concrete.

H. Exposed Aggregate

1. After placing concrete and final floating is completed, apply a layer of surface retarder. Spray evenly over the surface, full strength, with a Hudson-type sprayer. Overspray may be brushed or rolled.

2. Between 8 and 20 hours after placement, remove the top surface of the concrete to reveal the aggregates using a stiff-bristle brush and a jet of water. Do not scrub the surface. Remove 1/8" to 3/16" of the top surface material.

I. Seeded Aggregate

1. After placing concrete and final floating is completed, and while the surface is still plastic, seed the approved aggregate uniformly and embed it into the surface by light tamping. Provide complete coverage to the depth of a single stone.

2. Float the surface until the embedded stone is fully coated with mortar and the surface has been brought to a true plane within the specified tolerance.

3. After the matrix has hardened sufficiently to prevent dislodgement of aggregate, begin exposure.

For Council Approval
Not for Bidding

a. Allow copious quantities of water, without force, to flow over the surface of the concrete while the matrix encasing the aggregate is removed by brushing with a fine bristle brush.

b. Continue this operation until the aggregate is uniformly exposed but not dislodged.

4. An approved chemical retarder sprayed onto the freshly floated surface may be used to extend the working time for exposure of aggregate.

J. Sealing

1. Clean exposed aggregate with a light acid wash of all laitance, cement, and debris.

2. Place an even layer of concrete sealer over the surface of the cleaned exposed aggregate. After construction is complete and before the Owner occupies, apply an additional coat of sealer to the aggregate surface. Install in strict accordance with the manufacturer's instructions.

K. Color Hardener and Sealer

1. Apply dry shake color hardener during the troweling process per manufacturer’s specifications. Apply sealer per the manufacturer’s specifications, with the recommended time between applications. Apply non-staining protective paper over the colored slab for the remainder of the construction.

3.8 CONCRETE CURING AND PROTECTION

A. Duration

1. Protect freshly placed concrete from premature drying and excessive cold or hot temperatures and maintain without drying at a relatively constant temperature for a period of time necessary for hydration of cement and proper hardening.

2. Start initial curing as soon as free water has disappeared from the concrete surface after placing and finishing. Weather permitting, keep continuously moist for at least 24 hours.

3. Begin final curing procedures immediately following initial curing and before the concrete has dried. Continue final curing for at least 7 days and in accordance with ACI 301 procedures. Avoid rapid drying at the end of the final curing period.

B. Curing Methods

1. Moisture Curing

a. Provide moisture curing by keeping the surface continuously wet by covering with water or a continuous water-fog spray.

2. Membrane Curing

a. Apply membrane-forming curing compound to damp concrete surfaces immediately upon completion of water-fog spray application. Apply uniformly in 2 coats, in continuous operation, using power-spray equipment in accordance with the manufacturer's directions—recoat areas which are subjected to heavy rainfall within 3 hours after initial application. Maintain coating continuity and repair damage during the curing period.

b. Do not use curing compounds on surfaces that are to be covered with a coating material applied directly to concrete or with a covering material bonded to concrete, such as flooring, painting, and other coatings and finish materials, unless otherwise acceptable to the Owner’s Representative.

For Council Approval
Not for Bidding

C. Curing Formed Surfaces

1. Initially cure unformed surfaces, such as slabs and other flat surfaces, by moist curing—final cure unformed surfaces by membrane or moist curing, as applicable, for the full curing period.

3.9 REMOVAL OF FORMS

A. Formwork not supporting the weight of concrete, such as sides of footings, walls, and similar parts of the work, may be removed after cumulatively curing at not less than 50°F (10°C) for 24 hours after placing concrete, provided concrete is sufficiently hard not to be damaged by form removal operations, and provided curing and protection operations are maintained.

3.10 MISCELLANEOUS CONCRETE ITEMS

A. Filling-In

1. Fill-in holes and openings left in concrete structures for the passage of work by other trades, unless otherwise shown or directed, after the work of other trades is in place. Mix, place, and cure concrete as herein specified, to blend with in-place construction. Provide other miscellaneous concrete filling shown or required to complete the work.

B. Equipment Bases and Foundations

1. Provide machine and equipment bases and foundations, as shown on the Drawings. Set anchor bolts for machines and equipment to template at correct elevations, complying with certified diagrams or templates of the manufacturer furnishing machines and equipment.

C. Grout Base Plates and Foundations

1. As indicated, using specified non-shrink grout. Use non-metallic grout for exposed conditions, unless otherwise indicated.

3.11 CONCRETE SURFACE REPAIRS

A. Repair and patch defective areas with cement mortar immediately after removal of forms, but only when acceptable to the Owner's Representative.

B. Cut out honeycomb, rock, pockets, voids over ½" diameter, and holes left by tie rods and bolts, down to solid concrete, but in no case to a depth of less than 1". Make edges of cuts perpendicular to the concrete surface. Before placing cement mortar, thoroughly clean, dampen with water, and brush-coat the area to be patched with neat cement grout. Proprietary patching compounds may be used when acceptable to the Owner's Representative.

For Council Approval
Not for Bidding

SECTION 04 22 23
UNIT MASONRY

GENERAL

1.1 SUMMARY:

A. Provide and install concrete unit masonry as shown on the Drawings and specified herein.

1.2 GENERAL REQUIREMENTS:

A. This Section shall be performed in accordance with the General Conditions, Supplementary Conditions and all Sections in Division 1 of these Specifications. These documents must be read with the other Contract Documents and Sections as a whole to complete the intent of the contract.

1.3 SUBMITTALS:

A. Make submittals to the Owner's Representative in accordance with the provision of Section 013323 of these specifications.

B. Prior to delivery of concrete unit masonry to the job site, deliver to the Owner's Representative a letter from the manufacturers of the concrete masonry units certifying that all such concrete masonry units delivered to the job site are in strict conformance with the provisions of this Section of these Specifications.

PRODUCTS

2.1 CONCRETE BLOCKS:

A. Concrete blocks shall be normal weight, standard gray colored modular units to sizes shown as manufactured by Calstone, Basalite, or an equal approved in advance by the Owner's Representative in accordance with the provisions of Section 01 25 00 of these Specifications.

B. Shrinkage of standard concrete blocks shall not exceed the amount recommended in ASTM C-90.

C. Water content:

1. At the time of delivery to the job site, concrete masonry units shall have a value, in weight of contained water, of not more than 13 – 18 pcf of the fully saturated content for the unit tested.

2. Ship all units from the factory, and store at the job site, with all the necessary protection to prevent increase of water content from rain and other sources.

D. Certification required by Article 1.3-B of this Section of these Specifications shall show results of tests made not more than twelve months prior to delivery of concrete masonry units to the job site, shall prove compliance with the specified values and shall certify that the mix design, yield per batch, and curing procedures for the units delivered to the job site are equal to those submitted for test.

2.2 MORTAR:

A. All mortar for concrete block shall conform with ASTM C-270-05a, 1800 psi in 28 days, and shall consist of one part portland cement by volume, ¼ to ½ part hydrated lime, and four parts of damp, loose sand, plus water; natural grey color.

2.3 REINFORCEMENT STEEL:

For Council Approval
Not for Binding

A. All reinforcement steel required for concrete masonry units shall be the type and quality specified for concrete in Section 033000 of these Specifications.

2.4 GROUT:

A. All grout should be transit-mixed in accordance with ASTM C-476-02 and shall consist of one part portland cement, 2-1/2 parts sand, two parts pea gravel, and adequate water to produce a concrete with a slump of 8-11 inches, and shall have an ultimate compressive strength of at least 2000 psi in 28 days.

2.5 ADMIXTURES FOR GROUT:

A. Use Sika Grout Aid, or an equal approved in advance by the Owner's Representative, in all grout for high-lift applications, following manufacturer's recommendations as approved by the Owner's Representative.

2.6 OTHER MATERIALS:

A. All Other materials, not specifically described but required for a complete and proper installation of concrete unit masonry, shall be as selected by the Contractor subject to the approval of the Owner's Representative.

EXECUTION

3.1 MIXING MORTAR:

A. Use a mechanical mixer of one sack minimum capacity. Use measuring box for all volume measurements. Mix mortar at least three minutes after all materials have been added.

B. Mix only as much mortar as can be used in one hour after water has been first mixed into the match.

C. Do not re-temper mortar.

3.2 INSTALLATION:

A. General:

1. Lay up all walls in bond to match existing, plumb, level, and true to the lines and dimensions indicated on the Drawings.

2. Do not use chipped or broken units. If any such units are discovered in the finished wall, the Owner's Representative may require their immediate removal and replacement with new units at no additional cost to the Owner.

B. Dampening:

1. Store all masonry units on the job so that they are kept off the ground and protected from the rain.

2. Wetting the units shall not be permitted except when hot and dry weather exists causing the units to be warm to the touch, and then the surface only may be wetted with a light fog spray.

C. Laying up:

1. Place all units in mortar with full shoved bed and head joints.

2. Align all vertical cells to maintain a clear, unobstructed system of flues.

3. Hold racking to an absolute minimum.

D. Reinforcement:

For Council Approval
Not for Bidding

1. Install all reinforcement as indicated on the drawings.
2. Fully embed reinforcement in grout, not in mortar or mortar joints.
3. Furnish and install all required metal accessories to ensure accurate alignment of steel during grout filling operations.

E. Tool all joints to a dense, smooth, concave surface, 3/8" thick, unless other tooling is indicated on Drawings. Tooling of the mortar joint should be done when its surface is thumb-print hard utilizing a jointer having a diameter slightly larger than the mortar joint width. Striking joints with the same degree of hardness produces uniform joint appearance. Finishing is not only for appearance, but to seal the interface between mortar and masonry unit, while densifying the surface of the mortar joint.

3.3 GROUTING

A. Do not grout until masonry has cured at least 24 hours.

B. Consolidate all grout at time of pouring by puddling with a mechanical vibrator, filling all cells of the masonry, and then reconsolidating later by puddling before the plasticity is lost.

3.4 CLEANING UP:

A. Clean mortar from block each day.

B. Upon completion of the work of this Section, make a thorough inspection of all installed concrete unit masonry and verify that all units have been installed in accordance with the provisions of the Section. Make all necessary adjustments.

C. Clean all surfaces of concrete unit masonry as required for proper application of the specified finishes.

D. Upon completion of the work of this Section, promptly remove from the job site all mortar droppings, broken units, debris arising from the Work of this Section, and all tools and equipment of this Section, leaving all areas in a neat and orderly condition to the approval of the Owner's Representative.

END OF SECTION 04 22 23

For Council Approval
Not for Bidding

SECTION 05 50 00
METAL FABRICATIONS

GENERAL

1.1 SUMMARY

A. Provide and install all miscellaneous iron and steel items not specifically described in other sections of these specifications but required for a complete and operable facility as shown on the Drawings and specified herein.

1.2 GENERAL REQUIREMENTS

A. This Section shall be performed in accordance with the General Conditions, Supplementary Conditions and all Sections in Division 1 of these Specifications. These documents must be read with the other Contract Documents and Sections as a whole to complete the intent of the contract.

1.3 SUBMITTALS

A. Make submittals to the Owner's Representative in accordance with the provisions of Section 01 33 23 of these specifications.

1.4 QUALITY ASSURANCE

A. Use only certified welders and the shielded arc process for all welding performed in connection with the work of this Section.

PRODUCTS

2.1 STEEL TUBING

A. All steel tubing shall be new, free from rust, and conforming with the requirements of ASTM A-500-B.

2.2 STEEL PLATE

A. All steel plate shall be new, free from rust, and conforming with the requirements of ASTM A-36.

2.3 STAINLESS STEEL PLATE AND SHEETS

A. All stainless steel plate shall be Type 304, new, and conforming with the requirements of ASTM A240.

2.4 BOLT AND NUTS

A. All bolts and nuts shall be new, free from rust, and conforming with the requirements of A-307.

2.5 UNISTRUT METAL FRAMING

A. 1-5/8" P1000 unistrut metal framing system, or other sizes as specifically detailed on the Drawings, with associated fittings, nuts, clips, rods, etc. as required for detailed application. Permagreen finish to accept paint.

2.6 PRIMER PAINT

A. All primer paint shall be compatible with the finish coats specified in Section 099100 of these Specifications except that, where no finish coats are required, all primer paint shall be "Tnemec 99R", a primer meeting the requirements of Federal Specification TT-P-615(d), type I, or an equal approved in advance by the Owner's Representative.

For Council Approval
Not for Bidding

2.7 OTHER MATERIALS

A. All other materials, not specifically described but required for a complete and proper installation of miscellaneous metal, shall be new, free from rust, best quality of their respective kinds, and subject to the approval of the Owner's Representative.

EXECUTION

3.1 SURFACE CONDITIONS

A. Make all required measurements in the field to ensure proper and adequate fit of miscellaneous metal items.

B. Verify that miscellaneous metal may be fabricated and installed in strict accordance with the original design and the approved Shop Drawings.

3.2 FABRICATION

A. Fabricate all miscellaneous metal in strict accordance with the approved Shop Drawings and the referenced standards.

B. Insofar as possible, shop prefabricate all items complete and ready for installation.

C. Welding

1. Unless otherwise indicated on the Drawings, weld all shop connections.
2. Make all joints and intersections of metal tight fitting and securely fastened.
3. Make all work square, plumb, straight and true.
4. All welds to be ground smooth.
5. Reference AWS D1.1 for types of materials being welded.

D. Holes

1. Drill or punch all holes required for all the attachment of work of other trades for bolted connections.
2. Burned holes are not acceptable.

E. Workmanship

1. Form exposed work true to line and level with accurate angles and surfaces and straight, sharp edges.
2. Ease exposed edges to a radius of approximately 1/32 inch, unless indicated otherwise.
3. Form bent-metal corners to the smallest radius possible without causing grain separation or otherwise impairing the work.
4. Weld corners and seams continuously, complying with AWS recommendations. At exposed connections, grind exposed welds smooth and flush to match and blend with adjoining surfaces. Welds to be imperceptible in finished work.
5. Form exposed connections with hairline joints, flush and smooth, using concealed fasteners wherever possible.

F. Assemblies

1. Use materials of sizes and thickness indicated or required to produce strength and durability in finished product for use intended.

For Council Approval
Not for Bidding

2. Work to dimensions indicated.
3. Fit and shop assemble in largest practical sections for delivery to site.
4. Cut, reinforce, drill and tap miscellaneous metal work as required to receive finished hardware and similar items.
5. Exposed mechanical fasteners: When application will not permit concealed fasteners, locate exposed fasteners in unobtrusive manner, consistent with design of component, except where specifically noted otherwise. Use Phillips flat-head countersunk screws or bolts for exposed fasteners.
6. Supply components required for anchorage of fabrications. Fabricate anchors and related components of same material and finish as fabrication, except where specifically noted otherwise.
7. Fabricate joints exposed to the weather to be weather tight and provide weep holes as required.

G. Continuously seal joined members by continuous welds.

3.3 SHOP PAINTING

A. Preparation

1. Thoroughly clean all metal as described in Section 09 91 00 of these Specifications
2. Provide all required protection for metal to be encased in concrete to prevent accumulation of deleterious foreign material.

B. Shop prime all steel except:

1. Stainless steel
2. Steel to be encased in concrete or masonry.
3. Surfaces to be welded.
4. Steelwork which will be concealed by interior finish.

3.4 ERECTION

A. Erect and install all miscellaneous metal in strict accordance with the Drawings, the approved Shop Drawings, and the referenced standards, aligning straight, plumb, and level within a tolerance of one in 200.

B. After the erection and installation are complete, touch-up all shop priming coats damaged during transportation and erection, using the priming paint specified for shop priming.

END OF SECTION 05 50 00

For Council Approval
Not for Bidding

SECTION 06 10 00
ROUGH CARPENTRY

GENERAL

1.1 SUMMARY

A. Provide and install rough carpentry work as shown on the Drawings and specified herein.

1.2 GENERAL REQUIREMENTS

A. This Section shall be performed in accordance with the General Conditions, Supplementary Conditions, and all Sections in Division 1 of these Specifications. These documents must be read with the other Contract Documents and Sections as a whole to complete the intent of the contract.

1.3 SUBMITTALS

A. Make submittals to the Owner's Representative in accordance with the provisions of Section 01 33 23 of these specifications.

1.4 PROJECT CONDITIONS

A. Delivery and Storage: Keep materials under cover and dry. Protect against exposure to weather and contact with damp or wet surfaces. Stack lumber as well as plywood and other panels; provide for air circulation within and around stacks and under temporary coverings, including polyethylene and similar materials.

1. For lumber and plywood pressure-treated with waterborne chemicals, sticker between each course to provide air circulation.

1.5 PROJECT CONDITIONS

A. Coordination: Fit carpentry work to other work; scribe and cope as required for accurate fit. Correlate the location of furring, nailers, blocking, grounds, and similar supports to allow attachment of other work.

PRODUCTS

2.1 LUMBER, GENERAL

A. Lumber Standards: Manufacture lumber to comply with PS 20 "American Softwood Lumber Standard" and with applicable grading rules of inspection agencies certified by the American Lumber Standards Committee's (ALSC) Board of Review.

B. Inspection Agencies: Inspection agencies and the abbreviations used to reference lumber grades and species include the following:

1. RIS Redwood Inspection Service.
2. WCLIB West Coast Lumber Inspection Bureau.
3. WWPA Western Wood Products Association.

C. Grade Stamps: Factory-mark each piece of lumber with a grade stamp of the inspection agency evidencing compliance with grading rule requirements and identifying the grading agency, grade, species, moisture content at the time of surfacing, and mill.

1. For exposed lumber, apply grade stamps to the ends or back of each piece, or omit grade stamps entirely and issue a certificate of grade compliance from the inspection agency in lieu of a grade stamp.

For Council Approval
Not for Bidding

D. Nominal sizes are indicated, except as shown by detail dimensions. Provide actual sizes as required by PS 20 for the specified moisture content for each use.

1. Provide dressed lumber, S4S, unless otherwise indicated.

2. Provide seasoned lumber with **19 percent maximum moisture content** at time of dressing and shipment for sizes 2" or less in nominal thickness, unless otherwise indicated.

2.2 DIMENSION LUMBER

A. For light framing, provide material complying with the following requirements:

1. Douglas Fir, grade as shown on drawings.

B. For exposed framing lumber, provide material complying with the following requirements:

1. Definition: Exposed framing refers to dimension lumber that is not concealed by other work and is indicated to receive a stained or natural finish.

2. Grading: Hand select material at the factory from lumber of the species and grade indicated below for compliance with the "Appearance" grade requirements of the ALSC National Grading Rule; issue an inspection certificate from the inspection agency for the selected material.

3. Same species and grade as indicated for structural framing.

2.3 TIMBERS

A. For timbers (5" and thicker), provide material complying with the following requirements:

1. Douglas Fir Select, grade as shown on drawings.

2. Free of heart center.

2.4 BOARDS

A. Exposed Boards: Where boards will be exposed in the finished work, provide the following:

1. Moisture Content: 15 percent maximum, "MC-15".

2. Where a transparent or natural finish or no finish is indicated, provide Redwood, Select Heart Grade (RIS).

3. Where painted finish is indicated, provide Select Merchantable Boards per WCLIB rules, or No. 2 Common Boards & Better per WWPA rules.

2.5 MISCELLANEOUS LUMBER

A. Provide wood for support or attachment of other work, including rooftop equipment, curbs and support bases, cant strips, bucks, nailers, blocking, furring, grounds, stripping, and similar members. Provide lumber of sizes indicated, worked into shapes shown, and as follows:

1. Moisture content: 19 percent maximum for lumber items not specified to receive wood preservative treatment.

2. Grade: Standard Grade light framing size lumber of any species or board size lumber as required. No. 3 Common or Standard grade boards per WCLIB or WWPA rules, or No. 3 boards per SPIB rules.

2.6 CONSTRUCTION PANELS

For Council Approval
Not for Bidding

A. Construction Panel Standards: Comply with PS 1 "U.S. Product Standard for Construction and Industrial Plywood" for plywood panels and, for products not manufactured under PS 1 provisions, with American Plywood Association (APA) "Performance Standard and Policies for Structural-Use Panels", Form No. E445.

B. Trademark: Factory-mark each construction panel with the APA trademark, evidencing compliance with grade requirements.

C. Concealed APA Performance-Rated Panels: Where construction panels will be used for the following concealed types of applications, provide APA Performance-Rated Panels complying with requirements indicated for grade designation, span rating, exposure durability classification, edge detail (where applicable), and thickness.

1. Roof Sheathing: APA RATED SHEATHING.

a. Exposure Durability Classification: EXPOSURE 1.

b. Span Rating: As required to suit rafter spacing indicated.

D. Plywood Backing Panels: For mounting electrical or telephone equipment, provide fire-retardant treated plywood panels with grade designation, APA C-D PLUGGED INT with exterior glue, in thickness indicated, or, if not otherwise indicated, not less than 15/32".

2.7 FASTENERS AND ANCHORAGE

A. Available Manufacturers: Subject to compliance with requirements, manufacturers offering metal connectors that may be incorporated in the work include, but are not limited to, the following:

1. Simpson Company
2. Silver Metal Products
3. Mitek (USP)

B. All fasteners coming in direct contact with treated wood in exterior applications subject to liquid water shall be “ZMAX” by Simpson Company or equal.

C. Use common wire nails throughout. Pre-drill if required to prevent wood from splitting. Hot-dip galvanize all wire nails that are exposed to weather and/or treated wood.

D. Machine bolts: Hexhead conforming to ASTM A307 with malleable washers under head and/or nut when bearing against wood unless otherwise noted. Hot-dipped galvanized for bolts, nuts, and washers in contact with pressure-treated lumber.

E. Power Driven Fasteners: Simpson, Dewalt, or HILTI installed as detailed in size, number and type shown or recommended in the manufacturer's printed literature for use intended.

F. Wood Screws: Bright Steel.

G. Lag Screws: Hexhead with gimlet point.

2.8 MISCELLANEOUS MATERIALS

A. Building Paper: ASTM D 226, Type I; asphalt-saturated felt, non-perforated, 15-lb. type.

B. Air Infiltration Barrier: Provide 6.1 mil thick fabric composed of very fine, high density polyethylene fibers with vapor transmission rate of 51.30 grams per 100 sq. in. in 24 hours; weight of 8.81 lbs. per 1000 sq. ft.; bursting strength of 105 psi; tear resistance of 32.5 lbs. for length, 24.8 lbs. for width; air porosity of 7.6 seconds; water resistance of 99.3 cm of water head.

1. Product: Subject to compliance with requirements, provide Tyvek; Textile Fibers Dept., DuPont Co.

For Council Approval
Not for Bidding

2.9 WOOD TREATMENT BY PRESSURE PROCESS

A. Preservative Treatment: Where lumber or plywood is indicated as "PT" or "Treated," or is specified herein to be treated, comply with the applicable requirements of AWPB Standards listed below. Mark each treated item with the AWPB Quality Mark Requirements.

1. Pressure-treat above-ground items with water-borne preservatives to comply with AWPB U1. After treatment, kiln-dry lumber and plywood to a maximum moisture content, respectively, of 19 percent and 15 percent. Treat indicated items and the following:

a. Wood cants, nailers, curbs, equipment support bases, blocking, stripping, and similar members in connection with roofing, flashing, vapor barriers, and waterproofing.

b. Wood sills, ledgers, sleepers, blocking, furring, stripping, and similar members in contact with masonry or concrete.

c. Wood framing members less than 18" above grade.

d. Wood floor plates installed over concrete slabs directly in contact with earth.

2. Complete fabrication of treated items prior to treatment, where possible. If cut after treatment, coat cut surfaces with a heavy brush coat of the same chemical used for treatment. Inspect each piece of lumber or plywood after drying and discard damaged or defective pieces.

3. For treated lumber exposed to view (decks, railings, siding, etc.), use a clear “non-colored preservative, CSI 'Preserve' or equal.

EXECUTION

3.1 INSTALLATION, GENERAL

A. Discard units of material with defects that might impair the quality of work, and units that are too small to use in fabricating work with minimum joints or optimum joint arrangement.

B. Set carpentry work to required levels and lines, with members plumb and true to line, and cut and fitted.

C. Securely attach carpentry work to substrate by anchoring and fastening as shown and as required by recognized standards. Countersink nailheads on exposed carpentry work and fill the holes.

D. Use common wire nails, except as otherwise indicated. Use finishing nails for finish work. Select fasteners of a size that will not penetrate members where the opposite side will be exposed to view or will receive finish materials. Make tight connections between members. Install fasteners without splitting wood; predrill as required.

E. Do not cut or notch structural members except as shown on drawings.

3.2 WOOD GROUNDS, NAILERS, BLOCKING, AND SLEEPERS

A. Provide wherever shown and where required for screeding or attachment of other work. Form to shapes as shown and cut as required for the true line and level of work to be attached. Coordinate location with other work involved.

B. Attach to substrates as required to support applied loading. Countersink bolts and nuts flush with surfaces, unless otherwise indicated. Build into masonry during the installation of masonry work. Where possible, anchor to formwork before concrete placement.

For Council Approval
Not for Bidding

3.3 WOOD FURRING

A. Install plumb and level with closure strips at edges and openings. Shim with wood as required for the tolerance of finished work.

1. Firestop furred spaces on walls at each floor level and at the ceiling line of the top story, with wood blocking or noncombustible materials, accurately fitted to close furred spaces.

B. Furring to Receive Plywood Paneling: Unless otherwise indicated, provide 1" x 3" furring at 2' o.c., horizontally and vertically. Select furring for freedom from knots capable of producing bent-over nails and resulting damage to paneling

C. Furring to Receive Gypsum Drywall: Unless otherwise indicated, provide 1" x 2" furring at 16" o.c., vertically.

D. Furring to Receive Plaster Lath: Unless otherwise indicated, provide 1" x 2" furring at 16" o.c., vertically.

E. Suspended Furring: Provide size and spacing shown, including hangers and attachment devices. Level to a tolerance of 1/8" in 10', except 1/4" in 10' for thick-coat plaster work.

3.4 WOOD FRAMING, GENERAL

A. Provide framing members of sizes and on spacings shown, and frame openings as shown, or if not shown, comply with recommendations of "Manual for House Framing" of National Forest Products Association (N.F.P.A). Do not splice structural members between supports.

B. Anchor and nail as shown, and to comply with the Building Code.

C. Firestop concealed spaces of wood-framed walls and partitions at each floor level and at the ceiling line of the top story. Where firestops are not automatically provided by the framing system used, use closely fitted wood blocks of nominal 2" thick lumber of the same width as framing members.

3.5 STUD FRAMING

A. General: Provide stud framing of size and spacing indicated or, if not otherwise indicated, of the following sizes and spacings. Arrange studs so that the wide face of the stud is perpendicular to the direction of the wall or partition, and the narrow face is parallel. Provide single bottom plate and double top plates using 2" thick members with widths equaling that of studs; except single top plate may be used for non-load-bearing partitions. Nail or anchor plates to the supporting construction.

B. Sills

1. Set the level to 1/16 inch in 6 feet. Grout shall be used when necessary to achieve full bearing.

2. Secure sills with 5/8-inch anchor bolts embedded in the structural slab a minimum of 8 inches, spaced a maximum of 4 feet on center. Locate one bolt 6 inches minimum and 12' maximum from each end and 9 inches to each side of notches for pipes—two bolts minimum per sill piece. Provide additional or other anchorage as required on the drawings.

3. Sills shall be set to the exact dimensions shown on the drawings with a tolerance of 1/2 inch in either direction. The Owner's Representative shall be immediately notified if this condition would be violated.

4. Allow no crooks or waves in sills that will not provide a straight line for stud work.

For Council Approval
Not for Bidding

C. Construct corners and intersections with not less than 3 studs. Provide miscellaneous blocking and framing as shown and as required for support of facing materials, fixtures, specialty items, and trim.

1. Provide continuous horizontal blocking row at mid-height of single-story partitions over 8' high and at midpoint of multi-story partitions, using 2" thick members of the same width as walls or partitions.

3.6 RAFTER FRAMING

A. Rafters: Provide member size and spacing shown. Notch to fit exterior wall plates and toenail or use special metal framing anchors. Double rafters to form headers and trimmers at openings in roof framing (if any), and support with metal hangers. Where rafters abut at the ridge, place directly opposite each other and nail to the ridge member, or use metal ridge hangers.

B. Provide special framing as shown for eaves, overhangs, dormers, and similar conditions, if any.

3.7 TIMBER FRAMING

A. Provide wood beams and girders of the size and spacing shown. Install with crown edge up and provide not less than 4" bearing on supports. Provide continuous members unless shown; tie together over supports if not continuous.

B. Where beams or girders are framed into pockets of exterior concrete or masonry walls, provide 1/2" air space between sides and ends of wood members and supporting wall.

C. Where built-up beams or girders of nominal 2”-dimension lumber on edge are shown, fasten together with 2 rows of 20d nails spaced not less than 32" o.c. Locate one row near the top edge and another near the bottom edge. Locate end joints in members over supports; for continuous members, stagger ends at quarter points between supports.

D. Provide wood posts of the sizes shown. Provide metal anchoring and attachment devices as shown.

3.8 STRUCTURAL PLYWOOD SHEATHING (ROOF)

A. Install plywood with face grain perpendicular to supports. Stagger joints parallel to the short axis.

B. Allow 1/16-inch maximum space between end joints and 1/8 inch at edge joints for expansion and contraction of panels. If wet conditions are present, double these spacings.

C. Suitable edge support shall be provided where indicated on the Drawings by lumber blocking between joists.

D. Panel end joints shall occur over framing.

E. See Drawings for nailing requirements. Nail heads shall be driven flush with the plywood face. All joints of plywood shall be on solid bearing. Surfaces shall be free from warp, twist, buckles, holes, and other defects. Sheathing shall be applied with joints in locations shown on drawings.

3.9 INSTALLATION OF CONSTRUCTION PANELS

A. General: Comply with applicable recommendations contained in Form No. E 30F, "APA Design/Construction Guide - Residential & Commercial," for types of construction panels and applications indicated.

B. Fastening Methods: Fasten panels as indicated below:

1. Sheathing: Nail to framing.

For Council Approval
Not for Bidding

2. Fill and sand edge joints of underlayment receiving resilient flooring.
3. Plywood Backing Panels: Nail to supports.

3.10 AIR INFILTRATION BARRIER

A. Cover wall sheathing with an air infiltration barrier to comply with the manufacturer's printed directions.

3.11 ROUGH HARDWARE

A. Nails and Spikes

1. Nailing of wood members shall conform to UBC Table 25-Q as indicated. Box nails are not permitted.
2. Penetration: Half-length of nail into the piece receiving point.
3. Do not drive nails closer together than half their length, nor closer to the edge of the piece of lumber than 1/4 their length.
4. Spacing and size of nails to be such that splitting will not occur. Prebore holes for nails wherever necessary to prevent splitting. Bore diameter of holes smaller than the diameter of the nail or spike (3/4 dia.).
5. Use galvanized staples throughout.
6. Use galvanized nails where exposed to weather.
7. Use hot-dipped galvanized or stainless-steel nails where in contact with treated wood.

B. Screws

1. Screws are to be turned into place, not driven. Use self-tapping screws where required for fastening to metal framing.
2. Countersink where heads will interfere or as required.
3. Screw bore holes the same diameter and depth as the shank; bore holes for the threaded portion of the screws with a bit no larger than the base of the thread.
4. Use galvanized or cadmium-plated screws on all fastenings exposed to weather.
5. Use hot-dipped galvanized or stainless-steel screws where in contact with treated wood.

C. Bolts

1. Install bolts in drilled holes the diameter of the bolt, plus 1/16-inch oversize.
2. Bolting of wood members shall conform to UBC requirements and as called for on Drawings.
3. Washers: Provide all bolts bearing on wood, unless noted otherwise on at Drawings, with malleable iron washers under heads and nuts.
4. Use hot-dipped galvanized bolts, nuts, and washers where exposed to weather and/or treated wood.

D. Lag Bolts

1. Install lag bolts in lead holes. Drill holes with the same diameter and depth as the shank. Then drill a hole with the same diameter as the base thread for the threaded portion. Use malleable iron washers as required for the same bolt size.

For Council Approval
Not for Bidding

2. The threaded portion of the screw shall be inserted in its lead hole by turning with a wrench, not by driving with a hammer. Malleable iron washers shall be provided under the heads of lag bolts that bear on wood.
3. Use hot-dipped galvanized or stainless-steel lag bolts where in contact with treated wood.

E. Powder Driven Pins

1. Sill plate of interior non-bearing partitions bearing directly on the concrete floor may be attached with powder-driven pins.
2. Pin shall be 2 7/8 inches long, have a shank diameter of 0.157 inches, and a head diameter of 0.300 inches with a 0.070-inch-thick washer that has a washer bearing area of 0.767 inches and spaced not more than 32 inches apart. Pins shall be mechanically galvanized.
3. There shall be a minimum of two pins for each piece of sill plate.

F. Pneumatic Gun Nailing

1. Pneumatic gun nails shall be nails with the same diameter as common nails, with penetration into framing as follows:
   a. 6d 1-1/4 inches
   b. 8d 1-12 inches
   c. 10d 1-5/8 inches
   d. 16d 1-3/4 inches
2. Minimum edge distance of nail from edge of plywood and framing shall be 3/8”.
3. Spacing of nails shall be as specified for common nails.
4. “Shiners” or nails that do not penetrate framing or blocking shall be removed and replaced.
5. Under driving of nails with the pneumatic gun will require the nail to be driven with a hammer so that the head of the nail is flush with the top surface of plywood.
6. Overdriving of pneumatic gun nails such that the head of the nail is more than 1/32" below the top surface of plywood shall not be permitted and will result in rejection of that portion of the work.
7. Walls with structural plywood on both faces shall have pneumatic gun nailing on one face only.

For Council Approval
Not for Bidding

SECTION 06 41 00
ARCHITECTURAL WOOD CASEWORK

GENERAL

1.1 SUMMARY

A. Provide and install cabinetry as shown on the Drawings and specified herein.

1.2 GENERAL REQUIREMENTS

A. This Section shall be performed in accordance with the General Conditions, Supplementary Conditions and all Sections in Division 1 of these Specifications. These documents must be read with the other Contract Documents and Sections as a whole to complete the intent of the contract.

1.3 SUBMITTALS

A. Make submittals to the Owner's Representative in accordance with the provision of Section 013323 of these specifications. The Owner's Representative shall be the sole judge as to the acceptability of all products submitted in accordance with the provisions of Section 012500 of these specifications.

B. Fabrication (shop) drawings shall meet the standards set forth by the Woodwork Institute. A sample of shop drawings meeting these requirements can be found here: http://woodworkinstitute.com/architectural-resources/shop-drawings/.

1.4 INDOOR AIR POLLUTANT CONTROL REQUIREMENTS

A. Composite wood products used for finish carpentry shall contain no added urea formaldehyde resins. Laminating adhesives used to fabricate composite wood finish carpentry assemblies shall contain no added urea formaldehyde resins.

1. Documentation: Verification of compliance shall include one of the following:

a. Product certifications and specifications.

b. Chain of custody certifications.

c. Other methods acceptable to the local enforcement agency.

B. Per Table 5.504.4.1 of the 2022 California Green Building Standards Code, adhesives, sealants and caulks used on the project shall meet the requirements of the following standards.

1. Adhesives, adhesive bonding primers adhesive primers, sealants, sealant primers and caulks shall comply with local or regional air pollution control or air quality management district rules where applicable, or SCAQMD Rule 1168 VOC limits, as shown in Tables 5.504.4.1 and 5.504.4.2 of the 2022 California Green Building Standards Code. Such products also shall comply with the Rule 1168 prohibition on the use of certain toxic compounds (chloroform, ethylene dichloride, methylene chloride, perchloroethylene and trichloroethylene.

1.5 ENVIRONMENTAL LIMITATIONS

A. Do not deliver or install woodwork until building is enclosed, wet work is completed, and HVAC system is operating.

1.6 QUALITY CONTROL

A. Install work in this section in accordance with the latest published edition of North American Architectural Woodwork Standards (NAAWS) published by WI and AWMAC.

For Council Approval
Not for Bidding

PRODUCTS

2.1 MATERIALS

A. Softwood Plywood: DOC PS 1. Veneer core plywood shall be a non-telegraphing hardwood.

B. Solid-Surfacing Material: Homogeneous solid sheets of filled plastic resin complying with ISFA 2-01.

1. Products: Corian

2. Thickness: ½ inch (12.7 mm)

2.2 ACCESSORY MATERIALS

A. Furring, Blocking, Shims, and Hanging Strips: Softwood or hardwood lumber, kiln dried to 15 percent moisture content.

2.3 INTERIOR CASEWORK

A. Solid-Surfacing Material Countertops: Premium grade.

1. Solid-Surfacing Material Thickness: 1/2 inch (13 mm) thick.

2. Fabricate tops in one piece with shop-applied backsplashes and edges.

3. To be installed with undermount sinks

EXECUTION

3.1 EXAMINATION

A. Verify the adequacy and proper location of any required backing or support framing.

B. All wood or metal frame construction shall be constructed with continuous in wall blocking of either 3x6 flat Douglas Fir or 16 GA x 6” wide, 50 KSI sheet metal provided in accordance with the location requirements included on the fabricator / installer’s shop drawings. Responsibility for blocking installation shall be that of the wall fabricator.

C. Verify that mechanical, electrical, plumbing and other building components effecting work in this section are in place and ready.

3.2 INSTALLATION

A. Install all work in conformance with the North American Architectural Woodwork Standards, latest edition.

1. Installation shall conform to the NAAWS Grade of the items being installed.

B. All work shall be secured in place square, plumb and level.

C. All work abutting other building components shall be properly scribed.

D. Mechanical fasteners used at exposed and semi-exposed surfaces, excluding installation attachment screws and those securing cabinets end to end, shall be countersunk.

E. Equipment cutouts shown on plans shall be cut by the installer.

3.3 ADJUSTING AND TOUCHUP

For Council Approval
Not for Bidding

A. Before completion of the installation, the installer shall adjust all moving and operation parts to function smoothly and correctly.

B. All nicks, chips and scratches in the finish shall be filled and retouched. Damaged items which cannot be repaired shall be replaced.

3.4 CLEAN UP

A. Upon completion of installation the installer shall clean all installed items of pencil and ink marks, and broom clean his area of operation, depositing debris in containers provided by the general contractor.

3.5 FINAL INSPECTION

A. Prior to final inspection and acceptance by the Owner's Representative, completely check each installed item and adjust for proper operation.

B. Comply with inspection requirements for the WI Compliance Program specified. (reference Section 1.6 above).

C. In the event that such inspection determines that architectural woodwork, or any part of it does not comply with the referenced standards, immediately remove the non-complying items and immediately replace them with items complying with the referenced standards and these Specifications, all at no additional cost to the Owner.

END OF SECTION 06 41 00

For Council Approval
Not for Bidding

SECTION 06 61 19
QUARTZ SHOWER PANELS

GENERAL

- 1.1 Summary: Provide all labor, materials, and equipment for the fabrication and installation of Corian® Quartz vertical shower wall panels, including corners, niches, and trim as specified.
- 1.2 References:
    a. ASTM D790 - Flexural Strength and Modulus.
    b. ASTM C170 - Compressive Strength.
    c. ASTM E84 - Surface Burning Characteristics (Class A).
    d. ANSI Z124.3 - Wear and Cleanability.
- 1.3 Submittals:
    a. Submit 4" x 4" or larger samples showing the full range of color and pattern variation.
    b. Submit shop drawings to Owner’s Representative showing seam locations, waterproofing details, and cutouts for plumbing fixtures.
- 1.4 Quality Assurance:
    a. Fabricator/Installer must be authorized by Corian® Design.
    b. Installers must comply with manufacturer's "Design, Safety, and Fabrication" guide.
- 1.5 Project Conditions:
    a. Maintain temperature and humidity in the installation area as recommended by adhesive manufacturer.
    b. Verify substrate is plumb and stable.

PRODUCTS

- 2.1 Manufacturer: Corian® Design, www.corianquartz.com.
- 2.2 Materials:
    a. Product: Corian® Quartz (formerly Zodiaq®) surfacing, non-porous agglomerate.
    b. Thickness: 2 cm (3/4 inch)
    c. Trim / Edges: Half bullnose, as shown on drawings
    d. Color/Pattern: As shown on drawings.
- 2.3 Fabrication:
    a. Fabricate panels in the shop to field-measured dimensions.
    b. Corners: 1/16" minimum gap, filled with color-coordinated silicone.
    c. Seams: Inconspicuous, 1/16" nominal width, using color-matched epoxy adhesive.
- 2.4 Accessories:
    a. Adhesive: High-strength, neutral cure silicone or polyurethane adhesive recommended for quartz-to-substrate bonding. Adiseal or Equal.
    b. Sealant: Color-matched, mildew-resistant silicone sealant

For Council Approval
Not for Bidding

EXECUTION

- 3.1 Examination:
    a. Verify substrate is structural, dry, and clean, with a maximum 1/8" deviation over 10 feet.
- 3.2 Installation:
    a. Layout: Install ceiling panels first, followed by back panels, side panels last.
    b. Adhesion: Apply adhesive in a large "S" pattern on the back of the panel, leaving 1-inch gaps for air movement, or per manufacturer's instructions.
    c. Expansion: Allow a 1/16" (1.5mm) minimum gap at corners and any intersecting surfaces to allow for expansion.
    d. Corners: Do not use hard epoxy adhesive in corners. Use only silicone sealant.
    e. Sealing: Seal all perimeter joints, corners, and plumbing penetrations with color-matched silicone.
- 3.3 Cleaning and Protection:
    a. Clean surfaces with non-abrasive soap and water.
    b. Protect finished installation from damage by other trades

END OF SECTION 06 61 19

For Council Approval
Not for Bidding

SECTION 07 14 00
WATERPROOFING

GENERAL

1.1 SUMMARY

A. Provide a composite waterproofing membrane system consisting of a liquid-applied synthetic rubber emulsion and reinforcing fabric.

1.2 GENERAL REQUIREMENTS

A. This Section shall be performed in accordance with the General Conditions, Supplementary Conditions and all Sections in Division 1 of these Specifications. These documents must be read with the other Contract Documents and Sections as a whole to complete the intent of the contract.

1.3 SUBMITTALS

A. Make submittals to the Owner's Representative in accordance with the provisions of Section 01 33 23 of these specifications.

1.4 QUALITY ASSURANCE

A. Qualifications of installers: Provide at least one person who shall be present at all times during execution of this portion of the Work and who shall be thoroughly experienced in installation of the specified products and shall direct all work performed under this Section. The applicator shall be approved by Dex-O-Tex to apply Barrier-Guard FRM and SC Membrane.

B. Manufacturer's certification: Prior to start of installation of the work of this Section, secure a visit to the job site by a representative of the manufacturer of the waterproofing materials used, who shall inspect and shall certify:

1. That the surfaces to which waterproofing was applied were in condition suitable for that application.
2. That the materials installed complied in all respects with the requirements of this Section of these Specifications.
3. That the materials were installed in complete accordance with the manufacturer's current recommendations.

PRODUCTS

2.1 WATERPROOFING (FLOOR AND BASE)

A. Basis of Design: Dex-O-Tex, Cheminert SC Membrane

B. MATERIALS

a. Membrane: 100%-solids, epoxy membrane.

b. Reinforcement: Woven fiberglass cloth at joints.

c. Physical Properties:

1. Thickness: 30-40 mils (dry film thickness).
2. Flexibility: Must remain waterproof over 1/16" cracks.
3. VOC Content: Zero VOC.

For Council Approval
Not for Bidding

2.2 WATERPROOFING (SHOWER WALLS)

A. Basis of Design: Dex-O-Tex, Barrier-Guard FRM

B. MATERIALS

a. Membrane Composition: Synthetic rubber emulsion, water-based, VOC compliant.

b. Reinforcement: Synthetic fabric reinforcement.

c. Performance Characteristics (Combined System):

1. Thickness: 100-150 mils Dry Film Thickness (DFT).
2. Crack Resistance: Designed to handle non-structural cracks

EXECUTION

3.1 SUBSTRATE PREPARATION

A. Concrete: Structural, cured (28 days), clean, and free of laitance or contaminants.

B. Moisture Content: Verify moisture vapor transmission (MVT) does not exceed limits (typically <3.0 lbs/1000 SF/24hr).

C. Surface Defects: Remove loose material and repair with epoxy or cementitious patch.

3.2 INSTALLATION (FLOORS AND BASE)

A. Prime: Apply manufacturer-approved primer to the substrate.

B. Membrane: Apply SC Membrane by squeegee, roller, or spray, ensuring 30-40 mils thickness (approx. 40-50 sq. ft. per gallon)

C. Vertical Application: Apply in successive coats if needed to achieve thickness without sagging.

D. Detail Work: Extend membrane 6 inches up vertical surfaces (bases/curbs) to form a monolithic, positive-side waterproof seal.

E. Overlap: Lap membrane a minimum of 2 inches at all edges.

3.3 INSTALLATION (WALLS)

A. Priming: Apply manufacturer-approved primer to the substrate.

B. Application: Apply first coat of Barrier-Guard liquid, embed reinforcing fabric, and apply second coat to encapsulate fabric.

C. Detail Work: Cover entire wall, lapping over SC Membrane

D. Thickness: Ensure total dry thickness of 100-150 mil

3.4 OVERLAP INSTALLATION: SC Membrane will be lapped by the Barrier-Guard FRM. SC Membrane to first receive a silica broadcast to create a mechanical tooth. Apply SC Membrane at 30 mils “neat”, then apply another 10 mills with a 30 mesh silica broadcast. Vacuum excess silica before applying Barrier-FRM over SC Membrane.

3.3 PROTECTION

A. Prevent contamination and damage until fully cured.

B. Do not expose to temperatures outside range of manufacturer's recommendations.

For Council Approval
Not for Bidding

END OF SECTION 07 14 00

For Council Approval

SECTION 07 62 00
SHEET METAL FLASHINGS AND TRIM

GENERAL

1.1 SUMMARY

A. Provide and install all flashing and sheet metal not specifically described in other Sections of these Specifications but required to prevent penetration of water through exterior shell of the buildings and specified herein.

1.2 GENERAL REQUIREMENTS

A. This Section shall be performed in accordance with the General Conditions, Supplementary Conditions and all Sections in Division 1 of these Specifications. These documents must be read with the other Contract Documents and Sections as a whole to complete the intent of the contract.

1.3 SUBMITTALS

A. Make submittals to the Owner's Representative in accordance with the provisions of Section 01 33 23 of these specifications.

1.4 QUALITY ASSURANCE

A. All sheet metal work shall be fabricated and installed per the standard details and specifications as illustrated in Sheet Metal Manual by Sheet Metal and Air Conditioning National Association, Inc. (SMACNA).

PRODUCTS

2.1 METAL DOOR LOUVERS

A. Provide metal louvers cut-into existing doors as shown on the Drawings.

B. Basis of design as manufactured by National Guard Products Inc (800) 647-7874, Model L-700-RX No Vision Door Louver for 13/4" thick doors, or equal. Size as required for minimum free area as shown on the Drawings.

C. Door louvers shall be an inverted "V" blade 24 Ga Steel with hemmed edges; frame 18 ga Galvanneal A40 Steel; with mitered and welded corners with reinforcing clips; Prime Coated for field paint application.

D. Provide with aluminum insect screen.

2.2 MATERIALS AND GAUGES

A. Where sheet metal is required and no material or gauge is indicated on the Drawings, furnish and install the highest quality and gauge commensurate with the referenced standards. All miscellaneous sheet metal shall be galvanized.

2.3 GALVANIZED IRON

A. Sheet metal or iron shall be standard brand of open-hearth copper-bearing steel, copper-molybdenum iron, or pure iron sheets.

B. Zinc coating

1. All galvanized sheets shall have a zinc coating applied by hot-dip process to all surfaces.

For Council Approval
Not for Bidding

2. Zinc coating shall weigh not less than 1-1/4 ounces per square foot nor more than 1-1/2 ounces per square foot of surfaces covered and shall conform with ASTM A-93.

2.4 NAILS, RIVETS, AND FASTENERS

A. Use only soft iron rivets having rust-resistive coating, galvanized hot-dipped nails, and cadmium plated screws and washers in connection with galvanized iron and steel.

2.5 FLUX

A. All flux used for galvanized iron or steel shall be raw muriatic acid.

2.6 SOLDER

A. All solder used on galvanized sheet steel shall conform with the current ASTM B-32.

2.7 OTHER MATERIALS

A. All other materials, not specifically described but required for a complete and proper installation of flashing and sheet metal, shall be new, first quality of their respective kinds and subject to the approval of the Owner's Representative.

EXECUTION

3.1 WORKMANSHIP

A. General

1. Form all sheet metal accurately to the dimensions and shapes required, finishing all molded and broken surfaces with true, sharp, and straight lines and angles and, where intercepting other members, coping to an accurate fit and soldering securely.
2. Unless otherwise specifically permitted by the Owner's Representative, turn all exposed edges back 1/2 inch.

B. Weatherproofing

1. Finish watertight and weather tight where so required.
2. Make all lock seam work flat and true to line and sweated full of solder.
3. Make all lock seams and lap seams, when soldered, at least 1/2 inch wide.
4. Where lap seams are not soldered, lap according to pitch but in no case less than three inches.
5. Make all flat and lap seams in direction of flow.

C. Joints

1. Join parts with rivets or sheet metal screws where necessary for strength or stiffness.
2. Provide suitable watertight expansion joints for all runs of more than 40 feet except where closer spacing is indicated on the Drawings or required for proper installation.

D. Attachments

1. Whenever possible, secure metal by means of clips or cleats without nailing through the metal.
2. In general, space all nails, rivets, and screws not more than eight inches apart, and, where exposed to the weather, use lead washers.

3.2 EMBEDMENT

For Council Approval
Not for Bidding

A. Embed all metal in connection with roofs in a solid bed of caulking, using materials and methods described in Section 07 92 00 of these Specifications.

3.3 SOLDERING

A. General

1. Thoroughly clean and tin all joint materials prior to soldering.
2. Perform all soldering slowly with a well heated copper in order to heat the seams thoroughly and to completely fill them with solder.
3. Perform all soldering with a heavy soldering copper of blunt design, properly tinned for use.
4. Make all exposed soldering on finished surfaces neat, full, flowing, and smooth.

B. Cleaning

1. After soldering, thoroughly wash acid flux with a soda solution.

3.4 TESTS

A. At the completion of the job, demonstrate to the Owner's Representative by hose or standing water that all flashing and sheet metal is completely watertight.

END OF SECTION 07 62 00

For Council Approval
Not for Bidding

SECTION 07 92 00
JOINT SEALANTS

GENERAL

1.1 SUMMARY

A. Provide a positive barrier against penetration of air and moisture at joints between items where sealing is essential to continued integrity of the barrier. Such sealing will normally be performed under the work of various Sections of these Specifications but shall be performed in strict accordance with the provisions of this Section. Install as shown on the Drawings and specified herein.

1.2 GENERAL REQUIREMENTS

A. This Section shall be performed in accordance with the General Conditions, Supplementary Conditions and all Sections in Division 1 of these Specifications. These documents must be read with the other Contract Documents and Sections as a whole to complete the intent of the contract.

1.3 SUBMITTALS

A. Make submittals to the Owner's Representative in accordance with the provisions of Section 013323 of these specifications.

B. Samples: Submit three 12" long samples of each color required (except black) for each type of sealant exposed to view.

1.4 AIR POLLUTANT CONTROL REQUIREMENTS

A. Sealants and caulks used on the project shall meet the requirements of the following standards:

1. Sealants, sealant primers and caulks shall comply with local or regional air pollution control or air quality management district rules where applicable, or limitations set forth in the latest adopted edition of the California Green Building Standards Code. Such products also shall comply with the SCAQMD Rule 1168 prohibition on the use of certain toxic compounds (chloroform, ethylene dichloride, methylene, chloride, perchloroethylene and trichloroethylene).

PRODUCTS

2.1 SEALANT MATERIALS

A. Vertical Surfaces, Hybrid Sealant

1. MasterSeal NP 150 low-modulus, non-sag premium-grade elastomeric hybrid sealant by Master Builders Solutions (BASF Corporation), or equal. Color selected by Owner's Representative.

B. Horizontal Concrete Joints

1. MasterSeal SL2 two-component polyurethane sealant by Master Builders Solutions (BASF Corporation), or equal. Color selected by Owner's Representative.

C. Backing Material

1. Cylindrical sealant backings: ASTM C1330, type as recommended in writing by sealant manufacturer for joint application indicated and of size and density to control sealant depth and otherwise contribute to producing optimum sealant performance.

For Council Approval
Not for Bidding

2. Bond breaker tape: Polyethylene tape or other plastic tape recommended by sealant manufacturer.

2.2 SEALANT EQUIPMENT

A. All equipment shall be only such equipment as is specifically recommended by the manufacturer of the sealant material being installed.

EXECUTION

3.1 CHOICE OF SEALANT MATERIAL

A. Use only that sealant material which is best suited to the installation and is so recommended by the sealant material manufacturer.

3.2 GENERAL

A. Comply with joint sealant manufacturer's printed installation instructions applicable to products and applications indicated, except where more stringent requirements apply.

3.3 BACK-UP MATERIALS

A. General

1. All joints over 3/8" wide shall have back-up filler.
2. Verify the compatibility of filler material with sealant before installation.
3. Use back-up filler about 1/3 to 1/2 wider than width of joint so sufficient pressure is exerted by filler to provide substantial resistance to displacement.

B. Acceptable materials

1. All filler materials shall be non-oily, non-staining back-up filler such as polyethylene foam rod, expanded polyurethane, neoprene, or other filler completely compatible with the sealant material.

3.4 APPLICATION OF SEALANT

A. General: Do not seal under weather conditions or sun conditions potentially harmful to the set and curing of the sealant material.

B. Preparation: Clean joint surfaces immediately before installation of sealant. Remove dirt, insecure coatings, moisture and other substances which could interfere with bond of sealant. Etch concrete and masonry joint surfaces as recommended by sealant manufacturer. Roughen vitreous and glazed joint surfaces as recommended by sealant manufacturer.

C. Priming: Prime joint surfaces where recommended by sealant manufacturer. Do not allow primer to spill or migrate onto adjoining surfaces.

D. Installation: Install sealant in strict accordance with the manufacturer's recommendations, taking care to produce beads of proper width and depth, tool as recommended by the manufacturer, and immediately remove all surplus sealant.

1. Where an irregular surface or sensitive joint border exists apply masking tape at edges of joint to insure neatness and protection. Remove masking tape prior to sealant setting.
2. Spillage: Do not allow sealants or primers to overflow or spill onto adjoining surfaces, or migrate into voids of adjoining surfaces. Clean adjoining surfaces by whatever means may be necessary to eliminate evidence of spillage.

For Council Approval
Not for Bidding

3.5 SEALANT SCHEDULE

A. Carefully study the Drawings and furnish and install the proper sealant at each point where called for on the Drawings plus at all other points where sealing is essential in maintaining the continued integrity of the water-tight barrier including but not limited to:

1. Exterior sills, jambs and heads of window frames, door frames, louvers and similar openings, and where metal, wood or other materials abut or join masonry, concrete or other materials.
2. Interior expansion and control joints.
3. Interior horizontal control and expansion joints in concrete slabs.

END OF SECTION 07 92 00

For Council Approval
Not for Bidding

SECTION 08 31 13
CEILING ACCESS HATCH

GENERAL

1.1 SUMMARY

A. Provide and install all ceiling access hatches as shown on the Drawings and specified herein.

1.2 GENERAL REQUIREMENTS

A. This Section shall be performed in accordance with the General Conditions, Supplementary Conditions and all Sections in Division 1 of these Specifications. These documents must be read with the other Contract Documents and Sections as a whole to complete the intent of the contract.

1.3 SUBMITTALS

A. Make submittals to the Owner's Representative in accordance with the provisions of Section 013323 of these specifications.

1.4 QUALITY ASSURANCE

A. Coordination

1. Attachment devices included with hatch, furnish U-channel which must be utilized for the installation of hatches.
2. Coordinate delivery with other work to avoid delay.

PRODUCTS

2.1 CEILING ACCESS HATCH

A. Ceiling access hatch as manufactured by Williams Brothers Corp., 4058 S. McCarran Blvd., Building A, Reno NV 89502 1-800-255-5515, or equal.

2.2 UNITS

A. Standard Models

1. Model: Drywall Type WB-DW 400 22x36
2. Frame: Extruded aluminum alloy
3. Finish: White, Electrostatic coating, paintable surface
4. Catch: Kick Springs with cam latches

EXECUTION

3.1 FABRICATION

A. Furnish each access hatch assembly manufactured as a complete unit with all parts for complete installation.

3.2 INSTALLATION

A. Verify that all openings are correctly prepared to receive hatch installation.

B. Install per manufacturer's printed instructions, approved shop drawings.

3.3 ADJUST AND CLEAN

For Council Approval
Not for Bidding

A. Leave work area clean and free of debris.

B. Replace hatches which are bowed, warped or damaged in any way.

END OF SECTION 08 31 13 .13

For Council Approval
Not for Bidding

SECTION 09 28 00
CEMENT BOARD

GENERAL

1.1 SUMMARY

A. Provide and install cement board where indicated on the Drawings and specified herein for.

1. Cement backer board for ceramic tile, other interior and exterior applications for walls and ceilings.

1.2 GENERAL REQUIREMENTS

A. This Section shall be performed in accordance with the General Conditions, Supplementary Conditions and all Sections in Division 1 of these Specifications. These documents must be read with the other Contract Documents and Sections as a whole to complete the intent of the contract.

1.3 SUBMITTALS

A. Make submittals to the Owner's Representative in accordance with the provision of Section 01 33 23 of these specifications.

1.4 DELIVERY, STORAGE, AND HANDLING

A. Packaging and Shipping: Materials ship in manufacturer's original packages showing manufacturer's name and product name brand.

B. Storage and Protection: Store materials inside and protected from damage by the elements. Protect ends, edges and faces of cement boards from damage.

1.5 ENVIRONMENTAL CONDITIONS

A. In cold weather and during interior finishing and tile installation, temperatures within the building shall be maintained within the range of 40 to 100° F. Adequate ventilation shall be provided to carry off excess moisture.

1. Interior Applications

a. Wood framing shall approximate the moisture content it will reach in services by allowing the enclosed building to stand as long as possible prior to the application of the panel. Do not install the panel when wet.

2. Exterior Applications

a. Finishes, leveling/skim coats and basecoats shall not be applied to panels that are wet or frozen or that contain frost. After application, and for at least 24 hours, finishes, leveling/skim coats and basecoats shall be effectively protected from rain or excessive moisture.

b. In cold weather and during finish applications, panel, skim, or basecoat, mortar, finish material and air temperature must be at least 40° F and must remain at this temperature or higher for at least 24 hours after application. Hot and dry weather may affect working time of leveling/skim or basecoat and finish materials. Under rapid drying conditions, dampening or light fogging of board, leveling/skim or basecoat may be required to improve workability.

1.6 INSTALLATION PRACTICES

A. Cement Board shall be cut to size with carbide-tipped knife and straight edge. Power saw should be used only if equipped with a dust-collection device and a NIOSH/MSHA-approved respirator is worn.

For Council Approval
Not for Bidding

B. Contractors installing tile and tile-setting materials should always follow current ANSI specifications and TCA guidelines.

PRODUCTS

2.1 PRODUCTS

A. Backer Board

1. Secure Rock Cement Board by USG, or equal.

a. Cementitious, water-durable board; surfaced with fiberglass reinforcing mesh on front and back; long edges wrapped; and complying with ANSI A118.9 and ASTM C 1325.

(1) Thickness: ½” or 5/8”.

(2) Width: 2’8”, 3’ or 4’.

(3) Length: 4’, 5’, 6’, or 8’.

(4) Edges: Tapered.

(5) Density: 72 lbs per ct. ft.

(6) Water absorption: Not greater than 8% when tested for 24 hours in accordance with ASTM C473.

B. Fasteners

1. Nails: 1-1/2” long, hot dipped galvanized, for use with wood framing and complying with Federal Specification FF-N-105B, Type 2, Style 20.

2. Screws: PermaBase Cement Board Hi-Lo thread screws (No. 8), wafer head, corrosion-resistant, 1-1/4” or 1-5/8” long, for use with wood framing and complying with ASTM C1002, or equal.

3. Screws: PermaBase Cement Board drill point screws (No. 8), wafer head, corrosion-resistant, 1-1/4” or 1-5/8” long, for use with 20 to 14 ga steel framing and complying with ASTM C1002, or equal.

C. Joint Treatment

1. Tape: Alkali-resistant fiberglass mesh tape for joint reinforcement, 2” wide mesh tape for interior applications and 4” wide mesh tape for exterior applications.

2. Bonding Materials: Latex Portland cement mortar or Dry-Set (thin-set) mortar, for joint treatment and setting face material, complying with ANSI A118.1 or A118.4 standards. Type 1 organic adhesive meeting ASNI A136.1 may be utilized for interior use only.

EXECUTION

3.1 WALLS

A. Space wood and steel framing a maximum of 16” o/c. The studs of freestanding furred walls must be secured to wall furring brackets or laterally braced with horizontal studs or runners spaced 4’ o/c maximum. Laterally brace all steel-framed walls prior to the application of joint treatment.

For Council Approval
Not for Bidding

B. Application: Pre-cut cement board to required sizes and make necessary cut-outs. Fit ends and edges closely but not forced together, leaving a 1/8” gap. Stagger end joints in successive courses. Fasten boards to wood studs spaced maximum 16” o/c and bottom plates with 1-1/4” wood screws or 1-1/2” hot-dipped galvanized nails or corrosion resistant screws spaced 8” o/c. Fasten cement board to steel studs spaced maximum 16” o/c and bottom runners with 1-1/4” corrosion resistant screws spaced 8” o/c with perimeter fasteners at least 3/8” and not less than 5/8” from ends and edges. In double-layer walls where cement boards are installed over base-layer gypsum boards, apply a vapor-permeable water barrier over gypsum boards.

C. Exterior Walls

1. Attach cement board with corrosion resistant screws or hot dipped galvanized nails spaced a maximum of 8” o/c over framing spaced a maximum of 16” o/c. Apply a weather-resistive barrier and flashing behind the panels as required. Follow the exterior finish manufacturer’s recommendations for application over cement board.

3.2 CEILINGS

A. Framing: Ceiling joists, furring channels or strips must be spaced a maximum 16” o/c. Framing must be capable of supporting the total ceiling system dead load, including insulation, ceramic tile, bonding materials and cement board, with deflection not exceeding L/360 of the span. When steel framing is used. Minimum 20 ga is required.

B. Panel Application: Apply ½” cement board to framing with long dimension across framing. Center end or edge joints on framing and stagger joints in adjacent rows. Fit ends and edges loosely, but not forced together, leaving a 1/8” gap. Fasten boards to steel framing with 1-1/4” corrosion resistant screws spaced 6” o/c/ and to wood framing with 1-1/2” hot dipped galvanized wood screws spaced 6” o/c with perimeter fasteners at least 3/8” and not less than 5/8” from ends and edges. If necessary, provide additional blocking to permit proper attachment. Edges or ends parallel to framing shall be continuously supported

3.3 PROTECTION

A. Protect cement board installations from damage and deterioration until finish materials are applied.

END OF SECTION 09 28 00

For Council Approval
Not for Bidding

SECTION 09 29 00
GYPSUM BOARD

GENERAL

1.1 SUMMARY

A. Provide and Install gypsum board where shown on the Drawings and as specified herein.

1.2 GENERAL REQUIREMENTS

A. This Section shall be performed in accordance with the General Conditions, Supplementary Conditions and all Sections in Division 1 of these Specifications. These documents must be read with the other Contract Documents and Sections as a whole to complete the intent of the contract.

1.3 SUBMITTALS

A. Make submittals to the Owner's Representative in accordance with the provisions of Section 01 32 33 of these specifications.

1.4 FIRE-RESISTANCERATED ASSEMBLIES

A. Provide materials and construction identical to those tested in assemblies per ASTM E 119 by an independent testing and inspecting agency acceptable to authorities having jurisdiction.

1.5 STC-RATED ASSEMBLIES

A. Provide materials and construction identical to those tested in assemblies per ASTM E 90 and classified per ASTM E 413 by a qualified independent testing and inspecting agency.

1.6 INDOOR AIR POLLUTION CONTROL

A. VOC content in Gypsum Board Adhesives shall be limited to 50 grams per liter (less water and less exempt compounds).

PRODUCTS

2.1 PANEL PRODUCTS

A. Provide in maximum lengths available to minimize end-to-end butt joints.

B. Mold and Moisture-Resistant Gypsum Board: ASTM C 1396/C 1396M, in thickness indicated. Regular type unless otherwise indicated. Tested for Mold Resistance in accordance with ASTM D 3273 and ASTM G 21.

1. Product: CertainTeed Gypsum; ProRoc Moisture and Mold Resistant Gypsum Board with M2Tech.
2. Product: G-P Gypsum; Mold-Guard Gypsum Board.

C. Cementitious Backer Units: (For use behind all shower walls or otherwise noted) ANSI A118.9. See Specification Section 092800 Cement Board.

2.2 ACCESSORIES

A. Metal Trim Accessories: ASTM C 1047, formed from galvanized or aluminum-coated steel sheet, rolled zinc, plastic, or paper-faced galvanized-steel sheet.

1. Provide cornerbead at outside corners unless otherwise indicated.
2. Provide LC-bead (J-bead) at exposed panel edges.

For Council Approval
Not for Bidding

B. Joint-Treatment Materials: ASTM C 475/C 475M.

1. Joint Tape: Paper unless otherwise recommended by panel manufacturer.
2. Joint Compounds: Setting-type taping compound and drying-type, ready-mixed, compounds for topping.

C. Fasteners: Screws complying with ASTM C954 or C1002.

D. Other Materials: All other materials, not specifically described but required for a complete and proper installation of gypsum drywall, shall be as selected by the Contractor subject to approval of the Owner's Representative.

EXECUTION

3.1 INSTALLATION

A. Install gypsum board panels in accordance with GA-216 and ASTM C840.

B. Install all panels plumb, level, and with all vertical joints on bearing. Panels/patches smaller than 144 square inches may not be used without prior approval of Owner's Representative.

C. Cutting

1. When cutting gypsum drywall is required, cut by scoring and breaking or by sawing, working from the face side.
2. When cutting by scoring, cut through the face paper and then snap the panel back away from the cut face; then break the back paper by snapping the gypsum board in the reverse direction or by cutting the back paper.
3. Smooth all cut ends and edges of panels as necessary to obtain a smooth joint.
4. For cut-outs in panels for pipes, fixtures, and other small openings, make holes and cut-outs by sawing or by such other method as will not fracture the core or tear the covering and with such accuracy that plates, escutcheons, or trim will cover the edges.
5. The use of "score-and-knockout" method will not be permitted.

D. Fastening

1. Properly space all fasteners in careful accordance with the manufacturer's recommendations and code requirements, with heads driven slightly below the surface for proper cementing but without breaking the paper cover.
2. Loosely butt all joints to be taped; firmly butt all joints to be left untreated.
3. Stagger all end joints and the joints between panels to achieve a maximum of bridging and a minimum of continued joints.

E. Ceiling

1. At those areas where gypsum drywall ceiling is indicated on the Drawings, and where it is possible to do so, install the ceiling prior to installing walls.
2. Where possible, and where permitted by code, float the interior ceiling angles.

3.2 CONTROL JOINTS

A. Where not shown on the Drawings, provide control joints at wall and ceiling areas which exceed maximum areas or lengths.

B. Install control joints at ceiling areas.

For Council Approval
Not for Bidding

1. Which exceed 2,500 square feet.
2. Where continuous panel surface exceeds 50 feet in either direction.
3. Where ceiling furring changes direction.

C. Install control joints in wall and wall furring panels which exceed 30 feet in length.

3.3 INSTALLING METAL TRIM

A. The drawings do not purport to show all metal trim required; verify with the Owner's Representative the precise locations and types of trim to be used.

B. Carefully inspect the Drawings and verify location of all metal trim required. Install all trim in strict accordance with the manufacturers' recommendations, paying particular attention to make all trim installation plumb, level, and true to line, with firm attachment to supporting members.

3.4 TAPING AND FINISHING LEVEL4 FINISH

A. Control heating and ventilating during finishing operations to ensure the maintenance of 55° F. minimum temperature.

B. Provide surface finish to the level shown on the Drawings, and as described below:

1. First coat - Level 2 Finish
   a. Spread compound evenly over all joints, using suitable tools designed for that purpose.
   b. Fill all joint recesses and metal trim.
   c. Center the reinforcing tape on the joint and press into the fresh compound, wiping down with sufficient pressure to remove excess compound but leaving sufficient compound under the tape for proper bond.
   d. Feather all edges and leave the surface free from blisters and tape wrinkles.
   e. Apply compound to all fastener heads, leaving flush with the adjacent surfaces.
   f. Fold reinforcing tape along its centerline and apply to all interior angles, following the same procedure as for joints.
2. Second coat – Level 3 Finish
   a. Lightly sand the dry compound with fine sandpaper to remove all irregularities.
   b. Apply a second coat of compound to all joints, feathering approximately three inches beyond edges of tape.
   c. Apply a second coat of compound to all fastener heads.
3. Third coat – Level 4 Finish: (Spray Texture Finish)
   a. Lightly sand the dry compound with fine sandpaper to remove all irregularities.
   b. Apply final skim coat, feathering out approximately two inches beyond second coat.
   c. Third coat all fastener heads and metal trim and all interior angles; allow to dry.
   d. Install a spray applied medium orange-peel texture in the density as selected by the Owner's Representative, and approved in the mock-up, on all walls and ceilings, except those designated for smooth finish or wall covering.

3.5 CLEANING UP

For Council Approval
Not for Bidding

A. Do not allow the accumulation of scraps and debris arising from the work of this Section but maintain the premises in a neat and orderly condition at all times; in the event of spilling or splashing compound onto other surfaces, immediately remove the spilled or splashed material and all trace of the residue to the approval of the Owner's Representative.

END OF SECTION 09 29 00

For Council Approval
Not for Bidding

SECTION 09 30 00
TILING

GENERAL

1.1 SUMMARY

A. Provide ceramic tile where shown on the Drawings, as specified herein, and as needed for a complete and proper installation.

1.2 GENERAL REQUIREMENTS

A. This Section shall be performed in accordance with the General Conditions, Supplementary Conditions and all Sections in Division 1 of these Specifications. These documents must be read with the other Contract Documents and Sections as a whole to complete the intent of the contract.

1.3 SUBMITTALS

A. Make submittals to the Owner's Representative in accordance with the provisions of Section 01 33 23 of these specifications.

PRODUCTS

2.1 CERAMIC TILE

A. Provide ceramic tile and accessories complying with Tile Council of North America Specification/ ANSI A137.1, in colors and patterns as noted on the drawings from standard colors and patterns of the approved manufacturers.

B. Floor Tile

1. Floor tile shall have a minimum wet dynamic coefficient of friction not less than 0.42 when tested in accordance with DCOF AcuTest as set forth in ANSI A137.1.

C. Provide standard accessory shapes as required.

2.2 MORTAR BED

A. Portland Cement: ASTM C150.

B. Hydrated Lime: ASTM C207, Type S.

C. Sand: ASTM C144, fine.

D. Latex Additive.

E. Water: Clean and potable.

2.3 CLEAVAGE MEMBRANE

A. No. 15 asphalt saturated felt, ASTM D226, Type 1.

OR

B. Polyethylene film, ASTM D4397, 4.0 mil thickness

2.4 SETTING MATERIALS

A. Comply with pertinent recommendations contained in the Tile Council of North America "Handbook for Ceramic Tile Installation".

B. Latex – Portland cement complying with ANSI A118.4 by Laticrete or equal.

For Council Approval
Not for Bidding

C. Special tile setting mortars will be considered by the Owner's Representative when complete technical data is submitted in advance.

2.5 GROUT

A. Comply with pertinent recommendations contained in the Tile Council of North America "Handbook for Ceramic Tile Installation" in colors selected by the Owner's Representative from standard colors available from the approved manufacturers.

B. Unsanded Grout

1. Provide a commercially prepared non-sand grouting composition with high flexibility and stain resistance, Laticrete 160 Series; Fusion Pro Single Component Grout/Custom Building Products 800-272-8786 or equal.

C. Grout Color

1. As selected by Owner's Representative from manufacturer's standards, Laticrete; Fusion Pro or equal.

2.6 CAULK

A. Provide sanded or unsanded caulk in color to match grout. Color Caulk Premium Tile and Fixture Caulk, Custom Building Products Polyblend Ceramic Tile Caulk, or equal.

2.7 GROUT SEALER

A. Provide commercially prepared grout sealer designed to be used directly from the container; Bostik CeramaSeal Grout Sealer, or equal.

2.8 OTHER MATERIALS

A. Provide other materials, not specifically described but required for a complete and proper installation, as selected by the Contractor subject to the approval of the Owner's Representative.

EXECUTION

3.1 EXAMINATION

A. Verify that wall surfaces are free of substances which would impair bonding of setting materials, smooth and flat within tolerances specified in ANSI A137.1 and are ready to receive tile.

B. Verify that sub-floor surfaces are dust-free, and free of substances which would impair bonding of setting materials to sub-floor surfaces and are smooth and flat within tolerances specified in ANSI A137.1.

C. Verify that concrete sub-floor surfaces are ready for tile installation by testing for moisture emission rate and alkalinity; obtain instructions if test results are not within limits recommended by tile manufacturer and setting materials manufacturer.

D. Verify that required floor-mounted utilities are in correct location.

3.2 PREPARATION

A. Protect surrounding work from damage.

B. Remove any curing compounds or other contaminates.

C. Vacuum clean surfaces and damp clean.

For Council Approval
Not for Bidding

D. Seal substrate surface cracks with filler. Level existing substrate surfaces to acceptable flatness tolerances.

E. Install cementitious backer board in accordance with ANSI A108.11 and board manufacturer's instructions.

F. Prepare substrate surfaces for adhesive installation in accordance with adhesive manufacturer's instructions.

3.3 INSTALLATION

A. General

1. Comply with ANSI A108.1, ANSI A108.2, and the latest published edition of "Handbook for Ceramic Tile Installation" of the Tile Council of North America, except as otherwise directed by the Owner's Representative or specified herein:

a. Interior frame wall shower, cementitious backer board W244 modified; apply waterproof membrane over backer board.

B. Lay tile to pattern indicated. Arrange pattern so that a full tile or joint is centered on each wall and that no tiles less than ½ width is used. Do not interrupt tile pattern through openings.

C. Cut and fit tile to penetrations through tile, leaving sealant joint space. Form corners and bases neatly. Align floor joints.

D. Place tile joints uniform in width, subject to variance in tolerance allowed in tile size. Make joints watertight, without voids, cracks, excess mortar, or excess grout.

E. Sound tile after setting. Replace hollow sounding units.

F. Keep expansion joints free of adhesive or grout. Apply tile caulking to joints.

G. Allow tile to set for a minimum of 48 hours prior to grouting.

H. Grout tile joints. Use standard grout unless otherwise indicated.

I. Apply tile caulking to junction of tile and dissimilar materials and junction of dissimilar planes.

3.4 INSTALLATION – SHOWERS AND BATHTUBS WALLS

A. At tiled shower receptors install in accordance with TCNA Handbook Method B415, mortar bed floor, and W244, thin-set over waterproofing membrane and cementitious backer unit walls.

B. Grout with standard grout as specified above.

C. Seal joints between corners, tile work and other with tile caulk specified in this section.

3.5 INSTALALTION – WALL TILES

A. Over gypsum wallboard on wood or metal studs install in accordance with TCNA Handbook Method W243, thin-set with dry-set or latex-Portland cement bond coat, unless otherwise indicated.

B. Over interior concrete and masonry install in accordance with TCNA Handbook Method W202, thin-set with dry-set or latex Portland cement bond coat.

3.6 SEALING

For Council Approval
Not for Bidding

A. Seal grout using Grout Sealer in coverage per manufacturer's specifications. Apply with clean, white cloth, brush or spray applicator. Avoid puddling to obtain maximum coverage. Once dry, wipe off remaining residue with clean, white cotton cloth. Porous surfaces may require multiple applications. Allow to cure 4 hours after application.

3.7 CLEANING

A. Clean tile and grout surfaces.

3.8 PROTECTION OF FINISHED WORK

A. Do not permit traffic over finished floor surface for 72 hours after installation.

B. Cover floors with Kraft paper and protect from dirt and residue from other trades.

C. Where floor will be exposed for prolonged periods cover with plywood or other similar type walkways.

Not for Bidding

1.4 SUBMITTALS

A. Submit under provisions of Section 01 30 00 - Administrative Requirements.

B. Product Data:
1. Manufacturer's data sheets on each product to be used.
2. Preparation instructions and recommendations.
3. Storage and handling requirements and recommendations.

C. Verification Samples: For products specified, two samples, 6 inches (150 mm) square representing actual product & color.

D. Shop Drawings: Details of materials, construction and finish. Include relationship with adjacent construction.

E. Contractor Certification: Manufacturer letter certifying installer is properly trained in application of materials being installed, and is acceptable to materials manufacturer.

F. Guarantee Certification: Letter from the primary materials manufacture certifying that the manufacturer will issue a joint installer manufacturer guarantee with the installing contractor.

G. Certification: CA Department of Public Health 01350 Method for Testing and Evaluation of Volatile Organic Chemical Emissions From Indoor Sources Using Environmental Chambers.

1.5 QUALITY ASSURANCE

A. Manufacturer Qualifications: Company specializing in manufacturing products specified in this section with ISO 9001certification and a minimum ten years documented experience.

B. Installer Qualifications: Specializes in installations to that required for Project with five years' experience. Engage an SSPC Concrete Coatings Inspector certified to perform inspections on Project. Installer will be acceptable to materials manufacturer.

C. Source Limitations: Each product type from single manufacturer ensuring uniformity.

D. Mock-Up: Construct a mock-up with actual materials in sufficient time for Owner Representative’s review and to not delay construction progress. Locate mock-up as acceptable to Owner’s Representative and provide temporary foundations and support.
1. Intent of mock-up is to demonstrate quality of workmanship and visual appearance.
2. If mock-up is not acceptable, rebuild mock-up until satisfactory results are achieved.
3. Retain mock-up during construction as standard for comparison with completed work.
4. Do not alter or remove mock-up until work is completed or removal is authorized.

1.6 PRE-INSTALLATION CONFERENCE

A. Pre-installation Meetings: Coordinate work of this Section with related work.
1. Attendance: Subcontractor performing work and manufacturers and fabricators involved, or affected by, installation. Coordinate installations that precede or follow.
2. Agenda: Review progress of construction activities and preparations for the particular activity under consideration. Agenda shall include schedule, drain and floor sink interface, detailing, door thresholds, responsibilities, critical path items, and approvals.
3. Record, agreements, and disagreements, and corrective measures and actions.
4. Reporting: Distribute minutes to each party present and others requiring information.

1.7 DELIVERY, STORAGE, AND HANDLING

For Council Approval
Not for Bidding

A. Deliver materials in original packages and containers with unbroken seals and bearing manufacturer's labels with date of manufacture and production lot number. Store and handle in strict compliance with manufacturer's written instructions and recommendations.

B. Protect from damage due to weather, excessive temperature, and construction operations.

C. When practical stage materials in area of Work 48 hours prior to beginning of Work.

1.8 PROJECT CONDITIONS

A. Maintain environmental conditions (temperature, humidity, surface temperature, material temperature and ventilation) within limits recommended by manufacturer during installation and cure. Do not install under conditions outside manufacturer's recommended limits.

B. Restrict access to Work area except installing contractor and site supervision during preparation, installation and cure period.

C. Lighting: Permanent lighting shall be in place prior to flooring installation.

1.9 WARRANTY

A. Manufacturer's Warranty: Manufacturer's standard limited warranty for the specified term.

PART 2 PRODUCTS

2.1 MANUFACTURERS

A. Acceptable Manufacturer:
1. Address: Crossfield Products Corporation, which is located at: 3000 E. Harcourt Street; Rancho Dominguez, CA 90221; ASD Phone: 310-886-9100; Fax: 310-886-9119; Email: info@dexotex.com; Web: www.dexotex.com.
2. Address: Crossfield Products Corporation, which is located at: 140 Valley Road; Roselle Park, NJ 07204; ASD Phone: 908-245-2800; Fax: 908-245-0659; Email: info@dexotex.com; Web: www.dexotex.com.
3. Address: Crossfield Products Corporation, which is located at: 128 Industrial Drive, Cibolo, TX 78108; ASD Phone: 210-888-0449; Email: info@dexotex.com; Web: www.dexotex.com.

B. Requests for substitutions must be submitted two weeks prior to bid date. Substitution request received after will not be considered. Request will be considered per Section 01 60 00 - Product Requirements.

2.2 DECORATIVE RESINOUS FLOORING

A. Decorative Flake Epoxy Flooring:
1. Basis of Design: Dex-O-Tex Colorflake
2. Physical Properties:
a. Applied Thickness: Nominal 1/16” – 1/8”, (3 mm) double broadcast
b. Low Emitting: CDPH 1350 Compliant
c. Compressive Strength, Complete System (ASTM D695) 9,000 PSI
d. Surface Hardness (ASTM D2240 Shore D) 80-85
e. Indentation, Steadily Applied Load (MIL-PRF-3134, Paragraph 4.7.4.2.1): 0.005 indentation.
f. Impact Resistance (MIL-PRF-3134, Paragraph 4.7.3): 0.011 indentation, no cracking or loss of adhesion.
g. Adhesion (ASTM 4541): 100 percent failure in concrete.

For Council Approval
Not for Bidding

h. Water Absorption (MIL-D-3134): <1.0%
i. Abrasion Resistance (ASTM C501): 19 Wear Index (H-22 Wheel).
j. Flammability (ASTM D635): Self-extinguishing bonded to concrete
k. Tensile Strength (ASTM D638): 1,200 PSI
l. Flexibility (ASTM D1737): 180 degree bend, ¾" mandrel
m. Elongation (ASTM D638): 19.6 percent.

3. Colors: To be selected by Owner's Representative from manufacturer's standard colors.
4. Broadcast: Blended Vinyl Flake.
5. Thickness: 1/8 inch (3 mm).
6. Optional Finish Coat: UV Stable, abrasion resistant Urethane or Polyaspartic, as recommended by the material manufacturer
7. Anti-Microbial Additive: Prevents most bacteria, fungi, algae and actinomycetes.
8. Vapor Control Primer Membrane, Type recommended or produced by manufacturer of flooring system for type of service and floor condition indicated.
9. Built-up Cove Base: Dex-O-Tex Cove Base Gel. Trowel material onto the prepared substrate and shape as shown on drawings. Apply multiple applications as required to achieve required thickness and profile.

PART 3 EXECUTION

3.1 EXAMINATION

A. Do not begin preparation and installation until substrates are properly constructed and inspected complying with ACI 311.4R-05 Guide for Concrete Inspection. The General Contractor is to correct non-conformities if defects are discovered. Repair per ACI 546.R-04. Turn over work in broom clean condition free of debris and foreign matter.

B. If substrate preparation is responsibility of another contractor, inspect per ACI 311.4R-05 Guide for Concrete Inspection by a certified SSPC CCI inspector. If preparation is not satisfactory or if surface is contaminated, notify Owner's Representative in writing. Do not proceed with the installation before the deficiencies have been satisfactorily corrected.

C. Perform moisture testing per ASTM F1869 and F2170. Document results per this specification. If MVER or RH exceeds manufactures recommend level for specified product. Apply vapor control primer before proceeding.

3.2 PREPARATION

A. Clean surfaces thoroughly prior to commencement of the preparation and installation.

B. Prepare surfaces using methods recommended by manufacturer for achieving best result for substrate under project conditions.

C. Concrete Surfaces: Shot-blast, or diamond grind per SSPC SP-13/NACE 6. Remove material to provide a sound surface free of laitance, glaze, efflorescence, bond inhibiting curing compounds or form release agents. Remove grease, oil, and other penetrating contaminates. Repair damaged and deteriorated concrete to acceptable condition per ACI 546.R-04. Produce a surface profile equal to ICRI 310.2S CPS 2, CPS 3, or CPS 4. Leave surface free of dust, dirt, laitance, and efflorescence.

1. NOTE: If the substrate is an existing overlay system, follow the same procedures using shotblasting, removing the topcoat completely.
2. Check for any hollow or delamination sections of the existing flooring system, remove back to a solid surface and apply Dex-O-Tex A-81 Underlayment. Allow to cure prior to new flooring application

For Council Approval
Not for Bidding

D. Verify proper surface profile per ICRI 310.25 CSP coupons. Perform water break test and tape dust cleanliness test per ISO 8502-3 to determine surface is acceptable to proceed.

3.3 INSTALLATION

A. Apply Flooring System components according to manufacturer's written instructions. Produce a uniform, monolithic wearing surface of thickness, color and texture indicated.
1. Coordinate application of components. Provide optimum adhesion of coatings to substrate, and optimum intercoat adhesion.
2. Cure coatings per manufacturer's written instructions. Prevent contamination during application and curing processes.
3. Expansion, Isolation and Control Joint Treatment: At substrate expansion, isolation and control joints, comply with resinous flooring manufacturer's written instructions.
4. Contractor shall keep daily logs recording the work performed and environmental conditions as required by the materials manufacturer.

B. Vapor Control Primer Membrane: If required, apply over prepared substrate at required spreading rate.

C. Install integral 6” cove base with 5/8” radius, using Dex-O-Tex Cove Base Gel as described above.

D. Crack Isolation/Anti-Fracture Membrane: After Surface Preparation, route out cracks greater than 60 mils. Vacuum cracks and surrounding surface. Remove dust and debris. Fill cracks with flexibilized epoxy membrane, Dex-O-Tex Cheminert SC membrane. Strip with fabric reinforcement 2 inches (51 mm) on both sides of cracks or per manufacturer's recommendations.
1. Application Location: Substrate cracks.

E. Clear Self-Leveling Body Coats, (2): Apply in thickness indicated for flooring system:
1. Aggregates: Broadcast vinyl flakes at rate recommended by manufacturer. After resin cures, remove excess flakes.
2. Apply a second self -leveling body coat and re-broadcast aggregates at rate recommended by manufacturer. After resin cures, remove excess flakes

F. Grout Coat: Apply clear epoxy, as recommended by resinous flooring manufacturer, to fill voids in final body coat surface.

G. Top Coat – Apply clear epoxy, in method recommended by material manufacturer.

3.4 CLEANING AND PROTECTION

A. Clean products after 96 hours cure in accordance with the manufacturer's recommendations.

B. Prohibit foot and wheel traffic over flooring for 24 hours. Light foot traffic is acceptable after 24 hours. Normal traffic after 48 hours.

C. Do not expose to harsh chemicals until full 7 days cure.

D. Touch-up, repair or replace damaged products before Substantial Completion.

E. Protect the finished floor in a manner acceptable to the manufacturer.

END OF SECTION 09 67 16

For Council Approval
Not for Bidding

SECTION 09 77 20
FIBERGLASS REINFORCED PANELS

GENERAL

1.1 SUMMARY

A. Provide and install fiberglass reinforced panels (FRP) where shown on the Drawings and specified herein.

1.2 GENERAL REQUIREMENTS

A. This Section shall be performed in accordance with the General Conditions, Supplementary Conditions and all Sections in Division 1 of these Specifications. These documents must be read with the other Contract Documents and Sections as a whole to complete the intent of the contract.

1.3 SUBMITTALS

A. Make submittals to the Owner's Representative in accordance with the provisions of Section 013323 of these specifications.

B. Accompanying the product data, submit 8" x 10" or larger samples of the specified color.

PRODUCTS

2.1 FIBERGLASS REINFORCED PANELS

A. Provide fiberglass reinforced panels, Valto Engineering Materials VARIETEX, or equal.

1. Color as specified on the Drawings.
2. Texture: Linen
3. Fire Rating: Class A.
4. 4'x10' or as required for design applications.

2.2 MOLDINGS

A. Silhouette Trim by manufacturer, color to match panel.

2.3 ACCESSORIES

A. Adhesive: By manufacturer.

B. Sealant: Color matching by manufacturer.

2.4 OTHER MATERIALS

A. Provide other materials, not specifically described but required for a complete and proper installation, as selected by the Contractor subject to the approval of the Owner's Representative.

EXECUTION

3.1 PREPARATION

A. Examine backup surfaces to determine that corners are plumb and straight, surfaces are smooth, uniform, clean and free from foreign matter, nails countersunk, joints and cracks filled flush and smooth with the adjoining surface.

1. Verify that stud spacing does not exceed 24 inch on-center.

For Council Approval
Not for Bidding

B. Repair defects prior to installation.

1. Level wall surfaces to panel manufacturer's requirements. Remove protrusions and fill indentations.

C. Clean substrates of substances that could impair adhesive bond, including oil, grease, dirt, and dust.

D. Environmental Limitations: Do not deliver or install plastic paneling until spaces are enclosed and weathertight and temporary HVAC system is operating and maintaining ambient temperature and humidity conditions at occupancy levels during the remainder of the construction period

3.2 INSTALLATION

A. Comply with manufacturer's recommended procedures and installation sequence.

B. Cut sheets to meet supports allowing 1/8" (3mm) clearance for every 8 foot (2.43m) of panel.

1. Cut and drill with carbide tipped saw blades or drill bits or cut with shears.

C. Apply panels to board substrate, above base vertically oriented with seams plumb and pattern aligned with adjoining panels.

1. Install panels with manufacturer's recommended gap for panel field and corner joints.

a. Adhesive trowel and application method to conform to adhesive manufacturer's recommendations.

D. Apply panel moldings to all panel edges using silicone sealant providing for required clearances.

1. All moldings must provide for a minimum 1/8" (3.18 cm) of panel expansion at joints and edges, to insure proper installation.

2. Apply sealant to all moldings, channels and joints between the system and different materials to assure watertight installation.

3.3 CLEANING

A. Remove excess sealant from panels and moldings. Wipe panel down using a damp cloth and mild soap solution or cleaner.

B. Refer to manufacturer's specific cleaning recommendations. Do not use abrasive cleaners.

END OF SECTION 09 77 20

For Council Approval
Not for Bidding

SECTION 09 91 00
PAINTING

GENERAL

1.1 SUMMARY

A. Provide painting as shown on the Finish Schedule in the Drawings and specified herein. The type of material to be used and the number of coats to be applied are listed in the "Painting Schedule" in Part 3.00 of this Section of these Specifications. The term "paint", as used herein, included enamels, epoxies, paints, sealers, fillers, emulsions, and other coatings, whether used as prime, intermediate, or finish coats.

1.2 GENERAL REQUIREMENTS

A. This Section shall be performed in accordance with the General Conditions, Supplementary Conditions and all Sections in Division 1 of these Specifications. These documents must be read with the other Contract Documents and Sections as a whole to complete the intent of the contract.

1.3 SUBMITTALS

A. Make submittals to the Owner's Representative in accordance with the provisions of Section 01 33 23 of these specifications.

1.4 INDOOR AIR POLLUTANT CONTORL REQUIREMENTS

A. VOC Limits

1. Architectural paints and coatings shall comply with VOC limits in Table 1 of the ARB Architectural Coatings Suggested Control Measure, as shown in Table 5.504.4.3 of the 2022 California Green Building Standards Code, unless more stringent local limits apply.

2. The VOC content limit for coatings that do not meet the definitions for the specialty coatings categories listed in Table 5.504.4.3 shall be determined by classifying the coating as a Flat, Nonflat or Nonflat-High Gloss coating, based on its gloss, as defined in Subsections 4.21, 4.36 and 4.37 of the 2007 California Air Resources Board, Suggested Control Measure, and the corresponding Flat, Nonflat or Nonflat-High Gloss VOC limit in Table 5.504.4.3 shall apply.

B. Aerosol Paints and Coatings

1. Aerosol paints and coatings shall meet the PWMIR Limits for ROC in Section 94522(a)(3) and other requirements, including prohibitions on use of certain toxic compounds and ozone depleting substances, in Sections 94522(c)(2) and (d)(2) of *California Code of Regulations*, Title 17, commencing with Section 94520, and in areas under the jurisdiction of the Bay Area Air Quality Management District additionally comply with the percent VOC by weight of product limits of Regulation 8 Rule 49.

1.5 PROJECT CONDITIONS

A. The General Contractor is responsible to ensure all materials used in this Section meet current California V.O.C. (volatile organic compounds/chemicals) Regulations. The Owner's Representative shall be immediately notified of all V.O.C. conflicts. Work shall not proceed until conflicts are resolved.

1.6 EXTRA STOCK

For Council Approval
Not for Bidding

A. Upon completion of this portion of the Work, deliver to the Owner an extra stock of one gallon of each color and gloss used in each coating material used, with all such extra stock tightly sealed in clearly labeled containers.

PRODUCTS

2.1 PAINT MATERIALS

A. Manufacturer

1. All paint materials selected for coating systems for each type of surface shall be the product of a single manufacturer.
2. Paint materials listed herein, unless otherwise designated in the "Painting Schedule", are the product of Dunn Edwards and require no further approval as to manufacturer or catalog number.
3. Equivalent products of other major paint manufacturers may be used subject to approval by the Owner's Representative of the materials list and manufacturers' recommendations required to be submitted under Article 1.03 above. Equivalent product manufacturers must provide a manufacturers product reference guide demonstrating the equivalence of the product substituted to the one specified.

B. Compatibility

1. All paint materials and equipment shall be compatible in use; finish coats shall be compatible with prime coats; prime coats shall be compatible with the surface to be coated; all tools and equipment shall be compatible with the coating to be applied.
2. Thinners, when used, shall be only those thinners recommended for that purpose by the manufacturer of the material to be thinned.

C. Colors and glosses

1. All colors and glosses shall be indicated on the Painting Schedule and Finishes Schedule.

EXECUTION

3.1 PREPARATION OF SURFACES, GENERAL

A. Prior to all surface preparation and painting operations, completely mask, remove or otherwise adequately protect all hardware, accessories, machined surfaces, plates, lighting fixtures, and similar items in contact with painted surfaces but not scheduled to receive paint.

B. Spot prime all exposed nails and other metals which are to be painted with emulsion paints, using a primer recommended by the manufacturer of the coating system.

C. Before applying paint or other surface treatment, thoroughly clean all surfaces involved. Schedule all cleaning and painting so that dust and other contaminants from the cleaning process will not fall on wet, newly painted surfaces.

3.2 PREPARATION OF WOOD SURFACE

A. Clean all wood surfaces until they are free from dirt, and all other foreign substance.

B. Unless specifically noted to be left rough, smooth all finished wood surfaces exposed to view, using the proper sandpaper. Where so required, use varying degrees of coarseness in sandpaper to produce uniformly smooth and unmarred wood surfaces.

For Council Approval
Not for Bidding

C. Knots

1. On small, dry, seasoned knots, thoroughly scrape and clean the surface and apply one coat of good quality knot-sealer before application of the priming coat.
2. On large, open, unseasoned knots, scrape off all pitch and thoroughly clean the area, followed by an application of one coat of good quality knot-sealer.
3. Remove and treat all pitch surfaces as required for large knots.

3.3 PREPARATION OF METAL SURFACES

A. Galvanized metal

1. Clean all surfaces thoroughly with solvent until they are completely free from dirt, soil, and grease.
2. Thoroughly treat the cleaned surface with phosphoric acid etch.
3. Remove all excess etching solution and allow to dry completely before application of paint.

B. Other metals

1. Thoroughly clean all surfaces until they are completely free from dirt, oil, grease and old paint.
2. Allow to dry thoroughly before application of paint.

3.4 PREPARATION OF MASONRY / CONCRETE SURFACES

A. Clean all masonry / concrete surfaces until they are free from dirt and all other foreign substances.

B. At existing exterior masonry / concrete to be sealed, water blast surfaces until they are free from dirt and all other foreign surfaces.

3.5 PAINT APPLICATION

A. General

1. Paint all surfaces, except glass, flat concrete, and similar items, not prefinished and not called out as unfinished.
2. Paint all grilles and other prefinished items where the factory prefinish is not in accordance with the Painting Schedule and color selection or where a prefinished item is not the same color as the adjacent surface. Paint to match adjacent surface.

B. Drying

1. Allow sufficient drying time between coats.
2. Modify the period as recommended by the material manufacturer to suit adverse weather conditions.

C. Environmental conditions

1. Comply with the manufacturer's recommendations as to environmental conditions under which the coating systems may be applied.
2. Do not apply paint in areas where dust is being generated.

D. Defects

1. Sand and dust between coats to remove all defects visible to the unaided eye from a distance of five feet.

For Council Approval
Not for Bidding

E. Color of undercoats

1. Slightly vary the color of succeeding coats.

3.6 INSPECTION

A. Do not apply additional coats until completed coat has been inspected and approved by the Owner's Representative.

B. Only inspected and approved coats of paint will be considered in determining the number of coats applied.

3.7 RE-INSTALLATIN OF REMOVED ITEMS

A. Following completion of painting in each space, promptly reinstall all items removed for painting, using only workmen skilled in the particular trade.

3.8 CLEANING UP

A. During progress of the Work, do not allow the accumulation of empty containers or other excess items except in areas specifically set aside for that purpose. Prevent accidental spilling of paint materials and, in event of such spill, immediately remove all spilled material and the waste or other equipment used to clean up the spill, and wash the surfaces to their original undamaged condition, all at no additional cost to the Owner.

B. Upon completion of this portion of the Work visually inspect all surfaces and remove all paint and traces of paint from surfaces not scheduled to be painted.

3.9 PAINTING SCHEDULE

Apply the following finishes to the areas designated:

Type 1: Interior Metal (Ferrous – Semi-Gloss)
First Coat: DE Enduraprime ENPR00 Metal Primer
Second Coat: DE Endura-Coat ENCT50 DTM High Performance S/G Finish
Third Coat: DE Endura-Coat ENCT50 DTM High Performance S/G Finish

Type 2: Interior Drywall (Semi-Gloss)
First Coat: DE Vinylastic Select VNSL00 Zero VOC Wall Sealer
Second Coat: DE Spartawall SWLL50 Interior Zero VOC Semi-Gloss Finish
Third Coat: DE Spartawall SWLL50 Interior Zero VOC Semi-Gloss Finish

Type 3: Interior CMU (Eggshell Sheen)
First Coat: DE Blocfil Premium SBPR00 Acrylic Block Filler
Second Coat: DE Spartawall SSLL30 Zero VOC Eggshell Finish
Third Coat: DE Spartawall SSLL30 Zero VOC Eggshell Finish

PREVIOUSLY PAINTED SURFACES:
Spot prime bare or patched areas or prime entire surface
First Coat: DE Ultra-Grip UGSL00 Acrylic Primer
Second Coat: DE Enduralastic 10 EDLX10 100% Acrylic Elastomeric Coating
Third Coat: DE Enduralastic 10 EDLX10 100% Acrylic Elastomeric Coating

END OF SECTION 09 91 00

For Council Approval
Not for Bidding

SECTION 10 14 00
SIGNAGE

GENERAL

1.1 SUMMARY

A. Provide and install all signage as shown on the Drawings and as specified herein.

1.2 GENERAL REQUIREMENTS

A. This Section shall be performed in accordance with the General Conditions, Supplementary Conditions and all Sections in Division 1 of these Specifications. These documents must be read with the other Contract Documents and Sections as a whole to complete the intent of the contract.

1.3 SUBMITTALS

A. Make submittals to the Owner's Representative in accordance with the provisions of Section 013323 of these specifications.

1.4 REGULATORY REQUIREMENTS

A. Comply with applicable provisions in the U.S. Architectural & Transportation Barriers Compliance Board's ADA-ABA Accessibility Guidelines and the State of California Building Code (CBC).

1.5 ELECTRICAL COMPONENTS, DEVICES, AND ACCESSORIES

A. Listed and labeled as defined in NFPA 70, Article 100, by a testing agency acceptable to authorities having jurisdiction, and marked for intended use.

PRODUCTS

2.1 MATERIALS

A. Acrylic Sheet: ASTM D 4802, Category A-1 (cell-cast sheet), Type UVA (UV absorbing).

B. Plastic Laminate: High-pressure laminate engraving stock with face and core in contrasting colors.

C. Applied Vinyl: Die-cut characters from vinyl film of nominal thickness of 3 mils (0.076 mm) with pressure-sensitive adhesive backing, suitable for exterior applications.

2.2 SIGNS

1. .

B. Interior Panel Signs] [Matte-finished opaque acrylic with adhesively applied vinyl film copy] with [square-cut] [beveled] edges and [square] [rounded] corners.

1. Finishes and Colors: Blue background panel to match existing
2. Tactile Characters: Characters and Grade 2 Braille raised 1/32 inch (0.8 mm) above surface with white contrasting color to match existing.
3. Provide signs for all rooms as indicated on the Drawings.
   a. Restroom Identification Signs

For Council Approval
Not for Bidding

(1) Colored plexiglas with white contrasting lettering meeting State of California standards. Color to match existing as approved by Owner's Representative. Braille to meet State of California Regulations for braille size, height and spacing.

b. Room Occupancy Signs

(1) Colored plexiglas with white contrasting lettering meeting State of California standards. Color to be Blue to match existing as approved by Owner's Representative. Sign size and wording to be approved by local Fire Department prior to fabrication

EXECUTION

3.1 INSTALLATION

A. Locate signs where indicated on the Drawings or directed by Owner's Representative. Install signs level, plumb, and at heights indicated, with sign surfaces free from distortion and other defects in appearance.

B. Wall-Mounted Signs

1. Two-Face Tape: Mount signs to smooth, nonporous surfaces, other than vinyl.

2. Silicone-Adhesive Mounting: Attach signs to irregular, porous, or vinyl-covered surfaces.

END OF SECTION 10 14 00

For Council Approval
Not for Bidding

SECTION 10 21 00
HDPE TOILET COMPARTMENTS

PART 1 GENERAL

1.1 SECTION INCLUDES

A. Solid plastic toilet compartments including the following: (Hiny Hiders)
   1. Floor-to-ceiling toilet compartments.

1.2 REFERENCES

A. ASTM B221 - Standard Specification for Aluminum and Aluminum-Alloy Extruded Bars, Rods, Wire, Profiles, and Tubes.

B. ASTM E84 - Standard Test Method for Surface Burning Characteristics of Building Materials.

C. National Fire Protection Association (NFPA) 286 - Standard Methods of Fire Tests for Evaluating Contribution of Wall and Ceiling Interior Finish to Room Fire Growth.

1.3 SUBMITTALS

A. Submit under provisions of Section 01 30 00 - Administrative Requirements.

B. Product Data: Manufacturer's data sheets on each product to be used, including:
   1. Preparation instructions and recommendations.
   2. Storage and handling requirements and recommendations.
   3. Installation methods.

C. Shop Drawings: Provide layout drawings and installation details with location and type of hardware required.

D. Verification Samples: For each finish product specified, two samples representing actual product, color, and patterns.

E. Product Certification & Sustainable Design Submittals:
   1. Recycled Content: Certify percentages of post-consumer and pre-consumer recycled content.
   2. Regional Materials: Certify distance between manufacturer and Project.
   3. NFPA 286 Testing & Certification: Supply full and complete 3rd party testing results to certify NFPA 286 compliance.

1.4 QUALITY ASSURANCE

A. Manufacturer Qualifications: A company regularly engaged in manufacture of products specified in this section, and whose products have been in satisfactory use under similar service conditions for not less than 5 years.

B. Installer Qualifications: A company regularly engaged in installation of products specified in this Section, with a minimum of 5 years experience.

C. Materials: Doors, panels and pilasters, constructed from high density polyethylene (HDPE) resins. Partitions to be fabricated from polymer resins compounded under high pressure, forming a single component which is waterproof, nonabsorbent and has a self-lubricating surface that resists marks from pens, pencils, markers and other writing instruments. Cover all plastic components with a protective plastic masking.

For Council Approval
Not for Bidding

D. Performance Requirements:
1. Fire Resistance: Partition materials shall comply with the following requirements, when tested in accordance with ASTM E 84, Class B:
a. Tested to Meet ASTM E84, Class B flame spread/smoke developed rating.
2. Material Fire Ratings:
a. National Fire Protection Association (NFPA) 286: Pass.
b. International Code Council (ICC): Class B.

1.5 DELIVERY, STORAGE, AND HANDLING

A. Store products in manufacturer's unopened packaging until ready for installation.

1.6 PROJECT CONDITIONS

A. Maintain environmental conditions (temperature, humidity, and ventilation) within limits recommended by manufacturer for optimum results. Do not install products under environmental conditions outside manufacturer's absolute limits.

1.7 WARRANTY

A. Manufacturer guarantees its plastic against breakage, corrosion, and delamination under normal conditions for 25 years from the date of receipt by the customer. If materials are found to be defective during that period for reasons listed above, the materials will be replaced free of charge. Labor not included in warranty.

PART 2 PRODUCTS

2.1 MANUFACTURERS

A. Acceptable Manufacturer: Scranton Products, which is located at: 801 E. Corey St.; Scranton, PA 18505; Toll Free Tel: 800-445-5148; Fax: 855-376-6161; Email:request info (info@scrantonproducts.com); Web:http://www.scrantonproducts.com
1. Fabricator: Santana Toilet Partitions.
2. Fabricator: Comtec Toilet Partitions.
3. Fabricator: Capitol Toilet Partitions.

B. Substitutions: Not permitted.

2.2 MATERIAL

A. Plastic Panels: High density polyethylene (HDPE) suitable for exposed applications, waterproof, non-absorbent, and graffiti-resistant textured surface.
1. Recycled Content; Post Industrial: 25 percent.

B. Zinc Aluminum Magnesium and Copper Alloy (Zamac): ASTM B 86.

C. Stainless Steel Castings: ASTM A167, Type 304.

D. Aluminum: ASTM 6463-T5 alloy.

2.3 SOLID PLASTIC TOILET COMPARTMENTS

A. Basis of Design: Hiny Hiders Toilet Partitions as manufactured by and supplied by Scranton Products.
1. Style: Floor-to-ceiling toilet compartments.

For Council Approval
Not for Bidding

B. Doors, Panels, and Pilasters: 1 inch (25 mm) thick with all edges rounded to a radius. Mount doors and dividing panels based on height of specified system.
   1. Door and Panel Height: 72 inches (1829 mm).
   2. Panel Edge: Shiplap.

C. Panel Color: As selected by Owner's Representative.

D. Pilaster Shoes: 3 inches (76 mm) high one-piece molded HDPE. Secured to pilasters with a stainless steel tamper resistant Torx head sex bolt.
   1. Pilaster Plastic Shoe Color: Silver (Matches Stainless/Aluminum Hardware).

E. Wall Brackets:
   1. Aluminum Brackets: Heavy-duty aluminum 6463-T5 alloy.
   2. Brackets are fastened to pilasters with stainless steel tamper resistant Torx head screws and fastened to the panels with stainless steel tamper resistant Torx head hex bolts.
   3. Bracket Type: Continuous 71 inches (1804 mm) aluminum.

F. Door Hardware:
   1. Continuous Aluminum Hinge:
      a. Length: 71 inches (1803 mm).
      b. Ship Lapped
   2. Latch Mechanism: Occupancy Indicator Latch and Housing:
      a. Occupancy indicators: Green for occupied and red not occupied.
   3. Doors supplied with one coat hook/bumper and door pull, clear anodized aluminum or stainless steel.
   4. Equip outswing handicapped doors with second door pull and door stop.

2.4 SOLID PLASTIC PRIVACY SCREENS

A. Provide plastic privacy screens in urinal and entry toilet room applications as indicated or scheduled.

B. Panels, and pilasters, if required, 1 inch (25 mm) thick with edges rounded to a radius. Screens to be mounted at 14 inches (356 mm) above the finished floor. Color as selected by Owner's Representative from manufacturer's full line of current colors.
   1. Aluminum heat sink fastened to bottom edges.
   2. Recycled Content: Minimum 25 percent.

C. Screen Type: Pilaster supported.
   1. Configuration: Floor to ceiling pilaster supported screen.
   2. Urinal Screens: 24 inches (610 mm) wide by 55 inches (1397 mm) high.
   3. Floor to Ceiling Supported Pilaster: A stainless steel angle to be used to attach pilasters to floor and ceiling. Attach angles to pilasters with 3/4 inch (19 mm) stainless steel tamper resistant Torx head screws. Pilaster sleeve height to be 4 inches (102 mm) high.
   4. Pilaster Shoes: One-piece molded HDPE secured to the pilaster with a stainless steel tamper resistant Torx head sex bolt.
      a. Pilaster Shoes Color: Silver; matches clear anodized hardware.

PART 3 EXECUTION

3.1 EXAMINATION

A. Do not begin installation until substrates have been properly prepared.

For Council Approval
Not for Bidding

B. If substrate preparation is the responsibility of another installer, notify Owner's Representative of unsatisfactory preparation before proceeding.

3.2 PREPARATION

A. Clean surfaces thoroughly prior to installation.

B. Prepare surfaces using the methods recommended by the manufacturer for achieving the best result for the substrate under the project conditions.

C. Examine areas to receive toilet partitions, screens, and shower compartments for correct height and spacing of anchorage/blocking and plumbing fixtures that affect installation of partitions. Report discrepancies to the Owner's Representative.

3.3 INSTALLATION

A. Install in accordance with manufacturer's instructions.

B. Install partitions rigid, straight, plumb, and level manor, with plastic laid out as shown on shop drawings.

C. Clearance at vertical edges of doors shall be uniform top to bottom and shall not exceed 3/8 inch (9.5 mm).

D. No evidence of cutting, drilling, and/or patching shall be visible on the finished work.

E. Finished surfaces shall be cleaned after installation and be left free of imperfections.

3.4 PROTECTION

A. Protect installed products until completion of project.

B. Touch-up, repair or replace damaged products before Substantial Completion.

END OF SECTION

For Council Approval
Not for Bidding

SECTION 13 11 00

SWIMMING POOL GENERAL REQUIREMENTS

PART 1 GENERAL

1.01 WORK INCLUDED

A. The scope of the work included under this Section of the Specifications shall include swimming pool(s) as illustrated on the Drawings and specified herein. The General and Supplementary Conditions of the Specifications shall form a part and be included under this Section of the Specifications. The Swimming Pool Subcontractor shall provide all supervision, labor, material, equipment, machinery, plant and any and all other items necessary to complete the work. **ALL OF THE WORK IN SECTIONS 13 11 00 - 13 11 09 IS TO BE THE RESPONSIBILITY OF ONE EXPERIENCED SWIMMING POOL SUBCONTRACTOR PRIMARILY ENGAGED IN THE CONSTRUCTION OF COMMERCIAL PUBLIC-USE SWIMMING POOLS. A SWIMMING POOL SUBCONTRACTOR SHALL BE CONSIDERED PRIMARILY ENGAGED AS REQUIRED HEREIN IF THE SUBCONTRACTOR DERIVED 50% OF ITS ANNUAL REVENUE FROM NEWLY CONSTRUCTED PUBLIC-USE SWIMMING POOL CONSTRUCTION FOR EACH OF THE LAST FIVE YEARS. THE SUBCONTRACTOR MUST HAVE ALSO, IN THE LAST FIVE YEARS CONSTRUCTED AT LEAST FIVE (5) NEWLY CONSTRUCTED, COMMERCIALLY DESIGNED MUNICIPAL AND PUBLIC-USE SWIMMING POOLS, EACH OF WHICH SHALL HAVE INCORPORATED A MINIMUM SIZE OF 6,000 SQUARE FEET OF WATER SURFACE AREA WITH A CONCRETE AND CERAMIC TILE PERIMETER OVERFLOW GUTTER AND SELF-MODULATING BALANCE TANK.** The Swimming Pool Subcontractor shall furnish and install the swimming pool structures, finishes, cantilever forming, swimming pool mechanical and electrical systems, and all accessories necessary for a complete, functional swimming pool system, as herein described. Work shall include start-up, instruction of Owner's personnel, as-built drawings and warranties as required.

1.02 CODES, RULES, PERMITS, FEES

A. The swimming pools shall be constructed in strict accordance with the applicable provisions set forth by authorities having jurisdiction over swimming pool construction and operation in the State of California.

B. The Swimming Pool Subcontractor shall give all necessary notices, obtain all permits, and pay all government sales taxes, fees, and other costs in connection with their work; file all necessary plans, prepare all documents and obtain all necessary approvals of governmental departments having jurisdiction; obtain all required certificates of inspection for their work and deliver same to the Designated Representative before request for acceptance and final payment for the work.

C. The Swimming Pool Subcontractor shall include in the work any labor, materials, services, apparatus, or drawings in order to comply with all applicable laws, ordinances, rules and regulations, whether or not shown on Drawings and/or specified.

For Council Approval
Not for Bidding

D. The Contractor shall submit all required documents and materials to all Governmental Departments having jurisdiction for any deferred approval items or substituted materials or products to obtain final approval to installation.

1.03 DESCRIPTION OF WORK

A. Furnish and perform supervision, coordination, all layout, formwork, excavation, hand trim, disposing off-site of all unused material or debris to complete the swimming pool excavation to the dimensions shown on the plans.

B. Furnish and install complete swimming pool structures, including reinforcing steel and cast-in-place or pneumatically placed concrete walls and floors.

C. Furnish and install swimming pool finishes, including ceramic tile and marble plaster or other waterproof finishes.

D. Furnish and install complete swimming pool mechanical system(s), including, but not limited to, circulation systems, filtration systems, pool water heating systems, water chemistry control systems, domestic water fill line systems, booster pump and special effects systems, and all pumps, piping, valves, and connections between system(s) and swimming pool(s).

E. Furnish and install complete swimming pool electrical system(s) from P.O.C. in Mechanical Room, including, but not limited to, underwater lighting systems, water level control systems, timing systems, scoreboards, special effects systems, control circuitry, motor starters, time clocks, bonding, and all conduits, conductors, contactors, and switches between the system(s) and swimming pool(s).

F. Furnish and install all swimming pool cantilever forming, deck equipment and required anchors and inserts for the specified equipment as required by code, shown on the Drawings and specified herein.

G. After the initial filling of the swimming pool system(s), should any repairs, continuing work, or other Subcontractor responsibility require drainage or partial drainage of the swimming pool systems, the Swimming Pool Subcontractor shall be responsible for any subsequent refilling and shall complete the project with the swimming pool system(s) full of water, water in chemical balance, complete in every way, and in full operation.

H. For Competition Pools: The Contractor shall retain an independent licensed surveyor to provide proof of compliance for required pool lengths as follows:

1. 25 Yards: (Allows for touch pads at one end) 75’- 5/16” minimum, 75’-1 3/16” maximum.
2. 25 Meter: (Allows for touch pads at one end) 82’-9/16” minimum, 82’-13/16” maximum.
3. 50 Meter: (Allows for touch pads at both ends)164’-1 1/8” minimum, 164’-1 11/16” maximum.

Tolerance against length shall extend in a vertical plane 0.3M (12”) above and 0.8M. (2’-7 ½”) below the surface of the water at all points of both end walls typ. of all courses.

The independent licensed surveyor shall fill out, notarize and fill official certifications forms with USA Swimming.

For Council Approval
Not for Bidding

I. Contractor shall retain a licensed engineer to certify the field built main drain systems as VGB Compliant.

1.04 ASSIGNED RESPONSIBILITIES AND RELATED WORK

A. It is the intent of this section of the Specifications to clarify Work responsibilities of the trades directly and indirectly involved in construction of the pool systems. All labor, equipment, materials and supplies furnished by the Swimming Pool Subcontractor and other Subcontractors per the contractual agreement with the General Contractor and Owner and shall be as directed by the Owner through their Designated Representative.

B. **THE SWIMMING POOL SUBCONTRACTOR SHALL NOT SUBCONTRACT ANY PORTION OF THE SWIMMING POOL CONSTRUCTION OR SWIMMING POOL EQUIPMENT INSTALLATION TO ANYONE OTHER THAN A SUBCONTRACTOR THAT SATISFIES THE REQUIREMENTS OF SECTION 13 11 00**

C. References to “swimming pool systems” shall include the swimming pools, equipment, and accessories.

D. The Owner will provide one complete water filling of the swimming pool(s), but will not assume any responsibility for the swimming pool system(s) until they have been proved fully operational, complete in every way and accepted by the Designated Representative.

1.05 RESPONSIBILITIES OF THE CONTRACTOR

A. The Contractor shall grade the swimming pool site(s), establish benchmarks, cut and fill as necessary to provide as level an area as possible at swimming pool deck elevation before swimming pool layout.

B. The Contractor shall be responsible for horizontal dimensions and grade elevations accurately from established lines and benchmarks (as indicated on the Drawings) and be responsible for those grades.

C. The Contractor shall provide adequate temporary light, electric power, heat and ventilation per Federal and State OSHA requirements to construct the swimming pool system(s).

D. The Contractor shall not permit any heavy equipment activity over any area or within five (5) feet of any area under which swimming pool piping is buried. There shall be no exceptions to this requirement.

E. The Contractor shall keep the swimming pool excavation(s) and swimming pool structure(s) free of construction residue and waste materials of their workmen or Subcontractors, removing said material from the swimming pools as required.

F. The Contractor shall protect the swimming pool(s) from damage caused by their construction equipment and /or workmen and Subcontractors.

G. The Contractor shall provide a representative at time of swimming pool start-up to coordinate all trades related to swimming pool system(s).

For Council Approval
Not for Bidding

1.06 RESPONSIBILITIES OF THE MECHANICAL SUBCONTRACTOR

A. The Mechanical Subcontractor shall be licensed in the State of California and provide written notifications to Swimming Pool Subcontractor and contractor when necessary to excavate and backfill within the swimming pool construction site.

B. The Mechanical Subcontractor shall not utilize any swimming pool piping trench for installation of any sanitary sewer, storm sewer, domestic water, hot water, chilled water or natural gas line.

C. The Mechanical Subcontractor shall furnish and install all sanitary sewer piping, including vent stacks (if necessary), for backwash pits, floor drains and floor sinks as required by code, shown on Drawings, and herein specified.

D. The Mechanical Subcontractor shall furnish and install all storm sewer piping and site drainage systems as required by code, shown on the Drawings, and herein specified.

E. The Mechanical Subcontractor shall provide a minimum 75 psi water supply for swimming pool construction work within fifty (50) feet of the swimming pool construction site(s).

F. The Mechanical Subcontractor shall furnish and install reduced pressure backflow protected domestic water lines to P.O.C. within swimming pool Mechanical Room as required by code, shown on the Drawings, and herein specified.

G. The Mechanical Subcontractor shall furnish and install natural gas piping, pressure regulation and valving to P.O.C. within swimming pool Mechanical Room as required by code, shown on the drawings, and herein specified.

H. The Mechanical Subcontractor shall furnish and install all ductwork, louvers, and all HVAC equipment within swimming pool Mechanical Room as required by code, shown on the Drawings, and herein specified.

I. The Mechanical Subcontractor shall provide a representative at time of swimming pool start-up to coordinate work related to swimming pool system(s).

1.07 RESPONSIBILITIES OF THE ELECTRICAL SUBCONTRACTOR

A. The Electrical Subcontractor shall be licensed in the State of California and shall furnish and install electrical service to swimming pool Mechanical Room sized to accommodate all necessary swimming pool equipment as shown on the Drawings and herein specified.

B. The Electrical Subcontractor shall furnish any temporary power needed by the Swimming Pool Subcontractor within fifty (50) feet of the swimming pool construction site(s).

C. The Electrical Subcontractor shall furnish and install all conduits, conductors, starters/disconnects, panels, circuits, switches and equipment as required for lighting, ventilation and HVAC equipment within swimming pool Mechanical Room as required by code, shown on the Drawings, and herein specified.

For Council Approval
Not for Bidding

D. The Electrical Subcontractor shall furnish and install all conduits, conductors, panels, circuits, switches and equipment for area lighting as required by code, shown on the Drawings, and herein specified.

E. All equipment, material and installation shall be as required under Division 16 of the Specifications and shall conform to NEC Article 680 (latest revision), State and Local Codes, and as may be required by all authorities having jurisdiction over swimming pool construction within the State of California.

F. The Electrical Subcontractor shall provide a representative at time of swimming pool start-up to coordinate work related to swimming pool system(s).

1.08 INTENT

A. It is the intention of these specifications and Drawings to call for finished work, tested and ready for operation. Wherever the word “provide” is used, it shall mean “furnish and install complete and ready for use.”

B. Minor details not usually shown or specified, but necessary for proper installation and operation, shall be included in the work, the same as if herein specified or shown.

1.09 SCHEDULE OF VALUES

A. Provide a Schedule of Values for all work specified in each of the technical specifications listed in the table below, regardless of whether the work is performed by the swimming pool contractor or others. Values listed shall be fully burdened, with contractor general conditions, overhead, profit and bonds included. Payments for swimming pool work completed shall not be approved until Schedule of Values has been submitted to and approved by Architect.

SWIMMING POOL SCHEDULE OF VALUES

No.	Section #	Description	Value
1.	131102	Swimming Pool Concrete	
2.	131104	Swimming Pool Ceramic Tile	
3.	131105	Swimming Pool Plaster	
4.	131106	Swimming Pool Equipment	
5.	131107	Swimming Pool Mechanical	
6.	131108	Swimming Pool Electrical	

1.10 SUBMITTAL PROCEDURES

A. General: Electronic copies of CAD Drawings of the Contract Drawings will not be provided by Architect for Subcontractor's use in preparing submittals.

B. Coordination: Coordinate preparation and processing submittals with performance construction activities.

For Council Approval
Not for Bidding

1. Coordinate each submittal with fabrication, purchasing, testing, delivery, other submittals, and related activities that require sequential activity. Coordinate transmittal of different types of submittals for related parts of the Work so processing will not be delayed because of need to review submittals concurrently for coordination.

    a. Architect reserves the right to withhold action on a submittal requiring coordination with other submittals until related submittals are received.

C. Submittals Schedule: Comply with requirements in Division 1 Section "Construction Progress Documentation" for list of submittals and time requirements for schedules performance of related construction activities.

D. Processing Time: Allow enough time for submittal review, including time for re-submittals as follows. Time for review shall commence on Architect's receipt of submittal.

1. Initial Review: Allow fifteen (15) days for initial review of each submittal. Allow additional time if processing must be delayed to permit coordination with subsequent submittals. Architect will advise Contract when a submittal being processed must be delayed for coordination.
2. Concurrent Review: Where concurrent review of submittals by Architect's consultants, Owner, or other parties is required, allow twenty-one (21) days for initial review of each submittal.
3. Direct Transmittal to Consultant: Where the Contract Documents indicate that submittals may be transmitted directly to Architect's consultants, provide duplicate copy of transmittal to Architect. Submittal will be returned to Architect before being returned to Subcontractor.
4. If intermediate submittal is necessary, process it in same manner as initial submittal.
5. Allow fifteen (15) days for processing each submittal.
6. No extension of the Contract Time will be authorized because of failure to transmit submittals enough in advance of the Work to permit processing.

E. Identification: Place a title block on each submittal for identification.

1. Indicate name of firm or entity that prepared each submittal on title block.
2. Provide a space on title block to record Subcontractor's review and approval markings and action take by Architect.
3. Include the following information on title block for processing and recording action taken: (See Attached Sample)

    a. Project name.
    b. Date.
    c. Name and address of Subcontractor.
    d. Name of Subcontractor.
    e. Name of Supplier.
    f. Name of Manufacturer.
    g. Unique identifier, including revision number.
    h. Number and title of appropriate Specification Section.
    i. Drawing number and detail references, as appropriate.
    j. Other necessary identification.

For Council Approval
Not for Bidding

SUBMITTAL FOR:	SUBMITTAL TO:	SUBCONTRACTOR:

Item Number: _____
Section Number: _____
Section Description: _____
Subcontractor: _____
Supplier: _____
Manufacturer: _____
Product Code: _____
Quantity: _____

Subcontractor Certification:

It is hereby certified that the equipment or material designated in this submittal is proposed to be incorporated in the above named project and is in compliance with the contract drawings and / or specifications and is submitted for approval.

Certified by: _____
Date: _____
Job Superintendent: _____
Revisions: _____

Contractor's Submittal Stamp:

Architect's Review Stamp and Comments

For Council Approval
Not for Bidding

F. Deviations: Highlight, encircle, or otherwise identify deviations from the Contract documents on submittal.

G. On all catalogue or cut sheets identify which model or type is being submitted.

H. Transmittal: Package each submittal individually and appropriately for transmittal and handling. Product data and shop drawings shall be packaged within a three-ring binder and colored samples shall be packaged on a heavy cardboard. Transmit each submittal using a transmittal form.

1. On an attached separate sheet, prepared on Subcontractor's letterhead, record relevant information, request for data, revisions other than those requested by Architect on previous submittals and deviations from requirements of the Contract documents, including minor variations and limitations. Include the same label information as the related submittal.
2. Include Subcontractor's certification stating that information submitted complies with requires of the Contract Documents.
3. Transmittal Form: Provide locations on form for the following information:

a. Project name.
b. Date.
c. Destination (To:).
d. Source (From:).
e. Names of Subcontractor, manufacturer, and supplier.
f. Category and type of submittal.
g. Submittal purpose and description.
h. Remarks.

I. Distribution: Furnish copies of final submittals to manufacturers, Subcontractors, suppliers, fabricators, installers, authorities having jurisdiction and others as necessary for performance of construction activities. Show distribution on transmittal forms.

J. Use for Construction: Use only final submittals with mark indicating action taken by Architect in connection with construction.

1.11 SUBSTITUTIONS

A. To obtain approval to use unspecified products, bidders shall submit requests for substitution at least ten (10) days prior to bid date. Requests shall only be considered if they clearly describe the product for which approval is asked, including all data necessary to demonstrate acceptability. All unspecified products and equipment will be considered on an “or equal” basis at the discretion of the Designated Representative. Requests for substitution received after the specified deadline will not be considered. Where a conflict exists between the requirements of the General Conditions / Special Conditions / Division 1 concerning substitutions and the requirements of this Article, this Article (Section 13 11 00, Article 1.10) shall govern.

B. Where the Swimming Pool Subcontractor proposes to use an item of equipment other than that specified or detailed on the Drawings which requires any redesign of the structure,

For Council Approval
Not for Bidding

partitions, foundations, piping, wiring, or any other part of the architectural, mechanical, or electrical layout, all such redesign and all new drawings (stamped by California Licensed Engineer) and detailing required shall be prepared by the Swimming Pool Subcontractor, at their own expense, submitted for review and approval by the Designated Representative prior to bid.

C. Where such approved deviation requires a different quantity and arrangement of piping, supports and anchors, wiring, conduit, and equipment from that specified or indicated on the Drawings, the Swimming Pool Subcontractor shall furnish and install any such piping, structural supports, controllers, motors, starters, electrical wiring and conduit, and any other additional equipment required by the system, at no additional cost to the Owner.

1.12 SURVEYS AND MEASUREMENTS

A. The Swimming Pool Subcontractor shall base all measurements, both horizontal and vertical, from benchmarks established by the Contractor. All work shall agree with these established lines and levels. The mechanical Drawings do not give exact details as to elevations of piping, exact locations, etc. and do not show all offsets, control lines, pilot lines and other installation details. Verify all measurements at site and check the correctness of same as related to the work.

1.13 DRAWINGS

A. Drawings are diagrammatic and indicate the general arrangement of the systems and work included in the Subcontractor. Drawings are not to be scaled. The architectural drawings and details shall be examined for exact dimensions. Where they are not definitely shown, this information shall be obtained from the Designated Representative.

1.14 SWIMMING POOL SUBSUBCONTRACTOR

A. The swimming pool construction work as herein described and specified in Division 13 of the Project Manual shall be the complete responsibility of a qualified and specifically licensed (C-53 license classification within the State of California) Swimming Pool Subcontractor with extensive experience in commercial public use swimming pool installations.

B. The Contractor shall require the Swimming Pool Subcontractor to furnish to the Contractor performance and payment bonds in the amount of 100% of the Swimming Pool Subcontractor's bid written by a surety Company properly registered in the State of California and listed by the U.S. Treasury. The expense of the bond(s) is to be borne by the Subcontractor. The Contractor shall clearly specify the amount and requirements of the bond(s) in the Contractor's written or published request for subbids. The Contractor's written or published request for subbids shall also specify that the bond(s) expense is to be borne by the Subcontractor.

C. Subcontractor certifies that it meets the qualifications and experience requirements established in Swimming Pool General Requirements, Section 13 11 00, as follows:

1. Subcontractor has derived 50% of its annual revenue from public-use swimming pool construction for each of the last five (5) years.

For Council Approval
Not for Bidding

2. Subcontractor has, in the last five (5) years, constructed at least five (5) commercially designed municipal and public-use swimming pools, each of which have incorporated a minimum size of 6,000 square feet of water surface area with a concrete and ceramic tile perimeter overflow gutter and self-modulating balance tank.
3. The following list of projects meet the requirements of section (b) above and the contact as reference by the Contractor, the Awarding Authority of their agent or designee.

a. Owner: _____
Scope of Project: _____
Contact Person: _____
Phone Number: _____
Architect for Project: _____

b. Owner: _____

D. Swimming Pool Deck Subcontractor other than the swimming pool Subcontractor certifies that it meets the qualifications and experience requirements established in Swimming Pool General Requirements, Section 13 11 00, as follows:

1. Subcontract has, in the last five (5) years, constructed at least five (5) commercially designed cantilevered pool decks over perimeter gutters, each of which have incorporated a minimum size of 6,000 square feet of water surface area of the swimming pool.
2. The following list of projects meet the requirements of section (b) above and the contact as reference by the Contractor, the Awarding Authority of their agent or designee.

1.15 OPERATING INSTRUCTIONS

A. The Swimming Pool Subcontractor shall determine from actual samples of pool water supplied by the Owner, the proper water management program necessary for maximum operating efficiency and comfort. The Swimming Pool Subcontractor shall provide the services of experienced personnel familiar with this type of pool system operation, in conformance with Section 13 11 05 of the Specifications.

1.16 MAINTENANCE MANUALS

A. The Swimming Pool Subcontractor shall provide six (6) bound sets for delivery to the Designated Representative of instructions for operating and maintaining all systems and equipment included in this Contract. Manufacturer's advertising literature or catalog pictures will not be acceptable for operating and maintenance instructions.

B. Bound in ring binders shall be all parts lists, periodic maintenance instructions and troubleshooting guidelines for all pool equipment, including but not limited to filters, pumps, controllers, water chemistry control equipment, etc.

For Council Approval
Not for Bidding

1.17 SECURE FROM THE OWNER

A. A complete Owner-furnished filling of the swimming pools.

B. The Owner's assistance, as specified herein, from the time of start-up until final written acceptance of the swimming pool system(s).

C. Chemicals as required for swimming pool operation after Swimming Pool Subcontractor completes initial water chemistry balance and water treatment during the maintenance period described in Section 13 11 05 of the Specifications.

1.18 WARRANTY

A. The Swimming Pool Subcontractor shall warrant all swimming pool structures, finishes and systems against defects in material and workmanship for a period of one year after the date of acceptance by the Owner. Any repair or replacement required due to defective material or workmanship will be promptly corrected by the Swimming Pool Subcontractor.

PART 2 PRODUCTS

NOT USED

PART 3 EXECUTION

NOT USED

END OF SECTION

For Council Approval
Not for Bidding

SECTION 13 11 02

SWIMMING POOL CONCRETE

PART 1 GENERAL

1.01 WORK INCLUDED

A. Forming for cast-in-place concrete and shotcrete associated with swimming pools.

B. Reinforcement for cast-in-place concrete and shotcrete associated with swimming pools.

C. Cast-in-place concrete for swimming pool structures. Do not use waterproofing admixture of any kind.

D. Provide labor, materials and equipment as required to install sealant for all pool deck expansion joints, or any other caulking, as indicated on the aquatic Drawings and herein specified.

1.02 QUALITY ASSURANCE

A. Qualifications of Workers:

1. The entity performing the work of this Section shall have been successfully engaged in the respective trade for at least five (5) years immediately prior to commencement of the Work.
2. For actual construction operations, use only trained and experienced workers with a minimum of three (3) years' experience with the materials and methods specified.
3. Provide at least one person who shall be present at all times during execution of the work of this Section, with a minimum of five (5) years' experience with the type of materials being installed, the referenced standards, and who shall direct all Work performed under this Section.

B. Standards:

1. In addition to complying with the California Building Code (2022 edition), comply with all pertinent recommendations contained in "Guide to Formwork for Concrete" Publication ACI 347R-14 of the American Concrete Institute.
2. In addition to complying with California Building Code (2022 edition), comply with all pertinent recommendations contained in "Guide to Presenting Reinforcing Steel Design Details," Publication ACI 315R-18 of the American Concrete Institute.
3. In addition to complying with all local codes and regulations, comply with all pertinent recommendations contained in American Society for Testing and materials (ASTM); ASTM C 920 "Standard Specification for Elastometric Joint Sealants."

C. Tolerances: Construct all swimming pool concrete straight, true, plumb and square within a tolerance horizontally and vertically of 1/8" in total distance.

1.03 SUBMITTAL AND SUBSTITUTIONS

For Council Approval
Not for Bidding

A. Provide submittals in conformance with the requirements of Section 013300. Requests for substitution shall conform to requirements of Article 1.10.A of Section 131100.

B. Samples and Certificates, Concrete Reinforcement:

1. Provide all data and access required for testing as described in Section 01400 of the Specifications.
2. All material shall bear mill tags with heat number identification. Mill analysis and report shall be made available upon request.
3. Material not so labeled and identifiable may be required by the Owner to be tested by the testing laboratory selected by the Owner and at no additional cost to the Owner, in which case random samples will be taken for one series of tests from each 2-1/2 tons or fraction thereof of each size and kind of reinforcing steel.
4. Design mix from batch plant demonstrating previous use history and associated strengths at 28 days.
5. The Contractor shall submit a mix design stamped and signed by a licensed engineer for approval by the Owner's Representative prior to any placement of concrete.

C. Submit proof of qualifications as specified in Article 1.02.A of this Section.

D. Submit reinforcing shop drawings for pool walls, gutters, floors, dike walls and balance tank, etc. as shown on the construction drawing.

1.04 PRODUCT HANDLING

A. Delivery: Deliver materials to the Project Site in the manufacturer's original unopened containers with all labels intact and legible.

B. Storage: Store materials under cover in a manner to prevent damage and contamination, and store only the specified materials at the Project Site.

C. Protection: Use all means necessary to protect the swimming pool concrete before, during, and after installation and to protect the installed Work specified in other Sections.

D. Replacements: In the event of damage, immediately make all repairs and replacements necessary to the approval of the Owner.

PART 2 PRODUCTS

2.01 CONCRETE FORMWORK

A. Form Materials:

1. Form Lumber: All form lumber in contact with exposed concrete shall be new except as allowed for reuse of forms in Part 3 of this Section, and all form lumber shall be one of the following, a combination thereof, or an equal approved in advance by the Owner's Representative.

For Council Approval
Not for Bidding

a. "Plyform," Class I or II, bearing the label of the Douglas Fir Plywood Association; "Inner-Seal" Form as manufactured by Louisiana-Pacific, or approved equal.
b. Douglas Fir-Larch, number two grade, seasoned, surfaced four sides.

2. Form Release Agent: Colorless, non-staining, free from oils; chemically reactive agent that shall not impair bonding of paint or other coatings intended for use.

B. Ties and Spreaders:

1. Type: All form ties shall be a type which do not leave an open hole through the concrete and which permits neat and solid patching at every hole.
2. Design: When forms are removed, all metal reinforcement shall be not less than two (2) inches from the finished concrete surface.
3. Wire Ties and Wood Spreaders: Do not use wire ties or wood spreaders.

C. Alternate Forming Systems: Alternate forming systems may be used subject to the advance approval of the Owner's Representative.

2.02 CONCRETE REINFORCEMENT

A. Bars: Bars for reinforcement shall conform to "Specifications for Deformed Carbon-Steel Bars for Concrete Reinforcement," ASTM A-615, Grade 60.

B. Wire Fabric: Wire fabric shall conform to "Specification for Carbon-Steel Wire and Welded Wire Reinforcement, Plain and Deformed, for Concrete", ASTM A1064.

C. Tie Wire: Tie wire for reinforcement shall conform to "Specification for Carbon-Steel Wire and Welded Wire Reinforcement, Plain and Deformed, for Concrete", ASTM A853 black annealed 16-gauge tie wire.

2.03 CAST-IN-PLACE CONCRETE

A. Concrete:

1. All concrete, unless otherwise specifically permitted by the Owner's Representative, shall be transit-mixed in accordance with ASTM C94. Concrete for water retaining structures that do not receive a waterproofing finish such as ceramic tile or swimming pool plaster shall receive a topical waterproofing finish.
2. The control of concrete production shall be under the supervision of a recognized testing agency, selected by the Owner in accordance with Section 01 25 00 of the Specifications.
3. Quality: All concrete shall have the following minimum compressive strengths at twenty-eight (28) days and shall be proportioned within the following limits

a. 4,000 psi minimum compressive strength for cast-in-place swimming pool structures.
b. 1" maximum size aggregate.
c. 6.0 minimum sacks of cement per cubic yard.*
d. Maximum water to cement ratio of 0.40 minimum-0.45 maximum.

For Council Approval
Not for Bidding

e. 4” maximum slump.
* For estimate only: to be determined by mix design.

4. Cement: All cement shall be Portland Cement conforming to ASTM C-150, Type II or V and shall be the product of one manufacturer.

5. Aggregates:

a. Shall conform to “Standard Specifications for Concrete Aggregates,” ASTM C33, except as modified herein.
b. Coarse Aggregate: Clean sound washed gravel or crushed rock. Crushing may constitute not more than 30% of the total coarse aggregate volume. Not more than 5% flat, thin, elongated or laminated material nor more than 1% deleterious material shall be present. 1" aggregate graded from 1/4” to 1”, fineness modulus 6.90 to 7.40. 1-1/2” graded from ½” to 1-1/2”, fineness modulus 7.80 to 8.20.
c. Fine Aggregate: Washed natural sand of hard, strong particles and shall contain not more than 1% of deleterious material, fineness modulus 2.65 to 3.05.
d. Aggregate must be certified, non-expansive from a “known” good source.

6. Water: ASTM C1602 Clean, fresh, free from acid, alkali, organic matter or other impurities liable to be detrimental to the concrete (potable).
7. Admixtures: Admixtures shall be used upon approval of the Owner's Representative.

a. Air-entraining admixture: Conform to ASTM C260.
b. Water-reducing admixture: Conform to ASTM C494.

B. Construction Joints: Use keyform for slab pour joints. Either preformed galvanized or PVC construction joint forms of a standard manufacturer may be used. Install per manufacturer's recommendations and tool edges of slabs.

C. Waterstops: PVC bulb-type for use between concrete pours / lifts, conforming with ASTM D 570, D 624, and D 638. Provide in configuration(s) as recommended by manufacturer for specific application. Greenstreak, W.R. Meadows, or approved equal.

D. Curing Materials:

1. Liquid Membrane (covered slab): Chlorinated rubber membrane forming, curing-sealing compound conforming to ASTM C309.
2. Liquid Membrane (exposed slab): Clear methyl and butyl methacrylate non-staining, membrane forming, curing-sealing compound conforming to ASTM C309.

E. Cement Grout and Drypack:

1. Cement Grout: Mix 1 part by volume of Portland Cement, 1/2 part by volume of water and fine aggregate enough to make mixture flow under its own weight.
2. Drypack: Mix 1 part by volume of Portland Cement, 1/2 part by volume of water and fine aggregate enough to make a stiff mix that will mold into a ball. Mix no more than can be used in 30 minutes.

For Council Approval
Not for Bidding

2.04 JOINT SEALANT MATERIALS

A. Caulking: Multipart, non-sag gun grade polyurethane based sealant meeting the requirements of ASTM C920-02, Type S or M, Mamemco International, Pecora, Sika Corp., Sonneborn Building Products, Tremco or approved equal. Self-leveling caulking materials are not allowed.

B. Primer: Non-staining type, recommended by sealant manufacturer to suit application.

C. Joint Cleaner: Non-corrosive and non-staining type, recommended by sealant manufacturer; compatible with joint forming materials.

D. Sealant Backer Rod: Provide compressible polyethylene or polyurethane backer rod as recommended by the sealant manufacturer.

E. Bond Breaker Tape: Provide polyethylene tape or other plastic tape as recommended by sealant manufacturer, to be applied to sealant-contact surfaces where bond to substrate or joint filler must be avoided for proper performance of sealant.

F. Sand: Cover the surface of the caulking with #30 silica sand.

2.05 OTHER MATERIALS

A. All other materials, not specifically described but required for proper completion of the work of this Section, shall be as selected by the Contractor subject to the advance review by the Owner's Representative.

PART 3 EXECUTION

3.01 SURFACE CONDITIONS

A. Inspection:

1. Prior to all Work of this Section, carefully inspect the installed Work of other trades and verify that all such Work is complete to the point where this installation may properly commence.
2. Verify that all Work may be constructed in accordance with all applicable codes and regulations, the referenced standards, the original design, and in accordance with site specific Geotechnical Report.

B. Discrepancies:

1. In the event of discrepancy, immediately notify the Owner's Representative.
2. Do not proceed with installation in areas of discrepancy until all such discrepancies have been fully resolved.
3. Failure to notify the Owner's Representative and give written notice of discrepancies shall constitute acceptance by the Contractor of existing conditions as fit and proper to receive work.

For Council Approval
Not for Bidding

3.02 CONCRETE FORMWORK

A. Construction of Forms:

1. General: Construct all required forms to be substantial, sufficiently tight to prevent leakage of concrete paste, and able to withstand excessive deflection when filled with wet concrete.
2. Layout:

    a. Form for all required cast-in-place concrete to the shapes, sizes, lines and dimensions indicated on the Drawings.
    b. Exercise particular care in the layout of forms to avoid necessity for cutting concrete after placement.
    c. Make proper provisions for all openings, offsets, recesses, anchorages, blocking and other features of the Work as shown or required.
    d. Perform all forming required for Work of other trades and do all cutting and repairing of forms required to permit such installation.
    e. Carefully examine the Drawings and Specifications and consult with other trades as required relative to providing for pipe and conduit penetrations, reglets, chases and other items in the forms.

3. Imbedded Items: Set all required steel frames, angles, bolts, inserts and other such items required to be anchored in the concrete prior to concrete being placed.
4. Bracings:

    a. Properly brace and tie the forms together so as to maintain position and shape and to ensure safety to workmen.
    b. Construct all bracing, supporting members and centering of ample size and strength to safely carry, without excessive deflection, all dead and live loads to which they may be subjected.
    c. Properly space the forms apart and securely tie them together, using metal spreader ties that give positive tying and accurate spreading.

5. Wetting: Keep forms sufficiently wetted to prevent joints from opening up before concrete is placed.

B. Plywood Forms:

1. Design: Nail the plywood panels directly to studs and apply in a manner to minimize the number of joints.
2. Joints: Make all panel joints tight butt joints with all edges true and square.

C. Footing Forms:

1. Wood Forms: All footing forms shall be wood unless otherwise specifically approved by the Owner's Representative, or as specified in paragraph 3.02(C)(2).
2. Earth Forms:

For Council Approval
Not for Bidding

a. Side walls for footings may be of earth provided the soil will stand without caving and the sides of the bank are made with a neat cut to the minimum dimensions indicated on the Drawings.
b. For excavation and backfill of earth forms, conform with applicable provisions of Section 13 11 01.

D. Reuse of Forms:

1. Reuse of forms shall be subject to advance approval of the Owner's Representative.
2. Except as specifically approved in advance by the Owner's Representative, reuse of forms shall in no way delay or change the schedule for placement of concrete from the schedule obtainable if all forms were new.
3. Except as specifically approved in advance by the Owner's Representative, reuse of forms shall in no way impart less structural stability to the forms nor less acceptable appearance to finished concrete.

E. Removal of Forms:

1. General:

a. In general, side forms of footings may be removed seven (7) days after placement of concrete, but time may be extended if deemed necessary by the Owner's Representative.
b. Forms for footings, foundations, grade beams, slabs, walls, and other formed concrete may be removed fourteen (14) days after placement of concrete.

2. Removal:

a. Use all means necessary to protect workers, passersby, the installed Work of other trades and the complete safety of the structure.
b. Cut nails and tie wires or form ties off flush, and leave all surfaces smooth and clean.
c. Remove metal spreader ties on exposed concrete by removing or snapping off inside the wall surface and pointing up and rubbing the resulting pockets to match the surrounding areas.
d. Flush all holes resulting from the use of spreader ties and sleeve nuts using water, and then solidly pack throughout the wall thickness with cement grout applied under pressure by means of a grouting gun; grout shall be one part Portland Cement to 2-1/2 parts sand; apply grout immediately after removing forms.

3.03 CONCRETE REINFORCEMENT

A. Bending:

1. General:

a. Fabricate all reinforcement in strict accordance with the Drawings.
b. Do not use bars with kinks or bends not shown on the Drawings.

For Council Approval
Not for Bidding

c. Do not bend or straighten steel in a manner that will injure the material. (When opposite end is already encased in concrete.)

2. Design:

a. Bend all bars cold.
b. Make bends for stirrups and ties around a pin having a diameter of not less than two (2) times the minimum thickness of the bar.
c. Make bends for other bars, including hooks, around a pin having a diameter of not less than six (6) times the minimum thickness of the bar.

B. Placing:

1. General: Before the start of concrete placement, accurately place all concrete reinforcement, positively securing and supporting by concrete blocks, metal chairs or spacers, or by metal hangers.
2. Clearance:

a. Preserve clear space between bars of not less than one and one-half (1-1/2) times the nominal diameter of the round bars.
b. In no case let the clear space be less than one and one-half (1-1/2) inches nor less than one and one-third (1-1/3) times the maximum size of the aggregate.
c. Provide the following minimum concrete covering of reinforcement:

1) Concrete deposited against earth: three (3) inches minimum.
2) Concrete below grade deposited against forms: two (2) inches minimum.
3) Concrete elsewhere: As indicated on Drawings or otherwise approved by the Owner's Representative.

3. Splicing:

a. Horizontal Bars:

1) Place bars in horizontal members with minimum lap at splices sufficient to develop the strength of the bars.
2) Bars may be wired together at laps except at points of support of the member, at which points preserve clear space described above.
3) Whenever possible, stagger the splices of adjacent bars.
4) Splice forty (40) bar diameters minimum.
5) Provide non-contact lap slices for shotcrete.

b. Wire Fabric: Make all splices in wire fabric at least one and one-half (1-1/2) meshes wide.
c. Other Splices: Make only those other splices that are indicated on the Drawings or specifically approved by the Owner's Representative.

4. Dowels: Place all required steel dowels and securely anchor them into position before concrete is placed.

For Council Approval
Not for Bidding

5. Obstructions: In the event conduits, piping, inserts, sleeves and other items interfere with placing reinforcement as indicated on the Drawings or otherwise required, immediately consult with the Owner's Representative and obtain approval of a new procedure prior to placing concrete.

C. Cleaning Reinforcement: Steel reinforcement, at the time concrete is placed around it, shall be free from rust scale, loose mill scale, oil, paint and all other coatings which will destroy or reduce the bond between steel and concrete. Bend down all tie wire away from the top of the pool concrete. Maintain a 2" clear from top of concrete to the tie wire.

3.04 SHOTCRETE REINFORCEMENT

A. Shotcrete reinforcement shall be in accordance with the requirements of CBC 1908A and ACI 318-19, along with the provisions of ACI 506R and ACI 506.2. For parallel nonprestressed reinforcement in shotcrete members, the clear spacing between bars shall be at least the greater of 6 bar diameters and 2-1/2 in. Where two curtains of reinforcement are provided, the clear spacing between bars in the curtain nearer the nozzle shall be at least 12 bar diameters; the clear spacing between bars in the remaining curtain shall be at least the greater of 6 bar diameters and 2-1/2 in. Adequate encasement of bars larger than No. 5 shall be demonstrated by a preconstruction test shotcrete mockup panel.

B. Subject to the approval of the building official, it shall be permitted to use a clear spacing that does not meet the clear spacing provisions listed above provided that shotcrete mockup panels are used to demonstrate the proper reinforcement encasement in accordance with the following:

1. The shotcrete mockup panels shall be representative of the most complex reinforcement configurations to be encountered.
2. The licensed design professional shall specify the shotcrete mockup panel quantity, frequency of shooting per nozzleman and member type, and panel thickness to verify reinforcement encasement.

B. Non-contact lap splices for reinforcement in shotcrete shall have clear spacing in accordance with the following:

1. For No. 6 and smaller bars, the clear spacing between bars shall be at least greater of 6 bar diameters and 2-1/2" in.
2. For No. 7 and larger bars, the clear spacing shall be established using a shotcrete mockup panel to demonstrate that the reinforcement is properly encased.
   Subject to the approval of the building official, contact lap splices for reinforcement in shotcrete shall be oriented with the plane of the spliced bars perpendicular to the surface of the shotcrete and approved by the licensed design professional based on a shotcrete mockup panel to demonstrate that the reinforcement is properly encased.

3.05 CAST-IN-PLACE CONCRETE

A. <u>Conveying and Placing Concrete:</u>

1. Before placing concrete, mixing and conveying equipment shall be well cleaned, and the

For Council Approval
Not for Bidding

forms and space to be occupied by concrete shall be thoroughly cleaned and wetted. Ground water shall be removed until the completion of the work.

2. No concrete shall be placed in any unit of work until all formwork has been completely constructed, all reinforcement has been secured in place, all items to be built into concrete are in place, and form ties at construction joints tightened.
3. Concrete shall be conveyed from mixer to place of final deposit in such a way to prevent the separation or loss of ingredients. It shall be placed as nearly as practicable in its' final position to avoid rehandling or flowing. Concrete shall not be dropped freely where reinforcing bars will cause segregation, nor shall it be dropped freely more than six (6) feet. Use tremies, spouts and dump boxes in deep sections. Vibrators are not acceptable for facilitating concrete transport.
4. Concrete shall be tamped and spaded to insure proper compaction into all parts of forms and around reinforcement. A mechanical vibrator shall be used to thoroughly compact the concrete. Vibration must be by direct action in the concrete and not against forms or reinforcement.
5. Mixing and transport time as indicated in ASTM C94 is required. If air temperatures are between 85° and 90° F the delivery time is to be reduced to 75 minutes. When air temperatures are in excess of 90° F the delivery time should be reduced to 60 minutes.
6. Truck mixes without batch certificates will be rejected.

B. Construction Joints / Expansion Joints: Construction joints and expansion joints shall be provided at locations and in the manner shown on the Drawings. With exception of existing concrete / new shotcrete joints, use PVC bulb-type waterstops appropriate for design condition between all concrete pours / lifts to avoid cold joints. Waterstops shall be placed in such a way to protect reinforcing steel from rust and oxidation. All expansion joints must be the full depth of the concrete section in which they are located.

C. Slab Finishes: Concrete slabs shall be compacted and screeded uniformly to grades shown. Push large aggregates below the surface with a screen tamper, screed and bull float. As soon as the surface becomes workable, it shall be wood floated, then finished as indicated on the Drawings to a uniform smooth, true surface in a neat and workmanlike manner. Carefully coordinate slab finish requirements with other trades (ceramic tile, pool plaster) to insure concrete finish is appropriate substrate for final finish material.

1. Pool Floor Slab: Heavy Wire Broom Finish.

D. <u>Protection and Curing:</u>

1. Concrete shall be protected from injurious action of the elements and defacement of any nature during construction.
2. All forms must be kept wet to prevent drying out of the concrete.
3. All concrete surfaces including footings must be kept wet for at least seven (7) days after concrete is placed.
4. Apply the appropriate curing materials, as specified in 2.03 of this Section, immediately after finishing slabs. Application shall be as specified by the manufacturer.

E. <u>Form Removal:</u>

For Council Approval
Not for Bidding

1. Take care in removing forms so that surfaces are not marred or gouged and that corners are true, sharp and unbroken.
2. No steel spreaders, ties or other metal shall project from or be visible on any concrete surfaces.

F. Defective Work:

1. Should the strength of any concrete for any portion of the work indicated by tests of molded cylinders and core tests fall below minimum 28 days strength specified or indicated, concrete will be deemed defective work and shall be replaced.
2. Concrete work that is not formed as indicated, is not true to intended alignment, not plumb or level where so intended, not true to intended grades or elevations, not true to specified or selected finish, contains sawdust shavings, wood, or embedded debris, which exhibits cracks or contains fine or coarse sulfide particles, or expansive aggregates detrimental to performance or appearance of the concrete shall be deemed defective.
3. Promptly perform work required to replace and properly clean (by sandblasting if necessary) any defective concrete panels (control joint or expansion joint to control joint or expansion joint), at Contractor's expense, including all expense of additional inspection, tests, or supervision made necessary as a result of defective concrete.

3.06 EXPANSION JOINTS

A. Temperatures: Do not install sealants when air temperature is less than 40°F.

B. Tooling: Tool exposed joints to a slightly concave surface using slicking materials recommended by the manufacturer. The tooling procedure shall press sealant against the sides of the joint. No materials shall be left “feathered” out or smeared on the abutting materials. Completed joints shall have a uniform professional appearance.

C. Joint Construction: Sealant joint width, thickness and cross-sectional profile to be constructed in strict accordance with the sealant manufacturer’s recommendations.

D. Sand: At the appropriate time cover the sealant with sand to provide a sanded finish.

3.07 CLEAN-UP

A. Upon completion of the Work of this Section, immediately remove all swimming pool concrete materials, debris and rubbish occasioned by this Work to the approval of the Owner’s Representative.

END OF SECTION

For Council Approval
Not for Bidding

SECTION 13 11 04

SWIMMING POOL CERAMIC TILE

PART 1 GENERAL

1.01 WORK INCLUDED

A. Swimming pool ceramic tile detailed on the Drawings, including, but not limited to, the following:

1. Waterline Face Tile.
2. Gutter Cap Tile.
3. Lane Line / Target Tile / 4'-6" Depth Tile.
4. Trim Tile. (At Underwater Steps)
5. Floor Inlet Tile
6. 15M Marker Tile

1.02 QUALITY ASSURANCE

A. Qualifications of Workers:

1. The entity performing the work of this Section shall have been successfully engaged in the respective trade for at least five (5) years immediately prior to commencement of the Work.
2. For actual construction operations, use only trained and experienced workers with a minimum of three (3) years experience with the materials and methods specified.
3. Provide at least one person who shall be present at all times during execution of the work of this Section, with a minimum of five (5) years experience with the type of materials being installed, the referenced standards, and who shall direct all Work performed under this Section.

B. Standards: In addition to complying with all pertinent codes and regulations:

1. Manufacture of all tile shall be in accordance with ANSI A-137.1-1976.
2. Install ceramic tile in accordance with the recommendations contained in the 2025 "Handbook for Ceramic Tile Installation" of the Tile Council of America, Inc.

C. Tolerances: Install all swimming pool ceramic tile straight, true, plumb and square within a tolerance horizontally and vertically of 1/8". Waterline and gutter bullnose tile shall be level to 1/8" (+/- 1/16") around entire perimeter of swimming pools.

1.03 SUBMITTALS AND SUBSTITUTIONS

A. Provide submittals in conformance with the requirements of Section 01 33 00. Requests for substitution shall conform to requirements of Article 1.10.A of Section 13 11 00.

B. Samples: Submit samples of each color and pattern in the specified groups. Character samples can be representative for review prior to screening of actual tile.

For Council Approval
Not for Bidding

C. Master Grade Certificate: Prior to opening ceramic tile containers, submit a Master Grade Certificate, signed by the manufacturer of the tile used and issued when the shipment is made, stating the grade, kind of tile, identification marks for the tile containers, and the name and location of the Project.

D. Specifications: Submit manufacturer's recommended installation specifications for the Work.

E. Submit proof of qualifications as specified in Article 1.02.A of this Section.

1.04 PRODUCT HANDLING

A. Delivery: Deliver all materials to the Project Site in the manufacturer's original unopened containers with all labels intact and legible.

B. Storage: Store all materials under cover in a manner to prevent damage and contamination, and store only the specified materials at the Project site.

C. Protection: Use all means necessary to protect swimming pool ceramic tile before, during and after installation and to protect the installed Work specified in other Sections.

D. Replacements: In the event of damage, immediately make all repairs and replacements necessary to the approval of the Owner.

PART 2 - PRODUCTS

2.01 TILE

A. Waterline Face Tile:

1. Material: All waterline face tile shall be glazed ceramic tile (Group III standard) as manufactured by Dal-Tile or approved equal.
2. Size: 6 x 6 inches.
3. Color: Dal-Tile # #O-129, 'Sky Blue'. Contact Kylee Midura kylee.midura@daltile.com (858) 344-0019. Color to match existing tile.

B. Gutter Cap Tile:

1. Material: All gutter cap tile shall be glazed ceramic tile (Group III standard) as manufactured by Dal-Tile or approved equal.
2. Size: 2-1/2 x 6 inches (#A-7250).
3. Color: Dal-Tile #D-129, 'Sky Blue'. Color to match existing tile.
4. EKO[3] stainless steel gutter cap #DP108-00004 at all rope anchor and water polo rope anchor locations.

C. Lane Line / Target Tile / 4'-6" Depth Tile:

1. Material: Group 4 quality, frost proof unglazed porcelain mosaic tile with absorption rate of less than 1% as manufactured by Dal-Tile or approved equal.
2. Size: 1 x 1 inches.

For Council Approval
Not for Bidding

3. Color: Dal-Tile #D-311, 'Black' in 50M direction and target tile. #D-621 Nautical Blue in 25 yard direction and target tile.
4. Color: Dal-Tile #D-621 'Nautical Blue' at 4'-6" depth tile.

D. Trim Tile (on underwater steps)

1. Material: Group 3 quality, frost proof unglazed ceramic mosaic tile with absorption rate of less than 1% as manufactured by Dal-Tile or approved equal.
2. Size: 1 x 1 inches, with S-812 quarter round. Color: Dal-Tile #D-311, 'Black'.
3. Size: 1 x 2 with integral quarter round. Color: Black, non-slip. Inlays #CPC00022.

E. Floor Inlet Tile:

1. Material: Group 1 quality, frost proof unglazed porcelain mosaic tile with absorption rate of less than 1% as manufactured by Dal-Tile or approved equal.
2. Size: 2 x 2 inches. 18" x 18" around each floor inlet.
3. Color: Dal-Tile #D-617, 'Artic White'.

F. 15 M Marker Tile

1. Material: Group S quality, frost proof unglazed mosaic tile with absorption rate of less than 1% as manufactured by Dal-Tile or approved equal.
2. Size: 1 x 1 inches.
3. Color: Dal-Tile #D-017 Red

2.02 MORTAR

A. Laticrete 3701 fortified mortar #LCR-37-1017.

B. Water: From a potable source.

C. Mortar shall meet ASTM C627.

2.03 WATERPROOFING

A. Laticrete HYDRO BAN

B. Install per manufacturer's recommendations with other Laticrete products as listed.

2.04 THIN SET MORTAR

A. Laticrete 254 Platinum. Laticrete, Custom or equal.

B. Water from a potable source.

C. Mortar shall meet ASTM C627.

2.04 GROUT

For Council Approval
Not for Bidding

A. All tile grout shall be waterproof grout complying with the recommendations of referenced standards. Grout color shall be grey for dark backgrounds, white for light backgrounds (verify colors with Architect). Grout shall be per Laticrete Spectralock Pro Premium Epoxy Grout installed per manufacturer recommendations.

2.05 OTHER MATERIALS

A. All other materials, not specifically described but required for a complete and proper installation of ceramic tile as indicated on the Drawings, shall be new, first quality of their respective kinds, and subject to the approval of the Owner's Representative.

PART 3 - EXECUTION

3.01 SURFACE CONDITIONS

A. Inspection:

1. Prior to all Work of this Section, carefully inspect the installed Work of other trades and verify that all such Work is complete to the point where this installation may properly commence.
2. Verify that ceramic tile can be installed in accordance with the original design and all referenced standards.

B. Discrepancies:

1. In the event of discrepancy, immediately notify the Owner's Representative.
2. Do not proceed with installation in areas of discrepancy until all such discrepancies have been fully resolved.
3. Failure to notify the Owner's Representative and give written notice of discrepancies shall constitute acceptance by the Contractor of existing conditions as fit and proper to receive its Work.

3.02 INSTALLATION

A. Method:

1. Install all ceramic tile in strict accordance with installation method P601-90 of the 2025 Handbook for Ceramic Tile Installation of the Tile Council of America, Inc.
2. Be certain to install all ceramic tile perfectly level, flush, plumb, and to the finish grades and elevations indicated on the Drawings.

B. Interface:

1. Carefully establish and follow the required horizontal and vertical elevations to insure proper and adequate space for the work and materials of other trades.
2. Coordinate and cooperate as required with other trades to insure proper and adequate interface of ceramic tile Work with the Work of other trades.

3.03 GROUTING

For Council Approval
Not for Bidding

A. Follow grout manufacturer's recommendations as to grouting procedures and precautions.

B. Remove all grout haze, observing grout manufacturer's recommendations as to use of acid and chemical cleaners.

3.04 EXTRA STOCK

A. Provide one (1) unopened box of extra tile for 2.01A, 2.01B, 2.01C and 2.01E for Owners use at a future time.

3.05 CLEAN-UP

A. Upon completion of the swimming pool ceramic tile installation, thoroughly clean and polish the exposed surfaces of tile work. Completely clean work area of debris and rubbish occasioned by this Work and dispose of to the approval of the Owner's Representative.

END OF SECTION

For Council Approval
Not for Bidding

SECTION 13 11 05

SWIMMING POOL PLASTER

PART 1 GENERAL

1.01 WORK INCLUDED

A. Swimming pool plaster and waterproofing of swimming pool structures as indicated on the Drawings and herein specified.

B. Start-up and operation instructions to Owner's operations and maintenance personnel and properly balance swimming pool water chemistry until the Owner takes occupancy.

1.02 QUALITY ASSURANCE

A. Qualifications of Workers:

1. The entity performing the work of this Section shall have been successfully engaged in the respective trade for at least five (5) years immediately prior to commencement of the Work.
2. For actual construction operations, use only trained and experienced workers with a minimum of three (3) years experience with the materials and methods specified.
3. Provide at least one person who shall be present at all times during execution of the work of this Section, with a minimum of five (5) years experience with the type of materials being installed, the referenced standards, and who shall direct all Work performed under this Section.

B. Standards: Swimming pool plaster shall conform with requirements of Chapter 31B of California Building Code, 2022 edition. In addition, meet requirements of applicable portions of most current edition of the "Technical Manual," National Plasterers Council, Wauconda, Illinois.

C. Start-up:

1. Furnish a swimming pool water chemistry consultant, with a minimum of five (5) years experience, possessing either AFO (Aquatic Facility Operator) or CPO (Certified Pool Operator) certification(s), to supervise and properly balance swimming pool water chemistry.
2. Demonstrate to the Owner that all systems are fully operational and that calcium hardness, total alkalinity, chlorine residual and pH levels are within specified limits.
3. Standards: Furnish labor and chemicals as required to condition the water properly to the following specifications:

a.	Calcium Hardness:	200-400 parts per million (PPM)
b.	Total Alkalinity:	80-100 PPM
c.	Chlorine Residual:	1.00 to 2.0 PPM
d.	pH Factor:	7.2 to 7.6

1.03 SUBMITTALS AND SUBSTITUTIONS

For Council Approval
Not for Bidding

A. Provide submittals in conformance with the requirements of Section 01 33 00. Requests for substitution shall conform with requirements of Article 1.10.A of Section 13 11 00.

B. Submit proof of qualifications as specified in Article 1.02.A and 1.02.C.1 of this Section.

1.04 PRODUCT HANDLING

A. Delivery: Deliver materials to the Project Site in the manufacturer's original unopened containers with all labels intact and legible.

B. Storage: Store materials under cover in a manner to prevent damage and contamination, and store only the specified materials at the Project Site.

C. Protection: Use all means necessary to protect the swimming pool plaster before, during, and after installation and to protect the installed Work specified in other Sections.

D. Replacements: In the event of damage, immediately make all repairs and replacements necessary to the approval of the Owner.

1.05 ENVIRONMENTAL CONDITIONS

A. No plastering shall be done under unsuitable conditions of weather or temperature. No plastering shall be done when prevailing temperature is 40 degrees Fahrenheit or less.

B. Do not install plaster during rain and, if rain commences after plastering has begun, immediately protect the plaster from rain by all means necessary until the plaster has set.

C. Do not install plaster during wind greater than 10 mph and, if wind commences after plastering has begun, immediately protect the plaster from wind by all means necessary until the plaster has set.

PART 2 PRODUCTS

2.01 CEMENT / AGGREGATE

A. Luna Quartz® tiny pebble finish by Wet Edge Technologies. Altima® quartz finish by Wet Edge Technologies. Pebble-Fina® pool finish by Pebble Technologies. Wet Edge Technologies, Pebble Technologies, Commercial Quartz or equal.

2.02 COLOR

A. All swimming pool plaster shall be white in color. Wet Edge Technologies shall be Luna Quartz® “Polar White”. Wet Edge Technologies shall be Altima® “White”. Pebble Technology shall be Pebble-Fina® “Classico”. Commercial Quartz ‘Commercial White’. Contractor to obtain written approval on selected pebble color from the local Health Department prior to installation. Submit cut sheet, color sample and written approval for review by Architect and Owner.”

2.03 WATER

For Council Approval
Not for Bidding

A. Water for swimming pool plaster shall be clean and free from injurious amounts of acid, alkali, and organics.

2.04 GUTTER, PUMP PIT, BACKWASH PIT & SURGE CHAMBER WATERPROOFING

A. Xypex Concentrate, Miracote Miraflex Membrane C, Hycrete Waterproofing System or approved equal. Mix and apply per manufacturer's recommendations for specific application. Color shall be Gray.

PART 3 EXECUTION

3.01 SURFACE CONDITIONS

A. Inspection:

1. Prior to Work of this Section, carefully inspect the installed Work of other trades and verify that all such Work is complete to the point where this installation can properly commence.
2. Verify that swimming pool plaster can be installed in accordance with the original design and all referenced standards, including proprietary application techniques and application training/certifications.

B. Discrepancies:

1. In the event of discrepancy, immediately notify the Owner's Representative.
2. Do not proceed with installation in areas of discrepancy until all such discrepancies have been fully resolved.
3. Failure to notify the Owner's Representative and give written notice of discrepancies shall constitute acceptance by the Contractor of existing conditions as fit and proper to receive the Work.

3.02 INSTALLATION OF GUTTER, PUMP PIT, BACKWASH PIT & SURGE CHAMBER WATERPROOFING

A. Provide two (2) coats of the specified gutter and surge chamber waterproofing prior to plastering the swimming pool. Prepare surfaces to receive waterproofing and cure in conformance with manufacturer's recommendations. Provide steel trowel application method to ensure uniform smooth, dense surface finish.

3.03 INSTALLATION OF POOL PLASTER

A. Outdoor Pools or Spas:

1. Completion of other work: **DO NOT** commence plastering of swimming pool(s) or spa(s) until the following conditions have been met:

   a. The Health Department and/or other governing agencies have approved the pool(s) and/or spas) for plaster.
   b. All concrete pool deck construction is complete and the pool decks have been

For Council Approval
Not for Bidding

thoroughly cleaned.

c. All landscaping in areas adjacent to the pool(s) or spa(s) is complete and the landscape irrigation system is operable.
d. All painting in the pool area is complete.
e. All welding and grinding in locations adjacent to the pool area are complete.
f. The backwash sewer connection is complete.
g. Pool(s) and/or spa(s) area(s) perimeter fencing installation is complete.
h. All trash and debris have been removed from areas adjacent to the pool(s) or spa(s), particularly those areas that are normally upwind from the pool(s) or spa(s).
i. All dust raising construction and/or activities in areas adjacent to the pool(s) or spa(s) are complete or mitigated.
j. The circulation pump(s) is/are operational.
k. The mechanical system has been flushed sufficiently to remove all dirt and debris from the piping system.
l. All necessary chemicals (Chorine, pH adjuster, Sodium Bicarbonate and Calcium Chloride or any other required chemicals) are on site and ready for use.
m. Obtain written approval from the Owner and the Architect.

B. Indoor Pools or Spas:

1. Completion of Other Work: **DO NOT** commence plastering of swimming pool(s) or spa(s) until the following conditions have been met:

a. The Health Department has approved the pool(s) and/or spa(s) for plaster.
b. All work above the pool(s) and/or spa(s) is complete.
c. All painting in the pool area is complete.
d. All welding and grinding in locations adjacent to the pool area are complete.
e. The backwash sewer connection is complete.
f. All concrete pool deck construction is complete and the pool decks have been thoroughly cleaned.
g. The circulation pump(s) is/are operation.
h. The mechanical system has been flushed sufficiently to remove all dirt and debris from the piping system.
i. All necessary chemicals (Chlorine, Acid, Sodium Bicarbonate and Calcium Chloride) are on site and ready to use.
j. Obtain written approval from the Owner and the Architect.

C. Contractor accepts all liability from damage done to the pool plaster if the pool(s) or spa(s) is (are) plaster before the completion of the above listed items or without the written approval of the Owner and the Architect.

D. **POOL PLASTER AUTHORIZATION FORM**:

1. The pool(s) and or spa(s) at Roseville Aquatics Complex is/are hereby approved for the installation of the pool plaster. Pursuant to the requirements of specification section 13 11 05, paragraph 3.03.

For Council Approval
Not for Bidding

Owner _____ Date _____

Architect / Project Manager _____ Date _____

E. Preparation:

1. Do not apply plaster over dirt, rust, scale, grease, moisture, scuffed surfaces or conditions otherwise detrimental to the formation of a durable plaster finish.
2. Consult with manufacturer on application to specific surfaces being treated. Follow manufacturer's recommendation for curing of cast-in-place concrete or shotcrete surfaces prior to application of plaster.
3. Protect ceramic tile, decking, deck equipment, gratings, fittings and other items by suitable covering or masking.
4. Mask or remove all hardware, hardware accessories, machined surfaces, plates, lighting fixtures and similar items in place not to receive pool plaster. Following completion of plaster for each space or area remove masking. Re-install all removed items utilizing workers skilled in the trades involved.

F. Application:

1. Finish shall be applied to a ½" minimum thickness over the entire surface. The walls shall be scratch-coated followed by a finish coat. Material applied to the floor after the walls have been applied shall be accelerated to assure uniform setting time throughout the pool surface.
2. Float the plaster to a uniform plane and trowel to a smooth, dense, impervious surface using extreme care to avoid stains.
3. Take special care in finishing around pool fittings, making sure to mask off or plug openings so as not to fill such openings with excess plaster. Be certain to completely enclose pool fittings with plaster to insure a leak-proof seal around pipes, fittings, lights, anchors, etc.
4. Accurately interface with the finish planes of items installed by other trades.
5. Quartz and pebble plaster finish is to be applied by a licensed applicator as approved by the manufacturer, and in accordance with manufacturer's training.

3.04 CURING

A. Preparation: Anticipate the need for required equipment and have all such equipment immediately available for use upon completion of pool plastering.

B. Pool Filling:

1. After the plaster has sufficiently dried and before drying has proceeded to a damaging point, cure the plaster by gradually filling the pool with water, preventing all damage to finished plaster surfaces.
2. Flow the water continuously until the pool is filled.
3. When the weather is hot and/or water pressure is low, keep the pool walls damp while the pool is filling.

For Council Approval
Not for Bidding

4. Coordinate with Contractor to ensure that the pool is continuously monitored while filling to prevent overfill.

3.05 EQUIPMENT ACTIVATION

A. All water chemistry and filtration mechanical equipment shall be operational upon filling of pool after plaster. Chemicals and other related support items as supplied by Contractor, shall be in supply at start-up.

B. For the first fourteen (14) calendar days after completion of the pool plaster, brush all plastered surfaces at least twice a day and coordinate with General Contractor to ensure that the plaster is carefully maintained after the initial fourteen day period. In addition, coordinate with the Contractor to ensure that pool filtration equipment is continuously running during the initial fourteen day period.

C. Start-up and provide qualified personnel to operate pool equipment for a period not less than fourteen (14) days after the pool is placed in operation, or until the Owner takes occupancy of the facility or letter of substantial completion. During this time, Contractor shall instruct and supervise the Owner's personnel in the various operating and maintenance techniques involved. Contractor shall be responsible for supply of chemicals during this not less than fourteen (14) day period and at time of turnover to Owner, chemical storage tanks shall be full. (Owner's personnel shall be fully trained and capable of assuming swimming pool maintenance tasks, training may begin before Owner takes occupancy).

3.06 CLEAN-UP

A. Upon completion of swimming pool plaster, remove all materials, equipment and debris occasioned by this Work and leave the job site in a clean and presentable condition. Perform all such clean-up to the approval of the Owner’s Representative.

3.07 WARRANTY

A. All applicators must provide a minimum of five (5) year warranty for application and workmanship additional to the manufacturer’s warranty for product.

END OF SECTION

For Council Approval
Not for Bidding

SECTION 13 11 06

SWIMMING POOL EQUIPMENT

PART 1 GENERAL

1.01 WORK INCLUDED

A. Swimming pool equipment items required for this Work as indicated on the Drawings and specified herein.

1.02 QUALITY ASSURANCE

A. Qualifications of Workers:

1. The entity performing the work of this Section shall have been successfully engaged in the respective trade for at least five (5) years immediately prior to commencement of the Work.
2. For actual construction operations, use only trained and experienced workers with a minimum of three (3) years experience with the materials and methods specified.
3. Provide at least one person who shall be present at all times during execution of the work of this Section, with a minimum of five (5) years experience with the type of materials being installed, the referenced standards, and who shall direct all Work performed under this Section.

B. All equipment supplied or work performed shall comply with regulations governing public swimming pools and spas as contained within Chapter 31 of California Building Code, 2022 edition.

1.03 SUBMITTALS AND SUBSTITUTIONS

A. Provide submittals in conformance with the requirements of Section 01 33 00. Requests for substitution shall conform with requirements of Article 1.10.A of Section 13 11 00.

B. Required submittals include:

1. Swimming Pool Fittings as specified in Article 2.01 of this Section.
2. Swimming Pool Deck and Mechanical Equipment as specified in Article 2.02 of this Section.

C. Submit proof of qualifications as specified in Article 1.02.A of this Section.

D. The equipment shown on the plans represent the first listed items in the technical specifications. The Contractor shall be responsible for all required field coordination and installation of any approved equal product to provide a fully working and warranted system. The Contractor shall submit detailed shop drawings for any products used other than the first listed specified items. Contractor provided shop drawings shall include details and quality equal to the original plans and construction documents. The Contractor shall provide any and all required engineering including but not limited to structural and anchorage requirements for any proposed equipment other than the first listed specified equipment. The Contractor is

For Council Approval
Not for Bidding

responsible to provide a factory certified representative(s) to start-up and provide on-site training for all swimming pool mechanical equipment provided.

1.04 PRODUCT HANDLING

A. Protection: Use all means necessary to protect swimming pool equipment items before, during and after installation and to protect the installed work specified in other Sections.

B. Replacements: In the event of damage, immediately make all repairs and replacements necessary to the approval of the Owner's Representative.

PART 2 PRODUCTS

2.03 FITTINGS

A. (N) Floor Inlet Covers 1-1/2" Adjustable: StaRite #08417-0000, United Industries, or approved equal. Seventy-six (76) total.

B. (N) Swimming Pool Underwater Lights: Jandy niched white LED lights #WPHV5LS100 large white LED LIGHT, 120V 500 kelvin, 65 watt bulb, 100' cord (field verify cord length prior to ordering). Thirty-six (36) required. Provide with existing stainless-steel niche. Jandy, Pentair, or approved equal.

C. (N) Main Drain Sump & Grate (18" x 36") Daldorado DALMAX-SG-183634; two (2) required. 'Hayward' 1-1/2" collector tubes #SP1056 and 'Hayward' 1-1/2" hydrostatic relief valves #SP1055, one per main drain sump. Contractor shall provide to the Owner a Certificate of Compliance, signed by a licensed design professional, for main drain sump(s) and frame(s) and grate(s), as required by the Virginia Graeme Baker Act.

2.03 DECK EQUIPMENT

A. (N) Handrails: Spectrum #35127-720, 1.90" O.D. x .145" wall, type 304 with 320 grit finish. Spectrum, KDI-Paragon, S.R. Smith, or Aqua Creek. Five (5) required.

B. (N) Figure 4 Grabrails: Spectrum #35099-26-.145, 1.90" O.D. x .145" wall, Spectrum, KDI-Paragon, S.R. Smith, or Aqua Creek. Four (4) pairs required.

C. (N) Recessed Steps: Spectrum #183013, Sixteen (16) required. Spectrum, or equal.

D. (N) Crossed Braced Ladder: Cross-Braced Ladder: Paragon #42123 Custom, KDI-Paragon, S.R. Smith, Paddock, Aqua Creek or Spectrum. Two (2) required.

E. (E) Anchors Sockets for Handrails, Grabrails and Ladders: Spectrum #24010-00, KDI-Paragon 28102, Spectrum, KDI-Paragon, S.R. Smith, or Paddock. Replace if damaged.

F. (N) Stainless steel Escutcheon Plates for Grab Rails, Hand Rails & Ladders: Spectrum Model #35214, Spectrum, KDI-Paragon, S.R. Smith, or Paddock.

PART 3 EXECUTION

For Council Approval
Not for Bidding

3.01 SURFACE CONDITIONS

A. Inspection:

1. Prior to installing the items of this Section, carefully inspect the installed Work of other trades and verify that all such Work is complete to the point where this installation may properly commence.
2. Verify that the swimming pool equipment items may be installed in strict accordance with original design, pertinent codes and regulations, and the manufacturers' recommendations.

B. Discrepancies:

1. In the event of discrepancy, immediately notify the Owner's Representative.
2. Do not proceed with installation in areas of discrepancy until all such discrepancies are fully resolved.
3. Failure to notify the Owner's Representative and give written notice of discrepancies shall constitute acceptance by the Installer of existing conditions as fit and proper to receive its Work.

3.02 INSTALLATION

A. Supply and install items of swimming pool equipment in strict accordance with applicable codes and regulations, the original design, and the manufacturer's published recommendations, anchoring firmly and securely for long life under hard use.

B. Coordinate with other trades to insure all imbedded items are set plumb and flush. Railing ends must have anchor sockets and escutcheon plates. Be certain that deck equipment and railings are properly bonded prior to imbedding.

C. All equipment shall be braced and/or anchored to resist a horizontal force acting in any direction using the criteria shown on the Drawings.

3.03 INSTRUCTION

A. The Contractor shall provide a factory certified representative(s) to start-up and certify proper installation, operation and full warranty status of all swimming pool mechanical equipment. The Contractor shall provide not less than two 8-hour days of on-site training for facility staff in the operation and maintenance of the swimming pool mechanical equipment and systems. The two 8-hour days shall be separated by a minimum of seven calendar days and be completed within the 14-day start-up period.

3.04 EQUIPMENT ACTIVATION

A. All water chemistry and filtration mechanical equipment shall be operational upon filling of pool after plaster. Chemicals and other related support items as supplied by Contractor, shall be in supply at start-up.

B. For the first fourteen (14) calendar days after completion of the pool plaster, brush all plastered surfaces at least twice a day and coordinate with General Contractor to ensure that the plaster is

For Council Approval
Not for Bidding

carefully maintained after the initial fourteen day period. In addition, coordinate with the Contractor to ensure that pool filtration equipment is continuously running during the initial fourteen day period.

C. Start-up and provide qualified personnel to operate pool equipment for a period not less than fourteen (14) days after the pool is placed in operation, or until the Owner takes occupancy of the facility or letter of substantial completion. During this time, Contractor shall instruct and supervise the Owner's personnel in the various operating and maintenance techniques involved. Contractor shall be responsible for supply of chemicals during this not less than fourteen (14) day period and at time of turnover to Owner, chemical storage tanks shall be full. (Owner's personnel shall be fully trained and capable of assuming swimming pool maintenance tasks, training may begin before Owner takes occupancy).

3.05 CLEAN-UP

A. Upon completion of swimming pool equipment, remove all debris, materials and equipment occasioned by this Work to the approval of the Owner’s Representative.

END OF SECTION

For Council Approval
Not for Bidding

SECTION 13 11 07

SWIMMING POOL MECHANICAL

PART 1 GENERAL

1.01 WORK INCLUDED

A. Swimming pool mechanical piping as indicated on the Drawings for circulation and filtration systems, pool water heating systems, chemical control systems, booster pump systems and appurtenances.

B. Domestic water system from points of connection within swimming pool mechanical equipment room to make-up water system.

C. Filter backwash piping to point of connection with backwash retention pit as required.

1.02 QUALITY ASSURANCE

A. Qualifications of Workers:

1. The entity performing the work of this Section shall have been successfully engaged in the respective trade for at least five (5) years immediately prior to commencement of the Work.
2. For actual construction operations, use only trained and experienced workers with a minimum of three (3) years experience with the materials and methods specified.
3. Provide at least one person who shall be present at all times during execution of the work of this Section, with a minimum of five (5) years experience with the type of materials being installed, the referenced standards, and who shall direct all Work performed under this Section.

B. Standards:

1. All equipment supplied or work performed shall comply with Chapter 31 of California Building Code,2022edition.
2. Work shall be performed in accordance with the applicable editions of all National, State and local codes, laws, regulations and ordinances, including the following:

    a. American National Standards Institute (ANSI).
    b. American Society for Testing Materials (ASTM).
    c. American Waterworks Association (AWWA).
    d. American Welding Society (AWS).

3. Do not construe anything in the Drawings or Specifications to permit Work not conforming to these requirements.

1.03 SUBMITTALS AND SUBSTITUTIONS

A. Provide submittals in conformance with the requirements of Section 01 33 00. Requests for substitutions shall conform with requirements of Article 1.10.A of Section 13 11 00.

For Council Approval
Not for Bidding

B. Required submittals include:

1. Pipe and Fittings as specified in Article 2.02 of this Section.
2. Valves as specified in Article 2.03 of this Section.
3. Pressure / Vacuum Gauges as specified in Article 2.04 of this Section.
4. Pipe Hangers and Supports as specified in Article 2.05 of this Section.
5. Sleeves and Waterstops as specified in Article 2.06 of this Section.

C. Submit proof of qualifications as specified in Article 1.02.A of this Section.

1.04 PRODUCT HANDLING

A. Delivery: Deliver all materials to the Project Site in the manufacturer's original unopened containers with all labels intact and legible.

B. Storage: Store all materials under cover in a manner to prevent damage and contamination, and store only the specified materials at the Project site.

C. Protection: Use all means necessary to protect swimming pool mechanical items before, during and after installation and to protect the installed Work specified in other Sections.

D. Replacements: In the event of damage, immediately make all repairs and replacements necessary to the approval of the Owner and at no additional cost to the Owner.

1.05 JOB CONDITIONS

A. Cooperate with entities performing Work specified in other Sections to so that no conflict of new construction or occupied space may occur. Should any installation Work be done without such craft coordination, that Work so installed shall be removed and re-installed.

PART 2 PRODUCTS

2.01 PRODUCT QUALITY

A. Materials and equipment shall be new, of the best quality for the purpose intended, and shall be clearly marked with the manufacturer's name and nameplate data or stamp and rating. As far as practicable, materials and equipment shall be of one manufacturer.

2.02 PIPE AND FITTINGS

A. PVC Schedule 40: Type 1, normal impact, NSF approved for solvent welding applications, ASTM Specification D-1785, color shall be white. Dura, Lasco, or approved equal.

B. PVC Schedule 80: Type 1, normal impact, NSF approved for solvent welding applications, ASTM Specification D-1785, color shall be gray. Dura, Lasco, or approved equal.

C. CPVC Schedule 80 Influent/Effluent Heater Piping: Type 1, normal impact, NSF approved for solvent welding applications, ASTM Specification D-1785, color shall be gray. Dura, or Lasco.

For Council Approval
Not for Bidding

D. Cold plunge piping shall be schedule 80 throughout, from the cold plunge to the pool mechanical room. Install insulation on all cold-water PVC schedule 80 piping. Provide NBR/PVC closed-cell pipe insulation, pre-slit, pre-glued with overlap, ¾" wall thickness with a temperature range between -70° to 220°F for schedule 80 PVC pipe. Install pipe insulation per the manufacturer's recommendations.

E. PVC SDR35: Conforming to ATSM D-1784, use with epoxy coated bell and spigot-type fittings or epoxy coated mechanical joint by flange adapters with epoxy coated cast iron fittings as specified in Article 2.02 (G), below. Johns-Manville "Big Blue", Diamond Plastics, or approved equal.

F. Copper Tubing: ASTM Specification B-88, hard drawn, with ANSI Standard B16.22 wrot copper fittings.

G. Steel: ASTM Specification A-120, Schedule 40 black or galvanized pipe with ASTM A-47 150 lb. banded malleable iron threaded fittings.

H. Cast Iron: ASTM Specification B16.1, cast iron flanged fittings, provide epoxy coating as required for use with chlorinated water.

2.03 VALVES

A. Ball Valves:

1. For pool system: True-Union design, PTFE seat material with FPM or FKM Double O-ring stem seals, locking handle, NSF certified. PVC schedule 80 body for below grade installation. PVC Schedule 80 body for above grade installation. Furnish ball valves on all pip diameters 2 ½" or less with a rating of at least 200psi at 73° F, Asahi, Ipex or Nibco.

2. For copper pipe system: 3-piece full-port Bronze body valve with Teflon seat, 'Apollo', 'Nibco' or approved equal.

B. Butterfly Valves:

1. Epoxy coated cast or ductile iron body, 316 stainless steel disc and stem, viton seat material, furnish hand wheel/gear operators on all valves 8" and larger. DeZurick, Keystone, Ipex or equal.
2. PVC body, PVC disc and EPDM construction suitable for chlorinated water applications. Stem shall be of 316 stainless steel and non-wetted. Valves shall be self-gasketed design with a convex sealing arrangement. Valves 1-1/2" – 10" shall be rated to 150 psi and 12" valves shall be rated to 100 psi at 70°F. Asahi Pool-Pro, no known equal.

C. Check Valves: Wafer-type, epoxy coated cast or ductile iron body, 316 stainless steel plates and shaft, viton seat material. Centerline, Metraflex, or approved equal.

D. Surge Chamber Float Valve: EPD #2-0020-019 Float Control Valve, " line size, as manufactured by Environmental Products Division of Doughboy Recreational, Rancho

For Council Approval
Not for Bidding

Cucamonga, CA, no known equal.

E. Surge Chamber Isolation Valve: Butterfly valve, tapped lug style, bronze body, stainless steel stem, bronze disc, phenolic back-up ring, EPT seat material. Provide stainless steel shaft extension, shaft housing and tool operator located 2'-0" above floor level with deck access grate as required. DeZurick, Keystone, Asahi, Spears, Ipex or approved equal.

F. RP Backflow Preventer: Febco #835-B for 2" and smaller; #825 for 2-1/2" and larger. Febco, Watts, or approved equal.

G. Make-up Water Control: Cla-Val make-up water control valve with ductile iron body/cover, bronze trim, globe pattern, Buna-N rubber seals. Pilot system materials to consist of bronze/brass with stainless steel wetted parts and Buna-N rubber seals.

System to include: 100-01 Hytrol valve, CF1-C1KX float control, X46A flow clean strainers, and copper tubing with brass fittings. Float linkage and float rod shall be PVC and brass. Base plate shall be 316 stainless steel. The plastic float shall be provided with 8' PVC rod and stops and a brass counter weight. Provide model #124-01AKX available KSI (714) 754-044.

2.04 PRESSURE / VACUUM GAUGES

A. Furnish and install pressure and vacuum gauges on the discharge and suction sides of all pumps. 2" or 2 1/2" diameter dial, bottom connection, chrome ring, shut-off cock and snubber. Ranges shall be selected to indicate between mid-point and two-thirds of maximum range under design conditions. Marsh, Trerice, or approved equal.

2.05 PIPE HANGERS AND SUPPORTS

A. General:

1. The requirements of this Section relates to various requirements of the Agreement, General and Supplementary Conditions, Specifications, Drawings, and modifying documents which are part of the Construction Contract. Responsibility for coordination of all such applicable requirements will be that of the Contractor.

B. Description:

1. This section provides guidelines and limitations for the support of all mechanical, electrical, plumbing or architectural items from the building structure, and for the seismic bracing of such items.
2. Design and install all support and bracing systems as required for the swimming pool systems. Provide for attachment to portions of the building structure capable of bearing the loads imposed. Design these systems to not overstress the building structure.

C. Quality Assurance:

1. Design and install all support systems to comply with the requirements of the 2022 California Building Code, Chapter 16A.
2. Seismic bracing is to be designed by a professional engineer licensed in the State of

For Council Approval
Not for Bidding

California.

D. Submittals:

1. Submit shop drawings for all substructures and attachment methods.
2. Submit proposed alternative methods of attachment for review and approval by the Architects, prior to deviating from the requirements given below.
3. For all pipe hangers and support systems, submit structural calculations and details which include all resultant forces applied to the building structure and are prepared and signed by the Contractor's licensed California professional engineer. Calculations will be reviewed for compliance with design criteria, not for arithmetic.

E. Materials:

1. Use Kin-Line, Grinnel, or approved equal.
2. Support all pipelines individually with hangers, each branch having at least one hanger. Lateral brace as noted and required.
3. Support piping near floor with steel stanchions welded to end plates secured to pipe and floor.
4. Support vertical piping at each floor level. Install coupling in piping at each support. Coupling shall rest on and transmit load to support. Isolate copper from steel supports with vinyl electrician's tape around pipe and coupling.
5. Use Stoneman "Trisolator," Unistrut, or approved equal, isolators at each hanger and other support points on bare copper tubing system.
6. For PVC pipe, space hangers four (4) feet apart for pipe sizes 1" and under, five (5) feet apart for pipe sizes 1-1/4" to 2", and six (6) feet apart for pipe sizes over 2". Space hangers for horizontal pipes at a maximum of six (6) feet for copper 2" and smaller and for steel 1-1/4" and smaller; ten (10) feet for copper 2-1/2" and larger and for steel 1-1/2" and larger.
7. Size hanger rods, screws, bolts, nuts, etc., according to manufacturer's sizing charts.
8. Trapeze hangers may be used for parallel lines.
9. Use galvanized or stainless steel hangers, attachments, rods, nuts, bolts, and other accessories in pool mechanical room, high humidity areas, or where exposed to weather. Hot dip galvanize all items which are not factory furnished. Plating for hinged movements must be done at the factory.
10. Lateral Bracing: To prevent swaying of the piping systems, provide angle iron bracing and anchor into wall or overhead framing. Piping shall be braced or anchored in such a way as to resist a horizontal force of 50% of its operating weight in any direction.
11. Do not use wire or other makeshift devices for hangers.
12. Furnish all substructures and fasteners required to comply with the limitations given below. Use material as specified in the various sections and as appropriate to their use.
13. Install stainless steel or FRP Unistrut, pipe clamps/hangers, supports/bracing with stainless steel hardware in the chemical storage rooms, surge/balance tanks, or any other corrosive environment.

F. Guidelines & Limitations:

1. Each Contractor will coordinate the load requirements from all subcontractors so that no combination of loads overstresses the building structure or exceed the limitations given

For Council Approval
Not for Building

below.

2. Concrete Structure:

a. Support all loads hung from concrete structure with cast-in-place inserts, unless drilled-in anchors are specifically approved in writing prior to placing the concrete.
b. Concrete anchors must not penetrate into reinforcing bars. Where the anchors boring indicates the presence of reinforcing bar, patch hole with an epoxy type grout and relocate anchor 12 diameters away.
c. Individual expansion anchors cannot support any loads greater than 300 pounds or manufacturer's specified load capacity without approval.

3. Steel Structure:

a. Hang no more than 20 pounds per metal deck rib in any span.
b. At beams, hang all beam loads greater than 40 pounds concentric to beam, not off the flanges.
c. Attached no loads to the beams or girders greater than the following without specific approval from the architect;

i. Roof beams and girders: 300 pound point load or 600 pound total load for a single span.

G. Seismic Bracing:

1. Design and install seismic bracing to not ground out vibration and sound isolation systems.

2. All items of mechanical and electrical equipment 60" or more in height are to be seismically braced whether such bracing is shown or not.

2.06 SLEEVES AND WATERSTOPS

A. Provide sleeves where work of this Section passes through fire rated partitions, floors and ceilings, concrete slabs or exterior of structure. Caulk clearance space using sealant appropriate for application in conformance with manufacturer's recommendations and Title 24 of California Code of Regulations. 3m, Dow Corning, or approved equal. In lieu of sleeves and caulking, "Link Seal" products may be used.

B. Provide prefabricated waterstops as indicated on the Drawings at all pipe penetrations through structures containing stored water (i.e., swimming pools, balance/surge tanks, etc.) to insure leak-proof seals.

PART 3 EXECUTION

3.01 SURFACE CONDITIONS

A. Inspection:

For Council Approval
Not for Bidding

1. Prior to Work of this Section, carefully inspect the installed Work of other trades and verify that such work is complete to the point where this installation may properly commence.
2. Verify that items of this Section may be installed in accordance with the original design and referenced standards.

B. Discrepancies:

1. In the event of discrepancy, immediately notify the Owner's Representative.
2. Do not proceed with installation in areas of discrepancy until all such discrepancies have been fully resolved.
3. Failure to notify the Owner's Representative and give written notice of discrepancies shall constitute acceptance by the Contractor of existing conditions as fit and proper to receive his work.

3.02 ABBREVIATIONS AND SYMBOLS

A. Abbreviations and symbols on the Drawings are those most commonly used. Obtain clarification from the Owner's Representative on any questionable items before bid.

3.03 GENERAL PIPING REQUIREMENTS

A. Size any section of pipe for which size is not indicated or any intermediate section erroneously shown undersized the same size as the largest pipe connecting to it. Sizes listed are nominal.

B. Cut pipe accurately to job measurements and install without springing or forcing, true to line and grade, generally square with building and/or structures and adequately supported to prevent undue stress on pipe, fittings and accessories.

C. Make changes of direction with manufactured fittings. Street ells, bushings, reducing flanges, close nipples or bending of pipe is not allowed.

D. Use great care to install piping in accordance with best practice. Plastic pipe shall be "snaked" in trenches to allow for thermal expansion.

E. All above grade, below grade and buried or imbedded PVC shall be installed using solvent weld fittings. Also, each and every fitting and pipe end shall be prepared with solvent primer. Fittings shall be joined individually and with enough time between assembly of adjacent joints to allow them to seal solidly. After joining, an even ring of primer must be visible around the entire fitting. If any fittings are installed without visible primer, the fitting shall be removed and discarded and piping recut, rechamfered and joint made up again using a new fitting. All procedures, methods and techniques used to make up solvent weld joints shall be in strict accordance with manufacturer's recommendations.

F. Arrange pipe and hangers to allow for expansion, contraction and structural settlement. No pipe shall contact structure except penetrations as shown on the Drawings.

G. Provide dielectric connections between copper and dissimilar metals. In copper systems,

For Council Approval
Not for Bidding

threaded piping including connections to equipment shall be brass pipe and fittings. Install dielectric connections in vertical sections of piping only.

H. Run pipe full size through shut-off valves, balancing valves, etc. Change pipe size within three (3) pipe diameters of final connection to control valves, fixtures and other equipment.

I. Provide unions or flanges at connections to equipment, on service side of valves and elsewhere as required to facilitate ease of maintenance.

J. Locate equipment shut-off valves as close to equipment as possible maintaining easy valve access.

K. Make all connections between domestic water systems and equipment or face piping with approved backflow prevention devices as required.

L. All PVC pipe exposed to direct sunlight shall be painted with two coats of Exterior Acrylic Semi-gloss Paint, Sherwin Williams or equal. Color to be selected by the Architect. Prior to painting the PVC pipes, the exterior of all PVC pipes shall be wiped with Methyl Ethyl Ketone, or an approved equal, to remove the glaze from the pipes.

M. The Main Drain pipe must run either level or uphill from the main drain sump, through the surge pit (if applicable) and then to the circulation pump.

3.04 TRENCH EXCAVATION AND BACKFILL

A. Excavation:

1. Excavate and backfill trenches as required for the Work of this Section. Conform to requirements of Section 13 11 01.
2. The Contractor shall perform all excavation of every description and of whatever materials encountered, to the depths indicated on the Drawings or as necessary. The Contractor shall dispose of the excavated materials not required or suitable for backfill as directed, and shall perform such grading as may be necessary to prevent surface water from flowing into the trenches. The Contractor shall provide adequate equipment for the removal of storm or subsurface waters, which may accumulate in the excavated areas.

B. Trenching:

1. Excavate trenches to lines and grades as indicated on the Drawings and with banks as nearly vertical as practicable.
2. Bottoms of trenches shall be accurately graded to provide uniform bearing on undisturbed soil for the entire length of each section of pipe.
3. The width of the trench at and below the top of the pipe shall be such that the clear space between the barrel of the pipe and the trench wall shall not exceed 8” on either side of the pipe. The width of trench above the top of pipe may be wider if necessary.
4. Over-depth excavations shall be filled with tamped sand to required grades.
5. Excavations of five (5) feet or more in depth shall be shored or supported in conformance with rules, and regulations of State and Federal Governments. Shoring

For Council Approval
Not for Bidding

shall be constructed, maintained and removed in a manner to prevent caving of the excavation walls or other load on the pipe.

C. Backfilling:

1. Material for backfilling of pipes shall be approved granular material less than two (2) inches in diameter obtained from the excavation. No material of a perishable, spongy or otherwise unsuitable nature shall be used as backfill.
2. Backfilling of pipe trenches shall commence immediately after installation and testing to preclude damage to the installed pipe. Backfill around pipe shall be carefully placed so as not to displace or damage the pipe, and shall be carried up symmetrically on each side of the pipe to one foot above the top of the pipe. The material shall be carefully compacted or consolidated before additional backfill is placed.
3. Backfill above an elevation of one foot above the top of pipe in conformance with requirements of Section 131101. Material for balance of backfill shall be approved granular material less than six (6) inches in diameter taken from the excavation.
4. Unless otherwise indicated on the Drawings, all pipe shall have a minimum of eighteen (18) inches of cover.

3.05 GENERAL EQUIPMENT REQUIREMENTS

A. Position equipment to result in good appearance and easy access to all components for maintenance and repairs.

B. Install piping, flues, breeching and ducts so that they do not interfere with equipment access.

C. Install level, secure and out of moisture. Provide shims, anchors, support straps, angles, grouted bases, or other items as required to accomplish proper installation.

D. All screws, nuts, bolts and washers shall be galvanized, or stainless steel. After fabrication, hot-dip galvanize unfinished ferrous items for outdoor, below grade or other use subject to moisture.

E. Extend 1/2” Schedule 40 black steel pipe lubrication tubes from all hard to reach locations to front of equipment or to access points. Terminate with proper type of lubrication fitting.

3.06 VALVES AND STRAINERS

A. If no shut-off is indicated, provide ball valves at inlet connections and balance valves at outlet connections to fixtures and equipment. Provide proper valve trim for service intended.

B. Use no solder end valves unless noted otherwise; provide adapters in copper tubing systems.

C. Locate valves with stems above horizontal plane of pipe. In general, locate valves within six (6) feet of floor, out from under equipment, in accessible locations with adequate clearance around hand wheels or levers for easy operation.

D. Provide all valves, cocks and strainers, full pipe size unless indicated otherwise.

For Council Approval
Not for Bidding

E. Provide hand wheel operators on all valves 6” and larger, under 6” lever operators may be used.

F. Provide tool operated valve with stainless steel shaft extension and 'on deck' tool operation for surge chamber butterfly isolation valve.

3.07 IDENTIFICATION OF PIPING

A. Pipe identification and direction of flow shall be in compliance with ANSI/ASME A13.1. Identify each valve by a numbered brass tag with hole and brass chain mounted on valve stem or handle. Tag to be a minimum of 1” in diameter and numbers at least 1/4” high stamped into tag. Valves and plumbing lines shall be labeled clearly with the source or destination descriptions.

B. Install an identification chart in a plastic or glass framed enclosure, which schematically illustrates the proper operation of all piping systems and indicates number and location of all valves and control devices within the system.

C. The direction of flow for the recirculation equipment shall be labeled clearly with directional symbols such as arrows on all piping in the equipment area. Where the recirculation equipment for more than one pool is located on site, the equipment shall be marked as to which pool the system serves.

3.08 TESTS

A. Perform tests in presence of Owner’s Representative with no pressure loss or noticeable leaks.

B. Do not include valves and equipment in tests. Include connection to previously tested sections if systems are tested in sections.

C. Perform tests as follows:

System	Test Pressure	Test Medium	Duration
Skimmer Lines and Main Drain sump lines	20psig	Water*	4 hours
Pool Piping	50 psig	Water*	4 hours
Pool Main Drains	30 psig	Water*	4 hours
Domestic Water	150 psig	Water*	4 hours

***Never test PVC pipe or fittings with air or other gases, always use water.**

3.09 PIPE MATERIAL APPLICATION

A. PVC Schedule 40: Below grade swimming pool piping and domestic water piping up to 12” line size; use standard solvent weld fittings.

B. PVC Schedule 80: Above grade swimming pool piping up to 12” line size; use solvent weld Schedule 80 or epoxy coated cast iron fittings.

For Council Approval
Not for Bidding

C. Type L Hard Copper: Above grade domestic water piping.

D. CPVC Schedule 80; Pool Heater Piping.

E. Schedule 40 Steel: Natural gas piping.

F. Pipe Insulation for Heat Exchanger, Coolant Lines, Cold Plunge, Cold Water Interior Piping: Install pipe insulation on all cold water PVC schedule 80 cold plunge circulation piping located in the pool mechanical room and exposed above grade piping. Provide NBR/PVC closed-cell pipe insulation, pre-slit, pre-glued with overlap, ¾" wall thickness with a temperature range between -70° to 220°F for schedule 80 PVC pipe.

G. Pipe Insulation for Heat Exchanger, Coolant Lines, Cold Plunge or Cold Water Exterior Piping: Install pipe insulation on all cold water PVC schedule 80 cold plunge circulation piping located outside pool mechanical room and exposed above grade piping. Provide aluminum jacketed NBR/PVC closed-cell pipe insulation with a temperature range between -70° to 220°F for schedule 80 PVC pipe.

3.10 CUTTING AND DRILLING

A. Cutting or drilling necessary for installation of Work of this Section shall be done only with approval of Owner's Representative.

3.11 CLOSING-IN OF UNINSPECTED WORK

A. Do not cover or enclose Work before testing and inspection. Re-open Work prematurely closed and restore all Work damaged.

3.12 QUIETNESS

A. Quietness is a requirement. Eliminate noise, other than that caused by specified equipment operating at optimum conditions, as directed by Owner's Representative.

3.13 FLUSHING OF LINES

A. Flush or blow out pipes free from foreign substances before installing valves, stops or making final connections. Clean piping systems of dirt and dust prior to initial start-up.

B. Just prior to plastering the pool, under the observations of the IOR, the pool mechanical system shall be flushed using the pool circulation pump. Circulate water through the mechanical system until the effluent water from the pool return heads runs clean.

3.14 CLEAN-UP

A. After all Work has been tested and approved, the Swimming Pool Subcontractor shall thoroughly clean all parts of the equipment installations, including all pool pipe and fittings in the pool mechanical room. Exposed parts shall be cleaned of cement, plaster and other materials and all grease and oil spots removed with solvent.

For Council Approval
Not for Bidding

B. The Swimming Pool Subcontractor shall remove debris from the Project site. Cartons, boxes, packing crates and excess materials not used, occasioned by this work shall be disposed of to the satisfaction of the Owner's Representative.

C. If the above requirements of clean up are not performed to the satisfaction of the Owner's Representative, the Owner reserves the right to order the work done, the cost of which shall be borne by the Swimming Pool Subcontractor.

END OF SECTION

For Council Approval
Not for Bidding

SECTION 13 11 08

SWIMMING POOL ELECTRICAL

PART 1 GENERAL

1.01 WORK INCLUDED

A. Provide labor, materials and equipment as required to install the swimming pool electrical system including but not limited to:

1. A complete and operable system of service equipment, switchboards, panelboards, conduits, switches, time clocks and wiring for power and lighting, motor control centers.
2. Junction and/or pull boxes, conduits, disconnects, starters, contactors, wiring and connection of all motors and mechanical equipment, including connection and wiring of line voltage controls associated with the mechanical systems.
3. Swimming pool underwater lighting systems.
4. Swimming pool timing system outlets and scoreboard.
5. Complete grounding system as required and shown on the Drawings.
6. Complete equipotential bonding system as required and shown on the Drawings and in accordance with National Electric Code Article 680.
7. Adjusting and preliminary operation of the completed electrical system as described in Article 3.06, A of this Section.
8. Cleaning of all completed Work and installation adjustment of all trim and decorative items.

1.02 QUALITY ASSURANCE

A. Qualifications of Workers:

1. The entity performing the work of this Section shall have been successfully engaged in the respective trade for at least five (5) years immediately prior to commencement of the Work.
2. For actual construction operations, use only trained and experienced workers with a minimum of three (3) years experience with the materials and methods specified.
3. Provide at least one person who shall be present at all times during execution of the work of this Section, with a minimum of five (5) years experience with the type of materials being installed, the referenced standards, and who shall direct all Work performed under this Section.

B. Ordinances and Codes: Materials and construction shall conform with all applicable code requirements, including:

1. National Electrical Code, latest edition; Electrical Safety Orders of the State of California; Department of Industrial Relations; regulations of the State Fire Marshal; rules and regulations of the Board of Underwriters of the Pacific, UL 50, 50E and NEMA 250 rating.
2. Chapter 31 of California Building Code, 2022 edition.

C. Verification of Conditions:

For Council Approval
Not for Bidding

1. The locations shown on the Drawings are diagrammatic only and the exact finish location of equipment and materials cannot be indicated. Therefore, locations of all Work and equipment shall be verified to avoid interferences, preserve head room and keep openings and passageways clear. Changes shall be made in locations of equipment and materials which may be necessary to accomplish these purposes.

D. Preliminary Operations and Testing:

1. Motor driven equipment shall be tested for correct rotation and completion of all connections.

1.03 SUBMITTALS AND SUBSTITUTIONS

A. Provide submittals in conformance with the requirements of Section 01 33 00. Requests for substitutions shall conform with requirements of Article 1.10.A of Section 13 11 00.

B. Required submittals include:

1. Conduit and Fittings as specified in Article 2.02 of this Section.
2. Panelboards as specified in Article 2.08 of this Section.
3. Circuit Breakers as specified in Article 2.09 of this Section.
4. Motor Starters as specified in Article 2.12 and 2.13 of this Section.
5. Fuses as specified in Article 2.15 of this Section.
6. Time Clocks as specified in Article 2.16 of this Section.
7. Ground Fault Circuit Interrupters as specified in Article 2.17 of this Section.
8. NEMA Type 4x corrosion resistant UL 50, 50E & NEMA 250 rating for enclosures, cabinets and boxes as specified in Article 2.11 & 2.18 of this Section.

C. Submit proof of qualifications as specified in Article 1.02.A of this Section.

1.04 PRODUCT HANDLING

A. Delivery: Deliver all materials to the Project Site in the manufacturer's original unopened containers with all labels intact and legible.

B. Storage: Store all materials under cover in a manner to prevent damage and contamination, and store only the specified materials at the Project site.

C. Protection: Use all means necessary to protect swimming pool electrical materials before, during, and after installation and to protect the installed Work specified in other Sections.

PART 2 PRODUCTS

2.01 MATERIALS, GENERAL

A. Materials shall be new, in unbroken packages and bear the U.L. label of approval.

B. Equipment of one type shall be by same manufacturer. One type of equipment for

For Council Approval
Not for Bidding

classifications such as:

1. Switchboards, panels, buss duct, disconnect switches and allied items.
2. Conduit.
3. Wire.
4. Conduit fittings.
5. Fixtures of the same general type.
6. Wiring devices.

2.02 CONDUIT AND FITTINGS

A. Conduit within or under buildings or where exposed outdoors shall be rigid metal threaded, hot dipped galvanized, or U.L. approved plastic except where noted otherwise on the Drawings. Metallic conduit shall be of the same metal between outlets or terminals.

B. Use flexible metallic conduit only for short connections of motors and where specifically called for on Drawings. Maximum length shall be 40". Use only liquid tight flexible metal conduit. Install an unbroken #12 AWG insulated copper grounding conductor in each liquid tight flexible conduit with permanent connection at motor junction box and service panel ground.

C. Protect, before installation, metallic conduit runs in all slabs laid on grade or in contact with the earth or exposed in damp locations, with two (2) heavy coats of asphaltum rust-resisting compound.

D. Encase conduits 2-1/2" or larger run underground, outside, or under buildings, in concrete envelopes a minimum of 3" thick, except as indicated otherwise on Drawings or stubouts. Conduits 2 and smaller laid 18" below finish surface in soil.

E. Low voltage runs underground outside buildings, 1-1/4" or smaller, may be G.I. or sherardized steel conduit, with machine applied wrapping equal to double wrap or Scotch-Wrap #50 tape, half lapped and quadrupled at joints in lieu of concrete encasement.

F. Service conduits through foundations or concrete members shall run through metal sleeves with adequate clearances for full movement of the conduit. Do not run conduits through footings.

G. Secure conduits run exposed on surfaces with one hole heavy-duty straps or fasten with matching fittings to inserts or trapezes, parallel to building walls and ceilings.

H. Cap all conduit or duct stub-outs with standard factory caps; except cap threaded steel conduit with B.I. water pipe caps in outdoor locations.

I. Use conduit fittings as manufactured by Crouse-Hinds Company, Appleton Electric Co., or approved equal.

J. Employ U.L. liquid tight fittings for use with liquid tight flexible metal conduit.

K. Use unions as manufactured by Appleton, O-Z/Gedney, or approved equal. The use of running threads will not be permitted.

For Council Approval
Not for Bidding

L. Exposed conduit and fittings in chemical rooms shall be nonmetallic rigid polyvinyl chloride, corrosion resistant rated suitable for installation in corrosive environments and in accordance with the latest NEC requirements.

2.03 EQUIPOTENTIAL BONDING/GROUNDING

A. Bond together and ground to a common ground at a single point all metallic conduit, piping systems, pool reinforcing steel, metal parts of ladders, lifeguard stands, handrails and their supports and the like. The solid copper bonding conductor shall not be smaller than #8 copper. Provide equipotential bonding per Article 680 of the National Electrical Code. In instances where no deck reinforcement is present, Contractor shall provide a minimum of three feet of equipotential bonding material in conformance with Code. All bonding items shall be inspected prior to concrete pour.

2.04 WIRING CONNECTIONS

A. Make connections without strain on conductors, allowing the conductors to take a natural position after connections or taps are made. Include all strand of wire in making the connection.

B. Make connections for wiring by one of the following means:

1. Make all taps or connections to conductors with compression type connectors except those smaller than #8 B&S gauge may have soldered connections. Solderless connections for #10 AWG or smaller may be used and shall be "Scotchlok", Buchanan, or approved equal. For #8 AWG or larger, they shall be T&B "LockTite", Burndy "Versitaps", or approved equal.
2. All cable or conductor terminal lugs shall be Burndy "Quicklug", Ilsco, or approved equal. Two piece stamped lugs and solder lugs will not be approved.
3. Paint taped splices in damp or outdoor locations with two (2) coats of insulating paint.
4. Tag all branch circuit wires with circuit number at the panelboard and at each point of use with linen or plastic tags.

2.05 CONDUCTORS

A. Copper RHW or THW. Do not make splices between boxes.

2.06 COLOR CODING

A. Neutrals (identified conductors shall be white).

B. Phase conductors shall be red for phase B; blue for phase C.

C. Green shall be used for mechanical equipment and receptacle grounds only.

2.07 MOTOR WIRING

A. Make final connections to motors with the required AWG (Minimum #12), Flamenol machine

For Council Approval
Not for Bidding

tool wire, 19 strand. Control wiring for equipment shall be Flamenol machine tool wire, 19 strand of required AWG. Provide corrosion resistant junction boxes at each item of equipment to change from standard building wiring to machine tool wire.

B. Phase motors as proper in direction of rotation.

2.08 PANELBOARDS

A. Panelboards shall be flush or surface mounting as indicated with circuit breakers as shown on panel schedule, hinged lockable doors, index card holders and proper bussing.

B. Where indicated on the drawings, panelboards shall be furnished with subfeed breakers and/or lugs, split bussing, contractors, time switches, relays, etc., as required.

C. All panelboards shall be keyed alike.

D. All panelboard enclosures shall be corrosion resistant rated NEMA 4X in accordance with the latest NEC requirements.

E. Furnish corrosion resistant panelboard enclosures and terminal cabinets with Yale 46515 flush locks and LL806 keys except where indicated otherwise herein. Fasten the trim to panel boards and terminal cabinet by means of concealed, bolted or screwed fasteners accessible only when the door is open.

F. Panelboards 208/120 volt, three phase, 4 wire, S/N or 120/240 volt, single phase, 3 wire, S/N.

Panelboard types as manufactured by:	
Westinghouse	Type B10B
General Electric	Type NLAB
Square D	Type NQOB

G. Panelboards for 480/277 volt, three panes, 4 wire, S/N.

Panelboard types as manufactured by:	
Westinghouse	Type Pow-R-Line 2
General Electric	Type AE
Square D	Type NEHB
Sylvania	Type NH1B
I.T.E.	Type Approved Equal

H. Panelboard for bussing sizes thru 400 amp shall be 20" wide surface mounted type. Recess mounted type shall have a 20" wide (maximum) recess metal enclosure with trim plate cover extending 1" on all sides of enclosure. Depth shall be 5-3/4" nominal. Height of panel as required for devices.

I. Provide 6" additional gutter space in all panels where double lugs are required, or where cable size exceeds bus size. Minimum bottom gutter space shall be 6" high. 12" additional gutter space may be required for aluminum feeders where used.

For Council Approval
Not for Bidding

J. Panelboards shown on the drawings with relays, time clocks or other control devices shall have a separate metal barriered compartment mounted above panel with separate hinged locking door to match panelboard. Provide mounting sub-base in cabinet for control devices and wiring terminal strips.

K. Panelboard shall have a circuit index card holder removable type, with clear plastic cover. Index card shall have numbers imprinted to match circuit breaker numbers.

2.09 CIRCUIT BREAKERS

A. Breakers shall have a minimum short circuit interrupting rating of 10,000A symmetrical for panelboard voltage thru 240 volt and 14000A for panelboards thru 600 volts or as specified on the drawings. In no case shall the interrupting rating be less than the bus withstand rating unless noted otherwise on the drawings.

B. Circuit breakers as manufactured by the following companies only are acceptable:

1. General Electric Company
2. Square D Company
3. Westinghouse Company
4. I.T.E. Company

C. Circuit breakers shall be arranged in the panels so that the breakers of the proper trip settings and numbers correspond to the numbering in the panel schedules on the drawings. Circuit numbers of breakers shall be black-on-white micarta tabs or other previously approved method. Circuit number tabs which can readily be changed from front of panel will not be accepted. Circuit number tabs shall not be attached to or be a part of the breaker.

D. Where two or three pole breakers occur in the panels, they shall be common trip units. Single pole breakers with tie-bar between handles will not be accepted.

E. All circuit breakers shall be padlockable in the "off" position. Locking facilities shall be riveted or mechanically attached to the circuit breaker (submit sample for approval). Other means of attachment shall not be accepted without prior written approval of Architect.

F. Where branch circuit breakers supply the power to motors and signal systems, the breakers shall be furnished with lockout clips, mounted in the "on" position. The breakers shall be able to trip automatically with lockout clips in place.

G. Panelboard circuit breakers shall be bolt-on type.

2.10 BUSSING

A. Bussing shall be rectangular cross section copper, or full length silver or tin-plated aluminum.

B. Bussing shall be braces to withstand symmetrical short circuit ratings as follows or as noted on drawings. In no case shall bus short circuit bracing be less than specified circuit breakers.

C. Each panelboard shall be equipped with a ground bus secured to the interior of the enclosure.

For Council Approval
Not for Bidding

The bus shall have a separate lug for each ground conductor. No more than one conductor shall be installed per lug.

2.11 POOL MECHANICAL EQUIPMENT ENCLOSURES, TERMINAL CABINETS & MISC CABINETS

A. All pool mechanical equipment enclosures, terminal cabinets and miscellaneous cabinets in the pool mechanical room or chemical storage rooms shall be corrosion resistant rated in accordance with the latest NEC requirements. Enclosures and all cabinets shall be flush mounted (except where noted a surface) of the size indicated on the drawings, and complete with hinged lockable doors and the number of 2-way screw terminals required for termination of all conductors. Terminal cabinet locks to operated form same key used for panelboards. The trim to terminal cabinets shall be fastened by means of concealed bolted or screwed fasteners accessible behind door to terminal cabinets. Terminal cabinets shall have 5/8" plywood backing.

B. Provide engraved nameplate on each enclosure and cabinet indicating its designation and system (i.e., Swimming Pool - Panel 'SP').

2.12 MOTOR CONTROL INDIVIDUAL STARTERS

A. Manual Motor Starters:

1. Provide flush or surface mounting manual motor starters with number of poles and size of thermal overload heaters as required for the motor being controlled (equipped with overload heaters, one for each motor lead). Back boxes shall be supplied with all flush mounting starters whether they are toggle type requiring only a 4" square outlet box or the larger type requiring a special box and cover designed to accept the particular unit. All box types shall be corrosion resistant rated in accordance with the latest NEC requirements.
2. Unless otherwise noted on the drawings, all manual starters for single phase motors, smaller than 1 h.p., shall be the compact toggle type. Manual starters for all single phase motors, 1 to 5 h.p., and all three phase motors up to 5 h.p. shall be the heavy duty type.
3. Where manual motor starter is shown with pilot light, the pilot light shall be installed in a separate outlet box adjacent to the starter outlet, and engraved nameplate in indicate function of pilot light.
4. The following motor starters as manufactured by:

Manufacturer	Single Phase 1HP and Below	Others
Arrow Hart	Type RL	Type LL
General Electric	CR 101	Class CR 1062
I.T.E.	Class C10, C11 or C12	Class C20
Square D Company	Class 2510, Type A	Class 2510, Type B & C
Westinghouse	Type MS	Type A100
Allen Bradley	Approved Equal	Approved Equal.

B. Individual Magnetic Motor Starters:

1. Magnetic motor starters shall be A.C. line voltage, across-the-line units in a corrosion resistant rated enclosure in accordance with the latest NEC requirements.
2. All starters located outside of a building whether or not indicated shall be W.P.

For Council Approval
Not for Bidding

(weatherproof), and all starters noted W.P. shall be furnished in a corrosion resistant rated stainless steel enclosure in accordance with the latest NEC requirements.

3. Starter shall be horsepower rated for the motor controlled, and shall be equipped with properly sized overload elements. Every pole shall be with overload element.
4. Verify the exact motor current and voltage characteristics with the Contractor supplying the motor before installation of a starter.
5. Each starter shall be equipped with "Hand-Off-Auto" switch or stop-start pushbutton as required.
6. Coils shall be designed to operate on voltage indicated on control diagrams and have built-in-under the voltage release for coil circuit to drop motor starter off the line when the line voltage drops below normal operating voltage.
7. The coil control circuit shall be independently fused, sized to protect coil.
8. Starters to be equipped with running pilot light indication with a "Push-to-Test" feature.
9. Magnetic starters shall have a minimum of two auxiliary contacts. Additional auxiliary contacts shall be provided as required to comply with the requirements of the wiring diagrams on the electrical and mechanical drawings and the description of the function in the Mechanical Section of the Specifications.
10. Starters shall comply with NEMA standards, size and horsepower ratings as indicated on drawings.
11. The following types of magnetic motor starters as manufactured by:

Manufacture	Type
General Electric	Class CR 106
I.T.E.	Class A20
Square D Company	Class 8536
Westinghouse	Type A200 (Size 4 Max.) or Class II-200 (Sizes 5-8)

2.13 INDIVIDUAL COMBINATION MOTOR STARTERS

A. Combination starter shall incorporate fused disconnect switch and individual magnetic motor starter. Combination starters shall be mounted in a corrosion resistant rated enclosure in accordance with the latest NEC requirements.

B. Starters shall comply with NEMA standards, size and horsepower ratings as indicated on drawings General Electric, Square D, Westinghouse or I.T.E.

B. The disconnect handle used on combination starters shall control the disconnect device with the door opened or closed. The disconnect handle shall be clearly marked as to whether the disconnect device is "ON" or "OFF", and shall include a two-color handle grip, the black side visible in the "OFF" position indicating a safe condition, and the red side visible in the "ON" position indicating an unsafe or danger condition.

C. All starters used in combination starters shall be manufactured in accordance with the latest published NEMA standards, sizes, and horsepower ratings. These starters shall be furnished with three melting alloy type thermal overload relays.

D. Thermal units shall be of one-piece construction and interchangeable. The starter shall be inoperative if a thermal unit is removed.

For Council Approval
Not for Bidding

2.14 MOTOR CONTROL CENTER, INTERLOCKS AND CONTROL DEVICES

A. Refer to mechanical and plumbing drawings and specifications and provide all control devices including timeswitches, relays and interconnection of starters as required.

B. Mount all relays and timeswitches in a separate compartment in motor control center unless otherwise indicated.

C. Whether shown on mechanical and plumbing drawings or control center schedules or not, where motors are controlled by external devices (i.e., thermostats, relays, float or pressure switches, etc.) or interlocked with other motors, each motor starter to be equipped with a "Hand-Off-Auto" selector switch in starter cover. Other starters equipped with a "Start' Stop" pushbutton station in starter cover. The Contractor shall be responsible to submit a complete and detailed set of shop drawings, electrical schematic design along with electrical component cut sheets from the MCC panel or the interlock control device manufacturer. RSD Total Control: Allan Pearson 949-380-7878, South Coast Controls: Anthony Ellis 714-998-5656, H2O Integration Controls, Mike Macri, 253-244-1576 or approved equal.

2.15 FUSES

A. Fuses shall be dual element, current limiting type, U.L. Class RK5 unless otherwise indicated on the drawings. Provide one spare set of fuses of each size and type in each motor control center.

2.16 TIME CLOCKS

A. Time clocks shall be provided for all underwater lighting systems and swimming pool circulation pumps not controlled by filter microprocessors.

B. Contacts shall have a minimum rating of 40 amperes at 277V.

C. Timing motor shall be heavy duty synchronous, self starting, high torque type, and shall be rated at 120, 208, 240, 277 volt 60 Hz.

D. Motor shall operate normally at temperature range of -60 degrees Fahrenheit to +120 degrees Fahrenheit.

E. Dial shall be 3" diameter, clearly calibrated with day/night zones and 24 hour rotation, with gear to provide one revolution yearly which automatically varies the on/off settings each day according to seasonal changes. Day and month of the year shall show clearly through calendar window on the dial.

F. Time clocks shall be equipped with 7-spoke omitting wheel marked with days of the week.

G. Time clocks shall be housed in a corrosion resistant rated enclosure in accordance with the latest NEC requirements.

H. Acceptable manufacturers are Intermatic, Tork, Paragon, or approved equal.

For Council Approval
Not for Bidding

2.17 GROUND FAULT CIRCUIT INTERRUPTERS

A. Minimum rating shall be 20 amperes, 125V, 5 milliampere trip setting, Class A per UL943.

B. Manufacturer to be Crouse-Hinds, Leviton, or approved equal.

2.18 BOXES

A. Boxes shall be of the size required by ordinances or larger, must be corrosion resistant in accordance with the latest NEC requirements where concealed or exposed on ceilings or walls.

B. Outlets to be surface where wiring is exposed and flush in areas where conduit is concealed.

B. Provide surface outlets with proper corrosion resistant surface covers. Box and cover shall be deep enough to provide at least 1/4" clearance between back of device and back of box. Where box contains more than one device, use a corrosion resistant rated gang box with proper cover in accordance with the latest NEC requirements. Surface outlet boxes shall be of the threaded hub type wherever below 8'0".

C. If necessary for cable installation, additional pull boxes or junction boxes may be installed in accessible locations. Exposed pull boxes and junction boxes shall be corrosion resistant rated in accordance with the latest NEC requirements.

E. Where exposed to weather pull boxes larger than outlet boxes are required, galvanized code gauge sheet steel boxes may be used with covers attached by brass machine screws may be used. Boxes exposed to the weather shall be approved for the purpose, and conduit entrances shall be on the bottom made by means of an interchangeable hub with gasket and adapter nut. Pull boxes not shown on Drawings may be added only after approval of size and location is obtained.

F. For outlets exposed to weather or where noted, cast outlet boxes shall be Crouse-Hinds, Appleton, or approved equal. Boxes shall have proper number and size hubs. Device plates, covers, adapters and boxes shall be as manufactured by Crouse-Hinds, Appleton, or approved equal.

G. Exposed junction boxes, outlet boxes and pull boxes for pool chemical rooms shall be non - metallic suitable for a corrosive environment and in accordance with the latest NEC requirements.

2.19 IDENTIFICATION MARKINGS

A. Plainly mark all motor and electrical appliance control equipment indicating the equipment controlled with engraved metal tags.

B. Provide laminated plastic nameplates on panelboards on the outside of the door at the top indicating panel designation and feeder source.

For Council Approval
Not for Bidding

C. Provide laminated plastic nameplates on distribution switchboards and motor control centers at the top center indicating panel designation and feeder source.

D. Identify each distribution switchboard and motor control center circuit breaker with a laminated plastic nameplate indicating its' use.

E. Type panelboard directories on the forms provided with the equipment, indicating the use of each branch circuit breaker.

F. Fasten all laminated plastic nameplates to surfaces with two (2) or more screws.

PART 3 EXECUTION

3.01 INSPECTION

A. Verify conditions at the Project site before submitting bid. Be responsible for providing all necessary wiring for the new electrical systems. Wherever wiring is being disrupted due to remodeling or changes, reconnect existing and provide new wiring circuits to accomplish a fully operable system at no additional cost to the Owner.

3.02 COORDINATION

A. The Drawings are essentially diagrammatic and indicate the desired location, size, routes, connection points, etc., and are to be followed as closely as possible. Proper judgment must be exercised in executing the Work so as to provide the best possible installation in the available space and to overcome difficulties, limitations or interference wherever encountered. Be responsible for the correct placement of this Work, the proper location and connection in relation to Work of other trades, for determining the exact location of all conduits, outlets and equipment, and for installing the conduits in such a manner as to conform to the structure, avoid obstruction, preserve headroom and keep openings and passageways clear. Particular attention is directed to the close coordination required on exposed Work. Locations shown on Architectural or Mechanical Drawings if different than those shown on Electrical Drawings should be communicated to the Owner's Representative in writing for clarification.

3.03 INSTALLATION

A. Trenching and Backfill: Conform with requirements of Section 131101. Provide minimum cover as required by Code.

B. Conduit Installation:

1. Conduit and metallic raceway systems shall be mechanically and electrically continuous from sources of current to all outlets in a manner to provide a continuous grounding path. Close ends of conduit during construction to prevent entrance of dirt or moisture.
2. Securely fasten conduit to the building construction within three feet of each outlet and within every ten feet thereafter. Secure it to boxes, cabinets, pull boxes, terminals with two locknuts and ends equipped with bushings or a terminal fitting. Cut square with ends

For Council Approval
Not for Bidding

carefully reamed.

3. Make bends or elbows so that the conduit will not be injured or flattened.
4. Use insulated metallic bushings in all places where bushings are required.
5. Run exposed conduits level or plumb and parallel to the construction members of the building. No cutting across or diagonal runs will be permitted. Neatly surmount structural obstructions encountered on conduit runs by the use of fittings or pull boxes.
6. Identify feeder conduits by stamped metal tags secured to exposed section of conduit in main or sub-panels.
7. Make up all threaded conduit joints gas and watertight with conductive sealer except conduit above ground in dry indoor locations.
8. Rigidly support all boxes independently of the conduit system.

C. Connections to Equipment:

1. Fully connect, in an approved manner, all electrical outlets, apparatus, motors, equipment, fixtures, wiring devices and appliances whether they are installed under the Electrical Contract or not, which require electrical connections, to the corresponding electrical system outlet.
2. Where the Work of this Section requires connections to be made to equipment that is furnished and set-in-place under other Sections, obtain such roughing-in dimensions from the manufacturer or supplier of each item as required and assume full responsibility for the installation of the connections thereto.

3.04 ADJUSTMENT AND CLEAN-UP

A. Preliminary Operation: Should the Owner's Representative deem it necessary to operate the electrical installation or any part thereof prior to Substantial Completion of the Work, consent to such preliminary operation and supervise conduction of same. Subcontractor shall pay all costs occasioned by such operation. Preliminary operation shall not be construed as an acceptance of any Work installed under this Contract.

B. Clean-up: Upon completion of the Work of this Section, immediately remove all swimming pool electrical materials, debris and rubbish occasioned by this Work to the approval of the Owner's Representative.

END OF SECTION

For Council Approval
Not for Bidding

SECTION 23 05 29

HANGERS AND SUPPORTS FOR HVAC PIPING AND EQUIPMENT

PART 1 - GENERAL

1.1 SUMMARY

A. Section Includes:

1. Metal pipe hangers and supports.
2. Thermal-hanger shield inserts.
3. Fastener systems.
4. Equipment supports.

B. Related Requirements:
1. Section 230548 "Vibration and Seismic Controls for HVAC"] [Section 230548.13 "Vibration Controls for HVAC" for vibration isolation devices.

1.2 ACTION SUBMITTALS

A. Product Data: For each type of product.

1.3 INFORMATIONAL SUBMITTALS

A. Welding certificates.

1.4 QUALITY ASSURANCE

A. Structural-Steel Welding Qualifications: Qualify procedures and personnel according to AWS D1.1/D1.1M, "Structural Welding Code - Steel."

B. Pipe Welding Qualifications: Qualify procedures and operators according to ASME Boiler and Pressure Vessel Code, Section IX.

PART 2 - PRODUCTS

2.1 PERFORMANCE REQUIREMENTS

A. Structural Performance: Hangers and supports for HVAC piping and equipment shall withstand the effects of gravity loads and stresses within limits and under conditions indicated according to ASCE/SEI 7

1. Design supports for multiple pipes, including pipe stands, capable of supporting combined weight of supported systems, system contents, and test water.
2. Design equipment supports capable of supporting combined operating weight of supported equipment and connected systems and components.

For Council Approval
Not for Bidding

3. Design seismic-restraint hangers and supports for piping and equipment

2.2 METAL PIPE HANGERS AND SUPPORTS

A. Carbon-Steel Pipe Hangers and Supports:

1. Description: MSS SP-58, Types 1 through 58, factory-fabricated components.
2. Galvanized Metallic Coatings: Pregalvanized, hot-dip galvanized, or electro-galvanized.
3. Nonmetallic Coatings: Plastic coated, or epoxy powder-coated.
4. Padded Hangers: Hanger with fiberglass or other pipe insulation pad or cushion to support bearing surface of piping.
5. Hanger Rods: Continuous-thread rod, nuts, and washer made of carbon steel

B. Stainless Steel Pipe Hangers and Supports:

1. Description: MSS SP-58, Types 1 through 58, factory-fabricated components.
2. Padded Hangers: Hanger with fiberglass or other pipe insulation pad or cushion to support bearing surface of piping.
3. Hanger Rods: Continuous-thread rod, nuts, and washer made of stainless steel

C. Copper Pipe and Tube Hangers:

1. Description: MSS SP-58, Types 1 through 58, copper-plated steel, factory-fabricated components.
2. Hanger Rods: Continuous-thread rod, nuts, and washer made of stainless steel

2.3 THERMAL-HANGER SHIELD INSERTS

A. Insulation-Insert Material for Cold Piping: ASTM C552, Type II cellular glass with 100-psi or ASTM C591, Type VI, Grade 1 polyisocyanurate with 125-psi minimum compressive strength and vapor barrier.

B. Insulation-Insert Material for Hot Piping: Water-repellent-treated, ASTM C533, Type I calcium silicate with 100-psi ASTM C552, Type II cellular glass with 100-psi or ASTM C591, Type VI, Grade 1 polyisocyanurate with 125-psi minimum compressive strength.

C. For Trapeze or Clamped Systems: Insert and shield shall cover entire circumference of pipe.

D. For Clevis or Band Hangers: Insert and shield shall cover lower 180 degrees of pipe.

E. Insert Length: Extend 2 inches beyond sheet metal shield for piping operating below ambient air temperature.

2.4 FASTENER SYSTEMS

A. Powder-Actuated Fasteners: Threaded-steel stud, for use in hardened portland cement concrete with pull-out, tension, and shear capacities appropriate for supported loads and building materials where used.

B. Mechanical-Expansion Anchors: Insert-wedge-type, zinc-coated steel anchors, for use in hardened portland cement concrete; with pull-out, tension, and shear capacities appropriate for supported loads and building materials where used.

For Council Approval
Not for Bidding

2.5 EQUIPMENT SUPPORTS

A. Description: Welded, shop- or field-fabricated equipment support made from structural carbon-steel shapes.

2.6 MATERIALS

A. Aluminum: ASTM B221

B. Carbon Steel: ASTM A1011/A1011M.

C. Structural Steel: ASTM A36/A36M, carbon-steel plates, shapes, and bars; black and galvanized.

D. Stainless Steel: ASTM A240/A240M.

E. Grout: ASTM C1107/C1107M, factory-mixed and -packaged, dry, hydraulic-cement, nonshrink and nonmetallic grout; suitable for interior and exterior applications.

1. Properties: Nonstaining, noncorrosive, and nongaseous.
2. Design Mix: 5000-psi, 28-day compressive strength.

PART 3 - EXECUTION

3.1 APPLICATION

A. Comply with requirements in Section 078413 "Penetration Firestopping" for firestopping materials and installation for penetrations through fire-rated walls, ceilings, and assemblies.

B. Strength of Support Assemblies: Where not indicated, select sizes of components so strength will be adequate to carry present and future static loads within specified loading limits. Minimum static design load used for strength determination shall be weight of supported components plus 200 lb

3.2 INSTALLATION OF HANGERS AND SUPPORTS

A. Metal Pipe-Hanger Installation: Comply with MSS SP-58. Install hangers, supports, clamps, and attachments as required to properly support piping from the building structure.

B. Fiberglass Pipe-Hanger Installation: Comply with applicable portions of MSS SP-58. Install hangers and attachments as required to properly support piping from building structure.

C. Framing System Installation: Metal. Arrange for grouping of parallel runs of piping, and support together on field-assembled strut systems.

D. Thermal-Hanger Shield Installation: Install in pipe hanger or shield for insulated piping.

E. Fastener System Installation:

1. Install powder-actuated fasteners for use in lightweight concrete or concrete slabs less than 4 inches thick in concrete after concrete is placed and completely cured. Use operators that are licensed by powder-actuated tool manufacturer. Install fasteners according to powder-actuated tool manufacturer's operating manual.

For Council Approval
Not for Bidding

2. Install mechanical-expansion anchors in concrete after concrete is placed and completely cured. Install fasteners according to manufacturer's written instructions.

F. Pipe Stand Installation:
1. Curb-Mounted-Type Pipe Stands: Assemble components or fabricate pipe stand and mount on permanent, stationary roof curb. See Section 077200 "Roof Accessories" for curbs.

G. Install hangers and supports complete with necessary attachments, inserts, bolts, rods, nuts, washers, and other accessories.

H. Install hangers and supports to allow controlled thermal and seismic movement of piping systems, to permit freedom of movement between pipe anchors, and to facilitate action of expansion joints, expansion loops, expansion bends, and similar units.

I. Install lateral bracing with pipe hangers and supports to prevent swaying.

J. Install building attachments within concrete slabs or attach to structural steel. Install additional attachments at concentrated loads, including valves, flanges, and strainers, NPS 2-1/2 and larger and at changes in direction of piping. Install concrete inserts before concrete is placed; fasten inserts to forms and install reinforcing bars through openings at top of inserts.

K. Load Distribution: Install hangers and supports so that piping live and dead loads and stresses from movement will not be transmitted to connected equipment.

L. Pipe Slopes: Install hangers and supports to provide indicated pipe slopes and to not exceed maximum pipe deflections allowed by ASME B31.9 for building services piping.

M. Insulated Piping:

1. Attach clamps and spacers to piping.

a. Piping Operating above Ambient Air Temperature: Clamp may project through insulation.
b. Piping Operating below Ambient Air Temperature: Use thermal-hanger shield insert with clamp sized to match OD of insert.
c. Do not exceed pipe stress limits allowed by ASME B31.9 for building services piping.

2. Install MSS SP-58, Type 39, protection saddles if insulation without vapor barrier is indicated. Fill interior voids with insulation that matches adjoining insulation.

a. Option: Thermal-hanger shield inserts may be used. Include steel weight-distribution plate for pipe NPS 4 and larger if pipe is installed on rollers.

3. Install MSS SP-58, Type 40, protective shields on cold piping with vapor barrier. Shields shall span an arc of 180 degrees.

a. Option: Thermal-hanger shield inserts may be used. Include steel weight-distribution plate for pipe NPS 4 and larger if pipe is installed on rollers.

4. Shield Dimensions for Pipe: Not less than the following:

a. NPS 1/4 to NPS 3-1/2 (DN 8 to DN 90): 12 inches long and 0.048 inch thick.
b. NPS 4 (DN 100): 12 inches long and 0.06 inch thick.

5. Thermal-Hanger Shields: Install with insulation same thickness as piping insulation.

For Council Approval
Not for Bidding

3.3 INSTALLATION OF EQUIPMENT SUPPORTS

A. Fabricate structural-steel stands to suspend equipment from structure overhead or to support equipment above floor.

B. Grouting: Place grout under supports for equipment and make bearing surface smooth.

C. Provide lateral bracing, to prevent swaying, for equipment supports.

3.4 METAL FABRICATIONS

A. Cut, drill, and fit miscellaneous metal fabrications for equipment supports.

B. Fit exposed connections together to form hairline joints. Field weld connections that cannot be shop welded because of shipping size limitations.

C. Field Welding: Comply with AWS D1.1/D1.1M procedures for shielded, metal arc welding; appearance and quality of welds; and methods used in correcting welding work; and with the following:

1. Use materials and methods that minimize distortion and develop strength and corrosion resistance of base metals.
2. Obtain fusion without undercut or overlap.
3. Remove welding flux immediately.
4. Finish welds at exposed connections so no roughness shows after finishing and so contours of welded surfaces match adjacent contours.

3.5 ADJUSTING

A. Hanger Adjustments: Adjust hangers to distribute loads equally on attachments and to achieve indicated slope of pipe.

B. Trim excess length of continuous-thread hanger and support rods to 1-1/2 inches

3.6 PAINTING

A. Touchup: Clean field welds and abraded areas of shop paint. Paint exposed areas immediately after erecting hangers and supports. Use same materials as used for shop painting. Comply with SSPC-PA 1 requirements for touching up field-painted surfaces.

1. Apply paint by brush or spray to provide a minimum dry film thickness of 2.0 mils

B. Galvanized Surfaces: Clean welds, bolted connections, and abraded areas and apply galvanizing-repair paint to comply with ASTM A780/A780M.

3.7 HANGER AND SUPPORT SCHEDULE

A. Specific hanger and support requirements are in Sections specifying piping systems and equipment.

For Council Approval
Not for Bidding

B. Comply with MSS SP-58 for pipe-hanger selections and applications that are not specified in piping system Sections.

C. Use hangers and supports with galvanized metallic coatings for piping and equipment that will not have field-applied finish.

D. Use nonmetallic coatings on attachments for electrolytic protection where attachments are in direct contact with copper tubing.

E. Use carbon-steel pipe hangers and supports and attachments for general service applications.

F. Use stainless steel pipe hangers and fiberglass pipe hangers and fiberglass strut systems and stainless steel or corrosion-resistant attachments for hostile environment applications.

G. Use copper-plated pipe hangers and copper or stainless steel attachments for copper piping and tubing.

H. Use padded hangers for piping that is subject to scratching.

I. Use thermal-hanger shield inserts for insulated piping and tubing.

J. Horizontal-Piping Hangers and Supports: Unless otherwise indicated and except as specified in piping system Sections, install the following types:

1. Adjustable, Steel Clevis Hangers (MSS Type 1): For suspension of noninsulated or insulated, stationary pipes NPS 1/2 to NPS 30
2. Yoke-Type Pipe Clamps (MSS Type 2): For suspension of up to 1050 deg F, pipes NPS 4 to NPS 24, requiring up to 4 inches of insulation.
3. Carbon- or Alloy-Steel, Double-Bolt Pipe Clamps (MSS Type 3): For suspension of pipes NPS 3/4 to NPS 36, requiring clamp flexibility and up to 4 inches of insulation.
4. Steel Pipe Clamps (MSS Type 4): For suspension of cold and hot pipes NPS 1/2 to NPS 24 if little or no insulation is required.
5. Pipe Hangers (MSS Type 5): For suspension of pipes NPS 1/2 to NPS 4, to allow off-center closure for hanger installation before pipe erection.
6. Adjustable, Swivel Split- or Solid-Ring Hangers (MSS Type 6): For suspension of noninsulated, stationary pipes NPS 3/4 to NPS 8.
7. Adjustable, Steel Band Hangers (MSS Type 7): For suspension of noninsulated, stationary pipes NPS 1/2 to NPS 8.
8. Adjustable Band Hangers (MSS Type 9): For suspension of noninsulated, stationary pipes NPS 1/2 to NPS 8.
9. Adjustable, Swivel-Ring Band Hangers (MSS Type 10): For suspension of noninsulated, stationary pipes NPS 1/2 to NPS 8.
10. Split Pipe Ring with or without Turnbuckle Hangers (MSS Type 11): For suspension of noninsulated, stationary pipes NPS 3/8 to NPS 8.
11. Extension Hinged or Two-Bolt Split Pipe Clamps (MSS Type 12): For suspension of noninsulated, stationary pipes NPS 3/8 to NPS 3.
12. U-Bolts (MSS Type 24): For support of heavy pipes NPS 1/2 to NPS 30.
13. Clips (MSS Type 26): For support of insulated pipes not subject to expansion or contraction.
14. Pipe Saddle Supports (MSS Type 36): For support of pipes NPS 4 to NPS 36, with steel-pipe base stanchion support and cast-iron floor flange or carbon-steel plate.
15. Pipe Stanchion Saddles (MSS Type 37): For support of pipes NPS 4 to NPS 36, with steel-pipe base stanchion support and cast-iron floor flange or carbon-steel plate, and with U-bolt to retain pipe.

For Council Approval
Not for Bidding

16. Adjustable Pipe Saddle Supports (MSS Type 38): For stanchion-type support for pipes NPS 2-1/2 to NPS 36 if vertical adjustment is required, with steel-pipe base stanchion support and cast-iron floor flange.
17. Single-Pipe Rolls (MSS Type 41): For suspension of pipes NPS 1 to NPS 30, from two rods if longitudinal movement caused by expansion and contraction might occur.
18. Adjustable Roller Hangers (MSS Type 43): For suspension of pipes NPS 2-1/2 to NPS 24, from single rod if horizontal movement caused by expansion and contraction might occur.
19. Complete Pipe Rolls (MSS Type 44): For support of pipes NPS 2 to NPS 42 if longitudinal movement caused by expansion and contraction might occur but vertical adjustment is unnecessary.
20. Pipe Roll and Plate Units (MSS Type 45): For support of pipes NPS 2 to NPS 24 if small horizontal movement caused by expansion and contraction might occur and vertical adjustment is unnecessary.
21. Adjustable Pipe Roll and Base Units (MSS Type 46): For support of pipes NPS 2 to NPS 30 if vertical and lateral adjustment during installation might be required in addition to expansion and contraction.

K. Vertical-Piping Clamps: Unless otherwise indicated and except as specified in piping system Sections, install the following types:

1. Extension Pipe or Riser Clamps (MSS Type 8): For support of pipe risers NPS 3/4 to NPS 24.
2. Carbon- or Alloy-Steel Riser Clamps (MSS Type 42): For support of pipe risers NPS 3/4 to NPS 24 if longer ends are required for riser clamps.

L. Hanger-Rod Attachments: Unless otherwise indicated and except as specified in piping system Sections, install the following types:

1. Steel Turnbuckles (MSS Type 13): For adjustment up to 6 inches for heavy loads.
2. Steel Clevises (MSS Type 14): For 120 to 450 deg F piping installations.
3. Swivel Turnbuckles (MSS Type 15): For use with MSS Type 11, split pipe rings.
4. Malleable-Iron Sockets (MSS Type 16): For attaching hanger rods to various types of building attachments.
5. Steel Weldless Eye Nuts (MSS Type 17): For 120 to 450 deg F piping installations.

M. Building Attachments: Unless otherwise indicated and except as specified in piping system Sections, install the following types:

1. Steel or Malleable Concrete Inserts (MSS Type 18): For upper attachment to suspend pipe hangers from concrete ceiling.
2. Top-Beam C-Clamps (MSS Type 19): For use under roof installations with bar-joist construction, to attach to top flange of structural shape.
3. Side-Beam or Channel Clamps (MSS Type 20): For attaching to bottom flange of beams, channels, or angles.
4. Center-Beam Clamps (MSS Type 21): For attaching to center of bottom flange of beams.
5. Welded Beam Attachments (MSS Type 22): For attaching to bottom of beams if loads are considerable and rod sizes are large.
6. C-Clamps (MSS Type 23): For structural shapes.
7. Top-Beam Clamps (MSS Type 25): For top of beams if hanger rod is required tangent to flange edge.
8. Side-Beam Clamps (MSS Type 27): For bottom of steel I-beams.
9. Steel-Beam Clamps with Eye Nuts (MSS Type 28): For attaching to bottom of steel I-beams for heavy loads.
10. Linked-Steel Clamps with Eye Nuts (MSS Type 29): For attaching to bottom of steel I-beams for heavy loads, with link extensions.

For Council Approval
Not for Bidding

11. Malleable-Beam Clamps with Extension Pieces (MSS Type 30): For attaching to structural steel.
12. Welded-Steel Brackets: For support of pipes from below or for suspending from above by using clip and rod. Use one of the following for indicated loads:

    a. Light (MSS Type 31): 750 lb
    b. Medium (MSS Type 32): 1500 lb
    c. Heavy (MSS Type 33): 3000 lb

13. Side-Beam Brackets (MSS Type 34): For sides of steel or wooden beams.
14. Plate Lugs (MSS Type 57): For attaching to steel beams if flexibility at beam is required.
15. Horizontal Travelers (MSS Type 58): For supporting piping systems subject to linear horizontal movement where headroom is limited.

N. Saddles and Shields: Unless otherwise indicated and except as specified in piping system Sections, install the following types:

1. Steel-Pipe-Covering Protection Saddles (MSS Type 39): To fill interior voids with insulation that matches adjoining insulation.
2. Protection Shields (MSS Type 40): Of length recommended in writing by manufacturer to prevent crushing insulation.
3. Thermal-Hanger Shield Inserts: For supporting insulated pipe.

O. Spring Hangers and Supports: Unless otherwise indicated and except as specified in piping system Sections, install the following types:

1. Restraint-Control Devices (MSS Type 47): Where indicated to control piping movement.
2. Spring Cushions (MSS Type 48): For light loads if vertical movement does not exceed 1-1/4 inches
3. Spring-Cushion Roll Hangers (MSS Type 49): For equipping Type 41, roll hanger with springs.
4. Spring Sway Braces (MSS Type 50): To retard sway, shock, vibration, or thermal expansion in piping systems.
5. Variable-Spring Hangers (MSS Type 51): Preset to indicated load and limit variability factor to 25 percent to allow expansion and contraction of piping system from hanger.
6. Variable-Spring Base Supports (MSS Type 52): Preset to indicated load and limit variability factor to 25 percent to allow expansion and contraction of piping system from base support.
7. Variable-Spring Trapeze Hangers (MSS Type 53): Preset to indicated load and limit variability factor to 25 percent to allow expansion and contraction of piping system from trapeze support.
8. Constant Supports: For critical piping stress and if necessary to avoid transfer of stress from one support to another support, critical terminal, or connected equipment. Include auxiliary stops for erection, hydrostatic test, and load-adjustment capability. These supports include the following types:

    a. Horizontal (MSS Type 54): Mounted horizontally.
    b. Vertical (MSS Type 55): Mounted vertically.
    c. Trapeze (MSS Type 56): Two vertical-type supports and one trapeze member.

P. Comply with MSS SP-58 for trapeze pipe-hanger selections and applications that are not specified in piping system Sections.

Q. Use powder-actuated fasteners or mechanical-expansion anchors instead of building attachments where required in concrete construction.

For Council Approval
Not for Bidding

SECTION 23 05 48

VIBRATION AND SEISMIC CONTROLS FOR HVAC

PART 1 - GENERAL

1.1 SUMMARY

A. Section Includes:

1. Elastomeric isolation pads.
2. Elastomeric isolation mounts.
3. Elastomeric hangers.
4. Post-installed concrete anchors.
5. Concrete inserts.

B. Related Requirements:
1. Section 220548 "Vibration and Seismic Controls for Plumbing Piping and Equipment" for devices for plumbing equipment and systems.

1.2 ACTION SUBMITTALS

A. Product Data: For each type of product.

1.3 INFORMATIONAL SUBMITTALS

A. Welding certificates.

B. Field quality-control reports.

1.4 QUALITY ASSURANCE

A. Welding Qualifications: Qualify procedures and personnel in accordance with AWS D1.1/D1.1M, "Structural Welding Code - Steel."

B. Seismic-Restraint Device Load Ratings: Devices to be tested and rated in accordance with applicable code requirements and authorities having jurisdiction. Devices to be listed by a nationally recognized third party that requires periodic follow-up inspections and has a listing directory available to the public. Provide third-party listing by one or more of the following: an agency acceptable to authorities having jurisdiction

PART 2 - PRODUCTS

2.1 PERFORMANCE REQUIREMENTS

A. Consequential Damage: Provide additional seismic restraints for suspended HVAC components or anchorage of floor-, roof-, or wall-mounted HVAC components as indicated in ASCE/SEI 7-05

For Council Approval
Not for Bidding

so that failure of a non-essential or essential HVAC component will not cause failure of any other essential architectural, mechanical, or electrical building component.

B. Fire/Smoke Resistance: Seismic-restraint devices that are not constructed of ferrous metals must have a maximum flame-spread index of 25 and maximum smoke-developed index of 50 when tested by an NRTL in accordance with ASTM E84 or UL 723, and be so labeled.

C. Component Supports:

1. Load ratings, features, and applications of all reinforcement components must be based on testing standards of a nationally recognized testing agency.
2. All component support attachments must comply with force and displacement resistance requirements of ASCE 7-05 Section 13.6

2.2 ELASTOMERIC ISOLATION PADS

A. Elastomeric Isolation Pads:

1. Fabrication: Single or multiple layers of sufficient durometer stiffness for uniform loading over pad area.
2. Size: Factory or field cut to match requirements of supported equipment.
3. Pad Material: Oil and water resistant with elastomeric properties. Neoprene rubber, silicone rubber, or other elastomeric material.
4. Surface Pattern: Smooth, ribbed, or waffle pattern.

2.3 ELASTOMERIC ISOLATION MOUNTS

A. Double-Deflection, Elastomeric Isolation Mounts:

1. Mounting Plates:

a. Top Plate: Encapsulated steel load transfer top plates, factory drilled and threaded with threaded studs or bolt
b. Baseplate: Encapsulated steel bottom plates with holes provided for anchoring to support structure.

2. Elastomeric Material: Molded, oil- and water-resistant neoprene rubber, silicone rubber, or other elastomeric material.

2.4 RESTRAINED ELASTOMERIC ISOLATION MOUNTS

A. Restrained Elastomeric Isolation Mounts:

1. Description: All-directional isolator with seismic restraints containing two separate and opposing elastomeric elements that prevent central threaded element and attachment hardware from contacting the housing during normal operation.

a. Housing: Cast-ductile iron or welded steel.
b. Elastomeric Material: Molded, oil-resistant rubber, neoprene, or other elastomeric material.

For Council Approval
Not for Bidding

2.5 ELASTOMERIC HANGERS

A. Elastomeric Mount in a Steel Frame with Upper and Lower Steel Hanger Rods:

1. Frame: Steel, fabricated with a connection for an upper threaded hanger rod and an opening on the underside to allow for a maximum of 30 degrees of angular lower hanger-rod misalignment without binding or reducing isolation efficiency.
2. Damping Element: Molded, oil-resistant rubber, neoprene, or other elastomeric material with a projecting bushing for the underside opening preventing steel to steel contact.

2.6 POST-INSTALLED CONCRETE ANCHORS

A. Mechanical Anchor Bolts:

1. Drilled-in and stud-wedge or female-wedge type in zinc-coated steel for interior applications and stainless steel for exterior applications. Select anchor bolts with strength for anchor and as tested according to ASTM E488/E488M.

B. Provide post-installed concrete anchors that have been prequalified for use in wind-load applications. Post-installed concrete anchors must comply with all requirements of ASCE/SEI 7-05, Ch. 13

1. Prequalify post-installed anchors in concrete in accordance with ACI 355.2 or other approved qualification testing procedures.
2. Prequalify post-installed anchors in masonry in accordance with approved qualification procedures.

C. Expansion-type anchor bolts are not permitted for equipment in excess of 10 hp that is not vibration isolated.

1. Undercut expansion anchors are permitted.

2.7 CONCRETE INSERTS

A. Provide preset concrete inserts that are seismically prequalified in accordance with ICC-ES AC466 testing.

B. Comply with ANSI/MSS SP-58.

PART 3 - EXECUTION

3.1 APPLICATIONS

A. Multiple Pipe Supports: Secure pipes to trapeze member with clamps approved for application by an agency acceptable to authorities having jurisdiction.

Indicate on Drawings, in schedules, or a combination of both, the locations where hanger rods for individual pipes and hanger rods for trapeze hangers require hanger-rod stiffeners.

B. Hanger-Rod Stiffeners: Install where indicated or scheduled on Drawings to receive them and where required to prevent buckling of hanger rods due to seismic forces.

For Council Approval
Not for Bidding

C. Strength of Support and Seismic-Restraint Assemblies: Where not indicated, select sizes of components so strength is adequate to carry present and future static and seismic loads within specified loading limits.

3.2 INSTALLATION OF VIBRATION-CONTROL AND SEISMIC-RESTRAINT DEVICES

A. Provide vibration-control devices for systems and equipment where indicated in Equipment Schedules or Vibration-Control Devices Schedules, where indicated on Drawings, or where Specifications indicate they are to be installed on specific equipment and systems.

B. Provide seismic-restraint devices for systems and equipment where indicated in Equipment Schedules or Seismic-Restraint Devices Schedules, where indicated on Drawings, where Specifications indicate they are to be installed on specific equipment and systems, and where required by applicable codes.

C. Coordinate location of embedded connection hardware with supported equipment attachment and mounting points and with requirements for concrete reinforcement and formwork specified in Section 033000 "Cast-in-Place Concrete."

D. Installation of vibration isolators must not cause any change of position of equipment, piping, or ductwork resulting in stresses or misalignment.

E. Comply with requirements in Section 077200 "Roof Accessories" for installation of roof curbs, equipment supports, and roof penetrations.

F. Equipment Restraints:

1. Install seismic snubbers on HVAC equipment mounted on vibration isolators. Locate snubbers as close as possible to vibration isolators and bolt to equipment base and supporting structure.
2. Install resilient bolt isolation washers on equipment anchor bolts where clearance between anchor and adjacent surface exceeds 0.125 inch
3. Install seismic-restraint devices using methods approved by an agency acceptable to authorities having jurisdiction that provides required submittals for component.

G. Piping Restraints:

1. Comply with requirements in MSS SP-127.
2. Space lateral supports a maximum of 40 feet o.c., and longitudinal supports a maximum of 80 feet o.c.
3. Brace a change of direction longer than 12 feet

H. Ductwork Restraints:

1. Install ducts with hangers and braces designed to support the duct and to restrain against seismic forces required by applicable building codes. Comply with SMACNA's "Seismic Restraint Manual: Guidelines for Mechanical Systems."
2. Space lateral supports a maximum of 40 feet o.c., and longitudinal supports a maximum of 80 feet o.c.
3. Brace a change of direction longer than 12 feet
4. Select seismic-restraint devices with capacities adequate to carry static and seismic loads.
5. Install cable restraints on ducts that are suspended with vibration isolators.

For Council Approval
Not for Bidding

I. Install seismic-restraint cables so they do not bend across edges of adjacent equipment or building structure.

J. Install seismic-restraint devices using methods approved by an agency acceptable to authorities having jurisdiction that provides required submittals for component.

K. Install bushing assemblies for anchor bolts for floor-mounted equipment, arranged to provide resilient media between anchor bolt and mounting hole in concrete base.

L. Install bushing assemblies for mounting bolts for wall-mounted equipment, arranged to provide resilient media where equipment or equipment-mounting channels are attached to wall.

M. Attachment to Structure: If specific attachment is not indicated, anchor bracing to structure at flanges of beams, at upper truss chords of bar joists, or at concrete members.

N. Mechanical Anchor Bolts:

1. Identify position of reinforcing steel and other embedded items prior to drilling holes for anchors. Do not damage existing reinforcing or embedded items during coring or drilling. Notify structural engineer if reinforcing steel or other embedded items are encountered during drilling. Locate and avoid prestressed tendons, electrical and telecommunications conduit, and gas lines.
2. Do not drill holes in concrete or masonry until concrete, mortar, or grout has achieved full design strength.
3. Wedge-Type Anchor Bolts: Protect threads from damage during anchor installation. Heavy-duty sleeve anchors to be installed with sleeve fully engaged in the structural element to which anchor is to be fastened.
4. Set anchors to manufacturer's recommended torque, using a torque wrench.
5. Install zinc-coated steel anchors for interior and stainless steel anchors for exterior applications.

3.3 ACCOMMODATION OF DIFFERENTIAL SEISMIC MOTION

A. Provide flexible connections in piping systems where they cross structural seismic joints and other point where differential movement may occur. Provide adequate flexibility to accommodate differential movement as determined in accordance with ASCE/SEI 7. Comply with requirements in Section 232113 "Hydronic Piping" and Section 232116 "Hydronic Piping Specialties" for piping flexible connections.

3.4 ADJUSTING

A. Adjust isolators after system is at operating weight.

B. Adjust limit stops on restrained-spring isolators to mount equipment at normal operating height. After equipment installation is complete, adjust limit stops so they are out of contact during normal operation.

3.5 FIELD QUALITY CONTROL

A. Testing Agency: Engage a qualified testing agency to perform tests and inspections.

B. Tests and Inspections:

For Council Approval
Not for Bidding

1. Perform tests and inspections
2. Provide evidence of recent calibration of test equipment by a testing agency acceptable to authorities having jurisdiction.
3. Schedule test with Owner before connecting anchorage device to restrained component (unless postconnection testing has been approved), and with at least seven days' advance notice.
4. Obtain Owner Representative approval before transmitting test loads to structure. Provide temporary load-spreading members.
5. Test no fewer than four of each type and size of installed anchors and fasteners selected by Owner Representative.
6. Test to 90 percent of rated proof load of device.
7. Measure isolator restraint clearance.
8. Measure isolator deflection.
9. Verify snubber minimum clearances.

C. Remove and replace malfunctioning units and retest as specified above.

D. Units will be considered defective if they do not pass tests and inspections.

E. Prepare test and inspection reports.

END OF SECTION 230548

For Council Approval
Not for Bidding

SECTION 23 05 93

TESTING, ADJUSTING, AND BALANCING FOR HVAC

PART 1 - GENERAL

1.1 SUMMARY

A. Section Includes:
1. Testing, adjusting, and balancing of equipment.
2. Testing, adjusting, and balancing of existing HVAC systems and equipment.
3. HVAC-control system verification.

1.2 DEFINITIONS

A. AABC: Associated Air Balance Council.

B. NEBB: National Environmental Balancing Bureau.

C. TAB: Testing, adjusting, and balancing.

D. TABB: Testing, Adjusting, and Balancing Bureau.

E. TAB Specialist: An independent entity meeting qualifications to perform TAB work.

F. TDH: Total dynamic head.

G. UFAD: Underfloor air distribution.

1.3 INFORMATIONAL SUBMITTALS

A. Qualification Data: Within 30 days of Contractor's Notice to Proceed, submit documentation that the TAB specialist and this Project's TAB team members meet the qualifications specified in "Quality Assurance" Article.

B. Contract Documents Examination Report: Within 30 days of Contractor's Notice to Proceed, submit the Contract Documents review report, as specified in Part 3.

C. Strategies and Procedures Plan: Within 30 days of Contractor's Notice to Proceed, submit TAB strategies and step-by-step procedures, as specified in "Preparation" Article.

D. System Readiness Checklists: Within 30 days of Contractor's Notice to Proceed, submit system readiness checklists, as specified in "Preparation" Article.

E. Examination Report: Submit a summary report of the examination review required in "Examination" Article.

F. Certified TAB reports.

G. Sample report forms.

For Council Approval
Not for Bidding

H. Instrument calibration reports, to include the following:

1. Instrument type and make.
2. Serial number.
3. Application.
4. Dates of use.
5. Dates of calibration.

1.4 QUALITY ASSURANCE

A. TAB Specialists Qualifications, Certified by NEBB or TABB:

1. TAB Field Supervisor: Employee of the TAB specialist and certified by NEBB or TABB.
2. TAB Technician: Employee of the TAB specialist and certified by NEBB or TABB

B. Instrumentation Type, Quantity, Accuracy, and Calibration: Comply with requirements in ASHRAE 111, Section 4, "Instrumentation."

C. ASHRAE/IES 90.1 Compliance: Applicable requirements in ASHRAE/IES 90.1, Section 6.7.2.3 - "System Balancing."

D. Code and AHJ Compliance: TAB is required to comply with governing codes and requirements of authorities having jurisdiction.

1.5 FIELD CONDITIONS

A. Full Owner Occupancy: Owner will occupy the site and existing building during entire TAB period. Cooperate with Owner during TAB operations to minimize conflicts with Owner's operations.

PART 2 - PRODUCTS (Not Applicable)

PART 3 - EXECUTION

3.1 EXAMINATION

A. Examine the Contract Documents to become familiar with Project requirements and to discover conditions in systems designs that may preclude proper TAB of systems and equipment.

B. Examine installed systems for balancing devices, such as test ports, gauge cocks, thermometer wells, flow-control devices, balancing valves and fittings, and manual volume dampers. Verify that locations of these balancing devices are applicable for intended purpose and are accessible.

C. Examine the approved submittals for HVAC systems and equipment.

D. Examine design data, including HVAC system descriptions, statements of design assumptions for environmental conditions and systems output, and statements of philosophies and assumptions about HVAC system and equipment controls.

E. Examine ceiling plenums and underfloor air plenums used for HVAC to verify that they are properly separated from adjacent areas and sealed.

For Council Approval
Not for Bidding

F. Examine equipment performance data, including fan and pump curves.

1. Relate performance data to Project conditions and requirements, including system effects that can create undesired or unpredicted conditions that cause reduced capacities in all or part of a system.
2. Calculate system-effect factors to reduce performance ratings of HVAC equipment when installed under conditions different from the conditions used to rate equipment performance. To calculate system effects for air systems, use tables and charts found in AMCA 201, "Fans and Systems," or in SMACNA's "HVAC Systems - Duct Design." Compare results with the design data and installed conditions.

G. Examine system and equipment installations and verify that field quality-control testing, cleaning, and adjusting specified in individual Sections have been performed.

H. Examine test reports specified in individual system and equipment Sections.

I. Examine HVAC equipment and verify that bearings are greased, belts are aligned and tight, filters are clean, and equipment with functioning controls is ready for operation.

J. Examine terminal units, such as variable-air-volume boxes, and verify that they are accessible and their controls are connected and functioning.

K. Examine temporary and permanent strainers. Verify that temporary strainer screens used during system cleaning and flushing have been removed and permanent strainer baskets are installed and clean.

L. Examine control valves for proper installation for their intended function of isolating, throttling, diverting, or mixing fluid flows.

M. Examine heat-transfer coils for correct piping connections and for clean and straight fins.

N. Examine system pumps to ensure absence of entrained air in the suction piping.

O. Examine operating safety interlocks and controls on HVAC equipment.

P. Examine control dampers for proper installation for their intended function of isolating, throttling, diverting, or mixing air flows.

Q. Report deficiencies discovered before and during performance of TAB procedures. Observe and record system reactions to changes in conditions. Record default set points if different from indicated values.

3.2 PREPARATION

A. Prepare a TAB plan that includes the following:

1. Equipment and systems to be tested.
2. Strategies and step-by-step procedures for balancing the systems.
3. Instrumentation to be used.
4. Sample forms with specific identification for all equipment.

B. Perform system-readiness checks of HVAC systems and equipment to verify system readiness for TAB work. Include, at a minimum, the following:

For Council Approval
Not for Bidding

1. Airside:

    a. Verify that leakage and pressure tests on air distribution systems have been satisfactorily completed.
    b. Duct systems are complete with terminals installed.
    c. Volume, smoke, and fire dampers are open and functional.
    d. Clean filters are installed.
    e. Fans are operating, free of vibration, and rotating in correct direction.
    f. Variable-frequency controllers' startup is complete and safeties are verified.
    g. Automatic temperature-control systems are operational.
    h. Ceilings are installed.
    i. Windows and doors are installed.
    j. Suitable access to balancing devices and equipment is provided.

2. Hydronics:

    a. Verify leakage and pressure tests on water distribution systems have been satisfactorily completed.
    b. Piping is complete with terminals installed.
    c. Water treatment is complete.
    d. Systems are flushed, filled, and air purged.
    e. Strainers are pulled and cleaned.
    f. Control valves are functioning in accordance with the sequence of operation.
    g. Shutoff and balance valves have been verified to be 100 percent open.
    h. Pumps are started and proper rotation is verified.
    i. Pump gauge connections are installed directly at pump inlet and outlet flanges or in discharge and suction pipe prior to valves or strainers.
    j. Variable-frequency controllers' startup is complete and safeties are verified.
    k. Suitable access to balancing devices and equipment is provided.

3.3 GENERAL PROCEDURES FOR TESTING AND BALANCING

A. Perform testing and balancing procedures on each system in accordance with the procedures contained in NEBB's "Procedural Standards for Testing, Adjusting, and Balancing of Environmental Systems" and in this Section.

B. Cut insulation, ducts, pipes, and equipment casings for installation of test probes to the minimum extent necessary for TAB procedures.

1. After testing and balancing, patch probe holes in ducts with same material and thickness as used to construct ducts.
2. Where holes for probes are required in piping or hydronic equipment, install pressure and temperature test plugs to seal systems.
3. Install and join new insulation that matches removed materials. Restore insulation, coverings, vapor barrier, and finish in accordance with Section 230713 "Duct Insulation," Section 230716 "HVAC Equipment Insulation," and Section 230719 "HVAC Piping Insulation."

C. Mark equipment and balancing devices, including damper-control positions, valve position indicators, fan-speed-control levers, and similar controls and devices, with paint or other suitable, permanent identification material to show final settings.

D. Take and report testing and balancing measurements in [inch-pound (IP)] [and] [metric (SI)] units.

For Council Approval
Not for Bidding

3.4 TESTING, ADJUSTING, AND BALANCING OF HVAC EQUIPMENT

A. Test, adjust, and balance HVAC equipment indicated on Drawings, including, but not limited to, the following:
   1. Fans and ventilators.

3.5 GENERAL PROCEDURES FOR BALANCING AIR SYSTEMS

A. Prepare test reports for both fans and outlets. Obtain manufacturer's outlet factors and recommended testing procedures. Crosscheck the summation of required outlet volumes with required fan volumes.

B. Prepare schematic diagrams of systems' Record drawings duct layouts.

C. For variable-air-volume systems, develop a plan to simulate diversity.

D. Determine the best locations in main and branch ducts for accurate duct-airflow measurements.

E. Check airflow patterns from the outdoor-air louvers and dampers and the return- and exhaust-air dampers through the supply-fan discharge and mixing dampers.

F. Locate start-stop and disconnect switches, electrical interlocks, and motor starters.

G. Verify that motor starters are equipped with properly sized thermal protection.

H. Check dampers for proper position to achieve desired airflow path.

I. Check for airflow blockages.

J. Check condensate drains for proper connections and functioning.

K. Check for proper sealing of air-handling-unit components.

3.6 PROCEDURES FOR CONSTANT-VOLUME AIR SYSTEMS

A. Adjust fans to deliver total indicated airflows within the maximum allowable fan speed listed by fan manufacturer.

   1. Measure total airflow.

      a. Set outside-air, return-air, and relief-air dampers for proper position that simulates minimum outdoor-air conditions.
      b. Where duct conditions allow, measure airflow by main Pitot-tube traverse. If necessary, perform multiple Pitot-tube traverses close to the fan and prior to any outlets, to obtain total airflow.
      c. Where duct conditions are unsuitable for Pitot-tube traverse measurements, a coil traverse may be acceptable.

   2. Measure fan static pressures as follows:

      a. Measure static pressure directly at the fan outlet or through the flexible connection.
      b. Measure static pressure directly at the fan inlet or through the flexible connection.

For Council Approval
Not for Bidding

c. Measure static pressure across each component that makes up the air-handling system.
d. Report artificial loading of filters at the time static pressures are measured.

3. Do not make fan-speed adjustments that result in motor overload. Consult equipment manufacturers about fan-speed safety factors. Modulate dampers and measure fan-motor amperage to ensure that no overload occurs. Measure amperage in full-cooling, full-heating, economizer, and any other operating mode to determine the maximum required brake horsepower.

B. Adjust volume dampers for main duct, submain ducts, and major branch ducts to indicated airflows.

1. Measure airflow of submain and branch ducts.
2. Adjust submain and branch duct volume dampers for specified airflow.
3. Re-measure each submain and branch duct after all have been adjusted.

C. Adjust air inlets and outlets for each space to indicated airflows.

1. Set airflow patterns of adjustable outlets for proper distribution without drafts.
2. Measure inlets and outlets airflow.
3. Adjust each inlet and outlet for specified airflow.
4. Re-measure each inlet and outlet after they have been adjusted.

D. Verify final system conditions.

1. Re-measure and confirm that minimum outdoor, return, and relief airflows are within design. Readjust to design if necessary.
2. Re-measure and confirm that total airflow is within design.
3. Re-measure all final fan operating data, speed, volts, amps, and static profile.
4. Mark all final settings.
5. Test system in economizer mode. Verify proper operation and adjust if necessary.
6. Measure and record all operating data.
7. Record final fan-performance data.

3.7 HVAC CONTROLS VERIFICATION

Coordinate requirements of this article with Project commissioning, and edit requirements to avoid duplication.

A. In conjunction with system balancing, perform the following:

1. Verify HVAC control system is operating within the design limitations.
2. Confirm that the sequences of operation are in compliance with Contract Documents.
3. Verify that controllers are calibrated and function as intended.
4. Verify that controller set points are as indicated.
5. Verify the operation of lockout or interlock systems.
6. Verify the operation of valve and damper actuators.
7. Verify that controlled devices are properly installed and connected to correct controller.
8. Verify that controlled devices travel freely and are in position indicated by controller: open, closed, or modulating.
9. Verify location and installation of sensors to ensure that they sense only intended temperature, humidity, or pressure.

For Council Approval
Not for Bidding

B. Reporting: Include a summary of verifications performed, remaining deficiencies, and variations from indicated conditions.

3.8 PROCEDURES FOR TESTING, ADJUSTING, AND BALANCING EXISTING SYSTEMS

A. Perform a preconstruction inspection of existing equipment that is to remain and be reused.

1. Measure and record the operating speed, airflow, and static pressure of each fan and equipment with fan(s).
2. Measure and record flows, temperatures, and pressures of each piece of equipment in each hydronic system. Compare the values to design or nameplate information, where information is available.
3. Measure motor voltage and amperage. Compare the values to motor nameplate information.
4. Check the refrigerant charge.
5. Check the condition of filters.
6. Check the condition of coils.
7. Check the operation of the drain pan and condensate-drain trap.
8. Check bearings and other lubricated parts for proper lubrication.
9. Report on the operating condition of the equipment and the results of the measurements taken. Report deficiencies.

B. TAB After Construction: Before performing testing and balancing of renovated existing systems, inspect existing equipment that is to remain and be reused to verify that existing equipment has been cleaned and refurbished in accordance with renovation scope indicated by Contract Documents. Verify the following:

1. New filters are installed.
2. Coils are clean and fins combed.
3. Drain pans are clean.
4. Fans are clean.
5. Bearings and other parts are properly lubricated.
6. Deficiencies noted in the preconstruction report are corrected.

C. Perform testing and balancing of existing systems to the extent that existing systems are affected by the renovation work.

1. Compare the indicated airflow of the renovated work to the measured fan airflows, and determine the new fan speed and the face velocity of filters and coils.
2. Verify that the indicated airflows of the renovated work result in filter and coil face velocities and fan speeds that are within the acceptable limits defined by equipment manufacturer.
3. If calculations increase or decrease the airflow rates and water flow rates by more than 5 percent, make equipment adjustments to achieve the calculated rates. If increase or decrease is 5 percent or less, equipment adjustments are not required.
4. Balance each air outlet.

3.9 TOLERANCES

A. Set HVAC system's airflow rates and water flow rates within the following tolerances:

1. Supply, Return, and Exhaust Fans and Equipment with Fans: Plus or minus 10 percent. If design value is less than 100 cfm, within 10 cfm.

For Council Approval
Not for Bidding

2. Air Outlets and Inlets: Plus or minus 10 percent. If design value is less than 100 cfm, within 10 cfm

B. Maintaining pressure relationships as designed shall have priority over the tolerances specified above.

3.10 PROGRESS REPORTING

A. Initial Construction-Phase Report: Based on examination of the Contract Documents as specified in "Examination" Article, prepare a report on the adequacy of design for system-balancing devices. Recommend changes and additions to system-balancing devices, to facilitate proper performance measuring and balancing. Recommend changes and additions to HVAC systems and general construction to allow access for performance-measuring and -balancing devices.

B. Status Reports: Prepare monthly progress reports to describe completed procedures, procedures in progress, and scheduled procedures. Include a list of deficiencies and problems found in systems being tested and balanced. Prepare a separate report for each system and each building floor for systems serving multiple floors.

3.11 FINAL REPORT

A. General: Prepare a certified written report; tabulate and divide the report into separate sections for tested systems and balanced systems.

1. Include a certification sheet at the front of the report's binder, signed and sealed by the certified testing and balancing engineer.
2. Include a list of instruments used for procedures, along with proof of calibration.
3. Certify validity and accuracy of field data.

B. Final Report Contents: In addition to certified field-report data, include the following:

1. Pump curves.
2. Fan curves.
3. Manufacturers' test data.
4. Field test reports prepared by system and equipment installers.
5. Other information relative to equipment performance; do not include Shop Drawings and Product Data.

C. General Report Data: In addition to form titles and entries, include the following data:

1. Title page.
2. Name and address of the TAB specialist.
3. Project name.
4. Project location.
5. Architect's name and address.
6. Engineer's name and address.
7. Contractor's name and address.
8. Report date.
9. Signature of TAB supervisor who certifies the report.
10. Table of Contents with the total number of pages defined for each section of the report. Number each page in the report.
11. Summary of contents, including the following:

For Council Approval
Not for Bidding

a. Indicated versus final performance.
b. Notable characteristics of systems.
c. Description of system operation sequence if it varies from the Contract Documents.

12. Nomenclature sheets for each item of equipment.
13. Data for terminal units, including manufacturer's name, type, size, and fittings.
14. Notes to explain why certain final data in the body of reports vary from indicated values.
15. Test conditions for fans performance forms, including the following:

a. Settings for outdoor-, return-, and exhaust-air dampers.
b. Conditions of filters.
c. Cooling coil, wet- and dry-bulb conditions.
d. Heating coil, dry-bulb conditions.
e. Face and bypass damper settings at coils.
f. Fan drive settings, including settings and percentage of maximum pitch diameter.
g. Variable-frequency controller settings for variable-air-volume systems.
h. Settings for pressure controller(s).
i. Other system operating conditions that affect performance.

16. Test conditions for pump performance forms, including the following:

a. Variable-frequency controller settings for variable-flow hydronic systems.
b. Settings for pressure controller(s).
c. Other system operating conditions that affect performance.

D. Fan Test Reports: For supply, return, and exhaust fans, include the following:

1. Fan Data:

a. System identification.
b. Location.
c. Make and type.
d. Model number and size.
e. Manufacturer's serial number.
f. Arrangement and class.
g. Sheave make, size in inches, and bore.
h. Center-to-center dimensions of sheave and amount of adjustments in inches

2. Motor Data:

a. Motor make, and frame type and size.
b. Horsepower and speed.
c. Volts, phase, and hertz.
d. Full-load amperage and service factor.
e. Sheave make, size in inches, and bore.
f. Center-to-center dimensions of sheave and amount of adjustments in inches
g. Number, make, and size of belts.

3. Test Data (Indicated and Actual Values):

a. Total airflow rate in cfm
b. Total system static pressure in inches wg
c. Fan speed.
d. Discharge static pressure in inches wg
e. Suction static pressure in inches wg

For Council Approval
Not for Bidding

E. Round, Flat-Oval, and Rectangular Duct Traverse Reports: Include a diagram with a grid representing the duct cross-section and record the following:

1. Report Data:

a. System fan and air-handling-unit number.
b. Location and zone.
c. Traverse air temperature in deg F
d. Duct static pressure in inches wg
e. Duct size in inches
f. Duct area in sq. ft.
g. Indicated airflow rate in cfm
h. Indicated velocity in fpm
i. Actual airflow rate in cfm
j. Actual average velocity in fpm
k. Barometric pressure in psig

3.12 VERIFICATION OF TAB REPORT

A. The TAB specialist's test and balance engineer shall conduct the inspection in the presence of Construction Manager

B. Construction Manager shall randomly select measurements, documented in the final report, to be rechecked. Rechecking shall be limited to the lesser of either 10 percent of the total measurements recorded or the extent of measurements that can be accomplished in a normal 8-hour business day

C. If rechecks yield measurements that differ from the measurements documented in the final report by more than the tolerances allowed, the measurements shall be noted as "FAILED."

D. If the number of "FAILED" measurements is greater than 10 percent of the total measurements checked during the final inspection, the TAB shall be considered incomplete and shall be rejected.

E. If recheck measurements find the number of failed measurements noncompliant with requirements indicated, proceed as follows:

1. TAB specialists shall recheck all measurements and make adjustments. Revise the final report and balancing device settings to include all changes; resubmit the final report and request a second final inspection. All changes shall be tracked to show changes made to previous report.
2. If the second final inspection also fails, Owner may pursue others Contract options to complete TAB work.

F. Prepare test and inspection reports.

3.13 ADDITIONAL TESTS

A. Within 90 days of completing TAB, perform additional TAB to verify that balanced conditions are being maintained throughout and to correct unusual conditions.

B. Seasonal Periods: If initial TAB procedures were not performed during near-peak summer and winter conditions, perform additional TAB during near-peak summer and winter conditions.

For Council Approval
Not for Bidding

END OF SECTION 230593

For Council Approval
Not for Bidding

SECTION 23 07 13

DUCT INSULATION

PART 1 - GENERAL

1.1 SUMMARY

A. Section includes insulating the following duct services:
1. Indoor, concealed exhaust between isolation damper and penetration of building exterior.

1.2 ACTION SUBMITTALS

A. Product Data: For each type of product indicated.

1.3 INFORMATIONAL SUBMITTALS

A. Field quality-control reports.

PART 2 - PRODUCTS

2.1 PERFORMANCE REQUIREMENTS

A. Surface-Burning Characteristics: For insulation and related materials, as determined by testing identical products in accordance with ASTM E84, by a testing agency acceptable to authorities having jurisdiction. Factory label insulation, jacket materials, adhesive, mastic, tapes, and cement material containers with appropriate markings of applicable testing agency.

1. All Insulation Installed Indoors: Flame-spread index of 25 or less, and smoke-developed index of 50 or less.

2.2 INSULATION MATERIALS

A. Comply with requirements in "Duct Insulation Schedule, General," "Indoor Duct and Plenum Insulation Schedule," and "Aboveground, Outdoor Duct and Plenum Insulation Schedule" articles for where insulating materials are applied.

B. Products do not contain asbestos, lead, mercury, or mercury compounds.

C. Products that come in contact with stainless steel have a leachable chloride content of less than 50 ppm when tested in accordance with ASTM C871.

D. Insulation materials for use on austenitic stainless steel are qualified as acceptable in accordance with ASTM C795.

E. Foam insulation materials do not use CFC or HCFC blowing agents in the manufacturing process.

For Council Approval
Not for Bidding

F. Glass-Fiber Blanket: Glass fibers bonded with a thermosetting resin; suitable for maximum use temperature up to 450 deg F in accordance with ASTM C411. Comply with ASTM C553, Type II, and ASTM C1290, Type III with factory-applied FSK jacket. Factory-applied jacket requirements are specified in "Factory-Applied Jackets" Article.

2.3 FIRE-RATED INSULATION SYSTEMS

A. Fire-Rated Blanket: High-temperature, flexible, blanket insulation with FSK jacket that is tested and certified to provide a 1-hour fire rating by an NRTL acceptable to authorities having jurisdiction.

2.4 ADHESIVES

A. Materials are compatible with insulation materials, jackets, and substrates and for bonding insulation to itself and to surfaces to be insulated unless otherwise indicated.

B. ASJ Adhesive, and FSK Jacket Adhesive: Comply with MIL-A-3316C, Class 2, Grade A for bonding insulation jacket lap seams and joints.

2.5 MASTICS AND COATINGS

A. Materials shall be compatible with insulation materials, jackets, and substrates.

B. Vapor-Retarder Mastic, Water Based, Interior Use: Suitable for indoor use on below ambient services.
1. Water-Vapor Permeance: Comply with ASTM C755, Section 7.2.2, Table 2, for insulation type and service conditions.
2. Service Temperature Range: Minus 20 to plus 180 deg F
3. Comply with MIL-PRF-19565C, Type II, for permeance requirements
4. Color: White

C. Breather Mastic: Water based; suitable for indoor and outdoor use on above ambient services.
1. Water-Vapor Permeance: ASTM E96/E96M, greater than 1.0 permat manufacturer's recommended dry film thickness.
2. Service Temperature Range: Minus 20 to plus 180 deg F
3. Color: White

2.6 SEALANTS

A. FSK and Metal Jacket Flashing Sealants:
1. Materials are compatible with insulation materials, jackets, and substrates.
2. Fire- and water-resistant, flexible, elastomeric sealant.
3. Service Temperature Range: Minus 40 to plus 250 deg F
4. Color: Aluminum.

2.7 FACTORY-APPLIED JACKETS

A. Insulation system schedules indicate factory-applied jackets on various applications. When factory-applied jackets are indicated, comply with the following:

For Council Approval
Not for Bidding

1. ASJ: White, kraft-paper, fiberglass-reinforced scrim with aluminum-foil backing; complying with ASTM C1136, Type I.
2. ASJ-SSL: ASJ with self-sealing, pressure-sensitive, acrylic-based adhesive covered by a removable protective strip; complying with ASTM C1136, Type I.
3. FSK Jacket: Aluminum-foil, fiberglass-reinforced scrim with kraft-paper backing; complying with ASTM C1136, Type II.
4. FSP Jacket: Aluminum-foil, fiberglass-reinforced scrim with polyethylene backing; complying with ASTM C1136, Type II.
5. Vinyl Jacket: White vinyl with a permeance of 1.3 perms when tested in accordance with ASTM E96/E96M, Procedure A, and complying with NFPA 90A and NFPA 90B.
6. ASJ+: All-service jacket composed of aluminum foil reinforced with glass scrim bonded to a kraft paper interleaving with an outer film leaving no paper exposed; complying with ASTM C1136, Types I, II, III, IV, and VII
7. PSK Jacket: Aluminum foil, fiberglass-reinforced scrim with polyethylene backing; complying with ASTM C 1136, Type II.

2.8 FIELD-APPLIED FABRIC-REINFORCING MESH

A. Woven Polyester Mesh: Approximately 1 oz./sq. yd. with a thread count of 10 strands by 10 strands/sq. in., in a Leno weave, for ducts.

2.9 TAPES

A. FSK Tape: Foil-face, vapor-retarder tape matching factory-applied jacket with acrylic adhesive; complying with ASTM C1136.
1. Width: 3 inches
2. Thickness: 6.5 mils
3. Adhesion: 90 ounces force/inch in width.
4. Elongation: 2 percent.
5. Tensile Strength: 40 lbf/inch in width.
6. FSK Tape Disks and Squares: Precut disks or squares of FSK tape.

2.10 SECUREMENTS

A. Aluminum Bands: ASTM B209, Alloy 3003, 3005, 3105, or 5005; Temper H-14, 0.020 inch, 1/2 inch wide with wing seal or closed seal.

B. Insulation Pins and Hangers:

1. Metal, Adhesively Attached, Perforated-Base Insulation Hangers: Baseplate welded to projecting spindle that is capable of holding insulation, of thickness indicated, securely in position indicated when self-locking washer is in place. Comply with the following requirements:
   a. Baseplate: Perforated, galvanized carbon-steel sheet, 0.030 inch thick by 2 inches square.
   b. Spindle: Copper- or zinc-coated, low-carbon steel, fully annealed, 0.106-inch-diameter shank, length to suit depth of insulation indicated.
   c. Adhesive: Recommended by hanger manufacturer. Product with demonstrated capability to bond insulation hanger securely to substrates indicated without damaging insulation, hangers, and substrates.

For Council Approval
Not for Bidding

2. Nonmetal, Adhesively Attached, Perforated-Base Insulation Hangers: Baseplate fastened to projecting spindle that is capable of holding insulation, of thickness indicated, securely in position indicated when self-locking washer is in place. Comply with the following requirements:
   a. Baseplate: Perforated, nylon sheet, 0.030 inch thick by 1-1/2 inches in diameter.
   b. Spindle: Nylon, 0.106-inch-diameter shank, length to suit depth of insulation indicated, up to 2-1/2 inches.
   c. Adhesive: Recommended by hanger manufacturer. Product with demonstrated capability to bond insulation hanger securely to substrates indicated without damaging insulation, hangers, and substrates.

3. Self-Sticking-Base Insulation Hangers: Baseplate welded to projecting spindle that is capable of holding insulation, of thickness indicated, securely in position indicated when self-locking washer is in place. Comply with the following requirements:
   a. Baseplate: Galvanized carbon-steel sheet, 0.030 inch thick by 2 inches square.
   b. Spindle: Copper- or zinc-coated, low-carbon steel, fully annealed, 0.106-inch-diameter shank, length to suit depth of insulation indicated.
   c. Adhesive-backed base with a peel-off protective cover.

4. Insulation-Retaining Washers: Self-locking washers formed from 0.016-inch-thick, galvanized-steel sheet, with beveled edge sized as required to hold insulation securely in place but not less than 1-1/2 inches in diameter.
   a. Protect ends with capped self-locking washers incorporating a spring steel insert to ensure permanent retention of cap in exposed locations.

5. Nonmetal Insulation-Retaining Washers: Self-locking washers formed from 0.016-inch-thick nylon sheet, with beveled edge sized as required to hold insulation securely in place but not less than 1-1/2 inches in diameter.

C. Staples: Outward-clinching insulation staples, nominal 3/4-inch-wide, stainless steel or Monel.

D. Wire: 0.062-inch soft-annealed, stainless steel

2.11 CORNER ANGLES

A. PVC Corner Angles: 30 mils thick, minimum 1 by 1 inch, PVC in accordance with ASTM D1784, Class 16354-C. White or color-coded to match adjacent surface.

B. Aluminum Corner Angles: 0.040 inch thick, minimum 1 by 1 inch, aluminum in accordance with ASTM B209, Alloy 3003, 3005, 3105, or 5005; Temper H-14.

PART 3 - EXECUTION

3.1 PREPARATION

A. Surface Preparation: Clean and dry surfaces to receive insulation. Remove materials that will adversely affect insulation application.

For Council Approval
Not for Bidding

3.2 GENERAL INSTALLATION REQUIREMENTS

A. Install insulation materials, accessories, and finishes with smooth, straight, and even surfaces; free of voids throughout the length of ducts and fittings.

B. Install insulation materials, vapor barriers or retarders, jackets, and thicknesses required for each item of duct system as specified in insulation system schedules.

C. Install accessories compatible with insulation materials and suitable for the service. Install accessories that do not corrode, compress, or otherwise damage insulation or jacket.

D. Install insulation with longitudinal seams at top and bottom of horizontal runs.

E. Install multiple layers of insulation with longitudinal and end seams staggered.

F. Keep insulation materials dry during application and finishing. Replace insulation materials that get wet during storage or in the installation process before being properly covered and sealed in accordance with the Contract Documents.

G. Install insulation with tight longitudinal seams and end joints. Bond seams and joints with adhesive recommended by insulation material manufacturer.

H. Install insulation with least number of joints practical.

I. Where vapor barrier is indicated, seal joints, seams, and penetrations in insulation at hangers, supports, anchors, and other projections with vapor-barrier mastic.

1. Install insulation continuously through hangers and around anchor attachments.
2. For insulation application where vapor barriers are indicated, extend insulation on anchor legs from point of attachment to supported item to point of attachment to structure. Taper and seal ends at attachment to structure with vapor-barrier mastic.
3. Install insert materials and install insulation to tightly join the insert. Seal insulation to insulation inserts with adhesive or sealing compound recommended by insulation material manufacturer.

J. Apply adhesives, mastics, and sealants at manufacturer's recommended coverage rate and wet and dry film thicknesses.

K. Install insulation with factory-applied jackets as follows:

1. Draw jacket tight and smooth, but not to the extent of creating wrinkles or areas of compression in the insulation.
2. Cover circumferential joints with 3-inch-wide strips, of same material as insulation jacket. Secure strips with adhesive and outward clinching staples along both edges of strip, spaced 4 inches o.c.
3. Overlap jacket longitudinal seams at least 1-1/2 inches. Clean and dry surface to receive self-sealing lap. Staple laps with outward clinching staples along edge at 2 inches o.c.

    a. For below ambient services, apply vapor-barrier mastic over staples.

4. Cover joints and seams with tape, according to insulation material manufacturer's written instructions, to maintain vapor seal.
5. Where vapor barriers are indicated, apply vapor-barrier mastic on seams and joints and at ends adjacent to duct flanges and fittings.

For Council Approval
Not for Bidding

L. Cut insulation in a manner to avoid compressing insulation.

M. Finish installation with systems at operating conditions. Repair joint separations and cracking due to thermal movement.

N. Repair damaged insulation facings by applying same facing material over damaged areas. Extend patches at least 4 inches beyond damaged areas. Adhere, staple, and seal patches similar to butt joints.

3.3 PENETRATIONS

A. Insulation Installation at Roof Penetrations: Install insulation continuously through roof penetrations.

1. Seal penetrations with flashing sealant.
2. For applications requiring only indoor insulation, terminate insulation above roof surface and seal with joint sealant. For applications requiring indoor and outdoor insulation, install insulation for outdoor applications tightly joined to indoor insulation ends. Seal joint with joint sealant.
3. Extend jacket of outdoor insulation outside roof flashing at least 2 inches below top of roof flashing.
4. Seal jacket to roof flashing with flashing sealant.

B. Insulation Installation at Aboveground Exterior Wall Penetrations: Install insulation continuously through wall penetrations.

1. Seal penetrations with flashing sealant.
2. For applications requiring only indoor insulation, terminate insulation inside wall surface and seal with joint sealant. For applications requiring indoor and outdoor insulation, install insulation for outdoor applications tightly joined to indoor insulation ends. Seal joint with joint sealant.
3. Extend jacket of outdoor insulation outside wall flashing and overlap wall flashing at least 2 inches.
4. Seal jacket to wall flashing with flashing sealant.

C. Insulation Installation at Interior Wall and Partition Penetrations (That Are Not Fire Rated): Install insulation continuously through walls and partitions.

D. Insulation Installation at Fire-Rated Wall and Partition Penetrations: Terminate insulation at fire damper sleeves for fire-rated wall and partition penetrations. Externally insulate damper sleeves to match adjacent insulation and overlap duct insulation at least 2 inches.

1. Comply with requirements in Section 078413 "Penetration Firestopping" for firestopping and fire-resistive joint sealers.

E. Insulation Installation at Floor Penetrations:

1. Duct: For penetrations through fire-rated assemblies, terminate insulation at fire damper sleeves and externally insulate damper sleeve beyond floor to match adjacent duct insulation. Overlap damper sleeve and duct insulation at least 2 inches.
2. Seal penetrations through fire-rated assemblies. Comply with requirements in Section 078413 "Penetration Firestopping."

For Council Approval
Not for Bidding

3.4 INSTALLATION OF GLASS-FIBER AND MINERAL-WOOL INSULATION

A. Blanket Insulation Installation on Ducts and Plenums: Secure with adhesive and insulation pins.

B. Comply with manufacturer's written installation instructions.

1. Apply adhesives according to manufacturer's recommended coverage rates per unit area, for 50 percent coverage of duct and plenum surfaces.
2. Apply adhesive to entire circumference of ducts and to all surfaces of fittings and transitions except the top surface of rectangular horizontal duct
3. Install either capacitor-discharge-weld pins and speed washers or cupped-head, capacitor-discharge-weld pins on sides and bottom of horizontal ducts and sides of vertical ducts as follows:

    a. On duct sides with dimensions 18 inches and smaller, place pins along longitudinal centerline of duct. Space 3 inches maximum from insulation end joints, and 16 inches o.c.
    b. On duct sides with dimensions larger than 18 inches, place pins 16 inches o.c. each way, and 3 inches maximum from insulation joints. Install additional pins to hold insulation tightly against surface at cross bracing.
    c. Pins may be omitted from top surface of horizontal, rectangular ducts and plenums.
    d. Do not overcompress insulation during installation.
    e. Impale insulation over pins and attach speed washers.
    f. Cut excess portion of pins extending beyond speed washers or bend parallel with insulation surface. Cover exposed pins and washers with tape matching insulation facing.

4. For ducts and plenums with surface temperatures below ambient, install a continuous unbroken vapor barrier. Create a facing lap for longitudinal seams and end joints with insulation by removing 2 inches from one edge and one end of insulation segment. Secure laps to adjacent insulation section with 1/2-inch outward-clinching staples, 1 inch o.c. Install vapor barrier consisting of factory- or field-applied jacket, adhesive, vapor-barrier mastic, and sealant at joints, seams, and protrusions.

    a. Repair punctures, tears, and penetrations with tape or mastic to maintain vapor-barrier seal.
    b. Install vapor stops for ductwork and plenums operating below 50 deg F at 18-foot intervals. Vapor stops consist of vapor-barrier mastic applied in a Z-shaped pattern over insulation face, along butt end of insulation, and over the surface. Cover insulation face and surface to be insulated a width equal to two times the insulation thickness, but not less than 3 inches.

5. Overlap unfaced blankets a minimum of 2 inches on longitudinal seams and end joints. At end joints, secure with steel bands spaced a maximum of 18 inches o.c.
6. Install insulation on rectangular duct elbows and transitions with a full insulation section for each surface. Install insulation on round and flat-oval duct elbows with individually mitered gores cut to fit the elbow.
7. Insulate duct stiffeners, hangers, and flanges that protrude beyond insulation surface with 6-inch- wide strips of same material used to insulate duct. Secure on alternating sides of stiffener, hanger, and flange with pins spaced 6 inches o.c.

C. Board Insulation Installation on Ducts and Plenums: Secure with adhesive and insulation pins.

1. Apply adhesives according to manufacturer's recommended coverage rates per unit area, for 50 percent coverage of duct and plenum surfaces.

For Council Approval
Not for Building

2. Apply adhesive to entire circumference of ducts and to all surfaces of fittings and transitions except the top surface of rectangular horizontal duct
3. Install either capacitor-discharge-weld pins and speed washers or cupped-head, capacitor-discharge-weld pins on sides and bottom of horizontal ducts and sides of vertical ducts as follows:

    a. On duct sides with dimensions 18 inches and smaller, place pins along longitudinal centerline of duct. Space 3 inches maximum from insulation end joints, and 16 inches o.c.
    b. On duct sides with dimensions larger than 18 inches, space pins 16 inches o.c. each way, and 3 inches maximum from insulation joints. Install additional pins to hold insulation tightly against surface at cross bracing.
    c. Pins may be omitted from top surface of horizontal, rectangular ducts and plenums.
    d. Do not overcompress insulation during installation.
    e. Cut excess portion of pins extending beyond speed washers or bend parallel with insulation surface. Cover exposed pins and washers with tape matching insulation facing.

4. For ducts and plenums with surface temperatures below ambient, install a continuous unbroken vapor barrier. Create a facing lap for longitudinal seams and end joints with insulation by removing 2 inches from one edge and one end of insulation segment. Secure laps to adjacent insulation section with 1/2-inch outward-clinching staples, 1 inch o.c. Install vapor barrier consisting of factory- or field-applied jacket, adhesive, vapor-barrier mastic, and sealant at joints, seams, and protrusions.

    a. Repair punctures, tears, and penetrations with tape or mastic to maintain vapor-barrier seal.
    b. Install vapor stops for ductwork and plenums operating below 50 deg F at 18-foot intervals. Vapor stops consist of vapor-barrier mastic applied in a Z-shaped pattern over insulation face, along butt end of insulation, and over the surface. Cover insulation face and surface to be insulated a width equal to two times the insulation thickness, but not less than 3 inches.

5. Install insulation on rectangular duct elbows and transitions with a full insulation section for each surface. Groove and score insulation to fit as closely as possible to outside and inside radius of elbows. Install insulation on round and flat-oval duct elbows with individually mitered gores cut to fit the elbow.
6. Insulate duct stiffeners, hangers, and flanges that protrude beyond insulation surface with 6-inch- wide strips of same material used to insulate duct. Secure on alternating sides of stiffener, hanger, and flange with pins spaced 6 inches o.c.

3.5 FIRE-RATED INSULATION SYSTEM INSTALLATION

A. Comply with manufacturer's written installation instructions.

B. Where fire-rated insulation system is indicated, secure system to ducts and duct hangers and supports to maintain a continuous fire rating.

C. Insulate duct access panels and doors to achieve same fire rating as duct.

D. Install firestopping at penetrations through fire-rated assemblies. Fire-stop systems are specified in Section 078413 "Penetration Firestopping."

For Council Approval
Not for Bidding

3.6 FINISHES

A. Insulation with ASJ or Other Paintable Jacket Material: Paint jacket with paint system identified below and as specified in Section 099113 "Exterior Painting" and Section 099123 "Interior Painting."

1. Flat Acrylic Finish: Two finish coats over a primer that is compatible with jacket material and finish coat paint. Add fungicidal agent to render fabric mildew proof.

a. Finish Coat Material: Interior, flat, latex-emulsion size.

B. Color: Final color as selected by Owner's Representative. Vary first and second coats to allow visual inspection of the completed Work.

C. Do not field paint aluminum or stainless steel jackets.

3.7 FIELD QUALITY CONTROL

A. Perform tests and inspections.

B. Tests and Inspections:

1. Inspect ductwork, randomly selected by Owner's Representative, by removing field-applied jacket and insulation in layers in reverse order of their installation. Extent of inspection is limited to one location for each duct system defined in the "Duct Insulation Schedule, General" Article.

C. All insulation applications will be considered defective Work if sample inspection reveals noncompliance with requirements.

3.8 DUCT INSULATION SCHEDULE, GENERAL

A. Plenums and Ducts Requiring Insulation:
1. Indoor, concealed exhaust between isolation damper and penetration of building exterior.

B. Items Not Insulated:

1. Fibrous-glass ducts.
2. Metal ducts with duct liner of sufficient thickness to comply with energy code and ASHRAE/IESNA 90.1.
3. Factory-insulated flexible ducts.
4. Factory-insulated plenums and casings.
5. Flexible connectors.
6. Vibration-control devices.
7. Factory-insulated access panels and doors.

3.9 INDOOR DUCT AND PLENUM INSULATION SCHEDULE

A. Concealed, Exhaust-Air Duct and Plenum Insulation: Glass-fiber blanket 1-1/2 inches thick and 0.75 lb/cu. ft. nominal density.

For Council Approval
Not for Bidding

END OF SECTION 230713

For Council Approval

SECTION 23 31 13

METAL DUCTS

PART 1 - GENERAL

1.1 SUMMARY

A. Section Includes:

1. Single-wall rectangular ducts and fittings.
2. Single-wall round ducts and fittings.
3. Sheet metal materials.
4. Sealants and gaskets.
5. Hangers and supports.

B. Related Requirements:

1. Section 230548 "Vibration and Seismic Controls for HVAC" for seismic restraint devices and installation.
2. Section 230593 "Testing, Adjusting, and Balancing for HVAC" for testing, adjusting, and balancing requirements for metal ducts.
3. Section 233300 "Air Duct Accessories" for dampers, sound-control devices, duct-mounting access doors and panels, turning vanes, and flexible ducts.

1.2 ACTION SUBMITTALS

A. Product Data: For each type of the following products:

1. Liners and adhesives.
2. Sealants and gaskets.
3. Seismic-restraint devices.

1.3 INFORMATIONAL SUBMITTALS

A. Welding certificates.

B. Field quality-control reports.

1.4 QUALITY ASSURANCE

A. Welding Qualifications: Qualify procedures and personnel in accordance with the following:

1. AWS D1.1/D1.1M, "Structural Welding Code - Steel," for hangers and supports.
2. AWS D1.2/D1.2M, "Structural Welding Code - Aluminum," for aluminum supports.
3. AWS D9.1/D9.1M, "Sheet Metal Welding Code," for duct joint and seam welding.

For Council Approval
Not for Bidding

PART 2 - PRODUCTS

2.1 PERFORMANCE REQUIREMENTS

A. Structural Performance: Duct hangers and supports and seismic restraints are to withstand the effects of gravity and seismic loads and stresses within limits and under conditions described in SMACNA's "HVAC Duct Construction Standards - Metal and Flexible". Seismically brace duct hangers and supports in accordance with SMACNA's "Seismic Restraint Manual: Guidelines for Mechanical Systems."

B. Seismic Performance: Ductwork to withstand the effects of earthquake motions determined in accordance with ASCE/SEI 7. See Section 230548 "Vibration and Seismic Controls for HVAC."

1. The term "withstand" means "the unit will remain in place without separation of any parts from the device when subjected to the seismic forces specified
2. Component Importance Factor: 1.0

C. Airstream Surfaces: Surfaces in contact with airstream comply with requirements in ASHRAE 62.1.

D. ASHRAE Compliance: Applicable requirements in ASHRAE 62.1, Section 5 - "Systems and Equipment," and Section 7 - "Construction and System Startup."

E. ASHRAE/IES Compliance: Applicable requirements in ASHRAE/IES 90.1, Section 6.4.4 - "HVAC System Construction and Insulation."

F. Duct Dimensions: Unless otherwise indicated, all duct dimensions indicated on Drawings are inside clear dimensions and do not include insulation or duct wall thickness.

2.2 SINGLE-WALL RECTANGULAR DUCTS AND FITTINGS

A. General Fabrication Requirements: Comply with SMACNA's "HVAC Duct Construction Standards - Metal and Flexible" based on indicated static-pressure class unless otherwise indicated.

1. Construct ducts of galvanized sheet steel unless otherwise indicated.
2. For ducts exposed to weather, construct of Type 304 stainless steel indicated by manufacturer to be suitable for outdoor installation.

B. Transverse Joints: Fabricate joints in accordance with SMACNA's "HVAC Duct Construction Standards - Metal and Flexible," Figure 2-1, "Rectangular Duct/Transverse Joints," for static-pressure class, applicable sealing requirements, materials involved, duct-support intervals, and other provisions in SMACNA's "HVAC Duct Construction Standards - Metal and Flexible."

1. For ducts with longest side less than 36 inches, select joint types in accordance with Figure 2-1.
2. For ducts with longest side 36 inches or greater, use flange joint connector Type T-22, T-24, T-24A, T-25a, or T-25b. Factory-fabricated flanged duct connection system may be used if submitted and approved by engineer of record.

C. Longitudinal Seams: Select seam types and fabricate in accordance with SMACNA's "HVAC Duct Construction Standards - Metal and Flexible," Figure 2-2, "Rectangular Duct/Longitudinal Seams," for static-pressure class, applicable sealing requirements, materials involved, duct-support intervals, and other provisions in SMACNA's "HVAC Duct Construction Standards - Metal

For Council Approval
Not for Bidding

and Flexible." All longitudinal seams are to be Pittsburgh lock seams unless otherwise specified for specific application.

D. Elbows, Transitions, Offsets, Branch Connections, and Other Duct Construction: Select types and fabricate in accordance with SMACNA's "HVAC Duct Construction Standards - Metal and Flexible," Ch. 4, "Fittings and Other Construction," for static-pressure class, applicable sealing requirements, materials involved, duct-support intervals, and other provisions in SMACNA's "HVAC Duct Construction Standards - Metal and Flexible."

2.3 SINGLE-WALL ROUND DUCTS AND FITTINGS

A. General Fabrication Requirements: Comply with SMACNA's "HVAC Duct Construction Standards - Metal and Flexible," Ch. 3, "Round, Oval, and Flexible Duct," based on indicated static-pressure class unless otherwise indicated.

1. Construct ducts of galvanized sheet steel unless otherwise indicated.
2. For ducts exposed to weather, construct of Type 304 stainless steel indicated by manufacturer to be suitable for outdoor installation.

B. Flat-Oval Ducts: Indicated dimensions are the duct width (major dimension) and diameter of the round sides connecting the flat portions of the duct (minor dimension).

C. Transverse Joints: Select joint types and fabricate in accordance with SMACNA's "HVAC Duct Construction Standards - Metal and Flexible," Figure 3-1, "Round Duct Transverse Joints," for static-pressure class, applicable sealing requirements, materials involved, duct-support intervals, and other provisions in SMACNA's "HVAC Duct Construction Standards - Metal and Flexible."

1. Transverse Joints in Ducts Larger Than 60 Inches in Diameter: Flanged.

D. Longitudinal Seams: Select seam types and fabricate in accordance with SMACNA's "HVAC Duct Construction Standards - Metal and Flexible," Figure 3-2, "Round Duct Longitudinal Seams," for static-pressure class, applicable sealing requirements, materials involved, duct-support intervals, and other provisions in SMACNA's "HVAC Duct Construction Standards - Metal and Flexible."

1. Fabricate round ducts larger than 90 inches in diameter with butt-welded longitudinal seams.
2. Fabricate flat-oval ducts larger than 72 inches in width (major dimension) with butt-welded longitudinal seams.

E. Tees and Laterals: Select types and fabricate in accordance with SMACNA's "HVAC Duct Construction Standards - Metal and Flexible," Figure 3-5, "90 Degree Tees and Laterals," and Figure 3-6, "Conical Tees," for static-pressure class, applicable sealing requirements, materials involved, duct-support intervals, and other provisions in SMACNA's "HVAC Duct Construction Standards - Metal and Flexible."

2.4 SHEET METAL MATERIALS

A. General Material Requirements: Comply with SMACNA's "HVAC Duct Construction Standards - Metal and Flexible" for acceptable materials, material thicknesses, and duct construction methods unless otherwise indicated. Sheet metal materials are to be free of pitting, seam marks, roller marks, stains, discolorations, and other imperfections.

B. Galvanized Sheet Steel: Comply with ASTM A653/A653M.

For Council Approval
Not for Bidding

1. Galvanized Coating Designation: G60
2. Finishes for Surfaces Exposed to View: Mill phosphatized.

C. Carbon-Steel Sheets: Comply with ASTM A1008/A1008M, with oiled, matte finish for exposed ducts.

D. Stainless Steel Sheets: Comply with ASTM A480/A480M, Type 304 or 316, as indicated in "Duct Schedule" Article; cold rolled, annealed, sheet. Exposed surface finish is to be No. 2B, No. 2D, No. 3, or No. 4 as indicated in "Duct Schedule" Article.

E. Aluminum Sheets: Comply with ASTM B209 Alloy 3003, H14 temper; with mill finish for concealed ducts, and standard, one-side bright finish for duct surfaces exposed to view.

F. Reinforcement Shapes and Plates: ASTM A36/A36M, steel plates, shapes, and bars; black and galvanized.

1. Where black- and galvanized-steel shapes and plates are used to reinforce aluminum ducts, isolate the different metals with butyl rubber, neoprene, or EPDM gasket materials.

G. Tie Rods: Galvanized steel, 1/4-inch- minimum diameter for lengths 36 inches or less; 3/8-inch-minimum diameter for lengths longer than 36 inches

2.5 SEALANT AND GASKETS

A. General Sealant and Gasket Requirements: Surface-burning characteristics for sealants and gaskets are to be a maximum flame-spread index of 25 and a maximum smoke-developed index of 50 when tested in accordance with UL 723; certified by an NRTL.

B. Two-Part Tape Sealing System:

1. Tape: Woven cotton fiber impregnated with mineral gypsum and modified acrylic/silicone activator to react exothermically with tape to form hard, durable, airtight seal.
2. Tape Width: 3 inches.
3. Sealant: Modified styrene acrylic.
4. Water resistant.
5. Mold and mildew resistant.
6. Maximum Static-Pressure Class: 10-inch wg, positive and negative.
7. Service: Indoor and outdoor.
8. Service Temperature: Minus 40 to plus 200 deg F.
9. Substrate: Compatible with galvanized sheet steel (both PVC coated and bare), stainless steel, or aluminum.

C. Water-Based Joint and Seam Sealant:

1. Application Method: Brush on.
2. Solids Content: Minimum 65 percent.
3. Shore A Hardness: Minimum 20.
4. Water resistant.
5. Mold and mildew resistant.
6. VOC: Maximum 75 g/L (less water).
7. Maximum Static-Pressure Class: 10-inch wg, positive and negative.
8. Service: Indoor or outdoor.
9. Substrate: Compatible with galvanized sheet steel (both PVC coated and bare), stainless steel, or aluminum sheets.

For Council Approval
Not for Bidding

10. Maximum Static-Pressure Class: 10-inch wg, positive or negative.
11. Service: Indoor or outdoor.
12. Substrate: Compatible with galvanized sheet steel (both PVC coated and bare), stainless steel, or aluminum sheets.

D. Flanged Joint Sealant: Comply with ASTM C920.

1. General: Single-component, acid-curing, silicone, elastomeric.
2. Type: S.
3. Grade: NS.
4. Class: 25.
5. Use: O.

E. Flange Gaskets: Butyl rubber, neoprene, or EPDM polymer with polyisobutylene plasticizer.

F. Round Duct Joint O-Ring Seals:

1. Seal is to provide maximum leakage class of 3 cfm/100 sq. ft. at 1-inch wg and is to be rated for10-inch wg static-pressure class, positive or negative.
2. EPDM O-ring to seal in concave bead in coupling or fitting spigot.
3. Double-lipped, EPDM O-ring seal, mechanically fastened to factory-fabricated couplings and fitting spigots.

2.6 HANGERS AND SUPPORTS

A. Hanger Rods for Noncorrosive Environments: Galvanized-steel rods and nuts.

B. Hanger Rods for Corrosive Environments: Electrogalvanized, all-thread rods or galvanized rods with threads painted with zinc-chromate primer after installation.

C. Strap and Rod Sizes: Comply with SMACNA's "HVAC Duct Construction Standards - Metal and Flexible," Table 5-1, "Rectangular Duct Hangers Minimum Size," and Table 5-2, "Minimum Hanger Sizes for Round Duct."

D. Steel Cables for Galvanized-Steel Ducts: Galvanized steel complying with ASTM A603.

E. Steel Cables for Stainless Steel Ducts: Stainless steel complying with ASTM A492.

F. Steel Cable End Connections: Galvanized-steel assemblies with brackets, swivel, and bolts designed for duct hanger service; with an automatic-locking and clamping device.

G. Duct Attachments: Sheet metal screws, blind rivets, or self-tapping metal screws; compatible with duct materials.

H. Trapeze and Riser Supports:

1. Supports for Galvanized-Steel Ducts: Galvanized-steel shapes and plates.
2. Supports for Stainless Steel Ducts: Stainless steel shapes and plates.
3. Supports for Aluminum Ducts: Aluminum or galvanized steel coated with zinc chromate.

For Council Approval
Not for Bidding

PART 3 - EXECUTION

3.1 DUCT INSTALLATION

A. Drawing plans, schematics, and diagrams indicate general location and arrangement of duct system. Indicated duct locations, configurations, and arrangements were used to size ducts and calculate friction loss for air-handling equipment sizing and for other design considerations. Install duct systems as indicated unless deviations to layout are approved on Shop Drawings and coordination drawings.

B. Install ducts in accordance with SMACNA's "HVAC Duct Construction Standards - Metal and Flexible" unless otherwise indicated.

C. Install ducts in maximum practical lengths with fewest possible joints.

D. Install factory- or shop-fabricated fittings for changes in direction, size, and shape and for branch connections.

E. Unless otherwise indicated, install ducts vertically and horizontally, and parallel and perpendicular to building lines.

F. Install ducts close to walls, overhead construction, columns, and other structural and permanent enclosure elements of building.

G. Install ducts with a clearance of 1 inch, plus allowance for insulation thickness.

H. Route ducts to avoid passing through transformer vaults and electrical equipment rooms and enclosures.

I. Where ducts pass through non-fire-rated interior partitions and exterior walls and are exposed to view, cover the opening between the partition and duct or duct insulation with sheet metal flanges of same metal thickness as the duct. Overlap openings on four sides by at least 1-1/2 inches.

J. Install fire and smoke dampers where indicated on Drawings and as required by code, and by local authorities having jurisdiction. Comply with requirements in Section 233300 "Air Duct Accessories" for fire and smoke dampers and specific installation requirements of the damper UL listing.

K. Install heating coils, cooling coils, air filters, dampers, and all other duct-mounted accessories in air ducts where indicated on Drawings.

L. Protect duct interiors from moisture, construction debris and dust, and other foreign materials both before and after installation. Comply with SMACNA's "IAQ Guidelines for Occupied Buildings Under Construction," Appendix G, "Duct Cleanliness for New Construction Guidelines."

M. Elbows: Use long-radius elbows wherever they fit.

1. Fabricate 90-degree rectangular mitered elbows to include turning vanes.
2. Fabricate 90-degree round elbows with a minimum of three segments for 12 inches and smaller and a minimum of five segments for 14 inches and larger.

N. Branch Connections: Use lateral or conical branch connections.

For Council Approval
Not for Bidding

3.2 INSTALLATION OF EXPOSED DUCTWORK

A. Protect ducts exposed in finished spaces from being dented, scratched, or damaged.

B. Trim duct sealants flush with metal. Create a smooth and uniform exposed bead. Do not use two-part tape sealing system.

C. Grind welds to provide smooth surface free of burrs, sharp edges, and weld splatter. When welding stainless steel with a No. 3 or 4 finish, grind the welds flush, polish the exposed welds, and treat the welds to remove discoloration caused by welding.

D. Maintain consistency, symmetry, and uniformity in arrangement and fabrication of fittings, hangers and supports, duct accessories, and air outlets.

E. Repair or replace damaged sections and finished work that does not comply with these requirements.

3.3 DUCT SEALING

A. Seal ducts for duct static-pressure, seal classes, and leakage classes specified in "Duct Schedule" Article in accordance with SMACNA's "HVAC Duct Construction Standards - Metal and Flexible."

B. Seal ducts at a minimum to the following seal classes in accordance with SMACNA's "HVAC Duct Construction Standards - Metal and Flexible":

1. Comply with SMACNA's "HVAC Duct Construction Standards - Metal and Flexible."
2. Outdoor, Supply-Air Ducts: Seal Class A.
3. Outdoor, Exhaust Ducts: Seal Class C.
4. Outdoor, Return-Air Ducts: Seal Class C.
5. Unconditioned Space, Supply-Air Ducts in Pressure Classes 2-Inch wg and Lower: Seal Class B.
6. Unconditioned Space, Supply-Air Ducts in Pressure Classes Higher Than 2-Inch wg: Seal Class A.
7. Unconditioned Space, Exhaust Ducts: Seal Class C.
8. Unconditioned Space, Return-Air Ducts: Seal Class B.
9. Conditioned Space, Supply-Air Ducts in Pressure Classes 2-Inch wg and Lower: Seal Class C.
10. Conditioned Space, Supply-Air Ducts in Pressure Classes Higher Than 2-Inch wg: Seal Class B.
11. Conditioned Space, Exhaust Ducts: Seal Class B.
12. Conditioned Space, Return-Air Ducts: Seal Class C.

3.4 HANGER AND SUPPORT INSTALLATION

A. Comply with SMACNA's "HVAC Duct Construction Standards - Metal and Flexible," Chapter 5, "Hangers and Supports."

B. Building Attachments: Concrete inserts, powder-actuated fasteners, or structural-steel fasteners appropriate for construction materials to which hangers are being attached.

1. Where practical, install concrete inserts before placing concrete.
2. Install powder-actuated concrete fasteners after concrete is placed and completely cured.

For Council Approval
Not for Bidding

3. Use powder-actuated concrete fasteners for standard-weight aggregate concretes or for slabs more than 4 inches thick.
4. Do not use powder-actuated concrete fasteners for lightweight-aggregate concretes or for slabs less than 4 inches thick.
5. Do not use powder-actuated concrete fasteners for seismic restraints. Coordinate with Section 230548 "Vibration and Seismic Controls for HVAC."

C. Hanger Spacing: Comply with SMACNA's "HVAC Duct Construction Standards - Metal and Flexible," Table 5-1, "Rectangular Duct Hangers Minimum Size," and Table 5-2, "Minimum Hanger Sizes for Round Duct," for maximum hanger spacing; install hangers and supports within 24 inches of each elbow and within 48 inches of each branch intersection.

D. Hangers Exposed to View: Threaded rod and angle or channel supports.

E. Support vertical ducts with steel angles or channel secured to the sides of the duct with welds, bolts, sheet metal screws, or blind rivets; support at each floor and at a maximum intervals of 16 feet.

F. Install upper attachments to structures. Select and size upper attachments with pull-out, tension, and shear capacities appropriate for supported loads and building materials where used.

3.5 SEISMIC-RESTRAINT-DEVICE INSTALLATION

A. See Section 230548 "Vibration and Seismic Controls for HVAC" for seismic restraint installation requirements.

3.6 DUCTWORK CONNECTIONS

A. Make connections to equipment with flexible connectors complying with Section 233300 "Air Duct Accessories."

B. Comply with SMACNA's "HVAC Duct Construction Standards - Metal and Flexible" for branch, outlet and inlet, and terminal unit connections.

3.7 PAINTING

A. Paint interior of metal ducts that are visible through registers and grilles and that do not have duct liner. Apply one coat of flat, black, latex paint over a compatible galvanized-steel primer. Paint materials and application requirements are specified in Section 099113 "Exterior Painting" and Section 099123 "Interior Painting."

3.8 FIELD QUALITY CONTROL

A. Perform tests and inspections.

B. Leakage Tests:

1. Comply with SMACNA's "HVAC Air Duct Leakage Test Manual." Submit a test report for each test.
2. Test the following systems:

For Council Approval
Not for Bidding

a. Ducts with a Pressure Class Higher Than 3-Inch wg (750 Pa): Test representative duct sections totaling no less than 25 percent of total installed duct area for each designated pressure class.
b. Supply Ducts with a Pressure Class of 2-Inch wg or Higher: Test representative duct sections totaling no less than 50 percent of total installed duct area for each designated pressure class.
c. Return Ducts with a Pressure Class of 2-Inch wg or Higher: Test representative duct sections totaling no less than 50 percent of total installed duct area for each designated pressure class.
d. Exhaust Ducts with a Pressure Class of 2-Inch wg or Higher: Test representative duct sections totaling no less than 50 percent of total installed duct area for each designated pressure class.
e. Outdoor-Air Ducts with a Pressure Class of 2-Inch wg or Higher: Test representative duct sections totaling no less than 50 percent of total installed duct area for each designated pressure class.

3. Disassemble, reassemble, and seal segments of systems to accommodate leakage testing and for compliance with test requirements.
4. Testing of each duct section is to be performed with access doors, coils, filters, dampers, and other duct-mounted devices in place as designed. No devices are to be removed or blanked off so as to reduce or prevent additional leakage.
5. Test for leaks before applying external insulation.
6. Conduct tests at static pressures equal to maximum design pressure of system or section being tested. If static-pressure classes are not indicated, test system at maximum system design pressure. Do not pressurize systems above maximum design operating pressure.
7. Give seven days' advance notice for testing.

C. Duct System Cleanliness Tests:

1. Visually inspect duct system to ensure that no visible contaminants are present.
2. Test sections of metal duct system, chosen randomly by Owner, for cleanliness in accordance with "Description of Method 3 - NADCA Vacuum Test" in NADCA ACR, "Assessment, Cleaning and Restoration of HVAC Systems."

a. Acceptable Cleanliness Level: Net weight of debris collected on the filter media is to not exceed 0.75 mg/100 sq. cm.

D. Duct system will be considered defective if it does not pass tests and inspections.

E. Prepare test and inspection reports.

3.9 DUCT CLEANING

A. Clean new duct system(s) before testing, adjusting, and balancing.

B. Use duct cleaning methodology as indicated in NADCA ACR.

C. Use service openings for entry and inspection.

1. Provide openings with access panels appropriate for duct static-pressure and leakage class at dampers, coils, and any other locations where required for inspection and cleaning access. Provide insulated panels for insulated or lined duct. Patch insulation and liner as recommended by duct liner manufacturer. Comply with Section 233300 "Air Duct Accessories" for access panels and doors.

For Council Approval
Not for Bidding

2. Disconnect and reconnect flexible ducts as needed for cleaning and inspection.
3. Remove and reinstall ceiling to gain access during the cleaning process.

D. Particulate Collection and Odor Control:

1. When venting vacuuming system inside the building, use HEPA filtration with 99.97 percent collection efficiency for 0.3-micron-size (or larger) particles.
2. When venting vacuuming system to outdoors, use filter to collect debris removed from HVAC system, and locate exhaust downwind and away from air intakes and other points of entry into building.

E. Clean the following components by removing surface contaminants and deposits:

1. Air outlets and inlets (registers, grilles, and diffusers).
2. Supply, return, and exhaust fans including fan housings, plenums (except ceiling supply and return plenums), scrolls, blades or vanes, shafts, baffles, dampers, and drive assemblies.
3. Air-handling unit internal surfaces and components including mixing box, coil section, air wash systems, spray eliminators, condensate drain pans, humidifiers and dehumidifiers, filters and filter sections, and condensate collectors and drains.
4. Coils and related components.
5. Return-air ducts, dampers, actuators, and turning vanes except in ceiling plenums and mechanical equipment rooms.
6. Supply-air ducts, dampers, actuators, and turning vanes.
7. Dedicated exhaust and ventilation components and makeup air systems.

F. Mechanical Cleaning Methodology:

1. Clean metal duct systems using mechanical cleaning methods that extract contaminants from within duct systems and remove contaminants from building.
2. Use vacuum-collection devices that are operated continuously during cleaning. Connect vacuum device to downstream end of duct sections so areas being cleaned are under negative pressure.
3. Use mechanical agitation to dislodge debris adhered to interior duct surfaces without damaging integrity of metal ducts, duct liner, or duct accessories.
4. Clean fibrous-glass duct liner with HEPA vacuuming equipment; do not permit duct liner to get wet. Replace fibrous-glass duct liner that is damaged, deteriorated, or delaminated or that has friable material, mold, or fungus growth.
5. Clean coils and coil drain pans in accordance with NADCA ACR. Keep drain pan operational. Rinse coils with clean water to remove latent residues and cleaning materials; comb and straighten fins.
6. Provide drainage and cleanup for wash-down procedures.
7. Antimicrobial Agents and Coatings: Apply EPA-registered antimicrobial agents if fungus is present. Apply antimicrobial agents in accordance with manufacturer's written instructions after removal of surface deposits and debris.

3.10 STARTUP

A. Air Balance: Comply with requirements in Section 230593 "Testing, Adjusting, and Balancing for HVAC."

For Council Approval
Not for Bidding

3.11 DUCT SCHEDULE

A. Fabricate ducts with galvanized sheet steel except as otherwise indicated and as follows:

1. Fabricate all ducts to achieve SMACNA pressure class, seal class, and leakage class as indicated below.
2. Underground Ducts: Concrete-encased, galvanized sheet steel.

B. Exhaust Ducts:

1. Ducts Connected to Fans Exhausting (ASHRAE 62.1, Class 1 and 2) Air:

a. Pressure Class: Negative 1-inch wg
b. Minimum SMACNA Seal Class: A
c. SMACNA Leakage Class for Rectangular: 4
d. SMACNA Leakage Class for Round and Flat Oval: 4

C. Intermediate Reinforcement:

1. Galvanized-Steel Ducts: Galvanized steel
2. Stainless Steel Ducts:

a. Exposed to Airstream: Match duct material.
b. Not Exposed to Airstream: Galvanized

3. Aluminum Ducts: Aluminum or galvanized steel coated with zinc chromate

D. Elbow Configuration:

1. Rectangular Duct - Requirements for Different Velocities: Comply with SMACNA's "HVAC Duct Construction Standards - Metal and Flexible," Figure 4-2, "Rectangular Elbows."

a. Velocity 1000 fpm or Lower:

1) Radius Type RE 1 with minimum 0.5 radius-to-diameter ratio.
2) Mitered Type RE 4 without vanes.

b. Velocity 1000 to 1500 fpm:

1) Radius Type RE 1 with minimum 1.0 radius-to-diameter ratio.
2) Radius Type RE 3 with minimum 0.5 radius-to-diameter ratio and two vanes.
3) Mitered Type RE 2 with vanes complying with SMACNA's "HVAC Duct Construction Standards - Metal and Flexible," Figure 4-3, "Vanes and Vane Runners," and Figure 4-4, "Vane Support in Elbows."

c. Velocity 1500 fpm or Higher:

1) Radius Type RE 1 with minimum 1.5 radius-to-diameter ratio.
2) Radius Type RE 3 with minimum 1.0 radius-to-diameter ratio and two vanes.
3) Mitered Type RE 2 with vanes complying with SMACNA's "HVAC Duct Construction Standards - Metal and Flexible," Figure 4-3, "Vanes and Vane Runners," and Figure 4-4, "Vane Support in Elbows."

2. Rectangular Duct Requirements for All Velocities: Comply with SMACNA's "HVAC Duct Construction Standards - Metal and Flexible," Figure 4-2, "Rectangular Elbows."

For Council Approval
Not for Bidding

a. Radius Type RE 1 with minimum 1.5 radius-to-diameter ratio.
b. Radius Type RE 3 with minimum 1.0 radius-to-diameter ratio and two vanes.
c. Mitered Type RE 2 with vanes complying with SMACNA's "HVAC Duct Construction Standards - Metal and Flexible," Figure 4-3, "Vanes and Vane Runners," and Figure 4-4, "Vane Support in Elbows."

3. Round Duct: Comply with SMACNA's "HVAC Duct Construction Standards - Metal and Flexible," Figure 3-4, "Round Duct Elbows."

a. Minimum Radius-to-Diameter Ratio and Elbow Segments: Comply with SMACNA's "HVAC Duct Construction Standards - Metal and Flexible," Table 3-1, "Mitered Elbows." Elbows with less than 90-degree change of direction have proportionately fewer segments.

1) Velocity 1000 fpm or Lower: 0.5 radius-to-diameter ratio and three segments for 90-degree elbow.
2) Velocity 1000 to 1500 fpm: 1.0 radius-to-diameter ratio and four segments for 90-degree elbow.
3) Velocity 1500 fpm or Higher: 1.5 radius-to-diameter ratio and five segments for 90-degree elbow.
4) Radius-to Diameter Ratio: 1.5.

b. Round Elbows, 12 Inches and Smaller in Diameter: Stamped or pleated.
c. Round Elbows, 14 Inches and Larger in Diameter: Standing seam

E. Branch Configuration:

1. Rectangular Duct: Comply with SMACNA's "HVAC Duct Construction Standards - Metal and Flexible," Figure 4-6, "Branch Connection."

a. Rectangular Main to Rectangular Branch: 45-degree entry.
b. Rectangular Main to Round Branch: Conical spin in.

2. Round and Flat Oval: Comply with SMACNA's "HVAC Duct Construction Standards - Metal and Flexible," Figure 3-5, "90 Degree Tees and Laterals," and Figure 3-6, "Conical Tees." Saddle taps are permitted in existing duct.

a. Velocity 1000 fpm or Lower: 90-degree tap.
b. Velocity 1000 to 1500 fpm: Conical tap.
c. Velocity 1500 fpm or Higher: 45-degree lateral.

END OF SECTION 233113

For Council Approval
Not for Bidding

SECTION 23 33 00

AIR DUCT ACCESSORIES

1.1 SUMMARY

A. Section Includes:
1. Manual volume dampers.
2. Duct-mounted access doors.
3. Flexible connectors.
4. Duct accessory hardware.

1.2 ACTION SUBMITTALS

A. Product Data: For each type of product.

1. For duct silencers, include pressure drop, dynamic insertion loss, and self-generated noise data. Include breakout noise calculations for high-transmission-loss casings.

1.3 INFORMATIONAL SUBMITTALS

A. Source quality-control reports.

1.4 CLOSEOUT SUBMITTALS

A. Operation and maintenance data.

PART 2 - PRODUCTS

2.1 PERFORMANCE REQUIREMENTS

A. Comply with NFPA 90A and NFPA 90B.

B. Comply with SMACNA's "HVAC Duct Construction Standards - Metal and Flexible" for acceptable materials, material thicknesses, and duct construction methods unless otherwise indicated. Sheet metal materials shall be free of pitting, seam marks, roller marks, stains, discolorations, and other imperfections.

2.2 MANUAL VOLUME DAMPERS

A. Standard, Steel, Manual Volume Dampers:
1. Performance:

a. Leakage Rating Class III: Leakage not exceeding 40 cfm/sq. ft. against 1-inch wg differential static pressure.

2. Construction:

For Council Approval
Not for Bidding

a. Linkage out of airstream.
b. Suitable for horizontal or vertical airflow applications.

3. Frames:

a. Hat-shaped, 16-gauge- thick, galvanized sheet steel
b. Mitered and welded corners.
c. Flanges for attaching to walls and flangeless frames for installing in ducts.

4. Blades:

a. Multiple or single blade.
b. Parallel- or opposed-blade design.
c. Stiffen damper blades for stability.
d. Galvanized steel; 16 gauge thick.

5. Blade Axles: Galvanized steel
6. Bearings:

a. Oil-impregnated bronze
b. Dampers mounted with vertical blades to have thrust bearing at each end of every blade.

7. Tie Bars and Brackets: Galvanized steel.
8. Locking device to hold damper blades in a fixed position without vibration.

B. Standard, Aluminum, Manual Volume Dampers:
1. Performance:

a. Leakage Rating Class III: Leakage not exceeding 40 cfm/sq. ft. against 1-inch wg differential static pressure.

2. Construction:

a. Linkage out of airstream.
b. Suitable for horizontal or vertical airflow applications.

3. Frames:

a. Hat-shaped, 0.10-inch- thick, aluminum sheet channels.
b. Flanges for attaching to walls and flangeless frames for installing in ducts.

4. Blades:

a. Multiple or single blade.
b. Parallel- or opposed-blade design.
c. Stiffen damper blades for stability.
d. Roll-Formed Aluminum Blades: 0.10-inch- thick aluminum sheet.

5. Blade Axles: Galvanized steel
6. Bearings:

a. Oil-impregnated bronze
b. Dampers mounted with vertical blades to have thrust bearing at each end of every blade.

For Council Approval
Not for Bidding

7. Tie Bars and Brackets: Aluminum.
8. Locking device to hold damper blades in a fixed position without vibration.

C. Jackshaft:

1. Size: 0.5-inch diameter.
2. Material: Galvanized-steel pipe rotating within pipe-bearing assembly mounted on supports at each mullion and at each end of multiple-damper assemblies.
3. Length and Number of Mountings: As required to connect linkage of each damper in multiple-damper assembly.

D. Damper Hardware:

1. Zinc-plated, die-cast core with dial and handle, made of 3/32-inch-thick zinc-plated steel, and a 3/4-inch hexagon locking nut.
2. Include center hole to suit damper operating-rod size.
3. Include elevated platform for insulated duct mounting.

2.3 DUCT-MOUNTED ACCESS DOORS

A. Duct-Mounted Access Doors: Fabricate access panels in accordance with SMACNA's "HVAC Duct Construction Standards - Metal and Flexible"; Figure 7-2 (7-2M), "Duct Access Doors and Panels," and Figure 7-3, "Access Doors - Round Duct."

1. Door:

a. Double wall, rectangular.
b. Galvanized sheet metal with insulation fill and thickness as indicated for duct pressure class.
c. 24-gauge-thick galvanized steel or 0.032-inch thick aluminum door panel.
d. Vision panel.
e. Hinges and Latches: 1-by-1-inch butt or piano hinge and cam latches.
f. Fabricate doors airtight and suitable for duct pressure class.

2. Frame: Galvanized sheet steel, with bend-over tabs and foam gaskets.

a. 24-gauge-thick galvanized steel or 0.032-inch-thick aluminum frame.

3. Number of Hinges and Locks:

a. Access Doors Less Than 12 Inches Square: No hinges and two sash locks.
b. Access Doors up to 18 Inches Square: Two hinges and two sash locks.
c. Access Doors up to 24 by 48 Inches: Three hinges and two compression latches with outside and inside handles.
d. Access Doors Larger Than 24 by 48 Inches: Four hinges and two compression latches with outside and inside handles.

B. Pressure Relief Access Door:

1. Door and Frame Material: Galvanized sheet steel.

a. 24-gauge-thick galvanized steel or 0.032-inch-thick aluminum door panel.

2. Door: Single wall with metal thickness applicable for duct pressure class.

For Council Approval
Not for Bidding

3. Operation: Open outward for positive-pressure ducts and inward for negative-pressure ducts.
4. Factory set at 3.0 to 8.0 inches wg
5. Doors close when pressures are within set-point range.
6. Hinge: Continuous piano.
7. Latches: Cam.
8. Seal: Neoprene or foam rubber.
9. Insulation Fill: 1-inch- thick, fibrous-glass or polystyrene-foam board.

2.4 FLEXIBLE CONNECTORS

A. Fire-Performance Characteristics: Adhesives, sealants, fabric materials, and accessory materials shall have flame-spread index not exceeding 25 and smoke-developed index not exceeding 50 when tested in accordance with ASTM E84.

B. Airstream Surfaces: Surfaces in contact with the airstream shall comply with requirements in ASHRAE 62.1.

C. Materials: Flame-retardant or noncombustible fabrics.

D. Coatings and Adhesives: Comply with UL 181, Class 1.

E. Metal-Edged Connectors: Factory fabricated with a fabric strip 3-1/2 wide attached to two strips of 2-3/4-inch-wide, 0.028-inch thick, galvanized sheet steel or 0.032-inch-thick aluminum sheets. Provide metal compatible with connected ducts.

F. Indoor System, Flexible Connector Fabric: Glass fabric double coated with neoprene.

1. Minimum Weight: 26 oz./sq. yd
2. Tensile Strength: 480 lbf/inch in the warp and 360 lbf/inch in the filling.
3. Service Temperature: Minus 40 to plus 200 deg F

2.5 DUCT ACCESSORY HARDWARE

A. Instrument Test Holes: Cast iron or cast aluminum to suit duct material, including screw cap and gasket. Size to allow insertion of pitot tube and other testing instruments and of length to suit duct-insulation thickness.

B. Adhesives: High strength, quick setting, neoprene based, waterproof, and resistant to gasoline and grease.

2.6 MATERIALS

A. Galvanized Sheet Steel: Comply with ASTM A653/A653M.

1. Galvanized Coating Designation: G60
2. Exposed-Surface Finish: Mill phosphatized.

B. Stainless Steel Sheets: Comply with ASTM A480/A480M, Type 304, and having a No. 2 finish for concealed ducts

For Council Approval
Not for Bidding

C. Aluminum Sheets: Comply with ASTM B209, Alloy 3003, Temper H14; with mill finish for concealed ducts and standard, one-side bright finish for exposed ducts.

D. Extruded Aluminum: Comply with ASTM B221, Alloy 6063, Temper T6.

E. Reinforcement Shapes and Plates: Galvanized-steel reinforcement where installed on galvanized sheet metal ducts; compatible materials for aluminum and stainless steel ducts.

F. Tie Rods: Galvanized steel, 1/4-inch minimum diameter for lengths 36 inches or less; 3/8-inch minimum diameter for lengths longer than 36 inches.

PART 3 - EXECUTION

3.1 INSTALLATION

A. Install duct accessories in accordance with applicable details in SMACNA's "HVAC Duct Construction Standards - Metal and Flexible" for metal ducts and in NAIMA AH116 for fibrous-glass ducts.

B. Install duct accessories of materials suited to duct materials; use galvanized-steel accessories in galvanized-steel and fibrous-glass ducts, stainless steel accessories in stainless steel ducts, and aluminum accessories in aluminum ducts.

C. Where multiple damper sections are necessary to achieve required dimensions, provide reinforcement to fully support damper assembly when fully closed at full system design static pressure.

D. Install volume dampers at points on supply, return, and exhaust systems where branches extend from larger ducts. Where dampers are installed in ducts having duct liner, install dampers with hat channels of same depth as liner, and terminate liner with nosing at hat channel.

1. Install steel volume dampers in steel ducts.
2. Install aluminum volume dampers in aluminum ducts.

E. Set dampers to fully open position before testing, adjusting, and balancing.

F. Install test holes at fan inlets and outlets and elsewhere as indicated and as needed for testing and balancing.

G. Install duct access doors on sides of ducts to allow for inspecting, adjusting, and maintaining accessories and equipment at the following locations:

1. On both sides of duct coils.
2. Upstream and downstream from duct filters.
3. At outdoor-air intakes and mixed-air plenums.
4. At drain pans and seals.
5. Downstream from manual volume dampers, control dampers, backdraft dampers, and equipment.
6. At each change in direction and at maximum [50-ft. (15-m)] <Insert value> spacing.
7. Elsewhere as indicated.

H. Install access doors with swing against duct static pressure.

For Council Approval
Not for Bidding

I. Access Door Sizes:

1. One-Hand or Inspection Access: 8 by 5 inches
2. Two-Hand Access: 12 by 6 inches
3. Head and Hand Access: 18 by 10 inches
4. Head and Shoulders Access: 21 by 14 inches
5. Body Access: 25 by 14 inches
6. Body plus Ladder Access: 25 by 17 inches

J. Label access doors according to Section 230553 "Identification for HVAC Piping and Equipment" to indicate the purpose of access door.

K. Install flexible connectors to connect ducts to equipment.

L. For fans developing static pressures of 5 inches wg and more, cover flexible connectors with loaded vinyl sheet held in place with metal straps.

M. Install duct test holes where required for testing and balancing purposes.

N. Install thrust limits at centerline of thrust, symmetrical on both sides of equipment. Attach thrust limits at centerline of thrust and adjust to a maximum of 1/4-inch movement during start and stop of fans.

3.2 FIELD QUALITY CONTROL

A. Tests and Inspections:

1. Operate dampers to verify full range of movement.
2. Inspect locations of access doors, and verify that size and location of access doors are adequate to perform required operation.
3. Operate fire, smoke, and combination fire and smoke dampers to verify full range of movement and that proper heat-response device is installed.
4. Inspect turning vanes for proper and secure installation, and verify that vanes do not move or rattle.
5. Operate remote damper operators to verify full range of movement of operator and damper.

END OF SECTION 233300

For Council Approval
Not for Bidding

SECTION 233423

HVAC POWER VENTILATORS

PART 1 - GENERAL

1.1 SUMMARY

A. Section Includes:

1. Ceiling-mounted ventilators.

1.2 ACTION SUBMITTALS

A. Product Data: For each type of product.

1.3 INFORMATIONAL SUBMITTALS

A. Seismic Qualification Data: For fans, accessories, and components, from manufacturer.

B. Product Certificates: Submit certificates that specified equipment will withstand required wind forces, from manufacturer.

C. Field quality-control reports.

1.4 CLOSEOUT SUBMITTALS

A. Operation and maintenance data.

PART 2 - PRODUCTS

2.1 PERFORMANCE REQUIREMENTS

A. Electrical Components, Devices, and Accessories: Listed and labeled as defined in NFPA 70, by an NRTL, and marked for intended location and application.

B. NFPA Compliance: Comply with NFPA 90A for design, fabrication, and installation of unit components.

C. ASHRAE 62.1 Compliance: Applicable requirements in ASHRAE 62.1, Section 5 - "Systems and Equipment" and Section 7 - "Construction and Startup."

D. ASHRAE/IES 90.1 Compliance: Applicable requirements in ASHRAE/IES 90.1, Section 6 - "Heating, Ventilating, and Air-Conditioning."

For Council Approval
Not for Bidding

E. Seismic Performance: HVAC power ventilators shall withstand the effects of earthquake motions determined according to ASCE/SEI 7. See Section 230548 "Vibration and Seismic Controls for HVAC."

1. The term "withstand" means "the unit will remain in place without separation of any parts from the device when subjected to the seismic forces specified
2. Component Importance Factor: 1.0

F. Capacities and Characteristics:

1. Airflow: 510 cfm
2. Total Static Pressure: 0.35 inches wg.
3. Drive Type: Direct
4. Electrical Characteristics:

    a. Volts: 120 V.
    b. Phase: Single
    c. Hertz: 60

5. Accessories
    a. Backdraft damper
    b. Interconnection duct
    c. Inherent thermal motor protection
    d. Roof cap.

2.2 CEILING-MOUNTED VENTILATORS

A. Housing: Steel, lined with acoustical insulation.

B. Fan Wheel: Centrifugal wheels directly mounted on motor shaft. Fan shrouds, motor, and fan wheel removable for service.

C. Back-draft damper: Integral.

D. Grille: Louvered grille with flange on intake and thumbscrew or spring retainer attachment to fan housing.

E. Electrical Requirements: Junction box for electrical connection on housing and receptacle for motor plug-in.

F. Accessories:
1. Manufacturer's standard roof jack or wall cap, and transition fittings.

2.3 MOTORS

A. Comply with NEMA designation, temperature rating, service factor, and efficiency requirements for motors specified in Section 230500 "Common Work Results for HVAC."

1. Motor Sizes: Minimum size as indicated. If not indicated, large enough so driven load will not require motor to operate in service factor range above 1.0.

For Council Approval
Not for Bidding

2.4 SOURCE QUALITY CONTROL

A. AMCA Certification for Fan Sound Performance Rating: Test, rate, and label in accordance with AMCA 311..

B. AMCA Certification for Fan Energy Index (FEI): Test, rate, and label in accordance with AMCA 211.

C. UL Standards: Power ventilators shall comply with UL 705.

PART 3 - EXECUTION

3.1 INSTALLATION, GENERAL

A. Install power ventilators level and plumb.

B. Equipment Mounting:
1. Ceiling Units: Suspend units from structure; use steel wire or metal straps.
2. Comply with requirements for vibration isolation and seismic-control devices specified in Section 230548 "Vibration and Seismic Controls for HVAC."

C. Install units with clearances for service and maintenance.

D. Label units according to requirements specified in Section 230553 "Identification for HVAC Piping and Equipment."

3.2 DUCTWORK CONNECTIONS

A. Drawings indicate general arrangement of ducts and duct accessories. Make final duct connections with flexible connectors. Flexible connectors are specified in Section 233300 "Air Duct Accessories."

3.3 ELECTRICAL CONNECTIONS

A. Connect wiring according to Section 260519 "Low-Voltage Electrical Power Conductors and Cables."

B. Ground equipment according to Section 260526 "Grounding and Bonding for Electrical Systems."

C. Install electrical devices furnished by manufacturer, but not factory mounted, according to NFPA 70 and NECA 1.
1. Nameplate shall be laminated acrylic or melamine plastic signs with a black background and engraved white letters at least 1/2 inch high.

3.4 CONTROL CONNECTIONS

A. Install control and electrical power wiring to field-mounted control devices.

B. Connect control wiring according to Section 260523 "Control-Voltage Electrical Power Cables."

For Council Approval
Not for Bidding

3.5 STARTUP SERVICE:

A. Perform startup service.

1. Complete installation and startup checks in accordance with manufacturer's written instructions.
2. Verify that shipping, blocking, and bracing are removed.
3. Verify that unit is secure on mountings and supporting devices and that connections to ducts and electrical components are complete. Verify that proper thermal-overload protection is installed in motors, starters, and disconnect switches.
4. Verify that cleaning and adjusting are complete.
5. For direct-drive fans, verify proper motor rotation direction and verify fan wheel free rotation and smooth bearing operation.
6. For belt-drive fans, disconnect fan drive from motor, verify proper motor rotation direction, and verify fan wheel free rotation and smooth bearing operation. Reconnect fan drive system, align and adjust belts, and install belt guards.
7. Adjust belt tension.
8. Adjust damper linkages for proper damper operation.
9. Verify lubrication for bearings and other moving parts.
10. Verify that manual and automatic volume control and fire and smoke dampers in connected ductwork systems are in fully open position.
11. Disable automatic temperature-control operators, energize motor and confirm proper motor rotation and unit operation, adjust fan to indicated rpm, and measure and record motor voltage and amperage.
12. Shut unit down and reconnect automatic temperature-control operators.
13. Remove and replace malfunctioning units and retest as specified above.

3.6 ADJUSTING

A. Adjust damper linkages for proper damper operation.

B. Adjust belt tension.

C. Lubricate bearings.

D. Comply with requirements in Section 230593 "Testing, Adjusting, and Balancing for HVAC."

3.7 CLEANING

A. After completing system installation and testing, adjusting, and balancing and after completing startup service, clean fans internally to remove foreign material and construction dirt and dust.

3.8 FIELD QUALITY CONTROL

A. Testing Agency: Contractor will engage a qualified testing agency to perform tests and inspections.

B. Perform tests and inspections

1. Fan Operational Test: After electrical circuitry has been energized, start units to confirm proper motor rotation and unit operation.
2. Test and adjust controls and safeties.

For Council Approval
Not for Bidding

3. Fans and components will be considered defective if they do not pass tests and inspections.
4. Prepare test and inspection reports.

3.9 DEMONSTRATION

A. Train Owner's maintenance personnel to adjust, operate, and maintain centrifugal fans.

END OF SECTION 233423

For Council Approval
Not for Bidding

SECTION 23 37 13

REGISTERS AND GRILLES

PART 1 - GENERAL

1.1 SUMMARY

A. Section Includes:
1. Fixed face grilles

1.2 ACTION SUBMITTALS

A. Product Data: For each type of product.

PART 2 - PRODUCTS

2.1 GRILLES

A. Fixed Face Grille
1. Material: Aluminum
2. Finish: Baked enamel, white
3. Face Arrangement: Egg crate
4. Core Construction: Integral
5. Neck: Per plan
6. Mounting: Countersunk screw

PART 3 - EXECUTION

3.1 INSTALLATION

A. Install registers and grilles level and plumb.

B. Outlets and Inlets Locations: Drawings indicate general arrangement of ducts, fittings, and accessories. Air outlet and inlet locations have been indicated to achieve design requirements for air volume, noise criteria, airflow pattern, throw, and pressure drop. Make final locations where indicated, as much as practical. For units installed in lay-in ceiling panels, locate units in the center of panel. Where architectural features or other items conflict with installation, notify Owner's Representative for a determination of final location.

C. Install registers and grilles with airtight connections to ducts and to allow service and maintenance of dampers, air extractors, and fire dampers.

For Council Approval
Not for Bidding

3.2 ADJUSTING

A. After installation, adjust registers and grilles to air patterns indicated, or as directed, before starting air balancing.

END OF SECTION 233713.23

For Council Approval
Not for Bidding

SECTION 23 81 29

VARIABLE-REFRIGERANT-FLOW HVAC SYSTEMS

1.1 SUMMARY

A. Section Includes: VRF HVAC systems.
1. Indoor, exposed, wall-mounted units.
2. Outdoor, air-source, heat pump units.
3. System controls.
4. System refrigerant and oil.
5. System condensate drain piping.
6. System refrigerant piping.
7. Metal hangers and supports.
8. Fastener systems.
9. Miscellaneous support materials.
10. Piping and tubing insulation.
11. System control cable and raceways.

1.2 DEFINITIONS

A. Air-Conditioning System Operation: System capable of operation with all zones in cooling only.

B. Heat-Pump System Operation: System capable of operation with all zones in either heating or cooling, but not with simultaneous heating and cooling zones that transfer heat between zones.

C. Heat Recovery System Operation: System capable of operation with simultaneous heating and cooling zones that transfer heat between zones.

D. HRCU: Heat Recovery Control Unit. HRCUs are used in heat recovery VRF HVAC systems to manage and control refrigerant between indoor units to provide simultaneous heating and cooling zones. "Heat Recovery Control Unit" is the term used by ASHRAE for what different manufacturers term as branch circuit controller, branch selector box, changeover box, flow selector unit, mode change unit, and other such terms.

E. Low Voltage: As defined in NFPA 70 for circuits and equipment operating at less than 50 V or for remote-control, signaling power-limited circuits.

F. Plenum: A space forming part of the air distribution system to which one or more air ducts are connected. An air duct is a passageway, other than a plenum, for transporting air to or from heating, ventilating, or air-conditioning equipment.

G. Three-Pipe System Design: One high pressure refrigerant vapor line, one low pressure refrigerant vapor line, and one refrigerant liquid line connect a single outdoor unit or multiple manifold outdoor units in a single system to associated system HRCUs. One liquid line and refrigerant vapor line connect HRCUs to associated indoor units.

H. Two-Pipe System Design: One refrigerant vapor line and one refrigerant liquid line connect a single outdoor unit or multiple manifold outdoor units in a single system to associated system HRCUs. One refrigerant liquid line and refrigerant vapor line connect HRCUs to associated indoor units. HRCUs used in two pipe systems act as an intermediate heat exchanger and include

For Council Approval
Not for Bidding

diverting valves and gas/liquid separators to move high and low pressure refrigerant between indoor units.

I. VRF: Variable refrigerant flow.

1.3 ACTION SUBMITTALS

A. Product data.

1.4 INFORMATIONAL SUBMITTALS

A. Product Certificates: For each type of product.

B. Product test reports.

C. Source quality-control reports.

D. Field quality-control reports.

E. Sample warranties.

1.5 CLOSEOUT SUBMITTALS

A. Operation and maintenance data.

B. Software and Firmware Operational Documentation:

1. Software operating and upgrade manuals.
2. Program Software Backup: On CD or DVD, USB media, or approved cloud storage platform, complete with data files.
3. Device address list.
4. Printout of software application and graphic screens.

1.6 QUALITY ASSURANCE

A. Factory-Authorized Service Representative Qualifications:

1. Authorized representative of, and trained by, VRF HVAC system manufacturer.
2. In-place facility located within 100 miles of Project.
3. Demonstrated past experience with products being installed for period within three consecutive years before time of bid.
4. Demonstrated past experience on five projects of similar complexity, scope, and value.

    a. Each person assigned to Project shall have demonstrated past experience.

5. Staffing resources of competent and experienced full-time employees that are assigned to execute work according to schedule.
6. Service and maintenance staff assigned to support Project during warranty period.
7. Product parts inventory to support ongoing system operation for a period of not less than five years after Substantial Completion.

For Council Approval
Not for Bidding

8. VRF HVAC system manufacturer's backing to take over execution of Work if necessary to comply with requirements indicated. Include Project-specific written letter, signed by manufacturer's corporate officer, if requested.

B. Installer Qualifications: An entity that employs installers and supervisors who are trained and approved by VRF HVAC system manufacturer.

1. Each employee shall be certified by manufacturer for proper installation of systems, including, but not limited to, equipment, piping, controls, and accessories indicated and furnished for installation.
2. Installer certification shall be valid and current for duration of Project.
3. Retain copies of Installer certificates on-site and make available on request.
4. Each person assigned to Project shall have demonstrated past experience.

a. Demonstrated past experience with products being installed for period within three consecutive years before time of bid.
b. Demonstrated past experience on five projects of similar complexity, scope, and value.

C. ISO Compliance: System equipment and components furnished by VRF HVAC system manufacturer shall be manufactured in an ISO 9001 and ISO 14001 facility.

1.7 WARRANTY

A. Manufacturer's Warranty: Manufacturer agrees to repair or replace equipment and components that fail(s) in materials or workmanship within specified warranty period.

1. Warranty Period:

a. For Compressor: Seven year(s) from date of Substantial Completion.
b. For Parts, Including Controls: Five year(s) from date of Substantial Completion.
c. For Labor: Five year(s) from date of Substantial Completion.

PART 2 - PRODUCTS

2.1 MANUFACTURERS

A. Mitsubishi Trane

2.2 SYSTEM DESCRIPTION

A. Direct-expansion (DX) VRF HVAC system(s) with variable capacity in response to varying cooling and heating loads. System shall consist of multiple indoor units, outdoor unit(s), piping, controls, and electrical power to make complete operating system(s) complying with requirements indicated.

1. Two-pipe system design.
2. System(s) operation, heat pump as indicated on Drawings.
3. Each system with one refrigerant circuit shared by all indoor units connected to system.

For Council Approval
Not for Bidding

B. Electrical Components, Devices, and Accessories: Listed and labeled as defined in NFPA 70, by a qualified testing agency, and marked for intended location and application.

C. AHRI Compliance: System and equipment performance certified according to AHRI 1230 and products listed in AHRI directory

D. ASHRAE Compliance:

1. ASHRAE 15: For safety code for mechanical refrigeration.
2. ASHRAE 62.1: For indoor air quality.
3. ASHRAE/IES 90.1 Compliance: For system and component energy efficiency.

E. UL Compliance: Comply with UL 1995.

2.3 PERFORMANCE REQUIREMENTS

A. Service Access:

1. Provide and document service access requirements.
2. Locate equipment, system isolation valves, and other system components that require service and inspection in easily accessible locations. Avoid locations that are difficult to access if possible.
3. Where serviceable components are installed behind walls and above inaccessible ceilings, provide finished assembly with access doors or panels to gain access. Properly size the openings to allow for service, removal, and replacement.
4. If less than full and unrestricted access is provided, locate components within an 18-inch (450-mm) reach of the finished assembly.
5. Where ladder access is required to service elevated components, provide an installation that provides for sufficient access within ladder manufacturer's written instructions for use.
6. Comply with OSHA regulations.

B. System Design and Installation Requirements:

1. Design and install systems indicated according to manufacturer's recommendations and written instructions.
2. Where manufacturer's requirements differ from requirements indicated, contact Owner’s Representative for direction. The most stringent requirements should apply unless otherwise directed in writing by Owner’s Representative.

C. Isolation of Equipment: Provide isolation valves to isolate each indoor unit and outdoor unit for service, removal, and replacement without interrupting system operation.

D. System Capacity Ratio: The sum of connected capacity of all indoor units shall be within the following range of outdoor-unit rated capacity:

1. Not less than 50 percent.
2. Not more than 130 percent.
3. Range acceptable to manufacturer.

E. System Turndown: Stable operation down to 20 percent of outdoor unit capacity.

F. System Auto Refrigerant Charge: Each system shall have an automatic refrigerant charge function to ensure the proper amount of refrigerant is installed in system.

For Council Approval
Not for Bidding

G. Outdoor Conditions:

1. Suitable for outdoor ambient conditions encountered.

   a. Design equipment and supports to withstand wind loads of governing code
   b. Provide corrosion-resistant coating for components and supports where located in coastal or industrial climates that are known to be harmful to materials and finishes.

2. Maximum System Operating Outdoor Temperature: See Drawings
3. Minimum System Operating Outdoor Temperature: See Drawings

H. Seismic Performance: VRF HVAC system(s) shall withstand the effects of earthquake motions determined according to ASCE/SEI 7

I. Sound Performance: Sound levels generated by operating HVAC equipment shall be within requirements indicated.

1. Indoor: See Drawings
2. Outdoor: See Drawings

J. Thermal Movements: Allow for controlled thermal movements from ambient, surface, and system temperature changes.

K. Capacities and Characteristics: As indicated on Drawings.

2.4 INDOOR, EXPOSED, WALL-MOUNTED UNITS

A. Description: Factory-assembled complete unit with components, piping, wiring, and controls required for mating to piping, power, and controls field connections.

B. Cabinet:

1. Material: Painted steel, or coated steel frame covered by a plastic cabinet, with an architectural acceptable finish suitable for tenant occupancy on exposed surfaces.
2. Mounting: Manufacturer-designed provisions for field installation.
3. Internal Access: Removable panels of adequate size for field access to internal components for inspection, cleaning, service, and replacement.

C. DX Coil Assembly:

1. Coil Casing: Aluminum, galvanized, or stainless steel.
2. Coil Fins: Aluminum, mechanically bonded to tubes, with arrangement required by performance.
3. Coil Tubes: Copper, of diameter and thickness required by performance.
4. Expansion Valve: Electronic modulating type with linear or proportional characteristics.
5. Unit Internal Tubing: Copper tubing with brazed joints.
6. Unit Internal Tubing Insulation: Manufacturer's standard insulation, of thickness to prevent condensation.
7. Field Piping Connections: Manufacturer's standard.
8. Factory Charge: Dehydrated air or nitrogen.
9. Testing: Factory pressure tested and verified to be without leaks.

D. Drain Assembly:

For Council Approval
Not for Bidding

1. Pan: Non-ferrous material, with bottom sloped to low point drain connection.
2. Condensate Removal: Gravity.
    a. If a floor drain is not available at unit, provide unit with field-installed condensate pump accessory.
3. Field Piping Connection: Non-ferrous material

E. Fan and Motor Assembly:

1. Fan(s):
    a. Direct-drive arrangement.
    b. Single or multiple fans connected to a common motor shaft and driven by a single motor.
    c. Fabricated from non-ferrous components or ferrous components with corrosion protection finish.
    d. Wheels statically and dynamically balanced.
2. Motor: Brushless dc or electronically commutated with permanently lubricated bearings.
3. Motor Protection: Integral protection against thermal, overload, and voltage fluctuations.
4. Speed Settings and Control: Two (low, high), three (low, medium, high), or more than three speed settings or variable speed with a speed range of least 50 percent.
5. Vibration Control: Integral isolation to dampen vibration transmission.

F. Filter Assembly:

1. Access: Front, to accommodate filter replacement without the need for tools.
2. Washable Media: Manufacturer's standard filter with antimicrobial treatment.

G. Grille Assembly: Manufacturer's standard discharge grille in top or front face of unit cabinet.

H. Unit Accessories:

I. Unit Controls:

1. Enclosure: Manufacturer's standard, and suitable for indoor locations.
2. Factory-Installed Controller: Configurable digital control.

J. Unit Electrical:

1. Enclosure: Manufacturer's standard, and suitable for indoor locations.
2. Field Connection: Single point connection to power entire unit and integral controls.
3. Disconnecting Means: Factory-mounted circuit breaker or switch, complying with NFPA 70.
4. Control Transformer: Manufacturer's standard. Coordinate requirements with field power supply.
5. Wiring: Manufacturer's standard with each connection labeled and corresponding to a unit-mounted wiring diagram.
6. Raceways: Enclose line voltage wiring in raceways to comply with NFPA 70.

2.5 SYSTEM CONTROLS

A. General Requirements:

For Council Approval
Not for Bidding

1. Network: Indoor units and outdoor units shall include integral controls and connect through a manufacturer-selected control network.
2. Network Communication Protocol: Manufacturer proprietary or open control communication between interconnected units.

3. Operator Interface:

   a. Operators shall interface with system and unit controls through the following:

      1) Operator interfaces integral to controllers.
      2) Owner-furnished PC connected to central controller(s).
      3) Web interface through web browser software.
      4) Integration with Building Automation System.

   b. Users shall be capable of interface with controllers for control of indoor units to extent privileges are enabled. Control features available to users shall include the following:

      1) On/off control.
      2) Temperature set-point adjustment.

B. Wired Controllers for Indoor Units:

1. Single controller capable of controlling multiple indoor units as group.
2. Auto Timeout Touch Screen LCD: Timeout duration shall be adjustable.
3. Multiple Language: English
4. Temperature Units: Fahrenheit
5. On/Off: Turns indoor unit on or off.
6. Hold: Hold operation settings until hold is released.
7. Operation Mode: Cool, Heat, Auto, Dehumidification, Fan Only, and Setback.
8. Temperature Display: 1-degree increments.
9. Temperature Set-Point: Separate set points for Cooling, Heating, and Setback. Adjustable in 1-degree increments
10. Relative Humidity Display: 1 percent increments.
11. Relative Humidity Set-Point: Adjustable in 1 percent increments
12. Fan Speed Setting: Select between available options furnished with the unit.
13. Airflow Direction Setting: If applicable to unit, select between available options furnished with the unit.
14. Seven-day programmable operating schedule with five or more events per day. Operations shall include On/Off, Operation Mode, and Temperature Set-Point.
15. Auto Off Timer: Operates unit for an adjustable time duration and then turns unit off.
16. Occupancy detection.
17. Service Notification Display: "Filter"
18. Service Run Tests: Limit use by service personnel to troubleshoot operation.
19. Error Code Notification Display: Used by service personnel to troubleshoot abnormal operation and equipment failure.
20. User and Service Passwords: Capable of preventing adjustments by unauthorized users.
21. Setting stored in nonvolatile memory to ensure that settings are not lost if power is lost. Battery backup for date and time only.
22. Low-voltage power required for controller shall be powered through non-polar connections to indoor unit.

C. Wireless Controllers for Indoor Units:

1. Wireless Communication:

For Council Approval
Not for Bidding

a. Controller communicates to remote-mounted receiver that is wired to indoor unit(s).

1) Include receivers with wireless controllers as required to complete installation.
2) Low-voltage power required for receivers shall be powered through non-polar connections to indoor unit.

b. One wireless controller shall be capable of communicating with one or multiple receivers to control one or multiple indoor units as a group.

2. Controller Battery Life: Three years.
3. Auto Timeout Touch Screen LCD: Timeout duration shall be adjustable.
4. Multiple Language: English
5. Temperature Units: Fahrenheit
6. On/Off: Turns indoor unit on or off.
7. Hold: Hold operation settings until hold is released.
8. Operation Mode: Cool, Heat, Auto, Dehumidification, Fan Only, and Setback.
9. Temperature Display: 1-degree increments.
10. Temperature Set-Point: Separate set points for Cooling, Heating, and Setback. Adjustable in 1-degree increments
11. Relative Humidity Display: 1 percent increments.
12. Relative Humidity Set-Point: Adjustable in 1 percent increments
13. Fan Speed Setting: Select between available options furnished with the unit.
14. Airflow Direction Setting: If applicable to unit, select between available options furnished with the unit.
15. Seven-day programmable operating schedule with five or more events per day. Operations shall include On/Off, Operation Mode, and Temperature Set-Point.
16. Auto Off Timer: Operates unit for an adjustable time duration and then turns unit off.
17. Occupancy detection.
18. Service Notification Display: "Filter"
19. Service Run Tests: Limit use by service personnel to troubleshoot operation.
20. Error Code Notification Display: Used by service personnel to troubleshoot abnormal operation and equipment failure.
21. User and Service Passwords: Capable of preventing adjustments by unauthorized users.
22. Setting stored in non-volatile memory to ensure that settings are not lost if power is lost. Battery for date and time only.

2.6 SYSTEM REFRIGERANT AND OIL

A. Refrigerant:

1. As required by VRF HVAC system manufacturer for system to comply with performance requirements indicated.
2. ASHRAE 34, Class A1 refrigerant classification.
3. R-410a

B. Oil:

1. As required by VRF HVAC system manufacturer and to comply with performance requirements indicated.

2.7 SYSTEM CONDENSATE DRAIN PIPING

A. If more than one material is listed, material selection is Contractor's option.

For Council Approval
Not for Bidding

B. Copper Tubing:

1. Drawn-Temper Tubing: According to ASTM B88, Type L or Type DWV according to ASTM B306.
2. Wrought-Copper Fittings: ASME B16.22.
3. Wrought-Copper Unions: ASME B16.22.
4. Solder Filler Metals: ASTM B32, lead-free alloys, and water-flushable flux according to ASTM B813.

C. CPVC plastic pipe according to ASTM F441/F441M, Schedule 40, with socket-type pipe fittings according to ASTM F438 and solvent cement according to ASTM F493.

D. PVC plastic pipe according to ASTM D1785, Schedule 40, with socket-type pipe fittings according to ASTM D2466 and solvent cement according to ASTM D2564, primer according to ASTM F656.

2.8 SYSTEM REFRIGERANT PIPING

A. Comply with requirements in Section 232300 "Refrigerant Piping" for system piping requirements.

B. Refrigerant Piping:

1. Copper Tube: ASTM B280, Type ACR
2. Wrought-Copper Fittings: ASME B16.22.
3. Brazing Filler Metals: AWS A5.8/A5.8M.

C. Refrigerant Tubing Kits:

1. Furnished by VRF HVAC system manufacturer.
2. Factory-rolled and -bundled, soft-copper tubing with tubing termination fittings at each end.
3. Standard one-piece length for connecting to indoor units.
4. Pre-insulated with flexible elastomeric insulation of thickness to comply with governing energy code and sufficient to eliminate condensation.
5. Factory Charge: Dehydrated air or nitrogen

D. Divided-Flow Specialty Fittings: Where required by VRF HVAC system manufacturer for proper system operation, VRF HVAC system manufacturer shall furnish specialty fittings with identification and instructions for proper installation by Installer.

E. Refrigerant Isolation Ball Valves:

1. Description: Uni-body full port design, rated for maximum system temperature and pressure, and factory tested under pressure to ensure tight shutoff. Designed for valve operation without removing seal cap.
2. Seals: Compatible with system refrigerant and oil. Seal service life of at least 20 years.
3. Valve Connections: Flare or sweat depending on size.

2.9 METAL HANGERS AND SUPPORTS

A. Copper Tube Hangers:

1. Description: MSS SP-58, Types 1 through 58, copper-coated-steel, factory-fabricated components.

For Council Approval
Not for Bidding

2. Hanger Rods: Continuous-thread rod, nuts, and washer made of galvanized or copper-coated steel

B. Plastic Pipe Hangers:

1. Description: MSS SP-58, Types 1 through 58, galvanized-steel, factory-fabricated components.
2. Hanger Rods: Continuous-thread rod, nuts, and washer made of galvanized steel

2.10 FASTENER SYSTEMS

A. Powder-Actuated Fasteners: Threaded, zinc-coated steel stud, for use in hardened portland cement concrete with pull-out, tension, and shear capacities appropriate for supported loads and building materials where used.

B. Mechanical-Expansion Anchors: Insert-wedge-type anchors, for use in hardened portland cement concrete; with pull-out, tension, and shear capacities appropriate for supported loads and building materials where used.

1. Indoor Applications: Zinc-coated steel.
2. Outdoor Applications: Stainless steel.

2.11 MISCELLANEOUS SUPPORT MATERIALS

A. Grout: ASTM C1107, factory-mixed and -packaged, dry, hydraulic-cement, nonshrink and nonmetallic grout; suitable for interior and exterior applications.

1. Properties: Nonstaining, noncorrosive, and nongaseous.
2. Design Mix: 5000-psi, 28-day compressive strength.

B. Structural Steel: ASTM A36/A36M, carbon-steel plates, shapes, and bars; galvanized.

C. Threaded Rods: Continuously threaded. Zinc-plated steel or galvanized steel for indoor applications and stainless steel for outdoor applications. Mating nuts and washers of similar material as rods.

2.12 PIPING AND TUBING INSULATION

A. Comply with requirements in Section 230719 "HVAC Piping Insulation" for system piping insulation requirements.

B. Condensate Drain Piping and Tubing Insulation and Jacket Requirements:

1. Flexible Elastomeric Insulation:

a. Closed-cell, sponge- or expanded-rubber materials, complying with ASTM C534, Type I for tubular materials.
b. Indoors: 1/2 inch thick.
c. Outdoors: 1/2 thick.

2. Field-Applied Jacket:

For Council Approval
Not for Bidding

a. Concealed: None required.
b. Indoors, Exposed to View: None required
c. Outdoors, Exposed to View: None required

C. Refrigerant Tubing Insulation and Jacket Requirements:

1. Flexible Elastomeric Insulation:

a. Closed-cell, sponge- or expanded-rubber materials, complying with ASTM C534, Type I for tubular materials.
b. Indoors: 1 inch thick.
c. Outdoors: 1 inch thick.

2. Field-Applied Jacket:

a. Concealed: None required.
b. Indoors, Exposed to View: None required
c. Outdoors, Exposed to View: None required

D. Flexible Elastomeric Insulation Adhesive: Comply with MIL-A-24179A, Type II, Class I.

2.13 SYSTEM CONTROL CABLE AND RACEWAYS

A. Low-Voltage Control Cabling:

1. Plenum-Rated, Paired Cable: NFPA 70, Type CMP.

B. TIA-485A Network Cabling:

1. Standard Cable: NFPA 70, Type CMG.
2. Plenum-Rated Cable: NFPA 70, Type CMP.

C. Ethernet Network Cabling: TIA-568-C.2 Category 6 cable with RJ-45 connectors.

D. Comply with requirements in Section 260533 "Raceways and Boxes for Electrical Systems" for control wiring and cable raceways.

2.14 MATERIALS

A. Steel:

1. ASTM A36/A36M for carbon structural steel.
2. ASTM A568/A568M for steel sheet.

B. Stainless Steel:

1. Manufacturer's standard grade for casing.
2. Manufacturer's standard type, ASTM A240/A240M for bare steel exposed to airstream or moisture.

C. Galvanized Steel: ASTM A653/A653M.

D. Aluminum: ASTM B209.

For Council Approval
Not for Bidding

2.15 SOURCE QUALITY CONTROL

A. Factory Tests: Test and inspect factory-assembled equipment.

B. Equipment will be considered defective if it does not pass tests and inspections.

C. Prepare test and inspection reports for historical record. Submit reports only if requested.

PART 3 - EXECUTION

3.1 EQUIPMENT INSTALLATION

A. Clearance:

1. Maintain manufacturer's recommended clearances for service and maintenance.
2. Maintain clearances required by governing code.

B. Loose Components: Install components, devices, and accessories furnished by manufacturer, with equipment, that are not factory mounted.

C. Equipment Restraint Installation: Install equipment with seismic-restraint device. Comply with requirements for seismic-restraint devices specified in Section 230548 "Vibration and Seismic Controls for HVAC."

D. Indoor Unit Installations:

1. Install units to be level and plumb while providing a neat and finished appearance.
2. Unless otherwise required by VRF HVAC system manufacturer, support ceiling-mounted units from structure above using threaded rods; minimum rod size of 3/8 inch
3. Adjust supports of exposed and recessed units to draw units tight to adjoining surfaces.
4. Protect finished surfaces of ceilings, floors, and walls that come in direct contact with units. Refinish or replaced damaged areas after units are installed.
5. In rooms with ceilings, conceal piping and tubing, controls, and electrical power serving units above ceilings.
6. In rooms without ceiling, arrange piping and tubing, controls, and electrical power serving units to provide a neat and finished appearance.
7. Provide lateral bracing if needed to limit movement of suspended units to not more than 0.25 inch
8. For floor- and wall-mounted units that are exposed, conceal piping and tubing, controls, and electrical power serving units within walls.
9. Attachment: Install hardware for proper attachment to supported equipment.
10. Grouting: Place grout under equipment supports and make bearing surface smooth.

E. Outdoor Unit Installations:

1. Install units to be level and plumb while providing a neat and finished appearance.
2. Install outdoor units on support structures indicated on Drawings.

3.2 GENERAL REQUIREMENTS FOR PIPING AND TUBING INSTALLATION

A. Install piping and tubing in concealed locations unless otherwise indicated and except in equipment rooms and service areas.

For Council Approval
Not for Bidding

B. Install piping and tubing at right angles or parallel to building walls. Diagonal runs are prohibited unless specifically indicated otherwise.

C. Install piping and tubing above accessible ceilings to allow sufficient space for ceiling panel removal.

D. Install piping and tubing to permit valve servicing.

E. Install piping and tubing at indicated slopes.

F. Install piping and tubing free of sags.

G. Install fittings for changes in direction and branch connections.

H. Install piping and tubing to allow application of insulation.

I. Install groups of pipes and tubing parallel to each other, spaced to permit applying insulation with service access between insulated piping and tubing.

J. Install sleeves for piping and tubing penetrations of walls, ceilings, and floors. Comply with requirements for sleeves specified in Section 230500 "Common Work Results for HVAC."

K. Install escutcheons for piping and tubing penetrations of walls, ceilings, and floors. Comply with requirements for escutcheons specified in Section 230500 "Common Work Results for HVAC."

3.3 CONDENSATE DRAIN PIPE AND TUBING INSTALLATION

A. General Requirements for Drain Piping and Tubing:

1. Install a union in piping at each threaded unit connection.
2. Install an adjustable stainless steel hose clamp with adjustable gear operator on unit hose connections. Tighten clamp to provide a leak-free installation.
3. If required for unit installation, provide a trap assembly in drain piping to prevent air circulated through unit from passing through drain piping. Comply with more stringent of the following:

    a. Details indicated on Drawings.
    b. Manufacturer's requirements.
    c. Governing codes.
    d. In the absence of requirements, comply with requirements of ASHRAE handbooks.

4. Extend drain piping from units with drain connections to drain receptors as indicated on Drawings. If not indicated on Drawings, terminate drain connection at nearest accessible location that is not exposed to view by occupants.
5. Provide each 90-degree change in direction with a Y- or T-fitting. Install a threaded plug connection in the dormant side of fitting or future use as a service cleanout.

B. Gravity Drains:

1. Slope piping from unit connection toward drain termination at a constant slope of not less than two percent.

C. Pumped Drains:

For Council Approval
Not for Bidding

1. If unit condensate pump or lift mechanism is not included with an integral check valve, install a full-size check valve in each branch pipe near unit connection to prevent backflow into unit.

3.4 REFRIGERANT PIPING AND TUBING INSTALLATION

A. Refrigerant Tubing Kits:

1. Unroll and straighten tubing to suit installation. Deviations in straightness of exposed tubing shall be unnoticeable to observer.
2. Support tubing using hangers and supports indicated at intervals not to exceed 5 ft. Minimum rod size, 1/4 inch
3. Prepare tubing ends and make mating connections to provide a pressure tight and leak-free installation.

B. Install refrigerant piping according to ASHRAE 15 and governing codes.

C. Select system components with pressure rating equal to or greater than system operating pressure.

D. Install piping as short and direct as possible, with a minimum number of joints and fittings.

E. Arrange piping to allow inspection and service of equipment. Install valves and specialties in accessible locations to allow for service and inspection. Install access doors or panels as specified in Section 083113 "Access Doors and Frames" if valves or equipment requiring maintenance is concealed behind finished surfaces.

F. Install refrigerant piping and tubing in protective conduit where installed belowground.

G. Install refrigerant piping and tubing in rigid or flexible conduit in locations where exposed to mechanical damage.

H. Unless otherwise required by VRF HVAC system manufacturer, slope refrigerant piping and tubing as follows:

1. Install horizontal hot-gas discharge piping and tubing with a uniform slope downward away from compressor.
2. Install horizontal suction lines with a uniform slope downward to compressor.
3. Install traps to entrain oil in vertical runs.
4. Liquid lines may be installed level.

I. When brazing, remove or protect components that could be damaged by heat.

J. Before installation, clean piping, tubing, and fittings to cleanliness level required by VRF HVAC system manufacturer.

K. Joint Construction:

1. Ream ends of tubes and remove burrs.
2. Remove scale, slag, dirt, and debris from inside and outside of tube and fittings before assembly.
3. Construct joints according to AWS's "Brazing Handbook," "Pipe and Tube" Chapter.

For Council Approval
Not for Bidding

a. Use Type BCuP (copper-phosphorus) alloy for joining copper fittings with copper tubing.
b. Use Type BAg (cadmium-free silver) alloy for joining copper with bronze.

3.5 PIPE AND TUBING INSULATION INSTALLATION

A. Seal longitudinal seams and end joints with manufacturer's recommended adhesive to eliminate openings in insulation that allow passage of air to surface being insulated. Installation to maintain a continuous vapor barrier.

B. Insulation Installation on Pipe Fittings and Elbows:

1. Install mitered sections of pipe insulation.
2. Secure insulation materials and seal seams with manufacturer's recommended adhesive to eliminate openings in insulation that allow passage of air to surface being insulated.

C. Insulation Installation on Valves and Pipe Specialties:

1. Install preformed valve covers manufactured of same material as pipe insulation when available.
2. When preformed valve covers are unavailable, install cut sections of pipe and sheet insulation to valve body. Arrange insulation to permit access to packing and to allow valve operation without disturbing insulation.
3. Secure insulation to valves and specialties and seal seams with manufacturer's recommended adhesive to eliminate openings in insulation that allow passage of air to surface being insulated.

D. Where PVC jackets are indicated, install with 1-inch overlap at longitudinal seams and end joints; for horizontal applications. Seal with manufacturer's recommended adhesive.

1. Apply two continuous beads of adhesive to seams and joints, one bead under lap and the finish bead along seam and joint edge.

E. Where metal jackets are indicated, install with 2-inch overlap at longitudinal seams and end joints. Overlap longitudinal seams arranged to shed water. Seal end joints with weatherproof sealant recommended by insulation manufacturer. Secure jacket with stainless steel bands 12 inches o.c. and at end joints.

3.6 SOFTWARE

A. Cybersecurity:

1. Software:

a. Coordinate security requirements with IT department
b. Ensure that latest stable software release is installed and properly operating.
c. Disable or change default passwords to password using a combination of uppercase and lower letters, numbers, and symbols at least eight characters in length. Record passwords and turn over to party responsible for system operation and administration.

2. Hardware:

For Council Approval
Not for Bidding

a. Coordinate location and access requirements with IT department
b. Enable highest level of wireless encryption that is compatible with Owner's ICT network.
c. Disable dual network connections.

3.7 FIRESTOPPING

A. Comply with requirements in Section 078413 "Penetration Firestopping."

B. Comply with TIA-569-D, Annex A, "Firestopping."

C. Comply with BICSI TDMM, "Firestopping" Chapter.

3.8 FIELD QUALITY CONTROL

A. Perform the following tests and inspections with the assistance of manufacturer's service representative:

1. Perform each visual and mechanical inspection and electrical test stated in NETA Acceptance Testing Specification. Certify compliance with test parameters.
2. Leak Test: After installation, charge system and test for leaks. Repair leaks and retest until no leaks exist.
3. Operational Test: After electrical circuitry has been energized, start units to confirm proper motor rotation and unit operation.
4. Test and adjust controls and safeties. Replace damaged and malfunctioning controls and equipment.

B. Refrigerant Tubing Positive Pressure Testing:

1. Comply with more stringent of VRF HVAC system manufacturer's requirements and requirements indicated.
2. After completion of tubing installation, pressurize tubing systems to a test pressure of not less than 1.2 times VRF HVAC system operating pressure, but not less than 600 psig, using dry nitrogen
3. Successful testing shall maintain a test pressure for a continuous and uninterrupted period of 24 hours. Allowance for pressure changes attributed to changes in ambient temperature are acceptable.
4. Prepare test report to record the following information for each test:

a. Name of person starting test, company name, phone number, and e-mail address.
b. Name of manufacturer's service representative witnessing test, company name, phone number, and e-mail address.
c. Detailed description of extent of tubing tested.
d. Date and time at start of test.
e. Test pressure at start of test.
f. Outdoor temperature at start of test.
g. Name of person ending test, company name, phone number, and e-mail address.
h. Date and time at end of test.
i. Test pressure at end of test.
j. Outdoor temperature at end of test.
k. Remarks:

5. Submit test reports for Project record.

For Council Approval
Not for Bidding

C. Refrigerant Tubing Evacuation Testing:

1. Comply with more stringent of VRF HVAC system manufacturer's requirements and requirements indicated.
2. After completion of tubing positive-pressure testing, evacuate tubing systems to a pressure of 500 microns.
3. Successful testing shall maintain a test pressure for a continuous and uninterrupted period of one hour(s) with no change.
4. Prepare test report to record the following information for each test:

    a. Name of person starting test, company name, phone number, and e-mail address.
    b. Name of manufacturer's service representative witnessing test, company name, phone number, and e-mail address.
    c. Detailed description of extent of tubing tested.
    d. Date and time at start of test.
    e. Test pressure at start of test.
    f. Outdoor temperature at start of test.
    g. Name of person ending test, company name, phone number, and e-mail address.
    h. Date and time at end of test.
    i. Test pressure at end of test.
    j. Outdoor temperature at end of test.
    k. Remarks:

5. Submit test reports for Project record.
6. Upon successful completion of evacuation testing, system shall be charged with refrigerant.

D. System Refrigerant Charge:

1. Using information collected from the refrigerant tubing evacuation testing, system Installer shall consult variable refrigerant system manufacturer to determine the correct system refrigerant charge.
2. Installer shall charge system following VRF HVAC system manufacturer's written instructions.
3. System refrigerant charging shall be witnessed by system manufacturer's representative.
4. Total refrigerant charge shall be recorded and permanently displayed at the system's outdoor unit.

E. Products will be considered defective if they do not pass tests and inspections.

F. Prepare test and inspection reports.

3.9 STARTUP SERVICE

A. Engage a VRF HVAC system manufacturer's service representative to perform system(s) startup service.

1. Service representative shall be an employee or a factory-trained and -authorized service representative of VRF HVAC system manufacturer.
2. Complete startup service of each separate system.
3. Complete system startup service according to manufacturer's written instructions.

B. Startup checks shall include, but not be limited to, the following:

For Council Approval
Not for Bidding

1. Check control communications of equipment and each operating component in system(s).
2. Check each indoor unit's response to demand for cooling and heating.
3. Check each indoor unit's response to changes in airflow settings.
4. Check each indoor unit and outdoor unit for proper condensate removal.
5. Check sound levels of each indoor and outdoor unit.

C. Installer shall accompany manufacturer's service representative during startup service and provide manufacturer's service representative with requested documentation and technical support during startup service.

1. Installer shall correct deficiencies found during startup service for reverification.

D. System Operation Report:

1. After completion of startup service, manufacturer shall issue a report for each separate system.
2. Report shall include complete documentation describing each startup check, the result, and any corrective action required.
3. Manufacturer shall electronically record not less than two hours of continuous operation of each system and submit with report for historical reference.

a. All available system operating parameters shall be included in the information submitted.

3.10 ADJUSTING

A. Adjust equipment and components to function smoothly, and lubricate as recommended by manufacturer.

B. Adjust initial temperature and humidity set points. Adjust initial airflow settings and discharge airflow patterns.

C. Set field-adjustable switches and circuit-breaker trip ranges according to VRF HVAC system manufacturer's written instructions, and as indicated.

D. Occupancy Adjustments: When requested within 12 months from date of Substantial Completion, provide on-site assistance in adjusting system to suit actual occupied conditions. Provide up to two visits to Project during other-than-normal occupancy hours for this purpose.

3.11 SOFTWARE SERVICE AGREEMENT

A. Technical Support: Beginning at Substantial Completion, service agreement shall include software support for two years.

B. Upgrade Service: At Substantial Completion, update software to latest version. Install and program software upgrades that become available within two years from date of Substantial Completion. Upgrading software shall include operating system and new or revised licenses for using software.

1. Upgrade Notice: At least 30 days to allow Owner to schedule and access the system and to upgrade computer equipment if necessary.

For Council Approval
Not for Bidding

3.12 DEMONSTRATION

A. Engage a VRF HVAC system manufacturer's employed training instructor or factory-authorized service representative to train Owner's maintenance personnel to adjust, operate, and maintain entire system.

END OF SECTION 238129

For Council Approval
Not for Bidding

SECTION 24 93 97
Lighting System with LED Light Source

PART 1 – GENERAL

1.1 SUMMARY

A. Work covered by this section of the specifications shall conform to the contract documents, engineering plans as well as state and local codes.

B. The purpose of these specifications is to define the lighting system performance and design standards for Roseville Aquatic using an LED Lighting source. The manufacturer / contractor shall supply lighting equipment to meet or exceed the standards set forth in these specifications.

C. The sports lighting will be for the following venues:

1. Swimming Pool 1
2. Swimming Pool 2

D. The primary goals of this sports lighting project are:

1. Guaranteed Light Levels: Selection of appropriate light levels impacts the safety of players and the enjoyment of spectators. Therefore, light levels are guaranteed to not drop below specified target values for a period of 25 years.
2. Environmental Light Control: It is the primary goal of this project to minimize spill light to adjoining properties and glare to players, spectators, and neighbors.
3. Cost of Ownership: To reduce the operating budget, the preferred lighting system shall be energy efficient and cost effective to operate. All maintenance costs shall be eliminated for the duration of the warranty.
4. Control and Monitoring – To allow for optimized use of labor resources and avoid unneeded operation of the facility, customer requires a remote on/off control system for the lighting system. Fields should be proactively monitored to detect luminaire outages over a 25-year life cycle. All communication and monitoring costs for 25-year period shall be included in the bid.
    a. Control and monitoring system shall provide contactor control of all existing circuits. Key switches shall be provided to provide field-level control of existing circuit groups.

1.2 ONFIELD LIGHTING PERFORMANCE

A. Illumination Levels and Design Factors: Playing surfaces shall be lit to an average target illumination level and uniformity as specified in the chart below. Lighting manufacturers will provide a guarantee that light levels will be sustained over the life of the warranty period. Lighting calculations shall be developed, and field measurements taken on the grid spacing with the minimum number of grid points specified below.

Manufacturers will provide lumen maintenance data of the LED luminaires used per TM-21-11 and will Incorporate the lumen maintenance projections into the lighting designs to ensure target light levels are achieved throughout the guaranteed period of the system. Per IES guidelines, lumen maintenance hours should be reported based on the 6x multiplier of testing hours.

Area of Lighting	Average Target Illumination Levels	Maximum to Minimum Uniformity Ratio	Grid Points	Grid Spacing
Swimming Pool 1	30 FC	2.5:1	128	10’ x 10’
Swimming Pool 2	20 FC	3:1	65	10’ x 10’

For Council Approval
Not for Bidding

B. Color Temperature: The lighting system shall have a minimum color temperature of 5700K and a CRI of 75.

C. Playability: Lighting design and luminaire selection should be optimized for playability by reducing glare onfield and providing sufficient uplight.

1. Aiming Angles: To reduce glare, luminaire aiming should ensure the top of the luminaire field angle (based on sample photometric reports) is a minimum of 10 degrees below horizontal.
2. Glare Control Technology – Luminaires selected should have glare control technology including, but not limited to: external visors, internal shields and louvres. No symmetrical beam patterns are acceptable.
3. Mounting Heights: To ensure proper aiming angles, minimum mountings heights shall be as described below. Higher mounting heights may be necessary for luminaire with lesser glare control to meet field angle requirements of section 1.2.C.1.

# of Poles	Pole Designation	Pole Height
5	P1-P5	70’

1.3 ENVIRONMENTAL LIGHT CONTROL

A. Light Control Luminaires: All luminaires shall utilize spill light and glare control devices including, but not limited to, internal shields, louvers, and external shields. No symmetrical beam patterns are accepted.

B. Spill Light and Glare Control: To minimize impact on adjacent properties, spill light and candela values must not exceed the following levels taken at 3 feet above grade.

	Average	Maximum
150’ Specified Spill Line Horizontal Footcandles	0 fc	0 fc
150’ Specified Spill Line Max Vertical Footcandles	0 fc	0 fc
150’ Specified Spill Line Max Candela (taken at 5 ft above grade)	6.3	215 cd

C. Spill Scans: Spill scans must be submitted indicating the amount of horizontal and vertical footcandles along the specified lines. Light levels shall be provided in 30-foot intervals along the boundary line at 3 ft above grade.

D. Sample Photometry: The first page of a photometric report for all luminaire types proposed showing horizontal and vertical axial candle power shall be provided to demonstrate the capability of achieving the specified performance. Reports shall be certified by a qualified testing laboratory with a minimum of five years experience or by a manufacturer’s laboratory with a current accreditation under the National Voluntary Laboratory Accreditation Program for Energy Efficient Lighting Products. A summary of the horizontal and vertical aiming angles for each luminaire shall be included with the photometric report.

E. Field Verification: Lighting manufacturer shall supply field verification of environmental light control using a meter calibrated within the last 12 months:

1. Spill verification: Illumination levels shall be taken in accordance with IESNA RP-6-22. The light sensing surface of the light meter should be held 36 inches above the playing surface with the sensing surface horizontal (for horizontal readings) or vertically pointed at the brightest light bank

For Council Approval
Not for Bidding

(for max vertical readings)

1.4 COST OF OWNERSHIP

A. Manufacturer shall submit a 25 year Cost of Ownership summary that includes energy consumption, anticipated maintenance costs, and control costs. All costs associated with faulty luminaire replacement - equipment rentals, removal and installation labor, and shipping - are to be included in the maintenance costs.

PART 2 – PRODUCT

2.1 SPORTS LIGHTING SYSTEM CONSTRUCTION

A. Manufacturing Requirements: All components shall be designed and manufactured as a system. All luminaires, wire harnesses, drivers and other enclosures shall be factory assembled, aimed, wired and tested.

B. Durability: All exposed components shall be constructed of corrosion resistant material and/or coated to help prevent corrosion. All exposed carbon steel shall be hot dip galvanized per ASTM A123. All exposed aluminum shall be powder coated with high performance polyester or anodized. All exterior reflective inserts shall be anodized, coated, and protected from direct environmental exposure to prevent reflective degradation or corrosion. All exposed hardware and fasteners shall be stainless steel, passivated and coated with aluminum-based thermosetting epoxy resin for protection against corrosion and stress corrosion cracking. Structural fasteners may be carbon steel and galvanized meeting ASTM A153 and ISO/EN 1461 (for hot dipped galvanizing), or ASTM B695 (for mechanical galvanizing). All wiring shall be enclosed within the cross-arms, pole, or electrical components enclosure.

C. System Description: Lighting system shall consist of the following:

1. Galvanized steel poles and cross-arm assembly.
2. Non-approved pole technology:
    a. Square static cast concrete poles will not be accepted.
    b. Direct bury steel poles which utilize the extended portion of the steel shaft for their foundation will not be accepted due to potential for internal and external corrosive reaction to the soils and long term performance concerns.
3. Lighting systems shall use concrete foundations. See Section 2.4 for details.
    a. For a foundation using a pre-stressed concrete base embedded in concrete backfill the concrete shall be air-entrained and have a minimum compressive design strength at 28 days of 3,000 PSI. 3,000 PSI concrete specified for early pole erection, actual required minimum allowable concrete strength is 1,000 PSI. All piers and concrete backfill must bear on and against firm undisturbed soil.
    b. For anchor bolt foundations or foundations using a pre-stressed concrete base in a suspended pier or re-enforced pier design pole erection may occur after 7 days. Or after a concrete sample from the same batch achieves a certain strength.
4. Manufacturer will supply all drivers and supporting electrical equipment.
    a. Remote drivers and supporting electrical equipment shall be mounted approximately 10 feet above grade in aluminum enclosures. The enclosures shall be touch-safe and include drivers and fusing with indicator lights on fuses to notify when a fuse is to be replaced for each luminaire. Disconnect per circuit for each pole structure will be located in the enclosure. Integral drivers are not allowed.
    b. Manufacturer shall provide surge protection at the pole equal to or greater than 40 kA for

For Council Approval
Not for Bidding

each line to ground (Common Mode) as recommended by IEEE C62.41.2_2002.

5. Wire harness complete with an abrasion protection sleeve, strain relief and plug-in connections for fast, trouble-free installation.
6. All luminaires, visors, and cross-arm assemblies shall withstand 150 mi/h winds and maintain luminaire aiming alignment.
7. Control cabinet to provide remote on-off control, monitoring, and entertainment features of the lighting system. See Section 2.3 for further details.
8. Manufacturer shall provide lightning grounding as defined by NFPA 780 and be UL Listed per UL 96 and UL 96A.
    a. Integrated grounding via concrete encased electrode grounding system.
    b. If grounding is not integrated into the structure, the manufacturer shall supply grounding electrodes, copper down conductors, and exothermic weld kits. Electrodes and conductors shall be sized as required by NFPA 780.The grounding electrode shall be minimum size of 5/8 inch diameter and 8 feet long, with a minimum of 10 feet embedment. Grounding electrode shall be connected to the structure by a grounding electrode conductor with a minimum size of 2 AWG for poles with 75 feet mounting height or less, and 2/0 AWG for poles with more than 75 feet mounting height.

D. Safety: All system components shall be UL listed for the appropriate application.

2.2 ELECTRICAL

A. Electric Power Requirements for the Sports Lighting Equipment:
    1. Electric power: 480 Volt, 3 Phase
    2. Maximum total voltage drop: Voltage drop to the disconnect switch located on the poles shall not exceed three (3) percent of the rated voltage.

B. Energy Consumption: The kW consumption for the field lighting system shall be 11.

2.3 CONTROL

A. Instant On/Off Capabilities: System shall provide for instant on/off of luminaires.

B. Lighting contactor cabinet(s) constructed of NEMA Type 4 aluminum, designed for easy installation with contactors, labeled to match field diagrams and electrical design. Manual off-on-auto selector switches shall be provided.

C. Contactor control of lights: To minimize wear on drivers and other electrical components and prevent lights from turning on due to communication loss, circuits must be controlled via contactor switching, not dimming driver output to zero.

D. Dimming: System shall provide for 3-stage dimming (high-medium-low). Dimming will be set via scheduling options (Website, app, phone, email)

E. Remote Lighting Control System: System shall allow owner and users with a security code to schedule on/off system operation via a web site, phone, or email up to ten years in advance. Manufacturer shall provide and maintain a two-way TCP/IP communication link. Trained staff shall be available 24/7 to provide scheduling support and assist with reporting needs.

The owner may assign various security levels to schedulers by function and/or fields. This function must be flexible to allow a range of privileges such as full scheduling capabilities for all fields to only having permission to execute “early off” commands by phone. Scheduling tool shall be capable of setting curfew limits.

Controller shall accept and store 7-day schedules, be protected against memory loss during power outages, and shall reboot once power is regained and execute any commands that would have

For Council Approval
Not for Bidding

occurred during outage.

F. Remote Monitoring System: System shall monitor lighting performance and notify manufacturer if individual luminaire outage is detected so that appropriate maintenance can be scheduled. The controller shall determine switch position (manual or auto) and contactor status (open or closed).

G. Management Tools: Manufacturer shall provide a web-based database and dashboard tool of actual field usage and provide reports by facility and user group. Dashboard shall also show current status of luminaire outages, control operation and service. Mobile application will be provided suitable for IOS and Android devices.

Hours of Usage: Manufacturer shall provide a means of tracking actual hours of usage for the field lighting system that is readily accessible to the owner.

1. Cumulative hours: shall be tracked to show the total hours used by the facility.
2. Report hours saved by using early off and push buttons by users.

H. Communication Costs: Manufacturer shall include communication costs for operating the control and monitoring system for a period of 25 years.

I. Communication with luminaire drivers: Control system shall interface with drivers in electrical components enclosures by means of powerline communication.

2.4 STRUCTURAL PARAMETERS

A. Wind Loads: Wind loads shall be based on the 2022 California Building Code. Wind loads to be calculated using ASCE 7-16, a design wind speed of 95 mi/h, exposure category C.

B. Pole Structural Design: The stress analysis and safety factor of the poles shall conform to AISC 360-16 Specification for Structural Steel Buildings.

C. The foundation design shall be based on soils that meet or exceed those of a Class 5 material as defined by 2022 CBC Table 1806.2.

PART 3 – EXECUTION

3.1 SOIL QUALITY CONTROL

A. It shall be the Contractor’s responsibility to notify the Owner if soil conditions exist other than those on which the foundation design is based, or if the soil cannot be readily excavated. Contractor may issue a change order request / estimate for the Owner’s approval / payment for additional costs associated with:

1. Providing engineered foundation embedment design by a registered engineer in the State of California for soils other than specified soil conditions;
2. Additional materials required to achieve alternate foundation;
3. Excavation and removal of materials other than normal soils, such as rock, caliche, etc.

3.2 DELIVERY TIMING

B. Delivery Timing Equipment On-Site: The equipment must be on-site 8-10 weeks from receipt of approved submittals and receipt of complete order information.

3.3 FIELD QUALITY CONTROL

A. Illumination Measurements: Upon substantial completion of the project and in the presence of the Contractor, Project Engineer, Owner's Representative, and Manufacturer's Representative,

For Council Approval
Not for Bidding

illumination measurements shall be taken and verified. The illumination measurements shall be conducted in accordance with IESNA RP-6-22.

B. Field Light Level Accountability

1. Light levels are guaranteed not to fall below the target maintained light levels for the entire warranty period of 25 years. These levels will be specifically stated as “guaranteed” on the illumination summary provided by the manufacturer.

2. The contractor/manufacturer shall be responsible for conducting initial light level testing and an additional inspection of the system, in the presence of the owner, one year from the date of commissioning of the lighting.

3. The contractor/manufacturer will be held responsible for any and all changes needed to bring these fields back to compliance for light levels and uniformities. Contractor/Manufacturer will be held responsible for any damage to the fields during these repairs.

C. Correcting Non-Conformance: If, in the opinion of the Owner or his appointed Representative, the actual performance levels including footcandles, uniformity ratios, are not in conformance with the requirements of the performance specifications and submitted information, the Manufacturer shall be required to make adjustments to meet specifications and satisfy Owner.

3.4 WARRANTY AND GUARANTEE

A. 25-Year Warranty: Each manufacturer shall supply a signed warranty covering the entire system for 25 years from the date of shipment. Warranty shall guarantee specified light levels. Manufacturer shall maintain specifically funded financial reserves to assure fulfillment of the warranty for the full term. Warranty does not cover weather conditions events such as lightning or hail damage, improper installation, vandalism or abuse, unauthorized repairs or alterations, or product made by other manufacturers.

B. Maintenance: Manufacturer shall monitor the performance of the lighting system, including on/off status, hours of usage and luminaire outage for 25 years from the date of equipment shipment. Parts and labor shall be covered such that individual luminaire outages will be repaired when the usage of any field is materially impacted. Manufacturer is responsible for removal and replacement of failed luminaires, including all parts, labor, shipping, and equipment rental associated with maintenance. Owner agrees to check fuses in the event of a luminaire outage.

PART 4 – DESIGN APPROVAL

4.1 PRE-BID SUBMITTAL REQUIREMENTS (Non-Musco)

A. Design Approval: The owner / engineer will review pre-bid submittals per section 4.1.B from all the manufacturers to ensure compliance to the specification 10 days prior to bid. If the design meets the design requirements of the specifications, a letter and/or addendum will be issued to the manufacturer indicating approval for the specific design submitted.

B. Approved Product: Musco’s Light-Structure System™ with TLC for LED® is the approved product. All substitutions must provide a complete submittal package for approval as outlined in Submittal Information at the end of this section at least 10 days prior to bid. Special manufacturing to meet the standards of this specification may be required. An addendum will be issued prior to bid listing any other approved lighting manufacturers and designs.

C. All listed manufacturers not pre-approved shall submit the information at the end of this section at least 10 days prior to bid. An addendum will be issued prior to bid; listing approved lighting manufacturers and the design method to be used.

D. Bidders are required to bid only products that have been approved by this specification or addendum by the owner or owner’s representative. Bids received that do not utilize an approved system/design, will be rejected.

For Council Approval

REQUIRED SUBMITTAL INFORMATION FOR ALL MANUFACTURERS (NOT PRE-APPROVED) 10 DAYS PRIOR TO BID

All items listed below are mandatory, shall comply with the specification and be submitted according to pre-bid submittal requirements. Complete the Yes/No column to indicate compliance (Y) or noncompliance (N) for each item. ***Submit checklist below with submittal.***

Yes / No	Tab	Item	Description
	A	Letter/ Checklist	Listing of all information being submitted must be included on the table of contents. List the name of the manufacturer's local representative and his/her phone number. Signed submittal checklist to be included.
	B	Equipment Layout	Drawing(s) showing field layouts with pole locations
	C	On Field Lighting Design	Lighting design drawing(s) showing: a. Field Name, date, file number, prepared by b. Outline of field(s) being lighted, as well as pole locations referenced to the center of the field (x & y), Illuminance levels at grid spacing specified c. Pole height, number of fixtures per pole, horizontal and vertical aiming angles, as well as luminaire information including wattage, lumens and optics d. Height of light test meter above field surface. e. Summary table showing the number and spacing of grid points; average, minimum and maximum illuminance levels in foot candles (fc); uniformity including maximum to minimum ratio, coefficient of variance (CV), coefficient of utilization (CU) uniformity gradient; number of luminaries, total kilowatts, average tilt factor; light loss factor.
	D	Off Field Lighting Design	Lighting design drawing showing initial spill light levels along the boundary line (defined on bid drawings) in footcandles. Lighting design showing glare along the boundary line in candela. Light levels shall be taken at 30-foot intervals along the boundary line. Readings shall be taken with the meter orientation at both horizontal and aimed towards the most intense bank of lights.
	E	Photometric Report	Provide first page of photometric report for all luminaire types being proposed showing candela tabulations as defined by IESNA Publication LM-35-02. Photometric data shall be certified by laboratory with current National Voluntary Laboratory Accreditation Program or an independent testing facility with over 5 years experience.
	F	Performance Guarantee	Provide performance guarantee including a written commitment to undertake all corrections required to meet the performance requirements noted in these specifications at no expense to the owner. Light levels must be guaranteed to not fall below target levels for warranty period.
	G	Structural Calculations	Pole structural calculations and foundation design showing foundation shape, depth backfill requirements, rebar and anchor bolts (if required). Pole base reaction forces shall be shown on the foundation drawing along with soil bearing pressures. Design must be stamped by a structural engineer in the state of California, if required by owner.
	H	Control & Monitoring System	Manufacturer of the control and monitoring system shall provide written definition and schematics for automated control system. They will also provide ten (10) references of customers currently using proposed system in the state of California.
	I	Electrical Distribution Plans	Manufacturer bidding an alternate product must include a revised electrical distribution plan including changes to service entrance, panels and wire sizing, signed by a licensed Electrical Engineer in the state of California.
	J	Warranty	Provide written warranty information including all terms and conditions. Provide ten (10) references of customers currently under specified warranty in the state of California.
	K	Project References	Manufacturer to provide a list of ten (10) projects where the technology and specific fixture proposed for this project has been installed in the state of California. Reference list will include project name, project city, installation date, and if requested, contact name and contact phone number.

For Council Approval
Not for Bidding

	L	Product Information	Complete bill of material and current brochures/cut sheets for all products being provided.
	M	Delivery	Manufacturer shall supply an expected delivery timeframe from receipt of approved submittals and complete order information.
	N	Non-Compliance	Manufacturer shall list all items that do not comply with the specifications. If in full compliance, tab may be omitted.

The information supplied herein shall be used for the purpose of complying with the specifications for Roseville Aquatic. By signing below, I agree that all requirements of the specifications have been met and that the manufacturer will be responsible for any future costs incurred to bring their equipment into compliance for all items not meeting specifications and not listed in the Non-Compliance section.

SECTION 26 00 10

SUPPLEMENTAL REQUIREMENTS FOR ELECTRICAL

PART 1 - GENERAL

1.1 SUMMARY

A. This Section specifies supplemental requirements generally applicable to the Work specified in Division 26. This Section is also referenced by related Work specified in other Divisions.

1.2 COORDINATION

A. Interruption of Existing Electrical Service: Do not interrupt electrical service to facilities occupied by Owner or others unless permitted under the following conditions:

1. Notify Construction Manager in advance of proposed interruption of electrical service.
2. Do not proceed with interruption of electrical service without Construction Manager's written permission.
3. Coordinate interruption with systems impacted by outage including.

1.3 PREINSTALLATION MEETINGS

A. Electrical Preconstruction Conference: Schedule conference with Owner’s Representative after notice to proceed. Agenda topics include, but are not limited to, the following:

1. Electrical installation schedule.
2. Status of power system studies.
3. Value analysis proposals and requests for substitution of electrical equipment.
4. Commissioning activities.

1.4 SEQUENCING

A. Conduct and submit results of power system studies before submitting Product Data and Shop Drawings for electrical equipment.

1.5 ACTION SUBMITTALS

A. Configurable equipment such as panelboards and light fixtures.
1. Common materials such as wire, conduit, boxes, devices, etc. that meet a UL or national standard are not required to be submitted.

1.6 CLOSEOUT SUBMITTALS

A. Operation and maintenance data.

For Council Approval
Not for Bidding

PART 2 - PRODUCTS

2.1 SUBSTITUTION LIMITATIONS FOR ELECTRICAL EQUIPMENT

A. Substitution requests for electrical equipment will be entertained

PART 3 - EXECUTION

3.1 EXAMINATION

A. Verification of Conditions:

1. Verify existing field conditions prior to rough-in

3.2 PREPARATION

A. Electrical Installation Schedule: At preconstruction meeting, and periodically thereafter as dates change, provide schedule for electrical installation Work to Owner's Representative including, but not limited to, milestone dates for the following activities:

1. Submission of power system studies.
2. Submission of specified coordination drawings.
3. Submission of action submittals specified in Division 26.
4. Orders placed for major electrical equipment.
5. Arrival of major electrical equipment on-site.
6. Preinstallation meetings specified in Division 26.
7. Utility service outages.
8. Utility service inspection and activation.
9. Mockup reviews.
10. Closing of walls and ceilings containing electrical Work.
11. System startup, testing, and commissioning activities for major electrical equipment.
12. System startup, testing, and commissioning activities for emergency lighting.
13. System startup, testing, and commissioning activities for automation systems (SCADA, BMS, lighting, HVAC, fire alarm, fire pump, etc.).
14. Pouring of concrete housekeeping pads for electrical equipment and testing of concrete samples.
15. Requests for special inspections.
16. Requests for inspections by authorities having jurisdiction.

B. Coordination Drawings for Conduit Routing: Conduit routing plans, drawn to scale, on which the following items are shown and coordinated with each other, using input from installers of items involved:

1. Structural members in paths of conduit groups with common supports.
2. HVAC and plumbing items and architectural features in paths of conduit groups with common supports.

For Council Approval
Not for Bidding

3.3 INSTALLATION OF ELECTRICAL WORK

A. Unless more stringent requirements are specified in the Contract Documents or manufacturers' written instructions, comply with NFPA 70 and NECA NEIS 1 for installation of Work specified in Division 26. Consult Owner's Representative for resolution of conflicting requirements.

3.4 FIELD QUALITY CONTROL

A. Administrant for Low-Voltage Electrical Tests and Inspections:
   1. Engage qualified low-voltage electrical testing and inspecting agency to administer and perform tests and inspections.

B. Administrant for Field Tests and Inspections of Lighting Installations:
   1. Engage qualified lighting testing and inspecting agency to administer and perform tests and inspections.

3.5 CLOSEOUT ACTIVITIES

A. Operation and Maintenance Data: Prepare and submit the following:

   1. Provide emergency operation, normal operation, and preventive maintenance manuals for each system, equipment, and device listed below:

      a. Pool sports lighting.

   2. Include the following information:

      a. Manufacturer's operating specifications.
      b. User's guides for software and hardware.
      c. Schedule of maintenance material items recommended to be stored at Project site.
      d. Detailed instructions covering operation under both normal and abnormal conditions.
      e. Manufacturer's instructions for setting field-adjustable components.
      f. Manufacturer's instructions for testing, adjusting, and reprogramming microprocessor controls.
      g. Exterior pole inspection and repair procedures.
      h. Include copies of demonstration and training videos.

B. Demonstration: Demonstrate to Owner's maintenance and clerical personnel how to operate the following systems and equipment:

   1. Pool sports lighting.

END OF SECTION 260010

For Council Approval
Not for Bidding

SECTION 26 24 16

PANELBOARDS

PART 1 - GENERAL

1.1 SUMMARY

A. Section Includes:

1. Lighting and appliance branch-circuit panelboards.

1.2 ACTION SUBMITTALS

A. Product Data:

1. Lighting and appliance branch-circuit panelboards.

B. Shop Drawings: For each panelboard and related equipment.

1. Include dimensioned plans, elevations, sections, and details.
2. Show tabulations of installed devices with nameplates, conductor termination sizes, equipment features, and ratings.
3. Detail enclosure types including mounting and anchorage, environmental protection, knockouts, corner treatments, covers and doors, gaskets, hinges, and locks.
4. Detail bus configuration, current, and voltage ratings.
5. Short-circuit current rating of panelboards and overcurrent protective devices.

1.3 INFORMATIONAL SUBMITTALS

A. Panelboard Schedules: For installation in panelboards.

B. Manufacturers' Published Instructions: Record copy of official installation instructions issued to Installer by manufacturer for the following:

1. Recommended procedures for installing panelboards.
2. Recommended torque settings for bolted connections on panelboards.
3. Recommended temperature range for energizing panelboards.

1.4 CLOSEOUT SUBMITTALS

A. Warranty documentation.

For Council Approval
Not for Bidding

PART 2 - PRODUCTS

2.1 PANELBOARDS AND LOAD CENTERS COMMON REQUIREMENTS

A. Electrical Components, Devices, and Accessories: Listed and labeled in accordance with NFPA 70, by qualified electrical testing agency recognized by authorities having jurisdiction, and marked for intended location and application.

B. Comply with NEMA PB 1.

C. Comply with NFPA 70.

D. Enclosures: Surface-mounted, dead-front cabinets.

1. Rated for environmental conditions at installed location.

a. Indoor Dry and Clean Locations: UL 50E, Type 1.
b. Outdoor Locations: UL 50E, Type 3R.
c. Other Wet or Damp Indoor Locations: UL 50E, Type 4.

2. Height: 7 ft (2.13 m) maximum.

E. Panelboard Short-Circuit Current Rating:

1. Fully rated to interrupt symmetrical short-circuit current available at terminals. Assembly listed, by qualified electrical testing laboratory recognized by authorities having jurisdiction, for 100 percent interrupting capacity.

2.2 LIGHTING AND APPLIANCE BRANCH-CIRCUIT PANELBOARDS

A. Listing Criteria: NEMA PB 1, lighting and appliance branch-circuit type.

B. Branch Overcurrent Protective Devices: Plug-in circuit breakers, replaceable without disturbing adjacent units.

PART 3 - EXECUTION

3.1 INSTALLATION

A. Comply with manufacturer's published instructions.

3.2 IDENTIFICATION

A. Identify field-installed conductors, interconnecting wiring, and components; install warning signs.

B. Panelboard Nameplates: Label each panelboard with nameplate.

C. Panelboard Label: Manufacturer's name and trademark, voltage, amperage, number of phases, and number of poles must be located on interior of panelboard door.

For Council Approval
Not for Bidding

D. Breaker Labels: Faceplate must list current rating, UL and IEC certification standards, and AIC rating.

E. Circuit Directory:

1. Provide directory card inside panelboard door, mounted in transparent card holder.

a. Circuit directory must identify specific purpose with detail sufficient to distinguish it from other circuits.

Asbestos Report

Date: 2/20/2026

Client: City of Roseville

Site: 3051 Woodcreek Oaks Blvd, Roseville, CA

On February 19, 2026, a survey was conducted consisting of a site inspection, sample collection, lab analyses, and this written summary. The inspection area is a commercial structure currently planned for renovation. Therefore, suspect materials will be impacted during the planned renovation specific to isolated areas of the structure. An assessment of the said materials throughout the areas of impact was made, and samples were collected of said areas of impact per the contractor's scope of work. This asbestos survey was conducted to confirm whether or not asbestos is identified in all suspect building materials.

Results indicate No Asbestos was detected. The information provided in this report can be used to obtain accurate bids from abatement contractors. Based on sample results, no asbestos was detected in the suspected building materials tested. All other materials that are not part of this survey shall be treated as asbestos-containing material until proven otherwise by PLM analyses.

The above site address falls under the jurisdiction and is subject to the requirements of the local Air Resource Board. The building material sample collection was conducted by a State OSHA Certified "Site Surveillance Technician" and/or "Asbestos Consultant" under AdamLabs, Inc. (in accordance with Rule 902 Section 401.3). The location of asbestos-containing material, quantity, percent, friability, type of asbestos, and date sampled can be found on the attached analytical lab report.

Approved by,

Adam Jahnsen, Certified Asbestos Consultant, DOSH #00-2813

Any suspect building materials not mentioned in this report should be assumed as ACM until proven otherwise through proper sampling and analysis. This includes other areas that are not mentioned with similar materials. Upon discovery of the unmentioned material, work must cease until further sampling is conducted.

This document is filed under lab identification number 26ABPb2888

LEGEND

NAD = No Asbestos Detected. DL = detection limit: <1% asbestos (trace). I.D. = fiber identification and/or asbestos type - percent.

APPROVED BY:

Adam Jahnsen, Lab Director
Certified Asbestos Consultant
Cal/OSHA 00-2813

Friable Asbestos = NESHAP RACM (Regulated Asbestos Containing Material): can be crumbled, pulverized or reduced to powder by hand pressure
Friable Asbestos = NESHAP RACM (Regulated Asbestos Containing Material): can be crumbled, pulverized or reduced to powder by hand pressure.
Non-friable Asbestos = NESHAP Category I material (resilient floor covering, vinyl floor tile, asphalt roofing products, packings and gaskets that cannot be rendered airborne by hand pressure) and/or NESHAP Category II material (all other non-friable asbestos containing material). Note that because of age or treatment, Category I and Category II materials, can be, and/or have the potential to become RACM.
RACM = NESHAP Regulated Asbestos Containing Material is all Friable ACM (>1% asbestos), including some conditions of Non-friable Category I & II ACM.
NESHAP = US EPA National Emissions Standards for Hazardous Air Pollutants

Analytical results represent the analysis of samples collected by AdamLabs, Inc. This report is generated at the request and for the exclusive use of the person or entity (client) named on such report. Results, reports or copies will not be released to a third party without written request from the client. Sample(s) will be retained for a period of twelve months for possible future analytical verification, after which, the sample(s) will be disposed of according to all state and federal guidelines. AdamLabs Inc. is a participant in the BAPAT (Bulk Asbestos Proficiency Analytical Testing) quality assurance program by AIHA (American Industrial Hygiene Association).

Lead Report

Date: February 19, 2026

Client: City of Roseville

Site: 3051 Woodcreek Oaks Blvd, Roseville, CA 95747

The materials tested at the site above are not classified as Lead based Paint according to The State of California Department of Public Health (CDPH).

CDPH, Title 17 CCR Division 1 Chapter 8 Article 1 Definition 35033 establish the following: Surface coatings containing an amount of lead equal to, or excess of 5000 ppm, 0.5 % by weight or 1.0 mg/cm² by definition is "Lead Based Paint".

However, in addition to CDPH, Cal/OSHA and Cal/EPA are also other agencies that develop and enforce California regulations regarding worker safety and health. Housing and Urban Development (HUD) developed "Interim Guidelines" and "HUD Guidelines" which set standard of practice for lead-paint inspections, risk assessment, abatement and clearance.

Although CDPH lead worker certification is not required at lead levels below 5000 ppm, **OSHA regulates lead in any quantifiable amount;** no percent or weight amount is defined in the OSHA standards. Cal/OSHA uses the EPA definitions of Lead paint to trigger the notifications portions of the Cal/OSHA standard.

For Council Approval
Not for Bidding

The proposed work activities involve preparing surfaces to be re-painted. When removing paint containing lead, the following worker precautions should be implemented:

1. Worker must have 8 hours of "Lead Awareness training" within12 months.
2. Use respirators with NIOSH approved HEPA filters.
3. Use Disposable clothing with head and foot covering.
4. 6 mil poly sheeting and/or drop cloth placed bellow work activities extending 8 feet out.
5. Lead Hazard Barrier tape at perimeter of work area approx. 15 feet out.
6. Clean the work area by the use of a vacuum equipped with a HEPA filter.
7. After completion, a final clearance / inspection and testing is recommended.

A representative of AdamLabs Inc collected the samples. The lead sample collection at this site was a limited evaluation to determine the presence of Lead. The Lead concentrations, materials, and their location can be found on the corresponding analytical results data sheet.

Approved by,

Adam Jahnsen, State Certified Department of Public Health (DHS #2364)

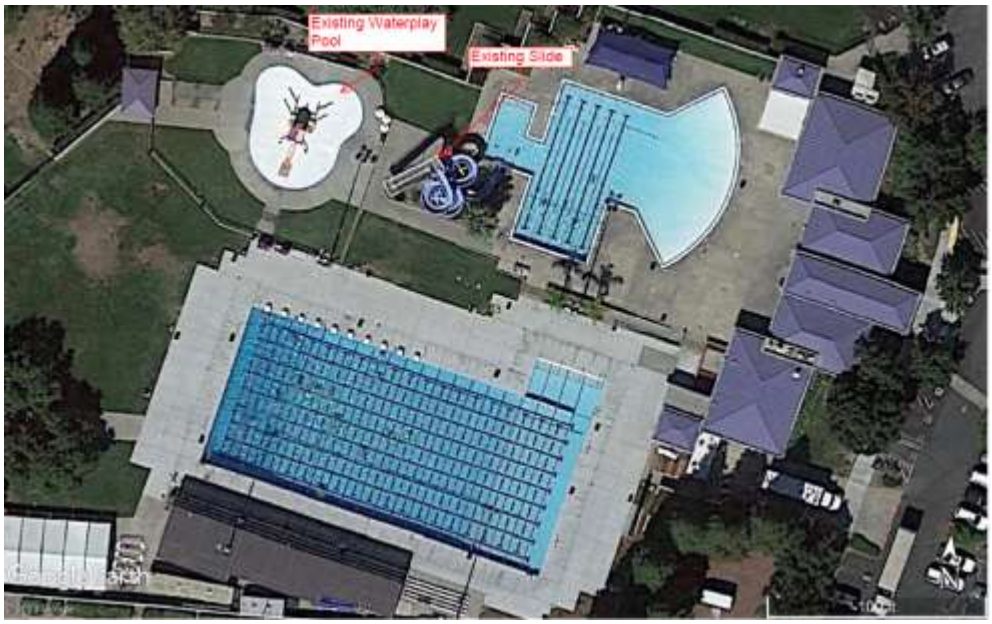
Subject: Slide Replacement
Roseville Aquatics Complex
3051 Woodcreek Oaks Boulevard
Roseville, California 95747

GEOTECHNICAL REPORT UPDATE

Dear Ms. Buck:

As requested, we are providing a geotechnical report update for the Roseville Aquatics Center project in Roseville, California. The purpose of this report update is to confirm the applicability of our previous foundation recommendations and provide 2019 CBC seismic parameters for the proposed replacement slides. In preparation of this report, we reviewed our previous geotechnical documents (References 1 through 3), reviewed the June 30, 2020 Slide Replacement Options (Reference 4), and visited the site on August 25, 2020 to observe the existing slide.



The 1993 geotechnical report, Reference 2, included recommendations for design of the Roseville Aquatics Complex. A summary of the geotechnical testing and observation provided during construction of the Roseville Aquatics Complex is included in Reference 3. In 2006, ENGEO performed two additional soil borings and laboratory testing adjacent to the competition pool to the south of the existing slide. The site plan, boring logs, and laboratory test results from the 2006 study are attached to this document.

PROJECT DESCRIPTION

The concept plans indicate the current outdoor slide will be replaced with one new slide, which will have an option for a second future slide. Associated improvements will include installation of new supply piping and construction of a steel supporting tower. The upper platform is planned to be approximately 25 feet above grade. The plans indicate that some pool decking will be demolished and replaced to accommodate the new piping. One of the proposed slides will exit into the adjacent 3½-foot deep pool and a future second slide will be a "run-out" slide. The plans suggest the proposed slide footprint is larger, and extends further west, than the existing slide structure. Additionally, the project includes replacement of the existing waterplay pool with a new splash pad.

For Council Approval
Not for Bidding

EXHIBIT 1: Location of Existing Slide (JKA, P2)

SITE CONDITIONS

We visited the site on August 25, 2020 to observe the existing conditions around the slide. The existing slide structure is supported on several footings that are surrounded by either concrete flatwork, interlocking concrete pavers, or landscaping. The slide exits into the adjacent recreation swimming pool to the north of the slide. A palm tree was located in the southeast corner of the existing slide.

PHOTO 1: Landscaping Around Slide

PHOTO 2: Typical Footing At Existing Slide

For Council Approval
Not for Bidding

CONCLUSION AND RECOMMENDATIONS

Based on our review, it is our opinion that the findings, conclusions, and recommendations in Reference 2 remain valid with the following supplemental recommendations.

FOUNDATION RECOMMENDATIONS

The slide may be supported on isolated and continuous spread footings that are founded in native soil or engineered fill, as determined by ENGEO. Provide minimum footing dimensions as follows in Table 1 below.

TABLE 1: Minimum Footing Dimensions

FOOTING TYPE	*MINIMUM DEPTH (INCHES)	MINIMUM WIDTH (INCHES)
Continuous	**24**	**12**
Isolated	**24**	**18**

* below lowest adjacent pad grade

Footings located within a 1:1 zone projected upward from the bottom of the adjacent pool should be embedded a minimum depth equal to the depth of the adjacent pool.

Design footings recommended above for a maximum allowable bearing pressure of 3,000 pounds per square foot (psf) for dead-plus-live loads. This bearing capacity may be increased by one-third for the short-term effects of wind or seismic loading. The maximum allowable bearing pressure is a net value; the weight of the footing may be neglected for design purposes. Footings located adjacent to utility trenches should have their bearing surfaces below an imaginary 1:1 (horizontal:vertical) plane projected upward from the bottom edge of the trench to the footing. Although we have not seen the configuration of the proposed foundation, we estimate on a preliminary basis that total and differential foundation settlements would likely be less than approximately 1 and ½ inch, respectively. We should be provided an opportunity to review the foundation plans to confirm this.

Lateral loads may be resisted by friction along the base and by passive pressure along the sides of foundations. The passive pressure is based on an equivalent fluid pressure in pounds per cubic foot (pcf). We recommend the following allowable values for design, which include a factor of safety of 1.5:

- Passive Lateral Pressure: 300 pcf
- Coefficient of Friction: 0.3

The above values may be increased by one-third for the short-term effects of wind or seismic loading.

We recommend we be retained to review the final foundations plans and structural loads.

EARTHWORK RECOMMENDATIONS

Improvement areas should be cleared of surface and subsurface deleterious materials, including existing building foundations, slabs, buried utility and irrigation lines, pavements, debris, and designated trees, shrubs, and associated roots. Clean and backfill excavations extending below the planned finished site grades with suitable material compacted to the recommendations a minimum of 90 percent relative compaction (ASTMD 1557) at a minimum of 3 percentage points above optimum moisture. If desired by the City and design team, the existing footings can be abandoned in place.

For Council Approval
Not for Bidding

Perform subgrade compaction prior to fill placement, following cutting operations, and in areas left at grade as follows.

1. Scarify to a depth of at least 8 inches.
2. Moisture condition soil to at least 3 percentage point above the optimum moisture content.
3. Compact the subgrade to at least 90 percent relative compaction.

After the subgrade soil has been compacted, place and compact acceptable fill as follows.

1. Spread fill in loose lifts that do not exceed 8 inches.
2. Moisture condition lifts to at least 3 percentage point above the optimum moisture content.
3. Compact fill to a minimum of 90 percent relative compaction.

2019 CBC Seismic Design Parameters

Based on the subsurface conditions encountered, we characterize the site as Site Class D. We provide the 2019 CBC seismic design parameters in Table 2, which include design spectral response acceleration parameters based on the mapped Risk-Targeted Maximum Considered Earthquake (MCE_R) spectral response acceleration parameters.

TABLE 2: 2019 CBC Seismic Design Parameters, Latitude: 38.7642634 Longitude: -121.3313329

PARAMETER	VALUE
Site Class	D
Mapped MCE_R Spectral Response Acceleration at Short Periods, S_S (g)	0.451
Mapped MCE_R Spectral Response Acceleration at 1-second Period, S_1 (g)	0.225
Site Coefficient, F_A	1.439
Site Coefficient, F_V	See ASCE 7-16 Section 11.4.8*
MCE_R Spectral Response Acceleration at Short Periods, S_{MS} (g)	0.649
MCE_R Spectral Response Acceleration at 1-second Period, S_{M1} (g)	See ASCE 7-16 Section 11.4.8*
Design Spectral Response Acceleration at Short Periods, S_{DS} (g)	0.433
Design Spectral Response Acceleration at 1-second Period, S_{D1} (g)	See ASCE 7-16 Section 11.4.8*
Mapped MCE Geometric Mean (MCE_G) Peak Ground Acceleration, PGA (g)	0.191
Site Coefficient, F_{PGA}	1.42
MCE_G Peak Ground Acceleration adjusted for Site Class effects, PGA_M (g)	0.271
Long period transition-period, T_L (sec)	12

*Requires site-specific ground motion hazard analysis per ASCE 7-16 Section 11.4.8

We estimate the fundamental period of the proposed slide structure will be less than $1.5T_s$. Therefore, the structural engineer may consider exception(s) of Section 11.4.8 of ASCE 7-16 as follows:

> "A ground motion hazard analysis is not required for structures… where, structures on Site Class D sites with S_1 greater than or equal to 0.2, provided the value of the seismic response coefficient C_s is determined by Eq. (12.8-2) of ASCE 7-16 for values of $T \leq 1.5T_S$ and taken as equal to 1.5 times the value computed in accordance with Eq. (12.8-3) of ASCE 7-16 for $1.5T_s < T \leq T_L$."

For Council Approval
Not for Bidding

We can provide a scope for site-specific seismic hazard analysis and ground motion study under separate cover, if needed.

CORROSION POTENTIAL

The 2006 report by ENGEO, Reference 1, included corrosion testing on two samples of soil collected from soil borings performed near the competition pool. The results of the two tests are attached to this letter.

TABLE 3: 2006 ENGEO Corrosivity Test Results

SAMPLE LOCATION	DEPTH	PH	RESISTIVITY (OHMS-CM)	CHLORIDE (PPM)	SULFATE (PPM)
B1	5½	4.98	1,150	163	2.5
B2	3½	7.59	1,390	150	6.7

The 2019 CBC references the 2014 American Concrete Institute Manual, ACI 318-14, Section 19.3.1 for concrete durability requirements. In accordance with the criteria in Section 19.3.1, the soil samples tested are categorized as Not Applicable for sulfate exposure. Considering a 'Not Applicable' sulfate exposure, there is no requirement for cement type or water cement ratio; however, a minimum concrete compressive strength of 2,500 psi is specified by the building code. For this sulfate range, we recommend Type II cement and a concrete mix design for foundations and building slabs-on-grade that incorporates a maximum water-cement ratio of 0.50. It should be noted, however, that the structural engineering design requirements for concrete may result in more stringent concrete specifications.

Based on the resistivity measurements, the soil is considered highly corrosive buried metal piping (Reference 5). Values tested for chloride do not pose a significant impact to metals or concrete.

If desired to investigate this further, we recommend a corrosion consultant be retained to evaluate if specific corrosion recommendations are advised for the project.

CLOSURE

This geotechnical report update was prepared for the sole use of the City of Roseville and their consultants for design of the proposed project. We strived to perform our services in accordance with generally accepted geotechnical engineering practices at this time and location; no warranty is express or implied. If changes occur in the nature or design of the project, we should be allowed to review this report and provide additional recommendations, if any. The conclusions and recommendations contained in this report are solely professional opinions and are valid for a period of no more than 2 years from the date of report issuance.

There are risks of earth movement and property damages inherent in building on or with earth materials. We are unable to eliminate all risks; therefore, we are unable to guarantee or warrant the results of our services.

FIELD EXPLORATION NOTES

We drilled 2 borings on the site for this report. An ENGEO representative supervised the drilling, and logged the subsurface conditions. A pickup mounted Giddings drill rig was used to drill the borings using solid flight auger methods.

The boring logs present descriptions and graphically depict the subsurface soil and groundwater conditions encountered. The maximum depth penetrated by the borings was 15 feet.

We obtained bulk soil samples from drill cuttings. We retrieved both disturbed and relatively undisturbed soil samples at various intervals in the borings using standard penetration tests and a 3-inch O.D. split spoon sampler.

The blow counts were obtained by dropping a 140-pound hammer through a 30-inch free fall. The samplers was driven 12, 18, or 24 inches and the number of blows was recorded for each 6 inches of penetration. The blows counts recorded on the boring log represent the number of blows required to drive the sampler 6 inches.

NOTES TO THE LOGS

We determined the lines designating the interface between soil materials on the logs using visual observations. The transition between the materials may be abrupt or gradual.

The logs contain information concerning samples recovered, indications of the presence of various materials such as sand, silt, etc., and observations of groundwater encountered. The field logs also contain our interpretation of the soil conditions between samples. Therefore, the logs contain both factual and interpretative information. Our conclusions are based on the contents of the final logs. The final logs represent our interpretation of the contents of the field logs.

TEXT OF AB 626

Assembly Bill No. 626

CHAPTER 810

An act to add and repeal Section 9204 of the Public Contract Code, relating to public contracts.

[Approved by Governor September 29, 2016. Filed with Secretary of State September 29, 2016.]

LEGISLATIVE COUNSEL'S DIGEST

AB 626, Chiu. Public contracts: claim resolution.

Existing law prescribes various requirements regarding the formation, content, and enforcement of state and local public contracts. Existing law applicable to state public contracts generally requires that the resolution of claims related to those contracts be subject to arbitration. Existing law applicable to local agency contracts prescribes a process for the resolution of claims related to those contracts of $375,000 or less.

This bill would establish, for contracts entered into on or after January 1, 2017, a claim resolution process applicable to any claim by a contractor in connection with a public works project. The bill would define a claim as a separate demand by the contractor for one or more of the following: a time extension for relief from damages or penalties for delay, payment of money or damages arising from work done pursuant to the contract for a public work, or payment of an amount disputed by the public entity, as specified.

This bill would require a public entity, defined to exclude certain state entities, upon receipt of a claim sent by registered or certified mail, to review it and, within 45 days, provide a written statement identifying the disputed and undisputed portions of the claim. The bill would authorize the 45-day period to be extended by mutual agreement. The bill would require any payment due on an undisputed portion of the claim to be processed within 60 days, as specified. The bill would require that the claim be deemed rejected in its entirety if the public entity fails to issue the written statement.

This bill would authorize, if the claimant disputes the public entity's written response or if the public entity fails to respond to a claim within the time prescribed, the claimant to demand to meet and confer for settlement of the issues in dispute. The bill would require any disputed portion of the claim that remains in dispute after the meet and confer conference to be subject to nonbinding mediation, as specified. The bill would provide that unpaid claim amounts accrue interest at 7% per annum. The bill would prescribe a procedure by which a subcontractor or lower tier contractor may make a claim through the contractor.

This bill would require the text of these provisions, or a summary, to be set forth in the plans or specifications for any public work which may give rise to a claim. The bill would specify that a waiver of these rights is void and contrary to public policy, except as specified. The bill would also specify that it does not impose liability on a public entity that makes loans or grants available through a competitive application process, for the failure of an awardee to meet its contractual obligations.

For Council Approval
Not for Bidding

By increasing the duties of local agencies and officials, this bill would impose a state-mandated local program.

This bill would, on January 1, 2020, repeal the provision establishing the claim resolution process.

This bill would specify that these provisions constitute a matter of statewide concern.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

The people of the State of California do enact as follows:

SECTION 1. Section 9204 is added to the Public Contract Code, to read:

9204. (a) The Legislature finds and declares that it is in the best interests of the state and its citizens to ensure that all construction business performed on a public works project in the state that is complete and not in dispute is paid in full and in a timely manner.

(b) Notwithstanding any other law, including, but not limited to, Article 7.1 (commencing with Section 10240) of Chapter 1 of Part 2, Chapter 10 (commencing with Section 19100) of Part 2, and Article 1.5 (commencing with Section 20104) of Chapter 1 of Part 3, this section shall apply to any claim by a contractor in connection with a public works project.

(c) For purposes of this section:

(1) "Claim" means a separate demand by a contractor sent by registered mail or certified mail with return receipt requested, for one or more of the following:

(A) A time extension, including, without limitation, for relief from damages or penalties for delay assessed by a public entity under a contract for a public works project.

(B) Payment by the public entity of money or damages arising from work done by, or on behalf of, the contractor pursuant to the contract for a public works project and payment for which is not otherwise expressly provided or to which the claimant is not otherwise entitled.

(C) Payment of an amount that is disputed by the public entity.

(2) "Contractor" means any type of contractor within the meaning of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code who has entered into a direct contract with a public entity for a public works project.

(3) (A) "Public entity" means, without limitation, except as provided in subparagraph (B), a state agency, department, office, division, bureau, board, or commission, the California State University, the University of California, a city, including a charter city, county, including a charter county, city and county, including a charter city and county, district, special district, public authority, political subdivision, public corporation, or nonprofit transit corporation wholly owned by a public agency and formed to carry out the purposes of the public agency.

(B) "Public entity" shall not include the following:

(i) The Department of Water Resources as to any project under the jurisdiction of that department.

(ii) The Department of Transportation as to any project under the jurisdiction of that department.

For Council Approval
Not for Bidding

(iii) The Department of Parks and Recreation as to any project under the jurisdiction of that department.

(iv) The Department of Corrections and Rehabilitation with respect to any project under its jurisdiction pursuant to Chapter 11 (commencing with Section 7000) of Title 7 of Part 3 of the Penal Code.

(v) The Military Department as to any project under the jurisdiction of that department.

(vi) The Department of General Services as to all other projects.

(vii) The High-Speed Rail Authority.

(4) ”Public works project” means the erection, construction, alteration, repair, or improvement of any public structure, building, road, or other public improvement of any kind.

(5) ”Subcontractor” means any type of contractor within the meaning of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code who either is in direct contract with a contractor or is a lower tier subcontractor.

(d) (1) (A) Upon receipt of a claim pursuant to this section, the public entity to which the claim applies shall conduct a reasonable review of the claim and, within a period not to exceed 45 days, shall provide the claimant a written statement identifying what portion of the claim is disputed and what portion is undisputed. Upon receipt of a claim, a public entity and a contractor may, by mutual agreement, extend the time period provided in this subdivision.

(B) The claimant shall furnish reasonable documentation to support the claim.

(C) If the public entity needs approval from its governing body to provide the claimant a written statement identifying the disputed portion and the undisputed portion of the claim, and the governing body does not meet within the 45 days or within the mutually agreed to extension of time following receipt of a claim sent by registered mail or certified mail, return receipt requested, the public entity shall have up to three days following the next duly publicly noticed meeting of the governing body after the 45-day period, or extension, expires to provide the claimant a written statement identifying the disputed portion and the undisputed portion.

(D) Any payment due on an undisputed portion of the claim shall be processed and made within 60 days after the public entity issues its written statement. If the public entity fails to issue a written statement, paragraph (3) shall apply.

(2) (A) If the claimant disputes the public entity’s written response, or if the public entity fails to respond to a claim issued pursuant to this section within the time prescribed, the claimant may demand in writing an informal conference to meet and confer for settlement of the issues in dispute. Upon receipt of a demand in writing sent by registered mail or certified mail, return receipt requested, the public entity shall schedule a meet and confer conference within 30 days for settlement of the dispute.

(B) Within 10 business days following the conclusion of the meet and confer conference, if the claim or any portion of the claim remains in dispute, the public entity shall provide the claimant a written statement identifying the portion of the claim that remains in dispute and the portion that is undisputed. Any payment due on an undisputed portion of the claim shall be processed and made within 60 days after the public entity issues its written statement. Any disputed portion of the claim, as identified by the contractor in writing, shall be submitted to nonbinding mediation, with the public entity and the claimant sharing the associated costs equally. The public entity and claimant shall mutually agree to a mediator within 10 business days after the disputed portion of the claim has been identified in writing. If the parties cannot agree upon a mediator, each party shall select a mediator and those mediators shall select a qualified neutral third party to mediate with regard to the disputed portion of the claim. Each

For Council Approval
Not for Bidding

party shall bear the fees and costs charged by its respective mediator in connection with the selection of the neutral mediator. If mediation is unsuccessful, the parts of the claim remaining in dispute shall be subject to applicable procedures outside this section.

(C) For purposes of this section, mediation includes any nonbinding process, including, but not limited to, neutral evaluation or a dispute review board, in which an independent third party or board assists the parties in dispute resolution through negotiation or by issuance of an evaluation. Any mediation utilized shall conform to the timeframes in this section.

(D) Unless otherwise agreed to by the public entity and the contractor in writing, the mediation conducted pursuant to this section shall excuse any further obligation under Section 20104.4 to mediate after litigation has been commenced.

(E) This section does not preclude a public entity from requiring arbitration of disputes under private arbitration or the Public Works Contract Arbitration Program, if mediation under this section does not resolve the parties' dispute.

(3) Failure by the public entity to respond to a claim from a contractor within the time periods described in this subdivision or to otherwise meet the time requirements of this section shall result in the claim being deemed rejected in its entirety. A claim that is denied by reason of the public entity's failure to have responded to a claim, or its failure to otherwise meet the time requirements of this section, shall not constitute an adverse finding with regard to the merits of the claim or the responsibility or qualifications of the claimant.

(4) Amounts not paid in a timely manner as required by this section shall bear interest at 7 percent per annum.

(5) If a subcontractor or a lower tier subcontractor lacks legal standing to assert a claim against a public entity because privity of contract does not exist, the contractor may present to the public entity a claim on behalf of a subcontractor or lower tier subcontractor. A subcontractor may request in writing, either on his or her own behalf or on behalf of a lower tier subcontractor, that the contractor present a claim for work which was performed by the subcontractor or by a lower tier subcontractor on behalf of the subcontractor. The subcontractor requesting that the claim be presented to the public entity shall furnish reasonable documentation to support the claim. Within 45 days of receipt of this written request, the contractor shall notify the subcontractor in writing as to whether the contractor presented the claim to the public entity and, if the original contractor did not present the claim, provide the subcontractor with a statement of the reasons for not having done so.

(e) The text of this section or a summary of it shall be set forth in the plans or specifications for any public works project that may give rise to a claim under this section.

(f) A waiver of the rights granted by this section is void and contrary to public policy, provided, however, that (1) upon receipt of a claim, the parties may mutually agree to waive, in writing, mediation and proceed directly to the commencement of a civil action or binding arbitration, as applicable; and (2) a public entity may prescribe reasonable change order, claim, and dispute resolution procedures and requirements in addition to the provisions of this section, so long as the contractual provisions do not conflict with or otherwise impair the timeframes and procedures set forth in this section.

(g) This section applies to contracts entered into on or after January 1, 2017.

(h) Nothing in this section shall impose liability upon a public entity that makes loans or grants available through a competitive application process, for the failure of an awardee to meet its contractual obligations.

(i) This section shall remain in effect only until January 1, 2020, and as of that date is

For Council Approval
Not for Bidding

repealed, unless a later enacted statute, that is enacted before January 1, 2020, deletes or extends that date.

SECTION 2.
The Legislature finds and declares that it is of statewide concern to require a charter city, charter county, or charter city and county to follow a prescribed claims resolution process to ensure there are uniform and equitable procurement practices.

SECTION 3.
If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

For Council Approval
Not for Bidding

Notice of Exemption

To: Placer County Clerk
Recorder's Office
2954 Richardson Drive
Auburn, CA 95603

From: City of Roseville
Development Services Dept.
311 Vernon Street
Roseville, CA 95678

Project Title: Roseville Aquatics Complex Renovation

Project Location(s): 3051 Woodcreek Oaks Boulevard (APN 017-370-006-000), Roseville, CA

Project Description: The Parks, Recreation and Libraries Department proposes a new project to renovate the Roseville Aquatics Complex (RAC). The project includes replastering of the competition pool and upgrades to the locker rooms and restrooms to ensure accessibility compliance with the Americans with Disabilities Act (ADA). Additional improvements could include mechanical pit wall repairs, HVAC improvements to the classroom, sports lighting replacements, additional plumbing improvements, door closer replacements, and replacement of the pool surge pit cover. This project would allow for repair, maintenance, and improvements to keep an existing facility up to date. It would not result in expansion of use or capacity.

Public Agency Approving Project: Roseville City Council

Agency/Individual Carrying Out Project: City of Roseville Park, Recreation and Libraries Department

Reason why this Project is Exempt: This project qualifies for Class 1 and Class 2 Exemptions as described in Sections 15301 and 15302 of the California Environmental Quality Act (CEQA) guidelines which state:

> "Class 1 consists of the repair, maintenance…, or minor alteration of public or private…facilities, mechanical equipment, or topographical features involving negligible or no expansion of use of existing or former use…" and
>
> "Class 2 consists of replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaces and will have substantially the same purpose and capacity as the structure replaced…"

The project activities are the repair, maintenance, minor alteration and replacement of existing structures and equipment and will have the same purpose and capacity as the existing structures and equipment. Therefore, the Class 1 and Class 2 Exemptions are applicable to the proposed project.

Lead Agency Contact Person: Heather Buck, Park, Recreation and Libraries Department, 316 Vernon Street, Roseville, CA 95678. 916-774-5254.

Title:	The Rocky Ridge Road Landscape Improvement Project - Notice of Completion
Contact:	Josh Cervantes 916-746-1233 jrcervantes@roseville.ca.us

SUMMARY

Staff recommends approval of the Notice of Completion for the Rocky Ridge Road Landscape Improvement Project. The total cost of the construction contract with WABO Landscape & Construction, Inc. is $1,142,840. Funding for this project was approved using FY2022-23 General Fund year-end budget surplus to fund the Rocky Ridge/Cirby Streetscape and Sunrise Greenway Improvements Project.

RECOMMENDATION

Staff recommends that the City Council adopt the attached resolution accepting the public work known as the Rocky Ridge Road Landscape Improvement Project as complete and authorizing the Parks, Recreation & Libraries Director to execute the Notice of Completion.

BACKGROUND

The Rocky Ridge Road Landscape Improvement Project stretches between Strauch Drive and South Cirby Way and is the second phase of a larger streetscape corridor improvement effort to ensure all areas within the City are aesthetically pleasing and maintained at a consistent service level equal to other areas.

The first phase included improvements in the South Cirby medians between Champion Oaks Drive and Old Auburn Road, which included a new “Welcome to Roseville” sign design which was installed in February 2026.

The other streetscape corridors identified for future enhancement and renovation include:

- South Cirby Way – between Rocky Ridge and Sunrise Boulevard
- Sunrise Greenway – Between the Sacramento County line and Cirby Way

Improvements to the 5.8-acre Rocky Ridge streetscape included installation of new water-conserving planting, replacement of outdated irrigation equipment with new drip irrigation equipment, bark mulch and a cobbled dry creek with decorative boulders. During construction, utility conflicts prevented the installation of new drip irrigation infrastructure and irrigated planting within the west side landscape areas along Rocky Ridge Drive. As a result, the City elected to install small pockets of drought-tolerant, non-irrigated planting in these areas.

In accordance with City specifications, the contractor shall guarantee the installation of these improvements for a period of twelve (12) months from the date of this Notice of Completion.

FISCAL IMPACT

The total cost of the construction is $1,142,840. Funding for this project was approved using FY2022-23 General Fund year-end budget surplus to fund the Rocky Ridge/Cirby Streetscape and Sunrise Greenway Improvements Project.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. The Notice of Completion meets the above criteria and is not subject to CEQA. No additional environmental review is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

1. Ensure a safe and healthy community
4. Invest in well-planned infrastructure and growth
5. Support community engagement and advocacy
6. Deliver exceptional City services

Respectfully Submitted,
Josh Cervantes, Park Development Project Manager

Jill Geller, Parks Recreation and Libraries Director

Item ID: 2026-487

Title:	Goat Grazing Services - Contract Purchase Agreement and Amendment
Contact:	Eric Dexter 916-746-1769 edexter@roseville.ca.us

SUMMARY

Staff recommends approval of a contract purchase agreement amendment and contract purchase agreement with Ecosystem Concepts Inc., increasing the previously approved amount of $485,595 to $581,916 for the current fiscal year and up to $690,338 for the previously approved Fiscal Year 2026-27 renewal to provide grazing of nearly 1,700 acres of land through City preserves and open space. Funding is included in the General Fund and Open Space Fund FY2025-26 and FY2026-27 budgets.

RECOMMENDATION

Staff recommends that the City Council adopt a resolution to approve Contract Purchase Agreement (3004992) Amendment #1 and Contract Purchase Agreement (3005404) with Ecosystem Concepts for the grazing of nearly 1,700 acres of land through City preserves and open space and authorize the City Manager to execute it on behalf of the City of Roseville.

BACKGROUND

The natural lands within the City consist of preserves and general open space. Since 2007, the Parks Division has expanded the use of goats for grazing nearly 1,700 acres of land. The City's preserves are governed by the Open Space Preserve Overarching Management Plan approved by the federal agencies. One requirement of the plan is to perform thatch management within preserves. The Fire Department and residents of Roseville are in support of the use of goats for vegetation management.

FISCAL IMPACT

Contract Purchase Agreement (3004992) Amendment #1 and Contract Purchase Agreement (3005404), both with Ecosystem Concepts Inc., are increasing the previously approved amount of $485,595 to $581,916 for the current fiscal year and up to $690,338 for the previously approved FY2026-27 renewal to provide grazing of nearly 1,700 acres of land through City preserves and open space. Funding is included in the General Fund and Open Space Fund FY2025-26 and FY2026-27 budgets.

ENVIRONMENTAL REVIEW

The proposed project involves minor alteration in the condition of the land, water, and or vegetation which will not remove healthy, mature scenic trees. This activity is categorically exempt from CEQA as a Class 4 Exemption (State CEQA Guidelines Section 15304). The Exemption has been prepared and has been previously approved by the council on May 23, 2022, and has no changes except for the increase in funding. No additional environmental review is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

1. Ensure a safe and healthy community
2. Remain fiscally responsible in a changing world
6. Deliver exceptional City services

Description of Labor, equipment and/or materials

The vendor shall provide the services called for under City of Roseville Request for Proposal (RFP) #13-105 and vendor's proposal thereto titled "Grazing for Open Space and Preserve Land" dated 3/15/2022 (herein after "Proposal"). The terms and scope of work of the City of Roseville RFP# 13-105 and vendor's Proposal are herein made part of this Contract Purchase Agreement and fully incorporated by reference. Grazing areas will be designated by an authorized member of the Parks, Recreation, and Libraries Department.

Please contact Michael Neumann at (916)774-5579, mneumann@roseville.ca.us or Shelby Craig at (916)746-1746, scraig@roseville.ca.us in the Parks, Recreation, & Libraries Department for questions regarding this agreement.

*The agreement total is an approximation only. The City does not guarantee whatsoever the actual value of this contract.

Contract Terms and Conditions

1. To the fullest extent allowed by law, Contractor shall defend, indemnify, and save and hold harmless City, its officers, agents, employees and volunteers from any claims, suits or actions of every name, kind and description brought forth, or on account of, injuries to or death of any person (including but not limited to workers and the public), or damage to property, resulting from or arising out of Contractor's willful misconduct or negligent act or omission while engaged in the performance of obligations or exercise of rights created by this Agreement, except those matters arising from City's sole negligence or willful misconduct. The parties intend that this provision shall be broadly construed. Contractor's responsibility for such defense and indemnity obligations shall survive the termination or completion of this Agreement for the full period of time allowed by law. The defense and indemnity obligations of this Agreement are undertaken in addition to, and shall not in any way be limited by, the insurance obligations contained in this Agreement.

2. Contractor is an independent contractor, and shall not be considered an officer, agent or employee of the City.

3. Without the written consent of the City, this Agreement is not assignable by Contractor either in whole or in part.

4. Time is of the essence of this Agreement.

5. At any time during the term of this Agreement, the City has the right to terminate this Agreement, provided Contractor is given thirty (30) days written notice. City's termination shall be without further liability to City; however, Contractor shall be entitled to all costs reasonably incurred prior to the date of termination. Contractor acknowledges that City may terminate this Agreement should funds not be appropriated by its governing body to continue services under this Agreement.

6. This Agreement may only be amended or modified in writing. It is integrated and contains the complete understanding of the parties.

7. All equipment, supplies and services sold to the City of Roseville shall conform to the general safety orders of the State of California.

8. Unless notified to the contrary, in writing, the City assumes that the Contractor has accepted the work in accordance with the plans and specifications (if any) and agrees to do the work in compliance with this Agreement.

9. All fair employment practices must be adhered to. In addition, if the project referenced on this service agreement is a Public Works project, all prevailing wage laws must be complied with. For prevailing wage contracts over $25,000, copies of certified payroll must be submitted with invoices. Prevailing wage rates may be obtained from the State Department of Industrial Relations and/or the following website address: http://www.dir.ca.gov/dlsr/DPreWageDetermination.htm. In compliance with Labor Code Section 1773.2, as may be amended from time to time, Contractor shall cause a copy of this website to be posted at each jobsite, as applicable.

10. Contractor agrees to the below insurance requirements:

    a. Unless otherwise specified, the Contractor shall maintain the policies of insurance outlined in Attachment A, incorporated herein by this reference, in full force and effect during the term of this Agreement. The City of Roseville retains sole discretion in determining the types and proper levels of insurance

coverage.

b. Form. Contractor shall submit a certificate evidencing such coverage for the period covered by this Agreement in a form satisfactory to Risk Management and the City Attorney, prior to undertaking any work hereunder. Any insurance written on a claims made basis is subject to the approval of Risk Management and the City Attorney.

c. Additional Insureds. Contractor shall also provide a separate endorsement or section of the policy showing City, its officers, agents, employees, and volunteers as additional insureds for each type of coverage, except for Workers' Compensation. Such insurance shall specifically cover the contractual liability of Contractor. The additional insured coverage under the Contractor's policy shall be primary and noncontributory, as evidenced by a separate endorsement or section of the policy, and shall not seek contribution from City's insurance or self-insurance. In addition, the additional insured coverage shall be at least as broad as the Insurance Services Office (ISO) CG 20 01 Endorsement. Any available insurance proceeds in excess of the specified minimum insurance coverage requirements and limits shall be available to the additional insureds. Furthermore, the requirements for coverage and limits shall be:

(1) the minimum coverage and limits specified in this Agreement; or
(2) the full coverage and maximum limits of any insurance proceeds available to the named insureds, whichever is greater.

d. Cancellation/Modification. Contractor shall provide thirty (30) days written notice to City prior to cancellation or modification of any insurance required by this Agreement.

e. Umbrella/Excess Insurance. The limits of insurance required in this Agreement may be satisfied by a combination of primary and excess insurance. Any excess insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and noncontributory basis for the benefit of City (if agreed to in a written contract) before City's own insurance shall be called upon to protect it as a named insured.

f. Subcontractors. Contractor agrees to include in its contracts with all subcontractors the same requirements and provisions of this Agreement, including the indemnity and insurance requirements, to the extent they apply to the scope of the subcontractor's work. Furthermore, Contractor shall require its subcontractors to agree to be bound to Contractor and City in the same manner and to the same extent as Contractor is bound to City under this Agreement. Additionally, Contractor shall obligate its subcontractors to comply with these same provisions with respect to any tertiary subcontractor, regardless of tier. A copy of City's indemnity and insurance provisions will be furnished to the subcontractor or tertiary subcontractor upon request.

g. Self-Insured Retentions. All self-insured retentions (SIR) must be disclosed to Risk Management for approval and shall not reduce the limits of liability. Policies containing any SIR provision shall provide or be endorsed to provide that the SIR may be satisfied by either the named insured or City. City reserves the right to obtain a full certified copy of any insurance policy and endorsements. The failure to exercise this right shall not constitute a waiver of such right.

h. Waiver of Subrogation. Contractor hereby agrees to waive subrogation which any insurer of Contractor may acquire from Contractor by virtue of the payment of any loss under a Workers Compensation, Commercial General Liability or

Automobile Liability policy. All Workers Compensation, Commercial General Liability and Automobile Liability policies shall be endorsed with a waiver of subrogation in favor of City, its officers, agents, employees and volunteers for all work performed by Contractor, its employees, agents and subcontractors.

i. Liability/Remedies. Insurance coverage in the minimum amounts set forth herein shall not be construed to relieve Contractor of liability in excess of such coverage, nor shall it preclude City from taking such other actions as are available to it under any other provisions of this Agreement or law.

11. Contractor shall comply with all federal, state, and local laws and ordinances, including but not limited to the City's storm water regulations, as may be applicable to the performance of services under this Agreement. Failure to comply with local ordinances may result in monetary fines and cancellation of this Agreement. Refer to www.roseville.ca.us/stormwater for links to more information on the City's storm water regulations.

12. In the event that the terms of any attachment or exhibit conflict with any terms of this Agreement, the terms of this Agreement shall control.

13. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. In the event that any signature is delivered by facsimile transmission or by e-mail delivery of a ".pdf" format data file, such signature shall create a valid and binding obligation of the party executing (or on whose behalf such signature is executed) with the same force and effect as if such facsimile or ".pdf" signature page were an original hereof.

14. If either party commences any legal action against the other party arising out of this Agreement or the performance thereof, the prevailing party in such action shall be entitled to recover its reasonable litigation expenses, including but not limited to, court costs, expert witness fees, discovery expenses, and attorneys' fees. Any action arising out of this Agreement shall be brought in Placer County, California, regardless of where else venue may lie. This Agreement shall be governed by and construed in accordance with the laws of the State of California.

15. This Agreement shall be binding upon the heirs, successors, executors, administrators and assigns of the respective parties hereto.

16. If any of the provisions contained in this Agreement are for any reason held invalid or unenforceable, such holding shall not affect the remaining provisions or the validity and enforceability of the Agreement as a whole.

17. For purposes of this Agreement, the terms "Contractor," "Consultant," and "Supplier" are used interchangeably.

18. If the project referenced on this agreement is a Public Works project, then the following shall apply: No contractor or subcontractor may work on a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. During the performance of this agreement, Contractor and its subcontractors shall have a continuing legal obligation to maintain current registration with the Department of Industrial Relations. Contractor is hereby notified that this project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

19. Contractor/consultant's duties and services under this agreement shall not include preparing or assisting the public entity with any portion of the public entity's preparation of a request for proposals, request for qualifications, or any other solicitation regarding a subsequent or additional contract with the public entity. The public entity entering this agreement shall at all times retain responsibility for public contracting, including with

respect to any subsequent phase of this project. Contractor/consultant's participation in the planning, discussions, or drawing of project plans or specifications, if any, shall be limited to conceptual, preliminary, or initial plans or specifications. Contractor/consultant shall cooperate with the public entity to ensure that all bidders for a subsequent contract on any subsequent phase of this project have access to the same information, including all conceptual, preliminary, or initial plans or specifications prepared by contractor pursuant to this agreement.

20. If the project referenced on this agreement is a Public Works project, then the following shall apply: Contractor must submit all claims as defined in and in accordance with the claim resolution process set forth in Section 9204 of the Public Contract Code. Each such claim must be sent to the City by registered mail or certified mail with return receipt requested and must contain reasonable documentation to support the claim. All claims must be received prior to acceptance of the work.

21. Contractor certifies that Contractor, its employees, directors, officers, agents, subcontractors, vendors, and volunteers are not presently debarred, excluded, suspended, declared ineligible, voluntarily excluded, or proposed for debarment, exclusion, suspension, or ineligibility by any federal, state, or local department or agency.

22. The Levine Act (Govt. Code, Section 84308) requires a Party (and its agent(s), if any) to a Proceeding before the City of Roseville that involves any action or consideration related to their contract, license, permit, or other entitlement for use, to disclose any campaign contributions made to City elected or appointed officers totaling more than $500 within the twelve (12) months prior to the City decision and while a proceeding is pending, and includes certain prohibitions on contribution activity thereafter. If applicable campaign contributions have been made by Contractor and/or its agent(s), Contractor is responsible for compliance, including for its disclosure obligations, if any, as further described at: https://www.roseville.ca.us/government/departments/city_clerk/transparency/levine_act.

23. This Agreement may be amended via change order, but only if such change order is made in writing, approved by the City, and signed by both parties.

24. CONTRACTOR agrees to defend and indemnify CITY if, despite the parties intent and practice, any venue, agency, or court with competent jurisdiction determines that CONTRACTOR and/or any of its agents, officers, employees, volunteers, independent contractors, or subcontractors, are characterized as employee(s) of CITY.

    CONTRACTOR and CITY agree that: (a) CONTRACTOR is free from the control and direction of CITY in connection with the performance of the work; (b) CONTRACTOR is providing services directly to CITY; (c) CONTRACTOR has and will maintain at all relevant times a business license; (d) CONTRACTOR maintains a business location that is separate from CITY; (e) CONTRACTOR is customarily engaged in an independently established business of the same nature as that involved in the work performed hereunder; (f) CONTRACTOR actually contracts with other businesses to provide the same or similar services and maintains a clientele without restrictions from CITY; (g) CONTRACTOR advertises and holds itself out to the public as available to provide the same or similar services; (h) CONTRACTOR provides its own tools, vehicles, and equipment to perform the services; (i) CONTRACTOR has negotiated its own rates; (j) CONTRACTOR set its own hours and location of work in accomplishing CITY's on-call needs; and (k) CONTRACTOR has the right to control the manner and means of accomplishing the result desired and exercises its own expert independent judgement.

25. If Contractor produces any "web content" pursuant to this Agreement, as that term is defined in section 35.104 of Title 28 of the Code of Federal Regulations, as may be amended, Contractor shall ensure that any such web content is in full compliance with all applicable requirements of the most current version of the Web Content Accessibility Guidelines, the Americans with Disabilities Act, Code of Federal Regulations and/or

California law. Contractor shall defend, indemnify, and hold harmless City, its officers, employees, and agents from and against any and all claims, liabilities, damages, or expenses arising out of Contractor's failure to comply with such requirements. This provision shall survive expiration and/or termination of this Agreement.

The supplier named hereon by the acceptance of this order agrees to the provisions of this document titled "Contract Purchase Agreement" and all accompanying terms, conditions, and attachments.

Insurance Submission Process

The City of Roseville Human Resources/Risk Management Department uses a service called EBIX to manage our insurance certificate tracking.

How It Works

- The vendor's contact information is entered into EBIX. EBIX will contact the vendor to request proof of insurance.
- The Vendor can forward the request to their Insurance Agent(s) if necessary.
- Vendor/Insurance Agent submits insurance to EBIX by email to roseville@ebix.com or by fax to (770) 325-5727. After faxing or emailing the certificate, please DO NOT send the certificate by mail to EBIX. Please do not mail, email or fax any certificates to the City of Roseville.
- Once submitted, EBIX reviews the insurance documentation. If there are deficiencies, EBIX will send a follow up letter or email requesting additional information.

Questions Regarding Insurance Submission: Contact EBIX at (951) 652-4239
Questions Regarding Insurance Requirements Contact Risk Management at (916) 774-5202

RE: Contractor and Grantee Compliance with Economic Sanctions Imposed in Response to Russia's Actions in Ukraine

Dear Vendor:

On March 4, 2022, Governor Gavin Newsom issued Executive Order N-6-22 (EO) regarding sanctions in response to Russian aggression in Ukraine. The EO is located at https://www.gov.ca.gov/wp-content/uploads/2022/03/3.4.22-Russia-Ukraine-Executive-Order.pdf.

The EO directs all agencies and departments that are subject to the Governor's authority to take certain immediate steps, including notifying all contractors and grantees of their obligations to comply with existing economic sanctions imposed by the U.S. government in response to Russia's actions in Ukraine, as well as any sanctions imposed under state law.

This correspondence serves as a notice under the EO that as a contractor or grantee, compliance with the economic sanctions imposed in response to Russia's actions in Ukraine is required, including with respect to, but not limited to, the federal executive orders identified in the EO and the sanctions identified on the U.S. Department of the Treasury website (https://home.treasury.gov/policy-issues/financial-sanctions/sanctions-programs-and-country-information/ukraine-russia-related-sanctions). Failure to comply may result in the termination of contracts or grants, as applicable.

Please note that for any agreements or grants valued at $5 million or more you must report to the City of Roseville your compliance with economic sanctions including steps you have taken in response to Russia's actions in Ukraine, including, but not limited to, desisting from making new investments in, or engaging in financial transactions with, Russian entities, not transferring technology to Russia or Russian entities, and directly providing support to the government and people of Ukraine.

Sincerely,

DocuSigned by:

CITY OF ROSEVILLE CALIFORNIA

Notice of Exemption

To:	Placer County Clerk Recorder's Office 2954 Richardson Drive Auburn, CA 95603	**From:**	City of Roseville Development ServicesDept. 311 Vernon Street Roseville, CA 95678

Project Title: 2022 Vegetation Management – Goat Grazing Project

Project Location: Within City owned and managed open space and preserve areas City Wide, Roseville, Placer County, CA.

Project Description: The project is a proposal by the Parks, Recreation and Libraries Department, Open Space Division to contract for goat grazing services within City Open Space and Preserve areas. Grazing is a Best Management Practice that reduces fire fuel load and thatch levels (dead plant material) which increases the potential for native plants to germinate and grow.

Public Agency Approving Project: Roseville City Council

Agency Carrying Out Project: Parks, Recreation and Libraries Department, Open Space Division.

Reason why this Project is Exempt: This project is exempt as defined in Section 15304 d) and i) (Minor Alterations to Land) of the State CEQA Guidelines which states that a project may be exempt from CEQA as a Class 4 Categorical Exemption if it consists of minor public or private alterations in the condition of land, water and/or vegetation which do not involve removal of healthy, mature, scenic trees. The Class 4 category also specifically exempts: d) alteration of vegetation for habitat improvement within officially designated wildlife management areas; and, i) fuel management for fire control.

Implementation of the proposed grazing contract is consistent with the above description and therefore the Class 4 Exemption applies.

Lead Agency Contact Person: Eric Dexter, Roseville Parks, Recreation and Libraries Department (916) 746-1769.

Title:	Securing Facilities Services (RFP 13-184) - Contract Purchase Agreement
Contact:	Russell Soares 916-746-1783 rsoares@roseville.ca.us

SUMMARY

Staff recommends approval of a contract purchase agreement with CALTAC Security, to visit and secure parks and facilities, restrooms, and gates, outside of normal business hours. The agreement is in the amount of $80,406, which includes a 10% contingency. Staff additionally requests authority for the City Manager or his designee to execute four optional one-year renewals without further City Council approval, provided the applicable budget is approved by the City Council, or until staff determines that continuing with this vendor is not in the best interest of the City. Funding for each year's annual contract will be included in the Parks, Recreation & Libraries Department in the General Fund and Community Facilities Districts operating budgets.

RECOMMENDATION

Staff recommends that the City Council adopt a resolution authorizing the City Manager to execute a Contract Purchase Agreement (3005445) with CALTAC Security for Securing Facilities Services.

Staff additionally requests authority for the City Manager or his designee to execute four (4) optional one (1) year renewals with further City Council approval, provided the applicable budget is approved by the City Council, or until staff determines that continuing with this vendor is not in the best interest of the City.

BACKGROUND

The Parks Division has been utilizing a security services company to lock public restrooms and facility gates after normal business hours to reduce the use of parks staff after hours as well as opportunities for vandalism for many years. The company also inspects restrooms and gates and takes photos of any issues at the time of their visit and sends a nightly report.

In April 2026, a Request for Proposals (RFP 13-184) was issued for Securing Facilities Services. One bid was received and, after staff review of the proposal, CALTAC Security was selected based on experience, understanding of the project, and ability to fulfill the scope of service.

FISCAL IMPACT

The cost of this service agreement for year one of the contract is a not-to-exceed amount of $80,405.90, which includes a 10% contingency. Future optional renewal contract years will include up to a 3% increase in the base contract with a 10% contingency. Future years' agreement contract not-to-exceed costs: FY2028 - $82,818, FY2029 - $85,303, FY2030 - $87,861, and FY2031 - $90,450. The funding for each

annual service contract will be included in the Parks, Recreation and Libraries operating budget in the General Fund and Community Facilities District (CFD) operating budgets.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) only applies to projects which have the potential to cause a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA. (CEQA Guidelines §15061(b)(3)). The Contract Purchase Agreement meets the above criteria and is not subject to CEQA. No additional environmental review is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

1. Ensure a safe and healthy community
4. Invest in well-planned infrastructure and growth
6. Deliver exceptional City services

Respectfully Submitted,
Russell Soares, Parks and Open Space Superintendent

Jill Geller, Parks Recreation and Libraries Director

Description of Labor, equipment and/or materials

The vendor shall provide the services called for under City of Roseville Request for Proposal (RFP) #13-184 and contractor's proposal thereto titled "Securing Facilities Services" dated 4/20/26 (hereinafter "Proposal"). The terms and scope of work of City of Roseville RFP #13-184 and contractor's Proposal are herein made part of this agreement and fully incorporated by reference. Additional dollars are included on this agreement for lock/unlock site adds throughout the year or for reactive patrols as needed. All work must be quoted and approved in advance by Patrick Daly.

Start date: Upon Executed Agreement
End date: 6/30/27

Contact Patrick Daly in the Parks, Recreation and Libraries Department at (916)774-5764 or pdaly@roseville.ca.us for questions regarding this contract.

**The total cost listed is an approximation only. The City does not guarantee whatsoever the actual value of this agreement.

Contract Terms and Conditions

1. To the fullest extent allowed by law, Contractor shall defend, indemnify, and save and hold harmless City, its officers, agents, employees and volunteers from any claims, suits or actions of every name, kind and description brought forth, or on account of, injuries to or death of any person (including but not limited to workers and the public), or damage to property, resulting from or arising out of Contractor's willful misconduct or negligent act or omission while engaged in the performance of obligations or exercise of rights created by this Agreement, except those matters arising from City's sole negligence or willful misconduct. The parties intend that this provision shall be broadly construed. Contractor's responsibility for such defense and indemnity obligations shall survive the termination or completion of this Agreement for the full period of time allowed by law. The defense and indemnity obligations of this Agreement are undertaken in addition to, and shall not in any way be limited by, the insurance obligations contained in this Agreement.
2. Contractor is an independent contractor, and shall not be considered an officer, agent or employee of the City.
3. Without the written consent of the City, this Agreement is not assignable by Contractor either in whole or in part.
4. Time is of the essence of this Agreement.
5. At any time during the term of this Agreement, the City has the right to terminate this Agreement, provided Contractor is given thirty (30) days written notice. City's termination shall be without further liability to City; however, Contractor shall be entitled to all costs reasonably incurred prior to the date of termination. Contractor acknowledges that City may terminate this Agreement should funds not be appropriated by its governing body to continue services under this Agreement.
6. This Agreement may only be amended or modified in writing. It is integrated and contains the complete understanding of the parties.
7. All equipment, supplies and services sold to the City of Roseville shall conform to the general safety orders of the State of California.
8. Unless notified to the contrary, in writing, the City assumes that the Contractor has accepted the work in accordance with the plans and specifications (if any) and agrees to do the work in compliance with this Agreement.
9. All fair employment practices must be adhered to. In addition, if the project referenced on this service agreement is a Public Works project, all prevailing wage laws must be complied with. For prevailing wage contracts over $25,000, copies of certified payroll must be submitted with invoices. Prevailing wage rates may be obtained from the State Department of Industrial Relations and/or the following website address: http://www.dir.ca.gov/dlsr/DPreWageDetermination.htm. In compliance with Labor Code Section 1773.2, as may be amended from time to time, Contractor shall cause a copy of this website to be posted at each jobsite, as applicable.
10. Contractor agrees to the below insurance requirements:
    a. Unless otherwise specified, the Contractor shall maintain the policies of insurance outlined in Attachment A, incorporated herein by this reference, in full force and effect during the term of this Agreement. The City of Roseville retains sole discretion in determining the types and proper levels of insurance coverage.

    b. Form. Contractor shall submit a certificate evidencing such coverage for the period covered by this Agreement in a form satisfactory to Risk Management and the City Attorney, prior to undertaking any work hereunder. Any insurance

Docusign Envelope ID: C50E79B0-609B-8274-8215-EF0377E24648

written on a claims made basis is subject to the approval of Risk Management and the City Attorney.

c. Additional Insureds. Contractor shall also provide a separate endorsement or section of the policy showing City, its officers, agents, employees, and volunteers as additional insureds for each type of coverage, except for Workers' Compensation. Such insurance shall specifically cover the contractual liability of Contractor. The additional insured coverage under the Contractor's policy shall be primary and noncontributory, as evidenced by a separate endorsement or section of the policy, and shall not seek contribution from City's insurance or self-insurance. In addition, the additional insured coverage shall be at least as broad as the Insurance Services Office (ISO) CG 20 01 Endorsement. Any available insurance proceeds in excess of the specified minimum insurance coverage requirements and limits shall be available to the additional insureds. Furthermore, the requirements for coverage and limits shall be:
(1) the minimum coverage and limits specified in this Agreement; or
(2) the full coverage and maximum limits of any insurance proceeds available to the named insureds, whichever is greater.

d. Cancellation/Modification. Contractor shall provide thirty (30) days written notice to City prior to cancellation or modification of any insurance required by this Agreement.

e. Umbrella/Excess Insurance. The limits of insurance required in this Agreement may be satisfied by a combination of primary and excess insurance. Any excess insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and noncontributory basis for the benefit of City (if agreed to in a written contract) before City's own insurance shall be called upon to protect it as a named insured.

f. Subcontractors. Contractor agrees to include in its contracts with all subcontractors the same requirements and provisions of this Agreement, including the indemnity and insurance requirements, to the extent they apply to the scope of the subcontractor's work. Furthermore, Contractor shall require its subcontractors to agree to be bound to Contractor and City in the same manner and to the same extent as Contractor is bound to City under this Agreement. Additionally, Contractor shall obligate its subcontractors to comply with these same provisions with respect to any tertiary subcontractor, regardless of tier. A copy of City's indemnity and insurance provisions will be furnished to the subcontractor or tertiary subcontractor upon request.

g. Self-Insured Retentions. All self-insured retentions (SIR) must be disclosed to Risk Management for approval and shall not reduce the limits of liability. Policies containing any SIR provision shall provide or be endorsed to provide that the SIR may be satisfied by either the named insured or City. City reserves the right to obtain a full certified copy of any insurance policy and endorsements. The failure to exercise this right shall not constitute a waiver of such right.

h. Waiver of Subrogation. Contractor hereby agrees to waive subrogation which any insurer of Contractor may acquire from Contractor by virtue of the payment of any loss under a Workers Compensation, Commercial General Liability or Automobile Liability policy. All Workers Compensation, Commercial General Liability and Automobile Liability policies shall be endorsed with a waiver of subrogation in favor of City, its officers, agents, employees and volunteers for all work performed by Contractor, its employees, agents and subcontractors.

i. Liability/Remedies. Insurance coverage in the minimum amounts set forth herein shall not be construed to relieve Contractor of liability in excess of such coverage, nor shall it preclude City from taking such other actions as are available to it under any other provisions of this Agreement or law.

Docusign Envelope ID: C50E79B0-609B-8274-8215-EF0377E24648

11. Contractor shall comply with all federal, state, and local laws and ordinances, including but not limited to the City's storm water regulations, as may be applicable to the performance of services under this Agreement. Failure to comply with local ordinances may result in monetary fines and cancellation of this Agreement. Refer to www.roseville.ca.us/stormwater for links to more information on the City's storm water regulations.
12. In the event that the terms of any attachment or exhibit conflict with any terms of this Agreement, the terms of this Agreement shall control.
13. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. In the event that any signature is delivered by facsimile transmission or by e-mail delivery of a ".pdf" format data file, such signature shall create a valid and binding obligation of the party executing (or on whose behalf such signature is executed) with the same force and effect as if such facsimile or ".pdf" signature page were an original hereof.
14. If either party commences any legal action against the other party arising out of this Agreement or the performance thereof, the prevailing party in such action shall be entitled to recover its reasonable litigation expenses, including but not limited to, court costs, expert witness fees, discovery expenses, and attorneys' fees. Any action arising out of this Agreement shall be brought in Placer County, California, regardless of where else venue may lie. This Agreement shall be governed by and construed in accordance with the laws of the State of California.
15. This Agreement shall be binding upon the heirs, successors, executors, administrators and assigns of the respective parties hereto.
16. If any of the provisions contained in this Agreement are for any reason held invalid or unenforceable, such holding shall not affect the remaining provisions or the validity and enforceability of the Agreement as a whole.
17. For purposes of this Agreement, the terms "Contractor," "Consultant," and "Supplier" are used interchangeably.
18. If the project referenced on this agreement is a Public Works project, then the following shall apply: No contractor or subcontractor may work on a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. During the performance of this agreement, Contractor and its subcontractors shall have a continuing legal obligation to maintain current registration with the Department of Industrial Relations. Contractor is hereby notified that this project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.
19. Contractor/consultant's duties and services under this agreement shall not include preparing or assisting the public entity with any portion of the public entity's preparation of a request for proposals, request for qualifications, or any other solicitation regarding a subsequent or additional contract with the public entity. The public entity entering this agreement shall at all times retain responsibility for public contracting, including with respect to any subsequent phase of this project. Contractor/consultant's participation in the planning, discussions, or drawing of project plans or specifications, if any, shall be limited to conceptual, preliminary, or initial plans or specifications. Contractor/consultant shall cooperate with the public entity to ensure that all bidders for a subsequent contract on any subsequent phase of this project have access to the same information, including all conceptual, preliminary, or initial plans or specifications prepared by contractor pursuant to this agreement.
20. If the project referenced on this agreement is a Public Works project, then the following shall apply: Contractor must submit all claims as defined in and in accordance with the claim resolution process set forth in Section 9204 of the Public Contract Code. Each such claim must be sent to the City by registered mail or certified mail with return receipt requested and must contain reasonable documentation to support the claim. All claims must be received prior to acceptance of the work.

Docusign Envelope ID: C50E79B0-609B-8274-8215-EF0377E24648

21. Contractor certifies that Contractor, its employees, directors, officers, agents, subcontractors, vendors, and volunteers are not presently debarred, excluded, suspended, declared ineligible, voluntarily excluded, or proposed for debarment, exclusion, suspension, or ineligibility by any federal, state, or local department or agency.
22. The Levine Act (Govt. Code, Section 84308) requires a Party (and its agent(s), if any) to a Proceeding before the City of Roseville that involves any action or consideration related to their contract, license, permit, or other entitlement for use, to disclose any campaign contributions made to City elected or appointed officers totaling more than $500 within the twelve (12) months prior to the City decision and while a proceeding is pending, and includes certain prohibitions on contribution activity thereafter. If applicable campaign contributions have been made by Contractor and/or its agent(s), Contractor is responsible for compliance, including for its disclosure obligations, if any, as further described at: https://www.roseville.ca.us/government/departments/city_clerk/transparency/levine_act.
23. This Agreement may be amended via change order, but only if such change order is made in writing, approved by the City, and signed by both parties.
24. CONTRACTOR agrees to defend and indemnify CITY if, despite the parties intent and practice, any venue, agency, or court with competent jurisdiction determines that CONTRACTOR and/or any of its agents, officers, employees, volunteers, independent contractors, or subcontractors, are characterized as employee(s) of CITY.

    CONTRACTOR and CITY agree that: (a) CONTRACTOR is free from the control and direction of CITY in connection with the performance of the work; (b) CONTRACTOR is providing services directly to CITY; (c) CONTRACTOR has and will maintain at all relevant times a business license; (d) CONTRACTOR maintains a business location that is separate from CITY; (e) CONTRACTOR is customarily engaged in an independently established business of the same nature as that involved in the work performed hereunder; (f) CONTRACTOR actually contracts with other businesses to provide the same or similar services and maintains a clientele without restrictions from CITY; (g) CONTRACTOR advertises and holds itself out to the public as available to provide the same or similar services; (h) CONTRACTOR provides its own tools, vehicles, and equipment to perform the services; (i) CONTRACTOR has negotiated its own rates; (j) CONTRACTOR set its own hours and location of work in accomplishing CITY's on-call needs; and (k) CONTRACTOR has the right to control the manner and means of accomplishing the result desired and exercises its own expert independent judgement.
25. If Contractor produces any "web content" pursuant to this Agreement, as that term is defined in section 35.104 of Title 28 of the Code of Federal Regulations, as may be amended, Contractor shall ensure that any such web content is in full compliance with all applicable requirements of the most current version of the Web Content Accessibility Guidelines, the Americans with Disabilities Act, Code of Federal Regulations and/or California law. Contractor shall defend, indemnify, and hold harmless City, its officers, employees, and agents from and against any and all claims, liabilities, damages, or expenses arising out of Contractor's failure to comply with such requirements. This provision shall survive expiration and/or termination of this Agreement.

The supplier named hereon by the acceptance of this order agrees to the provisions of this document titled "Contract Purchase Agreement" and all accompanying terms, conditions, and attachments.

Insurance Submission Process

The City of Roseville Human Resources/Risk Management Department uses a service called EBIX to manage our insurance certificate tracking.

How It Works

- The vendor's contact information is entered into EBIX. EBIX will contact the vendor to request proof of insurance.
- The Vendor can forward the request to their Insurance Agent(s) if necessary.
- Vendor/Insurance Agent submits insurance to EBIX by email to roseville@ebix.com or by fax to (770) 325-5727. After faxing or emailing the certificate, please DO NOT send the certificate by mail to EBIX. Please do not mail, email or fax any certificates to the City of Roseville.
- Once submitted, EBIX reviews the insurance documentation. If there are deficiencies, EBIX will send a follow up letter or email requesting additional information.

Questions Regarding Insurance Submission: Contact EBIX at (951) 652-4239
Questions Regarding Insurance Requirements Contact Risk Management at (916) 774-5202

CITY OF ROSEVILLE CALIFORNIA

April, 2022

RE: Contractor and Grantee Compliance with Economic Sanctions Imposed in Response to Russia's Actions in Ukraine

Dear Vendor:

On March 4, 2022, Governor Gavin Newsom issued Executive Order N-6-22 (EO) regarding sanctions in response to Russian aggression in Ukraine. The EO is located at https://www.gov.ca.gov/wp-content/uploads/2022/03/3.4.22-Russia-Ukraine-Executive-Order.pdf.

The EO directs all agencies and departments that are subject to the Governor's authority to take certain immediate steps, including notifying all contractors and grantees of their obligations to comply with existing economic sanctions imposed by the U.S. government in response to Russia's actions in Ukraine, as well as any sanctions imposed under state law.

This correspondence serves as a notice under the EO that as a contractor or grantee, compliance with the economic sanctions imposed in response to Russia's actions in Ukraine is required, including with respect to, but not limited to, the federal executive orders identified in the EO and the sanctions identified on the U.S. Department of the Treasury website (https://home.treasury.gov/policy-issues/financial-sanctions/sanctions-programs-and-country-information/ukraine-russia-related-sanctions). Failure to comply may result in the termination of contracts or grants, as applicable.

Please note that for any agreements or grants valued at $5 million or more you must report to the City of Roseville your compliance with economic sanctions including steps you have taken in response to Russia's actions in Ukraine, including, but not limited to, desisting from making new investments in, or engaging in financial transactions with, Russian entities, not transferring technology to Russia or Russian entities, and directly providing support to the government and people of Ukraine.

Sincerely,

Email: cityclerkroseville@roseville.ca.us

RE: Securing Facilities Services, RFP 13-184

Dear City Clerk:

Thank you for the opportunity to submit CALTAC Security, Inc.'s proposal to provide Securing Facilities Services for the City of Roseville. Our physical office is located at 1700 Eureka Road, Suite 150-E, Roseville, California 95661, and our mailing address is 1079 Sunrise Avenue, Suite B-25, Roseville, California 95661. The contact person for this proposal is Mike Menas, President / PPO, at (916) 422-5822 and mike@caltacsecurity.com.

CALTAC Security has reviewed the Scope of Services and will perform the requested services in accordance with the requirements of this RFP and any issued addenda. CALTAC representatives attended the mandatory pre-proposal job walk on April 9, 2026. No questions were submitted by CALTAC during the question period.

CALTAC Security has provided related patrol and facility securing services throughout the Roseville/Sacramento region and has served the City of Roseville Parks, Recreation & Libraries operation since July 1, 2021. Our proposal is based on a practical operating plan, experienced management oversight, nightly route redundancy, and responsive communication with City staff.

We appreciate the opportunity to continue serving the City of Roseville. If additional information is needed, please contact me directly.

Sincerely,
Mike Menas

Mike Menas

TAB A – Firm's Qualifications

CALTAC Security, Inc. is a private security company qualified to perform the requested services by employing security guards registered with the California Bureau of Security and Investigative Services (BSIS). All services proposed for this project will be provided by CALTAC Security employees; no subcontractors or sub-consultants will be used.

CALTAC Security is a California corporation with approximately ten years of operating history and direct experience serving Roseville-area public and private sector clients. Over the past five years, staffing has grown from approximately eight to ten team members. The company maintains local management oversight, patrol vehicles, communications capability, and supervisory coverage necessary to perform the City's nightly lockup services reliably and continuously.

All patrol officers assigned to this project hold current BSIS guard registrations, and applicable personnel maintain additional permits and certifications including chemical agents, baton, taser, exposed firearm, first aid, and CPR as applicable to their assignments.

Business Certifications and Registrations

Certification / Registration	Number / Status
Roseville Business License	00835400
California Corporation	C3883956
California BSIS Private Patrol Operator	PPO 119779

TAB B – Experience and References

Summary of Related Experience

CALTAC Security has provided security patrol and facility securing services for a range of public and private properties in El Dorado Hills, Roseville, Rocklin, Lincoln, North Highlands, Sacramento, Natomas, and West Sacramento. Our experience includes after-hours lockups, restroom and facility checks, trespass enforcement, parking and gate control, nightly patrols, issue reporting, and coordination with law enforcement when occupants refuse to leave or criminal activity is encountered.

CALTAC Security has also served the City of Roseville Parks, Recreation & Libraries operation since July 1, 2021. That experience is directly relevant to this RFP because it involves dynamic close times, regular communication with City personnel, and consistent nightly service continuity for public facilities.

Reference #1 – Roseville Parks, Recreation & Libraries

Contact	Patrick Daly
Address	2005 Hilltop Circle, Roseville, CA 95747
Phone / Email	916-774-5764 • PDaly@roseville.ca.us

Service for Roseville Parks, Recreation & Libraries began on July 1, 2021 and currently continues. CALTAC Security has worked directly with the City's operations staff to provide reliable nightly securing services, including restroom checks before lockup, dynamic scheduling tied to seasonal sunset changes and lighted-facility close times, and after-hours issue reporting. Operational challenges such as vandalism, trespassing, suspicious activity, illegal substance use, exhibition of speed, and non-compliant occupants have been addressed through field response, clear reporting, and coordination with the Roseville Police Department when needed. Alfredo Mercado and Paris Williams have been the primary patrol officers assigned to this contract in recent years and are familiar with the facilities, timing, and reporting expectations.

Reference #2 – NCM Property Management

Contact	Tony Zogopoulos
Address	1700 Eureka Rd #130, Roseville, CA 95661
Phone / Email	916-223-8284 • tonyz@2NCM.com

CALTAC Security began its relationship with NCM Property Management in April 2017 and now provides service to multiple commercial and residential locations. Services include nightly foot patrol, vehicle patrol, parking enforcement, and site protection against trespassing, vandalism, arson, and transient camp development. These assignments demonstrate CALTAC Security's ability to manage multiple sites on recurring nightly routes with direct field intervention and dependable reporting.

Reference #3 – Verdera Community Association

Contact	Leanne Luebkeman
Address	1875 Ladera Drive, Ste. 3, Lincoln, CA 95648
Phone / Email	(916) 253-9205 • leanne@verderahoa.com

CALTAC Security has provided nightly patrol services for the Verdera community since January 2020. The assignment covers approximately 900 acres and 614 home sites in Lincoln, California, and includes patrol visibility, parking enforcement, and real-time reporting support. This work demonstrates CALTAC Security's ability to perform consistent patrol duties across large service areas while enforcing site rules and maintaining communication with client representatives.

Docusign Envelope ID: C50E79B0-609B-8274-8215-EF0377E24648

TAB C – Qualifications of Team

CALTAC Security will staff this project with local management oversight and trained patrol personnel from its existing Roseville/Sacramento operation. Primary patrol coverage for the current Roseville Parks assignment has been performed by Alfredo Mercado and Paris Williams, with support from David Williams and Harry Wenner, a responsible senior patrol officer who supports dependable nightly route coverage. No subcontractors will be used.

Key Personnel

Michael Menas, President / Private Patrol Operator

Mr. Menas is a graduate of the 82nd Butte Law Enforcement Academy and holds a Bachelor's degree in Business Management from National University. His private security background includes private patrol operations leadership, armed vehicle patrol supervision, robbery suppression, and critical infrastructure protection under federal contract.

Michael Goodness, Manager of Patrol Operations

Mr. Goodness brings law enforcement, operations management, and field security experience to this project. His background includes security team leadership and client coordination, K9 explosive detection work, and approximately fifteen years of service as a City of Hayward police officer, including SWAT experience. He also holds current guard card, armed security, baton, CPR/BLS, and AED certifications.

Geographic Location

CALTAC Security's operating base for this project is in the Roseville/Sacramento area, allowing local supervisory response and efficient nightly deployment.

Director of Project Management

Michael Menas, President/Private Patrol Operator of CALTAC Security since March 2016

Experience and Qualifications:

Mr. Menas is a 1993 graduate of the 82nd Butte Law Enforcement Academy located in Oroville, California. Mr. Menas has extensive experience in several areas of Law Enforcement and Private Security as well as Bachelor's degree in Business Management from National University.

Mr. Menas' private security experience is in several areas including: Starting CALTAC Security as a new business after obtaining a Private Patrol Operator's license in 2014. Prior to starting CALTAC Security, Mr. Menas worked for several private security companies to gain experience in other of the private security field such as Chief Executive Officer and Licensed Private Patrol Operator of another Roseville Security and Investigations Company, Golden State Investigating, Armed Vehicle Patrol Sergeant for two local security patrol companies, Armed, Plain-Clothes Robbery Suppression Officer for Wells Fargo Bank, and Uniformed-Armed Critical Infrastructure Protection for a large facility under Federal Contract with the Department of Energy.

Other areas of experience include ten years in Real Estate with a major accomplishment of successfully negotiating the contracts of 89 Short Sale transactions; eighteen years of retail grocery, including managing employees of the store and catching shoplifters; and six years as a Volunteer with the Placer County Sheriff's Search and Rescue Motorcycle Unit.

Docusign Envelope ID: C50E79B0-609B-8274-8215-EF0377E24648

Designated Project Manager

Michael Goodness, Manager of Patrol Operations for CALTAC Security since July 2024.

Experience and Qualifications:

Mr. Goodness brings law enforcement, operations management, and field security experience to this project. His background includes security team leadership and client coordination, K9 explosive detection work, and approximately fifteen years of service as a City of Hayward police officer, including SWAT experience. He also holds current guard card, armed security, baton, CPR/BLS, and AED certifications.

Team Members

Alfredo Mercado, Security Patrol Officer for CALTAC Security since March 2023

Experience and Qualifications:

Primary Roseville Parks patrol officer; experience in retail, warehouse, apartment, and HOA security; dependable route coverage; strong public communication; CPR/First Aid/AED and OC pepper spray certifications. Alfredo is licensed by the Bureau of Security and Investigative Services with a guard card, chemical agents, baton, taser, and exposed firearm permits.

Paris Williams, Security Patrol Officer for CALTAC Security since April 2023

Experience and Qualifications:

Primary Roseville Parks patrol officer; vehicle patrol, foot patrol, and loss prevention experience; experienced with route reporting, access control, and residential/commercial patrol operations. Paris is licensed by the Bureau of Security and Investigative Services with a guard card, chemical agents, and exposed firearm permits.

David Williams, Security Patrol Officer for CALTAC Security since September 2024

Experience and Qualifications:

Senior patrol officer with corrections, armed vehicle and foot patrol, reporting, de-escalation, and customer service experience; current BSIS guard card, firearm, and baton credentials.

Harry Wenner, Security Patrol Officer for CALTAC Security since October 2024

Experience and Qualifications:

Responsible senior patrol officer supporting nightly route coverage for the project and assisting with dependable field operations in the Roseville/Sacramento area. Harry is licensed by the Bureau of Security and Investigative Services with a guard card, chemical agents, and exposed firearm permits.

Project Team Organizational Diagram

Docusign Envelope ID: C50E79B0-609B-8274-8215-EF0377E24648

TAB D – Project Understanding

CALTAC Security understands that the City is seeking a contractor to perform daily restroom and facility lockup services throughout the Roseville park system. The work requires more than simply locking doors: it requires a disciplined nightly process for confirming facilities are unoccupied, adjusting the route based on sunset and 11:00 p.m. closure requirements, communicating issues observed in the field, and coordinating with the Roseville Police Department if occupants refuse to vacate.

We understand the City's service priorities to include: (1) consistent daily lockups, (2) respectful but firm occupant contact, (3) accurate reporting of damage or maintenance issues, (4) responsiveness to changes in season, facility count, or special circumstances, and (5) continuity of service throughout the contract term.

Major operational challenges include dynamic lockup timing, multiple facilities with different closing requirements, public interaction at lockup time, and maintaining uninterrupted coverage when field conditions change. CALTAC Security's strength on this project is that these requirements fit within our existing local patrol operation rather than depending on a single isolated employee or route.

Our approach is to serve as the City's eyes and ears after hours. In addition to completing the lockup task, our patrol officers will identify visible damage, broken locks, lighting problems, graffiti, or other issues and report them to the designated City contact at the end of the shift.

Docusign Envelope ID: C50E79B0-609B-8274-8215-EF0377E24648

TAB E – Project Plan

CALTAC Security's implementation plan is to integrate the Roseville facilities into our established local patrol operation and support the assignment with management oversight, nightly redundancy, and route flexibility. This operating model is designed to provide reliable service across changing sunset times, lighted-facility lock requirements, and occasional field delays.

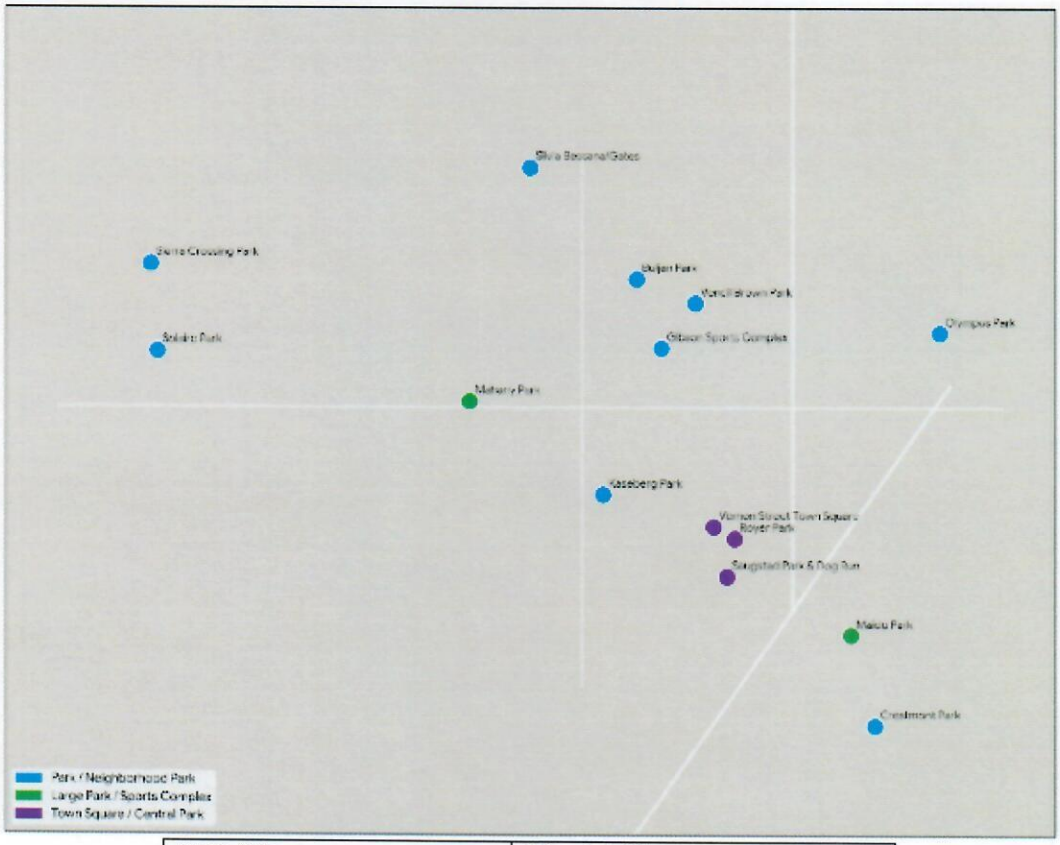
Project Delivery Method

Project oversight	Michael Menas will provide executive oversight. Michael Goodness will serve as the designated project manager and primary operations contact.
Nightly staffing	Assigned patrol officers from CALTAC Security's local patrol team, including Alfredo Mercado and Paris Williams with support from David Williams and Harry Wenner, including dependable nightly route coverage support from Mr. Wenner, will perform nightly lockups. No subcontractors will be used.
Route timing	Non-lighted facilities will be scheduled no earlier than sunset. Lighted facilities identified by the City will be scheduled no earlier than 11:00 p.m. Route timing will be adjusted seasonally.
Facility checks	Each restroom will be checked to confirm it is not occupied prior to locking. Occupants will be informed the facility is closed and allowed up to five minutes to vacate.
Escalation	If an occupant refuses to leave, the officer will contact the Roseville Police Department, continue with other sites when appropriate, and return to complete the lockup when conditions allow.
Daily reporting	A nightly email will be sent to the City's designated representative reporting observed issues such as damage, broken locks, graffiti, lighting problems, or unusual incidents.
Continuity	Because the work is supported by an existing patrol structure, alternate officers and supervisory backup can be deployed if a patrol unit is delayed or unavailable, helping maintain continuity of service throughout the contract term.

Work Schedule

The nightly work schedule will vary with the season and the City's facility requirements. CALTAC Security will maintain a route schedule tied to sunset for non-lighted parks and to 11:00 p.m. or later for facilities identified as lighted. After lockups are completed, the assigned officer will send a summary email to the designated City representative before ending the shift.

Equipment and Training



CALTAC Security will provide the patrol vehicles, communications equipment, flashlights, report-writing tools, and supervisory oversight necessary to perform the work. Assigned personnel are trained for patrol observation, public interaction, incident reporting, and contacting law enforcement when required by the situation.

Docusign Envelope ID: C50E79B0-609B-8274-8215-EF0377E24648

Adjustments for Added or Removed Facilities

Pricing for additions or deletions to the facility list is provided in TAB F. CALTAC Security will update route assignments and invoicing based on the City's written direction for any facility additions, subtractions, or special service requests.

Roseville Park Locations for Patrol Route Assignments for each patrol:

Park Site	Street Address
Buljan Park	150 Hallissy Drive
Crestmont Park	1500 Champion Oaks Drive
Kaseberg Park	1151 Rand Way
Mahany Park	1545 Pleasant Grove Blvd
Maidu Park, Foot-FriSatSun	1550 Maidu Drive
Olympus Park	2551 La Croix Drive
Royer Park	190 Park Drive
Saugstad Park & Dog Run	100 Buljan Drive
Sierra Crossing Park	4251 Brookstone Dr
Vencil Brown Park	260 Trestle Rd
Vernon Street Town Square	311 Vernon Street
Silvia Bessana/Gates	1051 Trehowell Dr
Solaire Park	4601 Solaire Dr
Gibson Sports Complex	201 Gibson Dr

Docusign Envelope ID: C50E79B0-609B-8274-8215-EF0377E24648

TAB F – Cost Proposal

CALTAC Security's cost proposal is based on the monthly pricing schedule in Attachment G and the supporting service rates below.

Base Pricing

Total annual cost for facilities in Attachment H / G	**$73,096.25**
Average monthly cost	$6,091.35
Detailed month-by-month pricing	See Attachment G

Additional / Adjustment Pricing

Service Item	Rate
Add / remove a restroom (per unit)	$9.45
Add / remove a gate (per unit)	$9.25
Add / remove a foot patrol (per unit)	$11.75
Onsite security detail – unarmed (per hour)	$42.00
Onsite security detail – armed (per hour)	$52.00

Time Devoted Nightly

- Patrol Route 1 – approximately 3.0 hours
- Patrol Route 2 – approximately 0.5 hour
- Reimbursable expenses – none known at this time

Docusign Envelope ID: C50E79B0-609B-8274-8215-EF0377E24648

TAB G – Required Statements / Documents

Statements of Assurance

Non-substitution for the designated members of the team without approval by City staff (Section 5.0).

Proposer assures that the designated project team, including sub-consultants or sub-contractors (if any), is used for this project. Departure or reassignment of, or substitution for, any member of the designated project team, sub-consultant(s) or sub-contractor(s) shall not be made without the prior written approval of the City.

Absence of a conflict of interest (Section 10.4)

The Contractor warrants that no official or employee of the City has an interest, has been employed or retained to solicit or aid in the procuring of the resulting contract, nor that any such person will be employed in the performance of such contract without immediate divulgence of such fact to the City. Contractor submitting this proposal in response to the RFP discloses that there are no actual, apparent, direct, indirect, or potential conflicts of interest that may exist with respect to the Contractor or the Contractor's management or employees relative to the services to be provided to the City.

Ability and agreement to fulfill the indemnification and insurance requirements contained in the sample contract (Section 10.7).

CALTAC Security agrees to the City's standard indemnification and insurance requirements that have been provided in the sample contract, included in Attachment C of the RFP. All costs of complying with the insurance requirements have been included in the pricing. CALTAC Security will provide complete and valid insurance certificates within ten (10) days of the City's written request.

Proprietary Information (Section 10.23).
Nothing contained in the submitted proposal is proprietary.

Docusign Envelope ID: C50E79B0-609B-8274-8215-EF0377E24648

TAB H – Exceptions

CALTAC Security does not propose any exceptions, alterations, or amendments to the Scope of Services or other requirements of this RFP, including the sample contract.

Docusign Envelope ID: C50E79B0-609B-8274-8215-EF0377E24648

TAB I – Competency of Proposers

CALTAC Security has the facilities, personnel, patrol vehicles, equipment, management oversight, and financial resources necessary to perform the requested services in a satisfactory and timely manner.

Based on current company records available for this proposal, CALTAC Security is not aware of any pending bankruptcies, liens, stop payment notices, judgments, lawsuits, arbitrations, mediations, foreclosures, or similar actions filed or resolved in the past seven (7) years that would impair performance under this contract.

No client has terminated a contract with CALTAC Security for breach during the past seven (7) years.

The company maintains regular employees and local supervisory resources sufficient to ensure continuous performance of the work contemplated by this RFP. No subcontractors are proposed for this project.

Docusign Envelope ID: C50E79B0-609B-8274-8215-EF0377E24648

Attachment A

PROPOSER'S CERTIFICATION

I hereby propose to furnish the goods or services specified in the Request for Proposals ("RFP"). I agree that my proposal will remain firm for a period of up to ninety (90) days in order to allow the City of Roseville ("City") adequate time to evaluate the qualifications submitted.

I have carefully examined the Request for Proposals and any other documents accompanying or made a part of this RFP. The information contained in this proposal is true and correct to the best of my knowledge and is signed under penalty of perjury under the laws of the State of California. I further certify that I am duly authorized to submit this proposal on behalf of the firm as its authorized agent and that the firm is ready, willing and able to perform if awarded the contract.

I further certify that this proposal is made without prior understanding, agreement, connection, discussion, or conspiracy with any other person, firm or corporation submitting a proposal for the same product or service; that this proposal is fair and made without outside control, collusion, fraud or illegal action; that no officer, employee or agent of the City or any other proposer is financially interested in said proposal; that no undue influence or pressure was used against or in concert with any officer, employee or agent of the City in connection with the award or terms of the contract that will be executed as a result of this RFP; and that the undersigned executed this Proposer's Certification with full knowledge and understanding of the matters therein contained and was duly authorized to do so.

LEVINE ACT DISCLOSURE STATEMENT

(The completed form submitted to the City of Roseville is a public record.)

California Government Code Section 84308, commonly referred to as the "Levine Act," prohibits any "Officer" (elected or appointed officer, any alternate thereto, and any candidate for elective office) from participating in any consideration or action related to a proceeding if they receive political contribution(s) from a party, or its agent(s), totaling more than $250 within the previous twelve (12) months, while a proceeding is pending, and for twelve (12) months following the date of a final decision in a proceeding concerning a license, permit, other entitlement for use, franchise, or contract (collectively "license, permit, or contract"). For additional information: https://www.roseville.ca.us/government/departments/city_clerk/transparency/levine_act.

City Officers are listed at the following sites:

- The Members of City Council - https://www.roseville.ca.us/government/city_council/meet_council
- Boards & Commission Members - https://www.roseville.ca.us/government/boards_commissions

Parties and their Agents are responsible for reviewing and disclosing their applicable contributions to City Officers on the record of a proceeding.

1. Have you or your entity, or any agent on behalf of youor your entity, made any political contribution(s) totaling more than $250 to any City Officer in the twelve (12) months preceding the date of the submission of your license, permit, or contract, or the anticipated date of any City Council, Board, or Commission consideration or action related to this license, permit, or contract?

YES ____ NO ✓

If yes, please identify the City Officer(s): _____

2. Do you or your entity, or any agent on behalf of you or your entity, anticipate orplan to make any political contribution(s) totaling more than $250 to any City Officer in the twelve (12) months following any City Council, Board, or Commission consideration or action related to this license, permit, or contract?

YES ____ NO ✓

If yes, please identify the City Officer(s): _____

Answering yes to either of the two questions above does not preclude the City of Roseville from considering and/or taking action on a license, permit, or contract. It does, however, potentially preclude the identified City Officers from participating in consideration of and in taking any actions related to the license, permit, or contract. Please accurately complete and sign this form, under the penalty of perjury:

NONCOLLUSION DECLARATION TO BE EXECUTED BY BIDDER AND SUBMITTED WITH BID

The undersigned declares:

I am the OWNER of CALTAC SECURITY, the party making the foregoing bid.

The bid is not made in the interest of, or on behalf of, any undisclosed person, partnership, company, association, organization, or corporation. The bid is genuine and not collusive or sham. The bidder has not directly or indirectly induced or solicited any other bidder to put in a false or sham bid. The bidder has not directly or indirectly colluded, conspired, connived, or agreed with any bidder or anyone else to put in a sham bid, or to refrain from bidding. The bidder has not in any manner, directly or indirectly, sought by agreement, communication, or conference with anyone to fix the bid price of the bidder or any other bidder, or to fix any overhead, profit, or cost element of the bid price, or of that of any other bidder. All statements contained in the bid are true. The bidder has not, directly or indirectly, submitted his or her bid price or any breakdown thereof, or the contents thereof, or divulged information or data relative thereto, to any corporation, partnership, company, association, organization, bid depository, or to any member or agent thereof, to effectuate a collusive or sham bid, and has not paid, and will not pay, any person or entity for such purpose.

Any person executing this declaration on behalf of a bidder that is a corporation, partnership, joint venture, limited liability company, limited liability partnership, or any other entity, hereby represents that he or she has full power to execute, and does execute, this declaration on behalf of the bidder.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct and that this declaration is executed on APRIL 20, 2026 [date], at ROSEVILLE [city], CA [state].

CITY OF ROSEVILLE

NOTICE FOR PROPOSALS

RFP 13-184

NOTICE IS HEREBY GIVEN that proposals for **Securing Facilities Services** will be received by the City of Roseville. Proposals will be accepted **ONLY** at the office of the **City Clerk, Civic Center, 311 Vernon Street, Roseville, CA 95678 or submitted via electronic mail to CityClerkroseville@roseville.ca.us,** until 3:00 p.m., **04/21/2026**. Said proposals will be evaluated and results will be made public after completion of the negotiation process with the selected contractor. The City reserves the right to reject any or all proposals and to waive any informalities or irregularities in any proposal or in the proposal process.

04/06/2026

_____ _____

Date Patrick Daly
Parks and Open Space Supervisor

IMPORTANT!!!

The City is not responsible for misdelivered proposals, and the proposer is strictly liable for its chosen method of delivery. It is the proposer's sole responsibility to make sure that proposals arrive at the proper location. Any proposal which does not actually arrive in the City Clerk's Office by the RFP due date and time will be rejected as non-responsive, even if properly addressed or delivered to another City Department.

Your proposal **MUST** be addressed and delivered as follows:

City of Roseville
Attn: City Clerk Department
311 Vernon Street
Roseville, CA 95678

The proposer is also directed to include the attached "Sealed Proposal" label on the outside of the package or envelope, so that it is visible when delivered to the City.

Or emailed to:
cityclerkroseville@roseville.ca.us

Note: Email submissions are limited to 25 megabytes.

City of Roseville RFP

PREVAILING WAGE NOTIFICATION

This is a prevailing wage project. Accordingly, all prevailing wage and fair employment laws and regulations shall be adhered to. For prevailing wage contracts over $25,000.00, copies of certified payroll must be submitted with invoices. Prevailing wage rates may be obtained from the Department of Industrial Relations and/or the following website address:

http://www.dir.ca.gov/dlsr/DPreWageDetermination.htm

1.0 INTRODUCTION

The City of Roseville (hereinafter "City"), is soliciting proposals for Securing Facilities Services. This will be a competitive negotiation process. Qualified individuals, firms, contractors, consultants or entities (hereinafter "Contractor(s)"), that meet the requirements set forth in this Request for Proposals (hereinafter "RFP") and are capable of providing the services requested are encouraged to participate.

1.1 BACKGROUND

The City of Roseville is looking for a security company to lock multiple restroom facilities throughout the City park system. This would include, at a minimum, a basic restroom check prior to locking and daily communication with a City representative.

1.2 CITY OVERVIEW

The City of Roseville is an incorporated city with a population of more than 145,000 residents, located in Placer County off of Interstate 80, approximately 16 miles northeast of Sacramento, California. The City of Roseville is a Charter city operating under the City Council/City Manager form of government.

1.3 PROPOSAL SUBMITTAL

RFP proposal submittals may be delivered to the Office of the City Clerk, Civic Center, 311 Vernon St., Roseville, CA 95678 via common carrier, hand delivered, **or** submitted via electronic mail to **cityclerkroseville@roseville.ca.us** by the specified proposal due date and time. Complete and attach the "Sealed Proposal" label to the outside of the proposal packaging if delivering or hand carrying a hard copy of the proposal, so it is visible to the City Clerk. If submitting a proposal via electronic mail, then include the RFP title and RFP number in the subject line of the email.

1.4 CALIFORNIA SECRETARY OF STATE REGISTRATION

The City requires all corporations, limited liability companies and limited partnerships to be registered to do business in the State of California. On a separate sheet of paper, please include a screenshot of your "ACTIVE" status with your proposal submittal, which can be obtained by accessing this link:
https://bizfileonline.sos.ca.gov/search/business. All proposers must be registered with the Secretary of State or have a valid exemption by the time of award.

1.5 INSTRUCTIONS

This RFP includes a description of the scope of services, proposal requirements, and instructions for submitting your proposal. Failure to follow these instructions may result in rejection of your proposal.

No oral representations or interpretations will be made to any proposer as to the meaning of this RFP.

Direct all inquiries regarding this RFP in writing to Patrick Daly by accessing the RFP from the City's website at: https://www.roseville.ca.us/business/procurement_services/bids_rfps by no later than 04/15/2026.

Do not contact other individuals or City departments in this regard. Information provided by anyone other than the above contact may be invalid, and proposals which are submitted in accordance with such information may be declared non-responsive.

In the event that it becomes necessary to revise any part of this RFP, written addenda will be issued. Any amendment to this RFP is valid only if it is in writing and issued by the City department issuing the RFP. No oral interpretations or answers shall bind the City unless confirmed by the City in writing.

All addenda for this RFP will be distributed through PublicPurchase.com to proposers who have registered with PublicPurchase.com and who have downloaded the RFP. Additionally, the Notice of Intent to Award will be posted on PublicPurchase.com. **It is the proposer's sole responsibility to monitor PublicPurchase.com for possible addenda to this RFP and for the Notice of Intent to Award**. Failure of proposer to retrieve addenda or the Notice of Intent to Award from PublicPurchase.com shall not relieve him/her of the requirements contained therein or the timelines associated therewith. Additionally, failure of proposer to return a signed addendum, when required, may be cause for rejection of his/her proposal.

2.0 TENTATIVE SCHEDULE

The following represents the tentative schedule for this RFP. Any change in the scheduled dates for the Pre-Proposal Conference, Deadline for Final Questions, or Proposal Submission Deadline will be advertised in the form of an addendum to this RFP. The schedule for the evaluation process and other future dates may be adjusted without notice.

RFP Released by the City.....	4/6/26
Pre-Proposal Conference or Job Walk.....	4/9/26
Deadline for Final Questions.....	4/15/26
City Responses to Written Questions.....	4/17/26
Proposal Submission Deadline.....	4/21/26
Contractor Interviews as needed.....	Week of 4/27/26
Contract Negotiations.....	5/4/26
Contract Approval by City Council.....	6/17/26
Commencement of Services.....	7/1/26

3.0 MANDATORY PRE-PROPOSAL CONFERENCE OR JOB WALK

A **mandatory** pre-proposal conference/job walk has been scheduled for **April 9, 2026, at 9 AM.** The job site will be visited to preview the project areas, locations, and accessibility. The job walk will last approximately 90 minutes. Attendance will be taken prior to the job walk.

Location: Begin tour at Maidu softball restrooms located at 1550 Maidu Dr. Will proceed to 311 Vernon St. and end at 1151 Rand Way.

Proposals from Contractors who do not attend the mandatory pre-proposal conference/job walk will be rejected. The pre-proposal conference/job walk will begin at the designated start time. Attendance for the entire pre-proposal/job walk is required, and tardiness will be grounds for disqualification.

Interested firms will have an opportunity to submit questions regarding the requirements outlined in this RFP. In order to make the meeting more effective for all participants, attendees should read this document thoroughly prior to the meeting.

Substantial clarifications or changes required as a result of the meeting will be issued in the form of a written addendum to the RFP. A list of attendees will be distributed upon request.

4.0 SCOPE OF SERVICES

It is the responsibility of the security company to lock the restrooms within the City of Roseville Parks on a daily basis based on the specifications listed below. There are 14 separate facilities, 3 with multiple restroom buildings. We estimate that it will take an individual to lock the facilities about 4 hours to complete uninterrupted. Below are the descriptions of the scope of duties:

1. All restrooms shall be checked to confirm they are not occupied prior to locking.
2. Parks without sports court or field lighting shall be locked no earlier than sunset. This time would shift as the days get longer and the company that accepts the job must be able to adjust the schedule.
3. Parks identified with sports court or field lighting (see Attachment **H**) shall be locked no earlier than 11pm during the term of this contract.
4. Vehicles are not allowed onto park sidewalks and pathways in the Parks to get to restrooms, with the exception of the Maidu Softball Complex Building.
5. If the facility is occupied at lock up, the security personnel shall inform occupant the facility is closed and is being locked. The occupant shall be allowed up to 5 minutes to vacate the restroom.
6. If someone refuses to leave, the security staff shall call Roseville Polic Department, explain the situation, and continue locking other sites then return to lock the restroom later in the evening.
7. An e-mail shall be sent to the designated city contact at the end of the shift to report damage or issues (such as broken locks, graffiti, burned out security lights, etc.) that may have been observed during the evening.
8. There are NO LOCK nights the evening **prior** to the following major holidays: New Years Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving and Christmas.
9. Proposal must include method/pricing that defines adjustments in the invoicing for additions and subtractions to the facilities to be locked.
10. City will provide four (4) sets of keys which Contractor will be responsible for returning at the end of contract. If any of the sets of keys are lost or damaged, Contractor will notify City immediately. City will replace key at our cost. Contractor shall not make copies.
11. Contractor shall be able to provide additional services such as site security, additional facility lock up, additional site patrol, based on an agreed upon quoted price prior to performed service.

4.1 **Multiyear Agreements** - The initial contract will be from date of award through June 30, 2027. The City reserves the right to renew the contract for four (4) additional years, one (1) year at a time at its sole discretion. The vendor receiving the contract award for the initial contract will

retain that contract award throughout the life of the contract, including the optional renewal years.

The initial contract will be awarded based on the prices determined through the initial contract negotiation process. Sixty days prior to the expiration date of the current contract, the City is willing to re-negotiate out-year pricing (increases and/or decreases) based on market fluctuations. The pricing for each renewal year will be evaluated based on what the City deems to be fair and reasonable pricing. Any requests made by the vendor for a price increase must be fully documented utilizing an appropriate Consumer or Producer Price Index or other relevant market data to justify a price change. In its request for price increases Seller shall cite sources, specific conditions, and document how those conditions affect the cost. The City of Roseville is also willing to re-negotiate pricing if it is affected by catastrophic circumstances (example: unforeseen national/world crisis or acts of God).

Price adjustments will not be automatic. They must be mutually agreed upon by both the City and the vendor. The City will review the proposed pricing and determine if it is allowable, fair, reasonable, and in the best interest of the City to extend the agreement.

5.0 ASSURANCE OF DESIGNATED PROJECT TEAM

Proposer shall ensure that the designated project team, including sub-consultants or sub-contractors (if any), is used for this project. Departure or reassignment of, or substitution for, any member of the designated project team, sub-consultant(s) or sub-contractor(s) shall not be made without the prior written approval of the City.

6.0 PROPOSAL FORMAT REQUIREMENTS

Each response to this RFP shall include the information described in this section. Provide the information in the specified order. Failure to include all of the information specified may be cause for rejection. Additional information may be provided but should be succinct and relevant to the goals of this RFP. Any additional information that a proposing Contractor wishes to include that is not specifically requested should be included in an appendix to the proposal.

Contractors are encouraged to keep the proposals brief and to the point but sufficiently detailed to allow evaluation of the project approach. Unauthorized conditions, omissions, limitations or provisions attached to a proposal may render the proposal non-responsive and may cause its rejection.

Proposers are warned against making erasures or alterations of any kind, without initialing each and every such change. Proposals that contain erasures or irregularities of any kind, without such initialing, or omissions, may be rejected.

If provided via regular mail, the proposal should be bound or contained in a loose-leaf binder. Document pages shall be 8-1/2 inches by 11 inches in size or folded to such a size. Use section dividers, tabbed in accordance with this section as specified below.

6.1 **Cover Letter** with the following information:

- Title of this RFP

- Name and Mailing Address of Firm (include physical location if mailing address is a PO Box)
- Contact Person, Telephone Number, Fax Number, and Email Address
- A statement that the submitting Contractor will perform the services and adhere to the requirements described in this RFP, including any addenda.

6.2 **Signature Requirements** - The attached Proposer's Certification (**Attachment A)** shall be executed by an official(s) legally authorized to bind the Contractor which states that the proposal is valid for ninety (90) days. Include the executed copy of the Proposer's Certification under Tab G. Note: This is ninety (90) days following the closing date for the receipt of all proposals.

- Proposals submitted on behalf of a Partnership shall be signed in the firm name by a partner or the Attorney-in-Fact. If signed by the Attorney-in-Fact, there shall be attached to the proposal a Power-of-Attorney evidencing authority to sign proposals, dated the same date as the proposal and executed by all partners of the firm.
- Proposals which are submitted on behalf of a Corporation shall have the correct corporate name thereon and the actual signature of the authorized officer of the corporation written (not typed) below the corporate name. The title of the office held by the person signing for the corporation shall appear below the signature of the officer.
- Proposals which are submitted on behalf of a Limited Liability Company ("LLC") shall be signed by the person or persons authorized to bind the LLC under the LLC's articles of organization.
- Proposals which are submitted by an Individual Doing Business under a firm name ("dba") shall be signed in the name of the individual doing business under the proper firm name and style.

6.3 **TAB A: Firm's Qualifications** – Describe your firm and provide a statement of your firm's qualifications for performing the requested services. Identify the services which would be completed by your firm's staff and those that would be provided by sub-consultants or sub-contractors, if any. Identify any sub-consultants or sub-contractors you propose to utilize to supplement your firm's staff. Include the firm's organizational chart, including its constituent parts, and size variation of staffing levels in the past five (5) years.

6.4 **TAB B: Experience and References** – Provide a summary of your firm's experience in providing these or similar services. Provide a minimum of three (3) references for projects or services similar in nature and scope that your firm's team members have completed in the last five (5) years. Include brief descriptions of the projects, dates, client names and contact persons' names, addresses and telephone numbers. Public sector references are preferred.

6.5 **TAB C: Qualifications of Team** – Provide a brief summary of the role, qualifications and experience of each team member and designated project manager/lead assigned to this project, including length of service with the firm and the qualifications/experience of any sub-consultant or sub-contractor staff on your project team. A project team organizational diagram and brief resume of each team member and the designated project manager/lead for each applicable category shall be included. The geographic location of the firm and key

personnel shall also be identified. Any proposed sub-consultants or sub-contractors shall be listed. Include sub-consultant's and sub-contractor's assigned task(s) and experience. Full resumes may be included in the appendix.

6.6 **TAB D: Project Understanding** – Based on the available information, supplemental research, field observations, and experience with similar projects, provide a narrative describing your understanding of the services requested in this RFP, your general approach and any major challenges to achieving the City's stated goals. Include any issues that you believe will require special consideration for this project. Also identify any unique approaches or strengths that your firm may have related to this project. City staff will assess your understanding of all aspects of the project based on the overview.

6.7 **TAB E: Project Plan** – Provide a detailed discussion of your firm's approach to the successful implementation of this project. Include thorough discussions of methodologies you believe are essential to accomplishing this project. Include a proposed work schedule to accomplish all of the required tasks within the desired timeline. Identify the staff who would be assigned to each task, including sub-consultants and sub-contractors. List any necessary equipment, training or installation services required.

6.8 **TAB F: Cost Proposal** – Provide a total cost proposal for all products and services to be delivered, and a breakdown of costs delineated by tasks as described in your project plan. Include a schedule of hourly rates for all proposed staff and the amount of time each person will be devoted to this project. Define any reimbursable expenses requested to be paid by the City.

6.9 **TAB G: Required Statements/Documents** – Include statements of assurance regarding the following requirements in the proposal:

- Non-substitution for the designated members of the team without approval by City staff **(Section 5.0)**
- The absence of a conflict of interest **(Section 10.4)**
- Indicate your ability and agreement to fulfill the indemnification and insurance requirements contained in the sample contract **(Section 10.7)**. (Please note that actual certificates of insurance are not required as part of your submittal.)
- A statement that nothing contained in the submitted proposal will be proprietary. (**Section 10.23**)

Submit the following documents with proposal:

- Proof of registration with California Secretary of State. **Note:** All proposers must be registered with the Secretary of State or have a valid exemption by the time of award.
- Executed copy of Proposer's Certification (**Attachment A)**
- Levine Act Disclosure Statement Form (**Attachment B**)
- Contractor Licenses (**Attachment C**)
- Subcontractor List (**Attachment D)**
- Executed copy of Non-collusion Declaration (**Attachment E**)

6.10 **TAB H: Exceptions** – Describe any and all proposed exceptions, alterations or amendments to the Scope of Services or other requirements of this RFP, including the Sample Contract (**Attachment F**). The nature and scope of your proposed exceptions may negatively affect

the evaluation of your submittal and the City's determination of whether it is possible to successfully negotiate a contract with your firm.

6.11 **TAB I: Competency of Proposers** – The City wants to ensure that the successful Contractor has the necessary facilities, ability, experience, and financial resources to provide the services specified herein in a satisfactory and timely manner. Please list and explain any pending bankruptcies, liens, stop payment notices, judgments, lawsuits, arbitrations, mediations, foreclosures, and any similar actions filed or resolved in the past seven (7) years. Please indicate whether a client has ever terminated a contract with your firm for breach, and if so, please explain. Also, furnish a statement of financial resources demonstrating that the Contractor has the ability to maintain a staff of regular employees, sub-consultants or sub-contractors adequate to ensure continuous performance of work, and demonstrating that the equipment for the work contemplated is sufficient, adequate and suitable.

7.0 SUBMITTAL INSTRUCTIONS

7.1 Your submittal package shall include the following:
If mailing, the below guidelines apply.

- **One (1) original and four (4) printed copies** of your proposal; and
- **One (1) electronic copy** of your proposal in PDF format on a flash drive or other electronic media

OR

If submitting your proposal via electronic mail, then send one (1) copy of the proposal to cityclerkroseville@roseville.ca.us. The file size limit is 25 megabytes.

7.2 Proposals shall be submitted not later than the time and date indicated on the cover page of this RFP. If mailing the proposal, then it shall be submitted in a sealed envelope or container and clearly marked with the RFP title on the outside of the parcel. **Complete and attach the "Sealed Proposal" label to the outside of the envelope or package containing your proposal.**

7.3 Proposals shall be delivered to:

City of Roseville
Attn: City Clerk Department
311 Vernon Street
Roseville, CA 95678

Or electronically mailed to: cityclerkroseville@roseville.ca.us

7.4 The City shall not be responsible for proposals delivered to a person or location other than that specified herein.

7.5 Postmarks will not be accepted, and proposals received after the deadline date and time will not be accepted or considered. **No exceptions.**

7.6 The City reserves the right to waive minor defects and/or irregularities in proposals and shall be the sole judge of the materiality of any such defect or irregularity.

7.7 All costs associated with proposal preparation shall be borne by the proposer.

8.0 EVALUATION CRITERIA

The following evaluation criteria and rating schedule will be used to determine the most highly qualified firm(s)

Evaluation Criteria	Maximum Points Possible
A. Experience and qualifications of firm and proposed staff/sub-consultants/sub-contractors (per Sections 6.3 - 6.5)	25
B. Understanding of the Project – Proposed Project Plan (per Section 6.6 – 6.7)	25
C. Proposed Cost (per Section 6.8)	50
Total Possible Points:	**100**

9.0 SELECTION PROCESS

9.1 Award of the RFP shall be made to the responsible proposer whose proposal is determined, through a formal evaluation panel process, to be the most advantageous to the City after the evaluation panel has taken into consideration the evaluation factors set forth in the RFP. A master score sheet shall be created based on the evaluation panel's initial evaluation. Proposals shall be scored according to the criteria stated in the RFP.

9.2 Proposals submitted will be reviewed by a selection committee. Contractors that have submitted the best and most complete proposals may be invited to an interview. The number of Contractors invited to an interview may vary depending upon the number of proposals submitted.

9.3 Should the City elect to conduct interviews with any proposers, the following criteria shall be considered, and each proposer ranked by the evaluation panel during the interview process: a) Quality of presentation, b) Ability to meet the City's business goals, c) Communication style.

9.4 The City reserves the right to make a selection after review of the proposals without oral interviews; therefore, the proposal should be submitted initially on the most favorable terms that the Contractor might propose.

9.5 A contract will be negotiated with the Contractor considered best meeting the City's need for this project. In the event a mutually satisfactory contract cannot be negotiated with the City's first choice, negotiations may be terminated and commenced with the Contractor considered next best in meeting the City's needs for this particular project.

9.6 The selected Contractor will be required to execute a City prepared contract. The contract may further refine the scope of services and will provide for the terms and conditions of employment.

9.7 The award of any contract is expressly contingent upon City Council approval and the availability of funds. City staff may not legally bind the City to a contract.

9.8 The City reserves the right to reject any or all proposals, or to waive minor irregularities in said proposals, or to negotiate minor deviations with the successful Contractor(s). In the case of differences between written words and figures in a proposal, the amount stated in written words shall govern. In the case of a difference in unit price versus the extended figure, the unit price shall govern.

9.9 The City reserves the right to seek clarification on any or all proposal submittals to ensure the RFP specifications are met. Proposals may be rejected from any proposer who does not comply with the City's request for clarification.

9.10 Once a decision has been made to award the contract, then a formal notice of the intent to award to the recommended proposer(s) shall be made by the Department.

9.11 A City of Roseville business license as well as all applicable permits, licenses and certifications required by local, state or federal law are required before the award of contract.

10.0 GENERAL TERMS & CONDITIONS

10.1 **Standard Contract**. Upon completion of the evaluation and recommendation for award, the selected Contractor will be required to execute an agreement prepared by the City, a sample of which is included as **Attachment F**.

10.2 **Independent Contractor**. At all times the Contractor shall represent himself/herself to be an independent contractor offering such services to the general public and shall not represent himself/herself, or his/her employees, to be an employee of the City. Therefore, the Contractor shall assume all legal and financial responsibility for taxes, FICA, employee fringe benefits, workers' compensation, employee insurance, minimum wage requirements, overtime, etc., and agrees to indemnify, save, and hold the City, its officers, agents, and employees, harmless from and against, any and all loss, cost (including attorneys' fees), and damage of any kind related to such matters.

10.3 **Non-Appropriation**. The City may terminate any resulting contract at the end of any fiscal year, June 30th, without further liability other than payment of debt incurred during such fiscal year, should funds not be appropriated by its governing body to continue services for which the contract was intended.

10.4 **Conflict of Interest**. The Contractor shall warrant that no official or employee of the City has an interest, has been employed or retained to solicit or aid in the procuring of the resulting contract, nor that any such person will be employed in the performance of such contract without immediate divulgence of such fact to the City. Contractors submitting a proposal in response to this RFP must disclose any actual, apparent, direct, indirect, or

potential conflicts of interest that may exist with respect to the Contractor or the Contractor's management or employees relative to the services to be provided to the City. Conflict of interest issues may require consultation with legal counsel. If a Contractor has no conflicts of interest, a statement to that effect must be included in the proposal. Violation of this section shall be a material breach of the contract entitling the City to any and all remedies by law or in equity.

10.5 **Undue Influence**. The Contractor shall warrant via an executed Proposer's Certification (**Attachment A)** that no undue influence or pressure is used against or in concert with any officer or employee of the City in connection with the award or terms of the contract that will be executed as a result of this RFP, including any method of coercion, confidential financial arrangement or financial inducement. No officer or employee of the City shall receive compensation, directly or indirectly, from the Contractor, or from any officer, employee or agent of the Contractor, in connection with the award of the contract or any work to be conducted as a result of this RFP. Violation of this section shall be a material breach of the contract entitling the City to any and all remedies by law or in equity. Additionally, the Contractor shall provide a completed Levine Act Disclosure Statement form (**Attachment B**). A party to a proceeding before an agency involving a license, permit, or other entitlement for use, including contracts not competitively bid and awarded to the lowest responsible bidder with a responsive bid shall disclose on the record of the proceeding any contribution in an amount of more than two hundred fifty dollars ($250) made within the preceding 12 months by the party or the party's agent to a City official/campaign. (Gov. Code, § 84308.) For additional information: https://www.roseville.ca.us/government/departments/city_clerk/transparency/levine_act.

10.6 **Non-Collusion**. Contractors submitting proposals shall warrant via an executed Proposer's Certification (**Attachment A**) that their offer is made without any previous understanding, agreement or connection with any person, firm or corporation submitting a separate proposal for the same project and is in all respects fair, without outside control, collusion, fraud or otherwise illegal action. This condition shall not apply to proposals which are submitted by firms who have partnered with others to submit a cooperative proposal that clearly identifies a primary contractor and the associated sub-consultants or sub-contractors. Proposers shall also submit a properly completed and executed "Non-collusion Declaration" which is attached as (**Attachment E**).

10.7 **Indemnification & Insurance Requirements**. The City's standard indemnification and insurance requirements are provided in the sample contract, included in (**Attachment F**). All costs of complying with the insurance requirements shall be as included in your pricing. The selected Contractor shall provide complete and valid insurance certificates within ten (10) days of the City's written request. Failure to provide the documents within the time stated may result in rejection of the Contractor's proposal. If a proposer takes exception to the indemnification and insurance requirements, then the nature and scope of the proposed exceptions may negatively affect the evaluation of that proposer's submittal and the City's determination of whether it is possible to successfully negotiate a contract with that firm. Submitting exceptions are at the proposer's own risk.

10.8 **Cost of Preparing Proposal**. The City will not pay any costs incurred by any Contractor in preparing or submitting a proposal in response to this RFP.

10.9 **Proposals Property of the City**. All documents or materials submitted with or in conjunction with any proposal, including but not limited to electronic files, shall become the property of the City after the proposal submission deadline. No submission documents will be returned. During negotiations, the scope of services may be amended by the City and negotiated based upon ideas provided by other proposers or any other source.

10.10 **Proposals are Public Records**. All proposals submitted are subject to the public disclosure requirements under the laws of the State of California, unless the City identifies and exercises a right or obligation to exempt any record from public disclosure. However, proposals will not be disclosed until negotiations are complete and a recommendation for selection and award is made.

10.11 **Protests.**

(a) Protest Requirements

(1) Any proposer who is aggrieved in connection with the solicitation or award of a contract may file a protest with the City Clerk's office. The protest must be received in writing by the City Clerk's office within seven (7) calendar days after such aggrieved proposer 1) knows or should have known of the facts giving rise thereto or 2) the date of the notice of intent to award, whichever is sooner. In no event shall a protest be allowed after an award has been made by City Council. If the seventh calendar day falls on a weekend or City holiday, the protesting party may submit the protest prior to close of business on the first business day following such weekend or holiday. Failure to submit a timely protest shall bar consideration of a protest.

(b) Grounds for Protest

(1) The alleged grounds for protest shall be limited to the following: (a) computation errors, (b) violations of local, state, or federal law, or (c) the City failed to follow the procedures specified in this Policy.

(2) The protest shall state all grounds claimed for the protest and include supporting documentation. Failure to clearly state the grounds for the protest and provide supporting documentation shall be deemed a waiver of all protest rights.

(c) Administrative Review

Upon receipt of the protest and after determining the protest was properly filed, the Department Director shall provide a copy of the protest to other proposers who might become aggrieved as a result of the protest and issue a written decision within fourteen (14) calendar days after receipt of the protest. The protest will be evaluated by the Department Director, the City Attorney's Office, and the Purchasing Manager. The protesting proposer shall promptly provide any information requested by City staff as part of such investigation. The decision shall either deny or uphold the protest and include reasons for the decision. The written decision shall be final.

(d) Stay of Action During a Protest

In the event a protest is filed under Section 10.11, the City shall not proceed further with the award of the contract until the protest is resolved, unless:

(1) The City Manager or designee makes a determination that the award of the contract without delay is necessary to protect a substantial interest of the City, or

(2) The City decides to reject all proposals and issue a new RFP.

10.12 **Rejection of RFP**. The City reserves the right to reject any or all proposals, to waive defects or irregularities in any proposal or in the RFP process, and to offer to negotiate or contract with any Contractor in response to any RFP. This RFP does not constitute any form of offer to contract.

10.13 **Multiple Award.** The City reserves the right to award the contract to multiple contractors when applicable.

10.14 **Increasing/Decreasing Portions of RFP**. The City reserves the right to increase or decrease the amount of any portions of the work represented in the RFP and/or to omit portions of said work, as may be deemed necessary by the City.

10.15 **Rejection as Non-Responsive**. Proposals may be rejected as non-responsive at the City's sole discretion if there are alterations of form, the proposal is conditional or the proposal is incomplete.

10.16 **Modifying RFP**. The City reserves the right to modify any portion of, or to postpone or cancel this RFP at any time, and/or reject any and all submissions without indicating any reason.

10.17 **If no proposal is accepted**, the City may elect to have the services performed in some other manner.

10.18 **Rejecting Team Members, Firms or Sub-contractors**. The City reserves the right to reject individual team members, firms, sub-consultants or sub-contractors and request substitution prior to contract award.

10.19 **Local Business, Small Business, Minority and Women Owned Business**. Although no preferences will be given, the City highly encourages submission of proposals by local businesses, by small business owners, and by minority and women-owned businesses.

10.20 **Withdrawal of Proposals**. Proposals may be withdrawn prior to the date and time specified for proposal submission with a formal written notice by an authorized representative of the proposer delivered to the City Clerk's Office. Proposals submitted will become property of the City after the proposal submission deadline.

Proposals may not be withdrawn for ninety (90) days after the due date unless the City enters into a contract with another Contractor prior to the expiration of that ninety (90) day period.

10.21 **Prohibited Transmittals**. No telephone or facsimile proposals will be accepted. If a photocopy is submitted, the proposal must be signed in ink.

10.22 **Proposal Postponement and Amendment**. The City reserves the right to revise or amend the RFP or specifications up to the time set for opening of the proposals. Such revisions and amendments, if any, shall be announced by amendments to this RFP through the City's web site. Copies of such amendments shall be furnished to all prospective proposers. Prospective proposers are defined as those proposers who have registered and are on the City's RFP list for this material/service. If revisions and amendments require changes in quantities, prices or scope of services, the date set for opening of the proposals may be postponed by such number of days as in the opinion of the City shall enable proposers to revise their proposals. Proposals which fail to acknowledge a substantive addendum to the RFP, as determined by the City Attorney's Office, on the City supplied addendum form will be rejected as non-responsive. Any revisions or amendments to the RFP will become incorporated into any contract awarded pursuant to the RFP.

10.23 **Proprietary Information**. Proposers submitting a proposal in response to this RFP must provide a statement that nothing contained in the submitted proposal will be proprietary. However, if a proposer desires to claim a privilege against public disclosure for a trade secret or other proprietary information, such information must be submitted with the proposal in a separate envelope marked "confidential." The City Attorney's Office will determine if the information is in fact proprietary, based on state and federal law. Note that under California law, a price proposal to a public agency is not a trade secret. The Contractor shall defend, indemnify and hold harmless the City regarding any claim by any third party for the public disclosure of the "confidential" portion of the proposal.

10.24 **Right to Request Additional Information**. During the evaluation process, the City reserves the right, where it may serve the best interests of the City, to request additional information and clarifications from proposers. Such information will be requested in writing to the specific proposer. This information will become a part of the original proposal submitted by the specific proposer and will be used by the City in evaluating the proposal and will not be shared with other proposers during the evaluation and negotiation process.

10.25 **Modification of Proposals**. Modification of a proposal already received will be considered only if the modification is received prior to the deadline date for receiving proposals. All modifications shall be made in writing, executed, and submitted in the same form and manner as the original proposal.

10.26 **Examination of Contract Documents**. Each proposer shall thoroughly examine and be familiar with the terms of this RFP, the sample contract attached as **Attachment F**, legal and procedural documents, general conditions, specifications, and addenda (if any), which will constitute the contract documents. Submission of a proposal shall constitute acknowledgement, upon which the City may rely, that the proposer has thoroughly examined and is familiar with the contract documents. Failure or neglect of a proposer to receive or examine any of the contract documents shall in no way relieve the proposer of any obligation with respect to their proposal or to the contract. No claim for additional compensation will be allowed which is based upon lack of knowledge of any contract document.

10.27 **Non-Discrimination**. The City maintains various policies related to contractual service providers. Among these is an anti-discrimination policy, which requires that the City's contractors not discriminate in hiring on the basis of gender, race, religion, sexual orientation, medical condition, and all other categories protected by law. Upon acceptance of a proposal, the City may request that the selected Contractor sign a statement affirming its compliance with this policy.

10.28 **No Assignment or Modifications.** This awarded contract is to be binding on the successors and assigns of the parties hereto. The services called for herein are deemed unique and except as provided herein Contractor shall not assign, transfer, subcontract, or otherwise substitute its interest in the agreement or any of its obligations herein without the written consent of the City. The Agreement may be modified only by a written amendment signed by the parties.

10.29 **Bankruptcy.** Upon filing for any bankruptcy or insolvency proceeding whether voluntary or involuntary, or upon the appointment of a receiver, trustee, or assignee for the benefit of creditors, the Contractor must notify the City immediately. Upon learning the actions herein identified, the City reserves the right, at its sole discretion, to cancel the contract.

10.30 **Bonds**. The successful Contractor will be required to provide a 100% Faithful Performance Bond and a 100% Labor and Materials Bond using the City's forms.

10.31 **Debarment.** Contractor certifies that Contractor, its employees, directors, officers, agents, subcontractors, vendors, consultants, and volunteers are not presently debarred, excluded, suspended, declared ineligible, voluntarily excluded, or proposed for debarment, exclusion, suspension or ineligibility by any federal, state, or local department or agency.

Attachment A

PROPOSER'S CERTIFICATION

I hereby propose to furnish the goods or services specified in the Request for Proposals ("RFP"). I agree that my proposal will remain firm for a period of up to ninety (90) days in order to allow the City of Roseville ("City") adequate time to evaluate the qualifications submitted.

I have carefully examined the Request for Proposals and any other documents accompanying or made a part of this RFP. The information contained in this proposal is true and correct to the best of my knowledge and is signed under penalty of perjury under the laws of the State of California. I further certify that I am duly authorized to submit this proposal on behalf of the firm as its authorized agent and that the firm is ready, willing and able to perform if awarded the contract.

I further certify that this proposal is made without prior understanding, agreement, connection, discussion, or conspiracy with any other person, firm or corporation submitting a proposal for the same product or service; that this proposal is fair and made without outside control, collusion, fraud or illegal action; that no officer, employee or agent of the City or any other proposer is financially interested in said proposal; that no undue influence or pressure was used against or in concert with any officer, employee or agent of the City in connection with the award or terms of the contract that will be executed as a result of this RFP; and that the undersigned executed this Proposer's Certification with full knowledge and understanding of the matters therein contained and was duly authorized to do so.

Attachment B

LEVINE ACT DISCLOSURE STATEMENT

(The completed form submitted to the City of Roseville is a public record.)

California Government Code Section 84308, commonly referred to as the "Levine Act," prohibits any "Officer" (elected or appointed officer, any alternate thereto, and any candidate for elective office) from participating in any consideration or action related to a proceeding if they receive political contribution(s) from a party, or its agent(s), totaling more than $250 within the previous twelve (12) months, while a proceeding is pending, and for twelve (12) months following the date of a final decision in a proceeding concerning a license, permit, other entitlement for use, franchise, or contract (collectively "license, permit, or contract"). For additional information: https://www.roseville.ca.us/government/departments/city_clerk/transparency/levine_act.

City Officers are listed at the following sites:

- The Members of City Council - https://www.roseville.ca.us/government/city_council/meet_council
- Boards & Commission Members - https://www.roseville.ca.us/government/boards_commissions

Parties and their Agents are responsible for reviewing and disclosing their applicable contributions to City Officers on the record of a proceeding.

1. Have you or your entity, or any agent on behalf of you or your entity, made any political contribution(s) totaling more than $250 to any City Officer in the twelve (12) months preceding the date of the submission of your license, permit, or contract, or the anticipated date of any City Council, Board, or Commission consideration or action related to this license, permit, or contract?

YES _____ NO _____

If yes, please identify the City Officer(s): _____

2. Do you or your entity, or any agent on behalf of you or your entity, anticipate or plan to make any political contribution(s) totaling more than $250 to any City Officer in the twelve (12) months following any City Council, Board, or Commission consideration or action related to this license, permit, or contract?

YES _____ NO _____

If yes, please identify the City Officer(s): _____

Answering yes to either of the two questions above does not preclude the City of Roseville from considering and/or taking action on a license, permit, or contract. It does, however, potentially preclude the identified City Officers from participating in consideration of and in taking any actions related to the license, permit, or contract. Please accurately complete and sign this form, under the penalty of perjury:

_____

(Date) (Printed Name/Title of Authorized Representative) (Name of business/legal entity)

_____

(Signature)

You must submit a supplemental form if you make any new reportable contribution(s) while the contract, license, permit, or other entitlement is being considered. If this form has not previously been submitted in connection with a contracting, licensing, entitlement or permitting process, please provide the completed form to the Office of the City Clerk for appropriate departmental routing, at: City Clerk, 311 Vernon St., Roseville, CA 95678, CityClerkRoseville@roseville.ca.us

LEVINE ACT DISCLOSURE STATEMENT

(The completed form submitted to the City of Roseville is a public record.)

Term	Definition	Law
Covered "proceedings"	A proceeding to grant, deny, revoke, restrict, or modify a license, permit or other entitlement for use, that does not solely involve purely ministerial decisions and is: (1) Applied for by the party; (2) Formally or informally requested by the party; or (3) A contract between the agency and the party or a franchisee granted by the agency to the party, other than a contract that is **competitively bid**, a **labor contract**, or a **personal employment contract**.	FPPC Reg 18438.2(a)
Party	Any person who files an application for, or is the subject of, a proceeding involving a license, permit, or other entitlement for use.	Gov. Code 84308(a)(1)
Participant	Any person who is not a party but who actively supports or opposes a particular decision in a proceeding involving a license, permit, or other entitlement for use and who has a financial interest in the decision. A person actively supports or opposes a particular decision in a proceeding if that person lobbies in person the officers or employees of the agency, testifies in person before the agency, or otherwise acts to influence officers of the agency.	Gov. Code 84308(a)(2) FPPC Reg 18438.4
Agent	A person who represents a party or participant for compensation and appears before or otherwise communicates with the governmental agency for the purpose of influencing the pending proceeding. See FPPC Reg 18438.3 for exceptions for certain consultants.	FPPC Reg 18438.3
Competitively Bid	A contract required by law to be awarded to the lowest responsible bidder with a responsive bid, or, if the successful bidder refuses or fails to execute the contract, to the next lowest bidder with a responsive bid.	FPPC Reg 18438.2(a)(3)(A)
Labor Contract	A contract or agreement reached through collective bargaining or with a representative group regarding the salary, benefits, or terms and conditions under an employment or retirement policy for employees or retirees, including a project labor agreement entered under Public Contract Code Section 2500.	FPPC Reg 18438.2(a)(3)(B)
Personal Employment Contract	A contract for employment, including the terms and conditions of employment, between the agency and an agency employee. A contract with an independent contractor is NOT a personal employment contract.	FPPC Reg 18438.2(a)(3)(C)-(D)

A **party** to a proceeding before an agency involving a license, permit, or other entitlement for use **shall disclose on the record of the proceeding** any contribution in an amount of more than two hundred fifty dollars ($250) made within the preceding 12 months by the party or the party's agent.

A **party**, **or agent to a party**, to a proceeding involving a license, permit, or other entitlement for use pending before any agency or a participant, or agent to a participant, in the proceeding **shall not make a contribution** of more than two hundred fifty dollars ($250) to any officer of that agency during the proceeding and for 12 months following the date a final decision is rendered by the agency in the proceeding.

(Gov. Code, § 84308, emphasis added.)

NONCOLLUSION DECLARATION TO BE EXECUTED BY BIDDER AND SUBMITTED WITH BID

The undersigned declares:

I am the _____ of _____, the party making the foregoing bid.

The bid is not made in the interest of, or on behalf of, any undisclosed person, partnership, company, association, organization, or corporation. The bid is genuine and not collusive or sham. The bidder has not directly or indirectly induced or solicited any other bidder to put in a false or sham bid. The bidder has not directly or indirectly colluded, conspired, connived, or agreed with any bidder or anyone else to put in a sham bid, or to refrain from bidding. The bidder has not in any manner, directly or indirectly, sought by agreement, communication, or conference with anyone to fix the bid price of the bidder or any other bidder, or to fix any overhead, profit, or cost element of the bid price, or of that of any other bidder. All statements contained in the bid are true. The bidder has not, directly or indirectly, submitted his or her bid price or any breakdown thereof, or the contents thereof, or divulged information or data relative thereto, to any corporation, partnership, company, association, organization, bid depository, or to any member or agent thereof, to effectuate a collusive or sham bid, and has not paid, and will not pay, any person or entity for such purpose.

Any person executing this declaration on behalf of a bidder that is a corporation, partnership, joint venture, limited liability company, limited liability partnership, or any other entity, hereby represents that he or she has full power to execute, and does execute, this declaration on behalf of the bidder.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct and that this declaration is executed on _____ [date], at _____ [city], _____ [state].

This Contract Purchase Agreement is sent for your review and acceptance. Notify the Buyer via email of any needed changes to the company name, address, and contact information. The Buyer will update the agreement prior to you signing the document.

Return signed copies of the agreement to the Buyer noted on the agreement. Alterations or modifications to the agreement are not allowed. Upon receipt of all necessary documents, the City will sign the agreement and return a fully executed copy to you. Receipt of the signed copy will be your notice to proceed with the work in accordance with the terms and conditions of the agreement. Work must not begin until the contract has been fully executed.

The following guidelines must be followed for the signature block on the agreement:

Sole proprietorship - **By owner**

Partnership - **Any general partner**

Corporation - **Two options:**
(1) A signature from the President and the corporate seal; **OR**
(2) One signature from the Chairman of the Board, President, or any Vice President **AND** one signature from the Secretary, any Assistant Secretary, Chief Financial Officer, or any Treasurer or Assistant Treasurer of the corporation

*General Manager, Office Manager and/or Sales Manager are **not** corporate officer titles. The agreement will be rejected if not signed in accordance with these guidelines.

Insurance requirements:
The City's insurance requirements are referenced on Attachment A of the agreement. By signing the agreement, you are confirming that your company has the minimum insurance limits required.

Contract Terms and Conditions

1. To the fullest extent allowed by law, Contractor shall defend, indemnify, and save and hold harmless the City, its officers, agents, employees and volunteers from any claims, suits or actions of every name, kind and description brought forth, or on account of, injuries to or death of any person (including but not limited to workers and the public), or damage to property, resulting from or arising out of Contractor's willful misconduct or negligent act or omission while engaged in the performance of obligations or exercise of rights created by this Agreement, except those matters arising from City's sole or active negligence or willful misconduct. The parties intend that this provision shall be broadly construed. Contractor's responsibility for such defense and indemnity obligations shall survive the termination or completion of this Agreement for the full period of time allowed by law. The defense and indemnity obligations of this Agreement are undertaken in addition to, and shall not in any way be limited by, the insurance obligations contained in this Agreement.
2. Contractor is an independent contractor, and shall not be considered an officer, agent or employee of the City.
3. Without the written consent of the City, this Agreement is not assignable by Contractor either in whole or in part.
4. Time is of the essence of this Agreement.
5. At any time during the term of this Agreement, the City has the right to terminate this Agreement, provided Contractor is given thirty (30) days written notice. City's termination shall be without further liability to City; however, Contractor shall be entitled to all costs reasonably incurred prior to the date of termination. Contractor acknowledges that City may terminate this Agreement should funds not be appropriated by its governing body to continue services under this Agreement.
6. This Agreement may only be amended or modified in writing. It is integrated and contains the complete understanding of the parties.
7. All equipment, supplies and services sold to the City of Roseville shall conform to the general safety orders of the State of California.
8. Unless notified to the contrary, in writing, the City assumes that the Contractor has accepted the work in accordance with the plans and specifications (if any) and agrees to do the work in compliance with this Agreement.
9. All prevailing wages and fair employment practices must be adhered to. For prevailing wage contracts over $25,000, copies of certified payroll must be submitted with invoices. Prevailing wage rates may be obtained from the State Department of Industrial Relations and/or the following website address: http://www.dir.ca.gov/dlsr/DPreWageDetermination.htm. In compliance with Labor Code Section 1773.2, as may be amended from time to time, Contractor shall cause a copy of this website to be posted at each jobsite, as applicable.
10. Contractor agrees to the below insurance requirements:
    a. Unless otherwise specified, the Contractor shall maintain the policies of insurance outlined in Attachment A, incorporated herein by this reference, in full force and effect during the term of this Agreement. The City ofRoseville retains sole discretion in determining the types and proper levels of insurance coverage.
    b. Form. Contractor shall submit a certificate evidencing such coverage for the period covered by this Agreement in a form satisfactory to Risk Management and the City Attorney, prior to undertaking any work hereunder. Any insurance written on a claims made basis is subject to the approval of Risk Management

and the City Attorney.

c. Additional Insureds. Contractor shall also provide a separate endorsement or section of the policy showing City, its officers, agents, employees, and volunteers as additional insureds for each type of coverage (except Workers' Compensation) and for ongoing and completed operations. Such insurance shall specifically cover the contractual liability of Contractor. The additional insured coverage under the Contractor's policy shall be primary and noncontributory, as evidenced by a separate endorsement or section of the policy, and shall not seek contribution from City's insurance or self-insurance. In addition, the additional insured coverage shall be at least as broad as the Insurance Services Office (ISO) CG 20 01 Endorsement. Any available insurance proceeds in excess of the specified minimum insurance coverage requirements and limits shall be available to the additional insureds. Furthermore, the requirements for coverage and limits shall be:

(1) the minimum coverage and limits specified in this Agreement; or
(2) the full coverage and maximum limits of any insurance proceeds available to the named insureds, whichever is greater.

d. Cancellation/Modification. Contractor shall provide thirty (30) days written notice to City prior to cancellation or modification of any insurance required by this Agreement.

e. Umbrella/Excess Insurance. The limits of insurance required in this Agreement may be satisfied by a combination of primary and excess insurance. Any excess insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and noncontributory basis for the benefit of City (if agreed to in a written contract) before City's own insurance shall be called upon to protect it as a named insured.

f. Subcontractors. Contractor agrees to include in its contracts with all subcontractors the same requirements and provisions of this Agreement, including the indemnity and insurance requirements, to the extent they apply to the scope of the subcontractor's work. Furthermore, Contractor shall require its subcontractors to agree to be bound to Contractor and City in the same manner and to the same extent as Contractor is bound to City under this Agreement. Additionally, Contractor shall obligate its subcontractors to comply with these same provisions with respect to any tertiary subcontractor, regardless of tier. A copy of City's indemnity and insurance provisions will be furnished to the subcontractor or tertiary subcontractor upon request.

g. Self-Insured Retentions. All self-insured retentions (SIR) must be disclosed to Risk Management for approval and shall not reduce the limits of liability. Policies containing any SIR provision shall provide or be endorsed to provide that the SIR may be satisfied by either the named insured or City. City reserves the right to obtain a full certified copy of any insurance policy and endorsements. The failure to exercise this right shall not constitute a waiver of such right.

h. Waiver of Subrogation. Contractor hereby agrees to waive subrogation which any insurer of Contractor may acquire from Contractor by virtue of the payment of any loss under a Workers Compensation, Commercial General Liability or Automobile Liability policy. All Workers Compensation, Commercial General Liability and Automobile Liability policies shall be endorsed with a waiver of subrogation in favor of City, its officers, agents, employees and volunteers for all work performed by Contractor, its employees, agents and subcontractors.

i. Liability/Remedies. Insurance coverage in the minimum amounts set forth herein shall not be construed to relieve Contractor of liability in excess of such coverage, nor shall it preclude City from taking such other actions as are available to it under any other provisions of this Agreement or law.

11. Contractor shall comply with all federal, state and local laws and ordinances, including but not limited to the City's storm water regulations, as may be applicable to the performance of services under this Agreement. Failure to comply with local ordinances may result in monetary fines and cancellation of this Agreement. Refer to www.roseville.ca.us/stormwater for links to more information on the City's storm water regulations.
12. In the event that the terms of any attachment or exhibit conflict with any terms of this Agreement, the terms of this Agreement shall control.
13. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. In the event that any signature is delivered by facsimile transmission or by e-mail delivery of a ".pdf" format data file, such signature shall create a valid and binding obligation of the party executing (or on whose behalf such signature is executed) with the same force and effect as if such facsimile or ".pdf" signature page were an original thereof.
14. If either party commences any legal action against the other party arising out of this Agreement or the performance thereof, the prevailing party in such action shall be entitled to recover its reasonable litigation expenses, including but not limited to, court costs, expert witness fees, discovery expenses, and attorneys' fees. Any action arising out of this Agreement shall be brought in Placer County, California, regardless of where else venue may lie. This Agreement shall be governed by and construed in accordance with the laws of the State of California.
15. This Agreement shall be binding upon the heirs, successors, executors, administrators and assigns of the respective parties hereto.
16. If any of the provisions contained in this Agreement are for any reason held invalid or unenforceable, such holding shall not affect the remaining provisions or the validity and enforceability of the Agreement as a whole.
17. For purposes of this Agreement, the terms "Contractor," "Consultant," and "Supplier" are used interchangeably.
18. No contractor or subcontractor may work on a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. During the performance of this agreement, Contractor and its subcontractors shall have a continuing legal obligation to maintain current registration with the Department of Industrial Relations. Contractor is hereby notified that this project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.
19. Vehicles with a gross vehicle weight rating (GVWR) greater than 8,500 lbs. and light-duty package delivery vehicles operated in California may be subject to the California Air Resources Board (CARB) Advanced Clean Fleets regulations. Such vehicles may therefore be subject to requirements to reduce emissions and air pollutants. For more information, visit the CARB Advanced Clean Fleet webpage at https://ww2.arb.ca.gov/our-work/programs/advanced-clean-fleets.
20. Contractor/consultant's duties and services under this agreement shall not include preparing or assisting the public entity with any portion of the public entity's preparation of a request for proposals, request for qualifications, or any other solicitation regarding a subsequent or additional contract with the public entity. The public entity entering this agreement shall at all times retain responsibility for public contracting, including with respect to any subsequent phase of this project. Contractor/consultant's participation in the planning, discussions, or drawing of project plans or specifications, if any, shall be limited to conceptual, preliminary, or initial plans or specifications. Contractor/consultant shall cooperate with the public entity to ensure that all bidders for a subsequent contract on any subsequent phase of this project have access to the same information, including all conceptual, preliminary, or initial plans or specifications prepared by contractor pursuant to this agreement.
21. Contractor must submit all claims as defined in and in accordance with the claim

resolution process set forth in Section 9204 of the Public Contract Code. Each such claim must be sent to the City by registered mail or certified mail with return receipt requested and must contain reasonable documentation to support the claim. All claims must be received prior to acceptance of the work.

22. Contractor certifies that Contractor, its employees, directors, officers, agents, subcontractors, vendors, and volunteers are not presently debarred, excluded, suspended, declared ineligible, voluntarily excluded, or proposed for debarment, exclusion, suspension or ineligibility by any federal, state, or local department or agency.

23. This Agreement may be amended via change order, but only if such change order is made in writing, approved by the City, and signed by both parties.

24. CONTRACTOR agrees to defend and indemnify CITY if, despite the parties intent and practice, any venue, agency, or court with competent jurisdiction determines that CONTRACTOR and/or any of its agents, officers, employees, volunteers, independent contractors, or subcontractors, are characterized as employee(s) of CITY.

    CONTRACTOR and CITY agree that: (a) CONTRACTOR is free from the control and direction of CITY in connection with the performance of the work; (b) CONTRACTOR is providing services directly to CITY; (c) CONTRACTOR has and will maintain at all relevant times a business license; (d) CONTRACTOR maintains a business location that is separate from CITY; (e) CONTRACTOR is customarily engaged in an independently established business of the same nature as that involved in the work performed hereunder; (f) CONTRACTOR actually contracts with other businesses to provide the same or similar services and maintains a clientele without restrictions from CITY; (g) CONTRACTOR advertises and holds itself out to the public as available to provide the same or similar services; (h) CONTRACTOR provides its own tools, vehicles, and equipment to perform the services; (i) CONTRACTOR has negotiated its own rates; (j) CONTRACTOR set its own hours and location of work in accomplishing CITY's on-call needs; and (k) CONTRACTOR has the right to control the manner and means of accomplishing the result desired and exercises its own expert independent judgement.

The supplier named hereon by the acceptance of this order agrees to the provisions of this document titled "Contract Purchase Agreement" and all accompanying terms, conditions, and attachments.

Insurance Submission Process

The City of Roseville Human Resources/Risk Management Department uses a service called EBIX to manage our insurance certificate tracking.

How It Works

- The vendor's contact information is entered into EBIX. EBIX will contact the vendor to request proof of insurance.
- The Vendor can forward the request to their Insurance Agent(s) if necessary.
- Vendor/Insurance Agent submits insurance to EBIX by email to roseville@ebix.com or by fax to (770) 325-5727. After faxing or emailing the certificate, please DO NOT send the certificate by mail to EBIX. Please do not mail, email or fax any certificates to the City of Roseville.
- Once submitted, EBIX reviews the insurance documentation. If there are deficiencies, EBIX will send a follow up letter or email requesting additional information.

Questions Regarding Insurance Submission: Contact EBIX at (951) 652-4239
Questions Regarding Insurance Requirements Contact Risk Management at (916) 774-5202

Asbestos-Containing Materials in City-Owned Buildings

California Health and Safety Code Section 25915 requires that all City of Roseville employees, contractors and lessees be notified annually of the presence of asbestos in City-owned buildings constructed prior to 1979. Please post this notice in an area(s) accessible to all employees, contractors and lessees. Contact Facility Maintenance & Operations at (916) 774-5740 for more information about Asbestos Containing Materials (ACMs) in specific City-owned buildings. For more information about asbestos refer to the OSHA website.

The City of Roseville is committed to maintaining a safe and healthy work environment. The City's Facility Maintenance & Operations staff conducts ongoing inspections to identify and safely manage previously installed asbestos-containing products. Renovation of City-owned buildings **MUST** be reviewed in advance by Facility Maintenance & Operations to ensure the City is in compliance with building codes, Americans with Disabilities Act and that no ACMs are disturbed without proper safeguards. Work that requires removal or repair of ACMs is restricted to trained and qualified persons only. **Facility Maintenance & Operations will need to approve the qualified contractors**.

Use the following measures to protect you and others from exposure to airborne asbestos:

- Presume all building materials contain asbestos until determined otherwise by Facility Maintenance & Operations.
- Do not install walls, closets, cabinets, ceilings.
- Do not remove, cut, drill, sand, grind or otherwise disturb any material in the buildings, including carpet and tile.
- Do not paint (this includes any walls, ceilings, floors and electrostatic painting of office furniture).
- Do not remove any items nailed or screwed to the walls (this includes pictures, cabinets, electrical, etc.).
- Do not go above ceilings, behind walls or into building spaces such as attics and crawlspaces unless these areas have been inspected and cleared by Facility Maintenance & Operations.
- Do not pull cable or wiring through above-ceiling spaces with asbestos.
- Do not install screws, pins, nails or hangers into asbestos ceiling or wall plaster.
- Be careful not to damage walls, ceilings or floors when moving furniture or equipment. It is recommended that Facility Maintenance & Operations be contacted prior to moving furniture or equipment.
- Do not brush, sweep or vacuum textured asbestos ceiling plaster or plaster debris.
- Immediately report any damage or deterioration of suspect building materials to Facility Maintenance & Operations or Risk Management.

It is important to note that the presence of asbestos does not mean you have been exposed. Exposure results when friable asbestos particles are inhaled or ingested. Asbestos becomes friable when material containing asbestos is drilled, sanded or disturbed by remodeling or demolition work or when the ACM has deteriorated. Intact, bonded, sealed or undisturbed asbestos does not pose a hazard.

Employees may review the asbestos survey reports, results of bulk sampling or air monitoring conducted in City-owned buildings. All asbestos data will be available by appointment with Facility Maintenance & Operations.

Evaluation Score Sheets. Upon a request pursuant to section 1.8 (Public Disclosure) of the City's RFP Policy document , a proposer is entitled to a master averaged score sheet that reflects the averaged evaluation scores of the proposers during the evaluation panel's initial evaluation and the ranking of proposers from any interview (individual score sheets and/or notes are temporary and are not retained following a determination of the evaluation panel). The master score sheet and ranking shall be prepared by City staff prior to notifying any proposers of the results.

Section 1.8 Public Disclosure. In accordance with the California Public Records Act, proposals submitted in response to a RFP, master averaged score sheets from the initial evaluation, and/or rankings from any interview shall be made available upon a public records request only after: (1) the proposal evaluation process is complete, (2) a contract has been negotiated, and (3) notice of intent to award has been made and/or the contract is placed on a City Council meeting agenda.

Title:	Salary Schedule Update, Side Letter Agreement with Roseville Police Association and Addendum to the Management/Confidential Terms, Conditions and Understandings
Contact:	Macy Dippert 916-774-5215 mdippert@roseville.ca.us

SUMMARY

As part of an ongoing assessment of the appropriate staffing levels to provide a high level of service to the community, staff recommends that the City Council adopt an ordinance to approve the administrative correction to the International Brotherhood of Electrical Workers, Local 1245 (IBEW) A & B salary schedules to update the Senior Electric Line Troubleshooter salary range. In addition, staff recommends an Addendum to the Management/Confidential Terms, Conditions, and Understandings for Management/Confidential employees related to special compensation language amendments to comply with CalPERS requirements, and a side letter agreement between the City of Roseville and the Roseville Police Association to also address amendments to special compensation language to meet CalPERS requirements. The estimated cost of the administrative correction to the IBEW salary schedules for the Senior Electric Line Troubleshooter is $1,906 to the Electric Fund for the remainder of FY2025-26, all of which can be absorbed by existing appropriations; therefore, no budget adjustment is required at this time. Beyond this fiscal year, the recommended changes have an annual ongoing impact of $9,909 to the Electric Fund.

RECOMMENDATION

As part of an ongoing assessment of the appropriate staffing structure to provide a high level of service to the community, staff recommend the following changes to the City's salary schedules and Memorandum of Understandings to meet business needs. It is recommended that City Council take the following actions:

1. Adopt an ordinance to approve the International Brotherhood of Electrical Workers, Local 1245 (IBEW) A & B Salary Schedules (Appendix B) reflecting an administrative correction to the Senior Electric Line Troubleshooter (1153A/1153B), effective April 18, 2026; and
2. Adopt a resolution to authorize the City Manager to approve an Addendum to the Management/Confidential Terms, Conditions, and Understandings related to special compensation language revisions; and
3. Adopt a resolution to authorize the City Manager to approve the attached side letter agreement between the City of Roseville and the Roseville Police Association (RPA) related to compliance with CalPERS for existing special pay.

BACKGROUND

The proposed recommendations are as follows:

Labor Market Adjustments

It was identified after the initial salary schedules were approved by City Council on April 15, 2026,

that the Senior Electric Line Troubleshooter was not updated to the correct percentage based on an agreement to adjust the internal alignment to be 10% above the journey level class. The labor market adjustment should have been set at the 10% cap, instead of the 7.16% that was processed. The update results in a $6,390.17 increase to the annual salary.

Classification Title	A Salary Schedule % Change	B Salary Schedule % Change
Senior Electric Line Troubleshooter	10.00%	10.00%

Management/Confidential Employee Side Letter

Based on a recent CalPERS inquiry, it was determined that several provisions in the Management/Confidential Terms, Conditions and Understandings, Article I. Salaries, need to be updated to continue to be reported as special compensation for Classic and PEPRA employees. While this language has been included in the Agreement prior to 2000, CalPERS staff indicated concern that the current and prior agreements are potentially not in compliance with its recent interpretations of the applicable regulation. As such, the attached addendum to the Management/Confidential terms includes redline edits to the special compensation provisions to continue to report for Classic and PEPRA employees that have been reported in good faith and were subject to retirement contributions for Classic and PEPRA employees. The City does not want retirees to be harmed. There are no added costs to the City due to these revisions.

Roseville Police Association Side Letter

On January 21, 2026, a side letter between Roseville Police Association (RPA) and the City was presented to City Council regarding the Special Pay section of the MOU related to training and certification pay. After presenting the updated side letter to CalPERS, it was determined additional revisions are needed to meet the CalPERS requirements. While some of this language has been included in the RPA MOU since 1997, CalPERS staff indicated concern that the current and prior MOUs are potentially not in compliance with their recent interpretations of the applicable regulation that all employees in a classification be eligible for the Special Pay. The Parties agree that the Special Pay compensation reported for Classic and PEPRA employees was reported in good faith and was subject to retirement contributions for Classic and PEPRA employees. The City and RPA do not want retirees to be harmed. There are no new special pays being added as part of this side letter. The table listing applicable job classes and certifications in Appendix W of the MOU is recommended to be moved into the Special Pay section of the MOU to support the CalPERS review of eligible special pay compensation. In addition, the existing Service Term Bonus section is being split into two sections, including a Longevity Pay section and a Service Term Lump Sum Bonus section. This is to clarify the biweekly Longevity Pay is reported as special compensation, and the newly titled Service Term Lump Sum Bonus section clarifies that the annual lump sum pay is based on both length of service and satisfactory performance, and therefore does not qualify to be reported to CalPERS as special compensation.

FISCAL IMPACT

The estimated total cost of the administrative correction to the IBEW salary schedules of the Senior Electric Line Troubleshooter salary range will be $1,906 to the Electric Fund for the remainder of FY2025-26. This added cost can be absorbed by existing appropriations; therefore, no budget adjustment is

required at this time. Beyond this fiscal year, the recommended changes have an annual ongoing impact of $9,909 to the Electric Fund. There are no costs associated with the Management/Confidential terms addendum or RPA side letter updates.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. The proposed salary schedule, side letter and addendum updates meet the above criteria and are not subject to CEQA. No additional environmental review is required.

ORDINANCE NO. 7084

ORDINANCE OF THE COUNCIL OF THE CITY OF ROSEVILLE AMENDING ORDINANCE 7065, THE SALARY ORDINANCE FOR PERSONNEL REPRESENTED BY THE INTERNATIONAL BROTHERHOOD OF ELECTRICAL WORKERS, LOCAL 1245, AS AMENDED BY APPENDIX "B" TO BE EFFECTIVE APRIL 18, 2026, AS AN URGENCY MEASURE

THE CITY OF ROSEVILLE ORDAINS:

SECTION 1. Title and Purpose.

Ordinance 7065, the Salary Ordinance for employees represented by the International Brotherhood of Electrical Workers, Local 1245, is hereby amended as shown on Appendix "B" for salary schedules A & B attached hereto, reflecting an administrative correction to the Senior Electric Line Troubleshooter (1153A/1153B), effective April 18, 2026.

SECTION 2. Salary Plan Effective Date.

This Ordinance shall be effective April 18, 2026 as an urgency measure.

SECTION 3. Urgency Ordinance.

This ordinance is hereby declared to be an urgency measure, immediately necessary for the public peace, health and safety and shall take effect April 18, 2026. A statement of urgency is as follows:

It is necessary to amend the Salary Ordinance to comply with recently approved changes for the orderly and necessary continuance of operations of the City.

SECTION 4. Posting.

The City Clerk is hereby authorized and directed to post a true copy of the foregoing ordinance in each of three (3) conspicuous locations in the City and she shall immediately after such posting enter in the Ordinance Book under the record of the ordinance a certificate under her hand stating the time and place of said publication by posting.

RESOLUTION NO. 26-249

APPROVING AN ADDENDUM TO THE TERMS, CONDITIONS, AND UNDERSTANDINGS FOR MANAGEMENT AND CONFIDENTIAL EMPLOYEES, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE

WHEREAS, an addendum to the Terms, Conditions, and Understandings for Management and Confidential Employees, in order to address edits to the special compensation provisions for Classic and PEPRA employees, has been reviewed by the City Council;

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Roseville that said addendum to the Terms, Conditions, and Understandings is approved and that the City Manager is authorized to execute it on behalf of the City of Roseville; and administer, interpret, and apply its terms, intent, and spirit, and execute any other documents necessary to effectuate the purposes hereof as determined necessary by the City Manager.

PASSED AND ADOPTED by the City Council of the City of Roseville this _____ day of _____, 20___, by the following vote on roll call:

ADDENDUM TO
TERMS, CONDITIONS AND UNDERSTANDINGS OF COMPENSATION AND EMPLOYMENT FOR MANAGEMENT/CONFIDENTIAL EMPLOYEES

The City Council of the City of Roseville established the salary, benefits and other provisions related to the employment of the City's Management/Confidential employees. Whereas, the City Manager, and, where delegated, the Human Resources Director, are authorized to administer and manage the City workforce, personnel, and its personnel system, this administrative Addendum provides clarifying language as to the applicability and issuance of bilingual pay, longevity pay, and the annual service term bonus.

Based on a recent CalPERS inquiry, it was determined that revisions are needed in Management/ Confidential Terms, Conditions and Understandings, Article I. Salaries and Article X. Service Term/Performance Bonus sections to ensure the special compensation reported for Classic and PEPRA employees meets CalPERS requirements. CalPERS staff indicated the reported bilingual special compensation must be available to a group or class of employees. The reference to the bilingual pay being at the discretion of the department head is restrictive to the group or class interpretation. Further clarification is needed to distinguish the "longevity pay" that is reportable as special compensation to CalPERS from the annual lump sum service term performance bonus that is not reportable to CalPERS. While some of this language has been included in the Terms, Conditions and Understandings for Management/Confidential prior to 2000, CalPERS staff indicated compliance concerns with its recent interpretations. The special compensation reported for Classic and PEPRA employees was reported in good faith and was subject to retirement contributions for Classic and PEPRA employees. The application of these revisions do not add any costs to the City. The City does not want retirees to be harmed by this recent notification from CalPERS. The revisions in this addendum are for clarification purposes and intended to maintain the status quo for the benefits.

In the furtherance of effective personnel management and Council priorities, the following provisions (replacing only the corresponding language in the current Terms, Conditions, and Understandings, while all other terms not expressly clarified below, including un-modified subparts of the same Articles not included below, remain in full force and effect) are hereby shown by redline edits below to be clarified in the Management/Confidential Terms, Conditions and Understandings, **Article I. Salaries and Article X. Service Term/Performance Bonus:**

ARTICLE I. SALARIES

[. . .All provisions above item H are incorporated by this reference herein. . .]

H. Bilingual Pay – If an employee~~s~~ is routinely and consistently assigned to communicate in a second language, as certified by the Human Resources Department as ~~Spanish speaking~~possessing the bilingual skills to perform this special assignment, the employee will be paid $100.00 per month ($46.15 bi-weekly). ~~At the discretion of the Department Head and upon certification by the Human Resources Department, employees may be compensated $100.00 per month for other languages used during the course of employment. However,~~ The $100 per month bilingual pay is the maximum amount an employee may receive no matter how many languages he/she is certified to speak. This special compensation shall be reported to CalPERS in accordance with C.C.R §§ 571 and 571.1, pursuant to the Public Employee Retirement Law (PERL) when an employee possesses and maintains skills, knowledge, abilities, and proficiency to perform the specialized requirements for which management has reviewed and approved all requirements are met.

~~I. A five percent (5%) differential will continue to be paid to management employees in engineering classifications (except Wastewater Utility Manager and Water Utility Manager who had their PE pay converted to salary in 2000) who possess a California Professional Engineer Certificate (PE) but whose position does not require such possession.~~

[. . .Provisions J-K incorporated by this reference herein. . .]

L. The Assistant Fire Chief, Fire Division Chiefs and Battalion Chiefs will receive the following certification pay:

a. Five percent (5%) of base pay bi-weekly for HazMat Technician or Specialist certification. HazMat certification must be maintained by attending the necessary trainings and proving competency through annual testing.

b. Two and half percent (2.5%) of base pay bi-weekly for possessing the requisite certificates for departmental rescue certification (possessing RS1, RS2, Confined Space Rescue, and Trench rescue certification). Rescue certification must be maintained by attending the necessary trainings and proving competency through annual testing.

c. This special compensation shall be reported to CalPERS in accordance with C.C.R §§ 571 and 571.1, pursuant to the Public Employee Retirement Law (PERL) when an employee possesses and maintains the required knowledge, abilities, and proficiency, for which management has reviewed and approved all requirements are met.

[. . .Provisions M-S incorporated by this reference herein. . .]

ARTICLE X. LONGEVITY PAY / SERVICE TERM~~/PERFORMANCE~~ LUMP SUM BONUS

A. ~~SERVICE TERM BONUS~~LONGEVITY
In recognition of the substantial contribution to the community made by employees as a result of the length of their City service, the City shall annually award, not compounded, each applicable employee, hired prior to January 1, 2016, longevity pay ~~a service term bonus~~ as indicated below, and shall be reported as special compensation to CalPERS in accordance with C.C.R §§ 571 and 571.1, pursuant to the Public Employee Retirement Law (PERL).

1. The City agrees to provide Confidential employees the following longevity pay~~service term bonus~~:

~~SERVICE~~ LONGEVITY TERM	LONGEVITY PAY~~BONUS AMOUNT~~
Beginning of the 10th year and every year thereafter	2.5% of base salary

2. The City agrees to continue to provide Assistant Fire Chief, Fire Division Chief and Fire Battalion Chief the following longevity pay~~service term bonus~~:

~~SERVICE~~LONGEVITY TERM	LONGEVITY PAY~~BONUS AMOUNT~~

Beginning of 10th year to completion of 14th year	2.5% of base salary
Beginning of 15th year to completion of 19th year	5.0% of base salary
Beginning of 20th year and every year thereafter	7.5% of base salary

3. The City agrees to provide Police Lieutenants and Captains the following longevity pay~~service term bonus~~:

~~SERVICE~~LONGEVITY TERM	LONGEVITY PAY~~BONUS AMOUNT~~
Beginning of 10th year to completion of 14th year	2.5% of base salary
Beginning of 15th year to completion of 19th year and every year thereafter	5.0% of base salary

Such longevity~~service term bonus~~ shall be included in each eligible employee's bi-weekly payroll.

B. SERVICE TERM LUMP SUM BONUS

Employees hired on or after January 1, 2016, who receive a satisfactory or above annual performance review shall be eligible for an annual lump sum performance bonus, not compounded, and not reported to CalPERS as special compensation in accordance with C.C.R §§ 571 and 571.1, pursuant to the Public Employee Retirement Law (PERL). The annual lump sum service term performance bonus shall be paid with the first full paycheck in January each year based upon the base salary paid during the first full pay period in the previous November of each year, as follows:

1. The City agrees to provide Confidential employees the following service term lump sum bonus:

SERVICE TERM	BONUS AMOUNT
Beginning of the 10th year to completion of the 14th year	2.5% of base salary
Beginning of the 15th year and every year thereafter	5.0% of base salary

2. The City agrees to continue to provide Assistant Fire Chief, Fire Division Chief and Fire Battalion Chief the following service term lump sum bonus:

SERVICE TERM	BONUS AMOUNT
Beginning of 10th year to completion of 14th year	2.5% of base salary

Beginning of 15th year to completion of 19th year	5.0% of base salary
Beginning of 20th year and every year thereafter	7.5% of base salary

3. The City agrees to provide Police Lieutenants and Police Captains the following service term lump sum bonus:

SERVICE TERM	BONUS AMOUNT
Beginning of 10th year to completion of 14th year	2.5% of base salary
Beginning of 15th year to completion of 19th year and every year thereafter	5.0% of base salary

~~The annual lump sum performance bonus shall be paid with the first full pay check in January each year based upon the base salary paid during the first full pay period in the previous November of each year.~~

~~C~~4. Effective January 1, 2024, Confidential employees, hired prior to January 1, 2016, ~~-~~who receive a satisfactory or above annual performance review shall be eligible for an annual service term lump sum ~~performance~~ bonus, as follows:

SERVICE TERM	BONUS AMOUNT
Beginning of 15th year and every year thereafter	2.5% of base salary
